

## Title

---

Chief of Pediatrics

---

### **About the CIUSSS du Centre-Ouest-de-l'Île-de-Montréal**

Regroupant une grande variété d'établissements de santé affiliés à des universités dans le centre-ouest de Montréal, dont des hôpitaux, des centres de soins de longue durée et des CLSC, le Centre intégré universitaire de santé et de services sociaux (CIUSSS) du Centre-Ouest-de-l'Île-de-Montréal offre des possibilités infinies. Au sein de ce réseau, vous serez appelé à jouer un rôle de premier plan dans le soutien des continuums et trajectoires de soins pour les clients au sein d'établissements ayant reçu des mentions d'honneur et reconnus à travers le monde pour la qualité des soins et la recherche. Au CIUSSS, les membres du personnel sont au cœur du réseau. S'appuyant sur des valeurs de compassion et d'intégrité, le CIUSSS se distingue par son statut bilingue et sa riche identité culturelle.

### **Position description**

The organization is currently seeking an individual with demonstrated clinical expertise, educational contributions, and knowledge of the local healthcare network and its' community partners as its' Chief of Pediatrics. This exciting opportunity will allow the new Chief to use his or her leadership and management skills, dynamism and strong interpersonal skills to develop a pediatric network within the community served by the CIUSSS Centre-Ouest-de-l'Île-de-Montréal to meet its' varied child health mandates.

Reporting to both the Director of Professional Services (DPS) and the Chair of Pediatrics at McGill University, the Chief of Pediatrics will be responsible for overseeing clinical activities, including health service delivery. The Chief of Pediatrics will provide direction and vision in strategic planning related to the development of community partnerships by identifying the needs of the populations served and spearheading initiatives to address them. He or she will identify, build and maintain strong relationships with key partners in the community. They will work with their team of doctors and healthcare professionals in pediatrics to develop a trajectory and model of care for the organization and its' community. In addition, the Chief of Pediatrics will report with respect to the teaching and research aspects of the academic mission to the Chair of Pediatrics. It is envisioned that the physicians' activities under the Chief's supervision will become the nucleus of a new Division of Community Pediatrics within the Faculty's Department of Pediatrics.

Candidates must be bilingual, with greater than 10 years of experience, preferably in general or developmental pediatrics. Management courses, an MBA or an equivalent are an asset. The ideal candidate will have demonstrated strong communication, listening and organizational skills as well as have a passion for excellence and creativity in problem solving. They will have a knowledge of accreditation and curriculums and will be familiar with the McGill University network.

## Qualifications and Education requirements

MD degree, FRCP certification in pediatrics or a pediatric subspecialty.
