Why a Masters of Management in Analytics at McGill?

The Masters of Management in Analytics (MMA) is a twelve-month, interdisciplinary program that will prepare students for the evolving field of business analytics, placing an emphasis on managerial problem-solving using data analytics tools to optimize organizational decisions.

Learn With the Best

“Bridging the gap between business acumen and analytical thinking, McGill Desautels MMA program provides the rigorous training on data science to solve critical business challenges.”

—Mehmet Gumus, Academic Program Director

Professors at the Desautels Faculty of Management are renowned for their research excellence and innovations in teaching, receiving recognition from international peers, such as Poets & Quants’ Top 40 Under 40 Professors.

Real-world Exposure Through the Experiential Module

As a central component of the MMA, all students undertake a technical consulting role by working in teams with real companies and attempting to solve a live data-driven problem.

- Produce a robust analytic solution over 10 months
- Practice using real data and market-leading software
- Benefit from industry mentorship and faculty coaching
- Gain unparalleled training for the job market

Study Trip*

Students travel to learn about the cutting-edge applications of analytics in leading institutions.

*The cost of the study trip is absorbed in the tuition fees.

Join the Network

The McGill alumni network is composed of over 250,000 alumni living around the world.

Program Structure

The MMA is an intensive full time, one-year, pre-experience program with a strong emphasis on experiential learning.
