DEFINE. DEVELOP. SUCCEED

MEET a career advisor, discuss career options within your major and develop effective job search strategies and tools – Daily drop-in hours (M-F 10-11am & 3-4pm) or by appointments.

GET ON TRACK with ECC Career Skills Workshops – All About Internships / Communication & Networking Skills / CVs & Cover letters / Mastering the Interview, and much more!

PRACTICE your interview skills with recruiters from industry – Engineering Mock Interview Days.

EXPLORE the TechFair & NETWORK with the industry's leading employers – McGill's largest on-campus career fair (www.mcgilltechfair.com).

CONNECT with Alumni and professionals & DISCOVER various career paths and industries – Engineers-in-Action Speaker Series, Career Panels, Speed-Networking, Speed-Mentoring and Industry Tours.

MASTER myFuture – your online resource for career-related events, internship and full-time employment opportunities.

engineering.myfuture.mcgill.ca

GAIN invaluable experience – Participate in the Engineering Internship and Co-op Programs.

FIND OUT what's happening with our Weekly Newsletter – Career Corner & McGill ECC Facebook page.

ENGINEERING INTERNSHIP PROGRAM (EIP)

HAVE your internship officially recognized by the EIP.

- ▶ 4, 8, 12 or 16 month terms: YOU choose!
- ▶ Available for full-time Engineering students enrolled in Bioengineering, Chemical, Civil, Computer, Electrical, Mechanical and Software undergraduate programs
- ▶ Coop programs for students in Mining and Materials Engineering students

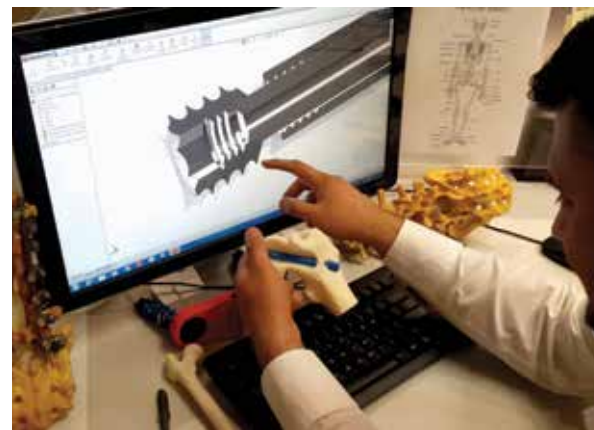

GRADUATE with experience and have the Internship Program designation on your transcript.

EARN MONEY during your undergraduate degree.

APPLY your knowledge to real-world projects.

EXPLORE your career options.

DEVELOP your professional & network skills.

DID YOU KNOW...?

- ▶ You can graduate with the internship program designation if you complete either two 4-month internships or an internship of 8, 12 or 16 months – i.e., Bachelor of Chemical Engineering – Internship Program.
- ▶ Students with recognized internship experience receive more full-time offers and get higher salary offers.
- ▶ International students are eligible to apply for internships. A work permit is required – speak to a career advisor for more details.
