

Permission for EASI use

Thank you for your interest in the Elder Abuse Suspicion Index (EASI). Since we receive a large number of different enquiries, we are trying to simplify and speed up the process of response. Kindly complete this questionnaire in its entirety, even if most answers are No or N/A (non-applicable). Your individual request and information provided will be handled in strict confidentiality; at some point in time blinded responses may be combined in aggregate form in order to assess global interest in the EASI.

Kindly scan the completed questionnaire and return it as a PDF email attachment to:
