*Tenure-Track Faculty Position  
Assistant Professor  
Canada Research Chair in Clinical Pain Research  
Tier 2*

---

## Faculty of Dentistry

---

### **Position description**

The Faculty of Dentistry is advertising to fill a tenure-track position in the field of **Clinical Pain Research**. McGill University is one of the world's top-ranking universities. Our academics engage in outstanding research, teaching and learning and service to the community. The Faculty of Dentistry is a Canadian and international leader in research, teaching and service. The position is linked with the Alan Edwards Centre for Research on Pain at McGill University and its partner clinical unit, the Alan Edwards Pain Management Unit. These are first-rate, cross-faculty, multidisciplinary pain research facilities affiliated with the Faculties of Dentistry, Medicine and Science at McGill University. Pain research at McGill University is a priority for which it has an exceptional record of achievement.

The Faculty of Dentistry invites applications for this position in the field of **Clinical Pain Research**, from candidates with expertise in clinical research applied to the genetics of pain and experience in the planning and oversight of clinical trials and clinical studies in pain. The ideal candidate would have a health professional degree and PhD, and an active research program in a relevant field. Responsibilities will include research, teaching and administrative work to support these activities. Rank and salary will be commensurate with experience but we are expecting to make an appointment at the Assistant Professor level.

Provided the successful candidate satisfies the specific eligibility conditions of the program, the candidate may be supported by the University for nomination to a Tier 2 Canada Research Chair (CRC) in Clinical Pain Research, which provides protected time for research within a full-time academic appointment.

Tier 2 Chairs are for emerging researchers (individuals who are no more than 10 years from having earned their highest degree). However, career interruptions (e.g. maternity or parental leave, extended sick leave, clinical training, family care, etc.) may be taken into consideration using the Tier 2 justification process to review the candidate's eligibility. Potential applicants who are more than 10 years from their highest degree with career interruptions may contact the institution to have their eligibility reviewed through the Tier 2 justification process. The eligibility conditions for the CRC chairs are described in detail at [http://www.chairs-chaire.gc.ca/program-programme/nomination-mise\\_en\\_candidature-eng.aspx#s3](http://www.chairs-chaire.gc.ca/program-programme/nomination-mise_en_candidature-eng.aspx#s3).

- a cover letter and curriculum vitae
  - statement of research and teaching interests
  - the names and contact information of three referees, with one of the referees being the doctoral supervisor.
- 

## COMMITMENT TO EQUITY AND DIVERSITY

---

McGill University hires on the basis of merit and is strongly committed to equity and diversity within its community. We especially welcome applications from visible minority group members, women, Indigenous persons, persons with disabilities, persons of minority sexual orientations and gender identities, and others with the skills and knowledge to productively engage with diverse communities. We encourage members of equity-seeking groups to self-identify within their letter of intent in their application. Persons with disabilities who anticipate needing accommodations for any part of the application and hiring process may contact, in confidence, Professor Angela Campbell, Associate Provost (Equity and Academic Policies) at (514) 398-1660 or at [angela.Campbell@mcgill.ca](mailto:angela.Campbell@mcgill.ca). Associate Provost Campbell can also answer questions related to equity, diversity and inclusion, or privacy concerns the candidate may have related to self-identifying. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
