

PBEEE & DE/DS Eligibility Screening Form

for use by prospective candidates for provincial graduate awards for foreign students

All candidates are screened for basic eligibility before an application will be accepted.

To be considered for the PBEEE and/or the DE/DS competitions you must **forward this completed form, copies of all your post-secondary transcripts, AND your completed pre-selection application package** to the Graduate Program Coordinator of the department in which you would hold the award by the published deadline. All materials may be sent by fax or e-mail, no original documents are required at this time.

Your department will review submitted files and select one candidate in each category to be recommended to Graduate and Postdoctoral Studies. Graduate and Postdoctoral Studies will make the final selection for nomination to the agency (late September). The agency will then contact the applicant directly by email.

Applicants who are selected by McGill must be prepared to re-submit an **original** application online and all **original supporting documents** in hard copy directly to the agency by the agency deadline (November 1st). Please see your unit for exact deadlines.
