Exploring Intersections: Equity, Diversity and Inclusion and the Learning Environment

Thursday, October 17, 2019
Steinberg Centre for Simulation & Interactive Learning
3575 avenue du Parc, Suite 5640

Proposed Agenda

08h00 Registration and Breakfast
08h30 Plenary Presentation: Exploring Intersections: Equity, Diversity and Inclusion and the Learning Environment
09h30 Refreshment Break
09h45 Small Group Practicum I: Simulations
11h00 Small Group Practicum II: Action Planning for Equity, Diversity and Inclusion within our Context
11h40 Summary and Lessons Learned
12h00 Adjournment

Workshop Goals

Following this workshop, participants will be able to:

- list the major groups underrepresented within programs in the Faculty of Medicine at McGill and the impact that this has on the learning environment for students, supervisors, and teachers;
- define key concepts in equity, diversity and inclusion relevant to their context of teaching and supervision, including forms of discrimination, micro-aggressions, intersectionality, power and privilege;
- apply strategies learned through practice scenarios to the management of issues of diversity, equity, and inclusion with their students, for optimal learner-teacher relationships, and effective supervision and teaching.

Please register online at http://www.mcgill.ca/medicinefacdev/
as soon as possible, but no later than October 3, 2019.
