

LEO YAFFE AWARD - TEACHING SUMMARY

Candidate _____

Department_____

For each academic year, beginning with the present and continuing backwards for a maximum of five consecutive years, list:

- each course taught,
- indicate whether or not the candidate was the course coordinator (C),
- the % of the course taught by the candidate (number of sessions that were taught by the candidate out of the total; ex $11/39 = 28\%$),
- the class size,
- the class composition (R = required, C = complementary, E = Elective course; for a mixed group, list in order of relative frequency),
- the average grade, and
- the numerical evaluation (scale 1 to 5) of the candidate's teaching effectiveness from the most relevant question on student evaluations, accompanied by the % of students in the course who submitted an evaluation.

The complete evaluations (including numerical responses to all questions and all written comments) for the most recent three years must also be provided.
