DISCOVER MCGILL 2018

Faculty of Science

Mary Gauthier

Student Adviser:
Exchange and Visiting students
Professor Bruce Lennox
Dean, Faculty of Science

HANDY TOOLS
The McGill E-Mail Account...

- Is the official email account that Faculty and Staff use to correspond with students
- Is configured as: firstname.lastname@mail.mcgill.ca
- Should be checked regularly for important information from the University
- The waitlist program only sends emails to your McGill email address
- Is the main source of contact between you and your adviser.
- Service Desk: 514-398-3398

PREFERRED NAME

- The university recognizes that as a community many of its members use first names other than their legal first names to identify themselves. Students can add a preferred name to their record using Minerva. Your preferred name will then appear on your Student ID card and other university documentation.
  - Go to Minerva
  - Select “Personal Menu”
  - Select “Name Change”
  - Enter your Preferred First Name
myCourses

- Available on the McGill portal (My McGill)
- Course sections are automatically created for all courses offered at McGill.
- Students automatically have access to the courses in which they are formally enrolled.
- May include online discussion forums.
- Usually available starting first day of classes.

SOUSA: ADVISING
What is SOUSA?

- We provide Faculty level academic advising.
- I have been assigned as your SOUSA advisor.
- Main information and referral source for anything related to your academics.

www.mcgill.ca/science/student

DAWSON HALL
853 SHERBROOKE ST OUEST
What is Academic Advising?

- A collaborative relationship between a student and an academic advisor.
- We want to help you make the most of your time at McGill.
- **SOUSA**: The Science Office for Undergraduate Student Advising.
- Located in Dawson Hall fourth floor, Room 405.

What do Academic Advisors do?

- Discuss course selection
- Course registration
- Deadlines
- Credit load
- Research opportunities
- Managing academic situations during difficult periods.
- Provide referrals to the many other offices on campus
Your SOUSA TEAM!

- Nicole Allard (Director)
- Peter Barry (Chief Adviser)
- Vanessa Hansen (Academic Adviser)
- Curtis Sharman (Academic Adviser)
- Paul Olioff (Academic Adviser)
- Tania Raggo (Academic Adviser, B.A. & Sc)
- Jane Hawes (Student Adviser, Assistant to Director)
- Mary Gauthier (Student Adviser, Assistant to Chief Adviser)
- Ryan Bouma (Interdisciplinary Programs Adviser)
- Joan Kaylor (Administrative affairs)
- Iza Bryniarska (Administrative affairs)

Getting a good start in your first year as a Bachelor of Science Student

Welcome to McGill! The SOUSA advising team would like to help you begin your McGill career successfully. We have prepared this pamphlet to help you organize your priorities as you begin your university studies. Use the "Important Dates" listing and the to-do lists that apply to you to plan your year so that you know what to do and when to do it. Read through the "Advising FAQ" to learn how to resolve common issues. Consult the "Other Resources" section to get an idea of all of the services that are available to you on campus.
Departmental Advising

- If you cannot get into a course, you must contact the departmental adviser in order to possibly receive course permit:

- Departmental advisers will assist you with your course selection, if you are not sure what courses/level you should be taking.
  - Difference between honours/major courses (eg. Math and Physics courses)

DEFINITIONS
Elective Course

- Exchange students are allowed to take courses in Arts or Science (provided your home university approves).

- Courses outside of Arts & Science are allowed but students should check with Mary Gauthier and make sure your home university approves of the course.

Course Change Period

- Period during which you may add or drop courses with no financial repercussions. These changes will not be reflected on your transcript.

- All courses must be finalized and added to your Minerva transcript before the deadline.

- Always check with home university when making changes to your courses.

- Deadline for Fall courses:
  - Tuesday, September 18th
Course Withdrawal

- You may still “drop” a course after the course change period - there are two further deadlines:
  - Withdrawal with refund - September 25th
  - Withdrawal without refund - October 30th

- You will receive a grade of “W” for the course
- This is not calculated into your CGPA
- A “W” does not indicate anything bad!!!(provided there aren’t a billion of them...)

- Normally you cannot withdraw from a course after the final deadline, unless there are exceptional, documented reasons for the request.

POLICIES, RULES & INFORMATION
The S/U grading option

- “Satisfactory/unsatisfactory” is **not allowed** for exchange and visiting students.

What is a normal Course Load?

- Four to five courses or 12 to 15 credits per term. Exchange students must be full time.
- Some universities allow student to only take 12 credits per term.
- If in doubt, check with home university.

Final Exams

- The final exam (tentative) schedule will be posted in early October, final exam schedule posted a few weeks later.
  - Dec. 6th to December 20th
- DO NOT book travel before the exam schedule is released.
- “Vacation plans do not constitute grounds for the deferral or re-scheduling of final exams”

www.mcgill.ca/students/exams/
Deferring Final Exams

- If you are unable to write a final exam due to illness or another serious reason,
- Apply online (MINERVA) for a deferral
- Must provide documentation
- Decision is made by Service Point, not the professor
- Assuming your request is approved, you will be permitted to write it during the next deferred exam period (Normally three months later)

www.mcgill.ca/students/exams/supdefer/

Deferring Midterms and assignments:
If, due to illness or another serious reason, you cannot write a midterm exam or test:

- Speak to Professor regarding options: It will be either a make-up exam or reweighting of course assignments, as indicated on syllabus.
- If reweighting, final exam cannot be worth more than 75% of your final grade unless you so choose.
- Method of accommodation is decided by professor, and is non-negotiable.
- You must provide documentation.
- Decision is made by Professor.
Requesting extensions for assignments:

If, due to illness or another serious reason, you cannot submit an assignment on time:

- Ask professor for extension
- If approved, extension goes beyond last day of class, you will receive a temporary grade of “K” (incomplete)
- You must provide documentation
- Decision is made by Professor

Doing extra work to raise your grade?

Unless otherwise indicated on the course syllabus, the professor is NOT allowed to give you extra work, not to let you rewrite or re-submit any assignments in order to raise your course grade.

There are no exceptions to this rule.
Are there any rules or procedures you haven’t mentioned?

- Probably....
- You must read the “University Regulations and General Information” and “About the Faculty of Science (Undergraduate)” sections of the online calendar in order to ensure that you are familiar with all of the regulations and procedures pertaining to your degree.

- Links to the relevant sections can be found in the Welcome to Science Booklet.

NIFTY THINGS IN SCIENCE
Office for Undergraduate Research in Science

Research is the cornerstone of an undergraduate education.

Office for Undergraduate Research
- Independent Research Courses - 396 course

Science Research Officer: Victor Chisholm

GENERAL ADVICE

Courses at McGill

- Course Syllabus

- Grades
  - C or D grade

- Method of Evaluation

- 500 level courses
General Academic Advice

▶ Students are sometimes surprised by how challenging the midterm exams can be.

▪ Keep up with the course work as much as possible; you will find that the independent studying required maybe quite different from your home university.

▪ Start studying early, as you may have many exams in a short time period.

▪ If you are having difficulty in a course, see the professor or teaching assistant early; don’t wait.

REGISTRATION ADVICE

▶ Register for both terms if on exchange for full year.
▶ If a course has a lab component, also register for a lab.
▶ If a required course for your program is full, keep trying for a couple of days. Attend course, but have a backup plan.
▶ If a course is “reserved closed” contact the department to hopefully get into course.
▶ If an elective course is full, try another course.
▶ Just because MINERVA lets you register does not automatically mean you will get credit for a course. If in doubt, ask adviser.
General Academic advice

► “Everyone else seems to be managing fine, what’s wrong with me?”
  ▪ Advisors hear this fairly frequently
  ▪ So if you are having trouble managing, you are definitely not alone. Everyone else probably thinks you’re doing fine.....

► If you feel overwhelmed, tell someone.
  ▪ Talk to your adviser, in SOUSA .
  ▪ Talk to your professor or Teaching Assistant
  ▪ Attend McGill workshops for time management, stress management and study skills
  ▪ Individual and group counselling and tutoring services are also available

Dates and Deadlines

► Classes begin Tuesday, September 4th.

► Course change period - ends September 18th. Deadline to drop courses.

► Withdrawal with refund deadline - September 25th. Deadline to web withdraw from a course with a refund.

► Withdrawal deadline - October 30th. Deadline to withdraw from a course with no refund.
“The integrity of University academic life and of the degrees the University confers is dependent upon the honesty and soundness of the teacher-student learning relationship and, as well, of the evaluation process. Conduct by any member of the University community that adversely affects this relationship or this process must, therefore, be considered a serious offence.”

(Handbook on Student Rights and Responsibilities, Ch.6, Section III Introduction; 2009)
ACADEMIC INTEGRITY

*McGill University values academic integrity. Therefore all students must understand the meaning and consequences of cheating, plagiarism and other academic offences under the Code of Student Conduct and Disciplinary Procedures*.

— Senate resolution, January 29, 2003

www.mcgill.ca/students/srr/honest

ACADEMIC INTEGRITY

- Mandatory Academic Integrity online tutorial for all newly admitted students. Tutorial is on Minerva.

- Student must complete by early November or a hold goes on your record.
What if you encounter difficulties?

- See your SOUSA or Departmental Adviser if you:
  - Are having difficulty managing your time and meeting deadlines
  - Have fallen behind in your studies, and are feeling overwhelmed
  - Are not getting the grades you expected
  - Are unhappy with your course choice
  - Become ill, or experience difficulties in your personal life that are interfering with your academic performance

Student Services

- Career Planning Services
- Counselling Services
- McGill Office of Religious and Spiritual Life
- International Student’s Services
- Campus Life & Engagement
- Health Services
- Mental Health Services
- Off Campus Housing
- Tutoring Services
- Dean of Students Office
- Scholarships and Student Aid
- First People’s House
- Office of Students with Disabilities
