TO: Members, of Faculty of Science

SUBJECT: Results of Science Election for Senate

Following the recent Call for Nominations to elect three Science Senators, three nominations were received. Thus the three nominees are elected to the Senate by acclamation. These Senators will begin their terms on 1 September 2019, and end on 31 August 2022.

- Prof. Bettina Kemme (Computer Science)
- Prof. Laura Nilson (Biology)
- Prof. Jacques Hurtubise (Mathematics & Statistics)

In addition, the following new Senators were appointed for one year to fill the remaining terms of Prof. John Gyakum and Prof. Nigel Roulet.

- Prof. Peter Yau (Atmospheric & Oceanic Sciences)
- Prof. Tracy Webb (Physics)

Continuing representatives on Senate, and the number of years they have yet to serve are:

- Prof. Peter Grütter (Physics) - one year
- Prof. David Harpp (Chemistry) - two years
- Prof. Jeffrey McKenzie (Earth & Planetary Sciences) - one year
- Prof. David Stephens (Mathematics & Statistics) - two years

A big congratulations to the new Senators, and a message of appreciation for the work of the continuing Senators.

Josie D'Amico
Secretary of Faculty
