TO: Academic Committee
    Faculty of Science

FROM: Laurie Hendren
      Associate Dean (Academic)

MEETING DATE: March 24, 2009

SUBJECT: Barbados Interdisciplinary Tropical Studies (BITS)
          B.Sc. Field Study Minor

The Faculty of Agricultural and Environmental Sciences has recently set up the Barbados Interdisciplinary Tropical Studies (BITS) Field Study Semester. The purpose of this memo is to propose the BITS FSS in conjunction with three additional Complementary credits, as a new Field Study Minor in the Faculty of Science.

Consultation Report from Prof. Danielle Donnelly, Department of Plant Science, FAES, attached.
