A 3D graphic of a red ribbon, partially open, with the word "Program" written in blue text on the red surface.

Program

Program Co-Chairs

Dr. Robert Hemmings and Dr. Togas Tulandi

Committee Members

Dr. C. Ziegler Dr. S. Krishnamurthy Dr. Z. Zeng Dr. R. Gagnon Dr. A. Mallozzi
Dr. J. Hagshi Dr. B. Russillo Dr. H. Abenhaim Dr. L. Merovitz Dr. S. Reinblatt

Educational Need

This course is designed for practicing gynecologists, family physicians, residents, fellows and allied health professionals with interest in Women's Health. The experts will review available data pragmatically and critically. This will be followed by discussion with audience participation including in-depth interactive dialogues during the workshops.

Objectives

After completion of the symposium, the participant will be able to:

1. Diagnosis and management of invasive placentation
2. Update on breast feeding and cervical lesions
3. Understanding and information on gender dysphoria
4. Understanding midlife, mood, mind and memory
5. Management of uterine fibroid and endometriosis
6. Stem cells and new HRT present and future
7. New option for management of menopausal symptoms
