------------------------	---

Autre information Other information

- This course may be unofficially crosslisted with EDIN 602 (Professional Seminar portion), in order to allow students in the previous version of the program to complete program requirements. Course expectations remain similar in providing Capstone Research Project support.
- May be responsible for reading and providing feedback on Capstone Research Projects for students requiring additional feedback.
- This course may be subject to a co-teaching assignment resulting in a reduction of credits (and hours) assigned to each instructor.
