

Symposium: Nonlinear Dynamics of Brain and Behaviour

Monday August 12th, 9:00am – 5:30pm
Goodman Cancer Research Center, Room 501
McGill University

MORNING SESSION

Talks by CREATE graduate trainees in nonlinear dynamics (9:00am-11:45am)

Industry internship panel (11:45am-12:30pm)

Lunch break (12:30pm-1:30pm)

AFTERNOON SESSION

Dr. Claude Alain, Univ. of Toronto: Neural dynamics during auditory scene analysis (1:30pm-2:15pm)

Dr. Pauline Tranchant, postdoctoral scholar, McGill University (2:15pm-2:45pm)

Coffee break (2:45-3:00)

Dr. Daniel Cameron, Postdoctoral scholar, McMaster University (3:00pm-3:30pm)

Dr. Bradley Voytek, Univ. of California, San Diego: Tools for understanding the physiology of cognition (3:30pm-4:30pm)

Poster Session & Wine and Cheese reception

Atrium, Bellini Building (4:30pm-5:30pm)
