

HEALTHY BRAINS FOR **HEALTHY LIVES**

The HBHL Trainee Committee invites you to the
Monthly HBHL Trainee Get-Together

Presentations by an invited guest speaker and HBHL trainees
with complimentary food and drinks! [Register here.](#)

When: Wednesday, April 18th, 2018, 6PM to 8PM

Where: Thomson House Ballroom,
3650 Rue McTavish, Montreal, QC

Keynote Speaker: **Dr. Suparna Choudhury**

Dr. Choudhury is an Assistant Professor in the Division of Social & Transcultural Psychiatry at McGill University. Her current work focuses on how the production and dissemination of biomedical knowledge, particularly cognitive neuroscience, shapes the way researchers, clinicians, patients and laypeople understand themselves, their mental health and their illness experiences. Her research falls under the HBHL Research Theme of Population Neuroscience and Brain Health.

Trainee Presenters

Ricard Pizarro, HBHL Postdoctoral Fellow
Supervisor: Dr. Amir Shmuel
Neuroinformatics and Computational Modelling

Andy Gao, HBHL PhD Fellow
Supervisor: Dr. Anne McKinney
Mechanistic Models of Neurodegenerative Disorders
