PRESIDENT'S MESSAGE MESSAGE DU RECTEUR

Congratulations to our newest alumni!
I am delighted to join you in celebration of your convocation.

Graduation is a significant milestone for students, as well as their loved ones who have supported them throughout their journey. Arriving at this milestone is a great accomplishment; it required persistence, determination, and resilience. The McGill University community is very proud of you and your very well-earned achievements.

I trust that persevering to meet your academic goals has taught you invaluable lessons and provided you with principles and insights that will continue to guide you for the years to come. Please continue nurturing your curiosity and passion for learning; doing so will undoubtedly serve you well in a rapidly evolving world.

Today, you join a network of more than 300,000 McGill alumni from more than 185 countries, who are making an impact in their communities in Quebec, Canada and around the world. McGill's alumni are committed to applying their knowledge and skills to make the world a better place. I am sure that you too will contribute, in your own way, to this legacy of excellence.

As you begin a new chapter in your lives, I hope that you are bringing with you many fond memories and friendships that will last a lifetime. I look forward to seeing the impact the Class of 2024 will make. Congratulations and please keep in touch!

H. DEEP SAINI
PRESIDENT AND VICE-CHANCELLOR

Félicitations à nos nouveaux et nouvelles diplômé(e)s!
Je suis ravi de me joindre à vous en ce jour de collation des grades.

L'obtention d'un diplôme est une étape importante, et ce, autant pour les étudiantes et étudiants que pour leurs proches qui les ont soutenus tout au long de ce parcours. Franchir cette étape est une grande réussite. C'est le fruit de votre ténacité, de votre détermination et de votre résilience. Vous avez travaillé fort et la communauté mcgilloise est très fière de vous et de vos réalisations.

Je suis convaincu que la persévérance dont vous avez fait preuve pour atteindre vos objectifs universitaires a été source d'enseignements précieux et que vous en avez tiré des principes et des connaissances qui vous guideront au cours des années à venir. Continuez de cultiver votre curiosité et votre passion du savoir : elles vous seront des plus utiles dans notre monde en perpétuel changement.

Aujourd'hui, vous rejoignez un réseau de plus de 300 000 diplômées et diplômés mcgillois dans 185 pays qui changent la donne au sein de leur collectivité au Québec, au Canada et partout dans le monde. Ces personnes ont à cœur de mettre leur savoir et leurs compétences au service d'un monde meilleur. Je suis persuadé que vous saurez incarner, à votre manière, cette tradition d'excellence.

J'espère que vous entamez ce nouveau chapitre de votre vie la tête remplie de souvenirs heureux et le cœur riche d'amitiés impérissables. Je suis impatient de voir la contribution qu'apportera la cohorte de 2024. En vous félicitant encore une fois, je vous invite à garder le contact!

**Soumya Swaminathan, F.A.S.C., F.N.A.S.C., F.A.M.S., F.N.A., F.MED.SCI.
M.B.B.S. (Pune University), M.D. (All India Institute of Medical Sciences)
M.B.B.S. (Université Pune), M.D. (All India Institute of Medical Sciences)**

Soumya Swaminathan is an inspirational leader within the global health field and has played a key role in the World Health Organization's ambition to achieve better health for everyone on the planet.

A pediatrician and a globally recognized researcher on tuberculosis and HIV, Dr. Swaminathan has more than 40 years experience in clinical care and research and has worked throughout her career to translate research into effective programs.

In 2017, after having occupied a variety of important governmental positions in her native India, she was appointed Deputy Director General (Programmes) for the World Health Organization (WHO) and, in March 2019, was named its first Chief Scientist, a role she held until late 2022, through the height of the early stages of the COVID-19 pandemic. During her tenure at the WHO, she worked to ensure that the organization was at the cutting edge of science and battled the misinformation and widespread scepticism about the value of vaccines.

Dr. Swaminathan has spoken widely on her experience in the development of health policy and advancing research in India. All the while, underscoring her desire to reduce the discrepancies between rich and poor nations when it comes to the availability of vital drugs and medical products to combat such scourges as HIV, tuberculosis, COVID and more recently, non-communicable diseases.

These days, Dr. Swaminathan is focused on exploring the links between biodiversity, the environment and human health and wellbeing. She also wants to work more closely with children "to improve their understanding of science, to create more curiosity, to ask the right questions, and to not believe everything that they see on social media."

Soumya Swaminathan est une leader inspirante dans le domaine de la santé mondiale qui a joué un rôle clé dans les ambitions de l'Organisation mondiale de la santé de parvenir à une meilleure santé pour tous les habitants de la planète.

Pédiatre et chercheuse mondialement reconnue sur la tuberculose et le VIH, D^{re} Swaminathan compte plus de 40 années d'expérience dans les soins cliniques et la recherche. Tout au long de sa carrière, elle a déployé beaucoup d'efforts afin de transposer la recherche dans des programmes efficaces.

En 2017, après avoir occupé divers postes gouvernementaux dans son pays d'origine l'Inde, la D^{re} Swaminathan a joint l'Organisation mondiale de la santé en tant que directrice générale adjointe (programmes) et, en mars 2019, a été nommée première scientifique en chef, un poste qu'elle a occupé jusqu'à la fin de 2022, au plus fort des premiers stades de la pandémie de COVID-19. En tant que scientifique en chef de l'OMS, elle a veillé à ce que l'organisation soit à la fine pointe de la science afin d'être en mesure de transposer les nouvelles connaissances en des recommandations utiles pour la santé des populations du monde entier.

Elle s'est largement exprimée sur son expérience en matière d'élaboration de politiques de santé et de promotion de la recherche en Inde. Tout au long de sa carrière, elle a souligné son ardent désir de réduire les écarts entre les pays riches et les pays pauvres en ce qui concerne la disponibilité des médicaments et des produits médicaux essentiels pour lutter contre des fléaux comme le VIH, la tuberculose, la COVID et, plus récemment, les maladies non transmissibles.

Aujourd'hui, la D^{re} Swaminathan se concentre sur l'exploration des liens entre la biodiversité, l'environnement, et la santé et le bien-être humains. Elle veut aussi travailler davantage avec les enfants « pour améliorer leurs connaissances scientifiques et pour susciter leur curiosité, leur désir de poser les bonnes questions ainsi que pour ne pas croire tout ce qu'ils voient sur les réseaux sociaux ».

**MESSAGE FROM THE
PRESIDENT OF THE M.A.A.**
MESSAGE DU
PRÉSIDENT DE L'A.D.M.

Dear Members of the Class of 2024, Congratulations on reaching this important milestone in your life's journey. I hope you feel tremendous pride in having persevered through tumultuous times to attain your academic goals.

My own time at McGill exposed me to a diverse community of students and educators, and opened my mind to a variety of views, a time I look back upon fondly. As you start your next chapter, I hope that you remain an active participant in your future, where you continue to seize opportunities for growth and achievement through the knowledge, skills and values I hope you gained from your time at McGill University.

Congratulations again on becoming a member of the McGill Alumni Association.

WORDS OF ADVICE FROM OUR ALUMNI

DES CONSEILS DE NOS DIPLÔMÉS

After studying biochemistry at the University of Ottawa, Victoire came to McGill to study medicine. She is now a family medicine resident at Queen's University, while also completing a master's in public health at the London School of Hygiene and Tropical Medicine.

Q: What is your best memory of McGill?

A: *The development of the Black Candidate Pathway in McGill's Faculty of Medicine. This has greatly enriched the medical school's classrooms and will benefit Quebec patients for generations to come.*

Q: What words of advice do you offer the graduating class?

A: *At the end of the day, it's less about what you've been able to accomplish, but more about how you made people feel and the impact on their lives.*

Q: Complete this sentence: As a McGill graduate...

A: *I feel equipped to take on any challenge thrown my way, knowing that I have a global community of supportive McGill alumni by my side.*

VICTOIRE DIFIÉ TÊLÉ KPADÉ, MDCM '22

Your McGill network is always nearby at [McGillConnect.ca](https://mcgillconnect.ca).

Après des études en biochimie à l'Université d'Ottawa, Victoire a fait sa médecine à l'Université McGill. Aujourd'hui résidente en médecine de famille à l'Université Queen's, elle poursuit également des études de maîtrise en santé publique à l'École d'hygiène et de médecine tropicale de Londres.

Q: Quel est votre plus beau souvenir de McGill?

R: *La mise sur pied du Programme d'accès aux étudiants noirs à la Faculté de médecine. Ce programme a grandement enrichi l'effectif étudiant de la faculté et profitera à des générations de patients québécois.*

Q: Quel conseil donneriez-vous aux nouveaux diplômés?

R: *Le plus important, ce ne sont pas vos réalisations, mais les liens que vous nouez avec les gens et ce que votre présence leur apporte.*

Q: Terminez la phrase suivante : En tant que diplômé de McGill...?

R: *Je me sens prête à relever tous les défis, sachant que je peux compter sur le soutien de la communauté diplômée mcgilloise, répartie dans le monde entier.*

AWARDS AND DISTINCTIONS

PRIX ET DISTINCTIONS

DEAN'S HONOUR LIST

A graduand identified as being on the Dean's Honour List must have earned a cumulative grade point average within the top ten per cent of their faculty's graduating class.

HONOURS

Honours programs demand a high degree of specialization and require students to satisfy specific departmental requirements while maintaining a good academic standing. This category is designed to prepare students for graduate study. Joint Honours programs are available in related disciplines.

FIRST CLASS HONOURS

Graduating students registered in an Honours program who obtain a certain cumulative grade point average as established by their faculties are awarded "First Class Honours."

DISTINCTION

The notation of "Distinction," is awarded to students who have completed the required number of McGill credits for graduation and whose cumulative grade point average is in the top 25 per cent, but below the top ten per cent of their faculty's graduating class.

MEDALS AND PRIZES

Details of the various medals and prizes awarded to students may be found in the calendars of the faculties and of the School of Continuing Studies.

TABLEAU D'HONNEUR DU DOYEN

Un diplômé inscrit au tableau d'honneur du doyen doit avoir obtenu une moyenne pondérée cumulative qui le place dans le premier décile de sa promotion.

PROGRAMME SPÉCIALISÉ

Un programme spécialisé exige un niveau de spécialisation élevé. Les étudiants doivent satisfaire aux exigences propres à leur département tout en obtenant de bons résultats académiques. Cette catégorie prépare en général les étudiants à des études supérieures. Des programmes spécialisés mixtes existent dans des disciplines connexes.

MENTION « TRÈS BIEN »

La mention « Très bien » est attribuée aux étudiants inscrits à un programme spécialisé qui obtiennent une moyenne pondérée cumulative équivalente à une norme fixée par leur faculté.

DISTINCTION

La mention « Distinction » est décernée aux étudiants qui ont obtenu le nombre réglementaire d'unités de McGill en vue de l'obtention de leur diplôme, ainsi qu'une moyenne pondérée cumulative qui se situe dans la tranche supérieure de 25 pour cent pour leur promotion, mais en deçà de la tranche supérieure de dix pour cent.

PRIX ET MÉDAILLES

Divers prix et médailles sont décernés aux étudiants. On trouvera des précisions à ce sujet dans les annuaires des différentes facultés et dans celui de l'École d'éducation permanente.

TRIBUTE TO THE **OSLER FELLOWS** HOMMAGE AUX **DISCIPLES D'OSLER**

The Osler Fellows have witnessed and contributed in an enriching and ennobling way to the transformation of their students into young physicians. Their special mentorship, a privilege of the highest order, has helped prepare the Class of 2024 to assume the awesome responsibility of healers and professionals.

Les disciples d'Osler ont contribué de près à enrichir et à ennoblir la transformation des étudiants en jeunes médecins. À titre de mentors, ils ont eu l'insigne honneur d'aider les membres de la promotion 2024 à se préparer à assumer leur formidable rôle de clinicien.

MCGILL UNIVERSITY CEREMONIAL MACE MASSE CÉRÉMONIALE DE L'UNIVERSITÉ MCGILL

Commissioned by Sir Timothy O'Shea, Principal and Vice-Chancellor of the University of Edinburgh, and gifted to McGill University for the Spring 2014 convocation ceremonies, the mace was designed by students from the Edinburgh College of Arts (ECA) and manufactured in the workshops of Hamilton and Inches.

The large centrepiece of the mace, a champlevé enamelled head, was etched and enamelled in the ECA workshops under the supervision of Stephen Bottomley and features the crests of the Universities of Edinburgh, Glasgow, and McGill. It is a lasting symbol of the important historic ties between these three institutions.

The base of the mace was designed by McGill staff members Gilles McSween and Nello Marussi. It is crafted of oak and features a sliver of the "Founder's Elm," a tree located on the estate of James McGill.

Commandée par Sir Timothy O'Shea, principal et vice-chancelier de l'Université d'Édimbourg, et offerte à l'Université McGill à l'occasion des cérémonies de collation des grades du printemps 2014, la masse a été dessinée par des étudiants du Edinburgh College of Arts (ECA) et fabriquée dans les ateliers d'Hamilton and Inches.

La pièce maîtresse de la masse, une imposante tête en émail champlevé, a été gravée et émaillée dans les ateliers du ECA, sous la supervision de Stephen Bottomley. Y ont été apposées les armoiries des universités d'Édimbourg, de Glasgow, et McGill. Cette œuvre se veut un symbole durable des liens historiques importants unissant ces trois institutions.

Faite de chêne, la base de la masse a été dessinée par Gilles McSween et Nello Marussi, membres du personnel de McGill. On y trouve un éclat de l'Orme du fondateur, un arbre situé sur le domaine légué par James McGill.
