This course provides many undergraduate students with their first experience of critical reading and presentation of original articles. Although undergraduate students learn a lot from graduate students, they are apparently intimidated by the presence of these graduate students in the same course. The professor believes that undergraduate students need this kind of course more than graduate students.
17. Supplementary information to appear in the Calendar in addition to the course description.
Such as: equivalent course(s), contact hours, enrolment limitations, language of instruction etc.
Please enter the information as it should appear in the calendar notes.

**BIOL 416  Genetics of Mammalian Development. (3) (Winter) (3 hours lecture) (Prerequisites: BIOL 202, BIOL 300, BIOL 303; permission) (Restriction: Not open to students who have taken BIOL 516)**

18. Schedule Types(s):
(Enter all that apply – see course guidelines for a complete list.) **No Change**
