Fourth National Neuro Neuromuscular Course Review

October 16-17, 2020

The Neuro, 3801 University Street, Montreal (de Grandpre Communications Centre)

Program

Friday, October 16

12:00  Registration and lunch
13:15  Opening remarks: Nicolas Dupré, Angela Genge & Ari Breiner

Session 1: Myopathies

13:30  Inherited myopathies
14:30  Acquired myopathies

Session 2: Motor neuron diseases

15:30  ALS clinical presentation, diagnostic criteria, and differential diagnosis
       Nicolas Dupre
16:30  Anterior horn and lower motor neuron disorders
17:30  Cocktail Dinatoire – Helen Penfield Atrium (onsite)

Saturday, October 17

07:30  Breakfast
08:15  Opening remarks: Nicolas Dupré and Ari Breiner

Session 3: Neuropathies

08:30  AIDP, CIDP and their variants
       Annie Dionne
09:30  Mononeuropathies vs radiculopathies
10:30  Mononeuritis multiplex
       Rami Massie
Session 4: Neuromuscular junction disorders
11:30 Myasthenia gravis and other neuromuscular junction disorders
Hanns Lochmuller

12:30 Lunch

Session 5: Pediatrics
13:30 Common pediatric neuromuscular disorders (Part 1)
Nicolas Chrestian

14:30 Common pediatric neuromuscular disorders (Part 2)
Maryam Oskoui

15:30 – 17:30 Workshop sessions (40 minutes each): EMG cases (Annie Dionne),
Peripheral neuropathy cases (Ari Breiner), Pediatric cases (Maryam Oskoui & Nicolas
Chrestian)

17:30 Cocktail & networking
