Asteroids
Authors: Films for the Humanities & Sciences (Firm), Films Media Group.
eVideo [2010], ©2009
New York, N.Y. : Films Media Group, [2010], ©2009.
OCLC Number: 858441324
Summary: This program investigates the effects of meteors, asteroids, and meteorites on the planet - a detective story involving vast mineral riches, mass death from above, and clues to the formation of life on Earth.

Asteroids : a history

Authors: Curtis Peebles

Print Book ©2000

Washington, DC : Smithsonian Institution Press, ©2000.

Summary: "Covering all aspects of **asteroid** investigation, Curtis Peebles shows how ideas about the orbiting boulders have evolved. He describes how such phenomena as the Moon's craters and dinosaur extinction were gradually, and by some scientists grudgingly, accepted
