<p>APPENDIX “B”</p> <p>TABLES OF ENROLMENT BY GEOGRAPHIC ORIGIN</p>

The tables on the following pages separate students by geographic origin. Geographic origin is determined by the address given by students as their home residence. In cases where a Canadian or permanent resident declares a home address abroad, and in cases where a visa student declares an address in Canada or the United States, then the country of origin is determined by the student’s citizenship.
