TO: All Professors  
Faculty of Science

FROM: Josie D'Amico  
Secretary of Faculty

SUBJECT: Recent Call For Nominations - Science Senators

Following the recent Call for Nominations to elect two Science Senators, only two nominations were received. Thus the nominees, Prof. D. Harpp, Department of Chemistry, and Prof. T. Moore, Department of Geography, are elected to the Senate by acclamation.

These new Senators will start their terms on September 1, 2009. Their terms will end on August 31, 2012.

Continuing Faculty representatives on Senate, and the number of years they have yet to serve are:

- Prof. I. Butler (Chemistry) - one year
- Prof. K. Franklin (Psychology) - two years
- Prof. K. GowriSankaran (Mathematics & Statistics) - two years
- Prof. P. Grütter (Physics) - two years
- Prof. L. Hendren (Computer Science) - two years
- Prof. P. Lasko (Biology) - two years
- Prof. R. Sieber (Geography/McGill School of Environment) - two years

Congratulations to the new Senators, and appreciation for the work of the continuing Senators.
