

**CONFÉRENCES SCIENTIFIQUES EN GÉRIATRIE /
GERIATRIC MEDICINE GRAND ROUNDS
Université McGill / McGill University
8h30 / 8:30 AM**

The general goals and learning objectives are to present “bench to bedside” critical and up to the minute information regarding the understanding of issues related to aging and clinical management of common geriatric syndromes

Les buts généraux et objectifs d'apprentissage sont de présenter une information à jour et crucial du “laboratoire au chevet” concernant la compréhension des questions liées au vieillissement et à la gestion clinique des syndromes gériatriques courants

***Mardi, le 7 novembre, 2017 / Tuesday, November 7, 2017**
Conférence scientifique du Centre universitaire de santé McGill /
McGill University Health Center Medical Grand Rounds
12h00 / 12:00 pm

Julian Falutz, MD, FRCPC
Professeur agrégé, Division de gériatrie, Université McGill
Associate Professor, Division of Geriatric Medicine, McGill University

“Aging with Chronic HIV Infection: Predictors of Success”

Objectifs / Objectives:

1. To understand the changing demographics and clinical profile of older people living with HIV.
2. To understand risk factors for accelerated aging and the development of geriatric syndromes in older HIV patients.

Amphithéâtre Osler, A6-105, Hôpital général de Montréal /
Osler Amphitheatre, A6-105, Montreal General Hospital

Mercredi, le 29 novembre 2017 / Wednesday, November 29, 2017

Suzanne N. Morin, MD MSc FRCP FACP
Professeure agrégée, Département de médecine, Université McGill
Divisions de Médecine interne et Epidémiologie clinique, CUSM /
Associate Professor, Department of Medicine, McGill University
Divisions of General Internal Medicine and Clinical Epidemiology, MUHC

“The PAINFREE initiative; improving acute pain management in the elderly in the emergency department”

Objectifs / Objectives:

1. To discuss the importance of optimal acute pain management in elderly presenting to the emergency department following a fracture
2. To review the efficacy of educational tools in improving pain management
3. To discuss the pertinence of patient engagement and patient-centered outcomes following a fracture

Host Site:

Salle E6.181, Hôpital Général de Montreal / Room E6.181, Montreal General Hospital

Visioconférence/Vidéoconférence:

Salle C05.1172, Hôpital Royal Victoria-CUSM, Site Glen /
Room C05.1172, Royal Victoria Hospital-MUHC, Glen Site

Salle A-524, Hôpital général juif /
Room A-524, Jewish General Hospital

***Mardi, le 9 janvier, 2018 / Tuesday, January 9, 2018**
Conférence scientifique du Centre universitaire de santé McGill /
McGill University Health Center Medical Grand Rounds
12h00 / 12:00 pm

Hamadi Bahri, B.Sc., LL. B
Avocat, Centre universitaire de santé McGill / Lawyer, McGill University Health Center
&

Mélanie Mondou, MDCM, FRCPC, MSc(MHPE)
Professeure adjointe, Division de gériatrie, Université McGill /
Assistant Professor, Division of Geriatric Medicine, McGill University
&

José A. Morais, MD, FRCPC
Professeur agrégé et Directeur, Division de gériatrie, Université McGill
Associate Professor and Director, Division of Geriatric Medicine, McGill University

“Medical legal aspects of court orders from bedside to the court”

Amphithéâtre Osler, A6-105, Hôpital général de Montréal /
Osler Amphitheatre, A6-105, Montreal General Hospital

Mercredi, le 28 février, 2018 / Wednesday, February 28, 2018

Jean-François Yale, MD
Professeur, Division d'endocrinologie et du métabolisme, Université McGill /
Professor, Division of Endocrinology and Metabolism, McGill University

**“Management of Older Adults
with Type 2 Diabetes**

Objectifs / Objectives:

1. Describe the current management of older adults with type 2 diabetes in a primary care setting (Golden Program)
2. Determine the therapeutic goals based on functional status
3. Position the therapeutic agents in the management of type 2 diabetes in older individuals, including the impact of eGFR

Site:

Salle C05.1172, Hôpital Royal Victoria-CUSM, Site Glen /
Room C05.1172, Royal Victoria Hospital-MUHC, Glen Site

Visioconférence/Vidéoconférence:

Salle E19.102, Hôpital Général de Montréal / Room E19.102, Montreal General Hospital

Salle A-139, Hôpital général juif /
Room A-139, Jewish General Hospital

***Lundi, le 26 mars, 2017 / Monday, March 26, 2018**
Hôpital général juif, Département de médecine – Conférence scientifique gériatrique /
Jewish General Hospital Department of Medicine – Geriatric Grand Round
12h30 / 12:30 PM

Julian Falutz, MD, FRCPC
Professeur agrégé, Division de gériatrie, Université McGill
Associate Professor, Division of Geriatric Medicine, McGill University

“Aging with Chronic HIV Infection: Predictors of Success”

Objectifs / Objectives:

1. To understand the changing demographics and clinical profile of older people living with HIV.
2. To understand risk factors for accelerated aging and the development of geriatric syndromes in older HIV patients.

Amphitheatre Block, B-106, Hôpital général juif / Block Amphitheatre, B-106, Jewish General Hospital

Mercredi, le 9 mai, 2018 / Wednesday, May 9, 2018

Camilla Wong, MD FRCPC MHSc

Gériatre, Hôpital St-Michael, Professeure adjointe, Université de Toronto
Geriatrician, St. Michael's Hospital, Assistant Professor, University of Toronto

“Geriatric Trauma It's not just about the injuries”
“Hutchison Lecture”

Objectifs / Objectives:

1. To understand why traumatic injury and its consequences in older adults are different than in adults.
2. To recognize the elements of proactive geriatric medicine consultation and the evidence for it in the trauma setting.
3. To reflect on the lessons learned about program development from the collaborative geriatric care model.

Site:

Salle L3.221, Hôpital Général de Montréal, 1650 avenue Cedar /
Room L3.221, Montreal General Hospital, 1650 Cedar Avenue

Visioconférence/Videoconference:
