Reference #: C-180516

Assistant / Associate Professor (Clinical) - Neuropathology

Faculty of Medicine – Department of Pathology

Position Description

The Department of Pathology is seeking a full-time Neuropathology physician-scientist at the rank of Assistant or Associate Professor (Clinical) who will be a member of the Contract Academic Staff. The successful candidate will be appointed in the Department of Pathology and will be housed in the Montreal Neurological Institute. The successful candidate will receive a clinical appointment with the McGill University Health Centre (MUHC).

The ideal candidate will be required to actively seek and attract external funding from federal, provincial and private funding agencies in support of their research. The successful candidate will also be expected to apply for salary support, wherever and whenever possible.

Established in the year 1892, the Department of Pathology at McGill University has been one of most academic pathology departments in North America. The Neuropathology service at the Montreal Neurological Hospital handles around 1400 surgical specimens per year, including 150 muscle and nerve biopsies, and approximately 150 autopsies including neurodegenerative cases from an affiliated brain bank.

Job Duties

The successful candidate will be expected to conduct leading-edge research enhancing our existing efforts in the field of Neuroscience. He/she will be expected to participate in all aspects of Neuropathology diagnostic activities and to obtain external funding from peer-reviewed agencies. The candidate is expected to be actively involved in all aspects of McGill’s academic mission and to participate in the academic life of the department via involvement with teaching and supervision of graduate students and residents, mentorship of fellows and trainees, collaboration in research, service in academic, research and administrative committees, and attendance at departmental events, such as seminars and special workshops.

Qualifications and Education requirements

Applicants should have an MD, certification in Anatomic Pathology and a minimum of two years post-doctoral training in Neurology/Neuropathology. Demonstrated knowledge and experience in Neurodegenerative diseases and Neuro-muscular pathology will be considered a strong asset. Applicants should be experienced in applying for research grants from peer-reviewed agencies. Applicants should also possess excellent leadership skills, strong communication and writing
skills, and a good track record of publications in peer-reviewed journals. French language skills, though not essential, will be considered an asset.

JOB DETAILS

**Job Type:** Contract Academic Staff (Clinical)

**Rank:** Assistant/Associate Professor

**Job status:** Full-time

**Salary:** Remuneration will be according to Quebec health care fee schedule

**Posting period:** 30 days from the day of posting
