Geographic Information Centre (GIC)

Home of Geospatial Data Science at McGill

Undergraduate Orientation

June 11th, 2020

Dept. of Geography, McGill

What?

Support in all questions regarding geospatial data sciences

- Geographic Information Systems
- Remote Sensing
- R / Python

for all of McGill community

- researchers
- students
- staff

So, what specifically?

Public computer area

> 40 well-equipped workstations
> remotely accessible during temporary closure of campus

~~Open work space~~

> ~~lots of space & power outlets~~

~~Seminar room BH512~~

> ~~book it when you need it (afternoons)~~

Workshops

> every week (during term, starting Sept.)
> R, ArcGIS, QGIS, Python, …
> on video conferencing software Zoom during tcc

GeoAnalytics Lab

> 5 even better equipped workstations
> remotely accessible during tcc

Individual geospatial support

> 7 front desk students, GIS technician, research assistant, director
> on video conferencing software Zoom during tcc

Map making services

~~Plotting services~~

Equipment lending

> tablets for field work, GNSS receiver

UAV flying services

> get aerial images for your research project
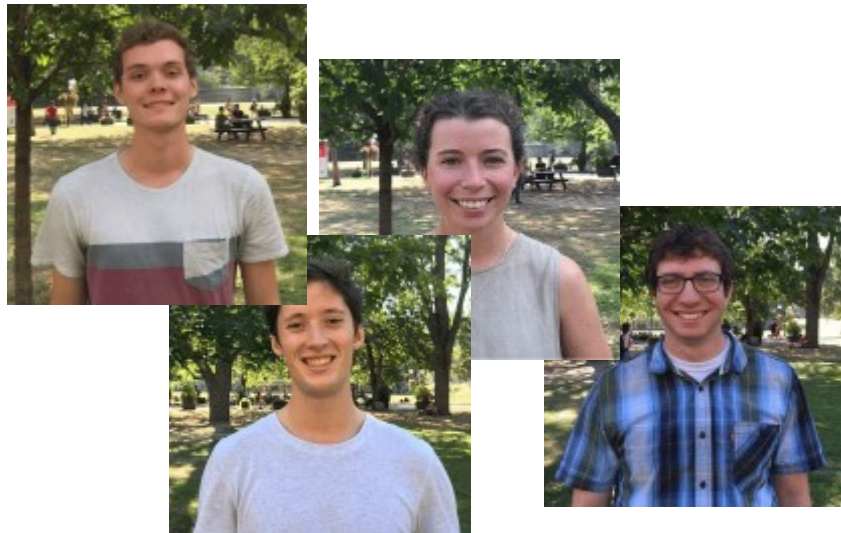

Who?

Dr. Tim Elrick, Director

Ruilan Shi, GIS technician

NN , RA

seven front desk students
(here: Noé, Matt, Hannah, Brian)

When?

during term

~~Monday to Friday, 8:30 a.m. to 9:00 p.m.~~

~~front desk: 6 hours~~

tba closer to term start during tcc

during exams

~~additionally Saturday and Sunday, 12:00 to 4:00 p.m.~~

~~front desk: additional 4 hours~~

tba closer to term start during tcc

during summer

Tuesday, 12:30 to 2:00 pm & Thursday, 7:30 to 9:00 pm

Put GeoSupport in subject line and briefly explain what you want to discuss.

We will send you a Zoom link to connect. You will be place in the waiting room first and we will let you know in case you have to wait as we are serving someone else.

during tcc

Where?

gic.mcgill.ca

~~Burnside Hall~~

~~5th floor~~

~~right at the Roddick Gates~~

~~Sherbrooke & University~~

~~[see the red dot?]~~
