

M.Sc. Advisory Committee Nominations

The M.Sc. Advisory Committee consists of: - the student's research supervisor
- two other faculty members

One of the faculty members must be a member or associated member of the department. The other faculty member can be an academic member in a tenure-track position in another department or university. It is recommended that the research interests of the committee members are related to the research project of the student.

The graduate student and research supervisor are requested to provide a profile of the nominee's by submitting the following information to the Graduate Program Director at least one month before the first meeting of the committee:
