Tenure-Track Faculty Position
Open to rank of Assistant Professor
Canada Research Chair Tier 2 in Ecological Change and Environmental Stressors for eligible candidate

Position in Faculty of Agricultural and Environmental Sciences (Department of Natural Resource Sciences)

The Canada Research Chair is also open to internal candidates who already hold a tenure-track or tenured faculty position at McGill University.

Position description
Applications are encouraged from innovative field biologists with expertise in quantitative methods and the ability to link fundamental research to applied issues with respect to ecological change and environmental stressors in fisheries science, wildlife management and/or conservation biology. Research areas of interest include movement ecology, bioenergetics, population dynamics, trophic interactions, toxicology and food webs. Research that includes social and policy dimensions with a geographical focus on the North is desirable. The appointee is expected to develop a competitive research program supported by external funding and will participate in undergraduate and graduate teaching within the Faculty of Agricultural and Environmental Sciences (http://www.mcgill.ca/macdonald/).

If the successful candidate satisfies the specific eligibility conditions of the program, the candidate may be supported by the University for nomination to a Tier 2 Canada Research Chair (CRC) in Ecological Change and Environmental Stressors, which provides protected time for research within a full-time academic appointment.

Tier 2 Chairs are for emerging researchers (individuals who are no more than 10 years from having earned their highest degree). However, career interruptions (e.g. maternity or parental leave, extended sick leave, clinical training, family care, etc.) may be taken into consideration using the Tier 2 justification process to review the candidate’s eligibility. Potential applicants who are more than 10 years from their highest degree with career interruptions may contact the institution to have their eligibility reviewed through the Tier 2 justification process. The eligibility conditions for the CRC chairs are described at http://www.chairs-chaires.gc.ca/program-programme/nomination-mise_en_candidature-eng.aspx#s3.

Job Duties

The position requires the development of a strong externally-funded research program involving the mentoring of graduate and undergraduate students. It will involve teaching courses at the undergraduate and graduate levels, as well as service to the university and scholarly communities. Collaboration in research and teaching is encouraged with others within an external to the University.
Qualifications and Education requirements

The successful applicant will hold a Ph.D. in a relevant field, such as biology or environmental science, post-doctoral experience and a record of publication in high-quality scholarly journals and demonstrated research excellence and the potential for high-quality teaching in environmental biology and environmental science.

Candidates who do not satisfy the CRC eligibility criteria for a Tier 2 chair are nonetheless invited to apply for the position.

JOB DETAILS

**Job Type:** Tenure-track

**Rank:** Assistant Professor

**Salary:** Salary will be commensurate with qualifications and experience

**Application deadline:** April 15, 2018

APPLICATION PROCESS

Applications must be submitted online to:

Brian Driscoll, Chair  
Department of Natural Resource Sciences, McGill University  
21,111 Lakeshore Rd  
Ste-Anne-de-Bellevue, QC, Canada, H9X 3V9  
Phone (514) 398-7887  
Email: brian.driscoll@mcgill.ca

The following supporting documents are required:
- a cover letter and curriculum vitae
- statement of research and teaching interests
- the names and contact information of three referees, with one of the referees being the doctoral supervisor.

Internal applicants to the Canada Research Chair need to submit a recent curriculum vitae and a statement of research interests aligned with the designated subject area for the chair.
COMMITMENT TO EQUITY AND DIVERSITY

McGill University hires on the basis of merit and is strongly committed to equity and diversity within its community. We especially welcome applications from visible minority group members, women, Indigenous persons, persons with disabilities, persons of minority sexual orientations and gender identities, and others with the skills and knowledge to productively engage with diverse communities. We encourage members of equity-seeking groups to self-identify within their letter of intent in their application. Persons with disabilities who anticipate needing accommodations for any part of the application and hiring process may contact, in confidence, Professor Angela Campbell, Associate Provost (Equity and Academic Policies) at (514) 398-1660 or at Angela.Campbell@mcgill.ca. Associate Provost Campbell can also answer questions related to equity, diversity and inclusion, or privacy concerns the candidate may have related to self-identifying. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
