Welcome to McGill University, Canada’s leading teaching and research-intensive university with a strong “student-centred” mission. Ranked among the top 25 universities in the world, McGill has the highest average entering grades in Canada and its students hail from 140 countries. Our commitment to fostering the best has propelled our students to win more Rhodes scholarships, more national and international awards on average than their peers at any other Canadian university.

You are following in the footsteps of more than 174,000 McGill alumni who continue to help shape the world as Supreme Court justices, award-winning authors and musicians, astronauts, Olympians, and Nobel Prize winners. As such, a lot is expected of you but McGill provides you with the means to succeed and to have a varied experience of academics, athletics and community activities to suit your interests.

All of McGill’s 21 faculties and professional schools strive to offer their students the best education possible. The University’s vibrant learning environment and active campus life support its students’ academic progress and personal development.

Today’s social, technological and medical challenges continue to fuel innovative approaches to research, teaching and learning. At McGill, we welcome these challenges as we undergo an unprecedented period of growth and renewal. New cutting-edge facilities benefit students with state-of-the-art classrooms and laboratories. Likewise, McGill’s professors thrive in this environment as they enjoy some of the highest research successes per full-time professor in Canada. Our dedicated administrative and support staff’s primary focus is to ensure that all students have the necessary resources to effectively respond to academic challenges and develop lifelong skills.

McGill University has been synonymous with first-class education since it was founded in 1821. We remain committed to the ideals that have guided us for the last 185 years and to the quest for the success of our institution, faculty, and students, which still guides us today.

Professor Heather Munroe-Blum
Principal and Vice-Chancellor
The Schulich School of Music’s $70-million New Music Building was inaugurated in September 2005. The building houses the 200-seat Tanna Schulich Recital Hall, the Marvin Duchow Music Library, and the Centre for Interdisciplinary Research in Music, Media and Technology.

Important Information, Regulations and Policies
It is the responsibility of all graduate students to be aware of rules and regulations contained in this Calendar. In particular, attention is drawn to:

- Deadlines, as indicated in the Calendar of Dates 2007-2008, page 5.
- Reinstatement and Admission of Former Students, page 18.
- Time Limitation, page 21.
Dean’s Welcome

To Graduate Students and Postdoctoral Fellows:

I am extremely pleased to welcome you to McGill University. With over 250 Doctoral and Master’s degree programs, McGill is committed to providing excellence in graduate education and postdoctoral training in a full range of academic disciplines and professions. The Graduate and Postdoctoral Studies Office (GPSO) works in collaboration with the Faculties and other administrative and academic units to ensure that the very highest intellectual, teaching, and research standards are maintained across the university. The GPSO oversees the admission and registration of graduate students, graduate fellowships, postdoctoral affairs, the graduation process, including the examination of theses and, along with other units, conducts regular program reviews in all disciplines.

As a student-centered research institution, McGill places singular importance upon graduate education and postdoctoral training. This abiding commitment to the university’s most advanced educational and research initiatives has resulted in the creation of a new position, Associate Provost (Graduate Education), designed to offer leadership, administration, and coordination of graduate and postdoctoral activities across the university. I am delighted to undertake this unique responsibility and strive to work closely with the central administration, Faculties, graduate students, professors, researchers, postdoctoral fellows, and staff to enhance the graduate and postdoctoral experience and provide a supportive, stimulating, and enriching academic environment.

McGill again has been named as Canada’s most intensive research university and among the world’s top 25. We recognize that these successes come not only from our outstanding faculty members, but also from the quality of our graduate students and postdoctoral fellows - a community into which we are very happy to welcome you.

I invite you to join us in advancing this heritage of excellence at McGill.

Martin Kreiswirth, Ph.D.
Associate Provost (Graduate Education)
Dean, Graduate and Postdoctoral Studies

1 Graduate and Postdoctoral Studies Office

1.1 Location

James Administration Building, Room 400
845 Sherbrooke Street West
Montreal, QC H3A 2T5
Canada

1.2 Administrative Officers

Martin Kreiswirth; B.A. (Hamilton), M.A. (Chic.), Ph.D. (Tor.)
Associate Provost (Graduate Education) and
Dean (Graduate and Postdoctoral Studies)

Meyer Nahon, B.Sc.(Qu.), M.Sc.(Tor.), Ph.D.(McG.), Eng.
Associate Dean (Graduate and Postdoctoral Studies)

Charlotte E. Légaré; B.Sc.(Montr.), M.Sc.(Sher.), M.B.A.(McG.)
Director (Graduate and Postdoctoral Studies)

1.3 General Statement Concerning Higher Degrees

The Graduate and Postdoctoral Studies Office (GPSO) administers all programs leading to graduate diplomas, certificates and higher degrees. It is responsible for the admission of candidates, the supervision of their work and for recommending to Senate those who may receive the degrees, diplomas and certificates.

2 Calendar of Dates 2007-2008

Given in this section are the Graduate and Postdoctoral Studies Office key dates. The complete Calendar of Dates is available on the Web at www.mcgill.ca/student-records. The excerpt published herein was accurate as of February 2007. The information is subject to change and users are advised to verify important dates by checking the Web.

### Programs Offered

#### 3.1 Graduate Diplomas and Certificates

Graduate diplomas and graduate certificates are programs of study under the academic supervision of the Graduate and Postdoctoral Studies Office. They have as a prerequisite an undergraduate degree in the same discipline. McGill University offers other diploma and certificate programs under the supervision of the relevant faculties and their Calendars should be consulted for further details.

**Graduate Diplomas are offered in:**
- Clinical Research (Experimental Medicine)
- Epidemiology and Biostatistics
- Housing
- Islamic Studies
- Library and Information Studies
- Mining Engineering
- Nursing
- Public Accountancy (C.A.)
- Registered Dietician Credentialing (R.D.)
- School and Applied Child Psychology (post-Ph.D.)
- Surgical Health Care Research

These programs consist of at least two terms of full-time study or the equivalent.

**Graduate Certificates are offered in:**
- Assessing Driving Capabilities
- Air and Space Law
- Bioresource Engineering (IWRM)
- Biotechnology
- Comparative Law
- Educational Leadership 1
- Educational Leadership 2
- Library and Information Studies
- Post-M.B.A.
- Teaching English as a Second Language
- Surgical Health Care Research

These programs consist of at least two terms of full-time study or the equivalent.

#### 3.2 Degrees

Two categories of programs lead to higher degrees at McGill University, Master's programs and Doctoral programs.

The following degrees are offered:
- Master of Architecture (M.Arch.)
- Master of Arts (M.A.)
- Master of Business Administration (M.B.A.)
- Master of Business Administration/Bachelor of Civil Law (M.B.A./B.C.L.)
- Master of Business Administration/Bachelor of Laws (M.B.A./LL.B.)
- Master of Business Administration/Doctor of Medicine/ Master of Surgery (M.B.A./M.D.)
- Master of Civil Law (M.C.L.)
- Master of Education (M.Ed.)
Master of Engineering (M.Eng.)
Master of Laws (LL.M.)
Master of Library and Information Studies (M.L.I.S.)
Master of Management (M.M.)
Master of Music (M.Mus.)
Master of Sacred Theology (S.T.M.)
Master of Science (M.Sc.)
Master of Science, Applied (M.Sc.A.)
Master of Social Work (M.S.W.)
Master of Social Work/Bachelor of Civil Law (M.S.W./B.C.L.)
Master of Social Work/Bachelor of Laws (M.S.W./LL.B)
Master of Urban Planning (M.U.P.)
Doctor of Civil Law (D.C.L.)
Doctor of Music (D.Mus.)
Doctor of Philosophy (Ph.D.)

3.3 Master's Degrees Offered

Master of Architecture Degree

M.Arch. programs offered:
M.Arch. (professional degree) (Non-Thesis)
M.Arch. (post-professional degree) (Non-Thesis)
Instruction for the M.Arch. (post-professional degree) is given in the following fields of specialization:
Architectural History and Theory
Housing (which includes Affordable Homes, Domestic Environments, Minimum Cost Housing and Urban Design).
Prerequisites:
M.Arch. (professional degree) – McGill B.Sc.(Arch.) degree, or equivalent;
M.Arch. (post-professional degree) – an M.Arch. (professional degree) or equivalent professional degree.
See Architecture.

Master of Arts Degree

Programs leading to the degree of Master of Arts are offered in the following areas:

- Anthropology (Thesis and Non-Thesis)
- Development Studies
- Environment
- Medical Anthropology (Thesis and Non-Thesis)
- Art History (Thesis and Non-Thesis)
- Classics (Thesis and Non-Thesis)
- Communication Studies (Thesis and Non-Thesis)
- Economics (Thesis and Non-Thesis)
- Development Studies (Non-Thesis)
- Social Statistics (Non-Thesis)
- Education (Thesis and Non-Thesis)
- English (Thesis and Non-Thesis)
- French (Thesis and Non-Thesis)
- Geography
  - Development Studies
  - Environment
  - Neotropical Environment
  - Social Statistics (Non-Thesis)
  - German (Thesis and Non-Thesis)
  - Hispanic Studies (Thesis and Non-Thesis)
  - History (Thesis and Non-Thesis)
  - Development Studies (Thesis and Non-Thesis)
  - History of Medicine (Non-Thesis)
- Islamic Studies
- Italian (Thesis and Non-Thesis)
- Jewish Studies (Thesis and Non-Thesis)
- Kinesiology and Physical Education (Thesis and Non-Thesis)
- Linguistics (Non-Thesis)
- Mathematics and Statistics (Thesis and Non-Thesis)
- Music (Thesis and Non-Thesis)
- Philosophy
- Bioethics
- Political Science (Thesis and Non-Thesis)
- Development Studies (Thesis and Non-Thesis)
- Neotropical Environment (Thesis and Non-Thesis)
- Social Statistics (Non-Thesis)
- Psychology
- Religious Studies (Thesis and Non-Thesis)
- Bioethics
- Russian
- Sociology (Thesis and Non-Thesis)
- Development Studies (Thesis and Non-Thesis)
- Environment
- Medical Sociology (Thesis and Non-Thesis)
- Social Statistics (Non-Thesis)
- Neotropical Environment

Prerequisites:
Bachelor of Arts in the subject selected for graduate work. See appropriate department.

Master of Business Administration Degree

A program leading to the degree of Master of Business Administration (M.B.A.) is offered in the following concentrations:
Accounting
Entrepreneurial Studies
Finance
Information Systems
International Business
Management for Development
Marketing
Strategic Management

An EMBA is also offered (joint with HEC).
Prerequisites:
An undergraduate degree from an approved university. See Management.
Special programs:
Joint M.B.A./M.D., Joint M.B.A./Law, Master of Manufacturing Management (see Management and Mechanical Engineering).

Master's Degrees in Education

Three types of Master's degrees are offered:
The M.A. may be taken in the following areas:
Counselling Psychology (Thesis and Non-Thesis)
Culture and Values in Education (Thesis, Non-Thesis and Non-Thesis Coursework)
Educational Psychology (Thesis and Non-Thesis)
Educational Leadership (Thesis, Non-Thesis and Non-Thesis Coursework)
Kinesiology and Physical Education (Thesis and Non-Thesis)
Second Language Education (Thesis and Non-Thesis)
The M.Ed. may be taken in the following area:
Educational Psychology
The M.Sc. may be taken in the following area:
Kinesiology and Physical Education (Thesis and Non-Thesis)
Prerequisites:
A Bachelor's degree with specialization related to the subject chosen for graduate work, plus a Permanent Quebec Teaching Diploma or its equivalent for some of the above degrees. See appropriate department.

Master's Degree in Engineering

Programs leading to the degree of Master of Engineering are offered in the following areas:
Aerospace Engineering (Project)
Biomedical Engineering
Bioinformatics
Chemical Engineering (Thesis and Project)
Environmental Engineering (Project)
Civil Engineering and Applied Mechanics (Thesis and Project)
Rehabilitation of Urban Infrastructure (Project)
Environmental Engineering (Project)
Electrical Engineering (Thesis and Project)
Computational Science and Engineering
Mechanical Engineering (Thesis and Project)
Computational Science and Engineering
Mining and Materials Engineering (Thesis and Non-Thesis)
Environmental Engineering (Non-Thesis)
Mining (Non-Thesis)
Metals and Materials (Non-Thesis)

Other degrees:
Master of Management (M.M.) is offered in Manufacturing Management (see Department of Mechanical Engineering and Faculty of Management).
Master of Science (M.Sc.) is offered in Chemical Engineering, Civil Engineering, Mechanical Engineering, and Mining and Materials.

Prerequisites:
Bachelor of Engineering or equivalent, with specialization appropriate for the subject selected for graduate study. See appropriate department.

**Master's Degrees in Law**
The degree of Master of Laws is offered in:
- Law (Thesis and Non-Thesis)
- Bioethics
- Comparative Law (Thesis and Non-Thesis)
- Environment (Thesis and Non-Thesis)

Air and Space Law

Prerequisites:
An acceptable degree in Law or equivalent qualifications. See Law.

**Master of Library and Information Studies Degree**
The Graduate School of Library and Information Studies offers a postgraduate professional program in librarianship. Two years of full-time study or the equivalent are required.

Prerequisites:
At least a Bachelor's degree from a recognized university. See Library and Information Studies.

**Master's Degrees in Music**
Programs leading to the degrees of Master of Arts and Master of Music are offered in the Faculty of Music.

The M.A. may be taken in:
- Music Technology
- Musicology (Thesis and Non-Thesis)
- Music Education (Thesis and Non-Thesis)
- Theory (Thesis and Non-Thesis)

The M.Mus. may be taken in:
- Composition
- Performance (various options) (Non-Thesis)
- Sound Recording (Non-Thesis)

Applicants to the Performance program are required to pass auditions in their specialty.

Prerequisites:
Bachelor of Music or Bachelor of Arts with concentration in the area selected for graduate study. See Music.

**Master's Degrees in Nursing**
Two types of Master's degrees are offered: Master of Science (Applied) and Master of Science (with thesis). These two-year programs are designed to prepare clinicians and researchers for the expanding function of nursing within the health care delivery system.

Prerequisites:
Preparation in nursing comparable to the Bachelor's degree offered at McGill and accomplishment and development as a nurse. A current nursing registration is required. Non-nurses holding a bachelor's degree comparable to a B.Sc. or B.A. program offered at McGill may be admitted to a Qualifying Program. See Nursing.

**Master's Degrees in Religious Studies**
A program leading to the degree of Sanctae Theologiae Magister (S.T.M.) is given in the Faculty of Religious Studies. This degree is primarily for those who intend to enter the ministry of the Christian Church or another religious institution, or to proceed to teaching in schools. A Master of Arts program (thesis and non-thesis) is also available.

Prerequisites:
B.A. with specialization in religious studies or theology. See Religious Studies.

**Master of Science Degree**
Programs leading to the degree of Master of Science are provided in the following areas:
- Agricultural Economics
- Anatomy and Cell Biology
- Animal Science
- Atmospheric and Oceanic Sciences
  - Computational Science and Engineering
  - Environment
- Biochemistry
- Bioinformatics
- Chemical Biology
- Biology
- Bioinformatics
- Environment
- Neotropical Environment
- Bioresource Engineering
  - Environment
  - Integrated Water Resource Management (Non-Thesis)
- Neotropical Environment
- Chemical Engineering
- Chemistry
- Chemical Biology
- Civil Engineering and Applied Mechanics
- Communication Sciences and Disorders
- Computer Science (Thesis and Non-Thesis)
- Bioinformatics
- Computational Science and Engineering
- Dental Science (Thesis and Non-Thesis)
- Oral and Maxillofacial Surgery
- Earth and Planetary Sciences
  - Environment
  - Entomology
  - Neotropical Environment
- Epidemiology and Biostatistics (Thesis and Non-Thesis)
- Food Science and Agricultural Chemistry (Thesis and Non-Thesis)
- Geography
  - Environment
  - Neotropical Environment
- Genetic Counselling (Non-Thesis)
- Human Genetics
- Bioinformatics
- Human Nutrition
- Kinesiology and Physical Education (Thesis and Non-Thesis)
- Mathematics and Statistics (Thesis and Non-Thesis)
- Bioinformatics
- Computational Science and Engineering
- Mechanical Engineering
- Medical Radiation Physics
- Medicine, Experimental
- Bioethics
- Microbiology and Immunology
- Microbiology (Macdonald Campus)
- Environment
- Mining and Materials Engineering
- Neurological Sciences
- Nursing
- Otolaryngology
Parasitology
Bioinformatics
Environment
Pathology
Pharmacology and Therapeutics
Chemical Biology
Physics
Physiology
Bioinformatics
Plant Science
Bioinformatics
Environment
Neotropical Environment
Psychiatry
Psychology
Rehabilitation Science (Thesis and Non-Thesis)
Renewable Resources
Environment
Environmental Assessment (Non-Thesis)
Neotropical Environment
Surgery, Experimental

Prerequisites:
Bachelor of Science in the subject selected for graduate work. See appropriate unit.

Master of Science, Applied, Degree
This degree was designed to provide postgraduate training of a professional and vocational character, with less emphasis on theoretical knowledge and research than in Master of Science programs, but with no lower standards either for admission or completion of requirements. Two years of full-time study or equivalent are normally required with an emphasis on course work.

Programs are available in:
Animal Science
Bioresource Engineering
Environment
Environmental Engineering
Neotropical Environment
Biotechnology
Chemistry
Communication Sciences and Disorders
Human Nutrition
Microbiology and Immunology
Nursing
Occupational Therapy
Occupational Health
Pharmacology and Therapeutics
Plant Science
Physical Therapy

Prerequisites:
A Bachelor’s degree in the subject selected for graduate work. See appropriate unit.

Master of Social Work Degree
The M.S.W. degree (thesis and non-thesis options) represents a second level of professional study in which students build competence in a chosen field of practice.

Prerequisites:
Bachelor’s degree in Social Work including courses in statistics and social science research methods. See Social Work.

Special program:
Joint M.S.W./Law.

Master of Urban Planning Degree
The program requires a minimum of two years residence and a three-month internship with a member of a recognized planning association.

An option in Urban Design is also offered.

Prerequisites:
Bachelor’s degree in any one of the following: Anthropology, Architecture, Economics, Civil Engineering, Geography, Law, Management, Political Science, Social Work, Sociology or Urban Planning, with adequate knowledge of quantitative techniques. See Urban Planning.

3.4 Doctoral Degrees Offered

Doctor of Civil Law Degree
Doctoral programs are offered in Air and Space Law and Law (Comparative Law). Both are predominantly research degrees awarded on the basis of a thesis that represents an original contribution to the development of legal science.

Prerequisites:
B.C.L. or LL.B. and usually LL.M. See Law.

Doctor of Music Degree
The Doctor of Music degree is offered in Composition. The Doctoral thesis consists of a musical composition of major dimensions together with a written analysis of the work. The composition is presented by the candidate in concert. The regulations set forth for the Ph.D. generally apply also to the D.Mus.

Prerequisite:
M.A. in composition. See Music.

The Doctor of Music degree is also offered in Performance. It is offered to professional musicians who wish to teach at the university level and to develop a specialization in a particular repertoire, approach, or discipline (musicology, music theory, music education and pedagogy, or music technology).

Prerequisites:
Master’s degree in Performance, and professional and teaching experience. See Music.

Doctor of Philosophy Degree
Programs leading to the degree of Doctor of Philosophy are offered in the following areas:

Anatomy and Cell Biology
Animal Science
Bioinformatics
Anthropology
Architecture
Art History
Atmospheric and Oceanic Sciences
Biochemistry
Bioinformatics
Chemical Biology
Biology
Bioinformatics
Environment

The following joint Ph.D. programs are offered:
- Nursing (McGill/Université de Montréal)
- Management (McGill/Concordia/H.E.C./UQAM)
- Social Work (McGill/Université de Montréal)

Prerequisites:
- An undergraduate degree relevant to the subject chosen for graduate work. Some departments require all Ph.D. candidates to hold a Master's degree in the same subject. Departments may recommend to the Graduate and Postdoctoral Studies Office that candidates of undoubted promise should be allowed to proceed directly to the Ph.D. degree without being required to submit a Master's thesis.

3.5 Postdoctoral Research
See section 9 "Postdoctoral Research" for information about postdoctoral research at McGill University.

4 Program Requirements

4.1 Master's Degrees

4.1.1 Residence Requirements – Master's Degrees

Refers to the number of terms (or years) students must be registered on a full-time basis to complete their program. Students are NOT permitted to graduate until they have fulfilled the residence requirement (or paid the corresponding fees) in their program.

a) The following Master's programs have a minimum residence requirement of three full-time terms: M.Arch, M.A., M.C.L., M.Eng., LL.M., M.Mus. (except M.Mus. in Sound Recording), M.Sc., M.S.W., M.Sc.A. (except M.Sc.A. in Communication Sciences and Disorders).

b) The following Master's programs have a minimum residence requirement of four full-time terms: M.L.I.S., M.Mus. in Sound Recording, M.U.P., M.A. (60 credits - Counselling Psychology – thesis; 78 credits - Educational Psychology), M.Sc.A. in Communication Sciences and Disorders, S.T.M., Religious Studies.

c) The residence requirement for the Master's program in Education (M.Ed.), Library and Information Studies (M.L.I.S.), Religious Studies (S.T.M.), M.A. Counselling Psychology – Non-thesis; M.Sc.A. Nursing, M.Sc.A. Occupational Therapy; M.Sc.A. Physical Therapy and students in part-time programs is determined on a per course basis. Residence requirements are fulfilled when students complete all course requirements in their respective programs.

d) For Master's programs structured as Course, Project or Non-thesis options where the program is pursued on a part-time basis, residence requirements are normally fulfilled when students complete all course requirements in their respective programs (min. 45 credits or a minimum of 3 full-time terms) and pay the fees accordingly.

These designated periods of residence represent minimum time requirements. There is no guarantee that the work for the degree can be completed in this time. Students must register for such additional terms as are needed to complete the program.

4.1.2 Course Work – Master's Degrees

Program requirements are outlined in the relevant departmental sections of the Calendar.

The department concerned will examine the student's previous training and then decide which of the available courses in the area of specialization or related fields are required to bring the candidate to the proper level for the Master's degree. Due account will be taken of relevant courses passed at any recognized university.

As a rule, no more than one-third of the McGill program formal course work (not thesis, project or stage) can be credited with courses from another university.

Non-thesis degrees normally specify the course program which the candidate must follow.

The candidate is required to pass, with a mark of B- or better, all those courses which have been designated by the department as forming a part of the program, including additional requirements.

Students taking courses at another university must obtain a minimum grade of B- (65%) if the course is to be credited towards their McGill degree. In the cases where only a letter grade is used, a B- is the minimum passing grade and no equivalent percentage will be considered. In the cases where only a percentage grade is used, 65% is the minimum passing grade.
If courses were not used for a degree, they could be credited towards a McGill degree keeping in mind that a maximum of one-third of the course work (not thesis, project or stage) can be credited. If an exemption is granted, it must be replaced by another graduate course at McGill towards the degree. No double counting is ever allowed.

In rare cases a student may wish to audit a course. Permission must be obtained from the student’s department and from the instructor. No notation of audited courses will appear on the transcript and the student will not receive credit for them.

### 4.1.3 Research and Thesis – Master’s Degrees

All candidates for a research degree must present a thesis based on their own research. The total number of credits allotted to the thesis in any Master’s program must not be less than 24. The title of the thesis and names of examiners must be forwarded on a Nomination of Examiners form, in accordance with the Calendar of Dates, through the Chair of the department concerned at the same time as the thesis is submitted to the Graduate and Postdoctoral Studies Office. A thesis for the Master’s degree, while not necessarily requiring an exhaustive review of work in the particular field of study, or a great deal of original scholarship, must show familiarity with previous work in the field and must demonstrate the ability to carry out research and to organize results, all of which must be presented in good literate style. The thesis will not normally exceed 100 pages; in some disciplines, shorter texts are preferred. Guidelines and deadlines are available at www.mcgill.ca/gps.

### 4.1.4 Language Requirements – Master’s Degrees

Most Master’s degree programs do not include language requirements but candidates who intend to proceed to a doctoral degree should take note of any language requirements and are strongly advised to take the examinations in at least one language while working for the Master’s degree.

### 4.2 Doctoral Degrees

#### 4.2.1 Residence Requirements – Doctoral

Refers to the numbers of terms (or years) students must be registered on a full-time basis to complete their program. Students are not permitted to graduate until they have fulfilled the residence requirement (or paid the corresponding fees) in their program.

Candidates entering Ph.D.1 must follow a program of at least three years residency at the University; this is a minimum requirement and there is no guarantee that the work of the degree can be completed in this time, but students are expected to complete within the maximum specified period. Only exceptional candidates holding a bachelor’s degree will be considered for direct admission to Ph.D.1 level.

It is required that candidates spend the greater part of each summer working on their theses, and those who do not do so are unlikely to complete a satisfactory thesis in the prescribed minimum time (see section 10.3 “Vacation Policy for Graduate Students and Postdocs”).

A student who has obtained a Master’s degree at McGill University or at an approved institution, in a relevant subject and is proceeding to a Ph.D. degree will, on the recommendation of the department, be admitted to Ph.D.2; in this case, the residency requirement for the program is two years.

In the doctoral program, students must be registered on a full-time basis for one more year after completion of the residency (i.e., Ph.D. 4 year) before continuing as additional session students until completion of the program.

**Note:** The Master’s degree must have been awarded before initial registration in the doctoral program, otherwise the admission level will be at Ph.D.1 and residency will be extended to three years. Once the level of admission is approved by the Graduate and Postdoctoral Studies Office, it will not be changed after obtaining the Master’s degree if the date falls after registration in the program. If a previous awarded degree is a condition of admission, it must be fulfilled before registration in another program.

As a rule, no more than one-third of the McGill program formal coursework can be credited with courses from another university.

#### 4.2.2 Comprehensive Examinations – Doctoral

A comprehensive examination or its equivalent is usually held near the end of Ph.D.2. The results of this examination determine whether or not students will be permitted to continue in their programs. The methods adopted for examination and evaluation and the areas to be examined are specified by departmental regulations approved by the Dean of Graduate and Postdoctoral Studies. It is the responsibility of students to inform themselves of these details at the commencement of their programs. For more information, see section 10.4 “Ph.D. Comprehensives Policy”.

#### 4.2.3 Language Requirements – Doctoral

Most graduate departments in the Faculties of Agricultural and Environmental Sciences, Education, Engineering, Management, Medicine, and Science do not require a language examination. Students should inquire in their departments if there are any such requirements or whether any other requirements have been substituted for those relating to languages.

Graduate departments in the Faculties of Arts, Music and Religious Studies usually require proficiency in one or two languages other than English. In all cases students should consult departmental regulations concerning language requirements.

Language requirements for the Ph.D. degree are met through demonstrated reading knowledge. The usual languages are French, German, or Russian, but in particular instances another language may be necessary.

All language requirements must be fulfilled and the marks reported to the Graduate and Postdoctoral Studies Office before submission of the thesis to the GPSO (Thesis Office).

Students must contact their departments to make arrangements to take the Language Reading Proficiency Examinations. Students may, however, demonstrate competence by a pass standing in two undergraduate language courses taken at McGill (see departmental regulations).

Candidates are advised to discharge their language requirements as early in their program as possible.

Students expecting to enrol in Professional Corporations in the province of Quebec are advised to become fluent in both spoken and written French.

Courses in French language are available at the English and French Language Centre. The teaching is intensive and class sizes are kept small. While undergraduate students are given preference, graduate students who are certain they can devote sufficient time to the work may enrol.

#### 4.2.4 Thesis – Doctoral

The thesis for the Ph.D. degree must display original scholarship expressed in good literate style and must be a distinct contribution to knowledge. Formal notice of a thesis title and names of examiners must be submitted to the Thesis Office (GPSO) on the Nomination of Examiners form in accordance with the Calendar of Dates at the same time as the thesis is submitted. The list of examiners must be approved by the Department Chair, the supervisor and the student. The Thesis Office should be notified of any subsequent change of title as early as possible. The appointment of the examiners and communication with them is the duty and privilege of the Graduate and Postdoctoral Studies Office. Under no circumstances should any student or department contact the external examiners. Guidelines and deadlines are available at www.mcgill.ca/gps.

Seven copies of the thesis must be provided by the candidate. Of these, two copies will be retained by the University and five copies returned to the candidate. Some departments may require one or more additional copies.

Special regulations for the Ph.D. degree in particular departments are stated in the entries of those departments.
4.2.5 Thesis Oral Examination – Doctoral

After the thesis has been received and approved, a final oral examination is held on the subject of the thesis and subjects intimately related to it. This is conducted in the presence of a Committee of at least five members presided over by a Pro-Dean nominated by the Graduate and Postdoctoral Studies Office. The Chair of the candidate’s department and the Thesis Supervisor are regularly invited to be members of the Committee; at least one member of the Committee is appointed from outside the candidate’s department. Guidelines are available at www.mcgill.ca/gps.

4.3 Ad Hoc Programs (Thesis Option only)

In exceptional cases, an applicant who wishes to pursue a Master’s (Thesis option only) or Ph.D. program in an academic department which is not currently authorized to offer graduate programs, may be admitted to an Ad Hoc program. The application, including a research proposal, is examined by an Admissions Committee in the department which has familiarity with the proposed research area and experience in directing graduate studies.

Once the Admissions Committee makes a favourable recommendation, the Graduate and Postdoctoral Studies Office confirms an Advisory Committee (recommended by the academic unit) to be responsible for program planning and monitoring of research progress. The regulations are fully described in the document “Procedures for Admission in Ad Hoc Master’s and Doctoral Programs”, available from the GPSO.

4.4 Ad Personam Programs (Thesis Option only)

In very rare circumstances, an applicant who wishes to engage in Master’s (Thesis Option only) or Ph.D. studies of an interdisciplinary nature involving joint supervision by two departments, each of which is authorized to offer its own graduate programs, may be admitted to an Ad Personam program. The regulations are fully described in a document available from the GPSO.

4.5 Course Work for Graduate Programs, Diplomas and Certificates

Upper level undergraduate courses (excluding 500 level) may not be considered for degrees, diplomas and certificates unless they are already listed as required courses in the approved program description. If an upper-level undergraduate course (excluding 500 level) is taken by a graduate student, it must come as a recommendation from the Graduate Program Director in the department. The recommendation must state if the undergraduate course is an additional requirement for the program (must obtain B+ or better) or if the course is extra to the program (will be flagged as such on the record).

English and French language courses offered by the English and French Language Centre or the Centre for Continuing Education may not be taken for coursework credits toward a graduate program. All substitutions for course work in graduate programs, diplomas and certificates must be approved by the GPSO.

Courses taken at other institutions to be part of the requirements of a program of studies must be approved by GPSO before registration.

5 Admission

Website: www.mcgill.ca/applying/graduate
E-mail: graduate.admissions@mcgill.ca

Deadline: Admission to graduate studies operates on a rolling admission basis, and complete applications and their supporting documentation must reach departmental offices on or before the specified departmental deadline. To be considered for entrance fellowships, where available, applicants must verify the deadlines with individual departments. Meeting minimum admission standards does not guarantee admission.

5.1 Application for Admission

Two procedures are available to apply for graduate admission: online and paper-based forms. Application information and the online application form are available at www.mcgill.ca/applying/graduate. Paper application packages should be obtained from individual departments.

Using either procedure, applicants (with some exceptions) are required to ask two instructors familiar with their work to send letters of recommendation. All applicants must themselves send, or ask the appropriate university authorities to send, two official or certified copies of their complete academic record from each university-level institution attended to date. For McGill graduates the appropriate authority is the Registrar. Letters of recommendation and official transcripts must be sent directly to the department concerned. Please note that all documents submitted to McGill University in support of an application to be admitted, including, but not limited to transcripts, diplomas, letters of reference and test scores, become the property of McGill University and will not be returned to the applicant or issuing institution under any circumstance.

A non-refundable fee of $80 ($100 for some Management programs) in Canadian funds must accompany each application, otherwise it cannot be considered. This sum must be paid by credit card if the online application is used. For paper applications, the fee must be paid in negotiable form, such as a bank draft, money order or certified cheque (but not in cash), at the current rate of exchange, or by credit card. Candidates for Special and Visiting Student, and Qualifying status must apply and pay the application fee every year.

It is recommended that applicants submit a list of the titles of courses taken in the major subject, since transcripts often give code numbers only. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant’s university is essential. The applicant should also indicate the major subject area in which further study is desired.

Completed applications, with supporting documents, must reach departmental offices according to individual department deadlines. Applicants should contact the department concerned. International students are advised to apply well in advance of the deadlines as immigration procedures may be lengthy. Applications received after the prescribed dates will not be considered. Candidates will be notified of acceptance or refusal as quickly as possible. In cases of refusal, an official written appeal may be considered by the Associate Dean (Graduate and Postdoctoral Studies). The appeal fee is $40.

5.2 Graduate Record Examination and Other Admission Tests

The Graduate Record Examination (GRE) (Educational Testing Service, Princeton, N.J. 08540) consists of a relatively advanced test in the candidates’ specialty, and a general test of their attainments in the several basic fields of knowledge, for which no special preparation is required or recommended. It is offered at many centres, including Montreal, several times a year; the entire examination takes about eight hours, and there is a registration fee. Only some departments require applicants to write the GRE examination, but all applicants who have written either the general aptitude or the advanced test are advised to submit the scores along with their other admission material.

This credential is of special importance in the case of applicants whose education has been interrupted, or has not led directly towards graduate study in the subject selected. In such cases the department has the right to insist on a report from the Graduate Record Examination or some similar test. High standing in this examination will not by itself guarantee admission. The Miller
5.3 Competency in English

Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English. Before acceptance, appropriate exam results must be submitted directly from the TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing Systems) Office. An institutional version of the TOEFL is not acceptable. Minimum acceptable exam results are: TOEFL with a minimum overall score of 86 on the iBT, and a score of at least 20 for each of its four components (or a minimum score of 213 on the computer-based test, or 550 on the paper-based test; or IELTS with a minimum overall band of 6.5). Applications will not be considered if a TOEFL or IELTS test result is not available. Higher scores may be set by individual departments.

Revised - CGPS - September 11, 2006

5.4 Admission Requirements

Applicants should be graduates of a university of recognized reputation and hold a Bachelor's degree equivalent to a McGill degree in a subject closely related to the one selected for graduate work. This implies that about one-third of all undergraduate courses should have been devoted to the subject itself and another third to cognate subjects.

The applicant must present evidence of academic achievement: a minimum standing equivalent to a Cumulative Grade Point Average (CGPA) of 3.0 out of a possible 4.0 or a CGPA of 3.2/4.0 for the last two full-time academic years. High grades are expected in courses considered by the department to be preparatory to the graduate program.

Some departments impose additional requirements and even though the applicant may appear to satisfy the general admission requirements, acceptance into a graduate degree program is not guaranteed by the department or the Graduate and Postdoctoral Studies Office. The final admission decision rests with the Graduate and Postdoctoral Studies Office, be admitted to two degree programs concurrently. Students may, with special permission granted by the Graduate and Postdoctoral Studies Office, be admitted to two degree programs at the same level but never to two departments or faculties. Students are never permitted to pursue two full-time degree programs concurrently.

5.5 Parallel Admission

This program is designed to assist academically qualified applicants, lacking the minimum English language requirement for graduate studies at McGill, to adjust to the learning, research and teaching environment of a major, research-based, North American university where the usual language of operation is English. The program will ensure that otherwise suitably qualified applicants for admission into graduate studies programs will develop the appropriate level of English-language competency and adjust to the learning and living environment to be encountered in graduate studies at McGill within one calendar year of their admission to the program. Those students who fail to meet with these requirements will be asked to withdraw.

Students admissible to the program will have been screened by the staff of the graduate program into which they wish to be admitted, and recommended to the Graduate and Postdoctoral Studies Office. If the applicant is deemed by the GPSO to be admissible on purely academic grounds but has a TOEFL score below the entrance requirement of the graduate program, by no more than 27 points (paper-based scale) or 20 points (computer-based scale) or 10 points (Internet-based scale (overall)), he/she will be admitted to the Parallel Admission Program for a period not to exceed twelve (12) calendar months. In order to start his/her studies in the graduate program into which he/she had been admitted he/she would have to obtain the McGill Certificate of Proficiency in English according to the rules and regulations in force in the Department of Languages and Translation within the twelve-month period, or pass the TOEFL with a score meeting the admission requirement of the graduate program for which the student has applied.

Any student who fails to meet the English-language requirement within one calendar year of admission to the Parallel Admission Program will be asked to withdraw.

5.6 Admission to a Qualifying Program

Some applicants whose academic degrees and standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the subject selected may be admitted to a Qualifying Program. The undergraduate-level courses to be taken in a Qualifying Program will be prescribed by the department concerned.

Qualifying students are registered in graduate studies, but not as candidates for a degree. Only one qualifying year (i.e., two full-time terms) is permitted.

In all cases, after the completion of a qualifying year or term, an applicant interested in commencing a degree program must apply for admission by the stated deadlines. In cases where a department recommends a change of registration from Qualifying Program (Fall) to Master's Degree First Year (Winter), students must apply to the degree program by November 1 at the latest.

Successful completion of the work of the Qualifying Program does not automatically entitle the student to proceed towards a degree. Qualifying-year students must re-apply for admission to the program for which they seek qualification. A Qualifying-Year applicant admitted to a Winter term as a first term of studies must apply for admission for a Fall term as his/her second term of studies.

Students who are ineligible for a Qualifying Program may apply to the appropriate undergraduate faculty for admission as regular or special students, and seek admission to graduate studies at a later date. The normal admission requirements must be met and the usual procedures followed.

5.7 Admission to a Second Degree Program

A candidate with a given higher degree may apply for admission to a second degree program at the same level but in a different subject. The normal admission requirements must be met and the usual procedures followed.

5.8 Admission to Two Degree Programs

Students may, with special permission granted by the Graduate and Postdoctoral Studies Office, be admitted to two degree programs or to two departments or faculties. Students are never permitted to pursue two full-time degree programs concurrently.

5.9 Admission to an Ad Personam Joint Program

Ad Personam joint graduate programs are restricted to Master's Thesis Option and Ph.D. programs. Students shall be admitted and registered by one department, to be known as the "first department". Approval for the joint program must be obtained from the Graduate and Postdoctoral Studies Office. The request shall be signed by the Chairs of both departments involved and shall explicitly list the conditions imposed by the second department. The student shall undertake research under the joint supervision of both departments.

Students shall fulfil the degree requirements of the first department and shall complete all the requirements specified by the second department in the request for admission. This program is described in more detail in a document available from the GPSO.
5.10 Admission to an Ad Hoc Program (Thesis)

In exceptional cases, admission to an Ad Hoc program (thesis) may be considered. Before the Graduate and Postdoctoral Studies Office will authorize the admission of a student into an Ad Hoc program, it must receive a favourable report from a departmental committee constituted to examine the program in question. Candidates, through the supervisor designated by the academic department most closely related to their research field, must submit a research proposal, an outline of the course work needed including a Comprehensive Examination (for Doctoral programs) in the relevant field, and the list of four supervisory committee members.

Once the request has been approved, the candidate may register following all the regular procedures. Full description of the admission procedure is available from the GPSO.

5.11 Reinstatement and Admission of Former Students

Students who have not been registered for a period of up to two years but who have not officially withdrawn from the University by submitting a signed Withdrawal Form to the Graduate and Postdoctoral Studies Office are eligible to be considered for reinstatement into their programs. The student's department must recommend, in writing, that the student be reinstated, stipulating any conditions for reinstatement that it deems appropriate. The final decision rests with the GPSO. Normally, the GPSO will approve the departmental recommendation. If the student's department chooses not to recommend reinstatement, the student may appeal to the Associate Dean (Graduate and Postdoctoral Studies). The Associate Dean's decision can be appealed to the Graduate Committee on Student Standing.

Reinstatement fees will be charged in addition to the fees due for the academic session into which the student has been reinstated. The amount of the reinstatement fees is the tuition portion of fees owed for all unregistered terms, up to a maximum of two years just prior to the term of reinstatement.

If an individual has not registered for a period of more than two years, their student file will be closed. These individuals and those who have formally withdrawn may be considered for reinstatement during that cycle and in accordance with current graduate admissions procedures and policies.

6.1.2 Half-time Students (Thesis programs)

In some departments, students are permitted to proceed towards a degree on a half-time basis, i.e., students are permitted to register half-time instead of full-time during sessions of residence. It is expected that half-time students will spend 50% of their time in the department participating in course work, seminars, discussions, etc., with the staff and the full-time students.

Half-time students are reminded that they must complete the degree within the time limitation imposed by the Graduate and Postdoctoral Studies Office, and that if they choose to be half-time they must: a) be so for an even number of half-time terms (i.e., two half-time terms equal one full-time term) and b) fulfill the minimum residence requirement in their program.

6.1.3 Part-time Students

Certain degree programs can be followed on part-time basis (e.g., M.Ed., M.Eng. non-thesis option, M.B.A., M.S.W. non-thesis option, and S.T.M.). Students in non-thesis programs (including the C.A. program) as well as Special, Visiting and Qualifying, Certificate and Diploma students, not taking at least 12 credits per term, are considered to be part-time. Students may, in some departments, proceed towards the degree on a part-time basis.

Part-time students are reminded that they must complete the degree within the time limitation imposed by the Graduate and Postdoctoral Studies Office. Part-time students who do not take any courses or drop all courses, during any semester, automatically become non-resident students and are charged fees accordingly.

In cases of part-time and transfer students, all coursework might not be completed during the residency. It must therefore be completed during one or more additional terms (non-thesis extensions).

6.1.4 Additional Session (Thesis Programs) and Non-Thesis Extension (Non-Thesis Programs) Students

Students in additional session or non-thesis extension are students with a registration status of additional session (thesis programs) or non-thesis extension (non-thesis programs) and paying fees accordingly. The following are such students:

1. Graduate students who have completed the residency requirements in a Master’s program.
2. Graduate students who have completed 8 full-time semesters in a doctoral program (when admitted to Ph.D. 1).
3. Graduate students who have completed 6 full-time semesters in a doctoral program (when admitted to Ph.D. 2).

In the doctoral program, students must be registered on a full-time basis for one more year after completion of the residency (i.e., Ph.D. 4 year) before continuing as additional session students until completion of the program. It is expected that, at this stage, all the course work and Comprehensive Examinations will have been completed and the student will be engaged in thesis preparation.

Graduate students in non-thesis programs, graduate diplomas and certificates who have registered for all required courses but have not completed the work and/or have completed the residency requirements must register as non-thesis extension students and pay fees accordingly. Students in a non-thesis extension session who are not registered for at least 12 credits per term, are not considered engaged in full-time studies.

6.1.5 Qualifying Students

Students admitted to a Qualifying Program are known as Qualifying Students. They must meet the minimum entrance requirements of the Graduate and Postdoctoral Studies Office. The courses taken during a qualifying year will not be credited towards a degree program. Students are registered in graduate studies but have not yet been admitted to a degree program. These students take a full load (12 credits minimum) per semester of
undergraduate courses as specified by the department. Only one qualifying year is permitted.

6.1.6 Special Students
Students who meet the minimum entrance requirements of the Graduate and Postdoctoral Studies Office and wish to take one, or at most two, graduate-level courses per term (6 credits) without intention of proceeding to a degree or diploma are termed Special Students. After completion of a maximum of 12 credits, an applicant may not continue as a Special Student.

If graduate Special Students subsequently become candidates for higher degrees, they may receive academic credit for relevant graduate courses taken as Special Students. They must apply every year.

Students who wish to take undergraduate courses only must apply as Special Students in the undergraduate faculty concerned, even if they already hold degrees.

6.1.7 Visiting Students
Visiting Students are those students who are registered in a degree program at another university and who have obtained written permission from both universities to take a course(s) for credit towards that degree program. Students studying in the province of Quebec who are in this category are eligible for a transfer of credit if the required permission is obtained on Quebec Inter-University Transfer forms. These forms are available on-line at www.mcgill.ca/student-records/register/iut. McGill students registering for courses required for their degree program at other Quebec universities are required to pay for the course(s) at the home university. McGill University and Université de Montréal participate in an exchange (graduate) with the University of British Columbia and the University of Toronto.

As a rule, graduate students should not register for courses through Inter-university Transfers (IUT) during the last semester before graduation. There are considerable delays in receiving official transcripts which delay the degree audit process and graduation. If special departmental permission is given for such a course to be taken in the last semester, there will be no extension given for the grade submission deadline.

6.1.8 Visiting Research Students
Graduate students registered in a degree program at another university who wish to come to McGill to do research only may do so after acceptance by the GPSO. The department recommending admission must specify “Visiting Research” on the Decision Form. Visiting Research students are charged additional session fee rates and they may not register for courses. They must apply for admission every year.

6.1.9 Non-Resident Status

1. Departments, with the approval of the Graduate and Postdoctoral Studies Office, may permit or require candidates to spend one session at another institution; it is understood that this session must be one of full-time work, and that the institution selected must be able to provide expert supervision and facilities for research appropriate to the candidate, in the field selected.

Permission to spend a required year of residence at another university must be obtained before the beginning of the session in which the student will be absent. A program of the work projected and particulars of the institution selected must be sent, accompanied by a letter from the Chair of the department, to the Director of the GPSO for approval. Permission is only granted to students who have already completed one full session at McGill.

The student will be required to register and pay the normal full-time McGill tuition fee less any tuition fee payable to the host institution. Other student-related fees are not levied and the ID card is not validated.

Students participating in a formal exchange program must register and pay full-time tuition including other student-related fees. The ID card is not validated.

2. Students who wish to take a leave (such as for work purposes) from the University for a maximum period of one year before returning to complete their residence requirements must first obtain permission to do so both from their department and the GPSO.

The student must register as a Non-Resident student, and pay the non-resident fee. Student services fees are not levied and the ID card is not validated. Students can only be non-resident for a maximum of one year. The non-resident fee is $100 per term.

6.1.10 Leave of Absence Status
A leave of absence may be granted by the Graduate and Postdoctoral Studies Office for maternity or parenting reasons or for health reasons (see section 10.6 “Health and Parental/Familial Leave of Absence Policy”). Such a leave must be requested on a term by term basis and may be granted for a period of up to 52 weeks. Students and Postdocs must make a request for such a leave in writing to their department and submit a medical certificate justifying the leave. The department shall forward the request to the GPSO.

Students and Postdocs who have been granted such a leave will have to register for the term(s) in question and their registration will show as “leave of absence” on their record. No tuition fees will be charged for the duration of the authorized leave. Research supervisors are not obligated to remunerate students on leave. A student on leave of absence during the Fall term must register for an active term of study in the Winter term (at least) in order to apply for graduation. A student on leave of absence during the Winter term must register for an active term of study in the Fall term (at least) in order to apply for graduation.

The GPSO has prepared a summary table of various leave policies (paid or unpaid) for students and postdocs paid from the Federal and Quebec Councils through fellowships or research grants. The document is available at www.mcgill.ca/gps/documents/funding under “Information on the Funding Council Leave Policies for Graduate Students and Postdocs”.

6.1.11 Medical Residents
Residents and fellows on staff of teaching hospitals associated with the University are included in the Graduate and Postdoctoral Studies Office statistics. They must apply for admission to be Special Students or for admission to a degree program, a graduate diploma or certificate.

6.1.12 McGill Staff as Graduate Students
Members of the teaching staff of the University up to and including the rank of lecturer may enrol as candidates for a degree, diploma or certificate. If their teaching duties are designated as full-time, they may only enrol as half-time students.

Professorial members of the academic staff may not enrol in graduate degree and diploma programs. This rule shall apply also to any persons who have been on the professorial staff within the previous 12 months, unless they resign completely from their positions at McGill.

Should persons registered in graduate studies be promoted to professorial rank, they may no longer remain graduate students, unless they resign or are granted a leave of absence from their professorial appointments.

In certain exceptional cases, professorial members of the academic staff may apply to the Graduate and Postdoctoral Studies Council to enter graduate programs in academic units other than their own. The Council may grant permission if it is satisfied that the applicant’s teaching unit and proposed unit for graduate study are sufficiently remote that conflict of interest situations will not arise. Permission must be granted before any courses are taken towards the proposed degree.
6.1.13 Quebec Inter-University Transfer Agreement (IUT)
The IUT Agreement permits concurrent registration at McGill and another Quebec institution.

6.1.13.1 McGill Students

Regular undergraduate and graduate degree, diploma or certificate candidates registered at McGill may, with the written permission of the Dean of their faculty or delegate, register at any university in the province of Quebec for three (3), or exceptionally six (6), credits per term in addition to their registration at McGill. These courses, subject to GPSO regulations, will be recognized by McGill for the purpose of the degree for which the student is registered up to the limit imposed by the residency requirements of the program. This privilege will be granted if there are valid academic reasons.

Students wishing to take advantage of this agreement should consult the GPSO for details, and are informed that this agreement is subject to the following conditions:

- The other universities concerned may, at their discretion, refuse the registration of a student for any of their courses.
- The obligation of the student to complete their faculty and program requirement.
- The student is responsible for ensuring that the McGill Class Schedule permits these courses to be taken without conflict.
- The universities concerned are not responsible for special arrangements in cases of examination or class schedule conflicts.
- Marks earned at the host university will not appear on McGill transcripts or be included in McGill grade point averages.
- Students who are attending McGill as exchange students from outside Quebec are not eligible to take courses at another Quebec institution through the IUT agreement.
- Be aware that late results received from host universities may delay your graduation.

Scholarship holders should consult with GPSO and the Scholarships Coordinator concerning eligibility for continuation or renewal of their awards.

6.1.13.2 On-line IUT Application — McGill and Visiting IUT Students

Students must initiate an on-line Inter-University Transfer (IUT) application to request the required authorizations. McGill students are advised to access the IUT application via the Web at www.mcgill.ca/student-records/register/iut. Students may also find additional information posted at the GPSO Website.

Note: Once the IUT application is approved by both the home and host universities, the student remains responsible for registering in the same course for which they have obtained electronic approval. The method of registration of the host university will vary (e.g., Web, in-person, phone, etc.). The student is advised to initiate the electronic application allowing enough time to meet the host university’s registration deadlines. Furthermore, the student is responsible for adhering to all registration deadlines of the host institution.

6.2 Registration

6.2.1 Registration for Fall and Winter Terms (Including Additional Session and Non-Thesis Extension Students)

All returning and new graduate students must register on-line at www.mcgill.ca/minerva, after completing a Minerva Course Selection Form and obtaining departmental approval.

Courses may be added until the end of the course change period without penalty.

Returning Students:
Returning students register via Minerva between Thursday, March 22 and Tuesday, July 31.

Students will be charged a late registration fee during the late registration period. To avoid the late registration fee students must access www.mcgill.ca/minerva and register for REGN RCGR (the Registration Confirmation course) in both the Fall (CRN 2502) and Winter (CRN 2423) terms.

Successful completion of registration is contingent upon acceptable academic standing in the previous session and payment of any previous outstanding fees and fines.

Newly-Admitted Students:
New students entering in September 2007 register on Minerva between Friday, August 3 and Tuesday, September 4.

Students will be charged a late registration fee during the late registration period. To avoid the late registration fee students must access www.mcgill.ca/minerva and register for REGN RCGR (the Registration Confirmation course) in both the Fall (CRN 2502) and Winter (CRN 2423) terms.

New students entering in January 2008 register on Minerva between Tuesday, December 4 and Thursday, January 3. GPSO will be charged a late registration fee during the late registration period. To avoid the late registration fee students must access www.mcgill.ca/minerva and register for REGN RCGR (the Registration Confirmation course) in the Winter (CRN 2423) term.

Students must register (and pay fees) annually up to and including the term of graduation. Outstanding tuition fees must be paid before graduation. A graduate student registered in the Winter term who graduates in February will have their Winter registration and fees cancelled at the end of February.

Exception: A registered student in 2006-07 (not on a leave of absence), who has completed the residency in a thesis program, and who meets the August 31 thesis submission deadline to the GPSO (Thesis Office), does not need to register for the 2007-08 academic year. The student should not expect to graduate in Fall 2007, but must graduate by Fall 2008 graduation at the latest.

Otherwise the student must be reinstated and will be charged retroactive registration fees for all unregistered sessions/terms up to and including the term in which they graduate. Students who have already registered for the year must ask the Graduate and Postdoctoral Studies Office, IN WRITING, to delete their registration at the time of their theses submission.

If the thesis is submitted after August 31, and the student graduates in February of the next year, he/she must register for the Fall term and pay fees. The last term of registration will show the graduation narrative, i.e., Fall for February graduation, Winter for May/June graduation and Summer for October Graduation. If the thesis is submitted after August 31, and the student graduates in May/June of the next year, he/she must register for Fall and Winter terms and pay fees.

6.2.2 Fee Policies Related to Registration

Refer to section 8 “Fees and Expenses”; particular attention should be paid to section 8.8 “Fees and Withdrawal from the University” and section 8.9 “Other Policies Related to Fees”.

6.2.3 Summer Registration

Detailed summer registration information will be available in the middle of March in individual departments and on the Web at www.mcgill.ca/gps/records/registration.

Course Registration

Students taking summer courses register within Graduate and Postdoctoral Studies Office deadlines on Minerva at www.mcgill.ca/minerva after completing a Minerva Course Selection Form and obtaining departmental approval.

Summer Term of Residence

Students in thesis programs who wish to register for a Summer term to count as part of their residence requirements must advise their department in March and complete the appropriate Summer Registration Form in April. Newly admitted students beginning their graduate thesis program in a Summer Term of Residence can get 100% refund (less $100.00 minimum or registration deposit if applicable) up to and including the May 15th withdrawal date. Students in thesis programs, who at the end of the Winter term are
continuing in their programs are expected to devote the summer to research and are considered “continuing students”.

6.2.4 Courses taken in the Centre for Continuing Education

In the Fall and Winter terms, students may add credit courses (500 level or higher) offered through the Centre for Continuing Education (CCE) directly on Minerva. Fall term courses can be added on Minerva starting August 15. Winter term courses can be added on Minerva starting December 15.

Non-credit general interest or languages courses cannot be added directly by the student. Students may register for these courses in person at the CCE, where the course(s) will be added to their record as “Extra” to their program and course fees will be charged.

Summer courses offered through the CCE cannot be added directly by the student. To add these courses, students must bring a copy of their approved Minerva Course Selection Form to the Graduate and Postdoctoral Studies Office, subject to space availability and program controls, the course(s) will be added to their record.

To register for courses offered through the CCE, students must be registered in their graduate studies program. All courses taken at CCE must be completed unless the course has been dropped on Minerva according to CCE course drop/withdrawal deadlines.

The GPSO reserves the right to place limitations on the number of Continuing Education courses taken for any one program. Approval from GPSO must be obtained prior to registration.

6.2.5 Courses Which Cannot Be Taken for Credit in a Graduate Program Unless They Have Formally Been Approved for a Specific Program

Two courses are offered through English and French Language Centre for graduate students whose first language is not English. These courses cannot be counted toward the requirements of a graduate program. The courses are:

ESLN 590 WRITING FOR GRADUATE STUDENTS (3) (3 hours)
(Prerequisite placement test) (Restriction: Open only to graduate students for whom English is a second language.) Audience, purpose, organization and style of graduate-level academic writing. Mechanics, Editing. Textual analysis. Critical thinking. Genres: problem-solution, general-specific, process description, data commentary, article summary/critique. Student work-in-progress, ESL diagnosis-correction. Multiple drafts. Extensive feedback including audio-tapes commentary and individual conferences.

ESLN 650 PRONUNCIATION AND COMMUNICATION (3) (3 hours)
Restrictions: Open only to graduate students for whom English is a second language. (This course cannot be counted towards course requirements of any graduate program.) Focus on developing pronunciation and communication skills, including aspects of pronunciation that most affect intelligibility, and with verbal and non-verbal techniques for effective presentations.

Note: The following writing course is available for senior graduate students but cannot be counted toward the requirements of a graduate program:

EDEC 645 SCIENCE WRITING AND PUBLISHING. (3) (Restriction: Limited to senior graduate students - Ph.D.2 and above.) Techniques for writing reader-sensitive scientific articles and grant applications, including how to express abstract ideas.

REDM 610 WRITING SCIENCE ARTICLES 1(3) (Prerequisite: Permission of instructor.) Principles and techniques for clear scientific writing with an emphasis on how to transform complex ideas into direct and precise ones by explaining research to peers and writing for interdisciplinary audiences.

REDM 710 WRITING SCIENCE ARTICLES 2(3) (Prerequisite: Permission of instructor.) Skills for writing and publishing scientific articles, including peer-reviewed manuscripts and short, critical reviews of published articles. Topics include techniques for developing logical arguments and writing publishable manuscripts.

6.2.6 Registration for Two Degree Programs Concurrently

No student may register in two degree programs or in two departments or faculties or two institutions concurrently without special permission granted by the Graduate and Postdoctoral Studies Office. Students are advised that permission is never granted to attempt two full-time programs concurrently. Letters of recommendation, including details of the proportions of time that the student intends to allot to each program, must be received from the Chair of each department concerned. Each year, a progress report must be submitted from the two departments concerned to the GPSO before a student in this category will be permitted to register.

6.2.7 Time Limitation

Candidates for Master’s degrees must complete the degree within three years of initial registration. If the degree is pursued strictly on a less than full-time basis, it must be completed within five years of initial registration.

In exceptional cases, a student who wishes to submit a thesis, or to complete outstanding degree requirements, after withdrawal may do so only on the recommendation of the department concerned. A graduate application must be submitted by stated deadlines and re-admission fees will apply. The final decision rests with GPSO.

By annual registration, all doctoral candidates may maintain their connection with the University for four years after completing their residence requirements.

The object of these regulations is to encourage candidates to complete their theses and qualify for their degree without undue delay.

Council of the FGSR - February 2, 1996

6.2.8 Withdrawal from a Degree Program

Departments have the right to ask students to withdraw from the program if progress is not satisfactory, or if they have failed two courses required for their program, or for lack of performance in research. Please see section 6.10 “Failure Policy”.

Any student who withdraws from the University must complete a Withdrawal Form available from the Graduate and Postdoctoral Studies Office. Fees will then be refunded according to the conditions outlined in section 6.5 “Course Change Period” and in section 6.7 “Regulations Concerning Withdrawal”.

6.2.9 Late Registration

Students who fail to register during the normal registration period may do so within the period designated by the University for late registration. They will be assessed a late registration fee as listed below:

Returning Students: May register late from Wednesday, August 1 until and including Tuesday, September 4 with the payment of a late registration fee of $50 ($20 for Special Students and part-time students).

New and Returning Students (Fall): Students may register late via Minerva from Wednesday, September 5 until Tuesday, September 18 with the payment of a late registration fee of $100 ($40 for Special Students and part-time students).

New and Readmitted Students (Winter): May register late via Minerva from Friday, January 4 until Tuesday, January 15 with the payment of a late registration fee of $100 ($40 for Special Students and part-time students).

6.3 Course Information

6.3.1 Course Numbering

Each McGill course is assigned a unique seven-character course number.
The first four characters (Subject Code) refer to the unit offering the course. These codes were implemented in September 2002, replacing the three-number Teaching Unit Codes previously used. A complete list of Teaching Unit Codes and their Subject Code equivalents can be found on the Web at www.mcgill.ca/student-records/transcripts.

The three numbers following the Subject Code refer to the course itself, with the first of these indicating the level of the course.

- Courses numbered at the 100, 200, 300, and 400 levels are intended for undergraduate students. In most programs, courses at the 300 level and 400 level are normally taken in the student's last two years.
- Courses at the 500-level are upper-level undergraduate courses that are intended for qualified senior undergraduate students and open to graduate students.
- Courses at the 600 and 700 level are intended for graduate students only.

Two additional characters (D1, D2, N1, N2, J1, J2, J3) at the end of the seven-character course number identifies multi-term courses.

6.3.2 Multi-term Courses

Most courses at McGill are single term (Fall or Winter or Summer) courses with final grades issued and any credits earned recorded at the end of that term. Single term courses are identified by a seven-character course number.

A unit may, however, decide that the material to be presented cannot be divided into single term courses or it is preferable that the work to be done is carried out over two, or three, terms. Under such circumstances, courses are identified by a two-character extension of the course number.

In some cases, the same course may be offered in various ways: as a single term and/or in one or more multi-term versions. The course content and credit weight is equivalent in all modes, the only difference being the scheduling, and students cannot obtain credit for more than one version.

Courses with numbers ending in D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for the same section of both the D1 and D2 components. When registering for a Fall term D1 course on Minerva, the student will automatically be registered for the Winter term D2 portion. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms, e.g., Fall 2007 and Winter 2008.

Courses with numbers ending in N1 and N2 are taught in two non-consecutive terms (Winter and Fall). Students must register for the same section of both the N1 and N2 components. No credit will be given unless both components (N1 and N2) are successfully completed within a twelve (12) month period.

Courses with numbers ending in J1, J2 and J3 are taught over three consecutive terms. Students must register for the same section of all three components (J1, J2, J3). No credit will be given unless all three components are successfully completed.

IMPORTANT CONDITIONS FOR MULTI-TERM COURSES

1. Students must be registered for each component of the multi-term course. Students must ensure that they are registered in the same section in each term of the multi-term course.

2. Students must successfully complete each component in sequence as set out in the multi-term course. Credit is granted only at the end of the multi-term course; no credit is given for partial completion.

6.3.3 Course Terminology

Prerequisite: Course A is prerequisite to course B if a satisfactory pass in course A is required for admission to course B.

Corequisite: Course A is corequisite to course B if course A must be taken concurrently with (or may have been taken prior to) course B.

Credits: The credit weight of each course is indicated in parentheses beside the course title. For D1 and D2 courses the credit weight is indicated after the course number.

COURSE NOMENCLATURE IN PROGRAM DESCRIPTIONS:

Required Course: Courses absolutely required in a program. All students in that program must take this (these) course(s) unless they are granted exemption(s).

Cours obligatoire: Cours forcément obligatoire dans un programme. Tous les étudiants inscrits à ce programme doivent suivre ce (ou ces) cours, à moins de bénéficier d'exemptions.

Complementary Course: Courses selected from a restricted list, a particular subject area, or a discipline. In some programs, students must include a number of these in order to meet program requirements.

Cours complémentaire: Cours sélectionnés à partir d'une liste limitée, ou de la liste des cours offerts dans une matière particulière ou dans une discipline. Dans certains programmes, les étudiants doivent inclure un certain nombre de ces cours afin de satisfaire aux exigences du programme.

Note: Complementary courses are not electives. The difference between Complementary courses and Required courses is that Complementary courses offer an element of choice, however small that choice may be. Students may choose from the two (or more) courses specified within Complementary Course segment(s) of a program description, but ONLY from those.

Elective course: courses chosen freely (with advice and approval of the Graduate Program Director and GPSO).

6.3.4 Class Schedule and Course Catalog

Students should consult Class Schedule when preparing to register (www.mcgill.ca/courses). Here they will find up to date information including days and times when courses are offered, class locations, names of instructors, and course prerequisites. Class Schedule only displays courses that are being offered in the term selected.

For a complete listing of all McGill courses, even if they are not offered in a given year or term, students may consult the Course Catalog at www.mcgill.ca/courses. Searches are conducted by term and provide information such as full course descriptions, course pre-requisites and registration requirements.

6.4 Summer Studies

Registration regulations may change for Summer 2008. Detailed information about summer registration will also be available in March 2008 on the web at www.mcgill.ca/gps/records/registration.

Graduate courses are available in some subject areas during the summer and the Summer Studies Calendar should be consulted for a complete listing of undergraduate and graduate level courses.

Students doing graduate work in Education are strongly advised to enrol in summer studies and many programs can only be completed by participation in summer studies.

Registration for courses for graduate students takes place via Minerva for the Summer session. It is the responsibility of the student to register for courses within the deadlines, after completing a Minerva Course Selection Form and obtaining departmental approval.

Students in thesis programs, who pay fees on a per term basis and who have already paid full-time tuition fees during the preceding year are not required to pay for required courses taken in the summer. Students in non-thesis programs will be charged fees for courses taken in the summer. Registration for “summer studies” should not be confused with registration for a Summer term which has been discussed previously in section 6.2.3 “Summer Registration”.

Many summer courses have limited enrolment and students are advised to register for such courses as early as possible. Graduate
students intending to register for restricted undergraduate courses MUST COME IN PERSON to the Graduate and Postdoctoral Studies Office with an approved Minerva Course Selection form, where the course will be added if there is space available in the course.

Please consult the Summer Studies Calendar for specific information on course dates and times. Information is also available on the Summer Studies Web site at www.mcgill.ca/summer.

6.5 Course Change Period

During the initial Registration Periods, see section 6.2 “Registration”, students may make changes to their course registrations (add or drop courses), subject to the requirements and restrictions of their program and of individual courses.

The Course Change deadline coincides with the deadline for late registration. Please refer to the Calendar of Dates.

Students who are registered in the Fall term may continue to add and drop courses that will begin in the Winter term throughout the Fall term until the deadline for course change/late registration in the Winter term.

After the Course Change deadline, courses may be added only with written permission of the instructor and your department, and the approval of the GPSO. A fee will be charged for each course added.

6.6 Auditing of Courses

No auditing of courses is permitted at McGill.

6.7 Regulations Concerning Withdrawal

6.7.1 Regulations Concerning Course Withdrawal

Following the Course Change deadline there is a period of a few days during which students may withdraw, with a grade of W and full refund of course fees, from courses that start in that term.

After the Withdrawal (with refund) deadline, there is a period during which withdrawal from a course will also result in a grade of W but no course fees will be refunded.

Courses that begin in the Fall Term
Deadline for withdrawal (grade of 'W') with refund:
- Sunday, September 23, 2007
- Multi-term courses: Tuesday, January 15, 2008

Courses that begin in the Winter Term
Deadline for withdrawal (grade of 'W') without refund:
- Multi-term courses: Thursday, May 15, 2008*

*Please note that students in multi-term courses with course numbers ending in N1 and N2 (begin in the winter, skip the summer, are completed in the subsequent Fall term) may withdraw after May 15 and until the end of the Fall term course change period by contacting their Graduate Program Director.

After the withdrawal (without refund) deadline, but before the end of term, the student may, under exceptional circumstances, be granted permission to withdraw from a course. (Permission will not be granted merely because a student is doing unsatisfactory work.) A grade of W will appear on the transcript but will not be calculated in the GPA. For further information students should consult their Graduate Program Director.

Note:
1. Students who wish to withdraw from required or complementary courses must also secure permission from their Graduate Program Director. A course withdrawal form is available from their departments. (Additional restrictions for Music courses are indicated in the Schulich School of Music section.)

2. The responsibility for initiating withdrawal rests solely with the student. Neither notification of the course instructor nor discontinuance of class attendance will suffice. The date on which a student’s withdrawal is entered on Minerva is the official date of withdrawal, even if the student stopped attending lectures earlier.

3. Fee refunds, if any, will be in accordance with section 8.8 “Fees and Withdrawal from the University”.

6.7.2 Regulations Concerning University Withdrawal

Students considering University withdrawal are strongly urged to consult with their adviser and Student Affairs Office before making a final decision.

Student’s responsibility

The responsibility for initiating University withdrawal rests solely with the student. Neither notification of the course instructor nor discontinuance of class attendance will suffice. The date the request for withdrawal is submitted to the GPSO is the official date of withdrawal, even if the student stopped attending lectures earlier.

6.7.3 Deadlines for University Withdrawal

All students who have accessed Minerva to register must officially withdraw within deadlines if they decide not to attend the term(s) for which they have registered. See Withdrawal (W) deadline dates in the Calendar of Dates.

Students who wish to withdraw from the University by the deadlines indicated below must drop or withdraw from all courses on Minerva and submit a withdrawal form to GPSO.

Fall Term:
Deadline for University withdrawal with refund (minus deposit or $100):
- Sunday, September 23, 2007

Winter Term:
Deadline for University withdrawal with refund (minus deposit or $100):
- Sunday, January 20, 2008

Students who are blocked from dropping or withdrawing from their last course on Minerva are required to contact their Student Affairs Office.

6.7.4 Consequences of University Withdrawal

Fee refunds, if any, for the term in which the student withdraws will be in accordance with section 8.8 “Fees and Withdrawal from the University”.

Upon withdrawal, students are required to return their ID card to the University as stated in section 6.18 “Identification (ID) Cards”.

6.8 Grading and Grade Point Averages (GPA)

Classification of Marks:

Courses can be graded either by letter grades or in percentages, but the official grade in each course is the letter grade. Beginning in the Fall term of 2002 all verification forms, transcripts and other documents show only letter grades for all subsequent terms.

Grades A through B- are termed satisfactory passes, and F a failure. Certain courses have been approved for Pass/Fail (P/F) grading. Students must obtain grades of B- or better in courses used to fulfill program requirements.

<table>
<thead>
<tr>
<th>Grades</th>
<th>Grade Points</th>
<th>Numerical Scale of Marks</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
<td>85 - 100%</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>
<td>80 - 84%</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>
<td>75 - 79%</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
<td>70 - 74%</td>
</tr>
<tr>
<td>B-</td>
<td>2.7</td>
<td>65 - 69%</td>
</tr>
<tr>
<td>F (Fail)</td>
<td>0</td>
<td>0 - 64%</td>
</tr>
</tbody>
</table>

Letter grades are assigned grade points according to the table shown above. A student's academic standing will be determined.
based on the basis of a grade point average (GPA), which is calculated by dividing the sum of the credit times the grade points by the total courses GPA credits. GPA credits are the credits of courses with grades that are assigned grade points.

\[
\text{GPA} = \frac{\sum (\text{course credit} \times \text{grade points})}{\sum (\text{GPA course credits})}
\]

The term grade point average (TGPA) will be the GPA for a given term calculated using all the applicable courses at the same level in that term. The cumulative grade point average (CGPA) will be the GPA calculated using the student's entire record of applicable courses at McGill at the same level effective the Fall 2002 term. If the level is changed (e.g. from Master’s to Doctoral), the CGPA will start again. For students with academic information prior to Fall 2002, who are continuing in the same program or are registered in a different program or level post-Fall 2002, the transcript displays a special message regarding the CGPA being calculated effective Fall 2002 onwards. If courses are repeated, all results are included in the GPA calculation. Therefore, grades of F or J continue to be used in the CGPA calculation (and remain on the record) even after the course is repeated or if a supplemental examination is taken.

**Other Grades:**

**IP** – *In Progress.* (Master's Thesis Courses Only)

**P** – *Pass.* Pass/Fail grading is restricted to certain seminars, examinations and projects only. In such cases all grades in these courses are recorded as either Pass or Fail. Not included in GPA calculations.

**HH** – *To be continued.* The use of this grade is reserved for major research projects, monographs and comprehensive examinations as designated for graduate studies.

**J** – *Absent:* to be recorded for the student who did not write the final examination and had not been granted deferred status, or who did not complete an essential part of the course requirements without a valid reason. This is a failure and is calculated in the TGPA and CGPA as a failure. (Students may appeal the assignment of the grade of J, but circumstances such as appearing at the incorrect time for an examination would not be sufficient reason for this grade to be replaced by a deferral. Students who have earned sufficient marks to pass the course even though the final examination is not written, may opt to have their grade based on the record to date.)

**K** – *Incomplete:* deadline extended for submission of work in a course or for the completion of a program requirement such as a Ph.D. language examination (maximum four months). (Need a K contract signed.)

**KF** – *Incomplete/failed:* failed to meet the extended deadline for submission of work in a course or for the completion of a program requirement. This is a failure and is calculated in the TGPA and CGPA as a failure.

**KK** – *Completion requirement waived.* This is used in exceptional cases only, with the approval of the Director of the Graduate and Postdoctoral Studies Office. Not calculated in TGPA or CGPA.

**KE or K** – *Further extension* granted with the approval of the Director of the Graduate and Postdoctoral Studies Office (maximum two years). (Need a K contract signed.)

**L** – *Deferred:* for students whose final examinations or papers have been deferred, for reasons such as illness, at the time of the examination. The “L” grade must be cleared as soon as possible (maximum four months).

A dated medical certificate or appropriate document recommending a deferral must be submitted to the Graduate and Postdoctoral Studies Office with a departmental recommendation for a deferral before or immediately after the examination. In particular, such recommendations will not be considered if medical reasons are brought forth after a grade is assigned.

By commencing to write any examination, the student waives the right to plead medical causes for deferral or permission to write a supplemental examination, unless the medical problem occurs in the course of the examination and is documented by examination authorities.

**LE or L** – *Further deferral:* permitted to defer examination for more than the normal period.

**NA or &&** – *Grade not yet available.*

**NR** – *No grade reported* by the instructor (recorded by the Registrar).

**Q** – Course continued in next term.

**Satisfactory/Unsatisfactory** – *Not used for graduate students.*

**W** – *Withdrew with approval.* A course dropped, with permission, after the change of course period. Not included in GPA calculations.

**WF** – *Withdrew failing:* a course dropped, with special permission in exceptional case, after faculty deadline for withdrawal from course, the student's performance in the course at that stage being on the level of an F; not calculated in TGPA or CGPA. (Not used in Music and Graduate Students.)

**WL** – *Withdraw from a deferred examination (approved by GPSO):* not calculated in TGPA or CGPA.

**W-- or --** – *No grade.* Student withdrew from the University; not calculated in TGPA or CGPA.

### 6.9 Verification of Student Record

#### 6.9.1 Unofficial Transcripts

Students are responsible for verifying their academic record on Minerva using the unofficial transcript to ensure that they are registered in the proper courses, and that the correct program information and expected term of graduation is appearing on their record.

Graduating students must make sure to verify their record on Minerva prior to the end of term in which they are graduating to ensure that the correct expected term of graduation is indicated on their unofficial transcript; if not, the student may be overlooked for graduation. Any questions or problems with their record should be directed to the Graduate Program Director.

### 6.10 Failure Policy

Students who have failed one course required by their department while registered as a graduate student may automatically write one supplemental examination, if the departmental policy permits, or retake that course or substitute an equivalent course. For the purposes of this policy, “required course” includes either a course required by the student's program of study, or a course that has been designated by the department for an individual student's program of study. Students with any further failures in that course, including the supplemental, or a failure in any other course, will be required to withdraw from their program of study. When a student retakes a course, he/she is required to pay the fee charged for the course in question. Ph.D. students and Master's students in thesis programs can also be required to withdraw from their program of study for documented lack of performance in research.

The failure policy does not pertain to the failure of comprehensive examinations, doctoral oral defenses, or thesis failures. In the case of a failed thesis or defense, the Thesis Failure Policy, detailed in the Thesis Guidelines, applies. In the case of a failed comprehensive examination, the Ph.D. Comprehensive Policy applies.

(Revised, GPS Council, February 10, 2003)

#### Procedure to follow in cases of failure:

The procedure in cases of initial failure is as follows: the failing grade is to be recorded and a letter sent to the Graduate and Postdoctoral Studies Office indicating that a supplemental examination is to be given under the Failure Policy. If the supplemental is passed, the second grade should be submitted. The same procedure applies for a recommendation of a retake or a substitution.
In the event of a failure of a supplemental exam, the department should request, in writing, that the student withdraw (with a copy of said letter forwarded to the GPSO).

Similarly, in the event of a failure in a second course, a written request for withdrawal (copied to the GPSO) should be sent to the student.

**Note:** A student in a graduate program who has failed one course while being a Special Student in a graduate studies will have this failure count as a first failure in a related graduate program. Any further failure will require withdrawal from the program of study.

### 6.11 Language Policy

The main language of instruction at McGill is English. Every student has a right to write essays, examinations, and theses in English or in French except in courses where knowledge of a language is one of the objectives of the course.

### 6.12 Regulations Concerning Theses

The thesis submission guidelines contain important information regarding procedures and deadlines. Students who are in the process of writing a thesis must consult these thesis submission guidelines in order to adhere to University regulations concerning the submission of a thesis. Thesis submission guidelines and all the forms required for thesis submission are posted on the Web at [www.mcgill.ca/gps](http://www.mcgill.ca/gps).

Forms and guidelines are updated as procedures change. Students should keep informed of these changes by referring to the Website.

Dates of submission of theses, convocations, etc. are listed in section 2 “Calendar of Dates 2007-2008” and are available on the Web at [www.mcgill.ca/students-information/dates](http://www.mcgill.ca/students-information/dates).

### 6.13 Graduation

In order to graduate, a student must complete program requirements. **It is the student's responsibility to ensure that all requirements are met by graduation.** All students should contact their Graduate Program Director early in the graduating year with any questions as to whether they will meet the necessary program requirements by graduation time.

#### 6.13.1 Apply to Graduate

Students in non-thesis programs (master's, certificates, diplomas) must use Minerva to apply to graduate. It is your responsibility to inform us of your intention to graduate.

**Deadlines:**
- Students who intend to graduate at the end of the fall term (courses completed December for June convocation) must apply on Minerva by the end of November.
- Students who intend to graduate at the end of the winter term (courses completed April for June convocation) must apply on Minerva by February.
- Students who intend to graduate at the end of the summer term (courses completed by August for October convocation) must apply on Minerva by March.

Students who have missed these deadlines must follow the procedures on the web at [www.mcgill.ca/gps/program/nonthesis](http://www.mcgill.ca/gps/program/nonthesis).

**Graduation Fee**

All students are charged a compulsory transcripts and diploma charge in each term of registration. This will entitle students to order transcripts free of charge as well as cover the costs of graduation.

### 6.13.2 Graduation Approval Query

Graduating students may view the status of their graduation record on Minerva as part of the review and approval process. The menu option called “Student Graduation Query” is accessed via the Student Records menu option on Minerva, and becomes available to graduating students approximately 3-4 weeks before the “degree granted” notation is updated on their records.

If all requirements for graduation are met, the student's record on Minerva will be updated with the “degree granted” notation at the appropriate time:
- late February, if term of graduation is Fall (Convocation in Spring)
- late May, if term of graduation is Winter (Convocation in Spring)
- late October, if term of graduation is Summer (Convocation in Fall)

**Note:** Information regarding the Convocation ceremonies can be obtained on the McGill Website at [www.mcgill.ca/convocations](http://www.mcgill.ca/convocations).

### 6.13.3 Replacement Diploma

There are several instances when students might request a replacement diploma: if your diploma was lost, damaged, or if the name on the diploma should be changed. Students must make a request in writing and should also include a certified cheque or money order for the amount of CDN $60 made payable to McGill University. Students should refer to the sections below to determine which situation applies to them. All requests should be sent to:

Admissions, Recruitment and Registrar's Office Service Centre Duplicate Diploma Request McGill University James Administration Building, Room 205 Montreal QC H3A 2T5 E-mail: registration.arr@mcgill.ca

Please note that requests made on behalf of a student must be accompanied by a signed letter of authorization from the student.

**To replace a lost diploma:** Students must provide a sworn affidavit from a notary, a lawyer or a commissioner of oaths certifying that the diploma is lost. The affidavit should include: full name; student number; address; phone number; date of birth; degree granted/year granted; reason for a replacement diploma.

**To replace a damaged diploma or change the name on the diploma:** Students must send or deliver the original diploma, including clear and complete photocopies of legal documents supporting the name change. Please refer to section 6.19, “Legal Name” for the list of acceptable documents. Please note that the name change must be processed in the system before a duplicate diploma can be issued. Students must enclose a letter containing the following important information: full name; student number; address; phone number; date of birth; reason for a replacement diploma; new spelling/grammar changes.

### 6.13.4 Dean's Honour List

Only graduate students who have completed their program within the University’s time limitation for their program are considered for the Dean’s Honour List designation.

The criteria for inclusion in the Dean’s Honour List is as follows:

**Master's Thesis Candidates:**

Truly outstanding student recommended by the department.

### 6.14 Policy Concerning Access to Records

Statements of account and all other correspondence are sent directly to students who retain full control as to who has access to their records or accounts. (Officers and members of the University staff may also have access to relevant parts of such records for recognized and legitimate use.) No progress report or any other information is sent to parents and/or sponsors unless specifically requested by the student in writing.

In accordance with the Act Respecting Access to Documents held by Public Bodies and the Protection of Personal Information
6.15 Transcript of Academic Record

6.15.1 Unofficial Transcripts

Students who require a copy of their student record can view and print their own unofficial transcript by accessing Minerva. This applies to records from 1976 to present. For pre-1976 records, an official transcript must be ordered.

6.15.2 Official Transcripts

Official transcripts can be ordered on-line via Minerva by going to Student Menu->Student Records Menu->Request Printed/Official Transcript. Students who cannot access Minerva should fill out the "Request for Release of Official Document" form available on-line at www.mcgill.ca/student-records/transcripts or in person at the Admissions, Recruitment and Registrar's Office at the address below. Transcript requests may be submitted by mail, by fax, or in person but must be signed by the student. To protect privacy, we do not accept telephone or e-mail requests.

Admissions, Recruitment and Registrar's Office
James Administration Building
845 Sherbrooke Street West, Room 205
Montreal, Quebec H3A 2T5
Fax: (514) 398-8939

6.15.3 General Information

Transcripts are free of charge.

Official transcripts are sent directly to the addresses provided by the student. Official transcripts in sealed envelopes can be given to those requesting them. Requests are processed in 3 to 5 working days, somewhat longer for pre-1976 records and at peak times.

ARR is not responsible for transcripts that are lost or delayed in the mail.

The University will issue only complete transcripts recording all work attempted and results obtained in any and all programs. In no circumstances will partial transcripts be issued.

Official transcripts will NOT be issued for students registered on or after September 2001 who have failed to provide the information and/or documents necessary to obtain or verify their Permanent Code.

Transcripts will not be issued if you owe fees or fines over $30. Official transcripts are produced on secure paper that cannot be copied.

6.16 Academic Integrity

Communicating about academic integrity is an essential way to foster it. In submitting work in their courses, students must understand the meaning and consequences of plagiarism and cheating; these are considered to be extremely serious academic offences. Students who have any doubt as to what might be considered plagiarism in preparing an essay or term paper should consult the instructor of the course to obtain appropriate guidelines. There is a student guide to the meaning of plagiarism; students should consult the academic integrity Website at www.mcgill.ca/integrity.

Strategies to prevent cheating are also provided on the Integrity Website. The possession or use of unauthorized materials in any test or examination constitutes cheating. Responses on multiple-choice examinations are normally checked by the exam security computer monitoring program. The program detects pairs of students with unusually similar answer patterns on multiple choice exams. Data generated by the exam security computer monitoring program can be used as admissible evidence either to initiate or coordinate an investigation or a charge of cheating under Section 16 of the Code of Student Conduct and Disciplinary Procedures.

The Code of Student Conduct and Disciplinary Procedures includes sections on plagiarism and cheating. The Code is included in the Handbook of Student Rights and Responsibilities, which is available through the academic integrity Website or at www.mcgill.ca/secretariat.

6.17 Legal Documents

6.17.1 Why Do We Collect Legal Documents from You?

Your tuition fees at McGill will vary according to whether you are a Quebec student, a Canadian out-of-province student, or an international student, as per section 6.17.2 “What Documents Do We Need from You?”. Fee schedules are listed in section 8 “Fees and Expenses”.

Some of the documents we ask from you help us obtain your Permanent Code from the government of Quebec. This code is obligatory, and is needed to comply with government legislation. The consequences of a missing Permanent Code are severe for the university, as the government funding for that student will be withheld. Furthermore, the university is subject to an annual audit by the Ministry of Education (MELS) to ensure that our document collection and fee assessment processes are accurate.
If you have previously attended school in Quebec you already possess a Permanent Code - you can see it on your school report card or your CEGEP or university transcript. Students can also check if McGill has received their Permanent Code after they have accepted the University’s offer of admission on Minerva under the Personal menu.

Students can consult their citizenship and Quebec residency status on Minerva. Select Student Menu -> Student Accounts Menu -> View your Tuition and Legal Status.

6.17.2 What Documents Do We Need from You?

Follow instructions in the first row of this table that applies to you. Send clear, legible copies of documents (not originals).

### Quebec and Canadian-Out-Of-Provice Students

<table>
<thead>
<tr>
<th>Condition</th>
<th>Required Documents</th>
</tr>
</thead>
<tbody>
<tr>
<td>You have already have a student record at McGill</td>
<td>Usually no documents are required for your Canadian and/or Quebec status, as per our records or as ascertained from the Quebec Ministry of Education (MELS).</td>
</tr>
<tr>
<td>You have applied to McGill from CEGEP or you were born in Quebec</td>
<td>Canadian birth certificate or Canadian citizenship card (both sides) or Certificate of Indian status card or Record of Permanent Resident status (note 3)</td>
</tr>
<tr>
<td>You were born in Quebec</td>
<td>Quebec birth certificate (note 1 &amp; 5) Permanent Code Data Form (note 2 &amp; 6)</td>
</tr>
<tr>
<td>You were born (or became a Landed Immigrant) in a Canadian province other than Quebec</td>
<td>Canadian birth certificate or Canadian citizenship card (both sides) or Certificate of Indian status card or Record of Permanent Resident status (note 3) Permanent Code Data Form (note 2 &amp; 6)</td>
</tr>
<tr>
<td>You are a Quebec resident through one of the other situations outlined by the Ministry of Education</td>
<td>Canadian birth certificate or Canadian citizenship card (both sides) or Certificate of Indian status card or Record of Permanent Resident status (note 3) Permanent Code Data Form (note 2 &amp; 6) Other supporting documents, depending on which situation you checked on the above Attestation of Residency form</td>
</tr>
</tbody>
</table>

### International Students

<table>
<thead>
<tr>
<th>Condition</th>
<th>Required Documents</th>
</tr>
</thead>
<tbody>
<tr>
<td>You will be in Canada for less than 6 months (i.e. for only one academic semester)</td>
<td>Visitors Permit issued by Citizenship and Immigration Canada at your port of entry into Canada Photo page of your passport and the page stamped by Citizenship and Immigration Canada at your port of entry Permanent Code Data Form (note 2 &amp; 6)</td>
</tr>
<tr>
<td>You will be in Canada for more than 6 months (i.e. for two or more consecutive semesters)</td>
<td>Certificate of Acceptance of Quebec (CAQ) Permanent Code Data Form (note 2 &amp; 6) Study Permit issued by Immigration Canada (note 4)</td>
</tr>
</tbody>
</table>

**Note 1:** You may alternatively supply your Quebec baptismal certificate if it was issued prior to January 1, 1994 and clearly shows where you were born and that your baptism occurred no more than 4 months after your birth.

**Note 2:** Permanent Code Data Form (signed) is usually required. If the names of your parents appear on your birth certificate, or if you have already provided us with your Permanent Code, you do not need to supply this form.

**Note 3:** Proof of Permanent Resident status can be proved by an IMM 5292 document together with the Permanent Resident card (copy of both sides required). Alternatively, you may provide the IMM 1000 document along with the PR card (copy of both sides required).

**Note 4:** If you are a refugee, you should instead provide your Convention Refugee status document.

**Note 5:** Usually we need your birth certificate to prove your place of birth in Quebec. If you already have a valid MELS Permanent Code, but we are still showing you as being charged Canadian fees, we will accept a Canadian passport that shows your birth place in Quebec as proof that you qualify for Quebec residency.

**Note 6:** The links to download and print the Permanent Code Data and Attestation of Quebec Residency forms can be found at [www.mcgill.ca/student-records/documents](http://www.mcgill.ca/student-records/documents).

### Fee Exemptions

Exemptions from International Tuition Fees may be claimed by students in certain categories. As well, both international and non-Quebec Canadian students or permanent residents in certain language programs leading to a degree in French may be eligible for a fee exemption from international or the non-Quebec Canadian rate. Please note that the list of language programs is limited and subject to change by the Ministère de l’Éducation, du Loisir et du Sport. Students, if eligible for one of the exemption categories, are then assessed at the Quebec student rate. A list of categories and the required application forms are available at [www.mcgill.ca/student-records/fees/exemption](http://www.mcgill.ca/student-records/fees/exemption) and also at the Admissions, Recruitment and Registrar’s Office where the application forms must be submitted. An exemption will not be granted unless the application form is submitted.

6.17.3 Have We Received Your Documents?

**Quebec/Canadian/International Fees**

It usually takes us about a week to receive and record your documents.

- Check your tuition status on Minerva student accounts menu: Student Menu->Student Accounts Menu->View your Tuition and Legal Status.

**Fee Exemptions**

Exemptions from International Tuition Fees may be claimed by students in certain categories. As well, both international and non-Quebec Canadian students or permanent residents in certain language programs leading to a degree in French may be eligible for a fee exemption from international or the non-Quebec Canadian rate. Please note that the list of language programs is limited and subject to change by the Ministère de l’Éducation, du Loisir et du Sport. Students, if eligible for one of the exemption categories, are then assessed at the Quebec student rate. A list of categories and the required application forms are available at [www.mcgill.ca/student-records/fees/exemption](http://www.mcgill.ca/student-records/fees/exemption) and also at the Admissions, Recruitment and Registrar’s Office where the application forms must be submitted. An exemption will not be granted unless the application form is submitted.

**Quebec/Canadian/International Fees**

It usually takes us about a week to receive and record your documents.

- Check your tuition status on Minerva student accounts menu: Student Menu->Student Accounts Menu->View your Tuition and Legal Status.
- Check the phrase: Fees currently calculated according to rules for...
  - This will tell you if you are assessed as: International student, Canadian student, or a Quebec student.
  - The University has implemented e-billing as of the 2005-2006 academic year. A paper fee statement will no longer be mailed via Canada Post. For more information please refer to the following Website: [www.mcgill.ca/student-accounts/e-bill](http://www.mcgill.ca/student-accounts/e-bill).

If you do not agree with the assessment, notify us right away. We cannot accept changes or offer you a lower tuition rate after the last day of classes at the end of the term, as the government does not allow us to amend our files at that point.

### Permanent Code

It can take anywhere from one week to four weeks for the Ministry to verify or issue your Permanent Code.

- Check your Permanent Code on Minerva: Personal Menu ->Name Change Form or alternately on the student accounts menu: Student Menu->Student Accounts Menu->View your Tuition and Legal Status.

If the Permanent Code number appears there, your documents are in order. If not, you have not yet provided us with your documents listed above or we have not yet received confirmation from the Ministry that your documents are sufficient for creation of a Permanent Code.
6.17.4 What Are the Consequences of Not Providing Your Documents?

All proofs of citizenship, requests for Quebec residency, international fee exemption, and immigration status changes must be received by the end of the last day of classes of a current term to take effect for that term. All documents received after that date will be updated and lower your fees for the following term only.

We cannot issue you an ID card without having received your documents. Your ID card is essential to use many services on campus, and to sit for your final exams.

If your Permanent Code has not been issued by October 15 (Fall term) or February 15 (Winter term) we will put a hold on your record, which will prevent you from registering or dropping any courses, and will prevent you from obtaining your official transcript, until our record has been put in order. For students in short programs, this action may be taken earlier in the term.

Should your tuition status be reduced as a result of the document review process, any late payment or interest charges accumulated on the difference will also be waived.

6.17.5 Where Do I Send my Documents?

Send in all your documents after you have been accepted to McGill and before you arrive on campus. Do not send us originals. Please fax or mail a clear and legible photocopy. Write your McGill ID on the documents so that we can match them to your record. The sooner you submit your documents, the sooner we can update your status and ensure that your record is in order.

By E-mail:

You may submit your legal documents electronically by following these steps:

1. Save the attached file in an accepted format:
   • Standard PDF (.pdf)
   • Tagged image format (.tif, .tiff; for scans)
   (Due to the possibility of malicious content, Microsoft Word Documents (.doc), Hypertext files (.htm, .html) or any other format will not be accepted. Do save in an accepted format and do not just rename the file extension.)

2. Ensure that the resolution used is no less than 300 dpi for an electronic replica (scan) of documentation (e.g., scan of your birth certificate). Preferred file size is 100Kb per image.

3. Address your email to legaldocumentation@mcmill.ca and attach your relevant scanned document(s). Files should be sent as attachments to your E-mail and not as part of the E-mail body.

4. Put your First Name, Last Name, and McGill ID number in the subject line of your E-mail.

   Note: Individual E-mail size (including your attachments) should not exceed 5 MB (5120 KB).

By Mail:

Admissions, Recruitment and Registrar's Office

James Administration Building, Room 205
845 Sherbrooke St. West
Montreal, QC H3A 2T5 CANADA

If there is a problem with your documents, you may contact us at:

Telephone: (514) 398-4474
E-mail: admissions@mcmill.ca

6.18 Identification (ID) Cards

Students registered at McGill are required to present an ID card when writing examinations and when using libraries, Student Services, certain laboratories, and many residences.

An ID card cannot be issued until at least 3 hours after the student has registered. When requesting the card, new students must present Permanent Code information and proof of legal status in Canada (for a list of documents please see section 6.17 “Legal Documents”).

ID cards will not be issued if any of the legal documents are missing.

Registered students may obtain an ID card at these times and locations:

<table>
<thead>
<tr>
<th>Quebec CEGEP students:</th>
<th>Canadian and Quebec students:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuesday June 12 to Friday August 17, 2007, Open 9:00 a.m. to 5:00 p.m. (note that we are closed on: Monday June 25, Monday July 2, and weekends). You are encouraged to come during this period to avoid line-ups later in August. No international students can be carded before August 20.</td>
<td>Thursday, August 2 to Friday, August 17, 2007, Open 9:00 a.m. to 5:00 p.m. (except weekends). You are encouraged to come during this period to avoid line-ups later in August. No international students can be carded before August 20.</td>
</tr>
<tr>
<td>Admissions, Recruitment and Registrar's Office, James Administration Building, Room 205</td>
<td>Admissions, Recruitment and Registrar's Office, James Administration Building, Room 205</td>
</tr>
</tbody>
</table>

On the Macdonald Campus, newly registered students entering from Quebec CEGEPs, may obtain an ID card from the Student Affairs Office, Room 106, Laird Hall. Office hours are from 9:00 a.m. to 4:00 p.m., Monday through Thursday and 9:00 a.m. to 3:00 p.m. on Friday throughout the Summer. (Please note that the Student Affairs Office will be closed for the statutory holidays of Monday, June 25th and Monday, July 2nd).

ID cards will be issued to new Canadian and Quebec students during the weeks of August 6 - 10, 13 - 17, 20 - 24, in the Student Affairs Office, Room 106, Laird Hall. Those students missing any of the dates noted will be able to obtain their ID cards during Orientation activities.

Please note that international students may obtain their ID cards as of August 20, 2007.

As of Tuesday, September 4th, 2007, ID cards may be obtained in the Student Affairs Office during normal office hours.

Other notes:

• students who do not register for consecutive terms should retain their ID card to avoid having to replace it when they re-register.
• if your card has expired there is no charge for a replacement as long as you hand in the ID card.
• if you change programs or faculties there is no charge as long as you hand in the ID card.
• if your card has been lost, stolen or damaged, there is a $20 replacement fee.
6.19 Legal Name

All students are registered under their legal name as shown in one of the following documents:
1. Canadian birth certificate.
2. Canadian Immigration Record of Landing (IMM1000 or IMM5292 and Permanent Residence card, both sides).
3. Canadian Immigration Study or Work Permit document.
5. International passport (for Canadians, a Canadian citizenship card is required. Note that a Canadian passport is not acceptable).
6. Letter from the International Students’ consulate or embassy in Canada.
7. Marriage certificate issued outside of Quebec* (translated into English or French by a sworn officer if in another language).

In the case of a variation in the spelling of the name among these documents, the University will use the name on the document that appears first on the above list.

Note: This is the name that will appear on the student’s degree, diploma or certificate on graduation, and on the student’s transcript, and used by the Ministère de l'Éducation, du Loisir et du Sport (MELS) to create a Permanent Code.

* Quebec marriage certificates are only acceptable if issued prior to 1984.

6.20 Verification of Name

Students should verify the accuracy of their name on McGill’s student records via Minerva and make any necessary corrections to formatting, e.g., upper/lower case letters, accents and spacing, using the Minerva Name Change Form under the Personal Menu. Students cannot change the name on their record via Minerva. Requests for such changes must be made by presenting official documents (see section 6.19 “Legal Name”) in person at the Admissions, Recruitment and Registrar’s Office, James Administration Building, Room 205.

6.21 E-mail Communication

E-mail is an official means of communication between McGill University and its students. All students are assigned a McGill e-mail address. They should view and verify their McGill e-mail address on Minerva, under the Personal menu. As with all official University communications, it is the student’s responsibility to ensure that time-critical e-mail is accessed, read, and acted upon in a timely fashion. If a student chooses to forward University e-mail to another e-mail mailbox, it is that student’s responsibility to ensure that the alternate account is viable.

It is a violation for any user of official McGill e-mail addresses to impersonate a University officer, a member of the faculty, staff or student body, in line with the McGill University “Code of Conduct for Users of McGill Computing Facilities” and relevant federal and provincial legislation.

More information about e-mail procedures is available at www.mcgill.ca/email-policy. E-mail support is provided by IST Customer Services (ICS); visit www.mcgill.ca/ics/tools/email for more information. Please see section 4.5 “Information Technology Resources.”

6.22 Updating Personal Information

It is important that all students keep their official records up to date, especially their mailing or student billing address as these are used by the University year round. If all addresses on file are invalid or incomplete, a student’s mail will be held. Once the addresses are updated, future mail will be sent.

Students must update their addresses and/or telephone number and emergency contact information using Minerva -> Personal Menu.

Students who are away from campus and do not have access to the Internet may make the changes by writing to the Admissions, Recruitment and Registrar’s Office. A written request must include the student’s signature.

Changes requiring verification of official documents, e.g., change of name or citizenship or correction of birth date, must be reported to the Admissions, Recruitment and Registrar’s Office as soon as possible. Such changes can only be made in person at the ARR Service Centre, James Administration Building, Room 205. Macdonald campus students can request changes in person at the Student Affairs Office, Laird Hall, Room 106.

6.23 Authorization, Acknowledgement and Consent

When applying for admission to the University, all students acknowledge that they are bound by and undertake to observe the statutes, rules, regulations, and policies in place from time to time at McGill University and the faculty or faculties in which they are registered, including those policies contained in the University Calendars and related fee documents. Their obligation as a student commences with their registration and terminates in accordance with the University’s statutes, regulations, and policies.

Students should verify any information or statement provided as part of their application, realizing that an admission granted based on information in their application or supporting documents that is incorrect or untrue may be revoked at the sole discretion of the University.

6.24 Student Rights and Responsibilities

The Handbook of Student Rights and Responsibilities is published jointly by the Office of the Dean of Students and the University Secretariat. A compendium of regulations and policies governing student rights and responsibilities at McGill, it is distributed to new students at the Dean of Students’ Orientation Sessions on both downtown and Macdonald campuses.

The Handbook is also available on the Web at www.mcgill.ca/deanofstudents/rights.

6.25 Proper Use of Computing Facilities

Students are required to comply with the Code of Conduct for Users of McGill Computing Facilities as approved by the University Senate. The Code is published in the Handbook of Student Rights and Responsibilities.

This policy (or code) is also posted on the DP-CIO Website at www.mcgill.ca/dp-cio/epolicies.

6.26 Non-Smoking Policy

Quebec law prohibits smoking in public buildings.

6.27 Health Professions-Immunization Requirement

A compulsory immunization program exists at McGill for students in the health professions, including Dietetics. New students in those programs must complete the immunization program well before classes begin. Further information is available from the Student Health Service, (514) 398-6017.
6.28 Health Insurance - International Students

By Senate regulation, all students (full-time, part-time, special, exchange and visiting) and their accompanying dependents who do not have Canadian citizenship or Permanent Resident status must participate in the University’s compulsory sickness and accident plan. For enrolment procedures and details on the health insurance plan, students should consult the International Student Services Website. For information concerning rates, see section 8.6 “Other Fees”.

All inquiries related to this University policy must be directed to International Student Services.

Health Insurance Telephone: (514) 398-6012
E-mail: international.health@mcgill.ca
Website: www.mcgill.ca/internationalstudents/health

6.29 Health Insurance - Canadian Residents

Canadian students from outside the province of Quebec should check with their own provincial medical office to ensure the validity of their health coverage while studying at McGill.

Canadian students who have been living abroad may not be eligible for provincial health insurance coverage. To ensure adequate health insurance coverage, you may enroll in the group plan offered through International Student Services.

Graduate students classed as Canadian full-time or additional session/non-thesis extension as well as all Postgraduate candidates are automatically covered by their society’s Health and Dental Plan (PGSS). Students without valid Canadian Medicare, please see “International Students”, section 7.3. In 2006-2007 this plan costs $419. Students not charged during the Fall term for insurance fees can choose to enrol directly at the PGSS office during the January adjustment period. For details on what is covered by this plan as well as opt-out procedures, please refer to the information contained at www.pgss.mcgill.ca.

6.30 Special Medical Needs

Students who have particular medical needs are requested to have their physician submit appropriate information on a confidential basis to the Student Health Service. They should contact the Office for Student Disabilities; see section 7 “Student Services and Information”.

6.31 Minerva

Minerva is McGill’s Web-based information system serving students, staff and faculty. Students view class schedules, including course descriptions and spaces available in course sections, register and make course changes using Minerva at www.mcgill.ca/minerva. Some of the other options available to students on Minerva include viewing their unofficial transcript and degree evaluation reports; viewing their Permanent Code, citizenship and Quebec residency status and fee information; updating their personal information such as address, telephone number and emergency contacts; for some faculties, changing their major or minor; applying to graduate and viewing their graduation status; viewing their McGill log-in information to access the Internet and e-mail; ordering official transcripts; retrieving tax receipts; submitting an on-line course evaluation; applying to McGill and viewing their application status.

6.32 myMcGill

Launched in April, 2006, myMcGill is McGill's own web portal, giving students a personalized and integrated interface to McGill's information systems. Currently, each McGill system (e.g. Minerva, WebCT, Library and Email) has its own login ID and password. Via a Single-Sign-On (SSO), myMcGill provides users with the advantage of accessing these systems without being prompted for additional or subsequent logins. It also provides direct (one click) access to functions within the back end systems without having to go to the front screen of these systems and navigate through multiple menus. Portlets include direct links to Minerva student information, personalized course list with links to webCT Vista, student society links, and athletics. To log into myMcGill go to: http://my.mcgill.ca or from the McGill homepage (www.mcgill.ca), click on the myMcGill tab at the top right hand corner of the page.

7 Student Services and Information

7.1 Fellowships, Awards and Assistantships

Graduate and Postdoctoral Studies Office
(Fellowships and Awards Section) James Administration Building, Room 400 845 Sherbrooke Street West Montreal, Quebec H3A 2T5 Telephone: (514) 398-3990 Fax: (514) 398-2626 E-mail: graduate.fellowships@mcgill.ca Website: www.mcgill.ca/gps (under Funding: Fellowships and Awards)

The Fellowships and Awards Section of the Graduate and Postdoctoral Studies Office provides information on many sources of support for Canadian and non-Canadian students, both new to McGill and continuing. Further information on these and other sources of funding can be found various publications on the Fellowships and Awards Web pages. The Graduate Fellowships and Awards Calendar lists all internal awards as well as numerous external awards. "Making Ends Meet" is a guide to successful strategies for funding graduate studies. McGill University also offers a small number of prestigious recruitment fellowships, including the Tomlinson Fellowships and the Werner Graupe Fellowships for which application information is posted on the Fellowships Website in the Fall prior to the year in which you intend to start your studies. The Tomlinson Fellowships are awarded to the most outstanding applicants at the following levels: Master’s programs in disciplines housed in the Faculty of Science, doctoral programs in any discipline, and postdoctoral research in any discipline.

Applications for Tomlinson Postdoctoral Fellowships must reach the proposed academic department by the first Monday in November – please consult the Website for application guidelines and forms.

Tomlinson Master’s and Doctoral Fellowships, as well as other entrance fellowships are awarded on the basis of the application for admission, upon nomination by academic departments – please contact the proposed academic department directly for further information. To be considered for a Tomlinson Master’s or Doctoral Fellowship, the application for admission must reach the proposed academic department by the first Monday in January (some departments impose an earlier deadline).

As of September 2007, we will offer the McGill International Doctoral Awards (MIDAs). All international Doctoral students registered full-time at McGill (Ph.D./D.Mus/DCL in years 1 to 4) will pay the same tuition as Quebec doctoral students. International students whose international tuition supplement is paid by an external source (e.g. fellowships that include direct payment of tuition and third party billing contracts) will not be eligible for these awards.

The GPSO also administers Major Fellowships for students who are currently enrolled in a McGill graduate program for subsequent years of studies. Competition deadlines are in the early fall prior to the funding period (e.g., Fall 2007 for funding in 2008-09) – please consult the Website for application guidelines and forms. A certain number of citizens from countries whose governments have entered into agreements on tuition fees with Quebec may be exempted from the supplemental tuition fees normally required of international students. All French citizens and a limited number of citizens of a country in the list which can be found at www.mels.gouv.qc.ca/ens-sup/ens-univ/droits_scolarite-A_pays-organisations.pdf are eligible for such exemptions. For more
information and the necessary application materials, see this MELS Website: www.mels.gouv.qc.ca/ens-sup/ens-univ/droits_scolarite-A.asp. The list of organizations where students should apply can be accessed from this Web site.

Differential fee waivers for International students provide eligible non-Canadian graduate students with waivers of the international tuition fee supplement. There are no application forms for differential fee waivers, since these are awarded on the basis of departmental nominations made to the Fellowships and Awards Section. Eligible students should contact their McGill department. As of May 2007, summer DFW's will be applied primarily to eligible Master's students, while Fall and Winter term DFW's will be applied primarily to eligible doctoral students.

Research Assistantships, Teaching Assistantships and stipends from professors' research grants are handled by individual academic departments at McGill. All assistantship and stipend inquiries should be directed to departments.

7.2 Student Financial Assistance

Citizens and Permanent Residents of Canada

Need-based student financial aid programs are offered by the Federal/provincial governments. Applications should be submitted directly to the province (or territory) of residence. Application forms are available from the governmental aid authorities as well as the Student Aid Office. Information on governmental student aid and links to sites can be found on McGill's Financial Aid Website at www.mcgill.ca/studentaid.

Citizens and Permanent Residents of the United States

McGill participates in the Federal Family Education Loan Program (FFELP). American students in need of financial assistance may apply for Stafford loans (subsidized and unsubsidized). Graduate students may also apply for Alternative loans. Complete instructions can be found on McGill's Student Financial Aid Website at www.mcgill.ca/studentaid.

McGill Financial Aid

The Student Aid Office also administers the University's need-based financial aid program, which includes short term loans to cover emergency situations, limited bursary assistance, and a Work Study program. All applicants for aid must first apply for the maximum government assistance for which they may be eligible. Applications can be found on the Financial Aid Menu on Minerva. Student Aid Office, Brown Student Services Building, 3600 McTavish Street, Montreal, Quebec H3A 1Y2.

Telephone: (514) 398-6013/6014
E-mail: student.aid@mcgill.ca
Website: www.mcgill.ca/studentaid

7.3 International Students

All students who are not citizens or Permanent Residents of Canada are required to obtain the necessary immigration documents (CAQ, Study Permit, Entry Visa when required) prior to entering the country. Do not leave home without proper documentation. You cannot change your status from Visitor to Student in Canada. Please note that students who have been accepted to programs that will be completed in less than 6 months have the option of studying without the CAQ and Study Permit (visiting, special).

Quebec Acceptance Certificate for Studies — The process to come to Canada begins with an application for Quebec Acceptance Certificate for Studies. There is a $100 processing fee for this document. Details on how and where to apply for the CAQ are provided with the McGill Admissions package.

Study Permit — Approved by Immigration Canada through a Canadian Embassy or Consulate. (There is a processing fee of $125 on all applications for Study Permits.) A citizen of the United States, Greenland and/or St. Pierre-Miquelon is permitted to obtain the Study Permit at a Port of Entry, if in possession of the required supporting documents.

Applying to McGill from within Canada (outside Quebec) – Students transferring from another Canadian institution outside Quebec to McGill should send their documents and CAQ application to the Montreal address of Immigration Quebec.

Students must normalize their status with Quebec and Canada Immigration prior to attending any classes at McGill.

For further information, or if there is an emergency, contact the International Student Services Office by telephone during regular office hours, 9:00 to 17:00, or by e-mail.

International Student Services: Telephone: (514) 398-4349
E-mail: international.students@mcgill.ca

Compulsory Health Insurance – By Senate regulation, all students who do not have Canadian citizenship or Permanent Resident status, as well as their accompanying dependents, must participate in a compulsory health insurance plan administered by the University.

When registering by Minerva, students will be directed to the International Student Services Web page for enrolment procedures and schedule.

For information concerning rates, see www.mcgill.ca/internationalstudents/health. All inquiries related to this University policy must be directed to the International Student Services Office.

Health Insurance: Telephone: (514) 398-6012
E-mail: international.health@mcgill.ca

International Student Services, William and Mary Brown Student Services Building, 3600 McTavish Street, Suite 3215, Montreal, Quebec H3A 1Y2.

Website: www.mcgill.ca/internationalstudents

7.4 Student Rights and Responsibilities

The Handbook on Student Rights and Responsibilities (green book) is available on the McGill Website, www.mcgill.ca/student-services or from the Office of the Dean of Students.

7.5 Office of the Dean of Students

William and Mary Brown Student Services Building 3600 McTavish Street, Suite 4100
Montreal, QC H3A 1Y2

Telephone: General Information: (514) 398-3825
Dean/Associate Dean: (514) 398-4990
Email: deansofstudents@mcgill.ca
Website: www.mcgill.ca/deansofstudents

The Dean and the Associate Dean of Students coordinate all student services at McGill to promote student success. They are available to provide assistance and/or information on almost all aspects of non-academic student life. Concerns of an academic nature will be directed to the proper individual, office or department.

7.6 Student Services – Downtown Campus

Unless otherwise indicated, on the Downtown Campus all Student Services offered by the Office of the Dean of Students are located in the William and Mary Brown Student Services Building, 3600 McTavish Street, Montreal, Quebec H3A 1Y2.

A list of services available is given below. For further information refer to the Student Services Website: www.mcgill.ca/studentservices or the address indicated above.

Student Services

General Information: (514) 398-8238
Website: www.mcgill.ca/studentservices

Career and Placement Service (CAPS): provides a range of services to McGill students, and recent graduates, in the field of student and graduate employment.
7.7 Student Services – Macdonald Campus

While students who study on the Macdonald Campus may make full use of all Student Services available at McGill, the Office of the Dean of Students offers students direct access to the services listed below.

Unless otherwise indicated, Macdonald Campus services are located in the Centennial Centre, Room CC1-124, 21,111 Lakeshore Road.

Telephone: (514) 398-7992 Fax: (514) 398-7610
E-mail: stuserv.macdonald@mcgill.ca

Career and Placement Service (CAPS): provides a range of services to McGill students, and recent graduates, in the field of student and graduate employment.

Telephone: (514) 398-7582

Counselling Services: offers support to international students on non-academic matters (immigration, health insurance, etc.), runs a Buddy Program and an orientation program.

Telephone: (514) 398-7992

Health Service: Referral service is available Monday through Friday. A nurse/health educator is on campus Mondays, Tuesdays and Wednesdays, and a physician may be seen by appointment on specified dates.

Telephone: (514) 398-7565

Off-Campus Housing: maintains computerized lists of available off-campus student housing.

Telephone: (514) 398-7992

Student (Financial) Aid Office: Information about government aid, McGill loans and bursaries, and the Work Study Program can be obtained at the Centennial Centre. During the academic year (September to April) an Administrator visits the campus every Wednesday to help students with financial problems.

Telephone: (514) 398-7992

7.8 Student Accommodation

Downtown Montreal

The majority of residence accommodation on the downtown campus is available to undergraduate students only. A small amount of housing in the form of apartments and shared-facilities houses is available for graduate students.

Application forms and detailed information on graduate housing are available on Student Housing Website or can be obtained from the Student Housing Office, 3641 University Street, Montreal, QC, H3A 2B3.

Telephone: (514) 398-6050 Fax: (514) 398-2305
E-mail: housing.residences@mcgill.ca
Website: www.mcgill.ca/residences

Macdonald Campus

Information on the EcoResidence and Laird Hall can be obtained from:

Campus Housing Office, 21,111 Lakeshore Road, MC 211, 21,111 Lakeshore Road, Montreal, QC, H3A 2B3.

Telephone: (514) 398-7716 Fax: (514) 398-7953
E-mail: residences@macdonald.mcgill.ca
Website: www.mcgill.ca/macdonald/campus/services/residences
7.13 Day Care
The McGill Childcare Centre is an independently run centre which can accommodate approximately 100 children, ranging in age from 4 months to 5 years. As placements are limited, especially for certain age groups, early application is suggested. The Centre is located at:
3491 Peel Street, Montreal, QC H3A 1W7
Telephone: (514) 398-6943
A Campus Day Care Centre, located adjacent to the Macdonald Campus, is an independently run centre which can accommodate approximately 60 children, ranging in age from 4 months to 5 years. In addition, 50 children can be accommodated in Home Day Care within the neighbourhood. Preference is given to the Campus community. Early application is recommended. The Centre is located at:
1 Maple Avenue, Ste. Anne de Bellevue H9X 2E3
Telephone: (514) 398-7951
For Home Day Care information:
Telephone: (514) 457-7953

7.14 Athletics

Downtown Campus
Athletics: offers programs in recreational, intercollegiate, intramural and sports clubs.
Athletics Complex, 475 Pine Avenue West (514) 398-7000
E-mail: athletics@mcgill.ca
Website: www.athletics.mcgill.ca

Macdonald Campus
Athletics: Athletics offices are located in the Stewart Athletic Complex, just west of the Centennial Centre. Available at no charge to Macdonald students is a wide selection of activities, as well as the use of an excellent array of equipment. Facilities include a gymnasium, pool, weight room, tennis courts, playing fields and large expanses of green space.
In addition to providing many open times for your enjoyment, there are also instructional, recreational, intramural and intercollegiate activities. There are nominal fees for instructional courses.
Stewart Athletic Complex (514) 398-7789
Website: www.agrenv.mcgill.ca/society/athletic

8 Fees and Expenses
The University reserves the right to make changes without notice in the published scale of fees. (Note: The information in this section was prepared in early March 2007. Fees for the 2007-08 year will be finalized in the late spring.)
Further information regarding fees can be found on the Student Accounts Website www.mcgill.ca/student-accounts.

8.1 Fee Information Booklet
The Fee Information booklet, published in June of each year by the Student Accounts Office, contains additional information as well as any fee adjustments which may have been made after the publication of this Calendar. Students are bound by the policies and procedures contained therein. In the event of any discrepancy, the Fee Information booklet supersedes the Calendar.
A copy of the booklet will be sent to all new students. The contents are also available on the Student Accounts Website at www.mcgill.ca/student-accounts.
8.2 Access to Fee Information
Students can view their Account Summary by Term on Minerva. The Fall 2007 session fees become accessible as of August 1st.

8.3 Tuition Fees (2006-2007 rates)
Tuition fees vary according to the residence and citizenship status of the student. The rates described below only refer to credit activities.

Quebec Students
Tuition fees for Quebec students who are Canadian citizens or Permanent Residents are $55.61 per credit or $1,668.30 for 30 credits.

In accordance with provincial government requirements, students must provide proof that they qualify for assessment of fees at the Quebec rate; see section 6.17 "Legal Documents" for details.

Note: Students who do not submit appropriate documentation by the stipulated deadline are billed at the non-Quebec Canadian or the international rate, depending on the documentation submitted.

If proof of status is submitted after a student has been billed, but before the document submission deadline, the tuition supplement will be waived. Should your tuition status be reduced during the evaluation period, any late payment and/or interest charges accumulated on the difference will also be waived.

Non-Quebec Students (Canadian or Permanent Resident)
Tuition fees at the Master's level for non-Quebec students who are Canadian citizens or Permanent Residents are $163.79 per credit ($55.61 Quebec rate plus $108.18 Out of Province supplement) or $4,913.70 for 30 credits. At the Ph.D. level, tuition fees are the same as for Quebec students.

Based on last year's fee increases, the out of province supplement typically increases by 8% per annum.

In accordance with provincial government requirements, students must provide proof that they qualify for assessment of fees at the non-Quebec Canadian rate; section 6.17 "Legal Documents" for details.

Note: Students who do not submit appropriate documentation by the stipulated deadline will be billed at the non-Quebec Canadian or the international rate.

If proof of status is submitted after a student has been billed, but before the document submission deadline, the tuition supplement will be waived. Should your tuition status be reduced during the evaluation period, any late payment and/or interest charges accumulated on the difference will also be waived.

International Students
Tuition fees at the Master's level for international students are $347.61 per credit ($55.61 Quebec rate plus $292 International supplement) or $10,428.30 for 30 credits; at the Ph.D. level tuition fees are $9,378.30 per year ($1,668.30 Quebec rate plus $7,710 International supplement). Certain graduate programs charge fees at a different rate.

The international fees which are listed in section 8.11 "Yearly Fees and Charges (2006-2007 rates)" are representative of fees that students could expect to be charged. It is expected that tuition fees for international students will increase by 3-4% in 2007/08. Fee increases will be announced as soon as they are known in the Spring.

Exemption from International Tuition Fees may be claimed by students in certain categories. Such students, if eligible, are then assessed at the Quebec student rate.

A list of these categories and the required application forms can be obtained from the Admissions, Recruitment and Registrar's Office. Information is also available on the Web at www.mcgill.ca/students.

8.4 Documentation
For more information on documentation, see section 6.17 "Legal Documents".

8.5 Compulsory Fees (2006-2007 rates)

Student Services Fees
Student Services fees are governed by the Senate Committee on the Coordination of Student Services, a parity committee composed equally of students and University staff.

The fee, complemented by revenue from the Quebec government, the University, and the generosity of donors, supports Student Health (including Dental), Mental Health, Counselling and Tutorial, Chaplaincy, Care and Placement, Student Aid and International Student Services, the Office for Students with Disabilities, First-Year Office (including the Francophone Assistant), Off-Campus Housing, and the First Peoples' House. The Office of the Dean of Students also administers the academic integrity process as described in the Handbook of Student Rights and Responsibilities.

Athletics Fee
The Athletics fee covers athletics facilities, campus recreation (intramurals, fitness & recreation courses, drop-in recreation, etc.), and intercollegiate sports at both the Downtown and Macdonald campuses.

Student Society Fees
Student Society fees are compulsory fees collected on behalf of student organizations. Fees must be approved by the student body through fee referenda according to the constitutional rules of the association or society.

Changes to Student Society fees are voted upon by the students during the Spring referendum period.

Note: For international students, the student society fee includes the PGSS Dental Insurance plan of $201. International students will also be obliged to participate in the University's compulsory International Health Insurance Plan, which at the 2006-07 rate, costs $711 for single coverage. For more information, please contact International Student Services, (514) 398-6012.

Registration Charge
The University charges a per credit registration charge to all students in courses and programs. This is assessed as follows:

Graduate students whose fees are charged on a per credit basis:

- $6.78 per credit to a maximum of $101.70 per term
- Graduate students whose fees are charged on a flat rate basis (per term):
  - Full-time / additional session / non-thesis extension $101.70
  - Half-time $50.85

Post-Graduate Medical Education:

- 40-52 weeks pay $101.70; 1-39 weeks pay $50.85

Transcript Charge
The University charges a per credit transcript charge to all students. This entitles students to order transcripts free of charge and is assessed as follows:

Graduate students whose fees are charged on a per credit basis:

- $1.20 per credit to a maximum of $18.00 per term
- Graduate students whose fees are charged on a flat rate basis (per term):
  - Full-time / additional session / non-thesis extension $18.00
  - Half-time $9.00

Post-Graduate Medical Education:

- 40-52 weeks pay $18.00; 1-39 weeks pay $9.00

Information Technology Charge
The purpose of the information technology charge is to enhance certain technology services provided to students as well as to provide training and support to students in the use of new technology. The fee is assessed as follows:

Graduate students whose fees are charged on a per credit basis:

- $6.62 per credit to a maximum of $99.30 per term
Graduate students whose fees are charged on a flat rate basis (per term):
- Full-time / additional session / non-thesis extension $99.30
- Half-time $49.65
Post-Graduate Medical Education:
- 40-52 weeks pay $99.30; 1-39 weeks pay $49.65

Copyright Fee
All Quebec universities pay a per credit fee to Copibec (a consortium that protects the interests of authors and editors) for the right to photocopy material protected by copyright.
Graduate students whose fees are charged on a per credit basis:
- $0.67 per credit to a maximum of $10.05 per term
Graduate students whose fees are charged on a flat rate basis (per term):
- Full-time / additional session / non-thesis extension $10.05
- Half-time $5.03

8.6 Other Fees
International Student Health and Accident Plan (compulsory) (based on 2006-07 rates)
- Single $711
- Dependant (one student with one dependant) $1,959
- Family (one student with two or more dependants) $3,720
Application for Admission*
- All graduate programs except Management programs $80
- Management programs $100
Reconsideration of Application to Associate Dean
- (Graduate and Postdoctoral Studies) $40
Admission appeals charge (to the University Admission Appeals Committee) $100
Late Registration
After regular registration deadline:
- All eligible returning students, except Special students and graduate part-time students $50
- Special students and graduate part-time students $20
As of the second day of classes:
- All students except Special students and graduate part-time students $100
- Special students and graduate part-time students $40
Late Course Change Fee
- (each change after deadline for course change) $25
Minimum Charge upon withdrawal
- (or, for newly admitted students, the deposit, whichever is higher) $100
Re-reading Examination Paper
- (refundable in some faculties) $35
Supplemental Examination $35
Thesis Examination Charge (and resubmission fee, if applicable)
- Master’s thesis $75
- Ph.D. thesis $100
Duplicate Student ID Card $20
Late Payment -- charged on balances >$100 as of the end of October (end of February for the Winter term) $25
Interest on outstanding balances (interest rate revised on June 1):
- 1.24% per month or 14.9% annually $20
Returned cheque
- Faculty of Music Fees:
  - Audition Fee $60
  - Supplemental Practical Examination in Music $150
- All students making application to the Graduate and Postdoctoral Studies Office are required to pay this fee, including those already registered at McGill.

If a department or an applicant defers an admission within the following year, the application fee need not be paid again.

8.7 Billings and Due Dates

Confirmation of Acceptance Deposit
In certain graduate departments, new students are required to make a deposit on tuition shortly after receiving notice of their acceptance to the University. Students will be required to confirm their acceptance of the offer of admission on www.mcgill.ca/minerva/applicants and pay the required deposit by credit card (Visa or Mastercard) at that time.

Invoicing of Fees
Fees are assessed on a term by term basis.
Electronic billing is the official means of delivering fee statements to all McGill University students. All charges to the student’s account, including tuition, fees, health insurance and other miscellaneous charges are on your e-bill. E-bills are generally produced in the first few days of the month and an e-mail notification that the e-bill is ready to be viewed on Minerva is sent to the student's official McGill e-mail address. Charges or payments that occur after the statement date will appear on the next month's statement, but may be immediately viewed on the Account Summary by Term on Minerva (this is the on-line dynamic account balance view).
Interest will not be cancelled due to non-receipt of fee invoices. Students should access the Student Accounts Website at www.mcgill.ca/student-accounts for information on payment due dates.

</tr>
</tbody>
</table>

Late Payment Fees: Students who still have an outstanding balance greater than $100 on their account as of October 31st (February 28th for the Winter term) will be charged a late payment fee of $25 over and above interest.

8.7.1 Guest Access on Minerva
Students may choose to give access privileges to a guest within Minerva. These privileges include viewing e-Bills/Account Summaries, Tax Receipts and e-payment.
A new web page at www.mcgill.ca/student-accounts/guest describes how students can set up this access. Students are asked to provide certain information about the individual for whom they wish to provide access to their fee-related information. The guest will be contacted by e-mail and provided with a link which they must use within a designated time period.

Students may revoke these access privileges at any time. At the same time, note that Student Accounts staff may respond to questions from your authorized guests regarding the information to which you have given them access.
If students do not wish to give a guest access privileges to Minerva, they may still enter alternative student billing e-mail addresses to which Student Accounts will send carbon copies of the monthly e-bill notification. However if someone has been granted access as a guest and their guest email is the same as a carbon copy student billing email address, the University will de-activate the student billing email address in order to only notify your guest about the billings once.

Students are cautioned NOT to share their own PINS with anyone, and guest access allows information to be passed to a guest without giving away your PIN.
8.8 Fees and Withdrawal from the University

All students who have accessed Minerva to register must officially withdraw in accordance with section 6.5 “Course Change Period” and section 6.7 “Regulations Concerning Withdrawal” if they decide not to attend the term(s) for which they have registered. Otherwise they will be liable for all applicable tuition and other fees.

Students who have accessed Minerva and who drop their last course from September 1st through to the withdrawal period with full refund, must submit a signed withdrawal form to be withdrawn from the University. They will be automatically charged a minimum charge of $100 (or their deposit fee if newly admitted, whichever is higher) to cover administrative costs of registration.

Students who discontinue their classes without taking steps to drop their courses and submit a withdrawal form will be liable for all applicable tuition and other fees.

8.8.1 Fee Refund Deadlines

The deadline dates for course refunds are independent of the deadline dates given for withdrawal from courses. See section 6.2.3 “Summer Registration” for information about fee refund after withdrawal from a Summer Term of Residence for newly admitted graduate students only.

Fall Term – up to and including September 23: Returning students – 100%* refund (Less minimum charge of $100 in the case of complete withdrawal.)

New students – 100%* refund (Less registration deposit or $100, whichever is higher)

Fall Term – after September 23: No refund.

Winter Term – up to and including January 20

Returning students – 100%* refund (Less minimum charge of $100 in the case of complete withdrawal.)

New students – 100%* refund (Less registration deposit or $100, whichever is higher)

Winter Term – after January 20: No refund.

* Including tuition fees, society and other fees, student services, registration and transcripts and diploma charges, and information technology charge.

8.9 Other Policies Related to Fees

8.9.1 Overdue Accounts

All tuition and fees assessed by the University must be paid in full or arrangements must be made to settle the debt.

Students’ accounts are considered delinquent if they are not paid in full within 60 days after the bill is issued. A financial hold will be placed on such accounts, preventing students from obtaining official academic transcripts and from accessing Minerva for any registration functions.

Interest: Interest is charged on overdue balances at the monthly rate of 1.24% multiplied by the balance outstanding at the end of the month (14.9% annually). The rate is evaluated each Spring, at which time it is set for the following academic year.

Students are advised to regularly verify their account balance and/or additional tuition fees. Consult the student accounts Web-site for further details.

In accordance with the fee policy as stated in section 8.9.1 “Overdue Accounts”:

Students' accounts are considered delinquent if they are not paid in full within 60 days after the bill is issued. A financial hold will be placed on such accounts, preventing students from obtaining official academic transcripts and from accessing Minerva for any registration functions.

Acceptance of fees by the University in no way guarantees that students will receive academic permission to pursue their studies. If it is subsequently determined that the academic standing does not permit the student to continue, all fees paid in advance will be refunded on application to the Student Accounts Office.

8.9.4 Fees for Students in Two Programs

Students in two programs normally are billed additional fees for their second program. Depending on the level of the two programs, e.g., one program at the undergraduate vs. one program at the graduate level, students may incur both society and faculty fees and/or additional tuition fees. Consult the student accounts Web-site for further details.

Students in two programs may consult the Admissions, Recruitment and Registrar’s Office for information on tuition fees. Adjustments to bills will be made throughout the term when fees cannot be automatically calculated.

8.9.5 Senior Citizens

Senior citizens aged 65 and over, registered in credit courses, will be credited an amount equal to 50% of the Quebec tuition fee rate for the 2007-08 academic year. This fee waiver will not be continued in 2008-09, but those who require financial aid should be aware that such aid will be available for students enrolled full-time in degree programs. Students in need may contact the Scholarship and Student Aid Office for more information at (514) 398-6013.

8.9.6 Québec Exchange (Inter-University Agreements)

Students taking courses as part of the Inter-University Agreement are required to pay the fees at their home university. The Agreement, therefore, relates solely to the transfer of academic credits. Students taking courses as part of the Inter-University Agreement are required to pay additional course charges that are compulsory upon registration in a particular course. Such additional course charges may represent special activity charges or course
materials. The University reserves the right to refuse course registrations in non-government-funded activities.

8.10 Deferred Fee Payment

8.10.1 Students with Sponsors

Students whose fees will be paid by an outside agency such as the Department of Veterans Affairs, CIDA, a foreign government, or their University department (i.e., teaching assistants or demonstrators), must have written evidence to that effect. Sponsors and students alike must inform the University that a sponsorship is taking place so that the contract may be initiated and the student's fee account affected. Notification to the University should occur at least one month prior to the beginning of the term in which the contract is to take effect. Full documentation on the procedure as well as the forms required to be completed are found at www.mcgill.ca/student-accounts/third.

When a third party has agreed to pay fees on behalf of a student, payment will be recorded on the fee account, thereby reducing the balance the student must pay. The University reserves the right to insist upon payment. If the third party does not pay the promised fees within 90 days of invoicing, the student will be responsible for paying the fees plus the late payment fee and accrued interest.

8.10.2 Students Receiving McGill Scholarships/Awards

Fall Term: McGill scholarships or awards normally are credited to the recipient's fee account by mid-August. These awards have the effect of reducing the student's outstanding balance.

Winter Term: Students can view upcoming Winter term scholarships or awards on Minerva once processed by the Student Aid Office. These awards are future-dated and will be released to the student's fee account by January 2.

8.10.3 Students Receiving Government Aid

Students are encouraged to pay their tuition promptly upon receipt of their government assistance. Interest on outstanding tuition is charged monthly beginning in August for returning students and in September for new students. Students who have applied for government assistance for full-time studies by June 30 (June 1st for US students) will be entitled to an exemption of interest and late payment charges effective upon receipt of their aid at either the Student Aid Office or the Macdonald Campus Student Services.

Students are reminded that tuition and student housing fees have first call upon financial aid received from any source.

8.10.4 Graduate Awards/Teaching Assistantships

Graduate students who are recipients of awards where funds are paid directly to them (e.g. CIMR, NSERC, etc.) are normally required to pay their fees by the payment due dates. Students who are dependent on the income received from either Teaching Assistantships, stipends and/or fellowships in order to pay their tuition should consult with the office responsible for their pay (either with their graduate department or on the GPSO web site) to see if they qualify for a deferral of their fees. Arrangements can then be made with the department to request a deferral through the Student Accounts Office and the department will normally recommend that the student arrange for regular deductions at source to pay tuition. To initiate these deductions, fill out the form “Student Fee Payroll Deduction Authorization” found at www.mcgill.ca/student-accounts/forms.

As of September 2007, all international Doctoral students registered full-time (Ph.D./D.Mus/DCL, years 1 to 4) at McGill will pay the same tuition fees as the Quebec Doctoral students. For more information, please refer to the MIDAs awards in the Graduate Fellowships and Awards section of the graduate calendar.

8.11 Yearly Fees and Charges (2006-2007 rates)

In thesis programs, students are charged a flat rate based on 15 credits per term.

In non-thesis programs, students are charged a flat rate (based on 15 credits per term) if they are registered full-time, or a per credit rate if they are registered for less than 12 credits.

Part-time, Qualifying, Special, Diploma and Certificate students will be charged tuition fees at the per credit rate and will be subject to student society fees, student services fees, registration, transcripts and diploma charges, and information technology charges.

Note: Any changes to fees subsequent to the publication date will be updated as they are confirmed via the Student Accounts Website: www.mcgill.ca/student-accounts.

*Note that students registered non-resident pay fees of $200 per year.

Macdonald Campus students’ Student Society fees vary from the above as follows at both the doctoral and Master’s level:
- Quebec/Canadian – Full-time: $595.76; Half-time: $176.76; Additional session/non-thesis extension: $540.20.

The following programs/departments have additional annual Student Society fees: Urban Planning – $180 (Computer Fee - Engineering), Physics $30; M.B.A. programs – $140 (designated for Computer Room improvement, Student Council, and Career Development); Law programs – $102 (designated for computer facilities and Career and Placement Office); Music: $72.00; Electrical Engineering: $10.00; Chemical Engineering: $15.00; Mechanical Engineering: $10.00; Education: $20.00.

1. Additional session and Continuing (thesis program): no tuition charged for the summer term
2. Non-Thesis extension: students in non-thesis programs are charged per credit during the summer terms. Non-Thesis extension is not available as a status in the summer.
3. As of September 2007, all International Doctoral students registered full-time (Ph.D./D.Mus/DCL years 1 to 4) at McGill pay the same tuition fees as Quebec Doctoral Students. For more information, please refer to the MIDAs awards in the Graduate Fellowships and Awards section of the graduate calendar.

9 Postdoctoral Research

9.1 Postdocs

Postdocs are recent graduates with a Ph.D. or equivalent (i.e., Medical Specialist Diploma) engaged by a member of the University’s academic staff, including Adjunct Professors, to assist him/her in research.

Postdocs must be appointed by their department and registered with the Graduate and Postdoctoral Studies Office in order to have access to University facilities including libraries, computer facilities, etc.

9.2 Guidelines and Policy for Academic Units on Postdoctoral Education

The general guidelines listed below are meant to encourage units to examine their policies, procedures, and privileges for postdoctoral education. Every unit receiving postdocs should have explicitly stated policies and procedures for the provision of postdoctoral education as well as established means for informing Postdocs of policies, procedures, and privileges (e.g., orientation sessions, handbooks, etc.), as well as mechanisms for addressing complaints. Academic units should ensure that their policies, procedures and privileges are consistent with these guidelines and the Charter of Students’ Rights. For their part, Postdocs are responsible for informing themselves of policies, procedures and privileges.

1. Definition and Status

i. Postdoctoral status will be recognized by the University in accordance with Quebec provincial regulations. Persons may only be registered with postdoctoral status for a period of up to five years from the date they were awarded a Ph.D. or equivalent degree. Time allocated to familial or health leave (as defined in the GPSO Calendar, General Information, section 10.6 “Health and Parental/Familial Leave of Absence Policy”) is added to this period of time. Leaves for other reasons, including vacation leave, do not extend the term. Postdocs must do research under the supervision of one or more McGill professors, including Adjunct Professors. They are expected to be engaged primarily in research with minimal teaching or other responsibilities.

2. Registration

i. Postdocs must be registered annually with the University through the Graduate and Postdoctoral Studies Office. Initial registration will require an original or notarized copy of the Ph.D. diploma. Registration will be limited to persons who fulfill the definition above and for whom there is an assurance of appropriate funding and where the unit can provide assurance of the necessary resources to permit postdoctoral education.

ii. Upon registration, the Postdoc will be issued a University identity card by the Registrar’s Office.

3. Appointment, Pay, Agreement of Conditions

i. Upon registration, all Postdocs must be appointed regardless of whether their funding comes from a McGill account. Their appointments may not exceed their registration status.

ii. In order to be registered as a Postdoc, an individual must be assured of financial support, other than from personal means, during his/her stay in the University equivalent, at the time of appointment, to the minimal stipend requirement as set by the University in accordance with guidelines set by federal and provincial research granting agencies. There are no provisions for paid family leave unless this is stipulated in the regulations of a funding agency outside the University.

iii. At the outset of a postdoctoral appointment, a written Letter of Agreement for Postdoctoral Education should be drawn up and signed by the Postdoc, the supervisor, and the department head or delegate (see template Letter of Agreement on the Web at www.mcgill.ca/gps/postdoc). This should stipulate, for example, the purpose of the postdoctoral appointment (research and the advancement of knowledge), the duration of the fellowship/stipend, the modality of pay, the work space, travel funds, and expectations and compensation for teaching and student research supervision. Leaves from postdoctoral education must comply with the Graduate and Postdoctoral Studies Policies for Vacation, Parental/Familial, and Health Leave (Graduate and Postdoctoral Studies General Information section 10.3 “Vacation Policy for Graduate Students and Postdocs”). Any breach of these conditions may result in grievance procedures or the termination of the postdoctoral appointment.

iv. Postdocs with full responsibility for teaching a course should be compensated over and above their fellowship at the standard rate paid to lecturers by their department.

v. The amount of research, teaching, or other tasks that Postdocs engage in over and above postdoctoral activities should conform to the regulations for Postdocs specified by the Canadian research council of their discipline. This applies to all Postdocs, including those whose funding does not come from the Canadian research councils.

4. Privileges

i. Postdocs have the same pertinent rights as the ones granted to McGill students in the Handbook of Student Rights and Responsibilities (green book), available on the Web at www.mcgill.ca/secretariat/documents.

ii. Postdocs have full graduate student borrowing privileges in McGill libraries through their identify card.

iii. As a rule, Postdocs who are Canadian citizens or who have Permanent Resident status may take courses for credit. Admission to such courses should be sought by submitting application documents directly to the appropriate program by the Postdoc. They must be admitted by their department offering the courses as Special Students. These Postdocs may also be enrolled as part-time students in non-degree granting programs (i.e., graduate diplomas and graduate certificates). They will be charged a fee for these courses.

iv. Postdocs may be listed in the McGill directory. The Computing Centre will grant Postdocs e-mail privileges on the same basis as graduate students upon presentation of an identity card.

v. The Department of Athletics will grant Postdocs access to some facilities upon presentation of their identity card. A fee will be charged on an annual or term basis.

vi. Postdocs are members of the Post-Graduate Students’ Society and an annual association fee is automatically charged. Postdocs are permitted membership in the Faculty Club; an annual fee will be charged for this membership.

vii. Postdocs are encouraged to participate in the Centre for University Teaching and Learning staff development seminars. They will be accommodated free of charge for courses which are open to faculty members.

viii. Postdocs have access to the services provided by the Ombudsperson.

ix. Canadian citizens, Permanent Residents, and International Postdocs may enrol in the second language written and spoken English courses provided by Continuing Education, the English and French Language Centre, or the Centre for the Study and Teaching of Writing. They must be admitted by their department as part-time Students. They will be charged a fee for these courses. If the period of studies is longer than six months, International Postdocs must have a CAQ and a Study Permit.

x. Postdocs have access to the Student Services. Fees are applicable. Information is available at www.mcgill.ca/studentservices.

5. Responsibilities

i. Postdocs are subject to the responsibilities outlined in the Handbook of Student Rights and Responsibilities (green book), available on the Web at www.mcgill.ca/secretariat/handbooks/students.
GENERAL INFORMATION, REGULATIONS AND RESEARCH GUIDELINES

ii. Each academic unit receiving Postdocs should clearly identify Postdocs’ needs and the means by which they will be met by the unit.

iii. Each academic unit should consider the availability of research supervision facilities, office space, and research funding before determining the Postdocs that they will accept.

iv. Some examples of responsibilities of the department are:
– to verify the Postdoc’s eligibility period for registration;
– to provide Postdocs with departmental policy and procedures that pertain to them;
– to oversee registration and appointment of Postdocs;
– to assign departmental personnel (e.g., graduate program director) the responsibility for Postdocs;
– to oversee and sign off on the Letter of Agreement for Postdoctoral Education;
– to assure that each Postdoc has a supervisor, lab and/or office space, access to research operating costs and necessary equipment;
– to include Postdocs in departmental career and placement opportunities;
– to refer Postdocs to the appropriate University policies and personnel for the resolution of conflict that may arise between a Postdoc and a supervisor.

v. Some examples of responsibilities of the supervisor are:
– to uphold and transmit to his/her Postdocs the highest professional standards of research and/or scholarship;
– to provide research guidance;
– to meet regularly with his/her Postdocs;
– to provide feedback on research submitted by the Postdocs;
– to clarify expectations regarding intellectual property rights in accordance with the University’s policy;
– to provide mentorship for career development;
– to prepare, sign, and adhere to a Letter of Agreement for Postdoctoral Education.

vi. Some examples of responsibilities of Postdocs are:
– to inform themselves of and adhere to the University’s policies and/or regulations for Postdocs for leaves, for research, and for student conduct as outlined in the Handbook of Student Rights and Responsibilities and the General Information, Regulations and Research Guidelines booklet of the Graduate and Postdoctoral Studies Office;
– to present themselves for registration to the Graduate & Postdoctoral Studies Office with a complete submission;
– to sign and adhere to their Letter of Agreement for Postdoctoral Education;
– to communicate regularly with their supervisor;
– to inform their supervisor of their absences.

vii. Some examples of the responsibilities of the University are:
– to register Postdocs;
– to provide an appeal mechanism in cases of conflict;
– to help eligible Postdocs who have non-resident status in virtue of the Quebec Taxation Act to obtain a Certificate of Eligibility to the Quebec Tax Exemption for Postdoctoral Researchers (depending on acceptable fields of research by the Ministry);
– to provide documented policies and procedures to Postdocs;
– to provide Postdocs with the necessary contacts for language courses, housing, immigration, daycare, schooling, and health care information.

Approved by Senate April 2000.

9.3 Vacation Policy for Graduate Students and Postdocs

Graduate students and Postdocs should normally be entitled to vacation leave equivalent to University holidays and an additional total of (15) working days in the year. Funded students and Postdocs with fellowships and research grant stipends taking additional vacation leave may have their funding reduced accordingly.

9.4 Leave of Absence for Health and Parental/Familial Reasons

A leave of absence may be granted by the Graduate and Postdoctoral Studies Office for maternity or parenting reasons or for health reasons (see section 10.6 “Health and Parental/Familial Leave of Absence Policy”). Such a leave must be requested on a term by term basis and may be granted for a period of up to 52 weeks. Students and Postdocs must make a request for such a leave in writing to their department and submit a medical certificate. The department shall forward the request to the GPSO.

Students who have been granted such a leave will have to register for the term(s) in question and their registration will show as “leave of absence” on their record. No tuition fees will be charged for the duration of the authorized leave. Research supervisors are not obligated to remunerate students and Postdocs on leave.

The GPSO has prepared a summary table of various leave policies (paid or unpaid) for students and postdocs paid from the Federal and Quebec Councils through fellowships or research grants. The document is available at www.mcgill.ca/gps/documents/funding under “Information on the Funding Council Leave Policies for Graduate Students and Postdocs”.

9.5 Student Services - Downtown Campus

See section 7.6 “Student Services – Downtown Campus”.

9.6 Student Services - MacDonald Campus

See section 7.7 “Student Services – Macdonald Campus”.

10 Graduate Studies Guidelines and Policies

10.1 Guidelines and Regulations for Academic Units on Graduate Student Advising and Supervision

The general guidelines suggested below are meant to encourage units to examine their graduate programs and to specify their own policies and procedures. These guidelines are directed primarily towards thesis programs but will, in part, be appropriate for non-thesis programs as well.

Each academic unit should have explicitly stated policies and procedures regarding the advising and supervising of graduate students, as well as established means for informing students of procedures and deadlines (e.g., orientation sessions, handbooks) and mechanisms for addressing complaints. Academic units should ensure that their policies and procedures are consistent with the Charter of Students’ Rights. For their part, graduate students are responsible for informing themselves of these policies and procedures.

1. Assignment of Advisors, Supervisors and Committees

i. Each unit should designate a member (or members) of the academic staff (usually the graduate program director) to monitor the progress of students throughout the graduate program, to ensure that all conditions of admission and requirements are fulfilled, to provide students with information on their program, their progress through it, sources of and policies on
financial support, and to advise them how to resolve problems which may arise during their program.

ii. As soon as possible, students should have a supervisor who has competence in the student’s proposed area of research, and a program or thesis committee. Although procedures and timetables for choosing supervisors and committees may vary across programs, they should be consistent within a particular program and should be made clear to incoming students. Thesis supervisors must be chosen from academic staff in tenure-track positions. Faculty Lecturers and Research Assistants may not act as supervisors but in exceptional cases, may be co-supervisors. Emeritus Professors and Adjunct Professors may co-supervise. Professors (Special Category) may supervise or co-supervise students. In the case of supervision, the academic unit in question must ensure continuity of appropriate supervision of their graduate students.

2. Program

i. Early in their program, students should be informed of the phases through which they must pass towards the achievement of the graduate degree, the approximate amount of time each phase should take, the criteria for its successful completion, and any deadlines relating to these phases.

ii. It is important that students are made aware of whatever courses are required to complete their programs, that these courses are available, and that they relate to students’ proposed areas of research or to the development of related areas of scholarship.

iii. Where relevant, students should also be informed early in their program of language requirements or comprehensive examinations. The guidelines, criteria and procedures for comprehensive examinations must be explicit and consistently applied in each program. Academic units should consider the rationale for language and comprehensive examinations and how they relate to the objectives of the graduate program.

iv. Every effort should be taken to ensure that students choose, as soon as possible, realistic and appropriate areas of research commensurate with degree requirements.

v. There must be clear procedures established in every unit by which students receive guidance and constructive criticism on their progress on a regular basis through the program (e.g., regular meetings and/or E-mail communication with supervisors and committees, attendance at research seminars, semester or annual reviews of student progress). In addition to regular meetings between the student and supervisor or advisory/thesis committee, each unit must establish a procedure to provide feedback to thesis students regarding their research progress. At least annually, there must be a meeting between the student, supervisor and advisory/thesis committee or, in the case where there is no such advisory/thesis committee, there must be a meeting between the supervisor and a departmental representative, at which objectives for the upcoming year are established and the prior year’s research progress recorded and evaluated. A written record of such meetings must include the signatures of the student supervisor, and the advisory/thesis committee member or a departmental representative, and this record must be retained in the student’s departmental file. (The Graduate Student Research Objectives Report Form, the Graduate Student Research Progress Record, and the Graduate Student Research Progress Report Form are to be utilized to keep a record of these meetings.) In the case where the student does not make expected progress, the advisory or thesis committee or, in the case where there is no such advisory or thesis committee, the student, supervisor and a departmental representative must meet at least once per semester for the subsequent twelve months to review progress and if appropriate to set new objectives. On the occasion of a second unsatisfactory progress report, the student may be required to withdraw from the program of study.

vi. Students should be made aware of the cost living in Montreal and of sources of financial support (e.g., teaching or research assistantships, fellowships) and of the facilities available to them (e.g., study space, computers).

vii. Students should receive guidance and encouragement in areas relating to their growth in scholarship, professional development and career planning. Examples may include, where appropriate, reporting research, writing abstracts, preparing papers for conference presentation or for publication, writing grant and fellowship applications, conducting a job search, and preparing for job interviews.

viii. Units should be sensitive to special academic needs and concerns that may arise in the case of certain students, such as international students or students who undertake graduate studies after a long absence from university.

3. Responsibilities

Each unit should clearly identify the student’s supervisory needs at each phase and the means by which these needs will be met. Some functions will be fulfilled by the Chair, some by the graduate program director, some by the supervisor and some by the committee. Each unit should clearly identify the specific responsibilities of each of these, as well as the responsibilities of students themselves.

i. Each unit should consider the availability of student support, research facilities, space and availability of potential supervisors in determining the number of students admitted into the program.

ii. Some examples of the responsibilities of the graduate program director are to be knowledgeable about program requirements, the composition of committees, the procedures for comprehensive and oral defense examinations, and other policies relating to graduate studies; to maintain a dossier on each student’s progress; and to be sensitive to graduation deadlines and students’ career plans.

iii. Some examples of the responsibilities of a supervisor are to uphold and to transmit to students the highest professional standards of research and/or scholarship; to provide guidance in all phases of the student’s research; to meet with their students regularly; to provide prompt feedback when work is submitted including drafts of the thesis; and to clarify expectations regarding collaborative work, authorship, publication and conference presentations.

iv. Some examples of the responsibilities of the students are to inform themselves of program requirements and deadlines; to work within these deadlines; to communicate regularly with the supervisor and committee; and to submit progress reports to the supervisor and committee.

v. The Chair of the unit should ensure that procedures are in place to address serious disagreements that may arise, for example, between a student and a supervisor or between a supervisor and committee members. Such procedures should involve a neutral mediator who will ensure that all sides of a dispute are heard before any decision is made.

4. Quality of Supervision and Teaching

i. Academic units and the Graduate and Postdoctoral Studies Office should consider ways to assess and improve the quality of supervision and to help new supervisors, e.g., through workshops or mentoring models. Procedures for monitoring the quality of graduate student supervision and for providing constructive feedback for supervisors should be developed.

ii. Graduate supervision should be recognized as an integral part of the academic responsibility of an academic unit and should be considered in the allocation of workload, as should the teaching of graduate courses.
iii. Academic units should establish criteria of excellence in supervision and graduate teaching appropriate to their disciplines and should suitably reward those who meet these criteria, e.g., in decisions concerning tenure and promotion, or merit pay awards.

iv. The maximum number of students under the direction of a single supervisor should be consistent with the ability of the supervisor to provide quality supervision, taking into account the workload of the supervisor and norms of the discipline.

v. Procedures should be established for ensuring continuity in supervision when a student is separated from a supervisor—for example, when the supervisor takes a sabbatical leave, retires from McGill or changes universities or when the student leaves to complete field work or takes a job before submitting a thesis.

Revised by Council of FGSR, April 23, 1999 and October 6, 2003.

10.2 Policy on Graduate Student Research Progress Tracking

This is a new mandatory policy and procedure to track the research progress of graduate students. The policy is referred to in the amended Guidelines and Regulations for Academic Units on Graduate Student Advising and Supervision in section 2.v. in bold print. Documents to record progress can be found on the GPS Website: www.mcgill.ca/gps/policies/revisions.

The following is a summary of the main elements of the new mandatory policy. The following steps must be followed for each graduate student in a thesis program:

1. Annually, the student must meet with, at minimum, their supervisor(s) and a departmental representative. This meeting can occur in the context of an annual thesis or advisory committee in those departments that have thesis committees.

2. At the first such meeting (to be held shortly after thesis students begin their programs), written objectives/expectations for the year must be recorded on the first of the three forms, Form #1 (Graduate Student Research Objectives Report Form). All three people at the meeting must sign this form. A student who does not agree to sign the form must write a statement detailing his/her objections to the expectations recorded on the form.

3. Approximately one year later, and every year thereafter, the student, supervisor(s) and the departmental representative should meet again to review the progress that has been achieved toward the recorded objectives. Prior to the meeting, the student should record his/her accomplishments and progress for the year by completing Form #2 (Graduate Student Research Progress Record). This completed form is then evaluated by the supervisor and the departmental representative on Form #3 (Graduate Student Research Progress Report Form). All parties sign Form #3. A student who does not agree to sign the form must write a statement detailing his/her objections. At this same meeting, objectives for the following year should be recorded on Form #1, as per the procedure described in point 2, above.

4. In the event that recorded research progress is unsatisfactory, a new set of objectives should be developed for the student at the meeting, and recorded on Form #1. These new, or interim, objectives apply only to the next semester. Evaluation of progress should take place after that semester has concluded, following the steps described in point 3, above.

5. In the event that a student has any two unsatisfactory evaluations they may be required to withdraw from their program of study. These two unsatisfactory evaluations need not be successive.

6. All forms are to be kept in departmental files.

7. Departments that already have progress tracking forms may continue to utilize them, but these must conform to the fundamental principles underlying this new policy. Specifically, any departmental procedure or forms to record graduate research progress must:
   • be used annually;
   • be used in a meeting with the supervisor and one other departmental representative, and signed by all parties;
   • include a written statement of expectations approximately one year before any evaluation. (Note: This can be one semester in the case of expectations following an unsatisfactory evaluation);
   • permit the student to submit a minority report and not sign;
   • state clearly that any two unsatisfactory evaluations may be grounds for requiring a student to withdraw.

Please note this new University policy is MANDATORY. Students may grieve against a department that fails to adhere to the policy and procedures outlined above.

Senate, September 2003.

10.3 Vacation Policy for Graduate Students and Postdocs

Graduate students and Postdocs should normally be entitled to vacation leave equivalent to university holidays and an additional total of fifteen (15) working days in the year. Funded students and Postdocs with fellowships and research grant stipends taking additional vacation leave may have their funding reduced accordingly.

10.4 Ph.D. Comprehensives Policy

Preamble
The majority of doctoral programs at McGill require candidates to pass a comprehensive examination or set of examinations or equivalent, such as qualifying examinations, preliminary examinations, candidacy paper, comprehensive evaluation, thesis proposal, etc. The Calendar of the Graduate and Postdoctoral Studies Office (GPSO) includes the following statement:

A comprehensive examination or its equivalent is usually held near the end of Ph.D. 2. The results of this examination determine whether or not students will be permitted to continue in their programs. The methods adopted for examination and evaluation and the areas to be examined are specified by departmental regulations and approved by the Dean of Graduate and Postdoctoral Studies. It is the responsibility of students to inform themselves of these details at the commencement of their programs.

It is recognized that expectations for the Ph.D. comprehensive will vary according to the needs of the discipline. It is important to make it clear to doctoral candidates what the expectations and procedures are for their Ph.D. comprehensive, and to maintain consistency within a given program.

General Policy
1. At the beginning of the relevant academic year, units must provide doctoral students with a written description of the Ph.D. comprehensive, covering the following issues: objectives and content, format, timing, assessment, grading and reporting, failures. (See below for details.)

2. All units that have a Ph.D. comprehensive must adopt an administrative course number for it, usually XXXX 701. One of the following forms of grading must be adopted and used consistently within the program: Pass/Fail or letter grades. (“Mixed” modes of grading are not permitted, i.e., some students within a program reported on a Pass/Fail basis and others by means of letter grades.)

Specific Issues

Objectives and Content
Units must specify the objectives of the Ph.D. comprehensive. Objectives may include assessing any of the following (or a combination), with a view to determining whether the student demonstrates
the necessary research skills and academic achievements to be permitted to continue in the Ph.D. program. (This list is not intended to be exhaustive.)

- knowledge of the discipline (from the point of view of breadth)
- understanding of the proposed field of research
- ability to conduct independent and original research
- a thesis proposal
- professional skills
- ability to present and defend material orally

The content of the comprehensive must be consistent with the objectives and should be appropriately circumscribed. Students must be given an indication of the range of material that may be covered in the examination and suggestions as to how to cover this material (e.g., via reading lists, courses, etc.).

**Format**

The format of the comprehensive must be clearly stated and must be consistent across students within a particular program. The following list gives some of the more common formats, which are often combined. (This list is not intended to be exhaustive.)

- written examination of a specific duration
- take-home examination
- extended research paper(s)
- written research proposal
- oral exam (which may include or consist of a defense of a research paper or research proposal)

If the comprehensive consists of several parts, the relationship (if any) between them must be made clear.

**Timing**

Timing of the comprehensive must be specified, including the earliest and latest dates by which the comprehensive is to be completed. Students must be informed of the specific dates of the exam in sufficient time for them to prepare for it.

Given the importance of the Ph.D. comprehensive and the consequences of failure, the exam should be held reasonably early in the program, so that students do not spend several years preparing for it.

Prerequisites must be specified. For example, clarify whether all course work must have been completed prior to the comprehensive and whether the comprehensive is the final step before thesis research and writing.

**Assessment, Grading and Reporting**

Evaluation parameters must be made clear, including information about who sets the exam questions and who evaluates the student. If performance is assessed by a committee, clarify how the committee is appointed and who sits on it. In the case of written examinations, clarify whether the grading is done by one or more people.

Where there is more than one component to the examination (e.g., an oral exam plus a written exam), it must be made clear how these components are factored into the final grade. For example, make it clear whether each component counts equally, whether the assessment is global, and whether failure on one part of the comprehensive examination (or on one question) results in an overall failure.

**Feedback**

The assessment and reasons for the decision must be documented and provided to the student in sufficient detail to allow the student to understand the decision, including identifying strengths and weaknesses. (A number of units have developed short forms specifically for this purpose.) In the case of oral examinations, the student should also be given feedback on presentation, logical exposition, ability to answer questions, etc.

In the case of oral exams, units may wish to consider the following: ensure that there is a reasonably detailed written assessment of the student's performance; tape the oral examination; allow the student to select a faculty member to act as a neutral observer; have one faculty member serve as a neutral chair (equivalent to a Pro-Dean); have an "outside" committee member; have the oral examination open to other students and faculty members.

**Plagiarism**

McGill University values academic integrity, which is fundamental to achieving our mission of the advancement of learning. Therefore, all students must understand the issues associated with academic integrity (see www.mcgill.ca/integrity for more information).

Plagiarism in a Ph.D. comprehensive Examination contravenes McGill University's academic goals and standards. Consequently, any student found guilty of plagiarism under the Code of Student conduct and Disciplinary Procedures (see the Handbook on Students Rights and Responsibilities available at www.mcgill.ca/secretariat/documents) in a Ph.D. Comprehensive Examination may face very serious penalties, even expulsion from the University without the degree.

**Failures**

**i. Repeats**

In the event of a failure, units must allow, without prejudice, one repeat of the comprehensive (in whole or in part). The first time a student fails, the student must be informed in writing by the department that he/she has failed the comprehensive and must be informed of conditions relating to a repeat of the examination. In such circumstances, the grade of HH (continuing) will be used. In the event of a second failure, a grade of F will be reported to the Graduate and Postdoctoral Studies Office and the student will be asked to withdraw from the Ph.D. program.

Conditions for retaking the examination must be clearly stated, including the time frame, potential dates, nature of the re-examination, committee membership, etc.

Units have the right to specify further requirements in the event of failure (e.g., requiring students to take an additional course or courses in areas where they have shown weakness on the comprehensive).

**ii. Plagiarism**

If plagiarism is suspected, the case will be referred directly to the committee on Student Discipline in accordance with the code of Student Conduct, Part III (article 15) and Part V (A). If plagiarism is established by due University process, the student is considered to have failed the examination, with no possibility of repeat.

**iii. Review and Reassessment**

Rereads. In the case of written comprehensives, the Graduate Studies Reread Policy applies.

A student who fails an oral examination may request a review. In such cases, the Graduate and Postdoctoral Studies Office will conduct a review of the examination process and procedures.

**Other Relevant Policies/Offices**

Charter of Student Rights
Graduate Studies Reread Policy
Office for Students with Disabilities

Approved by Executive of Faculty of Graduate Studies and Research (FGSR) February 17, 1997 and Council of FGSR March 7, 1997.

10.5 Graduate Studies Reread Policy

This policy applies only in the case of marks given for written work in 600- and 700-level courses. For 500-level courses and below, the reread policy of the appropriate undergraduate faculty applies.

**Consultation**

In accordance with the Charter of Student Rights, and subject to the conditions stated therein, graduate students have the right, subject to reasonable administrative arrangements, “to consult any written submission for which they have received a mark and to discuss this submission with the examiner”. Upon request by the student, the instructor of the course is obliged to conduct this consultation with the student.

(Note: Where materials have been graded by a TA and the student wants a reconsideration of the grade, the faculty member responsible for the course is expected to review the materials and
the appropriateness of the grade. This is so even if the materials in question have already been discussed by the TA with the student.)

Verification
In a case where a student feels that totalling errors have been made in arriving at the final grade, the student can request the instructor to carry out a detailed check that all questions have been marked and that the final grade has correctly been computed on the basis of the term work, final examination, etc.

Rereads
According to the Charter, students have the right, subject to reasonable administrative arrangements, “to an impartial and competent review of any mark” (hereafter “reread”).

At the time the request for a reread is made, the student should have already met with the faculty member responsible for the course to review the mark, or made a reasonable attempt to do so.

Rereads can only be requested if a change upwards in the letter grade for the course is possible as a result of the reread. Assignments can only be reread if, together, they account for more than 20% of the course grade.

The reread by a second reader is a review of the mark, not the work assigned. It is the second reader’s task to determine whether the original mark is fair and reasonable, not to give the work a totally new assessment.

1. The time limit for requesting a reread is within 30 days after posting of the final marks for the course. However, in the case of work which has been graded during the course and returned to the student, students must indicate in writing to the Graduate and Postdoctoral Studies Office within 5 working days of receiving the graded work their intention to request a reread. This intention must be confirmed within 30 days of the posting of the final marks for the course.

(Note: Material that is returned to a student cannot be reread unless arrangements have been made to ensure that the material has not been changed subsequent to the original grading; for example, the student can make a copy for the professor to retain either before handing the material in or immediately upon receiving it back from the instructor or at the point where the professor and student review the work together.

Instructors are strongly advised to write their corrections in red pen and to write comments which help the student to understand the mark assigned.)

2. The request for a formal reread must be made by the student in writing to the Graduate and Postdoctoral Studies Office and should specify the reasons for the request. It should include a statement indicating that the student has already met with the faculty member responsible for the course to review the mark or indicating why this has not been possible. The reread fee ($35 for an exam, $35 for a paper, $35 for one or more assignments, to a maximum of $105 per course) will be charged directly to the student’s fee account after the result of the reread is received. No fee will be charged if there is a change upwards in the letter grade for the course.

3. Administration of the reread is handled by the Graduate and Postdoctoral Studies Office, not by the department. The Office will contact the department to obtain the work to be reread, a list of potential readers, and details of the marking. All communication with the second reader is conducted by the GPSO.

The second reader is given the original assignment, with marginalia, corrections, summary comments and mark intact, as well as any notes from the instructor pertinent to the general nature of the course or assignment and grading schemes, etc.

4. The student’s and the instructor’s names are blanked out to reduce the possibility of prejudice and to help meet the requirement of the Charter of Students’ Rights that the review be impartial. The rereader’s name will not be made known to the student or instructor at any time; the student’s name will not be made known to the rereader at any time.

5. The second reader should support his or her assessment with a brief memorandum to the Graduate and Postdoctoral Studies Office. As a result of the reread process, the grade may become higher or lower or remain unchanged. The grade submitted by the second reader shall replace the original grade. The reread grade cannot be challenged.

In the case of requests for rereads of group work, all members of the group must sign the request, indicating that they agree to the reread. In the event that members of the group are not in agreement, the written request should indicate which students are requesting the reread and which students do not wish for a reread. In such cases, the outcome of the reread (whether positive or negative) will affect only the students in favour of the reread. Neither the reread grade nor the decision to opt in or out of the reread can be challenged.

6. The new grade resulting from the review will be communicated to the student in a letter from the Graduate and Postdoctoral Studies Office, with a copy to the academic unit.

Prepared by the Committee on Graduate Programs, Supervision and Teaching
Approved by Council of the Faculty of Graduate Studies and Research, May 12th 1995

10.6 Health and Parental/Familial Leave of Absence Policy

A leave of absence may be granted by the Graduate and Postdoctoral Studies Office for maternity or parenting (interpreted according to McGill’s “Parental Leave Policy” for non-academic staff) reasons or for health reasons.

Such a leave must be requested on a term by term basis and may be granted for a period of up to 52 weeks. Students must make a request for such a leave in writing to their department and submit a medical certificate. The department shall forward the request to the GPSO.

During a leave of absence for parental or familial reasons, a student will not be eligible to take courses but he/she may request and expect guidance on thesis and research work and will have free access to the University’s academic facilities. Library services will continue to be available by registering at the Circulation Desk of the Humanities and Social Sciences Library (McLennan-Redpath). In special circumstances, familial leave may be considered by the GPSO for a student when a close family member is ill.

During a leave of absence for health reasons, a student will not be eligible to request guidance on thesis and research work or to take courses. He/she will not have access to the University’s academic facilities but Library services will normally continue to be available by registering at the Circulation Desk of the Humanities and Social Sciences Library (McLennan-Redpath). A medical certificate must accompany such leave requests.

(Council of FGSR - March 1999)

Please refer to section 6.1.10 “Leave of Absence Status” for information regarding registration of graduate students and Postdocs on such leaves.

10.7 Failure Policy

Please refer to section 6.10 “Failure Policy”, for information regarding the policy and procedures to follow in cases of failure.

11 Resources for Study and Research

11.1 Libraries

The Library consists of 13 branch libraries, focusing primarily on specific disciplines. There are, in addition, several affiliated collections within the downtown Montreal campus and at the Macdonald campus on the shores of Lac St. Louis. The Library...
offers extensive print collections from contemporary fiction and best-selling novels to extensive electronic resources, including early English texts, science and management textbooks and e-journals on topics ranging from philosophy to psychiatry. A wide range of services and a comprehensive Website (www.mcgill.ca/library) link the resources to those who need them for teaching, learning, research and scholarship. The expert and friendly staff in each branch library assist in locating information for course work, assignments or research topics. Training is provided at all levels to ensure effective access to quality information through efficient database and internet searching, with information skills programs undertaken as part of course curricula. Moreover, Liaison librarians proficient in specific disciplinary areas are on hand to assist students and staff. Opening hours vary for each library but most are open up to 84 hours per week and, during examination time, the libraries extend their opening hours, with the Humanities and Social Sciences Library open for 24 hours. Assistance is provided by phone, in person, online, and via chat. Among the largest collections are fossils from the ancient sea floor of eastern Quebec, the oldest land plants, a vast range of minerals, molluscs from around the world, Egyptian and classical antiquities, and artifacts from Central Africa. The Museum also houses research laboratories and classrooms.

The Museum welcomes McGill students and staff to visit its new permanent exhibit, which presents the history of life through the ages illustrated by material from Quebec and neighbouring regions, besides displays that feature the mineral and mollusc collections. A new ethnology gallery devoted to cultures throughout the world, including ancient Egypt, classical Greece and Rome, Asia, and Africa, has recently been installed. 859 Sherbrooke Street West
Telephone: (514) 398-4086
E-mail: redpath.museum@mcgill.ca
Website: www.mcgill.ca/redpath

11.3.2 McCord Museum of Canadian History

The McCord Museum is home to one of the finest historical collections in North America. It possesses some of Canada's most significant cultural treasures, including the most comprehensive collection of clothing - comprised of over 16,000 garments or accessories - made or worn in Canada; an extensive collection of First Nations artifacts - the most important of its kind in Quebec with a corpus of over 13,000 objects from across Canada; and the renowned Notman Photographic Archives, which contain over 1,000,000 historical photographs and offer a unique pictorial record of Canada from pre-Confederation to the present. The McCord also houses paintings by renowned artists such as Théophile Hamel, Cornelius Krieghoff, James Pattison Cockburn and George Heriot. The Museum's Textual Archives include some 185 linear metres of documents relating to Canadian history. Finally, the McCord's Website (www.mccord-museum.qc.ca) features award-winning virtual exhibitions, innovative learning resources and a vast, searchable database of information on the Museum's collections.

Exhibitions at the McCord provide inspirational and innovative interpretations of the social and cultural history of Montréal, Quebec and Canada. In addition to guided tours, school programs, cultural activities and lectures, the McCord offers a range of services including the Museum Café and the boutique.
Researchers welcome by appointment. 690 Sherbrooke Street West
Telephone: (514) 398-7100
Email: info@mccord.mcgill.ca
Website: www.mccord-museum.qc.ca

11.3.3 Lyman Entomological Museum and Research Laboratory

Located on the Macdonald Campus, this institution has the largest insect collection of any Canadian university, and is second in both numbers of species and specimens only to the Canadian National Collection of Insects, Ottawa. As its main function is research and teaching, and not exhibition, it is not generally open to the public, but tours are available, by appointment, to interested parties.
Telephone: (514) 398-7914.

11.3.4 Other Historical Collections

In addition to the above, there are other collections and exhibits of a specialized nature, ordinarily open only to students but to which access may be gained by application to the department concerned. These include the Anatomical and Pathological Museums.
The Physics Department has two specialized collections which may be viewed by appointment. The Rutherford Museum contains original apparatus and other items used by Professor Ernest Rutherford in his Nobel Prize-winning research on radioactivity at McGill University, 1898-1907. The McPherson Collection comprises a wide range of historical apparatus and instruments used for measurements and investigations, with special emphasis on 19th-century physics.

12 Information Technology Resources

12.1 IST Customer Services (ICS)

McGill ICS is your first point of contact for problem resolution and help with IT services such as: E-mail, WebCT Vista, Virtual Private Network (VPN), Wireless Network, Dialup Access Service (DAS), and REZ Voice and Data Service (post-installation).

To get solutions to your IT issues and view the latest IT announcements, visit www.mcgill.ca/it.

12.2 Network and Communications Services (NCS)

McGill NCS provides data services including access to Local Area Networks (LANs), the Internet, e-mail, McGill central systems, and the McGill University Website — all from virtually anywhere on campus (wired or wireless) and remotely. They also provide voice service (with long distance and voice mail) to students in McGill Residences. The Website at www.mcgill.ca/ncs lists products and services offered by McGill NCS.

12.3 Computer Labs

The computer labs are provided by many faculties and departments for students in their programs. A list of these labs can be found at www.mcgill.ca/index/computer. Check the unit listings or contact the unit directly for information concerning facilities and accessibility.

12.4 Instructional Multimedia Services (IMS)

Instructional Multimedia Services (IMS) provides services related to the use of technology in teaching. It is McGill’s central facility for the loan of audiovisual equipment and support for video production. The IMS Audiovisual Arrangements Section located in the lobby of the Redpath Library and the IMS office at the Macdonald Campus house a full range of audio, video, computer, and projection equipment available for loan to McGill students. Equipment is provided free of charge for credit course activities. Training in equipment use is available and advance reservations are highly recommended. Further details are available on the IMS Website, www.mcgill.ca/ims/aa/el.

IMS also maintains two video editing suites available for staff and students who wish to produce their own programs. These suites are self-instructional, and sessions should be reserved in advance. For more information or to reserve a session, please contact the IMS Main Office, 688 Sherbrooke St. W., Suite 1600, (514) 398-7200.

13 Research Policy, Patents, Postdocs, Associates, Trainees

13.1 Policy on Research Ethics

(Prepared by the Research Policy Committee of the Faculty of Graduate Studies and Research.)

1. Preamble

This Policy should be interpreted in a manner that is consistent with the vision of the University as a research community committed to the principles of honesty, trust, and collegiality and to the idea that fair play must prevail at all times.

It is important for the University community to have an explicitly stated ethical framework within which all research should be conducted. This need has been recognized by all the major funding agencies – the Canadian Institute of Health Research (CIHR), the Natural Sciences and Engineering Research Council (NSERC), the Social Sciences and Humanities Research Council (SSHRC), le Fonds Québécois de la Recherche sur la Nature et les Technologies (FQRNT) formerly FCAR, and le Fond de la Recherche en Santé du Québec (FRSQ).

2. Introduction

This Policy on Research Ethics applies to all individuals who conduct research at McGill University or at one of its affiliated institutions. The term “research” includes all forms of funded and unfunded scholarly and creative work by McGill staff and students and by people who use McGill facilities for the creation, dissemination, and publication of scholarly work.

Some of the provisions of this Policy deal with matters that are also treated in other University guidelines and regulatory documents. In appropriate cases, reference to these guidelines and documents should also be made.

This Policy does not attempt to address all matters relating to the ethical conduct of research activities. Consequently, it is recognized that many academic units will require more specific provisions than those guidelines supplied in this Policy. Academic units are encouraged to develop and/or subscribe to more specific provisions.

3. The Responsibility of the University

The University requires honesty and integrity in research and scholarship. The University, through the appropriate administrative offices and in accordance with the provisions of this Policy and other applicable regulatory procedures, will (a) help facilitate the resolution of disputes concerning matters dealt with in this Policy (see article 9), and (b) investigate allegations of misconduct under this Policy and take action, as appropriate.

4. The Selection and Conduct of Research

Research projects should be managed, funding should be used and research should be conducted with due consideration for all University policies on research ethics. In addition to this Policy, these latter include policies set out in existing university regulations or guidelines, such as the Regulations on Research Policy, Policy on Intellectual Property, Regulations Governing Conflicts of Interest in Propriety Research, the Policy on Ethical Conduct of Research involving Human Subjects, and the Guidelines for Research with Animal Subjects.

The primary responsibility for the selection and conduct of research rests with the individuals performing the research. In the case of collaborative or team research, the research director or principal investigator is obliged to ensure that the members of the research team or group are aware of the contents of this Policy and of other applicable ethical norms governing the conduct of the research. In such cases, the research director or principal investigator should take all reasonable measures to ensure that the provisions of this Policy are complied with by the members of the research team. In the case of research conducted by students for academic credit, the instructor, supervisor or research director, as the case may be, in addition to informing the student of his or her obligations in respect of the ethical conduct of research, shall take further reasonable measures to ensure that the student’s research is conducted in accordance with the provisions of this Policy and with other applicable ethical norms.

5. The Duty of Honesty and Integrity

Researchers are expected to maintain the highest standards of honesty and integrity. Any form of academic dishonesty, including but not limited to the following, is a serious offence:
(a) Falsification of Data
The gathering of data and research materials must be undertaken with honesty and integrity. Researchers should never publish data they know to be false or the result of deliberate acts of falsification.

(b) Plagiarism
Researchers should not knowingly represent the published or unpublished work of another person as their own or assist anyone else in doing so. The use by a researcher of work done by other people must be appropriately and adequately acknowledged. Plagiarism is an act of academic dishonesty.

Upon the demonstration that a researcher has represented another person’s work as their own, it shall be presumed that the researcher did so knowingly; the researcher shall bear the burden of rebutting the presumption by evidence satisfying the person or body hearing the case that no such knowledge existed.

(c) Conflict of Interest
A conflict of interest arises where the researcher has a material interest of any nature – personal, financial, career or otherwise – that may conflict with the researcher’s duty of honesty and integrity. Where a conflict of interest arises, a researcher must immediately disclose it in writing to his/her superior and to all other persons to whom it should be disclosed, in accordance with the context and with the highest standards of honesty and integrity.

Where a granting agency provides guidelines on the use of research funds, researchers and directors of research projects must follow those guidelines scrupulously. Researchers and directors of research must also follow all university guidelines on the management and disbursement of funds. Regardless of the source of research funding, it is not permitted to divert any of the research resources for personal or any other use, except in cases where the grant or contract specifically provides otherwise.

Nothing in the provisions of this policy is intended to impugn the actions of a person who has made an honest error, or who exercises judgement or interprets data or designs experiments in a way which may reasonably be the subject of honest differences of opinion.

6. Duties Where Research with Human and Animal Subjects is Concerned

(a) Human Subjects
All research involving human subjects must be conducted in a manner consistent with the highest scholarly and ethical standards, in accordance with the regulations and guidelines prescribed by Law, the Tri-Council Policy Statement: Ethical Conduct for Research Involving Humans and the University.

(b) Animal Research
All animal research must be conducted in compliance with the guidelines of the Canadian Council on Animal Care (CCAC) and of the University.

7. Collaborative Research

(a) Attribution of Authorship and Copyright Ownership
Research collaborators should establish as early as possible, how the attribution of authorship and how the allocation of copyright are to be divided between them.

(i) Attribution of Authorship:
In the absence of an agreement between the researchers, the following rules governing the attribution of authorship apply:

– authorship is attributed to all those persons who have made significant scholarly contributions to the work and who share responsibility and accountability for the results;

– an administrative relationship to the investigation does not of itself qualify a person for co-authorship;

– the order of the names in a publication is decided according to the quality of the contribution, the extent of the responsibility and accountability for the results, and the custom of the discipline.

– the attribution of authorship is not affected by whether researchers were paid for their contributions or by their employment status;

(ii) Duties of the Principal Author:
In the absence of an agreement between the researchers, where there are co-authors, the following further rules apply:

– the author who submits a manuscript for publication accepts the responsibility of having included as co-authors all persons who are entitled to co-authorship, and none who are inappropriate;

– the submitting author should send each co-author a draft copy of the manuscript and should make a reasonable attempt to obtain consent to co-authorship, including the order of names; and

– other contributions should be indicated in a footnote or an “Acknowledgements” section, in accordance with the standards of the discipline and the publisher.

(iii) Ownership of copyright:
In the absence of an agreement between the researchers, the location of copyright is governed by university policy and the law.

(b) Student-Professor Collaborations
The rules in (a) apply to the case where the collaborators are professor and student. Further to those rules, a student should be granted due prominence on a list of co-authors of any multiple-authored article that is based primarily on the student’s own dissertation/thesis, according to the practice in the discipline.

(c) University-Private Sector Research

(d) The Duty to Acknowledge Sources of Funding
All public and private funding sources (grants, contracts and gifts including endowed income that funds named chairs) used in the conduct of research should be acknowledged in resulting publications.

8. Data

(a) Definition of Data
“Data” in this article includes the methodology used to obtain results, the actual research results, and the analysis and interpretations by the researchers.

(b) Authorship and Copyright Data
The rules set out in article 7 of the Policy govern questions concerning the attribution of authorship of and the ownership of the copyright in Data.

(c) Gathering of Data
Data must be organized in a manner that allows ready verification. Data must be gathered in accordance with principles governing the use of human and animal subjects.

(d) Availability of Data
Subject to exceptions based on a duty of confidentiality and the laws respecting intellectual property and access to information, after data are published, they must be made available to any party presenting a reasonable request to examine them. In cases where there is a disagreement between the researcher and the person requesting the data, the matter shall be referred to the Office of the Vice-Principal (Research and International Relations) for resolution.

(e) Maintenance of Data
All original data must be retained for a reasonable length of time. A period of at least five years from the date of publication is recommended.

9. Disputes Between Co-Researchers
The provisions in this article govern disputes between co-researchers. They do not govern allegations of misconduct under this Policy. Allegations of misconduct are dealt with in article 10 of this Policy.

(a) The Duty on the Parties to Resolve Disputes
Where disputes between co-researchers arise, they should be resolved amicably and in a respectful and collegial fashion. Where a dispute cannot be resolved by the parties themselves, the parties
should seek the advice of the appropriate authorities in their unit, who may help the parties resolve the dispute in any way to which the parties may agree, including conciliation, mediation, and binding and non-binding arbitration. To this end, the parties may agree that other persons become involved in the dispute in order to help facilitate its resolution. The parties may stipulate that their own involvement in any dispute resolution process is without prejudice to their rights in any subsequent process.

(b) The Duty of the University to Investigate Disputes and to Help Facilitate the Resolution of the Disputes

The University has a duty to investigate disputes and to help facilitate their resolution, in accordance with the following provisions. However, the University has no obligation to ensure that disputes are resolved, since the resolution of disputes is ultimately subject to the will of the parties to the dispute.

If the dispute is between individuals working under a principal investigator(s), the principal investigator shall investigate and attempt to resolve the matter. If the principal investigator is involved in the dispute, the Head(s) (i.e., Chair(s), Director(s), etc.) of the Department(s) or academic unit(s) concerned shall investigate and attempt to resolve the matter. If any party involved in the dispute should object to the investigation of a Head, or if a Head is directly involved in the dispute or allegation of misconduct, the Dean of the appropriate Faculty, School or academic unit and/or the Vice-Principal (Research and International Relations) shall be informed and shall either investigate the dispute and attempt to resolve it or nominate a senior academic staff member, acceptable to the parties, to act as investigator, who shall attempt to resolve the matter.

10. Disciplinary Action and Grievance

Any allegation of misconduct under this Policy made against a non-student member of the University, shall be dealt with in accordance with the Procedures, and, for the purposes of that Code, misconduct should be recovered whenever possible.

13.2 Regulations on Research Policy

Preamble

Research in the University is relevant for the general benefits of society, as well as for specific intellectual purposes. It should be used to increase knowledge in ways that do not harm society. Furthermore, all teaching in the University should have a base in the creative experience of scholarly and scientific inquiry.

The University recognizes that research flourishes only in a climate of academic freedom. Since the conditions for good research in our many disciplines are quite different, individual investigators are normally expected to assume direct responsibility for the intellectual and ethical quality of the work. A serious responsibility rests on the individual members of the Community who are best equipped through special knowledge to remain aware of the consequences of their research activity; the researcher must balance the possibility of harmful application against potential benefits.

The present Regulations cover all research activity.

A gift is a voluntary transfer of property without valuable consideration or benefit of any kind to the donor, or to anyone designated by the donor. While a donor cannot impose obligations upon the University, the gift may be restricted as to its use. It may lead to the issuance of an official donation receipt for income tax purposes, at the request of the donor.

A research contract is an agreement between a sponsor and the University in which the University and researcher(s) agree to perform a specified research project and which generally confers upon the sponsor rights to the results of that project. Title to any intellectual property arising is negotiated. The University will normally be compensated for the assignment of licences or other options. A default on the part of the University or researcher to perform the obligations undertaken may give rise to a liability for contractual breach. A research contract is a business transaction, hence all direct and indirect costs of the University, including the salaries of researchers, may be charged to the sponsor. To the extent that the Dean of the Faculty considers the research activity to be beyond the scope of normal research duties, researchers may earn honoraria apart from regular salary, under the terms of the research contract. Such remuneration and research activity should conform to the University policies on consulting.

A research grant given in aid of research through the University is financial support for a researcher, conducting research in a particular subject area, without formal detailed stipulation as to the direction of such research. The research conducted forms part of the staff member’s regular research duties and is not normally the object of any additional compensation to the researcher. Title to the results of the research activity, including intellectual property, licence or other related options is not vested in the grantor. A research grant does not generate enforceable obligations except as to the management of the funds for grant purposes and, where applicable, according to the grantor’s guidelines or policies. A research grant has no limitations on publication and no requirements as to deliverables other than reporting and financial stipulations. A research grant usually covers direct costs, while indirect costs should be recovered whenever possible.

Regulations

1. The University does not allow its staff or students to be engaged in secret research on University premises or using University facilities.

2. Certain kinds of research data in the custody of governments and other agencies are restricted in order to protect the privacy of individuals or private corporations. If the restriction is not such as to prevent the eventual use of the research undertaken by students or staff members for theses or publications, these restrictions are permissible. Such restrictions, as they relate to the use of research undertaken by students or staff members for theses or publications, should not exceed the delays set out in Regulation 3.

3. The University shall not accept requests from outside bodies for delays in publication in excess of one year. The Vice-Principal (Research and International Relations), however, shall have the right to agree to requests for delays up to two years in exceptional cases, for example, when patents are pending or intended. In the case of theses, the student shall agree in writing to such a delay before the request is considered.

4. All research contracts shall be negotiated by one of the University’s Research units reporting to the Vice-Principal (Research and International Relations), in association with the principal investigator.

5. Neither the name of the University nor that of any member of staff shall be used for publicity in connection with a research contract without the prior written approval of the Vice-Principal (Research and International Relations).

6. Titles to intellectual property arising out of a contract, the obligations and abilities of different parties to seek patents, and the payment of associated royalties, shall be defined by the terms of the contract signed by the University, following negotiation by the Office of Technology Transfer.

7. Existing University Regulations on Conflicts of Interest in Proprietary Research shall apply to research arising out of research contracts.

8. No one may use University premises, or publications under its control or jurisdiction, to recruit in any manner a member of the University community as a participant in medical testing or in clinical trials involving human subjects related to non-University research projects.

9. A research director or principal investigator shall not employ a relative, whether by blood, marriage, or union, in a position funded by his or her research grant, contract, or otherwise...
under his or her jurisdiction, without prior written approval of the Vice-Principal (Research and International Relations) and the relevant dean.

10. Applicants for contracts or grants whose source is a government military agency shall indicate on the Graduate Studies and Research check list/approval form whether this research has direct harmful consequences. Where the University so requires, the applicants shall furnish a written statement setting out the possibilities of direct harmful application and potential benefits of their research.

11. The primary responsibility for undertaking research conforming to these Regulations rests upon the researcher. The Vice-Principal (Research and International Relations) shall supervise the procedures to be followed by researchers in fulfilling their responsibilities under paragraph 10 respecting research contracts sponsored by government military agencies. The Vice-Principal (Research and International Relations) shall advise the Board of Governors on whether the proposed contract conforms to McGill's guidelines on research. The Board of Governors has final authority to approve these contracts.

12. The Vice-Principal (Research and International Relations) shall report to Senate, two years from their date of implementation, with respect to the general workings of the procedures and provide a summary of the decisions made.

Received by Senate, February 26, 1986, Minute 59
Approved by the Board of Governors, March 17, 1986, Minute 6053

Amendments Approved:
Board of Governors, September 15, 1986, Minute 6108 (Art. 8)
Board of Governors, October 20, 1986, Minute 6128 (Art. 9)
Amendments received by Senate, February 10, 1988, Minute 84 (Art. 10, 11 & 12)
Amendments approved:
Board of Governors, February 15, 1988, Minute 6323 (Art. 10, 11, & 12)

13.3 Policy on Student Involvement in Research

The following policy relates specifically to undergraduate and graduate students who are engaged in research as part of their university programs. Some sections also apply to those cases where an investigator enlists the services of an inexperienced person as assistant, technician, trainee, etc. in connection with a research project.

Health and Safety

1) It is the responsibility of the investigator to implement all possible measures that will ensure the health and safety of his/her research colleagues. Such measures include:

a) Strict adherence to the safety procedures set forth in the regulations of the building in which the research is being carried out.

b) Careful training of all new personnel in the correct usage of equipment and materials.

c) Provision of adequate protective clothing, first aid kits, etc. and their regular inspection.

d) Clear precautionary labelling of containers of hazardous materials.

2) Students, especially undergraduates, tend to have only temporary involvement with a research project and may be absent during routine safety drills. Particularly attention should be given to the instruction of each beginning student. Solitary work in laboratory containing potential hazards should be strongly discouraged. Research projects shall avoid a requirement for solitary after-hours work.

3) Where research projects involve the use of specially hazardous materials (e.g. radioactive, carcinogenic or poisonous chemicals) departments shall ensure that students have signed a statement that they have received and read appropriate health and safety information and shall forward such statements to the Building Director. [Refer to McGill University Manual of Radiation Safety, June 1984.]

4) In cases of emergency, both staff and students are required to follow instructions issued by the Building Director or delegate.

Academic Considerations

1) When a student assists in a research project, a clear distinction should be made between work for which the student is paid, and research training which contributes to the student's academic program.

2) As a general rule, paid work should not be considered eligible for credit towards an undergraduate course. In some departments, different arrangements have traditionally been held; in such departments open discussion should ensure that one policy is applied uniformly throughout the department and disseminated to students.

3) When a graduate student is assigned a salary or partial support by the investigator (e.g. from an operating grant or similar fund controlled by the investigator) a clear agreement should be made as to the duties expected of the student in conjunction with the investigator's own research project vis-à-vis the work contributing to the student's thesis.

Secrecy

1) When a student begins working with an investigator who may be funded in whole or in part by contracts, consulting agreements or grants from outside agencies, a clear agreement should be made at the outset as to the accessibility of research findings for publication.

McGill's Research Policy prohibits staff researchers from engaging in research which may not subsequently be communicated to the scientific community through the normal channels of meetings and publications. Although exceptions to this rule are occasionally permitted by the Vice-Principal (Research and International Relations), research projects assigned to students should be unrestricted and subject to the usual processes of thesis production and examination.

2) If at any time, during the program, the student's own research discoveries or those of other group members lead to a need for limitation on free communication, there should be full discussion by the whole group in concert with the administrative supervisor of the department, institute or faculty, of the reasons for such a proposal. In the event that a consensus is not reached, the matter shall be referred to the Vice-Principal (Research and International Relations) for resolution.

3) When a thesis has been completed and satisfactorily examined, the student may wish to delay its publication or deposition in the McGill and National Libraries for a short period. Such requests may be made, in writing, to the Graduate and Postdoctoral Studies Office. Delays of one, or in exceptional cases, two years may be approved.

Proprietary Research*

*Section 8, 9 & 10 of the Regulations Governing Conflict of Interest in Proprietary Research, November 1985.

1) The enterprise in which a member has an economic interest may not employ University students. However, such an enterprise may enter into contractual agreements to this effect with the University or be a partner with the University within a program of one of the granting agencies. Where such enterprise has made a grant, gift or donation to the University, no payment out of such grant, gift or donation shall be made to the interested member without prior approval of the Principal.

2) Members intending to acquire an economic interest in an enterprise shall inform all students who may be affected by their actions at the earliest possible date. Students shall immediately be free to seek the advice of the departmental Chair, the Dean of the Faculty, or the Dean of Graduate and Postdoctoral Studies.

3) Where students are employed by such enterprise, the member having an interest therein shall ensure that students who have
already done substantial work under their academic supervisor shall be able to continue in their chosen area of research. Where it is possible to differentiate between the project of the thesis student and that of the enterprise in such a way that the student may continue the thesis project unhampered, the Dean of Graduate and Postdoctoral Studies shall arrange for the appointment of a co-supervisor unconnected with the enterprise.

Responsibilities of the Student
Academic freedom brings responsibilities to students and staff alike. Students should realise that the good name and research reputation of the University and its professors rests in large measure upon the quality of research done by its students. Students, as members of the University, have the responsibility to follow the principles set out in the University Research Policy and in the regulations of the Graduate and Postdoctoral Studies Office.

Responsibilities of the University
1) The University shall inform students of all appropriate regulations and policies concerning research.
2) The University shall provide a safe research environment for student researchers.

13.4 Guidelines for Research Involving Human Subjects
All research involving human subjects conducted at or under the auspices of McGill University require ethics review and approval by a McGill Research Ethics Board (REB) or an REB of a McGill affiliated hospital or an REB recognized by a formal agreement with the University, before the research may begin. Research involving human subjects covers a wide range of activities, encompassing the humanities, the social and behavioural sciences, as well as the biomedical sciences. It may include, but is not limited to, projects where data are derived from: the collection of information through any interaction or intervention with a living individual; the secondary use of data previously collected from human subjects; identifiable private information about an individual; human remains, cadavers, human organs, tissues and biological fluids, embryos or fetuses. The researcher is responsible for consulting with the REB to clarify what types of activities must be reviewed and what exceptions may exist.

The requirement for ethics review and approval by a McGill approved REB applies to:
- all research conducted by or under the supervision of any member of McGill University, whether the research is funded or non-funded, or conducted on University premises or elsewhere.
- For the purpose of this document, a member of the University is defined as including academic and non-academic staff, sessional instructors, students, visiting or adjunct scholars, postdoctoral fellows, paid and unpaid research associates and assistants, and any person in a like position, when acting in connection with their institutional role. This applies to new faculty even though their current research may have received ethics approval at a previous institution.
- all student research projects conducted as part of a thesis or course requirements.
- pilot studies and feasibility studies.
- all research or subject recruitment conducted by organizations or individuals who are not members of McGill University while on University premises or using University facilities, equipment, or resources (including human resources).
- research that involves the use of the University’s non-public information to identify or contact human research subjects.

Researchers must be familiar with the McGill Policy on the Ethical Conduct of Research Involving Human Subjects which describes the administrative structures, procedures and requirements for the conduct of human subject research by McGill members. Researchers must refer to their designated REB for specific guidelines, submission deadlines, application forms, etc. All documents, including the Student Guide to Ethics Review for Human Subject Research, and information on each of the McGill REBs, can be found at www.mcgill.ca/research/compliance/human. Ethics approvals are only valid for a one-year period. Continuing review and approval is required annually for ongoing projects. If a project has been terminated, and ethics approval is no longer required, a termination form must be submitted to the REB. For further information the Research Ethics Officer can be reached at (514)398-6831.

13.5 Guidelines for Research with Animal Subjects
Policies
The Tri-council (CIHR, NSERC and SSHRC) has established policies requiring that all funded research involving animals complies with CCAC guidelines and policies, as well as applicable provincial laws. The Canadian Council on Animal Care (CCAC) requires that institutions conducting animal-based research, teaching or testing establish a functionally active Institutional Animal Care Committee governed by formal Terms of Reference that are defined in the CCAC Guidelines for the Care and Use of Experimental Animals.

The McGill University Animal Care Committee
The McGill University Animal Care Committee (UACC) is the University body responsible for ensuring the humane care and use of animals in research, teaching or testing. The Committee is responsible for ensuring University-wide understanding of, and compliance with, the applicable requirements concerning the procurement, care and use of animals at McGill University and its affiliated institutions. The University Animal Care Committee reports to the Vice-Principal (Research and International Relations). Its jurisdiction includes a) the teaching and research activities carried out on the premises or off-site of all persons in their capacity as faculty, staff or students of the University and its affiliated institutions b) all activities involving animals carried out on University/affiliated institution premises, using the facilities, equipment or resources, by individuals or organizations who are not formally affiliated.

Facility Animal Care Committees (FACCs) are established for each affiliated teaching hospital and their associated Research Institutes and each major University constituency using animals in research, teaching or testing. Each FACC ensures that all animals used in research, teaching or testing within its jurisdiction, are used and cared for in accordance with all applicable requirements.

The Office of Animal Research Ethics
The Office of Animal Research Ethics is responsible for the regulatory oversight of the Animal Care and Use Program at McGill University and its affiliated institutions. Their professional and clerical staffs provide information and services on all regulatory affairs, training and health and safety programs for technicians, students and academic staff.

The Animal Resources Centre
The Animal Resources Centre serves as the major centre of expertise in laboratory animal science and medicine for the animal-based research and teaching activities at McGill University and its affiliated hospitals. The Centre is responsible for advising on the care and use of experimental animals throughout the University and affiliated hospitals. Their professional, technical and clerical staffs offer a comprehensive range of services to all teaching and research programs using experimental animals. The Centre also provides training and consultation in methods of animal experimentation and in laboratory science for technicians, students and academic staff through workshops, and through individual instructions.

Procedures for Obtaining Approval of Research Projects
All animal-based research must be peer-reviewed and approved by the appropriate FACC prior to the acquisition of animals and the commencement of the research, testing or teaching program. To
permit review and approval by the FACC, a completed “Animal Use Protocol” form must be submitted at least two (2) months prior to starting a new project or to the expiration of an approved protocol. Animal Use Protocols are approved for a period of three (3) years and renewed annually. Any change in animal use procedures, research personnel, funding source or title, must be justified in an “Amendment Form” and approved by the appropriate FACC. All teaching projects, and those characterized as “Pain and Discomfort” level D will be referred to the UACC Animal Ethics Subcommittee for further review and approval. Research funds may be withheld by the University administration for programs that are in non-compliance with both University or CCAC guidelines and policies.

Forms can be obtained at www.mcgill.ca/research/compliance/animals/forms.

Health and Safety Program for Animal Related Activities
Activities involving the care and use of animals in research and teaching pose particular health risks not normally encountered in other activities. The magnitude of risk is dependent on the species involved and the nature of contact (direct or indirect) with animals, their tissues, excreta, body fluids, hair, animal cages and dander. In recognition of its responsibility to provide a safe working environment, McGill University has adopted a policy for protection of faculty, staff, and students from health risks which may result from working with animals or working in animal care activities. The program is optional but strongly suggested for all faculty, staff, and students working with lower species (rodents, fish, frogs, etc…). It is mandatory for all faculty, staff, and students working with non-human primates and sheep.

For further information, consult the following Website: www.mcgill.ca/research/compliance/animals/occupational.

Training of Animal Users
The CCAC has made training mandatory for faculty, staff, and students involved in animal-research, testing and teaching. Everyone listed in an animal use protocol must successfully pass the on-line McGill University course at www.animalcare.mcgill.ca. Additionally, all personnel who will be handling live rodents and rabbits need to take a hands-on workshop given at the animal Resources Centre or a UACC approved equivalent. For species other than laboratory rodents and rabbits, the person will need to have received training from an experienced person (who must meet approval by the Animal Care Committee). For farm animals, fish and wild animals, practical training is obtained through courses available at Macdonald Campus. Details can be obtained at www.animal-care.mcgill.ca/mactrain.htm. The approval of new Animal Use Protocols as well as renewals is conditional on personnel having the necessary training. Everyone listed in the personnel section needs to have passed the theory course and, if handling live animals, have passed the practical course specific to the species involved in the project.

For any further information, consult the UACC Website (www.mcgill.ca/research/compliance/animals) or contact the Office of Animal Research Ethics at (514)398-2387.

13.6 Policy on Intellectual Property

1. Principles and Objectives
This policy sets forth the rules applying to ownership, distribution, and commercial rights to intellectual property developed by McGill University academic staff, administrative and support staff and students, as well as procedures that govern the use and distribution of intellectual property.

The primary functions of the University are education, research, and dissemination and creation of knowledge. The University’s mission statement calls for “providing service to society in those ways for which we are well suited by virtue of our academic strengths”. The University affirms the principles of wide freedom of research and of free publication of the information generated. To carry on research solely or even primarily in anticipation of profits would be incompatible with the University’s objectives and primary functions. However, it must be recognized that Software or Inventions resulting from research often serve the public interest best when they reach the private sector under appropriate agreements and are protected by patents, if applicable. Even though some Inventions and Software may not be proper matter for intellectual property protection and are better disseminated through publication in learned journals, the University and the Inventor, in some cases, wish to promote their commercial development. The University and the Inventor should be allowed to benefit financially from transactions resulting from commercial development. The Intellectual Property Policy is therefore providing for the obligation for researchers to divulge inventions or softwares when commercial developments are anticipated as well as for a sharing mechanism for the benefits generated between McGill University and its researchers. As the University proceeds with helping researchers to commercialize their inventions, an assignment of rights will be required.

Intellectual property is the product of a cooperative relationship among academic staff, administrative and support staff, students, and the University and derives from the creative energies of the individual fostered by the academic community and the environment including infrastructure provided by the University. The Inventor and the University (and affiliated institutions) have a shared interest in the intellectual property. As hospitals and research centres affiliated with the University may have contributed to the resources and the environment that led to Inventions or Software, agreements between the University and its affiliated institutions will provide for proper recognition of the financial and other interests of all parties.

Since the University draws its operating and research funds in large measure from the governments of Quebec and of Canada, the commercial development of its Intellectual Property must, to the extent possible, result in benefits to Quebec and Canada. The University further recognizes that the presence of a vibrant, local, knowledge-based economy is beneficial to its members and wishes to contribute to its development.

The objectives of this policy are:
To serve the public interest by contributing to the development of useful and morally acceptable products, services, and processes;
To contribute, to the extent possible, to the socio-economic well-being of Quebec and Canada;
To ensure equitable returns to the University in support of its academic mission, to affiliated institutions, and to the Inventors;
To meet government and the public expectations with respect to putting to use University discoveries.

2. Definitions
For the purpose of this policy, the following definitions apply:
“Author” means an employee of the University, whether academic or administrative and support staff, or another physical person associated with the University, who has written or created a Work.
“Contract of Employment” means a contract by which a person undertakes to do work for remuneration, according to the instructions and under the direction or control of the University.
“Days” means calendar days, unless used in conjunction with a qualifying word indicating a different meaning.
“Electronic Research Material” or “ERM” means the electronic representation, in whole or in part, of an Invention or Software, and includes but is not limited to, digitized blue prints, programming source codes and executable programs.
“Field of Academic Research” means the particular areas of research in relation to which an Inventor has published Works, or has received funding, or has made Inventions or has developed Software, in the course of his or her academic duties at any time during the six years preceding the date of disclosure of an Invention or Software.
“Field of Academic Research and Teaching” means the fields in relation to which an Inventor has been teaching, and the particular areas of research in relation to which he or she has published Works, or has received funding or has made Inventions, or has
developed Software or Learnware, in the course of his or her aca-
demic duties at any time during the six years preceding the date of
creation of Learnware.
“Founder” means an Inventor who accepts a significant role in
the initial development phase of a spin-off company based wholly
or in part on his or her Invention or Software.
“Incidental Use” means a use that plays a minor role in, and is
not essential to, the development of an Invention or Software.
“Invention” means any new and useful process, formula, ma-
chine, manufacture or composition of matter, within the purview of
“Inventor” means any employee of the University, whether aca-
demic or administrative and support staff, who is defined as such
under patent legislation. In this policy, the term “Inventor” shall also
be used in reference to development of Software. The word “In-
ventor” shall also mean a physical person, such as a visiting pro-
fessor, an adjunct professor or a post-doc, temporarily working or
doing research at the University.
“Know-How” means a skill or ingenuity that is available or
known only to a limited number of persons, that is related to a li-
censed Invention or Software, and that is made known or available
under license to the licensee of that Invention or Software.
“Lead Inventor” means that member of a group of co-Inventors
designated by the group to act as its contact person with the Uni-
versity.
“Learnware” means Software designed for teaching purposes
that provides for interaction with the user, or makes use of a Multi-
timedia Product, or both. It includes technology-enabled learning
products in electronic format.
“Moral Rights” means non-commercial rights related to the right
to an Inventor to claim authorship and to protect the integrity of his
or her work.
“Multimedia Product” means a product where software allows
for interaction between the user and various media technologies
such as the reproduction of sound and image.
“Net Income” means all consideration. Including, without limiting
the generality of the foregoing, royalties, cash, equity, and options,
but excluding any and all consideration granted to a Founder in ac-
cordance with section 9.4, received by the Inventor(s) and the Uni-
versity from the sale, licensing, or other disposition of an Invention
or Software, less the costs specifically related to the protection, li-
censing, distribution, or commercial development of the Invention
or Software. Considerations include equity and options taken in
lieu of royalties.
“Net Total Income” means the sum of Net Income and of any
and all consideration granted to Founder in accordance with sec-
tion 9.4.
“Net Royalties” means all royalties, including, without limiting
the generality of the foregoing, any one time payment, milestone
payment or pass-through royalty, received by the Inventor(s) and
the University from the sale, licensing, or other disposition of an
Invention or Software, less the costs specifically related to the pro-
tection, licensing, distribution, or commercial development of the
Invention or Software.
“OTT” means the Office of Technology Transfer of McGill Uni-
versity.
“Software” means any set of instructions that is expressed,
fixed, embodied or stored in any manner and that can be used di-
icrectly or indirectly in a computer in order to bring about a specific
result.
“Tangible Research Material” or “TRM” means the tangible em-
bodyment of an Invention or Software, and includes but is not lim-
ited to biological materials, or physical devices.
“Work(s)” means literary, scientific, technical, dramatic,
musical, artistic, architectural work material and any original pro-
duction within the purview of the Copyright Act, with the exception
of Software.
3. Application of the Policy
This Policy does not apply to students of the University except
where: (a) they have contributed to a Work with one or more Au-
thors affiliated to McGill University; (b) they have contributed to an
Invention with one or more Inventors affiliated to McGill University
or they have created an Invention that they wish to develop with
the help of the University. Students who qualify under the above
exceptions shall be treated as Inventors.
4. Policy on Copyright
4.1 Copyright:
In relation to any Work, the Author owns defacto copyright. The
Author is entitled both to determine how the Work is to be dissem-
inated and to keep any income derived from the Work.
4.2 Exceptions:
Notwithstanding section 4.1, Copyright in a Work might not belong
to the Author if:
a) the Work was created as a result of research sponsored by a
third party pursuant to a written agreement with the University,
wherein copyright is determined by specific terms of the agree-
ment. Unless the terms of the agreement give ownership of
copyright to the third party, copyright is owned by the University
until all rights, such as a license or an option, granted to the
third party under the agreement have been exercised or have
become extinguished, at which point, the Authors becomes the
sole owner of copyright;
b) the Work was created pursuant to a formal agreement with the
University, wherein copyright is determined by specific terms of
the agreement;
c) the Work contains Software as the primary constituent.
4.3 License to University:
The University is automatically granted a non-exclusive, royalty-
free, irrevocable, indivisible and non-transferable license to use,
for its own academic purposes, all Works created by an Author:
(a) with University assistance; or (b) with the use of University
equipment, facilities, or resources; or (c) in the course of academic
duties or work in the course of study, research or teaching. This
license shall neither confer to the University commercial rights, nor
the right to reproduce published Works. The University shall not
disseminate Works in a way that would allow persons who are not
members of the University community to have electronic access to
them. For the purpose of this section, the University’s “own aca-
demic purposes” refers to research carried on at the University, by
professors, students and staff of the University, and teaching by
professors of the University to students registered at the Univer-
sity.
5. Policy on Software and Inventions
5.1 Ownership of Rights to Inventions:
Subject to sections 5.3 and 5.4, the Inventor and the University
jointly own the rights to Inventions created by an Inventor: (a) with
University assistance; or (b) with the use of University equipment,
facilities, or resources; or (c) in the course of academic duties or
work in the course of study, research, or teaching.
5.2 Ownership of Rights to Software:
Subject to sections 5.3 and 5.5, the Inventor and the University
jointly own the rights to Software created by an Inventor: (a) with
University assistance; or (b) with the use of University equipment,
facilities, or resources; or (c) in the course of academic duties or
work in the course of study, research, or teaching; and in the case
of Learnware, in the fields in which the Inventor has been teaching
and doing research at any time during the six years preceding the
date of creation of such Learnware.
5.3 Exception to Joint Ownership –
Administrative and Support Staff:
Notwithstanding sections 5.1 and 5.2, where the Invention or Soft-

ware was created by an Inventor who is a member of the adminis-
trative and support staff of the University, as a result of activities
covered by his or her Contract of Employment, the rights to such
Invention or Software are owned by the University.
5.4 Specific Exceptions Applicable to Inventions:
Notwithstanding section 5.1 and subject to section 5.3, the follow-
ing categories of Inventions are not jointly owned by the University
and the Inventor, and may be owned by the Inventor, the
University, a third party, or jointly by two or more parties, as the
case may be:
a) where developed in the course of research sponsored by a third party pursuant to a written agreement with the University, wherein ownership rights are determined by specific terms of the agreement. Unless the terms of the agreement give ownership of the Invention to the third party, such Invention is owned by the University until all rights, such as a license or an option, granted to the third party under the agreement have been exercised or have become extinguished, at which point the Invention becomes jointly owned by the University and the Inventor;

b) where developed in the course of a consulting agreement between the Inventor and a third party;

c) where made by an Inventor in a domain outside his or her Field of Academic Research, and where only Incidental Use has been made of University facilities and resources. The rights are then owned by the Inventor;

d) where made by an Inventor who is a member of administrative and support staff of the University, as a result of activities not covered by his or her Contract of Employment, and where only Incidental Use has been made of University facilities and resources. The rights are then owned by the Inventor;

e) where the University assigned its rights to the Inventor in accordance with section 8.4 of this policy. The rights are then owned by the Inventor;

f) where the Inventor assigned his or her rights to the University in accordance with section 7 of this policy. The rights are then owned by the Inventor.

5.5 Specific Exceptions Applicable to Software:

Notwithstanding section 5.2 and subject to section 5.3, the following categories of Software are not jointly owned by the University and the Inventor, and may be owned by the Inventor, the University, a third party, or jointly by two or more parties, as the case may be:

a) where developed in the course of research sponsored by a third party pursuant to a written agreement with the University, wherein ownership rights are determined by specific terms of the agreement. Unless the terms of the agreement give ownership of the Software to the third party, such Software is owned by the University until all rights, such as a license or an option, granted to the third party under the agreement have been exercised or have become extinguished, at which point the Software becomes jointly owned by the University and the Inventor;

b) where developed in the course of a consulting agreement between the Inventor and a third party;

c) where limited to the electronic form of a Work, or where it is ancillary to a Work. The rights are then owned by the Inventor;

d) works of art, including works of art expressed in multimedia format. The rights are then owned by the Inventor;

e) in the case of Software which does not constitute Learnware, where developed by an Inventor in a domain outside his or her Field of Academic Research, and where only Incidental Use has been made of University facilities and resources. The rights are then owned by the Inventor;

f) where constituting Learnware developed by an Inventor in a domain outside his or her Field of Academic Research and Teaching, where only Incidental Use has been made of University facilities and resources. The rights are then owned by the Inventor;

g) where developed by an Inventor who is a member of administrative and support staff of the University, as a result of activities not covered by his or her Contract of Employment, and where only Incidental Use has been made of University facilities and resources. The rights are then owned by the Inventor;

h) where the University has assigned its rights to the Inventor in accordance with section 8.4 of this policy. The rights are then owned by the Inventor;

i) where the Inventor assigned his or her rights to the University in accordance with section 7 of this policy. The rights are then owned by the University;

j) where constituting Learnware developed as part of a Web based course specifically funded by the University, the rights are then owned or apportioned in accordance with a written agreement between the University and the Inventor.

5.6 Disclosure:

Inventors are required to disclose to OTT those Inventions and Software described in sections 5.1, 5.2, 5.3, 5.4(a) and 5.5(a) that they wish to develop for commercial purposes before they are publicly disclosed. This disclosure is to be made to OTT, acting as the delegate of the Vice Principal (Research and International Relations), through a “Report of Invention” (“ROI”).

5.7 Moral Rights:

Inventors of Software may wish to defend their moral rights to their work. The University shall then provide appropriate advice and guidance to these Inventors.

6. Commercialization

6.1 Use of the word Inventor:

For the purpose of this section, except where otherwise specified in the text, the word Inventor shall, in cases where there are more than one Inventor, mean the Lead Inventor, or the Founder.

6.2 Decision of Inventors:

Inventors are not obliged to seek commercial development of their work, and the University will respect the decision of the Inventor not to commercialize his or her Invention or Software. Unless the Software is owned by a third party pursuant to section 5.5(a) or (b), or by the University pursuant to section 5.5(j), Inventors of Software are free to license or distribute it without profit, or to put it in the public domain so that it is easily accessible, as long as their plan to disseminate such Software is in accordance with guidelines developed, and from time to time updated by the Senate Committee on Technology Transfer for that purpose.

6.3 Preliminary Review:

OTT shall acknowledge receipt of the ROI. Within 30 days of receipt of the ROI, OTT shall meet with the Inventor to discuss the various options open to him or her regarding commercialization of the Invention or Software, and sources of information about those options. At the Inventor’s request, meetings with experienced University Inventors may also be arranged.

6.4 Cooperation between the Inventor and OTT:

Participation of both the Inventor and OTT in the decisions regarding the commercialization of an Invention or Software is essential to the development and implementation of a successful commercialization plan. The Inventor and OTT shall cooperate in the development of a commercialization plan which will serve the interests of both the University and the Inventor. Inventors shall not protect or commercialize Invention or Software independently of the University.

6.5 Commercialization Plan:

Within 90 days of receipt of the ROI, or a longer delay if accepted by all parties, OTT and the Inventor will prepare a mutually acceptable commercialization plan outlining the options to be considered for the development of the Invention or the Software. The plan will be prepared in the spirit of this policy and will address matters such as the need for further evaluation, additional research, intellectual property protection, seed funding, potential sources of financing, as well as delays. The plan shall outline the responsibilities of OTT and the Inventor in the commercialization process. The commercialization plan may result in the assignment to the Inventor of the rights of the University in the Invention or Software, under section 8.4. Should OTT and the Inventor fail to agree on a mutually acceptable commercialization plan, the matter shall, at the Inventor’s choice be resolved through the dispute resolution and appeals processes, pursuant to sections 10 and 11, or be resolved through the assignment of the Invention or Software to the Inventor pursuant to section 8.4(e).

6.6 Use of Invention or Software:

In cases where the University and the Inventor have divergent ethical concerns in relation to the use of the Invention or Software by third parties, the matter will be resolved in accordance with the
mechanisms and procedures outlined in sections 10 and 11 of this policy.

6.7 Negotiation of Transaction:
Except for cases where the rights have been assigned to the Inventor under section 8 of this Policy, and except in respect of a Founder, OTT shall be responsible for the implementation of the commercialization plan, including, without limiting the generality of the foregoing, the negotiation of any and all agreements with third parties.

6.8 Documentation:
The Inventor shall execute any document reasonably required for the purpose of protecting the Invention or Software and furthering its commercial development.

6.9 Protection of Intellectual Property:
The University may seek patent protection or copyright registration of the intellectual property underlying the Invention or Software as appropriate. It does not seek protection for Inventions or Software that, in its judgment, do not have significant commercial potential. The University ceases to pursue protection of intellectual property where successful commercial development seems unlikely. Except as otherwise provided in this Policy, the cost incurred in the protection of intellectual property is borne by the University.

6.10 Alternate Arrangements:
Whenever appropriate, and provided they do not represent undue risk or generate unreasonable expenses for the University, OTT will consider proposals from the Inventor(s) aimed at lawfully minimizing the impact of income tax legislation for the Inventor(s).

6.11 Expenses:
In circumstances where the rights to the Invention or Software are assigned to an Inventor under section 8.4(c) or 8.4(e), all costs incurred by OTT in the protection of the intellectual property shall be borne by such Inventor, and reimbursed to OTT within a reasonable period of time.

6.12 Learnware:
OTT shall consult the Vice-Principal (Information Systems and Technology) in cases involving Learnware.

6.13 Tangible Research Material:
Tangible Research Material ("TRM"), may be distributed for academic purposes under agreements forbidding transfer to third parties. Where TRM is distributed for academic purposes, OTT charges recipients only costs related to reproduction, shipping, and handling. Where commercial development is envisaged, or where TRM is received from, or transferred to, a commercial entity, contracts concerning distribution or receipt of TRM are made through OTT.

6.14 Electronic Research Material:
Electronic Research Material ("ERM") may be distributed for academic purposes under agreements forbidding transfer to third parties. Where ERM is distributed for academic purposes, OTT charges recipients only costs related to the reproduction, shipping, and handling. Where commercial development is envisaged, or where ERM is received from, or transferred to, a commercial entity, contracts concerning distribution or receipt of ERM, including but not limited to, physical transfer on a storage medium, and electronic transfer via fax, telephone or Internet, is made through OTT.

7. Assignment of Rights

7.1 Assignment:
Except in cases where the rights of the University are assigned to the Inventor(s) under section 8.4, all rights to Inventions or Software that an Inventor wishes to develop for commercial purposes shall be assigned by the Inventor(s) to the University within 30 days of completion of the commercialization plan, at the latest. Except for moral rights where they exist, which shall remain with the Inventor, the University shall then become the sole owner of all rights to the Invention or Software.

8. Decision not to Commercialize and Transfer of Rights to Inventor

8.1 Decision not to Initiate Commercial Development:
After an Invention or Software is disclosed to the University, OTT shall decide whether it will pursue commercialization of such and shall inform the Inventor of its decision within 90 days of receipt of the Report of Invention. Should the Inventor disagree with that decision, he or she may, in writing, refer the matter to the Vice-Principal (Research and International Relations), who will accept or reject the OTT recommendation and promptly communicate his or her decision to the Inventor(s).

8.2 Decision to Stop Commercial Development:
Once commercial development of an Invention or Software has been initiated, OTT may at some point in time decide to cease efforts toward commercial development. Should the Inventor disagree with that decision, he or she may, in writing, refer the matter to the Vice-Principal (Research and International Relations), who will accept or reject the OTT recommendation and promptly communicate his or her decision to the Inventor(s).

8.3 No Appeal:
Notwithstanding section 6.5, a decision made by the Vice-Principal (Research and International Relations) not to initiate commercial development under section 8.1, or to stop on-going commercial development under section 8.2, shall be final and shall not be subject to Appeal under section 10 of this policy.

8.4 Transfer of Rights:
The University shall assign its share of the rights to Inventions or Software to the Inventor(s) in the following cases. In such cases the Inventor(s) shall then become the sole owner of the rights to the Invention or the Software.

a) The University declines to pursue commercialization, or
d) The Inventor(s) wish to develop Software for the purpose of putting it in the public domain so that it is easily accessible, and
b) The University has been unsuccessful in commercializing the Invention or Software within a reasonable period of time;
c) The University and the Inventor(s) agree that the Inventor(s) can successfully commercialize the Invention or Software independently of the University. In such a case, the Inventor(s) shall use best efforts to ensure benefits to Quebec and to Canada. Written approval of the Vice-Principal (Research and International Relations) shall be obtained by the Inventor(s) before he or she enters into any commercialization agreement, including, without being limited to, a license agreement, a shareholders agreement and an option agreement, that place the Inventor(s) in a situation of potential conflict of interest, in particular in the case of an agreement with an enterprise in which the Inventor has a substantial interest;
d) The Inventor(s) wish to develop Software for the purpose of licensing or distributing it without profit, or for the purpose of putting it in the public domain so that it is easily accessible, and

e) OTT and the Inventor(s) have failed to agree on a mutually acceptable commercialization plan, and the Inventor(s) has chosen not to take advantage of the dispute resolution mechanisms contained at sections 10 and 11. In such a case, the Inventor shall use best efforts to ensure benefits to Quebec and to Canada. Written approval of the Vice-Principal (Research and International Relations) shall be obtained by the Inventor(s) before he or she enters into any commercialization agreement, including, without being limited to, a license agreement, a shareholder agreement and an option agreement, that places him or her in a situation of potential conflict of interest, in particular in the case of an agreement with an enterprise in which the Inventor has a substantial interest.

8.5 Documentation:
Whenever rights are assigned to the Inventor under section 8.4, the University shall execute any document reasonably required for
the purpose of protecting the Invention or Software and furthering its commercial development.

8.6 Inventor with a Private-Sector Affiliation:
Where an Invention or Software is developed by an Inventor who is receiving a salary from a private-sector enterprise for the purpose of working at the University, the University will consider licensing the private-sector enterprise to use such Invention or Software on terms that will take into account the University’s relative contribution.

9. Revenues

9.1 Sharing of Income:
Net Income derived from the commercialization of Inventions or Software shall be shared between the Inventor(s) and the University on the following basis:

9.1.1 Commercialization by the University:
In the case where the University is responsible for the commercial development of the Invention or Software, the first $10,000 of Net Royalties shall accrue to the Inventor. Of the balance of Net Income, 60% shall go to the Inventor(s) and 40% shall go to the University.

9.1.2 Commercialization by the Inventor(s):
In the case where the University assigns the rights to the Inventor(s) under section 8.4, and the Inventor(s) is responsible for the commercial development of the Invention or Software, Net Total Income shall be apportioned as described below:

a) Royalties: Of the first $100,000 of Net Royalties, 80% shall go to the Inventor(s) and 20% shall go to the University. Of any Net Royalties above $100,000, 70% shall go to the Inventor(s) and 30% shall go to the University.

b) Equity, Options and Other Consideration: Of the balance of Net Total Income, 70% shall go to the Inventor(s) and 30% shall go to the University.

9.1.3 Multiple Inventors:
In cases covered by section 9.1.2, and where it is required by the conditions of the market specific to the transaction being contemplated, the University will consider reasonable proposals aimed at agreeing on an equitable sharing of Net Total Income different from that provided in said section.

9.2 Allocation of University’s Share of Income:
In respect of royalties, the University’s share of income shall be apportioned as follows: 25% to central administration, 25% to the faculties of the Inventors, 25% to OTT, and 25% to graduate fellowships. In respect of equity in the share capital of a company, the University’s share of income shall be divided among central administration, the faculty(ies) of the Inventor(s), OTT, and research and fellowships on the basis of the following formula. In respect of equity, the share of central administration shall be earmarked for special projects that are not covered by the general budget of the University.

9.3 Multiple Inventors:
In cases where there is more than one Inventor, the Lead Inventor shall provide OTT with an agreement, signed by all Inventors, covering the distribution of each Inventor’s share of the Net Income. The Lead Inventor is responsible for the identification of all Inventors, including students.

9.4 Founders:
A Founder of a spin-off company may receive equity (shares or options) over and above his or her share of Net Revenues as an Inventor under this policy.

9.5 Sharing with Other Academic Institutions:
Where an Invention or Software is developed wholly or in part by an Inventor during a temporary stay at another academic institution, or by an individual from another academic institution on a temporary stay at the University, or jointly by an Inventor working at the University and a member of another academic institution working at the other institution, rights to such Invention or Software and Net Income shall be shared between the University and the other academic institution, taking into account the policies of both institutions. The sharing of Net Income will normally take into account the relative contributions of the individuals and their institutions. If the other academic institution is a research institute affiliated with a McGill teaching hospital, the sharing of ownership and Net Income shall be governed by agreements in place between the University and its teaching hospitals.

9.6 Exception:
Inventions or Software resulting from activities carried out by an Inventor who is a member of administrative and support staff under a Contract of Employment are excluded from this section, unless there is a written agreement to the contrary between such Inventor and the University.

10. Dispute Resolution
Any dispute with respect to the application of this policy shall be referred to the Vice-Principal (Research and International Relations) under this section. All material relevant to the dispute shall be provided to the Vice-Principal by all parties to the dispute, within 10 working days of the day on which the matter is referred to him or her. The Vice-Principal shall invite comments by interested parties that shall be free to consult with experts, if required. All information provided to experts by the Vice-Principal shall be treated as confidential by such experts. The Vice-Principal shall share the opinion of the expert with all interested parties and shall invite them to comment within a fixed delay. The Vice-Principal shall promptly advise the parties in writing of his or her decision in the matter.

11. Appeals
11.1 Intellectual Property Appeals Committee:
There shall be an Intellectual Property Appeals Committee that shall hear appeals from decisions of the Vice-Principal (Research and International Relations) or his delegate. The Intellectual Property Appeals Committee shall consist of 6 members appointed for three-year terms commencing September 1st, staggered, and 1 student member, appointed for a term of one year.

11.2 Appointment of Committee:
11.2.1 Prior to the 1st day of April each year, the President of the McGill Association of University Teachers or the President’s designate and the Principal or the Principal’s designate shall submit to the Senate Nominating Committee a jointly approved slate of names of academics and members of administrative and support staff of the University and/or Board members. This slate shall include at least one and a half times as many names as there are vacancies on the Intellectual Property Appeals Committee to be filled that year.

11.2.2 Prior to the 1st day of April of each year, the Executive Chairperson of the Post-Graduate Students’ Society of McGill University, and the Principal or the Principal’s designate, shall submit to the Senate Nominating Committee a jointly approved list of two names of graduate students, and the name of one undergraduate student.

11.2.3 From the slate proposed under section 11.2.1, and except in respect of the vacancy created by the end of the term of the student member, the Senate Nominating Committee shall strike a panel of nominees equal to the number of vacancies to be filled and shall also designate the chair and vice-chair of the Intellectual Property Appeals Committee. The Intellectual Property Appeals Committee shall include academics involved in teaching or research in a suitably broad range of those disciplines generally generating commercialization projects. The Senate Nominating Committee shall also recommend the appointment of one student member from the slate proposed under section 11.2.2.

11.2.4 The chair and vice-chair shall be persons qualified by education and experience to make decisions on matters that may be submitted to the Intellectual Property Appeals Committee.
11.2.5 The panel thus struck shall be submitted to Senate and to the Board of Governors for approval.

11.2.6 In the event of rejection of the panel in whole or in part by Senate or the Board of Governors, the procedure set out in sections 11.2.1 and 11.2.2 shall recommence.

11.3 Hearing Subcommittee

11.3.1 The Hearing Subcommittee shall be composed entirely of members of the Intellectual Property Appeals Committee and shall include: i) the chair or vice-chair; ii) one member selected by the Vice-Principal (Research and International Relations); and iii) one member selected by the party who has brought an appeal before the Intellectual Property Appeals Committee.

11.3.2 If the Vice-Principal (Research and International Relations) and the party who brought the appeal submit the same name, the chair shall choose that person and one other member of the Intellectual Property Appeals Committee to form the Hearing Subcommittee.

11.3.3 In the event that a vacancy occurs in the Hearing Subcommittee, the party who nominated the member in respect of whom such vacancy occurred shall forthwith nominate a replacement. In the event that the vacancy occurs in respect of the chair or vice-chair, the one shall replace the other, if available; if not available, the replacement shall be chosen by lot from the remaining members of the Intellectual Property Appeals Committee.

11.3.4 The members of the Hearing Subcommittee shall not be informed of the identity of the party who nominated them.

11.4 Conflict of Interest:

No member of the subcommittee shall sit in a particular instance if that person: a) is a member of the same department (or, in a faculty without departments, of the same faculty) as the party who is bringing an appeal; or b) is in a position of conflict of interest.

11.5 Notice of Appeal:

Subject to section 8.3, a party to a dispute may appeal the decision of the Vice-Principal (Research and International Relations) or his or her delegate within 5 working days of receipt of such a decision, by filing a written notice of appeal with the Office of the Secretary-General. Within 10 working days of filing of the notice to appeal, the appellant shall file all relevant documentation and representations with the Office of the Secretary-General. The appellant shall notify the Vice-Principal (Research and International Relations) and all other parties having an interest in the outcome of the dispute of his request to appoint a Hearing Subcommittee, and shall promptly provide them with a copy of the notice to appeal and all documentation and representations filed with the Office of the Secretary-General.

11.6 Dispute on Commercialization Plan:

Where the dispute submitted to the Hearing Subcommittee concerns the commercialization plan, the parties shall file with the Hearing Subcommittee the plans they are proposing. The Hearing Subcommittee shall have jurisdiction to decide which of the commercialization plans should be implemented. The Hearing Subcommittee shall also have the power to propose an alternative commercialization plan, in which case it shall indicate which of the parties shall be responsible for its implementation.

11.7 Secretary:

The Office of the Secretary-General shall provide a secretary for the Intellectual Property Appeals Committee.

11.8 Hearing and Decision:

The Hearing Subcommittee shall conduct the appeal in a manner consistent with principles of natural justice and shall ensure that all parties having an interest in the outcome of the decision have an opportunity to make representations and shall render a decision within 15 working days of its constitution, unless the parties consent in writing to a longer delay.

11.9 Advisors:

A party to the appeal has the right to be assisted by a member of the University community who has agreed to act in an advisory capacity to that party. The advisor shall receive no remuneration for acting as an advisor.

11.10 No Further Appeal:

The decision of the Subcommittee shall be final and binding upon all parties.

11.11 Reports:

The Intellectual Property Appeals Committee shall report annually to Senate on the administration of the procedures described here.

12. Enforcement

Acceptance of this policy is a condition of employment by the University, or engagement as a visitor in any University program. Students registered at McGill are also bound by this policy. This policy also applies to academic staff or administrative and support staff on sabbatical leave or leave of absence unless the host institution or company has rules which preclude the application of this policy and the University agrees in writing to other arrangements.

The University, Inventors and Authors shall execute all documents, forms, and agreements reasonably required to give full effect to this policy.

The policy shall apply to any and all Work, Invention, and Software disclosed after the date fixed for implementation of this policy.

13. Review

Every year, OTT shall report to the Senate Committee on Technology Transfer on the application of this policy. The Senate Committee on Technology Transfer shall review the report presented by OTT and make any recommendation it deems appropriate to Senate for possible forwarding to the Board of Governors.

The Senate Committee on Technology Transfer shall also review this policy at intervals of no more than two years commencing from the date of its implementation and report to Senate on the results of its review.

Approved by the Board of Governors - May 30, 2001

Date of Implementation - May 31, 2001

13.7 Regulations Governing Conflicts of Interest in Proprietary Research

The present regulations shall apply to all members of the University including academic, administrative and support staff and, where appropriate, students (hereinafter collectively referred to as "members"), and shall constitute part of the formal relationship between the member and the University.

A member shall fully disclose his/her interest, the extent of his/her time commitment, and the nature and scope of his/her activity in relation to any direct or indirect economic interest the member or his/her family may have or acquire in any enterprise to develop the research findings. Disclosure shall include but not be limited to any beneficial interest in the enterprise, be it a sole proprietorship, joint venture, partnership or corporation or being where the member acts as officer or director of a corporation, consultant, or member of a scientific advisory board. Such disclosure shall be made in writing to the member's Department Chair or Director of School, Institute or Research Centre (who shall make it available to interested departmental colleagues); to the Dean of his/her Faculty; and to the Vice-Principals (Academic) and (Research and International Relations) prior to the commencement of the activity and annually thereafter.

If the member has any interest which could lead to a conflict of interest and if the member is a University administrator having control over positions and funds, the member shall resign the administrative post unless written permission to continue is obtained from the Vice-Principals (Academic) and (Research and International Relations). No member may alone approve payment from University or University administered research funds for any services or materials directly related to the proprietary research or enterprise in which he/she has a direct or indirect economic interest.

For the purposes of the present paragraph, a University administrator is defined as a Departmental Chair; a Director of a School, Institute or Centre or other academic unit; a Dean; a Vice-Principal; or the Principal.
If the commitment and activity to be given in relation to the enterprise are likely to interfere with academic duties, the member shall consult the relevant department Chair and Dean regarding the advisability of taking a leave of absence or converting to a part-time appointment at the University. Discussions to this end may be initiated by any of the interested parties.

When a member wishes to develop an invention or discovery or to become involved directly in the commercial application of research findings, he/she shall follow the University Inventions and Patents Policy and thereafter will maintain a clear distinction between University activities and participation in the promotion and commercial development of that invention or patent.

If the University intends to lease space within a Department, School, Institute, Centre or other academic unit to an enterprise (including one in which a member has an economic interest), the conditions of such lease arrangements shall be made known by the Chair, Director or Dean to the Faculty members in the Department, School, Institute, Centre or other academic unit before the lease is signed. Such leases shall be concluded in accordance with existing University by-laws on property leases. Lease arrangements shall be made in the best interests of teaching and research as determined by the Chair or Director and the Dean.

When a member uses his/her research for a commercial enterprise on or off-campus, University administrators, academic staff and support staff may not be employed in the service of such enterprise during University working hours as established by the relevant faculty or department nor allow interference with their University duties.

Use of University equipment by the staff of the commercial enterprise shall be limited to such use as is justified by the specialized nature of the equipment and shall be clearly defined in an agreement with the University, approved by the Chair of the relevant department, the Dean, and the appropriate officer in the Vice-Principal (Research and International Relations) office. The use of equipment originally purchased from external funding agencies will be regulated both by the policies of such agencies and appropriate University regulations.

The enterprise in which a member has an economic interest may not employ University students. However, such an enterprise may enter into contractual agreements to this effect with the University or be a partner with the University within a program of one of the granting agencies.

Where such enterprise has made a grant, gift or donation to the University, no payment out of such grant, gift or donation shall be made to the interested member without prior approval of the Principal.

Members intending to acquire an economic interest in an enterprise shall inform all students who may be affected by their actions at the earliest possible date. Students shall immediately be free to seek the advice of the Departmental Chair, the Dean of the Faculty, or the Dean of Graduate and Postdoctoral Studies.

Where students are employed by such enterprise, the member having an interest therein shall ensure that students who have already done substantial work under their academic supervisor shall be able to continue in their chosen area of research. Where it is possible to differentiate between the project of the thesis student and that of the enterprise in such a way that the student may continue the thesis project unhampered, the Dean of Graduate and Postdoctoral Studies shall arrange for the appointment of a co-supervisor unconnected with the enterprise.

No attribute of or reference to the University or any of its officials, affiliated colleagues, associations or organizations, including the name or insignia shall be used to promote the enterprises of members, except where required by law.

Where members acquire an interest in enterprises set up by their colleagues, they do so as private individuals, and may not permit their official University positions to be used for publicity, endorsement or advertising purposes except where required by law.

Approved by Senate, April 3, 1985, Minute 75
Approved by Board of Governors, November 18, 1985, Minute 5922

13.8 Safety in Field Work

This policy has been established in light of the fact that research and teaching activities performed outside of the University’s geographical boundaries may involve particular risks to the participants. It must be recognized that the risks associated with the work performed, the availability of University support services, the level of supervision, accessibility to emergency services, and local government legal requirements may differ significantly from activities carried out on University premises. Reasonable efforts must be made to ensure that all policies pertaining to the safety of University staff and students be used as minimum standards for field work.

The responsibility for ensuring these standards are considered rests on all persons who participate in the teaching and research activities in the field. The University expects those persons who directly supervise and carry out teaching and research in the field to inform the participants of these standards.

The following factors must be considered before undertaking field work:

i) the state of health and immunization of all participants;
ii) the risks associated with the work performed and the potential for contact with chemical, physical and biological agents;
iii) the procedures for responding to accidents involving injuries, damage to property and equipment, and spills or leaks of hazardous materials;
iv) the availability of first aid care and supplies, and access to emergency medical treatment;
v) the environmental impact of the work performed;
v) the local government legal requirements related to safety;
vii) the provision of training for all participants in field work regarding the risks associated with such work and the applicable safety measures.

Insurance Considerations for Field Work

Introduction

The following is a brief outline of the types of insurance which should be considered when undertaking field activities. Included is a description of the various policies which the University maintains, as well as additional coverages which are available through separate placement as necessary. For practical reasons, these descriptions are necessarily general, and any specific questions should be directed to the Risk Management and Insurance Department (398-6251).

Property Insurance

Direct physical loss or damage to University-owned equipment and materials are insured under a master policy which covers most situations of fortuitous property loss while located on University property. Coverage for the equipment when removed from University premises is available by contacting the Insurance Office. This coverage can extend to non-owned equipment as well.

Personal property of staff or students is not insured by the University. If desired, individuals should make separate arrangements in order to cover against loss.

Liability Insurance

The purpose of liability insurance is to protect against lawsuits arising from accidental or unintended occurrences to someone else’s person or property. The University’s Comprehensive General Liability Policy covers all faculty, staff and students while they are performing any activity pertaining to their academic and/or employment duties, including field activities. This policy will defend and indemnify against losses which arise by reason of liability imposed by law.

This policy applied on a worldwide basis and insures specifically against bodily injury, personal injury, death or damage to the property of others. It includes the personal liability of an individual insofar as the conduct which caused the loss was part of the individual’s employment or academic duties.
Automobile Insurance
When using automobiles or similar vehicles for field work purposes, special care must be taken to comply with local laws and regulations. The University is unable to provide insurance for vehicles outside Canada and the United States, even though rented or purchased in the University’s name. As a result, insurance coverage must be arranged locally to comply with jurisdictional requirements.

When renting vehicles or a short-term/worldwide basis, it is recommended that the Collision Damage Waiver (CDW) be declined in all cases where the corporate American Express card is used as payment. However, third party liability insurance is not considered optional coverage and should form part of the general rental costs. It would be prudent to confirm this fact.

Accident Insurance for Visitors and Students
The University can provide limited Accidental Death and Disability Insurance, including emergency medical coverage, not only for visitors to Canada, but also for students travelling outside Canada. Specific arrangements should be made by contacting the Risk Management and Insurance Department.

Miscellaneous
Certain research situations require special insurance arrangements. The following is a listing of some of the special cases:

1. Use of aircraft: When leasing or chartering aircraft, special liability policies need to be arranged (this does not apply to passage on commercial aircraft).
2. War zones: Insurance policies generally have exclusions in some form regarding war risks, political insurrection, terrorism, etc., which require special policy placements.
3. Marine research: Trips involving ocean-going activities also necessitate special handling.
4. Cash: Whenever possible, it is recommended that credit cards or traveller cheques be used as opposed to carrying significant amounts of cash.

Operational By-laws on International Research and Cooperation Contracts
The Board of Governors has approved operational by-laws on International Research and Cooperation Contracts.

The Risk Management and Insurance Department should be contacted during the development stage of the project, and prior to the signature of the contract for the following reasons:

1. To ensure that the scope of liability contractually acquired does not supersede the limits of existing insurance programs.
2. To review and establish what forms of local (foreign) insurance are necessary where representatives of the University are established on a long-term or permanent basis in a host country.

In closing, although it is important to include insurance protection for all field situations, common sense and practical considerations for eliminating or reducing risks should always take precedence. While this document provides some general guidelines, please be aware that there are restrictions and exclusions in all insurance policies which may affect coverage. It is strongly recommended that all research supervisors refer specifically to the Risk Management and Insurance Department for clarification of University insurance coverage, and any assistance in arranging whatever special additional coverage may be required.

13.9 Procedure to Obtain Research Support

When a member of the University staff wishes to undertake research involving the use of the University’s facilities, or when the funds are to be used to support activities in which students or Postdocs are to be engaged as part of their educational experience, the University considers the activity to be part of its pattern of research. They should refer to guidelines on “Procedures Concerning Research Support - Part II” of the Guide to Sponsored Research at McGill University available on the Web at www.mcgill.ca/research-policies sponsored or contact the Office of the Vice-Principal (Research and International Relations) at (514) 398-3991.

13.10 Research Grants Office (RGO)

The Research Grants Office is a centralized office that acts as liaison between McGill researchers and external granting agencies/sponsors. RGO is responsible for providing information on sources of funding to the research community at large; assisting principal investigators in identifying research funding opportunities; maintaining and expanding the GENIUS database of research expertise at McGill and its affiliated hospitals; assisting faculty in the preparation and submission of applications; assuring compliance by the University with sponsors’ policies and requirements; interpreting for faculty the regulations of the granting agencies; clarifying University policies and procedures for faculty and sponsors; and negotiating the terms and conditions of awards, whenever required.

The Research Grants Office authorizes the Research and Restricted Funds Office to open, renew and revise all internal and external research grant funds, after verification that all required information is on file and complies with the University and Agency policies, regulations and procedures. RGO is also responsible for preparing the annual SIRU report on research funding on campus and at the affiliated hospitals for reimbursement of indirect costs from the Quebec Government. The Office is also responsible for producing annual research statistics for the University, granting agencies, government officials, etc.

It also administers all Internal Research Grants Programs of the Office of the Vice-Principal (Research and International Relations).

13.11 Office of Technology Transfer (OTT)

The Office of Technology Transfer provides liaison and administrative services to researchers at McGill University and its affiliated hospitals. OTT is charged with the administration and management of research contracts and intellectual property, including its early-stage protection and commercialization. OTT actively promotes and supports mutually advantageous commercial and research relations between McGill researchers and industry, government, and other organizations, both nationally and internationally. The Technology Transfer Officers at OTT are highly-educated professionals who are ready to assist McGill researchers with all aspects of technology transfer. Many are Ph.D.’s with extensive backgrounds in both research and the world of business.

OTT’s services are focused in three major areas.

1. Research Contracts
OTT assists in negotiation and monitoring of contractual arrangements with government, private industry, and non-profit organizations. It assures that existing guidelines, principles, and policies (established by contracting agencies, and the McGill Senate and Board of Governors) are followed. Researchers should contact OTT while drafting their research proposals to ensure that budgetary requests include all legitimate cost items and are consistent with existing overhead rates. Consult the OTT Website, particularly “FAQS”, “Services”, and “University policies”.

2. Protection of Intellectual Property
According to McGill’s policy, researchers should promptly disclose any invention where commercial potential is contemplated. When a Report of Invention is disclosed to OTT, it conducts an assessment of the invention’s commercial value. In consultation with the researcher, OTT decides whether protection through patent or copyright is warranted. OTT develops a commercialization plan in collaboration with the researcher, indicating all steps involved in the protection process.

3. Commercialization of Intellectual Property
OTT promotes technology transfer and the commercialization of innovations and inventions that have promising potential. It also assists entrepreneurial researchers through licensing and contract
arrangements with industry. In carrying out its mandate, OTT follows the procedures outlined in the McGill Intellectual Property Policy.

OTT services are available to researchers (academic, non-academic, and students) in all areas of the University and its affiliated hospitals. The main office is located at 3550 University Street. In addition, field offices are located in the affiliated hospitals and on both campuses.

Telephone: (514) 398-4200 Fax: (514) 398-1482 Website: www.mcgill.ca/ott

13.12 Office of International Research (OIR)
The Office of International Research (OIR) plays a strategic role within McGill University in assisting and enhancing international collaborations and outreach. International research and development projects fall under the responsibility of the Vice-Principal (Research and International Relations), who mandates OIR to act as the authorized representative of the university and to assure that existing guidelines, principles and policies are followed.

OIR provides assistance from project inception to completion by supporting faculty members across McGill’s two campuses in all their international activities ranging from fundamental and applied research collaborations, capacity building projects and faculty travel grants to the delivery of teaching programs abroad.

OIR has four main areas of responsibility:
1. Liaison with funding agencies and promotion of the university’s international activities and profile to domestic and foreign partners;
2. Coordination and guidance during the preparation of proposals in highly competitive calls;
3. Leadership in negotiating contractual terms and conditions with project partners and sponsors; and
4. Operational and financial oversight of McGill’s international projects. This monitoring and advisory function ensures efficient management and allows project teams to dedicate themselves to the academic aspects of their international project.

The Office identifies new and non-traditional sources of funding and has been very successful in diversifying the pool of donors supporting international activities at McGill. It is also responsible for reviewing and establishing general memoranda of understanding.

Office of International Research, 1555 Peel Street, 11th floor, Telephone: (514) 398-4197 Fax: (514) 398-6878 E-mail: francois.carrier@mcgill.ca Website: www.mcgill.ca/international

13.13 Postdocs
See section 9.1 “Postdocs” for information on Postdoctoral Research.

13.14 Research Associates
A Research Associate is a senior career researcher who usually works independently, in most cases has a Ph.D. or equivalent, and is often supported directly by outside granting agencies.

13.15 Academic Trainees
Academic Trainees are persons working, for or without remuneration, to perfect their skills.

Academic Trainees are invited by the University to conduct their activities on campus under academic supervision, and are typically from industry or on an exchange.

“Academic Trainee” is not a work or employee classification; rather it is closer to “stagiaire” in French, a person who is carrying out a “practicum”. Academic Trainees are not registered as students, postdocs or graduate students at McGill or elsewhere, but are pursuing further training in their field of expertise. They may not be given other duties/positions at McGill during this period. Academic Trainees must normally provide proof of an existing affiliation and written confirmation that a further training period is required. The nature and duration of the training period must also be specified. The training period is of short duration.

The following are excluded from this classification:
- Research Employees: those employed on grants are classified as research assistants, research associates or academic students.
- Graduate Students: any person registered at another institution in a graduate degree program (whether or not he/she is carrying out research at McGill as part of that graduate program) must register as a Visiting Research Student.
- Postdocs: anyone eligible or no longer eligible to be a postdoc at McGill as defined by the Ministry of Education regulations.

Please note that in the body of this Calendar, awards are listed alphabetically by their complete official names. In the index, awards are listed alphabetically by family name of benefactor if applicable.

All efforts have been made to ensure the accuracy of information in this Calendar. However, it is ultimately the responsibility of fellowship and award seekers themselves to verify program deadlines and requirements with the source agencies.

The Graduate and Postdoctoral Studies Office, Fellowships and Awards Section cannot be held responsible for any errors or omissions, but would appreciate being informed of these, for correction or addition in the next edition.

The University reserves the right to make changes without prior notice to the information contained in this Calendar, including alteration of conditions and values of awards.
FINANCING GRADUATE EDUCATION

1 Graduate and Postdoctoral Studies Office, Fellowships and Awards Section

1.1 Location

Graduate and Postdoctoral Studies Office
Fellowships and Awards Section
James Administration Building, Room 400
845 Sherbrooke Street West
Montreal, Quebec H3A 2T5 Canada
Telephone: (514) 398-3990
Fax: (514) 398-2626
E-mail: graduate.fellowships@mcgill.ca

1.2 Administrative Officers

Martin Kreiswirth; B.A. (Hamilton), M.A. (Chic.), Ph.D. (Tor.)
Associate Provost (Graduate Education) and
Dean (Graduate and Postdoctoral Studies)

Meyer Nahon, B.Sc. (Qu.), M.Sc. (Tor.), Ph.D. (McG.), Eng.
Associate Dean (Graduate and Postdoctoral Studies)

Charlotte E. Légaré; B.Sc. (Montr.), M.Sc. (Sher.), M.B.A. (McG.)
Director (Graduate and Postdoctoral Studies)

Claude Lalande, B.Sc. (Montr.), M.B.A. (McG.)
Manager (Fellowships and Awards)

2 Financing Graduate Education

There are different ways to finance graduate studies at McGill University. A graduate student can:

1) win a fellowship from an external granting agency;
2) win an internal McGill Graduate Fellowship;
3) win a McGill departmental or faculty award;
4) obtain a stipend from their supervisor’s research grant or contract;
5) receive funding in the form of loans and bursaries from the federal or provincial government;
6) receive an exemption from the international fee supplement.

In 2003-04, graduate students received over $6 million in McGill fellowships and $5 million in salaries. They also attracted approximately $14 million in fellowship funding from Canadian and Quebec Government sources, as well as $1.4 million in differential fee waivers for international students from the Quebec government. Over $23 million from research grants and contracts was devoted to graduate student support. Preliminary estimates indicate that over $4 million in fellowships was obtained through other external sources.

1) External fellowships are available from various sources, mainly through government departments and agencies, foundations and companies. Section 3 “External Fellowships” lists a number of agencies offering graduate student funding opportunities. Currently, the value of awards offered by these agencies (including those supported by the Canadian and Quebec governments) varies from approximately $15,000 to $35,000 per year, and up to $50,000 for health professionals. Many may be renewed. Application deadlines for the majority of external granting agency fellowships fall during October and November, for fellowships tenable in September of the following year. Fellowships offered by external granting agencies for postdoctoral level study and research are described in “Postdoctoral Fellowships” (section 7).

Opportunities for funding to pursue graduate study and research outside of Canada are listed in “Exchange and Travelling Fellowships” (section 8).

2) McGill Graduate Fellowships are described in detail in section 4, “McGill Graduate Fellowships”. McGill Major Fellowships (valued at $10,000 - $25,000 per year, for one or more years) are offered only to students already enrolled in a Master's or Doctoral program at McGill, who meet the specific eligibility requirements of the year's competition. Details regarding eligibility and specific deadlines for McGill Major Fellowships are available in early September from departments and the GPSO Fellowships and Awards Section Website. For McGill students in the social science and humanities disciplines, the McGill Major Fellowship application deadline coincides with that of the Social Sciences and Humanities Research Council (SSHRC) doctoral fellowships competition (generally during the month of October). For McGill students in the natural science and engineering, and medical science disciplines the deadline coincides with that of the Natural Sciences and Engineering Research Council (NSERC) Postgraduate Scholarships competition (generally during the month of October). All students are advised to check deadlines with their departments during the summer.

Students need not be eligible for funding through external agencies in order to apply for a McGill Major Fellowship. However, all applicants for McGill Major funding must, if eligible, have applied to CIHR, SSHRC or NSERC and, if eligible, to the Quebec funding agencies: Fonds Québécois de la Recherche sur la Nature et les Technologies (FQRNT), Fonds Québécois de la Recherche sur la Société et la Culture (FQRSC) or Fonds de la recherche en santé du Québec (FRSQ).

Application forms for the McGill Major Fellowships are available to students currently enrolled at McGill from the GPSO Fellowships and Awards Website at: www.mcgill.ca/gps/fellowships under the Graduate Competitions page. Completed application forms for the McGill Major Fellowships are available to students currently enrolled at McGill from the GPSO Fellowships and Awards Website at: www.mcgill.ca/gps/fellowships under the Graduate Competitions page. Completed application
forms and all supporting documents should be returned directly to the academic department. No documentation should be sent to the GPSO Fellows and Awards Section. Applications for McGill Graduate Fellowships tenable beginning in September 2007 must be received by McGill departments during the Fall semester of 2006 (check with departments for specific deadlines).

In addition to the McGill Major Fellowships for continuing graduate students, McGill University provides a number of Recruitment Fellowships. There are two types of Recruitment Fellowships. Some are awarded through a specific competition, such as the “Richard H. Tomlinson Fellowships” (section 4.1.1), and the “Max Stern McCord Museum Fellowships” (section 4.1.4, “Discipline-specific Recruitment Fellowships”). Others, such as the “Max Stern Recruitment Fellowships” (section 4.1.2), and the MGSF Fellowships, see “Multidisciplinary” (section 5.1) are allocated to selected academic departments for outstanding applicants seeking first admission to graduate studies at McGill during the following academic year. All applicants for first-time graduate admission are automatically considered by departments for a recruitment fellowship, if the unit has one to offer. In most cases, there are no application forms as awards are based exclusively on departmental nomination. However, students are strongly advised to consult the Recruitment Fellowships section below, as nomination for some fellowships (such as the Tomlinson) can involve an earlier application deadline. For additional information, students should also consult the academic unit from which they request admission.

3) McGill Departmental and Faculty Awards are listed in section 5, “Fellowships awarded by Departments and Faculties”. It is the responsibility of the department, academic unit or faculty administering these awards to determine deadlines and values. Consequently, they vary greatly. For more information regarding departmental and faculty awards, the student should contact the Graduate Studies Coordinator or Director of the academic unit in which he/she intends to study.

4) Stipends from Research Grants or Contracts provide an important source of support for graduate students in research programs. A faculty member can, when they apply for research grants, budget for support of graduate students to work on their thesis or project research. Several granting agencies allow the support to be treated as scholarship income for the student. Granting agencies usually specify either a minimum or maximum value for a stipend. Students should, at the time of admission, enquire with their proposed supervisor or department on the availability of stipends.

5) Loans and Bursaries are administered by the province in which the student is deemed to be a resident. Basic qualifications are that the applicant is a full-time student and a Canadian citizen; certain categories of Permanent Residents may also be eligible. The Quebec Student Loan and Canada Student Loan programs operate exclusively on the basis of financial need. Several provinces augment their loan programs with a loan forgiveness program to help students reduce their debt loads. The McGill Student Aid Office provides information regarding application procedures of these government loan programs. The Student Aid Office also administers institutional need-based funding including short-term loans to cover emergency situations, limited bursary assistance, and a Work/Study program. Further information is provided in section 6, “Student Financial Assistance”.

6) Exemptions from the international tuition fee supplements are available through different programs.

(a) MIDAs: As of September 2007, international Doctoral students registered full-time at McGill will pay the same tuition fees as Quebec Doctoral students. International students whose international tuition supplement is paid by an external source (e.g. fellowships that include direct payment of tuition and third party billing contracts) will not be eligible for these awards.

(b) McGill University is allocated a number of Differential Fee Waivers (DFWs) that it allocates through the departments. International students should enquire with their department for information regarding how to apply for these waivers. Summer DFWs are allocated to eligible Master’s degree students; Fall and Winter DFWs are allocated to eligible doctoral students as part of the MIDAs program.

(c) International degree students in a program where fees are assessed per credit and who register in eligible French language and literature courses are exempt from the international supplement for those courses. Please note that the exemption of differential fees for students registered in French language and literature programs has been abolished.

(d) All students from France and a limited number of students from countries that entered bilateral agreements with Quebec have access to exemptions of the differential fees. Except for French citizens, students from such countries (see Section 4.6 “Exemptions from the International Tuition Supplement”) must apply to their home country for an exemption during the application process for admission.

2.1 General Fellowships Information

When an external fellowship announcement received by the GPSO Fellowships and Awards Section is of particular interest to a specific department or academic unit, the information is forwarded to that unit for posting and/or circulation. In addition, announcements of general interest are posted on the bulletin board outside the GPSO Fellowships and Awards Section, James Administration Building, Room 400. The GPSO Fellowships and Awards Section maintains a small collection of reference books on funding for graduate study. These may be consulted at the reception desk.

2.2 Reference Books

In addition to the resources offered by the GPSO Fellowships and Awards Section, those seeking support for graduate study are encouraged to consult one or more of the many reference books and directories on the subject. Many major libraries, including McGill’s McLennan Library, have publications listing fellowships and awards for graduate study, including the following:

- The Awards Almanac;
- Annual Register of Grant Support;
- Awards for Postgraduate Study at Commonwealth Universities;
- Directory of Financial Aids for Women;
- Directory of Research Grants;
- The Foundation Grants Index;
- The Grants Register;
- Study Abroad;
- Scholarships, Fellowships, and Loans.

2.3 Funding Information on the Web

The Fellowships and Awards calendar is accessible on the Web at www.mcgill.ca/gps/fellowships under Publications. The GPSO site also contains specific information on competitions and links to the sites of various funding agencies as well as forms for several McGill fellowships and awards that may be downloaded.

The Graduate and Postdoctoral Studies Office also publishes a general guide on funding strategies entitled Making Ends Meet, which can also be found at www.mcgill.ca/gps/fellowships under Publications.

McGill University subscribes to the SPIN database for sources of research funding. The database is accessible free of charge to the end user from any computer on the McGill domain (or in any other participating university/institution). The database now carries a number of graduate and postdoctoral fellowships, scholarships, awards, prizes, etc. Access to the SPIN database as well as search tips can be found at www.mcgill.ca/gps/fellowships on the Publications page. While a large database of research funding opportunities, SPIN is not complete or exhaustive. Prospective applicants or students looking to secure funding should use other means as well (this calendar and the McGill Graduate and Postdoctoral Studies Office Website are two other places to start).
External Fellowships

External Fellowships are a major component of graduate student funding at McGill. The primary sources of external fellowships are the Federal Research Councils and the Quebec Provincial Research Funds which provided approximately $10 million. The three Quebec agencies are: the Fonds Québécois de la Recherche sur la Nature et les Technologies (FQRNT), the Fonds Québécois de la Recherche sur la Société et la Culture (FQRSC) and the Fonds de la recherche en santé du Québec (FRSQ). The Federal Councils are: the Canadian Institutes of Health Research (CIHR), the Natural Sciences and Engineering Research Council of Canada (NSERC), and the Social Sciences and Humanities Research Council of Canada (SSHRC). The balance of external fellowships comes from a variety of award programs sponsored by private companies, agencies, foundations, other provincial and federal government agencies, as well as foreign governments and organizations. For every dollar that McGill graduate students received through the Graduate and Postdoctoral Studies Office, approximately eight dollars was received from external fellowships.

Students who wish to be considered for graduate level funding from external sources should contact the specific funding agency directly, as well as the McGill department where they intend to undertake graduate study and/or the GPSO Fellowships and Awards Section in order to ascertain their individual eligibility and specific program application or nomination procedures. Competitions often take place one full year ahead of award tenure, therefore it is advisable to make inquiries well in advance of the date when funding is required. The GPSO Fellowships and Awards Section maintains up-to-date information and application forms for many externally funded award programs and will provide this when possible to interested individuals. It is, however, the responsibility of the applicant to verify directly with the agency all application procedures and deadlines, since these are subject to change each year.

Most external funding agencies now have Websites which provide detailed information about funding opportunities, eligibility and the application process. Here is a brief list of some of the largest funding sources. This is by no means a complete list and students are encouraged to consult the rest of the calendar in detail as well as to make use of the SPIN Database by InfoEd International to which McGill University subscribes. SPIN is available under the Publications menu of the Graduate and Postdoctoral Studies Website (www.mcgill.ca/gps).

National and Provincial Research Councils:
- FQRNT (formerly CAR) - www.fqrnt.gouv.qc.ca
- FQRSC (formerly CAR) - www.fqrsc.gouv.qc.ca
- FRSQ - www.frsq.gouv.qc.ca
- CIHR - www.cihr.ca
- NRC - www.nrc.ca
- NSERC - www.nserc.ca
- Ontario Graduate School - http://osp.gov.on.ca/eng/not_secure/OGS.htm
- SSHRC - www.sshrc.ca

Some Associations oversee the administration of several different fellowships, scholarships and other forms of research funding:
- AUCC - www.aucc.ca
- British Council - www.educationuk.org
- Canada Council - www.canadacouncil.ca
- CBIE - www.cbie.ca

These sites may be of interest to international students:
- DAAD - www.daad.org
- Ambassade de France au Canada - www.ambafrance-ca.org/hyperlab

EXTERNAL FELLOWSHIPS AND MCGILL FELLOWSHIPS

Students need not be eligible for funding through an external agency named above in order to apply for a McGill Major Fellowship. However, all applicants for McGill Major funding must, if eligible, have applied to CIHR, SSHRC or NSERC and, if eligible to the Quebec funding agency Fonds Québécois de la Recherche sur la Nature et les Technologies (FQRNT), Fonds Québécois de la
Recherche sur la Société et la Culture (FQRSC) or Fonds de la recherche en santé du Québec (FRSQ).

**TRANSCRIPTS AND DEADLINES**

To obtain transcripts for larger external award competitions including FQRNT (formerly FCAR), FQRSC, FRGQ, NSERC and SSHRC, students must apply to their departmental graduate office several weeks prior to the application deadline. Students should check with their department or the Fellowships and Awards Section about all transcript ordering procedures and deadlines.

Deadlines for graduate and postdoctoral scholarships, fellowships and awards competitions from the Natural Sciences and Engineering Research Council (NSERC), Social Sciences and Humanities Research Council (SSHRC), Canadian Institutes of Health Research (CIHR), Fonds Québécois de la Recherche sur la Nature et les Technologies (FQRNT), Fonds Québécois de la Recherche sur la Société et la Culture (FQRSC), and the Fonds de la recherche en santé du Québec (FRSQ) generally fall in early October. Students should therefore begin planning their external applications as early as August. The applicant is responsible for fulfilling the application requirement and using the forms for the current year. If the application form for the current year is not available in August, the student should nevertheless proceed to draft a proposed plan of study and research and discuss it with two faculty members, who can later serve as referees.

The following alphabetical listing of external fellowships indicates deadlines, application requirements and values as known to the GPSO Fellowships and Awards Section at the time of publication of this Calendar. It is the responsibility of the applicant to verify directly with the agency all application procedures and deadlines. In cases where the GPSO Fellowships and Awards Section maintains an information file on a particular external fellowship, an “OFA” file number has been given. Please refer to this number when requesting information from the Office.

**ALCAN RESEARCH FELLOWSHIPS**

Eligibility: Applicants must be enrolled or accepted for full-time graduate studies, in a field of pure or applied science related to Alcan’s activities. Preference is given to Canadian citizens or permanent residents. Each recipient of an Alcan Research Fellowship will be linked with a researcher in one of Alcan’s Canadian laboratories.

Value: $18,000 renewable. One fellowship per university per year.

Deadline: December 1 (may vary).

Application: Applicants must submit a research project in one of the following fields: Raw Materials, Smelting process, Production Materials, Aluminium Metallurgy, Aluminium Use, Environment, Analytic Techniques, Packaging, Modelling and Information Systems.

OFA # 487

**ASSOCIATION OF UNIVERSITIES AND COLLEGES OF CANADA (AUCC) – NATIONAL FELLOWSHIPS PROGRAM**

AUCC administers several fellowship competitions for graduate study at Canadian universities. In most cases, candidates must be Canadian citizens or Permanent Residents of Canada for at least one year prior to application. Information concerning eligibility, tenure, as well as application forms available from the Canadian Awards program, Awards Division, Association of Universities and Colleges (AUCC), 350 Albert Street, Suite 600, Ottawa, Ontario K1R 1B1. Tel: (613) 563-1236, www.aucc.ca.

**BRUNO M. CORMIER RESEARCH FUND**

Eligibility: Awarded to Master’s or doctoral level students conducting research in the humanities and social sciences relating to intervention with detained young offenders.

Value: $5,000, non-renewable.

Deadline: April 21.

Application: Forms are available from the Fonds de recherche Bruno M. Cormier; from the Fondation québécoise pour les jeunes contrevenants, 75 carré Sir Georges-Etienne-Cartier, Montréal, QC H4C 3A1. Telephone and Fax: (514) 648-5858.

E-mail: fondationjc@qc.aira.com or the GPSO Fellowships and Awards Section.

OFA # 321

**CANADA COUNCIL GRANTS**

Eligibility: Grants are awarded for graduate level study in music. Other disciplines such as architecture, creative writing, art education, and communications are considered if the work is not primarily concerned with academic research. Various short term project grants are also available in these disciplines.

Deadlines: Vary with the disciplines.

Application: Forms can be obtained by writing to the Arts Awards Service, Canada Council, PO Box 1047, 350 Albert Street, Ottawa, Ontario K1P 5V8 1. Telephone: 1-800-263-5588 or (613) 566-4414 ext. 4138 or 4075. Website: www.canadacouncil.ca.

OFA # 383

**CANADA GRADUATE SCHOLARSHIPS**

In 2003, the Canadian Government announced the creation of new Canadian Graduate Scholarships, to be administered by the three funding councils: CIHR, NSERC and SSHRC. Details can be found under the graduate scholarship/fellowships sections of the three council Websites, as well as on our Website. Students who apply for master’s or doctoral funding from these agencies are automatically considered for Canadian Graduate Scholarships. To qualify, you need to apply for CIHR, NSERC or SSHRC graduate funding.

**CANADIAN COUNCIL OF PROFESSIONAL ENGINEERS (CCPE) NATIONAL SCHOLARSHIPS**

Eligibility: Candidates must be registered as full members with one of the provincial or territorial professional engineering associations, and have been accepted for post-graduate studies by a recognized university.

Value: $7,500 - $10,000.

Manulife Financial Scholarship: three scholarships of $10,000 each for engineers returning to university for further study or research in an engineering related field. Candidates must be accepted or registered in a faculty of engineering.

Mellece Monnex Scholarship: three scholarships of $7,500 for engineers returning to university for further study or research in a field other than engineering. Candidates must be accepted or registered in a faculty other than engineering. The field of study should focus the acquisition of knowledge which enhances performance in the engineering profession.

Deadline: March 1.

Application: Information regarding specific application requirements and application forms are available from The National Scholarship Program, Canadian Council of Professional Engineers, 180 Elgin St., Suite 1100, Ottawa, Ontario K2P 2K3. Telephone: (613) 232-2474; Website: www.ccpe.ca/e/index.cfm

OFA # 227

**CANADIAN ENGINEERING MEMORIAL FOUNDATION – CLAUDETTE MCKAY-LASSONDE SCHOLARSHIP**

Eligibility: For female citizens of Canada or Permanent Residents enrolled full-time in a graduate engineering program at the Ph.D. level. This Scholarship is based primarily on demonstrated leadership, community involvement and extracurricular activities with special emphasis on those that help attract women to or encourage them to remain in engineering. Engineering achievement is also considered in awarding the Scholarship, and will be interpreted to include both research contributions and work experience. Applicants must be willing to act as role models and to promote engineering, particularly to young women.

Value: $15,000.

Deadline: Applications must be postmarked by January 20th.

Applications must be submitted through the office of the Dean of Engineering to the Foundation. There is no limitation on the
number of applications each university may submit, though only one award is offered each year.

**Application:** Forms are available from the Canadian Engineering Memorial Foundation, P.O. Box 370, Renfrew, Ontario K7V 4A6. Tel. and Fax: 1-866-883-2363
Website: www.cemf.ca/Scholarships/GradScholarships/GradAppGuidelines.htm
E-mail: info@cemf.ca.

**OFA # 9**

**CANADIAN FEDERATION OF UNIVERSITY WOMEN FELLOWSHIPS**

**Eligibility:** Open to women who, at time of application, are citizens of Canada or who have held Permanent Resident status for at least one year, have been accepted into the proposed place of study and hold at least a Bachelor's degree or equivalent from a recognized university. Usually given to students already enrolled in a program.

**Value:** A number of fellowships at the Master's and doctoral level, ranging in value from $3,000 to $11,000 are available.

**Deadline:** November 1.

**Application:** For more information and application forms, write to CFUW National Office, 251 Bank Street, Suite 600, Ottawa, Ontario K2P 1X3. Telephone: (613) 234-8252.
Website: www.cfuw.org.

**OFA # 31**

**CANADIAN INSTITUTES OF HEALTH RESEARCH (CIHR) – DOCTORAL RESEARCH AWARDS**

**Eligibility:** Open to Canadian citizens and Permanent Residents of Canada, engaged in full-time studies at the Ph.D. level in a discipline funded by the CIHR, normally under the supervision of a researcher who holds a CIHR grant. At the time of application, candidates must have completed between 12 and 36 months of graduate studies. Please note that health professionals may also be funded for doctoral studies through the Fellowship program (see postdoctoral section).

**Value:** From $22,000 up to 35,000 for a maximum of 3 years.

**Deadline:** October 15, directly to the CIHR office.

**Application:** Application forms and the Grants and Awards Guide are available only on the Web. Further information is available from GPSO Fellowships and Awards Section or Canadian Institutes of Health Research, 160 Elgin Street, 9th Floor, Address Locator 4809A, Ottawa, Ontario K1A 0W9.
Website: www.cihr.ca.

**CANADIAN INSTITUTES OF HEALTH RESEARCH (CIHR) – CHIANG CHING-KUO FOUNDATION FELLOWSHIP AWARDS (PH.D. DISSERTATION)**

**Eligibility:** Doctoral candidates in the field of Chinese studies may apply for grants to help finance the completion of their dissertations. Applicants must have completed all requirements for their Ph.D. degree except for the dissertation and must not be employed or receiving grants from other sources. All applicants must be or become members in good standing of the Canadian Asian Studies Association.

**Value:** Varies depending on availability of funds and needs of applicant.

**Deadline:** February 1.

**Application:** Further information and application forms are available from Canadian Asian Studies Association CCASLS SB-115, c/o Concordia University, 1455 de Maisonneuve West, Montreal, Quebec H3G 1M8. Tel: (514) 848-2280; Fax: (514) 848-4514.
E-mail: casa_acea@bellnet.ca.
Website: http://canadianasianstudies.concordia.ca/htm/ccke.htm.

**OFA # 113**

**SPECIAL LIBRARIES ASSOCIATION (SLA) SCHOLARSHIP PROGRAM**

**Eligibility:** The SLA's program consists of awards for graduate study leading to a Master's Degree, graduate study leading to a Ph.D., and for post-M.L.S. study. SLA also offers grants for research projects for the advancement of library sciences, the support of programs developed by SLA Chapters, Divisions, or Committees, and the support of the Association's expanding international agenda, as well as various grants and scholarships offered by the chapters, divisions and other units for conference attendance and education aid.

**Value:** Varies depending on the award sought.

**Deadline:** October 31.

**Application:** For more information and application materials, see the SLA's Scholarships and Grants page: www.sla.org/content/learn/scholarship/index.cfm or contact Special Libraries Association, 331 South Patrick Street, Alexandria, VA 22314-3501 USA. Telephone: 1-703-647-4900; Fax: 1-703-647-4901.
E-mail: sla@sla.org. Website: www.sla.org (Association’s home page).

**ENVIRONMENT CANADA ATMOSPHERIC AND METEOROLOGICAL GRADUATE SUPPLEMENTS**

**Eligibility:** These supplements provide financial support to high-calibre students working towards a master's or doctoral degree in atmospheric or meteorological sciences or related fields. The MSC offers a maximum of 5 supplements annually. This supplement program is available to you only if you are awarded an NSERC CGS, PGS or IPS.

**Value:** If you are a successful applicant, the MSC will supplement your NSERC scholarship by $5,000 a year for a maximum of two years as long as you hold an NSERC postgraduate scholarship or a Canada Graduate Scholarship and continue to conduct research in the atmospheric or meteorological sciences.

**Deadline:** June 1 of the year in which you are awarded your post-graduate scholarship.

**Application:** For more information, consult the NSERC Environment Canada Atmospheric and Meteorological Graduate Program.
Supplements Website at: www.nserc.gc.ca/sf_e.asp?nav=sfnav&lbi=2b_12. For more information about this scholarship supplement, contact Ms. Cathy Hayes, Office of the Director General, Environment Canada, 4905 Dufferin St. Toronto, Ontario M3H 5T4. Telephone: (416) 739-4877, Fax: (416) 739-4265. E-mail: cathy.hayes@ec.gc.ca. Website: www.nserc.gc.ca.

FONDATION DESJARDINS - BOURSES DE MAÎTRISE ET DE DOCTORAT, PROGRAMME GIRARDIN -VAILLANCEON

Eligibility: Applicants must be Canadian citizens, residing in Quebec, who will be undertaking full-time graduate study at a recognized university.

Value: Twenty-two awards from $5,000 (Master's, renewable once) to $7,000 (Doctoral, renewable once), offered annually to Master's or doctoral students in all fields.

Deadline: March 1.

Desjardins, Montréal, Québec H5B 1B2. Telephone: (514) 281-7171. Website: www.desjardins.com/fr/a_propos/profil/engagement/subventions_recherche.jsp. OFA # 257

FONDATION DU PRÊT D'HONNEUR BOURSE – PROJET

Eligibility: Established in 1944 by the Société Saint-Jean-Baptiste de Montréal, La fondation du prêt d'honneur offers a project bursary to a university student whose social science research pertains to the socio-economic development of Quebec. The student must be a Canadian citizen or Permanent Resident, be enrolled full-time at a recognized university and demonstrate the skills necessary to undertake a research project.

Value: $3,000 for one year, renewable.

Deadline: February 1 (Not offered until further notice).

Application: Information and application materials available from La Fondation du prêt d'honneur, Maison Ludger-Duvernay 82, rue Sherbrooke ouest, Montréal, Québec H2X 1X3. Telephone: (514) 843-8851. E-mail: rphilpot@ssjb.com. Website: www.ssjb.com. OFA # 50

FONDS QUÉBÉCOIS DE LA RECHERCHE SUR LA NATURE ET LES TECHNOLOGIES (FQRNT) (FORMERLY FCAR)/ FONDS DE RECHERCHE SUR LA SOCIÉTÉ ET LA CULTURE (FQRSC) BOURSES D'ÉTUDES DE CYCLES SUPÉRIEURS DE PERFECTIONNEMENT ET DE RÉINTEGRATION À LA RECHERCHE

Eligibility: All fields, except the health sciences and human health research, are eligible for funding. There are also special programs in the arts, aerospace studies, natural resources and transport, as well as programs for persons returning to graduate studies. Students in the health sciences or undertaking research pertaining to human health should consult the FRQSC Website. Candidates must be Canadian citizens or Permanent Residents of Canada and residents of Quebec as defined by la Loi et le Règlement sur l'assurance-maladie du Québec. Master's and doctoral level awards are tenable in Quebec and elsewhere.

Value: $15,000 Master's level; $20,000 doctoral level per year (renewable); other awards in specific fields are also available.

Deadline: Applicants with no university affiliation, to FQRNT in October. Applicants enrolled at McGill, to student's current department in October (check www.mcgill.ca/gps for precise deadlines).

Application: Fellowships Guide and application forms are only available on the Web. Further information available from McGill GPSO Fellowships and Awards Section, graduate departments or from FQRNT, 140, Grande-Allée est, bureau 450, Québec, Québec G1R 5M8. Telephone: (416) 643-8560 or 1-888-653-6512. Websites: www.fqrnt.gouv.qc.ca and www.frqsc.gouv.qc.ca.

FQRNT-NSERC BOURSES EN MILIEU PRATIQUE BMP- INNOVATION

Eligibility: Awards are based on a specific research proposal in the Natural Sciences and Engineering involving student, faculty supervisor and collaborating company. Basic requirements are much like those of the regular FQRNT Postgraduate Scholarships. All applications require university endorsement and signed commitment from the sponsoring company. Open to Canadian Citizens and Permanent Residents of Canada. This program replaces the NSERC IPS held in Quebec universities.

Value: Minimum $21,000 per year at the Master's level for up to two years and $27,000 per year at the doctoral level for up to three years. The sponsoring company's contribution is a minimum of one third of the value.

Deadline: No FQRNT Deadlines. McGill Deadline: 3 months prior to the beginning of term of tenure.

Application: Fellowships Guide and application forms are available only on the Web. A draft agreement satisfying the guidelines of McGill University, FQRNT and NSERC is available from the GPSO Website www.mcgill.ca/gps/nup. The signing authority for the University will rest with the GPSO. Further information available from the GPSO Fellowships and Awards Section or at www.fqrsc.gouv.qc.ca/ntaetq/bourses/index.htm.

FQRSC-SSHRC BOURSES EN MILIEU PRATIQUE BMP- INNOVATION

Eligibility: Awards are based on a specific research proposal in the Social Sciences and Humanities involving student, faculty supervisor and collaborating company. Basic requirements are much like those of the regular FQRSC Postgraduate Scholarships. All applications require university endorsement and signed commitment from the sponsoring company. Open to Canadian Citizens and Permanent Residents of Canada.

Value: Minimum $21,000 per year at the Master's level for up to two years and $27,000 per year at the doctoral level for up to three years. The sponsoring company's contribution is a minimum of one third of the value.

Deadline: No FQRSC Deadlines. McGill Deadline: 3 months prior to the beginning of term of tenure.

Application: Fellowships Guide and application forms are available only on the Web. A draft agreement satisfying the guidelines of McGill University, FQRSC and SSHRC is available from the GPSO Website www.mcgill.ca/gps/nup. The signing authority for the University will rest with the GPSO. Further information available from the GPSO Fellowships and Awards Section or at www.fqrsc.gouv.qc.ca under “Programmes”, “Bourses”.

FONDS DE LA RECHERCHE EN SANTÉ DU QUÉBEC (FRSQ)

Eligibility: Students in the health sciences or undertaking research pertaining to human health. Candidates must be Canadian citizens or Permanent Residents of Quebec as defined by la Loi et le Règlement sur l'assurance-maladie du Québec. Master's and doctoral level awards are tenable in Quebec and elsewhere.
Eligibility: Candidates must be Canadian citizens or Permanent Residents and be accepted into a full-time graduate program at a Canadian university. Field: a broad range of fields relating to human services and intellectual disabilities. Applicants must have definite research projects, supported by an academic advisor or an associate of the G.G. Allan Roeher Institute.

Value: Up to $10,000.

Deadline: April 30.

Application: Information regarding specific application requirements and application forms are available from The Secretary, Bursaries and Grants Committee, The Roeher Institute, Kinsmen Bldg., York University, 4700 Keele Street, North York, Ontario M3J 1P3. Telephone: (416) 661-9611. Website: www.roeher.ca/english/services/scottish.htm

OFA # 173

INSTITUT DE RECHERCHE EN SANTÉ ET EN SÉCURITÉ DU TRAVAIL DU QUÉBEC (IRSS) BOURSES DE RECHERCHE

Eligibility: Candidates must be Canadian citizens or Permanent Residents, domiciled in Quebec, who wish to gain research training in the field of occupational health and safety in a laboratory setting or as a member of a recognized team.

Value: $14,100 for the Master's program and for the Ph.D. level, $18,000 up to $24,000 for studies outside Canada. Tuition fees in excess of $750 are paid for students taking up the award outside of Quebec. The fellowships are awarded for one year and can be renewed.

Deadline: To IRSS by first Tuesday in November.

Application: Forms are available online or from Institut de recherche en santé et en sécurité du travail du Québec, 505, boul. de Maisonneuve ouest, Montréal, Québec H3A 3C2. Telephone: (514) 288-1551. E-mail: bourses@irss.qc.ca. Website: www.irss.qc.ca.

Value: $20,000 - $30,000 (renewable).

Deadline: To IRSS by first Tuesday in November.

Application: Information regarding specific application requirements and application forms are available online or from IRSS, 505 de Maisonneuve Blvd W., Montreal, Québec H3A 3C2. Telephone: (514) 288-1551. E-mail: bourses@irss.qc.ca. Website: www.irss.qc.ca.

OFA # 463

IODE WAR MEMORIAL SCHOLARSHIPS FOR DOCTORAL STUDY IN CANADA OR OTHER COMMONWEALTH COUNTRIES

The International Order of the Daughters of the Empire (IODE) established these scholarships to honor the memory of the men and women who gave their lives in World Wars I and II. There is no restriction on field of study.

Eligibility: Candidates must be Canadian citizens holding a degree from a recognized university or degree-granting college in Canada and at time of application, must be enrolled in a program at the doctoral level, or expect to be in said program by the date tenure begins.

Value: Nine awards are tenable in any university in Canada or the Commonwealth, valued at $15,000 for study in Canada and $15,000, renewable, for study overseas within the Commonwealth.

Deadline: Must be submitted by December 1 to the “War Memorial Convener” of the province where the applicant received his/her Bachelor's degree.

Application: Information regarding specific application requirements, addresses of current provincial “War Memorial Conveners” and application forms are available from IODE Head Office, 40 Orchard View Blvd., Suite 254, Toronto, Ontario. Telephone: (416) 487-4416. Website: www.iode.ca

OFA # 22

J. BOLTON SCHOLARSHIP

Eligibility: Candidates must be Canadian citizen or Permanent Residents and must have completed an undergraduate degree in Canada. Available to students in or entering a program of study toward a graduate degree in Engineering. Preference to Master's level candidates, though doctoral candidates will be considered. This award is tenable only at Canadian universities and colleges.

Value: $1,000.

Deadline: June 1.

Application: Students should contact the society directly for application information, as the process may vary somewhat depending on the timing of the application, the number of applicants and the availability of funds in any particular year. Solar Energy Society of Canada, McLaughlin Hall, 406, Queen's University, Kingston, On K7L 3N6. Telephone: (613) 533-2657. Fax: (613) 533-6550. E-mail: info@solarenergysociety.ca.

OFA # 494

J.H. STEWART REID MEMORIAL FELLOWSHIP

Field: Unrestricted, can be held at any Canadian university:

Eligibility: Applicants must prove to be Canadian citizens or Permanent Residents. They must be registered in a doctoral program at a Canadian university and have completed their comprehensive examinations, or equivalent, and have had their Doctoral thesis proposal accepted by April 30th. Applicants must also have a first-class academic record.

Value: Minimum of $5,000 non-renewable.

Deadline: April 30.

Application: Information regarding application requirements and forms are available from the GPSO Fellowships and Awards Section, graduate, departments and colleges.

More travel-intensive programs are to be found under the IDRC Development-related disciplines. As there are several programs targeting several different areas, students are advised to consult the IDRC Website to see if the available funding opportunities are applicable to their research. As the programs are related to development, many support some form of research abroad. More travel-intensive programs are to be found under the IDRC entry in the “Exchange and Travelling Fellowships” (section 8).

Those included here are available to Canadians and permanent residents and focus more on the subject matter of the project than on the location of tenure of the funding. Each of the
programs supported by the IDRC is also made available as targeted funding for students from developing countries. See the IDRC Website listed below for more details.

- Canadian Window on International Development Awards
- Community Forestry: Trees and People - John G. Bene Fellowship
- Ecosystem Approaches to Human Health Training Awards
- ECOPOLIS: International Graduate Research Awards in Urban Agriculture

**Value:** Varies depending on the program.

**Deadline:** Varies depending on the program.

**Application:** Website: www.idrc.ca

Mailing address: PO Box 8500, Ottawa, ON, Canada K1G 3H9

Street address: 250 Albert Street, Ottawa, ON, Canada, K1P 6M1

Phone: (613) 236-6163, Fax: (613) 238-7230. E-mail: cta@idrc.ca

OFA # 1

**JOIN JAPAN/WORLD BANK GRADUATE SCHOLARSHIPS**

**Eligibility:** These scholarships target students from developing or non-industrialized countries (one cannot reside in an industrialized country for more than one year and students must be nationals of World Bank member countries eligible to borrow). It funds study in a development-related university master's degree program (Ph.D.s and MBAs are not eligible). Students must be applying to a degree and submit evidence of unconditional admission to a university and evidence of application to at least one other program. Preference is given to applicants with more than one offer of admission. Applicants must also have at least 2 years of recent full-time professional work experience in the applicant's home country or in another developing country after a university degree. Applicants must be between 25 and 45 years of age. As there are additional restrictive eligibility criteria, please read these on the Website before considering application (www.worldbank.org/wbi/scholarships/scholarshipsEnglish/abouteligibility.html).

**Value:** Approximately $30,000 (US), including travel, tuition, medical insurance; renewable once.

**Deadline:** March 31.

**Application:** Information and application forms available from Joint Japan/World Bank Graduate Scholarships Program, 1818 H Street NW, Washington, DC 20433 USA. Tel: (202) 473-8849. E-mail: jwbp@worldbank.org

Website: www.worldbank.org/wbi/scholarships

The application form is available as a PDF at: www.worldbank.org/wbi/scholarships/scholarshipsEnglish/about/how_to_apply.html#pdf_appl

OFA # 448

**KREBS MEMORIAL SCHOLARSHIP**

**Eligibility:** The scholarship is primarily intended to help candidates who wish to study for a Ph.D., in Biochemistry or an allied biomedical science, but whose careers have been interrupted for non-academic reasons beyond their control and who do not qualify for an award from public funds. Tenable at any British university.

**Value:** A personal maintenance grant at an appropriate level and all necessary fees (equivalent to a Canadian Institutes of Health Research Studentship). Awarded for one year, but may be renewed up to a maximum tenure of three years. Offered in alternate years.

**Deadline:** April 1 (alternate years)

**Application:** Through the university department concerned.

Application forms may be obtained from the Society’s Web page on www.biochemistry.org or by contacting the Administration Manager, The Biochemical Society, 59 Portland Place, London, England, W1B 1QW. E-mail: alison.mcwhinnie@biochemistry.org or Telephone: 020 7229 4439, Fax: 020 7637 3626

Website: www.biochemistry.org

OFA # 475

**MACKENZIE KING OPEN SCHOLARSHIP**

**Eligibility:** Open to graduates of any Canadian university for full-time postgraduate studies in Canada or elsewhere and, in any field. McGill only considers undergraduate applicants with First Class Honours Standing (CGPA of 3.7 or higher) and graduate applicants with cumulative “straight A” records. Applicants who hold undergraduate degrees from McGill and who apply through McGill are automatically considered for the Delta Upsilon and Peacock Memorial Scholarships. Applicants considering study abroad in the U.S. or U.K. in international or industrial relations (including international or industrial aspects of law, politics, economics) should see the Mackenzie King Travelling Scholarship described in “Exchange and Travelling Fellowships” (section 8).

**Value:** One scholarship of $9,000 (subject to change).

**Deadline:** February 1 to applicant's home university. Verify McGill's deadline with the GPSO Fellowships and Awards Section.

**Application:** Application is made through the “home” university, i.e., the Canadian university where the applicant is registered or from which the applicant has received the most recent degree. Further information and application forms are available from the GPSO Fellowships and Awards Website at: www.mcgill.ca/gps/fellowships/traveling-fellowships/mackenzie

Prospective applicants may also contact the agency at Mackenzie King Scholarships Competition Office, c/o J. Blom, Curtis Building, 1822 East Mall, University of British Columbia, Vancouver, British Columbia V6T 1Z1. Telephone: (604) 822-4564, Fax: (604) 822-8108. E-mail: mkingscholarships@law.ubc.ca. Website: www.mkingscholarships.ca.

OFA # 353

**MINISTÈRE DE L'ÉDUCATION SUMMER LANGUAGE BURSARIES**

**Eligibility:** Under a joint agreement between the federal and provincial governments, Summer Language Bursaries are offered to full-time Canadian and Permanent Resident students who wish to learn French or English in a 5-week immersion course during the spring or summer. Applicants must have completed high school and have been full-time students for at least one semester in the year of application.

**Value:** The $2,000 bursary, paid to the institution on the student's behalf, defrays the costs of tuition, mandatory instructional materials, and room and board, but does not cover pocket money, transportation costs or child care services, if applicable.

**Deadline:** February 28.

**Application:** Application forms and information are available on the Web at www.jexplore.ca/english/application.html or from the Provincial Coordinator of the student's province of residence. **Eligibility:** 2 awards offered to female residents of the West Island undertaking or returning to full-time graduate or undergraduate study

**Value:** $2,000.

**Deadline:** March 31.

**Application:** Information and application forms available from MLUWC Scholarship Committee (514) 697-8672 (Mrs. Betty Chinn). Alternate phone numbers: (514) 694-0698; (514) 697-2262; (514) 695-3469.

OFA # 541

**NSERC/MITACS INDUSTRIAL POSTGRADUATE SCHOLARSHIPS**

**Eligibility:** Awards are based on a specific research proposal involving student, faculty supervisor and collaborating company. Basic requirements are much like those of the regular NSERC Postgraduate Scholarships in the following entry. All applications submitted must be in English. The name and address of the student and his/her advisor(s) to whom the application should go must also be included. The industrial sector must agree to a contract for the length of the program. The length of the fellowship is 2 years. The student and his/her advisor(s) must send to the NSERC office the name, address and telephone number of the company with which the student is to be associated.

**Value:** (varies depending on the program).

**Deadline:** November 15.
require departmental endorsement and signed commitment from the sponsoring company. Research must be in the areas covered by MITACS, a Network of Centres of Excellence in the mathematics of information technology and complex systems, which focuses on developing mathematical solutions that address issues in the fastest growing sectors of the nation’s economy.

Value: $15,000 per year (plus $7,500 from a sponsoring company), for up to three years. In addition the supervisor receives $7,500 from MITACS.

Deadline: No NSERC Deadlines. McGill Deadline: 3 months prior to the beginning of term of tenure.

Application: Fellowships Guide and application forms are available only on the Web. A draft agreement satisfying the guidelines of McGill University and NSERC is available from the GPSO Fellowships and Awards Website www.mcgill.ca/gps/nup. The signing authority for the University will rest with the NSERC. Further information available from the NSERC Fellowships and Awards Section or directly from the Scholarships and Fellowships Division, NSERC, 350 Albert Street, Ottawa, Ontario K1A 1H5. Tel: (613) 995-9169.

E-mail: schol@nserc.ca
Website: www.nserc.ca

NATURAL SCIENCES AND ENGINEERING RESEARCH COUNCIL (NSERC) POSTGRADUATE SCHOLARSHIPS AND CANADA GRADUATE SCHOLARSHIPS.

Eligibility: For Canadian citizens or Permanent Residents who hold, or expect to hold, a degree in science or engineering from an approved Canadian university. Funding is available to undertake study and research in one of the fields (principally engineering, science, computing information services and agriculture) supported by NSERC. Awards are normally tenable at a Canadian university. McGill applicants must have obtained a GPA of 3.5 or better in each of the last 2 years of study.

Value: Master’s: from $17,300 up to $17,500 for one year.

Doctoral: from $21,000 to $35,000 for up to three years

Deadline: Applicants with no Canadian university affiliation in the last 12 months, to NSERC, no later than October 15. Applicants enrolled at McGill or graduated in the last 12 months, to the department in early October (check for precise deadlines).

Application: Fellowships Guide and application forms are available only on the Web. Further information available from the NSERC Fellowships and Awards Section and McGill departments in September or directly from the Scholarships and Fellowships Division, NSERC, 350 Albert Street, Ottawa, Ontario K1A 1H5. Tel: (613) 995-5521.

E-mail: scho@nserc.ca
Website: www.nserc.ca

PATRICIA HARNEY SCHOLARSHIP

Dr. Patricia Harney, NSAC Diploma Class of ’48 and OAC Professor in Horticultural Science has, through her estate, made generous provisions to support NSAC students who wish to pursue graduate studies at Macdonald Campus, McGill University or the Ontario Agricultural College at the University of Guelph.

Eligibility: Nova Scotia Agricultural College (NSAC) graduate accepted or registered at Macdonald Campus of McGill University for graduate work in agriculture. Recipients, while registered at Ontario Agricultural College or Macdonald Campus may pursue research at NSAC.

Value: Two $5,000 renewable scholarships. Awards are tenable for a maximum of two years for a Master’s Degree program and three years for a Ph.D. program. Renewability will be based on maintaining scholarship standing in the program (A- or 80% or CGPA of 3.7 or higher).

Deadline: March 31 (may be extended). This is a flexible deadline and interested students should contact the awards office at NSAC at any time during the year.

Application: Applications are available from Toni Bird (toni.bird@mcgill.ca) at the Macdonald Campus Student Affairs Office, Macdonald Campus of McGill University, 21111 Lakeshore, Ste Anne-de-Bellevue, Quebec, H9X 3V9 or from the NSAC Awards Office, P.O. Box 550, Truro, Nova Scotia, B2N 5E3. E-mail: rchapman@nsac.ns.ca. Applications are to be submitted to the NSAC Awards Office at the above address.

PROGRAMMES DE BOURSÉS D'EXCELLENCE POUR ÉTUDIANTS ÉTRANGERS (VOLET 1)

Eligibility: The program is open to foreign doctoral students in all disciplines who are not Canadian citizens or permanent residents of Canada (there are also provisions for postdoctoral and visiting scholars - see "External Postdoctoral Fellowships" (section 7.2)). Students must start in the program for which they receive funding between May and January. Candidates already in a Quebec university (e.g., already at McGill) are eligible to apply. Due to the small number of nominations allowed per university, the GPSO will only consider applicants who have an overall First Class academic record (equivalent to 3.7/4.0 and up).

Value: $25,000 per year for three years + differential fee waiver for entire studies.

Deadline: July: Students, with the help of their supervisors, must submit the McGill pre-selection form. If nominated by the university (each Quebec university can nominate four candidates), the student may have to submit additional documentation by the agency deadline of November. (Students should consult GPSO Website for exact dates.)

Application: Application information is available on the McGill GPSO Website at: www.mcgill.ca/gps/fellowships or on the FQRNT Website at www.fqrnt.gouv.qc.ca.

PEO INTERNATIONAL PEACE SCHOLARSHIPS / SCHOLAR AWARDS

Eligibility: Offered to women of any country other than Canada or the United States qualified for admission to a graduate degree. If received, the student agrees to return to her own country to pursue her professional career within 60 days of completing the degree program.

Value: Based on need. Maximum $8,000 (US).

Deadline: Anytime between August 15 and December 15 to submit eligibility documentation; January 31 to submit final application, if eligibility approved. Confirmation of admission due by April 1.

Application: Proof of eligibility must be established before an application will be considered. See the Website for more information: www.peointernational.org/projects/overview.php. Send documentation to PEO International Peace Scholarship Fund, PEO Executive Office, 3700 Grand Avenue, Des Moines, Iowa, USA 50312.

OFA # 127

POST SECONDARY STUDENT SUPPORT – DEPARTMENT OF INDIAN AFFAIRS AND NORTHERN DEVELOPMENT (DIAND)

Eligibility: For Canadian treaty/status Indians and Inuit pursuing graduate study leading to a Master’s or doctoral degree.

Value: Variable, but can include tuition, travel and/or living expenses.

Deadline: See below.

Application: As this funding is distributed by band, it is requested from the student’s band council. The Indian and Northern Affairs Website allows students to locate the organization from which the student would request this funding (http://pse2-6sd2.aicn-inac.gc.ca/FNProfiles/FNProfiles_home.htm). The INAC site also has a searchable bursary database for aboriginal students at http://ssidprod1.inac.gc.ca/abs/main.asp?lang=E. See the Indian and Northern Affairs Canada homepage at: www.inac.gc.ca/ OFA # 371

SOCIAL SCIENCES AND HUMANITIES RESEARCH COUNCIL (SSHRC) DOCTORAL FELLOWSHIPS

Fields: Social sciences, humanities, commerce and fine arts.

Specialized awards related to Canadian studies, law and management are also available. Fellowships awarded to Canadian citizens are tenable in Canada or abroad.
Eligibility: Canadian citizens or Permanent Residents living in the country. Applicants must intend to pursue full-time studies leading to the Ph.D. or equivalent. McGill applicants must possess a cumulative GPA of 3.3 or better.

Value: $20,000 to $35,000 per year, renewable for up to 3 additional years.

Deadline: Applicants with no university affiliation, to SSHRC, postmarked no later than November 15. Applicants enrolled at McGill, to the department in early October (check the GPSO Website for precise deadlines).

SOCIAL SCIENCES AND HUMANITIES RESEARCH COUNCIL (SSHRC) MASTER'S FELLOWSHIPS

Eligibility: Canadian citizens or Permanent Residents living in the country. Applicants must intend to pursue full-time studies in the first year of a master's program in the social sciences or humanities that includes advanced research training, or completed, at the time of taking up the award, no more than 12 months of full-time study or equivalent at the graduate level. McGill applicants must have a first class average.

Value: $17,500 for one year.

Deadline: Applicants with no university affiliation, to SSHRC, to be announced. Applicants enrolled at McGill, to the department in October (check for precise deadlines).

WALTER C. SUMNER FOUNDATION AWARDS

Eligibility: An applicant must: be engaged in or committed to commence doctoral studies in chemistry, physics or electronics at either Dalhousie University, McGill University, Queen's University at Kingston, University of Toronto, University of Saskatchewan, or University of British Columbia; be a Canadian citizen; be domiciled in one of the provinces of Canada; hold a degree from a Canadian university other than the one at which doctoral studies will be carried on during the tenure of a Fellowship; and have at least two years of experience in either teaching or industry in the chosen field if only a bachelor's level degree is held.

Value: $6,000, tenable for one year but may, on re-application, be awarded for one additional year.

Application: Students must apply to the department where they will study. The department then makes the recommendations to the Fellowships and Awards Section in February. The GPSO must forward nominations to the Foundation no later than March 1 of each year. For further information, consult the Dalhousie Website: www.dalgrad.dal.ca/funding/summer.

OFA # 79

ZONTA INTERNATIONAL FOUNDATION – AMELIA EARHART FELLOWSHIP AWARDS FOR WOMEN

Eligibility: Fellowships in aerospace-related sciences or engineering are offered to women of any nationality in a Ph.D. program, admitted to a graduate school (in Canada or elsewhere) offering aerospace related science or engineering degrees.

Value: $6,000 (US), renewable.

Deadline: Applications must be postmarked by November 15.

Application: Zonta International, 557 West Randolph Street, Chicago, Illinois, U.S.A. 60661. Telephone: (312) 930-5848. E-mail: zontaintl@zonta.org. See the Zonta site at: www.zonta.org or visit the Amelia Earhart Fellowship Program page at: www.zonta.org/site/PageServer?pagename=zi_issues_programs_amelia_earhart.

OFA # 170

4 McGill Graduate Fellowships

4.1 Recruitment Fellowships

4.1.1 Richard H. Tomlinson Fellowships

Established in 2000 through a very generous gift from Dr. Richard H. Tomlinson (Ph.D. 1948). Awarded annually by the Graduate and Postdoctoral Studies Office to recruit outstanding students into Master's and Doctoral degree program. Tomlinson fellows who accept a fellowship from an agency external to McGill will be entitled to one-half the full value of the Tomlinson Fellowship.

TOMLINSON MASTER'S FELLOWSHIPS IN THE FACULTY OF SCIENCE

Eligibility: The Tomlinson Faculty of Science Master's Fellowships are for new students accepted into a Master's program in a department within the Faculty of Science. (Consult the GPSO Website, www.mcgill.ca/gps/fellowships, for a list of eligible departments.)

Value: $15,000, renewable annually based on satisfactory progress, to a maximum tenure of 2 years for master's level.

Deadline: Early January. Confirm precise deadline on GPSO Website.

Application: Tomlinson fellowship award holders are selected on the basis of nominations made by departments. Applicants for a Tomlinson fellowship to support a Master's or Doctoral program at McGill must submit their application directly to departments by early January, along with their application for admission. www.mcgill.ca/gps.

TOMLINSON DOCTORAL FELLOWSHIPS

Eligibility: The Tomlinson Doctoral Fellowships are for new students accepted into a doctoral degree at any department at McGill University.

Value: $20,000, renewable annually based on satisfactory progress, to a maximum tenure of 3 years for doctoral level.

Deadline: Early January (confirm precise deadline on GPSO Website).

Application: Tomlinson fellowship award holders are selected on the basis of nominations made by departments. Applicants for Tomlinson fellowship to support a Master’s or Doctoral program at McGill must submit their application directly to departments by early January, along with their application for admission. www.mcgill.ca/gps.

4.1.2 Max Stern Recruitment Fellowships

In addition to the McGill Major Fellowships for continuing graduate students, McGill University provides a small number of recruitment fellowships to selected academic departments for outstanding applicants seeking first admission to graduate studies at McGill during the following academic year. A small number of new non-renewable Recruitment Fellowships will be awarded in 2007-08. These are valued at approximately $14,000 for one year. All applicants for first-time graduate admission are automatically considered by departments for a recruitment fellowship, if the unit has one to offer. There are no application forms, since awards are based exclusively on departmental nomination.

4.1.3 Major Recruitment Fellowships

BMO FINANCIAL GROUP MAJOR FELLOWSHIPS

Established in 2007 by BMO Financial Group. Awarded by the Graduate and Postdoctoral Studies Office to outstanding graduate
students entering any Doctoral degree program, on the basis of academic merit.

**Estimated value:** $23,000 each; renewable twice.

**Funding:** Endowment of $1,400,000

**SIR YUE-KONG PAO FELLOWSHIPS**

Established in 2002 by Anna Pao Sohmen, M.S.W. 1969, in honour of her father, Sir Yue-Kong Pao. Awarded by the GPSO to outstanding graduate students on the basis of academic merit. Preference shall be given first to students from McGill University, and, secondarily, to students from the People's Republic of China.

**Value:** $25,000.

**Deadline:** February (Confirm precise deadline on GPSO Website). *(Not offered until further notice.)*

**Application:** Forms and additional information are available from the GPSO Fellowships and Awards Website at: www.mcgill.ca/gps/fellowships.

### 4.1.4 Discipline-specific Recruitment Fellowships

**J.W. MCCONNELL FOUNDATION FELLOWSHIPS IN ENVIRONMENT**

Established in 2000 by the J.W. McConnell Foundation to outstanding students entering the first year of a Master's degree in the area of Environmental Studies. Awarded by the GPSO to a graduate student in the area of Environmental Studies.

**Value:** $15,000 each; renewable.

**LORNE TROTTIER SCIENCE ACCELERATOR FELLOWSHIPS**

Established in 2006 by Lorne Trottier, B.Eng. 1970, M.Eng. 1973, d.Sc. 2006. Awarded annually by the Faculty of Science to attract outstanding students into the Faculty's graduate degree programs. **Eligibility:** The Lorne Trottier Science Accelerator Fellowships will be awarded to meritorious students accepted into a graduate degree program within the Faculty of Science and are to be combined with funding received by applicants through external programs such as NSERC or FQRNT, as well as with funding received through other sources within the University.

**Application:** Awardees are selected on the basis of nominations by the Faculty of Science. Applicants must submit their application directly to departments by early January.

**Value:** May be renewed, at the discretion of the Faculty of Science.

**MAX BELL FOUNDATION FELLOWSHIPS**

Established in 2000 by the Max Bell Foundation of Calgary in memory of George Maxwell (Max) Bell (1912-1972), B.Com. 1932, Governor of McGill University from 1962-1971, businessman, oilman, newspaper publisher, sportsman and philanthropist. Awarded by the Graduate and Postdoctoral Studies Office to outstanding entering graduate students studying in the areas of medicine, education, or environment.

**Value:** minimum $20,000; renewable once at the Master's level and twice at the Doctoral level.

**MAX STERN MCCORD MUSEUM FELLOWSHIP**

Established in 1991 by the trustees of the Max Stern estate.

**Eligibility:** Offered to meritorious graduate students who are seeking admission in the Faculty of Arts at McGill University and whose research will directly involve the collections of the McCord Museum. Please consult the McCord Museum Website at www.mccord-museum.qc.ca for information on the various collections of the Museum. No citizenship restrictions.

**Value:** Master's is a minimum of $15,000, renewable once; Doctoral is a minimum of $20,000 renewable twice.

**Deadline:** March (Confirm precise deadline on GPSO Website).

**Application:** Forms and additional information are available from the GPSO Fellowships and Awards Website at: www.mcgill.ca/gps/fellowships.

**WERNER GRAUPE INTERNATIONAL FELLOWSHIPS IN ENGINEERING**

Established in 1999 by a generous gift from the late Werner Graupe and the Antje Graupe Pryor Foundation.

**Eligibility:** Awarded by the Graduate and Postdoctoral Studies Office upon the recommendation of the Faculty of Engineering to an international student from a university in the European Union, enrolling in a Master's or Ph.D. program in Engineering at McGill. Preference is given to students from German and French universities, particularly Technische Universitat Berlin. Students in Chemical and Civil Engineering are not eligible.

**Value:** $25,000; renewable once at the Master's level and twice at the Doctoral level.

**Deadline:** February (Confirm precise deadline on GPSO Website).

**Application:** Forms and additional information are available from the GPSO Fellowships and Awards Website at: www.mcgill.ca/gps/fellowships.

### 4.2 McGill Major Fellowships (for continuing students only)

Each year the Graduate and Postdoctoral Studies Office of McGill University awards McGill Major Fellowships valued at $10,000 to $15,000 per year. Applications for most such fellowships are reviewed by the Graduate Fellowships Committee, while a small number are granted on the basis of departmental and/or faculty nominations. Students who wish to be considered for graduate level funding offered by McGill, should immediately contact the department where they intend to undertake graduate study and/or the GPSO Fellowships and Awards Section in order to ascertain the sources of McGill funding for which they are eligible. Competitions often take place one full year ahead of award tenure, therefore it is advisable to make inquiries well in advance of the date when funding is required. It should be noted that virtually all McGill Graduate awards tenable in a given year are restricted to students who were enrolled in a McGill graduate program during the preceding year.

**Value and Eligibility**

Students already enrolled in Master's or doctoral study at McGill, may apply for a McGill Major Fellowship (valued at $10,000 - $15,000 per year, renewable in some cases), provided they meet the specific eligibility requirements of the year's competition. Details regarding eligibility and specific deadlines and application forms for McGill Major Fellowships are available from departments and the GPSO Fellowships and Awards Section. Tenure of Major fellowships is restricted to students registered full-time in the Ph.D.2 through to the Ph.D. 5 year.

**Application Deadlines and Forms**

All applications for McGill Major fellowships must be ranked by departments; applications should not be sent directly to the GPSO Fellowships and Awards Section.

For students in the social science and humanities disciplines, the McGill Major Fellowship application deadline coincides with that of the Social Sciences and Humanities Research Council (SSHRC) doctoral fellowships competition (generally early during the month of October). For students in medical sciences, the deadline usually precedes that of the Canadian Institutes of Health Research (CIHR) Doctoral Awards competition (generally early during the month of October). Forms and instructions are based on the corresponding external agencies' application forms and are available on the Web at www.mcgill.ca/gps.

**External Fellowships and McGill Major Fellowships**

All applicants for McGill Major funding must, if eligible, have applied to CIHR, SSHRC or NSERC and, if eligible to the Quebec funding agency Fonds Québécois de la Recherche sur la Nature et les technologies (FQRNT), Fonds Québécois de la Recherche sur la Société et la Culture (FQRSC) or Fonds de la recherche en santé du Québec (FRSQ).

Students who are offered both a McGill Major Fellowship and any other external or internal fellowship worth $10,000 or more
(including fee subsidies) must accept the latter and decline the Major. However, in some cases, students may be eligible for “topping-up” with a partial McGill Major Fellowship.

Announcement of Results
The final results of the McGill Major Fellowships competitions are announced in May by letter. The GPSO Fellowships and Awards Section will not give results over the telephone.

Description of Individual Major Fellowships
* These fellowships are open to returning McGill graduate students only. For policies, application procedures, deadlines and forms, see the introduction to this section on McGill Major Fellowships.

ALMA MATER FELLOWSHIP*
Established in 1982 by generous contributions to the Alma Mater Fund from many graduates who designated their gifts to the area of scholarships and student aid.
Eligibility: Open to students in any degree program in the Graduate Studies. No citizenship restrictions.
Value: $10,000; renewable once.

ARTHUR C. TAGGE FELLOWSHIP IN THE HUMANITIES AND SOCIAL SCIENCES*
Eligibility: Tenable by a graduate of any approved university proceeding to a higher degree in any department in the Humanities or the Social Sciences. No citizenship restrictions.
Value: $10,000, non-renewable. Awarded for one year only.

CARL REINHARDT FELLOWSHIP*
Established from the estate of the late Carl Reinhardt, who received Bachelor of Applied Science degrees from McGill University in Civil Engineering (1896) and Mining Engineering (1897).
Eligibility: Open to graduate students in the Departments of Physics, as well as Earth and Planetary Sciences. No citizenship restrictions.
Value: $10,000; renewable twice.

CHALK - ROWLES FELLOWSHIP*
Established by Mary Laura Chalk, McGill’s first woman Ph.D. in Physics (1928), in memory of her husband, William Rowles (Ph.D. 1928), Professor Emeritus of Agricultural Physics at Macdonald College.
Eligibility: Open to graduate students in the Department of Physics. No citizenship restrictions.
Value: $10,000; renewable once.

CLIFFORD C.F. WONG FELLOWSHIP*
Eligibility: Founded in 1981 by Mr. Clifford C.F. Wong, B. Arch. 1960, to enable a graduate student to pursue studies towards a higher degree at McGill University. First preference will be given to students coming from the People’s Republic of China and second preference to students coming from Hong Kong. In the absence of suitable candidates from these two regions, the fellowship would be available to suitable candidates from any country.
Value: $12,000 plus tuition fees at the non-privatized rate; renewable once.

DALBIR BINDRA FELLOWSHIP*
Established in recognition of the late Professor Dalbir Bindra’s contribution to teaching and research during his thirty years in the Department of Psychology at McGill.
Eligibility: Open to students registered in any program of the Graduate Studies, with a preference to those from developing countries.
Value: $10,000; renewable once.

DAVID STEWART MEMORIAL FELLOWSHIP*
Established through a bequest by the late Agnes Stewart in memory of her father, David Stewart.
Eligibility: Offered to graduate students in the physical and biological sciences who demonstrate high ability and who are likely to enter a career of university teaching. No citizenship restrictions.
Value: $10,000; non-renewable.

EILEEN PETERS FELLOWSHIP*
Established in 1993 with an endowment from the N.E. Peters Foundation.
Eligibility: Awarded by the GPSO with preference being given to women. Consideration, if appropriate, will be given to students pursuing graduate studies in the Faculty of Medicine or the School of Nursing. No citizenship restrictions.
Value: $12,000, renewable twice.

ESTERINA AND GAETANO LIBERATORE FELLOWSHIP*
Established in 1995 through the generous gift of Luigi Liberatore.
Eligibility: The fellowships may be held by students registered in any graduate program at McGill. No citizenship restrictions.
Value: $10,000; renewable twice.

FRIENDS OF MCGILL FELLOWSHIP*
The fellowship is made available through the McGill Development program by the Friends of McGill Inc., New York.
Eligibility: Open to graduate students in any discipline who are citizens of the United States of America.
Value: $10,000; renewable once.

GREVILLE SMITH RESEARCH FELLOWSHIP*
Eligibility: Three fellowships are endowed by the trustees of the Greville Smith bequest for research by graduate students, one in Engineering, and one in Management, and one in any discipline, for overall excellence. The leadership qualities of the candidate, together with the usefulness to the community of the proposed study, is taken into consideration by the GPSO in their choice of fellows. No citizenship restrictions.
Value: $15,000; renewable twice.

HAROLD H. HELM FELLOWSHIP*
Established in 1960 in honour of Harold Helm, then Chairman of the Executive Committee of the Board of Trustees of Princeton University.
Eligibility: Open to students in any degree program at McGill. No citizenship restrictions.
Value: $10,000; renewable once.

HUGH MACLENNAN MEMORIAL FELLOWSHIP FOR THE STUDY OF CANADA*
Established in 1993 from the estate of Hugh MacLennan.
Eligibility: For students in the Faculty of Arts with preference being given to Canadian Studies. No citizenship restrictions.
Value: $10,000; renewable twice.

J.W. MCCONNELL MEMORIAL FELLOWSHIP*
Established by the J.W. McConnell Foundation to support graduate studies and research at McGill University, and so to strengthen, in quality and in numbers, the academic staff of Canadian universities and schools.
Eligibility: The fellowships may be held by students registering in any graduate research program (except Medicine) at McGill. No citizenship restrictions.
Value: $10,000; renewable twice.

LLOYD CARR-HARRIS FELLOWSHIP*
Established in 1995 through the generosity of the Lloyd Carr-Harris Foundation.
Eligibility: The fellowships may be held by students registered in any graduate program in the health sciences at McGill. No citizenship restrictions.
Value: $15,000; renewable twice.
MAX E. BINZ FELLOWSHIP*
Established from the estate of the late Max E. Binz, who was born in Switzerland, emigrated to Canada in 1930, established a successful textile company, and became a generous benefactor of McGill University.
Eligibility: The fellowship is open to all students in degree programs in graduate studies. No citizenship restrictions.
Value: $10,000; non-renewable.

MAX STERN FELLOWSHIP IN HUMANITIES AND SOCIAL SCIENCES*
Established through the generosity of the Dr. and Mrs. Max Stern Foundation.
Eligibility: The fellowship may be held by students registered in any graduate program in the humanities or social sciences at McGill. No citizenship restrictions.
Value: $15,000, renewable twice.

MCGILL ALUMNAE SOCIETY FELLOWSHIP*
Established in 1988 to commemorate the 100th anniversary of the founding of the McGill Alumnae Society.
Eligibility: To be awarded to a research student in any faculty who is pursuing studies of benefit or significance to women. Preference will be given to women applicants. No citizenship requirements.
Value: $10,000, renewable twice.

PHILIP F. VINEBERG GRADUATE FELLOWSHIP*
Eligibility: Open to graduate students pursuing an advanced degree in Arts, Education, Law, Library Science, Music, Religious Studies or Social Work, to finance one year of study. Awarded to a graduate student who best exemplifies the qualities of intelligence as demonstrated by academic record and creative thinking; breadth of interest, perspective and tolerance as demonstrated by cross cultural interests; record of service to others; excellence as demonstrated by a record of disciplined undergraduate achievement at another university and the promise of more to come. The fellowship is open to all eligible students with preference to Canadian citizens and Permanent Residents.
Value: $10,000, non-renewable.

PHILIP P. BAILY FELLOWSHIP*
Eligibility: Established in 1895 through a generous bequest by Philip Pendlebury Baily (B.Sc. 1913, M.Sc. 1914) for students registered in any graduate program in the Faculty of Medicine or Science. No citizenship restrictions.
Value: $12,000, non-renewable.

SAUL HAYES GRADUATE FELLOWSHIP*
Eligibility: Established by Edgar and Charles Bronfman in memory of Saul Hayes for graduate students undertaking research with preference to the areas of Civil Liberties and Human Rights. No citizenship restrictions.
Value: $10,000; tenable for up to four years.

SOLVAY FELLOWSHIP*
Eligibility: Offered for the first year of graduate study in any department at McGill. The holder must have graduated in any undergraduate faculty of McGill in the session prior to that for which the award is given, and must obtain permission to proceed to graduate study. No citizenship restrictions.
Value: $10,000; non-renewable.

WOMEN'S CENTENNIAL FELLOWSHIP*
Established in 1984 by the Graduate and Postdoctoral Studies Office to commemorate the 100th Anniversary of the Admission of Women students to McGill University.
Eligibility: Preference will be given to women applicants in a Ph.D. program. No citizenship restrictions.
Value: $10,000; non-renewable.

4.3 Complementary McGill Awards to Major Fellowships

The Beijing, Neil Croll, SR Telecom and Walter Hitschfeld Memorial Awards are given as award complements to the most highly ranked McGill Major Fellowship awardees, meeting the specific eligibility criteria of each award.

BEIJING MEMORIAL AWARD
Eligibility: Awarded on the basis of academic merit to a student working towards a higher degree at McGill University, with a preference to those from the People's Republic of China.
Application: No application necessary. Awarded by the Fellows ships Committee of the GPSO to an outstanding student who has also been awarded a McGill Major Fellowship.
Value: $1,000.

NEIL CROLL MEMORIAL AWARD
Established in memory of the late Professor Neil Croll, Ph.D., M.D., Professor of Parasitology and Director of McGill International, and a teacher and friend of students from developing countries.
Eligibility: For graduate students, with a preference to those from developing countries.
Value: $1,000.
Application: No application necessary. Awarded by the Fellows ships Committee of the GPSO to an outstanding student who has also been awarded a McGill Major Fellowship.

SR TELECOM AWARDS
Established in 1997 through a generous gift from SR Telecom, Inc.
Eligibility: The awards will be presented each year to enhance major fellowships for students in Engineering and Computer Science.
Value: minimum $4,000 each.

WALTER HITSCHFELD AWARD
Established in honour of W.F. Hitschfeld Ph.D., F.R.S., F.R.S.C., a teacher and friend of many such students and former Director of McGill International.
Eligibility: For graduate students, with a preference to those from developing countries.
Value: $1,000.
Application: No application necessary. Awarded by the Fellows ships Committee of the GPSO to an outstanding student who has also been awarded a McGill Major Fellowship.

4.4 Specialized Fellowships

DELTA UPSILON MEMORIAL SCHOLARSHIP
Founded by the McGill Chapter of the Delta Upsilon Fraternity in memory of its members who gave their lives in the Boer War, the Great War of 1914-18, and the Second War of 1939-45.
Eligibility: Open to students who have received an undergraduate degree from McGill University in any faculty and tenable for graduate study at any recognized university. The necessary CGPA is 3.7 or above.
Value: Average of $5,000 (awards of lesser value may be made in certain cases).
Deadline: February 1.
Application: Forms and additional information are available from the GPSO Fellowships and Awards Website at: www.mcgill.ca/gps/fellowships. (Same form as Mackenzie King Open and Travelling Scholarships).

EBEN HOPSON FELLOWSHIP FOR STUDY AT MCGILL
Established through a 1988 donation from the North Slope Borough of Alaska in honour of Eben Hopson, Mayor of the North Slope Borough from 1972 to 1980, to advance the pursuit, promotion and sharing of knowledge in areas of common interest and relevance to the scientific, social and economic development, and the greater welfare of the North Slope Borough and the counties of the Circumpolar North.
Eligibility: Awards will be made for graduate studies at McGill in appropriate areas of Arctic studies, including but not necessarily limited to environmental problems within the Arctic regions, Arctic archaeology and prehistory, social problems of the Arctic (development, impact assessment studies, psychology, rural education, etc.), Arctic health and medicine, communications, indigenous Native Peoples (rights, languages and traditional culture), Humanities and Social sciences and Natural Sciences.

Value: $6,000. Awards are renewable for a second year for Masters studies and up to a fourth year for Doctoral Studies.

Deadline: To the department in which the applicant intends to study, by March 1.

Application: Application information is available from the GPSO Fellowships and Awards Website at: www.mcgill.cagps/fellowships.

JOHN WILLIAMSON FREDERICK PEACOCK MEMORIAL SCHOLARSHIP
Established in memory of Flight Lieutenant John Williamson Frederick Peacock, a member of the Delta Upsilon Fraternity, who was killed in action over Normandy in 1944.

Eligibility: Open to students who have received an undergraduate degree from McGill University in any faculty and tenable for graduate study at any recognized university. The necessary CGPA is 3.5 or above.

Value: Average of $5,000 (awards of lesser value may be made).

Deadline: February 1.

Application: Forms and additional information are available from the GPSO Fellowships and Awards Website at: www.mcgill.ca/gps/fellowships. (Same form as Mackenzie King Open and Travelling Scholarships).

THOMAS AND WILLA FERGUSON SMYTHE FELLOWSHIP
Established by a bequest of the late Thomas Harold Smythe for students in any discipline from Botswana, Lesotho, Malawi, Namibia, South Africa, Swaziland, Zambia or Zimbabwe who intend to return to their countries upon completion of their studies in Canada. A strong preference is given to incoming students who intend to return to their countries upon completion of their studies in Canada. A strong preference is given to incoming students. Candidates must have been formally granted admission to a McGill graduate program at the time of nomination.

Value: Minimum of $7,000 plus tuition fees at the non privatized rate; renewable once.

Deadline: March 30 by McGill department.

Application: There is no application form, since this fellowship is based on department nominations.

4.5 Dissertation Fellowships

ROBERT AND MARY STANFIELD DISSERTATION FELLOWSHIP
Established in 1994 through the Robert and Mary Stanfield Foundation.

Eligibility: This fellowship is awarded to an outstanding doctoral student whose research focuses on Canada or some aspects of Northern Studies nearing the completion of Ph.D. degree.

Value: Minimum $9,000, non-renewable.

Deadline: Normally early April.

STANDARD LIFE DISSERTATION FELLOWSHIP
Established in 1997 by a generous donation by the Standard Life Insurance Company.

Eligibility: This fellowship is awarded to an outstanding doctoral student in Health Sciences who will complete their dissertation in the coming academic year and who are not receiving other fellowship funding.

Estimated value: $5,000.

Deadline: Normally early April.

4.6 Exemptions from the International Tuition Supplement

McGill International Doctoral Awards (MIDAs)
As of September 2007, all international Doctoral students registered full-time at McGill will pay the same tuition fees as Quebec Doctoral students. With the new McGill International Doctoral Awards (MIDAs), McGill eliminates a major obstacle in the recruitment and retention of high-quality international Doctoral students.

The Office of the Associate Provost (Graduate Education) is delighted to announce a new award that will eliminate the tuition supplement for all international Doctoral students (PhD/DMus/DCL), effective September 2007. The McGill International Doctoral Award will work along with the existing provincial McGill differential fee waivers and MELS bilateral and special international supplement waivers to exempt all international PhD/DMus/DCL students registered full-time in years 1 to 4 (i.e. PhD1 to PhD4) from the international tuition supplement. (As of PhD5, students are in additional session and not assessed the international supplement.)

International students whose international tuition supplement is paid by an external source (e.g. fellowships that include direct payment of tuition and third party billing contracts) will not be eligible for these awards. Fall and Winter DFWs will work in tandem with this program; summer DFWs will be used for eligible Master’s students.

Internal DFWs
McGill University is allocated a number of Differential Fee Waivers (DFWs) that it allocates through the departments. Summer DFWs are allocated by nomination to eligible Master’s degree students and students newly admitted into a Ph.D. program in the Summer term; Fall and Winter DFWs are automatically allocated to eligible doctoral students as part of the MIDAs program. Eligible students should enquire with their department for information regarding how to apply for these waivers in the Summer term.

External DFWs
Differential fee waivers are also available from a number of external sources, including the Ministère de l’Éducation, du Loisir et du Sport du Quebec. Please note that the Quebec government grants differential fee waivers to staff and dependants of consulates, foreign government offices, international governmental organizations, non-governmental organizations, refugees, immigrants with a work permit containing the case type 07, 08, 20, 22, 23 or 26 with the name of an employer and location that is necessarily situated in Quebec, and to those students in MELS-approved inter-university exchanges. For more information on how to qualify for differential fee waivers under these provisions, please see this document: Politique relative aux droits de scolarité exigés des étudiantes et étudiants étrangers par les universités du Québec, available at the MEL Website: www.mels.gouv.qc.ca/ens-sup/ens-univ/droits_scolarite-A.asp.

International degree students in a program where fees are assessed per credit and who register in eligible French language and literature courses are exempt from the international supplement for those courses. Please note that the exemption of differential fees for students registered in French language and literature programs has been abolished.

A certain number of citizens from countries whose governments have entered into agreements on tuition fees with Quebec may be exempted from the supplemental tuition fees normally required of international students. The exemption is granted in accordance with the applicable agreement on tuition fees and subject to its terms and conditions, which vary depending on each agreement. The exemption is valid for the normal length of the program of studies concerned (for instance, a Master’s degree in Environmental Studies) at a post-secondary institution in Quebec, and is granted one semester at a time. From the first semester for which an exemption is granted at a designated institution until the program is completed, the exemption is renewable on a trimester-by-trimester basis as long as a student earns no fewer than 30 credits per year, complies with the
applicable regulations, registers on a full time basis at least for the fall and winter trimesters and pays the tuition fees on the pre-
scribed registration dates.

All French citizens and a limited number of citizens of a country in the list which can be found at www.mels.gouv.qc.ca/ens-sup/ens-univ/droits_scolarite-A_pays-organisations.pdf are eligible for such exemptions.

To apply for an exemption of this type, a student must meet the following conditions: be a citizen of one of the aforementioned countries or governments; be admitted to a program of studies at a post-secondary institution in Québec; be registered on a full-time basis according to the applicable rules at that institution; like any international student, be the holder of a valid passport and resi-
dence permit as prescribed by the applicable immigration rules; and, except for French citizens, be recommended for an exemp-
tion by the relevant authorities in his or her country-usually the department of education-according to the official procedure described in the next paragraph.

Foreign governments or the bodies that represent them must send, usually through their consulate in Québec or their embassy in Ottawa, to the Direction des affaires étudiantes et de la coopéra-
tion of the Ministère de l'Education du Québec, before June the 15 of each year for the next autumn registrations and before Novem-
ber the 15th for the next winter registrations, a list of the candi-
dates that they recommend be exempted from the requirement to pay supplemental tuition fees, joining it with the proof of admission or registration for each new exemption proposed. The Ministère de l'Education then establishes, according to the provisions of the agreement, the final list of the persons to benefit from the exemp-
tion during the future trimester concerned. At least 4/5 of the exemptions that are really attributed must be for registrations in
french speaking institutions.

For more information and the necessary application materials, see this MELS Website: www.mels.gouv.qc.ca/ens-sup/ens-univ/droits_scolarite-A.asp.

4.7 Graduation Prizes and Awards

GOVERNOR GENERAL'S GOLD MEDAL

Eligibility: Two medals are presented each year (normally at the
Spring convocation) by McGill University, in the name of and on
behalf of the Governor General of Canada to the most outstanding
graduating Master's or doctoral students (one in Human Sciences and one in Natural Sciences). A maximum of one
nomination per McGill department will be accepted each year, based on truly outstanding academic merit. Nominations are
reviewed by a GPSO Selection Committee. Nominees for the
Governor General's Gold Medal are automatically considered for
all the internal Graduation Prizes and Awards listed in this sec-
tion.

Value: Gold medal with an inscribed booklet.

Deadline: March 31, for departmental nomination to the GPSO
Fellowships and Awards Section.

Application: Nomination forms are available on the Web in
March. Nominations for the Governor General's Gold medal are often combined with nominations for the Ambridge, Jenckes and
Maclachlan prizes described elsewhere in this Calendar. Further details are available from the GPSO Fellowships and Awards
Section Website.

D.W. AMBRIDGE AWARD

This award was made possible by a gift to the late Douglas White
Ambridge from the employees and shareholders on the occasion
of his retirement from the presidency of Abitibi Power and Paper
Company Limited on February 1,1963.

Eligibility: Awarded to a graduate receiving the degree of Ph.D. in
the Physical Sciences or Engineering. The winner is selected from candidates nominated by each department whose
academic record, including research and thesis, is judged to be outstanding among all those who graduate during the academic year.

Value: $1,000 plus an engraved plaque.

Deadline: March 31, for departmental nomination in the GPSO
Fellowships and Awards Section.

GORDON A. MACLACHLAN PRIZE

Established in 1990, with gifts from individuals and faculties, in rec-
ognition and appreciation of Professor Gordon A. Maclachlan's ten
years of service to McGill as Dean of the Faculty of Graduate Stud-
ies and Research and Vice-Principal (Research).

Eligibility: Awarded annually by the GPSO to the most outstanding graduate receiving a Ph.D. degree during the academic year
in any discipline of the Biological Sciences or Health Sciences. The winner will be selected from candidates nominated by eligi-
ble departments, based on the quality of their academic records, the scholarly significance of their research and the excellence of
their theses and other publications.

Value: $1,000.

Deadline: March 31, for departmental nomination to the GPSO
Fellowships and Awards Section.

K.B. JENCKES PRIZE

Established in 1990 by an endowment from the estate of the late K.B. Jenckes.

Eligibility: Awarded annually by the GPSO to the most outstanding graduate receiving a Ph.D. degree during the academic year
in any discipline in the social sciences and humanities. The win-
ner will be chosen from among candidates nominated by eligible
departments and faculties, assessed by the quality of their aca-
demic records, the scholarly significance of their research and the stylistic and substantive excellence of their theses and other
publications.

Value: $900.

Deadline: March 31, for departmental nomination to the GPSO
Fellowships and Awards Section.

MCGILL ALUMNI ASSOCIATION GRADUATE AWARD

Eligibility: To be awarded by the Graduate and Postdoctoral
Studies Office to an outstanding graduate receiving the Gover-
nor General's Gold Medal.

Value: $1,500.

Deadline: March 31, for departmental nomination to the GPSO
Fellowships and Awards Section.

5 Fellowships awarded by Departments and Faculties

The following pages list over 200 fellowships, awards and bursa-
ries, according to specific discipline, which are administered
directly by departments or faculties at McGill University, or are
externally funded. Unless otherwise indicated, students should contact the McGill department or faculty office concerned for addi-
tional information and application or nomination procedures.

5.1 Multidisciplinary

ARTS AND SCIENCE CLASS OF 1966 AWARD

Established by the Arts and Science Class of 1966 on the occasion of
its 25th anniversary of graduation.

Eligibility: Open to graduate students in Arts or Science to pursue
research at the Redpath or McCord Museum. Candidates are
selected on the basis of academic merit by a committee named
by the Deans of Arts and Science.

Value: $4,000 for one year only.

Application: There are no application procedures. Further infor-
mation can be obtained from the Offices of the Dean of Arts and
Dean of Science, from the Faculty of Arts Website at
www.mcgill.ca/arts, or from Josie D'Amico at 398-4215.
DELTA KAPPA GAMMA - DR. MILDRED BURNS AWARD FOR LEADERSHIP IN EDUCATION
Established in 2001 by the Delta Kappa Gamma Society in honour of Dr. Mildred Burns, a retired associate professor of the Faculty of Education. Awarded by the Faculty of Education Graduate Studies Scholarships Committee to a student upon graduation who has completed an M.A. in Educational Studies leadership option, on the basis of academic excellence. If two or more equally qualified students are identified, preference shall be given to a female student. The student should have two or more years of relevant professional experience in the educational field.
Value: Minimum $500.

KENNETH DOWNES GRADUATE AWARD
Established in 1998 by Kenneth Downes (Class of 1947).
Eligibility: Awarded by the GPSO to an outstanding graduate student.
Value: Minimum $5,000.

MGSF FELLOWSHIPS AND RECRUITMENT EXCELLENCE FELLOWSHIPS
Eligibility: Applicants should enquire with the academic unit where they are seeking admission or are registered.
Value: Minimum $5,000.
Fellowship units of $5,000 are awarded by the GPSO upon nomination by academic units. Fellowship units may be used as a part of a recruitment package; as a top-up for an external fellowship, for a teaching or a research assistantship; in combination to form a larger fellowship; as a dissertation fellowship, in accordance with the academic unit’s established priorities.

NORTHERN SCIENTIFIC TRAINING PROGRAM
Eligibility: The Northern Scientific Training Program administers grants to graduate and undergraduate students to help cover the field expenses of working in the North. Program funding is derived from the Department of Indian and Northern Affairs, Ottawa.
Value: Approximately $3,000, awarded for one year only.
Deadline: End of October.
Application: Application forms can be obtained from www.ainc-inac.gc.ca/nstp/nstpb_e.html. Applications should be submitted to Northern Scientific Training Program, c/o Professor Laurie Chan, School of Dietetics and Human Nutrition, McGill University.

RICHARD H. TOMLINSON FELLOWSHIPS IN UNIVERSITY SCIENCE TEACHING
Established in 2003 by a generous gift from Dr. Richard H. Tomlinson, Ph.D. 1948. The awards are for outstanding graduate and postdoctoral students in the Faculty of Science and other faculties, who will be engaged in research in the teaching of science at the university level. Awarded by the Dean of Science on the basis of academic merit upon recommendation from the Director of the Tomlinson University Science Teaching Project.
Professors in the Faculty of Science and other faculties will nominate candidates to the Director of the Tomlinson University Science Teaching Project, who will forward recommendations to the Dean of Science.
Value: Minimum $17,500; renewable.
Application: For more detailed information, please send an e-mail to: tomlinson.project@mcgill.ca with the words "University Science Teaching Fellowship" in the subject field.

5.2 Medical and Health Sciences

5.2.1 Various Medical Science Units

ALBERT A. BUTLER AWARD IN ORTHOPAEDICS
Established in 2001 by Kaye Takamatsu-Butler in memory of Dr. Albert A. Butler, M.D., C.M. 1935. The award will be used to support residents doing research in the field of orthopaedics and/or postgraduate orthopaedic training at McGill. This support can include travel funds for residents to attend conferences, the purchase of research equipment and acknowledgement gifts such as book prizes. Awarded by the Program Director of the McGill Orthopaedic Surgery Residency Program in consultation with the Associate Dean of Postgraduate Medical Education.
Value: Maximum $6,550.

ALEXANDER MCFEE FELLOWSHIP
Eligibility: Open to graduates of any approved university who are resident full-time candidates for higher degrees or diplomas at McGill. The award will be made in Physics, Chemistry, and Medical Sciences (with preference for cancer research).
Value: $10,000.

ARTHUR S. HAWKES FELLOWSHIP
Established in 2000 through a generous bequest by Dr. Arthur S. Hawkes, Ph.D. 1945. Awarded by the Faculty of Medicine to an outstanding student in the Department of Biochemistry.
Value: Minimum $5,000.

DEFI CORPORATIF CANDEREL STUDENTSHIP AND FELLOWSHIP
Eligibility: Open to Ph.D. and post-doctoral fellow candidates within their first year of working with staff of the McGill Cancer Centre and/or the Division of Research, Department of Oncology at McGill.
Application: Candidates must submit a C.V. with publications, letters of reference and an outline of their proposed project with investigator’s name to: Dr. Michael L. Tremblay, McGill Cancer Center, 3655 Promenade Sir William Osler, Montreal, Quebec H3G 1Y6.
Value: $10,000 Studentships – $15,000 Fellowships. One year support in both cases.

DR. BENJAMIN SHORE PRIZE IN PLASTIC SURGERY
Established in memory of Dr. Benjamin Shore, M.D., C.M. 1965.
Eligibility: This prize will be awarded annually to a resident training in one of the McGill teaching hospitals who demonstrates outstanding performance in the Plastic Surgery Program. This prize will be used to fund travel to a national or international meeting in the field of plastic surgery or for special support of a resident doing research in plastic surgery. The Prize will be awarded by the Program Director of the Plastic Surgery Training Program in consultation with the Associate Dean of Postgraduate Medical Education.
Value: $2,500.

DR. GERALD B. PRICE MEMORIAL AWARDS
Three awards, established in 2004, by family and friends, to honour our Dr. Gerald B. Price’s memory and his many contributions as Director of the Division of Experimental Medicine and as a full member of the McGill Cancer Centre.
Eligibility: Awarded by the Division of Experimental Medicine on the basis of merit, through an annual competitive process, to students enrolled in the 2nd or 3rd year of the Ph.D. program in the Division of Experimental Medicine. The awards will be used to enhance the students’ graduate training by providing travel funds for the presentation of a scholarly contribution at a scientific conference. The amount of the award is expected to be matched by the awardee’s supervisor.
Value: $650 each.

DR. PHILIP EIBEL PRIZE IN ORTHOPEDIC SURGERY
Established in 1998 by Miss Deborah Eibel, B.A. 1960, in memory of her father, Dr. Philip Eibel, B.A. 1929, M.D., C.M. 1933.
Eligibility: The prize shall be awarded annually to a medical student, resident, or fellow who has exhibited outstanding achievement during training in Orthopedic Surgery. The selection shall be made by the Faculty of Medicine Scholarships Committee.
Value: $500 each.
DR. PREMSYL “MIKE” PELNAR ACADEMIC ENRICHMENT AWARD
Established through a generous anonymous donation honouring Dr. Premysl Pelnar, a renowned occupational health physician.
Eligibility: Awarded to graduate students of the Department of Occupational Health to further their training and professional activities in the field of occupational health. Awarded by the Chair of the Department upon consultation with the Faculty.
Value: $300 - $600 per year.

F.C. HARRISON FELLOWSHIPS
Established in 1953 by a bequest from the late Francis Charles Harrison, Emeritus Professor of Bacteriology and Emeritus Dean of the Faculty of Graduate studies.
Eligibility: Awarded by the Department of Microbiology and Immunology on the basis of academic merit to full-time graduate students.
Estimated value: $5,000

GEDDES PRIZE IN BIOMEDICAL ENGINEERING
Dr. L.A. Geddes (B.Eng. 1945; M.Eng. 1953; Hon.D.Sc. 1971) established an annual prize in Biomedical Engineering at the discretion of the Chair of the Department of Biomedical Engineering.

HARRY SHANKMAN SCHOLARSHIPS
A bequest from the late Annette Shankman Rieder in honour of her brother Harry Shankman, M.D., provides annual scholarships for meritorious medical students in the M.D./Ph.D. program. Awarded by the Faculty of Medicine Scholarships Committee, on the recommendation of the M.D./Ph.D. Program Director.
Value: Minimum $3,000 each.

I.M. RABINOWITCH FELLOWSHIP
Established in 2006 by a bequest from William J. Prager, in memory of I.M. Rabinowitch, M.D., C.M. 1917, D.Sc. 1932. Awarded annually by the Graduate and Postdoctoral Studies Office, on the basis of academic merit, and on recommendation of the Biomedical Ethics Unit of the Faculty of Medicine, to a graduate student in any degree program, who demonstrates an interest in the relationship between Science and Judaism.
Estimated value: $15,000; renewable once at the Master's level, twice at the Doctoral level.

ISAAK WALTON KILLAM SCHOLARSHIPS/
JEANNE TIMMINS FELLOWSHIPS (NEUROSCIENCES)
Eligibility: The Montreal Neurological Institute offers fellowships for research and study in the fields of the clinical and basic neurosciences. Candidates must hold an M.D. or a Ph.D. degree. Those candidates with M.D. degrees will ordinarily have completed clinical studies in neurology or neurosurgery.
Value: Initial appointments will be for one year with a maximum value of $25,000 (Canadian) with possible renewal.
Deadline: Receipt of application is October 15 for a fellowship commencing July 1 of the following year.
Application: Awards will be made on a strictly competitive basis. Apply in writing to the Assistant to the Director of the Montreal Neurological Institute.

JAMES FROST FELLOWSHIP
Established in 1990 by the Department of Pharmacology and Therapeutics through a donation from Merck Frosst Canada Inc.
Eligibility: Primarily awarded by the graduate training committee to an outstanding international applicant to the program.
Value: $10,000.
Deadline: All international applicants conditionally accepted to the program prior to May 1 are considered for the Fellowship.

JOHN F. DAVIS AWARD
Established in 2003 by John F. Davis, B.Eng. 1942, M.Eng. 1949, M.D.,C.M. 1950. Awarded every two years to a graduate student enrolled in the Department of Biomedical Engineering, by the Chair of the Department of Biomedical Engineering. The award will be for a significant contribution (Master's or Doctoral thesis, major conference paper or journal paper) for a subject applicable to diagnostic or treatment procedures for Neurological or Psychiatric disorders.
Value: Minimum $500.

JUDITH MAPPIN FELLOWSHIP IN WOMEN’S HEALTH
Established in 2002 by Judith Mappin, B.Sc. 1950, for an outstanding graduate student in the Faculty of Science’s Department of Psychology pursuing research in Women’s Health.
Eligibility: Awarded by the Department of Psychology upon the basis of academic merit.
Value: Minimum $20,000; renewable.

MARGARET LOCK PRIZE IN SOCIAL STUDIES OF MEDICINE
Established in 2005 by Dr. Margaret Lock for graduate students who have completed at least one year of studies in the Department of Social Studies of Medicine.
Eligibility: Awarded by the Faculty of Medicine Scholarships Committee upon recommendation from the Department of Social Studies of Medicine to an outstanding student who demonstrates high academic standing in either the Medical Anthropology or Medical Sociology program.
Estimated value: $500.

MCGILL UNIVERSITY - MONTREAL CHILDREN’S HOSPITAL RESEARCH INSTITUTE FELLOWSHIPS
The McGill University - Montreal Children's Hospital Research Institute offers a limited number of postdoctoral and research fellowships.
Eligibility: Medical, dental or doctoral graduates undertaking full time training in pediatric research. Candidate must be supervised by an investigator with formal primary affiliation with McGill University - Montreal Children’s Hospital Research Institute.
Deadline: December 1 for an April 1 or July 1 commencement date.
Value: Based on CIHR guidelines with respect to employment under grants.
Application: Forms are available from the Secretariat of the Research Institute, 4060 Sainte-Catherine Street West, Room 205, Montreal, Quebec, H3Z 2Z3

MCGILL UNIVERSITY - MONTREAL CHILDREN’S HOSPITAL RESEARCH INSTITUTE STUDENTSHIPS
The McGill University - Montreal Children's Hospital Research Institute offers a limited number of studentships awards.
Eligibility: Master’s or doctoral level students conducting pediatric research. Candidates must be supervised by an investigator with a formal primary affiliation with the McGill University - Montreal Children's Hospital Research Institute.
Deadline: April 1 for a July 1 commencement date.
Value: $14,000 per annum.
Application: Forms available from the Secretariat of the Research Institute, 4060 Sainte Catherine Street West, Room 205, Montreal, Quebec, H3Z 2Z3

MELVILLE PRIZE IN PHARMACOLOGY
Established to honour Professor Kenneth I. Melville who was Chairman of the Department of Pharmacology and Therapeutics from 1953 to 1967 and Professor Emeritus from 1967 until his death in 1975.
Eligibility: Awarded annually to two graduate students: one senior, one junior; and Post Doctoral Fellow whose research presentation at the annual Pharmacology Research Day (or equivalent occasion) is judged by an ad hoc advisory committee to be the best.
Value: $400/$200/$100.

MONTREAL LEAGUE FOR THE HARD OF HEARING AWARD
Established by a gift from the Montreal League for the Hard of Hearing Inc. for students in training.
Eligibility: Candidates must be enrolled at the graduate level in the School of Communication Sciences and Disorders doing work in the area of hearing impairment. Awarded by the School.
Value: $1,000.
PERCY HERMANT FELLOWSHIPS IN OPHTHALMOLOGY

This fellowship, established by Mr. Percy Hermant, is divided among the first-year residents in ophthalmology.

Eligibility: Candidates must be graduates of Medicine at McGill or other approved medical schools, must be commencing the study of Ophthalmology at McGill and must be planning to practice this specialty in Canada.

Application: Apply to the Chair, Department of Ophthalmology, McGill University.

PRESTON ROBB FELLOWSHIP

Eligibility: Established in 1994, awarded on a strictly competitive basis by the Montreal Neurological Institute (MNI) to support the training of a clinical fellow to work jointly with one of its basic and one of its clinician scientists. Candidates must have an M.D. degree with clinical studies in neurology or neurosurgery.

Value: Initial appointments, one year to a maximum value of $25,000.

Deadline: October 15 to MNI for a fellowship commencing July 1 of the following year.

Application: Application forms are available from the Director's Office, MNI.

ROLANDE AND MARCEL GOSSELIN GRADUATE STUDENTSHIPS

Eligibility: Established in 2003 by a bequest from Rolande Dubreuil Gosselin. Awarded by the Faculty of Medicine's Postgraduate Awards Committee to two Ph.D. students undertaking cancer research under the direction of a member of the McGill Cancer Centre.

Value: Minimum $12,500 each.

SEAN MURPHY AWARD

Established in 1997 from a bequest of Miss Dorothy Brown.

Eligibility: Awarded by a committee of the Department of Ophthalmology to a student in ophthalmic pathology, with a preference for graduate students or postdoctoral fellows.

Value: $8,000

SIR EDWARD W. BEATTY MEMORIAL SCHOLARSHIPS FOR MEDICAL STUDENTS

Eligibility: Awarded annually to students of any nationality. Applies to students registered in the M.D., C.M./Ph.D. program.

Value: Two, not necessarily of equal value.

Application: More information can be obtained by contacting the office of the Associate Dean, Medical Education and Student Affairs.

THEODORE SOURKES PRIZE

Established in 1992 by the Department of Pharmacology and Therapeutics in honour of Professor Theodore Sourkes.

Eligibility: Awarded annually to recognize outstanding contribution by a graduate student in the Department of Pharmacology and Therapeutics, as judged from a paper published in a peer-reviewed journal. Awarded by the Department to a student currently in the program or having graduated within a year.

Value: $500.

DR. MILTON C. AND NINA E. WILSON AWARD

Established in 1970 by a bequest from the late Milton C. Wilson. The annual income provides support for Undergraduate of Postgraduate students in the Faculty of Medicine who are in Financial need.

5.2.2 Faculty of Medicine: Internal Studentships

The following studentships are open to full-time graduate students at McGill who have completed six months of research and study towards their degree. They are awarded upon recommendation of the Postgraduate Awards Committee of the Faculty. Information regarding these studentships is sent to departmental chairs by January of each year. Deadline for submission of applications is generally the first week in March. Further information can be obtained from the office of the Associate Dean, Graduate Studies and Research, Faculty of Medicine.

CHARLES JAMES PATTON, M.D., AND ELIZABETH ROSS PATTON MEMORIAL PRIZE

Eligibility: Established in 2003 by a bequest from Charles Francis Patton in memory of his parents, Charles James Patton, M.D., and Elizabeth Ross Patton, awarded by the postgraduate awards committee to an outstanding graduate student for excellence in medical research.

Value: Minimum $400.

CLAUDE J.P. GIROUD BURSARY IN ENDOCRINOLOGY

Eligibility: Established by a bequest from Alix Auzolle Giroud in memory of her son, Dr. Claude J.P. Giroud, former professor of Experimental Medicine at McGill. Awarded on a competitive basis to a full-time graduate student pursuing research in Endocrinology.

DR. ARTHUR H. JUDSON FELLOWSHIPS

Established by a bequest from Frances Catherine Judson in memory of her husband. To be awarded by the Faculty of Medicine Postgraduate Awards Committee to graduate students as part of the Faculty of Medicine’s internal studentships.

Value: $10,500.

DR. JOHN A. LUNDIE RESEARCH FELLOWSHIP

Established in 2003 by a bequest by Dr. John A. Lundie for a graduate student pursuing cancer research.

Eligibility: Awarded by the Faculty of Medicine’s Postgraduate Awards Committee. Preference shall be given to candidates pursuing research in the causes and/or cure of cancer.

Value: $6,000.

ELAINE BÉLANGER GRADUATE STUDENTSHIP IN MEDICAL RESEARCH

Established in 2003 by a bequest from Elaine Bélanger for a graduate student pursuing medical research. Awarded by the Faculty of Medicine’s Postgraduate Awards Committee.

Value: Minimum $6,500.

ELIZABETH STEFFEN MEMORIAL AWARD

Eligibility: Established in 1995 by a bequest of the late Elizabeth Steffen (M.D. 1945) and awarded by the Faculty of Medicine to contribute to the support of a full-time graduate student pursuing research in the Faculty of Medicine.

ESTHER CUSHING FELLOWSHIP

Eligibility: Established in 1992 for a student working towards a Master's or doctoral degree in the Faculty of Medicine.

F.S.B. MILLER MEMORIAL FUND

Eligibility: Established in 1982 to provide support for Genetic and Viral research in Neurobiology.

G. RUTHERFORD CAVERHILL FELLOWSHIP

Eligibility: Established in 1943 by Mrs. Rutherford Caverhill for full-time graduate study and training in the Department of Medicine.

GEORGE G. HARRIS FELLOWSHIP IN CANCER

Eligibility: Established in 1962 by a bequest of George G. Harris to provide a fellowship in Cancer Research.

GERSHMAN MEMORIAL SCHOLARSHIP FUND

Eligibility: Established in 1965 to record the bequest of funds from the Estate of Fannie Gershman as a memorial to her late husband Mr. Icko Gershman and herself. The income from this endowment is to be used for scholarships in the field of cancer research.

GORDON PHILLIPS FUND FOR RESEARCH IN CARDIOVASCULAR DISEASES

Eligibility: This fund provides a scholarship open to graduate students involved in cardiovascular research.
HARRISON WATSON SCHOLARSHIP
Eligibility: Established in 1953 by a bequest from the late Harrison Watson and Ruth Appleton Watson in memory of their only son, Captain Aubrey Wentworth Harrison Watson, D.S.O., M.C. The purpose of the scholarship is to encourage research into the causes and cures of tuberculosis and other diseases of an allied character.

HUGH E. BURKE RESEARCH FUND
Eligibility: Established in 1972 for medical research with preference given to requests for financial assistance for full-time graduate students.

IRMA H. BAUER RESEARCH FUND
Eligibility: The income from a bequest by the late Irma H. Bauer to be used for the support of a full-time graduate student doing research in the field of epilepsy.

J.P. COLLIP FELLOWSHIP IN MEDICAL RESEARCH
Eligibility: Fellowships are awarded for studies at McGill in Anatomy and Cell Biology, Bacteriology, Biochemistry, Histology, Pathology, Pharmacology or Physiology. Candidates must be full-time graduate students (M.Sc. or Ph.D.) in one of these subjects.

JAMES O. AND MARIA MEADOWS SCHOLARSHIP
Eligibility: Established to support graduate research preferably in the field of cancer, but worthy candidates working in other areas of medical or surgical research will also be considered.

JEANNETTE AND ABRAM VICTOR MEMORIAL SCHOLARSHIP
Eligibility: Open to full-time graduate students who are principally engaged in research on the physiology of the heart or its diseases.

JOHN MCCRAE FELLOWSHIP
Eligibility: Intended for graduate students of any approved medical school in the fields relating to surgery, urology, otolaryngology, radiology, etc.

MAYSIE MACSPORRAN GRADUATE STUDENTSHIPS
Established in 2002 by Maysie MacSporran, B.A. 1927, in memory of Esther Cushing and her parents, Dr. Frank R. England and Dr. Octavia Grace Ritchie England. Eligibility: Awarded by the Faculty of Medicine’s Postgraduate Awards Committee to top-ranked students in the official training programs in each of the Canadian Institutes of Health Research. Value: Minimum $9,000 each.

JOSEPH SCHUBERT MEMORIAL SCHOLARSHIP
Eligibility: For graduates of any approved medical school who are principally engaged in full-time graduate studies on the physiology of the heart or its diseases.

RUTH AND ALEX DWORIN SCHOLARSHIP
Eligibility: Established in 1989, the Ruth and Alex Dworkin Fund will provide scholarships to students, doing postgraduate work in the field of oncology, who would not be able to pursue their studies in the absence of financial assistance. Students will be selected by the Postgraduate Awards Committee.

SAMUEL S. LERNER MEMORIAL AWARD
Established in 2002 by a bequest from Grace Bernice Lerner in memory of her husband, Samuel S. Lerner. Eligibility: Awarded by the office of the Associate Dean, Graduate Studies and Research of the Faculty of Medicine, to outstanding graduate students pursuing cancer research. Value: Minimum $250.

SAMUEL LUPOVITCH MEMORIAL SCHOLARSHIP
Eligibility: Open to full-time graduate students who are principally engaged in research on the physiology of the blood or its diseases.

5.2.3 Dentistry

DR. AND MRS. I.N. PESNER MEMORIAL PRIZE
Established in 2001 by a bequest from Dr. Isidore N. Pesner, D.D.S. 1920, and Mrs. I.N. Pesner, to fund a graduate student prize in the Faculty of Dentistry. Awarded by the Faculty of Dentistry to an outstanding graduate student already in a residency or post graduate program, who will be presenting a paper at a national or international scientific meeting. Value: Minimum $500.

DR. E.T. & MRS. MARJORIE BOURKE AWARD
Established by a bequest from Marjorie Bourke in memory of her husband, Dr. E.T. Bourke, D.D.S., class of 1923. Eligibility: Awarded by the Faculty of Dentistry to a student pursuing graduate studies in dentistry. Value: Minimum $1,800.

DR. LYON BERCOVITCH MEMORIAL AWARD
Established by a bequest from Olga Bercovitch in memory of her husband, Dr. Lyon Bercovitch, D.D.S., class of 1914. Eligibility: Awarded by the Faculty of Dentistry to a student pursuing graduate studies in dentistry. Value: Minimum $1,800.

DR. SOO KIM LAN PRIZE IN DENTISTRY
Established in 2000 by Arthur Lau, B.Arch 1962 and Crystal S.C. Lau, B.Sc. 1962, M.Sc. 1964, for graduate students in the Faculty of Dentistry to an outstanding graduating student who is entering a Residency or Post Graduate Program, Value: Minimum $500.

DR. WAH LEUNG FELLOWSHIP
Established in 1998 by a generous gift from a McGill graduate of Chemical Engineering (Class of 1959), from Hong Kong, in honour of Dr. Wah Leung, the first Dean of Dentistry at the University of British Columbia. Eligibility: Awarded by the Faculty of Dentistry to an entering postdoctoral, doctoral or master’s student in the Faculty of Dentistry who is working in pain, oral cancer or bone tissue research. Value: Minimum $20,000. Renewable once at the master’s level and twice at the postdoctoral and doctoral levels.

DR. YU-MING LAM FELLOWSHIP
Established in 1999 by a generous gift from Dr. Yu-Ming Lam (DDS 1972) and family in honour of Mr. Yin-Bun Lam. Eligibility: Awarded by the Faculty of Dentistry to an entering postdoctoral, doctoral or master’s student in the Faculty of Dentistry. Value: $10,000, tenable for one year.

HONG KONG FELLOWSHIP IN DENTISTRY
Established in 2002 by a generous gift from a McGill graduate from Hong Kong. The fellowship will be awarded to an outstanding student who has graduated from a Chinese university and is entering a Postdoctoral, Ph.D. or M.Sc. program of study in the Faculty of Dentistry. Awarded by the Dean of the Faculty in consultation with the Graduate Studies Committee. In the event that there is no candidate fitting this description, the Dean and Graduate Studies Committee may consider scholars or professors visiting McGill University from a Chinese University. The recipient will be someone who can be expected to make a significant contribution to the advancement of science in their home country after the completion of their studies. Estimated value: $20,000.
5.2.4 Nursing

In addition to the following, several funding opportunities are available to students whose projects or doctoral theses are related to a nursing intervention research (e.g. GRISIM (Groupe de recherche inter-universitaire en sciences infirmières de Montreal) www.grisim.ca and FERASI (Training and Expertise in Nursing Administration Research www.ferasi.umontreal.ca)). Students should consult their advisors for more information.

ALUMNAE ASSOCIATION OF THE MCGILL SCHOOL OF NURSING SCHOLARSHIP

Eligibility: Scholarships are available for students in graduate programs.
Value: Minimum of $1,000 per award prorated by student status.
Deadline: Applications should be submitted by September 30.
Application: To the Chair of the Scholarship Committee, Application form will be posted at http://nursing.mcgill.ca under the Current Student/Funding Opportunities for Students page at the start of the academic year (e.g. September).

CANADIAN NURSES FOUNDATION FELLOWSHIP

Members of the Canadian Nurses Foundation and Canadian Nurses Association may apply for awards for study at the bacca-laureate, master's and doctoral level. Special awards are identified for neuro-surgical, oncology, community health nursing, epidemiology, etc.

Eligibility: Applicants must be registered in a program and be willing to serve in a nursing position in Canada for one year for each academic year funded. Quebec applicants must apply for licensure in another Canadian province or territory in order to apply for a Fellowship.
Deadline: April 15.
Application: Apply to the Canadian Nurses Foundation, 50 The Driveway, Ottawa, Ontario, K2P 1E2 after November 1.

CORPORATION OF NURSES OF THE DISTRICT OF MONTREAL BURSARY

Bursaries are awarded yearly for study leading to a Master's degree or to a doctorate in nursing.
Application: For further information re: application, please write to: Corporation of Nurses of the District of Montreal, 666 Sherbrooke Street W., Suite 1004, Montreal, Quebec, H3A 1E7.

F. MOYRA ALLEN PRIZE

Established in 1987 in honour of Dr. F. Moyra Allen, B.N. (1948), Emeritus Professor of Nursing 1985, for her distinguished career and international renown.

Eligibility: Awarded by the School to a graduating student in the Master's program who shows potential for a distinctive career in the study and practice of nursing.
Value: $1200.

IRMA K. RILEY AWARDS

Established through a bequest from Irma K. Riley, Cert. Nurs. 1951. Awarded on the basis of scholarly achievement by the School of Nursing to outstanding non-nurse applicants entering the Qualifying program for a Master's degree in Nursing.
Value: Minimum $2,900 each.

NESSA LECKIE MEMORIAL AWARD

Eligibility: Awarded by the School of Nursing to an outstanding student enrolled in the Master's program in the School of Nursing whose major area of studies is mental health nursing, who is working or has previously worked in the nursing field in an area relating to mental health and who has demonstrated clinical expertise in this area.
Estimated Value: $2,300.
Application: Application information will be posted at http://nursing.mcgill.ca under the Current Student/Funding Opportunities for Students page at the start of the academic year (e.g. September).

ORDER OF NURSES OF QUEBEC BURSARIES

Value: Eight bursaries of $10,000 are awarded each year to nurses for studies leading to a Master's degree or to a doctorate degree in nursing.
Deadline: March 15.
Application: To the Ordre des infirmières et infirmiers du Québec, Secretary of the Committee on Bursaries, 4200 Dorchester Blvd West, Westmount, Quebec, H3Z 1V4.

ROYAL VICTORIA HOSPITAL SCHOOL OF NURSING ALUMNAE ASSOCIATION BURSARY

Bursaries are available for graduates of the Royal Victoria Hospital, School of Nursing, who have been accepted into an approved University program.
Application: For further information apply to the Alumnae Office, Nurses’ Home, Royal Victoria Hospital, 687 Pine Avenue West, Montreal, Quebec, H3A 1A1.

ST. JOHN AMBULANCE (ORDER OF ST. JOHN) OF CANADA BURSARIES

Eligibility: Available to experienced registered nurses preparing for leadership positions. Preference will be given to qualified applicants who are volunteers with St. John Ambulance.
Value: One bursary of $1,000 from the Margaret MacLaren Memorial Fund for studies at the Master's level.
Deadline: February 15.
Application: Apply to the Chair of Bursary Funds, St. John Ambulance, National Headquarters, 312 Laurier Avenue East, Ottawa, Ontario, K1N 6P6.

W.K. KELLOGG FOUNDATION LOAN FUND

Value: This fund was established to assist students who have unexpected expenses while registered in courses at the School of Nursing.
Application: Consult the Director, Student Aid Office, Brown Student Services Building, 3600 McTavish Street, Montreal, Quebec, H3A 1Y2.

5.2.5 Physical and Occupational Therapy

BARBARA ROSENTHAL PRIZE

Established in 1992 as a tribute to Barbara Rosenthal's long-standing affiliation with the School of Physical and Occupational Therapy and her devoted years of service to the practice of occupational therapy.

Eligibility: Awarded to a full-time student in the Master's program in Rehabilitation Science with preference being given to an occupational therapist. The prize will be given by the School of Physical and Occupational Therapy on the basis of high academic standing during the first year of the program.
Value: $225.

BOURSE DE RECHERCHE ANNE LANG ETIENNE

Offered to occupational therapists pursuing a Master's or Ph.D. degree who are full members of the Ordre des ergothérapeutes du Québec (OPEQ).
Value: $1,000 for Ph.D.; $750 for Masters
Application: November 1-December 1. For further information contact the Ordre des ergothérapeutes du Québec, 2021 Union Street, Suite 920, Montreal, H3A 259, Tel: (514) 844-5778, Fax: (514) 844-0478, E-mail: ergo@oepq.org, Web site: www.oepq.org.

BOURSE DE RECHERCHE EN MILIEU CLINIQUE ET BOURSE D'ÉTUDES SUPÉRIEURES

Eligibility: Offered to physiotherapists and also those registered in the Master's program.
Deadline: September 30.
Value: $2,000 (Graduate Studies) and $1,500 (Research).
Application: Apply to L'Ordre des physiothérapeutes du Québec, 7101 Jean-Talon est, bureau 1120, Anjou, Québec, H1M 3N7.
JUDITH KORNBLUTH-GELFAND GRADUATE FELLOWSHIP
Established by her husband and Dynamic Capital Corporation as a tribute to Judith Kornbluth-Gelfand (Dip. Phys. Ther., class of 1958), in recognition of her interest in children suffering from neuromuscular disorders.

Eligibility: Awarded by the School of Physical and Occupational Therapy to an outstanding graduate student conducting research studies to improve the efficacy of physiotherapeutic rehabilitation with preference to pediatrics, neurological and neuromuscular disorders.

Value: $2,000.

KAVITA KULKARNI MEMORIAL PRIZE IN REHABILITATION SCIENCE
Established in 2002 by family, friends and the Jewish Rehabilitation Hospital (JRH) Foundation in memory of Kavita Kulkarni, B.Sc.(Phys.Ther.) 2001. Kavita was an outstanding student in the School of Physical and Occupational Therapy whose sudden and tragic death was mourned by all who knew her.

Eligibility: Awarded to an occupational therapist accepted into the School of Physical and Occupational Therapy on the basis of high academic standing excellence to an outstanding graduate student enrolled in a full-time degree program in the School. Preference shall be given to students pursuing research in Rehabilitation Science at the JRH.

Value: Minimum $750.

MARGHERITA RAPAGNA MEMORIAL PRIZE IN REHABILITATION SCIENCE
Established in 2002 by family, friends and the Jewish Rehabilitation Hospital (JRH) Foundation in memory of Margherita Rapagna. Margherita was an outstanding student in the School of Physical and Occupational Therapy whose sudden and tragic death was mourned by all who knew her.

Eligibility: Awarded by the School of Physical and Occupational Therapy on the basis of high academic standing excellence to an outstanding graduate student enrolled in a full-time degree program in the School. Preference shall be given to students pursuing research in Rehabilitation Science at the JRH.

Value: Minimum $500.

PATRICIA ANN MACDONALD WELLS VAN DAEL MEMORIAL AWARD
Established in 2003 by family, friends and colleagues of Patricia Ann MacDonald Wells Van Dale as well as graduates of the School of Physical and Occupational Therapy.

Eligibility: Awarded by the School of Physical and Occupational Therapy to students enrolled in the School's professional programs or to post-baccalaureate physical and occupational therapists registered in the Master's programs in Rehabilitation Science, in recognition of an outstanding clinical, community-based, or research project related to the aging population and/or clinical education.

Value: Minimum $500.

THE 2007-2009 RUTH SHAMAH SCHOLARSHIP
Established by the Psychiatry Department of the Jewish General Hospital in memory of Ms. Ruth Shamah who provided years of passionate and inspiring work as Head of the Occupational Therapy Department. Ruth demonstrated leadership in promoting high quality of care and publishing academic aspects of occupational therapy and will be remembered by numerous colleagues, trainees and now Occupational Therapists pursuing her search for evidence-based practices.

Eligibility: Awarded to an occupational therapist accepted into master level studies (research) from McGill University or Université de Montréal who will have selected a research project related to mental health. Quality and feasibility of the project as well as GPA will be additional selection criteria.

Value: $10,000 a year for a maximum of 2 years.

Deadline: June 15, 2007 (1st scholarship to be awarded September 2007). Must include: the title, the aim of the project, the population and sample size calculations, the research design and methods as well as the time schedule.

Application: Submit to Suzanne Rouleau, Occupational Therapy Clinical Coordinator in Psychiatry, Institute of Community and Family Psychiatry - Jewish General Hospital, 4333 Cote Ste-Catherine Road, Montreal, Quebec H3T 1E4.

5.3 Natural Sciences and Engineering

AJINOMOTO HEARTLAND/HALCHEMIX SCHOLARSHIP
Awarded to a graduate student in animal and poultry science who is conducting research in the field of amino acids in the nutrition of monogastric livestock. Preference will be given to a Ph.D. candidate.

Eligibility: Awarded by the Faculty of Agricultural and Environmental Sciences Scholarships Committee on the recommendation of the Department of Animal Science.

Value: $500.

AMY WONG BIOTECHNOLOGY AWARD
Awarded to a qualified student from China, including Hong Kong, who is an entering postdoctoral fellow, Ph.D. or M.Sc. student conducting agricultural production/food related research in the Faculty of Agricultural and Environmental Sciences. Awarded by the Dean of the Faculty in consultation with the departments. The recipients are expected to return to their home country after the completion of their studies.

Estimated value: $9,500.

AMY WONG FELLOWSHIP
Awarded to a qualified student from China, including Hong Kong, who is an entering postdoctoral fellow, Ph.D. or M.Sc. student conducting agricultural production/food related research in the Faculty of Agricultural and Environmental Sciences. Awarded by the Dean of the Faculty in consultation with the departments. The recipients are expected to return to their home country after the completion of their studies.

Estimated Value: $20,000. Renewable once at the master's level and twice at the doctoral or postdoctoral levels.

ANDRÉ COURTEMANCHE FELLOWSHIPS IN BIOINFORMATICS
Established in 2004 by André Courtemanche, B.Sc. 1985, M.Sc. 1987, for outstanding graduate students in the Faculty of Science’s School of Computer Science, who are pursuing their Doctorate or Master’s degree in the field of Computer Science, and conducting research in bioinformatics.

Eligibility: Awarded on the basis of academic merit by the Office of Graduate and Postdoctoral studies on the recommendation of the School of Computer Science, with a preference for newly admitted NSERC or FQRNT fellowship recipients, or alternatively, international students with upper first class or equivalent standing.

Value: $6,250; renewable for an additional year.

ARTHUR WILLEY MEMORIAL FELLOWSHIPS
Eligibility: New applicants to the M.Sc. or Ph.D. program; to be awarded on the recommendation of the Biology Department.

Value: $2,500; non-renewable.

Application: An application for admission must be received in the Biology Department prior to March 1.
BLAIRE POSTGRADUATE FELLOWSHIPS
Eligibility: Established through a bequest to the Faculty of Agricultural and Environmental Sciences from the Blair Farm estate, Chateauguay Valley. Awarded annually to a doctoral candidate whose research has a clear relationship to problems of Quebec farms, with preference for marginal farms in south-western Quebec. For the Department of Agricultural Economics, M.Sc. students are eligible.
Value: $5,000; renewable for up to three years.
Application: By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee. Candidates will be requested to provide a one-page statement explaining how their project relates to the fellowship.

Casper W. Owen Fellowship
Eligibility: Graduate students, both M.Sc. and Ph.D. level, enrolled or planning to enrol in Plant Science are eligible for this award but preference will be given to entering students. Applicants should have outstanding academic records or equivalent research experience.
Value: $10,000 (two instalments); renewable once. The department will ensure that the holder of the fellowship has an academic income of at least $16,000.
Application: Apply to the Department of Plant Science. Entering graduate students should submit their fellowship application with application for graduate studies.

Catherine Freeman Fellowship in Human Nutrition
Established in 2002 by Catherine Freeman, B.H.S. 1941, for an outstanding graduate student in the School of Dietetics and Human Nutrition.
Eligibility: Awarded by the Faculty of Agricultural and Environmental Sciences Scholarships Committee on the recommendation of the School.
Award: Minimum $10,000.

Donald Mackenzie Munroe Fellowship
Established in 2006 by Principal Heather Munroe-Blum, O.C., Ph.D., F.R.S.C., on behalf of herself and her brothers: Robert, Ross, Donald, John and James, in memory of their father, Donald Mackenzie Munroe. Awarded by the Graduate and Postdoctoral Studies Office to an outstanding graduate student in the Faculty of Agricultural and Environmental Sciences upon joint recommendation of the Faculty of Agricultural and Environmental Sciences and the McGill School of Environment.
Value: $18,000 renewable once at the Master's Level and twice at the Doctoral level.

Dr. and Mrs. Milton Leong Graduate Student Awards
梁家康醫生夫婦研究生獎學金
Established in 2006 by Dr. and Mrs. Milton Leong to allow McGill University to attract and retain top students in its Faculty of Science.
Eligibility: Awarded by the GPSO, upon the recommendation of the Faculty of Science, to graduate students who are accepted into or registered in a program in the Faculty of Science, and who have also been granted an external fellowship, such as NSERC or FQRNT.
Estimated value: $5,000, or at the discretion of the Dean of the Faculty of Science; non-renewable.

Dr. and Mrs. Milton Leong Fellowships in Science
梁家康醫生夫婦自然科學獎學金
Eligibility: Awarded by the GPSO to outstanding graduate students in the Faculty of Science, with preference to students from China.
Estimated value: $25,000; renewable once.

Elizabeth and Andre Rossinger Fellowship in Canadian Rural Sustainability
Established in 2005 by Elizabeth Taylor Rossinger, S.W. 1951, for an outstanding graduate student working on projects related to Canadian rural sustainability in the Faculty of Agricultural and Environmental Sciences. Awarded on the basis of academic merit by the Office of Graduate and Postdoctoral Studies on the recommendation of the Scholarships Committee of the Faculty of Agricultural and Environmental Sciences.
Value: Minimum $10,000 plus a mandatory contribution from the supervisor's research funds to provide a minimum annual income equivalent to an NSERC Post Graduate Scholarship (PBS); renewable once at a Master's level, twice at a Doctoral level.

E. Melville DuPorte Award
Established by an endowment to honour the late E. Melville DuPorte, B.S.A., S.Sc., Ph.D., and D.Sc., long-time Professor of Entomology at Macdonald College and a respected leader and researcher.
Eligibility: Awarded to a student demonstrating excellence in the first year of graduate studies in Entomology in the Department of Natural Resource Sciences.
Value: $500.
Application: By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee.

Frederick Dimmock Memorial Fellowship
Established in 1998 by an endowment in memory of the late Frederick Dimmock, a graduate of Macdonald College (1923).
Eligibility: Awarded annually by the Plant Science Department to a postgraduate student pursuing an aspect of research on grain crops.
Value: Approximately $4,000.
Application: By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee.

Robert P. Harper Fellowship in Parasitology
Established in 2005 by a bequest from Robert P. Harper, M.Sc. 1947, Ph.D. 1949, a former faculty member at the Institute of Parasitology.
Eligibility: Awarded by the Graduate and Postdoctoral Studies Office upon the recommendation from the Fellowships committee of the Institute of Parasitology in the Faculty of Agricultural and Environmental Sciences, to a newly admitted international student for doctoral studies Parasitology. The fellowship will be awarded on the basis of academic excellence and research potential.
Value: Minimum $11,000, renewable twice, plus a mandatory contribution from the supervisor’s research funds to provide a minimum annual income of $16,000.

Hugh Baily Award
Established through a legacy by Philip Pendlebury Baily (B.Sc. 1913, M.Sc. 1914) in memory of his brother, Hugh Reginald Dowson Baily (Agriculture 1916), the first member of the University to give his life in the war of 1914-18.
Eligibility: Awarded to a graduate student in an agriculture-related field through the Faculty of Agricultural and Environmental Sciences. Preference will be given to students completing their dissertation who require less than one year of support.
Value: $750.
Application: By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee.

John and Ethelene Gareau Fellowship in Science
Established in 2002 by John, B.Sc. 1952 and Ethelene Gareau, for an outstanding graduate student pursuing environmental research in the Faculty of Science, Department of Biology.
**LEWIS A. FISCHER MEMORIAL BURSARY IN AGRICULTURAL ECONOMICS**

Established through donations in recognition of Dr. Fischer's contributions to the Department of Agricultural Economics from 1959 to 1989.

**Eligibility:** Awarded to a graduate student in Agricultural Economics, based on academic achievement and financial need. Preference will be given to an international student.

**Value:** $10,000.

**Deadline:** April 1.

**Application:** By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee. For more information contact the Department of Agricultural Economics.

**LYNDE LAIRD LYSTER MEMORIAL FELLOWSHIP IN PARASITOLOGY**

The award was established in 1972 by Arthur J. Lyster to be awarded to an undergraduate student in the Faculty of Agricultural and Environmental Sciences who has demonstrated excellence in Parasitology courses offered by the Faculty. The award may be granted to an in-course student or to a graduating student.

**Eligibility:** Awarded by the fellowships committee of the Institute of Parasitology to new applicants for graduate studies in parasitology who are nominated by the academic staff of the Institute.

The fellowship will be awarded on the basis of strong academic standing and financial need. With other considerations being equal, preference will be given to candidates from (a) the Eastern Townships; (b) the Province of Quebec; and (c) Canada - in that order. Should there be no suitable candidate from Canada, the award will be open to any resident of the British Commonwealth or suitable person.

**Value:** $14,000.

**MACDONALD CLASS OF '44 ROWLES GRADUATE BURSARY**

Established by the Class of '44 in honour of William and Laura Rowles to recognize with respect the affection and friendship, which the Rowles have shared with Macdonald students and graduates through the years.

**Eligibility:** Awarded to Macdonald graduate students who are in good academic standing and have demonstrated financial need. Preference will be given to Canadian students.

**Value:** $750.

**Application:** By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee.

**MARGARET DUPOURTE FELLOWSHIPS**

Established by a bequest of the late Margaret DuPorte, B.Sc.(Agr.) 1936.

**Eligibility:** Awarded to students in the M.Sc. or Ph.D. programs in the Department of Natural Resource Sciences for graduate studies in Entomology.

**Value:** $8,000

**Application:** By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee.

**MARIAN AND RALPH SKETCH FELLOWSHIP**

Established in 2001 through a bequest from Marian Howard Sketch, in memory of her husband, the late Ralph M. Sketch B.S.A. '31, to encourage and support a student from China studying in a program offered on the Macdonald Campus. Awarded by the Scholarships Committee, Faculty of Agricultural and Environmental Sciences; tenable for two years at the M.Sc. Level or three years at the Ph. D. level.

**Value:** $10,000, plus a mandatory contribution from the supervisor's research fund to provide a minimum annual income of $15,000.

**MARY LOUISE TAYLOR FELLOWSHIP**

**Eligibility:** Awarded by the GPSO. The fellowships may be held by students registered in any graduate program in the Faculty of Science at McGill, with preference given to women. No citizenship restrictions.

**Value:** $15,000; renewable once.

**Application:** Students apply through the McGill Major Fellowships competition.

**“OLD SUN” SCHOLARSHIP**

Established in 1994 by Joy Harvie Maclaren, a 1944 Macdonald dietetics graduate, in recognition of the 50th anniversary of her graduation and in honour of her late father. Eric Harvie was made Honorary Chief Old Sun by the Blackfoot tribe of Alberta in recognition of his great interest in their native culture and making it possible for this to be recorded for future preservation. Chief Old Sun and Chief Crowfoot together signed Treaty No. 7 with the Canadian Government in 1874 for land, peace and education.

**Eligibility:** Preference to Canadian aboriginal students (alternatively students from Western Canada) who are entering studies in dietetics, human nutrition, animal nutrition, or environmental sciences on the Macdonald Campus. Students must demonstrate academic achievement, community involvement, leadership and financial need. Undergraduate and graduate students will be considered.

**Value:** $10,000. May be renewed for a maximum of two years subject to satisfactory standing and full-time status.

**Application:** Awarded by the Faculty of Agricultural and Environmental Sciences Scholarships Committee, after department invitation of candidates to apply.

**PHILIP CARPENTER FELLOWSHIP IN BIOLOGY**

Established in 1892 by Mrs. Philip P. Carpenter to provide “a post-graduate teaching fellowship or scholarship in Natural Science or some branch thereof.”

**Eligibility:** New applicants to the M.Sc. or Ph.D. program; to be awarded on the recommendation of the Biology Department.

**Value:** Two awards of $2,000 each year.

**Application:** An application for admission must be received in the Biology Department prior to March 1.

**PLANT SCIENCE POSTGRADUATE AWARD**

This memorial award was established by the family and friends of the late Robert Klinck, a former student.

**Eligibility:** Awarded to a student who has successfully completed at least one year of post-graduate studies in the Department of Plant Science and who has demonstrated good citizenship in the Department.

**Value:** Approximately $1,200.

**Application:** By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee.

**ROBERT P. HARPUR FELLOWSHIP IN PARASITOLOGY**

Established in 2005 by bequest from Robert P. Harpur, M.Sc. 1947, Ph.D. 1949, a former faculty member at the Institute of Parasitology. Awarded by the Graduate and Postdoctoral Studies Office, upon recommendation from the fellowships committee of the Institute of Parasitology in the Faculty of Agricultural and Environmental Sciences, to a newly admitted student for graduate studies in Parasitology. The Fellowship will be awarded on the basis of academic excellence and research potential.

**Value:** Minimum $11,000, plus a mandatory contribution from the supervisor's research funds to provide a minimum annual income of $16,000. Renewable once at the Master’s level and twice at the Doctoral level.

**ROLAND LOISELLE PRIZE IN PLANT GENETICS**

Established by the Rotary Club of Montreal in 1997 to provide
AGRICULTURAL AWARD

Value: $2,000.

Application: By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee.

Value: Minimum $2,000.

ROTARY CLUB OF MONTREAL INTERNATIONAL AGRICULTURAL AWARD
Established by the Rotary Club of Montreal in 1997 to provide opportunity for international students in agriculture to study at McGill.

Eligibility: Awarded to an international student for graduate level studies at the Macdonald Campus in the area of agriculture and food production. Preference will be given to entering students from Asia, Africa or the Caribbean, who require additional financial assistance and who intend to return to their home country to train others.

Value: $5,000. Renewable for one year in the M.Sc. program and two years in the Ph.D. program.

Application: By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee.

SIR VINCENT MEREDITH FELLOWSHIP IN AGRICULTURAL ECONOMICS
Eligibility: Offered to an outstanding student admitted to the graduate program in Agriculture Economics. The recipients of this fellowship may be expected to participate in the teaching program of the department.

Value: $15,000 (two installments) renewable once on the basis of satisfactory progress.

Deadline: April 1.

Application: Apply to the Program Director (Agricultural Economics) in the Department of Natural Resource Sciences. Entering graduate students should submit their fellowship application with application for graduate studies.

TOMLINSON CENTENNIAL FELLOWSHIP IN FOREST ECOLOGY
Established in 2006 by Dr. Richard Tomlinson in honour of Macdonald Campus’ hundredth anniversary and the long career in forest research of his brother, Dr. George Tomlinson. Awarded to an outstanding graduate student working in the area of forest ecology in the Department of Natural Resource Sciences. Awarded on the basis of academic merit by the Graduate and Postdoctoral Studies Office on the recommendation of the Scholarships Committee of the Faculty of Agricultural and Environmental Sciences.

Estimated Value: $15,000; renewable once at the Master’s level, twice at the Doctoral level.

T.W.M. CAMERON AWARD IN PARASITOLOGY
Eligibility: Open to M.Sc. or Ph.D. graduates at the Institute of Parasitology on completion of their degree. Awarded for excellence in parasitology, demonstrated in the course of study at the Institute of Parasitology.

Application: Nominations by a selection committee at the Institute of Parasitology.

VINEBERG FAMILY FELLOWSHIP
Established in 1990 by the family of Gertrude Vineberg to support research on environmental quality.

Eligibility: Awarded by the GPSO on the recommendation of the Executive Committee of the Limnology Research Centre to an outstanding student pursuing graduate studies and research on fresh water pollution, conservation and rehabilitation.

Value: $8,000, non-renewable.

WALTER M. STEWART POSTGRADUATE SCHOLARSHIP IN AGRICULTURE
From a fund established by the late Walter M. Stewart.

Eligibility: Awarded annually to students studying at the postgraduate level at Macdonald Campus. Preference will be given to graduates of Quebec universities. If there are insufficient suitable candidates at the postgraduate level in a particular year, funds will be awarded to undergraduate students in the Faculty of Agricultural and Environmental Sciences who have achieved high academic standing.

Application: By departmental recommendation to the Faculty of Agricultural and Environmental Sciences Scholarships Committee.

Value: $5,000 awards, totalling $25,000.

WILFRED YAPHE AWARD
Established in 1986 by the Department of Microbiology and Immunology, in memory of Dr. Wilfred Yaphe, Professor in the Department from 1966 until his untimely death in 1986.

Eligibility: Granted upon recommendation of the Graduate Committee of the Department of Microbiology and Immunology, to one M.Sc. student and one Ph.D. student who were awarded their degrees during the academic year.

Value: $250.

5.3.2 Chemical Engineering

THOMAS HALIBURTON HENRY AWARD
Established in 2000 in honour of Thomas Haliburton Henry, 1922-1944. Awarded by the Department of Chemical Engineering to an outstanding graduate student enrolled in the Department of Chemical Engineering.

Estimated value: $1,500.

WILLIAM H. GAUVIN FELLOWSHIP IN CHEMICAL ENGINEERING

Eligibility: Awarded by the GPSO to a student in the first or second year of Ph.D. study upon recommendation of the Department of Chemical Engineering. No citizenship restrictions.

Estimated value: $15,000; renewable once.

5.3.3 Chemistry

CANADIAN SOCIETY FOR CHEMISTRY - MONTREAL-2001 GRADUATE AWARD
Established in 2002 by the organizing committee of the CSC-Montreal 2001 conference to recognize excellence and distinguished academic standing by students in the Department of Chemistry.

Eligibility: Awarded by the Department of Chemistry to one or more outstanding graduate students to support expenses related to the presentation of a paper or papers at a major national or international conference.

Value: Minimum $1,000.

CARL A. WINKLER AWARD IN CHEMISTRY
Made possible by the donations of his graduate students, colleagues, friends, and a matching gift by Polysar Limited.

Eligibility: Given annually to the Ph.D. candidate who upon graduating is judged to be of outstanding academic excellence.

Value: Approximately $1,000.

Application: No applications necessary. Awarded by the Chemistry Department.

COLL MCFEE MEMORIAL SCHOLARSHIP
Established in 1968 from a bequest of the late Miss Julia Beatrice Anderson McFee in honour of her father, Coll McFee and her brother, Malcolm Charles Coll McFee, B.A. (1905), B.Sc. (1908), M.Sc.

Eligibility: To a student proceeding to the M.Ed. (Secondary Education) degree in Chemistry or a graduate of the McGill Chemistry Department who is proceeding to a M.Sc. or Ph.D. degree.
DAVID J. SIMKIN AWARD IN PHYSICAL CHEMISTRY
Value: $500.
Application: Awarded by the Department of Chemistry to a doctoral student at the beginning of the student’s third year of doctoral studies in physical chemistry research on the basis of excellence in graduate course work and research.

PALL DISSERTATION AWARD
Established in 1997 by Dr. David Pall.
Value: $6,000.
Application: No application necessary. Awarded by the Department of Chemistry to an outstanding doctoral student who is in the last six months of the Ph.D. program.

RICHARD T. MOHAN SCHOLARSHIP
Established in 1971 to honour the memory of the late Richard T. Mohan.
Eligibility: Awarded to a post-graduate student proceeding to the Ph.D. degree.
Value: Varies.
Application: No applications necessary. Awarded by the Chemistry Department.

ROBERT ZAMBONI PRIZE(S) IN CHEMISTRY
Established in honour of Dr. Robert Zamboni (Ph.D. in Chemistry 1979), a distinguished Medicinal chemist at Merck Frost Research for the dissemination of their research.
Eligibility: Awarded by the Department of Chemistry on an annual basis to graduate students who have demonstrated excellence in research and planned for postgraduate work in Chemistry.
Value: Minimum $300.
Application: Awarded by the Chemistry Department.

T. STERRY HUNT AWARDS IN CHEMISTRY
Value: Several $400 awards for best demonstrating.
Application: No applications necessary. Awarded by the Chemistry Department.

UDHO, PARSINI, DIWAN AWARD IN CHEMISTRY
Established in 1994 by Mr. G.C. Kakar, Dr. A. Kakar, and Mr. P. Kakar in memory of family members. Awarded on the basis of the best research paper published in the calendar year by a graduate student in the Chemistry Department.
Eligibility: Recipients must be registered at the time of submission of the research paper for the competition.
Value: $300.
Application: Awarded by the Department of Chemistry in January each year.

5.3.4 Earth and Planetary Sciences

ALEXANDER A. MCGREGOR FELLOWSHIP IN EARTH AND PLANETARY SCIENCES
Established by Mr. Alexander A. McGregor (B.Sc. McGill '48).
Eligibility: Awarded on recommendation of the Department of Earth and Planetary Sciences to an outstanding research student in any field of the earth sciences.
Value: $10,000.

CARL REINHARDT SCHOLARSHIPS AND BURSARIES IN PHYSICS AND EARTH AND PLANETARY SCIENCES
Established from the estate of the late Carl Reinhardt.
Eligibility: To be used for scholarships or bursaries or in support of research for graduate students in Physics, and Earth and Planetary Sciences. Awards are made by the Chair of the department concerned.
Value: Varies.
Eligibility: The awards are made on the recommendation of the Chair of the Department of Mining, Metals and Materials Engineering.

Value: Five research and teaching postgraduate awards of $3,000 each or up to ten undergraduate awards totalling $1,500 each in the Department of Mining, Metals and Materials Engineering. Various Physical Science and Engineering Units

5.3.6 Various Physical Sciences and Engineering Units

A.F. DUNLOP SCHOLARSHIPS
Travelling scholarships bequeathed in 1937 by the late Mrs. Catherine A. Dunlop for students graduating with the M.Arch.1 degree. Apply, stating proposed study, localities to be visited and date of departure, to the Director of the School before January 31. Selection is made by a Committee of Staff of the School of Architecture.

Value: Minimum $2,500 each.

ALEXANDER MCFEE FELLOWSHIP
Eligibility: Open to graduates of any approved university who are resident full-time candidates for higher degrees or diplomas at McGill. The award will be made in Physics, Chemistry, and Medical Sciences (with preference for Cancer research).

Value: $10,000.

ALVARO ORTEGA AWARD
Established in memory of Alvaro Ortega by his wife, Madeleine Ortega and colleagues. Prof. Ortega was a graduate of the McGill School of Architecture and established the School’s graduate program in Minimum Cost Housing, where he taught for many years.

Eligibility: Awarded annually by the School of Architecture to a graduate student who is in financial need and good academic standing and whose research is in the area of low cost housing.

Value: $500.

AMERICAN INSTITUTE OF ARCHITECTS HENRY ADAMS MEDAL AND CERTIFICATES OF MERIT
Established in 1966 and awarded for general excellence to graduating students in the professional program of architecture schools recognized by the Institute. The medal and certificate are awarded by the School of Architecture to the top ranking student, and a second certificate to the second ranking graduating student.

ANDRÉ COURTEMANCHE FELLOWSHIPS IN BIOINFORMATICS
See complete description in section 5.3.1, "Various Agricultural, Nutritional, and Biological Sciences Units".

ANDRÉ COURTEMANCHE FELLOWSHIP FOR EXCELLENCE IN COMPUTER SCIENCE
Established in 2003 by André Courtemanche, B.Sc. 1985, M.Sc. 1987, for an outstanding graduate student who will be pursuing the first or second year of a Master's degree in Computer Science in the Faculty of Science. Awarded by the Graduate and Postdoctoral Studies Office upon the recommendation of the School of Computer Science on the basis of merit.

Value: $10,000; renewable once for first year students.

ARCOP/ALCAN AWARD
Awarded annually to a student in the final semester of the M.Arch.1 program for a design project demonstrating particular sensitivity to the architectural and cultural traditions of its location. The winner will be selected by a jury of three members, at least one of whom is a professional architect who is not a member of the staff of the School of Architecture.

Value: $1,000.

CAE AWARD IN ENGINEERING EXCELLENCE
Established in 2002 by CAE Inc. Founded in 1947, CAE is a global leader in the provision of simulation and control technologies and training solutions for aerospace, defence and marine markets.

Awarded on the basis of high academic standing by the Faculty of Engineering Scholarships Committee. Preference shall be given to students entering their first year of graduate studies in either the Department of Electrical and Computer Engineering or the Department of Mechanical Engineering.

Value: Minimum $2,000.

CANADIAN INSTITUTE OF MINING AND METALLURGY MONTREAL BRANCH LOAN FUND
Established in 1958 by the Montreal Branch of the Institute of Mining and Metallurgy to provide loans to students in Geological Sciences, Metallurgical Engineering, and Mining Engineering.

CARL REINHARDT SCHOLARSHIPS AND BURSARIES IN PHYSICS AND EARTH AND PLANETARY SCIENCES
Established from the estate of the late Carl Reinhardt.

Eligibility: To be used for scholarships or bursaries in the support of research for graduate students in Physics, and Earth and Planetary Sciences. Awards are made by the Chairs of the departments concerned.

CHARLES LEGEYT FORTESCUE FELLOWSHIP IN ELECTRICAL ENGINEERING
Eligibility: Candidates must have majored in the field of Electrical Engineering and have received a Bachelor's degree from an engineering college of recognized standing. Preference will be given to applicants about to begin their first year of graduate work.

Deadline: January 31.

Value: Stipend of $24,000 for one year of full time graduate work in Electrical Engineering at an engineering school of recognized standing located in the U.S. or Canada.

Application: Information available from: Secretary, Charles LeGeyt Fortescue Fellowships Committee, Institute of Electrical and Electronics Engineering, Inc., 345 East 47th Street, New York, NY 10017.

CLIFFORD C.F. WONG FELLOWSHIP IN ARCHITECTURE

Eligibility: Established in 1987 by Clifford Wong (B.Arch. 1960), this prestigious award is open to students entering the graduate program in Architecture. According to the terms of the bequest, preference will be given to applicants from the People’s Republic of China. Only in the event that there are no qualified applicants from China will the Fellowship be offered to a candidate from another country.

Value: A total fund of $12,000 is available annually, from which award(s) are made at the discretion of the School of Architecture Graduate Fellowships Committee.
DR. JAMES E. GRIFFITHS AWARD IN MATERIAL SCIENCES
Established in 2001 by Dr. James E. Griffiths, Ph.D. 1959. Awarded by the GPSO upon recommendation of the Faculty of Science to an outstanding incoming graduate student pursuing studies and research in material sciences in the Faculty of Science. Preference will be given to students holding an FQRTN (FCAR) or NSERC fellowship.
Estimated value: $1,500.

DR. AND MRS. MILTON LEONG GRADUATE STUDENT AWARDS
See complete description under previous heading: Agricultural and Biological Sciences.

DR. AND MRS. MILTON LEONG FELLOWSHIPS IN SCIENCE
See complete description under previous heading: Agricultural and Biological Sciences.

DR. ROBERT G.H. LEE FELLOWSHIP
Established in 1998 by a generous gift from a McGill graduate of Chemical Engineering (Class of 1959), from Hong Kong, in honour of Dr. Robert G.H. Lee, B. Eng. 1947 (Metallurgical Engineering).
Estimated value: $10,000. Renewable once at the Master’s level and twice at the Postdoctoral or Doctoral levels.
Application: Awarded by the GPSO on the recommendation of the Faculty of Engineering to an entering postdoctoral, doctoral or Master’s student in either Chemical Engineering or Mining and Metallurgical Engineering.

DR. SOO KIM LAN PRIZE IN ARCHITECTURE
Established in 2000 by Arthur C.F. Lau (B.Arch. 1962) and Crystal S.C. Soo Lau (B.Sc. 1962, M.Sc. 1964) in memory of the latter’s mother. Dr. Soo Kim Lan. The prize is awarded by a committee of staff of the School of Architecture to an outstanding student completing the second semester of study in the Master of Architecture program.
Value: $2,000.

DOW-HICKSON FELLOWSHIP IN PHYSICS
Endowed by the late Professor J.W.A. Hickson.
Eligibility: Awarded to a graduate student of any approved university proceeding to a higher degree in any branch of physics at McGill, or by a McGill graduate pursuing such studies elsewhere.
Value: Two fellowships of $6,500 each.
Application: Current graduate students apply to the Chair, Department of Physics.

EMIL NENNIGER MEMORIAL FELLOWSHIP
Funded by a donation from Mrs. F.S. Nenniger in memory of her husband's outstanding contribution to engineering.
Eligibility: Awarded annually to graduate students of Chemical and Civil Engineering on the basis of scholastic ability and general promise.
Value: Two Fellowships of $3,000.
Application: Apply to the Chair, Department of Chemical or Civil Engineering.

ENGINEERING CLASS OF 1936 AWARD
Established by graduates of the Engineering Class of 1936, in honour of their 60th reunion in 1996, to enable the Faculty of Engineering to attract high calibre candidates to McGill.
Eligibility: Available to students commencing graduate studies in Engineering with a preference to Ph.D. candidates. Awarded by the Faculty of Engineering Scholarships Committee based on recommendations by the Chairs and Directors of Departments and Schools within the Faculty.
Value: Minimum $3,000.

ERIC L. ADLER FELLOWSHIP IN ELECTRICAL ENGINEERING
Established in 2003 by a graduate alumnus in honour of his former research supervisor, Professor Emeritus Eric L. Adler, for outstanding graduate students. Awarded by the Graduate and Postdoctoral Studies Office, upon the recommendation of the Department of Electrical and Computer Engineering, on the basis of academic merit.
Value: $10,000; renewable once at the Master's level, twice at the Ph.D. level.

F.O. FOWLER MEMORIAL FELLOWSHIP
Based on donations from Canadian Pacific Forest Products Limited in memory of their employee, Frank Fowler, a graduate of McGill (B.Eng. ’42). Awarded every two years.
Eligibility: Open to graduate students enrolled in a Master's or Engineering or Science program. Preference given to children of C.P. Forest Products Ltd. employees. Restricted to Canadian citizens.
Value: $8,000; renewable once.
Application: For information contact the Chair, Department of Chemical Engineering or Chair, Department of Chemistry.

FRED LEBENSOLD MEMORIAL FELLOWSHIP IN ARCHITECTURE
Established in 1987 by Mrs. Ruth Lebensold and Family in memory of Fred Lebensold, distinguished Montreal architect and Professor in the McGill School of Architecture from 1952-1955. Awarded annually by the School of Architecture Graduate Fellowship Committee, on the basis of academic merit, to a student entering the Master of Architecture Program.
Value: $3,500.

GAR LAM VIP MEMORIAL FELLOWSHIP IN GUIDED WAVE PHOTONICS
Established in 2000 by family, friends and colleagues in memory of Dr. Gar Lam Yip, distinguished professor in the Department of Electrical and Computer Engineering from 1973 - 1999. Awarded by the GPSO on recommendation of the Department to a top student at the Master’s level in Electrical and Computer Engineering.
Estimated value: $16,500 annually; renewable.

GENERAL ELECTRIC AWARD IN ENVIRONMENTAL ENGINEERING
Established in 1997 by a generous gift from the General Electric Foundation.
Eligibility: Awarded by the GPSO to full-time graduate students in the Environmental Engineering Master’s program on the recommendation of the program Advisory Committee.
Value: $6,000.

HAROLD SPENCE-SALES PRIZE IN URBAN PLANNING
Established by graduates and friends of the School of Urban Planning to commemorate the fiftieth anniversary of the founding of urban planning education in Canada at McGill University by Professor Harold Spence-Sales.
Eligibility: Awarded to a student entering the second year of graduate studies, based on academic achievement, by the GPSO on the recommendation of the School of Urban Planning.
Value: Minimum $250.

H.L. FETHERSTONHAUGH BOOK PRIZE
Established in memory of the late H.L. Fetherstonhaugh, M.C., F.R.A.I.C., F.R.I.B.A., R.C.A., a former member of staff in the School of Architecture. Awarded by the School of Architecture to the student with the highest standing in the course Professional Practice 1.

HUGH MACLENNAN MEMORIAL SCHOLARSHIP
Established by the Hon. John Stewart MacLennan, Dr. Francis MacLennan and Miss Isabella MacLennan in memory of Hugh MacLennan, son of the Hon. John Stewart MacLennan, killed at the Battle Ypres in 1915. Awarded for travel to the student who has maintained the highest standing throughout professional studies in...
Architecture. Selection is made by a Committee of Staff of the School of Architecture.

Value: $4,500.

JOHN BLAND SCHOLARSHIP IN ARCHITECTURE
Established in 1998 by a generous gift from a McGill graduate of Chemical Engineering (Class of 1959), from Hong Kong, in honour of Professor John Bland, Director of the School of Architecture between 1941 and 1972. Awarded by a committee of staff of the School of Architecture to a graduating student to support work in China.

Estimated value: $5,000.

JOHN BONSALL PORTER SCHOLARSHIP
Founded by Dr. W.W. Colpitts (B.Sc. 1899).

Eligibility: Open to full-time graduate students currently registered in a M. Eng. in Civil, Mechanical, or Electrical Engineering, preferably in Civil Engineering.

Value: $1,000.

Application: Apply to the Dean of the Faculty of Engineering. Applications from graduates of other universities must be accompanied by certified statements of academic standing and letters of recommendation.

JOHN BRADBURY AWARD IN GEOGRAPHY
Established in memory of John Bradbury, remembered as one who inspired students and colleagues alike with his enthusiasm for understanding the world, and his commitment to improving the working conditions of ordinary people.

Eligibility: Awarded annually to a Master's student in Geography, alternately from McGill (even-numbered years) and Simon Fraser (odd-numbered years), whose thesis topic is related to John Bradbury's research interest in the economic geography of Canadian resource towns and international development, especially economic and social problems of resource town planning, economic restructuring, housing, class conflict and gender and work.

Value: $1,000.

Application: Awarded by the Department of Geography.

JOSEPH S. STAUFFER FELLOWSHIP
Established in 1992 by a gift from the Joseph S. Stauffer Foundation to the Faculty of Engineering.

Eligibility: Awarded to students commencing graduate studies in Engineering with preference to Ph.D. candidates. Awarded by the Faculty of Engineering Fellowships Committee, based on the recommendations of Chairs and Directors of academic units in the Faculty.

Value: $5,000. In the event that the fellowship is awarded to an international student, the value may be increased to a maximum of $10,000; renewable.

LARS AND ALBERTA FIRING GRADUATE FELLOWSHIPS IN ENGINEERING
Established in 2006 by the late Lars Firing for outstanding graduate students in the Faculty of Engineering

Eligibility: Awarded by the Faculty of Engineering to students accepted into a graduate degree program, preferably at the doctoral level, in the Faculty of Engineering. Preference will be given to students enrolled in the Department of Chemical Engineering, and also to students pursuing research in any of the following fields: Bioengineering, including Biomedical Engineering; Environmental Engineering; Sustainable Development in Natural Resources; Alternative/Sustainable/Renewable Energy; Transportation Engineering and Pharmaceutical Chemical Engineering. Funding may be combined with that received by applicants through agencies external to McGill or through internal McGill sources.

Estimated value: $25,000, paid out over two years, provided the holder maintains satisfactory progress.

Application: Applicants must submit their application directly to departments along with their application for admission, by the deadline for financial aid applications.

LEON AND SUZANNE FATTAL GRADUATE FELLOWSHIPS IN ENGINEERING

Eligibility: Awarded annually by the Faculty of Engineering to recruit outstanding students into the Faculty’s graduate degree programs. Preference to Doctoral Students.

Value: Varies; May be awarded as a full fellowship or as a partial fellowship when combined with funding from other sources.

LORNE TROTTIER ENGINEERING GRADUATE FELLOWSHIPS
Established in 2006 by Lorne Trottier, B.Eng. 1970, M.Eng. 1973, D.Sc. 2006. Awarded annually by the Faculty of Engineering to recruit outstanding students into the Faculty's graduate degree programs. Funding may be combined with that received by applicants through internal McGill sources or through agencies external to McGill.

Eligibility: The Lorne Trottier Engineering Graduate Fellowships are for new students accepted into a graduate research program within the Faculty of Engineering. Preference will be given to doctoral students.

Application: Awardees are selected by the Faculty of Engineering. Applicants submit their applications for financial aid with their application for admission.

Value: $15,000, paid during the first year of study.

LOUIS B. MAGIL SCHOLARSHIP IN AFFORDABLE HOMES
Established in 1989 by the Groupe Magil in recognition of the contribution to the home building industry in Quebec made by Mr. Louis B. Magil, B.Arch. ’36, architect and founder of Magil Construction Ltd.

Eligibility: Made annually by the School of Architecture to an outstanding student (or students) in the Master of Architecture program in Affordable Homes.

Value: $2,000.

M.P. PAIDOUSSIS PRIZE IN MECHANICAL ENGINEERING
Established in 1993 by M. P. Paidoussis, Professor of Mechanical Engineering.

Eligibility: Awarded by the Department of Mechanical Engineering to the author of the best Master of Engineering thesis (in terms of content and literary style), for a student proceeding to doctoral study.

Value: $300.

MARY LOUISE TAYLOR FELLOWSHIP
See complete description under previous heading: Agricultural and Biological Sciences.

MAUREEN ANDERSON PRIZES IN ARCHITECTURE
Established in 1995 by faculty, staff and students to honour the dedicated service of Maureen Anderson, a staff member from 1980-1995.

Eligibility: Awarded to undergraduate or graduate students in the School of Architecture on the basis of course work judged to be of high merit and superior written quality. Selection will be made by a committee of staff of the School of Architecture.

Value: Two prizes of $200 each.

MAX DUNBAR AWARD IN OCEANOGRAPHY
Derived from contributions from former students of Prof. M. J. Dunbar in recognition of his teaching and research career at McGill. Awarded each year by the Oceanography Advisory Committee to a student in any marine field of study with an outstanding academic record.

Value: $350.

MOTOROLA FOUNDATION GRADUATE AWARD IN ELECTRICAL AND COMPUTER ENGINEERING
Established in 2001 by the Motorola Foundation in conjunction with the Motorola Canada Software Centre (MCSC). Awarded by the Department of Electrical and Computer Engineering to graduate students in Electrical, Computer or Software Engineering on
Eligibility: Applied Mechanics, who passed away on August 20th, 2000. Urban Planning and the Department of Civil Engineering and to honour the memory of Professor Ron Rice of the School of Architecture.

**RON RICE MEMORIAL AWARD**  
Established in 2001 by his family, colleagues and friends. Stuart Wilson graduated from the McGill School of Architecture in 1943 and taught there from 1948 to 1991. The prize is awarded by a committee of staff of the School of Architecture to the student with the best portfolio in the annual Sketching School.

Value: $15,000 per year; renewable once at the Master's level, twice at the Doctoral level.

**RAY (RAYMOND TAIT) AFFLECK PRIZE IN DESIGN**  
Established in 1989 in memory of Raymond Tait Affleck (FRAIC,RCA), B.Arch. 1947, by his family, friends and colleagues. Stuart Wilson graduated from the McGill School of Architecture in 1943 and taught there from 1948 to 1991. The prize is awarded by a committee of staff of the School of Architecture to the student with the best portfolio in the annual Sketching School.

Value: Minimum $500.

**PING KWAN LAU PRIZE IN ARCHITECTURE**  

Value: $1,000.

**RON RICE MEMORIAL AWARD**  
Established by family, friends, associates, students and graduates to honour the memory of Professor Ron Rice of the School of Urban Planning and the Department of Civil Engineering and Applied Mechanics, who passed away on August 20th, 2000.

Eligibility: Awarded to a student pursuing graduate studies in the field of Transportation Planning and/or Engineering, based on academic merit, by the GPSO on the recommendation of the School of Urban Planning and the Department of Civil Engineering and Applied Mechanics.

Value: $1,000.

**SCHOOL OF ARCHITECTURE FELLOWSHIPS**  
Eligibility: Offered annually (in January) to students in the graduate program from funds contributed by graduates of the School of Architecture. First and second year students registered in the graduate programs in Architecture are eligible.

Value: Varying amounts.

**ROYAL ARCHITECTURAL INSTITUTE OF CANADA MEDAL**  
Offered to a graduating student in the professional program who, in the judgment of the Faculty of the School of Architecture, has completed the most outstanding final design project/thesis for that academic year and who shows promise of being an architect of distinction after graduation. Selection is made by the School of Architecture.

Value: $3,750.

**NORBERT SCHOENAUER AND DAVID FARLEY FELLOWSHIP IN ARCHITECTURE**  
Established in 2001 through a major donation by a Hong Kong graduate of the Chemical Engineering Class of 1959. Awarded by the School of Architecture to outstanding students in its post-graduate research programs addressing issues related to the urban environment.

Estimated Value: $4,500.

**NORBERT SCHOENAUER AND DAVID FARLEY FELLOWSHIP IN URBAN PLANNING**  
Established in 2001 through a major donation by a Hong Kong graduate of the Chemical Engineering Class of 1959. Awarded by the School of Urban Planning to outstanding students in its post-graduate research programs addressing issues related to the urban environment.

Estimated Value: $4,500.

**PING KWAN LAU PRIZE IN ARCHITECTURE**  

Value: Minimum $500.

**RAY (RAYMOND TAIT) AFFLECK PRIZE IN DESIGN**  
Established in 1989 in memory of Raymond Tait Affleck (FRAIC,RCA), B.Arch. 1947, by his family, colleagues and friends. Awarded to a student in the School of Architecture for distinction in Design in the M.Arch. I final design project. The winner will be selected by a jury of three members, at least one of whom is a professional architect who is not a member of the staff of the School of Architecture.

Value: $1,000.

**STEPHEN AND ANASTASIA MYSAK GRADUATE FELLOWSHIP**  
Established in 2006 by Professor Lawrence A. Mysak in honour of his father, Stephen Mysak (born December 24, 1906) and in memory of his mother, Anastasia Mysak (1907-1978). Awarded by the Graduate and Postdoctoral Studies Office upon nomination of the Faculty of Science, to a full-time graduate student in the Department of Atmospheric and Oceanic Sciences. The Fellowship will be awarded on the basis of academic excellence with preference given to students pursuing research in one or more fields of air-sea interaction, oceanography or climate.

Estimated Value: $15,000 per year; renewable once at the Master's level, twice at the Doctoral level.

**STUART A. WILSON MEMORIAL PRIZE**  
Established in 1991 in memory of Stuart Anthony Wilson by family, friends and colleagues. Stuart Wilson graduated from the McGill School of Architecture in 1943 and taught there from 1948 to 1991. The prize is awarded by a committee of staff of the School of Architecture to the student with the best portfolio in the annual Sketching School.

Value: $150.

**VADASZ DOCTORAL FELLOWSHIP IN ENGINEERING**  
Established in 2006 by the Vadasz Family Foundation to recruit outstanding students into the Faculty of Engineering's doctoral degree program. Awarded by the Graduate Fellowships Committee of the Faculty of Engineering to outstanding students, who are Canadian citizens or Permanent Residents and demonstrate fluency in English. Preference will be given to students pursuing research in one or more fields of air-sea interaction, oceanography or climate.

Value: $25,000, paid out over two years, provided the holder maintains satisfactory progress.

**WARREN FELLOWSHIPS IN GEOGRAPHIC INFORMATION SYSTEMS**  
Established by Roger Warren (B.Com. 1955) to graduate students with strong academic standing whose research is in geographic information systems. Awarded to one or more students by the GPSO upon the recommendation of the Department of Geography.

Value: Minimum $5,000; renewable.

**WERNER GRAUPE MEMORIAL MMM FELLOWSHIP**  
Established in 2001 in memory of Werner Graupe, a long-standing supporter and friend of the University, by the Masters in Manufacturing Management (MMM) program. Awarded by the MMM program fellowships committee to graduate students in the MMM program. Preference shall be given to students who are Canadian citizens or Permanent Residents and demonstrate fluency in French and English. Priority given to full-time students; part-time students will be considered for partial awards in the absence of qualified full-time candidates.

Value: $20,000.

**WILFRED ONIONS MEMORIAL PRIZE**  
Established in 1991 in memory of Wilfred Onions, B.Arch. 1932, by family, friends and fellow graduates in Bermuda. This prize commemorates his passion for sketching and life-long commitment to the profession of architecture, and is awarded by a committee of staff of the School of Architecture to the student with the best single work in the Sketching School.

Value: $200.

**WORLD METEOROLOGICAL ORGANIZATION (WMO)**  
Eligibility: Open to applicants from developing countries, nominated by their governments, for studies or training in meteorology and operational hydrology at universities or meteorological training institutes in countries where facilities are available.

Value: Normally based on United Nations Development Programme stipend rates.
5.4 Social Sciences and Humanities

5.4.1 Various Social Science and Humanities Units

ABNER KINGMAN FELLOWSHIPS IN ARTS
Established in 2008 in memory of Abner Kingman, B.A. 1908, to commemorate the 100th anniversary of his convocation. Awarded by the Graduate and Postdoctoral Studies Office to full-time students in a doctoral degree program in Art History, Canadian Studies, Economics, English, History, Philosophy or Political Science. Awarded on the basis of academic merit on the recommendation of the Faculty of Arts. Whenever possible, the Fellowships will be awarded to at least one international student each year.

Estimated value: $20,000; renewable once.

ALEXANDER MACKENZIE FELLOWSHIP IN POLITICAL SCIENCE
Eligibility: Tenable by a graduate of any accredited university, conditional upon acceptance by the GPSO in the field of Political Science. A certain amount of tutorial and teaching work is required.
Value: One award of $5,000 and one of $3,000, possible renewal.
Application: No application is required.

ALLEN OLIVER FELLOWSHIPS IN ECONOMICS AND POLITICAL SCIENCE
Established by Mrs. Frank Oliver, of Edmonton Alta, in proud and loving memory of her son, the late Allen Oliver, M.C., B.A. Lieutenant, 26th Battery, C.F.A., who was killed in action at the Somme on November 18, 1916. Lieutenant Oliver was an honours graduate in 1915 in the Department of Economics and Political Science.
Eligibility: Awarded to the student who stands highest in first class honours in the Departments of Economics and Political Science at the final B.A. examination. The holder is required to pursue studies in Economics and Political Science at McGill or elsewhere.
Value: Two awards of $2,500 (one in political science; one in economics).
Application: Through the Departments of Economics and Political Science.

ANTONIO D’ANDREA MEMORIAL FUND
Established in 1999 in memory of Professor Antonio D’Andrea, Professor Emeritus, Department of Italian Studies.
Eligibility: Awarded by the Department of Italian Studies to provide financial support to graduate students of the Department to attend scholarly conferences.
Value: $500.

ANNE DUDLEY NOAD AWARD
Established in 1983 in memory of Anne Dudley Noad, a long-time teacher of evening courses in Italian.
Eligibility: On the basis of academic standing, awarded by the Department of Italian Studies to a student entering a graduate program in Italian.
Value: $300.

BERNARD MICHAEL TARSHIS AWARD
Established in 1986 by family and friends in memory of Mr. Bernard Michael Tarshis, B. Com. (1969). The award commemorates Mr. Tarshis’ commitment to the moral, philosophical, and ethical ideals of the Judaic tradition.
Eligibility: Awarded by the Department of History to the most promising student entering the graduate program in History.
Value: $1,000.

BOURSE D'EXCELLENCE EN LANGUE ET LITTÉRATURE FRANÇAISES GENEVIÈVE DE LA TOUR FONDE
Value: Minimum $6,000.

BRAM GARBER FELLOWSHIP IN ART HISTORY
Established in 1988 in honour of Bram Garber, this tribute to a well known and respected member of the Canadian business community was provided by the generous gifts of family and friends.
Eligibility: Students pursuing graduate studies in Art History at McGill, Faculty of Arts are eligible.
Value: $4,000.
Application: Awarded by the Graduate and Postdoctoral Studies Office upon the recommendation of the Department of Art History and Communication Studies.

CANADIAN CHINESE CULTURAL SOCIETY OF MONTREAL INC. SCHOLARSHIP
Eligibility: Founded in 1969, the Canadian Chinese Cultural Society of Montreal Inc. offers an annual scholarship to an undergraduate or graduate student majoring in Chinese Studies. Candidates must be Canadian citizens able to demonstrate financial need and registered as full time students in the third or fourth year of undergraduate studies or in a graduate program.
Value: $1,000.
Deadline: April 30.
Application: Applications must be sent to the Scholarship Committee of the Society each year in order to be eligible for consideration for the award for the following academic year. The address is: Canadian Chinese Cultural Society of Montreal Inc., Suite 707, 1117 Ste. Catherine Street W., Montreal, Quebec, H3B 1H9. Each applicant should indicate his/her field of studies and plans for the future, as well as a need for financial assistance. The scholarship will be awarded at an official function of the Society during the month of September.

CEDRIK GODDARD MEMORIAL AWARD IN ISLAMIC STUDIES
Established in 2001 by Thomas Albert and Ragna Tischler God- dard, relatives, and friends in memory of Cedrik Christopher God- dard (M.A. 1999). Awarded by the Institute of Islamic Studies in recognition for creativity and academic merit to a graduate student in Islamic Studies.
Value: Minimum $500.

CREMONA MEMORIAL FELLOWSHIP IN LINGUISTICS
Eligibility: Awarded by the Department of Linguistics to an outstanding graduate student registered in the Ph.D. or M.A. program in Linguistics.
Value: Minimum $6,000.

DAISY A. LATIMER MEMORIAL PRIZE IN HISTORY
Established in 1987 in memory of Daisy Latimer (B.A. 1971) by her devoted friend and former husband, Michael P. Paidoussis, and a few of her closest friends.
Eligibility: Awarded by the Department of History to the student completing the best M.A. thesis in History, preferably in European or Latin American History, proceeding to doctoral studies at McGill or at another distinguished university. A fine literary style in the thesis is a necessary co-requisite for this award.
Value: $1,500.

DALE C. THOMSON PRIZE IN POLITICAL SCIENCE
Established in 2001 by Lianne Ryan Thomson in loving memory of her husband Dale C. Thomson, a long-standing and dedicated professor at McGill University. Awarded by the Department of
Political Science to an outstanding doctoral student. Preference shall be given to students studying in the field of Canadian Politics. **Value:** Minimum $1,000.

**DANIEL Q. MARISI AWARD**

Established in 2005 by Mrs. Roberta Marisi, family, friends, and colleagues in memory of Dr. Daniel Q. Marisi, noted sports psychologist.

**Eligibility:** Awarded by the Department of Kinesiology and Physical Education to a graduate student (Masters or Doctorate) in Sport or Exercise Psychology, who has been a full-time student for at least one semester of the current year, on the basis of academic merit, conference presentations, and community service in sport and exercise psychology.

**Value:** $500.

**DAVID FATE NORTON AND MARY J. NORTON FELLOWSHIP IN PHILOSOPHY**

**Eligibility:** Established in 2001 by David Fate Norton and Mary J. Norton to assist a graduate student working full-time on a Ph.D. thesis in Philosophy. Awarded on the basis of academic merit by the Department of Philosophy in the Faculty of Arts. Preference will be given to a student who will complete her or his dissertation in the coming academic year. Recipients must agree not to accept paid or unpaid employment (including any form of teaching, tutoring, grading of papers or research for another party) during tenure of the Fellowship.

**Value:** Minimum $5,000 for one term; re-application is permitted.

**DAVID L. MONTGOMERY MEMORIAL AWARD**

Established in 2007 by family, friends, colleagues, and former students in memory of noted sport and exercise physiologist Dr. David L. Montgomery. The award is also supported by the annual David L. Montgomery 10 Km Run which takes place each year during Homecoming. Awarded by the Department of Kinesiology and Physical Education to a graduate student in Sport and Exercise Physiology.

**Eligibility:** All applicants must have been a full-time student for at least one semester of the current year. Applicants will be assessed based on academic merit, conference presentations, and community service in sport and exercise physiology.

**Estimated Value:** $1,000.

**Application:** Submit application form to graduate program coordinator of the Department of Kinesiology and Physical Education by February 1.

**DELISE ALISON GRADUATE PRIZES**

Established in 2006 through a bequest by Delise Alison, a retired staff member of the Redpath Museum.

**Eligibility:** Awarded annually by the Redpath Museum, based on academic standing, to graduate students pursuing research at the Redpath Museum.

**Estimated value:** $1,000

**DEUTSCHE GESELLSCHAFT ZU MONTREAL SCHOLARSHIP**

**Eligibility:** Canadian citizen or Permanent Resident pursuing graduate studies in German language and literature, including German Canadian studies.

**Value:** $2,000.

**Application:** Awarded by the Department of German Studies.

**DOW-HICKSON FELLOWSHIP IN THEORETICAL PHILOSOPHY**

Endowed by the late Professor J.W.A. Hickson.

**Eligibility:** Tenable by a graduate of any approved university proceeding to a higher degree in Theoretical Philosophy (Metaphysics, Epistemology, Logic, History of Philosophy) at McGill.

**Value:** Maximum value $10,000 (awards of lesser value may be made in certain cases). The holder may apply for a second year of tenure.

**Application:** Awarded by the Department of Philosophy.

**DR. GAURI SHANKAR GUHA AWARD IN INTERNATIONAL DEVELOPMENT EDUCATION**

**Eligibility:** Established in 2003 by Dr. Ratna Ghosh in her late father’s name for an outstanding graduate student pursuing research in international development education in the Faculty of Education. Awarded on the basis of academic excellence and aptitude for research by the Faculty of Education Awards Committee.

**Value:** Minimum $1,000.

**DR. JOHN A. BRYANT MEMORIAL AWARDS**

Established by the Butters Foundation in memory of Dr. John A. Bryant (B.Sc. 1949, M.D. 1951).

**Eligibility:** Awarded annually to graduate students pursuing studies in the integration of students with handicaps into school and society, by the Director of the Integrated Education Graduate Program.

**Value:** $6,000.

**ELLEN EDITH GRUBB STANSFIELD AWARD**

Established in 2000 by a bequest by Ellen Edith Grubb Stansfield (B.A. 1929, M.A. 1931) in recognition of her experience, leadership and interest in education in general, schools and classrooms in particular. Awarded by the Faculty of Education to an outstanding student entering the first year of a full-time M.A. thesis or Ph.D. program in the Faculty of Education with research in classroom and school contexts.

**Value:** Minimum $1,000.

**GORDON J.A. WHITEHORNE RECRUITMENT FELLOWSHIP**

Established in 2001 by the estate of Gordon James Alexander Whitehorne (B.A.1938) for an outstanding student entering a doctoral program in the Faculty of Arts. Awarded on the basis of academic excellence by the Faculty of Arts.

**Value:** $5,000.

**GRETTA CHAMBERS FELLOWSHIP IN EDUCATION**

Established in 2000 by a generous gift from the Friends of McGill University Inc. of New York to honour Gretta Chambers (B.A. 1947), Chancellor of the University from 1991 to 1999. Awarded to a deserving student in the postgraduate program in the Department of Integrated Studies in Education by the GSPSO on the advice of the department with first preference to a U.S. citizen.

**Value:** $10,000.

**GUY DESAUTELS MEMORIAL PRIZE**

**Value:** A prize established by the friends and colleagues of the late Guy Desautels.

**Application:** Awarded by the Department of Philosophy to a graduate student who has done outstanding work in the history of philosophy.

**GUY DRUMMOND FELLOWSHIP IN POLITICAL SCIENCE**

**Eligibility:** Originally endowed by the late Guy M. Drummond, killed in action in 1915, to encourage study in France. Recipients are nominated by the Department of Political Science, with preference to graduating honours students, on the basis of: academic record, likelihood of valuable future contribution to Canadian life and proficiency in French, among other things. Fellowships are tenable for study at an approved University or institute in Paris. One year fellowships may also be offered as entrance awards to Masters or Ph.D. students in political science intending to carry out graduate work related to France, or for continuing students to support a year in France as part of the graduate program.

**Value:** $21,000 for up to 2 years, including $8,500 for one year of study at McGill and $12,500 for one year of study in Paris. One year fellowships may also be offered.

**Application:** Further details on application and deadlines are available from the McGill Department of Political Science.
H. ANTHONY HAMPSON AWARD IN THE MCGILL INSTITUTE FOR THE STUDY OF CANADA
Established by family and friends in memory of H. Anthony Hampson (B.A. 1951) who was a leader of McGill capital campaigns and the first President of the Canadian Development Corporation.
Eligibility: The McGill Institute for the Study of Canada will be awarding two H. Anthony Hampson Awards to final year Ph.D. students whose research focuses on some aspects of Canadian Studies and who are actively engaged in writing their thesis.
Value: Minimum $3,000.

HANS AND EUGENIA JÜTTING FELLOWSHIP
Established in 2000 by Hans Jütting and Eugenia Jütting, friends of McGill University.
Eligibility: Awarded to a meritorious student in German Studies.
Value: Two awards of $4,000 each.
Application: Awarded by the Department of German Studies.

HERSCHEL AND CHRISTINE VICTOR FELLOWSHIP IN EDUCATION
Established in 2000 by Herschel Victor, B.Com. 1944, for an outstanding graduate student in the Faculty of Education.
Eligibility: Awarded by the GPSO upon recommendation by the Faculty of Education, on the basis of academic merit.
Estimated value: $10,000; renewable.

HUGH MACLENNAN FELLOWSHIP FOR THE STUDY OF ENGLISH
Established in 1993 from the estate of Hugh MacLennan.
Eligibility: Awarded by the GPSO to students in the Faculty of Arts, with preference being given to the study of English, on the recommendation of the department. No citizenship restrictions.
Value: $15,000; renewable.

INGRID SEMAAN PRIZE
Established by Professor Khalil I. Semaan in honour of his daughter, a McGill/SUNY student and a class of 1990 graduate in Sociology.
Eligibility: Awarded by the Institute of Islamic Studies to the student with the most outstanding thesis, essay or term paper that explores the contribution of women to Arabic culture.
Value: $100.

ISABEL BILLINGSLEY PRIZE IN FRENCH STUDIES
Établi par Andrew Billingsley, B.Sc. 1960, en mémoire de sa mère, Isabel Billingsley (née Rowat), B.A. 1930, qui, pendant son séjour à McGill, a été présidente de la classe du Royal Victoria College de 1929 à 1930 et a reçu une bourse de l'Alliance française qui lui a permis d'aller étudier à la Sorbonne la même année.
Eligibility: Remis chaque année par le Département de langue et littérature françaises pour le meilleur mémoire de maîtrise.
Value: Minimum $1,000.

JANET L. MORTON AWARD
Desmond Morton donates this award to the McGill Institute for the Study of Canada in memory of his late wife Janet L. Morton. The award goes to the student with the highest mark in a Canadian Studies course.
Value: $275.00

JEAN DE GRANDPRÉ PRIZE
Established by the Chancellor of McGill University, Jean de Grandpré; the Chrysler Corporation and Bell Canada.
Eligibility: Awarded by the Department of Art History and Communication Studies to a graduate student in Communications who has done outstanding work in the field.
Value: $500.

J. JEFFERY SEMAAN PRIZE
Established in 1989 by Dr. Khalil Semaan in honour of his son, a McGill graduate in medicine.
Eligibility: Awarded to the student demonstrating the greatest accomplishment in first or second-year Arabic. Open to both graduate and undergraduate students.
Value: $100.
Application: The award will be made on the recommendation of the Director of the Institute of Islamic Studies if the recipient is a graduate student or by the Faculty of Arts if the recipient is an undergraduate student.

JOSEPH AND SANDRA ROTMAN PRIZE FOR STUDENT EXCELLENCE IN PUBLIC POLICY INNOVATION
Established in 2003 by Heather Monroe-Blum and Leonard Solomon Blum and by the University, in honour of Joseph and Sandra Rotman.
Eligibility: Awarded by the McGill Institute for the Study of Canada to a graduate student in the Faculty of Arts whose Master's or Doctoral thesis is judged to have made a distinctive contribution to the understanding or conduct of public policy in Canada.
Value: Minimum $500.

JUDY FISH GRADUATE AWARD IN INCLUSIVE EDUCATION
Eligibility: Awarded by the Faculty of Education to a student enrolled in a Master's degree in Educational Psychology whose area of study/research is in inclusive Education. The Graduate Award is based on academic merit, with consideration given to the student's involvement in the community and in extracurricular activities.
Value: Minimum $2,500.

LARA RIENTE MEMORIAL PRIZE IN LINGUISTICS
Established in 2002 by family, friends, fellow students, professors and the Jewish Rehabilitation Hospital Foundation in memory of Lara Riente, B.A. 1992, M.A. 2001. Lara was a gifted graduate of the Department of Linguistics whose sudden and tragic death was mourned by all who knew her.
Eligibility: Awarded by the Faculty of Arts Scholarships committee on the recommendation of the Department of Linguistics on the basis of high academic standing to a graduate or an undergraduate student enrolled in a full-time degree program in Linguistics. Preference shall be given to students in Neurolinguistics and/or Morphology.
Value: Minimum $500.

LOUISE DECHENE PRIZE IN CANADIAN HISTORY
Established in 2006 in honour of Louise Dechene, an outstanding scholar whose work changed the landscape of early Canadian history and inspired several generations of historians. Louise Dechene directed graduate students in early Canadian fields ranging from economic history to native history.
Eligibility: Awarded by the Department of History to an M.A. or Ph.D. student whose research is in the area of early Canadian history.

MARGARET GILLETT GRADUATE RESEARCH AWARDS
Funded by both the McGill Women's Alumnae Society and the McGill Centre for for Research and Teaching on Women (MCRTW). These awards are granted by the MCRTW in honour of Dr. Margaret Gillett, now retired, Macdonald Professor of Education at McGill University. Dr. Gillett initiated the Women's Studies program at McGill and was founding director of MCRTW.
Eligibility: For graduate students in any McGill department for research in Women's Studies leading to a degree.
Value: Up to $1,000, including travel for research purposes.
Deadline: February 28.
Application: Application details and further information may be obtained from the MCRTW, McGill University, 3487 Peel Street, 2nd floor, Montreal, Quebec H3A 1W7 or www.mcgill.ca/mcrtw.

MARY KEENAN SCHOLARSHIP IN ENGLISH
Eligibility: Awarded by the Department of English to a student proceeding at McGill from the B.A. to the M.A. in English.
Value: $500.
**McGill - Canadian Centre for Architecture Collection Research Grants Program**

Established in 2008 through a partnership with the Department of Art History and Communication Studies and the Canadian Centre for Architecture, we can offer up to four one-month fellowships to cover research in the CCA’s extensive holdings. To learn more about their holdings, visit their website at [http://cca.qc.ca](http://cca.qc.ca).

**Eligibility:** Doctoral students in Art History or Communication Studies who have passed their comprehensive exams (Art History) or passed their prospectus (Communication Studies).

**Stipend:** $2000 per month for up to four months

**Residency:** Fellows will be expected to work full-time on their research at the CCA during the period of their fellowship. The CCA will provide the student with access to their collections and staff, and space to conduct their work. Each year the department will offer up to a total of $8000 in grant money.

**McGill Institute for the Study of Canada Fellowships**

**Eligibility:** Established in 1994 with contributions from the Bronfman Family Foundation in support of the McGill Institute for the Study of Canada. These fellowships are awarded to students entering a doctoral program in the Faculty of Arts who intend to research some aspect of Canada.

**Value:** $5,000.

**Deadline:** February 15.

**Application:** Forms and additional information are available on the Web at [www.mcgill.ca/gps](http://www.mcgill.ca/gps) under “Graduate Studies”, “Fellowships and Awards”, “Winter Competitions”, or from the McGill Institute for the Study of Canada.

**McNaughton Fellowships in Classics**

**Eligibility:** Awarded annually, on the basis of merit, promise and need, to students in their first year of the M.A. or Ph.D. program in Classics. These awards may be renewed for a second year at the discretion of the Department of History.

**Value:** Two awards, $2,000 each.

**Deadline:** None.

**Application:** None: on the basis of the candidate's application for graduate studies.

**Miriam and Philip Vineberg Graduate Fellowship in Economics**

**Eligibility:** Established by Philip Vineberg for the purpose of enabling a student of academic distinction to pursue studies towards a graduate degree in Economics at McGill University.

**Value:** $1,200; renewable for a second year subject to high academic performance.

Eligibility: Awarded to a graduate or undergraduate student who is specializing in either the performance or history of early music.
Value: Approximately $1,500.

GIAN LYMAN MEMORIAL SCHOLARSHIP
Established by the contributions of the family, friends and colleagues of the late Gian Lyman, a distinguished graduate of McGill’s Faculty of Music, who died on April 22, 1974.
Eligibility: To be given to a graduate or undergraduate student who is specializing in either the performance or history of early music.
Value: Approximately $1,500.

GUSTAV AND ROMANA BLUME MEMORIAL SCHOLARSHIP
Established in 1982 by Helmut Blume in loving memory of his parents.
Eligibility: Awarded by the Faculty of Music Scholarships Committee to a graduate student. Preference may be given to a student in Performance.
Value: Approximately $1,000.

HELEN HALL PRIZE
Established in honour of Helen Hall by her friends.
Eligibility: Preference given to voice majors or students specializing in choral conducting. Open to both graduate and undergraduate students.
Value: Approximately $500.
HERBERT A. MORSE MEMORIAL SCHOLARSHIP
Established in 1990 through a bequest from Dorothy E.M. Fairbairn in memory of her father.
Eligibility: Awarded to an outstanding student in the Faculty of Music.
Value: Approximately $3,000.

HERBERT C. CALEY AWARD
Eligibility: Preference given to a student specializing in the performance or history of Baroque and early music. Open to both graduate and undergraduate students. Established by Mrs. Maude Caley in memory of her husband who died December 24, 1980.
Value: Approximately $500.

JOHN R.E. BRADLEY PRIZES
Established in 2006 through a bequest from John R.E. Bradley, Sound and Lighting Technician at the Church of St. Andrew and St. Paul and a Montreal sound engineer whose career spanned from the 1930's to the 1990's. Awarded by the Schulich School of Music Scholarships Committee to outstanding graduate students in the Sound Recording Program.

Estimated value: $2,000.

JULIUS SCHLOSS MEMORIAL AWARD
Established by Mr. and Mrs. Oscar Schloss in memory of their brother, the composer Julius Schloss (1902-1972), one of the foremost pupils of Alban Berg in Vienna during the late 1920s and early 1930s whose collected works were donated by the family to the McGill Faculty of Music.
Eligibility: This award is to be made to a graduate student in Music on the recommendation of the Graduate Committee of the Faculty of Music.
Value: Approximately $1,200.

LEWIS LUTTER BURSARY
Established in 1988 by the Guttmann family in honour of Mr. Lewis Lutter, a loyal and devoted associate of many years of Progress Brand Clothes, Inc. Awarded by the Faculty of Music to assist a talented student in the Faculty who is in financial need.

Value: Minimum $5,000; renewable.

LLOYD CARR-HARRIS STRING SCHOLARSHIP
Established in 1999 through a generous gift from the Lloyd Carr-Harris Foundation.
Eligibility: Awarded by the Faculty of Music Scholarships Committee on the recommendation of the String Area to exceptionally gifted string players entering an undergraduate or graduate program in Performance.
Value: $10,000; renewable twice.

LUBKA KOLESSA PIANO AWARD
Established in 2003 by friends and former students in honour of Lubka Kolessa, a legendary concert pianist and McGill Faculty of Music professor from 1960-1971.
Eligibility: Awarded to an outstanding piano student by the Faculty of Music Scholarships Committee.
Value: Minimum $500.

MARGARET HOULDING MEMORIAL PRIZE
Established in 1984 by the friends of the late Margaret Houlding.
Eligibility: Awarded to a student in the Faculty of Music.
Value: Approximately $700.

MARIANNA EATON SCHOLARSHIP
Established by a bequest from the late Marianna Eaton (née Marianna Soulé Van Doren).
Eligibility: Awarded to a graduate student in the Faculty of Music.
Value: Approximately $2,000.

MARVIN DUCHOW MEMORIAL SCHOLARSHIP
Established by the family and friends of Prof. Marvin Duchow, in his memory.
Eligibility: To be awarded annually to a graduate student in Music.
Value: Approximately $1,200.

MAURICE POLLACK FOUNDATION FELLOWSHIP
Initiated by the Foundation in memory of Maurice Pollack, man of commerce and great benefactor in the areas of education, religious institutions and communal welfare.
Eligibility: To be awarded to an outstanding student for graduate studies in Music.
Value: Approximately $4,000.

MAX STERN FELLOWSHIP IN MUSIC
Established in 1992 through a donation from the Max Stern estate.
Eligibility: Awarded by the GPSO to doctoral level students in Music on the recommendation of the Faculty of Music. Exceptional students at the Master's level who demonstrate potential for doctoral studies may be considered. No citizenship restrictions.
Value: $12,000, renewable.

OLYMPIA GARIBALDI-GALAVARIS PRIZE
Established in 2000 by Dr. George Galavaris in honour of his mother’s 76th birthday.
Eligibility: The award is open to graduate students in the Faculty of Music. Awarded by the Faculty of Music to a graduate student specializing in Musicology or Music Theory with a sub-specialty in Music before 1700.
Value: Minimum $500.

PHYLLIS AND BERNARD SHAPIRO FELLOWSHIP IN THEORY
Established in 2002 by faculty, alumni, family and friends in honour of Phyllis and Bernard J. Shapiro. Dr. Bernard J. Shapiro was the Principal and Vice-Chancellor of McGill University from 1994 to December 2002.
Eligibility: Awarded by the Faculty of Music Graduate Committee to a graduate student in the Department of Theory.
Value: Minimum $5,000; renewable.

PHYLLIS AND BERNARD SHAPIRO FELLOWSHIPS IN OPERA
Established in 2002 by faculty, alumni, family and friends in honour of Phyllis and Bernard J. Shapiro. Dr. Bernard J. Shapiro was the Principal and Vice-Chancellor of McGill University from 1994 to December 2002.
Eligibility: Awarded by the Faculty of Music Graduate Committee to graduate or diploma students in Opera/Voice Performance.
Value: Minimum $5,000; renewable.

RACHEL AND BENJAMIN SCHECTER MEMORIAL SCHOLARSHIP
Established in 1997 by a bequest from the late Dr. Samuel Schecter in memory of his parents, Rachel and Benjamin Schecter.
Eligibility: Awarded by the Faculty of Music Scholarships Committee to any full-time student in a degree or diploma in Music.
Value: $3,600.

SARA BERLIND MEMORIAL FELLOWSHIP
Established by a bequest from Sara Berlind.
Eligibility: Awarded by the Faculty of Music to an outstanding student to pursue graduate studies in Music.
Value: $2,500.
SCHULICH SCHOLARSHIPS
Eligibility: Established in 2005 through an exceptional gift by Canadian Philanthropist Seymour Schulich. Awarded by the Schulich School of Music Committee to talented students in an undergraduate, graduate or diploma program. Holders of these scholarships are designated Schulich Scholars.
Value: Undergraduate: $5,000. Renewable. Graduate: $10,000. Renewable.

VERNA-MARIE PARR GÉLINAS AND PAUL-MARCEL GÉLINAS SCHOLARSHIPS
Eligibility: Awarded by the Faculty of Music to talented students studying in an undergraduate or graduate program in the Faculty of Music. Preference will be given to instrumentalists in the McGill Symphony Orchestra.
Value: Minimum $1,600 each.

WIRTH FAMILY FELLOWSHIP IN MUSIC
Established in 2004 by Elizabeth Wirth and friends in memory of her parents, Lisl and Manfred Wirth.
Eligibility: Awarded by the Faculty of Music Graduate Committee to graduate or diploma students in Opera/voice Performance.
Value: Minimum $5,000; renewable.

5.4.6 Religious Studies

A.R. GORDON AWARDS
Established in 1998 by a bequest from Janette R. Gordon in memory of her father, Rev. Alexander Reid Gordon, who was a Professor of Hebrew and Old Testament Literature at McGill University from 1907-1930.
Eligibility: Awarded on the basis of academic merit, by the Faculty of Religious Studies, to an undergraduate or graduate student in the United Theological College.
Value: Recruitment Scholarships (renewable) $7500
Additional Scholarships: Varies
Application: Apply to the Dean of the Faculty of Religious Studies.

ARTHUR AND JESSIE LOCHEAD BURSARY FUND
Eligibility: Established in 1974 by a bequest from the Estates of Rev. and Mrs. A.W. Lochead to endow a bursary for students preparing for ordination and who are registered in the Faculty of Religious Studies.
Value: Estimated $2,000.
Application: Apply to the Dean of the Faculty of Religious Studies.

DEIRDRE AND ROBERT STEVENSON AWARD
Eligibility: For students entering a graduate program at the Faculty of Religious Studies in which the study of Asian religions is a major component.
Value: $3,000.
Application: Awarded by the Faculty of Religious Studies.

HOUSTON BURSARY
Established by a bequest from Thomas Houston in 1915.
Eligibility: For students in the Faculty of Arts and the Faculty of Religious Studies studying for the ministry of the Presbyterian Church in Canada or the United Church of Canada, with preference given to candidates whose mother tongue is French.
Value: Varies.
Application: Apply to the Dean of the Faculty of Religious Studies.

SAMUEL FINLEY NATIONAL BURSARY
Established in 1954 by a bequest from Miss Margaretta L. Finley.
Eligibility: Awarded by the Dean of Religious Studies to a graduate student who is pursuing advanced studies in religion or theology.
Value: Estimated $3,000
Application: Apply to the Dean of the Faculty of Religious Studies

TOPPING MEMORIAL BURSARY
Established in 1976 by C.W. Topping in memory of his father, the Reverend N.B. Topping, a minister of the Methodist Church of Canada for fifty years.
Eligibility: Awarded at the discretion of the Dean of the Faculty of Religious Studies to a graduate student pursuing advanced studies in religion or theology who has financial need and shows promise of becoming both a scholar and a humanitarian.
Value: Estimated: $1,000
Application: Apply to the Dean of the Faculty of Religious Studies

W.M. BIRKS FELLOWSHIP
Established in 1950 by donation from Mr. W.M. Birks-W.M. Birks Foundation
Eligibility: Awarded at the discretion of the Fellowship Committee and the Dean of the Faculty of Religious Studies to a graduate student who is pursuing advanced studies in Religion and Theology
Value: Estimated $3,000
Application: Apply to the Dean of the Faculty of Religious Studies

W.M. BIRKS AWARDS
Awarded to the students graduating with the best records in the B.A. (Religious Studies), B. Th., S.T.M. or M.A. (Religious Studies) programs.
Value: $200 each

5.4.7 Social Work

ENTRANCE FELLOWSHIPS:

ESTHER KERRY AWARD
Established by the Alumni Committee of the School of Social Work to honour Esther Kerry, a valuable member of the Committee for many years.
Eligibility: Awarded to a student who wishes to pursue graduate studies in Social Work.
Value: Varies.

HAZELDINE SMITH BISHOP FELLOWSHIP
Established in 1998 by a bequest from Hazeldine Smith Bishop who received a diploma from the Montreal School of Social Work in 1944.
Eligibility: Awarded by the School of Social Work, on the basis of academic standing, to graduate students pursing studies in community development and administration.
Value: Varies.

KEEFER FELLOWSHIP
Established by Mr. George Kreefer.
Eligibility: Tenable by a student in Social Work who wishes to pursue graduate studies in social work practice related to the elderly.
Value: Varies.

MARGARET GRIFFITHS AWARD IN CHILD WELFARE
Established in 1994 through a bequest from Professor Margaret Griffiths, a long-time member of the faculty of the McGill School of Social Work.
Eligibility: Awarded annually by the School of Social Work on the basis of academic and professional merit to an incoming full-time student in the Master of Social Work program, with a declared interest in services to children.
Value: Varies.

MARGARET MARY BURNS AWARD
Established in 1997 by a bequest from Margaret Mary Burns who received a Diploma from the Montreal School of Social Work in 1944.
Eligibility: Awarded on the basis of academic standing to graduate students by the School of Social Work.
Value: Maximum Varies.
MARK AND MILDRED GOLDENBERG FELLOWSHIP IN SOCIAL WORK
Established through a bequest in 2007 in memory of Mildred Heller Goldenberg, B.A. 1941, M.A. 1942, and Mark E. Goldenberg, B.A. 1934, M.S.W. 1967, Awarded by the School of Social Work on the basis of academic merit to a student entering a Doctoral program in social work.
Estimated Value: $2,500

MIRIAM AND E. MICHAEL BERGER FELLOWSHIP
Eligibility: Awarded annually by the School of Social Work to a graduate student of the School whose area of practice or research is in the field of community organization and/or social policy and who demonstrates academic competence and financial need.
Value: Varies.

MYER KATZ FELLOWSHIP IN SOCIAL WORK
Established in 1986 by contributions from former students, colleagues and friends, the School of Social Work Alumni Committee, and the McGill Advancement Program, on the occasion of the retirement of Professor Myer Katz from the Directorship of the School of Social Work.
Eligibility: Awarded annually to a student pursuing graduate studies related to clinical social work practice.
Value: Varies.

PROJECT AWARDS:
FREDAL PALTEL AWARD FOR IMMIGRANT AND MINORITY WOMEN'S HEALTH AND DEVELOPMENT
Eligibility: For students or faculty of the McGill School of Social Work to undertake a research service or demonstration project concerned with the health needs of immigrant and visible minority women and their families. Preference will be given to projects undertaken with the involvement of the intended beneficiaries.
Value: Varies
Application: Apply to the Director of the School of Social Work

JOAN MACFARLANE BAILIN RESEARCH AWARD
The Award was established by Joan Macfarlane Bailin, a graduate of the McGill School of Social Work, to recognize and promote academic achievement by students in the School of Social Work. The Award will permit student to undertake activities (action research, projects, service demonstration projects, and seminars) relating to Aging and the aged.
Eligibility: Applicants must have completed one full year of study in the McGill School of Social Work. Preference will be given to submissions concerned with self-help, volunteerism and non-traditional and/or innovative work settings.
Value: $1000
Application: Apply to the Director of the School of Social Work by December 31st. Applications must include the proposed activity in detail, a budget for the use of the funds, and the relevance of the activity to self-help, volunteerism and non-traditional and/or innovative work settings. The money cannot be used for salaries. The award winner will be required to submit a report to the Director of the School of Social Work upon completion of the project, as well as a short précis that may be included in School newsletters and/or other communications.

GRADUATION PRIZES:
LOTTE MARCUS SHELDON PRIZE
Established in 2000 by a bequest from Lotte Marcus Sheldon, a former faculty member of the School of Social Work. Awarded annually by the School to a graduate student in Social Work who has generated a particularly innovative research or service project.
Value: Minimum $500

SCHOOL OF SOCIAL WORK ALUMNI PRIZES
The Alumni Committee of the School makes three awards each year to graduating M.S.W. students:
1) Alumni Prize for the Outstanding M.S.W. Thesis
2) Alumni Award for Excellence in Clinical Practice
3) Alumni Prize for the Outstanding M.S.W. Independent Study Project
Value: $400 each.

6 Student Financial Assistance

6.1 Government Student Aid

6.1.1 Citizens and Permanent Residents of Canada
Need-based student financial aid programs are offered by the federal/provincial governments. Applications should be directed directly to the province (or territory) of residence. Application forms are available from the governmental authorities as well as the Student Aid Office. In formation on governmental student aid and links can be found on McGill’s Financial Aid Website at www.mcgill.ca/studentaid.

6.1.2 Citizens and Permanent Residents of the United States
McGill University participates in the Federal Family Education Loan Program (FFELP). American students in need of financial assistance may apply for Stafford loans.
All students applying for loans must file a Free Application for Federal Student Aid (FAFSA) to determine financial need. This can be done on-line at www.fafsa.ed.gov. Our school code is G06677. Applicants will need to obtain the necessary PIN number to validate their signature before electronically sending the application to be processed. Follow the steps on the FAFSA Website to obtain the PIN.
The report generated from the FAFSA is called a Student Aid Report (SAR). The SAR is not sent to our school as indicated on the FAFSA Website. However, if you have designated McGill University as a school you may attend, we will be able to retrieve your SAR.

Stafford Loans
Graduate students and students in professional programs may borrow up to the cost of attendance, to a maximum of $18,500 US. $8500 of this amount may be a subsidized loan. Information from the SAR and any financial aid received from your department and other sources is used to determine how much of the loan will be subsidized (interest free during full time studies) or not subsidized (interest is charged during full time studies).
Students who qualify for the subsidized loan will begin repayment of the principal and interest six months after they cease to be enrolled at least half time. Students receiving unsubsidized loan funds may pay the interest charges while they are in school, with principal deferred, until they cease to be enrolled at least half time; or they can choose to have both the interest and principal deferred until after they cease to be enrolled at least half time.
You must report any financial aid you are receiving (including funding from your department) when you apply for Stafford loans. This information should be submitted in writing to our office.

How to Apply for Stafford Loans
Each year, in addition to filing a FAFSA, a student must sign a Stafford Master Promissory Note (Stafford MPN). The MPN documents a student's choice of guarantor and lender as well as the obligation to repay the loan.
Please note that at the time of printing, the application process for submission of the Stafford and PLUS MPNs is being revised. New information regarding the use of e-signatures for these documents will be updated on our Website at www.mcgill.ca/studentaid in early spring. E-sign will be available for students who use our preferred guarantor, American Student Assistance (ASA), and Northwest Education Loan Association (NELA).
Students who are residents of Vermont should apply using Vermont Student Assistance Corporation (VSAC) as a guarantor.
Students may order an application package at www.vsac.org. Mail the original MPN to VSAC and the school copy of the MPN to our office. It is not yet possible to apply using e-signatures. If you require further information, you may contact Marcia Vance at:

Vermont Student Assistance Corporation
One Main Street
PO Box 2000
Winooski, VT 05404-2601
Phone: 1-800-660-3651, ext. 273 (toll-free in North America)
1-802-654-3770, ext. 273
Fax: 1-802-654-3765
E-mail: vance@vsac.org

Alternative Loans
For students who may need additional sources of funding, there are private alternative loan options.

McGill University works closely with International Education Finance Corporation (IEFC). Visit their Website at www.iefc.com to learn more about their products. Their phone number is 888-296-4332. SallieMae also offers alternative loans. Their Website is www.salliemae.com. Their phone number is (800) 695-3317.

Deadlines
All applications must be complete and be received by June 1 to have funds disbursed for the fall semester fee payment deadline. All applications must be complete and be received by November 1 to have funds disbursed for the winter semester fee payment deadline.

Disbursement of Loan Funds
Stafford and alternative loans are disbursed in one payment co-payable to the student and the school. Cheques are sent to the Student Aid Office. The cheques must be picked up by the student and taken to the Student Accounts Office for processing.

Entrance Counselling
All first time borrowers of Stafford loans are required to complete a session of entrance counseling prior to receiving loan funds. Entrance counseling may be completed on the Web at www.mapping-your-future.org. Our office will be notified when the entrance counseling has been completed.

McGill Financial Aid
The Student Aid Office also administers the University’s need-based financial aid program, which includes short-term loans, limited bursary assistance, and a Work Study program. All applicants for aid must first apply for the maximum government assistance for which they may be eligible. The Office is located in the Brown Student Services Building, 3600 McTavish, suite 3200, Telephone (514) 398-6013/14. A limited number of small bursaries are awarded on the basis of financial need and academic standing. Funding for the bursaries comes from several different sources at McGill including an annual transfer of funds to the Student Aid Office from the Graduate and Postdoctoral Studies Office.

CAROLINE AND RICHARD RENAUD BURSARIES
Endowed in 1999 with a generous gift from Carolyn and Richard Renaud.

Eligibility: Awarded on the basis of financial need by the Student Aid Office to students entering or enrolled in graduate studies at McGill with a preference to students in programs in the Graduate School of Library and Information Studies.

EBEN HOPSON BURSARY FOR STUDY AT MCGILL
Established in 1988 through a donation from the North Slope Borough of Alaska in honour of the late Eben Hopson, Mayor of the North Slope Borough from 1972 to 1980, to advance the pursuit, promotion and sharing of knowledge in those areas which are of common interest and relevance to the scientific, social and economic development, and the greater welfare of the North Slope Borough and the countries of the Circumpolar North.

Eligibility: For the support of students from the North Slope Borough of Alaska for graduate or undergraduate studies at McGill in any field deemed in the welfare of the North Slope Borough.

Application: Applications should be submitted to the GPSO and awards will be made by the Eben Hopson Fellowship committee and the North Slope Mayor or designee.

Value: $6,000. Awards are renewable for a second year of Masters study, to a fourth year of Doctoral studies and Bachelor's study.

GEORGES, PAUL AND ROBERT MASSON BURSARIES IN SCIENCE

Eligibility: Awarded to one or more students in good academic standing, enrolled in a graduate or undergraduate degree program in any department in the Faculty of Science. Preference shall be given to students in the departments of Biology and Mathematics. Awarded by the Student Aid Office on the basis of financial need.

GRADUATE STUDENTS’ BURSARY FUND
Established in 1989 by the GPSO to assist full-time students in any graduate degree program. Awarded by the Student Aid Office to students requiring financial assistance to pursue studies or research at McGill.

GRADUATE STUDENTS’ LOAN FUND
Established in 1951 by the Board of Governors for students in Graduate Studies.

IRVING ORRIN VINCENT BURSARY
Established by Mrs. J.B. Owen in memory of her father, the late Irving Orrin Vincent, B.A. 1907, M.A. 1908, a noted teacher and Principal of Edward VII School in Montreal from 1912 until his death in 1920.

Eligibility: Awarded annually by the Student Aid Office on the basis of academic merit and financial need to a graduating student in the Faculty of Arts proceeding towards an M.A., M.Ed., or Doctorate in Classics or Education.

JENNIE AND JOSEPH SALOMON MEMORIAL BURSARY
Eligibility: Established by the children of Mr. and Mrs. J. Salomon in their memory. Awarded to a deserving student in need who has completed the final undergraduate year in the Faculty of Arts or Science, and is entering a graduate program. Tenable for one year.

6.2 McGill Student Aid
The Student Aid Office administers the University’s need-based financial aid programs which includes short-term loans, limited bursary assistance and a Work-Study program. All applicants for aid must first apply for the maximum government assistance for

STUDENT FINANCIAL ASSISTANCE

McGill University, Graduate Fellowships and Awards 2007-2008  103
7 Postdoctoral Fellowships

In accordance with McGill University’s Guidelines for Academic Units on Postdoctoral Education (Senate, April 2000), all internal and external postdoctoral fellowships with a value lower than the minimum financial support stipulated in the guidelines will be supplemented from sources other than the individual's personal means, including faculty or departmental funds, research grants or contracts or other allowable funds.

The guidelines stipulate that a postdoc must be assured of financial support, other than from personal means, during his/her stay in the University equivalent at the time of appointment to at least 90% of the lesser of either the federal (NSERC, SSHRC or CIHR) or the provincial (FQRNT, FRSQ or FQRSC) research council postdoctoral fellowship pertinent to his/her discipline. Subject to change in regard of the value of the council fellowships, the minimum funding level in each disciplinary area in 2007-08 is:

- Social Sciences and Humanities: $27,000
- Natural Sciences and Engineering: $27,000
- Medical and Health Sciences: $27,000

Individuals seeking postdoctoral funding in medical sciences may wish to contact the Research and Graduate Studies Office, McGill Faculty of Medicine, 6th floor, McIntyre Medical Building, 3655 Promenade Sir William Osler, which often receives postdoctoral funding information directly from external agencies.

An informal information site on postdoctoral fellowships and employment in the Sciences and Health Sciences has been compiled by the Association Bernard Gregory in France at www.abg.asso.fr under “L'emploi sur Internet”. It provides links with various relevant sites.

SPIN Database by InfoEd International: McGill University subscribes to the SPIN database for sources of research funding. Please refer to section 2.3, “Funding Information on the Web”.

7.1 Internal Postdoctoral Fellowships

AMY WONG FELLOWSHIP

Established in 1998 by a generous gift from a McGill graduate of Chemical Engineering (Class of 1959) from Hong Kong.

Eligibility: Awarded to a qualified student from China, including Hong Kong, who is an entering postdoctoral scholar, Ph.D. or M.Sc. student conducting agricultural production/food related research in the Faculty of Agricultural and Environmental Sciences. Awarded by the Dean of the Faculty in consultation with the departments. The recipients are expected to return to their home country after the completion of their studies.

Estimated Value: Minimum $20,000; renewable once at the master’s level and twice at the doctoral or postdoctoral levels.

CHARLES E. FROSST/MERCK FELLOWSHIP IN PHARMACOLOGY

Established in 2007 by Dr. Alan C. Frosst and Merck. Frosst Canada Ltd. To support research and scholarship in the area of aging and neuro-degeneration under the supervision of the Charles E. Frosst-Merck Chair in Pharmacology.

Eligibility: Awarded by the Faculty of Medicine upon recommendation of the Department of Pharmacology and Therapeutics to an outstanding postdoctoral student in the Department.

Value: $46,000; renewable up to two times based upon evaluation by the Department of Pharmacology and Therapeutics. This fellowship is accompanied by a research allowance of up to $14,000 per year.

THE COLE FOUNDATION FELLOWSHIPS IN MEDICINE

Established by The Cole Foundation in 2006 to fund fellowships for postdoctoral research in pre-leukemia, leukemia and other cancer-related diseases within the McGill University Faculty of Medicine or its affiliated hospitals.

Eligibility: Eligible areas include fundamental, translational, clinical and population-based research, with an emphasis on children and young adults. Two-year Fellowships will be awarded by the Postgraduate Awards Committee of the Faculty of Medicine, the second year of funding being contingent on a favourable midterm evaluation.

Value: $40,000 per year for Post-Ph.D.; $50,000 per year for post-MD.

COMMANDER C. BELLAIRS POSTDOCTORAL FELLOWSHIPS

Eligibility: Tenable at the Bellairs Research Institute of McGill University, St. James, Barbados, for research in marine related fields including: biology, ecology, behavioural and avian ecology, geography and geology. Candidates should have recently attained their Ph.D. and must clearly demonstrate a definite need to carry out their research at the Institute.

Value: $20,000 per year, plus travel expenses. Renewable once.

Deadline: Check availability with the GPSO Fellowships and Awards Section.

OFA # 125

CONRAD F. HARRINGTON POSTDOCTORAL FELLOWSHIPS

Established in 1999 in honour of Conrad F. Harrington in recognition of his leadership in developing in McGill University Health Centre.

Eligibility: The postdoctoral fellowship in the area of amyotrophic lateral sclerosis (ALS) will support researchers who have received their M.D. or Ph.D. degrees and who wish to advance their research careers in the Faculty of Medicine in the McGill University Health Centre. In the event that there are no candidates investigating ALS, the fellowship will be awarded to support a postdoctoral candidate working in a related area of neurological disease. Awarded by the Postgraduate Award Committee of the Faculty of Medicine.

Value: $17,000.

Application: Further information can be obtained from www.medicine.mcgill.ca/research or by contracting the Research Office of the Faculty of Medicine.

OFA # 157

DR. DAVID T.W. LIN FELLOWSHIP

Established in 1998 by a generous gift from a McGill graduate of Chemical Engineering (Class of 1959), from Hong Kong, in recognition of Dr. David T.W. Lin, B.Sc. 1937, M.D., C.M. 1940, a surgeon emeritus at the Royal Victoria Hospital, to support medical research.

Eligibility: Awarded by the Postgraduate Awards Committee of the Faculty of Medicine to a student at the postdoctoral, Ph.D. or M.Sc. level.

Value: Minimum $20,000.

Application: Further information can be obtained from www.medicine.mcgill.ca/research or by contacting the Research Office of the Faculty of Medicine.
DR. ROBERT G.H. LEE FELLOWSHIP 李甘棠博士奨學金
Established in 1998 by a generous gift from a McGill graduate of Chemical Engineering (Class of 1959), from Hong Kong, in honour of Dr. Robert G.H. Lee, B. Eng. 1947 (Metallurgical Engineering). 
Estimated value: $10,000. Renewable once at the master’s level and twice at the postdoctoral or doctoral levels.
Application: Awarded by the GPSO on the recommendation of the Faculty of Engineering to an entering postdoctoral, doctoral or master’s student in either Chemical Engineering or Mining and Metallurgical Engineering.

DR. WAH LEUNG FELLOWSHIP 梁甦華牙醫奨學金
Established in 1998 by a generous gift from a McGill graduate of Chemical Engineering (Class of 1959), from Hong Kong, in honour of Dr. Wah Leung, the first Dean of Dentistry at the University of British Columbia.
Eligibility: Awarded by the Faculty of Dentistry to an entering postdoctoral, doctoral or master’s student in the Faculty of Dentistry who is working in pain, oral cancer or bone tissue research.
Value: Minimum $20,000. Renewable once at the master’s level and twice at the postdoctoral and doctoral levels.

DR. YU-MING LAM FELLOWSHIP 楊敏銘博士奨學金
Established in 1999 by a generous gift from Dr. Yu-Ming Lam (DDS 1972) and family in honour of Mr. Yin Bun Lam.
Eligibility: Awarded by the Faculty of Dentistry to an entering postdoctoral, doctoral or master’s student in the Faculty of Dentistry.
Value: $10,000. Tenable for one year.

MCLAUGHLIN FELLOWSHIP
Established by the R. Samuel McLaughlin Foundation for post-M.D. fellows undertaking research within McGill University and affiliated hospitals.
Eligibility: The Fellowship will be awarded by the Postgraduate Awards Committee of the Faculty of Medicine for one year, but the recipient is eligible to re-enter the competition for a second year of support. Applicants must be eligible to practice in Quebec.
Value: Minimum $25,000.
Application: Further information can be obtained from www.medicine.mcgill.ca/research or by contacting the Research Office of the Faculty of Medicine.

PETER QUINLAN FELLOWSHIP
To honour the memory of Peter Quinlan, a fellowship fund has been established in his name by his family and friends.
Eligibility: The Peter Quinlan Fellowship will support young researchers (M.D. or Ph.D.) who wish to undertake postdoctoral training in Oncology at McGill University and its affiliated hospitals under the direction of a member of the Faculty of Medicine. The Fellowship will be awarded by the Postgraduate Awards Committee of the Faculty of Medicine for one year, but the recipient is eligible to re-enter the competition for a second year of support.
Value: Stipend will follow CIHR salary scale.
Application: Further information can be obtained from www.medicine.mcgill.ca/research or by contacting the Research Office of the Faculty of Medicine.

RICHARD H. TOMLINSON POSTDOCTORAL FELLOWSHIPS
Established in 2000 through a very generous gift from Dr. Richard H. Tomlinson (Ph.D. 1948). Awarded annually by the GPSO to recruit outstanding individuals into postdoctoral positions in any department at McGill University. Tomlinson Fellows who accept a fellowship from an agency external to McGill will be entitled to one-half the full value of the Tomlinson Fellowship.
Eligibility: The Tomlinson Postdoctoral Fellowships are for new postdoctoral scholars accepted into a postdoctoral research position at any department at McGill University.
Value: $30,000, renewable annually based on satisfactory progress, to a maximum tenure of 2 years for postdoctoral level.
Deadline: December 1.
Application: Applications for a Tomlinson Postdoctoral Fellowship must reach the intended department by December 1 and should be accompanied by a letter from a McGill faculty member indicating their willingness to supervise the applicant’s postdoctoral research in the event a fellowship is awarded. Current doctoral students and postdoctoral scholars at McGill are not eligible to apply. www.mcgill.ca/gps/fellowships

SUSTAINABLE AGRICULTURE FELLOWSHIP
Established in 1995 through an endowment by a graduate of the Macdonald Farm Management and Technology Program, to foster innovative research in sustainable development that might not otherwise find support through traditional funding sources.
Eligibility: The proposed research would address themes such as food systems, agriculture, conservation, and the environment; sustainable systems and the community; issues in Canada’s North; and food, nutrition and community development. Awarded by the Faculty of Agricultural and Environmental Sciences Scholarship Committee on the basis of academic merit and suitability of the proposed research to the fellowship theme. Priority will be given to postdoctoral fellows.
Value: $35,000 at the postdoctoral level, may be renewable once.
Deadline: February 1, to Scholarships Committee for a fellowship commencing September 1.
Application: Additional information is available from the Macdonald Campus Student Affairs Office, 21111 Lakeshore, Ste-Anne-de-Bellevue, Quebec, H9X 3V9. Doctoral candidates will be considered in the second round if no suitable postdoctoral candidate is found.

7.2 External Postdoctoral Fellowships

CANADIAN HEALTH SERVICES RESEARCH FOUNDATION (CHSRF) POSTDOCTORAL AWARD COMPETITION
Candidates may be from any discipline or health professional background, but must have formal research training and some research experience related to applied health services or health policy. Targeted disciplines or professional backgrounds include, but are not limited to: social sciences and humanities, nursing, applied health services and policy, medicine, dentistry, pharmacy, optometry, veterinary medicine, chiropractic, and rehabilitative science.
Value: $45,000 plus research allowance of $5,000.
Application: Information and guidelines can be found at www.chsrf.ca/cadre/postdoctoral_awards_e.php.
Deadline: December 1. (Applicant should verify deadline on Agency Website.)

CANADIAN INSTITUTES FOR HEALTH RESEARCH (CIHR) POSTDOCTORAL FELLOWSHIPS
Eligibility: A candidate must hold, or be completing, either a Ph.D. or a health professional degree (or equivalent) in a field such as medicine, dentistry, pharmacy, optometry, veterinary medicine, chiropractic, nursing or rehabilitative science. (Candidates cannot hold the award in the department where they received their Ph.D.)
Value: Varies from $38,000 to $47,500 plus research allowance (renewable).
Deadline: Applications are considered at two deadlines, October 1 and February 1.
Application: Application forms and the Grants and Awards Guide are available only on the Web. Further information is available from CIHR, 410 Laurier Avenue W., 9th floor, Ottawa, Ontario, K1A 0W9, www.cihr.ca.
OFA #189

CHATEAUBRIAND SCHOLARSHIPS (POSTDOCTORAL)
Eligibility: This program offers young Canadian researchers the opportunity of a 6 to 12 month assignment in a French university, research organisation, or an engineering school, preferably...
within a cooperation programme between French and Canadian laboratories. Contact should be made with the host institution prior to making the application (a letter of invitation is required). Candidates must be Canadian citizens and have received their Ph.D. in the last three years.

Value: Monthly stipend of 1680 euros plus medical insurance and cost of travel.

Deadline: January 31.

Application: Information regarding specific application requirements and application forms are available from the French Embassy, Science and Technology Department, 464 Wilbrod Street, Ottawa, Ontario K1N 6M6 Tel: (613) 593 7412, Fax: (613) 593-7430

Website: http://ambafrance-ca.org/hyperlab/AIDEMEM/_IamCanadian.htm

OFA # 229

Value: $35,000. (Research and travel allowance $3,000.)

Deadline: November 1 (confirm with Hannah Institute).

Application: Information and applications may be obtained from the Associated Medical Services Inc. Website: www.ams-inc.on.ca. Apply directly to Associated Medical Services, Inc. 162 Cumbuland St. Suite 228, Toronto MSR 3N5.

Fax: (416) 323-3338. E-mail: amsgrants@ams-inc.on.ca.

OFA # 430

HUMBOLDT RESEARCH FELLOWSHIP PROGRAM

The Alexander von Humboldt Foundation was established by the Federal Republic of Germany in order to promote international cooperation in research.

Eligibility: The Humboldt Research Fellowship Program supports highly qualified postdoctoral scholars of all nationalities and...
Value: The Humboldt Research Fellowship Program provides for a stay of six to 12 months in Germany for research. Monthly stipends range from 2,100 Euro to 3,000 Euro; special allowances are available for accompanying family members, travel expenses, and German language instruction.

Deadline: Applications may be submitted at any time.

Application: Information and applications may be obtained from: Alexander von Humboldt Foundation, U.S. Liaison Office, 1012 14th Street NW, Suite 1015, Washington, DC 20005, Telephone: (202) 783 1907, Fax.: (202) 783 1908 E-mail: avaa@verizon.net or info@avh.de Website: www.humboldt-foundation.de

INSTITUT DE RECHERCHE EN SANTÉ ET EN SÉCURITÉ DU TRAVAIL DU QUÉBEC (IRSST) - BOURSES POSTDOCTORALES DE RECHERCHE

Graduate scholarships are intended for master’s, doctoral and postdoctoral candidates whose research program deals specifically with the prevention of industrial accidents and occupational diseases or the rehabilitation of affected workers.

Eligibility: Candidates must be Canadian citizens or Permanent Residents, domiciled in Quebec. Selection will take into account the relation of the proposed project to the priorities of the IRSST.

Value: $27,000 - $36,000.

Deadline: First Tuesday in November.

Application: Information regarding specific application requirements and application forms are available from the Institut de recherche en santé et en sécurité du travail du Québec, 505 boul. de Maisonneuve ouest, Montréal, Québec H3A 3C2. Telephone: (514) 288-1551, ext. 344. E-mail: bourses@irsst.qc.ca. Website: www.irsst.qc.ca.

OFA # 463

INSTITUT NATIONAL DE LA RECHERCHE SCIENTIFIQUE (INRS) POSTDOCTORAL FELLOWSHIPS

Eligibility: The INRS offers postdoctoral fellowships to researchers wishing to join research teams within one of its four centres (affiliated with the Université du Québec located throughout the province). These carry out research on: culture and society, water, energy and materials, geological sciences, oceanography, health, telecommunications and urban planning. Candidates must have either recently completed their doctoral studies or be in the final stages.

Value: Approximately $26,000 (renewable).

Deadline: See INRS Website - www.inrs.uquebec.ca

Application: Information regarding specific application requirements available from the INRS, 490, rue de la Couronne, Québec, Québec G1K 9A9. Telephone: (418) 654-4677 Fax: (418) 654-2525. E-mail: communications@adm.inrs.ca. Website: www.inrs.uquebec.ca

OFA # 411

INTERNATIONAL DEVELOPMENT RESEARCH CENTRE (IDRC) POSTDOCTORAL RESEARCH AWARDS

The mandate of the International Development Research Centre (IDRC) is to support research that meets the priorities of developing countries. Therefore, most of IDRC’s training funds and awards are granted to individuals doing research directly related to, and in, the context of IDRC’s programs and projects.

Value: Varies

Deadline: See IDRC Website - www.idrc.ca

JSPS POSTDOCTORAL FELLOWSHIPS FOR FOREIGN RESEARCHERS

This Japan Society for the Promotion of Science (JSPS) fellowship was established to assist foreign researchers wishing to conduct research in Japan.

Eligibility: Candidates must be a citizen of a country that has diplomatic relations with Japan, have obtained a doctoral degree within the six years preceding award tenure. All fields of the humanities, social sciences, and natural sciences are included under this program.

Value: Covers monthly living allowance, return travel, and medical insurance, for one year (renewable).

Deadline: Two applications periods, May and September.

Application: There are two nomination routes: a) through the nominating authority in the applicant's country (in Canada, NSERC); b) through a Japanese host researcher. Information and application materials available from Japanese Programs, NSERC, 350 Albert Street, Ottawa, Ontario, K1A 1H5. Tel: (613) 944-6241, E-mail: school@nserc.ca. Website: www.jsps.go.jp

OFA # 203

JUVENILE DIABETES FOUNDATION POSTDOCTORAL FELLOWSHIPS IN DIABETES RESEARCH

Eligibility: By the beginning of the period of support sought, applicant must hold a doctoral degree or equivalent from an accredited institution and must not have a faculty appointment. Applicants must be sponsored by an investigator affiliated full-time with an accredited institution, who agrees to supervise the applicant's training. The sponsor need not have a background in diabetes, but the research project must be diabetes-related.

Value: $36,996 - $46,992 for 2 years, $5,500 research allowance. Based on number of years of relevant postdoctoral experience. Consists of a stipend and research allowance.

Deadline: January and July.

Application: Information and application available from www.jdrf.org

OFA # 194

NATIONAL RESEARCH COUNCIL (NRC) RESEARCH ASSOCIATESHIPS

Eligibility: Candidates must have recently acquired (within the last five years) or expect soon to acquire a Ph.D. in a natural science or engineering field, or Master's degree in an engineering field. Associateships are open to nationals of all countries, but preference is given to Canadian citizens and permanent residents. Research associates will be offered appointments to the staff of NRC, tenable at one of NRC's laboratories.

Value: $49,489 per year (usually for a two-year term), plus $8,000 allowance.

Application: Information regarding specific requirements is available from RA Coordinator, National Research Council Canada, Human Resources Branch, 1200 Montreal Road, Building M-22, 2nd floor, Ottawa, Ontario K1A 0R6 E-mail: ra.coordinator.RHB@nrc-cnrc.gc.ca Website: www.nrc-cnrc.gc.ca

OFA # 112

NATIONAL SCIENCES AND ENGINEERING RESEARCH COUNCIL (NSERC) INDUSTRIAL R&D POSTDOCTORAL FELLOWSHIPS (IRDF)

Eligibility: Candidates must hold or expect to hold a Ph.D. in a discipline supported by NSERC, by the proposed date of appointment. These fellowships are intended primarily for new doctoral graduates seeking employment in Canadian industry for the first time (a list of eligible nominating organizations and companies is available from the addresses below). Candidates must be nominated by an eligible organization or company to be considered for funding. Candidates must be Canadian citizens or Permanent Residents.

Value: $30,000 (plus company contribution of $10,000 minimum per year)

Deadline: No set deadline. (See NSERC Website for details - www.nserc.gc.ca.)

Nomination/Application: Fellowship guide and application forms are available only on the Web. Further information available from the GPSO Fellowships and Awards Section or NSERC, 350 Albert Street, Ottawa, Ontario, K1A 1H5. Tel: (613) 996-3762 or 996-3769, www.nserc.ca. All inquiries related to this program should be directed to NSERC.

OFA # 375
NATURAL SCIENCES AND ENGINEERING RESEARCH COUNCIL (NSERC) POSTDOCTORAL FELLOWSHIPS

Eligibility: Candidates must be Canadian citizens or Permanent Residents who have recently obtained, or are about to obtain a Ph.D. degree (in a field of research supported by NSERC). Funding is available to undertake postdoctoral research in one of the fields supported by NSERC. Awards are tenable at a Canadian university, provincial research council, as well as universities and research councils abroad.

Value: $40,000 per year for two years.

Deadline: To NSERC by October 15.

Application: Fellowship guide and application forms are available only on the Web. Further information available from the GPSO Fellowships and Awards Section or directly from Scholarships and International Programs, NSERC, 350 Albert Street, Ottawa, Ontario, K1A 1H5. Tel: (613) 996-3762, www.nserc.ca.

OFA # 375

NATURAL SCIENCES AND ENGINEERING RESEARCH COUNCIL (NSERC) VISITING FELLOWSHIPS IN CANADIAN GOVERNMENT LABORATORIES (VF)

Eligibility: Candidates must have received a Ph.D. within the last five years. There are no citizenship restrictions but there are quotas. Please consult the NSERC Website. The fellowship is tenable in a number of Canadian government laboratories in the areas of agriculture, communications, environment, health, fisheries, etc.

Value: $43,724 per year, renewable for up to two more years.

Deadline: No deadline.

Application: Fellowship guide and application forms are available only on the Web. Further information available from Visiting Fellowship’s Office, NSERC, 350 Albert Street, Ottawa, Ontario, K1A 1H5. Tel: (613) 996-3762, www.nserc.ca.

OFA # 374

ORGANIZATION OF AMERICAN STATES (POSTDOCTORAL) FELLOWSHIPS

Eligibility: Offered to Canadian citizens and Permanent Residents for postdoctoral research in any field except medicine, in any of the OAS member countries.

Value: Covers monthly living allowance, health insurance, tuition and related fees, study material, plus return travel for one year (renewable).

Deadline: End of January - see Website for exact date.

Applications: Can be obtained on the Web or from the OAS Program Officer, Canadian Bureau for International Education, 220 Laurier Avenue West, Suite 1550, Ottawa, Ontario, K1P 5Z9, (613) 230-4820, www.sshrc-crsh.gc.ca/apply/program_descriptions/fellowships/casgrain_e.asp.

OFA # 342

SOCIAL SCIENCES AND HUMANITIES RESEARCH COUNCIL OF CANADA THERESE F. CASGRAIN (POSTDOCTORAL) FELLOWSHIP FOR RESEARCH ON WOMEN AND SOCIAL CHANGE IN CANADA

Eligibility: Applicants must be Canadian citizens or Permanent Residents at the time of application and the award is only tenable in Canada. Affiliation with a university or an appropriate research institution is desirable but not a condition of the award. Applicants must have obtained a doctorate before taking up the award, though there are no restrictions as to time elapsed since obtaining the doctoral degree. The award supports research in the field of social justice, particularly in defence of individual rights and the promotion of the economic and social interests of Canadian women. The Foundation is particularly interested in research that includes a discussion of public policy options and makes concrete recommendations for change.

Value: Up to $40,000 per year, of which $10,000 may be used for travel and research expenses. Non-renewable. Offered every even-numbered year.

Deadline: October 1.

Application: Forms are available only on the Web. Further information available from the GPSO Fellowships and Awards Section or SSHRC, 350 Albert Street, Ottawa, Ontario, K1P 6G4. Tel: (613) 992-0691 Website: www.sshrc.ca/web/apply/program_descriptions/fellowships/casgrain_e.asp.

OFA # 342

PROGRAMMES DE BOUSSES D’EXCELLENCE POUR ÉTUDIANTS ÉTRANGERS (VOLET 2)

Eligibility: The program is open to foreign postdoctoral candidates in all disciplines who are not Canadian citizens or permanent residents of Canada. Fellows must start in the program for which they receive funding between May and January following the offer. Candidates already in a Quebec university (e.g., McGill) are eligible to apply. Due to the small number of nominations allowed per university, the GPSO will only consider applicants who have an overall First Class academic record (equivalent to 3.7/4.0 and up).

Value: $35,028 (renewable) plus research allowance of up to $5,000.

Deadline: October 1.

Application: Forms are available only on the Web. Further information available from the GPSO Fellowships and Awards Section or from the Social Sciences and Humanities Research Council of Canada, Tower II, 350 Albert Street, Ottawa, Ontario, K1P 6G4. Tel: (613) 992-0691; www.sshrc.ca.

OFA # 342

TRADITIONAL FULBRIGHT SCHOLAR AWARDS

Offers grants of four to nine months to Canadian postdoctoral researchers to lecture or conduct research at a host institution in the United States. While the competition is field open, applications in the following areas are strongly encouraged: Canada-U.S. relations, security, public policy, international trade, North American integration, urban and regional planning, communications, culture, ecology and the environment, indigenous issues, law, border issues, public health, Canadian studies, and American studies. All applicants must demonstrate their project’s relevance to the Program’s mandate. All award recipients must be affiliated
with an institution in the host country and are responsible for secur-
ing such affiliation.

Eligibility: Open to recent Ph.D.s (less than three years), citizens
of one of the designated countries (excluding Canadian dual
nationals): Germany, Spain, Italy, United Kingdom, Belgium,
France, Switzerland, Australia, Denmark, United States, Japan,
Norway, Finland, Sweden, Israel, South Korea. Priority is given
to: biotechnology, information technologies, environment, space,
health and new materials.

Value: $25,000 USD for a full academic year (nine months) or
$12,500 for one semester. Basic health insurance is also pro-
vided.

Deadline: November 15.

Application: Information and application materials available from
The Canada-U.S. Fulbright Program Foundation for Educational
Exchange between Canada and the United States of America,
2015-350 Albert Street, Ottawa, Ontario K1R 1A4,
Tel: (613) 237-5366, Fax: (613) 237-2029; E-mail: info@ful-
bright.ca; Website: www.fulbright.ca

WOODROW WILSON INTERNATIONAL CENTRE
FOR SCHOLARS POSTDOCTORAL FELLOWSHIPS IN THE
HUMANITIES AND SOCIAL SCIENCES

Eligibility: No citizenship restrictions. Candidates must possess a
Ph.D. degree in the humanities or social sciences and have pub-
lished some major work beyond the Ph.D. dissertation.

Value: From $26,200 to $85,000

Deadline: October 1 in Washington.

Application: Information regarding specific application require-
ments and application forms are available from the Fellowships
Office, The Woodrow Wilson International Centre for Scholars,
Ronald Reagan Building and International Itrade Center, One
Woodrow Wilson Plaza, 1300 Pennsylvania Ave. N.W., Wash-
ington, D.C. 20004-3027 USA. Tel: (202) 691-4000, Fax: (202)
357-4439. E-mail: fellowships@wilsoncenter.org. Website:
www.wilsoncenter.org.

OFA # 278

8 Exchange and Travelling Fellowships

Information on funding opportunities for graduate study and
research outside of Canada is contained in many of the reference
books and directories listed in section 2.2, "Reference Books".
One of the most comprehensive publications is UNESCO's "Study
Abroad", available for consultation at the Graduate and Postdoc-
toral Studies Office, Fellowships and Awards Section, the McLen-
nan Library and many national libraries around the world.

Embassies, consulates and missions of foreign countries
located in Canada also are excellent sources of information on
funding opportunities for students intending to study abroad.
Addresses and telephone numbers of all diplomatic representa-
tives in Canada can be obtained from the Department of External
Affairs in Ottawa at (613) 996-4376. For McGill students seeking
funding for graduate study outside Canada, the graduate awards
offices of foreign universities themselves are often the best source
of information. The McLennan Library has a vast collection of for-
eign university catalogues. The French embassy in Ottawa has a
complete Website on France-Canada exchange programs at
http://ambafrance-ca.org/HYPERLAB/FFCR under
"l'aide-mémoire des échanges scientifiques franco-canadiens".

McGill University has signed a number of agreements with
universities in other countries, many of which include a student
exchange component. As a member of the Conference of Rectors
and Principals of Quebec Universities (CREPUQ), McGill also
participates in a number of student exchange programs with des-
nignated universities in the United States and Europe. Further infor-
mation on such programs may be obtained from the Student
Exchange Officer, Admissions, Recruitment and Registrar's
Office, James Building Annex, McGill University. Tel: (514)
398-8342.

SPIN Database by InfoEd International: McGill University sub-
scribes to the SPIN database for sources of research funding.
Please refer to section 2.3, "Funding Information on the Web".

ALMA MATER STUDENT TRAVEL GRANT

Eligibility: The Alma Mater Student Fund, administered by the
GPSO, will provide awards for McGill graduate students in any
discipline to travel to attend a scholarly meeting or conference
where they will be presenting a paper relating to their graduate
research. Support for this program comes from three sources:
the Alma Mater Fund of McGill University, the Social Science
and Humanities Research Council of Canada (SSHRC) in the
case of students in the social sciences and humanities, and the
Post-Graduate Student Society (PGSS). Additional funding may
also come from NSERC and SSHRC residual postgraduate
scholarship funds, depending on availability.

Value: $750.

Deadlines: September 15, January 15 and May 15 of each year.

Application: Further details and application forms are available
on the Web at www.mcgill.ca/gps/fellowships under Fellowships
and Awards, or from the GPSO Fellowships and Awards Section.

BOURSE PAUL BLANC

Offered alternately each year to a Canadian student from McGill or the
Université de Montréal for graduate study at the Université de
Lausanne, Switzerland and to a Swiss student from the Université
de Lausanne for postgraduate study in Montreal. All things being
equal, the fellowship will be offered to a student in science.
Research subsidies are also available.

Value: 15,000 Swiss francs, annually (approximately $12,500
Canadian).

Deadline: January 31

Application: Further information and application forms are avail-
able on the Website at: www.S-A-V.org
Société académique Vaudoise, 1, avenue de Montbenon, case
postale 7490, 1002 Lausanne, Switzerland
E-mail: secretariat@S-A-V.org

OFA # 206

ASSOCIATION OF UNIVERSITIES AND COLLEGES OF
CANADA (AUCC)

AUCC administers several fellowship competitions and exchanges
for graduate study. In most cases, candidates must be Canadian
citizens or Permanent Residents of Canada for at least one year
prior to application. Information concerning eligibility, tenure, as
well as application forms available from the Canadian Awards pro-
gram, Awards Division, Association of Universities and Colleges
(AUCC), 350 Albert Street, Suite 600, Ottawa, Ontario K1R 1B1.
Tel: (613) 563-1236, www.aucc.ca.

BRITISH CHEVENING SCHOLARSHIPS

Eligibility: For Canadians studying at a university in the UK.
Scholarships last up to one year and are typically granted for
Masters degree courses. It is highly unusual for the committee
to approve an award for Ph.D. studies. It is open to candidates
in the following fields of study: Political Science, Law and Interna-
tional Relations, Media, Economics and International Develop-
ment.

Value: Most awards will cover only university tuition fees, which
vary according to the institution. In these cases, living costs and
international airfares are not included. In exceptional circum-
stances the committee may award a full scholarship.

Deadline: January 15

Application: Information regarding specific application require-
ments and application forms online at: www.britishcoun-
cil.org/canada-education-students-chevening-scholarships.htm
or from the British Council, 80 Elgin Street, Ottawa, Ontario K1P
S7K. Tel: (613) 237 1530 Website: www.britishcouncil.org/
canada

OFA # 86
CAMBRIDGE CANADIAN TRUST – GRADUATE SCHOLARSHIPS
The Cambridge Canadian Trust offers a number of scholarships each year to Canadian graduates for graduate study at the University of Cambridge. These include: Ph.D. scholarships (Canada Cambridge Scholarships, First Canadian Donner Foundation Research Cambridge Scholarships, Kenneth Sutherland Memorial Cambridge Scholarship, UK Commonwealth (Cambridge) Scholarships, William & Margaret Brown Cambridge Scholarship, Tidmarsh Cambridge Scholarship), graduate Law scholarships (CIALS Cambridge Scholarships, Pegasus Cambridge Scholarships, and scholarships for one-year postgraduate courses of study (UK Commonwealth (Cambridge) Scholarships). The Cambridge site reminds incoming Canadian Ph.D. students to also study (UK Commonwealth (Cambridge) Scholarships). The Cambridge homepage is www.admin.cam.ac.uk/univ/gsprospectus/funding/overseas).

Value: Scholarships cover tuition fees and/or airfare and/or a living allowance.

Eligibility: Canadian citizens for graduate study in various fields at Cambridge University.

Deadlines: Vary depending on programme, but to be eligible for the ORS, your completed academic application must reach the university by early December (check for dates).

Application: For more information, see the Cambridge University graduate funding site for Canadians (www.admin.cam.ac.uk/univ/gsprospectus/funding/overseas).

The Cambridge homepage is www.admin.cam.ac.uk. Information regarding specific application requirements and application forms are available from the British Council, 80 Elgin Street, Ottawa, Ontario K1P 5V7. Tel: (613) 364-6236 or the University of Cambridge, Board of Graduate Studies, 4 Mill Lane, Cambridge CB2 1RZ, U.K. feesandfunding@gradstudies.cam.ac.uk

OFA # 92

CANADA-UNITED STATES FULBRIGHT SCHOLARSHIPS FOR GRADUATE STUDENTS
Proposed projects must comply with the Canada-U.S. Fulbright Program goal of broadening research efforts in the wide range of subjects pertaining to the relationship between Canada and the United States.

Eligibility: Canadian or American citizen with student status. Graduate students must be already accepted at a university in the host country. If a student has a proposed research project for a duration of nine months that cannot be conducted in the host country, then the student can receive funding, provided he/she is enrolled at a university in his/her home country.

Value: Fulbright scholarships are granted for periods of nine months. The award is a fixed sum US$15,000 for one nine-month academic year beginning in September. Grantees are expected to use the award to cover necessary expenses such as housing, travel, school fees and other academic expenditures. Basic health insurance is also provided, along with visa services.

Deadline: November 15 for Canadian applicants, October 20 for Americans.

Application: www.fullbright.ca

Forms for Canadian students available at www.fullbright.ca. The Canada US Fulbright Program, 350 Albert Street, Ste. 2015, Ottawa, Ontario K1R 1A4. Tel: (613) 237 2029. E-mail: info@fullbright.ca

OFA # 96

CANADIAN BUREAU FOR INTERNATIONAL EDUCATION (CBIE) SCHOLARSHIPS
Eligibility: The CBIE offers a number of support programs that target international development issues, both for Canadians and international students. Scholarship, internship and professional development opportunities are available. The programs supported by the CBIE are: CBIE Grants, CETAAfrica, Bombardier Fellowship (see entry in this section under J. Armand Bombardier Internationalist Fellowships), Lucent Global Science Scholars, and the Youth Internship Program. The CIDA Awards Program for Canadians, formerly administered by the CBIE on behalf of the Canadian International Development Agency, ended on March 31, 2004. No further competitions are envisaged.

Value: Variable, depending on the program.

Deadline: Variable, depending on the program.

Applications: See the Scholarships page on the CBIE Website at: www.cbie.ca/scholarship/index_e.cfm?page=cbie-grants_e. The CBIE homepage is www.cbie.ca and is navigable in French or English.

Canadian Bureau for International Education, 220 Laurier Ave. West, Suite 1550, Ottawa, ON K1P 5Z9, Canada. Telephone: (613) 237-4820, Fax: (613) 237-1073

E-mail: info@cbie.ca

OFA # 23

J. ARMAND BOMBARDIER INTERNATIONALIST FELLOWSHIPS
The J. Armand Bombardier Internationalist Fellowships Program is unique in responding to the need of Canadians to develop their international awareness, its openness to all countries and all disciplines, as well as its objective to increase Canada’s participation in the world economy. Applicants to the program show promise of becoming Canada’s leaders of tomorrow in their chosen field of endeavour.

Eligibility: Open to Canadians and permanent residents of Canada who hold at least one university degree, or are in the final year of a degree program. The latest degree must have been awarded no longer than five years from the date of application. Applicants must have achieved high academic standing. Recipients of the predecessor program, Celanese Canada Internationalist Fellowships, are not eligible to apply again. Fellowships are intended for study in formal postsecondary programs abroad. Consisting of taught courses, lectures or seminars, the international study program may also be combined with a period of research or work (internship). The program abroad must be of one academic year (a minimum of eight consecutive months) including at least four months of taught courses. It may be undertaken anywhere in the world outside Canada and may include more than one location.

Value: $10,000 per year.

Deadline: March 1 to CBIE (confirm with GPSO Fellowships and Awards Section - the deadline may change in future competitions).

Application: Available from the Canadian Bureau for International Education, 220 Laurier Avenue West, Suite 1100, Ottawa, Ontario K1P 5Z9. Tel: (613) 237 4820; Website: www.cbie.ca

OFA # 38

COMMANDER C. BELLAIRS GRADUATE FELLOWSHIPS
Eligibility: Tenable at the Bellairs Research Institute of McGill University, St. James, Barbados (specializing in marine biology, marine ecology, geography, geology, behavioural ecology and other fields). Candidates should be registered full-time in graduate studies at McGill and may apply at any point in their research program for a fellowship to allow them to work at Bellairs.

Value: Up to $10,000 per year, plus travel expense for graduate level, and up to $20,000 per year for postdoctoral level.

Deadline: Check availability with the GPSO Fellowships and Awards Section.

Application: The fellowship is not being offered until further notice.

OFA # 125

COMMONWEALTH SCHOLARSHIPS FOR GRADUATE STUDIES
Eligibility: The Commonwealth countries of India, Jamaica, Malta, New Zealand, Nigeria, Trinidad & Tobago, and the United Kingdom offer scholarships to Canadian citizens and, in certain cases, to permanent residents of Canada, for graduate studies (Master’s or Ph.D.) or, in some countries, for research toward a
Canadian graduate degree. The list of countries may change - see the Website listed below for further details. Canadian citizens are eligible to apply for all programs. The Canadian Scholarship Selection Committee will only consider permanent residents of Canada who are graduates of a Canadian university. Permanent residents of the awarding country are not eligible. See the Website for further eligibility restrictions and also restrictions specific to the host country where study is to be undertaken.

Value: Awards normally cover airfare, tuition, a living allowance and, in certain cases, expenses related to medical coverage and the purchase of books. Awards usually have a duration of 1 year (Master's) or 3 years (Ph.D.), though there may be exceptions.

Deadline: Deadlines depend on the duration of the academic year in host countries. As the list of countries is subject to change, the deadlines will be variable from year to year as well - it is suggested that the Website be monitored on a regular basis by interested applicants.

Application: Information and application forms are available on the Web at: www.scholarships.gc.ca

The GPSO site can also be consulted: www.mcgill.ca/gps/fellowships/grad.

Website: www.scholarships.gc.ca

OFA # 49

DEUTSCHER AKADEMISCHER AUSTAUSCHDIENST (DAAD) – GERMAN ACADEMIC EXCHANGE FELLOWSHIPS

The German Academic Exchange Service (DAAD) offers scholarships to highly-qualified students for graduate study and/or research at universities or institutes in Germany.

Eligibility: McGill students may be eligible to apply for DAAD fellowships under two distinct programs: McGill/DAAD and Bourses Québec-Allemagne, run by MELS. DAAD Fellowships (Annual Grants) are open to graduating seniors, graduate students and Ph.D. candidates under 33 years of age, enrolled full-time at time of application. Applicants must have a well-defined research project that makes a stay in Germany essential. They must also have adequate knowledge of the German language to carry out their proposed research.

Value: Depending on the award holder's academic level, the DAAD will pay a monthly award of 715 Euro (graduates holding a first degree), 795 Euro (doctoral candidates) or 975 Euro (doctoral candidates with at least two years academic work experience), plus travel and luggage costs and a health insurance allowance.

Application: Information and application forms are available from the GPSO Fellowships and Awards Section at www.mELS.govu.qc.ca/ens-sup/ens-univ/bourses.asp. Please note that only one application should be submitted.

OFA # 306

FOREIGN GOVERNMENT AWARDS

The Foreign Government Awards are intended to assist Canadian students in furthering their studies or conducting research abroad at the master's, doctoral or postdoctoral level. As part of the implementation of cultural agreements with the Government of Canada and the governments of Chile, Colombia, Germany, Korea, Mexico, the Philippines, and Russia will offer awards to Canadian graduate students tenable in 2007-2008. These awards have been combined to form the Foreign Government Awards (FGA) Program, which is administered by the CBIE. The governments of Italy, Japan, the Netherlands and Spain also offer awards to Canadian students. However, the embassies of these countries in Canada are responsible for the administration of their scholarships.

Eligibility: A common condition is that the applicant be a Canadian citizen and have completed a first degree.

Value: Although all of the awards are similar in nature, the value of each award is determined by the offering country. Most awards cover travel to and from the host country, tuition and registration fees, and a monthly living allowance. Several awards also cover books, mandatory health and accident insurance and various other allowances.

Deadline: Deadlines for submission of applications vary depending on whether the competitions are administered by the CBIE or by each of the Embassies in Canada. Please also note that the forms provided on the Website can only be used for those competitions administered by the CBIE. Forms for those competitions directly administered by the Embassies in Canada of participating countries must be obtained from the relevant Embassy or Consulate. See the Website for Embassy contact information. For more information on deadlines and submission information: www.scholarships.gc.ca.

Applications: Applications and further information is best obtained on the Web at: www.scholarships.gc.ca.

OFA # 499

GOVERNMENT OF ITALY SCHOLARSHIPS

Eligibility: The Government of Italy offers scholarships to Canadian citizens wishing to pursue studies in Italy. They are intended for students, professionals, teachers, and artists who meet the necessary requirements for enrolment in Italian post-secondary institutions (universities, academies, conservatories, art restoration institutes, National School of Cinematography, research centres or laboratories, libraries, archives, museums and other national or nationally-recognized institutions), and who would like to attend specialized courses or conduct research in specific fields. For Italian language study, the scholarships are awarded for specific programs at the Universities for Foreigners in Perugia, Siena and Roma Tre or at other recognized institutions. The short-term scholarships consist of a one to six month period to be used in the summer of 2007 and are reserved primarily for courses in Italian language and culture. Applicants must possess a high school diploma at the time they apply and must be 35 years of age or younger.

Italian language and culture courses of a one-month period are reserved for Italian language teachers to whom no age limit applies, and for 3rd year University students in the Italian Studies Department. The long-term scholarships consist of a seven to a twelve-month period, (depending on the length of the course) beginning in autumn 2007. They are awarded for specific research or specialised courses at public post-secondary institutions in any area of study, except for medical. All courses of study must be undertaken at Government approved educational institutions. Applicants for the long-term scholarships interested in undergraduate research or study must possess a high school diploma entitling the applicant to enrol in university; for those wishing to study or conduct research at the post-graduate level, the minimum requirement is a Master's degree. Applicants must be 35 years of age or younger.

Value: Monthly stipend of 700 euros. Scholarships offered by the Italian Government do not include air fare and room and board. Please note that scholarship recipients must make their own travel and lodging arrangements. Any partial or total exemption from university fees for scholarship recipients is the decision of the individual university institution; no exemptions are granted by private institutions.

Deadline: Check Website.

Application: See the Italian Embassy Website: www.ambottawa.esteri.it. Guidelines for application, program description and further information are available in English, French or Italian. The Italian Consulate in Montreal is located at 3489 avenue Drummond, Montreal, QC, H3G 1X6. Tel: (514) 849-8351, Fax: (514) 499-9471, E-mail: cgi@italconsul.montreal.qc.ca

OFA # 504

GRADUATE STUDENT RESEARCH SUPPORT IN THE SOCIAL SCIENCES AND HUMANITIES

Eligibility: Limited funds are available from the Office of the Vice-Principal (Research) for the support of graduate student research in the social sciences and humanities. This may include thesis research conducted at a site remote from McGill.
program will not cover typing or reproduction of theses, equipment, computer time and supplies.

**Value:** Awards up to $5,000.

**Deadlines:** April 17, October 17, January 16 (if deadline falls on a weekend or public holiday, the next working day applies)

**Application:** Further details and application forms are available from McGill University, Research Grants Office, James Administration Building, Room 429. Tel: (514) 398-3790 or Website: www.mcgill.ca/rgo/internal

**INTERNATIONAL FEDERATION OF UNIVERSITY WOMEN (IFUW) INTERNATIONAL FELLOWSHIPS**

**Eligibility:** The International Federation of University Women offers a limited number of fellowships and loans to women graduates for advanced research, study and training. The competitions are normally held every two years. Competitions are open to nationals of all countries who are members of the IFUW. Women graduates can become IFUW members by joining one of the federations or associations of university women affiliated to IFUW, such as the Canadian Federation of University Women, or by becoming an independent member, if they live in a country without an IFUW affiliate. Fellowships are meant to encourage advanced scholarship and original research by university women. Applicants must be well started on the research program to which the application refers. Fellowships are for eight to twelve months of work, and should be taken up within 9 months of the date of award. They are not normally given for a Masters or for a first year of a Ph.D. program. Fellowships and grants are for work in any branch of learning, in the country of the applicant's choice. All candidates must have obtained admission to the proposed place of study prior to applying to IFUW's competition. An official letter of acceptance must accompany the application. The awards provide a maximum of twelve months support and are not renewable.

**Value:** Varies depending on the specific fellowship for which one applies.

**Deadline:** See Agency Website.

**Application:** Information regarding the different fellowships as well as specific application requirements and application forms are available on the IFUW's Fellowships and Grants page at: www.ifuw.org/fellowships/index.htm. The Federation’s home page is www.ifuw.org. IFUW, 10 rue du Lac, CH-1207, Geneva, Switzerland. Tel: (+41 22) 731 23 80 E-mail: info@ifuw.org, or the Canadian Federation of University Women, 251 Bank Street, Suite 600 Ottawa, Ontario K2P 1X3. Tel: (613) 234-8252, Fax: (613) 234-8221. E-mail: cfuw1@rogers.com

**OFA # 75**

**JAPAN FOUNDATION - JAPANESE STUDY FELLOWSHIP PROGRAM**

**Eligibility:** The Japan Foundation offers three levels of support to Canadian citizens and Permanent Residents wishing to conduct research related to Japanese studies in Japan. Support is offered to scholars and researchers (between 2 and 12 months), doctoral students (between 4 and 14 months), and to those seeking to do intensive, short-term research such as data collection and interviews in Japan (21 to 60 days). Proposals must be within the disciplines of the humanities and/or social sciences, and must be related in substantial part to Japan. Comparative research is acceptable. Proposals which do not fall within the scope of acceptable project areas, include: natural, medical or engineering sciences; undergraduate studies; Japanese-language studies and training in non-academic fields such as traditional culture, technology and commerce. In order to conduct research or pursue projects in Japan effectively, the co-operation of the programs supported by the IDRC is also available as targeted funding for students from developing countries. See the IDRC Website listed below for more details.

"IDRC Doctoral Research Awards (IDRA)"

"Community Forestry: Trees and People - John G. Bene Fellowship"

"Use of Fertility Enhancing Food, Forage and Cover Crops in Sustainable Managed Agroecosystems: The Bentley Fellowship"

**Value:** Varies depending on the program.

**Deadline:** Varies depending on the program.

**Application:** Mailing address: PO Box 8500, Ottawa, ON, Canada K1G 3H9
Street address: 250 Albert Street, Ottawa, ON, Canada, K1P 6M1, Telephone: (613) 236-6163, Fax: (+1-613) 238-7230 E-mail: info@idrc.ca. Website: www.idrc.ca

**OFA # 51**

**INTERNATIONAL DEVELOPMENT RESEARCH CENTRE (IDRC) FELLOWSHIPS AND RESEARCH FUNDING**

**Eligibility:** The IDRC administers a number of fellowships and funding opportunities for students conducting research in development-related disciplines. As there are several programs targeting several areas, students are advised to consult the IDRC Website to see if such funding opportunities are applicable to their research. As the programs are related to development, many support research abroad. Those included here support some form of research outside of Canada or are available to international students from developing countries. Programs available to Canadians and permanent residents, as well as those that are more topic-based and do not necessarily include travel and research abroad are listed above, under the IDRC entry in the External Fellowships section (Section 3). Each
of an affiliated institution or research associate is essential. Such affiliation must be demonstrated as part of the application (excluding Short-Term Researchers).

**Value:** 310,000 - 370,000 Japanese Yen monthly allowance, plus medical insurance, airfare, tuition fees and research allowance. Short-term researchers are entitled to airfare, a 17,000 Yen daily stipend and a 5,000 Yen daily research allowance.

**Deadline:** December 1, though applying earlier is encouraged.

**Application:** Residents of Ontario residing outside the National Capital Region should apply through The Japan Foundation, Toronto. Residents of the National Capital Region should apply through the Embassy of Japan, Ottawa. Applicants from provinces outside Ontario should contact the nearest diplomatic mission. For more information about programs, see the PDF available on the Japan Foundation's Website at: [www.japanfoundationcanada.org](http://www.japanfoundationcanada.org). For application forms, see your local Japanese consulate (unless you live in Ontario, but not Ottawa), the Japan Foundation Toronto Office, 131 Bloor Street West, Toronto, Ontario, M5S 1R1. Tel: (416) 966-1600, the Consulate General of Japan, 60 de la Gauchetière Street West, Suite 2120, Montreal, Quebec, H3B 4L8. Tel: (514) 866-3429. E-mail: jftor@interlog.com

Website: [www.japanfoundationcanada.org](http://www.japanfoundationcanada.org)

**OFA # 219**

**JAPANESE GOVERNMENT (MONBUSHO) SCHOLARSHIPS**

**Eligibility:** Scholarships in most disciplines are offered each year to Canadian citizens who wish to pursue their graduate studies in any subject in Japan. Candidates must be under 35 years of age, have a university degree and be willing to study the Japanese language.

**Value:** Travel and living allowances for up to two years are provided, plus tuition fees.

**Deadline:** Check with Consulate.

**Application:** Forms are available from Consulate General of Japan, Monbusho Scholarships, 600 de la Gauchetière Street West, Suite 2120, Montreal, Quebec, H3B 4L8. Tel: (514) 866-3429.

**OFA # 218**

**MACDONALD TRAVELLING SCHOLARSHIP**

**Eligibility:** Founded by the will of the late Sir William Macdonald will be awarded by the Faculty of Law to one or more members of the graduating class, or of a recent class, with a distinguished academic record in the Faculty, to enable such student or students to pursue graduate studies in law. Preference is to be given to students who wish to pursue their graduate studies in a language other than their mother tongue, and preference is also to be given to students intending to study in a francophone institution. The income generated from this fund will be used to assist one or more students, and will be divided according to need, based on the expenses related to the programme in question.

**Value:** $11,000.

**Deadline:** Check with Consulate.

**Application:** Forms are available from Consulate General of Japan, Macdonald Scholarships, 600 de la Gauchetière Street West, Suite 2120, Montreal, Quebec, H3B 4L8.

**OFA # 217**

**MACKENZIE KING TRAVELLING SCHOLARSHIPS**

**Eligibility:** Founded by the late Right Honourable Lord Atholstan, to commemorate the "splendid services of Dr. Charles E. Moyle, for forty-two years Professor of English, during sixteen of which he was Dean of the Faculty of Arts and Vice-Principal of the University". Two one-year scholarships are awarded. One scholarship will be awarded by the Faculty of Arts and the other by the Faculty of Science. In the absence of applicants of sufficient merit in either of the faculties, applicants from final years in other undergraduate faculties, or from graduate students may be considered. Holders must devote the year of tenure to advanced study, preferably in a British or European university, but not to the exclusion of other institutions approved by the Faculty of Arts or of Science. Applicants must be available for interviews 30 April - 4 May.

**Value:** $11,000.

**Deadline:** April 2 at Office of Dean of Arts or Dean of Science.

**Application:** For Arts, see [www.mcgill.ca/arts/undergraduate/moyse](http://www.mcgill.ca/arts/undergraduate/moyse); for Science, see [www.mcgill.ca/science/student/moyse](http://www.mcgill.ca/science/student/moyse). Further information on application procedures and forms are available from the Offices of the Deans of Arts and Science (see the Student Affairs Office at: Dawson Hall, Room 110, McGill University, 853 Sherbrooke Street West, Montreal, Quebec H3A 2T6, Tel.: 514-398-4210, Fax: 514-398-7185).

**ONTARIO-QUÉBEC EXCHANGE FELLOWSHIPS**

Eligibility: The Ontario-Quebec Exchange Fellowship Program allows students from Ontario to pursue full-time graduate studies at the master's or doctoral level at a university in Quebec. This program offers outstanding students from Ontario the opportunity to live and study in the cultural milieu of Quebec. The program is sponsored by the Ontario-Quebec Commission for Co-operation in accordance with the interprovincial Agreement.
Eligibility: Of Canadian citizens or Permanent Residents, or holders of a student visa at the time of application, with at least an A-average in the last two years of study, for graduate studies (Master's or doctoral level) at an Ontario university. Value: Awarded for one academic year, which may consist of either two or three terms. Applicants receive $5,000 per term. Deadline: November 15. Application: There are different application procedures, depending on your status as an applicant currently enrolled as full-time or part-time students in an Ontario university; applicants who graduated from an Ontario university at any time between November 15, 2005, and November 15, 2006, and are not currently registered; and applicants who are not currently enrolled in an Ontario university. Read the “How to Apply” section of the OGS Website (http://osg.gov.on.ca/eng/not_secure/OGS.htm) carefully. The Website is also navigable in French from the homepage, http://osg.gov.on.ca. Information and application forms available from the Ontario Graduate Scholarship Program, Student Support, Ministry of Education and Training, P.O. Box 4500, 189 Red River Road, 4th floor, Thunder Bay, Ontario P7B 6G9. Tel: (807) 343-7257 (Toll-free: 1-800-465-3957)

FOA # 398

ONTARIO GRADUATE SCHOLARSHIP PROGRAM
Eligibility: Offered to Canadian citizens and Permanent Residents for graduate study and/or postdoctoral research in any field except the medical sciences and related areas, and introductory language studies. They are tenable in any of the 33 OAS member countries, with the exception of the country where the candidate is a citizen or a permanent resident. Value: These benefits will vary depending on the type of fellowship awarded. The OAS General Secretariat shall establish rates of allowances and ceiling of funds provided, taking into consideration the country of study. These are tenable for between 3 months and 2 years. Deadline: For submitting online application is January 26. Application: Application information is available online at: www.scholarships.gc.ca. See the OAS Application form page at: www.scholarships.gc.ca.

FOA # 399

ORGANIZATION OF AMERICAN STATES FELLOWSHIPS
Eligibility: Opened to Canadian citizens for graduate study and/or postdoctoral research in any field except the medical sciences and related areas, and introductory language studies. They are tenable in any of the 33 OAS member countries, with the exception of the country where the candidate is a citizen or a permanent resident. Value: Up to $14,500. Deadline: December 31 Application: For more information, contact the Canadian Institute for Advanced Legal Studies, Scholarships Awards, 4 Beechwood Avenue, Suite 203, Ottawa, Ontario, K1L 8L9.

STUDENT EXCHANGE PROGRAMS – MCGILL UNIVERSITY AND THE CONFERENCE OF RECTORS AND PRINCIPALS OF THE UNIVERSITIES OF QUEBEC (CREPUQ)
Note: These are not award or fellowship programs, but may be of interest to students wishing to study abroad for up to one year. Purpose: These programs provide an opportunity for international education and all its benefits. Student participants remain registered at their home university (McGill), while attending a foreign campus. Currently, McGill University has over 100 bilateral student exchange agreements in 31 countries and more than 200 CREPUQ student exchange agreements in seven countries. Information: Information on exchange and study abroad opportunities, as well as funding options administered through the Student Exchanges and Study Abroad Office (SESA) are available on the Web at www.mcgill.ca/studyabroad, Admissions, Recruitment and Registrar's Office, James Building Annex, McGill University, Tel: (514) 398 3396. E-mail: exchaward.arr@mcgill.ca.

RHODES SCHOLARSHIPS
Eligibility: Two scholarships are awarded annually to scholars from the Province of Quebec. These scholarships are tenable at the University of Oxford. They are granted for two years with the possibility of a third year. Candidates must be Canadian citizens or domiciled in Canada and be between 19 and 25 years of age, without dependants. Students in any faculty may apply. Value: At least £8,640 per year, which covers personal expenses and tuition.
Deadline: Because graduate students may have to submit directly to the Secretary for the Rhodes Scholarships in the province to which you are applying, it would be wise to contact Michael Rankin early. Completed applications submitted directly to the Secretary were due October 2 for the 2006 competition.

Application: For further details of the exact deadline, tenure, eligibility, qualifications, and application forms apply to the Michael Rankin at the McGill Office of the Dean of Students, Brown Student Services Building, 3600 McTavish St., Suite 4100, Montreal QC H3A 1Y2. Tel: (514) 398-3825, Fax: (514) 398-3857, E-mail: michael.rankin@mcgill.ca

OFA # 525

ROTARY FOUNDATION SCHOLARSHIPS

Eligibility: The Rotary Club organization offers three levels of funding, entitled “Ambassadorial Scholarships”. Academic-Year Ambassadorial Scholarships provide funding for one academic year of study in another country; Multi-Year Ambassadorial Scholarships are for two years of degree-oriented study in another country; Cultural Ambassadorial Scholarships are for either three or six months of intensive language study and cultural immersion in another country. Applicants must have completed at least two years of college-level coursework or equivalent professional experience before commencing their scholarship studies. Applicants for Academic-Year and Multi-Year Ambassadorial Scholarships must be proficient in the language of the proposed host country.

Value: Depends on the award program, but the most common scholarship, the Academic-Year Ambassadorial, is intended to help cover round-trip transportation, tuition, fees, room and board expenses, and some educational supplies up to US$23,000 or its equivalent.

Deadline: Are set by the individual sponsoring club (usually between March and August).

Application: Deadline and scholarship availability varies depending on the local to which one applies. To find your local, see their club locator at: www.rotary.org/support/clubs/index.html. Applications must be made through a Rotary Club in the area of the applicant’s permanent residence or place of employment.

Information on the scholarship programs as well as application information and suggested locations of tenure, are available at: www.rotary.org/rotary/rotaryclub/scholarships/index.html.

OFA # 212

SHASTRI INDO-CANADIAN INSTITUTE – FELLOWSHIPS

Eligibility: Candidates must be Canadian citizens or Permanent Residents and possess a Bachelor’s or Master’s degree. The fellowships are to be used by students to enroll in an Indian institution of higher learning, to work towards a graduate degree or by students enrolled in graduate programs at Canadian institutions to conduct research on India towards a graduate degree (such students must affiliate with an Indian institution during the period of the grant). All awards are subject to approval by the Government of India. All awardees must be affiliated with an Indian institution. The Government of India does not permit research in strategic areas or on sensitive regional, political and social themes.

Value: India Studies Fellowships provide a monthly living allowance of Rs 16,000 a monthly research stipend of Rs 4,000 and return airfare to India.

Deadline: June 30.

Application: For further information regarding competitions and applications, see the India Studies Fellowship Webpage at: www.ucalgary.ca/~sici/2004/shastri/english/india.html. Information regarding application requirements and application forms is also available from the Programme Officer, India Studies, Shastri Indo-Canadian Institute, Room 1402, Education Tower, 2500 University Dr. NW, Calgary, Alberta, Canada T2N 1N4. Phone: (403) 220-7467, Fax: (403) 289-0100. E-mail: sici@ucalgary.ca

OFA # 88

THOMAS SHEarer STEWART TRAVELLING FELLOWSHIP

Eligibility: The fellowship was established in 1967 by the family of the late Thomas Shearer Stewart, Q.C. a graduate of the Faculty of Law class of 1908 and is granted to a recent graduate of the Faculty of Law designated by the Dean of the Faculty. Preference is given to a graduate who is a Canadian citizen intending to reside in Canada upon completion of studies.

Stansfield (Ellen Edith Grubb) Award ............................. 92

Stauffer (Joseph S.) Fellowship ................................... 89

Steffen (Elizabeth) Memorial Award ............................... 79

Steinberg (Nathan) Fellowship in Political Science .......... 94

Stephen and Anastasia Mysak Graduate Fellowship .......... 90

Stern (Max) Fellowship in Music .................................. 100

Stern (Max) Fellowships in Humanities and Social Sciences 74

Stern (Max) McCord Museum Fellowship .......................... 72

Stern (Max) Recruitment Fellowships .............................. 71

Stevenson (Deirdre and Robert) Award ............................ 101

Stevenson (John) Medal ............................................. 86

Stewart (William) Memorial Fellowship .......................... 73

Stewart (Thomas Shearer) Travelling Fellowship .............. 115

Stewart (Walter M.) Postgraduate Scholarship in Agriculture 85

Strauss (Norman) Doctoral Fellowship for Professional
  Ethics in Business .................................................. 99

Student Exchange Programs - McGill University and the
  Conference of Rectors and Principals of the Universities of
  Quebec (CREPUQ) .................................................... 114

Student financial assistance ....................................... 102

Sumner (Walter C.) Foundation Awards ........................... 71

Sustainable Agriculture Fellowship ............................... 105

Tabah (Albert) Award in the Master of Library and Information
  Studies Program .................................................... 96

Tagge (Arthur C.) Fellowship in the Humanities and
  Social Sciences ..................................................... 73

Tarshis (Bernard Michael) Award ................................ 91

Taylor (Mary Louise) Fellowship .................................. 84

Tees (Miriam H.) Scholarship ....................................... 97

Thomson (Dale C.) Prize in Political Science ................... 91

Timmins (Jeanne) Fellowships/ Killam (Issak Walton)
  Scholarship (Neurosciences) ...................................... 78

Tomlinson (Richard H.) Doctoral Fellowships .................... 71

Tomlinson (Richard H.) Fellowships ............................... 71

Tomlinson (Richard H.) Fellowships In University Science Teaching 77

Tomlinson (Richard H.) Master’s Fellowship in
  the Faculty of Science .............................................. 71

Tomlinson (Richard H.) Postdoctoral Fellowships .............. 105

Tomlinson Centennial Fellowship in Forest Ecology .......... 85

Topping Memorial Bursary ......................................... 101

Trenholme (Margery) Fellowship ................................... 97

Trenholme (Margery) Memorial Award in Library Studies ...... 97

Udho, Parsini, Diwan Award in Chemistry ....................... 86

Ushioda-Aoki (Setsuko) Prize ...................................... 96

Vadasz Doctoral Fellowship in Engineering ..................... 90

Van Berkom and Associates Inc. Bursary ......................... 104

Victor (Herschel and Christine) Fellowship in Education ... 93

Victor (Jeanette and Abram) Memorial Scholarship .......... 80

Vincent (Irving Orrin) Bursary .................................... 103

Vineberg (Miriam and Philip) Graduate Fellowship
  in Economics ......................................................... 94

Vineberg (Philip F.) Graduate Fellowship ........................ 74

Vineberg (Philip F.) Travelling Fellowship in the Humanities 114

Vineberg Family Fellowship ........................................ 85

Vogel (Robert) Memorial Award in History ....................... 95

W.M. Birks Awards .................................................. 101

W.M. Birks Fellowship .............................................. 101

Wainwright Scholarship for Law ................................ 96

Walker (Alvin J.) Graduate Fellowship ........................... 97

Warren (Roger) Fellowships in Geographic
  Information Systems ................................................. 90

Warren Fellowship in the McGill Institute for the Study of Canada .......................... 95

Watson (Harrison) Scholarship .................................... 80

Whitehorse (Gordon J.A.) Recruitment Fellowship .............. 92

Wilkinson (R.E.) Award .............................................. 95

- History, Department of ................................................................. 255
- Islamic Studies, Institute of ............................................................ 273
- Italian Studies, Department of .......................................................... 277
- Jewish Studies, Department of ......................................................... 278
- Linguistics, Department of .............................................................. 301
- Philosophy, Department of .............................................................. 395
- Political Science, Department of ....................................................... 414
- Québec Studies Program/Programme d’études sur le Québec ............... 427
- Russian and Slavic Studies, Department of ....................................... 434
- Social Work, School of ................................................................. 437
- Sociology, Department of .............................................................. 442

**Dentistry, Faculty of** ................................................................. 190

**Education, Faculty of**
- Educational and Counselling Psychology, Department of ................. 208
- Integrated Studies in Education, Department of ............................... 263
- Kinesiology and Physical Education, Department of ........................ 281
- School of Information Studies, Graduate School of ......................... 293

**Engineering, Faculty of**
- Architecture, School of ............................................................... 133
- Chemical Engineering, Department of .............................................. 163
- Civil Engineering and Applied Mechanics, Department of ................ 172
- Electrical and Computer Engineering, Department of ...................... 225
- Mechanical Engineering, Department of ......................................... 325
- Mining, Metals and Materials Engineering, Department of ............. 341
- Urban Planning, School of ............................................................ 451

**Environment, McGill School of** ................................................. 235

**Law, Faculty of** ................................................................. 284

**Management, Desautels Faculty of** ........................................... 303

**Medicine, Faculty of**
- Anatomy and Cell Biology, Department of ....................................... 124
- Biochemistry, Department of ......................................................... 145
- Biomedical Engineering, Department of ......................................... 155
- Biomedical Ethics Unit ................................................................. 150
- Communication Sciences and Disorders, School of .......................... 177
- Epidemiology and Biostatistics, Department of ............................... 237
- Experimental Medicine, Division of ............................................... 334
- Human Genetics, Department of ................................................... 259
- Medical Physics Unit ..................................................................... 332
- Microbiology and Immunology, Department of ................................. 339
- Neurology and Neurosurgery, Department of .................................. 371
- Nursing, School of ........................................................................ 375
- Occupational Health, Department of .............................................. 382
- Otolaryngology, Department of ..................................................... 385
- Pathology, Department of .............................................................. 391
- Pharmacology and Therapeutics, Department of .............................. 392
- Physical and Occupational Therapy, School of ............................... 398
- Physiology, Department of ............................................................ 406
- Psychiatry, Department of ............................................................. 420
- Social Studies of Medicine, Department of ...................................... 436
- Surgical Research, Division of ....................................................... 448

**Music, Schulich School of** ......................................................... 347

**Religious Studies, Faculty of** ..................................................... 428

**Science, Faculty of**
- Atmospheric and Oceanic Sciences, Department of ........................... 142
- Biology, Department of ................................................................. 151
- Chemistry, Department of ............................................................. 167

Chair — J.J.M. Bergeron

2.1 Staff

Emeritus Professors

Jan Van Oostrum; M.A., M.Phil., Ph.D.(Col.)
Alain Beaudet; M.Sc., Ph.D., M.D.(Montr.)
Carlos R. Morales; D.V.M.(U.N., Argentina), Ph.D.(McG.)

Adjunct Professors

Atilla Sik; M.Sc., Ph.D.(Hungary)
Janet Henderson (Neurology & Neurosurgery)

Associate Professors

Chantal Autxier; B.Sc.(C'dia), Ph.D.(McG.)
Philip Barker; B.Sc.(S.Fraser), Ph.D.(Alta.)

Assistant Professors

Dominique Walker; B.Sc., Ph.D.(Geneva) (joint appt. with Psychiatry)
Jan Van Oostrum; M.A., M.Phil., Ph.D.(Col.)

Orest W. Blaschuk; B.Sc.(Winn.), M.Sc.(Manit.), Ph.D.(Tor.) (joint appt. with Surgery)
Eugene Daniels; M.Sc., Ph.D.(Manit.)
Samuel David; Ph.D.(Manit.) (joint appt. with Neurology & Neurosurgery)
Elaine Davies; B.Sc., M.Sc.(W. Ont.), Ph.D.(McG.)
Timothy Kennedy; B.Sc.(McM.), M.Phil, Ph.D.(Col.) (joint appt. with Neurology & Neurosurgery)
Michael F. Lalii; B.Sc., M.A.(Bowling Green), Ph.D.(McG.)
Nathalie Lamarche-Vane; B.Sc., Ph.D.(Montr.)
Marc D. McKee; B.Sc., M.Sc., Ph.D.(M.Cg.) (joint appt. with Dentistry)
Peter McPherson; B.Sc.(Manit.), Ph.D.(Iowa) (joint appt. with Neurology & Neurosurgery)
Dieter Reinhardt; M.S.(Kaiserslautern), Ph.D.(Munich) (joint appt. with Dentistry)
Wayne Sossin; S.B.(MIT), Ph.D.(Stan.) (joint appt. with Neurology & Neurosurgery)
Stefano Stifani; Ph.D.(Rome), Ph.D.(Alta.) (joint appt. with Neurology & Neurosurgery)
Hojatollah Vali; B.Sc., M.Sc., Ph.D.(Munich) (joint appt. with Earth and Planetary Sciences)
Dominique Walker; B.Sc., Ph.D.(Geneva) (joint appt. with Psychiatry)

Assistant Professors

Fiona Bedford; B.Sc.(Birm.), Ph.D.(Lon.)
Michael T. Greenwood; B.Sc., M.Sc.(C'dia), Ph.D.(McG) (joint appt. with Medicine)

Associate Members

Albert Berghuis (Biochemistry)
Colin Chalk (Neurology & Neurosurgery)
Jean-François Cloutier (Neurology & Neurosurgery)
Claudio Cuello (Pharmacology & Therapeutics)
Giovanni DiBattista (Medicine)
Alyson Fourrier (Neurology & Neurosurgery)
Janet Henderson (Medicine)
Svetlana Komarova (Dentistry)

Adjunct Professors

Miroslaw Cygler; M.Sc., Ph.D.(Lodz, Poland)
Michel Cayouette; Ph.D.(Chapel Hill)
Miroslaw Cygler; M.Sc., Ph.D.(Lodz, Poland)
Svetlana Komarova (Dentistry)

Associate Professors

Maureen O’Conner-McCourt; Ph.D.(Alta.)
Alfredo Ribeiro-da-Silva; M.D., Ph.D.(Oporto)

Assistant Professors

Carlos R. Morales; D.V.M.(U.N., Argentina), Ph.D.(McG.)
Atilla Sik; M.Sc., Ph.D.(Hungary)

Adjunct Professors

Miroslaw Cygler; M.Sc., Ph.D.(Lodz, Poland)
Michel Cayouette; Ph.D.(Chapel Hill)
Miroslaw Cygler; M.Sc., Ph.D.(Lodz, Poland)
Svetlana Komarova (Dentistry)
2.2 Programs Offered

Graduate research activities leading to the presentation of the M.Sc. and Ph.D. thesis involve original experimental work in one of the areas being actively investigated by the Department's Research Supervisors. Current research projects include: cell biology of secretion; cell biology of endocytosis; signal transduction of cell receptors for growth factors and hormones; synthesis and migration of glycoproteins; subcomponents of the Golgi apparatus and their function; biogenesis and function of lysosomes; cell turnover in various tissues; control of cell growth and proliferation; molecular biology of extracellular matrix; structure, composition and function of basement membranes and connective tissue microfibrils; cell and microfibrils; cell and molecular biology of spermatogenesis; genetic expression of proteins in the formation of cytoskeletal components of spermatocytes; role of endocytosis and secretion by epididymal cells in spermat maturation; molecular biology of Sertoli cell secretions and their interaction with germ cells; synchronization of sperm production; transferrin, transferrin receptors and iron in germinal cells; differentiation of B lymphocytes in bone marrow in relation to mechanisms of humoral immunity, immunodeficiency states and B cell neoplasias; control mechanisms and cytokines in B lymphopoiesis; in situ organization and stromal cell-interactions of B lineage precursor cells in bone marrow; microenvironmental regulation of hemopoiesis; differentiation and regulation of cells mediating natural tumor immunosurveillance; tumor-cell biology; cell and molecular biology of the formation of dental enamel, dentin and bone; structure of organic matrices and inorganic crystals of dental enamel; role of hormones and their binding sites with calcified tissues; secretion and degradation of the proteins of enamel matrix, hypothalamo-pituitary function and gonadotropin patterns in ovarian follicular development; polycystic ovarian disease; computer assisted modeling of morphometric and kinetic data; cell biology and molecular genetics of ageing; senescence and cell cycle-specific genes and their products.

Human Systems Biology Stream is offered as a complementary stream to the existing M.Sc. and Ph.D. programs entailing a multidisciplinary approach to achieving a M.Sc. and Ph.D. in Anatomy and Cell Biology. The primary objective of this stream is to offer graduate students academic training in Human systems Biology. This is an exciting and new multi-disciplinary field that aims to understand molecular human diseases at the system level.

Research in the Department investigates the dynamics and organization of molecules, organelles, cells and tissues in several major systems of the body. The work makes fundamental contributions to a number of established and emerging multidisciplinary fields: cell and molecular biology; cellular immunology and hematology; reproductive biology; calcified tissue biology; tumor cell biology, developmental biology, neurobiology and ageing.

The Department offers contemporary facilities for the wide range of techniques currently employed in research. Modern methods of cell and molecular biology, immunology and biochemistry are used in conjunction with specialized microcopy in a variety of experimental systems. Techniques used by Department members include labelling with radiotopes and other tracers, radioautography, immunocytochemistry, histochemistry, cryo-immune microscopy, fluorescence microscopy, high resolution electron microscopy, scanning electron microscopy, backscattered electron imaging, confocal microscopy, microinjection, video-microscopy in living cells, X-ray microanalysis, electron diffraction, freeze-fracture replication, computer reconstruction and quantitation, chromatography, subcellular fractionation, recombinant DNA technology, in situ hybridization, tissue grafting, cell and tissue culture, mutant and transgenic mice, hybridomas, and monoclonal antibodies.

The Department has one of the largest electron microscope facilities in Canada. Currently in use are three modern electron microscopes, including a high voltage instrument, the JEOL 2000FX. Combined with some of these microscopes are computer-aided analytical equipment capable of elemental microanalysis, histomorphometry, reconstruction and quantitation. The high voltage microscope is particularly useful for certain analytical electron optical procedures such as electron diffraction, lattice imaging and stereo electron microscopy.

2.3 Admission Requirements

M.Sc. and Ph.D. Programs

1. A B.Sc. degree in life sciences or any of M.D., D.D.S. or D.V.M. degrees from a university of recognized reputation.

2. Evidence of a high academic achievement with a minimum Cumulative Grade Point Average (CGPA) of 3.3 on 4.0.

Admission to a Qualifying Program

Applicants whose academic degree and standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the area chosen may, upon recommendation of the Graduate Student Affairs Committee and with the permission of the Director of the Graduate and Postdoctoral Studies Office, be admitted to Qualifying Programs. The courses to be taken in qualifying programs will be stipulated by the Graduate Student Affairs Committee. (Note: Only one qualifying program of a maximum of one year is permitted.)

2.4 Application Procedures

Application for admission to graduate studies for the degrees of M.Sc. or Ph.D. in Anatomy should be made to the Chair of Graduate Studies, Department of Anatomy and Cell Biology. Application forms and a brochure giving full details of the Graduate Program are available upon request.

Documents Required

1. Two official copies of complete university-level academic records to date (this also applies to McGill University transcripts). It may be desirable to submit a list of the titles of the courses taken, if transcripts give code numbers only.

2. Two letters of recommendation. It is the applicant's responsibility to arrange that these letters are originals, sent directly to the Department of Anatomy from the persons specified by the applicant.

3. Fee of $80 in Canadian funds for processing the application.

4. TOEFL score (where applicable).

McGill's online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

2.5 Program Requirements

M.Sc. in Anatomy and Cell Biology (48 credits)

Required Course (9 credits)

ANAT 699 (9) M.Sc. Thesis Research Seminar

Complementary Courses (15 credits)

Up to 9 credits from the following to complete the M.Sc. credit requirements:

McGill University, Graduate and Postdoctoral Studies 2007-2008 125
List A (Histology Stream):
ANAT 541 (3) Cell and Molecular Biology of Aging
ANAT 614D1/D2 (9) Human Anatomy and Embryology

or

List B (Cell Developmental Biology Stream):
ANAT 663D1/D2 (9) Histology

or

List C (Human Systems Biology Stream):
BMDE 502 (3) BME Modelling and Identification
BMDE 519 (3) Biomedical Signals and Systems
BTEC 501 (3) Bioinformatics
COMP 564 (3) Computational Gene Regulation
COMP 680 (4) Mining Biological Sequences
EXMD 602 (3) Techniques in Molecular Genetics
MIMM 613 (3) Current Topics 1
MIMM 614 (3) Current Topics 2
MIMM 615 (3) Current Topics 3

Thesis Component - Required (24 credits)
ANAT 698 (24) M.Sc. Thesis Research 1

For the Ph.D. degree, the student must complete a series of courses selected to suit individual requirements. In addition, Ph.D. candidates will write a comprehensive examination after eighteen months.

For both degrees, the major emphasis is placed on the conduct of original research and the preparation of a thesis.

2.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

The course credit weight is given in parentheses after the title.

ANAT 541 CELL AND MOLECULAR BIOLOGY OF AGING. (3)(Winter) (2 hours lecture, 2 hours conference) (Prerequisites: ANAT 212 (or BIOL 212 or BIOL 201). ANAT 261, ANAT 262, or permission of instructor.) (Corequisite: BIOL 301.) Complex aging process, including theories and mechanisms of aging, animal model systems used to study aging, age-dependent diseases, for example, Alzheimer’s, osteoporosis, and cancer, and age-related diseases, for example, Werner’s syndrome and dyskeratosis congenita.

ANAT 663D1 (4.5), ANAT 663D2 (4.5) HISTOLOGY. (Students must register for both ANAT 663D1 and ANAT 663D2) (No credit will be given for this course unless both ANAT 663D1 and ANAT 663D2 are successfully completed in consecutive terms) The study of the cytology and structure of tissues and organs.

ANAT 698 M.Sc. THESIS RESEARCH 1. (24)
ANAT 698D1 (12), ANAT 698D2 (12) M.Sc. THESIS RESEARCH 1. (Students must register for both ANAT 698D1 and ANAT 698D2) (No credit will be given for this course unless both ANAT 698D1 and ANAT 698D2 are successfully completed in consecutive terms) (ANAT 698D1 and ANAT 698D2 together are equivalent to ANAT 698)

ANAT 699 M.Sc. THESIS RESEARCH SEMINAR. (9)
ANAT 699D1 (4.5), ANAT 699D2 (4.5) M.Sc. THESIS RESEARCH SEMINAR. (Students must register for both ANAT 699D1 and ANAT 699D2) (No credit will be given for this course unless both ANAT 699D1 and ANAT 699D2 are successfully completed in consecutive terms) (ANAT 699D1 and ANAT 699D2 together are equivalent to ANAT 699)

ANAT 701 PH.D. COMPREHENSIVE EXAMINATION. (0)
ANAT 701D1 (0), ANAT 701D2 (0) PH.D. COMPREHENSIVE EXAMINATION. (Students must register for both ANAT 701D1 and ANAT 701D2) (No credit will be given for this course unless both ANAT 701D1 and ANAT 701D2 are successfully completed in consecutive terms) (ANAT 701D1 and ANAT 701D2 together are equivalent to ANAT 701)

3 Animal Science

Department of Animal Science
Macdonald Campus
21,111 Lakeshore Road
Sainte-Anne-de-Bellevue, QC H9X 3V9
Canada

Telephone: (514) 398-7794
Fax: (514) 398-7964
E-mail: animal.science@mcgill.ca
Website: www.mcgill.ca/animal

Chair — X. Zhao

3.1 Staff

Emeritus Professors
J.E. Moxley; B.Sc.(Agr.), M.Sc.(McG.), Ph.D.(C’nell)
R.B. Buckland; B.Sc.(Agr.), M.Sc.(McG.), Ph.D.(Md.)

Professors
U. Kuhnlein; B.Sc.(Fed. Inst. of Tech., Zurich), Ph.D.(Geneva)
K.F. Ng-Kwai-Hang; B.Sc.(Agr.), M.Sc., Ph.D.(McG.)
X. Zhao; B.Sc., M.Sc.(Nanjing), Ph.D.(C’nell) (James McGill Professor)

Associate Professors
R.I. Cue; B.Sc.,(Newcastle-upon-Tyne), Ph.D.(Edin.)
H. Monardes; Ing. Agr.(Concepcion, Chile), M.Sc., Ph.D.(McG.)
A.F. Mustafa; B.Sc., M.Sc.(Khartoum), Ph.D.(Sask.) (William Dawson Scholar)
L.E. Phillip; B.Sc.(Agr.), M.Sc.(Agr.)(McG.), Ph.D.(Guelph)
K.M. Wade; B.Sc.(Agr.), M.Sc.(Agr.)(Dublin), Ph.D.(C’nell)
D. Zadworny; B.Sc., Ph.D.(Guelph)

Assistant Professors
V. Bordignon; D.V.M.(URCAMP, Brazil), M.Sc.(UFPei, Brazil), Ph.D.(Mont.)
S. Kimmins; B.Sc.(Dal.), M.Sc.(Nova Scotia Ag.), Ph.D.(Dal.)

Adjunct Professors
H. Baldassare, P. Lacasse, D. Lefebvre, B. Murphy

3.2 Programs Offered

The Department provides laboratory facilities for research work leading to the degrees of Master of Science and Doctor of Philosophy in the disciplines of animal breeding (genetics), nutrition, reproductive physiology, molecular biology, milk biochemistry and information systems. Within these areas advantage may be taken of strong research programs and expertise in molecular biology and milk biochemistry. A new inter-disciplinary option in Bioinformatics is also available for doctoral students.
Students registered in the Department of Animal Science may develop programs in conjunction with other units at McGill, for example the Nutrition and Food Science Centre or the School of Dietetics and Human Nutrition.

Each student has an advisory committee composed of the thesis supervisor and at least two other faculty members.

3.3 Admission Requirements

M.Sc. (Thesis)
Candidates are required to have either a Bachelor's degree in Agriculture or a B.Sc. degree in an appropriate, related discipline with an equivalent cumulative grade point average of 3.0/4.0 (second class-upper division) or 3.2/4.0 during the last two years of full-time university study. High grades are expected in courses considered by the academic unit to be preparatory to the graduate program.

M.Sc. Applied
All candidates are required to have a B.Sc. degree or equivalent.

Ph.D.
Candidates are normally required to have a M.Sc. degree in an area related to the chosen field of specialization for the Ph.D. program.

3.4 Application Procedures

Applicants for graduate studies through academic units in the Faculty of Agricultural and Environmental Sciences must forward supporting documents to:

Department of Animal Science
Macdonald Campus of McGill University
21,111 Lakeshore
Sainte-Anne-de-Bellevue, QC H9X 3V9
Canada
Telephone: (514) 398-7792
Fax: (514) 398-7964
E-mail: animal.science@mcgill.ca

Applications will be considered upon receipt of a signed and completed application form, $80 application fee, and the following supporting documents:

Transcripts - Two official copies of all university level transcripts with proof of degree(s) granted. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant's university is essential. It is the applicant's responsibility to arrange for transcripts to be sent.

It is desirable to submit a list of the titles of courses taken in the major subject, since transcripts often give code numbers only. Applicants must be graduates of a university of recognized reputation and hold a Bachelor's degree equivalent to a McGill Honours degree in a subject closely related to the one selected for graduate work. This implies that about one-third of all undergraduate courses should have been devoted to the subject itself and another third to cognate subjects.

Letters of Recommendation - Two letters of recommendation on letterhead (official paper) of originating institution or bearing the university seal and with original signatures from two instructors familiar with the applicant's work, preferably in the applicant's area of specialization. It is the applicant's responsibility to arrange for these letters to be sent.

Competency in English - Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English, by appropriate exams, e.g., TOEFL (minimum score 550, 213 on computerized test, or 86 on the Internet-based test, with each component score not less than 20) or IELTS (minimum 6.5 overall band). The MCHE is not considered equivalent. Results must be submitted as part of the application. The University code is 0935 (McGill University, Montreal); please use Department code 31 (Graduate Schools), Biological Sciences - Agriculture, to ensure that your TOEFL reaches this office without delay.

Graduate Record Exam (GRE) - The GRE is not required, but it is highly recommended.

DOCUMENTS SUBMITTED WILL NOT BE RETURNED.

Application Fee (non-refundable) - A fee of $80 Canadian must accompany each application (including McGill students), otherwise it cannot be considered. This sum must be remitted using one of the following methods:

1. Credit card (by completing the appropriate section of the application form). NB: online applications must be paid for by credit card.
2. Certified cheque in CDNS drawn on a Canadian bank
3. Certified cheque in US$ drawn on a U.S. bank
4. Canadian Money order in CDNS
5. U.S. Money Order in US$

6. An international draft in Canadian funds drawn on a Canadian bank requested from the applicant's bank in his/her own country.

Deadlines – Applications, including all supporting documents must reach the department no later than May 15 (March 1 for International) for the Fall Term (September); October 15 (July 1 for International) for the Winter Term (January); February 15 (November 1 for International) for the Summer Term (May). It may be necessary to delay review of the applicant's file until the following admittance period if application materials including supporting documents are received after these dates. International applicants are advised to apply well in advance of the deadline because immigration procedures may be lengthy. Applicants are encouraged to make use of the online application form available on the Web at www.mcgill.ca/applying/graduate.

Financial aid is very limited and highly competitive. It is suggested that students give serious consideration to their financial planning before submitting an application.

Acceptance to all programs depends on a staff member agreeing to serve as the student's supervisor and the student obtaining financial support. Normally, a student will not be accepted unless adequate financial support can be provided by the student and/or the student's supervisor. Academic units cannot guarantee financial support via teaching assistantships or other funds.

Qualifying Students – Some applicants whose academic degrees and standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the subject selected may be admitted to a Qualifying Program if they have met the Graduate and Postdoctoral Studies Office minimum CGPA of 3.0/4.0. The course(s) to be taken in a Qualifying Program will be prescribed by the academic unit concerned. Qualifying students are registered in graduate studies, but not as candidates for a degree. Only one qualifying year is permitted. Successful completion of a qualifying program does not guarantee admission to a degree program.

3.5 Program Requirements

M.Sc. (Thesis) (45 credits)
Four one-term courses or the equivalent and two seminar courses at the post-graduate level are required, as a minimum, although a student may be advised to take additional courses as specified by his/her advisory committee. Advanced undergraduate courses may be considered for graduate credit if approved by the student's committee and the Graduate and Postdoctoral Studies Office and passed at the graduate level; generally, this will not constitute more than one of the four required courses.
A minimum of 45 credits and completion of an acceptable thesis is required for the M.Sc. degree; 14 credits are for course work and 31 credits for the thesis (ANSC 680, ANSC 681, ANSC 682, and ANSC 683). Exceptional M.Sc. students may be considered for Ph.D. status after one full year in the Department.

**M.Sc. Applied (45 credits)**
The M.Sc. Applied (non-thesis) degree is oriented to animal scientists already working in industry or government, to undergraduate students inspired by concepts in sustainable and integrated animal agriculture, to project leaders interested in animal resource management and to veterinarians. The program aims to provide graduate training in applied areas of animal production with a view towards integrating technology and management in animal production with allied areas of agricultural resource utilization.

**Project Component – Required** *(15 credits)*
- ANSC 643 (3) Project 1
- ANSC 644 (3) Project 2
- ANSC 645 (3) Project 3
- ANSC 646 (3) Project 4
- ANSC 647 (3) Project 5

**Complementary Courses** *(30 credits)*
- 12 credits from the following list:
  - AEMA 610 (3) Statistical Methods 2
  - ANSC 504 (3) Population Genetics
  - ANSC 508 (3) Tools in Animal Biotechnology
  - ANSC 551 (3) Carbohydrate & Lipid Metabolism
  - ANSC 552 (3) Protein Metabolism & Nutrition
  - ANSC 605 (3) Estimation: Genetic Parameters
  - ANSC 606 (3) Selection Index & Animal Improvement
  - ANSC 607 (3) Linear Models in Agricultural Research
  - ANSC 611 (3) Advanced Reproductive Physiology
  - ANSC 622 (3) Selected Topics in Molecular Biology
  - ANSC 630 (3) Experimental Techniques: Animal Science: Macro
  - ANSC 635 (3) Vitamins and Minerals in Nutrition
  - ANSC 636 (3) Analysis - Animal Breeding Research Data
  - ANSC 691 (3) Special Topic: Animal Sciences
  - ANSC 692 (3) Topic in Animal Sciences 1

- 18 credits from the following list:
  - AGECE 630 (3) Food and Agricultural Policy
  - AGECE 633 (3) Environmental and Natural Resource Economics
  - AGECE 642 (3) Economics of Agricultural Development
  - BREE 518 (3) Bio-Treatment of Wastes
  - BTEC 501 (3) Bioinformatics
  - BTEC 502 (3) Biotechnology Ethics and Society
  - ENTO 550 (3) Veterinary and Medical Entomology
  - FDSC 535 (3) Food Biotechnology
  - PLNT 602 (3) Forage Crop Experimentation
  - PLNT 636 (3) Epidemiology and Management of Plant Disease
  - SOIL 521 (3) Soil Microbiology and Biochemistry
  - WILD 605 (3) Wildlife Ecology

**Ph.D.**
Since the Ph.D. is primarily a research degree, the amount of course work required may comprise a smaller portion of the total than is the case for the M.Sc., this will depend on the background of the individual student, and must be approved by the student’s advisory committee. This course work must include two seminar courses at the graduate level and the Ph.D. Comprehensive Examination ANSC 701.

The thesis must clearly show originality and be a contribution to knowledge.

**Ph.D. in Animal Science– Bioinformatics Option/Concentration**

**Required Courses** *(5 credits)*
- ANSC 701 (0) Doctoral Comprehensive Examination
- ANSC 797 (1) Animal Science Seminar 3
- ANSC 798 (1) Animal Science Seminar 4
- COMP 616 (3) Bioinformatics Seminar

**Complementary Courses** *(6 credits)*
- 6 credits from the following courses:
  - BINF 621 (3) Bioinformatics: Molecular Biology
  - BMDE 652 (3) Bioinformatics: Proteomics
  - BTEC 555 (3) Structural Bioinformatics
  - COMP 618 (3) Bioinformatics: Functional Genomics
  - PHGY 603 (3) Systems Biology and Biophysics

Additional courses at the 500, 600, or 700 level may be required at the discretion of the candidate’s supervisory committee.

**Thesis - Required**

### 3.6 Courses

Students preparing to register should consult the Web at [www.mcgill.ca/minerva](http://www.mcgill.ca/minerva) (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

**ANSC 504 Population Genetics.** *(3) (Fall) (3 lectures)* Considerations of the basic principles of Mendelian genetics dealing with the genetic properties of populations and extension to the simultaneous segregation of genes at many loci, polygenic inheritance and an introduction to quantitative genetics, including mechanisms of transmission, segregation, linkages between genes and the effect of natural and artificial selection.

**ANSC 506 Advanced Animal Biotechnology.** *(3) (Prerequisites: AEIB 202, ANSC 400.)* New concepts and applications of animal biotechnology in agriculture, biomedicine, environmental preservation.

**ANSC 508 Tools in Animal Biotechnology.** *(3) (Fall) (Restriction: Permission of instructor.)* Essential laboratory techniques in animal biotechnology: extraction of nucleic acids, PCR technology, gel electrophoresis, construction of gene expression vectors, transformation of bacterial and mammalian cells and monitoring gene expression using reporter genes.

**ANSC 551 Carbohydrate and Lipid Metabolism.** *(3) (Winter) (3 lectures)* Comparative aspects of nutrition and metabolism of carbohydrate and lipid from the cellular level through the multi-organ of the whole organism. Main topics will include biothermodynamics, calorimetry, cellular metabolism and functions of carbohydrate and lipid, digestion, absorption and utilization of dietary carbohydrate and lipid.

**ANSC 552 Protein Metabolism and Nutrition.** *(3) (Fall) (3 lectures)* Comparative aspects of nutrition and metabolism of amino acids and proteins from the cellular level on through the multisystem operation of the whole organism. Main topics include cellular metabolism and functions of amino acids and proteins, digestion, absorption and utilization of dietary protein. Comparison between farm animals and humans.

**ANSC 560 Biology of Lactation.** *(3) (Restriction: Not open to students who have taken ANSC 460.)* An interdisciplinary approach to the study of mammary development, the onset of lactation and its cessation, comparing the differences in mammalian species in mammary development from embryological, pre- and post-pubertal and pre- and post-partum states. Lactation at the cellular and biochemical levels.

**ANSC 565 Applied Information Systems.** *(3) (Winter) (3 lectures and one 2-hour lab) (Prerequisite: ABEN 251 or demonstrated equivalency)* Introduction to concepts of an Information System and subsequent application to various scenarios in agriculture. Industry analysis in terms of users, goals, available data/information, communication, delivery structure, decision making, feedback, exploitation of technology and possible
improvements using the Internet. Individual case studies and familiarisation with cutting-edge computer applications.

**ANSC 605 ESTIMATION: GENETIC PARAMETERS.** (3) (3 lectures) (Given in alternate years.) General methods for the estimation of components of variance and co-variance are considered, with specific emphasis given to their application to heritability, repeatability and genetic correlation estimation.

**ANSC 606 SELECTION INDEX AND ANIMAL IMPROVEMENT.** (3) (3 lectures) Selection index principles and their application to live-stock improvement are considered, with emphasis on the estimation of genetic breeding values for single and multi-trait selection.

**ANSC 611 ADVANCED REPRODUCTIVE PHYSIOLOGY.** (3) (2 lectures, 1 seminar) (Given in alternate years.) Discussion of current concepts relating to male and female reproduction, primarily of domestic animals and avian species. Topics include: the regulation of gonadal function and sexual behaviour, pregnancy and parturition, and methods of assessing and/or improving reproductive efficiency.

**ANSC 622 SELECTED TOPICS IN MOLECULAR BIOLOGY.** (3) (1 lecture and 2 seminars) (Prerequisite: MICR 500 or permission of instructor) Key examples of applications of molecular biology to the study of animal physiology and animal genetics will be drawn from the current literature and discussed in depth. The course has a dual purpose. It will familiarize students with current events at the forefront of molecular biology and will teach them how to read and critically evaluate research publications.

**ANSC 630 EXPERIMENTAL TECHNIQUES: ANIMAL SCIENCE: MACRO.** (3) (1 lecture, 1 lab) Lectures and laboratories dealing with animal experimentation. Emphasis on the design and conduction of animal studies, selection of experimental animals, chemical and biological assays, statistical analysis, interpretation of data and preparation of technical reports.

**ANSC 635 VITAMINS AND MINERALS IN NUTRITION.** (3) (3 lectures) Modularised course dealing with advanced topics in Nutrition. The core of the course will focus on vitamins and minerals.

**ANSC 636 ANALYSIS - ANIMAL BREEDING RESEARCH DATA.** (3) (3 lectures) An advanced graduate course to give training and experience in statistical techniques applied to quantitative genetics and animal breeding. To consider aspects of data handling of large data sets (100,000 observations), checks for consistency and connectedness in data. Considerations in choosing efficient analytical procedures in fitting these models and development of efficient numerical algorithms to apply these procedures.

**ANSC 643 PROJECT 1.** (3) Review of the literature and design of the project. This project relates to the M.Sc. Applied (non-thesis) degree.

**ANSC 644 PROJECT 2.** (3) Continuation of the review of the literature and design of project. This project relates to the M.Sc. Applied (non-thesis) degree.

**ANSC 645 PROJECT 3.** (3) Execution and write-up of project. This project relates to the M.Sc. Applied (non-thesis) degree.

**ANSC 646 PROJECT 4.** (3) Continuation of write-up and submission of project. This project relates to the M.Sc. Applied (non-thesis) degree.

**ANSC 647 PROJECT 5.** (3) Seminar and project presentations. This oral presentation of the project relates to the M.Sc. Applied (non-thesis) degree.

**ANSC 680 M.SC. THESIS 1.** (7) Independent research under the direction of a supervisor toward completion of M.Sc. thesis.

**ANSC 681 M.SC. THESIS 2.** (7) Independent research under the direction of a supervisor toward completion of M.Sc. thesis.

**ANSC 682 M.SC. THESIS 3.** (7) Independent research under the direction of a supervisor toward completion of M.Sc. thesis.

**ANSC 683 M.SC. THESIS 4.** (10) Final submission and approval of M.Sc. thesis.

**ANSC 691 SPECIAL TOPIC: ANIMAL SCIENCES.** (3) Prescribed reading, conference or practical work on a selected topic in the student's area of specialization, not otherwise available in other courses; under staff supervision. An approved course outline must be on file in the Departmental office prior to registration deadline.

**ANSC 692 TOPIC IN ANIMAL SCIENCES 1.** (3) Prescribed reading, conference or practical work on a selected topic in the student's area of specialization, not otherwise available in other courses; under staff supervision. An approved course outline must be on file in the Departmental office prior to registration deadline.

**ANSC 694 ANIMAL SCIENCE SEMINAR 1.** (1) (1 hour) One of two seminars to be given by all students in an M.Sc. program. Consists of a review of literature in relation to the student's proposed research and an experimental design of the research to be conducted.

**ANSC 696 ANIMAL SCIENCE SEMINAR 2.** (1) (1 hour) One of two seminars to be given by all students in an M.Sc. program. Presentation of a current scientific topic which is not related to the student's research. The topic for the presentation should be cleared by the thesis supervisor.

**ANSC 701 DOCTORAL COMPREHENSIVE EXAMINATION.** (0) (See Faculty Regulations)

**ANSC 797 ANIMAL SCIENCE SEMINAR 3.** (1) (1 hour) One of two seminars to be given by all students in a Ph.D. program. Review of literature in relation to the student's proposed research and an experimental design of the research to be conducted.

**ANSC 798 ANIMAL SCIENCE SEMINAR 4.** (1) (1 hour) One of two seminars to be given by all students in a Ph.D. program. Presentation of a current scientific topic which is not related to the student's research. The topic for the presentation should be cleared by the thesis supervisor.

Professors

Donald W. Attwood; A.B. (Calif.), Ph.D. (McG.)

Colin A. Chapman; B.Sc., M.A., Ph.D. (Alta.) (joint appt. with McGill School for Environment)

Jerôme Rousseau; M.A. (Montr.), Ph.D. (Cant.)

Philip Carl Salzman; A.B. (Antioch), M.A., Ph.D. (Chic.)

Allan Young; B.A. (Penn.), M.A. (Wash.), Ph.D. (Penn.) (joint appt. with Social Studies of Medicine)

Associate Professors

Michael S. Bisson; B.A., M.A., Ph.D. (Calif.)

Laurel Bossen; B.A. (Barnard), M.A., Ph.D. (SUNY, Albany)

Ellen Corin; B.A., M.A., Ph.D. (Louvain) (joint appt. with Psychiatry)

John Galaty; M.A., Ph.D. (Chic.)

Sandra T. Hyde; B.A. (Calif., Santa Cruz), M.P.H. (Hawaii), Ph.D. (U.C. Berkeley) (on leave 2007-08)

Carmen Lambert; B.A. (Regina), M.A., Ph.D. (McG.)

Ronald W. Niezen; B.A. (Br. Col.), M.Phill., Ph.D. (Camb.)

Kristin Norget; B.A. (Vic., B.C.), M.Phill., D.Phill. (Cant.) (on leave 2007-08)

James M. Savelle; B.Sc., M.Sc. (Ott.), M.A. (Ark.), Ph.D. (Alta.)

Colin H. Scott; B.A. (Regina), M.A., Ph.D. (McG.) (on leave Fall 2007)
by mid-March.

The Department admissions committee announces its selections

include a note to that effect with their applications. For information
regarding a variety of other fellowship programs, see the

Assistant Professors
André Costopoulos; B.A.(McG.), M.Sc.(Montr.), Ph.D.(Oulu,
Finland)
Ismael Vaccaro; B.A.(Barcelona), M.A.(E.H.E.SS. Paris), M.A.,
Ph.D.(Wash.) (joint appointment with M.S.E.)
Nicole Couture; B.A.(Trent), M.A., Ph.D.(Chic.)
Setrag Manoukian; Laurea, (U.di Venezia), M.A., Ph.D.(Mich.)
(joint appointment with Institute of Islamic Studies)

4.2 Programs Offered

The Department offers training leading to the M.A. and Ph.D. in
Anthropology. Admission is to the M.A. program, except when a
student already holds a Master's degree. It is expected, however,
that most applicants will be oriented towards achievement of the
Ph.D.

The Department offers several alternative M.A. programs:
1. M.A. with thesis;
2. M.A. with thesis, Development Studies option;
4. M.A. with research paper;
5. M.A. in Medical Anthropology, with or without thesis.

4.3 Admission Requirements

Master's

Admission to the M.A. program is open competitively to students
holding an Honours or Major B.A. in Anthropology. Outstanding
candidates with B.A. degrees in other disciplines but with sub-
stantial background related to anthropology are sometimes admit-
ted on the condition that they complete a specified number of
additional courses in Anthropology.

The applicants admitted usually have undergraduate Grade
Point Averages of 3.5 or above on a 4.0 point scale.

Ph.D.

Admission to the Ph.D. program is open competitively to students
with a Master's degree in Anthropology. In very special circum-
stances candidates with Master's degrees in related disciplines
may be admitted.

4.4 Application Procedures

The deadlines for receipt of all application material for September
admission is January 1.

Applications will be considered upon receipt of:
1. Graduate Application Form;
2. application fee ($80), official transcripts;
3. two letters of recommendation;
4. statement of research interests (including reasons for wanting
to pursue them at McGill);
5. test results (GRE); and
6. test results (TOEFL), if required.
   (For applicants to graduate studies whose mother tongue is
   not English and who have not completed an undergraduate or
   graduate degree from a recognized foreign institute where
   English is the language of instruction or from a recognized
   Canadian institution (anglophone or francophone), a minimum
   TOEFL score of 600 on paper-based, 250 on computer-based
   test or 100 on an Internet-based test (IBT), with each compo-
   nent score not less than 20, is required.)

The Department admissions committee announces its selections
by mid-March.

A number of teaching assistantships are available to graduate
students in the Department. Applicants who wish to be consid-
ered for an assistantship, a McGill Recruitment Fellowship, or for
Differential Fee Waivers (for international students) should
include a note to that effect with their applications. For information
regarding a variety of other fellowship programs, see the

"Graduate Fellowships and Awards" section of the Graduate and
Postdoctoral Studies Calendar.

Application information is available on the Department
Website.

4.5 Program Requirements

M.A. Degree

The purpose of the M.A. program is to provide advanced level
training in anthropology and to prepare students for research at the
Ph.D. level.

M.A. Degree with Thesis (48 credits)

The Master's degree with thesis is a 48-credit program: 4 courses
(12 credits) and the M.A. thesis (36 credits).

The student's program of work, which is based on his/her
research interests, is developed in consultation with the student's
supervisor and the two other members of his or her advisory com-
mittee. Students are required to take four courses in the form of
seminars and/or tutorials. The set of four courses should be
directed toward and converge in the thesis research. M.A. thesis
research may take the form of fieldwork but a library thesis is
strongly advised so that students can proceed more rapidly to the
Ph.D.

M.A. in Anthropology (Thesis) (48 credits)

Required Courses (12 credits)
ANTH 694 (6) M.A. Thesis Tutorial 1
ANTH 695 (6) M.A. Thesis Tutorial 2

Complementary Courses (12 credits)
12 credits of courses to be determined by the student's area of
study.

Thesis Component - Required (24 credits)
ANTH 699 (24) M.A. Thesis

M.A. in Anthropology (Thesis) Development Studies
Option/Concentration (48 credits)

Required Courses (15 credits)
ANTH 694 (6) M.A. Thesis Tutorial 1
ANTH 695 (6) M.A. Thesis Tutorial 2
INTD 657 (3) Development Studies Seminar

Complementary Courses (9 credits)
9 credits of courses at the 500 level or higher to be determined by
the student's area of study.

Thesis Component - Required (24 credits)
ANTH 699 (24) M.A. Thesis

M.A. in Anthropology (Thesis) Environment
Option/Concentration (48 credits)

Required Courses (12 credits)
ANTH 694 (6) M.A. Thesis Tutorial 1
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3

Complementary Courses (12 credits)
9 credits of Anthropology seminars and/or tutorials at the 500 level
or higher which should be directed toward and converge in the
thesis research.
3 credits from:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4

or another graduate course recommended by the advisory
committee and approved by the Environment Option Committee.
Anthropology

Complementary Courses

ANTH 551 (3) Advanced Topics: Archaeological Research
ANTH 555 (3) Advanced Topics in Ethnology
ANTH 602 (3) Theory 1
ANTH 603 (3) Theory 2
ANTH 605 (3) Culture Area
ANTH 607D1/D2 (6) Proseminar in Archaeology
ANTH 609D1/D2 (6) Proseminar in Anthropology
ANTH 610 (3) Social Organization
ANTH 611 (3) Research Design
ANTH 614 (3) Economic Anthropology
ANTH 615 (3) Seminar in Medical Anthropology
ANTH 616 (3) Political Anthropology
ANTH 625 (3) Cultural Ecology
ANTH 631 (3) Symbolic Anthropology
ANTH 634 (3) Anthropology of Development 1
ANTH 635 (3) Anthropology of Development 2
ANTH 640 (3) Psychological Anthropology
ANTH 648 (3) Structural Anthropology
ANTH 652 (3) Anthropology and Gender
ANTH 660 (3) Research Methods
ANTH 665 (3) Quantitative Methods
ANTH 670 (3) Archaeological Theory 1
ANTH 671 (3) Archaeological Theory 2
ANTH 673 (3) Archaeological Field Methods
ANTH 676 (3) Archaeological Area
ANTH 678 (3) Ethnohistory
ANTH 680 (3) Tutorial Reading 1
ANTH 681 (3) Tutorial Reading 2
ANTH 682 (3) Tutorial Reading 3
ANTH 683 (3) Tutorial Reading 4
ANTH 684 (3) Tutorial Reading 5
ANTH 702 (3) Advanced Anthropological Theory
ANTH 760 (3) Advanced Anthropological Methods
ANTH 770 (3) Advanced Archaeological Theory
ANTH 780 (3) Reading and Research 1
ANTH 781 (3) Reading and Research 2

M.A. IN MEDICAL ANTHROPOLOGY

With the medical anthropology program, candidates will apply for permission to take either of two courses of study, M.A. thesis or non-thesis.

M.A. in Medical Anthropology (Thesis) (48 credits)

Required Courses (42 credits)
HSSM 605 (3) Medical Anthropology
ANTH 615 (3) Seminar in Medical Anthropology
ANTH 694 (6) M.A. Thesis Tutorial 1
ANTH 695 (6) M.A. Thesis Tutorial 2
ANTH 699 (24) M.A. Thesis

Complementary Courses (6 credits)
Two Anthropology courses.

M.A. in Medical Anthropology, (Non-Thesis) (45 credits)

Required Courses (45 credits)
HSSM 605 (3) Medical Anthropology
ANTH 615 (3) Seminar in Medical Anthropology
ANTH 602 (3) Theory 1
ANTH 609 (6) Proseminar in Anthropology
ANTH 611 (3) Research Design
ANTH 660 (3) Research Methods
ANTH 685 (3) Quantitative Methods
ANTH 685 (3) Research Tutorial 1
ANTH 686 (3) Research Tutorial 2
ANTH 696 (15) M.A. Research Paper

Special M.A. with Research Paper

This course of study is taken by students who lack a strong academic background in anthropology. These students are required to take eight courses (24 credits), including two seminars in Medical Anthropology (HSSM 605, ANTH 615) and at least five additional graduate courses in anthropology (Theory 1 and Research Methods are recommended). In addition, students are required to write a research paper.

Ph.D. Degree

The purpose of the Ph.D. program is to enable a student to make an original contribution to anthropological research in the form of a doctoral thesis. This must be based on a comprehensive understanding of prior research relevant to the topic investigated.

All requirements for the M.A. must be completed. Students holding an M.A. from another discipline may be required to take seminars covering deficiencies in their previous training.

Candidates must (1) pass a language exam; (2) demonstrate comprehensive understanding of prior research in three subfields of anthropology through the successful completion of three courses; these courses are the Ph.D. Tutorials listed below; (3) submit and orally defend a research proposal; and (4) carry out field research and submit an original thesis for examination and oral defense.

1) A language examination, normally French, must be passed before an oral examination of the research proposal may be scheduled. Francophone students can satisfy the language requirement by demonstrating competency in English. The purpose of the language requirement is to ensure that the student has access to anthropological literature in at least two languages. Under special circumstances, a language other than English or French may be substituted, provided that there is sufficient anthropological literature on the student's research topic in that language.

2) Within the first year of Ph.D. study, students will select a thesis supervisor and at least two other thesis committee members. One of the latter may be from outside the Department. The committee as a whole helps the student to develop a topic for research, to learn the state of the art regarding the topic, and to write a research proposal. To ensure that students understand prior research, they must define three subfields which intersect with the thesis topic. One of these subfields is usually the literature on the geographic region where fieldwork will be
carried out. One or more committee members will tutor the student in each selected subfield, and the student will prepare a bibliography of works read and discussed as well as a concise evaluation of the material covered in each. This written work will demonstrate understanding of prior research in each subfield.

3) The thesis proposal is also prepared in consultation with the committee members and under the direction of the thesis supervisor. It contains a brief review of the literature and controversies in the three relevant subfields, and a discussion of the proposed research (background, methods and hypotheses to be tested). When the proposal is finished, it must be read and approved by all members of the committee before it is submitted for oral examination. Copies of the proposal and of the bibliographies relating to the three subfields must be made available to all professors in the Department at least one week before the hearing.

The oral examination of the proposal and the three subfields is open to all staff and students. The first part of the examination will explore the student's general understanding of the three subfields selected. In the second part, the student may be questioned on the merits of any part of the proposal: theoretical assumptions, hypotheses, methods, understanding of the literature.

4) If the proposal is passed, the student will then carry out field research and write a thesis. Thesis drafts are read and commented on by the thesis committee. When the thesis is ready for examination, it is submitted to the Graduate and Postdoctoral Studies Office, which appoints an internal examiner (usually from within the Department) and an external examiner (an acknowledged authority in the field from outside the university). If both examiners approve the thesis, an oral defence is arranged before a committee appointed by OPSE.

4.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter).

The course credit weight is given in parentheses after the title.

ANTH 500 CHINESE DIVERSITY AND DIASPORA. (3) (Winter) (Restrictions: Reserved for U3 Anthropology undergraduate students or graduate students, any other students by permission of instructor.) (Enrolment Limit: 25 students.) Explores ethnic diversity within mainland China, as well as the diversity of Chinese cultures of diaspora, living outside the mainland, often as minorities subject to other dominant cultures.

ANTH 511 COMPUTATIONAL APPROACHES TO PREHISTORY. (3) (Winter) (Prerequisites: ANTH 357 or ANTH 359.) (Restriction: Restricted to U3 and graduate students in the Anthropology Department.) Covers the application of computational methods to archaeological problems and the modeling and simulation of prehistoric populations.

ANTH 512 POLITICAL ECOLOGY. (3) (Prerequisite: U3 Standing or above and permission of instructor.) Historical, theoretical and methodological development of political ecology as a field of inquiry on the interactions between society and environment, in the context of conflicts over natural resources.

ANTH 540 TOPICS IN ANTHROPOLOGICAL THEORY. (3) (Fall) (Restriction: This course is restricted to U3 Honours students in the Anthropology Department or permission of the instructor.) Examination and discussion of topics of current theoretical interest.

ANTH 551 ADVANCED TOPICS: ARCHAEOLOGICAL RESEARCH. (3) (Fall) Examination and discussion of topics of current theoretical or methodological interest in archaeology. Topics will be announced at the beginning of term.

ANTH 555 ADVANCED TOPICS IN ETHNOLOGY. (3) (Winter) (Restriction: Honours students at the U3 level in the Anthropology Department or with permission of instructor) Examination and discussion of topics of current theoretical or methodological interest in ethnology. Topics will be announced at the beginning of term.

ANTH 575 CONCEPTS OF RACE. (3) (Prerequisites: ANTH 201, or ANTH 202, or ANTH 203, and ANTH 352 or ANTH 359.) (Restriction: U3 students and graduate students in Anthropology programs.) Examination of the evolution of the idea of race within anthropology, and the impact which the discipline’s debates have had on society.

ANTH 602 THEORY 1. (3)

ANTH 602D1 (1.5), ANTH 602D2 (1.5) THEORY 1. (Students must register for both ANTH 602D1 and ANTH 602D2) (No credit will be given for this course unless both ANTH 602D1 and ANTH 602D2 are successfully completed in consecutive terms) (ANTH 602D1 and ANTH 602D2 together are equivalent to ANTH 602)

ANTH 603 THEORY 2. (3)

ANTH 607D1 (3), ANTH 607D2 (3) PROSEMINAR IN ARCHAEOLOGY. (Students must register for both ANTH 607D1 and ANTH 607D2) (No credit will be given for this course unless both ANTH 607D1 and ANTH 607D2 are successfully completed in consecutive terms)

ANTH 609D1 (3), ANTH 609D2 (3) PROSEMINAR IN ANTHROPOLOGY. (Students must register for both ANTH 609D1 and ANTH 609D2) (No credit will be given for this course unless both ANTH 609D1 and ANTH 609D2 are successfully completed in consecutive terms) (ANTH 609D1 and ANTH 609D2 together are equivalent to ANTH 609)

ANTH 610 SOCIAL ORGANIZATION. (3)

ANTH 614 ECONOMIC ANTHROPOLOGY. (3)

ANTH 615 SEMINAR IN MEDICAL ANTHROPOLOGY. (3)

ANTH 616 POLITICAL ANTHROPOLOGY. (3)

ANTH 625 CULTURAL ECOLOGY. (3)

ANTH 631 SYMBOLIC ANTHROPOLOGY. (3)

ANTH 634 ANTHROPOLOGY OF DEVELOPMENT 1. (3)

ANTH 635 ANTHROPOLOGY OF DEVELOPMENT 2. (3)

5.1 Staff
Emeritus Professors
Derek Drummond; B.Arch.(McG.), F.R.A.I.C., O.A.Q., O.A.A. (William C. Macdonald Emeritus Professor of Architecture)
Radoslav Zuk; B.Arch.(McG.), M.Arch.(MIT), D.Sc.(U.A.A.), F.R.A.I.C., O.A.Q., O.A.A.
Professors
Annmarie Adams; B.A.(McG.), M.Arch., Ph.D.(Calif.), M.R.A.I.C. (William C. Macdonald Professor of Architecture)
Avi Friedman; B.Arch.(Technion), M.Arch.(McG.), Ph.D.(Montr.), O.A.Q., I.A.A.
Alberto Pérez-Gómez; Dipl.Eng.(Nat.Pol.Inst.Mexico), M.A., Ph.D.(Essex) (Saidye Rosner Bronfman Professor of Architectural History)
Adrian Sheppard; B.Arch.(McG.), M.Arch.(Yale), F.R.A.I.C., O.A.Q., A.A.P.P.
Associate Professors
Martin Bressani; B.Sc., B.Arch.(McG), M.Sc.(Arch.)(MIT), D.E.A., Docteur(Paris-Sorbonne - Paris IV), O.A.Q.
Ricardo Castro; B.Arch.(Los Andes, Col.), M.Arch., M.A.(Ore.), M.R.A.I.C.
Robert Mellin; B.Arch., M.Sc.(Arch.) (Penn.), M.Arch.(McG.), M.Sc., Ph.D.(Penn.), M.R.A.I.C., N.A.A.
Pietro Sijpkes; B.Sc.(Arch.), B.Arch.(McG)
Assistant Professor
Nik Luka; B.A.A.(Ryerson), M.Arch.(Laval), Ph.D.(Tor.), M.C.I.P.
Faculty Lecturer
Julia Bourke
Course Lecturers
Adjunct Professors
Cameron Charlebois, Howard Davies, Georges Drolet, François Emond, Miguel Escobar, Julia Eversolt, Pierre Jampen, Phyllis Lambert, Seymour Levine, Rosanne Moss, Joanna Nash, Harry Parnass, Mark Poddubiuk, Louis Pretty, Christoph Reinhardt, Conor Sampson, Samson Yip, Jozef Zorko

5.2 Programs Offered
M.Arch. (Professional) (Non-thesis), M.Arch. (Post-professional) (Non-thesis), Graduate Diploma in Housing, Ph.D.
The professional M.Arch. program is accredited by the Canadian Architectural Certification Board (CACB), and is recognized as accredited by the National Council of Architectural Registration Boards (NCA) in the U.S.A.

There are three areas of study in the Post-professional M.Arch. and Ph.D. programs: Architectural History and Theory, Housing (which includes Affordable Homes, Domestic Environments, and Minimum Cost Housing), and Urban Design. Information concerning the duration of programs, documents required of applicants, etc., may be obtained from: profdegree.architecture@mcgill.ca (B.Sc. (Arch.) and M.Arch. (Professional)) postprofmaster.architecture@mcgill.ca (M.Arch. (Post-professional) and Graduate Diploma in Housing), or phd.architecture@mcgill.ca (Ph.D.).

Architectural Certification in Canada
In Canada, all provincial associations recommend a degree from an accredited professional degree program as a prerequisite for licensure. The Canadian Architectural Certification Board (CACB), which is the sole agency authorized to accredit Canadian professional degree programs in architecture, recognizes two types of accredited degrees: the Bachelor of Architecture and the Master of Architecture. A program may be granted a five-year, three-year, or two-year term of accreditation, depending on its degree of conformance with established educational standards. Masters degree programs may consist of both pre-professional undergraduate degree and a professional graduate degree, which, when earned sequentially, comprise an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

Since all provincial associations in Canada recommend any applicant for licensure to have graduated from a CACB-accredited program, obtaining such a degree is an essential aspect of preparing for the professional practice for architecture. While
graduation from a CACB-accredited program does not assure registration, the accrediting process is intended to verify that each accredited program substantially meets those standards that, as a whole, comprise an appropriate education for an architect.

Please note that the M.Arch. (Post-professional) degree is not a professional degree and does not satisfy the requirements for certification with the CACB.

5.3 Admission Requirements

M.Arch. (Professional) Program (Non-Thesis)

Applicants holding the McGill B.Sc.(Arch.) degree, or equivalent, with a cumulative grade point average of at least 3.0 on a scale of 4.0, are eligible to apply for admission.

M.Arch. (Post-professional) (Non-Thesis) and Graduate Diploma in Housing

Applicants holding an accredited professional degree in architecture, or equivalent, with a cumulative grade point average of at least 3.0 on a scale of 4.0, are eligible to apply for admission. In special cases, candidates with a degree in a related field may be considered.

Ph.D.

Candidates with high standing in McGill’s M.Arch. (Post-professional), or who hold an equivalent degree from another university, are eligible to apply to this program. Those who do not have an appropriate background in the chosen research area may be recommended for the M.Arch. (Post-professional) program. Candidates who have an adequate background at the Post-professional Master’s level in the proposed area of research will be admitted to Ph.D.II with the stipulation of additional courses from the M.Arch. (Post-professional) curriculum, if necessary.

A working knowledge of a language or languages relevant to the area of research is required.

5.4 Application Procedures

Professional Master of Architecture:

McGill B.Sc.(Arch.) Graduates:

2. A non-refundable application fee of $80 (CDN).

3. A comprehensive portfolio (8½” x 11” format) that includes the following:
   - selected work from all previous studios (please use Studio Project Description Form*)
   - examples of project work from other courses
   - examples of freehand drawing and sketching (from the Freehand Drawing courses, Sketching School, Summer courses and independent travel and study)
   - examples of professional work; sketches, drawings, images of models, photographs of built work (professional work includes work carried out while employed in architects’ offices, as well as personal projects; please identify the architect(s) and your own roles in each project illustrated).

4. Summary of work experience (please use Work Experience Report form*). A minimum of six (6) months is required.

Others:

2. A non-refundable application fee of $80 (CDN)

3. A comprehensive portfolio (8½” x 11” format) that includes the following:
   - selected work from all previous design studios (please use Studio Project Description Form*)
   - examples of project work from other courses
   - examples of freehand drawing and sketching
   - examples of professional work; sketches, drawings, images of models, photographs of built work (professional work includes work carried out while employed in architects’ offices, as well as personal objects; please identify the architect(s) and your own roles in each project illustrated).

4. Summary of work experience (please use Work Experience Report form*). A minimum of six (6) months is required.

Post-professional programs:

M.Arch. (Post-professional), Ph.D. and Graduate Diploma in Housing

2. A non-refundable application fee of $80 (CDN), payable by credit card (Visa or MasterCard) after completing the online application.

3. Two sets of official transcripts sent directly by the registrars of all universities attended.

4. Two confidential letters of reference sent directly by the referees to the School of Architecture (please use Confidential Report on Applicant form*).

5. Course calendar descriptions of previous college and/or university studies.

6. Completed Program Comparison Chart*.

7. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English. Before acceptance, appropriate exam results must be submitted directly from the TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing Systems) Office. An institutional version of the TOEFL is not acceptable. Applications will not be considered if a TOEFL or IELTS test result is not available. For the TOEFL, a minimum score of 550 is required on the paper-based test (PBT), a minimum score of 213 is required on the computer-based test (CBT), or a minimum overall score of 86 with each component score (ie. reading, writing, speaking, listening) not less than 20 is required on the internet-based test (iBT). (The TOEFL Institution Code for McGill University is 0935.) For the IELTS, a minimum overall band score of 6.5 is required. Please refer to the Graduate admission Website: www.mcgill.ca/applying/graduate.

*These documents are available in PDF format on the School of Architecture Website.

5.5 Program Requirements

M.Arch. (Professional) (Non-Thesis)
McGill’s professional program in Architecture is structured as a four-and-a-half year, or nine-term, course of study divided into two parts. The first part is a six-term (minimum) design program leading to a non-professional degree, Bachelor of Science (Architecture). Applicants whose background includes a university degree in an area not related to Architecture should apply to the B.Sc.(Arch.) program. Further information on the B.Sc.(Arch.) program can be found in the Faculty of Engineering section of the Undergraduate Programs Calendar, available at www.mcgill.ca. The second part, for students with the McGill B.Sc.(Arch.) degree, or the equivalent, is the professional Master of Architecture program.

The professional Master of Architecture program is a one-and-a-half year, or three-term, course of studies leading to the M.Arch. degree. Applicants whose background includes a non-professional degree in Architecture equivalent to the McGill B.Sc.(Arch.) may be eligible for admission directly to the M.Arch. (Professional) program. In certain cases, qualified applicants may be required to complete a qualifying year, up to a maximum of 30 credits or two terms, before entering the three-term M.Arch. (Professional) program. Further information may be obtained at the School of Architecture Website at www.mcgill.ca/architecture/programs/professional.

M.Arch. (Professional) Program of Study (45 credits)

Required Courses (33 credits)
ARCH 550 (4) Urban Planning and Development
ARCH 671 (6) Design Research and Methodology
ARCH 672 (6) Architectural Design 1
ARCH 673 (9) Architectural Design 2
ARCH 674 (3) Professional Practice
ARCH 678 (3) Advanced Construction
ARCH 679 (1) Architectural Journalism
ARCH 680 (1) Sketching School 2

Complementary Courses (minimum 6 credits)
6 credits of architectural complementaries from the list below:
ARCH 512 (3) Architectural Modelling
ARCH 514 (4) Community Design Workshop
ARCH 515 (3) Sustainable Design
ARCH 520 (3) Montreal: Urban Morphology
ARCH 521 (3) Structure of Cities
ARCH 522 (3) History of Domestic Architecture in Quebec
ARCH 523 (3) Significant Texts and Buildings
ARCH 524 (3) Seminar on Architectural Criticism
ARCH 525 (3) Seminar on Analysis and Theory
ARCH 526 (3) Philosophy of Structure
ARCH 527 (3) Civic Design
ARCH 528 (3) History of Housing
ARCH 529 (3) Housing Theory
ARCH 531 (3) Architectural Intentions Vitruvius - Renaissance
ARCH 532 (3) Origins of Modern Architecture
ARCH 533 (3) New Approaches to Arch History
ARCH 534 (3) Architectural Archives
ARCH 540 (3) Selected Topics in Architecture 1
ARCH 541 (3) Selected Topics in Architecture 2
ARCH 554 (2) Mechanical Services
ARCH 555 (2) Environmental Acoustics

Uneless otherwise indicated, the above courses are restricted to students in the professional program.

Elective Courses (maximum 6 credits)
A maximum of 6 credits may be completed outside the School of Architecture (500 or 600 level electives whose course content relates to the student’s terminal design project).

M.Arch. (Post-professional)

M.Arch. (Non-Thesis) – Affordable Homes (45 credits)
Required Courses (24 credits)
ARCH 623 (3) Project Preparation
ARCH 627 (3) Research Methods
ARCH 630 (3) Housing Seminar 1
ARCH 631 (3) Housing Seminar 2
ARCH 645 (6) Housing Project 1
ARCH 646 (6) Housing Project 2

Complementary Courses (6 credits)
Two 3-credit courses at the 500-level or higher

Project Component - Required (15 credits)
ARCH 628 (15) Housing Project Report

M.Arch. (Post-professional) – Cultural Landscapes (45 credits)
Required Courses (30 credits)
ARCH 622 (3) Critical Writing
ARCH 623 (3) Project Preparation
ARCH 650 (8) Architectural History Seminar 1
ARCH 651 (8) Architectural History Seminar 2
ARCH 652 (4) Architectural Theory Seminar 1
ARCH 653 (4) Architectural Theory Seminar 2

Project Component - Required (15 credits)
ARCH 624 (15) History and Theory Project

M.Arch. (Post-professional) – Architectural History and Theory (45 credits)
Required Courses (30 credits)
ARCH 622 (3) Critical Writing
ARCH 623 (3) Project Preparation
ARCH 650 (8) Architectural History Seminar 1
ARCH 651 (8) Architectural History Seminar 2
ARCH 652 (4) Architectural Theory Seminar 1
ARCH 653 (4) Architectural Theory Seminar 2

Project Component - Required (15 credits)
ARCH 624 (15) History and Theory Project

M.Arch. (Post-professional) – Minimum Cost Housing (45 credits)
Required Courses (18 credits)
ARCH 623 (3) Project Preparation
ARCH 627 (3) Research Methods
The course credit weight is given in parentheses after the title.

**ARCH 512 ARCHITECTURAL MODELLING.** (3) (2-1-6) (Prerequisites: ARCH 304 and ARCH 471 or equivalent.) (Restrictions: Not open to students who have taken ARCH 364.) Architectural modelling using advanced applications in digital media. Topics include: 3-D modelling and rendering; image editing; digital animation; hypertext and the World Wide Web; issues of representation and methodology; comparison of publishing applications. Projects complement design studio courses and independent studies that are student or instructor initiated.

**ARCH 514 COMMUNITY DESIGN WORKSHOP.** (4) (4-20-15) (Prerequisite: ARCH 202.) A design-build studio that engages community-based projects with identified needs and a requirement for intervention on real sites. Exploration of selected problems in architectural design and develop solutions from first concept to implementation on-site.

**ARCH 515 SUSTAINABLE DESIGN.** (3) (3-0-6) (Prerequisite: ARCH 377 or permission of instructor.) This course will address sustainable design theory and applications in the built environment with students from a variety of fields (architecture, urban planning, engineering, sociology, environmental studies, economics, international studies). Architecture will provide the focus for environmental, socio-cultural and economic issues.

★ **ARCH 520 MONTREAL: URBAN MORPHOLOGY.** (3) (2-1-6) (Prerequisite: ARCH 251) Historical, geographical, demographical, and regional evolution of the metropolis of Montreal. Topics include: important quartiers, the Montreal urban grid, industrialization, reform movements, geographical diversity, urban culture, local building techniques and materials. Basic concepts of urban morphology and their relationships to the contemporary urban context will be explored.

★ **ARCH 521 STRUCTURE OF CITIES.** (3) (2-0-7) (Prerequisite: ARCH 202 or permission of instructor) Nature, pattern and life of modern cities. Urban networks, special areas, problems and prospects.
ARCH 522 HISTORY OF DOMESTIC ARCHITECTURE IN QUEBEC. (3) (2-0-7) (Prerequisite: ARCH 251) (Restriction: Departmental permission required) The architecture of houses in Quebec from 1650 to the present. Distinguished buildings are reviewed from the point of view of form, style, siting and material, as influenced by climate, culture and architectural antecedents in France, England and the United States. The course material is presented through alternating bi-weekly lectures and seminars.

ARCH 523 SIGNIFICANT TEXTS AND BUILDINGS. (3) (2-0-7) (Prerequisite: ARCH 251) (Alternating with ARCH 524) (Restriction: Departmental permission required) Critical study of significant architectural thought since 1750 as it has been expressed in buildings and texts (treatises, manifestos, criticisms). A specific theme will be addressed every year to allow in-depth interpretations of the material presented and discussed.

ARCH 524 SEMINAR ON ARCHITECTURAL CRITICISM. (3) (2-0-7) (Prerequisite: ARCH 251) (Alternating with ARCH 523) (Restriction: Departmental permission required) The development and current role of architectural criticism with particular reference to its affinities with art and literary criticism.

ARCH 525 SEMINAR ON ANALYSIS AND THEORY. (3) (2-0-7) (Prerequisite: ARCH 202 or permission of instructor) (Restriction: Departmental permission required) Analysis and evaluation of significant architectural projects with reference to contemporary architectural theories.

ARCH 526 PHILOSOPHY OF STRUCTURE. (3) (2-0-7) (Prerequisite: ARCH 202 or permission of Instructor) (Restriction: Not open to students who have taken ARCH 374) Philosophy of Structure aims to investigate structure in its broadest sense. The course is divided in two halves; the first one gives an overview of the development of theoretical structural frameworks such as mathematics and geometry, while the second one highlights physical structures constructed by nature (geology, turbulence), man or animals.

ARCH 527 CIVIC DESIGN. (3) (2-0-7) (Prerequisite: ARCH 378) The elements of form in buildings and their siting design in the urban setting.

ARCH 528 HISTORY OF HOUSING. (3) (2-0-7) (Prerequisite: ARCH 251 or permission of instructor) Indigenous housing both transient and permanent, from the standpoint of individual structure and pattern of settlements. The principal historic examples of houses including housing in the age of industrial revolution and contemporary housing.

ARCH 529 HOUSING THEORY. (3) (2-0-7) (Prerequisite: ARCH 528 or permission of instructor) A review of environmental alternatives in housing; contemporary housing and the physical and sociological determinants that shape it; Canadian housing.

ARCH 531 ARCHITECTURAL INTENTIONS VITRUVIUS - RENAISSANCE. (3) (2-0-7) (Prerequisite: ARCH 251) Architectural intentions embodied in buildings and writings of architects from antiquity to the Renaissance. Special emphasis is placed on the cultural connections of architecture to science and philosophy.

ARCH 532 ORIGINS OF MODERN ARCHITECTURE. (3) (2-0-7) (Prerequisite: ARCH 251) Examination of architectural intentions (theory and practice) in the European context (especially France, Italy and England), during the crucial period that marks the beginning of the modern era.

ARCH 534 ARCHITECTURAL ARCHIVES. (3) (3-0-6) (Prerequisites: ARCH 250 and ARCH 251 or equivalent.) (Restriction: Open only to architecture students.) Role of archives in architectural culture. Methods of development, documentation and communication. Formats of architectural representation. Problems inherent in the creation and preservation of architectural records, and access to them. Case studies based on 19th and 20th century archives in the John Bland Canadian Architecture Collection, and other collections.

ARCH 540 SELECTED TOPICS IN ARCHITECTURE 1. (3) (2-0-7) A course to allow the introduction of new topics in Architecture as needs arise, by regular and visiting staff.

ARCH 541 SELECTED TOPICS IN ARCHITECTURE 2. (3) (2-0-7) A course to allow the introduction of new topics in Architecture as needs arise, by regular and visiting staff.

ARCH 550 URBAN PLANNING AND DEVELOPMENT. (4) (3-1-8) (Prerequisite: B.Sc.(Arch.) or permission of instructor) (Restriction: Not normally open to Urban Planning students) A survey of municipal, regional and provincial actions to guide urban development in Canada, with a particular emphasis on Montreal and Quebec. It also introduces students to concepts in real-estate development and highlights the relationship between developers and planners.

ARCH 554 MECHANICAL SERVICES. (2) (2-0-4) (Prerequisite: ARCH 405 or permission of instructor) Problems encountered in providing mechanical services in buildings. Physiological and environmental aspects of heat, ventilation and air conditions, estimation of heating and cooling loads and selection and specification of equipment. Sprinkler systems and plumbing. Construction problems produced by installation of this equipment.

ARCH 555 ENVIRONMENTAL ACOUSTICS. (2) (2-0-4) (Prerequisite: ARCH 405 or permission of instructor) Acoustics in architectural design, and in environmental control of buildings. Acoustical requirements in the design of auditoria such as theatres, lecture halls, opera houses, concert halls, churches, motion picture theatres, studios. Principles of noise and vibration control, sound insulating in building construction. Practical noise control in various types of buildings.

ARCH 622 CRITICAL WRITING. (3) (2-1-6) Seminar to critically review an architectural topic.

ARCH 623 PROJECT PREPARATION. (3) (2-1-6) Guided background preparation for the project.

ARCH 624 HISTORY AND THEORY PROJECT. (15) (0-15-30) Thematic, site-specific experimental design with an emphasis on process, including 1) survey/mapping and 2) preparation of text, drawings and models.

ARCH 627 RESEARCH METHODS. (3) (2-1-6) Different approaches and research methods in housing. Setting of goals and objectives, identification of appropriate research methods, collection and evaluation of information, analysis and synthesis of data, and presentation of the findings.

ARCH 628 HOUSING PROJECT REPORT. (15) (0-15-30) A supervised project report based on material developed by candidates in the project preparation course. It may include on-site explorations of housing projects, surveying and documentation, critical analysis, and creative mapping of the same, plus an evaluation report.

ARCH 630 HOUSING SEMINAR 1. (3) (2-0-7) Strategies for affordable and low-cost housing. Investigation of cost-saving measures both at urban and dwelling unit levels. An analysis of recent low-cost housing projects.

ARCH 631 HOUSING SEMINAR 2. (3) (2-0-7) Strategies for affordable and low-cost housing. Investigation of cost-saving measures both at urban and dwelling unit levels. An analysis of recent low-cost housing projects.

ARCH 635 SELECTED TOPICS IN HOUSING 1. (3) (3-0-6) Special topics related to housing.

ARCH 636 SELECTED TOPICS IN HOUSING 2. (3) (3-0-6) Special topics related to housing.

ARCH 645 HOUSING PROJECT 1. (6) (2-10-6) Innovative housing designs; lectures and studio work leading to a design project.

ARCH 646 HOUSING PROJECT 2. (6) (2-10-6) Innovative housing designs; lectures and studio work leading to a design project.

ARCH 650 ARCHITECTURAL HISTORY SEMINAR 1. (8) (3-5-16) Western Architectural history from Antiquity to the Renaissance. A hermeneutic reading of primary sources, i.e. a section or chapter of an historical treatise, a frontispiece or image, in the framework of recent scholarship on the subject.

ARCH 651 ARCHITECTURAL HISTORY SEMINAR 2. (8) (3-5-16) Early Modern European theory of architecture. 17th - 19th centuries. A hermeneutic reading of primary sources, i.e. a section or
chapter of an historical treatise, a frontispiece or image, in the framework of recent scholarship on the subject.

ARCH 652 ARCHITECTURAL THEORY SEMINAR 1. (4) (4-0-8) Phenomenology and hermeneutic.

ARCH 653 ARCHITECTURAL THEORY SEMINAR 2. (4) (4-0-8) The experience of modernity in cultural criticism, philosophy, literature and art.

ARCH 671 DESIGN RESEARCH AND METHODOLOGY. (6) (2-10-6) (Prerequisite: ARCH 672) An architectural design problem is selected; bibliographic research undertaken, site selection established; program developed and theoretical approach evolved in preparation for course ARCH 673.

ARCH 672 ARCHITECTURAL DESIGN 1. (6) (2-10-6) A series of complex architectural and urban design issues are addressed with the intention of improving the student’s facility to critically assess existing design solutions, to seek alternatives and to articulate clearly the rational and the impact of alternative proposals.

ARCH 673 ARCHITECTURAL DESIGN 2. (9) (2-14-17) (Prerequisite: ARCH 671 and ARCH 672) An individual, student-selected and faculty-approved study of complex architectural design objectives involving site and building program constraints, the integration of building systems and the demonstration of comprehensive design and presentation skills.

ARCH 674 PROFESSIONAL PRACTICE. (3) (3-0-6) (Restriction: Not open to students who have taken ARCH 674, ARCH 675 or ARCH 676 prior to 2005/06.) The Professional Code, the Architect’s Act and the architect’s responsibilities to clients, colleagues and society, including professional ethics, responsibility in design, contractual arrangements, business conduct, construction supervision, issuing of certificates, construction and project management, concepts of architectural specification writing, building costs and life cycle costing.

ARCH 678 ADVANCED CONSTRUCTION. (3) (2-0-7) An exploration of construction in relation to architectural design; research in advanced methods of construction and structure related to design problems and built projects; appropriate technologies and alternatives.

ARCH 679 ARCHITECTURAL JOURNALISM. (1) (0-0-3) (Prerequisite: ARCH 674) The project deals with the review and criticism of a recently constructed controversial building.

ARCH 680 SKETCHING SCHOOL 2. (1) (0-0-3) An eight-day supervised field trip in the late summer to sketch places or things having specific visual characteristics.

ARCH 690 THESIS RESEARCH 1. (3) (0-2-7) Ongoing research pertaining to thesis.

ARCH 691 THESIS RESEARCH 2. (6) (0-2-16) Ongoing research pertaining to thesis.

ARCH 692 THESIS RESEARCH 3. (6) (0-2-16) Ongoing research pertaining to thesis.

ARCH 693 THESIS RESEARCH 4. (12) (0-2-34) Ongoing research pertaining to thesis.

ARCH 700 DISSERTATION PROPOSAL. (0) (0-0-0) (Prerequisites: URBD 611, URBD 612, or equivalent courses at UdeM and permission of instructor) Preparation for course ARCH 671.

ARCH 701 COMPREHENSIVE ORAL EXAMINATION. (0) Presentation of research to an Advisory Committee, including a comprehensive review of material in the field.

ARCH 702 PROGRESS REPORT 1. (0) Research in progress and the writing of the dissertation.

ARCH 703 PROGRESS REPORT 2. (0) Final presentation of the dissertation to the committee.

URBD 611 STUDIO 1: ANALYSIS AND CONCEPT. (6) (6-2-10) (Prerequisite: Permission of instructor) (Corequisite: URBP 612) Analysis of local conditions, constraints and opportunities, existing urban forms and the development of conceptual plans.

URBD 612 SEMINAR 1: ANALYSIS AND CONCEPT. (3) (3-1-5) (Prerequisite: Permission of instructor) (Corequisite: URBD 611) Theoretical and methodological foundations for developing conceptual plans for a specific urban area.

URBD 613 STUDIO 2: PROJECT DEVELOPMENT. (6) (6-2-10) (Prerequisites: URBD 611 and URBD 612, or equivalent, and permission of instructor) Development of detailed plans for urban design projects and of strategies for their implementation.

URBD 614 SEMINAR 2: PROJECT DEVELOPMENT. (3) (3-1-5) (Prerequisites: URBD 611 and URBD 612, or equivalent at UdeM, and permission of instructor) Final design project: proposal for a major urban intervention, with development program, spatial organization, public-space design, and mechanisms of implementation.

6.1 Staff

Emeritus Professors

John M. Fossey; B.A.(Birm.), D.U.(Lyon II), F.S.A., R.P.A.

George Szanto; B.A.(Dart.), Ph.D.(Harv.)

Professor

Marc Raboy; B.Sc., M.A., Ph.D.(McG)

Associate Professors

Darin Barney; B.A., M.A.(S. Fraser), Ph.D.(Tor)

Cornelius Borck; M.A., M.D.(Free Univ. Berlin), Ph.D.(London)

David Crowley; B.A.(Johns Hop.), M.Sc.(Penn.), Ph.D.(McG)

Christine Ross; M.A.(C'dia), Ph.D.(Paris I)

Jonathan Sterne; B.A.(Minn.), A.M., Ph.D.(III-Urbana-Champaign)

Will Straw; B.A.(Car.), M.A., Ph.D.(McG)

Angela Vanhavelen; B.A.(W.Ont.), M.A., Ph.D.(Br. Col.)

Assistant Professors

Jenny Burman; B.A.(C'dia), M.A., Ph.D.(York)

Mary Hunter; B.A.(Qu.), M.A., Ph.D.(London)

Lyle Massey; B.A., M.A., Ph.D.(UCLA)

Hajime Nakatani; B.L.A.(Tokyo), M.A.(London), Ph.D.(Chic.)

Charmaine Nelson; B.F.A., M.A., Ph.D.(Man.)

Carrie Rentschler; B.A,(Minn.), M.A., Ph.D.(III-Urbana-Champaign)

Richard Taws, B.A., M.A., Ph.D.(London)

Adjunct Professors

David W. Booth, Louis De Moura Sobral, Johanne Lamoureux, Constance Naubert-Riser
6.2 Programs Offered
M.A. and Ph.D.
Areas of Specialization:
Medieval, Renaissance, the Seventeenth, Eighteenth, Nineteenth, and Twentieth Centuries, Contemporary, Canadian, East Asian, Architectural History, New Media, Gender and Sexuality, Race and Representation, and art historical methodologies, notably feminism and postcolonialism.

To obtain financial aid information please consult the Graduate and Postdoctoral Studies Website at www.mcgill.ca/gps or e-mail graduate.fellowships@mcgill.ca.

For programs in Communication Studies and Art History, refer to section 18 “Communication Studies”.

6.3 Admission Requirements

Entrance into either the M.A. or Ph.D. programs is limited to the best qualified applicants. A minimum CGPA of 3.3 out of 4.0 or the equivalent, i.e. B+ (75%), is required.

To apply to the M.A. program, candidates are normally expected to have a B.A. Honours degree either in Art History alone or in Art History and one other closely related field. But regardless of the program, the Department normally requires a minimum of 36 credits (at least 12 courses) in Art History. For candidates from institutions not offering the above number of credits in Art History, provision is made, upon consultation with the Director of Graduate Programs, for a program of study which would then qualify the candidate to apply for M.A. work.

In order to apply to the Ph.D. program, candidates must normally hold an M.A. degree preferably in Art History or an M.A. degree in a closely related field together with an appropriate number of Art History credits such as are described for entrance into the M.A. program. Applicants are strongly encouraged to consult with the Director of Graduate Programs. The number of entrants to the doctoral program is necessarily limited to the most highly qualified applicants.

It should be noted that courses in studio practice, although useful, cannot be counted among the 36 Art History credits for either the M.A. or Ph.D programs. Please see as well the language requirements given under the degree programs below.

The Department also requires a 250-word statement outlining the candidate's major interest in Art History as well as an example of written work. Applicants should send complete dossiers by the candidate's major interest in Art History as well as an example of written work. Applicants should send complete dossiers by February 6 for M.A. applicants.

6.4 Application Procedures

Applications will be considered upon receipt of:

1. Completed and signed application form.
2. A non-refundable application fee of $80 Canadian must accompany each application (including McGill students), otherwise it cannot be considered. This sum must be remitted using one of the following methods:
   a. Credit card (by completing the appropriate section of the application form).
   b. Certified cheque in CDN currency drawn on a Canadian bank.
   d. Canadian Money Order in CDN currency.
   e. U.S. Money Order in U.S. currency.
   f. An international draft in Canadian funds drawn on a Canadian bank requested from the applicant's bank in his/her own country.
3. Two official copies of all transcripts are required for admission. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant’s university is essential. It is the applicant's responsibility to arrange for transcripts to be sent. Documents submitted will not be returned. It is desirable to submit a list of the titles of courses taken in the major subject, since transcripts often give code numbers only.
4. Two letters of recommendation on letterhead or bearing the university seal and with original signatures from two instructors familiar with the applicant's work, preferably in the applicant's area of specialization, are required. Each letter is to be accompanied by a recommender form that can be downloaded from the admissions page on the Department's Website. It is the applicant's responsibility to arrange for these letters and forms to be sent.
5. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English, by completing the TOEFL exams (minimum score 550 on the paper-based test, 213 on the computer-based test, or 86 on the Internet-based test with each component score not less than 20). Results must be submitted as part of the application.
6. Statement of interest of at least 250 words addressing the candidate's major interest in Art History and the proposed area of research.
7. An example of written work.
8. Proof of Citizenship (certified photocopy of passport, birth certificate or equivalent).

Deadline for application is January 9 for Ph.D. applicants and February 6 for M.A. applicants.

Inquiries regarding the Programs should be addressed to the Graduate Administrative Coordinator, Department of Art History and Communication Studies (ahcs@mcgill.ca).

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

6.5 Program Requirements

M.A. in Art History – Non-Thesis (45 credits)

Residence Requirements
For students entering the Master's Program in Art History, three semesters of full-time resident study at McGill University is the requirement for the degree. "Residence" means that the student is enrolled on a full-time basis during this period (the semester is not connected with housing or accommodations). This designated period of residence represents the minimum time requirements in order to obtain the degree. There is no guarantee that the work for the degree can be completed in this time. Students may register for additional semesters to complete the Program (see Time Limitations). The Department may permit Master's students to register for a semester in the summer to fulfill part of the residence requirements.

Course Work
Before classes begin, each student will meet with an advisor to determine an appropriate selection of courses which, when considered with the previous record, balances breadth of coverage and specialization.

The candidate is required to pass, with a mark of 65% (B-) or better, all those courses which have been designated by the Department as forming a part of her/his program. These are the courses which have been entered on the registration form. A few extra courses may be taken, but it is then the responsibility of the student to see that these courses are clearly marked "not required" on the registration form.

General Description
The student takes 9 courses including the Proseminar and writes a research paper.

Two of the courses can be taken outside of Art History but at McGill.
One course may be taken at another university in Montreal (more than one seminar may be taken at Université de Montréal by special arrangement).

All courses taken outside of Art History require the approval of the graduate program director, in consultation with the advisor, and the professor teaching the seminar.

The program is designed to be completed in 4 semesters, but may be completed in three semesters.

Language Requirements for the M.A. Degree: In addition to possessing a proficiency in English and French, students must demonstrate reading knowledge of any language relating to their research project assessed by means of a written translation of a text.

Course Sequence
All students must register for 45 credits.

Semester 1 – 12 credits
ARTH 600 (3) Advanced Professional Seminar
ARTH 608 (3) Research Paper Preparation
Two complementary courses (6 credits)

Semester 2 – 12 credits
ARTH 607 (3) Research Paper Proposal
Three complementary courses (9 credits)

Semester 3 – 12 credits
ARTH 608 (6) Research Paper 1
Two complementary courses (6 credits)

Semester 4 – 9 credits
ARTH 609 (6) Research Paper 2
One complementary course (3 credits)

Program Requirements Overview

Required Course (3 credits)
ARTH 600 (3) Advanced Professional Seminar

Complementary Courses (24 credits)
24 credits chosen from the following:
ARTH 510 (3) The Body and Visual Culture
ARTH 617 (3) Modern Art
ARTH 618 (3) Art History - 1400 to 1900 1
ARTH 630 (3) Directed Reading 1
ARTH 641 (3) Topics: Greek Art & Archaeology
ARTH 642 (3) Topics: Roman Art & Archaeology
ARTH 643 (3) Topics: Medieval Art & Architecture
ARTH 645 (3) Medieval Art and Archaeology
ARTH 646 (3) Topics: Chinese Visual Culture
ARTH 647 (3) Topics: Renaissance Art & Architecture 1
ARTH 648 (3) Topics: Renaissance Art & Architecture 2
ARTH 649 (3) Art of the Italian Renaissance
ARTH 650 (3) Northern Renaissance Art
ARTH 651 (3) Northern Renaissance Art
ARTH 652 (3) Northern Renaissance Art
ARTH 653 (3) Topics: Early Modern Visual Culture 1
ARTH 654 (3) Topics: Early Modern Visual Culture 2
ARTH 655 (3) Topics: Baroque Art and Architecture
ARTH 656 (3) Topics: 17th-Century Art & Architecture 1
ARTH 657 (3) Topics: 17th-Century Art & Architecture 2
ARTH 658 (3) 19th Century Painting and Sculpture
ARTH 659 (3) Contemporary Art and Criticism
ARTH 660 (3) Contemporary Art & Criticism 1
ARTH 661 (3) Contemporary Art & Criticism 2
ARTH 673 (3) Topics: 18th - Century Art & Architecture 1
ARTH 674 (3) Topics: 18th - Century Art & Architecture 2
ARTH 675 (3) Topics: 19th - Century Art & Architecture 1
ARTH 676 (3) Renaissance and Post-Renaissance 2
ARTH 677 (3) Renaissance and Post-Renaissance 2
ARTH 678 (3) Topics: 19th - Century Art & Architecture 2
ARTH 679 (3) Topics: Canadian Art & Visual Culture 1
ARTH 685 (3) Problems in Western Medieval Architecture and Sculpture
ARTH 686 (3) Problems in Western Medieval Architecture and Sculpture
ARTH 687 (3) Topics: Canadian Art & Visual Culture 2
ARTH 691 (3) Artistic Theory in the Renaissance
ARTH 692 (3) Artistic Theory in the Renaissance
ARTH 693 (3) Artistic Theory in the Renaissance
Alternatively up to 6 of the 15 credits may be from other disciplines, as approved by the Department.

Thesis Component - Required (27 credits)
ARTH 605 (3) Master's Thesis Preparation
ARTH 698 (12) Thesis Research 1
ARTH 699 (12) Thesis Research 2

Language requirements for the M.A. degree: In addition to possessing a proficiency in English and French, students must demonstrate reading knowledge of any language, if necessary, relating to their research project assessed by means of a written translation of a text.

Ph.D. in Art History
Students should refer to the Departmental Website for information about Ph.D. residency and timing.

Required Courses (3 credits)
ARTH 600 (3) Advanced Pro-Seminar

Complementary Courses (12 credits)
12 credits, four courses chosen from the following:
ARTH 711 (3) Studies in the Graphic Arts
ARTH 712 (3) Studies in the Graphic Arts
ARTH 713 (3) Studies in the Graphic Arts
ARTH 714 (3) Directed Reading 2
ARTH 715 (3) Research: Modern Architecture - 1750 to Present
ARTH 716 (3) Research: Modern Architecture - 1750 to Present
ARTH 717 (3) Seminar in Urban Planning and Topography
ARTH 718 (3) Seminar in Urban Planning and Topography
ARTH 719 (3) Seminar in Urban Planning and Topography
ARTH 720 (3) Studies of Drawings
ARTH 721 (3) Studies of Drawings
ARTH 722 (3) Studies of Drawings
ARTH 723 (3) Art Criticism 1
ARTH 724 (3) Art Criticism 2
ARTH 725 (3) Methods in Art History
ARTH 730 (3) Current Problems in Art History 1
ARTH 731 (3) Current Problems in Art History 2

Alternatively up to 3 of the 12 credits may be from other disciplines, as approved by the Department.

Comprehensive - Required
ARTH 701 (0) Ph.D. Comprehensive Examination

Thesis
In addition to possessing a proficiency in English and French, students must demonstrate reading knowledge of any language, if necessary, relating to their research project assessed by means of a written translation of a text.

The Department is prepared to direct dissertations in fields wherein adequate supervision and resources can be provided: see section 6.2. Candidates are also advised to consult the General Information section of the Graduate and Postdoctoral Studies Calendar.

6.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva-students (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors. Students may also consult the Department Website www.arts.mcgill.ca/programs/AHCS for information.

The course credit weight is given in parentheses after the title.

ARTH 600 ADVANCED PROFESSIONAL SEMINAR.

(3) A seminar course for MA and PhD students dealing with methodological issues in Art History.

ARTH 601 MASTERS COMPREHENSIVE PREPARATION.

(3) The general examination for the M.A. degree (ARTH 602, 6 credits including preparation for it, ARTH 601, 3 credits) carries a total weight of nine (9) credits.

ARTH 602 MASTERS COMPREHENSIVE EXAMINATION.

(6) The general examination for the M.A. degree (ARTH 602, 6 credits including preparation for it, ARTH 601, 3 credits) carries a total weight of nine (9) credits.

ARTH 605 MASTERS THESIS PREPARATION.

(3) Restriction: For Art History students only. The aim is to introduce the student to research methods specific to his/her area of thesis work.

ARTH 606 RESEARCH PAPER PREPARATION.

(3) Restriction: For MA Art History non-thesis students only. A directed reading course related to a student’s specific area of research.

ARTH 607 RESEARCH PAPER PROPOSAL.

(3) (Prerequisite: ARTH 606.) Restriction: For MA Art History non-thesis students only.) A proposal prepared in consultation with an advisor, detailing the research to be pursued, defining the particular argument to be advanced in the research paper and indicating the methodology to be employed.

ARTH 608 RESEARCH PAPER 1.

(6) (Prerequisites: ARTH 606 and ARTH 607.) Restriction: For MA Art History non-thesis students only.) An extended research project, pursued under supervision of a member of the Department.

ARTH 609 RESEARCH PAPER 2.

(6) (Prerequisites: ARTH 606 and ARTH 607. ARTH 608 as Prerequisite or Corequisite.) Restriction: For MA Art History non-thesis students only.) The continuation of an extended research project, pursued under supervision of a member of the Department.

ARTH 617 MODERN ART.

(3)

ARTH 618 ART HISTORY - 1400-1900 1.

(3)

ARTH 619 ART HISTORY - 1400-1900 2.

(3)

ARTH 630 DIRECTED READING 1.

(3) Directed reading.

ARTH 641 TOPICS: GREEK ART & ARCHAEOLOGY.

(3) Topics in Greek art and archaeology.

ARTH 642 TOPICS: ROMAN ART & ARCHAEOLOGY.

(3) Topics in Roman art and archaeology.

ARTH 643 TOPICS: MEDIEVAL ART & ARCHAEOLOGY.

(3) Topics in medieval art and architecture.

ARTH 646 TOPICS: CHINESE VISUAL CULTURE.

(3) Topics in Chinese visual culture.

ARTH 647 TOPICS: RENAISSANCE ART & ARCHITECTURE 1.

(3) Topics in Renaissance art and architecture.

ARTH 648 TOPICS: RENAISSANCE ART & ARCHITECTURE 2.

(3) Topics in Renaissance art and architecture.

ARTH 653 TOPICS: EARLY MODERN VISUAL CULTURE 1.

(3) TBA Topics in early modern visual culture.

ARTH 654 TOPICS: EARLY MODERN VISUAL CULTURE 2.

(3) Topics in early modern visual culture.

ARTH 655 TOPICS: BAROQUE ART AND ARCHITECTURE.

(3) Topics in Baroque art and architecture.

ARTH 656 TOPICS: 17TH-CENTURY ART & ARCHITECTURE 1.

(3) Topics in 17th - century art and architecture.

ARTH 657 TOPICS: 17TH-CENTURY ART & ARCHITECTURE 2.

(3) Topics in 17th - century art and architecture.

ARTH 660 CONTEMPORARY ART & CRITICISM 1.

(3) Topics in contemporary art and criticism.

ARTH 661 CONTEMPORARY ART & CRITICISM 2.

(3) Topics in contemporary art and criticism.

ARTH 673 TOPICS: 18TH-CENTURY ART & ARCHITECTURE 1.

(3) Art and Politics in France Topics in 18th - century art and architecture.

ARTH 674 TOPICS: 18TH-CENTURY ART & ARCHITECTURE 2.

(3) Topics in 18th - century art and architecture.

ARTH 675 TOPICS: 19TH-CENTURY ART & ARCHITECTURE 1.

(3) Topics in 19th - century art and architecture.

ARTH 676 TOPICS: 19TH-CENTURY ART & ARCHITECTURE 2.

(3) Topics in 19th - century art and architecture.

ARTH 679 TOPICS: CANADIAN ART & VISUAL CULTURE 1.

(3) Topics in Canadian art and visual culture.

ARTH 680 GRAPHIC THEORIES OF WRITING.

(3) Interdisciplinary examination of the major theories of writing since the 1950’s, with emphasis on the graphic and material dimensions of inscriptive media.

ARTH 687 TOPICS: CANADIAN ART & VISUAL CULTURE 2.

(3) Topics in Canadian art and visual culture.

ARTH 698 THESIS RESEARCH 1.

(12) (Restriction: No credit will be given for this course unless both ARTH 698 and ARTH 699 are successfully completed.) For the completion of thesis research.

ARTH 699 THESIS RESEARCH 2.

(12) (Prerequisite: ARTH 698.) Restriction: No credit will be given for this course unless both
ARTh 701 Ph.D. Comprehensive Examination. (0)
ARTh 701D1 (0), ARTh 701D2 (0) Ph.D. Comprehensive Exam-
ination. (Students must register for both ARTh 701D1 and ARTh
701D2) (No credit will be given for this course unless both ARTH
701D1 and ARTH 701D2 are successfully completed in consecu-
tive terms) (ARTH 701D1 and ARTH 701D2 together are equiva-
lent to ARTH 701)

ARTh 701N1 Ph.D. Comprehensive Examination. (0) (Students
must also register for ARTh 701N2) (No credit will be given for
this course unless both ARTH 701N1 and ARTH 701N2 are success-
fully completed in a twelve month period) (ARTH 701N1 and ARTH
701N2 together are equivalent to ARTH 701) See ARTH 701N1 for
course description.

ARTh 701N2 Ph.D. Comprehensive Examination. (0) (Prerequi-
site: ARTH 701N1) (No credit will be given for this course unless
both ARTH 701N1 and ARTH 701N2 are successfully completed
in a twelve month period) (ARTH 701N1 and ARTH 701N2
together are equivalent to ARTH 701) See ARTH 701N1 for course
description.

ARTh 714 Directed Reading 2. (3) Directed reading.

ARTh 724 Art Criticism 2. (3) Topics in art criticism.

ARTh 725 Methods in Art History. (3)

ARTh 730 Current Problems in Art History 1. (3) Current
problems in art history.

ARTh 731 Current Problems in Art History 2. (3) Current
problems in art history.

G. Brunet, P. Gauthier, S. Laroche, H. Lin, R. Menard, A. Zadra

7.2 Programs Offered

The Department of Atmospheric and Oceanic Sciences offers
courses and research opportunities in atmospheric, physical oce-
anographic, and climate fields leading to the M.Sc. and Ph.D.
degrees. Research programs include the main areas of atmos-
pheric science, such as cloud and precipitation physics, dynamic
meteorology, numerical weather prediction, atmospheric chemis-
try, radar and satellite meteorology, and mesoscale meteorology.
Research projects in physical oceanography include the modelling
of ocean circulations as well as studies of sea ice and paleo-
climates. Some faculty members are associated with the Global
Environmental and Climate Change Centre (GEC3), which brings
together researchers from several departments to work on prob-
lems affecting the evolution of our planet, with emphasis on climate-
related questions. Topics of research of this nature in the
Department include large scale air/sea interaction, air/sea-ice
interaction, interannual and longer term variability of the atmos-
phere and oceans, and cloud-radiation climate interaction.

Other faculty members are associated with the Cooperative
Centre for Research in Mesometeorology which also includes
researchers in several other departments at McGill, in the
Département de Physique at the Université du Québec à Mon-
tréal, and in Montreal offices of the Meteorological Service of
Canada. The objective of the Centre is to study the evolution,
maintenance and decay of mesoscale precipitation systems.
Such systems, whose sizes range from 10 to 300 km, are impor-
tant for the precipitation climatology of southern Quebec.

Facilities include the J. Stewart Marshall Radar Observatory, a
radar wind profiler and a laser ceilometer and several years of
global atmospheric data. Graduate students have access to large
and small computers, including the NEC supercomputer of the
Meteorological Service of Canada.

Financial assistance in the form of research or teaching assist-
ships is available for all qualified graduate students.

7.3 Admission Requirements

Applicants for the M.Sc. program must meet the general require-
ments of the Graduate and Postdoctoral Studies Office and hold a
bachelor’s degree with high standing in atmospheric science,
physics, mathematics, engineering, or equivalent.

The normal requirement for admission to the Ph.D. program is an
M.Sc. degree in atmospheric science, physical oceanography,
or related discipline with acceptably high standing. Students with-
out a Master’s degree in Atmospheric Science (Meteorology) or
Physical Oceanography but with a strong background in related
disciplines (physics, mathematics, engineering) may be admitted
to the Ph.D. program. They enter at the Ph.D. I rather than the
Ph.D. II level, and devote the first year of the program mainly to
course work.

Inquiries should be addressed directly to the Chair of Admis-
sions, Department of Atmospheric and Oceanic Sciences.

McGill’s online application form for graduate program candi-
dates is available at www.mcgill.ca/applying/graduate.

7.4 Program Requirements

M.Sc. in Atmospheric and Oceanic Sciences (Thesis)
(45 to 51 credits)

The M.Sc. degree requires a total of a minimum of 45 credits, up
to a maximum of 51 credits. The program includes from 9 to
27 credits of course work (depending on the student's
Required Courses

M.Sc. in Atmospheric and Oceanic Sciences (Thesis) –

* Students entering the program with no previous background in atmospheric or oceanic science must take, or be exempted from, these courses.

Complementary Courses

9 - 27 credits of 500- or 600-level departmental courses (ATOC up to ATOC 690. Subject to departmental approval, graduate-level courses in other departments may be taken.

** Students entering the program with a strong B.Sc. or Diploma in Meteorology will take at least the 9 credit minimum; those with no previous background in atmospheric science or physical oceanography must take the 27 credit maximum.

Thesis Component – Required

9 - 21 credits from the following courses:

In addition to the above mandatory thesis credits, students must take sufficient thesis courses from the list ATOC 691-696 so that the number of thesis research credits is at least 24, and the total number of credits in the program is at least 45.

M.Sc. in Atmospheric and Oceanic Sciences (Thesis) – Computational Science and Engineering Option/Concentration

Required Courses

15 credits from the following two courses:

Complementary Courses

Two courses from List A, two courses from List B (normally ATOC 513 and ATOC 515); the remaining credits to be chosen from graduate-level courses in the Department. Two complementary courses must be taken outside the Department of Atmospheric and Oceanic Sciences. Two complementary courses must be taken outside the Department of Atmospheric and Oceanic Sciences.

List A - Scientific Computing Courses:

List B - Applications and Specialized Methods Courses:

Thesis Component – Required

15 credits from the following two courses:

Complementary Courses

Two courses from List A, two courses from List B (normally ATOC 513 and ATOC 515); the remaining credits to be chosen from graduate-level courses in the Department. Two complementary courses must be taken outside the Department of Atmospheric and Oceanic Sciences. Two complementary courses must be taken outside the Department of Atmospheric and Oceanic Sciences. Two complementary courses must be taken outside the Department of Atmospheric and Oceanic Sciences.
9 credits from:
ATOC 691 (3) Master's Thesis Literature Review
ATOC 692 (6) Master's Thesis Research 1
ATOC 693 (6) Master's Thesis Research 2
ATOC 695 (6) Master's Thesis Research 3
ATOC 696 (6) Master's Thesis Research 4

12 credits of 500- or 600-level departmental courses (ATOC up to ATOC 690, EPSC up to EPSC 560).

3 credits chosen from:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4
or another course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee.

**Thesis Component – Required** (15 credits)
ATOC 694 (3) Master's Thesis Progress Report and Seminar
ATOC 699 (12) Master's Thesis

**Ph.D. in Atmospheric and Oceanic Sciences**
The Ph.D. program consists of supervised research and normally a minimum of two approved courses. Candidates are required to submit a written thesis proposal, to present a Ph.D. proposal seminar (ATOC 700), and to take the Ph.D. oral comprehensive examination (ATOC 701). The standard Graduate and Postdoctoral Studies Office requirements concerning a thesis must be satisfied.

### 7.5 Courses

**Students preparing to register should consult the Web at www.mcgill.ca/minerva** (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Term(s) offered (Fall, Winter, Summer) may appear after the credit weight is given in parentheses after the title. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Term(s) offered (Fall, Winter, Summer) may appear after the credit weight is given in parentheses after the title. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

**Note:** All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrolment.

The course credit weight is given in parentheses after the title.

**ATOC 512 ATMOSPHERIC AND OCEANIC DYNAMICS.** (3) (Fall) (3 hours lectures) (Prerequisite (Undergraduate): Permission of instructor) Introduction to the fluid dynamics of large-scale flows of the atmosphere and oceans. Stratification of atmosphere and oceans. Equations of state, thermodynamics and momentum. Kinematics, circulation, and vorticity. Hydrostatic and quasi-geostrophic flows. Brief introduction to wave motions, flow over topography, Ekman boundary layers, turbulence.

**ATOC 515 TURBULENCE IN ATMOSPHERE AND OCEANS.** (3) (3 hours lectures) (Prerequisite (Undergraduate): ATOC 512 or permission of instructor) Application of statistical and semi-empirical methods to the study of geophysical turbulence. Reynolds' equations, dimensional analysis, and similarity. The surface and planetary boundary layers. Oceanic mixed layer. Theories of isotropic two- and three-dimensional turbulence: energy and enstrophy inertial ranges. Beta turbulence.

**ATOC 530 CLIMATE DYNAMICS 1.** (3) (Fall) (3 hours lectures) (Prerequisite (Undergraduate): Permission of instructor) (Restriction: Graduate students and final-year Honours Atmospheric Science students. Others by special permission.) Introduction to the components of the climate system. Review of paleoclimates. Physical processes and models of climate and climate change.

**ATOC 531 CLIMATE DYNAMICS 2.** (3) (Winter) (3 hours lectures) (Prerequisite (Undergraduate): Permission of instructor) (Restriction: Graduate students and final-year Honours Atmospheric Science students. Others by special permission.) The general circulation of the atmosphere and oceans. Atmospheric and oceanic general circulation models. Observations and models of the El Niño and Southern Oscillation phenomena.

**ATOC 540 SYNOPTIC METEOROLOGY 1.** (3) (Fall) (2 hours lectures; 2 hours laboratory) (Prerequisite (Undergraduate): Permission of instructor) Analysis of current meteorological data. Description of a geostrophic, hydrostatic atmosphere. Ageostrophic circulations and hydrostatic instabilities. Kinematic and thermodynamic methods of computing vertical motions. Tropical and extratropical condensation rates. Barotropic and equivalent barotropic atmospheres.

**ATOC 541 SYNOPTIC METEOROLOGY 2.** (3) (Winter) (2 hours lectures; 2 hours laboratory) (Prerequisite (Undergraduate): ATOC 412 and ATOC 540 or permission of instructor.) Analysis of current meteorological data. Quasi-geostrophic theory, including the omega equation, as it relates to extratropical cyclone and anticyclone development. Frontogenesis and frontal circulations in the lower and upper troposphere. Cumulus convection and its relationship to tropical and extratropical circulations. Diagnostic case study work.

**ATOC 546 CURRENT WEATHER DISCUSSION.** (1) (Fall) (2 hours) (Prerequisite (Undergraduate): ATOC 540 or permission of instructor) (Restriction: Graduate students and final-year Honours Atmospheric Science students. Others by special permission.) Half-hour briefing on atmospheric general circulation and current weather around the world using satellite data, radar observations, conventional weather maps, and analyses and forecasts produced by computer techniques.

**ATOC 550 SPECIAL TOPICS METEOROLOGY AND OCEANOGRAPHY.** (1) (Fall) (1 hour lecture) (Prerequisite (Undergraduate): Permission of instructor) (Restriction: Graduate students and final-year Honours Atmospheric Science students. Others by special permission.) Lectures and seminars on special topics such as hydrology, agricultural meteorology, the limits of predictability, planetary atmospheres, atmospheric and oceanic pollution, coastal currents, and research reviews.

**ATOC 551 SPECIAL TOPICS METEOROLOGY AND OCEANOGRAPHY.** (3) (Restriction: Course restricted to students in U3 undergraduate or graduate programs in ATOC or in closely related disciplines, and permission of the instructor.) Topics in atmospheric and oceanic sciences.

**ATOC 552 SELECTED TOPICS 2.** (3) (Restrictions: Course restricted to students in U3 undergraduate or graduate programs in ATOC or in closely related disciplines, and permission of the instructor.) Topics in atmospheric and oceanic sciences.

**ATOC 555 FIELD COURSE 1.** (3) (Restrictions: Course restricted to students in U3 undergraduate or graduate programs in ATOC or in closely related disciplines, and permission of the instructor.) Field studies in selected topics of the atmospheric and oceanic sciences.

**ATOC 556 FIELD COURSE 2.** (3) (Restrictions: Course restricted to students in U2 undergraduate or graduate programs in ATOC or in closely related disciplines, and permission of the instructor.) Field studies in selected topics of the atmospheric and oceanic sciences.
ATOC 568 Ocean Physics. (3) (Winter) (3 hours lectures) (Prerequisite (Undergraduate): ATOC 512 or permission of instructor) (Restriction: Graduate students and final-year Honours Atmospheric Science students. Others by special permission.) Research methods in physical oceanography including data analysis and literature review. Course will be divided into five separate modules focussing on temperature-salinity patterns, ocean circulation, boundary layers, wave phenomena and tides.

ATOC 646 Mesoscale Meteorology. (3) (3 hours) Examination of the theory of important mesoscale phenomena, including fronts, cumulus convection and its organization, and tropical and extratropical cyclones. Application of the theory with detailed case studies of these phenomena. Mesoscale processes in numerical simulations.

ATOC 669 Computational Science Engineering Seminar. (1) (Restriction: This seminar course is open only to students who were admitted to the CSE Program Option.) Techniques and applications in computational science and engineering.

ATOC 669D1 (0.5). ATOC 669D2 (0.5) CSE Seminar. Techniques and applications in computational science and engineering.

ATOC 670 Reading Course: Meteorology 1. (3) Assigned reading of a specialized topic in meteorology with formal evaluation.

ATOC 671 Reading Course: Meteorology 2. (3) Assigned reading of a specialized topic in meteorology with formal evaluation.

ATOC 672 Reading Course: Oceanography 1. (3) Assigned reading of a specialized topic in oceanography with formal evaluation.

ATOC 691 Master's Thesis Literature Review. (3) Review of relevant literature in preparation for the M.Sc. research.

ATOC 692 Master's Thesis Research 1. (6) Independent research under the supervision of the student's M.Sc. supervisor.

ATOC 692N1 Master's Thesis Research 1. (3) (Students must also register for ATOC 692N2) (No credit will be given for this course unless both ATOC 692N1 and ATOC 692N2 are successfully completed in a twelve month period) (ATOC 692N1 and ATOC 692N2 together are equivalent to ATOC 692) Independent research under the supervision of the student's M.Sc. supervisor.

ATOC 692N2 Master's Thesis Research 1. (3) (Prerequisite: ATOC 692N1) (No credit will be given for this course unless both ATOC 692N1 and ATOC 692N2 are successfully completed in a twelve month period) (ATOC 692N1 and ATOC 692N2 together are equivalent to ATOC 692) See ATOC 692N1 for course description.

ATOC 693 Master's Thesis Research 2. (6) Independent research under the supervision of the student's M.Sc. supervisor.

ATOC 693N1 Master's Thesis Research 2. (3) (Students must also register for ATOC 693N2) (No credit will be given for this course unless both ATOC 693N1 and ATOC 693N2 are successfully completed in the same calendar year) (ATOC 693N1 and ATOC 693N2 together are equivalent to ATOC 693) Independent research under the supervision of the student's M.Sc. supervisor.

ATOC 693N2 Master's Thesis Research 2. (3) (Prerequisite: ATOC 693N1) (No credit will be given for this course unless both ATOC 693N1 and ATOC 693N2 are successfully completed in the same calendar year) (ATOC 693N1 and ATOC 693N2 together are equivalent to ATOC 693) See ATOC 693N1 for course description.

ATOC 694 Master's Thesis Progress Report and Seminar. (3) Written report on the M.Sc. research progress and oral presentation of the report in seminar form to staff and students.

ATOC 695 Master's Thesis Research 3. (6) Independent research under the supervision of the student's M.Sc. supervisor.

ATOC 696 Master's Thesis Research 4. (6) Independent research under the supervision of the student's M.Sc. supervisor.

ATOC 699 Master's Thesis. (12) Independent research under the supervision of the student's M.Sc. supervisor leading to the M.Sc. thesis.

ATOC 699N1 Master's Thesis. (6) (Students must also register for ATOC 699N2) (No credit will be given for this course unless both ATOC 699N1 and ATOC 699N2 are successfully completed in a twelve month period) (ATOC 699N1 and ATOC 699N2 together are equivalent to ATOC 699) Independent research under the supervision of the student's M.Sc. supervisor leading to the M.Sc. thesis.

ATOC 699N2 Master's Thesis. (6) (Prerequisite: ATOC 699N1) (No credit will be given for this course unless both ATOC 699N1 and ATOC 699N2 are successfully completed in a twelve month period) (ATOC 699N1 and ATOC 699N2 together are equivalent to ATOC 699) See ATOC 699N1 for course description.

ATOC 700 Ph.D. Proposal Seminar. (1)

ATOC 701 Ph.D. Comprehensive (General). (0)

ATOC 701D1 (0), ATOC 701D2 (0) Ph.D. Comprehensive (General). (Students must register for both ATOC 701D1 and ATOC 701D2) (No credit will be given for this course unless both ATOC 701D1 and ATOC 701D2 are successfully completed in consecutive terms) (ATO C 701D1 and ATOC 701D2 together are equivalent to ATOC 701)

ATOC 751 Seminar: Physical Meteorology. (6) Seminars on topics in physical meteorology. Students are required to present one or more seminars during the year on their thesis research and to participate actively in the seminars given by others.

ATOC 751D1 (3), ATOC 751D2 (3) Seminar: Physical Meteorology. (Students must register for both ATOC 751D1 and ATOC 751D2) (No credit will be given for this course unless both ATOC 751D1 and ATOC 751D2 are successfully completed in consecutive terms) (ATO C 751D1 and ATOC 751D2 together are equivalent to ATOC 751) Seminars on topics in physical meteorology. Students are required to present one or more seminars during the year on their thesis research and to participate actively in the seminars given by others.

ATOC 752D1 (0.5), ATOC 752D2 (0.5) Atmospheric, Oceanic and Climate Dynamics. (Students must register for both ATOC 752D1 and ATOC 752D2) (No credit will be given for this course unless both ATOC 752D1 and ATOC 752D2 are successfully completed in consecutive terms) Seminars on topics in atmospheric, oceanic and climate dynamics. Students are required to present one or more seminars during the year on their thesis research and to participate actively in the seminars given by others.

Associate Chair — David Y. Thomas
### 8.1 Staff

**Emeritus Professors**
Angus F. Graham; M.Sc., Ph.D., D.Sc.(Edin.), F.R.S.C.
Rose M. Johnstone; B.Sc., Ph.D., F.R.S.C.

**Professors**
Nicole Beauchemin; B.Sc., M.Sc.(McG), Ph.D.(M.C.)
Rhoda Blostein; B.Sc., M.Sc., Ph.D.(McG), F.R.S.C.
Philip E. Branton; B.Sc., M.Sc., Ph.D.(McG), F.R.S.C.
Robert E. MacKenzie; B.Sc., Ph.D.(McG)
Walter E. Mushinsky; B.Sc., Ph.D.(McG)
Alain Nepveu; B.Sc., M.Sc.(Montr.), Ph.D.(Sher.)

**Associate Professors**
Bhushan Nagar; B.Sc., Ph.D. (Tor.)
Nicole Beauchemin; B.Sc., M.Sc., Ph.D.(Montr.)

**Associate Members**
Karine Auclair; M.Sc., Ph.D.(McM), F.R.S.C.

**Adjunct Professors**
Prabhat Arya (NRC, Steacie Inst. for Mol. Sciences); Katherine Gianflone (Université Laval); Mirek Cygler (NRC/BRI); Jacques Drouin (Clin. Res. Inst.); Anny Fortin (Emerillon Therapeutics Inc.); Martin Lattérich (U. of Mtl.); Karen Meeroovitch (Mimetogen Pharmaceuticals); Maureen D. O’Connor-McCourt (NRC/BRI); Tarik Möröy (IRCM); Donald Nicholson (Merck Frosst); Enrico Purisima (NRC/BRI); Martine Raymond (IRIC), Alex Therien (Merck Frosst Canada).

### 8.2 Programs Offered

The Department of Biochemistry offers training at both the M.Sc. and Ph.D. levels. There are a wide variety of areas in which specialized training for the Ph.D. can be obtained. The Department also offers two Interdepartmental options together with other University departments. The first is the Chemical Biology Graduate Option, offered jointly with the Departments of Chemistry and Pharmacology and Therapeutics. Information on this option can be found on the Web at www.mcgill.ca/biochemistry/chemicalbiology. The Bioinformatics Option available as of January 2006, is offered jointly with several other University departments. For information, consult the Bioinformatics section under the Biochemistry department’s Website at www.mcgill.ca/biochemistry.

Students interested in training in these options must first be accepted for graduate studies by one of the participating departments.

The Department concentrates on the following key areas of research: signal transduction; molecular genetics; gene regulation; oncogenes; structure, function and regulation of proteins; membrane structure, function and assembly; intracellular protein targeting; embryonic development; bioinformatics; chemical biology and cellular neurobiology. A summary of the research interest of faculty members is available on the Department’s Website.

**Funding**
Prospective students are urged to make every effort to secure their own funding. All students accepted to the program must be financially supported either by their supervisor or through scholarships or fellowships. All applicants accepted by a member of Biochemistry, having a first class standing, will be eligible for a recruitment fellowship. Applications are not required. Applications may be made for a variety of fellowships administered by the University or by various private, provincial or federal agencies. Deadlines for completion of most fellowship applications vary from October to February for studies beginning the following September. For more information on fellowships and awards, see the Graduate and Postdoctoral Studies Office Website, www.mcgill.ca/gps.

### 8.3 Admission Requirements

Admission is based on the candidate’s academic record, letters of recommendation, curriculum vitae and personal statement. A minimum grade point average of 3.2/4.0 (B+) is required. Files that do not meet the minimum requirement will not be considered.

**Master’s Program**
Candidates for the M.Sc. degree must hold a B.Sc. degree or its equivalent in Biochemistry or in related disciplines (e.g., biology, chemistry, physics, physiology, microbiology).

**Doctoral Program**
Candidates who have completed their M.Sc. degree may be admitted directly to the Ph.D. program. Candidates who are admitted to the M.Sc. program and who are interested in the Ph.D. may transfer directly to the Ph.D. program after successfully completing the transfer seminar (BIOC 701) and all course requirements. The M.Sc. thesis requirement is then waived. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is
the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit the following:

TOEFL: Minimum score of 600, 250 on computer-based test, or 100 on an internet-based test with each component score of not less than 20.

GRE: Subject Test in Biochemistry, Cell and Molecular Biology with a minimum score of 550. (Not required, but strongly recommended.)

Admissions Requirements - Chemical Biology Option

As for the regular graduate programs of the participating departments, acceptance into the Chemical Biology Option consists of two steps:

1. Preliminary approval by the Department's Graduate Committee based on the student's transcript, references and other documents submitted with the application. The criteria for assessment at this level are the same as for the regular graduate programs of the participating departments.

2. Acceptance by an individual research director. For students wishing to participate in the Chemical Biology Option, the director must propose a research project for the student that provides training in the methods and philosophy of chemical biology. Project proposals are assessed by the Chemical Biology Program Committee.

8.4 Application Procedures

Applications will be considered upon receipt of:

1. application form;
2. curriculum vitae;
3. application fee ($80);
4. two official letters of recommendation from professors;
5. two official transcripts;
6. test results (TOEFL/GRE) if applicable.

All information is to be submitted to the Admissions Officer, Department of Biochemistry. All applicants are encouraged to approach staff members during or before the application process since no students are accepted without a supervisor.

McGill's online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

Deadlines

Applications should be submitted as early as possible in order to meet the following deadlines:

**Canadian applicants**

- September 15 for the Winter term (January)
- May 15 for the Fall term (September)

**International applicants**

- June 1 for the Winter term (January)
- February 1 for the Fall term (September)

8.5 Program Requirements

Coursework

All students are required to complete (in addition to BIOC 696) a minimum of 6 credits of 500 - or higher - level courses as part of their M.Sc. or Ph.D. program, including at least one of BIOC 603, BIOC 604, BIOC 605, or EXMD 615. Other courses are chosen in consultation with the research director. The Graduate Admissions Committee may stipulate additional coursework depending on the background of the candidate. BIOC 603 Genomics and Gene Expression and BIOC 454 Nucleic Acids are additional requirements for those who have not previously completed equivalent courses in their prior training.

The M.Sc. program usually requires a minimum of two years of study. Students in the M.Sc. program are required to complete all course requirements and submit a thesis.

Transfer from the M.Sc. to the Ph.D. Program

After 21 months students may transfer to the Ph.D. program only if all transfer requirements have been fulfilled. This includes completion of the Research Seminar 1 (BIOC 701) and the minimum of 9 course credits specified above, plus any additional course work stipulated by the Graduate Admissions Committee. The M.Sc. thesis requirement is then waived.

Ph.D. in Biochemistry

**Required Course (3 credits)**

- BIOC 696 (3) Seminars in Biochemistry

**Complementary Courses (6 credits minimum)**

At least 3 credits from the courses listed below plus additional credits to a minimum of 6 total complementary course credits of 500-level or higher courses in the biomedical and allied sciences, chosen in consultation with the research director.

- BIOC 603 (3) Genomics and Gene Expression
- BIOC 604 (3) Macromolecular Structure
- BIOC 605 (3) Structural Biology and Proteomics
- EXMD 615 (3) Membrane Carbohydrates

The Graduate Advisory Committee may stipulate additional coursework depending on the background of the candidate. BIOC 450 Protein Structure and Function and BIOC 454 Nucleic Acids are additional requirements for those who have not previously completed equivalent courses in their prior training.

**Comprehensives - Required**

- BIOC 701 (0) Research Seminar 1
- BIOC 702 (0) Ph.D. Thesis Proposal
- BIOC 703 (0) Research Seminar 2

Students must complete BIOC 701 in the third term after admission to the program, BIOC 702 in the 5th or 6th term, and BIOC 703 approximately 6 months prior to submission of the Ph.D. thesis.

**Thesis - Required**

The following requirements must be satisfied:

**Required Courses (39 credits)**

- BIOC 696 (3) Seminars in Biochemistry
- BIOC 697 (9) Thesis Research 1
- BIOC 698 (12) Thesis Research 2
- BIOC 699 (15) Thesis Research 3

**Complementary Courses (6 credits)**

At least three credits must be chosen from the following:

- BIOC 603 (3) Genomics and Gene Expression
- BIOC 604 (3) Macromolecular Structure
- BIOC 605 (3) Structural Biology and Proteomics
- EXMD 615 (3) Membrane Carbohydrates

Plus, additional credits, to a minimum of 6 total complementary course-credits, of 500 - or higher level courses in biomedical and allied sciences.

Complementary courses are chosen in consultation with the research director. The Graduate Advisory Committee may stipulate additional coursework depending on the background of the candidate. BIOC 450 Protein Structure and Function and BIOC 454 Nucleic Acids are additional requirements for those who have not previously completed equivalent courses in their prior training.
Program Requirements – Chemical Biology Option

The curriculum of the Chemical Biology Option is structured so that in completing the option, students also complete the course requirements for the regular graduate programs in their home departments. For this reason, program requirements are listed separately for each department, even though the 'core' content in Chemical Biology (9 lecture credits plus 2 or 4 seminar credits for each program) is the same for each. The course requirements for the Chemical Biology Option taken through the Biochemistry Department are available at www.mcgill.ca/biochemistry/chemicalbiology.

M.Sc. in Biochemistry – Chemical Biology Option/Concentration (47 credits)

Required Course (3 credits)
BIOC 696 (3) Seminars in Biochemistry

Complementary Courses (11 credits)
2 credits, two of the following courses:
BIOC 610 (1) Seminars in Chemical Biology 1
BIOC 611 (1) Seminars in Chemical Biology 3
CHEM 689 (1) Seminars in Chemical Biology 2
CHEM 690 (1) Seminars in Chemical Biology 4

at least 3 credits from the following courses:
CHEM 502 (3) Advanced Bio-Organic Chemistry
CHEM 503 (3) Drug Design and Development 1
or PHAR 503

at least 3 credits to be chosen from the following courses:
BIOC 603 (3) Genomics and Gene Expression
BIOC 604 (3) Macromolecular Structure
BIOC 605 (3) Structural Biology and Proteomics
EXMD 615 (3) Membrane Carbohydrate

plus additional credits, to a total of at least 11 complementary course credits from the following list:
CHEM 504 (3) Drug Design and Development 2
or PHAR 504
CHEM 582 (3) Supramolecular Chemistry
CHEM 591 (3) Bioinorganic Chemistry
CHEM 621 (5) Recent Advances in Organic Chemistry
CHEM 623 (5) Stereocchemistry
CHEM 629 (5) Organic Synthesis
CHEM 655 (4) Advanced NMR Spectroscopy
EXMD 510 (3) Bioanalytical Separation Methods
EXMD 602 (3) Techniques in Molecular Genetics
PHAR 562 (3) General Pharmacology 1
PHAR 563 (3) General Pharmacology 2
PHAR 707 (3) Molecular Pharmacology

Thesis Component - Required (33 credits)
BIOC 695 (6) Thesis Research 1 (Chemical - Biology)
BIOC 698 (12) Thesis Research 2
BIOC 699 (15) Thesis Research 3

Ph.D. in Biochemistry – Chemical Biology Option/Concentration (45 credits)

Required Courses (7 credits)
BIOC 696 (3) Seminars in Biochemistry
BIOC 610 (1) Seminars in Chemical Biology 1
BIOC 611 (1) Seminars in Chemical Biology 3
CHEM 689 (1) Seminars in Chemical Biology 2
CHEM 690 (1) Seminars in Chemical Biology 4

Complementary Courses (9 credits)

at least 3 credits from the following courses:
CHEM 502 (3) Advanced Bio-Organic Chemistry
CHEM 503 (3) Drug Design and Development 1
or PHAR 503

at least 3 credits to be chosen from the following courses:
BIOC 603 (3) Genomics and Gene Expression
BIOC 604 (3) Macromolecular Structure
BIOC 605 (3) Structural Biology and Proteomics
EXMD 615 (3) Membrane Carbohydrate

plus additional credits, to a total of at least 9 complementary course credits from the following list:
CHEM 504 (3) Drug Design and Development 2
or PHAR 504
CHEM 582 (3) Supramolecular Chemistry
CHEM 591 (3) Bioinorganic Chemistry
CHEM 621 (5) Recent Advances in Organic Chemistry
CHEM 623 (5) Stereocchemistry
CHEM 629 (5) Organic Synthesis
CHEM 655 (4) Advanced NMR Spectroscopy
EXMD 510 (3) Bioanalytical Separation Methods
EXMD 602 (3) Techniques in Molecular Genetics
PHAR 562 (3) General Pharmacology 1
PHAR 563 (3) General Pharmacology 2
PHAR 707 (3) Molecular Pharmacology

Comprehensives - Required

Thesis - Required

M.Sc. in Biochemistry – Bioinformatics Option/Concentration (45 credits)

Required Courses (6 credits)
BIOC 696 (3) Seminars in Biochemistry
COMP 616 (3) Bioinformatics Seminar

Complementary Courses (9 credits)
3 credits to be chosen from the following courses:
BIOC 603 (3) Genomics and Gene Expression
BIOC 604 (3) Macromolecular Structure
BIOC 605 (3) Structural Biology and Proteomics
EXMD 615 (3) Membrane Carbohydrate

plus 6 credits from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics
PHGY 603 (3) Systems Biology and Biophysics

The Graduate Advisory Committee may stipulate additional course work depending on the background of the candidate. BIOC 450 Protein Structure and Function and BIOC 454 Nucleic Acids are additional requirements for those who have not previously completed equivalent courses in their prior training.

Thesis Component - Required (30 credits)
BIOC 694 (3) Thesis Research 4
BIOC 698 (12) Thesis Research 2
BIOC 699 (15) Thesis Research 3

Ph.D. in Biochemistry – Bioinformatics Option/Concentration

Required Courses (6 credits)
BIOC 696 (3) Seminars in Biochemistry
COMP 616 (3) Bioinformatics Seminar

Complementary Courses (9 credits)
3 credits to be chosen from the following courses:
BIOC 603 (3) Genomics and Gene Expression
BIOC 604 (3) Macromolecular Structure
BIOC 605 (3) Structural Biology and Proteomics
EXMD 615 (3) Membrane Carbohydrate

plus 6 credits from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics
PHGY 603 (3) Systems Biology and Biophysics

The Graduate Advisory Committee may stipulate additional course work depending on the background of the candidate. BIOC 450 Protein Structure and Function and BIOC 454 Nucleic Acids are additional requirements for those who have not previously completed equivalent courses in their prior training.

Comprehensives - Required
BIOC 701 (0) Research Seminar 1
BIOC 702 (0) Ph.D. Thesis Proposal
BIOC 703 (0) Research Seminar 2

Students must complete BIOC 701 in the third term after admission to the program, BIOC 702 in the 5th or 6th term, and BIOC 703 approximately 6 months prior to submission of the Ph.D. thesis.

Thesis - Required

8.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Term(s) offered (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

Note: All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

BIOC 603 GENOMICS AND GENE EXPRESSION. (3) (Fall) (Prerequisites: BIOC 454 and permission of instructor.) Examination of recent developments in analysis of eukaryotic cell genomes and control of gene expression. Molecular genetics; genomics and the bioinformatics of analysis of genomic and functional-genomic data; mechanisms and signal-transduction pathways for regulation of gene expression; applications to human disease.

★ BIOC 604 MACROMOLECULAR STRUCTURE. (3) (Fall) (Prerequisite: BIOC 450 or equivalent) (Lectures in French and English) (Offered in the Fall term, in even alternate years). X-Ray crystallography, NMR spectroscopy, computational methods and theoretical approaches to the determination and analysis of macromolecular structures. Theory and practical applications will be covered. Examples will include interpretation of structure as it applies to biological functions. In conjunction with the Université de Montréal.

BIOC 605 STRUCTURAL BIOLOGY AND PROTEOMICS. (3) (Winter) (Prerequisite: BIOC 450 or equivalent, or permission of instructor.) Examination of recent developments in structural biology and proteomics analysis. Diffraction, NMR and modeling approaches to macromolecular structure; biophysical, proteomics and related approaches to characterize the physical and functional interactions of biological macromolecules; applications to biological problems.

BIOC 610 SEMINARS IN CHEMICAL BIOLOGY 1. (1) (Restrictions: Open only to students registered for the M.Sc. or Ph.D. Graduate Option in Chemical Biology.) First multidisciplinary seminar in chemical biology.

BIOC 611 SEMINARS IN CHEMICAL BIOLOGY 3. (1) (Restrictions: Open only to students registered for the M.Sc. or Ph.D. Graduate Option in Chemical Biology.) Third multidisciplinary seminar in chemical biology.

BIOC 694 THESIS RESEARCH 4. (3) (Restriction: Open to students enrolled in the M.Sc. in Biochemistry (Bioinformatics Option) program.) Laboratory research focusing on the thesis research project for the M.Sc. degree in Biochemistry; Bioinformatics Option.

BIOC 695 THESIS RESEARCH 1 (CHEMICAL - BIOLOGY) (6) (Restrictions: Open only to students registered for the M.Sc. Graduate Option in Chemical Biology.) Research toward completion of thesis.

BIOC 696 SEMINARS IN BIOCHEMISTRY. (3) (Restriction: Open to M.Sc. and Ph.D. Biochemistry students only.) Seminars in biochemistry.

BIOC 696D1 (1.5), BIOC 696D2 (1.5) SEMINARS IN BIOCHEMISTRY. (Students must register for both BIOC 696D1 and BIOC 696D2.) (No credit will be given for this course unless both BIOC 696D1 and BIOC 696D2 are successfully completed in consecutive terms.) Seminars in biochemistry.

BIOC 697 THESIS RESEARCH 1. (9)
BIOC 698 THESIS RESEARCH 2. (12)
BIOC 699 THESIS RESEARCH 3. (15)

BIOC 701 RESEARCH SEMINAR 1. (0) (Biochemistry graduate students) Presentation on original current laboratory research carried out by student.

BIOC 702 PH.D. THESIS PROPOSAL. (0) (Biochemistry graduate students) Dissertation presented to Committee.

BIOC 703 RESEARCH SEMINAR 2. (0) (Restriction: Ph.D. students in Biochemistry) Presentation of the planned thesis including central findings and original contribution to knowledge in the field of research.

ADVANCED UNDERGRADUATE COURSES

BIOC 404 BIOPHYSICAL CHEMISTRY. (3) (Winter) (Prerequisites: CHEM 204, CHEM 214 or equivalent) (Restriction: Not open to students who have taken or are taking CHEM 404.) Hydrodynamic and electrophoretic methods for separation and characterization of macromolecules. Optical and magnetic resonance spectroscopy of biopolymers, and applications to biological systems.

BIOC 450 PROTEIN STRUCTURE AND FUNCTION. (3) (Fall) (Prerequisites: BIOC 311, BIOC 312 and/or sufficient organic chemistry.) (Restriction: Intended primarily for students at the U3 level) Primary, secondary, tertiary and quaternary structure of enzymes. Active site mapping and site-specific mutagenesis of enzymes. Enzyme kinetics and mechanisms of catalysis. Multienzyme complexes.

BIOC 454 NUCLEIC ACIDS. (3) (Fall) (Prerequisites: BIOC 311, BIOC 312 or permission of instructor) Chemistry of RNA and DNA, transcription and splicing of RNA and their control; enzymology of DNA replication. Special topics on transgenics, genetic diseases and cancer.

BIOC 455 NEUROCHEMISTRY. (3) (Winter) (Prerequisites: BIOC 311, BIOC 312 or permission of instructor) Covers biochemical mechanisms underlying central nervous system function. Introduces basic neuroanatomy, CNS cell types and morphology, neuronal excitability, chemically mediated transmission, glial function. Biochemistry of specific neurotransmitters, endocrine effects on brain, brain energy metabolism and cerebral ischemia (stroke). With examples, where relevant, of biochemical processes disrupted in human CNS disease.

BIOC 458 MEMBRANES AND CELLULAR SIGNALING. (3) (Winter) (Prerequisites: BIOC 212, ANAT 262; one of PHGY 201, PHGY 209 or BIOL 205; one of BIOC 312 or ANAT 365; and BIOC 311 or permission of instructors) (Restriction: This course is also listed as ANAT 458. Not open to students who have taken or are taking ANAT 458 or BIOC 458) An integrated treatment of the properties of biological membranes and of intracellular signaling, including the major role that membranes play in transducing and integrating
cellular regulatory signals. Biological membrane organization and dynamics; membrane transport; membrane receptors and their associated effectors; mechanisms of regulation of cell growth, morphology, differentiation and death.

**BIOC 503 IMMUNOCHEMISTRY.** (3) (Winter) (Prerequisites: BIOC 311, BIOC 312) This course, presented in lecture format, emphasizes the molecular, genetic and structure function events that occur in the humoral immune response. Interleukins and other mediators of inflammation, a field in which rapid changes are occurring, are discussed. The clinical significance of fundamental biochemical findings is described.

### 9 Bioethics

For information, write to:
Chair, Master's Specialization in Bioethics
Biomedical Ethics Unit
3647 Peel Street
Montreal, QC H3A 1X1
Canada

Telephone: (514) 398-6980
Fax: (514) 398-8349
Website: www.mcgill.ca/biomedicalethicsunit/masters

#### 9.1 Staff

E. Bereza; B.A., M.D., C.M.(McG.), C.C.F.P.(C)
A. Campbell; B.A., L.L.B., B.C.L.(McG.), L.L.M.(Harv.)
C. Ellis; R.R.T(VGH), M.A., Ph.D.(Tenn.)
K.C. Glass; A.M.(Chic.), LL.B., B.C.L., D.C.L.(McG.)
N. Gilmore; B.A.(College of the Holy Cross), Ph.D.(Lon.), M.D.(Vt.)
J. Kimmelman; B.S.(Duke), Ph.D.(Yale)
L. Turner; B.A.(Winn.), M.A.(Manit.), M.A., Ph.D.(S.Calif.)

#### 9.2 Programs Offered

Master's Specialization in Bioethics.

The Master's Specialization in Bioethics is sponsored by the:
- Faculty of Medicine, Division of Experimental Medicine;
- Faculty of Law;
- Faculty of Religious Studies; and
- Faculty of Arts, Department of Philosophy.

Students receive an M.A., L.L.M. or M.Sc. degree in the discipline chosen with a specialization in Bioethics.

#### 9.3 Admission Requirements

M.D., bachelor's level professional training in a health science, or bachelor's degree in law, philosophy or religious studies. Other students may be considered on an individual basis.

Enrolment is limited to 12 students.

#### 9.4 Application Procedures

Applications are made initially through the Biomedical Ethics Unit in the Faculty of Medicine, which administers the program and teaches the core courses.

Applicants must be accepted by the appropriate Faculty, the Bioethics Graduate Studies Advisory Committee, and the Graduate and Postdoctoral Studies Office.

McGill's online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

#### 9.5 Program Requirements

The curriculum is composed of required courses (for 6 credits) offered in the Biomedical Ethics Unit, bioethics courses (3 credits minimum) offered by the base faculty or department and any graduate courses required or accepted by a base faculty for the granting of a Master's degree, for a total of 21 credits. A minimum of 45 credits is required including the thesis.

**Registration Requirements:** Depending upon the requirements of the base discipline, a minimum of three terms is required for completion of the program, including course work and thesis.

**Thesis Supervision:** Thesis supervision for students in the specialization is provided by a participating faculty member in the program. Thesis examination will be conducted according to the base discipline and the Graduate and Postdoctoral Studies Office norms.

**Required Courses – Biomedical Ethics Unit (6 credits)**

- BIOE 680 (3) Bioethical Theory
- BIOE 681 (3) Bioethics Practicum

**Required Course – base faculty (3 credits)**

one of the following:
- BIOE 682 (3) Medical Basis of Bioethics
- CMPL 642 (3) Law and Health Care
- PHIL 543 (3) Seminar: Medical Ethics
- RELG 571 (3) Religion and Medicine

**Complementary Courses (12 credits)**

the remaining credits are to be taken in any graduate courses required or accepted by the base faculty for the granting of a Master's degree

**Thesis Component – Required (24 credits)**

- BIOE 690 (3) Thesis Literature Survey
- BIOE 691 (3) Thesis Research Proposal
- BIOE 692 (6) Thesis Research Progress Report
- BIOE 693 (12) Thesis

### 9.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

**BIOE 681 BIOETHICS PRACTICUM.** (3) (Limited enrolment) Four hours per week supervised placement within health care settings (e.g., intensive care, family practice, clinical ethics committees). In addition, students shall be assigned for the last month of the term to a single intensive placement. Participation in rounds, case discussions, and a weekly seminar.

**BIOE 682 MEDICAL BASIS OF BIOETHICS.** (3) (Limited enrolment.) The seminar examines the medical basis of timely ethical dilemmas in health care. Content includes: clinical concepts of pathogenesis, disease, screening, diagnosis, therapeutic interventions and prognosis; decision-making in clinical care and institutional policy development; organization of health care systems including socialized medicine, public health and institutions providing health care; medical research.

**BIOE 690 M.Sc. THESIS LITERATURE SURVEY.** (3)
**BIOE 691 M.Sc. THESIS RESEARCH PROPOSAL.** (3)
**BIOE 692 M.Sc. THESIS RESEARCH PROGRESS REPORT.** (6)
**BIOE 692D1 (3), BIOE 692D2 (3) M.Sc. THESIS RESEARCH PROGRESS REPORT.** (Students must register for both BIOE 692D1 and BIOE 692D2) (No credit will be given for this course unless both BIOE 692D1 and BIOE 692D2 are successfully completed in consecutive terms) (BIOE 692D1 and BIOE 692D2 together are equivalent to BIOE 692)
**BIOE 693 M.Sc. THESIS.** (12)
**BIOE 693D1 (6), BIOE 693D2 (6) M.Sc. THESIS.** (Students must register for both BIOE 693D1 and BIOE 693D2) (No credit will be given for this course unless both BIOE 693D1 and BIOE 693D2

Emeritus Professors

A. Howard Bussey; B.Sc., Ph.D.(Brist.), F.R.S.C.
Robert L. Carroll; B.S.(Mich.), M.A., Ph.D.(Harv.), F.R.S.C.
F. Clarke Fraser; O.C., B.Sc.(Acad.), M.Sc., Ph.D., M.D.,
C.M.(McC), D.Sc.(Acad.), F.R.S.C., F.R.C.P.S.(C) (Molson Emeritus Professor of Genetics)(joint appt. with Human Genetics)
Sarah P. Gibbs; A.B., M.S.(C'nell), Ph.D.(Harv.), F.R.S.C.
(Maxdonald Emeritus Professor of Botany)
Jacob Kalff; M.S.A.(Tor.), Ph.D.(Ind.)
John B. Lewis; B.Sc., M.Sc., Ph.D.(McG)
Gordon A. Maclachlan; B.Sc., M.A.(Sask.), Ph.D.(Manit.), F.R.S.C.
(Maxdonald Emeritus Professor of Botany)
Barid B. Mukherjee; B.Sc.(Cal.), M.S.(Brig.Young), Ph.D.(Utah)
(joint appt. with Human Genetics)
Rolf O. Sattler; B.Sc.(Tübingen), Ph.D.(Munich), F.R.S.C.

Professors

Graham A.C. Bell; B.A., D.Phil.(Oxf.), F.R.S.C.(James McGill Professor)
Gregory G. Brown; B.Sc.(Notre Dame), Ph.D.(N.Y.)
Lauren Chapman; B.Sc.(Alta.), Ph.D.(McG)

Ronald Chase; A.B.(Stan.), Ph.D.(MIT)
Rajinder S. Dhindsa; B.Sc., M.Sc.(Punj.), Ph.D.(Wash.)
Siegfried Hekim; M.Sc., Ph.D.(Geneva)
Donald L. Kramer; B.Sc.(Boston Coll.), Ph.D.(Br. Col.)
Paul F. Lasko; A.B.(Harv.), Ph.D.(MIT) (Molson Professor of Genetics) (Associate Member in Anatomy & Cell Biology)
Martin J. Lechowicz; B.A.(Mich. St.), M.S., Ph.D.(Wis.)
Louise Lefebvre; B.Sc., M.A., Ph.D.(Montr.)
Michel Loreau; M.Sc., Ph.D.(Free Univ. Brussels)
Gerald S. Pollack; M.A., Ph.D.(Princ.)
Catherine Potvin; B.Sc., M.Sc.(Montr.), Ph.D.(Duke) (on sabbatical)
Rima Rozen; B.Sc., Ph.D.(McG) (James McGill Professor)
Daniel J. Schoen; B.Sc., M.Sc.(Mich.), Ph.D.(Calif.) (Macdonald Professor of Botany)

Associate Professors

Thomas E. Bureau; B.Sc.(Calif), Ph.D.(Texas) (William Dawson Scholar)
Joseph Dent; B.Sc.(Mich), Ph.D.(Col.) (on sabbatical)
Françoiis Fogotto; Ph.D.(Neuchâtel)
Gregor Fussmann; Diploma (Berlin), Ph.D.(Max-Planck-Institute)
Andrew Gonzalez; B.Sc.(U. Nott.), Ph.D.(Imperial College, Lond.)
Robert L. Levine; B.Sc.(Brooklyn), M.Sc., Ph.D.(Yale)
Laura Nilson; B.A.(Colgate), Ph.D.(Yale) (Canada Research Chair in Genetics)
Neil M. Price; B.Sc.(New. Br.), Ph.D.(Br. Col.)
Richard Roy; B.Sc.(Bishop's), Ph.D.(Laval)

Assistant Professors

Ehab Abouheif; M.Sc.(C'dia), Ph.D.(Duke)
Chieh Chang; B.S.(Chung Shan Medical & Dental College, Taiwan), M.S.(National Yang-Ming University, Taiwan), Ph.D. (Calif. Tech.)
Irene Gregory-Eaves; B.Sc.(Vic., BC), M.Sc., Ph.D.(Qu.)
Frédéric Guichard; B.Sc.(Montr.), Ph.D.(Laval)
Paul Harrison; B.Sc.(National Univ. of Ireland), Ph.D.(Lond.)
Andrew Hendry; B.Sc.(Vic., B.C.) M.Sc., Ph.D.(Wash)
Rudiger Krahe; Diploma(Alexander U.), Ph.D.(Humboldt)
Brian Leung; B.Sc.(Br. Col.), Ph.D.(Car.)
Brian McGill; B.A.(Harv.), Ph.D.(Ariz.)
Frieder Schoeck; Diploma(Erhardgen), Ph.D.(Max Planck Institute)
Jacalyn Vogel; M.Sc.(E.Ill.), Ph.D.(Kansas)
Tamara Western; B.Sc. (Dal.), Ph.D.(Br. Col.)
Monique Zetka; B.Sc., Ph.D.(Br. Col.)
Hugo Zheng; M.Sc.(Helsinki), Ph.D.(Oxf. Brookes)

Associate Members

Anatomy and Cell Biology: Martin Latterich, Craig Mandato
Anthropology: Colin Chapman
Centre for Research in Neuroscience: Sal Carbonetto, Robert Dunn, Yong Rao, Donald Van Meyel
MCH: Feige Kaplan
MNI: Kenneth Hastings
Chair, Dept. of Human Genetics: David Rosenblatt
RVH: Hugh J. Clarke, Daniel Dufort, Teruko Taketo
Redpath Museum: David Green, Hans Larsson, Anthony Ricciardi

Adjunct Professors

NRC Lab: Malcolm S. Whiteway
STRI: Eldredge Bermingham, Rachel Collin, Edward Allen Herre
&C. du Montréal: Pierre Drapeau

10.2 Programs Offered

The Department offers graduate training in many areas of biology with particular strengths in the following areas: Molecular Biology & Genetics; Cell & Developmental Biology; Ecology, Biodiversity & Conservation; Evolution; Neurobiology; Bioinformatics; and Plant Biology. A new Bioinformatics option is offered jointly with several other University departments as well as a new Environment option and a Neotropical Environment option.
Graduate programs leading to the M.Sc. and Ph.D. degrees are offered. The emphasis in both programs is on development of the intellectual and technical skills necessary for independent
research. The main component of both degrees is a thesis embodying the results of original research. Formal course requirements are few and are largely intended to fill gaps in the student's background.

The Stewart Biology Building is well equipped for graduate training and research in a wide variety of areas of biology. Its resources are greatly extended by affiliation with other organizations such as the Redpath Museum; the Groupe Interuniversitaire de Recherches Océanographiques du Québec (GIROQ); the Biotechnology Research Institute of the National Research Council of Canada; Macdonald Campus; the Montreal Neurological Institute; the Jewish General Hospital; the Montreal General, Montreal Children's and Royal Victoria Hospitals. Field research facilities include the Mont St. Hilaire Field Station (Quebec); the Huntsman Marine Science Centre (New Brunswick); the Subarctic Research Laboratory (Quebec); the Bellairs Research Institute (Barbados); and the Memphremagog Field Station (Quebec).

The Department specifies a minimum level of support for all graduate students. This amount is $13,500 per annum plus tuition fees. The required minimum duration of support is two years for the M.Sc. program, five years for a Ph.D. student entering as Ph.D.1 (from a Bachelor's) and four years for a Ph.D. student entering as Ph.D.2.

10.3 Admission Requirements

Applicants must have a B.Sc. in a discipline relevant to the proposed field of study with an overall Cumulative Grade Point Average (CGPA) of 3.0/4.0 or a CGPA of 3.2/4.0 for the last two full-time academic years. Graduate Record Examination (GRE) scores are not required, but may be submitted. The Test of English as a Foreign Language (TOEFL) is required of applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone). A score of 550 on the paper-based TOEFL (213 on the computer-based test, or 86 on the Internet-based test with each component score not less than 20) or 6.5 on IELTS, is the minimum standard for admission.

Admission is based on an evaluation by the Graduate Training Committee and on acceptance by a research director who can provide adequate funding for personal and research expenses. Prospective graduate students are encouraged to contact staff members with whom they wish to study before applying for admission.

10.4 Application Procedures

Application to the graduate program in Biology may be made on a paper application form or an online Web application form (a direct link to the online form is on the Department Website). The paper form can be obtained directly from the Graduate Admissions Secretary. It is recommended to apply online.

All applicants should read the academic faculty and admission procedure sections on the Biology Department Website before completing the application form. These guidelines contain specific information on the application process, summaries of the research areas of staff and contact information.

Deadlines for applications and all supporting documents are March 1 for September admission (January 15 for international applicants) and October 15 for January admission (August 15 for international applicants). If application materials are received after these dates, it may be necessary to delay review of the applicant's file until the following admittance period. All inquiries pertaining to admission procedures should be directed to the Graduate Admissions Secretary.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

10.5 Program Requirements

The graduate program of each student is established and regularly evaluated by a three-member supervisory committee appointed by the Graduate Training Committee and chaired by the student's thesis supervisor.

All graduate students are required to participate regularly in the various seminar series and journal clubs offered by the Department.

MASTER'S REQUIREMENTS

Length of Program – Three full-time terms of resident study at McGill University is the minimum time requirement to complete the Master's degree. The normal and expected duration is two years.

Course Requirements – Forty-five credits are required for the M.Sc. degree; 48 credits if the Environment, Neotropical Environment or Bioinformatics Options are selected. Additional course work may be required if the student's background is insufficient. A graduate pass (B- or better) is mandatory for all courses required for the M.Sc. Students may take additional courses not required for degree purposes, but they must maintain an overall average of B- or better, including marks in courses that are not required.

Thesis – In Biology, the M.Sc. is considered to be a research degree and the candidate must present a thesis which should contain original contributions to knowledge.

M.Sc. in Biology (45 credits)

Additional course work may be required if the student's background is insufficient.

Complementary Courses (6 credits)
two 3-credit courses, or equivalent, at the 500-level or higher in Biology or other departments, and approved by the Supervisory Committee.

Thesis (39 credits)
BIOL 697 (13) Master's Thesis Research 1
BIOL 698 (13) Master's Thesis Research 2
BIOL 699 (13) Master's Thesis Research 3

M.Sc. in Biology – Environment Option (48 credits)

Required Courses (6 credits)
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3

Complementary Course (3 credits)
3 credits, one of the following courses:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4

or another graduate course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee

Thesis (39 credits)
BIOL 697 (13) Master's Thesis Research 1
BIOL 698 (13) Master's Thesis Research 2
BIOL 699 (13) Master's Thesis Research 3

M.Sc. in Biology – Neotropical Environment Option (48 credits)

Required Courses (6 credits)
BIOL 640 (3) Tropical Biology and Conservation
ENVR 610 (3) Foundations of Environmental Policy
McGill University, Graduate and Postdoctoral Studies 2007-2008

Complementary Course (3 credits)
3 credits, one of the following courses:
AGRI 550 (3) Sustained Tropical Agriculture
BIOL 553 (3) Neotropical Environments
BIOL 641 (3) Issues in Tropical Biology
ENVR 611 (3) The Economy of Nature
ENVR 612 (3) Tropical Environmental Issues
ENVR 680 (3) Topics in Environment 4
POLI 644 (3) Tropical Environmental Politics
SOCI 565 (3) Social Change in Panama

Thesis (39 credits)
BIOL 697 (13) Master's Thesis Research 1
BIOL 698 (13) Master's Thesis Research 2
BIOL 699 (13) Master's Thesis Research 3

Participation in the MSE-Panama Symposium presentation in Montreal is also required.

M.Sc. in Biology – Bioinformatics Option (48 credits)
Required Courses (3 credits)
COMP 616 (3) Bioinformatics Seminar

Complementary Courses (6 credits)
6 credits from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics
PHGY 603 (3) Systems Biology and Biophysics

Thesis (39 credits)
BIOL 697 (13) Master's Thesis Research 1
BIOL 698 (13) Master's Thesis Research 2
BIOL 699 (13) Master's Thesis Research 3

Transfer from M.Sc to Ph.D. Program – The student’s Supervisory Committee may recommend to the Graduate Training Committee that the student be permitted to transfer to the Ph.D. program. This is normally done at the end of the first year of the Master’s program. Students who transfer into the Ph.D. program are required to take their Ph.D. Qualifying Examination within eight months of the transfer.

Ph.D. REQUIREMENTS

Length of Program – Candidates entering Ph.D.1 must complete at least three years of full-time resident study (6 terms). The normal and expected duration of the Ph.D. program is 4-5 years. A student who has obtained a Master’s degree at McGill, or at an approved institution elsewhere may, upon the recommendation of the Graduate Training Committee, enter at the Ph.D.2 level.

Ph.D. Qualifying Examination – The Qualifying exam is a formal evaluation of the student’s ability to proceed to the attainment of the Ph.D. Students must pass the Qualifying Examination (BIOL 700) no later than 15 months from the date of registration in the program. Students who transfer from the Master’s program must take the exam within 8 months. Students who enter the Ph.D. program after completing an M.Sc. in Biology at McGill must take the exam within 12 months.

Ph.D. Seminar – All Ph.D. students must deliver a research seminar (BIOL 702) at some time during the academic session (September-April) towards the end of their studies and preferably at least 3 months prior to the thesis submission.

Thesis – The Ph.D. is a research degree. The candidate must present a thesis which represents high scholastic attainment in a specialized field, demonstrated by independent and original research. After the thesis has been submitted and approved, the candidate is required to orally defend their thesis in an open forum.

Ph.D. in Biology

Complementary Courses (6 credits)
two 3-credit courses, or equivalent, at the 500-level or higher in Biology or other departments, and approved by the Supervisory Committee.

Seminar Required
BIOL 702 (6) Ph.D. Seminar

Qualifying Exam Required
BIOL 700 Doctoral Qualifying Examination

Thesis Required

Ph.D. in Biology – Environment Option

Required Courses (6 credits)
ENVR 610 (3) Foundations of Environmental Policy
ENVR 651 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3

Complementary Course (3 credits)
3 credits, one of the following courses:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4
or another graduate course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee

Seminar Required
BIOL 702 (6) Ph.D. Seminar

Qualifying Exam Required
BIOL 700 Doctoral Qualifying Examination

Thesis Required

Ph.D. in Biology – Neotropical Environment Option

Required Courses (6 credits)
BIOL 640 (3) Tropical Biology and Conservation
ENVR 610 (3) Foundations of Environmental Policy

Complementary Course (3 credits)
3 credits, one of the following courses:
AGRI 550 (3) Sustained Tropical Agriculture
BIOL 553 (3) Neotropical Environments
BIOL 641 (3) Issues in Tropical Biology
ENVR 611 (3) The Economy of Nature

- PHGY 603 (3) Systems Biology and Biophysics

**Thesis Required**

**10.6 Courses**

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors. The course credit weight is given in parentheses after the title.

★ Denotes courses offered in alternate years.

**BIOL 505 DIVERSITY AND SYSTEMATICS SEMINAR.** (3) (Winter) (3 hours seminar) (Prerequisites: BIOL 215 and BIOL 304 or permission) A course dealing in depth with a particular aspect of biological diversity and/or systematics. Topics may include the systematics of a particular taxon, issues in biodiversity, systematics theory and practice, etc. The class will discuss aspects of the chosen topic and prepare individual seminar reports.

**BIOL 507 ANIMAL COMMUNICATION.** (3) (Fall) (3 hours lecture) (Corequisites: BIOL 307 or equivalent and one of BIOL 306 or NEUR 310 or PHGY 311 or PSYC 308; or permission of instructor. Since all corequisites may not be offered in the same term, students are advised that they may have to plan their schedules so that they may register in these courses in the term prior to BIOL 507.) Introduction to communication between animals, including humans. Physical and phylogenetic constraints on the evolution of communication systems will be discussed. The approach to communication will draw from behavioural ecology, psychology, physiology and physics.

**BIOL 510 ADVANCES IN COMMUNITY ECOLOGY.** (3) (Fall) (3 hours lecture/seminar) (Prerequisites: BIOL 308 or GEOG 350 or permission of instructor.) The origin, maintenance and consequences of biological diversity within ecological communities.

**BIOL 518 ADVANCED TOPICS IN CELL BIOLOGY.** (3) (Winter) (2 hours seminar) (Prerequisite: BIOL 313 and permission) Conserved processes in Eukaryotic organisms, including the cytoskeleton, the cell cycle, complex traits/disease, global analysis/bioinformatics, and innovative studies/techniques in cell biology.

**BIOL 520 GENE ACTIVITY IN DEVELOPMENT.** (3) (Winter) (3 hours lecture and discussion) (Prerequisites: BIOL 300 and BIOL 303 or permission) An analysis of the role and regulation of gene expression in several models of eukaryotic development. The emphasis will be on critical evaluation of recent literature concerned with molecular or genetic approaches to the problems of cellular differentiation and determination. Recent research reports will be discussed in conferences and analyzed in written critiques.

**BIOL 524 TOPICS IN MOLECULAR BIOLOGY.** (3) (Fall) (Prerequisites: BIOL 300 and BIOL 303 or permission.) Molecular genetics and molecular, cellular and developmental biology, including signal transduction, cell differentiation and function, genetic diseases in eukaryotes.

**BIOL 530 NEURAL BASIS OF BEHAVIOUR.** (3) (Winter) (3 hours seminar) (Prerequisite: BIOL 306 or PHGY 311 or PSYC 308 or permission of instructor.) Neural mechanisms underlying behaviour in vertebrate and invertebrate organisms.

**BIOL 531 NEUROBIOLOGY LEARNING MEMORY.** (3) (Fall) (3 hours lecture and discussion) (Prerequisite: BIOL 306 or PHGY 311 or PSYC 308 or NEUR 310 or permission of instructor.) Properties of nerve cells that are responsible for learning and memory. Recent advances in the understanding of neurophysiological, biochemical and structural processes relevant to neural plasticity. Emphasis on a few selected model systems involving both vertebrate and invertebrate animals.

**BIOL 532 DEVELOPMENTAL NEUROBIOLOGY SEMINAR.** (3) (Winter) (1 hour lecture, 2 hours seminar) (Prerequisites: BIOL 303 and BIOL 306 or permission) Discussions of all aspects of nervous system development including pattern formation, cell lineage, path-finding and tangling by growing axons, and neuronal regeneration. The basis for these discussions will be recent research papers and student assigned readings.

**BIOL 540 ECOLOGY OF SPECIES INVASIONS.** (3) (Winter) (3 hours lecture) (Prerequisite: BIOL 308 or permission of instructor) (Restriction: Not open to U1 or U2 students) (Restriction: Not open to students who are taking or have taken ENVR 540.) Causes and consequences of biological invasion, as well as risk assessment methods and management strategies for dealing with invasive species.

**BIOL 544 GENETIC BASIS OF LIFE SPAN.** (3) (Fall) (1 hour lecture, 2 hours seminar) (Prerequisites: BIOL 202, BIOL 300; BIOL 303 recommended or permission) The course will consider how gene action is determining the duration of life in various organisms focusing on the strengths and limitations of the genetic approach. The course will focus particularly on model organisms such as yeast, Caenorhabditis, Drosophila and mice, as well as on the characterization of long-lived mutants.

**BIOL 553 NEOTROPICAL ENVIRONMENTS.** (3) (Winter) (24 hours lecture and 36 hours field work over a 4-week period) (Prerequisites: HISP 218, MATH 203, or equivalents, and permission of Program Coordinator.) (Corequisites: ENVR 451, GEOG 498 and AGRI 550.) (Restriction: location in Panama. Students must register for a full semester of studies in Panama) Ecology revisited in view of tropical conditions. Exploring species richness. Sampling and measuring biodiversity. Conservation status of ecosystems, communities and species. Indigenous knowledge.

**BIOL 555D1 (1.5). ** ★ **BIOL 555D2 (1.5) FUNCTIONAL ECOLOGY OF TREES.** (Fall and Winter) (Prerequisites: BIOL 304, BIOL 308 or permission.) (Students must register for both BIOL 555D1 and BIOL 555D2.) (No credit will be given for this course unless both BIOL 555D1 and BIOL 555D2 are successfully completed in consecutive terms.) (BIOL 555D1 and BIOL 555D2 together are equivalent to BIOL 555.) Discussion of the interactions among traits that underpin the survival of woody plants in diverse environments: physiology, anatomy, architecture, seasonality and phenology, reproductive ecology, life history trade-offs, and the phylogenetic basis of functional diversification.

**BIOL 568 TOPICS ON THE HUMAN GENOME.** (3) (Winter) (3 hours lecture) (Prerequisites BIOL 202, BIOL 300, BIOL 370, or permission.) Cellular and molecular approaches to characterization of the human genome.

**BIOL 569 DEVELOPMENTAL EVOLUTION.** (3) (Winter) (3 hours lecture) (Prerequisites: BIOL 303 and BIOL 304; or permission of instructor.) The influence of developmental mechanisms on evolution. This course draws on recent examples from plants and invertebrate and vertebrate animals. Topics include homology, modularity, dissociation, co-option, evolutionary novelty, evolution of genetic cis-regulation, developmental constraint and evolvability, heterochrony, phenotypic plasticity, and canalization.

**BIOL 570 ADVANCED SEMINAR IN EVOLUTION.** (3) (Winter) (3 hours seminar) (Restriction: Open to undergraduates by permission) Detailed analysis of a topic in evolutionary biology, involving substantial original research.

**BIOL 571 EXPERIMENTAL EVOLUTION/ECOLOGY.** (3) (Winter) (1 hour lecture, 4 hours laboratory) (Prerequisite: BIOL 435 or equivalent) (Restriction: Restricted to U3 and Graduate students.) Basic principles and processes of evolution and ecology will be
demonstrated using microbial model systems. Topics include mutation, fitness, selection, adaptive radiation, properties of mixtures and community assembly.

★ BIOL 572 Molecular Evolution. (3) (Fall) (3 hours lecture/seminar) (Prerequisite: BIOL 300) Evolutionary change in DNA and proteins and its implications for cellular, organismal, and population/species evolution.

BIOL 573 Vertebrate Palaeontology Field Course. (3) (Summer) (Prerequisites: BIOL 304 and BIOL 352 or permission of instructor.) (Notes: Field course with completed project and presentation in the early Fall. Given in a selected early Cretaceous Alberta site. Enrolment limited to 10 students.) Terrestrial vertebrate fossils (i.e. dinosaurs, crocodiles and other reptiles) and palaeocommunity analysis, including practical training with fossil identification, mapping, collecting, and stratigraphic interpretation.

BIOL 575 Human Biochemical Genetics. (3) (Winter) (3 hours lecture) (Prerequisites: BIOL 202 and BIOL 300.) Topics on the study of human systems that have led to advances in basic biology.

BIOL 583 Advanced Biometry. (3) (Winter) (Prerequisite: BIOL 373 or permission of instructor.) (Note: You may not be able to receive credit for this course and other statistic courses. Be sure to check the Course Overlap section under Faculty Degree Requirements in the Arts or Science section of the Calendar.) Advanced techniques in biometry surveying a broad number of statistical tools including: philosophy of scientific inference, experimental design and advanced linear models, generalized linear models (esp. logistic regression), modern regression techniques (quantile, local, etc), temporal and spatial statistics, and multivariate techniques.

★ BIOL 588 Molecular/Cellular Neurobiology. (3) (Fall) (1 1/2 hours lecture, 1 1/2 hours seminar) (Prerequisite: BIOL 300 and BIOL 306 or permission) Discussion of fundamental molecular mechanisms underlying the general features of cellular neurobiology. An advanced course based on lectures and on a critical review of primary research papers.

★ BIOL 590 Linking Community and Ecosystem Ecology. (3) (Winter) (1.5 hours lecture, 1.5 hours seminar) (Prerequisite: BIOL 434 or permission of instructor.) Theoretical foundations for a new ecological synthesis that merges the perspectives of population, community, evolutionary and ecosystem ecology. Focus on theory in interaction with experimental and empirical work, and covers current topics at the interface between community and ecosystem ecology.

BIOL 592 Integrated Bioinformatics. (3) (Fall) (3 hours lecture) (Prerequisite: BIOL 301 or permission of instructor.) (Restriction: Not open to students who have taken or are taking BINF 511.) 'Post-genomic' bioinformatics. Concepts behind large-scale computational analysis and comparison of genomes/proteomes (and beyond), and the implications for our understanding of the basic processes of molecular and cell biology and the evolution of those processes.

★ BIOL 594 Advanced Evolutionary Ecology. (3) (Fall) (Prerequisite: BIOL 304 and BIOL 308) (Restriction: U3 or permission.) Evolutionary ecology is the study of evolutionary change in natural populations. General predictive approaches in evolutionary ecology, including population genetics, quantitative genetics, optimality, and game theory will be examined. Emphasis will be placed on the mathematical underpinnings of each approach, particularly as they relate to classic and contemporary problems.

BIOL 632 Limnology. (3) (2 hours lecture; 3 hours laboratory) (Prerequisites: BIOL 206 and/or permission) A study of the physical, chemical and biological properties of inland waters, with emphasis on their functioning as systems.

★ BIOL 640 Tropical Biology and Conservation. (3) (Restriction: students enrolled in Neotropical Environment Option (NEO) or permission of the instructor) Long-term research at the Smithsonian Tropical Research Institute will be organized and synthesized to examine historical assembly and ecological main-tenance of tropical communities. This synthesis will draw on phylogenetic concepts for historical insight and will examine the probable resilience of these communities to global change, pollution and biodiversity loss.

BIOL 650 Recent Advances in Biology 1. (3) Directed reading, seminar and discussion courses in subjects of current interest in biological research. Intended for students working individually or in classes on selected areas under the supervision of one or more staff members. Content and form are flexible to allow the Department to meet specific student demands or needs. Such courses are arranged by consultation with individual staff.

BIOL 651 Recent Advances in Biology 2. (3) Directed reading, seminar and discussion courses in subjects of current interest in biological research. Intended for students working individually or in classes on selected areas under the supervision of one or more staff members. Content and form are flexible to allow the Department to meet specific student demands or needs. Such courses are arranged by consultation with individual staff.

BIOL 652 Recent Advances in Biology 3. (3) Directed reading, seminar and discussion courses in subjects of current interest in biological research. Intended for students working individually or in classes on selected areas under the supervision of one or more staff members. Content and form are flexible to allow the Department to meet specific student demands or needs. Such courses are arranged by consultation with individual staff.

BIOL 655 Laboratory Projects and Techniques 1. (3) Directed training in selected methods used in areas of current interest in biological research. Intended for individuals or classes working in selected areas under the supervision of one or more staff members. Form and content are flexible to allow the Department to meet specific student demands and needs. Each course is arranged by consultation with individual staff.

BIOL 656 Laboratory Projects and Techniques 2. (3) Directed training in selected methods used in areas of current interest in biological research. Intended for individuals or classes working in selected areas under the supervision of one or more staff members. Form and content are flexible to allow the Department to meet specific student demands and needs. Each course is arranged by consultation with individual staff.

BIOL 697 Master’s Thesis Research 1. (13) Independent research work under the direction of the Thesis Supervisor and the Supervisory Committee.

BIOL 698 Master’s Thesis Research 2. (13) Independent research work under the direction of the Thesis Supervisor and the Supervisory Committee.

BIOL 699 Master’s Thesis Research 3. (13) Independent research work under the direction of the Thesis Supervisor and the Supervisory Committee.

BIOL 700 Doctoral Qualifying Examination. (0) The oral Qualifying Examination is a formal evaluation of the candidate’s ability to proceed to the attainment of the Ph.D. Candidates must submit a thesis proposal in advance of the exam.

BIOL 702 Ph.D. Seminar. (6) Doctoral candidates are required to give a public oral presentation of their major results before submitting a thesis.

Chair — H.L. Galiana
11.1 Staff

Professors

J.D. Bobyn; B.Sc., M.Eng., Ph.D.(McG.), F.R.S.C. (Mechanical Engineering and the Physical Sciences)

T.M.S. Chang; B.Sc., M.D., C.M., Ph.D.(McG.), F.R.C.P.C. (Ophthalmology)

A.C. Evans; B.Sc.(Liv.), M.Sc.(Sur.), Ph.D. (McG.) (joint appnt. with Physiology and Neurosurgery)

H.L. Galiana; B.Eng., M.Eng., Ph.D.(McG.)

R.E. Kearney; B.Eng., M.Eng., Ph.D.(McG.)

G.B. Pike; B.Eng., M.Eng., Ph.D.(McG.) (joint appnt. with Neurology and Neurosurgery)

Associate Professors

D.L. Collins; B.Sc., M.Eng., Ph.D.(McG.) (joint appnt. with Neurology and Neurosurgery)

W.R.J. Funnell; B.Eng., M.Eng., Ph.D.(McG.) (joint appnt. with Otolaryngology)

S. Prakash; B.Sc.(Hon.), M.Sc., Tech(BHU), Ph.D.(McG.)

M. Tabrizian; B.Sc.(Iran), M.Sc., Ph.D.(PMC-France)

M.B.A. (HEC) (joint appnt. with Dentistry)

Assistant Professors

D. Juncker; Dipl., Ph.D.(Neuch-Switzerland)

J.L. Nadeau; B.S., Ph.D.(Univ. MN)

Associate Members

C. Baker (Ophthalmology), F. Barthelat (Mechanical Engineering), K. Cullen (Physiology), S. De Serres (Physical and Occupational Therapy), J. Gotman (Neurology and Neurosurgery), D. Guittion (Neurology and Neurology), A. Katsarkas (Otolaryngology), A.M. Lauzon (Medicine), L. Mongeau (Mechanical Engineering), R. Mongrain (Mechanical Engineering), S.N. Nazhat (Mining, Metals and Materials Engineering), B.N. Segal (Otolaryngology), T. Steffen (Surgery)

Adjunct Professors

J.H.T. Bates(Vt.), G. Baroud(Sher.)

11.2 Programs Offered

The Department offers a graduate training program leading to Master's (M.Eng.) and Ph.D. degrees in Biomedical Engineering. It provides instruction and opportunities for interdisciplinary research in the application of engineering, mathematics, and the physical sciences to problems in medicine and the life sciences. Courses are offered for graduate students in the life sciences and in engineering and the physical sciences.

Excellent laboratory facilities for basic and applied research are available in the Department and in the laboratories of associated staff located elsewhere on campus. The Department operates a network of high performance workstations and well-equipped mechanical and electronics workshops.

Basic research in the Department concentrates on the application of quantitative analysis methods to basic biomedical research problems. Currently active areas of research include: neuromuscular and postural control, muscle mechanics, the vestibular system, oculomotor control, the auditory system, joint prosthetics, biomaterials, artificial cells and organs, cell and tissue engineering, drug delivery, medical imaging, microfluidics, nanotechnology and bioinformatics in genomics and proteomics. Staff members are also active in more applied research related to the development of quantitative analysis tools and instruments for biomedical research. Areas of activity here include: signal analysis, system identification, modeling, simulation and parameter estimation, image processing, pattern recognition, ultrasound, and biorobotics. A new option in bioinformatics is offered jointly with other University departments.

11.3 Admission Requirements

See minimum admission requirements in Section 5 of the General Information section of the Graduate and Postdoctoral Studies Calendar. In addition, please see the department Website: www.bmed.mcgill.ca.

11.4 Application Procedures

Please address enquiries directly to the Department. McGill's online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

11.5 Program Requirements

Graduate students may also be registered through departments of Medicine, Science and Engineering, and must then fulfill the requirements for advanced degrees imposed by their respective departments.

In addition, all students are required, through course work and independent study, to achieve a degree of inter-disciplinary competence appropriate to their area of specialization.

M.Eng. in Biomedical Engineering (45 credits)

Complementary Courses (21 credits)

12 credits of courses with biomedical content selected from the following:

BMDE 500 (3) Seminars in Biomedical Engineering

BMDE 501 (3) Selected Topics in Biomedical Engineering

BMDE 502 (3) BME Modelling and Identification

BMDE 503 (3) Biomedical Instrumentation

BMDE 504 (3) Biomaterials and Bioperformance

BMDE 505 (3) Cell and Tissue Engineering

BMDE 519 (3) Biomedical Signals and Systems

BMDE 650 (3) Advanced Medical Imaging

BMDE 651 (3) Orthopaedic Engineering

BMDE 652 (3) Bioinformatics: Proteomics

BIOT 505 (3) Selected Topics in Biotechnology

COMP 526 (3) Probabilistic Reasoning and AI

COMP 558 (3) Fundamentals of Computer Vision

COMP 646 (4) Computational Perception

COMP 761 (4) Advanced Topics Theory 2

ECSE 523 (3) Speech Communications

ECSE 526 (3) Artificial Intelligence

ECSE 529 (3) Image Processing and Communication

ECSE 626 (4) Statistical Computer Vision

ECSE 681 (4) Colloquium in Electrical Engineering

EXMD 610 (3) Biomedical Methods in Medical Research

MPH 607 (3) Introduction to Medical Imaging

MDPH 611 (2) Medical Electronics

MDPH 612 (2) Computers in Medical Imaging

MECH 500 (3) Selected Topics in Mechanical Engineering

MECH 561 (3) Biomechanics of Musculoskeletal Systems

PHGY 517 (3) Artificial Internal Organs

PHGY 518 (3) Artificial Cells

or, with the approval of the student's Graduate Advisory Committee and the Graduate Program Chair, other graduate-level courses with a content of interest to biomedical engineering.

9 credits selected from the courses listed above, or with approval of the Graduate Chair and Supervisor.

In addition, students are required to present their work as a conference paper or departmental seminar before being granted the M.Eng. degree.

Thesis Component - Required (24 credits)

BMDE 695 (12) Thesis Submission

12 credits selected from the following courses:

BMDE 690 (3) Thesis Research 1

BMDE 691 (3) Thesis Research 2

BMDE 692 (3) Thesis Research 3
Ph.D. in Biomedical Engineering – Bioinformatics
Option/Concentration

Required Courses
COMP 616 (3) Bioinformatics Seminar
BMDE 700 (0 Ph.D. Comprehensive

Any additional course work required will be determined on an individual basis by the student's advisor and Graduate Program Director. In addition, students must successfully pass the following research meetings:
1) Preliminary; 2) Thesis Proposal; 3) Thesis Progress; and 4) Thesis Submission. Details of each meeting can be found at: www.bmed.mcgill.ca/require_phd.html.

Complementary Courses (6 credits)
6 credits from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics
PHGY 603 (3) Systems Biology and Biophysics

11.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. ‘Class Schedule’ lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

BMDE 500D1 (1.5), BMDE 500D2 (1.5) SEMINARS IN BIOMEDICAL ENGINEERING. (Students must register for both BMDE 500D1 and BMDE 500D2.) (No credit will be given for this course unless both BMDE 500D1 and BMDE 500D2 are successfully completed in consecutive terms)

BMDE 501 SELECTED TOPICS IN BIOMEDICAL ENGINEERING. (3) (3-0-6) An overview of how techniques from engineering and the physical sciences are applied to the study of selected physiological systems and biological signals. Using specific biological examples, systems will be studied using: signal or finite-element analysis, system and identification, modelling and simulation, computer control of experiments and data acquisition.

BMDE 502 BME MODELLING AND IDENTIFICATION. (3) (3-0-6) (Pre-requisites: Undergraduate basic statistics and: either BMDE 519, or Signals and Systems (e.g., ECSE 303 & ECSE 304) or equivalent) Methodologies in systems or distributed multidimensional processes. System themes include parametric vs non-parametric system representations; linear/non-linear; noise, transients and time variation; mapping from continuous to discrete models; and relevant identification approaches in continuous and discrete time formulations.

BMDE 503 BIOMEDICAL INSTRUMENTATION. (3) (3-0-6) The principles and practice of making biological measurements in the laboratory, including theory of linear systems, data sampling, computer interfaces, basic electronic circuit design and machining.

BMDE 504 BIOMATERIALS AND BIOPERFORMANCE. (3) (3-0-6) (Restriction: graduate and final-year undergraduate students from physical, biological and medical science, and engineering.) Biological and synthetic biomaterials, medical devices, and the issues related to their biopersistence. The physicochemical characteristics of biomaterials in relation to their biocompatibility and sterilization.

BMDE 505 CELL AND TISSUE ENGINEERING. (3) (3-0-6) (1.5 hours lecture/1.5 hours seminar per week)) (Restriction: graduate and final-year undergraduate students from physical, biological, and medical science, and engineering.) Application of the principles of engineering, physical, and biological sciences to modify and create cells and tissues for therapeutic applications will be discussed, as well as the industrial perspective and related ethical issues.

Chair — R. Kok
Graduate Program Director — S.O. Prasher
Applications will be considered upon receipt of a completed application form, $80 application fee, and the following supporting documents:

**Transcripts** - Two official copies of all university level transcripts with proof of degree(s) granted. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant’s university is essential. It is the applicant’s responsibility to arrange for transcripts to be sent.

It is desirable to submit a list of the titles of courses taken in the major subject, since transcripts often give code numbers only. Applicants must be graduates of a university of recognized reputation and hold a Bachelor’s degree equivalent to a McGill honours degree in a subject closely related to the one selected for graduate work. This implies that about one-third of all undergraduate courses should have been devoted to the subject itself and another third to cognate subjects.

**Letters of Recommendation** - Two letters of recommendation on letterhead (official paper) of originating institution or bearing the university seal and with original signatures from two instructors familiar with the applicant’s work, preferably in the applicant’s area of specialization. It is the applicant’s responsibility to arrange for these letters to be sent.

**Competency in English** - Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English, by appropriate exams, e.g., TOEFL (minimum score 550 on the paper-based test, 213 on the computer-based test, or 86 on the Internet-based test with each component score not less than 20) or IELTS (minimum overall band 6.5). The MCHE is not considered equivalent. Results must be submitted as part of the application. The University code is 0935 (McGill University, Montreal); please use department code 31 (graduate schools), Biological Sciences - Agriculture to ensure that your TOEFL reaches this Office without delay.

**Graduate Record Exam (GRE)** - The GRE is not required, but it is highly recommended.

**DOCUMENTS SUBMITTED WILL NOT BE RETURNED.**

**Application Fee (non-refundable)** - A fee of $80 Canadian must accompany each application (including McGill students), otherwise it cannot be considered. This sum must be remitted using one of the following methods:

1. Credit card (by completing the appropriate section of the application form): NB: online applications must be paid for by credit card.
2. Certified cheque in CDN$ drawn on a Canadian bank.
5. U.S. Money Order in U.S.$.
6. An international draft in Canadian funds drawn on a Canadian bank requested from the applicant’s bank in his/her own country.

**Deadlines** – Applications, including all supporting documents must reach the Department no later than May 15 (March 1 for International) for the Fall Term (September); October 15 (July 1 for International) for the Winter Term (January); February 15 (November 1 for International) for the Summer Term (May). It may be necessary to delay review of the applicant’s file until the following admittance period if application materials including supporting documents are received after these dates. International applicants are advised to apply well in advance of the deadline because immigration procedures may be lengthy. Applicants are encouraged to make use of the online application form available on the Web at www.mcgill.ca/applying/graduate.

Financial aid is very limited and highly competitive. It is suggested that students give serious consideration to their financial planning before submitting an application.

Acceptance to all programs depends on a staff member agreeing to serve as the student’s supervisor and the student obtaining financial support. Normally, a student will not be accepted unless adequate financial support can be provided by the student and/or the student’s supervisor. Academic units cannot guarantee financial support via teaching assistantships or other funds.

**Qualifying Students** – Some applicants whose academic degrees and standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the subject selected may be admitted to a Qualifying Program if they have met the Graduate and Postdoctoral Studies Office minimum CGPA of 3.0/4.0. The course(s) to be taken in a Qualifying Program will be prescribed by the academic unit concerned. Qualifying students are registered in graduate studies, but not as candidates for a degree. Only one qualifying year is permitted. Successful completion of a qualifying program does not guarantee admission to a degree program.

12.5 **Program Requirements**

**M.Sc. (Bioresource Engineering)**

At least 12 months of full-time study are required for this degree.

**M.Sc. in Bioresource Engineering (Thesis)** (46 credits)

This option for the M.Sc. degree is oriented towards individuals who intend to develop a career in bioresource engineering research.

**Required Courses** (5 credits)

BREE 651 (1) Departmental Seminar M.Sc. 1
BREE 652 (1) Departmental Seminar M.Sc. 2
BREE 699 (3) Scientific Publication

**Complementary Courses** (9 credits)

9 credits of graduate-level course work in bioresource engineering and other fields to be determined in consultation with the research director.

**Thesis Component - Required** (32 credits)

BREE 691 (4) M.Sc. Thesis 1
BREE 692 (4) M.Sc. Thesis 2
BREE 693 (4) M.Sc. Thesis 3
BREE 694 (4) M.Sc. Thesis 4
BREE 695 (4) M.Sc. Thesis 5
BREE 696 (4) M.Sc. Thesis 6
BREE 697 (4) M.Sc. Thesis 7
BREE 698 (4) M.Sc. Thesis 8

**M.Sc. in Bioresource Engineering (Thesis) – Environment Option** (46 credits)

**Required Courses** (11 credits)

BREE 651 (1) Departmental Seminar M.Sc. 1
BREE 652 (1) Departmental Seminar M.Sc. 2
BREE 699 (3) Scientific Publication
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3

**Complementary Courses** (3 credits)

3 credits chosen from:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4
or another graduate course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee

**Thesis Component - Required (32 credits)**

BREE 691 (4) M.Sc. Thesis 1
BREE 692 (4) M.Sc. Thesis 2
BREE 693 (4) M.Sc. Thesis 3
BREE 694 (4) M.Sc. Thesis 4
BREE 695 (4) M.Sc. Thesis 5
BREE 696 (4) M.Sc. Thesis 6
BREE 697 (4) M.Sc. Thesis 7
BREE 698 (4) M.Sc. Thesis 8

**M.Sc. in Bioresource Engineering (Thesis) – Neotropical Environment Option (46 credits)**

Participation in the MSE-Panama Symposium presentation in Montreal is required.

**Required Courses** (11 credits)

BIOL 640 (3) Tropical Biology and Conservation
BREE 651 (1) Departmental Seminar M.Sc. 1
BREE 652 (1) Departmental Seminar M.Sc. 2
BREE 699 (3) Scientific Publication
ENVR 610 (3) Foundations of Environmental Policy

**Complementary Courses** (3 credits)

3 credits chosen from:

AGRI 550 (3) Sustained Tropical Agriculture
BIOL 553 (3) Neotropical Environments
BIOL 641 (3) Issues in Tropical Biology
ENVR 611 (3) The Economy of Nature
ENVR 612 (3) Tropical Environmental Issues
ENVR 680 (3) Topics in Environment 4
POLI 644 (3) Tropical Environmental Politics
SOCI 565 (3) Social Change in Panama

**Thesis Component - Required (32 credits)**

BREE 691 (4) M.Sc. Thesis 1
BREE 692 (4) M.Sc. Thesis 2
BREE 693 (4) M.Sc. Thesis 3
BREE 694 (4) M.Sc. Thesis 4
BREE 695 (4) M.Sc. Thesis 5
BREE 696 (4) M.Sc. Thesis 6
BREE 697 (4) M.Sc. Thesis 7
BREE 698 (4) M.Sc. Thesis 8

**M.Sc. in Bioresource Engineering (Non-Thesis) – Integrated Water Resources Management Option (47 credits)**

(Revised program requirements pending University approval)

**Required Courses** (11 credits)

BREE 651 (1) Departmental Seminar M.Sc. 1
BREE 652 (1) Departmental Seminar M.Sc. 2
NRSC 512 (3) Water: Ethics, Law and Policy
NRSC 514 (3) Freshwater Ecosystems
PARA 515 (3) Water, Health and Sanitation

**Complementary Courses** (30 credits)

3 credits, one of the following courses:

BREE 533 (3) Water Quality Management
CIVE 550 (3) Water Resources Management

27 credits from the list of courses at the 500 level or higher available in the Department or from other graduate -level courses with the approval of the program director.

**Required Project** (6 credits)

BREE 671 (6) Project 1

**M.Sc. Applied in Bioresource Engineering (Non-Thesis) (45 credits)**

The non-thesis option is aimed towards individuals already employed in industry or seeking to improve their skills in specific areas (soil and water/structures and environment/waste management/and environment protection/post harvest technology/food process engineering/environmental engineering) in order to enter the engineering profession at a higher level. The requirements for a candidate registering for this option are:

**Required Courses** (2 credits)

BREE 651 (1) Departmental Seminar M.Sc. 1
BREE 652 (1) Departmental Seminar M.Sc. 2

**Complementary Courses** (31 credits)

31 credits of 500-level or higher courses in bioresource engineering and other fields* to be determined in consultation with the project director.

*Note: 12 of the 31 credits are expected to be from collaborative departments, e.g. food process engineering: 12 credits divided between Food Science and Chemical Engineering.

**Project** (minimum 12 credits)

BREE 671 (6) Project 1
BREE 672 (6) Project 2

Candidates must meet the qualifications of a professional engineer either before or during their M.Sc. Applied program.

Each candidate for this option is expected to establish and maintain contact with his/her academic advisor in the Department of Bioresource Engineering some time before registration in order to clarify objectives, investigate project possibilities and plan a program of study.

**Required Courses** (8 credits)

BREE 651 (1) Departmental Seminar M.Sc. 1
BREE 652 (1) Departmental Seminar M.Sc. 2
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3

**Complementary Courses** (25 credits)

3 credits, one of the following courses:

ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4

or another graduate course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee

22 additional credits of 500-level or higher courses chosen in consultation with the academic advisor.

**Project** (12 credits)

BREE 671 (6) Project 1
BREE 672 (6) Project 2

Candidates must meet the qualifications of a professional engineer either before or during their M.Sc. Applied program.

Participation in the MSE-Panama Symposium presentation in Montreal is required.

**Required Courses** (8 credits)

BIOL 640 (3) Tropical Biology and Conservation
BREE 535 (3) Neotropical Environments
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3

22 additional credits of 500-level or higher courses chosen in consultation with the academic advisor.

**Project** (12 credits)

BREE 671 (6) Project 1
BREE 672 (6) Project 2

Candidates must meet the qualifications of a professional engineer either before or during their M.Sc. Applied program.
Complementary Courses (25 credits)

3 credits, one of the following courses:
- AGRI 550 (3) Sustained Tropical Agriculture
- BIOL 553 (3) Neotropical Environments
- BIOL 641 (3) Issues in Tropical Biology
- ENVR 611 (3) The Economy of Nature
- ENVR 612 (3) Tropical Environmental Issues
- ENVR 680 (3) Topics in Environment 4
- POLI 644 (3) Tropical Environmental Politics
- SOCI 565 (3) Social Change in Panama

22 additional credits of 500-level or higher courses chosen in consultation with the academic advisor.

Project (12 credits)
- BREE 671 (6) Project 1
- BREE 672 (6) Project 2

M.Sc. Applied in Bioresource Engineering (Non-Thesis) – Environmental Engineering Option (45 credits)

This inter-departmental graduate program leads to a Master's degree in Environmental Engineering. The objective of the program is to train environmental professionals at an advanced level. The program is designed for individuals with an undergraduate degree in engineering. This non-thesis degree falls within the M.Eng and M.Sc. programs which are offered in the Departments of Bioresource, Chemical, Civil, and Mining, Metals and Materials Engineering. The Environmental Engineering program emphasizes interdisciplinary fundamental knowledge, practical perspective and awareness of environmental issues through a wide range of technical and non-technical courses offered by collaborating departments and faculties at the university.

Required Core Courses (9 credits)
- BREE 533 (3) Water Quality Management
- CIVE 615 (3) Environmental Engineering Seminar
- CHEE 591 (3) Environmental Bioremediation

Complementary Courses (minimum 19 credits)

Data analysis course: 3 credits from the following:
- AEMA 611 (3) Experimental Designs
- CIVE 555 (3) Environmental Data Analysis
- PSYC 650 (3) Advanced Statistics 1

Toxicology course: 3 credits from the following:
- OCCH 612 (3) Principles of Toxicology
- OCCH 616 (3) Occupational Hygiene

Water pollution engineering course: 4 credits from the following:
- CIVE 651 (4) Theory: Water / Wastewater Treatment
- CIVE 652 (4) Biological Treatment: Wastewaters
- CIVE 660 (4) Chemical and Physical Treatment of Waters

Air pollution engineering course: 3 credits from the following
- CHEE 592 (3) Industrial Air Pollution Control
- MECH 534 (3) Air Pollution Engineering

Environmental impact course: 3 credits from the following:
- GEOG 501 (3) Modelling Environmental Systems
- GEOG 551 (3) Environmental Decisions

Environmental policy course: 3 credits from the following:
- URPB 506 (3) Environmental Policy and Planning

Further complementary courses (balance of course work to meet the 45 credit program requirement):

Remaining engineering or non-engineering courses from an approved list of courses, at the 500 level or higher, from the Faculty of Engineering, Faculty of Agricultural and Environmental Sciences, and Departments of Atmospheric and Oceanic Sciences, Biology, Chemistry, Earth and Planetary Sciences, Economics, Epidemiology and Biostatistics, Geography, Law, Management, Occupational Health, Political Science, Religious Studies, Sociology, and the McGill School of Environment.

The following project course may also be taken as part of this requirement:
- BREE 671 (6) Project 1

Required Project (6 credits)
- BREE 672 (6) Project 2

Ph.D. in Bioresource Engineering

Candidates for the Ph.D. degree will normally register for the M.Sc. degree first. In cases where the research work is proceeding very satisfactorily, or where the equivalent of the M.Sc. degree has been completed previously, candidates may be permitted to proceed directly to the Ph.D. degree.

Required Courses (0 credits)
- BREE 701 (0) Ph.D. Comprehensive Examination

Ph.D. in Bioresource Engineering – Environment Option

Required Courses (6 credits)
- BREE 701 (0) Ph.D. Comprehensive Examination

Complementary Courses

Courses of study selected for a Ph.D. program will depend on the existing academic qualifications of the candidate, and on those needed for effective pursuit of research in the chosen field. Candidates are encouraged to take an additional course of study of their own choice in some field of the humanities, sciences or engineering not directly related to their research. The program will be established by consultation of the candidate with a committee that will include the Research Director and at least one other professor.

Thesis

Satisfactory completion of a Ph.D. thesis.
or another graduate course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee.

**Thesis**
Satisfactory completion of a Ph.D. thesis.

**Ph.D. in Bioresource Engineering – Neotropical Environment Option**
Participation in the MSE-Panama Symposium presentation in Montreal is required.

**Required Courses** (6 credits)
- **BIOL 640** (3) Tropical Biology and Conservation
- **BREE 701** (0) Ph.D. Comprehensive Examination taken either late in the first, or early in the second, registration year to qualify to proceed to the completion of the Ph.D. degree.
- **BREE 751** (0) Departmental Seminar Ph.D. 1
- **BREE 752** (0) Departmental Seminar Ph.D. 2
- **BREE 753** (0) Departmental Seminar Ph.D. 3
- **BREE 754** (0) Departmental Seminar Ph.D. 4
- **ENVR 610** (3) Foundations of Environmental Policy

**Complementary Courses**
3 credits, one of the following courses:
- **AGRI 550** (3) Sustained Tropical Agriculture
- **BIOI 553** (3) Neotropical Environments
- **BIOI 641** (3) Issues in Tropical Biology
- **ENVR 611** (3) The Economy of Nature
- **ENVR 612** (3) Tropical Environmental Issues
- **ENVR 680** (3) Topics in Environment 4
- **POLI 644** (3) Tropical Environmental Politics
- **SOCI 565** (3) Social Change in Panama

**Thesis**
Satisfactory completion of a Ph.D. thesis.

**Graduate Certificate in Bioresource Engineering – Integrated Water Resources Management** (15 credits)

**Required Courses** (9 credits)
- **NRSC 512** (3) Water: Ethics, Law and Policy
- **NRSC 514** (3) Fresh Water Ecosystems
- **PARA 515** (3) Water, Health and Sanitation

**Complementary Courses** (6 credits)
3 credits from the following:
- **BREE 533** (3) Water Quality Management
- **CIVE 550** (3) Water Resources Management
and 3 credits from the list available in the Department chosen in consultation with the academic advisor.

**12.6 Courses**

Students preparing to register should consult the Web at [www.mcgill.ca/minerva](http://www.mcgill.ca/minerva) (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

**BREE 501 SIMULATION AND MODELLING.** (3) (Restrictions: U3 students and above. Not open to students who have taken ABEN 612 or ABEN 501.) Modelling, physical and virtual models of linear, chaotic and stochastic systems, simulation techniques and methods for static and dynamic models, steady and unsteady state. Examples from various areas such as machine design, population dynamics, food processing, biological control, farm management, ecological system design. Mathematics and computer oriented - students must be familiar with microcomputer operation.

**BREE 502 DRAINAGE/IRRIGATION ENGINEERING.** (3) (Prerequisite: BREE 217 (formerly ABEN 217)) (Restrictions: U3 students and above. Not open to students who have taken ABEN 611 or ABEN 502.) Benefits and importance of drainage; types of drainage systems; design and construction of main, surface and subsurface drainage systems; drainage materials. Crop water requirements; evapotranspiration models; design and layout of surface, sprinkler and drip irrigation systems; pipe hydraulics; pumps.

**BREE 504 INSTRUMENTATION AND CONTROL.** (3) (3 lectures and one 2-hour lab) (Prerequisite (Undergraduate): BREE 312 (formerly ABEN 312) or ECSE 281) (Restriction: Not open to students who have taken ABEN 504.) Principles and operation of instrumentation systems used for measurement and control in agricultural processes and research.

**BREE 506 ADVANCES IN DRAINAGE MANAGEMENT.** (3) (3 weeks intensive course) (Restriction: Not open to students who have taken ABEN 506.) Land drainage in relation to soils and crops. Design of regional drainage systems, stability of ditches, ice problems. Design of subsurface drainage systems. Theories of flow into drain tubes. Hydraulics of wells. Drainage of irrigated lands. Water table control.

**BREE 509 HYDROLOGIC SYSTEMS AND MODELLING.** (3) (3 hour lectures) (Restriction: Not open to students who have taken ABEN 509.) Use of deterministic and stochastic models to analyze components of the hydrologic cycle on agricultural and forested watersheds, floods frequency analysis, hydrograph analysis, infiltration, runoff, overland flow, flood routing, erosion and sediment transport. Effects of land-use changes and farm and recreational water management systems on the hydrologic regime.

**BREE 510 WATERSHED SYSTEMS ENGINEERING.** (3) (3-1-5) (Restrictions: U3 students or above.) (Note: Case studies and a project.) An examination and application of methodologies, tools and algorithms used in environmental systems engineering with an emphasis on allocation of resources within a watershed. Skills addressed include systematic evaluation of alternatives, identification of tradeoffs and assessment of the degree of optimality of design or alternatives.

**BREE 512 SOIL CUTTING AND TILLAGE.** (3) (2 lectures and one 2-hour lab) (Prerequisite (Undergraduate): BREE 341 (formerly ABEN 341)) (Restriction: Not open to students who have taken ABEN 512.) Soil mechanics applied to cutting, tillage and drain installation tools. Soil cutting forces for two and three dimensional implements. Soil loosening, inversion, sorting and manipulation. Selection of traction machines to match soil cutting and tillage requirements. Depth and grade control systems. Analysis of drainage machines, wheel trenchers, chain trenchers and trenchless plows.

**BREE 515 SOIL HYDROLGIC MODELING.** (3) (3 lectures and one 3-hour lab) (Restriction: Not open to students who have taken ABEN 515.) A review of computer simulation models for designing subsurface drainage systems. Use of CAD systems for designing and drafting drainage plans.

**BREE 518 BIO-TREATMENT OF WASTES.** (3) (One 3 hour lecture) (Restriction: Not open to students who have taken ABEN 518.) Special topics concerning control of pollution agents from the agricultural industry; odour control, agricultural waste treatment including biological digestion, flocculants, land disposal and sedimentation, pesticide transport.

**BREE 519 ADVANCED FOOD ENGINEERING.** (3) (3 lectures and one 2-hour lab) (Prerequisites: BREE 325 (formerly ABEN 325) and MECG 426, or permission of instructor) (Restriction: Not open to students who have taken ABEN 519.) Advanced topics in food engineering. Concepts of mathematical modeling and research methodologies in food engineering. Topics include heat and mass transfer in food systems, packaging and distribution of food products, thermal and non-thermal processing, rheology and kinetics of food transformations.

**BREE 525 CLIMATE CONTROL FOR BUILDINGS.** (3) (3 lectures and one 3-hour lab) (Prerequisite: BREE 301 (formerly ABEN 301)) (Restriction: U3 students or above. Not open to students who have
taken ABEN 525.) The analyses of heat and water vapour transfer through the structure of buildings are used to design heating, ventilation and refrigeration systems. Heat conduction and convection as well as radiation are included in the analysis of heat transfer. Ventilation systems are designed for livestock shelters, produce storage and greenhouses.

**BREE 530 FERMENTATION ENGINEERING.** (3) (3 lectures and one 3-hour lab) (Prerequisite (Undergraduate): BREE 325 (formerly ABEN 325) or equivalent) (Graduate courses available to senior undergraduates with permission of the instructor) (Restriction: Not open to students who have taken ABEN 530.) Advanced topics in food and fermentation engineering are covered, including brewing, bioreactor design and control and microbial kinetics.

**BREE 531 POST-HARVEST DRYING.** (3) (Restrictions: U3 students only.) Not open to students who have taken ABEN 621 or ABEN 531.) Heat and moisture transfer with respect to drying of agricultural commodities; techniques of enhancement of heat and mass transfer; drying efficiency and scale-up problems.

**BREE 532 POST-HARVEST STORAGE.** (3) (Restrictions: Not open to students who have taken ABEN 622 or ABEN 532.) Active, semi-passive and passive storage systems; environmental control systems; post-harvest physiology and pathogenicity; quality assessment and control methodology; economic aspects of long-term storage.

**BREE 533 WATER QUALITY MANAGEMENT.** (3) (Restriction: Not open to students who have taken BREE 625 (formerly ABEN 625.) Management of water quality for sustainability. Cause of soil degradation, surface and groundwater contamination by agricultural chemicals and toxic pollutants. Screening and mechanistic models. Human health and safety concerns. Water table management. Soil and water conservation techniques will be examined with an emphasis on methods of prediction and best management practices.

**BREE 607 ENGINEERING ASPECTS OF PLANT ENVIRONMENT.** (3) (3 lectures) (Restriction: Not open to students who have taken ABEN 607.) Advances in soil-water-plant dynamics, topsoil and subsoil compaction, measurement techniques, methods of alleviating compaction, economic analysis.

**BREE 608 SPECIAL PROBLEMS IN BIORESOURCE ENGINEERING 1.** (3) (2 conferences, either term) (Restriction: Not open to students who have taken ABEN 608.) Laboratory, field and library studies and reports on special problems related to agricultural and biosystems engineering that are not covered in regular course work.

**BREE 616 ADVANCED SOIL AND WATER ENGINEERING.** (3) (3 lectures) (Restriction: Not open to students who have taken ABEN 616.) Derivation of the governing partial differential equations for both steady and unsteady 3-D flow of groundwater through variably saturated, heterogeneous, anisotropic deformable media, finite difference techniques, numerical method of lines, computer programs, stochastic methods in soil and water engineering.

**BREE 623 PROPOSAL PREPARATION.** (3) (3 hours conferences) (Restriction: Not open to students who have taken ABEN 623.) Criteria of proposals prepared by others. Preparation and defense of draft proposals for funding agencies.

**BREE 651 DEPARTMENTAL SEMINAR M.Sc. 1.** (1) (Restriction: Not open to students who have taken ABEN 651.) To give seminars and participate in discussions.

**BREE 652 DEPARTMENTAL SEMINAR M.Sc. 2.** (1) (Restriction: Not open to students who have taken ABEN 652.) To give seminars and participate in discussions.

**BREE 671 PROJECT 1.** (6) (Restriction: Not open to students who have taken ABEN 671 or ABEN 671D/1/D2.) Supervised research project.

**BREE 672 PROJECT 2.** (6) (Restriction: Not open to students who have taken ABEN 672 or ABEN 672D/1/D2.) Supervised research project.

**BREE 672D1 (3), BREE 672D2 (3) PROJECT 2.** (Students must register for both ABEN 672D1 and ABEN 672D2.) (No credit will be given for this course unless both ABEN 672D1 and ABEN 672D2 are successfully completed in consecutive terms) (ABEN 672D1 and ABEN 672D2 together are equivalent to ABEN 672.) (Restriction: Not open to students who have taken ABEN 672 or ABEN 672D1/D2.) Prepare project outline, execute and report. This project relates to the M.Sc. (Applied) degree.

**BREE 673 PROJECT 3.** (3) Supervised research project.

**BREE 691 M.Sc. THESIS 1.** (4) (Restriction: Not open to students who have taken ABEN 691.) Problem definition and literature review.

**BREE 692 M.Sc. THESIS 2.** (4) (Restriction: Not open to students who have taken ABEN 692.)

**BREE 693 M.Sc. THESIS 3.** (4) (Restriction: Not open to students who have taken ABEN 693.) Methodology development.

**BREE 694 M.Sc. THESIS 4.** (4) (Restriction: Not open to students who have taken ABEN 694.) Experimentation 1.

**BREE 695 M.Sc. THESIS 5.** (4) (Restriction: Not open to students who have taken ABEN 695.) Experimentation 2.

**BREE 696 M.Sc. THESIS 6.** (4) (Restriction: Not open to students who have taken ABEN 696.) Data analysis.

**BREE 697 M.Sc. THESIS 7.** (4) (Restriction: Not open to students who have taken ABEN 697.) Draft thesis preparation.

**BREE 698 M.Sc. THESIS 8.** (4) (Restriction: Not open to students who have taken ABEN 698.) Thesis completion and acceptance.

**BREE 699 SCIENTIFIC PUBLICATION.** (3) (Periodic conferences) (Restriction: Not open to students who have taken ABEN 699.) Review and critique papers that are published in field of the candidate. Prepare draft paper(s) following the format of leading journals in field of study undertaken.

**BREE 701 PH.D. COMPREHENSIVE EXAMINATION.** (0) (Restriction: Not open to students who have taken ABEN 701.)

**BREE 702 SPECIAL PROBLEMS IN BIORESOURCE ENGINEERING 2.** (3) (2 conferences, either term) (Restriction: Not open to students who have taken ABEN 702.) Advanced level laboratory, field and library studies and reports on special problems related to agricultural and biosystems engineering which are not covered in regular course work. Designed for doctoral level students with experience in postgraduate studies.

**BREE 751 DEPARTMENTAL SEMINAR PH.D. 1.** (0) (Restriction: Not open to students who have taken ABEN 751.) To give seminars and participate in discussions.

**BREE 752 DEPARTMENTAL SEMINAR PH.D. 2.** (0) (Restriction: Not open to students who have taken ABEN 752.) To give seminars and participate in discussions.

**BREE 753 DEPARTMENTAL SEMINAR PH.D. 3.** (0) (Restriction: Not open to students who have taken ABEN 753.) To give seminars and participate in discussion.

**BREE 754 DEPARTMENTAL SEMINAR PH.D. 4.** (0) (Restriction: Not open to students who have taken ABEN 754.) To give seminars and participate in discussions.

13.2 Programs Offered

The Department offers programs leading to the Master of Engineering and the Doctor of Philosophy degrees.

Two options are available for the M.Eng. degree: the thesis option and the project option. The M.Eng. (Thesis) is a research-oriented degree requiring a limited number of courses and a research thesis; the M.Eng. (Project) is a course-oriented degree which includes a project. A specialized version of the M.Eng. (Project) is also offered: M.Eng. (Project - Environmental Engineering). The Ph.D. is a research degree requiring a thesis which makes a distinct contribution to knowledge.

The Department's offices and research laboratories are located in the M.H. Wong Building, which was completed in 1996. Members of the Department are active in a number of research areas, including transport phenomena, separation processes, thermodynamics, chemical reaction engineering and catalysis, colloidal phenomena, experimental and computational materials science, electrochemistry, nanotechnology, plasma technology, advanced materials synthesis, polymer science and engineering, biophysical engineering, biotechnology, biomedical engineering, biomechanics, nanotechnology, sustainable energy development, gas hydrate systems, and environmental engineering. Most professors are members of one or more research groups.

Biotechnology research in the department includes the development of new processes/products, the environmental impact of biotransformation, the biodegradation of pharmaceuticals and biomedical applications. Strong collaborations in these research areas exist with other engineering departments, the Faculty of Medicine and the Montreal Heart Institute. Research in biomedical engineering also includes development and characterization of devices and biomaterials for human implants and biosensors, and the study of biofilm formation on biomaterials.

Research in Plasma Technology includes fundamental studies in transport phenomena, reaction kinetics, optical emission and laser-absorption spectroscopy, and reactor design, as well as applied studies in plasma processing for environmental and biomedical engineering applications, advanced materials synthesis, and coating generation. Close collaboration is maintained with other Quebec universities through Plasma-Québec, a FQRNT Regroupement Stratégique.

Research related to the Environment is pursued on many fronts; for example, the plasma treatment of lithium batteries for recycling, the biodegradation of pesticides, and a number of projects considering the fate of plasticizers, chlorinated hydrocarbons and polymers in the environment. Other projects involve electrochemical treatment of wastewater, the transport and fate of microbial pathogens and other contaminants in the environment, activated sludge treatment, development of environmentally-friendly corrosion inhibitors, degradation of pharmaceuticals in wastewater, etc.

Research in Computational Materials Science is a science-based program that seeks to design and control materials, products, and processes using molecular, mesoscopic, and macroscopic computational modeling. This work is in close collaboration with the National Science Foundation Center for Advanced Engineering Fibers and Films at Clemson University. The research in Computational Biomaterials Science seeks to understand the fundamental natural principles that lead to advanced materials such as super strong spider silk fibers, natural foams, and biolubricants.

Research in colloids and interface science brings together a variety of theoretical, computational and experimental 'tools'. Current efforts are focused on the development of a novel optical-tweezer/micro-electrolysis apparatus for probing the dynamics of "fuzzy" colloidal particles, and development of experiments and theory for studying the organization and dynamics of synthetic polymers grafted to lipid-bilayer membranes. The broader objectives are to understand in detail how macromolecules forming "soft" interfaces influence colloidal dynamics and equilibria.

13.3 Admissions Requirements

Admission to graduate study requires a minimum CGPA of 3.0/4.0 (or equivalent) for the complete Bachelor's program or a minimum GPA of 3.2/4.0 (or equivalent) in the last two years of full-time studies. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must achieve a minimum TOEFL score of 90 on the Internet-based test with each component score not less than 20 (577 on the paper-based test or 233 on the computer-based test) prior to admission.

M.Eng. (Thesis), M.Eng. (Project)

Admission requires a Bachelor's degree (or equivalent) in engineering or science disciplines.

Ph.D.

Admission requires a Master's degree (or equivalent) from a recognized university. Students in the Department's M.Eng. (Thesis) program may transfer to the Ph.D. program after one year without submitting the Master's thesis following a formal "fast track" procedure.

13.4 Application Procedures

The application procedure is outlined on the Web at www.mcgill.ca/chemeng/grad/application. Full applications will be considered when the Graduate Admissions Committee has received:
13.5 Program Requirements

M.Eng.
The Master's degrees require the completion of 45 credits and three terms of residence at McGill.

M.Eng. (Thesis)
Complementary Courses: 12 credits of graduate courses (500- or 600-level; a minimum of 2 courses in Chemical Engineering (3 or 4 credits each), one of which is from the Chemical Engineering Fundamentals; the remainder in chemical engineering, other engineering or science disciplines.
Research: 33 credits which include completion of a thesis proposal, presentation of a research seminar and submission of a thesis.

Chemical Engineering Fundamentals Courses
CHEE 611 (4) Heat and Mass Transfer
CHEE 621 (4) Thermodynamics
CHEE 631 (4) Foundations of Fluid Mechanics
CHEE 641 (4) Chemical Reaction Engineering
CHEE 662 (4) Computational Methods
CHEE 672 (4) Process Dynamics and Control

Research Courses (33 credits)
CHEE 697 (6) Thesis Proposal
CHEE 698 (12) Thesis Research 1
CHEE 699 (15) Thesis Research 2

M.Eng. (Non-Thesis or Project)
Courses: 33-39 credits (a minimum of 18 credits in Chemical Engineering).
Project: (design or research): 6-12 credits.
The M.Eng. (Project) follows the above distribution between courses and project.
The requirements for the specialization in Environmental Engineering are provided below.

M.Eng. in Chemical Engineering (Non-Thesis) Environmental Engineering (45 credits)

Required Core Courses (6 credits)
CIVE 615 (3) Environmental Engineering Seminar
CHEE 591 (3) Environmental Bioremediation

Complementary Courses (minimum 22 credits)
Data analysis course:
AEMA 611 or (3) Experimental Designs
CIVE 555 or (3) Environmental Data Analysis
PSYC 650 (3) Advanced Statistics 1
Toxicology:
OCCH 612 or (3) Principles of Toxicology
OCCH 616 (3) Occupational Hygiene
Water pollution engineering:
CIVE 651 or (4) Theory: Water / Wastewater Treatment
CIVE 652 or (4) Biological Treatment: Wastewaters
CIVE 660 (4) Chemical and Physical Treatment of Waters

Air pollution engineering:
CHEE 592 or (3) Industrial Air Pollution Control
MECH 534 (3) Air Pollution Engineering

Soil and water quality management:
BREE 533 (3) Water Quality Management
CIVE 686 (4) Site Remediation

Environmental impact course:
GEOG 501 (3) Modelling Environmental Systems
GEOG 551 (3) Environmental Decisions or approved graduate-level alternative

Environmental policy course:
URBP 506 (3) Environmental Policy and Planning or approved graduate-level alternative

Elective courses (minimum 11 credits)
Another project course and/or engineering or non-engineering graduate courses subject to approval.
The relevant Project course in Chemical Engineering is:
CHEE 696 (6) Extended Project

Required Project Course (6 credits)
CHEE 695 (6) Project in Chemical Engineering

Ph.D.
The Ph.D. requires three years of residence at McGill.
Courses: A minimum of two graduate Chemical Engineering courses (500- or 600-level courses, 3 or 4 credits each); however, students must take at least three courses (or their equivalent) from the Chemical Engineering Fundamentals during their Master's and Ph.D. programs combined.
Research: completion of a thesis proposal, its defence, presentation of two seminars, and submission and defence of a thesis.

Chemical Engineering Fundamentals Courses
CHEE 611 (4) Heat and Mass Transfer
CHEE 621 (4) Thermodynamics
CHEE 631 (4) Foundations of Fluid Mechanics
CHEE 641 (4) Chemical Reaction Engineering
CHEE 662 (4) Computational Methods
CHEE 672 (4) Process Dynamics and Control

Research Courses
CHEE 797 Ph.D. Seminar
CHEE 796 Ph.D. Proposal Defence
CHEE 795 Ph.D. Thesis Proposal

13.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.
The course credit weight is given in parentheses after the title.
CHEE 543 PLASMA ENGINEERING. (3) (3-1-5) (Prerequisites: CHEE 220 and CHEE 314 or equivalent.) Description of the plasma state and parameters, plasma generation methods, and of the related process control and instrumentation. Electrical
breakdown in gases and a series of discharge models are covered. Plasma processing applications such as PVD, PECVD, plasma polymerisation and etching, environmental applications, nanoparticle synthesis, spraying and sterilization are treated.

CHEE 563 BIOFLUIDS AND CARDIOVASCULAR MECHANICS. (3) (3-0-6) (Prerequisites: CHEE 314 or MECH 331 or permission of instructor.) (Restriction: Not open to students who have taken MECH 563.) Basic principles of circulation including vascular fluid and solid mechanics, modeling techniques, clinical and experimental methods and the design of cardiovascular devices.

CHEE 571 SMALL COMPUTER APPLICATIONS: CHEMICAL ENGINEERING. (3) (3-0-6) (Prerequisite: CHEE 458 or permission of the instructor.) The use of small computers employing a high level language for data acquisition and the control of chemical processes. Real-time system characteristics and requirements, analog to digital conversion, computer control loops are examined. Block level simulation.

CHEE 582 POLYMER SCIENCE & ENGINEERING. (3) (3-0-6) (Prerequisite: CHEE 314 or equivalent.) Application of polymer fundamentals to the preparation and processing of polymers emphasizing the relationship between polymer structure and properties. Topics include: polymer synthesis techniques, characterization of molecular weight, crystallinity, glass transition, phase behaviour, mechanical properties, visco-elasticity, rheology, and polymer processing for use in blends and composite materials.

CHEE 584 POLYMER PROCESSING. (3) (3-0-6) (Corequisite: CHEE 215 or MME 356 or equivalent.) (Restriction: Not open to students who have taken CHEE 481.) Application of engineering fundamentals to the preparation and processing of polymers emphasizing the relationship between polymer structure and properties. Topics include: polymer synthesis techniques, characterization of molecular weight, crystallinity, glass transition, phase behaviour, mechanical properties, visco-elasticity, rheology, and polymer processing for use in blends and composite materials.

CHEE 585 FOUNDATIONS OF SOFT MATTER. (3) Introduction to soft condensed matter. Atomic and molecular origins of hydrodynamics and elasticity. Microscale order and disorder, phase transitions and dynamics. Polymer solutions, melts and gels. Surfactants, self-assembled structures, and fluid membranes. Colloidal dispersions, their dynamics, gels and crystals. Liquid crystals. Integration of the foregoing topics with modern experimental techniques in soft matter research.

CHEE 591 ENVIRONMENTAL BIOREMEDIATION. (3) (3-0-6) The presence and role of microorganisms in the environment, the role of microbes in environmental remediation either through natural or human-mediated processes, the application of microbes in pollution control and the monitoring of environmental pollutants.

CHEE 592 INDOOR AIR POLLUTION CONTROL. (3) (3-0-6) (Prerequisite: CHEE 314 or permission of instructor.) (Restriction: Not open to students who have taken CHEE 472.) Air pollution effects, control laws and regulations, measurements; emission estimates, meteorology for air pollution control, dispersion models, nature of particulate pollutants, control of primary particulates, control of volatile organic compounds, sulfur oxides and nitrogen oxides; air pollutants and global climate.

CHEE 593 INDUSTRIAL WATER POLLUTION CONTROL. (3) (3-0-6) (Prerequisite: CHEE 314 or equivalent.) (Restriction: Not open to students who have taken CHEE 471.) Wastewater constituents of concern; legislation pertinent to wastewater treatment; wastewater sampling and analysis techniques; process analysis and selection; physical, chemical and biological processes; advanced wastewater treatment methods; integration of sciences and engineering principles to design wastewater treatment processes.

CHEE 594 BIODEPOLARITY AND ENVIRONMENTAL MECHANISMS. (3) (3-0-6) (Prerequisite: CHEE 315 or equivalent.) Principles of colloid chemistry for solid-liquid separations of environmental interest: (i) transport and fate of biocolloids and colloid-associated contaminants in waters and solids, and (ii) membrane-based water and wastewater filtration. Topics include: biocolloid-surface interactions, membrane process design, fouling and biofouling, experimental techniques, novel research developments.

CHEE 595 ENERGY RECOVERY, USE, & IMPACT. (3) (3-0-6) (Prerequisite: CHEE 423 or permission of instructor.) Application of chemical engineering fundamentals to energy recovery, conversion, and environmental impact. Topics include thermodynamics of fossil fuel deposits, reaction engineering of fuel upgrading, power generation, operation of power sources, production/use of alternative fuels, environmental impact and pollution mitigation technologies dealing with energy use.

CHEE 611 HEAT AND MASS TRANSFER. (4) Heat and mass transfer in laminar and turbulent flows; scaling; models for interphase transport.

CHEE 621 THERMODYNAMICS. (4) Theory and application of phase and chemical equilibria in multicomponent systems.

CHEE 631 FOUNDATIONS OF FLUID MECHANICS. (4) Rigorous derivation of equations of motion; creeping flow inviscid flow; boundary layer theory; hydrodynamic stability; turbulent flow, separated flows, drag on submerged bodies.

CHEE 641 CHEMICAL REACTION ENGINEERING. (4) Interpretation of chemical reaction data, especially for heterogeneous systems. Residence time, complete segregation, maximum mixedness, other advanced concepts. Reactor design.

CHEE 643 THERMAL PLASMA TECHNOLOGY. (3) (Prerequisite: Permission of the instructor.) An introduction to thermal (high temperature) plasmas as applied to chemical and materials engineering. Degree of ionization, velocity distribution function, plasma parameters, collisions and diffusion, energy states, plasma generation, diagnostic techniques for plasma and particles, particle-plasma interaction, mathematical modelling of plasma systems, applications.

CHEE 662 COMPUTATIONAL METHODS. (4) Methods of weighted residuals; solution to non-linear algebraic equations; stability in nonlinear equations; bifurcations; mesh refinement strategies; convection dominated transport; hyperbolic equations, particle simulation methods.

CHEE 672 PROCESS DYNAMICS AND CONTROL. (4) (Prerequisite: CHEE 455) Process representation and identification and simulation; sensor stability; sensitivity of feedback control systems; feed-forward control; discrete representation of continuous systems; controller tuning; adaptive control.

CHEE 690 RESEARCH TECHNIQUES. (3) This course introduces techniques and develops skills necessary for commencing a particular thesis research project. A written report is required.

CHEE 694 ORAL PRESENTATION SKILLS. (4) (Prerequisite: CHEE 455) Process representation and identification and simulation; sensor stability; sensitivity of feedback control systems; feed-forward control; discrete representation of continuous systems; controller tuning; adaptive control.

CHEE 695 PROJECT IN CHEMICAL ENGINEERING. (6) Independent work under the general direction of a full-time staff member, on a problem of industrially-oriented design or research leading to a comprehensive report.

CHEE 696 EXTENDED PROJECT. (6) Extended independent work on a problem of industrially-oriented design or research, leading to a comprehensive project report.

CHEE 697 THESIS PROPOSAL. (6) Independent work under the supervision of the thesis advisor(s) leading to a thesis proposal.

CHEE 698 THESIS RESEARCH 1. (12) Ongoing research pertaining to thesis.

CHEE 698N1 THESIS RESEARCH 1. (6) (Students must also register for CHEE 698N2) (No credit will be given for this course unless both CHEE 698N1 and CHEE 698N2 are successfully completed in a twelve month period) (CHEE 698N1 and CHEE 698N2 together are equivalent to CHEE 698) Ongoing research pertaining to thesis.

CHEE 698N2 THESIS RESEARCH 1. (6) (Prerequisite: CHEE 698N1) (No credit will be given for this course unless both CHEE
698N1 and CHEE 698N2 are successfully completed in a twelve month period) (CHEE 698N1 and CHEE 698N2 together are equivalent to CHEE 698) See CHEE 698N1 for course description.

**CHEE 699 THESIS RESEARCH 2.** (15) (Prerequisite: CHEE 698) Ongoing research pertaining to thesis.

**CHEE 795 PH.D. THESIS PROPOSAL.** (0) Independent work under the supervision of the thesis advisor(s) leading to a thesis proposal.

**CHEE 796 PH.D. PROPOSAL DEFENCE.** (0) Presentation and defence of thesis proposal at an oral examination.

**CHEE 797 PH.D. SEMINAR.** (0) (Prerequisite: CHEE 796) Required for all Ph.D. candidates. Presentation of a seminar on an aspect of their thesis work.

### 14 Chemistry

**Department of Chemistry**

#### 14.1 Staff

**Eminent Professors**

T.H. Chan; B.Sc.(Tor.), M.A., Ph.D.(Princ.), F.C.I.C., F.R.S.C.

B.C. Eu; B.Sc.(Seoul), Ph.D.(Brown)

J.F. Harrod; B.Sc., Ph.D.(Brm.)

A.S. Hay; B.Sc.(Alta.), Ph.D.(III.), F.R.S.

R.H. Marchessault; B.Sc.(Montr.), Ph.D.(McG.), F.C.I.C., F.R.S.C.

M. Onyszchuk; B.Sc.(McG.), M.Sc.(W. Ont.), Ph.D.(Cant.), Ph.D.(McG.), F.C.I.C.

D. Patterson; M.Sc.(McG.)

A.S. Perlin; M.Sc., Ph.D.(McG.), F.C.I.C., F.R.S.C.

W.C. Purdy; B.A.(Amh.), Ph.D.(MIT), F.C.I.C.

A.G. Shaver; B.Sc.(Car.), Ph.D.(MIT)

L.E. St. Pierre; B.Sc.(Alta.), Ph.D.(Notre Dame), F.C.I.C.

M.A. Whitehead; B.Sc., Ph.D., D.Sc.(Lond.), F.C.I.C.

**Professors**

D.S. Bohle; B.A.(Reed College), M.Phil., Ph.D.(Auck.)

D.H. Burns; B.Sc.(Purit Sound), Ph.D.(D.Wash)

I.S. Butler; B.Sc., Ph.D.(Brist.), F.C.I.C.

M.J. Damha; B.Sc., Ph.D.(McG)

A. Eisenberg; B.S.(Wor. Polv.), M.A., Ph.D.(Princ.), F.C.I.C.

D.G. Gray; B.Sc.(Belf.), M.Sc., Ph.D.(Man.), F.C.I.C.

D.N. Harpp; A.B.(Middlebury), M.A.(Wesleyan), Ph.D. (N.Carolina), F.C.I.C.

R.B. Lennox; B.Sc., M.Sc., Ph.D.(Tor.)

C.J. Li; B.Sc.(Zhengzhou), M.S.(Chinese Academy of Sciences), Ph.D.(McG)

D.M. Ronis; B.Sc.(McG.), Ph.D.(MIT)

E.D. Salin; B.Sc.(Calif.), Ph.D.(Oregon), F.C.I.C.

B.C. Sanctuary; B.Sc., Ph.D.(Br. Col.)

T.G.M. van de Ven; Kand. Doc.(Utrecht), Ph.D.(McG),

**Associate Professors**

M.P. Andrews; B.Sc., M.Sc., Ph.D.(Tor.)

P. Ariya; B.Sc., Ph.D.(York)

B.A. Arndtsen; B.A.(Carl.), Ph.D.(Stan.)

C.J. Barrett; B.Sc., M.Sc., Ph.D.(Qu.)

W.G. Galley; B.Sc.(McG), Ph.D.(Calif.)

J.L. Gleason; B.Sc.(McG), Ph.D.(Va.)

A. Kakkar; B.Sc., M.Sc.(Chan. U., India), Ph.D.(Wat.)

J.F. Power; B.Sc., Ph.D.(C'dla)

L. Reven; B.A.(Carl.), Ph.D.(III.)

H. Sleiman; B.Sc.(A.U.B.), Ph.D.(Stan.)

**Assistant Professors**

K. Auclair; B.Sc.(U.Q.A.C.), Ph.D.(Alta)

M. Bourqui; B.Sc.(EPF Lausanne), Ph.D.Ph.D.(ETH Zürich)

P. Kambhampati; B.A. (Carleton College), Ph.D.(Texas)

H.W. Li; B.S.(Nat. Taiwan U.), Ph.D.(Calif., Berkeley)

U.M. Lindstrand; B.Sc., L.Chem.Eng.(Lund), Ph.D.(Stockholm)

Anthony Mittermaier; B.Sc.(Guelph), Ph.D.(Tor.)

N. Moletsi; B.A., Ph.D.(Nancy)

A. Moorees; B.Sc., Ph.D.(Ecole Polytechnique, Paris)

B.Siwick; B.A.Sc. Eng. Sci., M.Sc., Ph.D.(Tor.)

P. Wiseman; B.Sc.(St.F.X.), Ph.D.(W. Ont.)

Lecturers

J. Finkenbine, G. Wilczek

**Associate Members**

J.A. Finch (Mining, Metals and Materials Engineering), O.A.

Mamer (University Clinic, RVH)

**Adjunct Professors**

#### 14.2 Programs Offered

The Department also offers the Chemical Biology interdisciplinary graduate option, together with the Departments of Biochemistry, and Pharmacology and Therapeutics. Students interested in training in this option must first be accepted for graduate studies by one of the participating departments. Information on this option can be found at www.mcgill.ca/biochemistry/chemicalbiology.

**Research in Chemistry**

Members of the Department are organized into various research themes. Some of the current research interests are listed below, and are presented in much more detail on the departmental Website at www.chemistry.mcgill.ca.

**Analytical – Environmental**

Analytical-Environmental research at McGill entails a wide range of very exciting fundamental and applied research with focus on state-of-the-art instrumental development in spectroscopy imaging, chemometric and analytical bio-spectroscopy, artificial intelligence, ultra trace sampling, state-of-the-art atmospheric kinetics and photochemistry, thermochemical, box and cloud modelling, as well as the development and application of state-of-the-art numerical models of the chemistry of the regional and global atmosphere. Our collective research has direct implications in fields such as materials, environmental, and biomedical chemistry.

**Chemical Biology**

The Chemical Biology Research Activity Group is engaged in a diverse range of research topics and themes which range from structural biology, enzymology, nucleic acid research and signal processing to biophysical chemistry of living tissues. Among the themes which unite the research being performed in this group is trying to learn new chemistry and physics from biological systems.

**Chemical Physics**

The research interests of the members of the chemical physics thematic grouping are diverse, with groups focusing on high-end laser and NMR spectroscopies, kinetics and modelling of atmospheric chemical reactions, experimental and theoretical biophysical chemistry, polymers at interfaces and statistical and quantum chemistry. In the field of biophysical chemistry, single molecule spectroscopy is being used to probe enzyme function as well as DNA recombination and repair. Our recent advances in image correlation spectroscopic techniques now allow researchers to precisely follow the macromolecular dynamics in living cells.
similar vein, breakthrough ultra-fast electron diffraction experiments have opened the window to real time observation of the making and breaking of chemical bonds. State-of-the-art multipulse femtosecond spectroscopy experiments are being applied to interesting and technologically important new materials such as photonic crystals and quantum dot superlattices. A molecular level picture of polymer dynamics and structure at surfaces and interfaces is being developed through theoretical modelling, high field solids NMR spectroscopy, electron microscopy and other surface characterization methods. In the area of atmospheric chemistry, the chemical transformation of the atmosphere is being modelled both experimentally and theoretically to understand how these processes are currently affecting and driving climate change. Finally, we have basic theory projects relating to the experimental work just described, as well as in transport and structure in complex colloidal or zeolite systems, protein dynamics, fundamental issues in quantum and statistical mechanics.

Materials Chemistry
The Chemistry of Materials is a rapidly evolving domain of research. Materials Chemistry seeks to understand how composition, reactivity, and structure are related to function from a molecular perspective. The functionality of materials is expressed in a variety of areas including photonics, micro- and nano-electronics, bio-systems, nanotechnology, drug delivery, catalysis, polymer science, molecular biology, and chemical and biological sensing. Activities of the Materials Chemistry Group are often broadly interdisciplinary. University-wide synergies among members of this group have led to the creation of the McGill Institute for Advanced Materials (MIAM) and the McGill Nanotools Facility. The latter comprises state-of-the-art micro/nanofabrication, atomic manipulation and high performance computing facilities. MIAM and members of the Chemistry Department have established research that links the Centre for Self Assembled Chemical Structures, the Centre for Biosensors and Biorecognition, the Centre for the Physics of Materials, and the Centre for Bone and Periodontal Research. Synthetic approaches to new materials include research in dendrimers, polymeric acid architectures, polymers that conduct electrons or light and biopolymers. Polymer and colloidal science figure prominently as does research and applications of the chemistry and physical properties of nanostructures. There is significant activity in understanding directed molecular assembly at interfaces and in the application of sophisticated spectroscopic tools to explore them.

Synthesis – Catalysis
The Synthesis/Catalysis Research Activity Group is a collective to develop the state-of-art catalysts, synthetic methodologies, reaction mechanisms, and synthetic routes for organic chemicals, natural products and materials. The following are the major research activities at McGill (1). Development of novel catalysts and catalytic reactions for highly efficient organic synthesis; Green Chemistry. This includes the study and discovery of novel transition-metal catalysts, biological catalysts, nano- and dendrimer-based catalysts for synthetic purposes; new chemical reactivity such as C-H activation, asymmetric catalysis and theory, multi-component reactions and combinatorial chemistry; innovative chemistry in alternative solvents such as water, sub-critical water, ionic liquids, and liquid CO2; photocatalytic reactions, reaction mechanisms, and physical organic chemistry; and computational chemistry (2). Synthesis of biological chemicals, organic materials and natural products: Focus areas are total synthesis of natural products, synthesis of DNA and RNA analogs; synthesis of antiviral and anticancer nucleoside analogs, synthesis of amino acid and peptides; synthesis and study of carbohydrate derivatives; design, synthesis and study of specialty organic chemical and materials and study of specialty organic chemical and materials.

14.3 Admission Requirements
The minimum academic standard for admission to research the-
sis M.Sc., Ph.D. and the M.Sc. (Applied) degree programs is a minimum standing equivalent to a Cumulative Grade Point Average (CGPA) of 3.0 out of a possible 4.0 or a CGPA of 3.2/4.0 for the last two full-time academic years. Applicants from other institutions should have an academic background equivalent to that of a McGill graduate in the Chemistry Honours/Major programs. If possible, candidates should specify the field of research in which they are interested.

Admissions Requirements - Chemical Biology Option
As for the regular graduate programs of the participating depart-
ments, acceptance into the Chemical Biology Option consists of two steps:
1. Preliminary approval by the Department's Graduate Commit-
tee based on the student's transcript, references and other documents submitted with the application. The criteria for assessment at this level are the same as for the regular graduate programs of the participating departments.
2. Acceptance by an individual research director. For students wishing to participate in the Chemical Biology Option, the director must propose a research project for the student that provides training in the methods and philosophy of chemical biology. Project proposals are assessed by the Chemical Biology Program Committee.

14.4 Application Procedures
All inquiries concerning graduate work in the Department should be addressed to the Director of Graduate Studies, Department of Chemistry.

FINANCIAL ASSISTANCE
M.Sc. and Ph.D. Degrees
Financial assistance for accepted graduate students who do not hold fellowships or scholarships is normally available in the form of laboratory demonstratorships/assistantships, and occasionally by payment from research funds. Graduate students devote 12 hours per week (contact hours, plus grading of reports, etc.) during the academic session to their teaching duties. Financial assistance during the remainder of the year is provided from research funds. Most students receive partial fee waivers. Scholarship holders, such as NSERC or awards of similar value, receive a tuition fee waiver.

M.Sc. (Applied) Degree
Financial assistance for candidates in the M.Sc. (Applied) program is not available during the two academic sessions when courses are taken, unless candidates are recipients of scholarships. During the four-month project, candidates are paid at rates established by participating companies.

14.5 Program Requirements
M.Sc.* and Ph.D. Degrees
1. Students must take such examinations as may be required in (a) assigned courses given in the Department of Chemistry, (b) assigned cognate courses given in other departments. Courses are assigned after taking into consideration the student's previous training and research interest.
2. Students must successfully complete a research project and submit an acceptable thesis.
3. Students must satisfy the examiners in an oral examination on the thesis and related subjects (required only of candidates for the Ph.D. degree).
4. All the usual requirements of the Graduate and Postdoctoral Studies Office must be satisfied.
* This program requires 45 credits.
A minimum of 6 credits of course work is required; the balance of credits will be made up from either a combination of course work and thesis credits, or from thesis research credits only. There will be a minimum of 24 credits in the thesis research component.
Examinations in Chemistry
1. Examinations in assigned courses are normally taken by the candidates in December and May. In special circumstances, and with the permission of the Department and the Graduate and Postdoctoral Studies Office, they may be taken in September.
2. A candidate for the Ph.D. degree shall pass all such examinations, other than those in certain special courses, before the final year, except in special circumstances and then only with the approval of the Department.

M.Sc. (Applied) Degree
This program requires a minimum of 45 credits, 30 credits of course work (500 level and higher) plus a 15-credit project in some aspect of chemical industry, normally completed during a four-month project.

In addition, students may be required to take advanced undergraduate courses if background deficient.

M.Sc. (Applied) in Chemistry (45 credits)

Complementary Courses (30 credits)
15 credits, five 3-credit CHEM courses at the 500 or 600 level.
15 credits, five 3-credit courses (500 level and higher) selected in consultation with the advisor.

Project 15 credits)
CHEM 699 (15) Project

M.Sc. in Chemistry (Thesis) (45 credits)

Required Courses (5 credits)
CHEM 650 (1) Seminars in Chemistry 1
CHEM 651 (1) Seminars in Chemistry 2
CHEM 688 (3) Assessment

Complementary Courses (40 credits)
9 - 16 credits
Students will normally take 9 - 16 credits of CHEM (or approved) courses at the 500 or 600 level.

Thesis (24 - 31 credits)
at least 24 credits, selected from:
CHEM 691 (3) M.Sc. Thesis Research
CHEM 692 (6) M.Sc. Thesis Research
CHEM 693 (9) M.Sc. Thesis Research
CHEM 694 (12) M.Sc. Thesis Research
CHEM 695 (15) M.Sc. Thesis Research
CHEM 696 (6) M.Sc. Thesis Research
CHEM 697 (9) M.Sc. Thesis Research
CHEM 698 (12) M.Sc. Thesis Research

Program Requirements - Chemical Biology Option
The curriculum of the Chemical Biology Option is structured so that in completing the option, students also complete the course requirements for the regular graduate programs in their home departments. For this reason, program requirements are listed separately for each department, even though the 'core' content in Chemical Biology (9 lecture credits plus 2 or 4 seminar credits for each program) is the same for each.

M.Sc. in Chemistry – Chemical Biology Option/Concentration (45 credits)

Required Courses (5 credits)
CHEM 650 (1) Seminars in Chemistry 1
CHEM 651 (1) Seminars in Chemistry 2
CHEM 688 (3) Assessment

Complementary Courses (minimum 11 credits)
2 credits, two of the following courses:
BIOC 610 (1) Seminars in Chemical Biology 1
BIOC 611 (1) Seminars in Chemical Biology 3
CHEM 689 (1) Seminars in Chemical Biology 2
CHEM 690 (1) Seminars in Chemical Biology 4

Students will take at least 3 courses from the following list, including at least 3 credits from the first two courses listed below.
CHEM 502 (3) Advanced Bio-Organic Chemistry
CHEM 503 (3) Drug Design and Development
PHAR 503
BIOC 603 (3) Genomics and Gene Expression
BIOC 604 (3) Macromolecular Structure
CHEM 504 (3) Drug Design and Development 2
PHAR 504
CHEM 514 (3) Biophysical Chemistry
CHEM 591 (3) Bioinorganic Chemistry
CHEM 621 (5) Recent Advances in Organic Chemistry
CHEM 623 (5) Stereochemistry
CHEM 629 (5) Organic Synthesis
CHEM 655 (4) Advanced NMR Spectroscopy
PHAR 562 (3) General Pharmacology 1
PHAR 563 (3) General Pharmacology 2
PHAR 707 (3) Molecular Pharmacology

The remaining credits may be graduate-level courses approved by the Department.

Thesis (minimum 24 credits)

at least 24 credits, selected from:
CHEM 691 (3) M.Sc. Thesis Research
CHEM 692 (6) M.Sc. Thesis Research
CHEM 693 (9) M.Sc. Thesis Research
CHEM 694 (12) M.Sc. Thesis Research
CHEM 695 (15) M.Sc. Thesis Research
CHEM 696 (6) M.Sc. Thesis Research
CHEM 697 (9) M.Sc. Thesis Research
CHEM 698 (12) M.Sc. Thesis Research

Ph.D. in Chemistry

Required Courses (5 credits)
CHEM 650 (1) Seminars in Chemistry 1
CHEM 651 (1) Seminars in Chemistry 2
CHEM 688 (3) Assessment

Comprehensive
CHEM 701 (0) Comprehensive Examination 1
CHEM 702 (0) Comprehensive Examination 2

Complementary Courses
Students entering the program with a M.Sc. degree will normally take three (3) graduate-level courses. Students entering without a M.Sc. degree will normally take five (5) graduate-level courses.

Thesis
Students may be required to take advanced undergraduate courses if background deficient.

Ph.D. in Chemistry – Chemical Biology Option/Concentration

Required Courses (9 credits)
CHEM 650 (1) Seminars in Chemistry 1
CHEM 651 (1) Seminars in Chemistry 2
CHEM 688 (3) Assessment
BIOC 610 (1) Seminars in Chemical Biology 1
BIOC 611 (1) Seminars in Chemical Biology 3
CHEM 689 (1) Seminars in Chemical Biology 2
CHEM 690 (1) Seminars in Chemical Biology 4

Comprehensive
CHEM 701 (0) Comprehensive Examination 1
CHEM 702 (0) Comprehensive Examination 2

Complementary Courses (minimum 9 credits)
Students entering the program with a M.Sc. degree will normally take three (3) graduate-level courses. Students entering without a M.Sc. degree will normally take five (5) graduate-level courses.

Students will take at least 3 credits from the following list, including at least 3 credits from the first two courses listed below.
CHEM 502 (3) Advanced Bio-Organic Chemistry

CHEM 503 (3) Drug Design and Development 1
or PHAR 503
BIOC 603 (3) Genomics and Gene Expression
BIOC 604 (3) Macromolecular Structure
CHEM 504 (3) Drug Design and Development 2
or PHAR 504
CHEM 514 (3) Biophysical Chemistry
CHEM 591 (3) Bioinorganic Chemistry
CHEM 621 (5) Recent Advances in Organic Chemistry
CHEM 623 (5) Stereochemistry
CHEM 629 (5) Organic Synthesis
CHEM 621 (5) Recent Advances in Organic Chemistry
CHEM 531 CHEMISTRY OF INORGANIC MATERIALS. (3) (Winter) (Prerequisite: CHEM 381) Structure, bonding, synthesis, properties and applications of covalent, ionic, metallic crystals, and amorphous solids. Defect structures and their use in synthesis of specialty materials such as electronic conductors, semiconductors, and superconductors, and solid electrolytes. Basic principles of composite materials and applications of chemistry to materials processing.

CHEM 533 SMALL MOLECULE CRYSTALLOGRAPHY. (3) (Fall) (Prerequisite: CHEM 355 or permission of instructor.) Fundamentals of x-ray diffraction related to small molecule structure resolution, space groups, diffraction theory, strategies for structure solution, and refinement will be covered.

CHEM 534 NANOSCIENCE AND NANOTECHNOLOGY. (3) (Fall) (Prerequisites: CHEM 334 or PHYS 334 or permission of instructor) Corequisites: one of CHEM 345, PHYS 357, or PHYS 446 or permission of instructor) (Restriction: Not open to students who have taken or are taking PHYS 534) Topics discussed include scanning probe microscopy, chemical self-assembly, computer modelling, and microfabrication/micromachining.

CHEM 543 CHEMISTRY OF PULP AND PAPER. (3) (Fall) (2 lectures plus a reading/research project.) (Prerequisite: CHEM 302 or permission of instructor.) The industrial processes for converting wood to paper are described with emphasis on the relevant organic, physical, surface chemistry and colloid chemistry. The structure and organization of the polymeric constituents of wood are related to the mechanical, optical and other requisite properties of paper.

CHEM 547 LABORATORY AUTOMATION. (3) (Winter) (Two 1.5 hour lectures, lab) (Prerequisite: CHEM 377, equivalent or permission of instructor) Automation and data handling with respect to modern chemical laboratory instrumentation. Basic electronics, data acquisition, evaluation of laboratory needs, data processing methodologies.

CHEM 552 PHYSICAL ORGANIC CHEMISTRY. (3) (Fall) (Prerequisite: CHEM 302) The correlation of theory with physical measurements on organic systems; an introduction to photochemistry; solvent and substituent effects on organic reaction rates, etc.; reaction mechanisms.

CHEM 555 NMR SPECTROSCOPY. (3) (Fall) (3 lectures) (Prerequisite: CHEM 355 or equivalent) Interpretation of proton and carbon-13 nuclear magnetic resonance spectroscopy in one dimension for structural identification.

CHEM 556 ADVANCED QUANTUM MECHANICS. (3) (Fall) (3 lectures) (Prerequisites: CHEM 345 and PHYS 242) Quantum mechanical treatment of species of chemical interest. Introduction to perturbation theory, both time-dependent and time-independent treatment of the variational principle. Introduction to atomic spectra. Chemical bonding in terms of both the valence bond and molecular orbital theory. Elementary collision theory. Interaction of radiation with molecules.

CHEM 557 CHEMMETRICS: DATA ANALYSIS. (3) (Winter) (2 lectures and 3 hours of laboratory) (Prerequisite: Linear Algebra and experience in some computer programming language) Topics covered include: factorial analysis of chemical spectra, pattern recognition from multisensor data, linear and nonlinear optimization for the determination of optimal reaction conditions molecular modelling, multisensor calibration, etc.

CHEM 571 POLYMER SYNTHESIS. (3) (Winter) (3 lectures) (Prerequisite: CHEM 302 or equivalent, or permission of instructor.) A sur-
very of polymer preparation and characterization; mechanisms of chain growth, including free radical, cationic, anionic, condensa-
tion and transition metal-mediated polymerization, and the effects of these mechanisms on polymer architecture; preparation of alter-
nating, block, graft and stereoblock copolymers; novel macromo-
olecular structures including dendrimers and other nanostructures.

CHEM 572 SYNTHETIC ORGANIC CHEMISTRY. (3) (3 lectures) (Pre-
requisite: CHEM 382) Synthetic methods in organic chemistry and their application to the synthesis of complex molecules.

CHEM 575 CHEMICAL KINETICS. (3) (Winter) (3 lectures) (Prereq-
isites: CHEM 273 and CHEM 223/CHEM 243 (formerly CHEM 213.) Kinetic laws, measurement of reaction rates, transition state and collision theory. Elementary reactions in gas, solution and solid phases and on surfaces. Reaction mechanisms, laser tech-
iques, molecular beams, chemiluminescence, explosions. Exten-
sive use of computers to simulate the kinetic behaviour of chemical systems.

CHEM 581 INORGANIC TOPICS 1. (3) (Winter) (Prerequisite: CHEM 381) An introduction to some areas of current interest in inorganic chemistry. Each year a selection of several particularly active areas will be chosen.

CHEM 582 SUPRAMOLECULAR CHEMISTRY. (3) (Prerequisites: CHEM 222, CHEM 381) Introduction to supramolecular organization will be followed by discussions on the nature of interactions and methodologies to create ordered aggregates of high complex-
ity. Potential of supramolecular chemistry in fabricating smart materials will be explored using specific topics including inclusion chemistry, dendrimers, molecular self-assembly and crystal engi-
eering.

CHEM 585 COLLOID CHEMISTRY. (3) (Winter) (Prerequisites: CHEM 345, MATH 233 and MATH 315, PHYS 241 and PHYS 242, Students who have not taken CHEM 223 and CHEM 243 must have taken CHEM 273 or permission of instructor.) Principles of the physical chemistry of phase boundaries. Electrical double layer theory; van der Waals forces; Brownian motion; kinetics of coag-
ulation; electrorheinetics; light scattering; solid/liquid interactions; adsorption; surfactants; hydrodynamic interactions; rheology of dispersions.

CHEM 587 TOPICS IN MODERN ANALYTICAL CHEMISTRY. (3) (Fall) (Prerequisites: CHEM 367 and CHEM 377) Current theories of aqueous and nonaqueous solutions, with application to analytical chemistry; recent advances in analytical techniques. Topics may include: chromatography; applications of kinetics, solvent extrac-
tion and thermal analysis, with emphasis on their theoretical basis.

CHEM 591 BIOINORGANIC CHEMISTRY. (3) (Winter) (3 hours) (Pre-
requisite: CHEM 381) (Restriction: For Honours and Major Chem-
istry students or with permission) The roles of transition and main group elements in biology and medicine will be examined with an emphasis on using tools for structure and genome searching as well as becoming acquainted with experimental spectroscopic methods useful for bioinorganic chemistry such as macromole-
cular X-ray diffraction, EPR and EXAFS.

CHEM 593 STATISTICAL MECHANICS. (3) (Winter) (3 lectures) (Research project) (Prerequisite: CHEM 345. Recommended: CHEM 365) Basic hypotheses of statistical thermodynamics; ideal monatomic, diatomic and polyatomic gases; Einstein and Debye models of solids; statistical theory of black-body radiation; Debye-Hückel theory of electrolyte solutions; absolute reaction rate the-
ory of rate processes; theories of solutions.

CHEM 597 ANALYTICAL SPECTROSCOPY. (3) (Fall) (2 lectures; 3 hours lab) (Prerequisites: CHEM 367 and CHEM 377) The design and analytical use of spectroscopic instrumentation with respect to fundamental and practical limitations. Classical emission, fluores-
cence, absorption and chemical luminescence. Topics may include photo-acoustic spectroscopy, multietelem analysis, X-ray fluorescence and modern multiwavelength detector systems.

CHEM 611 INORGANIC TOPICS 2. (4) This advanced level course stresses recent trends in inorganic chemistry. Students select a topic from the current literature, research the topic, present peri-
odic oral reports and a final summary paper. The instructor participates as a tutor and gives occasional oral presentations on topics of his choice.

CHEM 612 ORGANOMETALIC CHEMISTRY. (5) A first course at the graduate level in organometallic chemistry. The theory and prac-
tice of the field is treated starting from basic principles of inorganic and organic chemistry.

CHEM 619 ADVANCED ATMOSPHERIC CHEMISTRY. (4)

CHEM 621 RECENT ADVANCES IN ORGANIC CHEMISTRY. (5) A sys-
tematic survey of the mechanisms of the most common organic reactions from studies of reactions in the current literature.

CHEM 623 STEREOCHEMISTRY. (5) Stereoisomers, their nomen-

CHEM 629 ORGANIC SYNTHESIS. (5) An advanced course in the synthesis of organic molecules with an emphasis on stereoselec-
tive transformations. Topics will include multiple bond formation, functional group interconversions, carbon-carbon bond formation and stereoselective oxidations and reductions.

CHEM 631D1 (2), CHEM 631D2 (2) SELECTED TOPICS IN ANALYT-
ICAL CHEMISTRY. (Students must register for both CHEM 631D1 and CHEM 631D2) (No credit will be given for this course unless both CHEM 631D1 and CHEM 631D2 are successfully completed in consecutive terms) A directed reading course with individual student-professor conferences, and intended mainly for students specializing in analytical chemistry. Topics are chosen to meet the individual needs of each student.

CHEM 634 SEMINAR IN ADVANCED MATERIALS. (3) A series of research-level seminars about topics of current interest in advanced materials. Topics include molecular and nanoelectron-
computational approaches to materials design and property predictions, new techniques in molecular and atomic imaging, advances in materials preparation, quantum devices and quantum computing.

CHEM 636 LABORATORY AUTOMATION 2. (5) (Prerequisite: CHEM 547) Students will undertake a chemical laboratory automation project. Design and implementation problems will be discussed by the students in seminars and advanced topics in automated chem-
ical instrumentation will be presented. Several experiments will be required.

CHEM 646 ADVANCED STATISTICAL MECHANICS. (4) Intermediate and advanced topics in statistical mechanics. Material to be cov-
ered will include: graphical methods, modern theories of dense gases and liquids, static and dynamic critical phenomena, time-
correlation functions, light-scattering and nonequilibrium phenom-
ena.

CHEM 647 PHYSICAL CHEMISTRY: SPECIAL TOPIC 1. (4)

CHEM 648 PHYSICAL CHEMISTRY: SPECIAL TOPIC 2. (4)

CHEM 650 SEMINARS IN CHEMISTRY 1. (1) (1 seminar) (Required of first year graduate students in Chemistry.) A seminar course designed for graduate students in chemistry which in conjunction with McGill Chemical Society will provide exposure to a broad range of special topics within the discipline.

CHEM 651 SEMINARS IN CHEMISTRY 2. (1) (1 seminar) (Required of first year graduate students in Chemistry.) A seminar course designed for graduate students in chemistry which in conjunction with McGill Chemical Society will provide exposure to a broad range of special topics within the discipline.

CHEM 655 ADVANCED NMR SPECTROSCOPY. (4) (1 lecture) (Pre-
requisite: CHEM 555 or equivalent.) Advanced techniques of nuclear magnetic resonance spectroscopy. Fourier transform methods, multiple pulsing, two-dimensional pulse sequencing.

CHEM 661 LITERATURE REVIEW AND PROPOSAL. (3) (Restriction: graduate students in Chemistry.) Students will review the relevant literature concerning their particular area of research and describe plans for future work.
CHEM 686 WET-END PAPERMAKING CHEMISTRY. (3) (Restriction: graduate students in Chemistry.) Students will prepare a research proposal, and give a seminar.

CHEM 666D1 (3), CHEM 666D2 (3) SPECIAL TOPICS 2. (Students must register for both CHEM 666D1 and CHEM 666D2) (No credit will be given for this course unless both CHEM 666D1 and CHEM 666D2 are successfully completed in consecutive terms) Critical and original essays are required on various subjects of current interest in chemistry.

CHEM 667 SPECIAL TOPICS. (4) Critical and original essays are required on various subjects of current interest in chemistry.

CHEM 673 POLYMERS IN SOLUTIONS. (4) Thermodynamics of regular and of polymer solutions; osmotic pressure; phase separations; polymer configurations; light scattering; ultracentrifugation; viscometry; gel permeation chromatography; polyelectrolytes.

CHEM 674 INTRODUCTORY PHYSICAL CHEMISTRY - POLYMERS. (4) A survey course on the structure of polymers; kinetics and mechanisms of polymer synthesis; molecular weight distributions; polymer configurations and the thermodynamics of polymer solutions; rubber, elasticity, osmometry and viscosity.

CHEM 686 WET-END PAPERMAKING CHEMISTRY. (3) (Restriction: graduate students in Chemistry or Chemical Engineering or permission of instructor.) (Prerequisites: CHEM 543 and CHEM 585) Review of the chemistry of various additives used in papermaking, such as wet and dry strength agents, sizing agents, fillers, filler retention aids, antifoam agents, biocides, dyes, dewatering agents, drainage and formation aids. The course also addresses the chemistry of deinking of waste papers and the treatment of effluents.

CHEM 688 ASSESSMENT. (3) (Restriction: Restricted to graduate students in Chemistry.) An evaluation that is completed before the end of the second year of registration.

CHEM 689 SEMINARS IN CHEMICAL BIOLOGY 1. (3) Independent research work leading to writing of M.Sc. thesis for final submission to the Graduate and Postdoctoral Studies Office.

CHEM 690 SEMINARS IN CHEMICAL BIOLOGY 2. (1) (Restrictions: Open only to students registered for the M.Sc. or Ph.D. Graduate Option in Chemical Biology.) Second multidisciplinary seminar in chemical biology.

CHEM 691 M.Sc. THESIS RESEARCH. (3) Independent research work leading to writing of M.Sc. thesis for final submission to the Graduate and Postdoctoral Studies Office.

CHEM 692 M.Sc. THESIS RESEARCH. (6) Independent research work leading to writing of M.Sc. thesis for final submission to the Graduate and Postdoctoral Studies Office.

CHEM 693 M.Sc. THESIS RESEARCH. (9) Independent research work leading to writing of M.Sc. thesis for final submission to the Graduate and Postdoctoral Studies Office.

CHEM 694 M.Sc. THESIS RESEARCH. (12) Independent research work leading to writing of M.Sc. thesis for final submission to the Graduate and Postdoctoral Studies Office.

CHEM 695 M.Sc. THESIS RESEARCH. (15) Independent research work leading to writing of M.Sc. thesis for final submission to the Graduate and Postdoctoral Studies Office.

CHEM 696 M.Sc. THESIS RESEARCH. (6) Independent research work leading to writing of M.Sc. thesis for final submission to the Graduate and Postdoctoral Studies Office.

CHEM 697 M.Sc. THESIS RESEARCH. (9) Independent research work leading to writing of M.Sc. thesis for final submission to the Graduate and Postdoctoral Studies Office.

CHEM 698 M.Sc. THESIS RESEARCH. (12) Independent research work leading to writing of M.Sc. thesis for final submission to the Graduate and Postdoctoral Studies Office.

CHEM 701 COMPREHENSIVE EXAMINATION 1. (0) (Restriction: Ph.D. students in Chemistry.) An evaluation that is completed before the end of the third year of registration.

CHEM 702 COMPREHENSIVE EXAMINATION 2. (0) (Restriction: Ph.D. students in Chemistry.) An evaluation that is completed before the end of the fourth year of registration.

CHEM 721 ORGANIC CHEMISTRY RESEARCH SEMINAR. (3) Upon completion of the organic cumulative examinations, students will present a seminar on their research work (including background and future plans).

CHEM 763 RESEARCH REPORT 2. (3) (Restriction: graduate students in Chemistry.) Students will present a seminar on a complete or nearly complete research project and discuss these results.

Chair — D. Mitchell
Chair of Graduate Program — G. McClure

15.1 Staff

Emeritus Professors

S.B. Savage; B.Eng.(McG.), M.S.Eng.(Cal. Tech.), Ph.D.(McG.), F.R.S.C.

Professors

V.H. Chu; B.Sc.(Taiwan), M.A.Sc.(Tor.), Ph.D.(MIT), Eng.
J. Nicelli; B.A.Sc., M.A.Sc., Ph.D.(Windsor), P.Eng.
S.C. Shrivastava; B.Sc.(Eng.)(Vikram), M.C.E.(Del.), Sc.D.(Col.)

Associate Professors

S.J. Gaskin; B.Sc.(Eng.) (Qu.), Ph.D.(Cant.), Eng.
R. Gehl; B.Sc.(Eng.) (Wil.), M.A.Sc., Ph.D.(Tor.), P.Eng.
S. Ghoshal; B.C.E.(India), M.S.(Missouri), Ph.D.(Carn. Meil.), P.Eng.
C. Rogers; B.A.Sc., M.A.Sc.(Wat.), Ph.D.(Sydney), P.Eng.
Y. Shao; B.Sc., M.S.(Tongji), Ph.D.(Nwestern), P.Eng.

Assistant Professors

A. Boyd; B.Sc. (Eng.) (UNB), M.A.Sc.(Tor.), Ph.D.(Br. Col.)
D. Frigon; B.Sc.(McG), M.Sc.(McG), Ph.D.(Ill.-Urbana-Champaign)
M.A. Meguid; B.Sc.(Cairo), M.Sc., Ph.D.(W. Ont.), P.Eng.

Adjunct Professors

15.2 Programs Offered

Advanced courses of instruction and laboratory facilities are available for engineering graduate students desiring to proceed to the degrees of M.Eng., M.Sc. and Ph.D.

Graduate studies and research are at present being conducted in the fields of structures and structural mechanics, infrastructure rehabilitation, risk engineering, fluid mechanics and hydraulics, materials engineering, soil behaviour, soil mechanics and foundations, water resources engineering, and environmental engineering.

M. Eng. (Environmental Engineering Option)

This program is offered to students with a university undergraduate degree in engineering who desire graduate education in the environmental engineering field. This option is within the context of the existing M.Eng. (Project Option) programs currently offered in the Departments of Bioresource Engineering (Agricultural and Environmental Sciences), Chemical Engineering, Civil Engineering, and Mining, Metals and Materials Engineering. This program emphasizes interdisciplinary fundamental knowledge courses, practical applications in diverse environmental contexts, and functional skills needed for solving environmental problems. Candidates must possess a Bachelor's degree in engineering.

M.Sc.

Candidates with a Bachelor's degree in a discipline other than Engineering, such as Science or Arts, may be accepted into a M.Sc. program in the Department. Such students would typically study in the fluid mechanics, water resources, or environmental engineering areas, and would follow the Thesis Option program, as outlined in section 15.5 "Program Requirements".

15.3 Admission Requirements

The general rules of the Graduate and Postdoctoral Studies Office apply and are detailed in the General Information section. The minimum academic standard for admission is a Cumulative Grade Point Average (CGPA) of 3.0/4.0.

Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must achieve a grade of 580 or better on the paper-based (237 on the computer-based) Test of English as a Foreign Language (TOEFL) for entry to the Ph.D. program, and 550 on the paper-based (213 on the computer-based) TOEFL for other programs. For Candidates who write the iBT TOEFL, the minimum requirement will be an overall or total score of not less than 92 with each component score (i.e. Writing, Reading, Speaking, Listening) not less than 20. The test is administered by the Educational Testing Service and is available throughout the world. The results reach McGill approximately eight weeks after the test is taken. It is the student’s responsibility to make the necessary arrangements with the examining board to write the test in the country of residence. Full information about the Test and a registration form may be obtained by writing to: Test of English as a Foreign Language, Box 6191, Princeton, New Jersey 08540-6151, U.S.A. (www.toefl.org).

15.4 Application Procedures

Applications will be considered upon receipt of:
1. Application form
2. Two official transcripts
3. Two confidential letters of reference
4. $80 application fee
5. Test results (TOEFL)

Applicants are requested to address their completed forms for admission to the Chair of the Graduate Studies Admissions Committee, Department of Civil Engineering and Applied Mechanics.

Applications for September admission should be submitted by February 1 (International) and March 1 (Canadian and Permanent Resident). Applications for January admission by May 1 (International) and October 1 (Canadian and Permanent Resident).

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

15.5 Program Requirements

M.Eng. in Civil Engineering

Candidates may satisfy the requirements for the M.Eng. degree in Civil Engineering by following either the Thesis Option or the Project Option.

Both programs require 45 credits and the detailed requirements are given hereafter.

These programs normally require that course work credits be earned at the 500 and 600 levels. However, at least two courses must be taken at the 600 level. The minimum course requirements for both options pertain to well prepared students; others may be required to take additional courses as a condition of acceptance or as determined in consultation with their director of studies or research.

A minimum of three terms of resident study at McGill are required for the degree. This residency requirement can also be satisfied by Project Option students through part-time (evening) studies over a period of three or more years.

M.Eng. in Civil Engineering (Thesis) (45 credits)

Required Course (1 credit)
CIVE 662 (1) Masters Research Seminar

Complementary Courses (minimum 17 credits)
A minimum of five courses at the 500 or 600 level, with at least 8 credits at the 600 level

Thesis (27 credits)

The thesis describing the candidate’s research is to be submitted in accordance with the regulations of the Graduate and Postdoctoral Studies Office.

CIVE 630 (3) Thesis Research 1
CIVE 631 (3) Thesis Research 2
CIVE 632 (3) Thesis Research 3
CIVE 633 (6) Thesis Research 4
CIVE 634 (6) Thesis Research 5
CIVE 635 (6) Thesis Research 6

M.Eng. in Civil Engineering (Project) (45 credits)

Complementary Courses (30 to 40 credits)
A minimum of 30 credits at the 500 or 600 level, with at least 8 credits at the 600 level

Project (5 to 15 credits)

Credit for the project may vary between 5 to 15, depending on the amount of work involved.

CIVE 691 (1) Research Project 1
CIVE 692 (2) Research Project 2
CIVE 693 (3) Research Project 3
CIVE 694 (4) Research Project 4
CIVE 695 (5) Research Project 5
CIVE 696 (6) Research Project 6
CIVE 697 (7) Research Project 7

Master of Engineering (Environmental Engineering Option)

The program consists of a minimum of 45 credits, of which, depending on the student’s home department, a minimum of 5 and a maximum of 15 may be allotted to the research project.

The balance of 30 to 40 credits is earned by coursework. The Department also allows students to complete the program using a minimum of 45 credits of coursework only.

The Environmental Engineering option is administered by the Faculty of Engineering. Further information may be obtained from...
Candidates with a Bachelor's degree in a discipline other than M.Sc.

Required Courses (45 credits)
- CIVE 615 (3) Environmental Engineering Seminar
- CHEE 591 (3) Environmental Bioremediation

Complementary Courses (minimum 17 credits)
A minimum of five courses at the 500 or 600 level, with at least 8 credits at the 600 level

Thesis (27 credits)
- CIVE 630 (3) Thesis Research 1
- CIVE 631 (3) Thesis Research 2
- CIVE 632 (3) Thesis Research 3
- CIVE 633 (6) Thesis Research 4
- CIVE 634 (6) Thesis Research 5
- CIVE 635 (6) Thesis Research 6

Ph.D.
Candidates normally register for the M.Eng. degree (Thesis Option), or M.Sc. degree in the first instance. Those who have a Master's degree acceptable to the Department may, however, be considered for direct registration for the Ph.D. degree (Ph.D.II).

The Ph.D. program consists of a research project and courses as required to develop the candidate's background. Candidates are expected to take a comprehensive preliminary oral examination (course CIVE 701) within the first 15 months of their Ph.D. registration. They must fulfil the requirements outlined in the General Information section of the Graduate and Postdoctoral Studies Calendar. There is no foreign language requirement.

Direct transfer into the Ph.D. program (fast-tracking) may be available for master's students who have demonstrated a superior academic performance in their undergraduate and master's studies.

15.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

CIVE 512 ADVANCED CIVIL ENGINEERING MATERIALS. (3) (3-3-3) (Prerequisite: CIVE 202) Production, structure and properties of engineering materials; ferrous alloys, treatments, welding, special steels, cast iron; ceramic materials; polymers; composite materials; concrete, admixtures, structure, creep, shrinkage; asphalt and asphaltic materials; clay materials and bricks; impact of environment on material response, durability, quality assessment and control, industrial specifications; recent advances.

CIVE 519 SUSTAINABLE DEVELOPMENT PLANS. (6) (1-9-8) (Restriction: Must be enrolled in the Barbados Field Study Semester.) Geared for solving real-world environmental problems related to water at the local, regional and international scale in Barbados. Projects to be designed by instructors in consultation with university, government and NGO partners and to be conducted by teams of 2 to 4 students in collaboration with them.

CIVE 527 RENOVATION AND PRESERVATION: INFRASTRUCTURE. (3) (2-3-4) (Prerequisite: CIVE 319) (Restriction: Must be enrolled in the Barbados Field Study Semester.) Maintenance, rehabilitation, renovation and preservation of infrastructure; structure degradation mechanisms; chemical and biological degradation; metal corrosion; condition surveys and evaluation of bridges, buildings and structures; repair and preservation techniques and strategies; codes and guidelines; quality assessment, and control, industrial specifications; recent advances.

CIVE 540 URBAN TRANSPORTATION PLANNING. (3) (3-1-5) (Prerequisite: CIVE 319 or permission of instructor.) Process and techniques of urban transportation engineering and planning, including demand analysis framework, data collection procedures, travel demand modelling and forecasting, and cost-effectiveness framework for evaluation of project and system alternatives.

CIVE 546 SELECTED TOPICS IN CIVIL ENGINEERING 1. (3) (1-0-6) (Prerequisite: Undergraduate; Permission of instructor) Special topics related to Civil Engineering will be presented by staff and visiting lecturers.
CIVE 550 WATER RESOURCES MANAGEMENT. (3) (3-0-6) (Prerequisite: CIVE 323 or equivalent) State-of-the-art water management techniques; case studies of their application to Canadian situations; identification of major issues and problem areas; interprovincial and international river basins; implications of development alternatives; institutional arrangements for planning and development of water resources; and, legal and economic aspects.

CIVE 551 ENVIRONMENTAL TRANSPORT PROCESSES. (3) (3-2-4) (Prerequisite: CIVE 225 or Permission of Instructor.) Equilibrium partitioning of pollutants in multiphase systems, sorption isotherms, diffusive mass transport, inter-phase mass transfer kinetics, contaminant transport processes in the subsurface porous media and in natural aquatic systems, mass transport in water and wastewater treatment systems.

CIVE 553 STREAM POLLUTION AND CONTROL. (3) (3-2-4) (Prerequisite: CIVE 225) Water quality standards. Physical and chemical pollution, and bacterial contamination of surface waters. Effects of specific types of pollution such as thermal, point and non-point sources. Stream self-purification. Effects on lake eutrophication. Pollution surveys and methods of control.

CIVE 572 COMPUTATIONAL HYDRAULICS. (3) (3-0-6) (Prerequisite: CIVE 327 or equivalent) Computation of unsteady flows in open channels; abrupt waves, flood waves, tidal propagation; method of characteristics; mathematical modelling of river and coastal currents.

CIVE 573 HYDRAULIC STRUCTURES. (3) (3-0-6) (Prerequisites: CIVE 323 and CIVE 327) Hydraulic aspects of the theory and design of hydraulic structures. Storage dams, spillways, outlet works, diversion works, drop structures, stone structures, conveyance and control structures, flow measurement and culverts.

CIVE 574 FLUID MECHANICS OF WATER POLLUTION. (3) (3-0-6) (Prerequisite: CIVE 327 or equivalent.) Mixing, dilution and dispersion of pollutants discharged into lakes, rivers, estuaries and oceans; salinity intrusion in estuaries and its effects on dispersion; biochemical oxygen demand and dissolved oxygen as water quality indicators; thermal pollution; oil pollution.

CIVE 577 RIVER ENGINEERING. (3) (3-0-6) (Prerequisite: Undergraduate: CIVE 428 or permission of the instructor.) (Corequisite: Graduate: CIVE 428) Fluvial geomorphology; sediment properties; river turbulence; mechanics of the entrainment, transportation and deposition of solids by fluids; threshold of movement; bed forms; suspended load, bed load and total load equations; stable channel design and regime rivers; river modeling; river engineering and river management.

CIVE 585 GROUNDWATER HYDROLOGY. (3) (3-0-6) (Prerequisite: Permission of instructor) Groundwater geology; steady-state and transient-state regional groundwater; infiltration and recharge; hydrological cycle; chemical constituents; adsorption/desorption processes; Groundwater exploration techniques; pumping tests; groundwater pollution; diffusion and dispersion; thermal processes; groundwater resource management.

CIVE 602 FINITE ELEMENT ANALYSIS. (4) Development of displacement based simple and high order, one, two and three dimensional elements for linear elastic stress analysis. Variational and other methods for element formulation. Plate bending and shell elements. Finite element programming. Use of package programs in static analysis of structures.

CIVE 603 STRUCTURAL DYNAMICS. (4) Dynamic loads on structures; equations of motion of linear single- and multiple-degree-of-freedom systems and of continuous systems; free and forced vibrations; damping in structures; modal superposition and time-history analysis; earthquake effects; provisions of the National Building Code of Canada for seismic analysis.

CIVE 607 ADVANCED DESIGN IN STEEL. (4) Design and behaviour of cold formed and hot rolled structural steel members and systems. Lateral load resistance design of steel roof diaphragms, flexural design of composite slabs, bracing requirements and design procedures for steel structures, floor vibration, member torsion, slender members and design procedures for low rise steel frame buildings.

CIVE 609 RISK ENGINEERING. (4) Quantitative analysis of uncertainty in planning, design, construction, operation and rehabilitation of engineered facilities. Interprets fundamentals of probabilities, random processes, statistics, and decision analysis in the context of engineering applications, in particular description of variability of loads and environmental conditions, material properties performance prediction, system reliability analysis, and risk-based decision analysis.

CIVE 610 SPECIAL TOPICS IN STRUCTURAL MECHANICS. (4) Special problems in the theory and design of structures. These may include topics in the theories of elasticity and plasticity and advanced theories of shell structures.

CIVE 612 EARTHQUAKE-RESISTANT DESIGN. (4) Static and dynamic analyses, design codes, effects of local ground conditions, ductility demands on structural components. Inelastic behaviour of beams, columns, joints, shear walls and bracing under cyclic loading of steel concrete and masonry structures. Design applications.

CIVE 614 COMPOSITES FOR CONSTRUCTION. (4) Fibre reinforced plastics (FRP), civil engineering applications; fibre, matrix, processing; plymechanics, strength, rigidity, stability, durability; FRP rebars and tendons for concrete, laminates for strengthening, pultruded beams and columns, FRP stay-in-place formwork for concrete, FRP - glulam beams; design criteria, design project.

CIVE 615 ENVIRONMENTAL ENGINEERING SEMINAR. (3) The course will expose the students to various environmental engineering issues. Lectures will be given by faculty and invited speakers from industry. Each student is required to prepare a written technical paper and make oral presentation.

CIVE 617 DESIGN AND RATING OF HIGHWAY AND RAILWAY BRIDGES. (4) Criteria for bridge design, evaluation and rehabilitation; analysis of super-structures; design and construction of steel and concrete bridges; introduction to cable-stayed and suspension bridges; deck joints and bearings; rating, repair and rehabilitation of bridges.

CIVE 618 DESIGN IN CONCRETE 1. (4) Concrete physical properties, creep, shrinkage; review of ultimate strength design; combined loadings; design of frames and flat plates; limit design, yield line theory; prestressed concrete, partial prestressing and load balancing. The course will include group projects.

CIVE 623 DURABILITY OF MATERIALS. (4) Safety, serviceability, durability and service life; quality assurance and quality control;
material structures, properties and degradation; concrete materials, as-built properties; steel corrosion and protection; steel, timber and masonry properties; deterioration mechanisms; condition survey; maintenance and repair strategies, materials and processes; economic appraisal, recent development; case studies.

CIVE 624 DURABILITY OF STRUCTURES. (4) Basic concepts, safety, durability, repair and strengthening; reliability analysis; deterioration mechanisms, preventive and corrective measures; design for durability; parking structures; bridges; steel, timber and masonry structures; municipal infrastructure; strengthening and retrofitting; management systems; case studies. This course will involve field trips and group design exercises.

CIVE 628 DESIGN OF WOOD STRUCTURES. (4) Review of wood material properties, grades, and design of sawn lumber and timber tension, bending and compression members. Design of connections, Glulam, engineered wood products and systems, shearwalls and diaphragms. Combined loading design, vibration design, moisture and humidity effects, deterioration and protection, fire performance, prescriptive design versus engineering design.

CIVE 630 THESIS RESEARCH 1. (3)
CIVE 631 THESIS RESEARCH 2. (3)
CIVE 632 THESIS RESEARCH 3. (3)
CIVE 633 THESIS RESEARCH 4. (6)
CIVE 634 THESIS RESEARCH 5. (6)
CIVE 635 THESIS RESEARCH 6. (6)

CIVE 648 SPECIAL TOPICS IN CIVIL ENGINEERING. (4) Special topics of an advanced nature relating to Civil Engineering will be presented by staff and visiting lecturers.

CIVE 651 THEORY: WATER / WASTEWATER TREATMENT. (4) Theoretical aspects of the chemistry of water and wastewater treatment. This will include acid-base and solubility equilibria; redox reactions; reaction kinetics; reactor design; surface and colloid chemistry; gas transfer; mass transfer; stabilization and softening; disinfection; corrosion.

CIVE 652 BIOLOGICAL TREATMENT: WASTEWATERS. (4) Process kinetics and reactors. Population kinetics of microorganisms and their role in the various waste treatment processes. Unit processes for wastewater treatment, such as suspended-growth, attached-growth processes, sludge treatment, and nutrient removal. Biological treatment techniques for groundwater decontamination. Laboratory pilot plant exercises.

CIVE 660 CHEMICAL AND PHYSICAL TREATMENT OF WATERS. (4) Theory and design of specific processes used for the physical and/or chemical purification of waters and wastewaters, including mixing, flocculation, sedimentation, flotation, filtration, disinfection, adsorption, ion exchange, aeration, membrane processes, distillation, removal of specific inorganics and organics, taste and odour control, process control, sludge treatment. Laboratory exercises will complement theoretical aspects.

CIVE 662 MASTERS RESEARCH SEMINAR. (1) (Restriction: For civil engineering students in the final semester of the masters program.) Oral presentation of research topics.

CIVE 678 GRAVITY CURRENTS. (4) Internal hydraulic of one-layer and two-layers systems. Boussinesq's approximation, concepts of specific energy and specific force, upstream and downstream influences. Waves, instabilities and turbulence in continuous stratified flows; the flux, gradient and local Richardson numbers. Turbulent mixing and entrainment across gravity and turbulent interfaces. Turbulent thermals, turbulent plumes and related mixing phenomena.

CIVE 686 SITE REMEDIATION. (4) Field investigations; geotechnical and geophysical techniques; hydrogeological conditions; risk assessment; contaminant transport; remedial action plan; containment systems (gas, surface water, and ground water); on-site and off-site treatment techniques (solidification, stabilization, landfiling, and soil washing); In-situ treatment techniques (physical, biological, and chemical).

CIVE 691 RESEARCH PROJECT 1. (1)
CIVE 692 RESEARCH PROJECT 2. (2)
CIVE 693 RESEARCH PROJECT 3. (3)
CIVE 694 RESEARCH PROJECT 4. (4)
CIVE 695 RESEARCH PROJECT 5. (5)
CIVE 696 RESEARCH PROJECT 6. (6)
CIVE 697 RESEARCH PROJECT 7. (7)

CIVE 701 PH.D. COMPREHENSIVE PRELIMINARY ORAL EXAM. (0)
16.4 Application Procedures

No applications will be accepted for 2007-08 as the program has been temporarily suspended. Further information may be obtained from the Department of History.

16.5 Program Requirements

Please consult the Department for detailed regulations.

M.A. with thesis
1) Course work: 18 credits
2) Special subjects: 6 credits (CLAS 695D1/CLAS 695D2)
3) Thesis: 24 credits:
   - CLAS 696 – Methods (3)
   - CLAS 697 – Proposal (3)
   - CLAS 698 – Preparation (6)
   - CLAS 699 – Completion (12)

M.A. non-thesis option
1) Course work: 24 credits
2) Special subjects: 12 credits
   (CLAS 685D1/CLAS 685D2, CLAS 686D1/CLAS 686D2).
3) Research papers: 12 credits
   - CLAS 681 – Research Paper 1 (3)
   - CLAS 682 – Research Paper 2 (3)
   - CLAS 683 – Research Paper 3 (3)
   - CLAS 684 – Research Paper 4 (3)

Ph.D.
1) Course work: 24 credits;
2) Reading list;
3) Thesis and Oral Defence.

16.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

CLAS 515D1 (3), CLAS 515D2 (3) LATIN AUTHORS AND TEXTS.
   (Prerequisite (Undergraduate): 9 credits in Intermediate Latin or equivalent) (Restriction: Honours and Graduate students) (Students must register for both CLAS 515D1 and CLAS 515D2.) (No credit will be given for this course unless both CLAS 515D1 and CLAS 515D2 are successfully completed in consecutive terms) Completion of a Reading List in Latin, with Faculty supervision, to be written by examination.

CLAS 525D1 (3), CLAS 525D2 (3) ANCIENT GREEK AUTHORS & TEXTS.
   (Prerequisite (Undergraduate): 9 credits in Intermediate Greek or equivalent) (Restriction: Honours and Graduate students) (Students must register for both CLAS 525D1 and CLAS 525D2.) (No credit will be given for this course unless both CLAS 525D1 and CLAS 525D2 are successfully completed in consecutive terms) Completion of a Reading List in Greek, with Faculty supervision, to be written by examination.

CLAS 701N2 PH.D. COMPREHENSIVE EXAMINATION. (6) (Prerequisite: CLAS 701N1) (No credit will be given for this course unless both CLAS 701N1 and CLAS 701N2 are successfully completed in a twelve month period) (CLAS 701N1 and CLAS 701N2 together are equivalent to CLAS 701)

Director — Shari Baum
Research Director — Elin Thordardottir

17.1 Staff

Emeritus Professor
Donald Doehring; B.A.(Buff.), M.A.(N.M.), Ph.D.(Ind.)

Professors
Shari Baum; B.A.(C'nell), M.S.(Vt.), M.A., Ph.D.(Brown)
Athanasios Katsarikas; M.D.(Thess.), M.Sc.(McG.), F.R.C.P.(C)

Associate Professors
Vincent Gracco; B.A., M.A.(San Diego), Ph.D.(Wis.-Madison)
Marc Puell; B.A.(Ott.), M.Sc., Ph.D.(McG.)
Linda Polka; B.A.(Slippery Rock), M.A.(Minn.), Ph.D.(S.Flor.)
Susan Rvachew; B.Sc.(Alta.), M.Sc., Ph.D.(Calg.)
Elin Thordardottir; B.A., M.Sc., Ph.D.(Wis.-Madison)

Assistant Professor
Karsten Steinhauer; M.Sc., Ph.D.(Dr.rer.nat) (F.U.Berlin)
Assistant Professors (Part-Time)
Gabriel Leonard; B.A.(Dublin), D.A.P., M.Sc., Ph.D.(McG.)
Rosalee Shenker; B.Sc.(Syr.), M.A.(Calif. St.), Ph.D.(McG.)

Faculty Lecturer
Jeanne Claessen; M.A.(Reading), Dip. Clinical Communication Studies(City University, London)

Faculty Lecturers (Part-Time)
Michelle Bourque; B.A.(New Br.), M.Sc.(McG.)
Pi-Yu, Chiang; B.A., M.A.(Nat'l Taiwan U)
Catherine Dench; B.Sc.(Lond.), M.Sc.(W. Ont.)
Ruth Gesser; B.A.(C'dia), M.Sc.A.(McG.)
Audrey Hardy; B.Sc., M.P.A. (Montr.)
James Lapointe; B.A., M.Sc.A.(McG.)
Cathy Mhun; B.A., M.Sc.A.(McG.)
Mahchid Namazi; B.Sc., M.Sc.(Br. Col.)
Daria Orchard; B.A., M.Sc.(McG.)
Judith Robillard-Shultz; B.A., M.Sc.A.(McG.)
Colleen Timm; B.A.(C'dia), M.Sc.A.(McG.)
Pascale Tremblay; B.A.(U. Laval)
Patricia Viens; ASLTA Certificate(Rochester I.T.), ASL Workshop Certificate(Vista U.)
Anne Vogt; B.Ed.,B.A.(Tel Aviv)
Joanne Wilding; B.A., M.Sc.A.(McG.)

Associate Members
Eva K ehayia (Physical and Occupational Therapy),
Yuriko Oshima-Takane (Psychology)

Adjunct Members
Howard Chertkow (Jewish Gen.), Rachel Mayberry (U.C.S.D.),
David McFarland (Montr.), Martha Crago (Montr.)
17.2 Programs Offered

The School offers a professional degree in Communication Sciences and Disorders at the M.Sc. (Applied) level with specialization in Speech Language Pathology and two research degrees, an M.Sc. (Research) and a Ph.D. in Communication Sciences and Disorders.

M.Sc. (Applied) Degree in Communication Sciences and Disorders

The professional degree leads to a Master of Science (Applied) with a specialization in Speech Language Pathology. The program involves two academic years of full-time study and related practical work followed by a Summer internship. To prepare students as creative professionals, the program emphasizes the understanding of principles and theories, and their present or potential clinical applications, in addition to the teaching of specific techniques for assessment and intervention. Active participation in the learning process is encouraged.

The profession of Speech-Language Pathology concerns assessment and intervention in speech and language disorders. In particular, the Speech-Language Pathologist is concerned with two major parameters of communication sciences and disorders: language and speech. At present, most speech-language pathologists in Canada work in hospitals, public school systems, rehabilitation centres, and in special education facilities.

Requirements for Licensure – The majority of provinces in Canada and certain states in the U.S.A. require that those intending to practice as Speech-Language Pathologists within their borders comply with special provincial or state licensing regulations. Graduates wishing to practice in the province of Quebec must be members of l’Ordre des Orthophonistes et Audiologistes du Québec (OOAQ) in order to call themselves Speech-Language Pathologists. Further information is available from the OOAQ, 235, boulevard René Lévesque est, bureau 601, Montréal (Québec) H2X 1N8. Telephone: (514) 282-9123. Website: www.ooaq.qc.ca.

Quebec law requires that candidates seeking licensure in provincially recognized professions demonstrate a verbal and written working knowledge of the French language. See the Language Requirements for Professions in the General Information and Regulations section of the Health Sciences Calendar.

Research Degrees – M.Sc. and Ph.D.

Selected candidates may be accepted for the M.Sc. and Ph.D. research degrees. Each student’s Thesis supervisor and Thesis Committee design an individualized program of study in collaboration with the student. The program can include graduate courses offered by the School and by other departments at McGill.

Ph.D. Option in Language Acquisition (LAP)

Information about this option is available from the School and on the Web at: ego.psych.mcgill.ca/lap.html.

Funding

The IODE Provincial Chapter of Quebec funds two $1,000. “Silence to Sound” awards for studies in hearing impairment. These in-course awards are based on academic merit, financial need, and potential for excellence are awarded by the School.

Montreal League for the Hard of Hearing Award.

Candidates must be enrolled at the graduate level in the School and working in the area of hearing impairment. Awarded by the School. Value – up to $1,000.

17.3 Admissions Requirements

M.Sc. (Applied)

An applicant must hold an undergraduate degree with a minimum B average (3.0 on a 4.0 point scale) or better in areas relevant to the selected field of specialization. Specific requirements are six credits in statistics, a total of 16 credits across the disciplines of psychology and linguistics (with a minimum of six credits in each discipline). Knowledge of physiology is also desirable.

M.Sc. in Communication Sciences and Disorders

The M.Sc. provides research training for:

1. students who are also taking courses for professional qualification;
2. students who have a non-thesis professional degree in Communication Sciences and Disorders; and
3. students with degrees in related fields who wish to do research but not obtain professional qualification in Communication Sciences and Disorders.

Ph.D. in Communication Sciences and Disorders

Applicants should normally have a Master’s degree with thesis or its equivalent in Communication Sciences and Disorders or a related field (e.g., psychology, linguistics).

Students who possess an appropriate Bachelor’s degree or Master’s degree without thesis will also be considered for the Ph.D. program, but, if admitted, must first complete a qualifying year of coursework and a research project in the School (‘fast-track’ option).

17.4 Application Procedures

Please see the School of Communication Sciences and Disorders Website at www.mcgill.ca/scsd/application for required application materials.

School of Communication Sciences and Disorders will only consider applications upon receipt of the following documentation prior to the February 1st deadline.

– Online application
– Information Form
– Prerequisite Form
– Personal Statement
– Two letters of Recommendation
– Two official copies of Transcripts from all Universities attended

Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English prior to admission: the Test of English as a Foreign Language (TOEFL) with a minimum score of 587 (paper-based) or 240 (computer-based), or 95 on the Internet-based test with minimum component scores of 24 in both Speaking and Writing and 21 in both Reading and Listening, or the International English Language Testing System (IELTS) with a minimum overall band score of 7.0.

M.Sc. (thesis) and Ph.D. programs

Application for Fall admission are processed shortly after the deadline of February 22. All applications received by that date are automatically considered for any internal funding or awards made available to the department for recruitment purposes. Applications for Winter or Summer admission are processed when they are received, but must be received no later than August 1 (Winter admission) or December 15 (Summer admission). Students who apply for Fall admission generally have the most options with respect to applying for external funding as well as for being considered for internal support.

Applications will be considered upon receipt of supporting documents as outlined above. All applicants are strongly encouraged to submit reports of their performance on the Graduate Record Examination (GRE).
### 17.5 Program Requirements

**M.Sc. (Applied) in Communication Sciences and Disorders – Speech-Language Pathology Option/Concentration**

(68 credits)

The professional degree program involves two academic years of full-time study and related practical work followed by a Summer internship.

#### Year 1 Required Courses (31 credits)

A seminar may also be taken outside of the School upon approval of a faculty advisor.

#### M.Sc. in Communication Sciences and Disorders (45 credits)

M.Sc. candidates must complete at least 45 credits, including a minimum of 24 and a maximum of 39 credits for thesis research, and a minimum of 6 credits in other courses. The non-thesis credits can be special topic courses in the School and/or courses in other departments, as arranged with the student's thesis supervisor.

#### Complementary Courses (21 credits)

6 - 21 credits chosen from:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Name</th>

</table>

### Ph.D. in Communication Sciences and Disorders

Ph.D. students must complete a full graduate course in statistics and both advanced research seminars as well as the other course requirements in their individual program of study, and pass a comprehensive examination. Students entering the Ph.D. program through the fast-track option must additionally demonstrate the ability to complete a research project (SCSD 685 and SCSD 686) and related coursework during the initial year. An examination in a foreign language is not required.

#### Required Courses (6 credits)

<table>
<thead>
<tr>

17.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

SCSD 609 NEUROMOTOR DISORDERS. (3) The focus of this course will be on the assessment and management of motor speech disorders, associated with both acquired and developmental neuromotor disorders, and swallowing disorders (of both neuromotor and structural origin).

SCSD 616 AUDIOLOGY. (3) Basic diagnostic and rehabilitative procedures, goals and procedures used in clinical audiology, and the psychoacoustic theories on which they are based will be presented.

SCSD 617 ANATOMY AND PHYSIOLOGY: SPEECH AND HEARING. (3) The anatomy and physiology of speech and hearing mechanisms will be covered. Topics will include neuroanatomy, the anatomy and physiology of the head, neck and upper torso, and the external, middle, and inner ear.

SCSD 618 RESEARCH AND MEASUREMENT METHODOLOGIES 1. (3) Methodologies used in research and measurement in the field of communication sciences and disorders will be introduced. Topics covered include: the nature and interpretation of test norms; validity; interpretation of test score differences; and questionnaire development (scaling). Tests currently used in speech-language pathology and audiology are examined.

SCSD 619 PHONOLOGICAL DEVELOPMENT. (3) Theories and research related to normal and abnormal phonological development in children will be studied.

SCSD 624 LANGUAGE PROCESSES. (3) The structure and nature of on-line processing of the language code, and the interaction of structure and function of language will be studied. Theories about the nature of representation and research concerning its processing, and the role of sociocultural factors in linguistic performance also will be covered.

SCSD 631 SPEECH SCIENCE. (3) The acoustic analysis and perception of speech and related pathologies will be presented. Theories and models of speech production, speech motor control, and speech perception will be considered.

SCSD 632 PHONOLOGICAL DISORDERS: CHILDREN. (3) The nature of phonological disorders and clinical approaches for their remediation in children will be presented.

SCSD 633 LANGUAGE DEVELOPMENT. (3) Theories of language acquisition, prerequisites to language development, and current issues in research will be studied. Topics include the role of input, individual differences in acquisition, and language socialization.

SCSD 634 RESEARCH AND MEASUREMENT METHODS 2. (3) This course addresses the strengths and weaknesses of various research designs. Issues concerning the analysis and interpretation of research results also will be discussed.

SCSD 636 FLUENCY DISORDERS. (3) The nature of stuttering, various causal theories, and techniques for evaluation and treatment of children and adults will be presented.

SCSD 637 DEVELOPMENTAL LANGUAGE DISORDERS 1. (3) The nature of developmental language disorders and the assessment of language competence and performance in both speaking and non-speaking children will be studied.

SCSD 638 NEUROLINGUISTICS. (3) Current theories of language—brain relationships and speech and language deficits subsequent to brain damage will be studied. A review of current research on phonetic, lexical, and syntactic processing in brain-damaged individuals is included.

SCSD 639 VOICE DISORDERS. (3) Information about the vocal mechanism, its pathologies, and methods of evaluation and treatment will be studied.

SCSD 642 AURAL REHABILITATION. (3) This course addresses the effects of hearing impairment in adults as well as in the developing child with attention to problems in speech, language, and cognitive function as well as social-emotional adjustment. Various intervention approaches are examined.

SCSD 643 DEVELOPMENTAL LANGUAGE DISORDERS 2. (3) Major theories of language disorders are translated into intervention principles used in language treatment programs. Adaptations of intervention techniques to suit specific disorders (including augmentative communication) will be explored.

SCSD 644 APPLIED NEUROLINGUISTICS. (3) Various classificatory systems and appropriate assessment and remediation principles for brain-damaged individuals will be covered. Theoretical and clinical issues relevant to treatment of aphasic, neuromotor, and memory disorders will be considered.

SCSD 646 INTRODUCTORY CLINICAL PRACTICUM. (2) This course provides an introduction to professional practice through intensive exposure to a variety of clinical populations.

SCSD 652 ADVANCED RESEARCH SEMINAR 1. (3) (This course may be taken as an advanced course for M.Sc. students.) Pro seminar in which current research topics in communication disorders will be discussed.

SCSD 653 ADVANCED RESEARCH SEMINAR 2. (3) (This course may be taken as an advanced course for M.Sc. students.) Pro seminar in which current research topics in communication disorders will be discussed.

SCSD 664 COMMUNICATION SCIENCES AND DISORDERS 1. (3) Current research and professional issues in communication sciences and disorders will be discussed. Specific topics to be selected yearly.

SCSD 666 COMMUNICATION SCIENCES AND DISORDERS 3. (3) Current research and professional issues in communication sciences and disorders will be discussed. Specific topics to be selected yearly.

SCSD 667 COMMUNICATION SCIENCES AND DISORDERS 4. (3) Current research and professional issues in communication sciences and disorders will be discussed. Specific topics to be selected yearly.

SCSD 669 SPECIAL DEVELOPMENTAL SPEECH/LANGUAGE PROBLEMS. (3) Information pertinent to cerebral palsy, cleft palate, autism, mental retardation, multiple handicaps and syndromes involving speech and language disorders will be presented. General descriptions of the disorders and specific assessment and remedial procedures will be addressed.

SCSD 670 COMMUNICATION SCIENCES AND DISORDERS 2. (3) Current research and professional issues in communication sciences and disorders will be discussed. Specific topics to be selected yearly.

SCSD 671 M.Sc. THESIS 1. (12)

SCSD 671D1 (6), SCSD 671D2 (6) M.Sc. THESIS 1. (Students must register for both SCSD 671D1 and SCSD 671D2) (No credit will be given for this course unless both SCSD 671D1 and SCSD
671D2 are successfully completed in consecutive terms) (SCSD 671D1 and SCSD 671D2 together are equivalent to SCSD 671)

SCSD 671N1 M.SC. THESIS 1. (6) (Prerequisite: SCSD 671N2) (No credit will be given for this course unless both SCSD 671N1 and SCSD 671N2 are successfully completed in a twelve month period) (SCSD 671N1 and SCSD 671N2 together are equivalent to SCSD 671)

SCSD 671N2 M.SC. THESIS 2. (6) (Prerequisite: SCSD 671N1) (No credit will be given for this course unless both SCSD 671N1 and SCSD 671N2 are successfully completed in a twelve month period) (SCSD 671N1 and SCSD 671N2 together are equivalent to SCSD 671)

SCSD 672 M.SC. THESIS 2. (12)

SCSD 672D1 (6), SCSD 672D2 (6) M.SC. THESIS 2. (Students must also register for both SCSD 672D1 and SCSD 672D2) (No credit will be given for this course unless both SCSD 672D1 and SCSD 672D2 are successfully completed in consecutive terms) (SCSD 672D1 and SCSD 672D2 together are equivalent to SCSD 672)

SCSD 672N1 M.SC. THESIS 2. (6) (Prerequisite: SCSD 672N1) (No credit will be given for this course unless both SCSD 672N1 and SCSD 672N2 are successfully completed in a twelve month period) (SCSD 672N1 and SCSD 672N2 together are equivalent to SCSD 672)

SCSD 672N2 M.SC. THESIS 2. (6) (Prerequisite: SCSD 672N1) (No credit will be given for this course unless both SCSD 672N1 and SCSD 672N2 are successfully completed in a twelve month period) (SCSD 672N1 and SCSD 672N2 together are equivalent to SCSD 672)

SCSD 673 M.SC. THESIS 3. (12)

SCSD 678 SPECIAL TOPICS 4. (3)

SCSD 679 ADVANCED CLINICAL PRACTICUM. (2) This course enhances professional practice independence through intensive exposure to a variety of clinical populations.

SCSD 680 DEGLUTITION AND DYSPHAGIA. (3) Advanced physiology and neurophysiology of mastication and deglutition, including normal function and diagnosis and treatment of swallowing disorders.

SCSD 681 PRACTICUM AND SEMINAR 1. (1) Course provides initial practicum experiences including a combination of the following: speech/language and hearing screenings, facility tours, short term placements and laboratory assignments.

SCSD 682 PRACTICUM AND SEMINAR 2. (1) This course provides clinical experience through short-term placements and screenings, as well as discussions of current practicum issues.

SCSD 683 PRACTICUM AND SEMINAR 3. (1) Professional practice experiences focusing on a variety of clinical populations are provided.Discussion of advanced issues in clinical practice is included.

SCSD 684 PRACTICUM AND SEMINAR 4. (1) This course provides clinical practicum experiences in a range of settings. Professional practice issues are considered.

SCSD 685 RESEARCH PROJECT 1. (3) Supervised research project.

SCSD 686 RESEARCH PROJECT 2. (3) Supervised research project.

SCSD 701 DOCTORAL COMPREHENSIVE. (0)

SCSD 701D1 (0), SCSD 701D2 (0) DOCTORAL COMPREHENSIVE. (Students must also register for both SCSD 701D1 and SCSD 701D2) (No credit will be given for this course unless both SCSD 701D1 and SCSD 701D2 are successfully completed in consecutive terms) (SCSD 701D1 and SCSD 701D2 together are equivalent to SCSD 701)

SCSD 712 LANGUAGE ACQUISITION ISSUES 4. (2)
Administration Building, Room 400, 845 Sherbrooke Street W., Montreal, Quebec, H3A 2T5. Telephone: (514) 398-3990. Website: www.mcgill.ca/gps.

For programs in Art History and Communication Studies refer to section 6 "Art History".

18.3 Admission Requirements

M.A.
An Honours Bachelor's degree or equivalent is required of applicants for the M.A. program with a minimum CGPA of 3.3 out of 4.0 or the equivalent, i.e., B+ (75%), is required. In any case, the transcript must show breadth or depth in related areas of study. Ph.D.

Applicants for the Ph.D. program are expected to have completed the equivalent of an M.A. degree. Admission will be based on academic achievement and evidence of talent and strong motivation in communication studies.

18.4 Application Procedures

Applications will be considered upon receipt of:

1. Completed and signed application form.
2. A non-refundable application fee of $80 Canadian must accompany each application (including McGill students), otherwise it cannot be considered. This sum must be remitted using one of the following methods:
   a. Credit card (by completing the appropriate section of the application form).
   b. Certified cheque in Cdn. currency drawn on a Canadian bank.
   d. Canadian Money Order in Cdn. currency.
   e. U.S. Money Order in U.S. currency.
   f. An international draft in Canadian funds drawn on a Canadian bank requested from the applicant’s bank in his/her own country.
3. Two official copies of all transcripts are required for admission. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant’s university is essential. It is the applicant’s responsibility to arrange for transcripts to be sent. Documents submitted will not be returned. It is desirable to submit a list of the titles of courses taken in the major subject, since transcripts often give code numbers only.
4. Two letters of recommendation on letterhead or bearing the university seal and with original signatures from two instructors familiar with the applicant’s work, preferable in the applicant’s area of specialization, are required. It is the applicant’s responsibility to arrange for these letters to be sent.
5. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English, by completing the TOEFL exams (minimum score 550 on the paper-based test, 213 on the computer-based test, or 86 on the Internet-based test, with each component score not less than 20). Results must be submitted as part of the application.
6. Statement of interest of at least 500 words addressing the student’s interest in Communication and the proposed area of research.
7. Two examples of written work.
8. Proof of Citizenship (certified photocopy of passport, birth certificate or equivalent).
Deadline for applications is January 9 for Ph.D. applicants and February 6 for M.A. applicants.

18.5 Program Requirements

The Master's Program consists of a three-term program of courses outlined below and the fulfillment of a French language requirement.

M.A. in Communication Studies (Thesis) (45 credits)

**Required Courses** (27 credits)

- COMS 616 (3) Staff-Student Colloquium
- COMS 692 (6) M.A. Thesis Preparation 1
- COMS 693 (6) M.A. Thesis Preparation 2
- COMS 694 (6) M.A. Thesis Preparation 3
- COMS 695 (6) M.A. Thesis Preparation 4

**Complementary Courses** (18 credits)

18 credits of 500-level or higher COMS courses; courses outside COMS require approval of the graduate program director.

**Language Requirement**

Reading competency in French as a second language as per section 4.2.3 of the Graduate Calendar.

M.A. in Communication Studies (non-Thesis) (48 credits)

**Required Courses** (15 credits)

- COMS 611 (3) History/Theory/Technology
- COMS 613 (3) Gender and Technology
- COMS 616 (3) Staff-Student Colloquium
- COMS 617 (3) Staff-Student Colloquium
- COMS 619 (3) Cultural Commodities

**Complementary Courses** (21 credits)

6 credits, two history of communication courses chosen from:

- COMS 521 (3) Communications in History
- COMS 621 (3) Interpersonal Communication
- COMS 623 (3) Information Design
- COMS 625 (3) New Media Policy
- COMS 629 (3) Canadian Cultural Communications Policy

6 credits, two community and gender in communication courses chosen from:

- COMS 631 (3) Discourse Analysis
- COMS 633 (3) Gender and Representation
- COMS 637 (3) Cultural Analysis in History
- COMS 639 (3) Interpretive Methods in Media

6 credits, two media studies and technology courses chosen from:

- COMS 541 (3) Cultural Industries
- COMS 643 (3) Narrowcast Media
- COMS 646 (3) Popular Media
- COMS 649 (3) Audience Analysis

3 credits, one additional graduate-level COMS course or, with the permission of the Director, a graduate-level course in Anthropology, Architecture, Art History, English, Philosophy, Political Science or Sociology.

**Project Component – Required** (12 credits)

- COMS 696 (6) Research Project 1
- COMS 697 (6) Research Project 2

**Ph.D. Degree in Communication Studies**

Candidates with an M.A. degree will be admitted at the Ph.D. 2 level, thereby gaining credit for one year of resident study. When admitted at Ph.D. 2 level, two years of residence are required for the Doctoral degree.

Inquiries regarding the Program should be addressed to the Graduate Administrative Coordinator, Department of Art History and Communication Studies.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.
COMS 521 COMMUNICATIONS IN HISTORY.
the direction of the Canadian media system.
vergence of new media, and the efforts of interest groups to influence
relationship between public and privately-owned media, the emer-
lative and regulatory framework of Canadian broadcasting, the
(www.arts.mcgill.ca/programs/AHCS) for information.
 estad of radio, television and new media in Canada. The legis-
level, or permission of instructor.) Key issues in the history and
casting policy.) (Prerequisites: 3 credits of COMS coursework at
graduate students with a specialized interest in Canadian broad-
Arts (courses at the 100- to 500-level) have limited enrolment.
Note:
Complementary Courses
COMS 703 (0) Dissertation Proposal
COMS 702 (0) Comprehensive Exam
Language Requirement
Competition in French as a second language as per section 4.2.3
of the Graduate Calendar.
18.6 Courses
Students preparing to register should consult the Web at
www.mcgill.ca/minerva-students (click Class Schedule) for the
most up-to-date list of courses available; courses may have
been added, rescheduled or cancelled after this Calendar
got to press. Class Schedule lists courses by term and
includes days, times, locations, and names of instructors.
Students may also consult the Department Website
(www.arts.mcgill.ca/programs/AHCS) for information.
For course inquiries, please contact the Department.
Note: All undergraduate courses administered by the Faculty of
Arts (courses at the 100- to 500-level) have limited enrolment.
The course credit weight is given in parentheses after the title.
COMS 510 (3) (Course intended for senior undergraduates and
graduate students with a specialized interest in Canadian broad-
casting policy.) (Prerequisites: 3 credits of COMS coursework at
the 200-level, 3 credits of COMS coursework at the 300 or 400-
level, or permission of instructor.) Key issues in the history and
evolution of radio, television and new media in Canada. The legis-
lative and regulatory framework of Canadian broadcasting, the
relationship between public and privately-owned media, the emer-
gence of new media, and the efforts of interest groups to influence
the direction of the Canadian media system.
COMS 521 COMMUNICATIONS IN HISTORY. (3) North American
communication studies have undergone five discernible changes
in the definition and focus of the field. The major “schools” of
thought to be covered are the Chicago and Lazarsfeld heritages,
the institutionalization of communication science in the academy,
and the post-modern period.
COMS 541 CULTURAL INDUSTRIES. (3) The convergence of com-
puterized technologies and cultural industries and how these have
produced entire new forms of cultural expression in film, TV, and
the Internet.
COMS 560 COMMUNICATIONS AND DEVELOPMENT. (3)
COMS 611 HISTORY/THEORY/TECHNOLOGY. (3) Problem of Com-
unication A critical appraisal of current issues in the field of com-
munications notably through an examination of how new theorists
have dealt with the effects and consequences of developments in
the technologies of communication. The contributions of Canadian
media theorists figure significantly in the seminar’s concerns.
COMS 613 GENDER AND TECHNOLOGY. (3) Feminist Theory and
Methods Contemproary culture and media in Canada and Quebec
since 1945, with special emphasis on the ‘70s.
COMS 616 STAFF-STUDENT COLLOQUIUM. (3) Pro-Seminar in
Communications. A required course for all new M.A. and Ph.D.
students. The Pro-Seminar is designed to explore theoretical and
methodological issues in Communications through a series of
presentations by the faculty and other McGill associates.
COMS 617 STAFF-STUDENT COLLOQUIUM. (3) A required course
for all new M.A. and Ph.D. students. The Pro-Seminar is designed
to explore theoretical and methodological issues in Communications
through a series of presentations by the faculty and other
McGill associates.
COMS 619 CULTURAL COMMODITIES. (3) The relationship between
current theories of communications, cultural policy and cultural
institutions. Analysis of popular culture and its relationship to other
cultural artifacts in modern societies.
COMS 621 INTERPERSONAL COMMUNICATION. (3) An examination
of communication behavior with a special emphasis placed on the
study of interpersonal communication in the mass media, espe-
cially advertising and political rhetoric.
COMS 623 INFORMATION DESIGN. (3) Examination of the basic
concepts and methodologies in the design of information.
COMS 625 NEW MEDIA POLICY. (3) Global Media Governance
New media policies in relation to changing communication needs in
the context of shifting regulatory demands.
COMS 629 CANADIAN CULTURAL COMMUNICATIONS POLICY. (3)
An advanced seminar in history and theory of Canadian cultural
and communications policy in the context of rapidly changing tech-
nological environments.
COMS 630 READINGS IN COMMUNICATIONS RESEARCH. (3)
COMS 631 DISCOURSE ANALYSIS. (3) Film and Music Introduction
to important trends in traditional, structural, and post-structural
theories of discourse analysis.
COMS 633 GENDER AND REPRESENTATION. (3) Research Seminar
on a topic on gender.
COMS 637 CULTURAL ANALYSIS IN HISTORY. (3) Postcolonial
Thought: Fanon Further analysis of cultural products, policy, his-
tory and the role of cultural institutions in the development of media
practices.
COMS 639 INTERPRETIVE METHODS IN MEDIA. (3) Diasporic Popu-
lar Culture A study of the various modes of interpreting and under-
standing the products of the mass media and of other human
communication events.
COMS 641 PROPAGANDA. (3)
COMS 643 NARROWCAST MEDIA. (3) Seminar in theories of com-
munications and alternative media.
COMS 646 POPULAR MEDIA. (3) An assessment of popular culture
and the research strategies employed; an examination of semiot-
ics, critical theory, literary criticism, psychoanalysis, and cultural
studies. Case studies from several of the following areas will be
critiqued: fashion, music, advertising sub-cultural codes and
behavior, soap operas, visual art and cult films.
COMS 649 AUDIENCE ANALYSIS. (3) Advanced theoretical and
empirical work on audience analysis from the perspective of recent
research in mass communications.
COMS 655 INTERP METH/MEDIA/COMMS.1. (3)
COMS 670D1 (1.5), COMS 670D2 (1.5) FILM STUDIES SEMINAR.
(Students must register for both ENGC 670D1 and ENGC 670D2)
(No credit will be given for this course unless both ENGC 670D1
and ENGC 670D2 are successfully completed in consecutive
terms)
COMS 692 M.A. THESIS PREPARATION 1. (6)
COMS 692D1 (3), COMS 692D2 (3) M.A. THESIS PREPARATION 1.
(Students must register for both ENGC 692D1 and ENGC 692D2)
(No credit will be given for this course unless both ENGC 670D1
and ENGC 670D2 are successfully completed in consecutive
terms) (ENG 692D1 and ENGC 692D2 together are equivalent
to ENGC 692)
COMS 692N1 M.A. THESIS PREPARATION 1. (3) (Students must
also register for ENGC 692N2) (No credit will be given for this
course unless both ENGC 692N1 and ENGC 692N2 are success-
fully completed in a twelve month period) (ENG 692N1 and
ENG 692N2 together are equivalent to ENGC 692)
COMS 692N2 M.A. THESIS PREPARATION 1. (3) (Prerequisite:
ENG 692N1) (No credit will be given for this course unless both
ENG 692N1 and ENGC 692N2 are successfully completed in a
twelve month period) (ENG 692N1 and ENGC 692N2 together
are equivalent to ENGC 692) See ENGC 692N1 for course
description.
COMS 693 M.A. THESIS PREPARATION 2. (6)
COMS 693D1 (3), COMS 693D2 (3) M.A. THESIS PREPARATION 2. (Students must register for both ENGC 693D1 and ENGC 693D2) (No credit will be given for this course unless both ENGC 693D1 and ENGC 693D2 are successfully completed in consecutive terms) (ENGC 693D1 and ENGC 693D2 together are equivalent to ENGC 693)

COMS 693N1 M.A. THESIS PREPARATION 2. (3) (Prerequisite: ENGC 693N1) (No credit will be given for this course unless both ENGC 693N1 and ENGC 693N2 are successfully completed in a twelve month period) (ENGC 693N1 and ENGC 693N2 together are equivalent to ENGC 693)

COMS 694D1 (3), COMS 694D2 (3) M.A. THESIS PREPARATION 3. (Students must also register for ENGC 694N1 and ENGC 694N2) (No credit will be given for this course unless both ENGC 694D1 and ENGC 694D2 are successfully completed in consecutive terms) (ENGC 694D1 and ENGC 694D2 together are equivalent to ENGC 694)

COMS 694N1 M.A. THESIS PREPARATION 3. (3) (Prerequisite: ENGC 694N1) (No credit will be given for this course unless both ENGC 694N1 and ENGC 694N2 are successfully completed in a twelve month period) (ENGC 694N1 and ENGC 694N2 together are equivalent to ENGC 694)

COMS 695D1 (3), COMS 695D2 (3) M.A. THESIS PREPARATION 4. (Students must register for both ENGC 695D1 and ENGC 695D2) (No credit will be given for this course unless both ENGC 695D1 and ENGC 695D2 are successfully completed in consecutive terms) (ENGC 695D1 and ENGC 695D2 together are equivalent to ENGC 695)

COMS 695N1 M.A. THESIS PREPARATION 4. (3) (Students must also register for ENGC 695N2) (No credit will be given for this course unless both ENGC 695N1 and ENGC 695N2 are successfully completed in a twelve month period) (ENGC 695N1 and ENGC 695N2 together are equivalent to ENGC 695)

COMS 695N2 M.A. THESIS PREPARATION 4. (3) (Prerequisite: ENGC 695N1) (No credit will be given for this course unless both ENGC 695N1 and ENGC 695N2 are successfully completed in a twelve month period) (ENGC 695N1 and ENGC 695N2 together are equivalent to ENGC 695) See ENGC 695N1 for course description.

COMS 696 M.A. THESIS PREPARATION 5. (6)

COMS 697 RESEARCH PROJECT 1. (6)

COMS 697 RESEARCH PROJECT 2. (6)

COMS 702 COMPREHENSIVE EXAMINATION PART 1. (6) A required course for all new Ph.D. students. The Pro-Seminar is designed to explore theoretical and methodological issues in Communications through a series of presentations by the faculty and other McGill associates.

COMS 702D1 (3), COMS 702D2 (3) COMPREHENSIVE EXAMINATION PART 1. (Students must register for both ENGC 702D1 and ENGC 702D2) (No credit will be given for this course unless both ENGC 702D1 and ENGC 702D2 are successfully completed in consecutive terms) (ENGC 702D1 and ENGC 702D2 together are equivalent to ENGC 702) A required course for all new Ph.D. students. The Pro-Seminar is designed to explore theoretical & methodological issues in Communications through a series of presentations by the faculty and other McGill associates.

COMS 702N1 COMPREHENSIVE EXAMINATION PART 1. (3) (Students must also register for ENGC 702N1) (No credit will be given for this course unless both ENGC 702N1 and ENGC 702N2 are successfully completed in a twelve month period) (ENGC 702N1 and ENGC 702N2 together are equivalent to ENGC 702) A required course for all new Ph.D. students. The Pro-Seminar is designed to explore theoretical & methodological issues in Communications through a series of presentations by the faculty and other McGill associates.

COMS 702N2 COMPREHENSIVE EXAMINATION PART 1. (3) (Prerequisite: ENGC 702N1) (No credit will be given for this course unless both ENGC 702N1 and ENGC 702N2 are successfully completed in a twelve month period) (ENGC 702N1 and ENGC 702N2 together are equivalent to ENGC 702) See ENGC 702N1 for course description.

COMS 703 COMPREHENSIVE EXAMINATION PART 2. (6)

COMS 703D1 (3), COMS 703D2 (3) COMPREHENSIVE EXAMINATION PART 2. (Students must register for both ENGC 703D1 and ENGC 703D2) (No credit will be given for this course unless both ENGC 703D1 and ENGC 703D2 are successfully completed in consecutive terms) (ENGC 703D1 and ENGC 703D2 together are equivalent to ENGC 703)

COMS 704 COMPREHENSIVE EXAMINATION PART 3. (6)

COMS 704D1 (3), COMS 704D2 (3) COMPREHENSIVE EXAMINATION PART 3. (Students must register for both ENGC 704D1 and ENGC 704D2) (No credit will be given for this course unless both ENGC 704D1 and ENGC 704D2 are successfully completed in consecutive terms) (ENGC 704D1 and ENGC 704D2 together are equivalent to ENGC 704)

COMS 705 COMPREHENSIVE EXAMINATION PART 4. (6)

COMS 705D1 (3), COMS 705D2 (3) COMPREHENSIVE EXAMINATION PART 4. (Students must register for both ENGC 705D1 and ENGC 705D2) (No credit will be given for this course unless both ENGC 705D1 and ENGC 705D2 are successfully completed in consecutive terms) (ENGC 705D1 and ENGC 705D2 together are equivalent to ENGC 705)

COMS 730 READING IN COMMUNICATIONS RESEARCH. (3)
19.4 Application Procedures

Applications will be considered upon receipt of:

1. application form
2. original or certified copies of transcripts
3. two letters of reference
4. $80 application fee
5. test results (GRE, TOEFL)

All information is to be submitted directly to the Graduate Secretary.

Deadline(s): January 1st (if applicant wishes to be considered for scholarship awards); March 1. Application documents are also available at our Website, www.cs.mcgill.ca/academic/prospectivestudents/applying/applying.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

19.5 Program Requirements

M.Sc. in Computer Science (Thesis) (49 credits)

Required Course (4 credits)
COMP 601 (4) Special Topics in Computer Science

Complementary Courses (minimum 21 credits)
six 500- or 600-level COMP courses

Thesis Component – Required (24 credits)
COMP 698 (9) Thesis Research 1
COMP 699 (15) Thesis Research 2

M.Sc. in Computer Science (Project/Non-Thesis) (46 credits)

Required Course (4 credits)
COMP 601 (4) Special Topics in Computer Science

Complementary Courses (minimum 30 credits)
nine 500- or 600-level COMP courses

Project Component – Required (12 credits)
COMP 694 (6) Research Project 1
COMP 695 (6) Research Project 2

M.Sc. in Computer Science (Thesis) – Computational Science and Engineering Option/Concentration (50 credits)

Required Courses (5 credits)
COMP 601 (4) Special Topics in Computer Science
COMP 669D1/D2 (1) CSE Seminar

Complementary Courses (minimum 21 credits)
Two courses from List A, two courses from List B, and the remaining credits to be chosen from graduate (500, 600 or 700-level) courses in the School of Computer Science. Two complementary courses must be taken outside the School of Computer Science.

List A - Scientific Computing Courses:
CIVE 602 (4) Finite Element Analysis
COMP 522 (4) Modelling and Simulation
COMP 540 (3) Matrix Computations
Ph.D.

All students must consult the graduate program Website www.cs.mcgill.ca, where up-to-date information about the graduate program is posted. Any questions concerning the program should be addressed to the Graduate Secretary.

In accordance with the University regulations, the successful completion of the Ph.D. program includes the following:

1. Six terms of residence as a full-time student. Four terms of residence as a full-time student if admitted with a completed M.Sc. in Computer Science.

2. Required coursework: a minimum course requirement of two courses in computer science at the 500 level or above but normally students take four courses. All these courses must be passed with a grade of B- or higher. These courses should be chosen by the student in consultation with the supervisor and the Progress Committee. In some cases the student's Progress Committee may require the student to take additional courses, e.g., in cases where the student's background in computer science and related areas is not considered to be sufficiently strong. In exceptional circumstances the Progress Committee may request the Ph.D. committee to lower the course requirement to two courses. Such requests must be submitted in writing to the chair of the Ph.D. committee, along with a rationale for the request. The chair will then forward the request to the other members, discuss the case, and arrive at a decision by majority vote.

3. A comprehensive examination, COMP 700, taken by the beginning of the second year. This examination is described in further detail below.

4. Annual Progress Reports to be reviewed by the student's progress committee. See further detail below.

5. A written research proposal and an oral examination, COMP 701, by the thesis proposal examination committee. This is termed the Ph.D. proposal and area examination and is described in further detail below.

6. A written thesis displaying original scholarship and written in good literary style. The thesis must be a distinct contribution to knowledge in the chosen field.

Progress Committee and Progress Report

Upon arrival at McGill a new Ph.D. student must, in consultation with his or her supervisor or supervisors, form a Progress Committee. This Committee will consist of three professors who will monitor the student's progress in the course of the Ph.D. program. At least two of these professors must be from the School of Computer Science, one of which will be the student's thesis supervisor.

At the beginning of September starting in the third year (or the second year if a student was admitted in January), the student is expected to complete a Progress Report Form and submit it to the Progress Committee. At that time, an evaluation meeting between the student and the Progress Committee takes place. The meeting discusses the progress report in a round table question/answer format. Following the evaluation the Progress Committee will assign a grade of either satisfactory or unsatisfactory with comments. If the mark is unsatisfactory, the Progress Committee offers specific comments to guide the student towards improving his or her performance. Note that earning an unsatisfactory mark twice may be cited as grounds for requiring that a student withdraw from the Ph.D. program.

If the proposal and area examination was taken during the last 12 months, the Progress Report Form should be submitted to the graduate secretary and the evaluation meeting is waived.

Ph.D. Comprehensive Examination - COMP 700 (0 credits)

The student must register for this course the semester in which the exam will take place. The Ph.D. comprehensive examination must be taken by the end of the Ph.D. 2 year. The exam has course number COMP 700. The syllabus for this examination will consist of material considered as core computer science.
background, which graduate students should demonstrate expertise in. The syllabus will be made available in writing at least four months prior to the examination. The format of the examination will be that of a written test, which will be offered twice every academic year, once in September and once in January. Following the examination a mark of either pass or fail will be assigned. If a student fails the examination, he or she will be allowed to take it one more time. If the comprehensive examination is failed a second time, the student will be required to withdraw from the program, as required by University regulations.

**Ph.D. Thesis Proposal and Area Examination - COMP 701 (3 credits)**

Before the end of Ph.D. 3, students must take and pass the Ph.D. Proposal and Area Exam. This exam has course number COMP 701. The student must register for this course the term in which the exam will take place. This exam is a public, oral exam designed to test the research ability of the student in the area of the thesis as well as depth of knowledge in those areas of computer science closely related to the thesis topic. The exam consists of a 20-page (maximum) written report, single-spaced in 12 point font, to be submitted to the Graduate Secretary at least two weeks before the exam, and an oral presentation by the candidate lasting no more than 20 minutes. The outcome of this exam is either a Pass or a Fail. In the event of a Fail, the student may be given a single chance to retake the examination. If it is a second fail in the program, the student will be asked to withdraw. COMP 701 may not be treated like COMP 700, which falls under the Comprehensive Policy.

**Ph.D. in Computer Science – Bioinformatics Option/Concentration**

**Required Courses (6 credits)**

- COMP 616 (3) Bioinformatics Seminar
- COMP 700 (0) Ph.D.Comprehensive Examination
- COMP 701 (3) Thesis Proposal and Area Examination

In addition: a yearly progress report and a Ph.D. and Oral defense

**Complementary Courses (6 credits)**

6 credits from the following courses:

- BINF 621 (3) Bioinformatics: Molecular Biology
- BMDE 652 (3) Bioinformatics: Proteomics
- BTEC 555 (3) Structural Bioinformatics
- COMP 618 (3) Bioinformatics: Functional Genomics
- PHGY 603 (3) Systems Biology and Biophysics

Additional courses at the 500, 600, or 700 level may be required at the discretion of the candidate’s supervisory committee. Students who have completed the M.Sc. level option in Bioinformatics must complete 6 credits of complementary courses not taken in the Master’s program.

**19.6 Courses**

Students preparing to register should consult the Web at [www.mcgill.ca/minerva](http://www.mcgill.ca/minerva) (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Term(s) offered (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

**Note:** All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrollment. The course credit weight is given in parentheses after the title.

**COMP 506 Advanced Analysis of Algorithms.** (3) (Winter) (3 hours) (Prerequisite: COMP 330 or COMP 360 or COMP 431.) The study of computational complexity and intractability: Cook’s Theorem, NP-completeness, oracles, the polynomial hierarchy, lower bounds, heuristics, approximation problems.

**COMP 507 Computational Geometry.** (3) (Fall) (3 hours) (Prerequisite: COMP 360 or COMP 362 or permission of instructor or corequisite COMP 506.) Problems in computational geometry; worst-case complexity of geometric algorithms; expected complexity of geometric algorithms and geometric probability; geometric intersection problems; nearest neighbour searching; point inclusion problems; distance between sets; diameter and convex hull of a set; polygon decomposition; the Voronoi diagram and other planar graphs; updating and deleting from geometric structures.

**COMP 512 Distributed Systems.** (4) (Fall) (Prerequisites: COMP 310, COMP 251 or equivalent.) Models and Architectures. Application of the concept of distributed programs (e.g. remote method invocation, group communication). Naming services. Synchronization (e.g. mutual exclusion, concurrency control). Fault-tolerance (e.g. process and replication, agreement protocols). Distributed file systems. Security. Examples of distributed systems (e.g. Web, CORBA). Advanced Topics.

**COMP 520 Compiler Design.** (4) (Fall) (3 hours, 1 hour consultation) (Prerequisites: COMP 273 and COMP 302) The structure of a compiler. Lexical analysis. Parsing techniques. Syntax directed translation. Run-time implementation of various programming language constructs. Introduction to code generation for an idealized machine. Students will implement parts of a compiler.

**COMP 521 Modern Computer Games.** (4) (Prerequisite: COMP 340 or COMP 361.) (Corequisite: COMP 557.) Game and history of games, basic game design, Exposition and narrative analysis, game engines, design of virtual worlds, real-time 2D graphics, game physics and physical simulation, pathfinding and game AI, content generation, 3D game concerns, multiplayer and distributed games, social issues.

**COMP 522 Modelling and Simulation.** (4) (Fall) (3 hours) (Prerequisites: COMP 251, COMP 302, COMP 350) Simulation and modeling processes, state automata, Petri Nets, state charts, discrete event systems, continuous-time models, hybrid models, system dynamics and object-oriented modeling.

**COMP 523 Language-based Security.** (3) (Winter) (Prerequisites: COMP 302, COMP 330.) State-of-the-art language-based techniques for enforcing security policies in distributed computing environments. Static techniques (such as type- and proof-checking technology), verification of security policies and applications such as proof-carrying code, certifying compilers, and proof-carrying authentication.

**COMP 524 Theoretical Foundations of Programming Languages.** (3) (3 hours) (Prerequisites: COMP 302 and COMP 330.) Operational and denotational semantics of programming languages. Equivalence theorems for first-order languages. Lambda calculus. Type-theorem, typed lambda calculus. Polymorphism. Elements of domain theory and fixed-point induction.

**COMP 525 Formal Verification.** (3) (Fall) (3 hours) (Prerequisites: COMP 251 and COMP 330.) Propositional logic - syntax and semantics, temporal logic, other modal logics, model checking, symbolic model checking, binary decision diagrams, other approaches to formal verification.

**COMP 526 Probabilistic Reasoning and AI.** (3) (Winter) (3 hours) (Prerequisites: COMP 206, COMP 360, COMP 424 and MATH 323) Belief networks, Utility theory, Markov Decision Processes and Learning Algorithms.

**COMP 529 Software Architecture.** (4) (Prerequisite: COMP 303 or COMP 304.) Development, analysis, and maintenance of software architectures, with special focus on modular decomposition and reverse engineering.

COMP 533 OBJECT-ORIENTED SOFTWARE DEVELOPMENT. (3) (Fall) (Prerequisites: COMP 335 or ECSE 321) Object-oriented, UML-based software development; requirements engineering based on use cases; using OCL and a coherent subset of UML to establish complete and precise analysis and design documents for a software system; Java-specific mapping strategies for implementation.

COMP 535 COMPUTER NETWORKS 1. (3) (Fall) (3 hours) (Prerequisites: COMP 310) (Restriction: Students may not take both COMP 435 and COMP 535 for credit) Exposition of the first four layers of the ISO model for computer network protocols, i.e., the physical, data, network, and transport layers. Basic hardware and software issues with examples drawn from existing networks, notably SNA, DECnet, and ARPAnet.

COMP 537 INTERNET PROGRAMMING. (3) (3 hours) (Prerequisites: COMP 251 and COMP 302, and any one of COMP 310, COMP 420, COMP 424, or COMP 433) Sockets, User Datagram Protocol (UDP), Transmission utility protocols; Remote Terminal Protocol (Telnet), Simple Mail Transfer Protocol (SMTP), File Transfer Protocol (FTP), Hypertext Transfer Protocol (HTTP), Internet resource database and search engines. Remote File Systems. Distributed objects, Common Object Request Broker Architecture (CORBA).

COMP 540 MATRIX COMPUTATIONS. (3) (3 hours) (Prerequisite: MATH 327 or COMP 350) Designing and programming reliable numerical algorithms. Stability of algorithms and condition of problems. Reliable and efficient algorithms for solution of equations, linear least squares problems, the singular value decomposition, the eigenproblem and related problems. Perturbation analysis of problems. Algorithms for structured matrices.

COMP 547 CRYPTOGRAPHY AND DATA SECURITY. (4) (Fall) (3 hours) (Prerequisites: COMP 360 or COMP 362, MATH 323.) This course presents an in-depth study of modern cryptography and data security. The basic information theoretic and computational properties of classical and modern cryptographic systems are presented, followed by a cryptanalytic examination of several important systems. We will study the applications of cryptography to the security of systems.

COMP 552 COMBINATORIAL OPTIMIZATION. (4) (Prerequisite: Math 350 or COMP 362 (or equivalent).) (Restriction: This course is reserved for undergraduate honours students and graduate students. Not open to students who have taken or are taking MATH 552.) Algorithmic and structural approaches in combinatorial optimization with a focus upon theory and applications. Topics include: polyhedral methods, network optimization, the ellipsoid method, graph algorithms, matroid theory and submodular functions.

COMP 557 FUNDAMENTALS OF COMPUTER GRAPHICS. (3) (3 hours) (Prerequisite: MATH 223, COMP 251, COMP 206) The study of fundamental mathematical, algorithmic and representational issues in computer graphics. The topics to be covered are: overview of graphics process, projective geometry, homogeneous coordinates, projective transformations, quads and tensors, line-drawing, surface modeling and object modeling reflectance models and rendering, texture mapping, polygonal representations, procedural modeling, and animation.

COMP 558 FUNDAMENTALS OF COMPUTER VISION. (3) (Winter) (3 hours) (Prerequisites: COMP 206, COMP 360, MATH 222, MATH 223) (Restriction: not open to students who have taken 308-766 before January 2001) Biological vision, edge detection, projective geometry and camera modeling, shape from shading and texture, stereo vision, optical flow, motion analysis, object representation, object recognition, graph theoretic methods, high level vision, applications.

COMP 560 GRAPH ALGORITHMS AND APPLICATIONS. (3) (3 hours) (Prerequisite: COMP 360 or COMP 431 or MATH 343) Algorithms for connectivity, partitioning, clustering, colouring and matching. Isomorphism testing. Algorithms for special classes of graphs. Layout and embedding algorithms for graphs and networks.

COMP 563 MOLECULAR EVOLUTION THEORY. (3) (Prerequisites: COMP 251 or COMP 252, MATH 323 or equivalent; or by permission of instructor.) Population genetics; statistical inference from sequence data; phylogenetics, coalescent theory; models of mutation and selection.

COMP 564 COMPUTATIONAL GENOME REGULATION. (3) (Prerequisites: COMP 462.) This course examines computational problems related to gene regulation at the mRNA and protein levels. With respect to mRNA expression, topics include microarray analysis, SNP detection, and the inference of genetic networks. With respect to protein expression, topics include peptide sequencing, peptide identification, and the interpretation of interaction maps.

COMP 566 DISCRETE OPTIMIZATION 1. (3) (Fall) (3 hours) (Prerequisites: COMP 360 and MATH 223) Use of computer in solving problems in discrete optimization. Linear programming and extensions. Network simplex method. Applications of linear programming. Vertex enumeration. Geometry of linear programming. Implementation issues and robustness. Students will do a project on an application of their choice.

COMP 567 DISCRETE OPTIMIZATION 2. (3) (Winter) (3 hours) (Prerequisites: COMP 566 or MATH 417) Formulation, solution and applications of integer programs. Branch and bound, cutting plane, and column generation algorithms. Combinatorial optimization. Polyhedral methods. A large emphasis will be placed on modeling. Students will select and present a case study of an application of integer programming in an area of their choice.

COMP 575 FUNDAMENTALS OF DISTRIBUTED ALGORITHMS. (3) (Winter) (3 hours) (Prerequisite: COMP 310) Study of a collection of algorithms that are basic to the world of concurrent programming. Discussion of algorithms from the following areas: termination detection, deadlock detection, global snapshots, clock synchronization, fault tolerance (byzantine and self-stabilizing systems). Students will implement algorithms on the BBN butterfly and will present papers on topics in these areas.

COMP 577 DISTRIBUTED DATABASE SYSTEMS. (3) (Fall) (3 hours) (Prerequisites: COMP 421 and COMP 310) High-level communication paradigms (e.g. client/server, publish/subscribe). Architecture of distributed information systems. Distributed transactions: concurrency control, recovery, distributed agreement. Data Replication. Data Distribution. Distributed queries. Advanced topics.

COMP 598 TOPICS IN COMPUTER SCIENCE 1. (3) (Prerequisite: Permission of instructor.) Topics in computer science.

COMP 599 TOPICS IN COMPUTER SCIENCE 2. (3) (Prerequisite: Permission of instructor.) Topics in computer science.

COMP 601 SPECIAL TOPICS IN COMPUTER SCIENCE. (4) (Students must register for both COMP 601N1 and COMP 601N2) (Restriction: This course is reserved for undergraduates and graduate students. Not open to students who have taken or are taking MATH 552.) Algorithmic and structural approaches in combinatorial optimization with a focus upon theory and applications. Topics include: polyhedral methods, network optimization, the ellipsoid method, graph algorithms, matroid theory and submodular functions. (Students must also register for COMP 601N2) (No credit will be given for this course unless both COMP 601D1 and COMP 601D2 are successfully completed in consecutive terms) (COMP 601D1 and COMP 601D2 together are equal to COMP 601.)

COMP 601N1 SPECIAL TOPICS IN COMPUTER SCIENCE. (2) (Students must also register for COMP 601N2) (No credit will be given for this course unless both COMP 601N1 and COMP 601N2 are successfully completed in a twelve month period) (COMP 601N1 and COMP 601N2 together are equal to COMP 601.)

COMP 601N2 SPECIAL TOPICS IN COMPUTER SCIENCE. (2) (Prerequisite: COMP 601N1) (No credit will be given for this course unless both COMP 601N1 and COMP 601N2 are successfully completed in a twelve month period) (COMP 601N1 and COMP 601N2 together are equal to COMP 601.) See COMP 601N1 for course description.

COMP 610 INTEGRATION OF WEB SERVICES. (4) (3 hours) Study of elementary data structures: lists, stacks, queues, trees, hash tables, binary search trees, red-black trees, heaps. Augmenting data structures. Sorting and selection, Recursive algorithms. Advanced data structures including binomial heaps, Fibonacci
heaps, disjoint set structures, and splay trees. Amortizing, String algorithms. Huffman trees and suffix trees. Graph algorithms.

**COMP 612 DATABASE PROGRAMMING PRINCIPLES.** (4) (3 hours) Database programming using the relational algebra. Integrates the relational model of databases with principles of high-level programming languages. Includes functional and object-oriented paradigms, logic programming, recursive data structures, scoping, and procedural and data abstraction. Applications to knowledge bases, data mining, semistructured data, Internet DB.

**COMP 614 DISTRIBUTED DATA MANAGEMENT.** (4) (Prerequisites: COMP 421 and one of COMP 435 or COMP 535 or COMP 512, or equivalent.) Architecture and examples of distributed information systems (e.g., federated databases, component systems, web databases). Data consistency (consistency models, advanced transaction models, advanced concurrency control, distributed recovery). Data replication and caching. Distribution queries, Schema Integration. Advanced Topics.

**COMP 616D1 (1.5), COMP 616D2 (1.5) (Restrictions: This seminar is restricted to graduate students in the Bioinformatics Option. Enrollment is limited to 30 students.) (Note: The seminar will meet for 3 hours every second week over fall and winter semesters.) Introduction to current trends in Bioinformatics and closely related fields such as genomics and proteomics.

**COMP 616N1 BIOINFORMATICS SEMINAR.** (1.5) Introduction to current trends in Bioinformatics and closely related fields such as genomics and proteomics.

**COMP 616N2 BIOINFORMATICS SEMINAR.** (1.5) See COMP 616N1 for course description.

**COMP 617 INFORMATION SYSTEMS.** (4) (3 hours) (Prerequisite: COMP 612) Seminar course. A major area of application of the techniques covered in 308-612 is discussed. No prior expertise in the application area is required, since the emphasis of the course is on methods of computation. Storage structures and algorithms for efficient retrieval and processing of data for the application will be discussed.

**COMP 618 BIOINFORMATICS: FUNCTIONAL GENOMICS.** (3) (Prerequisite: Enrollment in Bioinformatics Option Program or permission of coordinators.) (Restrictions: Enrollment by students in the Bioinformatics Option Program or by permission of course coordinators only. Computer Science graduate students not in the Bioinformatics Option Program need additional permission of the M.Sc. or Ph.D. Committee respectively.) Techniques related to microarrays (normalization, differential expression, class prediction, class discovery), the analysis of non-coding sequence data (identification of transcription factors and binding sites), single nucleotide polymorphisms, the inference of biological networks, and integrative Bioinformatics approaches.

**COMP 621 OPTIMIZING COMPILERS.** (4) (3 hours) (Prerequisite: COMP 251 or equivalent, COMP 302 or equivalent, COMP 520 is useful but not strictly necessary) This course examines the components of optimizing compiler, tree-like and graph-like intermediate representations, flow analysis, abstract interpretation, program transformation, register allocation, an introduction to instruction scheduling and parallelization techniques. Students complete assignments and a course project.

**COMP 623 CONCURRENT PROGRAMMING LANGUAGES.** (4) (3 hours) (Prerequisite: COMP 302 or equivalent.) The course will include the following topics: deadlock, fairness, liveness and safety properties, distributed protocols, standard concurrent programming problems, a comparative study of concurrent programming paradigms. Additional topics: dataflow programming, concurrent constraint programming, concurrent logic programming, process algebra, fault tolerant distributed systems, parallel object-oriented languages.

**COMP 627 THEORETICAL PROGRAMMING LANGUAGES.** (4) (3 hours) (Prerequisites: COMP 524 and COMP 530) Programming language semantics. Lambda calculus, the Church Rosser theorem, typed lambda calculus, the strong normalization theorem, polymorphism, type inference, elements of domain theory, models of the lambda calculus, relating operational and denotational semantics, full abstraction. Reasoning about programs. Soundness and relative completeness of program logics.

**COMP 646 COMPUTATIONAL PERCEPTION.** (4) (3 hours) Seminar course on perception problems from a computer science perspective. Vision problems such as stereo, shading, motion, colour, object recognition. Audition problems such as sonar, source localization, source recognition.

**COMP 647 ADVANCED CRYPTOGRAPHY.** (4) (3 hours) (Prerequisite: COMP 547) Information theoretic definitions of security, zero-knowledge protocols, secure function evaluation protocols, cryptographic primitives, privacy amplification, error correction, quantum cryptography, quantum cryptanalysis.

**COMP 648 MOTION PLANNING AND ROBOTICS.** (4) (3 hours) (Given in alternate years.) Topics in motion planning, including: algorithms and complexity results for collision avoidance; the configuration space approach, the algebraic cell decomposition approach; motion planning using Voronoi diagrams; object representation schemes.

**COMP 649 QUANTUM CRYPTOGRAPHY.** (4) (Prerequisite: COMP 547 and permission of the instructor.) (Restriction: An introduction to notions of Information Theory is required.) Review of the basic notions of cryptography and quantum information theory. Quantum key distribution and its proof of security. Quantum encryption, error-correcting codes and authentication. Quantum bit commitment, zero-knowledge and oblivious transfer. Multiparty quantum computations.

**COMP 652 MACHINE LEARNING.** (4) (Prerequisites: COMP 424, COMP 526 or ECSE 526, COMP 360, MATH 323 or ECSE 305.) An overview of state-of-the-art algorithms used in machine learning, including theoretical properties and practical applications of these algorithms.

**COMP 655 DISTRIBUTED SIMULATION.** (4) (Prerequisite: COMP 310 or equivalent.) Conservative and optimistic synchronization involved in executing a discrete event simulation on a distributed platform (e.g. cluster of workstations, shared memory multiprocessor). Focus is on efficiency, strengths and limitations of the different approaches. Applications to large simulations (networks, VLSI, virtual environments).

**COMP 656 RUN-TIME LANGUAGE SUPPORT.** (4) Hardware and software support for late binding, polymorphic calls and garbage collection in object-oriented languages.

**COMP 667 SOFTWARE FAULT TOLERANCE.** (4) (Prerequisite: COMP 409 or permission of instructor) Software fault tolerance, concepts and implementation. Failure classification; information and time redundancy; forward and backward error recovery; error confinement; idealized fault-tolerant component; sequential and concurrent systems; exception handling; transactions and atomic actions; voting; design diversity. Case studies.

**COMP 669 COMPUTATIONAL SCIENCE ENGINEERING SEMINAR.** (1) (Restriction: This seminar course is open only to students who were admitted to the CSE Program Option.) Techniques and applications in computational science and engineering.
COMP 669D1 (0.5), COMP 669D2 (0.5) COMPUTATIONAL SCIENCE ENGINEERING SEMINAR. (Restriction: This seminar course is open only to students who were admitted to the CSE Program Option.) (Students must register for both COMP 669D1 and COMP 669D2.) (No credit will be given for this course unless both COMP 669D1 and COMP 669D2 are successfully completed in consecutive terms.) (COMP 669D1 and COMP 669D2 together are equal to COMP 669.) Techniques and applications in computational science and engineering.

COMP 692 APPROXIMATION ALGORITHMS. (4) (Prerequisites: COMP 362 or MATH 350 or permission of instructor. Strong background in algorithms and/or mathematics.) The theory and application of approximation algorithms. Topics include: randomized algorithms, network optimization, linear programming and semi definite programming techniques, the game theoretic method, the primal-dual method, and metric embeddings.

COMP 694 RESEARCH PROJECT 1. (6) (Restriction: Computer Science students) Ongoing research pertaining to project.

COMP 695 RESEARCH PROJECT 2. (6) (Restriction: Computer Science students) Ongoing research pertaining to project.

COMP 698 THESIS RESEARCH 1. (9) (Restriction: Computer Science students) Ongoing research pertaining to thesis.

COMP 700 PH.D. COMPREHENSIVE EXAMINATION. (0)

COMP 701 THESIS PROPOSAL AND AREA EXAMINATION. (3)

COMP 760 ADVANCED TOPOLOGY THEORY 1. (4)

COMP 761 ADVANCED TOPOLOGY THEORY 2. (4)

COMP 762 ADVANCED TOPOICS PROGRAMMING 1. (4) Software Evolution Techniques proposed by the research community to ease, simplify, and automate software evolution, with a special focus on three major themes: software modularity, reverse engineering and aspect-oriented software development.

COMP 763 ADVANCED TOPOICS PROGRAMMING 2. (4) Modelling and Simulation Based Design The course studies Model Based Development (MDD) of complex systems, in particular Domain-Specific Modelling (DSM). The focus is on the use of multiple modelling formalisms and their interrelationships. We study meta-modelling and model transformation as a basis for MDD with special attention to model-based design of user interfaces.

COMP 764 ADVANCED TOPOICS SYSTEMS 1. (4)

COMP 765 ADVANCED TOPOICS SYSTEMS 2. (4) Planning Algorithms This course will cover a broad spectrum of planning algorithms, including motion planning, discrete planning, planning under uncertainty, and decision-theoretic planning The course will be relevant to researcher in robotics, AI, algorithms, computational geometry and computer graphics

COMP 766 ADVANCED TOPOICS APPLICATIONS 1. (4)

COMP 767 ADVANCED TOPOICS: APPLICATIONS 2. (4) Introduction to Parallel Programming. The objective of this course is to gain a familiarity with the basics of parallel programming. We will focus on using both cluster and shared memory platforms. Topics in the course include (1) architectural categories of parallel machines (2) basic techniques of parallel programming, including partitioning and divide and conquer, pipelined computations, synchronous computations, load balancing and termination detection, shared memory programming (3) algorithms and applications-searching, numerical, image processing. Parallel Computing.

B. Nicolau

Associate Members
20.2 Programs Offered

M.Sc. in Dental Sciences
The goal of this program is to train students in research in the dental sciences which comprise a number of disciplines relating to the functioning of the oro-facial complex.

Please consult the Graduate Secretary, Faculty of Dentistry, for further details.

M.Sc. in Dental Sciences, option in Oral and Maxillofacial Surgery
A residency training program in Oral and Maxillofacial Surgery provides a candidate with a comprehensive background for the practice of Oral and Maxillofacial Surgery as a specialty.

During the four years of the program the candidate serves as a resident principally at the Montreal General Hospital. During this time the resident is given increasing responsibility for the care of in-patients and out-patients, as well as being required to fulfill certain basic science courses and other assignments. A research project must be undertaken, followed by a Master's thesis.

The program is open to one candidate per year.

20.3 Admission Requirements

M.Sc. in Dental Sciences
Students who have successfully completed a B.A. with a CGPA of 3.0 on a 4.0 scale are eligible to apply for admission to a graduate program in the Faculty of Dentistry leading to the M.Sc. degree in Dental Sciences. In addition to submitting GRE scores, TOEFL tests must be passed in the case of applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone).

The number of candidates accepted each year will depend on the elective courses and research facilities available which are applicable to the candidate's area of expertise.

M.Sc. in Dental Sciences, option in Oral and Maxillofacial Surgery
Candidates for this program must possess a D.D.S. or D.M.D. degree or its equivalent, and be acceptable to l'Ordre des Dentistes du Québec as a training candidate in a hospital.

20.4 Application Procedures

McGill's online application form for graduate program candidates is available at www.mcgill.ca/apply/graduate.

M.Sc. in Dental Sciences
All applications must include an up-to-date official transcript of academic profile by taking a qualifying year. Specifications will be required to make up for deficiencies in their resume indicating their particular field of interest for the M.Sc. program in Dental Sciences, Faculty of Dentistry.

Graduate and Postdoctoral Studies Office.

Faculty approves the application, prior to final acceptance by the McGill University, Graduate and Postdoctoral Studies 2007-2008 191

McGill's online application form for graduate program candidates

20.5 Program Requirements

All students who are registered in Graduate Clinical Programs in the Faculty of Dentistry, McGill University, and who are not already registered with l’Ordre, must register with l’Ordre des Dentistes du Québec. Further information may be obtained from the Registrar of l’Ordre des Dentistes du Québec, 625 René-Lévesque Boulevard West, 15th Floor, Montreal, QC H3B 1R2.

M.SC. IN DENTAL SCIENCES (Thesis) (45 credits)
The M.Sc. degree should normally be completed within two years of full-time study.

Required Courses (8 credits)
EPIB 607 (4) Inferential Statistics (or equivalent course)
DENT 671/D1/D2 (4) Advanced Research Seminar

Complementary Courses (8 – 14 credits)
8 to 14 credits chosen from the following:
ANAT 663/D1/D2 (9) Histology
ANAT 524 (3) Topics in Molecular Biology
DENT 562 (3) Calcified Tissues
DENT 654 (3) Mechanisms and Management of Pain
EPIB 606 (4) Introduction to Epidemiology
EPIB 611 (3) Study Design and Analysis 1
EPIB 621 (3) Data Analysis Health Sciences 1
EPIB 635 (3) Clinical Trials
EPIB 655 (3) Epidemiology in Public Health
EPIB 681 (3) Data Analysis Health Sciences 2
EXMD 610 (3) Biomedical Methods in Medical Research
POTH 630 (3) Measurement: Rehabilitation II
PSYC 505 (3) The Psychology of Pain

Other complementary 500- or 600-level courses in the University may be taken with the approval of the supervisor or research director and GPO.

Thesis Research Courses (24 – 30 credits)
The required number of Master's thesis credits (minimum 24) will be made up from among the following:
DENT 650 (3) Thesis Research 1
DENT 651 (6) Thesis Research 2
DENT 652 (9) Thesis Research 3
DENT 653 (15) Thesis Research 4

M.SC. IN DENTAL SCIENCES (Non-Thesis) (45 credits)
The M.Sc. degree should normally be completed within two years of full-time study.

Required Courses (26 credits)
EPIB 606 (3) Introduction to Epidemiology
EPIB 607 (4) Inferential Statistics (or equivalent course)
BMDE 603 (3) Medical Basis of Bioethics
EXMD 610 (3) Biomedical Methods in Medical Research
DENT 671 (4) Advanced Research Seminar
DENT 670 (9) Dental Research Project

Complementary Courses (minimum 19 credits)
19 credits from stream 1 OR stream 2:
Stream 1. Basic science research methods
ANAT 663/D1/D2 (9) Histology
ANAT 690/D1/D2 (6) Cell and Developmental Biology
BMDE 505 (3) Cell and Tissue Engineering
DENT 504 (3) Biomaterials and Bioperformance
DENT 654 (3) Mechanisms and Management of Pain
EXMD 628 (3) Qualitative Research Methodology
MIMM 509 (3) Inflammatory Processes

M.Sc. in Dental Sciences, option in Oral and Maxillofacial Surgery
Applications must be submitted by September 15.

Information for financial support for this program may be obtained by writing to Dr. T.W. Head, Director of the program. Further information may be obtained through our Website at www.mcgill.ca/dentistry/admissions/OMFS.

The M.Sc. degree should normally be completed within two years of full-time study.

Required Courses (8 credits)
EPIB 607 (4) Inferential Statistics (or equivalent course)
DENT 671/D1/D2 (4) Advanced Research Seminar

Complementary Courses (8 – 14 credits)
8 to 14 credits chosen from the following:
ANAT 663/D1/D2 (9) Histology
BIOL 524 (3) Topics in Molecular Biology
DENT 562 (3) Calcified Tissues
DENT 654 (3) Mechanisms and Management of Pain
EPIB 606 (4) Introduction to Epidemiology
EPIB 611 (3) Study Design and Analysis 1
EPIB 621 (3) Data Analysis Health Sciences 1
EPIB 635 (3) Clinical Trials
EPIB 655 (3) Epidemiology in Public Health
EPIB 681 (3) Data Analysis Health Sciences 2
EXMD 610 (3) Biomedical Methods in Medical Research
POTH 630 (3) Measurement: Rehabilitation II
PSYC 505 (3) The Psychology of Pain

Other complementary 500- or 600-level courses in the University may be taken with the approval of the supervisor or research director and GPO.

Thesis Research Courses (24 – 30 credits)
The required number of Master's thesis credits (minimum 24) will be made up from among the following:
DENT 650 (3) Thesis Research 1
DENT 651 (6) Thesis Research 2
DENT 652 (9) Thesis Research 3
DENT 653 (15) Thesis Research 4

M.SC. IN DENTAL SCIENCES (Non-Thesis) (45 credits)
The M.Sc. degree should normally be completed within two years of full-time study.

Required Courses (26 credits)
EPIB 606 (3) Introduction to Epidemiology
EPIB 607 (4) Inferential Statistics (or equivalent course)
BMDE 603 (3) Medical Basis of Bioethics
EXMD 610 (3) Biomedical Methods in Medical Research
DENT 671 (4) Advanced Research Seminar
DENT 670 (9) Dental Research Project

Complementary Courses (minimum 19 credits)
19 credits from stream 1 OR stream 2:
Stream 1. Basic science research methods
ANAT 663/D1/D2 (9) Histology
ANAT 690/D1/D2 (6) Cell and Developmental Biology
BMDE 505 (3) Cell and Tissue Engineering
DENT 504 (3) Biomaterials and Bioperformance
DENT 654 (3) Mechanisms and Management of Pain
EXMD 628 (3) Qualitative Research Methodology
MIMM 509 (3) Inflammatory Processes
Other complementary 500-or 600-level courses in the University include:

- EPIB 695 (3) Principles of Study Design
- EPIB 679 (3) Special Topics
- EPIB 677 (3) Special Topics
- EPIB 669 (2) Special Topics
- EPIB 655 (3) Epidemiology in Public Health
- EPIB 646 (3) Evaluation of Health Services
- EPIB 641 (1) Substantive Epidemiology
- DENT 652 (9) Thesis Research
- DENT 651 (6) Thesis Research
- EDEM 692 (3) Qualitative Research Methods
- DENT 642 (3) Clinical OMFS
- DENT 631 (3) OMFS Seminar
- DENT 632 (3) OMFS Seminar
- EPIB 660 (3) Practical Aspects: Protocol Development
- EPIB 669 (2) Special Topics
- EPIB 671 (2) Special Topics
- EPIB 677 (3) Special Topics
- EPIB 679 (3) Special Topics
- EPIB 695 (3) Principles of Study Design

Stream 2. Clinical and populational research methods

- EPIB 669 (3) Clinical Trials
- EPIB 641 (1) Substantive Epidemiology
- EPIB 646 (3) Evaluation of Health Services
- EPIB 655 (3) Epidemiology in Public Health
- EPIB 660 (3) Practical Aspects: Protocol Development
- EPIB 669 (2) Special Topics
- EPIB 671 (2) Special Topics
- EPIB 677 (3) Special Topics
- EPIB 679 (3) Special Topics
- EPIB 695 (3) Principles of Study Design

Other complementary 500-or 600-level courses in the University may be taken with the approval of the supervisor or research director and GPSO.

M.S.C. IN DENTAL SCIENCE, OPTION IN ORAL AND MAXILLOFACIAL SURGERY

(46 credits)

Duration: Four calendar years commencing July 1.

Students will register in the four-year graduate-training program, which leads to a McGill Certificate of Residency Training. They will concurrently register with the Graduate and Postdoctoral Studies Office during the Third and Fourth years of the program and complete the requirements for the M.Sc. degree during these two years.

Required Courses (16 credits)

- DENT 631 (3) OMFS 2 Seminar
- DENT 632 (3) Clinical OMFS 2
- DENT 641 (3) OMFS 3 Seminar
- DENT 642 (3) Clinical OMFS 3
- EPIB 607 (4) Inferential Statistics (or equivalent course)

Thesis Component – Required (30 credits)

- DENT 651 (6) Thesis Research 2
- DENT 652 (9) Thesis Research 3
- DENT 653 (15) Thesis Research 4

20.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

The course credit weight is given in parentheses after the title.

DENT 504 BIOMATERIALS AND BIOPERFORMANCE. (3) (Restrictions: Graduate and final year undergraduates from physical, biological, medical and dental sciences, and engineering) Biological and synthetic biomaterials, medical devices, and the issues related to their bioperformance. The physicochemical characteristics of biomaterials in relation to their biocompatibility and sterilization.

DENT 631 OMFS 2 SEMINAR. (3)

DENT 632 CLINICAL OMFS 2. (3)

DENT 632D1 (1.5), DENT 632D2 (1.5) CLINICAL OMFS 2. (Students must register for both DENT 632D1 and DENT 632D2) (No credit will be given for this course unless both DENT 632D1 and DENT 632D2 are successfully completed in consecutive terms) (DENT 632D1 and DENT 632D2 together are equivalent to DENT 632)

DENT 641 OMFS 3 SEMINAR. (3) Advanced seminar presented on a weekly basis on topics pertinent to Oral and Maxillofacial surgery.

DENT 642 CLINICAL OMFS 3. (3)

DENT 650 THESIS RESEARCH 1. (3) Independent work under the direction of a supervisor on a research problem in the student's designated area of research: Literature Review and Hypothesis Generation.

DENT 651 THESIS RESEARCH 2. (6) Independent work under the direction of a supervisor on a research problem in the student’s designated area of research: Literature Review and Protocol Development.

DENT 652 THESIS RESEARCH 3. (9) Independent work under the direction of a supervisor on a research problem in the student's designated area of research.

DENT 652D1 (4.5), DENT 652D2 (4.5) THESIS RESEARCH 3. (Students must register for both DENT 652D1 and DENT 652D2) (No credit will be given for this course unless both DENT 652D1 and DENT 652D2 are successfully completed in consecutive terms) (DENT 652D1 and DENT 652D2 together are equivalent to DENT 652) Independent work under the direction of a supervisor on a research problem in the student’s designated area of research.

DENT 653 THESIS RESEARCH 4. (15) Independent work under the direction of a supervisor on a research problem in the student’s designated area of research: Data Analysis & Thesis Preparation.

DENT 653D1 (7.5), DENT 653D2 (7.5) THESIS RESEARCH 4. (Students must register for both DENT 653D1 and DENT 653D2) (No credit will be given for this course unless both DENT 653D1 and DENT 653D2 are successfully completed in consecutive terms) (DENT 653D1 and DENT 653D2 together are equivalent to DENT 653) Independent work under the direction of a supervisor on a research problem in the student’s designated area of research: Data Analysis & Thesis Preparation.

DENT 653J1 THESIS RESEARCH 4. (5) (Students must also register for DENT 653J2 and DENT 653J3.) (No credit will be given for this course unless DENT 653J1, DENT 653J2, and DENT 653J3 are all successfully completed in consecutive terms) (DENT 653J1, DENT 653J2 and DENT 653J3 together are equivalent to DENT 653 or DENT 653D1 and DENT 653D2 together.) Independent work under the direction of a supervisor on a research problem in the student’s designated area of research: Data Analysis & Thesis Preparation.

DENT 653J2 THESIS RESEARCH 4. (5) (Prerequisite: DENT 653J1) (Students must also register for DENT 653J3) (No credit will be given for this course unless DENT 653J1, DENT 653J2, and DENT 653J3 are all successfully completed in consecutive terms) (DENT 653J1, DENT 653J2 and DENT 653J3 together are equivalent to DENT 653 or DENT 653D1 and DENT 653D2 together.) See DENT 653J1 for course description.

DENT 653J3 THESIS RESEARCH 4. (5) (Prerequisite: DENT 653J2) (No credit will be given for this course unless DENT 653J1, DENT 653J2, and DENT 653J3 are all successfully completed in consecutive terms) (DENT 653J1, DENT 653J2 and DENT 653J3 together are equivalent to DENT 653 or DENT 653D1 and DENT 653D2 together.) See DENT 653J1 for course description.

DENT 654 MECHANISMS AND MANAGEMENT OF PAIN. (3) (Restrictions: Open to all health professionals) Presentation of the neurobiology of pain and analgesia, clinical pain conditions, basic and applied research methods in the study of pain, and the theory and practice of pain management. The course is designed for graduate students interested in pain mechanisms and clinical residents interested in pain management.
DEVELOPING-AREA STUDIES

DENT 669 EXTRACELLULAR MATRIX BIOLOGY. (3) Advanced topics on extracellular matrix biology with emphasis on matrix molecules and their effects on cell communication, tissue structure and integrity.

DENT 670 DENTAL RESEARCH PROJECT. (9) (Restriction: Available only to those students registered in the non-thesis option of the MSc in Dental Sciences.) Research project in dental sciences.

DENT 671 ADVANCED RESEARCH SEMINAR. (4) Topics in current research in Oral Health Sciences.

DENT 671D1 (2), DENT 671D2 (2) ADVANCED RESEARCH SEMINAR. (Students must register for both DENT 671D1 and DENT 671D2) (No credit will be given for this course unless both DENT 671D1 and DENT 671D2 are successfully completed in consecutive terms) (DENT 671D1 and DENT 671D2 together are equivalent to DENT 671) Topics in current research in Oral Health Sciences.

DENT 671N1 ADVANCED RESEARCH SEMINAR. (2) (Students must also register for DENT 671N2) (No credit will be given for this course unless both DENT 671N1 and DENT 671N2 are successfully completed in a twelve month period) (DENT 671N1 and DENT 671N2 together are equivalent to DENT 671) Topics in current research in Oral Health Sciences.

DENT 671N2 ADVANCED RESEARCH SEMINAR. (2) (Prerequisite: DENT 671N1) (No credit will be given for this course unless both DENT 671N1 and DENT 671N2 are successfully completed in consecutive terms.) (DENT 671N1 and DENT 671N2 together are equivalent to DENT 671) See DENT 671N1 for course description.

21 Developing-Area Studies

Centre for Developing-Area Studies (CDAS)
3715 Peel Street
Montreal, QC H3A 1X1
Canada
Telephone: (514) 398-3507
Fax: (514) 398-8432
E-mail: adm.cdas@mcgill.ca
Website: www.mcgill.ca/cdas

Director — Philip Oxhorn
Librarian — Iain Blair
Administrative Coordinator — Valerie Bouchard

CDAS is a multi-disciplinary research centre in the Faculty of Arts with over 30 members from various faculties. It also works with an international community of scholars, development groups and the public. CDAS is currently undergoing a major renewal that will focus future interdisciplinary research around four themes: democracy and democratization, economic development, states and state-building, and social pluralism and civil society. It organizes seminars and conferences on development issues related to these themes.

The CDAS has a specialized library that is open to the public. A new Working Papers Series based on the current research of its members is also being developed.

Graduate students with research interests in international development can apply to become fellows through a competition normally held in the Fall semester. In September 2007, graduate students will be able to pursue for the first time the Development Studies Option, a cross-disciplinary M.A. program in which six departments currently participate: Anthropology, Economics, Geography, History, Political Science and Sociology. Further information about this option can be found in these departmental sections of the calendar.

22 Dietetics and Human Nutrition

School of Dietetics and Human Nutrition
Room MS2-039, Macdonald-Stewart Building
McGill University, Macdonald Campus
21,111 Lakeshore Road
Sainte-Anne-de-Bellevue, QC H9X 3V9
Canada
Telephone: (514) 398-7762
Fax: (514) 398-7739
E-mail: lise.grant@mcgill.ca
Website: www.mcgill.ca/dietetics

Director — Kristine G. Koski

22.1 Staff

Professors
Luis B. Agellon; B.Sc., Ph.D.(McM) (Canada Research Chair)
Tim A. Johns; B.Sc.(McM), M.Sc.(Br. Col.), Ph.D.(Mich.) (joint appt. with Plant Science)
Harriet V. Kuhnlein; B.S.(Penn, St.), M.S.(Ore. St.), Ph.D.(Calif.) (joint appt. with Faculty of Medicine)

Associate Professors
Grace Egeland; B.A.(Luther College), Ph.D.(Pitts.) (Canada Research Chair)
Katherine Gray-Donald; B.Sc., Ph.D.(McG.) (joint appt. with Epidemiology and Biostatistics, Faculty of Medicine)
Kristine G. Koski; B.S., M.S.(Wash.), Ph.D.(Calif.) (joint appt. with the Division of Experimental Medicine, Faculty of Medicine)
Stan Kubow; B.Sc.(McG.), M.Sc.(Tor.), Ph.D.(Guelph)
Grace S. Marquis; B.A.(Ind.), M.Sc.(Mich. St.), Ph.D.(C’nell) (Canada Research Chair)
Louise Thibault; B.Sc., M.Sc., Ph.D.(Laval), dt.p.
Hope Weiler; B.A.Sc.(Guelph), Ph.D.(McM.) (Canada Research Chair)
Linda J. Wykes; B.Sc., M.Sc., Ph.D.(Tor.) (William Dawson Scholar)

Faculty Lecturers
Linda Jacobs Starkey; B.Sc.(Mt. St. Vincent), M.Sc., Ph.D.(McG.), RD, FDC (University Coordinator, Professional Practice (Stage) in Dietetics)

Mary Hendrickson-Nelson; B.A.(St. Benedict), B.Sc.(Minn.), M.Sc. (Colo. St.)

Sandy Phillips; B.Sc., M.Sc.(McG.), dt.p.
Heidi Ritter; B.Sc., M.Sc.(McG.), dt.p.

Associate Members

Anaesthesia: Franco Carli, Ralph Lattermann
Food Science & Agricultural Chemistry: Selim Kermasha
Parasitology: Marilyn E. Scott

Medicine: Louis Beaumier, Réjeanne Gougeon, L. John Hoffer, Larry Lands, Errol B. Marliss, Thomas Schricker, Jean-François Yale, José Morais, Stéphanie Chevalier

Adjunct Professors

Laurie H.M. Chan (Br. Col.) (NSERC Northern Chair), Kevin A. Cockell (Health Canada), Mary L’Abbé (Health Canada), Peter J.H. Jones (Manit.), Edward Farnworth (Agriculture Canada-St. Hyacinthe), Marcia Cooper (Health Canada)

22.2 Programs Offered

The M.Sc. and Ph.D. programs are research degrees wherein students conduct research with one of the faculty members. Most areas of research in Human Nutrition are covered including nutritional biochemistry, clinical nutrition, community or international nutrition.

McGill University, Graduate and Postdoctoral Studies 2007-2008 193
The M.Sc. Applied is intended to provide advanced learning in Nutrition with substantial course work and either a practicum in the field of Dietetics or a project in the area of Human Nutrition. M.Sc. Applied students need not define their research area prior to enrolment.

Research Facilities: Students may conduct research at the School of Dietetics and Human Nutrition, including the Mary Emily Clinical Nutrition Research Unit, the Centre for Indigenous Peoples’ Nutrition and Environment (CINE), or at the McGill University Health Centre.

In addition to their graduate degree, eligible candidates may complete the Graduate Diploma in Registered Dietitian Credentialing, the equivalent of a Dietetic Internship, required for professional registration as Dietitians and Nutritionists in Canada. Completion of the Graduate Diploma in Registered Dietitian Credentialing will increase the duration and cost of the program.

22.3 Admission Requirements

M.Sc. Applicants must be graduates of a university of recognized reputation and hold a B.Sc. degree equivalent to a McGill Honours degree in a subject closely related to the one selected for graduate work. Applicants must have at least a cumulative grade point average (CGPA) in McGill University’s credit equivalency of 3.2/4.0 (second class-upper division) during their Bachelor’s degree program in nutrition or a closely related field. High grades are expected in courses considered by the academic unit to be preparatory to the graduate program.

M.Sc. (Applied) Applicants to the M.Sc. Applied project or practicum options must have a B.Sc.(Nutritional Sciences) or equivalent with a GPA of 3.2 or higher. All eligible candidates may select the project option. Applicants who have completed a dietetic internship and six months work experience are eligible for the practicum option; it is open to students who do not have a working knowledge of French, however, not all practicum opportunities will be open to them.

Graduate Diploma in R.D. Credentialing For information on admissions requirements, applicants must contact the School of Dietetics and Human Nutrition.

Ph.D. Admission for Ph.D. studies normally requires a M.Sc. degree in an area related to the chosen field of specialization.

22.4 Application Procedures

Applicants for graduate studies must forward supporting documents to:

School of Dietetics and Human Nutrition
McGill University, Macdonald Campus
21,111 Lakeshore
Sainte-Anne-de-Bellevue, QC H9X 3V9
Canada
Telephone: (514) 398-7762
Fax: (514) 398-7739
E-mail: lise.grant@mcgill.ca

Applications will be considered upon receipt of a completed application form, $80 application fee, current resume, statement describing reasons for interest in the program and career goals, and the following supporting documents:

Transcripts - Two official copies of all university level transcripts with proof of degree(s) granted. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant's university is essential. It is the applicant's responsibility to arrange for transcripts to be sent.

It is desirable to submit a list of the titles of courses taken in the major subject, since transcripts often give code numbers only. Applicants must be graduates of a university of recognized reputation and hold a B.Sc. degree equivalent to a McGill Honours degree in a subject closely related to the one selected for graduate work.

Letters of Recommendation - Two letters of recommendation on letterhead (official paper) of the originating institution or bearing the university seal and with original signatures from two instructors familiar with the applicant’s work, preferably in the applicant's area of specialization. It is the applicant's responsibility to arrange for these letters to be sent.

Competency in English - Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English, by appropriate exams, e.g., TOEFL (minimum score 560 on the paper-based test, 220 on the computer-based, or 86 on the Internet-based test with each component score not less than 20) or IELTS (minimum overall band 6.5). The MCHE is not considered equivalent. The School reserves the right to request TOEFL results. Please contact the School for details. Results must be submitted as part of the application. The University code is 0935 (McGill University, Montreal); please use Department code 31 (Graduate Schools), Biological Sciences - Agriculture, to ensure that your TOEFL reaches this office without delay.

Graduate Record Exam (GRE) - The GRE is required for all applicants to the School of Dietetics and Human Nutrition who are submitting non-Canadian and non-U.S. transcripts.

DOCUMENTS SUBMITTED WILL NOT BE RETURNED.

Application Fee (non-refundable) - A fee of $80 Canadian must accompany each application (including McGill students), otherwise it cannot be considered. This sum must be remitted using one of the following methods:

1. Credit card (by completing the appropriate section of the application form). NB: online applications must be paid for by credit card.
2. Certified cheque in Cdn.$ drawn on a Canadian bank.
5. U.S. Money Order in U.S.$.
6. An international draft in Canadian funds drawn on a Canadian bank requested from the applicant's bank in his/her own country.

Deadlines – Applications, including all supporting documents must reach the School no later than June 1 (March 1 for International) for the Fall Term (September); October 15 (July 1 for International) for the Winter Term (January); February 15 (November 1 for International) for the Summer Term (May). It may be necessary to delay review of the applicant’s file until the following admittance period if application materials including supporting documents are received after these dates. International applicants are advised to apply well in advance of the deadline because immigration procedures may be lengthy. Applicants are encouraged to make use of the online application form available on the Web at www.mcgill.ca/applying/graduate.

Graduate Record Exam (GRE) – The GRE is required for all applicants to the School of Dietetics and Human Nutrition who are submitting non-Canadian and non-U.S. transcripts.

Financial aid is very limited and highly competitive. It is suggested that students give serious consideration to their financial planning before submitting an application.

Acceptance to all programs depends on a staff member agreeing to serve as the student's supervisor and the student obtaining financial support. Normally, a student will not be accepted unless adequate financial support can be provided by the student and/or the student's supervisor. Academic units cannot guarantee financial support via teaching assistantships or other funds.
Qualifying Students - Some applicants whose academic degrees and standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the subject selected may be admitted to a Qualifying Program if they have met the School's minimum CGPA of 3.2 out of 4.0. The course(s) to be taken in a Qualifying Program will be prescribed by the academic unit. Qualifying students are registered in graduate studies, but not as candidates for a degree. Only one qualifying year (two terms) is permitted. Successful completion of a qualifying program does not guarantee admission to a degree program. Students must re-apply for admission to a degree program.

22.5 Program Requirements

M.Sc. in Human Nutrition (45 credits)

Required Courses (33 credits)

Ph.D.

Requirements for the Ph.D. include a course of study recommended by the committee including a comprehensive examination (NUTR 701), a research dissertation, and two credits of required seminars (NUTR 797, NUTR 798). Course work at the Ph.D. level normally comprises a smaller portion than for the M.Sc. degree. The research program must clearly show originality and be a contribution to knowledge. At least three years are required to meet the Ph.D. requirements. Outstanding students may be permitted to transfer to the Ph.D. program following the first year of M.Sc. study.

22.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

★ Denotes courses offered only in alternate years. (Some courses are given every second year.)

Students may also take courses in other faculties such as Medicine or Education.

NUTR 501 NUTRITION IN DEVELOPING COUNTRIES. (3) (Fall) (2 lectures and one seminar) (Prerequisite: For undergraduate students, consent of instructor required) This course will cover the major nutritional problems in developing countries. The focus will be on nutrition and health and emphasize young children and other vulnerable groups. The role of diet and disease for each major nutritional problem will be discussed.

NUTR 503 BIOENERGETICS AND THE LIFESPAN. (3) (Fall) (Prerequisites: Undergraduate Basic Biochemistry (3 credits), Undergraduate Mammalian Physiology (EDKP 331 or PHGY 202 or PHGY 210 or ANSC 323), Undergraduate Introductory Nutrition (EDKP 392 or NUTR 207 or NUTR 307).) Multidisciplinary approach that integrates principles of bioenergetics with nutrition through the lifespan.

NUTR 511 NUTRITION AND BEHAVIOUR. (3) (2 lectures and one seminar) (Prerequisite: NUTR 445 for undergraduate students or consent of instructor) Discussion of knowledge in the area of nutrition and behaviour through lectures and critical review of recent literature; to discuss the theories and controversies associated with relevant topics; to understand the limitations of our knowledge. Topics such as diet and brain biochemistry, stress, feeding behaviour and affective disorders will be included.

NUTR 512 HERBS, FOODS AND PHYTOCHEMICALS. (3) (3 lectures and a project) (Prerequisite (Undergraduate): FDSC 211 or BIOL...
201 or BIOC 212) An overview of the use of herbal medicines and food phytochemicals and the benefits and risks of their consumption. The physiological basis for activity and the assessment of toxicity will be presented. Current practices relating to the regulation, commercialization and promotion of herbs and phytochemicals will be considered.

★ NUTR 600 ADVANCED CLINICAL NUTRITION 1. (3) (3 lectures) (Prerequisites: Courses in human nutrition, biochemistry and physiology and permission of instructor.) Application of nutrition knowledge in the therapy and support of humans in various physiological and pathological states. The etiology, biochemistry and pathology of various medical disorders; their nutritional assessment and treatment.

★ NUTR 602 NUTRITIONAL - STATUS ASSESSMENT. (3) (1 lecture and 1 lab) (Prerequisites: courses in human nutrition, biochemistry and physiology.) The understanding and evaluation of dietary and anthropometric indices used in the nutritional assessment of individuals and groups.

★ NUTR 603 NUTRITIONAL TOXICOLOGY. (3) (Prerequisites: courses in human nutrition, biochemistry and physiology.) Combined lectures and tutorials cover topics in: mechanisms of nutrient modulation of xenobiotic toxicities; effects of nutrient excess and malnutrition on drug metabolism and toxicity; biogeography and hazards of environmental contaminants and food toxins: and nutrient effects on teratogenesis and carcinogenesis.

★ NUTR 604 INTEGRATED METABOLIC RESEARCH. (3) (2 seminars and 1 lab visit) (Prerequisites: at least one 500 or 600-level course in nutritional biochemistry, e.g. ANSC 551, ANSC 552, ANSC 634, and permission of instructor.) An in-depth analysis of concepts and investigative approaches to in vivo metabolic nutrition research. Seminars will emphasize stable isotope kinetic studies. Visiting scientists and tours of other laboratories will expose students to different approaches to research.

NUTR 608 HUMAN NUTRITION RESEARCH METHODS. (3) (3 lectures) (Prerequisites: A graduate course in statistics or permission of the instructor.) Basic approaches, philosophy and techniques used in nutrition research with human population groups. The course will include the formation and criticism of designs for research, sampling techniques, measurement and analysis issues and human research ethics.

NUTR 608 SPECIAL TOPICS 1. (3) (Prerequisite: permission of instructor and Director of School.) (Restriction: graduate students in Nutrition.) (Prerequisites: reading, conference, lectures, assignments and/or practical work on selected topics in student’s area of specialization. An approved course outline must be on file in the School’s office prior to registration.

NUTR 609 SPECIAL TOPICS 2. (3) (Prerequisite: permission of instructor and Director of School.) (Restriction: graduate students in Nutrition.) An individualized course to allow students to undertake projects in library, laboratory, or field study. An approved course outline must be on file in the School’s office prior to registration.

★ NUTR 610 MATERNAL AND CHILD NUTRITION. (3) (Prerequisites: permission of instructor and Director of School.) Advanced discussion of the scientific basis for nutrient requirements during pregnancy, lactation, and infant nutrition in humans and comparative animal species; milk and formula composition; malnutrition and supplementation feeding programs in developed and developing countries; nutrient requirements and controversial issues in childhood and adolescent nutrition.

NUTR 611 GRADUATE PROFESSIONAL PRACTICE 1. (3) (Restrictions: Limited to McGill M.Sc. and M.Sc. Applied (Human Nutrition) students accepted for the Graduate Diploma in R.D. Credentialing and eligible Ph.D. students with permission.) (Note: Prerequisite for NUTR 612, NUTR 613, and NUTR 614.) Theoretical and practical integration of knowledge and skills required during graduate professional practice. Includes clinical assessment and nutritional monitoring techniques, analysis of interviewing and counseling situations, and application of management information systems and quality assurance procedures.

NUTR 612 GRADUATE PROFESSIONAL PRACTICE 2 MANAGEMENT. (8) (Prerequisite: NUTR 611.) (Restriction: Limited to students registered in the Graduate Diploma in R.D. Credentialing.) Assessment, planning, implementation, communication and evaluation in management of Food and Nutrition Systems. Focus is on application of management theory in dietetic practice.

NUTR 613 GRADUATE PROFESSIONAL PRACTICE 3 CLINICAL NUTRITION. (14) (Prerequisite: NUTR 611.) (Restriction: Limited to students registered in Graduate Diploma in R.D. Credentialing.) Assessment, planning, implementation, communication and evaluation of clinical nutrition care. Focus is on application of medical nutritional therapy for individuals and groups with a variety of disease states.

NUTR 614 GRADUATE PROFESSIONAL PRACTICE 4 COMMUNITY NUTRITION. (8) (Prerequisite: NUTR 611.) (Restriction: Limited to students registered in the Graduate Diploma in R.D. Credentialing.) Assessment, planning, implementation, communication, and evaluation of public health and community nutrition programs for a variety of individuals and population groups. Focus is on intervention strategies and their evaluation.

★ NUTR 620 NUTRITION OF INDIGENOUS PEOPLES. (3) (Prerequisite: One course in nutritional sciences.) In-depth study of nutritional and environmental issues related to indigenous people in Canada and elsewhere. Changing patterns of food use; health related to diet; systems of traditional and market food; techniques and ethics of nutritional and environmental research with indigenous peoples.

NUTR 623 FUNCTIONAL FOODS. (3) (Prerequisite: NUTR 207, NUTR 307 or equivalent) The science and application of functional foods and nutraceuticals in the context of maintenance of optimal health and disease risk reduction. Legislative and regulatory frameworks which control the use of the functional foods and nutraceuticals sector.

NUTR 651 M.SC. (APPLIED) NUTRITION 1. (3) (Corequisites: NUTR 606, NUTR 695) Review of literature and problem definition for both the project option or for placement preparation for practicum option. This course relates to the Human Nutrition M.Sc. (Applied) degree and is required for both project and practicum options.

NUTR 652 M.SC. (APPLIED) PROJECT 1. (3) (Prerequisite: NUTR 651) Project design and planning.

NUTR 653 M.SC. (APPLIED) PROJECT 2. (3) (Prerequisite: NUTR 652) Project execution. This project relates to the Human Nutrition M.Sc. (Applied) degree.

NUTR 654 M.SC. (APPLIED) PROJECT 3. (3) (Prerequisite: NUTR 653) Continuation of project execution and data collection; preliminary analysis. This project relates to the Human Nutrition M.Sc. (Applied) degree.

NUTR 655 M.SC. (APPLIED) PROJECT 4. (3) (Prerequisite: NUTR 654) Data analysis. Submission of project report. This project relates to the Human Nutrition M.Sc. (Applied) degree.

NUTR 656 M.SC. (APPLIED) PRACTICUM 1. (3) (Prerequisite: NUTR 651) Clinical or community placement (4 weeks). Submission of placement report. This practicum relates to the Human Nutrition M.Sc. (Applied) degree.

NUTR 657 M.SC. (APPLIED) PRACTICUM 2. (3) (Prerequisite: NUTR 656) Continuation of placement (4 weeks). Submission of placement report. This practicum relates to the Human Nutrition M.Sc. (Applied) degree.

NUTR 658 M.SC. (APPLIED) PRACTICUM 4. (3) (Prerequisite: NUTR 658) Continuation of placement (4 weeks). Submission of placement report. This practicum relates to the Human Nutrition M.Sc. (Applied) degree.

NUTR 660 M.SC. (APPLIED) NUTRITION 2. (1) (Prerequisites: NUTR 653; NUTR 659 or NUTR 655) Oral presentation. This presentation relates to the Human Nutrition M.Sc. (Applied) degree, project and practicum options.

NUTR 695 Human Nutrition Seminar 1. (1) Students will present a recent original research article in which the methods and data presentation will be critically analyzed. The article must be approved by the instructor.

NUTR 696 Human Nutrition Seminar 2. (1) Students will present a recent original research article in which the methods and data presentation will be critically analyzed. The article must be approved by the instructor.

NUTR 701 Doctoral Comprehensive Examination. (0) (See Faculty Regulations)

NUTR 795 Human Nutrition Seminar 4. (0)

NUTR 797 Human Nutrition Seminar 3. (1) Doctoral candidates will present a recent original research article in which the methods and data presentation will be critically analyzed. The article must be approved by the instructor.

NUTR 798 Human Nutrition Seminar 4. (1) Doctoral candidates will present a group of recent research articles in which the methods and data presentation will be critically analyzed. The articles must be approved by the instructor.

Chair — J. Stix

23.1 Staff

Emeritus Professors
J. Arkani-Hamed; B.Eng.(Tehran), Ph.D.(MIT)
E.W. Mountjoy; B.A.Sc.(Br. Col.), Ph.D.(Tor.)
W.H. MacLean; B.Geol.Eng.(Colo. Sch. of Mines), M.Sc.(A), Ph.D.(McG.)
C.W. Stearn; B.Sc.(McM.), M.S., Ph.D.(Yale), F.R.S.C.

Professors
D. Baker; B.A.(Chic.), Ph.D.(Penn. St.)
D. Francis; B.Sc.(McG.), M.Sc.(Br. Col.), Ph.D.(MIT)
A.J. Hynes; B.Sc.(Tor.), Ph.D.(Cant.)
O.G. Jensen; B.Sc., M.Sc., Ph.D.(Br. Col.)
R.F. Martin; B.Sc.(Ott.), M.S.(Penn. St.), Ph.D.(Stan.)
A. Mucci; B.Sc., M.Sc.(Montr.), Ph.D.(Miami)
A.E. Williams-Jones; B.Sc., M.Sc.(Natal), Ph.D.(Qu.)

Associate Professors
B. Hart; B.A.(McM.), M.Sc.(Que.), Ph.D.(W. Ont.)
J. Paquette; B.Sc., M.Sc.(McG.), Ph.D.(Stonybrook)
Michael Riedel; Vordipl.(Cl.-Zell.), Dipl.(Kiel), Ph.D.(Vic., BC) (T.H. Clark Chair in Sedimentary and Petroleum Geology)
J. Stix; A.B.(Dart.), M.Sc., Ph.D.(Tor.)

H. Vali; B.Sc., M.Sc., Ph.D.(Munich) (Director, Electron Microscopy Centre)

Assistant Professors
M. Best; B.Sc.(Laur.), Ph.D.(Chic.)
Jeffrey McKenzie; B.Sc.(McG.), M.Sc., Ph.D.(Syrac.)
Boswell Wing; A.B.(Harv.), M.A., Ph.D.(Johns Hop.)

Adjunct Professors
H. Hofmann, B. Minarik, B. Sundby

Research Associates
J. Clark, A. Migdisov

23.2 Programs Offered

Opportunities for advanced study and research in geology, geochemistry, geophysics, planetary sciences and oceanography are available to qualified students. Graduate programs leading to the M.Sc., and Ph.D. degrees are offered.

Financial assistance is available in the form of teaching assistantships, research assistantships and scholarships.

AREAS OF RESEARCH

Economic Geology
Application of geochemistry in understanding the genesis of hydrothermal mineral deposits (Cu, Mo, W, Sn, Au, Ag, and REE), in particular those associated with igneous rocks. Experimental simulations of fluid-rock interaction and investigation of metal solubility and speciation at elevated temperatures and pressures.

Environmental Geology and Low Temperature Geochemistry
Low-temperature geochemistry and chemical oceanography; chemical thermodynamics and kinetics of solid solution reactions in natural environments; early diagenesis of marine, coastal, and estuarine sediments; crystal growth mechanisms in low-temperature aqueous solutions and their influence on element partitioning in minerals.

High-Temperature Geochemistry
Experimental and theoretical studies of melting and crystallization in oxide, silicate and sulphide systems at temperatures and pressures up to 2200°C and 5.5 Gpa. Spectroscopic studies of the structure of silicate melts and their transport properties, diffusion and viscosity. Effects of volatiles on the melting and crystallization of igneous systems.

Igneous Petrology
Orogenic and non-orogenic magmatism, alkali feldspars as indicators of magmatic and post-magmatic processes; high-temperature geochemistry, experimental investigation of petrogenetic processes, structure and properties of silicate melts and glasses, physical and chemical controls on volcanic eruptions.

Mineralogy/Crystal Chemistry
Studies of crystal growth mechanisms of minerals, with emphasis on carbonate minerals, natural and synthetic, of sedimentary and hydrothermal origin. X-ray diffraction, electron probe microanalysis, atomic force microscopy and cathodoluminescence are used to study the influence of conditions of growth on the incorporation of trace elements, surface topography and crystal morphology.

Petroleum Geoscience
Integrated studies of hydrocarbon reservoirs using 3-D seismic data, borehole logs, core and outcrop analogues; reservoir compartmentalization by stratigraphic and structural features; attribute-based prediction of physical properties; naturally fractured tight-gas reservoirs.

Planetary Sciences
Geophysical potential fields, dynamics of planetary interiors; global geodynamics and physics of Earth's interior; seismology – tectonophysics, geophysical systems analysis. Origin and evolution of basic magmas in the mantles of the terrestrial planets.
23.3 Admission Requirements

Applicants should have an academic background equivalent to that of a McGill graduate in the Honours or Majors program in geology, geophysics, chemistry, or physics (3.0 out of 4.0). The admissions committee may modify the requirements in keeping with the field of graduate study proposed. In some cases a qualifying year may be required.

23.4 Application Procedures

Applications and all supporting documents should be received in the Department before March 1st for admission the following September. Applicants who want to be considered for entrance awards, or requiring financial assistance, should apply as early as January 1st. There are no special forms required to apply for financial aid from the Department, as all applicants will be considered for the awards for which they are eligible.

Candidates should indicate their field(s) of interest when making formal application for admission. Specific inquiries concerning the Department should be addressed to Graduate Admissions, Department of Earth and Planetary Sciences.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

23.5 Program Requirements

M.Sc. in Earth and Planetary Sciences (Thesis) (45 credits)

Complementary Courses (12 credits)
four 3-credit graduate-level EPSC courses chosen with the approval of the research director and Director of Graduate Studies.

Thesis Component – Required (33 credits)
EPSC 697 (9) Thesis Preparation 1
EPSC 698 (12) Thesis Preparation 2
EPSC 699 (12) Thesis Preparation 3

M.Sc. in Earth and Planetary Sciences (Thesis) – Environment Option/Concentration (48 credits)

Required Courses (9 credits)
EPSC 666 (3) Current Issues in Geosciences
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3

Complementary Courses (6 credits)
one 3-credit course at the 500-level or higher chosen with the approval of the research director and Director of Graduate Studies.

ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 660 (3) Topics in Environment 4

or another course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee

Ph.D. Degree

The Ph.D. degree program comprises:
a) an approved program of courses selected in consultation with the student’s academic adviser, and approved by the Academic Standing Committee,
b) a Comprehensive oral examination (EPSC 700) at the end of the Ph.D. I year, and
c) research leading to a Ph.D. thesis followed by an oral defense. Highly qualified B.Sc. graduates may be admitted directly to the Ph.D. I year. Students with the M.Sc. degree are normally admitted to the Ph.D. II year. Students are required to take 18 credits of graduate course study in the Ph.D. I year, and 6 credits plus a comprehensive oral examination in the Ph.D. II year. There is no language requirement for the Ph.D. degree.

23.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors. Term(s) offered (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

All courses have a weight or equivalent of three (3) credits.

EPSC 501 CRYSTAL CHEMISTRY. (3) (Winter) (2 hours lectures, 1 hour seminar) (Prerequisites: CHEM 203 or CHEM 213.) Discussion of crystal structures and compositions of important mineral groups, especially oxides, sulphides and silicates. Solid solution. Relation of structure to morphology and to chemical and physical properties of the rock-forming minerals.

EPSC 510 GEODYNAMICS AND GEOMAGNETISM. (3) (Fall) (3 hours lectures) (Prerequisites: EPSC 320, MATH 319, or equivalent, or permission of the instructor.) (Corequisite: EPSC 350) The gravity field of the Earth and planets, body and orbital dynamics of the Earth, moon and planets, tidal interactions of the Earth-moon-sun system, deformation of the Earth under static and dynamic loads, the magnetic field of the Earth and planets: the magnetosphere, the external radiation belts, magnetohydrodynamic models of the core dynamo, geochemical convection in the core, fluid dynamic motions of the outer core, dynamics of the inner core.

EPSC 519 ISOTOPE GEOLOGY. (3) (Fall) (3 hours lectures) (Prerequisites: EPSC 320, MATH 319, or equivalent, or permission of the instructor.) Geochronology, the fractionation of the stable isotopes, and applications to petrology and mineral deposits.

EPSC 525 SUBSURFACE MAPPING. (3) (Winter) (2 hours lectures, 3 hours laboratory) (Prerequisites: EPSC 455 or equivalent, or permission of instructor.) This course will provide participants the opportunity to learn how different types of data (wireline logs, seismic data, etc.) are used to study the subsurface.
seismic, etc.) are employed to map geological features in the subsurface. Lectures will teach participants about the physical basis of each of the data types, and the basic mapping and analytical techniques (e.g., geostatistics, gridding) that are employed in subsurface mapping. The principal focus will be on applying these techniques and concepts to real-world data sets.

**EPSC 530 Volcanology.** (3) (Winter) (2 hours lectures, 3 hours laboratory) (Prerequisites: EPSC 212 and EPSC 312, or equivalent, or permission of instructor.) The physical mechanisms which drive volcanoes and volcanic activity are presented. Descriptive, practical and theoretical approaches to the study of volcanoes are discussed.

**EPSC 542 Chemical Oceanography.** (3) (Fall) (3 hours lectures) (Prerequisites: CHEM 213, CHEM 257 or equivalents, or registration in the Graduate Program in Oceanography.) History of chemical oceanography. Seawater composition and definition of salinity/chlorinity. Minor and trace-element distribution in the ocean. Geochemical mass balance. Dissolved gases in sea water. CO2 and the carbonate system. Chemical speciation. Physical chemistry of seawater. Organic matter and the carbon cycle in the marine environment. Sediment geochemistry.

**EPSC 547 High-Temperature Geochemistry.** (3) (Fall) (2 hours lectures, 3 hours laboratory) (Prerequisites: CHEM 203, CHEM 204 or CHEM 213, or equivalents, or permission of instructor.) The application of thermodynamic principles to igneous and metamorphic petrology and economic geology. Topics include but are not restricted to: solid solutions in minerals, behaviour of geological fluids, phase equilibria, flow processes, estimation of thermodynamic data.

**EPSC 548 Processes of Igneous Petrology.** (3) (Fall) (2 hours lectures, 1 hour seminar) (Prerequisite: EPSC 423) Investigation of the primary mechanisms causing the diversity of igneous rock compositions on the Earth, other planets, asteroids, and meteorite parent bodies.

**EPSC 550 Selected Topics 1.** (3) (Fall or Winter) (2 hours seminar, permission of department undergraduate advisor) Research seminar and/or lecture with readings in topics concerning aspects of current interests in Earth & Planetary Sciences.

**EPSC 551 Selected Topics 2.** (3) (Fall or Winter) (2 hours seminar, permission of department undergraduate advisor) Research seminar and/or lecture with readings in topics concerning aspects of current interest in Earth & Planetary Sciences.

**EPSC 552 Selected Topics 3.** (3) (Fall or Winter) (2 hours seminar, permission of department undergraduate advisor) Research seminar and/or lecture with readings in topics concerning aspects of current interest in Earth & Planetary Sciences.

**EPSC 561 Ore-Forming Processes 1.** (3) (Fall) (3 hours seminar) (Prerequisite: One course in ore petrology (EPSC 451 or EPSC 452) or equivalent, or permission of the instructor.) Physical-chemical controls of hydrothermal mineral deposition. Discussion of fluid inclusion theory and application; stable isotope systematics, wall-rock alteration; ore mineral solubility and speciation; and mechanisms of mineral deposition.

**EPSC 562 Ore-Forming Processes 2.** (3) (Winter) (3 hours seminar) (Prerequisite: One course in mineral deposits (EPSC 451 or EPSC 452) or equivalent, or permission of the instructor.) Genesis of hydrothermal mineral deposits. Discussion of geological setting, fluid and metal sources, method of metal transport, and factors controlling metal concentration for a selection of hydrothermal mineral deposit types.

**EPSC 570 Cosmochemistry.** (3) (Fall) (3 hours lecture) (Prerequisites: EPSC 220, EPSC 210, or equivalent, or permission of instructor.) Examines the implications of phase equilibria and the compositions of meteorites and the solar system for the formation and internal differentiation of the terrestrial planets and the nature of chemical fractionation processes in both planetary interiors and the solar system as a whole.

**EPSC 580 Aqueous Geochemistry.** (3) (Fall) (3 hours lectures) (Prerequisites: EPSC 210, EPSC 212, or equivalent, or permission of instructor.) The use of chemical thermodynamics to study fluid-rock interactions with an emphasis on the aqueous phase. The course will introduce basic concepts and will discuss aqueous complexation, mineral surface adsorption, and other controls on crustal fluid compositions. Applications will range from considering contaminated groundwater systems to metamorphic reactions.

**EPSC 590 Applied Geochemistry Seminar.** (3) (Winter) (3 hours seminar) (Prerequisite: permission of instructor) Seminar course devoted to field case studies that illustrate the applications of geochemical principles to solving geologic problems. Each student will prepare and lead a class devoted to a geochemical subject of their own choosing.

**EPSC 601 Felsic Igneous Petrology.** (3) (3 hours seminar) (Prerequisite: EPSC 423 or equivalent) A review of the mineralogy and phase equilibria relevant to felsic igneous systems. Role of crust and mantle source-areas. Importance of postmagmatic phenomena. Petrogenetic schemes in the current literature.

**EPSC 603 Mafic Igneous Rocks.** (3) (3 hours seminar) (Prerequisite: EPSC 423 or equivalent) A survey of the petrochemistry of basic magmatic provinces with a focus on processes and the origin of terrestrial magmas in upper-mantle source regions.

**EPSC 613 Regional Structural Analysis.** (3) (2 hours lectures, 2 hours lab) Interpretation of structural measurements in complexly-deformed rocks. Regional geometric, kinematic and tectonic analysis.

**EPSC 631 Field Studies - Orogenic Belts.** (3) Traverse of a major orogenic belt (usually the Acadian and Taconic of New Brunswick, Nova Scotia and Quebec). The principal tectonic units and the major igneous, depositional, metamorphic and tectonic events and processes. Interpretation of orogenic belts in terms of continental-margin evolution, the opening and closure of ocean basins, collision of island arcs and continents and the arrival of "rafted terrains".

**EPSC 631D1 (1.5).** EPSC 631D2 (1.5) Field Studies - Orogenic Belts. (2-week field course in May, plus assigned papers) (Students must register for both EPSC 631D1 and EPSC 631D2) (No credit will be given for this course unless both EPSC 631D1 and EPSC 631D2 are successfully completed in consecutive terms) Traverse of a major orogenic belt (usually the Acadian and Taconic of New Brunswick, Nova Scotia and Quebec). The principal tectonic units and the major igneous, depositional, metamorphic and tectonic events and processes. Interpretation of orogenic belts in terms of continental-margin evolution, the opening and closure of ocean basins, collision of island arcs and continents and the arrival of "rafted terrains".

**EPSC 644 Topics - Advanced Earth Sciences 1.** (3) (3 hours lectures or seminars) A survey of a research topic of particular current interest.

**EPSC 645 Topics - Advanced Earth Sciences 2.** (3) (3 hours lectures or seminars) A survey of a research topic of particular current interest.

**EPSC 666 Current Issues in Geosciences.** (3) (Restriction: Open to graduate students enrolled in the EPS department.) Current issues in the range of geoscience disciplines.

**EPSC 697 Thesis Preparation 1.** (9) Independent study, theoretical and/or laboratory work in connection with the development of an M.Sc. thesis. Success in the course is dependent on presentation of an adequate progress report to the supervisory committee.
of an M.Sc. thesis. Success in the course is dependent on presenta-
tion of an adequate progress report to the supervisory committee.

EPSC 697N1 Thesis Preparation 1. (4.5) (Students must also register for EPSC 697N2) (No credit will be given for this course unless both EPSC 697N1 and EPSC 697N2 are successfully completed in the a twelve month period) (EPSC 697N1 and EPSC 697N2 together are equivalent to EPSC 697) Independent study, theoretical and/or laboratory work in connection with the development of an M.Sc. thesis. Success in the course is dependent on presentation of an adequate progress report to the supervisory committee.

EPSC 697N2 Thesis Preparation 1. (4.5) (Prerequisite: EPSC 697N1) (No credit will be given for this course unless both EPSC 697N1 and EPSC 697N2 are successfully completed in the a twelve month period) (EPSC 697N1 and EPSC 697N2 together are equivalent to EPSC 697) See EPSC 697D1 for course description.

EPSC 698 Thesis Preparation 2. (12) (Summer - Section 001 (01-May-2005/31-Aug-2005)) Independent study, theoretical and/or laboratory work in connection with the development of an M.Sc. thesis. Success in the course is dependent on presentation of an adequate progress report to the supervisory committee.

EPSC 698D1 (6), EPSC 698D2 (6) Thesis Preparation 2. (Students must register for both EPSC 698D1 and EPSC 698D2) (No credit will be given for this course unless both EPSC 698D1 and EPSC 698D2 are successfully completed in consecutive terms) (EPSC 698D1 and EPSC 698D2 together are equivalent to EPSC 698) Independent study, theoretical and/or laboratory work in connection with the development of an M.Sc. thesis. Success in the course is dependent on presentation of an adequate progress report to the supervisory committee.

EPSC 698N1 Thesis Preparation 2. (6) (Restriction: Not available to students who have taken EPSC 720) (No credit will be given for this course unless both EPSC 698N1 and EPSC 698N2 are successfully completed in the a twelve month period) (EPSC 698N1 and EPSC 698N2 together are equivalent to EPSC 698) See EPSC 698N1 for course description.

EPSC 699 Thesis Preparation 3. (12) Independent study, theoretical and/or laboratory work in connection with the development of an M.Sc. thesis. Success in the course is dependent on presentation of an adequate progress report to the supervisory committee.

EPSC 699D1 (6), EPSC 699D2 (6) Thesis Preparation 3. (Students must register for both EPSC 699D1 and EPSC 699D2) (No credit will be given for this course unless both EPSC 699D1 and EPSC 699D2 are successfully completed in consecutive terms) (EPSC 699D1 and EPSC 699D2 together are equivalent to EPSC 699) Independent study, theoretical and/or laboratory work in connection with the development of an M.Sc. thesis. Success in the course is dependent on presentation of an adequate progress report to the supervisory committee.

EPSC 699N1 Thesis Preparation 3. (6) (Students must also register for EPSC 699N2) (No credit will be given for this course unless both EPSC 699N1 and EPSC 699N2 are successfully completed in the a twelve month period) (EPSC 699N1 and EPSC 699N2 together are equivalent to EPSC 699) Independent study, theoretical and/or laboratory work in connection with the development of an M.Sc. thesis. Success in the course is dependent on presentation of an adequate progress report to the supervisory committee.

EPSC 699N2 Thesis Preparation 3. (6) (Prerequisite: EPSC 699N1) (No credit will be given for this course unless both EPSC 699N1 and EPSC 699N2 are successfully completed in a twelve month period) (EPSC 699N1 and EPSC 699N2 together are equivalent to EPSC 699) See EPSC 699N1 for course description.

EPSC 700 Preliminary Doctoral Examination. (0)

EPSC 700D1 (0), EPSC 700D2 (0) Preliminary Doctoral Examination. (Students must register for both EPSC 700D1 and EPSC 700D2) (No credit will be given for this course unless both EPSC 700D1 and EPSC 700D2 are successfully completed in consecutive terms) (EPSC 700D1 and EPSC 700D2 together are equivalent to EPSC 700) See EPSC 700 for course description.

EPSC 706 Advanced Sedimentology. (6) (2 hours lectures or seminars) Classical and recent papers on sedimentary rocks, processes and environments of transport, deposition, diagenesis and lithification, sedimentary mineral deposits. Basin evolution. Sedimentation and tectonics. Methods of study of sedimentary rocks and statistics.

EPSC 706D1 (3), EPSC 706D2 (3) Advanced Sedimentology. (Students must register for both EPSC 706D1 and EPSC 706D2) (No credit will be given for this course unless both EPSC 706D1 and EPSC 706D2 are successfully completed in consecutive terms) (EPSC 706D1 and EPSC 706D2 together are equivalent to EPSC 706) See EPSC 706 for course description.

EPSC 710 Geotectonics. (3) (2 hours lectures or seminars) Plate tectonics and orogenesis. Plate tectonics in the geologic past. Problems of tectonic evolution in Precambrian time.

EPSC 725 Independent Studies 1. (3) (Restriction: Not available to students who have taken EPSC 720) Ineligible for credit in M.Sc. Thesis program Research and/or reading project. Independent study under the guidance of qualified staff in areas of special interest to the student.

EPSC 726 Independent Studies 2. (3) Research and/or reading project. Independent study under the guidance of qualified staff in areas of special interest to the student.

Chair — G. Fong
Director of Graduate Program — H. Vankeerberghen
24.1 Staff

Professors
K. Dean; B.A.(Brown), M.A., Ph.D.(Stan.)
T. Lamarre; B.A.(Georgetown), M.A., Ph.D.(Chic.), D.Sc.(Aix-Marseille II)
R.D.S. Yates; B.A., M.A.(Oxf.), M.A.(Calif.), Ph.D.(Harv.)
G. Vankeerberghen; Lic(Louvain), Ph.D.(Princ.)

Associate Professors
G. Fong; B.A., M.A.(Tor.), Ph.D.(Br. Col.)

Assistant Professors
P. Button; B.A.(Col.), M.A., Ph.D.(C’nell)
H. Nakatani; B.A.(Tokyo), M.A.(Lond.), Ph.D.(Chic.)

Faculty Lecturers
J. Chang, S. Hasegawa, M. Kim, M. Uesaka, B. Wang

24.2 Programs Offered

M.A. in East Asian Studies (Ad Hoc)
Ph.D. in East Asian Studies (Ad Hoc)

24.3 Admission Requirements

General
TOEFL and GRE (if applicable).

Applicants who have not studied at a Canadian institution must submit official copies of their Graduate Record Examination. A minimum TOEFL score of 577 on the paper-based test (or 233 on the computer-based test, or 90 on the Internet-based test, with each component score not less than 20) is required for all applicants applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone).

M.A.

Applicants must hold, or expect to hold by September of the year of entry, a bachelor’s degree in East Asian Studies or related fields for entry into the M.A. program. Applicants are expected to have proficiency in the East Asian language(s) most useful for the proposed graduate work (preferably three years or more of course work or equivalent).

Ph.D.

Applicants must hold, or expect to hold by September of the year of entry, a master's degree in East Asian Studies or equivalent for entry into the Ph.D. program.

24.4 Application Procedures

Applications will be considered upon receipt of:
1. application form;
2. two copies of official transcripts sent by the university;
3. two letters of reference;
4. $80 application fee;
5. current curriculum vitae (resume) and a research statement (approximately 500 words for Master’s and 5 pages for Ph.D.) indicating potential supervisor and the field in which the applicant wishes to study, the research project to be pursued (with brief bibliography), and the reasons for applying to the program.

All of the above should be submitted directly to the Graduate Admissions, Department of East Asian Studies.

Deadline: January 7th for September admissions.

We encourage applications via McGill’s online application form for graduate program students available at www.mcgill.ca/applying/graduate.

24.5 Program Requirements

Program Requirements for the M.A. Degree (Ad Hoc)

(45 credits)

The Department only offers a thesis option. The M.A. program with thesis includes:

a) four 3-credit graduate courses (12 credits),
b) one graduate 3-credit seminar in theory/methodology (3 credits),
c) one graduate 6-credit seminar or two graduate 3-credit seminars (6 credits), and
d) thesis (24 credits).

Language Courses:
1. A maximum of 6 credits of language courses at the 500-level or in a classical Asian language may be counted towards course requirements.
2. Students must have fourth-level language equivalency by the completion of their M.A. program.

Program Requirements for the Ph.D. Degree (Ad Hoc)

After successfully completing the M.A. degree or its equivalent (45 credits minimum), a student will be admitted to the second year of the Ph.D. program. The Graduate Studies Committee will assign an advisory committee to advise the student and specify the student's course program.

Exceptional students with appropriate background at the undergraduate level may be admitted directly into the Ph.D. program.

Students must complete at least 24 course credits, with a grade point average of 3.5 or better: this course work must be chosen to identify three distinct fields for the Comprehensive Evaluation. Students may take up to two 3-credit courses or one 6-credit course in another department with the approval of the Graduate Studies Committee.

There are four requirements for obtaining the Doctoral degree:
1. Course work – 24 credits at the 600 or 700 level.
2. Language – Candidates will be required to demonstrate reading knowledge of a second Asian language, which may include either modern or literary (classical) language, in addition to the primary Asian language of their research. Candidates will also be expected to demonstrate reading knowledge of both French and English. They may also be required to take a third European language, classical (literary) Chinese, or Japanese, if the Graduate Studies Committee decides those languages are essential for the candidate’s research.
3. Ph.D. Comprehensive Evaluation – After the session in which the course work is completed, and no more than one year later except in exceptional circumstances and approved by the Graduate Studies Committee, a candidate will be required to pass the Comprehensive evaluation.
4. Doctoral Dissertation – Within six months after successful completion of the Ph.D. Comprehensive Evaluation, doctoral students should submit to the Graduate Studies Committee, after consultation with the Graduate Program Director and their potential thesis supervisor, a thesis proposal not exceeding five pages. Before submission of the dissertation, candidates are normally required to spend time in Asia researching their project. Research leading to original scholarship is a prerequisite for the acceptance of a Ph.D. thesis.

24.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.
Term(s) offered (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

Note: All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment.

The course credit weight is given in parentheses after the title.

EAST 501 ADVANCED TOPICS IN JAPANESE STUDIES 1. (3) (Fall) (Prerequisite (Undergraduate): permission of instructor) (Restriction: Departmental approval required) Consideration of selected topics and aspects of Japanese culture and society.

EAST 502 ADVANCED TOPICS IN JAPANESE STUDIES 2. (3) (Winter) (Prerequisite (Undergraduate): permission of instructor) (Restriction: Departmental approval required) Consideration of selected topics and aspects of Japanese culture and society.

EAST 503 ADVANCED TOPICS IN CHINESE STUDIES 1. (3) (Fall) (Prerequisite (Undergraduate): permission of instructor) (Restriction: Departmental approval required) Consideration of selected topics and aspects of Chinese culture and society.

EAST 504 ADVANCED TOPICS IN CHINESE STUDIES 2. (3) (Winter) (Prerequisite (Undergraduate): permission of instructor) (Restriction: Departmental approval required) Consideration of selected topics and aspects of Chinese culture and society.

EAST 515 SEMINAR: BEYOND ORIENTALISM. (3) (Prerequisite (Undergraduate): any EAS course at the 300-level or above or permission of instructor) Examines the cultural stakes and ethical implications of applying Western European models of understanding to East Asian societies. Provides background on interdisciplinary debates around "otherness", "cultural appropriation", and "postcolonialism", focusing on their history within East Asian Studies and their impact on that field’s methodological assumptions, self-definition, and institutional practices.

EAST 520D1 (3), EAST 520D2 (3) FOURTH LEVEL KOREAN. (Prerequisite: EAST 420 or permission of instructor) (Students must register for both EAST 520D1 and EAST 520D2.) (No credit will be given for this course unless both EAST 520D1 and EAST 520D2 are successfully completed in consecutive terms) This course is a continuation of EAST 420D1/D2 with more emphasis on writing and reading skills.

EAST 530 FOURTH LEVEL CHINESE. (6) (Summer) (Prerequisite (Undergraduate): EAST 430 or equivalent) Development of skills required to conduct academic discussions in oral as well as in written forms. Teaching materials include original texts from Chinese newspapers, Chinese literature, and videos.

EAST 530D1 (3), EAST 530D2 (3) FOURTH LEVEL CHINESE. (Prerequisite (Undergraduate): EAST 430 or equivalent) (Students must register for both EAST 530D1 and EAST 530D2.) (No credit will be given for this course unless both EAST 530D1 and EAST 530D2 are successfully completed in consecutive terms) (EAST 530D1 and EAST 530D2 together are equivalent to EAST 530) Development of skills required to conduct academic discussions in oral as well as in written forms. Teaching materials include original texts from Chinese newspapers, Chinese literature, and videos.

EAST 533 CLASSICAL CHINESE 1. (3) (Prerequisite: EAST 330 or equivalent.) (Restriction: Not open to students who have taken EAST 433.) An introduction to the grammar and syntax of classical Chinese. Readings are selected from well-known Confucian and Taoist classics, and philosophical and historical writings from pre-modern China.

EAST 534 CLASSICAL CHINESE 2. (3) (Prerequisite: EAST 330 or equivalent.) (Restriction: Not open to students who have taken EAST 434.) Continuation of EAST 533 at a more advanced level.

EAST 535 CHINESE FOR BUSINESS 1. (3) (Prerequisite: EAST 330 or equivalent or permission of instructor) This course aims to provide advanced students of Chinese with training in the terminology and syntax necessary for business communications. Topics will include many different aspects of business negotiations, such as price negotiation, methods of payment, etc.

EAST 536 CHINESE FOR BUSINESS 2. (3) (Prerequisite: EAST 535 or equivalent or permission of instructor) This course is a continuation of EAST 535. It is designed to further develop students' linguistic competence for business communication, and to provide students with some knowledge on China's trade policies as well as on different methods of trading with China.

EAST 537D1 (3), EAST 537D2 (3) CHINA TODAY THROUGH TRANSLATION. (Prerequisite (Undergraduate): students with native or near native proficiency may register directly, other students require permission of instructor) (Restriction: Not open to students who have taken EAST 437) (Students must register for both EAST 537D1 and EAST 537D2) (No credit will be given for this course unless both EAST 537D1 and EAST 537D2 are successfully completed in consecutive terms) A course to develop practical translation skills and understanding of contemporary China, focusing on Sino-Canadian and multi-lateral political, cultural and trade issues. Interpretive skills will be enhanced through translation exercises and discussion in class. Course materials include original documents and videos from the business communications and other fields.

EAST 540D1 (3), EAST 540D2 (3) FOURTH LEVEL JAPANESE. (Prerequisite (Undergraduate): EAST 440 or equivalent or permission of instructor) (Students must register for both EAST 540D1 and EAST 540D2.) (No credit will be given for this course unless both EAST 540D1 and EAST 540D2 are successfully completed in consecutive terms) Advanced study of Japanese, with emphasis on reading Japanese newspapers. Classes will be conducted entirely in Japanese.

EAST 543 CLASSICAL JAPANESE 1. (3) (Prerequisite (Undergraduate): EAST 440 or permission of instructor) The course will offer an introduction to the grammar and syntax of classical Japanese. Readings of well-known pre-modern writings.

EAST 544 CLASSICAL JAPANESE 2. (3) (Prerequisite (Undergraduate): EAST 543 or permission of instructor) The grammar and syntax of classical Japanese. Readings in well-known writings of pre-modern Japan.

EAST 546 ADVANCED READING IN JAPANESE. (3) (Prerequisite: EAST 440 or permission of instructor) (Restriction: Departmental approval required) In-depth reading and analysis of advanced Japanese texts. Readings will be selected from a variety of prose genres ranging from fiction to journalistic writing.

EAST 547 ADVANCED TRANSLATION IN JAPANESE. (3) (Prerequisite (Undergraduate): EAST 440 or equivalent or permission of the instructor) (Restriction: Departmental approval required) Translation of Japanese texts into English or French. Materials will be selected from a variety of prose genres ranging from fiction to journalistic writing.

EAST 550 CLASSICAL CHINESE POETRY THEMES AND GENRES. (3) (Prerequisite (Undergraduate): EAST 433 or permission of instructor) A study of major themes and genres of classical Chinese poetry from its beginning in the Yuan dynasty (14th century), with emphasis on critical analysis of text and context. Readings of poems in the original.

EAST 551 TECHNOLOGIES OF SELF IN EARLY CHINA. (3) (Prerequisite (Undergraduate): One advanced course in EAS or permission of the instructor) Readings on self-cultivation drawn from Confucian, Legalist, and Taoist philosophic texts of early China (5th-2nd centuries B.C.) will be translated into contemporary English or French. Materials will compare with historical and archaeological materials on the evolving construction of the "Individual" in Chinese social structure, military organization, political and ritual codes.

EAST 552 THE YI JING (BOOK OF CHANGES). (3) (Prerequisite: Any 300-level or above EAST course or permission of instructor) (Note: No prior knowledge of Chinese required.) In-depth examination of the Yi Jing, known in the West as the Book of Changes. The course will combine a close reading of this pivotal text and its
numerous commentaries with a social and cultural analysis of the diverse functions it fulfilled through Chinese history - philosophical, political, religious, aesthetic and cosmological.

EAST 556 ADVANCED READING IN CHINESE. (3) (Prerequisite: EAST 430 or permission of instructor) (Restriction: Departmental approval required) In-depth reading and analysis of advanced Chinese texts. Readings will be selected from a variety of prose genres ranging from fiction to journalistic writing.

EAST 557 ADVANCED TRANSLATION: CHINESE. (3) (Prerequisite: EAST 430 or equivalent or permission of instructor) (Restriction: Departmental approval required) Translation of Chinese texts into English or French. Materials will be selected from a variety of prose genres ranging from fiction to journalistic writing.

EAST 559 ADVANCED TOPICS: CHINESE LITERATURE. (3) (Prerequisite (Undergraduate): one advanced course in EAST or permission of instructor) (Restriction: Departmental approval required) Consideration of selected topics and aspects of Chinese literature. The content of the course may vary from year to year, ranging from contemporary to modern to pre-modern literature.

EAST 562 JAPANESE LITERARY THEORY AND PRACTICE. (3) (Prerequisite (Undergraduate): Any course in EAS above the 200-level and at least a year of an East Asian Language, or permission of instructor) This course examines Japanese theories of literary production and practice with an emphasis on 20th century thought.

EAST 563 IMAGES, IDEOGRAPHMS, AESTHETICS. (3) (Prerequisite (Undergraduate): EAST 320 or EAST 330 or EAST 340 or equivalent, or permission of instructor) This course explores theories and usage of ideograms and images in Asian texts, both modern and premodern.

EAST 564 STRUCTURES OF MODERNITY: JAPAN. (3) (Prerequisite (Undergraduate): Any East Asian Studies course above the introductory level, or permission of the instructor) This course explores relations between some of the principal sites which structure the experience of "modernity" in Japan (and elsewhere) - from bodies and cities, to the urban context in general. Along with general approaches (e.g. the idea of everyday life; questions of time), specific topics may include speed, music, architecture, crime, etc.

EAST 569 ADVANCED TOPICS: JAPANESE LITERATURE. (3) (Prerequisite: one advanced course in EAS or permission of instructor) (Restriction: Departmental approval required) Consideration of selected topics and aspects of Japanese literature. The content of the course may vary from year to year from contemporary to modern to pre-modern literature.

EAST 576 ADVANCED READING IN KOREAN. (3) (Prerequisite: EAST 420 or permission of instructor) (Restriction: Departmental approval required) In-depth reading and analysis of advanced Korean texts. Readings will be selected from a variety of prose genres ranging from fiction to journalistic writing.

EAST 577 ADVANCED TRANSLATION: KOREAN. (3) (Prerequisite: EAST 420 or permission of instructor.) (Restriction: Departmental approval required) Translation of Korean texts into English or French. Materials will be selected from a variety of prose genres ranging from fiction to journalistic writing.

EAST 582 JAPANESE CULTURE AND SOCIETY. (3) (Prerequisite: one of the following: EAST 420 or equivalent or permission of instructor.) The content of the course may vary from year to year from contemporary to modern to pre-modern literature.

EAST 600 EAST ASIAN STUDIES 1. (3)

EAST 601 EAST ASIAN STUDIES 2. (3)

EAST 619 TOPICS IN LITERARY THEORY. (3)

EAST 651 SEMINAR IN TAOIST STUDIES 1. (3)

EAST 652 SEMINAR IN TAOIST STUDIES 2. (3)

EAST 653 CHINESE POPULAR CULTURE 1. (3)

EAST 654 CHINESE POPULAR CULTURE 2. (3)

EAST 655 PREMODERN CHINESE POETRY. (3)

EAST 657 WOMEN’S WRITINGS IN TRADITIONAL CHINA. (3) Topic-2007/2008 Ming Qing

EAST 661 PREMODERN JAPANESE POETRY AND NARRATIVE. (3)

EAST 662 POPULAR CULTURE IN JAPAN. (3)

EAST 663 JAPANESE CULTURE AND THOUGHT. (3)

EAST 680 SEMINAR: SOCIAL CHANGE IN JAPAN. (3)

EAST 690 SEMINAR: SOCIAL CHANGE IN JAPAN. (3)

EAST 691 THESIS RESEARCH 1. (3)

EAST 692 THESIS RESEARCH 2. (3)

EAST 693 THESIS RESEARCH 3. (3)

EAST 694 THESIS RESEARCH 4. (3)

EAST 695 THESIS RESEARCH 5. (3)

EAST 696 THESIS RESEARCH 6. (3)

EAST 697 THESIS RESEARCH 7. (6)

EAST 696D1 (3), EAST 696D2 (3) THESIS RESEARCH 7. (Students must register for both EAST 696D1 and EAST 696D2) (No credit will be given for this course unless both EAST 696D1 and EAST 696D2 are successfully completed in consecutive terms) (EAST 696D1 and EAST 696D2 together are equivalent to EAST 696)

EAST 701 EAST ASIAN STUDIES 4. (6)

EAST 701D1 (3), EAST 701D2 (3) EAST ASIAN STUDIES 4. (Students must register for both EAST 701D1 and EAST 701D2) (No credit will be given for this course unless both EAST 701D1 and EAST 701D2 are successfully completed in consecutive terms).

Chair — William Watson

25.1 Staff

Emeritus Professor
Kari Polanyi-Levitt; B.Sc.(Lond.), M.A.(Tor.)

Professors
Robert D. Cairns; B.Sc.(Tor.), Ph.D.(MIT)
Russell Davidson; B.Sc., Ph.D.(Glas.), Ph.D.(Br. Col.) (Canada Research Chair)

Antal Deutsch; B.Com.(Sir. G. Wms.), Ph.D.(McG)

Jean-Marie Dufour; B.Sc.(McG), M.Sc. (Montr.), M.A. (C'dia.), M.A. (Chic.), Ph.D. (Chic.)

John Galbraith; B.A.(Qu.), M.Phil., D.Phil.(Oxf.) (James McGill Professor)

George Grantham; B.A.(Antioch), M.A., Ph.D.(Yale)

Christopher Green; M.A. (Conn.), Ph.D.(Wisc.)

Joseph Greenberg; B.A., M.A., Ph.D.(Hebrew)

Jagdish Handa; B.Sc.(Lond.), Ph.D.(Johns Hop.)

Jennifer Hunt; I.B.(Int'l School of Geneva), S.B.(MIT), Ph.D. (Harv.)

Ngo van Long; B.Ec.(LaT.), Ph.D.(A.N.U.) (James McGill Professor)

Mary MacKinnon; B.A.(Qu.), M.Phil., D.Phil.(Oxf.)

Robin Thomas Naylor; B.A.(Tor.), M.Sc.(Lond.), Ph.D.(Cant.)

J.C. Robin Rowley; B.Sc., M.Sc., Ph.D.(Lond.)

Victoria Zinde-Walsh; M.A.(Wat.), M.Sc., Ph.D.(Moscow St.)

Associate Professors
Hassan Benchehkroun; Diplôme d'ingénieur d'état(École Mohamedia des ingénieurs, Morocco), Ph.D.(Laval)

Jim Engle-Warnick; B.S.(Akron), M.B.A.(Carn. Mell.), Ph.D.(Pitt.) (William Dawson Scholar)

Myron Franklin; B.Mgt.E.(Renss.), Ph.D.(Texas)

Franque Grimard; B.A.(York), Ph.D.(Princ.)
statistics must take the undergraduate honours statistics course, ECON 257D1/ECON 257D2. A course in the history of economic thought must be taken in History of Economic Thought). Students are also expected to take ECON 460 and ECON 461 or ECON 660 (the M.A. course in History of Economic Thought). Students are also expected to have completed or to complete three terms of introductory calculus and at least one term of linear algebra.

25.5 Program Requirements

Lectures and examinations in the graduate program (M.A. and Ph.D.) in Economics are given in Macroeconomics, Microeconomics and several fields: Econometrics; Economic Development; Economic History; Industrial Organization; Health Economics; International Economics; Labour Economics; Monetary Economics; Public Finance; Mathematical Economics; Advanced Theory. Courses at the 600 level are usually taught in the first-term. Seminars/courses at the 700 level are offered in many of the fields listed above. They are generally given in the second term and normally have as a prerequisite the correspond-
ing 600-level course.

Residency requirement for the M.A. degree: Three full-time terms for the M.A. degree one of which can be an approved Summer Term. Many students are able to complete the M.A. requirements in one calendar year.

I. M.A. in Economics (Thesis)

(48 credits)

**Required Courses** (6 credits)

Preparation courses and completion of research essay:
ECON 610 (3) Microeconomic Theory 1
ECON 620 (3) Macroeconomic Theory 1

**Complementary Courses** (12 credits)

Must include either:

- ECON 662D1/D2(6) Econometrics
- ECON 665 (3) Quantitative Methods

A minimum of 6 credits must be taken in the same field.

*ECON 662D1/D2 or equivalent is strongly recommended but will not meet the 6-credit field requirement for the M.A.*

**Thesis Component – Required** (30 credits)

ECON 650 (3) Research 1
ECON 651 (3) Research 2
ECON 652 (3) Research 3
ECON 653 (3) Research 4
ECON 670 (6) Thesis 1
ECON 671 (6) Thesis 2
ECON 672 (6) Thesis 3

The total thesis program requirement is 48 credits (18 credits of course work and 30 credits for the thesis). At least a grade of B- is required in any individual course and an overall average of B (70%) is needed for graduation.

II. M.A. in Economics (Non-Thesis)

(45 credits)

**Required Courses** (27 credits)

Preparation courses and completion of research essay:
ECON 610 (3) Microeconomic Theory 1
ECON 620 (3) Macroeconomic Theory 1
ECON 650 (3) Research 1
ECON 651 (3) Research 2
ECON 652 (3) Research 3
ECON 653 (3) Research 4
ECON 670 (6) Thesis 1
ECON 671 (6) Thesis 2
ECON 672 (6) Thesis 3

**Complementary Courses** (18 credits)

Must include either:

- ECON 662D1/D2(6) Econometrics
- ECON 665 (3) Quantitative Methods

Additional courses, at the 500 level or higher, as determined by the student's area of study.

The total non-thesis program requirement is 45 credits (27 credits of course work and 18 credits of research). At least a grade of B- is required in any individual course and an overall average of B (70%) is needed for graduation.

III. M.A. Degree Program (Non-thesis) Option in Development Studies:

The Development Studies Option (DSO) is a cross-disciplinary M.A. program offered as an option within existing M.A. programs in the departments of Geography, History, Political Science,
Anthropology, Economics, and Sociology. This thesis option is open to master's students specializing in development studies. Students enter through one of the [participating departments and must meet the M.A. requirements of that unit. Students will take an interdisciplinary seminar and a variety of graduate level courses on international development issues. The M.A. thesis must be on a topic relating to development studies, approved by the DSO coordinating committee.

M.A. in Economics (Non-Thesis) – Development Studies Option/Concentration (45 credits)

Required Courses (33 credits)
- ECON 610 (3) Microeconomic Theory 1
- ECON 620 (3) Macroeconomic Theory 1
- ECON 634 (3) Economic Development 3
- ECON 650 (3) Research 1
- ECON 651 (3) Research 2
- ECON 680 (3) M.A. Report 1
- ECON 681 (3) M.A. Report 2
- ECON 682 (3) M.A. Report 3
- ECON 683 (3) M.A. Report 4
- ECON 734 (3) Economic Development 4
- INTD 657 (3) Development Studies Seminar

Complementary Courses (12 credits)
- 3 or 6 credits from:
  - ECON 662D1/D2 (6) Econometrics
  - ECON 685 (3) Quantitative Methods
- 6 or 9 credits of additional courses, at the 500 level or higher, related to international development studies to be chosen in consultation with an advisor.

IV. M.A. Degree Program Non-Thesis Option in Social Statistics:

The program complements disciplinary training with research experience applying statistical methods to Statistics Canada data (or equivalent). Students will normally complete normal program course requirements, supplemented by further statistical courses, as advised by the Option advisor, and subject to approval by the home department. Students will complete a statistics-based M.A. research paper (Economics, Political Science, Sociology) or thesis (Geography) in conjunction with an interdisciplinary capstone seminar.

Acceptance into the program is by application to the Social Statistics Option Committee and is contingent on acceptance into the M.A. program in one of the participating departments (Economics, Geography, Political Science, Sociology), which in turn requires meeting the Graduate and Postdoctoral Studies Office admission requirements.

M.A. in Economics (Non-Thesis) – Social Statistics Option/Concentration (45 credits)

Required Courses (30 credits)
- Preparation courses and completion of research essay:
  - ECON 610 (3) Microeconomic Theory 1
  - ECON 620 (3) Macroeconomic Theory 1
  - ECON 650 (3) Research 1
  - ECON 651 (3) Research 2
  - ECON 654 (3) Research Methods in Economics
  - ECON 680 (3) M.A. Report 1
  - ECON 681 (3) M.A. Report 2
  - ECON 682 (3) M.A. Report 3
  - ECON 683 (3) M.A. Report 4
  - ECON 688 (3) Seminar on Social Statistics

Complementary Courses (15 credits)
- Must include either:
  - ECON 662D1/D2 (6) Econometrics
  - ECON 665 (3) Quantitative Methods
- Additional courses, at the 500 level or higher, as determined by the student’s area of study.

25.6 Courses for Higher Degrees

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Note: All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

ECON 510 EXPERIMENTAL ECONOMICS. (3) (Prerequisites: ECON 230 or ECON 250 or permission of the instructor.) (Restrictions: For U3 students.) Experimental methodology, current topics in experimental economics, and market design.

ECON 525 PROJECT ANALYSIS. (3) (Restriction: Open to advanced undergraduate students. Prerequisite: ECON 250, ECON 352 or equivalent) A course in cost benefit analysis for graduate and advanced undergraduate students.

ECON 531 HISTORICAL EXPERIENCE OF ECONOMIC DEVELOPMENT. (3) (Prerequisites: ECON 230 or ECON 250 or equivalent.) (Restriction: Not open to students who have taken ECON 631.) Examination of historical patterns of economic development.

ECON 534 PENSION CRISIS. (3) The consequences of commitments made by governments in the area of old age pensions and...
the implications of the resulting tax burden. An international perspective will be adopted.

ECON 567 COMPLEX AND INTERACTIVE SYSTEMS. (3) (Prerequisites: ECON 250, ECON 352) (Restrictions: For Honours and Graduate students in Economics. Permission of the instructor.) Behaviour in open (incomplete) economic systems as they relate to nonlinearities, chaos, adaptiveness, networks, externalities, dynamic competition, computable economics, simulation-driven analogies, disequilibrium dynamics, lock-in phenomena and path dependence, quasi-rationality with uncertainty and fuzzy constraints, evolutionary processes, genetic algorithms, etc.

ECON 577 MATHEMATICAL ECONOMICS 1. (3) (Prerequisites: MATH 133, MATH 139 and MATH 141 or equivalent) A mathematical treatment of basic economic theory.

ECON 602 ECONOMIC HISTORY. (3) Selected topics in European and North American economic history are investigated from the standpoint of the interplay of institutional change and quantitative growth.

ECON 604 MACROECONOMICS FOR POLICY 1. (3)
ECON 605 MICROECONOMICS FOR POLICY 1. (3)
ECON 606 MACROECONOMICS FOR POLICY 2. (3)
ECON 607 MICROECONOMICS FOR POLICY 2. (3)
ECON 610 MICROECONOMIC THEORY 1. (3) This is the first in a two-course sequence in microeconomics. The core microeconomics sequence (ECON 610, ECON 611) provides a rigorous coverage of the economic foundation upon which economic fields are built. Most of the sequence is devoted to building up this foundation of consumer and firm optimisation (including choice under uncertainty), partial and general equilibrium, and welfare economics. The remainder of 154-611 covers special topics that vary from year to year. These are likely to be drawn from the following: social choice; externalities and public goods; models of asymmetric information; the principal-agent framework; search; basic game theory.

ECON 611 MICROECONOMIC THEORY 2. (3) This is the second in a two-course sequence in microeconomics.

ECON 620 MACROECONOMIC THEORY 1. (3) This course is the first in a two-course sequence in macroeconomics. The course offers a thorough treatment of the fundamentals of macroeconomic theory. Emphasis is placed on the construction and evaluation of macroeconomic models with microeconomic foundations. Topics include market-clearing and non-market-clearing models, capital accumulation, business cycles, monetary policy and fiscal policy.

ECON 621 MACROECONOMIC THEORY 2. (3) This is the second in a two-course sequence in macroeconomics. The course provides an in-depth analysis of selected issues in macroeconomic theory, extending and complementing the coverage provided in ECON 620.

ECON 622 PUBLIC FINANCE. (3) A survey of the role of government in the economy (excluding the macroeconomic side - stabilization, etc.). Topics include markets and market failure; public goods; externalities; the theory of the second-best and the study of collective choice, including voting; and the collection of revenue to finance government activity, including optimal taxation of commodities and income.

ECON 622D1 (1.5), ECON 622D2 (1.5) PUBLIC FINANCE. (Students must register for both ECON 622D1 and ECON 622D2) (No credit will be given for this course unless both ECON 622D1 and ECON 622D2 are successfully completed in consecutive terms) (ECON 622D1 and ECON 622D2 together are equivalent to ECON 622) A survey of the role of government in the economy (excluding the macroeconomic side - stabilization, etc.). Topics include markets and market failure, public goods, externalities, the theory of the second-best and the study of collective choice, including voting; and the collection of revenue to finance government activity, including optimal taxation of commodities and income.

ECON 623 MONEY AND BANKING. (3) A rigorous analysis of the demand and supply of money and the role that it plays in the economy. Study of the ideas of the major schools of thought in monetary economics.

ECON 624 INTERNATIONAL ECONOMICS. (3) A detailed examination of theories and policies in international trade and finance.

ECON 624D1 (1.5), ECON 624D2 (1.5) INTERNATIONAL ECONOMICS. (Students must register for both ECON 624D1 and ECON 624D2) (No credit will be given for this course unless both ECON 624D1 and ECON 624D2 are successfully completed in consecutive terms) (ECON 624D1 and ECON 624D2 together are equivalent to ECON 624) A detailed examination of theories and policies in international trade and finance.

ECON 625 ECONOMICS OF NATURAL RESOURCES. (3) The concept of optimal resource management and the associated rules, such as Hotelling’s rule and Faustmann’s rule. Implications of the need to sink capital for equilibrium in resource utilization under certainty and uncertainty. Conditions under which there is market failure and the merits of price and quantity instruments.

ECON 634 ECONOMIC DEVELOPMENT 3. (3) A systematic treatment of the characteristics and problems of economic development in underdeveloped countries.

ECON 637 INDUSTRIAL ORGANIZATION AND REGULATION. (3) An analysis of the nature of the firm, industrial structure and the effect of structure on firm and industry behaviour and performance.

ECON 641 LABOUR ECONOMICS. (3) A synthesis of theoretical developments in the area of labour economics with stress upon problems of empirical testing.

ECON 650 RESEARCH 1. (3) Preparation for work on M.A. thesis and M.A. research report.

ECON 651 RESEARCH 2. (3) Preparation for work on M.A. thesis and M.A. research report.

ECON 652 RESEARCH 3. (3) Preparation for work on M.A. thesis and M.A. research report.

ECON 653 RESEARCH 4. (3) Preparation for work on M.A. thesis and M.A. research report.

ECON 654 RESEARCH METHODS IN ECONOMICS. (3) Preparation of M.A. research papers.

ECON 660 HISTORY OF ECONOMIC THOUGHT. (3) Selected topics in the history of economic thought.

ECON 662 ECONOMETRICS. (6) A broad treatment of econometric methods, with particular reference to time series processes. Estimation of linear and non-linear models, GLS, IV, Maximum Likelihood, parametric specification testing for linear and non-linear hypotheses, diagnostic testing (autocorrelation, heteroskedasticity, normality, parameter constancy, etc.), modelling technique, non-stationary data processes.

ECON 662D1 (3), ECON 662D2 (3) ECONOMETRICS. (Students must register for both ECON 662D1 and ECON 662D2) (No credit will be given for this course unless both ECON 662D1 and ECON 662D2 are successfully completed in consecutive terms) (ECON 662D1 and ECON 662D2 together are equivalent to ECON 662) A broad treatment of econometric methods, with particular reference to time series processes. Estimation of linear and non-linear models, GLS, IV, Maximum Likelihood, parametric specification testing for linear and non-linear hypotheses, diagnostic testing (autocorrelation, heteroskedasticity, normality, parameter constancy, etc.), modelling technique, non-stationary data processes.

ECON 665 QUANTITATIVE METHODS. (3) A survey of quantitative methods frequently used in economic research. Special emphasis will be placed upon the formulation and evaluation of econometric models. Illustrations will be drawn from the existing empirical
literature in economics. Required for all Ph.D. students who have not taken Econometrics as a field.

ECON 670 THESIS 1. (6)
ECON 671 THESIS 2. (6)
ECON 672 THESIS 3. (6)

ECON 675 ANALYSIS OF MACROECONOMIC POLICY. (3) (Prerequisites: ECON 620.) The underlying principles of the design, implementation, and analysis of macroeconomic policy, with applications to monetary policy, exchange-rate policy, tax policy to influence growth and distribution, and the effect of government spending and debt. Emphasis is placed on Canadian macroeconomic policy, although international comparisons are also discussed.

ECON 680 M.A. REPORT 1. (3) The M.A. Report must demonstrate the candidate’s ability to do independent work at the graduate level in a particular field of economics. While length will vary with the subject matter, it is expected that on average reports will be about 50 pages long. The Report will be graded jointly by two members of the Department. The supervisor will normally be one of the examiners.

ECON 681 M.A. REPORT 2. (3) The M.A. Report must demonstrate the candidate’s ability to do independent work at the graduate level in a particular field of economics. While length will vary with the subject matter, it is expected that on average reports will be about 50 pages long. The Report will be graded jointly by two members of the Department. The supervisor will normally be one of the examiners.

ECON 681D1 (1.5), ECON 681D2 (1.5) M.A. REPORT 2. (Students must register for both ECON 681D1 and ECON 681D2) (No credit will be given for this course unless both ECON 681D1 and ECON 681D2 are successfully completed in consecutive terms) (ECON 681D1 and ECON 681D2 together are equivalent to ECON 681) The M.A. Report must demonstrate the candidate’s ability to do independent work at the graduate level in a particular field of economics. While length will vary with the subject matter, it is expected that on average reports will be about 50 pages long. The Report will be graded jointly by two members of the Department. The supervisor will normally be one of the examiners.

ECON 682 M.A. REPORT 3. (3) The M.A. Report must demonstrate the candidate’s ability to do independent work at the graduate level in a particular field of economics. While length will vary with the subject matter, it is expected that on average reports will be about 50 pages long. The Report will be graded jointly by two members of the Department. The supervisor will normally be one of the examiners.

ECON 682D1 (1.5), ECON 682D2 (1.5) M.A. REPORT 3. (Students must register for both ECON 682D1 and ECON 682D2) (No credit will be given for this course unless both ECON 682D1 and ECON 682D2 are successfully completed in consecutive terms) (ECON 682D1 and ECON 682D2 together are equivalent to ECON 682) The M.A. Report must demonstrate the candidate’s ability to do independent work at the graduate level in a particular field of economics. While length will vary with the subject matter, it is expected that on average reports will be about 50 pages long. The Report will be graded jointly by two members of the Department. The supervisor will normally be one of the examiners.

ECON 683 M.A. REPORT 4. (3) The M.A. Report must demonstrate the candidate’s ability to do independent work at the graduate level in a particular field of economics. While length will vary with the subject matter, it is expected that on average reports will be about 50 pages long. The Report will be graded jointly by two members of the Department. The supervisor will normally be one of the examiners.

ECON 705 READING COURSE: SELECTED TOPICS ECONOMICS. (3) Reading course in Economics.

ECON 706 SELECTED TOPICS. (3) (Prerequisites: ECON 610, ECON 620 and 6 additional credits at the 600 level) Reading course in Economics.

ECON 710 SELECTED TOPICS IN ECONOMICS. (3) Selected topics in specialized areas of Economic.

ECON 720 ADVANCED GAME THEORY. (3) The main focus of the course will be the “theory of social situations” (which is closely related to “game theory”) which is a new and integrative approach to the study of formal models (both cooperative and non-cooperative) in the social sciences.

ECON 721 ADVANCED MONETARY THEORY. (3) Selected topics in monetary theory, the theory of monetary policy, and the history of monetary institutions.

ECON 724 INTERNATIONAL ECONOMICS. (3) Selected problems in international trade, foreign exchange and international movements of capital.

ECON 726 TOPICS IN ENVIRONMENTAL ECONOMICS. (3) Topics in environmental economics.

ECON 734 ECONOMIC DEVELOPMENT 4. (3) Problems of economic growth and planning in selected underdeveloped countries. Topics covered vary from year to year in response to student interests; growth, poverty and income distribution, LDC labour markets and institutions, trade and development, international debt problems, issues in trade policy.

ECON 737 INDUSTRIAL ORGANIZATION AND REGULATION SEMINAR. (3) Builds on material covered in ECON 637. Problems are examined in greater depth with specific topics varying from year to year.

ECON 741 ADVANCED LABOUR ECONOMICS. (3) Selected theoretical and policy issues in labour economics.

ECON 742 EMPIRICAL MICROECONOMICS. (3) (Prerequisite: First term of ECON 662 and either ECON 634 or ECON 641, or consent of the instructor) Surveys the empirical techniques used in applied microeconomic fields, particularly development and labour economics. Focus is on the formulation of empirical models derived from economic theory, and on various estimation methodologies, including panel data econometrics, limited dependent variable models, and duration analysis. A "hands on" approach is emphasized.

ECON 744 HEALTH ECONOMICS. (3) The emphasis will be on describing and analyzing the structure and performance of the Canadian health system, though some attention will be given to recent attempts by the federal and provincial governments to deal with current problems in this field. Readings will be selected from the economics and health literature.

ECON 750 SELECTED TOPICS: MICROECONOMICS. (3) Topics of interest to the students and staff. These topics will be in areas other than those covered by existing courses and particular attention will be paid to critiques of neoclassical economic theory.

ECON 752 TOPICS IN FINANCIAL ECONOMICS. (3) Selected topics in monetary economics and international finance for advanced graduate work in this area.

ECON 761 ECONOMETRICS: TIME SERIES ANALYSIS. (3) (Restriction: Not open to students who have taken ECON 762) Offered only in some years) Theory and application of linear, non-linear expectational and asymptotic time series models to economic phenomena. Probabilistic models of economic dynamics and experimental economics, including simulation.

ECON 762 ECONOMETRICS - ASYMPTOTIC AND FINITE - SAMPLE. (3) Exact and asymptotic distribution theory in econometrics: basic results for estimation and inference in regression models, extensions and other selected topics including nonparametric and distribution-free methods for econometric models.

ECON 762D1 (1.5), ECON 762D2 (1.5) ECONOMETRICS - ASYMPTOTIC AND FINITE-SAMPLE. (Students must register for both ECON 762D1 and ECON 762D2) (No credit will be given for this course unless both ECON 762D1 and ECON 762D2 are successfully completed in consecutive terms) (ECON 762D1 and ECON 762D2 together are equivalent to ECON 762) Exact and asymptotic distribution theory in econometrics: basic results for estimation and inference in regression models, extensions and other selected topics including nonparametric and distribution-free methods for econometric models.
ECON 763 FINANCIAL ECONOMETRICS. (3) This course covers advanced time series methods used in the analysis of financial data and other potentially non-stationary time series. Topics: integrated time series, co-integration, unit root testing, conditional heteroscedasticity, long memory, non-parametric and neural network models. Applications include market efficiency, stochastic volatility and predictability of asset returns.

ECON 765 MODELS FOR FINANCIAL ECONOMICS. (3) (Prerequisite: Permission of instructor) A review of mathematical techniques used in modern finance theory, including measure theory and stochastic processes in continuous time (e.g., Brownian motion) and other techniques essential to understanding arbitrage pricing theory, including the pricing of options.

ECON 770 PHD RESEARCH SEMINAR 1. (1) (Prerequisites: All comprehensive and field examinations are to be completed.) (Note: ECON 770 and ECON 771 may be taken in either order.) Presentation of PhD research.

ECON 771 PHD RESEARCH SEMINAR 2. (1) (Prerequisites: All comprehensive and field examinations are to be completed.) (Note: ECON 770 and ECON 771 may be taken in either order.) Presentation of PhD research.

ECON 779 PH.D.COMPREHENSIVE EXAMINATION. (0) ECON 799D1 (0), ECON 799D2 (0) PH.D. COMPREHENSIVE EXAMINATION. (Students must register for both ECON 799D1 and ECON 799D2) (No credit will be given for this course unless both ECON 799D1 and ECON 799D2 are successfully completed in consecutive terms) (ECON 799D1 and ECON 799D2 together are equivalent to ECON 799)

School/Applied Child Psychology

Acting Program Director — Jeffrey Derevensky

General Educational Psychology/Inclusive Education/Special Populations/Family Life Education — Nancy Heath

Cognition and Instruction Program Grouping — Alenoush Saroyan

26.1 Staff

Emeritus Professors

Janet G. Donald; B.A., M.A.(W. Ont.), Ph.D.(Tor.) (joint appt. with Teaching and Learning Services)

Egil Pedersen; B.A.(Sir G. Wms.), M.A.(McG.), Ed.D.(Harv.)

Howard A. Stutt; B.A.(Qu.), B.Ed., M.Ed.(Montr.), F.C.C.T.

Professors

Mark W. Auills; B.S.(Ball St.), M.Ed.(Ind.), Ed.D.(Georgia)

Robert J. Bracewell; B.Sc., M.A.(McM.), Ph.D.(Tor.)

Jacob A. Burack; B.A.(Col.), M.S., M.Phil., Ph.D.(Yale)

Kim Cornish; B.Sc.(Lancaster), Ph.D.(Lond.) (Canada Research Chair, Tier 1) (Sabbatical Leave)

Jeffrey L. Derevensky; B.A.(C. W. Post), M.A., Ph.D.(McG.)

Carl H. Frederiksen; B.A.(Harv.), M.A., Ph.D.(Ill.)

Susanne P. Lajoie; B.A., M.A.(McG.), Ph.D.(Stan.) (James McGill Professor and Chair)

Lynn McAlpine; B.A.(McG.), M.A.(C’dia), Ph.D.(Tor.) (joint appt. with Teaching and Learning Services)

Alenoush Saroyan; B.A.(Pahlavi), M.Ed.(Loy. U. Chic.), Ph.D.(McG.)

Bruce M. Shore; B.Sc., M.A.(McG.), Ph.D.(Calg.)

Cynthia B. Weston; B.A.(Georgetown), M.L.S.(S.U.N.Y.)

D.Ed.(Wash.) (joint appt. with Teaching and Learning Services)

Associate Professors

Alain Breuleux; B.Sc., M.Sc., Ph.D.(Montr.)

Janet Donin; B.A.(Tor.), M.A.(III.), Ph.D.(Cal.) (joint appt. with Integrated Studies in Education)

Marilyn Fitzpatrick; B.A.(Tor.), M.Ed., Ph.D.(McG)

Nancy L. Heath; B.A.(McG.), M.Ed.(Ott.), Ph.D.(Tor.) (William Dawson Scholar)

Michael L. Hoover; B.S.(Tulane), M.A., Ph.D.(Col.)

Evelyn Lusthaus; B.S., M.S., Ph.D.(S.U.N.Y. Buffalo) (on leave)

Robert Savage; B.A.(Oxon.), M.Sc.(Camb.), M.Sc., Ph.D.(Lond.)

Ada L. Sinacore; B.A.(Montclair St.), M.A., M.Ed., Ph.D.(Col.) (on leave)

Ingrid E. Sladeczek; B.A., M.S., Ph.D.(Ariz.), A.A.(Maryland)

Renée Stevens; B.A.(U.C.L.A.), M.A., Ph.D.(McG) (part-time)

Assistant Professors (Tenure Track)

Martin Drapeau; B.A.(Montr.), B.A. Ps.(Que.), M.P.(Laval), Ph.D.(Montr.)

Tara Flanagan; B.A.(U.Winn.), M.A., Ph.D.(McG)

Panayiota Kendeou; B.A.(U. Cypr.), M.A., Ph.D.(U. Minn.)

Krista Muis; B.A.(Wat.), M.A.(U.Vic.), Ph.D.(SFU)

Jeeseon Park; B.A., M.A.(Yonsei), Ph.D.(Penn St.)

Steven R. Shaw; B.A., M.Ed., Ed.s., Ph.D.(Univ. Florida)

Ronald Stringer; B.Sc., M.A., Ph.D.(Tor.)

Victoria Talwar; M.A.(St. Andrews), M.A., Ph.D.(Qu.)

Assistant Professors

Rina Gupta, Isabelle Martin, Alissa Sklar

Faculty Lecturer/Professional Associate

Adjunct Professors

Associate Members

Reut Gruber, Daniel Levitin, Mary H. Maguire, Joseph Rochford, Lalit K. Srivastava, Claire-Dominique Walker

Part-time Instructors

Shawna Atkins, Maureen Baron, Diane Bateman, Antonio Bernardelli, Elana Bloom, Sam Bruzzese, Franco Carnevale, Michael Chechile, Andrew Chiarella, Scott Conrod, Dawn Cruchet, Sandy Freedman, Tom Gardner, Karen Gazith-Cohen, Judith McBride, Judith Norton, Carolyn Nelham, Olga Pazzia-Giugucci, Lisa Reisinger, Vera Romano, Caroline Zanni-Dansereau

26.2 Programs Offered

The Department offers M.A. (Non-Thesis), M.A. (Thesis), and Ph.D. programs in Counselling Psychology, School/Applied Child Psychology, Educational Psychology, as well as an M.Ed. in Educational Psychology.

Also offered is a Graduate Diploma in School/Applied Child Psychology (Ph.D. Respecialization).

For information about graduate programs, please contact the appropriate Program Coordinator:

Cognition and Instruction and Professional Education Program Coordinator: Mrs. Geri Norton, (514) 398-4244

Includes the following programs: Applied Cognitive Science, Family Life Education, General Educational Psychology, Health

**Professional Psychology**

**Program Coordinator:** Ms. Diane Bernier, (514) 398-4245

Includes the following programs: Counselling Psychology, School/Applied Child Psychology, and Applied Developmental Psychology.

Graduate programs are organized under three degree designations, 1) Counselling Psychology, 2) School/Applied Child Psychology, and 3) Educational Psychology. Within Educational Psychology, degrees are offered in three program groupings, each covering different specializations. Please refer to the detailed subsections below to verify which degrees are available and find out about their respective entry requirements.

Educational Psychology Ph.D. programs are organized around a Major and Minor; students may freely select the combination of Major and Minor across program groupings, according to availability. Some of the specializations listed below are available only as Minors.

**Cognition and Instruction**

- Applied Cognitive Science
- Higher Education
- Instructional Psychology

**Professional Education**

- Family Life Education
- General Educational Psychology
- Inclusive Education/Special Populations
- Psychology of Gender

**Professional Psychology**

- Applied Developmental Psychology
- Counselling Psychology
- School/Applied Child Psychology

**Professional Accreditation**

The Ph.D. in School/Applied Child Psychology is accredited by the American Psychological Association (APA). The Ph.D. in Counselling Psychology is jointly accredited by the Canadian Psychological Association and the American Psychological Association.

The Ordre des psychologues du Québec (OPQ) has endorsed accreditation of both the Ph.D. in Counselling Psychology and the Ph.D. in School/Applied Child Psychology. Ph.D. graduates with any other undergraduate preparation are eligible to apply for OPQ membership by review of equivalence of their training.

The M.A. (Non-Thesis) in Counselling Psychology is accredited by the Ordre professionnel des conseillers et conseillères d’orientation et psychoéducateurs et psychoéducatrices du Québec (OCCOPPQ). Graduates of this program meet the professional requirements for licensing as a Conseiller in Quebec. This program does not qualify graduates to meet the requirements for certification as a Psychologist.

The M.Ed. Educational Psychology Concentration in Family Life Education is approved by the Association of Family Life Educators of Quebec (AFLEQ). AFLEQ has established reciprocal recognition of qualifications with the Canadian Association of Family Life Educators.

Graduate degrees in Counselling Psychology or School/Applied Child Psychology, and elsewhere in Education, do not lead to teaching certification – see the Undergraduate Education Calendar for B.Ed. programs. Holders of other undergraduate degrees may apply to enter the B.Ed. with advanced standing.

**Research/Training Facilities**

The department houses the following training and research units; Psychological Assessment which is a collection of psychology, intelligent and personality tests utilized in psychometry courses; Psychoeducational and Counselling Clinic which assists children, adolescents and adults with learning and other problems; Applied Cognitive Science Group which conducts research on human learning and performance; Apple Research Partnership Program (ARPP) which assists in developing Macintosh software; Computer-Based Instructional Research Lab; High Ability and Inquiry Research Group concerned with giftedness, creativity and the role of inquiry in teaching and learning; McGill Child Laboratory for Research and Education in Developmental Disorders which focuses on defining the trajectories of cognitive functions in atypical and typically developing children; Neuroscience Lab for Research and Education in Developmental Disorders which focuses on defining the trajectories of cognitive functions in atypical and typically developing children; International Centre for Youth Gambling Problems and High Risk Behaviour and adolescent high-risk behaviours; McGill Youth Study Team (MYST); Creativity Research Group; McGill Psychotherapy Process Research Group; Mentoring and Diversity Team; Problem Solving Consultation Group; Qualitative Research in Education Lab; Reading and Spelling Research Group; Self-Perception and Mood Lab; Social Development Lab. It also maintains working relationships with specialized centres and research groups offering opportunities for training and research to selected students. This includes Teaching and Learning Services, concerned with educational improvement and evaluation in higher education; the Centre for Medical Education whose activities focus on training in the health sciences; the Neuropsychology Department of Rivière des Prairies Hospital; the Taylor Adolescent Program conducted in association with the Learning Associates of Montreal; the Office for Students with Disabilities (McGill University Student Services); the Centre for Research on Language, Mind and the Brain; Centre for the Study of Learning and Performance; and Canadian Language and Literacy Research Network. Students considering participation in the activities of any Centre or research group should contact the researchers responsible, their own program director or advisor about eligibility, types of available involvement, and any registration requirements.

**Professional Conduct**

Several programs (Counselling Psychology, School/Applied Child Psychology, Inclusive Education, and others) have professional components and field placements. In all aspects of any program, on campus and off, students are expected to conduct themselves in accord with the professional standards of all relevant professional associations, in accord with the law (e.g., Youth Protection), and the expectations of organizations receiving field placements. This applies to all aspects of professional conduct, including but not limited to respect for persons, property, and confidentiality, appropriate dress, and punctuality. Failure to meet these expectations, regardless of performance in courses or other formal program requirements, will be taken into account in the assessment of the students’ overall academic standing in the program and, in the most serious instance, may result in a requirement to withdraw from the program.

**26.3 Admission Requirements**

Specific admission requirements vary across degrees and program options. Please see additional details with each detailed description below.

**26.4 Application Procedure**

McGill’s online application form is available to all graduate program candidates at [www.mcgill.ca/applying/graduate](http://www.mcgill.ca/applying/graduate).

All applicants must supply:

1. A completed application form
2. Official transcripts of post-secondary studies
3. Letters of reference
4. Application fee ($80 Canadian – credit card, cheque or money order, payable in Canadian $ to “McGill University”)
5. TOEFL score (where applicable)
6. GRE scores are required for some Ph.D. programs (see below). Please make sure that you take your test early enough for us to receive your scores by the respective deadline.
26.5 Program Requirements

26.5.1 Graduate Degrees in Counselling Psychology – M.A.(Non-Thesis), M.A., Ph.D.

M.A. (NON-THESIS) COUNSELLING PSYCHOLOGY

Aims
The aim of the M.A. Non-Thesis in Counselling Psychology is to produce graduates who (i) are trained in the major applied areas of Counselling Psychology; (ii) will be qualified to work in a variety of settings that require educational, vocational, personal, and developmental counselling; (iii) have had an extensive supervised internship in either a clinical or educational setting. This program qualifies graduates for membership into the Ordre des conseillers et conseillères d’orientation et psychéducateurs et psychoéducatrices du Québec (OCCOPPQ). It also qualifies students to apply for the Ph.D. program but admission is not guaranteed.

Entrance Requirements
To be eligible applicants must hold either:
1) A baccalaureate degree in psychology, including statistics, theories of personality, history and systems of psychology, abnormal psychology, developmental psychology, and social psychology (18 credit core), with a CGPA of 3.0 out of 4.0.
2) A baccalaureate degree in a field other than psychology, with a CGPA of 3.0 or better, and sufficient academic preparation to meet the following requirements:
   • 24 credits in psychology and up to 18 credits in related disciplines in the social sciences, and a GPA of 3.0 on a 4.0, in those courses which comprise the 42-credit requirement.

Note: In order to receive an application package, applicants must provide unofficial academic transcripts before application to the program. Such copies should be sent to:
Diane Bernier, Graduate Program Coordinator
Counselling Psychology Program
McGill University
3700 McTavish Street, Room 614
Montreal, QC. H3A 1Y2

Program Requirements
This degree requires two years (four semesters) and one summer term of full-time study. All students must also attend weekly case conferences.

M.A. (Non-Thesis) Counselling Psychology (60 credits)

Required Courses (30 credits)
EDPC 606 (3) Theories of Counselling 1
EDPC 607 (3) Theories of Counselling 2
EDPC 608 (3) General Counselling: Theory
EDPC 609 (3) Psychological Testing 1
EDPC 615 (3) Assessment and Diagnosis in Counselling
EDPC 618 (3) Professional Ethics and the Law
EDPC 624 (3) Group Counselling: Practice
EDPC 662 (3) Career Psychology
EDPC 665D1 (3) Practicum
EDPC 665D2 (3) Practicum

Internship – Required (24 credits)
Four 6-credit components reflect various dimensions of the profession. Completion of the internship is essential to becoming a member of the (OCCOPPQ).
EDPC 679D1 (3) Internship: General 1
EDPC 679D2 (3) Internship: General 1
EDPC 680D1 (3) Internship Research Seminar
EDPC 680D2 (3) Internship Research Seminar
EDPC 682D1 (3) Practicum: Psychological Testing
EDPC 682D2 (3) Practicum: Psychological Testing
EDPC 685D1 (3) Internship: Vocational and Rehabilitation Counselling
EDPC 685D2 (3) Internship: Vocational and Rehabilitation Counselling

Elective Courses (6 credits)
The following courses may be offered periodically and taken to complete or exceed the academic requirements. Electives may also be chosen from other courses offered by the Department or other departments of the University. Choice of electives requires approval of the student’s faculty advisor.
EDPC 616 (3) Individual Reading Course
EDPC 630 (3) Feminism, Women and Psychology
EDPC 635 (3) Counselling for Sexual Adjustment
EDPC 636 (3) Theories of Sex Therapy
EDPC 660 (3) Selected Topics in Counselling
EDPC 670 (3) Current Trends in Counselling
EDPE 617 (3) Adolescent Development

M.A. (THESIS) COUNSELLING PSYCHOLOGY

The aim of the M.A. is to produce graduates who (a) are trained in the major academic areas of Counselling Psychology, (b) have sufficient research ability to evaluate research in counselling, (c) are able to design, conduct and interpret empirical research, and (d) can apply research methods in counselling to common problems and concerns in educational and clinical settings. This program is designed to prepare graduates for research and teaching in the field of counselling psychology and to give them the foundation for doctoral studies that have an emphasis on research. This degree does not fulfill the requirements for membership in the Ordre des conseillers et conseillères d’orientation et psychéducateurs et psychoéducatrices du Québec (OCCOPPQ). Students can apply to the McGill Counselling Psychology Ph.D. Those who are accepted will need a supplementary internship in the first year of their Ph.D. Students cannot switch between M.A. (Non-Thesis) and M.A. (Thesis) programs.

Admission Requirements
Same as for the M.A.(Non-Thesis) Counselling Psychology. Admission to this program is limited.

Program Requirements
Credit for the thesis will be awarded upon satisfactory completion of the thesis components listed below. This degree requires a minimum of four semesters and one summer session of full-time study.

M.A. Counselling Psychology (48 credits)

Required Courses (21 credits)
EDPC 606 (3) Theories of Counselling 1
EDPC 607 (3) Theories of Counselling 2
EDPC 608 (3) Group Counselling: Theory
EDPC 609 (3) Psychological Testing 1
EDPC 662 (3) Career Psychology
EDPC 665D1 (3) Practicum
EDPC 665D2 (3) Practicum
Thesis Component – Required (24 credits)
EDPC 697 (6) Thesis Preparation 1
EDPC 698 (6) Thesis Preparation 2
EDPC 699D1 (6) Thesis Preparation 3
EDPC 699D2 (6) Thesis Preparation 3

Elective Course (3 credits)

Ph.D. IN COUNSELLING PSYCHOLOGY
This program is built on the scientist-practitioner model and is accredited by the Canadian and American Psychological Associations and the Quebec Order of Psychologists (OPQ). Its aims are:
1. To develop professionals who are able to contribute to the advancement of knowledge in the field of counselling psychology through research that studies social phenomena that may impinge upon the practice of psychology. This research may be a study of the practice of counselling psychology or it may be broader in that it has indirect implications for practice.
2. To develop professionals who are able to evaluate the merits and weaknesses of current research in the field and its implications for the practice of counselling psychology.
3. To develop professionals who are able to integrate a broad theoretical and practical knowledge base into the practice and supervision of counselling psychology, that is, to train professionals capable of addressing complex issues and applying that understanding to practice and supervision.
4. To develop professionals who are able to take a leadership role in the profession at a variety of levels including community, university and professional organizational levels.

Admission Requirements
1. Each applicant, in addition to having a Master’s degree in counselling psychology or its equivalent, must present evidence of research capability such as a Master’s thesis, an Honours thesis or, at the minimum, a well-developed proposal for a doctoral thesis.
2. All applicants who have not completed a Master’s level internship will have their applications evaluated on a case-by-case basis.
3. Each applicant is required to take the Graduate Record Examination (General and Psychology Tests).
4. Three (3) letters of reference.
5. A current CV (format based on template provided).
6. Scores on the TOEFL if international student.
7. Letter of intent.
8. Statement of your research interests in line with research conducted by faculty in the program.
9. A writing sample (e.g., paper for a course, M.A. thesis, publication).
10. Academic checklist.
11. A letter from the applicant’s prospective supervisor agreeing to act as their Ph.D. Supervisor.

Ph.D. in Counselling Psychology
Applicants are advised that in accordance with the Quebec Order of Psychology, Canadian Psychological Association and American Psychological Association criteria for doctoral program accreditation, all doctoral candidates must have a solid grounding in the history of psychology, biological basis of behaviour, developmental psychology, abnormal psychology, the social-cultural aspects and determinants of behaviour, cognitive-affective psychology, psychological measurement and assessment, statistics and personality. If applicants to this program do not have such courses in their undergraduate or Master’s level education, they will be required to take supplemental courses in these domains after entering the doctoral program.

Required Courses, Comprehensive Examination, and Internship (84 credits)

Required Courses (54 credits)
EDEM 692 (3) Qualitative Research Methods
EDPC 709 (3) Advanced Theories and Models
EDPC 714 (3) Theory / Models: Family Therapy
EDPC 719 (3) Advanced Small Group Counselling
EDPC 720D1 (3) Seminar Vocational Psychology and Career Development Theory
EDPC 720D2 (3) Seminar Vocational Psychology and Career Development Theory
EDPC 780 (6) Professional Development
EDPC 782 (6) Doctoral Field Experience
EDPC 786 (6) Seminar: Research Problems in Counselling
EDPE 622 (3) Multiculturalism and Gender
EDPE 627 (3) Professional Practice of Psychology
EDPE 676 (3) Intermediate Statistics 2
EDPE 682 (3) Univariate/Multivariate Analysis
EDPE 684 (3) Applied Multivariate Statistics
EDPE 712 (3) Neurological Bases of Behavior
EDPC 701 (0) Comprehensive Examination

Complementary Courses (6 credits)
EDPE 616 (3) Cognitive Development
EDPE 617 (3) Adolescent Development
EDPE 623 (3) Social-Emotional Development

Internship – Required (24 credits)
EDPC 795 (24) Supervised Fieldwork: Counselling

Other Requirements
Most applicants to the Ph.D. program enter with previous supervised fieldwork and with considerable educational and clinical counselling experience. Candidates must coordinate with their academic supervisors an appropriate setting for their fieldwork (pre-doctoral practicum and internship) before entering the formal studies of the program. All students attend weekly case conferences.

A minimum of three years of full-time study is required following the Master’s degree.

26.5.2 Ph.D. School/Applied Child Psychology
This program is based on the science of psychology, with a primary foundation in the study of human development especially during childhood and adolescence, as well as psychopathology, the study of individual differences, learning, and the theory of assessment of human performance, potential, and other characteristics. The specific choice of domains is informed by concerns of professional practice such as consultation in home and school environments, other institutions, and techniques for assisting educators and families to address difficulties in learning and behaviour, and the full range of professional concerns of psychologists working within educational and related applied environments. This is a minimum 96-credit, five-year fixed major that includes the M.A.

Admission Requirements
All doctoral students must have a research advisor upon entry to the program. Interested candidates should contact the program coordinator for a faculty list or consult the Department Website. An advisor may be selected from among professors in the Department.

There are two entry levels and patterns:
+ starting at Ph.D. 2
+ starting at Ph.D. 1

The specific requirements to be admitted at each level are as follows:
Ph.D. 2 Level
Applicants should hold an M.A. in Educational Psychology from McGill or a recognized equivalent degree, reflecting high overall standing, study within the area of proposed doctoral specialization, and evidence of research competence.

The requirements for the M.A. (Thesis) Educational Psychology specialization in School/Applied Child Psychology are described in section 26.5.4 “Graduate Degrees in Educational Psychology – M.Ed., M.A. (Non-Thesis), M.A., Ph.D.”.

Ph.D. 1 Level
(a) Applicants should hold an M.Ed. in Educational Psychology or a Master’s degree in a related discipline (e.g., sociology, social work) lacking only the content in educational psychology that can be acquired within one year of full-time study. The applicant’s academic record must reflect high overall standing and evidence of research competence.

or

(b) Applicants should hold a Bachelor’s degree in psychology, reflecting high academic standing in an Honours or Major program, and have completed an undergraduate thesis or the equivalent. (This option is rarely exercised.)

All applicants will also be expected to provide:
1. three letters of recommendation,
2. a 3-5-page summary proposal of the intended thesis research, a statement of experience (curriculum vitae), career plans, and program appropriateness,
3. a copy of a Master’s thesis, Honours thesis, or research project (which will be returned after examination), and
4. a letter from the applicant’s prospective supervisor agreeing to act as their Ph.D. supervisor.

Additional Entrance Notes:
School/Applied Child Psychology
Applicants are required to supply results of the Graduate Record Examinations (Verbal, Quantitative, and Psychology) at the time of initial application. An undergraduate Major or Honours degree in Psychology is required including courses in developmental, abnormal and cognitive psychology, history and systems in psychology, and statistics. McGill Psychology graduates completing the 36-credit B.A. Major Concentration must complete at least 18 additional credits of senior undergraduate study in psychology or related subjects.

Students will enrol for two years in the M.A. (Thesis) in Educational Psychology with a specialization in School/Applied Child Psychology and will follow the course sequence noted below. Students will receive the M.A. following the second year having completed all the requirements and proceed directly to Ph.D. 2 in their third year of study unless advised after the third M.A. semester that they are not maintaining a sufficiently high standard to continue to the Ph.D. Such students may elect to complete the M.A. or withdraw.

Program Requirements
A dissertation must be submitted displaying original scholarship expressed in satisfactory literary form and constituting a distinct contribution to knowledge on a problem in school/applied child psychology. Work on the thesis normally begins in the Ph.D. 2 year and becomes the major concern in the Ph.D. 3 year of a student’s program of study. Each student will be supervised by an advisor who will chair the student’s doctoral committee. This committee will have a minimum of three members. It will assist the student and advisor in planning the student’s program. It will also be consulted in the nomination of external examiners for the thesis.

Coursework for the Ph.D. in School/Applied Child Psychology

(54 credits)

Required Courses (18 credits)
EDPC 714 (3) Theory/Models: Family Therapy
EDPE 625 (3) Practicum 1: School Psychology
EDPE 626 (3) Practicum 2: School Psychology
EDPE 708 (0) Comprehensive Examination

EDPE 710 (3) Consultation in School Psychology
EDPE 712 (3) Neurological Bases of Behaviour
EDPH 689 (3) Teaching and Learning in Higher Education

Complementary Courses (12 credits)
Students must select 2 of these 3 practicum settings:
EDPE 721 (6) School Psychology: Elementary
EDPE 722 (6) School Psychology: Secondary
EDPE 723 (6) School Psychology: Community

Internship (24 credits)
EDPE 725 (12) Internship 1 - School Psychology
EDPE 726 (12) Internship 2 - School Psychology

26.5.3 Post-Ph.D. Graduate Diploma in School/Applied Child Psychology
This Post-Ph.D. Graduate Diploma enables holders of a doctorate in Psychology in School/Applied Child Psychology to pursue further studies in the field. The course of study is adapted to the background of each student. The program includes exceptionally one, or typically two, years of courses and practica, plus a year of internship. Students register on a per-credit basis (including Internship).

Admission Requirements
1. An earned doctorate in Educational Psychology, another area of Psychology, or a closely related discipline (to be recognized at the Program Director’s discretion).
2. Graduate Record Examination Verbal, Quantitative, and Psychology results taken within 5 years preceding this application.
3. Full transcripts of the student’s complete university (and, if applicable, college) education showing all courses in psychology, education, and related disciplines.
4. At least two letters of recommendation addressing both academic record and potential for professional practice in psychology.
5. A statement of experience, career plans, and program appropriateness.
6. A curriculum vitae including all theses or dissertations, publications, and conference presentations, with copies of the title pages and abstracts of any theses or dissertations appended.
7. TOEFL minimum score of 577 on the paper-based test (233 on the computer-based test, or 90 on the Internet-based test with each component score not less than 20) for non-Canadian students from countries where English is not the first language and who have not completed a recognized university degree taught in English.

Students may be asked to provide further details in support of any request for a course exemption, e.g., course outlines, examples of work done in the course, or a letter from the instructor or department where the material is claimed to have been covered.

Program Requirements
The program will be individually tailored to each accepted student in respect of previous studies and experience. Students will not be asked to repeat a course on a topic in which they can demonstrate a high level of competence. The following are expected to be most often required of students.

Required Courses and Clinic-based Practica (30 credits)
EDPC 609 (3) Psychological Testing 1
EDPC 610 (3) Psychological Testing 2
EDPC 618 (3) Professional Ethics and the Law
EDPC 682D1 (3) Practicum: Psychological Testing
EDPC 682D2 (3) Practicum: Psychological Testing
EDPE 619 (3) Child and Adolescent Therapy
EDPE 625 (3) Practicum 1: School Psychology
EDPE 626 (3) Practicum 2: School Psychology
EDPE 710 (3) Consultation in School Psychology
EDPE 714 (3) Models of Family Therapy

EDPE 721 (6) School Psychology: Elementary
EDPE 722 (6) School Psychology: Secondary
EDPE 723 (6) School Psychology: Community

Internship (24 credits)
EDPE 725 (12) Internship 1 - School Psychology
EDPE 726 (12) Internship 2 - School Psychology
The program offers four streams of study:

1. Learning Sciences Stream
   - EDPA 610 (3) Foundations of Adult Education
   - EDPA 612 (3) The Adult Learner
   - EDPA 614 (3) Teaching the Adult
   - EDPA 602 (3) Uses of Research Findings in Education
   - EDPA 603 (3) Educational Research and Development for Practitioners
   - EDPA 635 (3) Theories of Learning and Instruction

2. Family Life Stream
   - EDPC 501 (3) Helping Relationships
   - EDPC 502 (3) Group Processes and Individuals
   - EDPC 503 (3) Human Sexuality: Professionals
   - EDPC 504 (3) Practicum: Interviewing Skills
   - EDPC 505 (3) Crisis Intervention Processes
   - EDPC 507 (3) Practicum: Group Leadership Skills
   - EDPC 508 (3) Seminar in Special Topics
   - EDPC 509 (3) Individual Reading Course
   - EDPC 510 (3) Family Life Education and Marriage
   - EDPC 540 (3) Foundation of Family Life Education
   - EDPE 560 (3) Human Development
   - EDPE 564 (3) Family Communication
   - EDPE 595 (3) Seminar in Special Topics
   - EDPE 697 (3) Special Activity 1
   - EDPE 698 (3) Special Activity 2

3. Educational Psychology Stream
   - EDPE 635 (3) Theories of Learning and Instruction
   - EDPE 662 (3) Psycholinguistics and Learning
   - EDPE 663 (3) Learning in Complex Situations
   - EDPE 664 (3) Nature/Development of Expertise
   - EDPE 665 (3) Reasoning and Problem Solving
   - EDPE 666 (3) Cognition and Instruction
   - EDPE 697 (3) Special Activity 1
   - EDPE 698 (3) Special Activity 2

4. Advanced Professional Training Stream
   - EDPE 721 (6) School Psychology: Elementary
   - EDPE 722 (6) School Psychology: Secondary
   - EDPE 723 (6) School Psychology: Community
   - EDPE 724 (6) School Psychology: Elementary, Secondary and Community
   - EDPE 725 (12) Internship 1 - School Psychology
   - EDPE 726 (12) Internship 2 - School Psychology

Complementary Courses – Field Placements (12 credits)
(2 days per week, one semester each; students select 2 of these 3 field experiences; placement in a school covering all grades may be applied to either EDPE 721 or EDPE 722):
EDPE 721 (6) School Psychology: Elementary
EDPE 722 (6) School Psychology: Secondary
EDPE 723 (6) School Psychology: Community

Internship (24 credits)
(1 year full-time or 2 years half-time)
EDPE 725 (12) Internship 1 - School Psychology
EDPE 726 (12) Internship 2 - School Psychology

Please see the description of the Ph.D. Educational Psychology Major in School Applied Child Psychology for the full list of requirements from which each student’s Graduate Diploma program will be constructed.

Language Requirement
Students are not required to demonstrate knowledge of a second language within this program, but any student wishing to be licensed as a professional psychologist in Quebec must at that point have a working knowledge of French. Accreditation status may be confirmed by contacting the accrediting bodies.

Professional Accreditation
All elements of this Post-Ph.D. Graduate Diploma are selected from the professional components of the Ph.D. in School/Applied Child Psychology, which is accredited in the School Psychology category by the American Psychological Association (APA).

Graduates of a respecialization program are normally accorded the same recognition as graduates of the accredited program.

The Ph.D. has also been approved by the Ordre des psychologues du Québec (OPQ) which has recommended the final stage of professional recognition to the Office des professions of the Government of Quebec. Once this accreditation is confirmed, however, graduates of the Post-Ph.D. Graduate Diploma will not be automatically eligible for membership in the OPQ and the right to practice professional psychology in Quebec. If it is their ultimate wish to do so, they will be required to apply to the OPQ for the recognition of equivalent qualifications.

Admission Requirements
1. An undergraduate degree in education, psychology, or another field relevant to the proposed studies in Educational Psychology.
2. Minimum CGPA of 3.0 out of 4.0 or higher in undergraduate studies.
3. A CV that includes your statements of academic and research experience, as well as relevant professional training and experience.
4. Letters of reference from at least two professional colleagues, or from at least two former university instructors, and any others the applicant wishes should be submitted.

Program Requirements (48 credits)
Required Courses (12 credits)
EDPE 575 (3) Educational Measurement
EDPE 602 (3) Uses of Research Findings in Education
EDPE 603 (3) Educational Research and Development for Practitioners
EDPE 635 (3) Theories of Learning and Instruction
Complementary Courses (24 credits)
To be taken from only one of the following four streams
Inclusive Education Stream
EDPE 595 (3) Seminar in Special Topics
EDPE 697 (3) Special Activity 1
EDPE 698 (3) Special Activity 2
EDPI 526 (3) Talented and Gifted Students
EDPI 527 (3) Creativity and its Cultivation
EDPI 536 (3) Practicum Gifted Education 1
EDPI 537 (3) Practicum Gifted Education 2
EDPI 539 (3) Field Work 1; Exceptional Students
EDPI 540 (3) Field Work 2; Exceptional Students
EDPI 628 (3) Gifted Students: Special Needs
EDPI 642 (3) Educational of Learners/Special Needs 1
EDPI 643 (3) Education of Learners/Special Needs 2
EDPI 645 (3) Diagnosis and Assessment in Special Education
EDPI 654 (3) Instruction/Curriculum Adaption
EDPI 665 (3) Research and Theory in Learning Disabilities
EDPI 667 (3) Behavioral and Emotional Problems

General Educational Psychology Stream
Courses to be taken from the list of courses in the other streams or any other 500 level or higher courses offered by the Department or with the approval of the Program Director from other departments.

Elective Courses (12 credits)
500 or higher level courses to be taken from courses offered by the Department or with approval of the Program Director from other departments.

Since 1997 the Quebec Ministry of Education no longer issues specialist certificates except in initial teacher education. Specialized certificates are not required to seek employment, but school boards will still seek suitably qualified applicants for teaching and consulting positions.

PRE-DOCTORAL STUDIES
M.Ed. students and graduates are eligible to apply to the Ph.D. in Educational Psychology if they have completed the following program elements. These may have been included within the M.Ed. program. Upon completion of the M.Ed., if the uncompleted requirements can be accomplished in one year of study or less, they may be taken in the Ph.D. 1 year. Any excess must be completed before Ph.D. studies can begin. The required elements are:
- studies within a Major area to be pursued within the Ph.D. (there is no required number of courses since Major sequences are calculated across Master’s and Ph.D. studies),
- the following general courses: (a) EDPE 602, (b) EDPE 603 (research methods) or EDEM 692, EDSL 630 or the equivalent (qualitative research methods), and (c) EDPE 676 (intermediate statistics).
- a research project in the manner of an M.A. thesis (though less extensive) within at least one of the Special Activities (EDPE 697 or EDPE 698).

In the Ph.D. 1 year for M.Ed. (Educational Psychology) graduates, students will normally complete any remaining Ph.D. required courses listed below, continue study in their Major and Minor sequences, and actively begin their doctoral research. The courses referred to are:
EDPE 600 (3) Current Topics: Educational Psychology
EDPE 676 (3) Intermediate Statistics
EDPE 682 (3) Univariate/Multivariate Analysis
EDPE 684 (3) Applied Multivariate Statistics

All four courses may be taken as options within the M.Ed. M.Ed. students who contemplate continuing to a Ph.D. (Educational Psychology) Major in the Cognition and Instruction Program Grouping should take EDPE 666 and, in addition, take EDPE 555 which may supplement or replace EDPE 600.

M.A. (THESIS) EDUCATIONAL PSYCHOLOGY (48 credits – or 78 credits for School/Applied Child Psychology)
Several streams of study lead to an M.A. with thesis in Educational Psychology. The stream for School/Applied Psychology requires 78 credits; all other streams require 48 credits.

The aim of the M.A. (with thesis) is to produce graduates who (a) are broadly trained in educational psychology, (b) have sufficient research competence to critically evaluate research in educational psychology, and to design, conduct and report empirical research, and (c) have experience in applying research methods and findings to the solution of practical problems in varied educational settings.

Admission Requirements
1. An undergraduate degree in education, psychology, or another field relevant to the proposed studies in Educational Psychology. It is recommended that some prior study of a relevant branch of psychology form part of the undergraduate training.
2. Minimum CGPA of 3.0 out of 4.0 or higher in undergraduate studies.
3. Statements of academic and research experience, relevant professional training and experience.
4. Each applicant in the School/Applied Child Psychology program is required to take the Graduate Record Examination (General and Psychology Tests).

Program Requirements
Candidates are required to follow an approved course of study, to select a topic for research, and to present the results of such research in the form of an acceptable thesis. Required courses ensure that each graduate will emerge with substantive knowledge of the content and methods used in educational psychology. Optional courses provide an opportunity for qualified candidates to study advanced topics related to their research and to diversify their knowledge of the discipline.

Applied Cognitive Science, Instructional Psychology, Special Populations of Learners or Students intending to proceed to a Ph.D. Major follow the stream of study below.

Required Courses (33 credits)
EDPE 605 (3) Research Methods
EDPE 676 (3) Intermediate Statistics 2
EDPE 682 (3) Univariate/Multivariate Analysis
EDPE 694 (3) Thesis 4
EDPE 695 (6) Thesis 5
EDPE 696 (6) Thesis 6

Complementary Courses (15 credits)
one of:
EDPE 600 (3) Current Topics: Educational Psychology
EDPE 555 (3) Applied Cognitive Science

and 12 credits to be chosen by students with the approval of their supervisors and the program director. The courses must come from at least two different Major or Minor Ph.D. sequences or other courses in those areas. Courses may be applied toward Ph.D. (Educational Psychology) Major and Minor requirements.

Health Professions Education Stream
Students complete the required courses outlined above and follow the guidelines below for the complementary and elective courses specific to this stream.

Complementary Courses (6 credits)
6 credits to be chosen from the list below in consultation with the program director and supervisor:
EDPE 535 (3) Instructional Design
EDPE 555 (3) Applied Cognitive Science
EDPE 600 (3) Current Topics: Educational Psychology
EDPE 637 (3) Issues in Health Professions Education
EDPE 639 (3) Practicum in Health Professions Education
EDPH 689 (3) Teaching and Learning in Higher Education

Elective courses (9 credits)
500-, 600- or 700-level courses chosen in consultation with the program director and supervisor.

SCHOOL/APPLIED CHILD PSYCHOLOGY and
APPLIED DEVELOPMENTAL PSYCHOLOGY

The M.A. in Educational Psychology with thesis is available in two specializations, Applied Developmental Psychology (48 credits) and School/Applied Child Psychology (78 credits). In the latter case, students must begin in the M.A. (Thesis).

Admission Requirements
Applicants should hold a Bachelor's degree in psychology, reflecting high academic standing in an Honours or Major program, and have completed an undergraduate thesis.

All applicants will also be expected to provide:
1. three letters of recommendation,
2. a statement of experience, curriculum vitae, career plans, and program appropriateness,
3. copy of a B.A. thesis, Honours thesis, or research project (which will be returned after examination), and
4. Graduate Record Examinations (Verbal, Quantitative, and Psychology) results.

Program Requirements
Candidates are required to follow an approved course of study, to select a topic for research, and to present the results of such research in the form of an acceptable thesis. Required courses ensure that each graduate will emerge with substantive knowledge of the content and methods used in educational psychology. Optional courses provide an opportunity for qualified candidates to study advanced topics related to their research and to diversify their knowledge of the discipline.

School/Applied Child Psychology Specialization

Required Courses (78 credits)
EDPC 609 (3) Psychological Testing 1
EDPC 610 (3) Psychological Testing 2
EDPC 618 (3) Professional Ethics and the Law
EDPC 682D1 (3) Practicum: Psychological Testing
EDPC 682D2 (3) Practicum: Psychological Testing
EDPC 600 (3) Current Topics: Educational Psychology
EDPC 605 (3) Research Methods
EDPC 611 (3) School Psychology Seminar
EDPC 616 (3) Cognitive Development
EDPC 619 (3) Child and Adolescent Therapy
EDPC 620 (3) Developmental Psychopathology
EDPC 622 (3) Multiculturalism and Gender
EDPC 623 (3) Social-Emotional Development
EDPC 627 (3) Professional Practice of Psychology
EDPC 676 (3) Intermediate Statistics 2
EDPC 682 (3) Univariate/Multivariate Analysis
EDPC 684* (3) Applied Multivariate Statistics
EDPI 654 (3) Instruction/Curriculum Adaptation
EDPC 604 (3) Thesis 1
EDPC 607 (3) Thesis 2
EDPC 693 (3) Thesis 3
EDPC 694 (3) Thesis 4
EDPC 695 (6) Thesis 5
EDPC 696 (6) Thesis 6

* Can be replaced with EDEM 631 Qualitative Methods

Note: There are no complementary courses for students in the School/Applied Child Psychology specialization.

Applied Developmental Psychology Specialization (48 credits)

Required Courses (36 credits)
EDPE 600 (3) Current Topics: Educational Psychology
EDPE 605 (3) Research Methods
EDPE 676 (3) Intermediate Statistics 2
EDPE 682 (3) Univariate/Multivariate Analysis
EDPE 604 (3) Thesis 1
EDPE 607 (3) Thesis 2
EDPE 693 (3) Thesis 3
EDPE 694 (3) Thesis 4
EDPE 695 (6) Thesis 5
EDPE 696 (6) Thesis 6

Complementary Courses (12 credits)
Students in Applied Developmental Psychology, choose four additional courses with the approval of their supervisors and the Program Director. Courses may be applied toward Ph.D. (Educational Psychology) Major and Minor requirements.

26.5.5 Other Programs in Educational Psychology

M.A. (NON-THESIS) EDUCATIONAL PSYCHOLOGY

The M.A. (Non-Thesis) in Educational Psychology is available only to M.A. students admitted to the study sequence leading to the Ph.D. School /Applied Child Psychology, and who wish to transfer after the first semester.

Admission Requirements
1. Major or Honours B.A. or B.Sc. in Psychology or a B.Ps. including courses in developmental, abnormal, and cognitive psychology, history and systems of psychology, statistics; and results of the Graduate Record Examination (Verbal, Quantitative, and Psychology).
2. GREs should be taken no later than December.
3. A three-page research proposal is required of students applying for entrance with advanced standing.

Program Requirements
Detailed program requirements for the full five-year program are listed under the Ph.D. in School/Applied Child Psychology.

Ph.D. EDUCATIONAL PSYCHOLOGY

Program currently under revision

Areas including Major sequences:
- Applied Cognitive Science
- Applied Developmental Psychology
- Instructional Psychology
- Special Populations of Learners

The aim of the Ph.D. is to produce graduates who are competent in planning and implementing basic and applied research on problems of cognition; teaching and learning, and development, applying research methods to the solution of educational problems and the improvement of educational practices. It prepares graduates to work as academics, consultants, and program directors in schools or related educational institutions. In the case of the School/Applied Child Psychology program, the student will be qualified as a school psychologist. Opportunities are provided for advanced study, research, clinical practice, practica and internship experiences in the application of research.

Admission Requirements
All doctoral students must have a research supervisor upon entry to the program for current research activities. Interested candidates should contact the program coordinator for a faculty list or consult the Department Website, www.mcgill.ca/edu-ecp. It is essential to clearly state the Major. There are two entry levels and patterns:

+ starting at Ph.D. 2
  - starting at Ph.D. 1
The specific requirements to be admitted at each level are as follows:

**Ph.D. 2 Level**
Applicants should hold an M.A. in Educational Psychology from McGill or a recognized equivalent degree, reflecting high overall standing, study within the area of proposed doctoral specialization, and evidence of research competence.

**Ph.D. 1 Level**
(a) Applicants should hold an M.Ed. in Educational Psychology or a Master's degree in a related discipline (e.g., sociology, social work) lacking only the content in educational psychology that can be acquired within one year of full-time study. The applicant's academic record must reflect high overall standing and evidence of research competence.

(b) Applicants should hold a Bachelor's degree in psychology, reflecting high academic standing in an Honours or Major program, and have completed an undergraduate thesis or the equivalent. (This option is rarely exercised.)

All applicants will also be expected to provide:
1. at least two letters of recommendation,
2. a 3-5-page summary proposal of the intended thesis research,
3. a statement of experience (curriculum vitae), career plans, and program appropriateness, and
4. a copy of a Master's thesis, Honours thesis, or research project (which will be returned after examination).

**Program Requirements**
All students are required to elect and follow a Major sequence. A minor sequence is optional. Courses from Major and Minor sequences taken during M.A. and M.Ed. studies are counted toward the total. Each Major and Minor is specified below. Students who are currently in the program will have the option of completing the old program or the revised program. Students who enter the program in Fall 2007 will follow the revised program.

Candidates admitted into Ph.D. 2 are required to complete a minimum of two full years of residency. Candidates admitted into Ph.D. 1 are required to complete a minimum of three full years of residency.

A dissertation must be submitted displaying original scholarship expressed in satisfactory literary form and constituting a distinct contribution to knowledge on a problem in educational psychology. Work on the thesis normally begins in the Ph.D. 2 year and becomes the major concern in the Ph.D. 3 year of a student's program of study.

Each student will be supervised by an advisor who will chair the student's doctoral committee. This committee will have a minimum of three members. It will assist the student and advisor in planning the student's program. It will also be consulted in the nomination of external examiners for the thesis.

**Ph.D. Educational Psychology Core Courses**
These requirements apply to all Majors and except for EDPE 708 (Comprehensive Examination) they may partly or wholly be completed in the M.A. or M.Ed.

Students may replace any course for which they have equivalent background, subject to approval by the Program Director.

**Required Courses and Comprehensive Examination**
EDPE 605 (3) Research Methods
EDPE 676 (3) Intermediate Statistics 2
EDPE 682 (3) Univariate/Multivariate Analysis
EDPE 708 (3) Comprehensive Examination

**Complementary Courses (6 credits)**
3 credits chosen from:
EDPE 684 (3) Applied Multivariate Statistics
EDEM 692 (3) Qualitative Research Methods
EDSL 630 (3) Qualitative/Ethnographic Methods
or the equivalent

plus 3 credits, as follows:
**Students in the Ph.D. Major in Applied Cognitive Sciences choose one of:**
- EDPE 600 (3) Current Topics: Educational Psychology
- EDPE 555 (3) Applied Cognitive Psychology

**Students in other Ph.D. Majors choose one of:**
- EDPH 689 (3) Teaching and Learning in Higher Education
- EDPC 780 (6) Professional Development

**Major Sequences in the Ph.D. (Educational Psychology)**
The following sequences are in addition to the Ph.D. Educational Psychology Core courses.

(a) **Applied Cognitive Science**
Research on the cognitive processes and knowledge structures that underlie learning, competence and performance in educationally significant domains and populations of learners; applied research employing the theories, methods and findings of the cognitive sciences to the analysis of cognitive processes underlying performance in instructional tasks including: reading comprehension, written composition and other literacy skills; computation, mathematical problem solving and other mathematical skills; learning and the acquisition of knowledge and skill in other content domains of school learning and cognitive processes, including differences between novices and experts, and comparative studies of different populations of learners; applications of cognitive analyses of school learning and performance to the improvement of learning and instruction and the diagnosis and remediation of learning difficulties.

Students in the Applied Cognitive Science Major are required to take a total of 30 credits plus the comprehensive examination (12 credits of core requirements for Educational Psychology, 3 credits for Cognition and Instruction, and 15 credits for the Applied Cognitive Science major).

**Required Courses (6 credits)**
- EDPE 656 (3) Applied Cognitive Theory/Methods
- EDPE 666 (3) Cognition and Instruction (to be taken first)

**Complementary Courses (9 credits)**
9 credits to be chosen from:
- EDPE 685 (3) Cognitive Science and Education
- EDPE 661 (3) Discourse Processes and Education
- EDPE 662 (3) Psycholinguistics and Learning
- EDPE 663 (3) Learning in Complex Situations
- EDPE 664 (3) Nature/Development of Expertise
- EDPE 665 (3) Reasoning and Problem Solving
- EDPE 668 (3) Advanced Seminar Cognitive

(b) **Applied Developmental Psychology**
Child and adolescent development including cognitive, language, social issues, and personality development, and gender issues in relation to processes of learning, problems and practices of education, child rearing and family influences, and social interaction in varied educational settings; developmental theories, developmental psychopathology and social policy issues.

**Required Courses (9 credits)**
- EDPE 615 (3) Theory/Issues: Child Development
- EDPE 616 (3) Cognitive Development
- EDPE 623 (3) Social Emotional Development

**Complementary Courses (6 credits)**
6 credits from the following, which may be offered in rotation:
- EDPE 515 (3) Gender Identity Development
- EDPE 620 (3) Developmental Psychopathology
- EDPE 622 (3) Multiculturalism and Gender
- EDPE 628 (3) Advanced Seminar - Developmental

(c) **Instructional Psychology**
Research on cognitive processes applied to instruction and learning in classrooms and other instructional situations at all levels of education including higher education, adult and professional edu-
cation; applied research on the design of effective instructional environments including educational applications of computers; application of research methods, models and results in evaluating and improving the capacity of classrooms and other instructional environments to support high levels of educational accomplishment in learners with varied backgrounds of knowledge, ability and experience.

Students in the Instructional Psychology Major are required to take a total of 30 credits plus the comprehensive examination (12 credits of core requirements for Educational Psychology, 3 credits for Cognition and Instruction, and 15 credits for the Instructional Psychology major).

Required Courses (9 credits)
EDPE 666 (3) Cognition and Instruction (to be taken first)
EDPE 645 (3) Research on Instructional Processes
EDPE 648 (3) Instructional Psychology Seminar
(to be taken near the end)

Complementary Courses (6 credits)
to be chosen from:
EDPE 535 (3) Instructional Design
EDPE 635 (3) Theories of Learning and Instruction
EDPE 670 (3) Educational Evaluation
EDPE 687 (3) Advanced Qualitative Methods

(d) Special Populations of Learners
Focus is on research in the area of special populations. The special population concentration is an intensive research degree that supports students in developing an outstanding research program preparatory for academic or leadership positions in the field. Students work in close collaboration with internationally known researchers in areas such as Autism, Learning Disabilities, Fragile X Syndrome, Risky behaviours, Reading Processes and Behavioural Interventions.

Students may follow either the M.Ed. or M.A. programs prior to the Ph.D.

M.A. students will require EDPE 635 as an additional course if not taken in the M.A./M.Ed.

Special Populations of Learners/Special Needs Option
EDPI 643 (3) Education of Learners/Special Needs 2
EDPI 743 (3) Seminar on Special Needs
EDPI 756 (3) Internship/Special Needs Education and 6 credits from the courses offered in the M.Ed. Inclusive Education Concentration with the approval of the student's thesis supervisor and the Program Director.

Special Populations of Learners/Gifted Education Option
EDPI 526 (3) Talented and Gifted Students
EDPE 535 (3) Instructional Design
EDPE 636 (3) Curriculum in Gifted Education
EDPE 670 (3) Educational Evaluation or EDPE 671D1 (3) Educational Evaluation: Theory and Practice
EDPE 671D2 (3) Educational Evaluation: Theory and Practice
and one of the following, which may be offered in rotation:
EDPI 527 (3) Creativity and its Cultivation
EDPI 626 (3) Gifted Students: Special Needs
EDPE 636 (3) Classroom Processes - Social

In addition, one of the Special Activities (EDPE 697 or EDPE 698) (6 credits each) must consist of the content of EDPI 536 and EDPI 537, Practicum Gifted Education 1 and 2 (3 credits each). Students may register either for the Practica or Special Activity.

Minor Sequences in the Ph.D. (Educational Psychology)

(a) Applied Cognitive Science
Complementary Courses (9 credits)
6 credits chosen from:
EDPE 555 (3) Applied Cognitive Science
EDPE 655 (3) Cognition Science and Education
EDPE 656 (3) Applied Cognitive Theory/Methods

EDPE 666 (3) Cognition and Instruction
3 credits chosen from:
EDPE 661 (3) Discourse Processes and Education
EDPE 662 (3) Psycholinguistics and Learning
EDPE 663 (3) Learning in Complex Situations
EDPE 664 (3) Nature/Development of Expertise
EDPE 665 (3) Reasoning and Problem Solving
EDPE 668 (3) Advanced Seminar Cognitive

(b) Applied Developmental Psychology
EDPE 615 (3) Theory/Issues: Child Development
EDPE 616 (3) Cognitive Development
EDPE 623 (3) Social-Emotional Development

(c) Higher Education
Required Courses (9 credits)
EDPH 582 (3) Higher Education Theory/Policy
EDPH 588 (3) The Higher Education Environment
EDPH 681 (3) Higher Education Development

(d) Instructional Psychology
Required Courses (6 credits)
EDPE 666 (3) Cognition and Instruction (to be taken first)
EDPE 648 (3) Instructional Psychology Seminar (to be taken near the end)

Complementary Courses (3 credits)
to be chosen from one of the following:
EDPE 535 (3) Instructional Design
EDPE 635 (3) Theories of Learning and Instruction
EDPE 645 (3) Research on Instructional Processes

(e) Psychology of Gender
EDPE 515 (3) Gender Identity Development (must be completed at the Master's or Ph.D. 1 level).
EDPE 624 (3) Educational Psychology and Gender
EDPC 630 (3) Feminism, Women and Psychology

Students selecting the Psychology of Gender Minor are encouraged to take EDEM 692 or EDSL 301 or the equivalent (qualitative research methods).

(f) Special Populations of Learners/Special Needs
EDPI 643 (3) Education of Learners/Special Needs 2
EDPI 743 (3) Seminar on Special Needs
and 3 credits from the courses offered in the M.Ed. Inclusive Education Concentration with the approval of the student's thesis supervisor and the Program Director.

(g) Special Populations of Learners/Gifted Education
EDPI 526 (3) Talented and Gifted Students
EDPI 536 (3) Practicum Gifted Education 1
and one of:
EDPI 527 (3) Creativity and its Cultivation
EDPI 537 (3) Practicum Gifted Education 2
EDPI 628 (3) Gifted Students: Special Needs

(h) Family Life Education
(Admission to this minor sequence has been suspended.)
EDPC 505 (3) Crisis Intervention Processes
EDPC 540 (3) Foundation of Family Life Education
EDPC 564 (3) Family Communication

(i) Adult Education
(Admission to this minor sequence has been suspended.)
The Ph.D. Minor sequence in Adult Education is offered in collaboration with the Department of Integrated Studies in Education. The program especially addresses professional education and its links with studies in higher education, instructional psychology, and applied cognitive science.
Required Courses (9 credits)
EDPA 610 (3) Foundations of Adult Education
EDPA 612 (3) The Adult Learner
EDPA 614 (3) Teaching the Adult

(j) Computer Applications in Education
(Admission to this minor concentration has been suspended.)

Complementary Courses (9 credits)
9 credits chosen from:
EDPE 640 (3) Research in Computer Applications
EDPE 641 (6) Use of the Computer in Educational Instruction
EDPE 550 (3) Consciousness and Virtual Reality
EDPE 561 (3) Artificial Intelligence in Education

26.6 Courses
Students preparing to register should consult the Web at www.mcgill.ca/minerva (click on Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Single term and Multi-term Courses (D1/D2, N1/N2, J1/J2/J3)
The same course may be available as a single term offering and also as a multi-term offering. The course content and credit weight is equivalent in all modes, the only difference being the scheduling.

Courses with numbers ending in D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for the same section of both the D1 and D2 components. When registering for a fall term D1 course the student will automatically be registered for the winter term D2 portion. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms, e.g., Fall 2007 and Winter 2008.

Note: Some courses are open only to students in specific programs or concentrations. For specific program applicability consult the program profiles above. Some courses, particularly in psychological assessment, have supplementary lab fees. Details are available from the Program Coordinator (Secretary).

Some courses are offered in alternate years and others only when numbers warrant. Annual lists are available. Please consult the Department before attempting to register.

For more information on Multi-term Courses, Course Terminology, Class Schedule and Course Catalog, see the General Information, Regulations and Research Guidelines, Graduate and Postdoctoral Studies Calendar for 2007-08.

Descriptions of courses not scheduled in 2007-08 can usually be found in the preceding Calendar.

The course credit weight is given in parentheses after the title.

26.6.1 EDPA – Ed Psych & Couns (Adult Education)

COURSES:
EDPA 610 FOUNDATIONS OF ADULT EDUCATION. (3) Adult education in the North American context, with emphasis on Canada; historical development; conceptual bases; contemporary trends; major literature in the field.
EDPA 612 THE ADULT LEARNER. (3) Patterns of adult development; application of theories of learning to the adult learner; influence of such factors as work history, family role, learner needs and motivation on the role of the adult as learner.
EDPA 614 TEACHING THE ADULT. (3) Teacher roles in adult education; instructional strategies and systems such as self-directed learning and learning contracts; comparisons and contrasts with the teaching of the young.

26.6.2 EDPC – Ed Psych & Couns (Counselling)

COURSES CURRENTLY SCHEDULED FOR 2007-08:
EDPC 501 HELPING RELATIONSHIPS. (3) (Offered through Continuing Education.) A course in the basic principles of human relationships and communication skills, approached from a theoretical and experimental viewpoint. An emphasis will be given to training in basic listening skills, interviewing techniques, and the interpretation of non-verbal behaviour and communication.
EDPC 502 GROUP PROCESSES AND INDIVIDUALS. (3) (Offered through Continuing Education.) A laboratory course in which participants observe individual dynamics within a group setting as well as understand the developmental phases of the group. Participants will be encouraged to experiment with their own behaviour, in order to increase their own awareness of functioning.
EDPC 503 HUMAN SEXUALITY: PROFESSIONALS. (3) (Offered through Summer Studies) Historical, biological, anthropological, psychological and sociological perspectives of human sexual development. Sexual dysfunctions and approaches to sex therapy. Attitudes toward sexuality held by professional helpers relative to their implications for the learning and teaching of human sexuality and sex therapy.
EDPC 504 PRACTICUM: INTERVIEWING SKILLS. (3) (Offered through Continuing Education.) (Prerequisite: EDPC 501) This course will enable students to become practitioners in the field of Applied Social Sciences. Theoretical principles of the helping relationship will be applied in particular situations. Demonstration, lecture, role-playing and psychodrama techniques will be used.
EDPC 505 CRISIS INTERVENTION PROCESSES. (3) (Offered through Continuing Education.) Instruction in the skills of working with crisis situations involving persons emotionally disturbed, suicidal, or alcoholic, and those who are on drugs or experiencing emotional trauma, as well as other problems. Attention will be given to identification of referral sources and the writing of reports.
EDPC 507 PRACTICUM: GROUP LEADERSHIP SKILLS. (3) (Offered through Continuing Education.) (Prerequisite: EDPC 502) The practical aspects of group leadership, group design and planning. Candidates will set up groups, conduct such groups over a number of sessions, and assess these groups according to the theoretical models covered in the prerequisite course.
EDPC 508 SEMINAR IN SPECIAL TOPICS. (3) (Offered through Summer Studies.) Content will vary from year to year and will be announced prior to registration. The seminar may be given by a single instructor or by a group, as the occasion warrants.
EDPC 509 INDIVIDUAL READING COURSE. (3) (Restriction: Permission of Program Director required) (By arrangement with individual instructor.)
EDPC 510 FAMILY LIFE EDUCATION AND MARRIAGE. (3) (Offered through Continuing Education.) The contribution of central concepts of psychological theories and therapeutic systems to the understanding of marriage and relationships. Special attention will be given to gender and ethnicity issues in order to increase the sensitivity of students to the issues typically confronted in the modern marriage and family.
EDPC 540 FOUNDATION OF FAMILY LIFE EDUCATION. (3) (Restriction: Not open to students who have taken EDPC 640) (Offered through Continuing Education.) An examination of the psychological and sociological foundations of family life education tracing the evolution of theory, research and practice within this domain.
EDPC 542 COUNSELLING ROLE OF THE TEACHER. (3) (Offered through Continuing Education or Summer Studies.) Theory and practice in interpersonal communication, interviewing, group dynamics, group leadership management, and referral criteria and procedures for students with developmental problems who experience trauma or crisis. Addressed primarily to elementary and secondary teachers who combine instructional responsibilities with a supportive role in school guidance and counselling activities.
EDPC 562 CAREER EDUCATION AND GUIDANCE. (3) (Offered through Continuing Education or Summer Studies.) A review of
career education and guidance programs that refer to the subject matter and related methods and techniques designed to foster the intellectual development of career awareness, career planning, career decision-making, and the necessary career-resilient employability skills for the school-to-work transition.

EDPC 606 THEORIES OF COUNSELLING 1. (3) An introduction to counselling theories especially as they are related to theories of personality, human development and learning.

EDPC 607 THEORIES OF COUNSELLING 2. (3) (Prerequisite: EDPC 606) A detailed study of phenomenological, developmental and behavioural theories of counselling among others.

EDPC 608 GROUP COUNSELLING: THEORY. (3) Examines the theory and process of group counselling with an emphasis on skills and techniques. Particular attention will be given to the procedural aspects of organizing a group, the theory underlying certain approaches, the process, and evaluation of outcomes.

EDPC 609 PSYCHOLOGICAL TESTING 1. (3) (Prerequisite: a basic statistics course.) For Counselling Psychology and School/Applied Child Psychology students. History of psychological testing, theoretical aspects of individual and group testing, basic theories of intelligence, and ethical and legal issues in testing. An introduction to tests of intelligence (particularly the WISC-R), aptitude, personality, and interests, including issues of validity, reliability, and construction.

EDPC 610 PSYCHOLOGICAL TESTING 2. (3) (Prerequisite: EDPC 609) (Required in School/Applied Psychology. Optional in Counselling Psychology, but recommended for students specializing in school or child counselling.) Theory and interpretation of intelligence tests, particularly the Wechsler and Binet scales. Practice in writing test reports, particularly as a part of a case study. The use of intelligence test results in conjunction with other types of tests.

EDPC 615 ASSESSMENT AND DIAGNOSIS IN COUNSELLING. (3) An introduction to differential assessment and diagnosis for counselors in educational and mental health settings. The clinical interview, the assessment process, the DSM-IV. relevant test instruments, diagnostic procedures, and development of treatment plans will be subjects of study. Models of record keeping and referral procedures will be reviewed.

EDPC 616 INDIVIDUAL READING COURSE. (3) Candidates may, with the consent of the Department, elect this individual reading and conference course in lieu of one of the above courses.

EDPC 618 PROFESSIONAL ETHICS AND THE LAW. (3) (Restriction: For Counselling Psychology and School/Applied Child Psychology students.) Ethics in the helping professions and some of the philosophical bases for making ethics decisions. Quebec and Canadian law relative to human rights of clients; responsibilities of counselors and school psychologists toward clients and society in general.

EDPC 624 GROUP COUNSELLING: PRACTICE. (3) (Prerequisite: EDPC 608) The practical dimension of planning and designing a group. Setting up and conducting a group in a professional setting over a period of sessions and evaluating a group in terms of models studied in EDPC 608.

EDPC 630 FEMINISM, WOMEN AND PSYCHOLOGY. (3) Examination of the complexity of women's lives, through the interaction of feminist and psychological literature about women. Women's diversity and similarities in terms of race, class, sexual orientation and life experiences will be explored.

EDPC 660 SELECTED TOPICS IN COUNSELLING. (3) Advanced studies in selected topics in the field of counselling. Areas such as pre-retirement counselling, mid-life transitions, crisis intervention, drug abuse counselling, and the training of paraprofessionals will be explored in depth.

EDPC 662 CAREER PSYCHOLOGY. (3) Contemporary perspectives on career development, career planning and work values are reviewed. Current issues related to career development through the life stages such as personal values and aptitudes, the family and the societal content will be explored within the existing and emerging theories of vocational, developmental, and transitional psychology.

EDPC 665D1 (3), EDPC 665D2 (3) PRACTICUM. (Students must register for both EDPC 665D1 and EDPC 665D2) (No credit will be given for this course unless both EDPC 665D1 and EDPC 665D2 are successfully completed in consecutive terms) Practice in counselling interactions in preparation for internship. Developing expertise and confidence in a full range of skills to help clients make and implement self-directed choices. Emphasis on the counselor as an educational and therapeutic agent dealing with vocational, educational, and personal counselling using various intervention modes.

EDPC 670 CURRENT TRENDS IN COUNSELLING. (3) Advanced studies in current trends in the counselling profession. Recent developments in areas such as behavioural counselling, interpersonal process recall, and consultation models will be treated. The content of the course will change periodically to reflect developing trends.

EDPC 679 INTERNSHIP: GENERAL 1. (6) EDPC 679D1 (3), EDPC 679D2 (3) INTERNSHIP: GENERAL 1. (Students must register for both EDPC 679D1 and EDPC 679D2) (No credit will be given for this course unless both EDPC 679D1 and EDPC 679D2 are successfully completed in consecutive terms) Practice in counselling interactions in preparation for internship. Developing expertise and confidence in a full range of skills to help clients make and implement self-directed choices. Emphasis on the counselor as an educational and therapeutic agent dealing with vocational, educational, and personal counselling using various intervention modes.

EDPC 685D1 (3), EDPC 685D2 (3) PRACTICUM: PSYCHOLOGICAL TESTING. (Prerequisite: EDPC 609.) (Restriction: Open only to students in Counselling Psychology or School/Applied Child Psychology) (Students must register for both EDPC 685D1 and EDPC 685D2) (No credit will be given for this course unless both EDPC 685D1 and EDPC 685D2 are successfully completed in consecutive terms) Practice in counselling interactions in preparation for internship. Developing expertise and confidence in a full range of skills to help clients make and implement self-directed choices. Emphasis on the counselor as an educational and therapeutic agent dealing with vocational, educational, and personal counselling using various intervention modes.

EDPC 688 INTERNSHIP: VOCATIONAL AND REHABILITATION COUNSELLING. (6) Study, observation, and practice of specialized aspects of counselling through Faculty supervision and direction by personnel in the internship setting.

EDPC 689D1 (3), EDPC 689D2 (3) INTERNSHIP: VOCATIONAL AND REHABILITATION COUNSELLING. (Students must register for both EDPC 689D1 and EDPC 689D2) (No credit will be given for this course unless both EDPC 689D1 and EDPC 689D2 are successfully completed in consecutive terms) Practice in counselling interactions in preparation for internship. Developing expertise and confidence in a full range of skills to help clients make and implement self-directed choices. Emphasis on the counselor as an educational and therapeutic agent dealing with vocational, educational, and personal counselling using various intervention modes.

EDPC 697 THESIS PREPARATION 1. (6) EDPC 698 THESIS PREPARATION 2. (6) EDPC 699D1 (6), EDPC 699D2 (6) THESIS PREPARATION 3. (Students must register for both EDPC 699D1 and EDPC 699D2)
(No credit will be given for this course unless both EDPC 699D1 and EDPC 699D2 are successfully completed in consecutive terms)

EDPC 701 Comprehensive Examination. (0)

EDPC 709 Advanced Theories and Models. (3) (Prerequisite: EDPC 624) Further study of theories and models in counselling, their history, development, and applications.

EDPC 714 Theory / Models: Family Therapy. (3) For doctoral students in Counselling and School Psychology. Theoretical and therapeutic models in family therapy, core concepts and their relevance for application, intervention strategies, the child in family context, impact on school performance.

EDPC 719 Advanced Small Group Counselling. (3) (Prerequisite: EDPC 709) Further study of theories and models in counselling, their history, development and applications.

EDPC 720D1 (3), EDPC 720D2 (3) Seminar Vocational Psychology and Career Development Theory. (Students must register for both EDPC 720D1 and EDPC 720D2) (No credit will be given for this course unless both EDPC 720D1 and EDPC 720D2 are successfully completed in consecutive terms) Review and critique of vocational psychology theories and contributions of contemporary career development theories to the understanding of the processes and the determinants of career choice, life stages, adjustment, and career patterns in personal and vocational development. Study of selected problems, designs and outcomes of research in vocational psychology and career development.

EDPC 770 Individual Reading Course. (6) Candidates may, with the consent of the Program Director, elect this individual reading and conference course.

EDPC 780 Professional Development. (6) (Restriction: For Ph.D. students in Counselling Psychology and, with permission, in School/Applied Child Psychology.) Individually planned and developed (1) supervision of Master’s practicum or internship students, (2) co-teaching with a McGill staff member, and (3) diversified research experiences utilizing different techniques and instrumentation.

EDPC 780D1 (3), EDPC 780D2 (3) Professional Development. (Students must register for both EDPC 780D1 and EDPC 780D2) (No credit will be given for this course unless both EDPC 780D1 and EDPC 780D2 are successfully completed in consecutive terms) (EDPC 780D1 and EDPC 780D2 together are equivalent to EDPC 780) Individually planned and developed (1) supervision of Master’s practicum or internship students, (2) co-teaching with a McGill staff member, and (3) diversified research experiences utilizing different techniques and instrumentation.

EDPC 782D1 (3), EDPC 782D2 (3) Doctoral Field Experience. (Corequisite: EDPC 780D1) (Students must register for both EDPC 782D1 and EDPC 782D2) (No credit will be given for this course unless both EDPC 782D1 and EDPC 782D2 are successfully completed in consecutive terms) (EDPC 782D1 and EDPC 782D2 together are equivalent to EDPC 782) A 2-day/week, 2-term (minimum 500 hours) doctoral practicum integrating research, theory, and supervised practica to provide a perspective for clinical work within the field of counselling psychology. Skill development in counselling intervention, assessment, treatment plans, etc. Clientele will be individuals, families, and groups with a variety of concerns.

EDPC 786 Seminar: Research Problems in Counselling. (6) Supervised study of selected topics for the particular option selected. These will be reported in the seminar and research and professional problems in counselling common to all levels will be covered with emphasis on recent literature.

EDPC 786D1 (3), EDPC 786D2 (3) Seminar: Research Problems in Counselling. (Students must register for both EDPC 786D1 and EDPC 786D2) (No credit will be given for this course unless both EDPC 786D1 and EDPC 786D2 are successfully completed in consecutive terms) (EDPC 786D1 and EDPC 786D2 together are equivalent to EDPC 786) Supervised study of selected topics for the particular option selected. These will be reported in the seminar and research and professional problems in counselling common to all levels will be covered with emphasis on recent literature.

EDPC 795 Supervised Fieldwork: Counselling. (24) (Prerequisites: EDPC 679, EDPC 680, EDPC 682, EDPC 685) A 5-day, 10 to 11-month supervised internship (minimum 1200 hours). Study, observation, assessment and diagnosis, and practice in Counselling Psychology settings. Group seminar and individual conferences. May be accumulated over two years.

EDPC 795D1 (12), EDPC 795D2 (12) Supervised Fieldwork: Counselling. (Students must register for both EDPC 795D1 and EDPC 795D2) (No credit will be given for this course unless both EDPC 795D1 and EDPC 795D2 are successfully completed in consecutive terms) (EDPC 795D1 and EDPC 795D2 together are equivalent to EDPC 795) A 5-day, 10 to 11-month supervised internship (minimum 1200 hours). Study, observation, assessment and diagnosis, and practice in Counselling Psychology settings. Group seminar and individual conferences. May be accumulated over two years.

EDPC 799 Thesis. (0)

26.6.3 EDPE – Ed Psych & Couns (Psychology)

COURSES CURRENTLY SCHEDULED FOR 2007-08:

EDPE 510 Learning and Technology. (3) (Offered through Continuing Education or Summer Studies) Impact of virtual learning communities on learners/teachers in formal schooling and beyond. Information technologies as a resource to enhance learning experiences, creative/critical thinking. Principles of Internet design, authoring, management. Evaluation of computer-based information quality and strategies for efficient and effective use of the technology in education and society.

EDPE 515 Gender Identity Development. (3) (Prerequisites: EDPE 208, EDPE 300 or a course in developmental psychology) (Offered through Continuing Education.) Theoretical models and empirical findings relevant to the development of gender identity. Special attention is given to the influence of peers in school settings. Psychological, physiological, parental, peer and cultural influences on gender identity.

† EDPE 535 Instructional Design. (3) This course draws on the fields of learning theory, developmental psychology, and measurement to focus on the tasks of constructing instructional materials. Areas to be considered include behaviour analysis, concept formation, and test construction.

EDPE 550 Consciousness and Virtual Reality. (3) (Restriction: Not open to students who have taken EDPE 650.) An exploration of the nature and role of consciousness from the virtual reality research perspective, and the implications of virtual reality and cyberspace in education.

EDPE 555 Applied Cognitive Science. (3) Examination of foundations of cognitive science including contributions by psychology, linguistics, and computer science. Consideration of theory and methodology or cognitive science in educational and instructional contexts.

EDPE 560 Human Development. (3) (Offered through Continuing Education.) A review of current theory and knowledge of human development through the life cycle. Particular attention is given to emotional and social development. All major age-stages are considered. Emphasis is placed on the effects of interaction between individuals of these different age groupings.

EDPE 561 Artificial Intelligence in Education. (3) (Restriction: Not open to students who have taken EDPE 660.) An
exploration of the principles of artificial intelligence as a metaphor for understanding conventional instructional and learning-processes. Topics include expert systems, intelligent computer-assisted instruction, tutoring systems, fifth-generation languages, and logic programming (e.g. Prolog). Lectures, discussion, demonstrations, and where possible site visits and hands-on experience will be provided.

EDPE 564 FAMILY COMMUNICATION. (3) (May be offered through Summer Studies.) Family communication processes and interpersonal reactions in the context of marriage and the contemporary family will be considered. Attention will be given to role changes and the effect of crises on marital and family relationships.

EDPE 575 EDUCATIONAL MEASUREMENT. (3) Offered through Continuing Education and Summer Studies.) Statistical measurements in education, graphs, charts, frequency distributions, central tendencies, dispersion, correlation, and sampling errors.

EDPE 595 SEMINAR IN SPECIAL TOPICS. (3) (Restriction: Permission must be obtained from the Department before registration.) The content of the seminar will vary from year to year and will be announced prior to registration. The seminar may be given by a single instructor or by a group, as the occasion warrants.

EDPE 596 SEMINAR IN SPECIAL TOPICS. (3) Seminar in selected topics in Educational and Counselling Psychology. The topic will vary from year and will be announced prior to registration.

EDPE 600 CURRENT TOPICS: EDUCATIONAL PSYCHOLOGY. (3) Current issues and developments and reviews of major areas in educational psychology in the context of research in the Department and the evolution of the discipline at large.

EDPE 600D1 (1.5), EDPE 600D2 (1.5) CURRENT TOPICS: EDUCATIONAL PSYCHOLOGY. (Restriction: Open to School/Applied Psychology students only.) (Students must register for both EDPE 600D1 and EDPE 600D2) No credit will be given for this course unless both EDPE 600D1 and EDPE 600D2 are successfully completed in consecutive terms (EDPE 600D1 and EDPE 600D2 together are equivalent to EDPE 600) Current issues and developments and reviews of major areas in educational psychology in the context of research in the Department and the evolution of the discipline at large.

EDPE 602 USES OF RESEARCH FINDINGS IN EDUCATION. (3) (Pre-/Co-requisite: EDPE 575 or equivalent.) Basic concepts of educational research for the student who is likely to be a regular consumer of research but only an occasional generator of research. Mechanics of research: e.g., funding sources, proposal and report preparation, information bases (e.g., the ERIC system), and ethics in research.

EDPE 603 EDUCATIONAL RESEARCH AND DEVELOPMENT FOR PRACTITIONERS. (3) (Prerequisite: EDPE 602) Development of research projects and proposals, design and methodology. Emphasis on applied research in school settings. Evaluation of research.

EDPE 604 TESI 1. (3) (Corequisite: EDPE 600) Literature survey and thesis planning.

EDPE 605 RESEARCH METHODS. (3) (Corequisite: EDPE 676) Research methods and designs, planning and evaluating research, relations between research and statistical designs, interdisciplinary and nonquantitative approaches, meta-analysis, and the use of computers beyond computation. Ethics, scholarly writing.

EDPE 607 TESI 2. (3) (Corequisite: EDPE 604) Preparation of a thesis proposal.

EDPE 609 SELECTED TOPICS IN EDUCATIONAL PSYCHOLOGY. (3) A detailed examination of recent developments in specific topics of educational psychology. The content of the seminar will vary from year to year and will be announced prior to registration.

EDPE 611 SCHOOL PSYCHOLOGY SEMINAR. (3) (Restriction: Open to School/Applied Psychology students only.) Focus on the profession and practice of school psychology. Four major areas of information within the discipline of school psychology will be addressed: history and organizational systems, psychological service delivery in educational settings, ethical and legal issues, and new trends and future developments in school psychology and training.

EDPE 616 COGNITIVE DEVELOPMENT. (3) Assessment of theories of cognitive development including Piagetian, neo-Piagetian, and information-processing approaches. Tutorials, written work, and empirical findings, and their application to educational and other settings.

EDPE 619 CHILD AND ADOLESCENT THERAPY. (3) (Restriction: For School/Applied Child Psychology students only.) Therapeutic models for individual and group interventions for children and adolescents; case histories; gender and cultural minority issues; emphasis on classical and innovative strategies and methods for school and counselling psychologists.

EDPE 620 DEVELOPMENTAL PSYCHOPATHOLOGY. (3) (Prerequisite: EDPE 615) Theory, research, and practice in developmental processes in the study of psychopathology, including aberrant behavior in childhood, at-risk and resilient children, and mental illness.

EDPE 622 MULTICULTURALISM AND GENDER. (3) (Restriction: Open to School/Applied Child and Counselling Psychology students only.) Multicultural, multilingual and gender issues as they relate to the practising school and counselling psychologist. Implications and their impact in assessment, research, training, and intervention.

EDPE 623 SOCIAL-EMOTIONAL DEVELOPMENT. (3) (Prerequisites: EDPE 615, EDPE 616 or EDPE 620) Social-emotional development including temperament, attachment, gender identity, and peer relations. Biological and environmental influences, continuity and change, and qualitative versus quantitative variables.

EDPE 625 PRACTICUM 1: SCHOOL PSYCHOLOGY. (3) (Prerequisites: EDPC 609, EDPE 610, EDPE 618, EDPI 654, EDPE 611, EDPE 616.) Clinic experiences (normally 8-10 hours/week) (a) conducting assessment batteries, (b) interpreting assessment findings and developing intervention plans, (c) providing remedial services for specific learning domains and practical recommendations, (d) acquiring skills in group intervention techniques. Weekly case review and student progress meetings.

EDPE 626 PRACTICUM 2: SCHOOL PSYCHOLOGY. (3) (Prerequisites: EDPE 620, EDPE 625.) Clinic experiences (normally 8-10 hours/week) building upon EDPE 625: (a) conducting assessment batteries, (b) interpreting assessment findings and developing intervention plans, (c) providing remedial services for specific learning domains and practical recommendations, (d) acquiring skills in group intervention techniques. Weekly case review and student progress meetings. May continue to the end of the public school year.

EDPE 627 PROFESSIONAL PRACTICE OF PSYCHOLOGY. (3) (Restriction: Open only to students in Counselling Psychology or School/Applied Child Psychology.) Professional and governmental structures regulating the practice of psychology in Quebec, Canada, and North America and their relation to the work of psychologists. Required for licensing in Quebec.

EDPE 629 SCHOOL PSYCHOLOGY RESEARCH PROJECT. (6) (Pre-requisites: EDPC 618, EDPE 605.) (Corequisite: EDPE 682) Open to School/Applied Child Psychology students. An individually supervised research project in school/applied child psychology.

EDPE 629D1 (3), EDPE 629D2 (3) SCHOOL PSYCHOLOGY RESEARCH PROJECT. (Students must register for both EDPE 629D1 and EDPE 629D2) (Prerequisites: EDPC 618, EDPE 605.) (Corequisite: EDPE 682) (No credit will be given for this course unless both EDPE 629D1 and EDPE 629D2 are successfully completed in consecutive terms.) (EDPE 629D1 and EDPE 629D2 together are equivalent to EDPE 629) Open to School/Applied Child Psychology students. An individually supervised research project in school/applied child psychology.

EDPE 635 THEORIES OF LEARNING AND INSTRUCTION. (3) An analysis of the relationship between theory and research about learning and teaching from a historical perspective.
EDPE 636 Classroom Processes - Social. (3) Instructional or environmental effects on learning and their implications for educational practice, with particular emphasis on such topics as the social psychology of learning, family background and effects, classroom interaction, teacher impact, and ethnographic and survey approaches to their study.

EDPE 637 Issues in Health Professions Education. (3) An overview of health professions education issues, including: learning and assessment in the clinical setting, medical core competencies, design, delivery and evaluation of health professions education programs, organization & management of health professions education programs and systems, organizational change and leadership, clinical reasoning and decision making, interdisciplinary education.

EDPE 639 Practicum in Health Professions Education. (3) (Restriction: Approval by instructor required for registration.) Practical exposure to teaching, learning, and evaluation in health professions education, including participant/observer experience in ambulatory clinics, inpatient settings, operating rooms, small group sessions, lectures, laboratories, and seminars. Seminars for discussion and reflection on experiences.

EDPE 640 Research in Computer Applications. (3) Recent research findings on applications of the computer to educational and psychological issues. Research paradigms. The use of the computer as an object of research as well as a research tool in education. Future directions in research.

EDPE 641 Use of Computer in Educational Instruction. (6) Computer-assisted, -aided, and -managed instruction. Direct experience with remote-access terminals and micro-computers, and the writing, preparation and developmental testing of instructional sequences, in computerized form. Parts of this course are presented in computerized mode.

EDPE 643 Evaluation - Computer Software and Hardware. (3) The importance of evaluation in the selection of software and hardware for education. Establishment of criteria for evaluation. In-depth evaluations and comparisons of a variety of computer software, including word-processing and data-base packages, as well as various types of computer hardware for use within educational settings.

EDPE 645 Research on Instructional Processes. (3) (Corequisite: EDPE 635) This course builds critical skills in the analysis of categories of research and methodologies specific to instructional processes.

EDPE 648 Instructional Psychology Seminar. (3) (Prerequisite: EDPE 635) An advanced course intended to provide a framework for the review of theoretical and methodological issues in the field.

EDPE 655 Cognitive Science and Education. (3) (Prerequisite: EDPE 555 or permission of instructor.) Seminar treating issues in theory and research on knowledge acquisition and representation, discourse and language processes, problem solving and reasoning, as applied to educational contexts.

EDPE 656 Applied Cognitive Theory/Methods. (3) (Prerequisite: EDPE 555 or permission of instructor.) Models of knowledge representation, cognitive architectures, and cognitive processes for complex domains of performance and instruction. Methods of data collection that allow testing of models of performance and learning in such domains.

EDPE 661 Discourse Processes and Education. (3) (Prerequisites: EDPE 655, EDPE 656 or permission of the instructor.) Models of discourse representation and processing in realistic settings. Implications of such models for knowledge elaboration, transfer, and acquisition.

EDPE 662 Psycholinguistics and Learning. (3) (Prerequisites: EDPE 655, EDPE 656 or permission of the instructor.) Theory and research on syntactic and semantic processing, and acquisition of language, including second languages. Implications for learning and instruction.

EDPE 664 Nature/Development of Expertise. (3) (Prerequisites: EDPE 655, EDPE 656 or permission of the instructor.) Theories of expert performance in complex and realistic situations, including the development of such expertise.

EDPE 665 Reasoning and Problem Solving. (3) (Prerequisites: EDPE 655, EDPE 656 or permission of the instructor.) Seminar on theories and methods for research on human problem solving in educational and other complex situations. Includes the development of problem-solving skills.

EDPE 666 Cognition and Instruction. (3) (Corequisite: a graduate course in cognitive or instructional psychology.) Relationships between instructional design and cognitive models. Analysis of instruction and instructional environments from a cognitive perspective.

EDPE 668 Advanced Seminar Cognitive. (3) (Prerequisite: EDPE 655 or permission of the instructor) Examination of research, professional and theoretical topics extending beyond the prerequisite course, as applied to education.

EDPE 670 Educational Evaluation. (3) (Prerequisite: EDPE 635) Theories and models of evaluation as applied to educational programs and instructional systems.

EDPE 676 Intermediate Statistics 2. (3) (Prerequisite: EDPE 675 or equivalent.) Analysis of variance and covariance, fixed, random and mixed effects, crossed and nested designs; regression models. Computer data processing using existing packages.

EDPE 682 Univariate/Multivariate Analysis. (3) (Prerequisite: EDPE 676) General linear model as a unified data analytic system for estimation and hypothesis testing that subsumes regression, analysis of variance, and analysis of covariance for single dependent variables. Introduction to generalizations involving multiple dependent (criterion) variables. Applications oriented toward education, educational psychology and counselling psychology. Experience with data-analysis tools.

EDPE 684 Applied Multivariate Statistics. (3) (Prerequisite: EDPE 682 or equivalent.) Principal methods, models, and hypothesis-testing procedures for the prediction and analysis of patterns, structure, and relationships in multivariate data, e.g., discriminant, principal components, canonical correlation, profile analyses, measurement models, factor and path analysis, repeated measures. Applications oriented toward education and educational and counselling psychology. Experience with data-analysis tools.

EDPE 687 Advanced Qualitative Methods. (3) (Prerequisite: EDPE 682 or the equivalent.) Origins of qualitative methodologies in sociology, psychology, and education in relation to ideology, epistemology, and methodology. Focus on data reduction and field methods.

EDPE 691 Reading Course. (3)

EDPE 692 Reading Course. (6)

EDPE 692D1 (3), EDPE 692D2 (3) Reading Course. (Students must register for both EDPE 692D1 and EDPE 692D2) (No credit will be given for this course unless both EDPE 692D1 and EDPE 692D2 are successfully completed in consecutive terms) (EDPE 692D1 and EDPE 692D2 together are equivalent to EDPE 692)

EDPE 693 Thesis 3. (3) Thesis research under supervision of a research director.

EDPE 694 Thesis 4. (3) Thesis research under supervision of a research director.

EDPE 695 Thesis 5. (6) Thesis research under supervision of a research director.

EDPE 695D1 (3), EDPE 695D2 (3) Thesis 5. (Students must register for both EDPE 695D1 and EDPE 695D2) (No credit will be given for this course unless both EDPE 695D1 and EDPE 695D2 are successfully completed in consecutive terms) (EDPE 695D1 and EDPE 695D2 together are equivalent to EDPE 695) Thesis research under supervision of a research director.

EDPE 696 Thesis 6. (6) Thesis research under supervision of a research director.
EDPE 696D1 (3), EDPE 696D2 (3) THESIS 6. (Students must register for both EDPE 696D1 and EDPE 696D2) (No credit will be given for this course unless both EDPE 696D1 and EDPE 696D2 are successfully completed in consecutive terms) (EDPE 696D1 and EDPE 696D2 together are equivalent to EDPE 696) Thesis research under supervision of a research director.

EDPE 697 SPECIAL ACTIVITY 1. (6) EDPE 697D1 (3), EDPE 697D2 (3) SPECIAL ACTIVITY 1. (Students must register for both EDPE 697D1 and EDPE 697D2) (No credit will be given for this course unless both EDPE 697D1 and EDPE 697D2 are successfully completed in consecutive terms) (EDPE 697D1 and EDPE 697D2 together are equivalent to EDPE 697)

EDPE 698 SPECIAL ACTIVITY 2. (6) A project relevant to improving educational practice. It may be an internship, a research project, or an innovation in teaching, supervised by the student’s advisor and with the approval of the department. It is completed by the submission of a project report, monograph, or production. For M.Ed. students only.

EDPE 698D1 (3), EDPE 698D2 (3) SPECIAL ACTIVITY 2. (Students must register for both EDPE 698D1 and EDPE 698D2) (No credit will be given for this course unless both EDPE 698D1 and EDPE 698D2 are successfully completed in consecutive terms) (EDPE 698D1 and EDPE 698D2 together are equivalent to EDPE 698) A project relevant to improving educational practice. It may be an internship, a research project, or an innovation in teaching supervised by the student’s advisor and with the approval of the department. It is completed by the submission of a project report, monograph, or production. For M.Ed. students only.

EDPE 704 ADVANCED SEMINAR: COGNITIVE/INSTRUCTION ISSUES 1. (3) Research and theory in the study of human learning and teaching and related psychological considerations. An exploration of present frontiers of knowledge in these areas and of research, analytical methods, and the ethical conduct of research in educational and professional settings.

EDPE 705 ADVANCED SEMINAR: COGNITIVE/INSTRUCTION ISSUES 2. (3) Research and theory in the study of human learning and teaching and related psychological considerations. An exploration of present frontiers of knowledge in these areas and of research, analytical methods, and the ethical conduct of research in educational and professional settings.

EDPE 706 ADVANCED SEMINAR: COGNITIVE/INSTRUCTION RESEARCH 1. (3) (Prerequisite: EDPE 705.) Seminar in cognitive and instructional research.

EDPE 707 ADVANCED SEMINAR: COGNITION/INSTRUCTION RESEARCH 2. (3) (Prerequisite: EDPE 706.) Seminar in cognitive and instructional research.

EDPE 708 COMPREHENSIVE EXAMINATION. (6) A four-part examination which is normally taken at the end of the Ph.D. 2 year. A detailed description of the examination is provided to all students.

EDPE 708D1 (3), EDPE 708D2 (3) COMPREHENSIVE EXAMINATION. (Students must register for both EDPE 708D1 and EDPE 708D2) (No credit will be given for this course unless both EDPE 708D1 and EDPE 708D2 are successfully completed in consecutive terms) (EDPE 708D1 and EDPE 708D2 together are equivalent to EDPE 708) A four-part examination which is normally taken at the end of the Ph.D. 2 year. A detailed description of the examination is provided to all students.

EDPE 710 CONSULTATION IN SCHOOL PSYCHOLOGY. (3) (Corequisites: EDPE 625, EDPE 626 or equivalent.) Open only to students in School/Applied Child Psychology and with permission, Counseling Psychology and Special Populations Major. A clinical course on the use of consultation in educational and school-related settings. Topics include: consultation theory, the process of evaluation of the consultation process and outcomes, critical study of relevant research and practice. Includes problem identification, problem analysis, treatment implementation, and treatment evaluation of one case.

EDPE 712 NEUROLOGICAL BASES OF BEHAVIOR. (3) Development of human brain structure and function related to sensory, motor, emotional, perceptual, cognitive, and linguistics skills. Neuroanatomy and neurophysiology relevant to neuropsychological function, dysfunction, rehabilitation. Psychopharmacological influences.

EDPE 721 SCHOOL PSYCHOLOGY: ELEMENTARY. (6) (Prerequisite: EDPE 626) Open only to Ph.D. students in School/Applied Child Psychology. Field experience. Two days or 16 hours per week supervised by faculty members and a field supervisor in a school providing elementary education. Weekly class meetings. Students must also register for either EDPE 722 or EDPE 723 in the same academic year.

EDPE 721D1 (3), EDPE 721D2 (3) SCHOOL PSYCHOLOGY: ELEMENTARY. (Prerequisite: EDPE 626) (Students must register for both EDPE 721D1 and EDPE 721D2) (No credit will be given for this course unless both EDPE 721D1 and EDPE 721D2 are successfully completed in consecutive terms) (EDPE 721D1 and EDPE 721D2 together are equivalent to EDPE 721) Open only to Ph.D. students in School/Applied Child Psychology. Field experience. Two days or 16 hours per week supervised by faculty members and a field supervisor in a school providing elementary education. Weekly class meetings. Students must also register for either EDPE 722 or EDPE 723 in the same academic year.

EDPE 722 SCHOOL PSYCHOLOGY: SECONDARY. (6) (Prerequisite: EDPE 626) Open only to Ph.D. students in School/Applied Child Psychology. Field experience. Two days or 16 hours per week supervised by faculty members and a field supervisor in a school providing secondary education. Weekly class meetings. Students must also register for either EDPE 721 or EDPE 723 in the same academic year.

EDPE 722D1 (3), EDPE 722D2 (3) SCHOOL PSYCHOLOGY: SECONDARY. (Prerequisite: EDPE 626) (Students must register for both EDPE 722D1 and EDPE 722D2) (No credit will be given for this course unless both EDPE 722D1 and EDPE 722D2 are successfully completed in consecutive terms) (EDPE 722D1 and EDPE 722D2 together are equivalent to EDPE 722) Open only to Ph.D. students in School/Applied Child Psychology. Field experience. Two days or 16 hours per week supervised by faculty members and a field supervisor in a school providing secondary education. Weekly class meetings. Students must also register for either EDPE 721 or EDPE 723 in the same academic year.

EDPE 723 SCHOOL PSYCHOLOGY: COMMUNITY. (6) (Prerequisite: EDPE 626) Open only to Ph.D. students in School/Applied Child Psychology. Field experience. Two days or 16 hours per week supervised by faculty members and a field supervisor in an educationally relevant community or institutional setting. Weekly class meetings. Students must also register for either EDPE 721 or EDPE 722 in the same academic year.

EDPE 723D1 (3), EDPE 723D2 (3) SCHOOL PSYCHOLOGY: COMMUNITY. (Prerequisite: EDPE 626) (Students must register for both EDPE 723D1 and EDPE 723D2) (No credit will be given for this course unless both EDPE 723D1 and EDPE 723D2 are successfully completed in consecutive terms) (EDPE 723D1 and EDPE 723D2 together are equivalent to EDPE 723) Open only to Ph.D. students in School/Applied Child Psychology. Field experience. Two days or 16 hours per week supervised by faculty members and a field supervisor in a school providing secondary education. Weekly class meetings. Students must also register for either EDPE 721 or EDPE 723 in the same academic year.

EDPE 725 INTERNSHIP 1 - SCHOOL PSYCHOLOGY. (12) (Prerequisites: EDPE 708 and two of EDPE 721, EDPE 722 or EDPE 723) Open only to Ph.D. students in School/Applied Child Psychology. A 2 1/2 day, 10 to 12-month supervised internship (minimum 600 hours) including assessment and diagnosis normally in a school setting. This also includes group supervision to discuss cases that arise in internship settings. May be combined with EDPE 726 in a single full-time year long internship; this full-time pattern is typical in accredited sites.
EDPE 726D1 (6), EDPE 726D2 (6) INTERNSHIP 1 - SCHOOL PSYCHOLOGY. (Prerequisites: EDPE 708 and two of EDPE 721, EDPE 722 or EDPE 723) (Students must register for both EDPE 725D1 and EDPE 725D2) (No credit will be given for this course unless both EDPE 725D1 and EDPE 725D2 are successfully completed in consecutive terms) (EDPE 725D1 and EDPE 725D2 together are equivalent to EDPE 725) Open only to Ph.D. students in School/Applied Child Psychology. A 2 1/2 day, 10 to 12-month supervised internship (minimum 600 hours) including assessment and diagnosis normally in a school-based setting. This also includes group supervision to discuss cases that arise in internship settings. May be combined with EDPE 726 in a single full-time year long internship; this full-time pattern is typical in accredited sites.

EDPE 726 INTERNSHIP 2 - SCHOOL PSYCHOLOGY. (12) (Prerequisites: EDPE 708 and two of EDPE 721, EDPE 722 or EDPE 723) Open only to Ph.D. students in School/Applied Child Psychology. A 2 1/2 day, 10 to 12-month supervised internship (minimum 600 hours) including assessment and diagnosis normally in an educationally relevant community-based center (e.g., hospital, clinic), group supervision, case discussions. May be combined with EDPE 725 in a single full-time year long internship; this full-time pattern is typical in accredited sites.

EDPE 726D1 (6), EDPE 726D2 (6) INTERNSHIP 2 - SCHOOL PSYCHOLOGY. (Prerequisites: EDPE 708 and two of EDPE 721, EDPE 722 or EDPE 723) (Students must register for both EDPE 726D1 and EDPE 726D2) (No credit will be given for this course unless both EDPE 726D1 and EDPE 726D2 are successfully completed in consecutive terms) (EDPE 726D1 and EDPE 726D2 together are equivalent to EDPE 726) Open only to Ph.D. students in School/Applied Child Psychology. A 2 1/2 day, 10 to 12-month supervised internship (minimum 600 hours) including assessment and diagnosis normally in an educationally relevant community-based center (e.g., hospital, clinic), group supervision, case discussions. May be combined with EDPE 725 in a single full-time year long internship; this full-time pattern is typical in accredited sites.

26.6.4 EDPH – ED PSYCH & COUNS (COLLEGIAL)

COURSES CURRENTLY SCHEDULED FOR 2007-08:

EDPH 689 TEACHING AND LEARNING IN HIGHER EDUCATION. (3) Students will develop an understanding of teaching and learning as a process in which instruction is based on the learning to be accomplished. Students will design, develop, and evaluate a university course of their choice, and will develop facility and confidence in using teaching methods appropriate to their domains.

26.6.5 EDPI – Ed Psych & Couns (Inclusive)

Courses currently scheduled for 2007-08:

EDPI 526 TALENTED AND GIFTED STUDENTS. (3) (Offered through Continuing Education.) The psychology and education of exceptionally able children. Definitions, assessment, classroom adaptations, technology, educational programs and educational issues. The course combines theoretical background and practical concerns. Application component: application of teaching methods with exceptionally able students.

EDPI 527 CREATIVITY AND ITS CULTIVATION. (3) (Offered through Continuing Education.) Recent research, theory, and educational practice concerning creativity, with special attention to creativity in students and educational settings.

EDPI 536 PRACTICUM GIFTED EDUCATION 1. (3) (Prerequisite: EDPI 526) (Normally available in July only during the Explorations Gifted Summer School) (Restriction: Permission to register is required from Explorations) Supervised practice in demonstration classrooms for gifted and talented children, with supporting seminars.

EDPI 537 PRACTICUM GIFTED EDUCATION 2. (3) (Prerequisite: EDPI 526) (Restriction: Normally taken with EDPI 536) (Normally available in July only during the Explorations Gifted Summer School) (Restriction: Permission to register is required from Explorations.) Supervised practice in demonstration classrooms for gifted and talented children, with supporting seminars.

EDPI 539 FIELD WORK 1: EXCEPTIONAL STUDENTS. (3) (Restriction: Permission of Program Director required.) Supervised experience with exceptional students in an approved educational setting.

EDPI 540 FIELD WORK 2: EXCEPTIONAL STUDENTS. (3) (Prerequisite: EDPI 539) (Restriction: Permission of Program Director required.) Supervised experience with exceptional students in an approved educational setting.

EDPI 543 FAMILY, SCHOOL AND COMMUNITY. (3) (Formerly 414-443) (Offered through Summer Studies.) Examination of family, school, community and societal influences on student growth, development and adjustment. Emphasis on family perspectives, school orientation, community services, and community collaboration. Application component: using knowledge and skills in the field.

EDPI 603 READING COURSE. (6)

EDPI 616 INDIVIDUAL READING COURSE. (3) Reading Course.

EDPI 637 ADOLESCENT DEPRESSION. (3) Preparation of teachers and counsellors to deal with depressed adolescents. Theories and models of treatment.

EDPI 642 EDUCATIONAL OF LEARNERS/SPECIAL NEEDS 1. (3) Introduction to learners with different types of special needs. Emphasis on current research and practice of educating students with special needs.

EDPI 643 EDUCATION OF LEARNERS/SPECIAL NEEDS 2. (3) Contemporary issues in the education of students with special needs: assessment and identification; service delivery models; instructional methods; parent/professional relationships; research priorities; legislative policies; adult education; employment training.

EDPI 645 DIAGNOSIS AND ASSESSMENT IN SPECIAL EDUCATION. (3) Purposes of diagnosis and assessment; formal and informal assessment procedures; issues in traditional testing procedures; emerging trends in assessment.

EDPI 654 INSTRUCTION/CURRICULUM ADAPTATION. (3) Adapting instruction and curriculum for students with special needs; developing individualized programs and methods; building curriculum that addresses both academic and social needs of students.

EDPI 656 CLINIC PRACTICUM IN SPECIAL EDUCATION. (6) Participation as a special education professional in a field setting. Opportunity to plan, implement and evaluate curriculum for students with special needs, and participate as a team member.

EDPI 656D1 (3), EDPI 656D2 (3) CLINIC PRACTICUM IN SPECIAL EDUCATION. (Students must register for both EDPI 656D1 and EDPI 656D2) (No credit will be given for this course unless both EDPI 656D1 and EDPI 656D2 are successfully completed in consecutive terms) (EDPI 656D1 and EDPI 656D2 together are equivalent to EDPI 656) Participation as a special education professional in a field setting. Opportunity to plan, implement and evaluate curriculum for students with special needs, and participate as a team member.

EDPI 657 PRACTICUM: LEARNING DISABILITIES. (3) (Prerequisite: a course in learning difficulties or permission of the instructor.) Two-week intensive practicum in learning disabilities in children and adolescents. Theoretical background will be followed by an assessment practicum with students referred from local schools. Offered jointly with the University of New England.

EDPI 658 INTERNSHIP: LEARNING DISABILITIES. (3) (Prerequisite: EDPE 657) Supervised internship in evaluation and remedial planning. Under the instructors’ supervision, participants will evaluate a student with learning difficulties, and plan and implement a remedial program.

EDPI 665 RESEARCH AND THEORY IN LEARNING DISABILITIES. (3) Review of recent research and literature in the field of learning disabilities; examination of research and theory as it relates to current practices.
EDPE 692 Reading Course. (6)
EDPE 692D1 (3), EDPE 692D2 (3) Reading Course. (Students must register for both EDPE 692D1 and EDPE 692D2) (No credit will be given for this course unless both EDPE 692D1 and EDPE 692D2 are successfully completed in consecutive terms) (EDPE 692D1 and EDPE 692D2 together are equivalent to EDPE 692) Supervised internship in special needs education in a field setting tailored to the needs and interests of individual students.

COURSES IN OTHER DEPARTMENTS
Students are encouraged to broaden their perspectives with elective courses from elsewhere in the Faculty of Education and the University as a whole. Eligibility to enrol in a specific course should always be ascertained in advance. Students interested in statistical models and techniques in test theory are welcome to enrol in PSYC 510 offered by the Department of Psychology.

PSYC 510 Statistical Analysis of Tests. (3) (Fall) (3 lectures) (Prerequisite (Undergraduate): PSYC 305 or PSYC 536, PSYC 406 or permission of instructor.) This course aims to introduce students interested in developing or appraising tests to the important statistical problems and modern techniques associated with testing data. Testing situations discussed will range from one-shot classroom tests through special purpose scales to the highly refined large scale tests such as the SAT.

EDPE 692 Reading Course. (6)
EDPE 692D1 (3), EDPE 692D2 (3) Reading Course. (Students must register for both EDPE 692D1 and EDPE 692D2) (No credit will be given for this course unless both EDPE 692D1 and EDPE 692D2 are successfully completed in consecutive terms) (EDPE 692D1 and EDPE 692D2 together are equivalent to EDPE 692) Supervised internship in special needs education in a field setting tailored to the needs and interests of individual students.

EDSL 630 Qualitative/Ethnographic Methods. (3) An examination of theoretical and applied issues in qualitative and ethnographic studies in second language education.

EDEC 635 Advanced Written Communication. (3) Rhetorical practices and principles that remain constant across disciplines: generating and organizing ideas; setting goals; planning; considering readers; editing and revising. Students will analyze and produce texts that use the formats, rhetorical strategies, styles, genres, and other conventions of their disciplines.

Chair — David V. Plant
Graduate Program Director — Benoit Champagne

27.1 Staff
Emeritus Professors
Eric L. Adler; B.Sc. (Lond.), M.A.Sc. (Tor.), Ph.D. (McG.), F.I.E.E.E., Eng.

Post-Retirement
Clifford H. Champness; M.Sc. (Lond.), Ph.D. (McG.)

Professors
James Clark; B.Sc., Ph.D. (Br. Col.), Associate Dean, Academic Frank Ferrie; B.Eng., Ph.D. (McG.)
Vincent Hayward; Dip. d'Ing. (ENSM, Nantes), Doc. Ing. (Orsay), Eng.
Geza Joos; B.Sc. (C'dia), M.Eng. Ph.D. (McG.) (CRC Chair)
Peter Kabai; B.A.Sc., M.A.Sc., Ph.D. (Tor.)
Tho Le-Ngoc; M.Eng. (McG.), Ph.D. (Ott.), F.I.E.E.E.
Harry Leib; B.Sc. (Technion), Ph.D. (Tor.)
David A. Lowther; B.Sc. (Lond.), Ph.D. (C.N.A.A.), F.C.A.E., Eng.

James McGill Professor
Lorne Mason; B.Eng., Ph.D. (Sask.)
Boon-Teck Ooi; B.E. (Adel.), S.M. (MIT), Ph.D. (McG.), Eng.
David V. Plant; M.S., Ph.D. (Brown), F.I.E.E.E., F.O.S.A (James McGill Professor)

Gordon Roberts; B.A.Sc. (Wat.), M.A.Sc., Ph.D. (Tor.), Eng. (James McGill Professor) F.I.E.E.E.
Jonathan P. Webb; B.A., Ph.D. (Cant.)

Associate Professors
Jan Baijcsy; B.Sc. (Harv.), M.Eng., Ph.D. (Princ.)
Benoit Boulet; B.Sc. (Laval), M.Eng. (McG.) Ph.D. (Tor.) (William Dawson Scholar)
Benoit Champagne; B.Eng., M.Eng. (Montr.), Ph.D. (Tor.)
Lawrence Chen; B.Eng., M.A.Sc., Ph.D. (Tor.)
Jeremy R. Cooperstock; A.Sc. (Br. Col.), M.Sc., Ph.D. (Tor.)
Mourad El-Gamal; B.Sc. (Cairo), M.Sc. (Nashville), Ph.D. (McG.) (William Dawson Scholar)
Dennis Giannacopoulos; M.Eng., Ph.D. (McG.)

Steve McFee; B.Eng., Ph.D. (McG.)
Hannah Michaliska; B.Sc., M.Sc. (Warsaw), Ph.D. (Lond.)
of two (2) calendar years of full time study besides the require-
required to obtain a Master's in Engineering.

Computer Vision and Robotics, Computational Analysis for

extensive, involving more than 51 faculty members and 308 post-

graduate students. The major activities are divided into the follow-

ing groups: Biomedical Engineering, Communications Systems,

Research Facilities

The Department has extensive laboratory facilities for all its main research areas. In addition, McGill University often collaborates with other institutions for teaching and research.

• The laboratories for research in Robotics, Control and Vision are in the Centre for Intelligent Machines (CIM).

• Telecommunications laboratories focus their work on signal processing, broadband communications and networking; these laboratories form part of the Centre for Advanced Systems and Communications (SYTACom), a McGill University Research Centre devoted to foster innovation in the area of communications systems and technologies via advanced research and training of highly qualified personnel.

• The Microelectronics and Computer System (MACS) Labora-
tory supports research in VLSI, mixed signal circuits, design for testability, formal methods telecommunications, computing and optical systems.

• Antenna and microwave research, and optical fiber and inte-
grated optics research are carried out in a fully equipped facility.

• The Photonics Systems laboratory includes continuous wave and femtosecond Ti:Sapphire lasers, diode lasers, extensive optics and optomechanics, and sophisticated electronic and imaging equipment.

• Solid state facilities include measurement equipment for mag-
netic and electric properties of materials, vacuum deposition and RF sputtering systems.

• The Computational Analysis and Design Laboratory provides tools for numerical analysis, visualization, interface design and knowledge-based system development.

• There is also a well-equipped laboratory for power electronics and power systems research.

The Department has extensive computer facilities. Most research machines are networked providing access to a vast array of hard-

ware. In addition, McGill University is linked to the Centre de Recherche Informatique de Montréal (CRIM) and the University Computing Centre.

There are three other universities in Montreal: Concordia University is the other English-language university; l'Université de Montréal, and its affiliated school of engineering, l'École Polytech-

ique, is the largest Francophone university; l’Université du Québec has a campus in Montreal and in major towns throughout the province.

The proximity of these schools to McGill University ensures a rich array of courses is available to suit individual needs. McGill also collaborates on research projects with many organizations such as l’Institut Nationale de la Recherche de l’Hydro-Québec (IREQ) and l’Institut Nationale de la Recherche Scientifique (INRS).

Financial Support

Graduate Assistantships: The Department awards several graduate assistantships to qualified full-time graduate students. These are normally funded from research grants or contracts awarded to individual faculty members. In return, the graduate assistant is expected to perform research-related tasks assigned by the professor from whose grant the assistantship is paid. A good part, but not necessarily all, of this work can be used for pre-
paring a thesis. There is no special application form for graduate assistantships; all applicants who indicate a need for support on their application forms will be considered. A large fraction of research funding comes from Canadian Government agencies, with the stipulation that only graduate students who are either Canadian citizens or Permanent Residents may be supported. Consequently, graduate assistantships can be offered to a very small number of international students. They should also note that Canadian authorities will not grant an Immigrant Visa to a foreign national who wishes to enter Canada to study.

Teaching Assistantships: Graduate students, with the approval of their supervisors, may also undertake teaching assistantships for an additional remuneration. These are awarded at the begin-
ning of the term. The Department can make no prior commit-
ments.

Differential Fee Waivers: All eligible visa students accepted or registered in a full-time term of residency will be considered for a limited number of waivers that reduce international tuition fees to the equivalent of Canadian tuition fees. McGill bases awards entirely on academic merit.

Graduate students can also receive financial aid through fellow-
ships, loans or bursaries. For more information, please refer to the Fellowships and Awards Website at www.mcgill.ca/gps, or contact the Graduate and Postdoctoral Studies Office, McGill University, James Administration Building, Room 400, 845 Sherbrooke Street West, Montreal, QC H3A 2T5.

27.3 Admission Requirements

TOEFL Requirement: Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign insti-
tution where English is the language of instruction or from a
recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in English by a Test of English as a Foreign Language (TOEFL) with a score not below 600 on the paper-based test (250 on the computer-based test, or 100 on the Internet-based test, with each component score not less than 20 or IELTS with a minimum overall band of 7.0. Permanent Residents may also be required to submit TOEFL results. Official results must be received before February 1st.

GRE Requirement: A GRE score on the General Aptitude Test is required by all students who have completed their undergraduate degrees outside Canada. A minimum total score of 1100 for the verbal and quantitative sections is required. There is no minimum for the analytical writing section. Official results must be received before February 1st.

M.Eng. Degree (Admission Requirements)
The applicant must be the graduate of a recognized university and hold a Bachelor's degree equivalent to a McGill degree in Electrical or Computer Engineering or a closely allied field. An applicant holding a degree in another field of engineering or science will be considered but a qualifying year may be given to make up any deficiencies. The applicant must have a high academic achievement: a standing equivalent to a Cumulative Grade Point Average (CGPA) of 3.0 out of 4 (75%) or a GPA of 3.2 out of 4.0 for the last two full-time academic years. Satisfaction of these general requirements does not guarantee admission. Admission to graduate studies is limited and acceptance is on a very competitive basis.

Ph.D. Degree (Admission Requirements)
Candidates who fulfill the general requirements of the Graduate and Postdoctoral Studies Office and who possess a Master's degree may be accepted for a course of study leading to the Ph.D. degree in Electrical Engineering.

27.4 Application Procedures
Applications will be considered upon receipt of:
1. completed application form;
2. application fee (Can$80);
3. two official copies of all previous transcripts;
4. two reference letters (sent directly by the referees);
5. TOEFL and GRE scores (if applicable).

The Department accepts most of its graduate students for September; the chance of acceptance for January is significantly lower.

Application deadlines:
September admission: February 1 - all applicants.
January admission:
July 15 - International applicants
October 15 - Canadian citizens and Permanent Residents.

All documents must be received by the Department's Admissions Committee by the above deadlines.
McGill's online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

27.5 Program Requirements
A student may satisfy the M.Eng. degree requirements by completing one of the following options: the M.Eng. Thesis (46 credits, 47 if the multidisciplinary Computational Science and Engineering option is selected), or the 47 credit M.Eng Project (Non-Thesis).

Students in the thesis option must carry a full load (minimum of 12 credits) during the three terms of the residency requirement. Courses must be completed with a grade of B or better.

M.Eng. in Electrical Engineering (Thesis) (46 credits)
Complementary Courses (18 credits minimum)
At least six graduate-level courses (minimum of 18 credits), normally with a minimum of four ECSE 500- or 600-level courses.*

Thesis Component – Required (28 credits)
ECSE 691 (4) Thesis Research 1
ECSE 692 (4) Thesis Research 2
ECSE 693 (4) Thesis Research 3
ECSE 694 (4) Thesis Research 4
ECSE 695 (4) Thesis Research 5
ECSE 696 (4) Thesis Research 6
ECSE 697 (4) Thesis Research 7

*Students who are required to take more than two non-departmental courses must bring a letter of recommendation from their supervisors outlining the reason for such an action. Under no circumstance will more than three non-departmental courses be permitted.

Note: In some cases, if approval is given by the Graduate Chairman, COMP (Computer Science) courses can be counted as ECSE.

Students who choose the thesis option must register for all 28 credits during the course of study. Students in the thesis option must carry a full load (minimum of 12 credits) during the three terms of the residency requirement.

M.Eng. Thesis - Computational Science and Engineering (CSE) Option/Concentration (47 credits)
Required Course (1 credit)
ECSE 670D1/D2 (1) CSE Seminar

Complementary Courses (minimum 18 credits)
Six courses at the graduate level (500 or above) are required (minimum 18 credits), with a grade of B or better. Two courses (minimum 6 credits) from List A, and two courses (minimum 6 credits) from List B. At least two of the courses taken from Lists A and B must be from outside the Department of Electrical and Computer Engineering.

List A - Scientific Computing Courses:
CIVE 512 (4) Atmospheric and Oceanic Dynamics
ATOC 513 (3) Waves and Stability
ATOC 515 (3) Turbulence in Atmosphere and Oceans
CIVE 514 (3) Structural Mechanics
CIVE 572 (3) Computational Hydraulics
CIVE 603 (4) Structural Dynamics
CIVE 613 (4) Numerical Methods: Structural Engineering
COMP 505 (3) Advanced Computer Architecture
COMP 557 (3) Fundamentals of Computer Graphics
COMP 558 (3) Fundamentals of Computer Vision
COMP 567 (3) Discrete Optimization 2
COMP 621 (4) Optimizing Compilers
COMP 642 (4) Numerical Estimation
COMP 767 (4) Advanced Topics: Applications 2
ECSE 507 (3) Optimization and Optimal Control
ECSE 532 (3) Computer Graphics
ECSE 547 (3) Finite Elements in Electrical Engineering
ECSE 549 (3) Expert Systems in Electrical Design
MATH 555 (4) Fluid Dynamics
MATH 650 (4) Optimization
MATH 651 (4) Asymptotic Expansion and Perturbation Methods
MATH 761 (4) Topics in Applied Mathematics 1
MECH 533  (3) Subsonic Aerodynamics
MECH 537  (3) High-Speed Aerodynamics
MECH 538  (3) Unsteady Aerodynamics
MECH 539  (3) Computational Aerodynamics
MECH 541  (3) Kinematic Synthesis
MECH 545  (3) Advanced Stress Analysis
MECH 572  (3) Introduction to Robotics
MECH 573  (3) Mechanics of Robotic Systems
MECH 576  (3) Computer Graphics and Geometrical Modelling
MECH 577  (3) Optimum Design
MECH 610  (4) Fundamentals of Fluid Dynamics
MECH 620  (4) Advanced Computational Aerodynamics
MECH 632  (4) Theory of Elasticity
MECH 642  (4) Advanced Dynamics
MECH 650  (4) Heat Transfer
MECH 654  (4) Compt. Fluid Flow and Heat Transfer

**Thesis Component – Required (28 credits)**

ECSE 691  (4) Thesis Research 1
ECSE 692  (4) Thesis Research 2
ECSE 693  (4) Thesis Research 3
ECSE 694  (4) Thesis Research 4
ECSE 695  (4) Thesis Research 5
ECSE 696  (4) Thesis Research 6
ECSE 697  (4) Thesis Research 7

Students who choose the thesis option must register for all 29 credits during the course of study. Students in the thesis option must carry a full load (minimum of 12 credits) during the three terms of the residency requirement.

**M.Eng. in Electrical Engineering Project (Non-Thesis) (47 credits)**

Non-thesis option students have an oral presentation and two examiners grade their project. Courses must be completed with a grade of B or better.

A part-time program is possible.

**Complementary Courses (27 - 36 credits)**

At least nine graduate-level courses (minimum of 27 credits), normally with a minimum of six ECSE 500- or 600-level courses.*

**Project Component (11 - 20 credits)**

The credits assigned to the project can vary between 11 and 20 depending on the number of course credits taken.

ECSE 651  (1) M. Eng. Project 1
ECSE 652  (2) M. Eng. Project 2
ECSE 653  (3) M. Eng. Project 3
ECSE 654  (4) M. Eng. Project 4
ECSE 655  (5) M. Eng. Project 5
ECSE 656  (5) M. Eng. Project 6

*Students who are required to take more than three non-departmental courses must bring a letter of recommendation from their supervisors outlining the reason for such an action. Under no circumstance will more than four non-departmental courses be permitted.

**Ph.D. Program Requirements**

To complete the doctoral program, the following requirements must be met:

a) Successful completion of the courses prescribed by the student's Supervisory Committee.

b) Completion of a minimum of two units (100 hours) of teaching work (tutoring or lab demonstration). A written confirmation of the type of teaching work done either inside or outside the Department must be submitted to the Department.

c) Passing the Qualifying Examination (course ECSE 701). Students must register for this course upon admission to the doctoral program. The exam must take place within one year of admission to the doctoral program; non-compliance with this rule will result in a first failure. The contents of the Qualifying Examination are set at the Preliminary Meeting. The examiners at the Qualifying Examination include the student's Supervisory Committee together with any other examiners chosen by the committee. Successful completion of this course will award the student a PASS grade in the course ECSE 701.

d) Approval of the thesis proposal submitted by the student (course ECSE 702). Students must register for this course upon successful completion of the course ECSE 701. It must be completed within two years of admission to the doctoral program. Non-compliance with this rule will result in a first failure. The student must present a brief written thesis proposal to the Supervisory Committee. The proposal should contain a statement of the proposed research, results already obtained, if any, and expected results. The proposal is to be received by members of the Committee in advance of its presentation. The format of the thesis proposal submission is an oral presentation of the written statement by the student and then a period in which he/she will be questioned on the proposal by the Supervisory Committee. When the proposal is accepted by the Supervisory committee, the student receives a PASS grade in the course ECSE 702.

e) Passing the final thesis defense as per the regulations of the Graduate and Postdoctoral Studies Office.

**27.6 Courses**

Students preparing to register should consult the Web at [www.mcgill.ca/minerva](http://www.mcgill.ca/minerva) (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title, along with the number of weekly contact hours (lectures, lab/tutorials) and expected hours of study, e.g., (3) (3-0-6) indicates 3 credits (3 lecture hours - no other contact hours - 6 hours of personal study).

**ECSE 500 Mathematical Foundations of Systems.** (3) (3-0-6) (Restriction: Open only to graduate students within the Faculty of Engineering.) Basic set theories and algebraic structures, linear spaces, linear mappings, topological and metric spaces, separable spaces, continuity, compactness, Lebesgue measure on Euclidean spaces, measurability, Banach spaces, Hilbert spaces, linear bounded operators in Banach spaces, dual spaces, adjoint operators, the Orthogonal Projection Theorem, properties of the Fourier series, convergence in probability.

**ECSE 501 Linear Systems.** (3) (3-0-6) (Corequisite: ECSE 500 or permission of instructor.) Mathematical models of linear systems, fundamental solution and transition matrices, non-homogeneous linear equations, controllability and observability of linear systems, reachable subspaces, Cayley-Hamilton’s Theorem, Kalman’s controllability and observability rank conditions, minimal realizations, frequency response, invariant subspaces, finite and infinite horizon linear regulator problems, uniform, exponential, and input-output stability, the Lyapunov equation.

**ECSE 504 Sampled Data Control.** (3) (3-0-6) (Prerequisite: ECSE 304 or ECSE 308.) (Corequisite: ECSE 404.) Sampling and aliasing. Conversion of continuous-time controllers using s-to-z transformations; pre- and post-filtering. Discrete time state representation and z-transfer function of sampled linear, time-invariant systems. Correspondence between system theoretic results for continuous- and discrete-time systems. Sampled-data design, including pole placement, LQR control and model predictive control.

**ECSE 505 Nonlinear Control Systems.** (3) (3-0-6) (Prerequisite: ECSE 501) Basic ODE formulation of non-linear systems; structural properties; Lyapunov and Lasalle stability theory and nonlinear and multivariable controller design; input-output stability; small gain theorem, conservation, passivity; system linearization, zero and inverse dynamics and regulator design; discontinuous
and sliding mode control; applications to deterministic adaptive control.

ECSE 506 STOCHASTIC CONTROL & DECISION THEORY. (3) (3-0-6)
(Prerequisites: ECSE 509 and ECSE 500.) Gaussian processes and tail bounds; Bandit problems and optimal policies; Markov decision processes; Dynamic programming and optimal control in discrete time; learning models control from data; the ODE method and stochastic approximation; Q-learning; Approximate dynamic programming, linear stochastic systems; linear Gaussian systems; linear-quadratic control; system identification and stochastic adaptive control.

ECSE 507 OPTIMIZATION AND OPTIMAL CONTROL. (3) (3-0-6)
(Prerequisites: MATH 264 or MATH 265 or MATH 248, MATH 270 or MATH 247) General Introduction to optimization methods including steepest descent, conjugate gradient, Newton algorithms. Generalized matrix inverses and the least squared error problem. Introduction to constrained optimality; convexity and duality; interior point methods. Introduction to dynamic optimization; existence theory, relaxed controls, the Pontryagin Maximum Principle. Sufficiency of the Maximum Principle.

ECSE 508 MULTI-AGENT SYSTEMS. (3) (3-0-6)
(Prerequisite: ECSE 305 or equivalent.) Introduction to game theory, strategic games, extensive form games with perfect and imperfect information, repeated games and folk theorems, cooperative game theory, introduction to mechanism design, markets and market equilibrium, pricing and resource allocation, application in telecommunication networks, applications in communication networks, stochastic games.

ECSE 509 PROBABILITY AND RANDOM SIG. 2. (3) (3-0-6)
(Prerequisites: ECSE 304 and ECSE 305) Multivariate Gaussian distributions; finite-dimensional mean-square estimation (multivariate case); principal components; introduction to random processes; weak stationarity; correlation functions, spectra, linear processing and estimation; Poisson processes and Markov chains: state processes, invariant distributions; stochastic simulation.

ECSE 510 STOCHASTIC PROCESSES AND SYSTEMS. (3) (3-0-6)
(Prerequisite: ECSE 500 and ECSE 509 or equivalent.) Basic notions. Linear state space (SS) systems. Least squares estimation and prediction: conditional expectations; Orthogonal Projection Theorem; Kalman filtering; innovations; Riccati equation. ARMA and SS systems. Stationary processes; Wold decomposi- tion; spectral factorization; Weiner filtering. The Weiner process; linear stochastic differential equations; continuous time filtering. Chapman-Kolmogorov, Fokker-Plank equations. Applications.

ECSE 511 INTRODUCTION TO DIGITAL COMMUNICATION. (3) (3-1-5)
(Prerequisite: ECSE 304.) (Corequisite: ECSE 509) (An advanced version of ECSE 411) (Tutorials assigned by instructor.) Amplitude and angle modulation including AM, FM, FDM and television systems; introduction to random processes; sampling and quantization; PCM systems, TDM; digital modulation techniques, Maximum-Likelihood receivers, synchronization issues; elements of information theory including information sources, source coding and channel capacity.

ECSE 512 DIGITAL SIGNAL PROCESSING 1. (3) (3-1-5)
(Prerequisites: ECSE 304 and ECSE 305) Review of discrete-time transforms, sampling and quantization, frequency analysis. Structures for FIR and FIR filters, coefficient quantization, roundoff noise. The DFT, its properties, frequency analysis and filtering using DFT methods, the FFT and its implementation. Multirate processing, subsampling and interpolation, oversampling techniques.

ECSE 513 ROBUST CONTROL SYSTEMS. (3) (3-0-6)
(Prerequisites: ECSE 304 and ECSE 500.) Feedback interconnections of LTI systems; Nominal stability and performance of feedback control systems; Norms of signals and systems; H2-optimal control; H∞-infinity-optimal control; Uncertainty modeling for robust control; Robust closed-loop stability and performance; Robust H-infinity control; Robustness check using mu-analysis; Robust controller design via mu-synthesis.

ECSE 514 PROBABILISTIC REASONING AND ARTIFICIAL INTELLIGENCE. (3) (3-0-6)
(Prerequisites: COMP 206, COMP 380, COMP 424 or ECSE 526, and MATH 323 or ECSE 305.) (Restriction: Not open to students who have taken COMP 526.) Belief networks, utility theory, Markov decision processes, learning algorithms.

ECSE 520 PARALLEL COMPUTING SYSTEMS. (3) (3-2-4)
(Prerequisite: ECSE 427.) (Restriction: Credit will only be given for one of ECSE 420 and ECSE 520.) Parallel computing models: shared memory, message passing and data parallel. Single-chip multi-processors. Techniques for designing scalable cache coherent shared memory multiprocessors. Programming shared memory and message passing systems. Multithreading and synchronization; interplay between parallel programming and architecture.

ECSE 521 DIGITAL COMMUNICATIONS 1. (3) (3-0-6)

ECSE 523 SPEECH COMMUNICATIONS. (3) (3-0-6)
(Prerequisite: ECSE 412 or ECSE 512) Articulatory and acoustic descriptions of speech production, speech production models, speech perception, digital processing of speech signals, vocoders using formant, linear predictive and cepstral techniques; overview of automatic speech recognition systems, speech synthesis systems and speaker verification systems.

ECSE 524 INTERCONNECTS AND SIGNAL INTEGRITY. (3) (3-0-6)
(Prerequisites: ECSE 334 and ECSE 352 or ECSE 353.) Interconnect structures, signal integrity issues: reflection, crosstalk, noise, electromagnetic interference. Lossy transmission lines, RLGC matrix representations, wave propagation in multilayered substrates, periodically loaded lines, Floquet’s theorem, power distribution network, simultaneous switching noise, packaging structures, chip interconnection technologies, substrate integrated waveguides. Methods for experimental characterization of interconnects, signal integrity CAD tools.

ECSE 525 DIGITAL IMAGE PROCESSING. (3) (3-0-6)

ECSE 527 OPTICAL ENGINEERING. (3) (3-0-6)
(Prerequisites: ECSE 304 and ECSE 352) A structure introduction to modern optical engineering. Topics covered include the propagation of light through space, refraction, diffraction, polarization, lens systems, ray-tracing, aberrations, computer-aided design and optimization techniques, Gaussian beam analysis, micro-optics and computer generated diffraction optical elements. Systems and applications will be stressed throughout.

ECSE 528 TELECOMMUNICATION NETWORK ARCHITECTURE. (3) (3-0-6)
(Prerequisites: COMP 206, COMP 227 or ECSE 509) (Site: ECSE 427.) (Restriction: Credit will only be given for one of ECSE 509.) Organization of large, high-speed, multiservice telecommunication networks. Connection hierarchies, protocol stacks, transmission formats. Local-area networking: Token Ring and Ethernet. Multiplexing for wide-area transport: performance modelling and analysis, traffic scheduling and shaping. Routing and flow control. Switch architecture: performance criteria, buffer management, routers versus switches and hybrids.

ECSE 592 IMAGE PROCESSING AND COMMUNICATION. (3) (3-0-6)
(Prerequisite: ECSE 304 or ECSE 306) Introduction to vision in man and machine; computer vision systems; biological vision systems; biological signal processing; edge detection; spatial- and frequency-domain processing; color. Low-level visual processing in computer vision, psychophysics, and neurobiology, and their similarities and differences.

ECSE 532 COMPUTER GRAPHICS. (3) (3-3-3) (Prerequisite: ECSE 322) Introduction to computer graphics systems and display devices: raster scan, scan conversion, graphical input and interactive techniques - window environments; display files; graphics language and data structures: 2D transformations; 3D computer graphics, hidden line removal and shading; graphics system design; applications. Laboratory project involving the preparation and running of graphics programs.

ECSE 533 PHYSICAL BASIS OF SEMICONDUCTOR DEVICES. (3) (3-0-6) (Prerequisites: ECSE 330, ECSE 351 and PHYS 271) Quantitative analysis of diodes and transistors. Semiconductor fundamentals, equilibrium and non-equilibrium carrier transport, and Fermi levels. PN junction diodes, the ideal diode, and diode switching. Bipolar Junction Transistors (BJT), physics of the ideal BJT, the Ebers-Moll model. Field effect transistors, metal-oxide semiconductor structures, static and dynamic behaviour, small-signal models.

ECSE 534 ANALOG MICROELECTRONICS. (3) (3-0-6) (Prerequisite: ECSE 334) Design of analog ICs using specialized analog CAD tools such as SPICE. Voltage and current amplifier design which encompasses the study of biasing circuits, current sources and mirrors, input and output stages, and frequency compensation; precision reference sources; analog multipliers; oscillators; waveform generators and shaping circuits, and analog switches.

ECSE 536 RF MICROELECTRONICS. (3) (3-3-3) (Prerequisite: ECSE 334.) (Restriction: Instructor’s permission required.) Introduction to Radio Frequency Integrated Circuits and wireless transceiver architectures. Modeling of passive/active integrated devices. Design of monolithic bipolar and CMOS LNAs, mixers, filter, broad band amplifiers, RF power amplifiers, VCOs, and frequency synthesizers. Analysis of noise and non-linearity in RFICs. Project using modern RFIC simulation/layout CAD tools.

ECSE 545 MICROELECTRONICS TECHNOLOGY. (3) (3-0-6) (Prerequisite: ECSE 432 or ECSE 533) Basic techniques in the fabrication of microelectronic circuits. Four-point probe, alloyed contacts, diffusion processes, ion implantation epitaxy, silicon dioxide, photolithography, selected diffusion and metallization, transistor fabrication, dry etching, monolithic integrated circuits, isolation, mask making, thin and thick film components, MOS gate voltage and integrated circuits.

ECSE 548 INTRODUCTION TO VLSI SYSTEMS. (3) (2-2-5) (Prerequisites: ECSE 334 and ECSE 323) (Restriction: Instructor’s permission required.) (Lab hours assigned by instructor.) An interdisciplinary course for electrical engineering and computer science students. A structured design methodology for managing the complexity of VLSI system design. Sufficient information on integrated devices, circuits, digital subsystems and system architecture is presented to enable students to span the range of abstractions from device physics to VLSI digital systems.

ECSE 559 FLEXIBLE AC TRANSMISSION SYSTEMS. (3) (3-0-6) (Prerequisites: ECSE 334 and ECSE 361) Operating principles of controllers of flexible AC transmission systems (FACTS). Transformer, thyristor and gate- turn-off thyristor (GTO) technologies. Modulation methods; harmonic elimination, pulse width modulation. Applications in: shunt and series advanced static VAR Controllers (ASVC), phase shifters, unified power flow controllers (UPFC).

ECSE 565 INTRODUCTION TO POWER ELECTRONICS. (3) (3-0-6) (Prerequisite: ECSE 334) Semiconductor power switch - thyristors, GTO’s, bipolar transistors, MOSFET’s. Switch mode power amplifiers. Buck and boost principles. Modulation methods -PWM, delta, hysteresis current control. Rectifiers, inverters, choppers.

ECSE 570 AUTOMATIC SPEECH RECOGNITION. (3) (3-0-6) (Prerequisites: ECSE 305 and ECSE 322.) Acoustic phonetics and signal representations. Pattern classification, stochastic modeling, language modeling and search algorithms as applied to speech recognition. Techniques for robustness, integration of speech recognition with other user interface modalities, and the role of automatic speech recognition in speech understanding.

ECSE 571 OPTOELECTRONIC DEVICES. (3) (3-0-6) (Prerequisites: ECSE 304, ECSE 305, ECSE 352.) (Corequisite: ECSE 533) Physical basis of optoelectronic devices including Light Emitting Diodes, semiconductor optical amplifiers, semiconductor lasers, quantum well devices, and solid state lasers. Quantitative description of detectors, optical modulation, optical logic devices, optical interconnects, and optomechanical hardware. Throughout the course, photonic systems applications will be addressed.

ECSE 573 MICROWAVE ELECTRONICS. (3) (3-0-6) (Prerequisite: ECSE 432 or ECSE 533) Physical basis of modern microwave devices and circuits. Microwave transistors and tunnel diodes, transferred electron devices, transit time devices and infra red devices. Microwave generation and amplification, microwave FET circuits. Noise and power amplification.

ECSE 574 CMOS SENSOR MICROSYSTEMS. (3) CMOS sensor microsystems, fundamentals of microfabrication, micromachining technology, recognition elements, CMOS signal detection components, and sensor system integration and packaging.
ECSE 593 ANTENNAS AND PROPAGATION. (3) (3-0-6) (Prerequisites: ECSE 303 and ECSE 362.) Fundamentals of antenna theory; sources, radiation pattern and gain. Classification of antennas. Main antenna types and their characteristics. Antenna temperature, remote sensing and radar cross-section. Self and mutual impedances. Special topics include adaptive antennas, very large array (VLA) used in radio astronomy and biomedical applications.

ECSE 596 OPTICAL WAVEGUIDES. (3) (3-0-6) (Prerequisite: ECSE 352) An in-depth analysis to guided-wave propagation. Dielectric waveguides (slab, 2D, nonlinear, spatial solitons), optical fibers (modes, dispersion relations, propagation in dispersive, nonlinear fibers, temporal solitons), beam propagation method, coupled mode theory, waveguide devices (couplers, gratings, etc.). Selection of current research topics of interest (e.g. photonic crystals, optical signal processing, etc.)

ECSE 607 TELECOMMUNICATIONS NETWORK ANALYSIS. (4) (6-0-9) (Prerequisite: ECSE 509.) Mathematical modeling, analysis, and optimization techniques for the design, control and management of modern networks. Next Generation Internet architectures and service models; source and aggregate traffic models; traffic estimation and forecasting; traffic control and resource management; performance models; network dimensioning.

ECSE 608 MACHINE LEARNING. (4) (3-0-9) (Prerequisites: COMP 424, COMP 526 or ECSE 514, COMP 360, MATH 323 or ECSE 305.) (Restriction: Not open to students who have taken COMP 652.) An overview of state-of-the-art algorithms used in machine learning, including theoretical properties and practical applications of these algorithms.

ECSE 609 CUSTOM HIGH-PERFORMANCE COMPUTING ARCHITECTURES. (4) (3-0-9) (Prerequisites: ECSE 425 or ECSE 525, and ECSE 497 or ECSE 431.) Design of custom computer architectures for high-performance computing. Reconfigurable computing elements and systems. Mapping algorithms to hardware. High-level synthesis and CAD algorithms. Applications to computing problems in physics, chemistry, and biology.

ECSE 610 WIRELESS TELECOMMUNICATIONS. (4) (3-0-9) (Prerequisite: ECSE 511) An introduction to the theory and technology of wireless networks, with the emphasis on networking. Topics include channel modeling, cellularity and frequency reuse, the multiple access problem, services integration, flow control, diversity, smart antennas and aspects of wireless network management. First and second generation systems are described in detail.

ECSE 615 DIGITAL SIGNAL PROCESSING 2. (4) (3-0-9) (Prerequisites: ECSE 508 and ECSE 512) Filter banks, multi-rate signal processing, multi-resolution analysis and wavelets, transform coding. Second-order stochastic processes: Wold decomposition, spectral analysis, power spectral estimation and polyepectra, optimum filtering and linear prediction, adaptive filtering, LMS filters, recursive least-square and transform domain techniques.

ECSE 617 ARRAY SIGNAL PROCESSING. (4) (3-0-9) (Prerequisite: ECSE 412 or ECSE 512, ECSE 509) Introduction to the mathematical principles of array signal processing and their applications. Conventional beamformer design, optimum array processing structures; detection and direction of arrival estimation, modern subspace methods; adaptive array algorithms; implementation issues (matrix processing, subspace tracking, array calibration); selected applications from wireless communications, audio processing, underwater acoustics.

ECSE 618 HAPTICS. (4) (3-0-9) (Prerequisite: Permission of instructor.) Study of touch as relevant to technological systems. Applications. Elements of anatomy, neuroanatomy, physiology, and behaviour. Technology of tactile transducers. Computational synthesis of tactile signals: Elements of contact mechanics, deformation theory and inelasticity, and computational methods to simulate those for realtime synthesis.

ECSE 620 INFORMATION THEORY AND CODING. (4) (3-0-9) (Prerequisites: ECSE 411 or ECSE 511, and ECSE 510) Point-to-point communications: source and channel models, lossless source coding (prefix codes, Ziv-Lempel algorithm), performance limits for channel codes, source coding subject to a fidelity criterion, end-to-end performance limits. Approaching the limits: convolutional codes, linear codes. The multi-access problem: achievable rate regions, TDMA, CDMA. Secure communications.

ECSE 621 STAT. DETECTION AND ESTIMATION. (4) (3-0-9) (Prerequisites: ECSE 411 or ECSE 511, ECSE 510) On the processing of signals with ransom components, for applications in pattern recognition, image processing, robotics, telecommunications and control. A framework for statistical decision-making, the theoretical representation of optimal strategies, Bayes and minimax rules, hypothesis testing, sequential decision-making, parameter estimation, Wiener and Kalman filtering, tracking, estimation of power spectra.

ECSE 624 DATA COMPRESSION. (4) (3-0-9) (Prerequisites: ECSE 510 and ECSE 412 or ECSE 512) Theory and design of signal coding systems: Waveform characterization (speech and image waveforms), sampling (aliasing, optimal reconstruction filters), linear prediction. Scalar quantization: uniform and nonuniform, optimality, robust quantization. Differential coding, adaptive prediction, noise feedback. Run-length coding, entropy coding. Transform coding: frequency and vector quantization; design, optimality, combined source/channel designs. Delayed decision coding: tree and trellis coding.

ECSE 625 TELECOMMUNICATION NETWORK DESIGN. (4) (3-0-9) (Prerequisites: ECSE 510, ECSE 528) Instruction in the design and use of algorithms for telecommunication network planning and control, with emphasis on computational efficiency. Applications include topological design, route selection, specification and configuration management of virtual sun-networks. Relevant computational techniques include steepest descent, branch-and-bound, flow deviation.

ECSE 626 STATISTICAL COMPUTER VISION. (4) (3-0-9) (Prerequisite: ECSE 529 or equivalent, ECSE 305 or equivalent.) An overview of statistical techniques as applied to computer vision and image processing. Topics include regularization, Kalman filtering, Markov-Chain Monte Carlo methods, importance sampling and particle filtering, Markov Random fields, parameter estimation, mean-field techniques, stochastic and deterministic annealing, principal and independent components analysis.

ECSE 634 ANALOG INTEGRATED CIRCUITS SIGNAL PROCESSING. (4) (3-0-9) (Prerequisites: ECSE 334, ECSE 303 or equivalent) Analog signal processing techniques for monolithic implementation. Filter approximation theory; filter realization methods; integrated filter technologies; active-RC, MOSFET-capacitor, transconductance-capacitor, switched-capacitor, switched-current; filter tuning methods. Phase-locked loops; signal conversion techniques.

ECSE 648 VLSI DESIGN. (4) (1-5-3) (Prerequisite: ECSE 548) (Limited enrolment) A project course with the opportunity to apply the knowledge acquired in 304-548 to the design of a complete digital IC of medium complexity. Completed designs will be submitted for fabrication to the Implementation Centre of the Canadian Microelectronics Corporation. The course includes lectures on advanced topics in VLSI design.
ECSE 649 VLSI TESTING. (4) (3-0-9) (Prerequisite: B.Eng. or equivalent.) The course is to orient designers of VLSI chips and boards to think about testing problems in parallel with the design process. Consideration in structured design-for-testability as a requirement for complex systems will be emphasized; as well as the emerging concept of built-in self-test (BIST).

ECSE 651 M. ENG. PROJECT 1. (1) (0-0-3)
ECSE 652 M.ENG. PROJECT 2. (2) (0-0-6)
ECSE 653 M.Eng. Project 3. (3) (0-0-9)
ECSE 654 M.Eng. Project 4. (4) (0-0-12)
ECSE 655 M.Eng. Project 5. (5) (0-0-15)
ECSE 656 M.Eng. Project 6. (5) (0-0-15)

ECSE 670D1 (0.5), ECSE 670D2 (0.5) COMPUTATIONAL SCIENCE ENGINEERING SEMINAR. (Restriction: This seminar course is open only to students who were admitted to the CSE Program Option.) (Students must register for both ECSE 670D1 and ECSE 670D2.) (No credit will be given for this course unless both ECSE 670D1 and ECSE 670D2 are successfully completed in consecutive terms.) Techniques and applications in computational science and engineering.

ECSE 670N1 COMPUTATIONAL SCIENCE ENGINEERING SEMINAR. (0.5) (Restriction: This seminar course is open only to students who were admitted to the CSE Program Option.) (Students must also register for ECSE 670N2.) (No credit will be given for this course unless both ECSE 670N1 and ECSE 670N2 are successfully completed in a twelve month period.) Techniques and applications in computational science and engineering.

ECSE 670N2 COMPUTATIONAL SCIENCE ENGINEERING SEMINAR. (0.5) (Prerequisite: ECSE 670N1.) (No credit will be given for this course unless both ECSE 670N1 and ECSE 670N2 are successfully completed in a twelve month period.) See ECSE 670N1 for description.

ECSE 677 EXPERIMENTAL TECHNIQUES: SOLID STATE. (4) (0-6-6) (Prerequisite: ECSE 545) Experimental project in solid state involving the following: techniques of preparation, fabrication and orientation of samples and substrates for experimental study; use of special laboratory apparatus; measurement of electronic, optical and structural properties of samples and structures; evaluation of electronic behaviour and performance; interpretation of relevant physical processes and phenomena.

ECSE 678 SPECIAL TOPICS IN SOLIDS 1. (4) (3-0-9) (Prerequisite: ECSE 432) Discussion of topics in semiconductor electronics and electronic properties of materials in areas of current research to the Department.

ECSE 681 COLLOQUIUM IN ELECTRICAL ENGINEERING. (4) Directed reading, seminar and discussion course in various subjects of current interest in electrical engineering research.

ECSE 682 TOPICS IN COMPUTERS AND CIRCUITS. (4) (3-0-9)
ECSE 683 TOPICS IN VISION AND ROBOTICS. (4) (3-0-9)
ECSE 684 TOPICS: COMPUTER AIDED DESIGN. (4) (3-0-9)
ECSE 685 TOPICS IN POWER ENGINEERING. (4) (3-0-9)
ECSE 686 TOPICS: COMMUNICATIONS SYSTEMS. (4) (3-0-9)
ECSE 688 RECENT ADVANCES IN ELECTRICAL ENGINEERING 1. (4) (3-0-9) Course content suited to the area of specialization of the lecture.

ECSE 691 THESIS RESEARCH 1. (4) (3-0-9)
ECSE 692 THESIS RESEARCH 2. (4) (3-0-9)
ECSE 693 THESIS RESEARCH 3. (4) (3-0-9)

ECSE 694 THESIS RESEARCH 4. (4) (3-0-9)
ECSE 695 THESIS RESEARCH 5. (4) (3-0-9)
ECSE 696 THESIS RESEARCH 6. (4) (3-0-9)
ECSE 697 THESIS RESEARCH 7. (4) (3-0-9)

ECSE 701 PH.D. QUALIFYING EXAMINATION. (0) Oral Examination of Ph.D. student’s background in defined areas.

ECSE 702 PH.D. RESEARCH PLAN PROPOSAL. (0) Definition of a plan for Ph.D. research.

Chair — P. Yachnin

28.1 Staff

Emeritus Professors
M.D. Bristol; A.B.(Yale), Ph.D.(Prin.)
M. Puhvel; B.A., M.A.(McG.), Ph.D.(Harv.)
J. Riple; B.A., M.A.(New Br.), Ph.D.(Birm.)
D. Suvin; B.A., M.Sc., Ph.D.(Zagreb), F.R.S.C.
W.C. Wees; B.A.(N'western), M.A.(Roch.), Ph.D.(N'western)
D. Williams; B.A.(Boston), M.A., Ph.D.(Tor.)

Professors
K. Boris; B.A.(Vic., BC), Ph.D.(Edin.)
M.A. Kilgour; B.A.(Tor.), Ph.D.(Yale)
M. Kreiswirth; B.A.(Hamilton), M.A.(Chic.), Ph.D.(Tor.)
R. Lecker; B.A., M.A., Ph.D.(York)
K. McSweeney; B.A., Ph.D.(Tor.)
P. Sabor; B.A.(Camb.), M.A.(Qu.), Ph.D.(Lon.) (Canada Research Chair in 18th Century Studies)
M. Stenbaek; B.A.(Copenhagen), M.A., Ph.D.(Monr.)
T. Treherne; B.A., M.A., Ph.D.(McG)
P. Yachnin; B.A.(McG), M.Litt.(Edin.), Ph.D.(Tor.) (Tomlinson Chair in Shakespeare Studies)

Associate Professors
D.A. Bray; B.A.(McG.), Ph.D.(Edin.)
S. Carney; B.A.(Manit.) M.A.(Alta.), Ph.D.(York)
M.N. Cooke; B.A.(Qu.), M.A.(C'nell), M.A., Ph.D.(Tor.)
P. Gibian; B.A.(Yale), M.A.(N.Y.), Ph.D.(Stan.)
D.C. Hensley; B.A., M.A.(Cant.), Ph.D(Yale)
A. Hepburn; B.A., M.A.(W. Ont.), Ph.D.(Princ.)
M. Hickman; B.A.(Brown), M.A., Ph.D.(Mich.)
B. Kaite; B.A.(C'dia), M.A.(McM.), Ph.D.(Carl.)
P. Nelson; B.A.(Bishop's), M.F.A.(Calg.)
T. Ponech; B.A.(McG), Ph.D.(N'western)
D. Salter; B.A.(Br. Col.), M.A., Ph.D.(Tor.)
M.W. Selkirk; B.A.(Alta), M.F.A.(III.)

Assistant Professors
W. Folkert; B.A.(Calif. St.), M.A., Ph.D.(McG)
J. Fumo; B.A.(Mass-Amherst), M.A., Ph.D.(Princ.)
Y. Halevi-Wise; B.A.(Hebrew Univ. of Jerusalem), M.A. (Georgetown), Ph.D.(Princ.)
T. Heise; B.A.(Flor. St.), M.A.(Calif., Davis), Ph.D.(NYU)
E. Hurley; B.A.(McG.), M.A.(Brown), Ph.D.(CUNY)
T. Mole; B.A., M.A., Ph.D(Bristol)
M. Morgan; B.A.(Harv.), Ph.D.(Stan.)
D. Nystrom; B.A.(Wis.), M.A., Ph.D.(Va.)
M. Popescu; B.A., M.A.(Bucharest), Ph.D.(Windsor), Ph.D.(Penn.)
F. Ritchie; B.A., M.A.(Durh.), Ph.D.(Lond.)
N. Schantz; B.A.(Stan.), M.A., Ph.D.(U.S.C.)
T. Sparks; B.A.(Bates College), M.A., Ph.D.,(Wash.)
A. Thain; B.A.(McG.), Ph.D.(Duke)

28.2 Programs Offered

Master’s and Ph.D.

All students who apply will be considered for support which normally takes the form of a Teaching or Research Assistantship.

28.3 Admission Requirements

A statement of proposed research, transcripts, writing sample and two letters of recommendation are required of all applicants.

M.A. Degree

Admission to the M.A. program requires an Honours degree in English or its equivalent. Outstanding applicants from related disciplines may be invited to take a qualifying year.

Ph.D. Degree

Admission to the doctoral program is highly competitive. Outstanding students with the Master's degree in hand are accepted into Ph.D. 2. In rare circumstances, outstanding graduates of B.A. programs will be considered for “fast-tracking” into the doctoral program, entering at Ph.D.1. They follow the M.A. program (Thesis option) and if at the end of the first year their work is evaluated successfully they go on to complete the remaining requirements of the Ph.D. program.

28.4 Application Procedures

Applications will be considered upon receipt of:
1. application form;
2. transcripts;
3. two letters of reference;
4. $80 application fee;
5. a writing sample;
6. statement of proposed research.

All information is to be submitted directly to the Graduate Coordinator.

Applications close January 15.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

28.5 Program Requirements

M.A. Degree

The Department offers two options towards the M.A. degree, one with a thesis and the other without thesis. Both options consist of 48 credits and are designed to be completed in four terms (of 12 credits each), but it is possible to complete the program in three terms, or one calendar year.

The two programs are similar; the non-thesis option substitutes two seminars and a research paper for the thesis. Both options require participation in a series of sessions on bibliography and research methods.

M.A. in English (Thesis) (48 credits)

Required Course (6 credits)
ENGL 694 (6) Bibliography Seminar

Complementary Courses (15 credits)
15 credits of Departmental seminar courses at the 500, 600 or 700 level

Thesis Component – Required (27 credits)
ENGL 695 (3) M.A. Thesis Preparation
ENGL 699 (24) M.A. Thesis

M.A. in English (Non-Thesis) (48 credits)

Required Courses (9 credits)
ENGL 693 (3) Research Methods
ENGL 694 (6) Bibliography Seminar

Complementary Courses (21 credits)
21 credits of Departmental seminar courses at the 500, 600 or 700 level

Ph.D. Degree

Doctoral students are expected to complete in their first year (Ph.D.2) the two halves of the compulsory proseminar ENGL 787 (taken in the fall term) and ENGL788 (taken in the winter term) and four other courses, but may substitute for the two second-term courses one extended supervised research project. This course work must be chosen in order to make possible the identification of a major and a minor area of concentration. In Ph.D.3, candidates complete a compulsory research project in the area of the dissertation and submit the dissertation proposal. The language requirement must be fulfilled before the dissertation proposal is approved.

It is the policy of the Department to urge candidates to complete the Ph.D. program within six years. A candidate intending to submit the thesis to meet the deadline for Spring Convocation must give notice of this intention before January 1. A candidate intending to meet the deadline for Fall Convocation must give such notice before May 1.

Ph.D. in English

Complementary Courses (12 credits)
four 3-credit Departmental seminars
or two 3-credit Departmental seminars and
ENGL 796 (6) Research Project

Comprehensive Component – Required (15 credits)
ENGL 787 (3) Research Seminar
ENGL 788 (3) Research Seminar 2
ENGL 797 (6) Compulsory Research Project
ENGL 798 (3) Dissertation Proposal

28.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

Note: All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title. The following is a list of all courses in English approved for offering at the graduate level. Courses at the 500 level are also open to advanced undergraduates. A maximum of two courses at the 500 level may be taken by Master’s students.

ENGL 500 MIDDLE ENGLISH. (3)
ENGL 501 16TH CENTURY. (3) (In 2007/08: Elizabethan Ovidianism.)
ENGL 502 17TH CENTURY. (3)
ENGL 503 18TH CENTURY. (3) (In 2007/08: The Villain-Hero.)
ENGL 796 RESEARCH PROJECT. (6) (Restriction: Ph.D Candidates)

ENGL 797 COMPULSORY RESEARCH PROJECT. (6) (Restriction: Ph.D Candidates)

ENGL 798 DISSERTATION PROPOSAL. (3) (Restriction: Ph.D Candidates)

29.1 Staff

Professors
Brown, Peter G.; B.A.(Haver.), M.A., Ph.D.(Col.) (joint appt. with Geography and Natural Resource Sciences)
Chapman, Colin; B.Sc., M.A., Ph.D.(Alta.) (joint appt. with Anthropology)
Roulet, Nigel; B.Sc., M.Sc.(Trent); Ph.D.(McM.) (joint appt. with Geography)

Associate Professors
Fabry, Frédéric; B.Sc., M.Sc., Ph.D.(McG.) (joint appt. with Atmospheric and Oceanic Sciences)

Assistant Professors
Badami, Madhav; B.Tech., M.Sc.(Indian IT), M.E.Des.(Calg.), Ph.D.(Br. Col.) (joint appt. with School of Urban Planning)
Bennett, Elena; B.A.(Oberlin), M.Sc., Ph.D.(Wisc.) (joint appt. with Natural Resource Sciences)

De Blois, Sylvie; B.Sc.(Agr.) (McG.), M.Sc., Ph.D.(Montr.) (joint appt. with Plant Science)
Ellis, Jaye; B.A.(Calg.), LL.B., B.C.L.(McG.), LL.M.(Br. Col.) (joint appt. with Law)
Leung, Brian; B.Sc.(Br. Col.); Ph.D.(Car.) (joint appt. with Biology)

Mikkelsen, Gregory; B.A.(Trinity), M.S., Ph.D.(Chic.) (joint appt. with Philosophy)

Peterson, Garry; B.Sc.(Wat.), M.Sc., Ph.D.(Flor.) (joint appt. with Geography)

Ricciardi, Anthony; B.Sc.(Agr.), M.Sc., Ph.D.(McG.) (joint appt. with Redpath Museum)

Sengupta, Raja; B.Sc.(Bombay), M.Sc.(Indian IT), Ph.D.(S. Illinois) (joint appt. with Geography)
Vaccaro, Ismael; B.A.(Barcelona), D.E.A.(Paris), M.A., Ph.D.(Wash.) (joint appt. with Anthropology)

Faculty Lecturers
Duncan, Colin; B.A.(Qu.), M.A., Ph.D.(York)
McCourt, George; B.Sc., M.Sc(Alta.); M.Sc.(McG.)
Marshall, Joan; B.A.(McG.), M.A.(Tor.), Ph.D.(McG.)

Associate Members
Agricultural Economics: John Henning
Anthropology: Andre Costopoulos, Nicole Couture, John Galaty, Colin H. Scott

Architecture: Avi Friedman

Art History and Communication Studies: Darin Barney

Atmospheric and Oceanic Sciences: Parisa Ariya, Charles Lin

Brace Centre for Water Resources Management: Chandra Madramootoo

Biological Sciences: Lauren Chapman, Gregor Fussmann, Andrew Gonzalez, Irene Gregory-Eaves, Frederic Guichard, Andrew Hendry, Martin Lechowicz, Catherine Potvin

Bioresource Engineering: Suzelle Barrington, Robert Kok

Chemical Engineering: Nathalie Tufenykji, Viviane Yargeau

Civil Engineering and Applied Mechanics: Susan Gaskin, Subhasis Ghoshal, VanThanh Van Nguyen, Jim Nicell

Dietetics and Human Nutrition, School of: Tim Johns, Harriet Kuhnlein

Economics: Robert Cairns, Myron Frankman, Chris Green, Franque Grimard, Tom Naylor

Education, Integrated Studies: Elizabeth Wood

Epidemiology and Biostatistics: Mark Goldberg

Geography: Oliver Coomes, Thom Meredith, Tim Moore, Wayne H. Pollard, Jon Unruh

History: Gwyn Campbell, Myron Echenberg

Law, Faculty of: Jane Glenn

Management, Faculty of: Steve Maguire, Vedat Verter

Medicine, Ethics, Law: Margaret Somerville

Mining and Metallurgical Engineering: Jim Finch

Natural Resource Sciences: Benoit Côté, Mark Curtis, Brian Driscoll, Jim W. Fyles, William Henderson, Murray Humphries, Ian Strachan, Roger Titman, Joann Whalen, Terry Wheeler

Parasitology, Institute of: Marilyn Scott, James Smith

Pathology: Bruce Case, Edith Zorychta

Philosophy: Philip Buckley

Plant Science: Pierre Dutilleul, Marc Fortin, Don Smith, Marcia Waterway

Political Science: Philip Oxhorn

Psychology: Daniel Levitin

Redpath Museum: Graham Bell, David M. Green

Sociology: Uli Locher, John Sandberg, Jonathan Seaquist

Urban Planning, School of: Jeanne Wolfe

29.2 Programs Offered

Resolving environmental issues requires a dialogue between pure and applied sciences and the social sciences and humanities. The degradation of the biological and biophysical environment has roots in the structure of human societies while solutions to environmental problems impact on human livelihoods.

A number of academic departments and institutes at McGill promote graduate-level research and training on environmental topics and have faculty members whose main research interest falls in this domain. As such, environmental research is widespread throughout the McGill community. The Environment Option provides a vehicle whereby discipline-based graduate programs can easily and effectively incorporate collaborations from at least one other discipline into their research.

Goals of the Option

To provide thesis or non-thesis students in existing graduate programs with an understanding of how knowledge is transferred into practice through collaboration with other disciplines and to provide them with an understanding of how knowledge is transferred into action with regard to the environment; to develop an appreciation of the role of scientific, political, socio-economic, and ethical judgments in influencing that process.

To provide a forum whereby graduate students in environment throughout the University bring their disciplinary perspectives together and enrich each other's learning through structured courses, formal seminars, and informal discussions and networking.
29.3 Admission Requirements
Once accepted into a partner department, candidates will apply for admission to the Environment Option through the McGill School of Environment. Their acceptability will be based on their academic experience and performance, and availability of a potential MSE accredited supervisor or co-supervisor for their proposed research.

29.4 Program Requirements
Students admitted into the Environment Option will be supervised or co-supervised by an accredited McGill faculty member. Their supervisory committee will include at least one individual from outside the home department. It is expected that the thesis, dissertation or project as well as the final seminar presentation will contain an environmental component and will include a discussion of the applied implications of the research findings. Together with the courses common to the Environment Option, specific course requirements for each program are given within the departmental listings cited below.

Program List
The Environment option is currently available with the following graduate programs:

Anthropology
M.A., see section “M.A. in Anthropology (Thesis) Environment Option/Concentration”

Atmospheric and Oceanic Sciences
M.Sc., see section “M.Sc. in Atmospheric and Oceanic Sciences (Thesis) – Environment Option/Concentration”

Biology
M.Sc., see section “M.Sc. in Biology – Environment Option”
Ph.D., see section “Ph.D. in Biology – Environment Option”

Bioresource Engineering
M.Sc., see section “M.Sc. in Bioresource Engineering (Thesis) – Environment Option (46 credits)”
Ph.D., see section “Ph.D. in Bioresource Engineering – Environment Option”

Earth and Planetary Sciences
M.Sc., see section “M.Sc. in Earth and Planetary Sciences (Thesis) – Environment Option/Concentration”

Entomology
M.Sc., see section “M.Sc. in Entomology (Thesis) – Environment Option/Concentration”
Ph.D., see section “Ph.D. in Entomology – Environment Option/Concentration”

Geography
M.A., see section “M.A. in Geography (Thesis) – Environment Option/Concentration”
M.Sc., see section “M.Sc. in Geography (Thesis) – Environment Option/Concentration”
Ph.D., see section “Ph.D. in Geography – Environment Option/Concentration”

Law
LL.M., see section “The Master of Laws (LL.M.) (Thesis) – Environment Option/Concentration”

Microbiology
M.Sc., see section “M.Sc. in Microbiology (Thesis) – Environment Option/Concentration”
Ph.D., see section “Ph.D. in Microbiology – Environment Option/Concentration”

Parasitology
M.Sc., see section “M.Sc. in Parasitology (Thesis) – Environment Option/Concentration”
Ph.D., see section “Ph.D. in Parasitology – Environment Option/Concentration”

Plant Science
M.Sc., see section “M.Sc. in Plant Science (Thesis) – Environment Option/Concentration”
Ph.D., see section “Ph.D. in Plant Science – Environment Option/Concentration”

Renewable Resources
M.Sc., see section “M.Sc. in Renewable Resources (Thesis) – Environment Option/Concentration”
Ph.D., see section “Ph.D. in Renewable Resources – Environment Option/Concentration”

Sociology
M.A., see section “M.A. in Sociology (Thesis) Environment Option/Concentration”
Ph.D., see section “Ph.D. in Sociology – Environment Option/Concentration”

29.5 Courses

ENVR 519 GLOBAL ENVIRONMENTAL POLITICS. (3) (Prerequisite: ENVR 201 or ENVR 203 or permission of instructor) (Restrictions: Open to students in the Environment Option (available to other students with permission of instructor). Not open to students who have taken ENVR 580 -- section 001 -- in Winter 2002, Fall 2003, or Fall 2004.) (Note: This course has been offered three times as a Topics in Environment Course.) How the problem of environmental degradation is dealt with at the international level. The scope and nature of global environmental protection issues that cross boundaries, both physical and conceptual. Actors, structures and processes of international society. Consideration of global commons and transnational resources and of environmental externalities.

ENVR 540 ECOLOGY OF SPECIES INVASIONS. (3) (Winter) (3 hours lecture) (Prerequisite: BIOL 308 or permission of instructor.) (Restrictions: Not open to U1 or U2 students. Not open to students who are taking or have taken BIOL 540.) Causes and consequences of biological invasion, as well as risk assessment methods and management strategies for dealing with invasive species.

ENVR 544 ENVIRONMENTAL MEASUREMENT AND MODELLING. (3) (Prerequisites: BREE 430 or GEOG201 or URBP 505 or permission of instructor) (Restriction: Students registered in Environment Option (or permission of instructor)) Utility of geographic information systems, remote sensing and spatially-explicit modelling for environmental planning in conjunction with analytical frameworks used in the decision-making process (e.g., cost-benefit analysis, life-cycle analysis and multi-criteria decision making).

ENVR 580 TOPICS IN ENVIRONMENT 3. (3) (Prerequisite: Permission of instructor) Advanced-level seminars and discussion of interdisciplinary aspects of current problems in environment led by staff and/or special guests. This course is offered on an irregular basis.

ENVR 585 READINGS IN ENVIRONMENT 2. (3) (Prerequisites: ENVR 400 and ENVR 401, or permission of instructor) Interdisciplinary literature project/essays related to environment, enabling advanced-level study under guidance of qualified MSE staff in areas outside the scope of individual departments. Proposed topic
and method of evaluation must be approved by the Associate Director one month before the beginning of term. Contact the Program Coordinator for information.

ENVR 610 FOUNDATIONS OF ENVIRONMENTAL POLICY. (3) (Restriction: Open to students who have taken ENVR 680 in Fall 2004 or Fall 2005.) (Note: This course is given jointly between McGill University, Graduate and Postdoctoral Studies 2007-2008. How major environmental problems affect the health of human and non-human species, and how environment and health interact at different spatial and temporal scales and with different components of the ecosystem. Immediate, chronic and evolutionary consequences on health. Uncertainty and causation.

ENVR 620 ENVIRONMENT AND HEALTH OF SPECIES. (3) (Restriction: Open to students in the Environment Option (available to other students with permission of Instructor).) How major environmental problems affect the health of human and non-human species, and how environment and health interact at different spatial and temporal scales and with different components of the ecosystem. Immediate, chronic and evolutionary consequences on health. Uncertainty and causation.

ENVR 622 SUSTAINABLE LANDSCAPES. (3) (Restriction: Students registered in Environment Option, or permission of instructor.) (Note: An understanding of ecological principles is required to take this course. Comparative case studies will be used.) Tools and knowledge needed to evaluate landscapes for sustainable management. Processes that shape landscapes, consequences of alternate landscape patterns on ecological flows, implications of management choices on biodiversity and sustainability, and need for social innovations.

ENVR 630 CIVILIZATION AND ENVIRONMENT 1. (3) (Restriction: Not open to students who have taken ENVR 680 in Fall 2004 or Fall 2005.) (Note: This course is given jointly between McGill University, UQAM and Université de Montréal. Some lectures and readings will be in French. Therefore, students should be able to read and preferably understand spoken French.) Civilization and its relation to life and the world, the nature of civilization and the responsibilities of citizenship. Landscape design, economic development, science and citizen experts, governance and environment. beauty.

ENVR 631 CIVILIZATION AND ENVIRONMENT 2. (3) (Prerequisite: ENVR 630 or permission of the instructor.) (Restriction: Not open to students who have taken ENVR 680 in Winter 2005 or Winter 2006.) (Note: This course is given jointly between McGill University, UQAM and Université de Montréal. Some lectures and readings will be in French. Therefore, students should be able to read and preferably understand spoken French.) Civilization and its relation to life and the world, the nature of civilization and the responsibilities of citizenship. Commercial redesign of life, power and respect, the status of civilization in alternative cosmologies, urban environmental duties, and an economy of stewardship.

ENVR 650 ENVIRONMENTAL SEMINAR 1. (1) (Restriction: Open to students registered in Environment Option.) Interdisciplinary environmental research seminars with the goals of appreciating both the breadth and interconnectedness of environmental research questions.

ENVR 651 ENVIRONMENTAL SEMINAR 2. (1) (Restriction: Open to students registered in the Environment Option.) Environmental seminars and workshops focused on critical thinking, critical review of articles, team work, effective public speaking, grantmanship.

ENVR 652 ENVIRONMENTAL SEMINAR 3. (1) (Prerequisite: ENVR 650.) (Restriction: Open to students registered in Environment Option.) Final research seminar.

ENVR 680 TOPICS IN ENVIRONMENT 4. (3) (Restriction: students taking the Neotropical Environment Option.) (Prerequisite: Permission of Instructor) Seminars and discussion of advanced, interdisciplinary aspects of current of current problems in environment led by staff and/or special guests.

Chair — R Fuhrer

30.1 Staff

Emeritus Professors
M.R. Becklake; M.B.B.Ch., M.D.(Witw.), F.R.C.P.
J.C. McDonald; M.B., B.S., M.D.(Lond.), M.Sc.(Harv.), M.R.C.P.(Lond.), F.R.C.P.(C)

Professors
M. Abrahamsowicz; Ph.D.(Cracow) (James McGill Professor)
J.E.F. Boivin; M.D.(Laval), S.M., Sc.D.(Harv.)
L.E.F. Franco; M.P.H., Dr.P.H.(Chapel Hill) (James McGill Professor)
R. Fuhrer; B.A. (CUNY (Brooklyn College)), M.Sc., Ph.D.(UCSF) (Canada Research Chair)
J.W. Gyorkos; B.Sc.(McG.), M.Sc.(Bishop’s), Ph.D.(McG.)
J.A. Hanley; B.Sc., M.Sc.(N.U.I.), Ph.D.(Wat.)
J. Heymann; B.A. (Yale), M.P.H., M.D., Ph.D. (Harv.) (joint apppt. with Political Science) (Canada Research Chair)
C. Infante-Rivard; M.D.(Montr.), M.P.H.(Calif.-LA), Ph.D.(McG.), F.R.C.P.C.(C) (James McGill Professor) (on leave)
L. Joseph; M.Sc., Ph.D.(McG.)
M.S. Kramer; B.A.(Chic.), M.D.(Yale) (joint apppt. with Pediatrics) (James McGill Professor)
A. Lippman; B.A.(C'nell), Ph.D.(McG.)
J. Lynch; B.A., B.H.M.S.(Qld), M.Ed.(W. Aust.), M.P.H., Ph.D.(Calif., Berk.) (Canada Research Chair)
J. McCusker; M.D., C.M.(McG.), M.P.H., Ph.D.(Col.)
R. Menzies; M.D., M.C., M.Sc.(McG.) (joint apppt. with Medicine)
O.S. Miettinen; M.D.(Helsinki), M.P.H., M.S., Ph.D.(Minn.)
G. Paradis; M.D., M.Sc.(McG.)
I.B. Pless; M.A., B.D.(W.Ont.) (joint apppt. with Pediatrics)
S.H. Shapiro B.S.(Bucknell), M.S., Ph.D.(Stan.)
S. Sussia; M.Sc.(McG.), Ph.D.(Flor.) (joint apppt. with Medicine) (James McGill Professor)
R. Tamblyn; M.Sc.(McM.), Ph.D.(McG.) (joint apppt. with Medicine) (James McGill Professor)
G. Thériault; M.D.(Laval), M.I.H., Dr.P.H.(Harv.)
C. Wolfson; B.Sc., M.Sc., Ph.D.(McG.) (joint. apppt. with Medicine)

Associate Professors
A. Ciampi; M.Sc., Ph.D.(Qu.), Ph.D.(Rome) (on leave)
A. Dufresne; B.Sc., M.Sc.(Que.), Ph.D.(McG.)
P. Héroux; B.Sc.(Laval), M.Sc., Ph.D.(I.N.R.S.)
C.P. Larson; M.D., C.M., M.Sc.(McG.) (joint apppt. with Pediatrics) (on leave)
J. Pickering; B.A.(Tor.), M.D., M.Sc.(McG.) (joint app't. with Medicine)  
R.W. Platt; M.Sc.(Man.), Ph.D.(Wash.) (joint app't. with Pediatrics)  
M. Rossignol; B.Sc., M.D.(Sher.), M.Sc.(McG)  
N. Steinmetz; B.Sc., M.D., C.M.(McG), M.P.H.(Mich.), F.R.C.P.(C)  
P. Toussignant; B.A., M.D.(Laval), M.Sc.(McG), F.R.C.P.(C) (PT)  

Assistant Professors  
A. Adrien; M.D., M.Sc.(McG)  
A. Benedetti; B.Sc., M.Sc., Ph.D.(McG)(joint app't. with Medicine)  
D. Buckeridge; M.D.(Que.), M.Sc.(Tor.), Ph.D.(Stan.) (Canada Research Chair)  
J. Cox; M.D.(Dal.), M.Sc.(McG). (joint app't. with Family Medicine)  
N. Dengdokru; M.Sc.(Indian I.T), Ph.D.(McG) (PT)  
E. Loucks; B.Sc., Ph.D.(Br. Col.) (joint app't. with Psychiatry)  
A. Manges, B.A.(Col.), M.P.H., Ph.D.(Calif., Berk.)  
E.E.M. Moodie; B.A.(Winn.); M.P.H.(Camb.), Ph.D.(Wash.)  
M. Pai; MBBS(Stanley Medical College), M.D.(Christian Medical College), Ph.D.(Calif., Berk.)  
L. Patry; B.Sc., M.D.(Laval), F.R.C.P.(C) (PT)  
A. Quesnel-Vallee; B.A., M.Sc.(Montr.), M.A., Ph.D.(Duke) (joint app't. with Sociology)  
E. Strumpf; B.A.(Srh.), Ph.D.(Harv) (joint app't. with Economics)  
G. Tan; D.Phil.(Oxf) (PT)  

Associate Members  
**Dentistry:** P. Allison, J. Feine; **Pediatrics:** G. Dougherty, B. Foster, G. Pekeles; **Family Medicine:** T. Tannenbaum; **Dietetics and Human Nutrition:** K. Gray-Donald; **Geography:** N. Ross; **Medicine:** A. Barkun, M. Behr, S. Bernatsky, T. Brewer, J. Bourbeau, P. Brassard, J. Brophy, A. Clarke, K. Dasgupta, P. Dobkin, M. Eisenberg, P. Ernst, M. Goldberg, S. Grover, S. Kahn, M. Klein, E. Latimer, J.D. MacLean, N. Mayo, L. Pilote, E. Rahme, K. Schwartzman, M. Sewitch, I. Shrier; **Pathology:** B. Case; **Psychiatry:** N. Schmitz  

**Lecturers**  
J.P. Gauvin, M. Malowany, B. Pathak, W. Wood  

**Instructors**  
P. Dubé  

**Adjunct Professors**  
**Direction régionale de la santé publique:** R. Allard, M. Baillargeon, Y. Bonnier-Viger, L. Drouin, R. Lessard, E. Robinson; **Hôpital Hôtel-Dieu:** J. Leloirer, Hôpital Sacré-Cœur; G. Daigneau; **CHU:** J. Berthelot; **U. de Montréal:** Y. Moride; J. Siemiatycki; **Cree Council of Quebec:** F. Richer; **Caro Research:** J. Caro; A. Alcan: I. Arnold, S. Martin; **Stabilis:** P. Simon; **Mount Sinai:** M. Baltzan; **INSPO:** R. Massé, P. Robillard, Y. Robitaille, S. Stock; **Univ. of Sherbrooke:** E. Roy, M. Schweigert, S. Arnold  

### 30.2 Programs Offered  

The Department of Epidemiology and Biostatistics offers four programs of study: Diploma, M.Sc. (thesis), M.Sc. (non-thesis) and Ph.D.  

Students in M.Sc. and Ph.D. degree programs may choose to follow a program of study in either of two streams: epidemiology or biostatistics. The differences between the streams are in specific course requirements and the focus of the thesis research.  

#### 30.3 Admission Requirements  

**Epidemiology Stream**  
Candidates for the Diploma and the M.Sc. degree must hold a bachelor's degree or equivalent, and those for a Ph.D. must hold a Master's degree in epidemiology and biostatistics or its equivalent. Exceptional students without a M.Sc. degree will be considered for Ph.D. admission starting with a qualifying year.  

Epidemiology as it is practised today is a highly quantitative field and requires a reasonable level of mathematical competency. Therefore, good knowledge of differential and integral calculus at the level of a first year undergraduate course is highly recommended. Students who would benefit from refreshing their calculus knowledge are encouraged to take a calculus course prior to admission in the department.  

**Biostatistics Stream**  
General: An undergraduate degree in mathematics or statistics or its equivalent (an honours degree is preferred but not required). At least three semesters of calculus, two of linear algebra, at least one but preferably two semesters of real analysis, and a full year course/sequence in mathematical statistics preferably at an honours level, e.g. MATH-356/357. Exposure to data analysis is an asset. The GRE (general portion), and the TOEFL when applicable, are required.  

M.Sc.: Students admitted into the M.Sc. program will, in general, meet the requirements above.  

Ph.D.: Exceptional students without an M.Sc. degree but with the above qualifications will be considered for Ph.D. admission starting with a qualifying year.  

### 30.4 Application Procedures  

When application is made to the Department at the M.Sc. level, students should clearly identify the M.Sc. or Ph.D. stream for which they wish to be considered.  

Completed applications, with all supporting documents, must reach the Department by February 1st of the year to which candidate is applying. Please download required documents from our Website: www.mcgill.ca/epi-biostat-ooc, click: Graduate Studies to link to degree programs.  

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate. Students who wish to apply for fellowships are advised to apply earlier than the February 1st deadline. Fellowship information is available at www.mcgill.ca/gps/fellowships.  

### 30.5 Program Requirements  

**Graduate Diploma in Epidemiology and Biostatistics**  
(30 credits)  

**Required Courses** (17 credits)  
EPIB 601* (4) Fundamentals of Epidemiology 1  
EPIB 607* (4) Inferential Statistics  
EPIB 650 (9) Diploma Dissertation  
* Students exempted from either of these courses must replace them with additional Complementary Course credits.  

**Complementary Courses** (13 credits)  
13 credits of course work, at the 500-level or higher, chosen in consultation with the student's academic advisor.  

**M.Sc. Degrees**  

The Department offers two programs of study towards an M.Sc. degree, the M.Sc. (thesis) and the M.Sc. (non-thesis). Both require completion of a minimum of 48 credits. The same courses are available to students in both programs; only the breadth and depth of knowledge acquired differs. Students in either program can choose to pursue an epidemiology stream or a biostatistics stream that includes MATH courses described in the entry.  

**M.Sc. in Epidemiology and Biostatistics (Thesis) – Epidemiology Stream** (48 credits)  

**Required Courses** (21 credits)  
EPIB 601 (4) Fundamentals of Epidemiology 1  
EPIB 602 (3) Fundamentals of Epidemiology 2  
EPIB 603 (3) Intermediate Epidemiology  
EPIB 605 (1) Practicum  
EPIB 607 (4) Inferential Statistics  
EPIB 613 (1) Introduction to Statistical Software  
EPIB 621 (4) Data Analysis in Health Sciences  
EPIB 634 (1) Data Analysis Computer Lab  

---
Students exempted from any of the courses listed above must replace them with additional Complementary Course credits. **Complementary Courses** (3 credits) 3 credits of course work, at the 500-level or higher, chosen in consultation with the student's academic advisor or supervisor. **Thesis Component – Required** (24 credits) EPIB 690 (24) M.Sc. Thesis **Biostatistics Stream** (48 credits) **Required Courses** (24 credits) BIOS 601 (4) Epidemiology: Introduction and statistical models BIOS 602 (4) Epidemiology: Regression Models MATH 523 (4) Generalized Linear Models MATH 533 (4) Honours Regression and Analysis of Variance MATH 556 (4) Mathematical Statistics 1 MATH 557 (4) Mathematical Statistics 2 Students exempted from any of the courses listed above must replace them with additional Complementary Course credits. **Thesis Component – Required** (24 credits) EPIB 690 (24)M.Sc. Thesis **M.Sc. in Epidemiology and Biostatistics (Non-Thesis) – Epidemiology Stream** (48 credits) **Required Courses** (21 credits) EPIB 601 (4) Fundamentals of Epidemiology 1 EPIB 602 (3) Fundamentals of Epidemiology 2 EPIB 603 (3) Intermediate Epidemiology EPIB 605 (1) Practicum EPIB 607 (4) Inferential Statistics EPIB 613 (1) Introduction to Statistical Software EPIB 621 (4) Data Analysis in Health Sciences EPIB 634 (1) Data Analysis Computer Lab Students exempted from any of the courses listed above must replace them with additional Complementary Course credits. **Complementary Courses** (21 credits) 21 credits of graduate-level course work, chosen in consultation with the student's academic advisor or supervisor. **Project Component – Required** (6 credits) EPIB 630 (6) Research Project in Epidemiology **Biostatistics Stream** (48 credits) **Required Courses** (24 credits) BIOS 601 (4) Epidemiology: Introduction and statistical models BIOS 602 (4) Epidemiology: Regression Models MATH 523 (4) Generalized Linear Models MATH 533 (4) Honours Regression and Analysis of Variance MATH 556 (4) Mathematical Statistics 1 MATH 557 (4) Mathematical Statistics 2 Students exempted from any of the courses listed above must replace them with additional Complementary Course credits. **Complementary Courses** (18 credits) 18 credits of graduate-level course work, chosen in consultation with the student's academic advisor or supervisor. **Project Component – Required** (6 credits) EPIB 630 (6) Research Project in Epidemiology **Ph.D. Degree in Epidemiology and Biostatistics** Students in both streams **Required Courses** (0 credits) EPIB 701 (0) Ph.D. Comprehensive Examination or BIOS 701 (0) PhD Comprehensive Examination EPIB 702 (0) PhD Proposal or BIOS 702 (0) PhD Proposal **Complementary Courses** (45 - 46 credits) Students in the Epidemiology stream: 21 credits* from the following: EPIB 601 (4) Fundamentals of Epidemiology 1 EPIB 602 (3) Fundamentals of Epidemiology 2 EPIB 603 (3) Intermediate Epidemiology EPIB 605 (1) Practicum EPIB 607 (4) Inferential Statistics EPIB 613 (1) Introduction to Statistical Software EPIB 621 (4) Data Analysis in Health Sciences EPIB 634 (1) Data Analysis Computer Lab * If a student has not already successfully completed them or their equivalent. **12 credits** from the following: EPIB 608 (3) Advanced Epidemiology EPIB 609 (3) Seminar on Advanced Methods in Epidemiology EPIB 622 (3) Scientific Communication EPIB 623 (3) Research Design in Health Sciences **AND 12 credits** of course work, at the 500-level or higher, of which a minimum of 3 credits in biostatistics, 3 credits in substantive topic and 3 credits in epidemiology. Courses must be chosen and approved in consultation with the student's academic advisor. EPIB 525 (3) Health Care Systems in Comparative Perspective EPIB 626 (3) Risks and Hazards in Epidemiology EPIB 627 (3) Analysis of correlated Data EPIB 628 (3) Measurement in Epidemiology EPIB 631 (3) Pharmacoepidemiology 2 EPIB 633 (3) Pharmacoepidemiology 1 EPIB 635 (3) Clinical Trials EPIB 638 (3) Global Health & Social Policy EPIB 647 (3) Analysis Temporal & Spatial Data EPIB 655 (3) Epidemiology in Public Health Students in the Biostatistics stream: **28** credits from the following: BIOS 601 (4) Epidemiology: Introduction and statistical models BIOS 602 (4) Epidemiology: Regression Models BIOS 624 (4) Data Analysis & Report Writing MATH 523 (4) Generalized Linear Models MATH 533 (4) Honours Regression and Analysis of Variance MATH 556 (4) Mathematical Statistics 1 MATH 557 (4) Mathematical Statistics 2 ** If a student has not already successfully completed them or their equivalent. **AND 12 credits**, at the 500-level or higher, in statistics/biostatistics, **AND 6 credits**, at the 500 level or higher, in related fields (e.g. epidemiology, social, biomedical sciences). Courses must be chosen and approved in consultation with the student's academic advisor. **THESIS** Students in both streams Submit a thesis judged to be an original contribution to knowledge. **30.6 Courses** Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors. Information is also available on the Departmental Website: www.mcgill.ca/epi-biostat, click: graduate studies, click: timetable. **Courses with numbers ending D1 and D2** are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.
EPIB 605 PRACTICUM. Logic research, and interaction.

This course gives students the opportunity to integrate knowledge from and apply principles covered in courses EPIB 606 and EPIB 607. This course aims to provide a comprehensive introduction to epidemiologic concepts and corresponding terms. After an introduction to the history, definition, and purposes of epidemiology, "core" concepts that are relevant in several areas of investigation (e.g. etiologic research, health care research, and community medicine practice) will be presented.

EPIB 606 INTERMEDIATE EPIDEMIOLOGY. Principles of measurement of exposures, covariates, and outcomes in epidemiological research, including design and conduct of surveys; chronic and infectious disease surveillance; screening and diagnostic tests; and diagnostic methods.

EPIB 608 ADVANCED EPIDEMIOLOGY. Discussion of methodologic issues in the recent literature, including causal inference, measures of disease frequency, measures of effect, epidemiologic study designs, biases, statistics in epidemiologic research, and special topics. Discussion of day to day practice of epidemiology. Offered in alternate years or yearly depending on demand.

Note: Special students and students from other departments or universities require the permission of the course instructor. The course credit weight is given in parenthesis after the title.

EPIB 607 INFERENTIAL STATISTICS. Introduction to the basic principles of statistical inference used in clinical and epidemiologic research. Topics include variability; methods of processing and describing data; sampling and sampling distributions; inferences regarding means and proportions, non-parametric methods, regression and correlation.

EPIB 622 SCIENTIFIC COMMUNICATION. (3) (Note: Enrolment in Epidemiology PhD program or permission of instructor.) This course considers principles of scientific writing and oral communications. The components of a scientific paper are reviewed, as well as elements of style. Basic elements of oral presentation to scientific audiences will also be addressed.

EPIB 626 RISKS AND HAZARDS IN EPIDEMIOLOGY. (3) (Prerequisites: EPIB 621 and EPIB 681) Classical and modern methods of analysis for survival, cohort, and case-control studies. Emphasis on the similarity of models used in the analyses of these studies. Hazard functions. Relative-risk functions. Regression modelling. Likelihood function. Interpretation of statistical parameters.

EPIB 627 ANALYSIS OF CORRELATED DATA. (3) (Prerequisites: EPIB 603, EPIB 621, EPIB 634 or permission of instructor.) This course will provide a basic introduction to methods for analysis of correlated, or dependent, data. These data arise when observations are not gathered independently; examples are longitudinal data, household data, cluster samples, etc. Basic descriptive methods and introduction to regression methods for both continuous and discrete outcomes.

EPIB 632 PHARMACOEPIDEMIOLOGY 2. (2) (Offered only in Summer term) This course is an advanced course on the methodology to be used when confronted with an alleged adverse or beneficial event related to a drug, a vaccine or a biological product. It includes four parts: i) designs for etiologic research; ii) surveillance (modelling, statistical appraisal); iii) hazard functions in pharmacoepidemiology; iv) exposure assessment.

EPIB 633 PHARMACOEPIDEMIOLOGY 1. (2) (Offered only in Summer Term) This course is an introduction to epidemiological thinking as it applies to the evaluation of the effects of drugs on the health of populations. It is composed of four parts: i) assessment of adverse event reports; ii) basic designs for pharmacoeconomic investigations; iii) data gathering in pharmacoepidemiology; iv) introduction to the use of epidemiologic methods for the assessment of benefits and economic impacts of drug.

EPIB 634 DATA ANALYSIS COMPUTER LAB. (1) (Prerequisites: EPIB 606, EPIB 607, and EPIB 613.) (Corequisite: EPIB 621.) Computer lab for the multivariable regression analyses, using statistical software packages such as SAS.

EPIB 635 CLINICAL TRIALS. (3) (Prerequisites: EPIB 606, EPIB 607) (Prerequisites: EPIB 601 and EPIB 607) (Prerequisites: EPIB 606, EPIB 607) (Prerequisites: EPIB 606, EPIB 607) Lectures and discussions on issues, approaches and techniques of clinical trials including assessment of feasibility, ethics, randomization, strengths and weaknesses of alternative designs, sample size requirements, protocol development, trial management and analysis, reporting and interpretation of trial results.
EPIB 637 INFECTIOUS AND PARASITIC DISEASE EPIDEMIOLOGY. (3) (Offered only in Summer term.) (Prerequisites: EPIB 606 or equivalent) This course provides in-depth review of principles of infectious disease epidemiology and illustrates these using local and global infections of current importance. Students will gain an understanding of principles of infectious disease epidemiology and how they apply to infections in both temperate and tropical areas.

EPIB 638 GLOBAL HEALTH & SOCIAL POLICY. (3) (Restriction: Enrolment limit 25; not open to students who are taking or have taken POLI 638.) Formal methods used in policy analysis, role of politics and conditions under which research on global health and social policy is used by decision makers.

EPIB 641 SUBSTANTIVE EPIDEMIOLOGY 1. (1) Designed to give students an overview of a major disease or health problem. Students will develop their knowledge of a topic regarding 1) key definitions, concepts and indicators useful in study of the problem; 2) epidemiology of problem, 3) major studies of interventions designed to address the problem. Topics currently offered include cancer, injury prevention and heart disease but not all are offered in each semester.

EPIB 642 SUBSTANTIVE EPIDEMIOLOGY 2. (1) Designed to give students an overview of a major disease or health problem. Students will develop their knowledge of a topic regarding 1) key definitions, concepts and indicators useful in study of the problem; 2) epidemiology of problem, 3) major studies of interventions designed to address the problem. Topics currently offered include cancer, injury prevention and heart disease but not all are offered in each semester.

EPIB 643 SUBSTANTIVE EPIDEMIOLOGY 3. (1) Designed to give students an overview of a major disease or health problem. Students will develop their knowledge of a topic regarding 1) key definitions, concepts and indicators useful in study of the problem; 2) epidemiology of problem, 3) major studies of interventions designed to address the problem. Topics currently offered include cancer, injury prevention and heart disease but not all are offered in each semester.

EPIB 644 SUBSTANTIVE EPIDEMIOLOGY 4. (1) Designed to give students an overview of a major disease or health problem. Students will develop their knowledge of a topic regarding 1) key definitions, concepts and indicators useful in study of the problem; 2) epidemiology of problem, 3) major studies of interventions designed to address the problem. Topics currently offered include cancer, injury prevention and heart disease but not all are offered in each semester.

EPIB 645 SUBSTANTIVE EPIDEMIOLOGY 5. (1) Designed to give students an overview of a major disease or health problem. Students will develop their knowledge of a topic regarding 1) key definitions, concepts and indicators useful in study of the problem; 2) epidemiology of problem, 3) major studies of interventions designed to address the problem. Topics currently offered include cancer, injury prevention and heart disease but not all are offered in each semester.

EPIB 646 EVALUATION OF HEALTH SERVICES. (3) (Course offered only in some years) (Prerequisites: EPIB 606, EPIB 607) This course will present methodologies for the evaluation of health services, and illustrate these approaches with a variety of clinical and community services. Topics will include: levels of evaluation, evaluation design, identification and measurement of key variables, and practical aspects of evaluation.

EPIB 647 ANALYSIS TEMPORAL & SPATIAL DATA. (3) (Prerequisites: EPIB 603 and EPIB 621 or permission of instructor.) This course focuses on the computational management and analysis of large data sets in epidemiology. We will consider data storage and retrieval, prospective temporal and spatial analysis, and the evaluation of pattern detection.

EPIB 650 DIPLOMA DISSERTATION. (9) A scholarly paper tailored to the student's interests and approved by the student's supervisor.

EPIB 651 SELECTED TOPICS IN BIOSTATISTICS 1. (1) The purpose of this 1-credit course is to cover specific methodologic topics in more detail than is given in the main courses on statistical methods. Topics currently offered include "Biometric Methods in Occupational Epidemiology" and "Practical Considerations of Statistical Power".

EPIB 652 SELECTED TOPICS IN BIOSTATISTICS 2. (1) The purpose of this 1-credit course is to cover specific methodologic topics in more detail than is given in the main courses on statistical methods. Topics currently offered include "Biometric Methods in Occupational Epidemiology" and "Practical Considerations of Statistical Power".

EPIB 654 PHARMACOEPIDEMIOLGY 4. (2) (Offered only in Summer term.) (Prerequisites: EPIB 606, EPIB 607 or permission of instructor) The utility of epidemiological techniques for the assessment of drug benefits after their marketing is presented. The course is composed of four parts: (i) methodology of Phase IV studies (efficacy and effectiveness studies); (ii) measurement of quality of life; (iii) evaluation of the economic impact of drugs; (iv) assessment of the effects of drugs and vaccines on the public health system.

EPIB 655 EPIDEMIOLOGY IN PUBLIC HEALTH. (3) (Prerequisites: EPIB 606, EPIB 607) The course is structured around a model of the cycle of public health research, including the surveillance of the health status, identification of modifiable risk factors and the evaluation of public health interventions. The course demonstrates the specific contribution of various disciplines to public health research, including statistics, demography, sociology and epidemiology.

EPIB 656 HEALTH CARE TECHNOLOGY ASSESSMENT. (3) The objectives, principles, and methods of health care technology assessment will be examined and related to the policy process accompanying the diffusion of health care technology.

EPIB 658 TOPICS IN BIOSTATISTICS 1. (1) The purpose of this 1-credit course is to cover specific methodologic topics in more detail than is given in the main courses on statistical methods. Topics to be offered may vary from year to year.

EPIB 659 TOPICS IN BIOSTATISTICS 2. (1) The purpose of this 1-credit course is to cover specific methodologic topics in more detail than is given in the main courses on statistical methods. Topics to be offered may vary from year to year.

EPIB 660 PRACTICAL ASPECTS: PROTOCOL DEVELOPMENT. (3) (Offered only in Summer term.) (Prerequisites: EPIB 606, EPIB 607 or permission of instructor.) The course is designed to give students working in groups the opportunity to develop, under guidance and criticism from instructors and fellow students, a protocol addressing a research question in their field of interest.

EPIB 661 PHARMACOEPIDEMIOLGY 3. (2) (Offered only in Summer term.) (Prerequisites: EPIB 631, EPIB 633 or permission of instructor) In this course, students are confronted with real examples of pharmaco-epidemiologic problems. Flagship studies in pharmacoepidemiology are reviewed in terms of protocol, design issues, data collection, statistical analysis and interpretation of results.

EPIB 662 HEALTH IN DEVELOPING COUNTRIES. (3) (Offered only in Summer term.) (Prerequisites: EPIB 606 or equivalent) This course will provide an introduction to health issues in developing countries, including major health problems, health determinants and strategies to improve health status. Due emphasis will be given to the primary health care strategy and to the impact of other sectors of development on health. Examples of the work of communities, ministries, non-government organizations and international agencies will be presented and discussed with particular references to issues of burden of disease, effectiveness and efficiency, feasibility, priority setting, sustainability and management.

EPIB 663 SUBSTANTIVE EPIDEMIOLOGY 6. (1) Designed to give students an overview of major disease or health problem, disease or substantive area. The students will develop their knowledge of the topic regarding 1) The key definition, concepts and indicators useful in the study of the problem; 2) The epidemiology of the problem, and 3) Major studies of interventions designed to address the problems.
EPIB 665 SUBSTANTIVE EPIDEMIOLOGY 8. (1) Designed to give students an overview of major disease or health problem, disease or substantive area. The students will develop their knowledge of the topic regarding 1) The key definition, concepts and indicators useful in the study of the problem; 2) The epidemiology of the problem, and 3) Major studies of interventions designed to address the problems.

EPIB 666 SUBSTANTIVE EPIDEMIOLOGY 9. (1) Designed to give students an overview of major disease or health problem, disease or substantive area. The students will develop their knowledge of the topic regarding 1) The key definition, concepts and indicators useful in the study of the problem; 2) The epidemiology of the problem, and 3) Major studies of interventions designed to address the problems.

EPIB 668 SPECIAL TOPICS 1. (2) Study, through lectures, guided reading, practicals, assignments etc., of an elected and approved topic of epidemiologic importance.

EPIB 669 SPECIAL TOPICS 2. (2) Study, through lectures, guided reading, practicals, assignments etc., of an elected and approved topic of epidemiologic importance.

EPIB 669D1 (1), EPIB 669D2 (1) SPECIAL TOPICS 2. (Students must register for both EPIB 669D1 and EPIB 669D2) Study, through lectures, guided reading, practicals, assignments etc., of an elected and approved topic of epidemiologic importance.

EPIB 670 SPECIAL TOPICS 3. (2) Study, through lectures, guided reading, practicals, assignments etc., of an elected and approved topic of epidemiologic importance.

EPIB 671 SPECIAL TOPICS 4. (2) Study, through lectures, guided reading, practicals, assignments etc., of an elected and approved topic of epidemiologic importance.

EPIB 672 SPECIAL TOPICS 5. (2) Study, through lectures, guided reading, practicals, assignments etc., of an elected and approved topic of epidemiologic importance.

EPIB 675 SPECIAL TOPICS. (3) Study, through lectures, guided reading, practicals, assignments etc., of an elected and approved topic of epidemiologic importance.

EPIB 676 SPECIAL TOPICS. (3) Study, through lectures, guided reading, practicals, assignments etc., of an elected and approved topic of epidemiologic importance.

EPIB 677 SPECIAL TOPICS. (3) Study, through lectures, guided reading, practicals, assignments etc., of an elected and approved topic of epidemiologic importance.

BIOS 602 EPIDEMIOLOGY: REGRESSION MODELS.(4) (Prerequisites: Permission of instructor. MATH 556 and BIOS 601, or their equivalents.) Multivariable regression models for proportions, rates and their differences/ratios; Conditional logistic regression; Proportional hazards and other parametric/semi-parametric models; unmatched, nested, and self-matched case-control studies; links to cox's method; Rate ratio estimation when "time-dependent" membership in contrasted categories.

BIOS 612 ADVANCED GENERALIZED LINEAR MODELS.(4) (Prerequisites: BIOS 611 or MATH 533; and MATH 523, or equivalents.) Statistical methods for multinomial outcomes, overdispersion, and continuous and categorical related data; approaches to inference (estimating equations, likelihood-based methods, semi-parametric methods); analysis of longitudinal data; theoretical content and applications.

BIOS 624 DATA ANALYSIS & REPORT WRITING.(4) (Prerequisites: MATH 533 Analysis of Variance and Regression. MATH 523 Generalized Linear Models.) Common data-analytic problems. Practical approaches to complex data. Graphical and tabular presentation of results. Writing reports for scientific journals, research collaborators, consulting clients.

BIOS 630 RESEARCH PROJECT/PRACTICUM IN BIOSTATISTICS.(6) (Restriction: Limited to non-thesis M.Sc. students who have completed requirements.) Critical appraisal of the biostatistical literature related to a specific statistical methodology. Topic to be approved by faculty member who will direct student and evaluate the paper.

BIOS 690 M.Sc. THESIS.(24) A review, appraisal of the performance, or application of, selected biostatistical methods, carried out under supervision.

BIOS 701 PH.D COMPREHENSIVE EXAMINATION.(0) The comprehensive exam is given in two parts. The objective is to assess the degree to which students have been able to assimilate and apply statistical theory and methods for biostatistics. The first part (written exam) is held twice yearly and addresses statistical theory. The second part (take-home exam) is held once yearly and addresses applied biostatistics.

BIOS 702 PH.D COMPREHENSIVE EXAMINATION (Note: Required for PhD students) Essential skills for thesis writing and defence, including essential elements of research proposals, methodological development and application, and presentation.

Chair — S. Kermasha
Chair of Graduate Program — S. Kermasha

31.1 Staff

Professors
I. Alli; B.Sc.(Guy.), M.Sc., Ph.D.(McG.)
W.D. Marshall; B.Sc.(New Br.), Ph.D.(McM.)
H. Ramaswamy; B.Sc.(B'lore), M.Sc., Ph.D.(Br. Col.)
F.R. van de Voort; B.Sc., M.Sc., Ph.D.(Br. Col.)

Associate Professors
A.A. Ismail; B.Sc., Ph.D.(McG.)
S. Kermasha; B.Sc.(Baghdad), C.E.S, D.E.A, D.Sc.(Nancy)
B.K. Simpson; B.Sc.(Ghana), Ph.D.(Nfld.)
31.2 Programs Offered

M.Sc. (Non-Thesis), M.Sc. (Thesis) and Ph.D.

The Department has laboratory and research facilities required for research leading to the degree of Master of Science and Doctor of Philosophy in the field of food science, specifically in the chemical, biochemical and analytical aspects thereof.

31.3 Admission Requirements

Applicants to the M.Sc. programs must be graduates of a university of recognized reputation and hold a B.Sc. in Food Science or a related discipline such as Chemistry, Biochemistry, or Microbiology with a minimum cumulative grade point average (CGPA) of 3.0/4.0 (second class-upper division) and 3.2/4.0 during the last two years of full-time university study. Applicants to the Ph.D. program must hold a M.Sc. degree in Food Science or related areas with a minimum CGPA of 3.4 and 3.2 for the last two years in their B.Sc. degree. High grades are expected in courses considered by the academic unit to be preparatory to the graduate program.

31.4 Application Procedures

Applicants for graduate studies must forward supporting documents to:

Department of Food Science and Agricultural Chemistry
Macdonald Campus of McGill University
21,111 Lakeshore
Sainte-Anne-de-Bellevue, QC H9X 3V9
Canada

Telephone: (514) 398-7898
Fax: (514) 398-7977
E-mail: foodscience.macdonald@mcgill.ca

Applications will be considered upon receipt of a completed application form, $80 application fee, and the following supporting documents:

Transcripts - Two official copies of all university level transcripts with proof of degree(s) granted. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant's university is essential. It is the applicant's responsibility to arrange for transcripts to be sent.

It is desirable to submit a list of the titles of courses taken in the major subject, since transcripts often give code numbers only. Applicants must be graduates of a university of recognized reputation and hold a Bachelor's degree equivalent to a McGill Honours degree in a subject closely related to the one selected for graduate work. This implies that about one-third of all undergraduate courses should have been devoted to the subject itself and another third to cognate subjects.

Letters of Recommendation - Two letters of recommendation on letterhead (official paper) of originating institution or bearing the university seal and with original signatures from two instructors familiar with the applicant's work, preferably in the applicant's area of specialization. It is the applicant's responsibility to arrange for these letters to be sent.

Competency in English - Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English, by appropriate exams, e.g., TOEFL (minimum score 550 on the paper-based test, 213 on the computer-based test or 86 on the Internet-based test with each component not less than 20) or IELTS (minimum overall band 6.5). The MCHE is not considered equivalent. Results must be submitted as part of the application. The University code is 0935 (McGill University, Montreal); please use Department code 31(Graduate Schools), Biological Sciences-Agriculture, to ensure that your TOEFL reaches this office without delay.

Graduate Record Exam (GRE) - The GRE is not required, but it is highly recommended.

DOCUMENTS SUBMITTED WILL NOT BE RETURNED.

Application Fee (non-refundable) - A fee of $80 Canadian must accompany each application (including McGill students), otherwise it cannot be considered. This sum must be remitted using one of the following methods:

1. Credit card (by completing the appropriate section of the application form). NB: online applications must be paid for by credit card.
2. Certified cheque in Cdn.$ drawn on a Canadian bank.
5. U.S. Money Order in U.S.$.
6. An international draft in Canadian funds drawn on a Canadian bank requested from the applicant's bank in his/her own country.

Deadlines – Applications must be submitted by June 1 and all supporting documents must reach the Department no later than June 15 (March 1 for International) for the Fall Term (September); October 15 (July 1 for International) for the Winter Term (January); February 15 (December 15 for International) for the Summer Term (May). It may be necessary to delay review of the applicant's file until the following admittance period if application materials including supporting documents are received after these dates. International applicants are advised to apply well in advance of the deadline because immigration procedures may be lengthy. Applicants are encouraged to make use of the online application form available on the Web at www.mcgill.ca/applying/graduate.

Financial aid is very limited and highly competitive. It is suggested that students give serious consideration to their financial planning before submitting an application.

Acceptance to all programs depends on a staff member agreeing to serve as the student's supervisor and the student obtaining financial support. Normally, a student will not be accepted unless adequate financial support can be provided by the student and/or the student's supervisor. Academic units cannot guarantee financial support via teaching assistantships or other funds.

Qualifying Students – Some applicants whose academic degrees and standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the subject selected may be admitted to a Qualifying Program if they have met the Graduate and Postdoctoral Studies Office minimum CGPA of 3.0/4.0. The course(s) to be taken in a Qualifying Program will be prescribed by the academic unit concerned. Qualifying students are registered in graduate studies, but not as candidates for a degree. Only one qualifying year is permitted. Successful completion of a qualifying program does not guarantee admission to a degree program.

31.5 Program Requirements

M.Sc. in Food Science and Agricultural Chemistry (Non-Thesis) (45 credits)

This 45-credit program is offered to candidates who seek further training in Food Science but do not wish to pursue independent research. These credits are obtained through a combination of course work.

The residence time for a M.Sc. degree (Non-thesis) is three academic terms.

Required Courses (15 credits)

FDSC 695 (3) Graduate Seminar 1
FDSC 696 (3) Graduate Seminar 2
FDSC 697 (4.5) M.Sc. Project Part 1
FDSC 698 (4.5) M.Sc. Project Part 2

Complementary Courses (30 credits)
A minimum of five courses (15 credits) must be selected from the following list. The remaining credits (at the 500/600 level) are chosen in consultation with the supervisory committee.

AGRI 510 (3) Professional Practice
FDSC 515 (3) Enzyme Thermodynamics/Kinetics
FDSC 519 (3) Advanced Food Processing
FDSC 520 (3) Biophysical Chemistry of Food
FDSC 530 (3) Advanced Analytical Chemistry
FDSC 535 (3) Food Biotechnology
FDSC 536 (3) Food Traceability
FDSC 537 (3) Nutraceutical Chemistry
FDSC 538 (3) Food Science in Perspective
FDSC 539 (3) Food Toxins & Toxicants
FDSC 651 (3) Food Analysis 1
FDSC 652 (3) Food Analysis 2
NUTR 512 (3) Herbs, Foods and Phytochemicals

M.Sc. in Food Science and Agricultural Chemistry (Thesis) (45 credits)
For candidates entering the M.Sc. program without restrictions, i.e., those not requiring a qualifying term/year, the M.Sc. degree consists of 45 graduate credits. These credits are obtained through a combination of graduate courses and a research thesis.

The residence time for a M.Sc. degree is three academic terms based on unqualified entry into the M.Sc. program and students are encouraged to complete their studies within this time frame.

Required Courses (6 cr edits)
FDSC 695 (3) Graduate Seminar 1
FDSC 696 (3) Graduate Seminar 2

Complementary Courses (9 credits)
At least 9 credits, normally from 500- or 600-level Departmental courses.

Thesis Component – Required (30 credits)
FDSC 690 (6) M.Sc. Literature Review
FDSC 691 (7) M.Sc. Research Protocol
FDSC 692 (15) M.Sc. Thesis

Ph.D. in Food Science and Agricultural Chemistry
Candidates will be judged principally on their ability in research. Course work will be arranged in consultation with the departmental graduate advisory committee. Candidates should be prepared to take the Comprehensive Preliminary Examination by the end of the second year in which they are candidates for the Ph.D. degree.

Required Courses (9 credits)
FDSC 725 (3) Advanced Topics in Food Science
FDSC 797 (3) Graduate Seminar 3
FDSC 798 (3) Graduate Seminar 4

Comprehensive
FDSC 700 (0) Comprehensive Preliminary Examination

Thesis

31.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

★ Denotes courses taught only in alternate years.

★ FDSC 515 ENZYME THERMODYNAMICS/ KINETICS. (3) (Winter) (Prerequisites: FDSC 211 and FDSC 233 or instructor’s permission) (Course offered in odd years. Check with Graduate adviser.)

Selected advanced topics on the biophysical and kinetic aspects of enzymatic reactions, particularly the fundamentals and applications of laws of biothermodynamics, biochemical equilibrium, electrochemistry and biochemical kinetics as related to the enzymatic reactions.

★ FDSC 519 ADVANCED FOOD PROCESSING. (3) (Winter) (3 lectures) (Prerequisite: FDSC 330) (Course offered in even years (check with Graduate Advisor)) Advanced technologies associated with food processing studied in more detail. Topics include food irradiation, reverse osmosis, super critical fluid extraction and extrusion.

★ FDSC 520 BIOPHYSICAL CHEMISTRY OF FOOD. (3) (Fall) (3 lectures) (Prerequisite: FDSC 233) (Course offered in even years. Check with Graduate Advisor.) This course will cover recent advances in the application of spectroscopic techniques, including infrared, Raman, near-infrared, circular dichroism, and fluorescence spectroscopy, to the study of biomolecules of relevance to food. Particular emphasis will be placed on the molecular basis of structure-function and structure-functionality relationships.

★ FDSC 530 ADVANCED ANALYTICAL CHEMISTRY. (3) (Fall) (3 lectures) (Prerequisite: FDSC 213) (Course offered in odd years (check with Graduate Advisor)) Selected instrumental methodologies including advances in automated chromatography, wide band NMR, chemical sensors, and the application of other spectroscopic techniques to the analysis of food constituents.

FDSC 535 FOOD BIOTECHNOLOGY. (3) (Fall) (3 lectures) (Prerequisite: MICR 230) Developments in biotechnology as it relates to food production and processing concerning traditional food fermentations as well as novel food biotechnology enzymes, ingredients, genetic engineering, plant tissue culture and developments for microbiological and food analysis.

★ FDSC 536 FOOD TRACEABILITY. (3) (Winter) (Prerequisite: FDSC 425 or by Instructor’s permission.) Concepts and processes associated with the identification, tracking and tracing food forward and backward through the food continuum.

★ FDSC 537 NUTRACEUTICAL CHEMISTRY. (3) (Fall) (Prerequisites: FDSC 230, FDSC 233, FDSC 211 or by Instructor’s permission.) The origin, classification, mechanism of action and chemical properties of potential and established nutraceutical compounds and their applications in functional foods.

FDSC 538 FOOD SCIENCE IN PERSPECTIVE. (3) (Restriction: Not open to students with an undergraduate degree in Food Science or currently majoring in Food Science. Open to U3 students and above.) Food industry, food properties, nutritive aspects, quality factors, and key preservation processes, with self-study linking these elements directly to specific commodities and product groups, their characteristics, chemistry and distinct manufacturing processes.

FDSC 634 FOOD TOXINS & TOXICANTS. (3) (Prerequisite: FDSC 213 or permission of instructor.) Toxins and toxicant residues in food are explored from an analytical perspective. New techniques of analysis and strategies are emphasized.

FDSC 651 PRINCIPLES OF FOOD ANALYSIS 2. (3) (Fall) (3 lectures; one 3-hour lab) (Prerequisite: Permission of instructor.) The fundamentals of food analysis are presented with the emphasis on the major food components. Topics include: sampling, method selection, official methods, proximate analysis, moisture, protein, fat, ash, fiber, carbohydrates, vitamins, nutraceutical compounds and infra-red analyses.

FDSC 652 SEPARATION TECHNIQUES IN FOOD ANALYSIS 2. (3) (Winter) (3 lectures; one 3-hour lab) (Prerequisite: Permission of instructor.) Advanced detailed treatment of the principal chromatographic and electrophoretic techniques associated with the analysis of carbohydrate, lipid and protein constituents of food.

FDSC 690 M.Sc. LITERATURE REVIEW. (8) Master of Science literature review.

FDSC 691 M.Sc. RESEARCH PROTOCOL. (7) Master of Science research protocol.
FRENCH LANGUAGE AND LITERATURE

FDS 692 M.Sc. THESIS. (15) Master of Science research portion of the M.Sc. thesis based on results obtained from the research phase of the M.Sc. thesis. Satisfactory completion of the M.Sc. Thesis, its approval by reviewers and acceptance by the Graduate and Postdoctoral Studies Office is required to pass the course.

FDS 695 GRADUATE SEMINAR 1. (3) Presentation on a selected topic, research proposal or research results based on progress in degree work (M.Sc.1).

FDS 696 GRADUATE SEMINAR 2. (3) Presentation on a selected topic, research proposal or research results based on progress in degree work (M.Sc.2).

FDS 697 M.Sc. PROJECT PART 1. (4.5) (Restriction: Must be registered in the M.Sc. in Food Science and Agricultural Chemistry; Non-Thesis-Food Science.) A critical review of the current state of knowledge of some aspect of Food Science or Technology.

FDS 698 M.Sc. PROJECT PART 2. (4.5) (Prerequisite: FDS 697.) (Restriction: Must be registered in the M.Sc. in Food Science and Agricultural Chemistry; Non-Thesis-Food Science.) A critical review of the current state of knowledge of some aspects of Food Science or Technology.

FDS 700 COMPREHENSIVE PRELIMINARY EXAMINATION. (0) (See Faculty Regulations)

FDS 725 ADVANCED TOPICS IN FOOD SCIENCE. (3) (Restrictions: Restricted to Ph.D. students in Food Science. Not open to students who have taken FDS 625.) Selected subjects related to advancements taking place in the discipline of Food Science will be studied to gain an in-depth understanding of their principles, application and potential impact.

FDS 797 GRADUATE SEMINAR 3. (3) Presentation on a selected topic, research proposal or research results based on progress in degree work (Ph.D.).

FDS 798 GRADUATE SEMINAR 4. (3) Presentation on a selected topic, research proposal or research results based on progress in degree work (Ph.D.).

P. Brissette; M.A.(Montr.), Ph.D.(McG.)
C. Leclerc; M.A., Ph.D.(O’dia)

32.2 Programmes

M.A. avec mémoire et sans mémoire, et Ph.D.

32.3 Conditions d’admission

Propédeutique
Peuvent être admis en Propédeutique les étudiants titulaires d’un B.A. avec concentration en littérature française, québécoise ou francophone (“Major”), qui sont alors tenus de s’inscrire à temps complet à un programme de 8 cours de premier cycle, établi lors de leur inscription.

M.A.
Pour être admis directement en M.A., le candidat doit être titulaire d’un B.A. avec spécialisation en littérature française, québécoise ou francophone, ou en traduction (“Honours”), ou d’un B.A. avec double spécialisation (“Joint Honours”). Le candidat doit également présenter un très bon dossier académique, soit une moyenne d’au moins 70%; le B.A. ne donne pas automatiquement droit à l’admission.

Ph.D.
Pour être admis au programme de Ph.D. le candidat doit satisfaire aux conditions suivantes:

1) Être titulaire d’un M.A. en littérature française, québécoise ou francophone, ou l’équivalent; avoir obtenu au cours de sa scolarité de maîtrise une moyenne d’au moins 75 %.

2) Présenter un projet d’étude, en français, indiquant avec une certaine précision le domaine et la méthodologie de la recherche qu’il envisage de poursuivre pour sa thèse de doctorat et le nom du professeur sous la direction duquel il souhaite travailler. La Commission des admissions sera mieux à même de juger, d’après ce projet, du sérieux du candidat et de ses aptitudes à la recherche littéraire avancée.

32.4 Demande d’admission

En plus de deux lettres de recommandation et des relevés de notes officiels, les étudiants de l’extérieur du Département doivent fournir un échantillon de travail écrit, en français.

Le formulaire de demande d’admission par le Web est disponible pour tous les candidats aux études supérieures à l’adresse suivante: www.mcgill.ca/applying/graduate. Pour obtenir un formulaire papier, s’adresser au Secrétariat des études de 2e et 3e cycles et de la recherche du Département.

32.5 Programme d’études

Maîtrise
Le programme de maîtrise est à la fois un programme complet en soi et une première étape vers le Ph.D. Il vise deux buts également importants:

1) Permettre à l’étudiant de compléter et d’approfondir ses connaissances de l’ensemble du domaine littéraire grâce à un
programme d'enseignement portant sur les littératures française et québécoise de même que sur une variété de sujets connexes: théorie littéraire, histoire de la langue, civilisation, etc.

2) Favoriser l'apprentissage de la recherche et un début de spécialisation de la part de l'étudiant qui suit des séminaires d'initiation à la recherche littéraire et, soit rédige un mémoire, soit exécute d'autres travaux de recherche sous la direction des professeurs du Département.

La durée des études de maîtrise est de trois trimestres: deux trimestres pour la scolarité (M.A.I) et un trimestre pour la rédaction du mémoire (M.A. II) ou l'exécution d'autres travaux de recherche. Il est possible de s'inscrire à des sessions additionnelles, mais le mémoire doit être déposé au plus tard trois ans après la première inscription en M.A.I.

Le choix des séminaires que fait l'étudiant doit être approuvé par le Directeur des études au moment de l'inscription. La Commission des admissions du Département peut accorder des dérogations au règlement des inscriptions à la Maîtrise en fonction du dossier de chaque étudiant.

Une partie de la scolarité (maximum de 6 crédits) peut être suivie dans un autre département de McGill qui offre des cours dans le domaine des Humanités de l'année des Études supérieures et postdoctorales, ou dans une autre université, pourvu que les cours et séminaires y soient de même niveau que les cours 600 ou 700 offerts par le Département. Dans tous les cas, l'étudiant doit obtenir l'autorisation du Directeur des études de 2e et 3e cycles et de la recherche, qui ne sera accordée que si les cours en question cadrent avec le programme d'études du candidat.

La note de passage est B- (65 %).

Maîtrise avec mémoire (48 crédits)

Les deux premières sessions du programme de maîtrise sont consacrées à la scolarité, pour les étudiants inscrits à temps complet; ils doivent alors suivre 6 séminaires de 3 crédits (dont le FREN 697) et préparer leur sujet de mémoire (FREN 696: 6 crédits). Les étudiants inscrits à mi-temps doivent s'inscrire à un minimum de deux séminaires par session.

L'étudiant peut présenter un mémoire de critique littéraire ou un mémoire d'écriture littéraire.

Cours obligatoires (9 crédits)
FREN 696 (6) Élaboration projet de mémoire
FREN 697 (3) Méthodologie et théorie littéraires

Cours complémentaires (15 crédits)
15 crédits, 5 séminaires; un maximum de 6 crédits peuvent être suivis dans un autre département de McGill qui offre des cours dans le domaine des Humanités de l'année des Études supérieures et postdoctorales, ou dans une autre université. (Les séminaires FREN 609 et FREN 611 – Création littéraire 1 et 2 – sont fortement recommandés aux étudiants qui ont l'intention de présenter un mémoire d'écriture littéraire.)

Mémoire - obligatoire (24 crédits)
FREN 699 (24) M.A. Thesis

Maîtrise sans mémoire (48 crédits)
Les deux premières sessions du programme sont consacrées à la scolarité, pour les étudiants inscrits à temps complet; ils doivent suivre 8 séminaires de trois crédits, soit 4 par session. Les cours FREN 697 et FREN 600 sont obligatoires. Les étudiants inscrits à mi-temps doivent s'inscrire à un minimum de deux séminaires par session.

Cours obligatoires (6 crédits)
FREN 600 (3) Travaux dirigés 1
FREN 697 (3) Méthodologie et théorie littéraires

Cours complémentaires (24 crédits)
24 crédits, 8 cours; un maximum de 6 crédits peuvent être suivis dans un autre département de McGill qui offre des cours dans le domaine des Humanités de l'année des Études supérieures et postdoctorales, ou dans une autre université.

Projet - obligatoire (18 crédits)
FREN 698 (18) Master's Seminar

Les étudiants complètent le programme de maîtrise en rédigeant trois travaux de recherche.

Ph.D.

Épreuve d'anglais
Tous les étudiants de Ph.D. doivent réussir, avant le dépôt de leur thèse, une épreuve destinée à vérifier leur connaissance de la langue anglaise (FREN 790).

Peuvent être dispensés de cette épreuve les traducteurs professionnels et les étudiants qui ont fait des études antérieures dans des collèges ou des universités anglophones, à condition que leur programme ait comporté des cours donnés en anglais. Le fait d'avoir suivi un ou plusieurs cours de traduction ne suffit pas. Aucune dispense n'est automatique. Les demandes de dispense doivent être soumises par écrit au Comité des études de 2e et 3e cycles et de la recherche.

Programme
Le programme de Ph.D. comporte trois parties:
- Scolarité
- Élaboration du sujet de thèse et Examen préliminaire
- Thèse

Scolarité
L'admission se fait normalement au niveau de Ph.D. II. Lorsqu'un candidat, par exception, est admis en Ph.D. I, sa scolarité pendant cette année est la même que pour l'année de M.A. I (voir ci-dessus). Ph.D. II
Trois séminaires au choix, ainsi que les Séminaires de doctorat 1 et 2 (FREN 710 et FREN 711) qui sont obligatoires.

Ph.D. III
Élaboration du sujet de thèse (FREN 706, 0 crédit) et Examen préliminaire (FREN 707, 0 crédit).

Après l'élaboration du projet de thèse, celui-ci est soumis au Comité des études de 2e et 3e cycles et de la recherche; puis l'Examen préliminaire, qui consiste en la rédaction et la défense orale d'un document d'une cinquantaine de pages, a lieu à une date convenue entre les intéressés, devant un jury constitué de deux professeurs.

Ph.D. IV Thèse
Au moment de l'Examen préliminaire, un comité-conseil est constitué, comprenant le directeur de thèse et un autre professeur. Le rôle de ce comité-conseil est de suivre d'aussi près que possible le travail du candidat et de discuter avec lui de l'orientation de ses recherches.

La soutenance de la thèse a lieu devant un jury d'au moins six personnes, présidé par un représentant du Doyen; font partie du jury le comité-conseil de l'étudiant et deux autres professeurs, dont le Directeur du Département et au moins un universitaire extérieur au Département ou à l'Université McGill.

32.6 Cours de 2e et 3e cycles
Comme des changements dans l’offre des cours ont pu survenir depuis la publication de cet annuaire, il est fortement recommandé aux étudiants de consulter le site Web www.mcgill.ca/minerva (cliquer sur le lien Horaire des cours) avant de s’inscrire. On y trouvera une liste à jour des cours offerts par trimestre ainsi que les horaires, les locaux et les noms des professeurs.

L'étudiant trouvera, dans la section "Études de 2e et 3e cycles", accessible sur le site Web du Département, la description détaillée
des séminaires offerts ainsi que tous les renseignements perti-
nents sur les programmes.
Cours offerts en 2007-2008. Le nombre de crédits est indiqué
entre parenthèses, après le titre du cours.
FREN 551 LECTURES GUIDÉES 2. (3) (Winter) Identique au précé-
dent.
FREN 599 STAGE EN MILIEU DE TRAVAIL. (3) (Ouvert aux étudiants
de U3 avec une moyenne de 3,3 pour l’ensemble du programme,
dans un programme de Spécialisation ou de Concentration
majeure du Département; les trois crédits comptent parmi les
crédits libres (‘‘electives’’); permission du comité des études req-
uisite. Pour les étudiants de M.A. ou de Ph.D., permission du comité
des études de 2e et 3e cycles; à noter que ces crédits ne peuvent
pas compter comme crédits de programme de M.A. ou de Ph.D.
Une description complète des exigences et des modalités du
stage sera affichée sur le site web du Département. Ces exi-
gences sont les suivantes : présentation par l’étudiant d’un Projet
de stage précisant quelle sera l’institution hôte et en quoi consis-
tera le stage ; présentation par l’étudiant d’un compte rendu de son
stage approuvé par un superviseur de l’institution hôte; et rédac-
tion d’un travail académique sur un sujet relé aux stage.) Stage en

Chair — T.R. Moore

33.1 Staff
Emeritus Professor
B.J. Garnier; M.A.(Cant.)
Post-Retirement
S.H. Olson; M.A., Ph.D.(Johns Hop.)
Professors
P.G. Brown; M.A., Ph.D.(Col.) (joint appt. with McGill School of
Environment)
T.R. Moore; Ph.D.(Aberd.)
N.T. Roulet; M.Sc.(Trent), Ph.D.(McM.) (James McGill Professor)
G. Wenzel; M.A.(Man.), Ph.D.(McG.)
Associate Professors
G.L. Chmura; M.Sc(Rhode I.), Ph.D.(Louis. St.)
O.T. Coomes; M.A.(Tor.), Ph.D.(Wis. Mad.)
B. Forest; A.B.(Chic), Ph.D.(Calif.-LA)
M.F. Lapointe; M.Sc.(McG.), Ph.D.(Br. Col.)
T.C. Meredith; M.Sc., Dip. Cons.(Lond.), Ph.D.(Cant.)
L. Müller-Wille; Dr.phil.(Münster)
W.H. Poliard; M.A.(Guelph), Ph.D.(Ott.)

GEOGRAPHY
N.A. Ross; M.A.(Qu.); Ph.D.(McM.) (on leave 2008)
J. Unruh; M.S.(Wisc.), Ph.D.(Ariz.)

Assistant Professors
L. Barrang-Ford; M.A.(Oxf.), Ph.D.(Guelph))
S. Breau; M.A.(Laval), Ph.D.(UCLA)
B. Lehner; Ph.D. (Frankfurt)
G. Peterson; M.Sc.; Ph.D.(Fl.)
N. Ramankutty; M.Sc.(Ill), Ph.D.(Wisc.)
J. Seaquist; Ph.D.(Lund, Sweden) (on leave 2007)
R. Sengupta; M.Sc.; Ph.D.(Ill)
I.B. Strachan; B.Sc.(Ter.), M.Sc., Ph.D.(Qu.) (cross appt. with Natural Resource Sciences)

Adjunct Professors
P. Biron; R. Cooke

Research Associate
K. Richardson, G. Akman

33.2 Programs Offered

M.A., M.Sc. and Ph.D.

McGill Northern Research Stations

The McGill Subarctic Research Station is located at Schefferville, in the centre of Quebec-Labrador. Facilities exist for research in most areas of physical and some areas of human geography in the subarctic.

McGill University also operates a field station at Expedition Fiord on Axel Heiberg in the High Arctic. Facilities are limited to a small lab and dorm building and cookhouse. Research activities focus on the glacial and geological. For additional information on these stations, contact the Scientific Director, Wayne Pollard, Department of Geography.

Centre for Climate and Global Change Research

The Department of Geography, with the McGill Departments of Atmospheric and Oceanic Sciences, Economics, Natural Resource Sciences; and several departments from the Université du Québec à Montréal and Université de Montréal developed a collaborative research centre that examines climate and global change. Through this Centre there are graduate opportunities.

For more information contact Professor Nigel Roulet, Director, Centre for Climate and Global Change, McGill University.

33.3 Admission Requirements

M.A. and M.Sc. Degrees

Attention is directed to the Graduate and Postdoctoral Studies Office admission regulations outlined in the General Information section of the Calendar, headed “Admission”.

Applicants not satisfying these conditions, but with primary undergraduate specialization in a cognate field, may be admitted to the M.A. or M.Sc. degree in Geography in certain circumstances. In general, they, and others who have deficiencies in their preparation but are otherwise judged to be acceptable, will be required to register for a qualifying program or to undertake additional courses.

Ph.D. Degree

Students who have completed a Master's degree in Geography (with high standing) may be admitted at Ph.D.2 level.

On rare occasions, a student may be admitted to the Ph.D. degree without having first taken the Master’s degree. They, and others who have deficiencies in their preparation but are otherwise acceptable, will be required to register for a year of coursework and/or be required to take extra courses. The normal duration of a program, including field work where required, is three years.

Normally, the Department will restrict admission to the Ph.D. program to students prepared to work in one of the fields of human or physical geography in which specialized supervision is offered. These, which cover a wide range of systematic areas, are listed in documents available from the Department.

33.4 Application Procedures

Applications will be considered upon receipt of:

1. application form;
2. transcripts;
3. two letters of reference for Master’s; three for Ph.D.;
4. $80 application fee;
5. statement of proposed research;
6. official TOEFL or IELTS score (when necessary).

Deadline for applications February 1 (for September admission) and October 1 (for January admission).

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

33.5 Program Requirements

Master’s Programs

Students must pass the courses specified for their program, attend such additional courses as the Chair and the student’s thesis supervisor think fit, and submit a thesis in an appropriate area of geographical inquiry approved by the advisor.

M.A. in Geography (Thesis) (48 credits)

or

M.Sc. in Geography (Thesis) (48 credits)

Required Course (6 credits)

GEOG 631 (6) Methods of Geographical Research

Complementary Courses (12 credits)

12 credits, four 3-credit courses at the 500-level or above selected according to guidelines of the Department.

Thesis Component – Required (30 credits)

GEOG 698 (6) Thesis Proposal
GEOG 699 (24) Thesis Research

M.A. in Geography (Thesis) – Environment Option/Concentration (48 credits)

or

M.Sc. in Geography (Thesis) – Environment Option/Concentration (48 credits)

Required Courses (12 credits)

ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3
GEOG 631 (6) Methods of Geographical Research

Complementary Courses (12 credits)

9 credits of courses at the 500-level or higher selected according to guidelines of the Department.

3 credits, one of the following courses:

ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4

or another course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee.
Thesis Component – Required (24 credits)
GEOG 698 (6) Thesis Proposal
GEOG 697 (18) Thesis Research (Environment Option)

M.A. in Geography (Thesis) – Neotropical Environment Option/Concentration (48 credits) or
M.Sc. in Geography (Thesis) – Neotropical Environment Option/Concentration (48 credits)

Required Courses (12 credits)
BIOL 640 (3) Tropical Biology and Conservation
ENVR 610 (3) Foundations of Environmental Policy
GEOG 631 (6) Methods of Geographical Research

Complementary Courses (6 credits)
3 credits, one Geography graduate course, and
3 credits, one of the following courses:
AGRI 550 (3) Sustained Tropical Agriculture
BIOL 553 (3) Neotropical Environments
BIOL 641 (3) Issues in Tropical Biology
ENVR 611 (3) The Economy of Nature
ENVR 612 (3) Tropical Environmental Issues
ENVR 680 (3) Topics in Environment 4
POLI 644 (3) Tropical Environmental Politics
SOCI 565 (3) Social Change in Panama

Thesis Component – Required (30 credits)
GEOG 698 (6) Thesis Proposal
GEOG 699 (24) Thesis Research

Participation in the MSE-Panama Symposium presentation in Montreal is also required.

M.A. in Geography (Thesis) – Development Studies Option/Concentration (48 credits)

Required Courses (9 credits)
GEOG 631 (6) Methods of Geographical Research
INTD 657 (3) Development Studies Seminar

Complementary Courses (9 credits)
9 credits of courses at the 500 level or higher related to geography and international development studies to be chosen in consultation with an advisor.

Thesis Component - Required (30 credits)
GEOG 698 (6) Thesis Proposal
GEOG 699 (24) Thesis Research

M.A. in Geography (Thesis) – Social Statistics Option/Concentration (48 credits)

Required Courses (9 credits)
GEOG 631 (6) Methods of Geographical Research
GEOG 634 (3) Quantitative Methods in Geography

Complementary Courses (9 credits)
3 credits, one of the following courses:
ECON 668 (3) Seminar on Social Statistics
GEOG 668 (3) Seminar on Social Statistics
POLI 668 (3) Seminar on Social Statistics
SOCI 668 (3) Seminar on Social Statistics
6 credits, two 3-credit graduate-level courses selected according to guidelines of the Department.

Thesis Component – Required (30 credits)
GEOG 698 (6) Thesis Proposal
GEOG 699 (24) Thesis Research

Ph.D. Programs
Students must pass the courses specified for their program, attend such additional courses as the Chair and the student's thesis supervisor think fit, and submit a thesis based on original research in an appropriate area.

Ph.D. in Geography
Required Course (6 credits)
GEOG 631 (6) Methods of Geographical Research

Complementary Courses (minimum 6 credits)
6 credits, two 3-credit graduate-level courses selected according to guidelines of the Department.

Comprehensive
GEOG 700 (0) Comprehensive Examination 1
GEOG 701 (0) Comprehensive Examination 2
GEOG 702 (0) Comprehensive Examination 3

Thesis

Ph.D. in Geography – Environment Option/Concentration
Required Courses (12 credits)
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3
GEOG 631 (6) Methods of Geographical Research

Complementary Courses (9 credits)
6 credits of courses at the 500-level or higer selected according to guidelines of the Department.

3 credits, one of the following courses:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4
or another course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee.

Thesis

Participation in the MSE-Panama Symposium presentation in Montreal is also required.
33.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Term(s) offered: (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

Note: All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrolment.

GEOG 500 GEOGRAPHY OF REGIONAL IDENTITY. (3) (Fall) (3 hours) (Restriction: Graduate students and final year undergraduate and/or those who have taken GEOG 408) The response of diverse regional groups in Europe to the centripetal tendencies of national institutions. The course draws upon examples from a variety of European regions. Contemporary regional issues will be contextualised within a spatial framework of historical geography.

GEOG 501 MODELLING ENVIRONMENTAL SYSTEMS. (3) (Fall) (1.15 lecture hours, 0.58 hours seminar, 0.69 hours project) (Restriction: Open only to U2 or U3 students who have completed six or more credits from courses at the 300 level of Atmospheric and Oceanic Sciences, Biology, Chemistry, Earth and Planetary Sciences, Geography, Natural Resource Sciences, or a McGill School of Environment domain, or permission of the instructor) Prerequisites: MATH 139 or MATH 140, MATH 141, and MATH 203, or equivalent (Enrolment limited to 20 students by availability of workstations) Most problems in environmental science deal with weak relationships and poorly defined systems. Model development and simulation will be used in this course to help improve understanding of environmental systems. Simulation of environmental systems is examined, focusing on problem definition, model development and model validation.

GEOG 502 GEOGRAPHY OF NORTHERN DEVELOPMENT. (3) (Fall) (3 hours) (Prerequisite: Undergraduate) GEOG 301 or GEOG 436, or permission of instructor) Analysis of the evolution of development policies and their spatial implications in circumpolar areas with an emphasis on the application of geographical concepts. Special attention is given to indigenous peoples and new immigrant populations in northern North America.

GEOG 503 LOCATION & SPATIAL DEVELOPMENT. (3) (Winter) (3 hours) (Prerequisites: GEOG 216 and GEOG 202, OR one course in each of microeconomics and macroeconomics, OR permission of instructor.) Patterns of regional economic growth or decline explained in terms of the competitive behaviour of profit-maximizing firms and utility-maximizing households. Ideas, models and evidence developed in competitive location theory.

GEOG 505 GLOBAL BIOGEOCHEMISTRY. (3) (Winter) (2 hours and research) (Prerequisite: GEOG 305 or GEOG 322 and permission of instructor) An examination of the storage, transfers and cycling of major elements and substances, with an emphasis on the global scale and the linkages between the atmosphere, hydrosphere, lithosphere and biosphere.

GEOG 506 ADVANCED GEOGRAPHIC INFORMATION SCIENCE. (3) (Winter) (2 hours and laboratory) (Prerequisite: Undergraduate) GEOG 201 and GEOG 307 and permission of instructor) Critically analyse major themes in geographic information science and draw out the practical ramifications for spatial technologies and research. Topics such as spatial interoperability, data quality, scale, visualization, location based services and ontologies are covered.

GEOG 507 ADVANCED SOCIAL GEOGRAPHY. (3) (Prerequisite: GEOG 331 or equivalent, and permission of instructor) Current theories and themes in social geography, such as relations between society and space, social and spatial relations of inequality, difference and diversity, situated and embodied identities, social issues and problems, connections between society and nature, all within a spatial framework.

GEOG 508 RESOURCES, PEOPLE AND POWER. (3) (Fall) (3 hours) (Prerequisite: GEOG 408 or GEOG 417 or permission of instructor) Addresses how different groups of people struggle over natural resources and environmental change. Politics of conservation in resource-dependent local communities, struggles over resource access and character, questions of power, resistance, class, and gender, and to "nature" as a socially-constructed yet active player.

GEOG 509 QUALITATIVE METHODS. (3) (Winter) (Prerequisite: Permission of instructor.) Qualitative methods that geographers use and the debates surrounding their use; epistemological underpinnings of methodological choices.

GEOG 510 HUMID TROPICAL ENVIRONMENTS. (3) (Winter) (3 hours) (Prerequisite: GEOG 203 or equivalent and written permission of the instructor) Focus on the environmental and human spatial relationships in tropical rain forest and savanna landscapes. Human adaptation to variations within these landscapes through time and space. Biophysical constraints upon "development" in the modern era.

GEOG 513 BEHAVIOURAL GEOGRAPHY. (3) (3 hours) (Prerequisite: Undergraduate) A course in introductory statistics The development of behavioural approaches in geography. A survey of methods and findings in the area of environmental and spatial cognition, preference and choice behaviour. Models of disaggregate and aggregate travel demand.

GEOG 522 ADVANCED ENVIRONMENTAL HYDROLOGY. (3) (2 hours and 1 tutorial) (Prerequisite: GEOG 322, or permission of instructor) (Cross-listed with CASN 300) Surface and shallow ground water determine the availability of moisture and many chemical elements at the Earth's surface. This course discusses the link between surface water and ground water flow systems and the role this link plays in stream flow production and biogeochemical cycling in lake, riparian and terrestrial ecosystems.

GEOG 523 ADVANCED CLIMATOLOGY. (3) (Fall) (3 hours) (Prerequisite: a previous course in climatology or meteorology, and written permission of the instructor) Principles of physical climatology involving a detailed examination of energy and mass exchange at or near the Earth's surface, emphasizing radiative heat, moisture and momentum transfers. Methods of measurement based on energy balance, water balance, and turbulent transport theory. Models of potential and actual evaporation and their use in predicting soil moisture and plant productivity. Examples drawn from natural, agricultural, and urban environments.

GEOG 535 REMOTE SENSING AND INTERPRETATION. (3) (Winter) (3 hours) (Prerequisite: GEOG 308 and written permission of instructor) Basic photogrammetry and interpretation procedures for aircraft and space craft photography and imagery.

GEOG 536 GEOCRYOLOGY. (3) (Fall) (3 hours) (Prerequisite: GEOG 272 and any 300-level geomorphology course approved by instructor) Study of the unique geomorphic aspects of periglacial and permafrost environments. The focus will be on processes in cold climates, the impact of human activity on permafrost landscapes and potential impacts of climatic change.

GEOG 537 ADVANCED FLUVIAL GEOMORPHOLOGY. (3) (Winter) (Prerequisite: Undergraduate) permission of instructor) An examination of current advances in fluvial geomorphology: sediment entrainment and transport, alluviation and river channel evolution.

GEOG 540 TOPICS IN GEOGRAPHY 1. (3) (Fall) (Prerequisite: Permission of instructor.) (Note: This course is offered on an irregular basis. See Geography website (www.geog.mcgill.ca) for current status.) In-depth review of a current topic in physical geography.

GEOG 541 TOPICS IN GEOGRAPHY 2. (3) (Prerequisite: Permission of instructor.) (Note: This course is offered on an irregular basis. See Geography website (www.geog.mcgill.ca) for current status.) In-depth review of a current topic in human geography.

GEOG 542 ADVANCED STUDIES IN GEOGRAPHY 1. (1) (Prerequisite: Permission of instructor) (Note: This course is offered on an irregular basis. See Geography website (www.geog.mcgill.ca) for current status.)
current status.) Intensive review of a current topic or technique in
physical geography.

**GEOG 543 ADVANCED STUDIES IN GEOGRAPHY 2.** (1) (Prerequi-
site: Permission of instructor.) (Note: This course is offered on an
irregular basis. See Geography website (www.geog.mcgill.ca) for
current status.) Intensive review of a current topic or technique in
human geography.

**GEOG 550 HISTORICAL ECOLOGY TECHNIQUES.** (3) (Winter) (2
hours, laboratory and seminar) (Prerequisite: GEOG 350 or BIOL
215 or PLNT 460 or permission of instructor.) Principles and meth-
ods of Quaternary paleoecology and vegetation reconstruction.
Examination of ecosystem response to human disturbance and
environmental change.

**GEOG 551 ENVIRONMENTAL DECISIONS.** (3) (Winter) (2 hours
seminar, 1 hour tutorial) (Prerequisites: GEOG 302, GEOG 306 or
equivalents) This course deals with the role of geographic informa-
tion, paradigms and modes of analysis - including but not restricted
to GIS - in environmental impact assessment and decision mak-
ing. The focus will be on community-based decision making, par-
ticularly where conservation issues are involved. Cross-cultural
situations, developing areas and the role of non-government
organizations.

**GEOG 555 ECOLOGICAL RESTORATION.** (3) (Prerequisites: GEOG
350 or BIOL 306 or PLNT 460 and permission of instructor.) (Note:
Requires participation in a field trip over reading week. Offered in
alternate years.) A broad overview of ecological restoration. Con-
siders causes of environmental degradation, why and what we
restore, how restoration goals are set, and standards in restoration
practice, as well as critiques and philosophies of ecological resto-
ration, such as "ecocultural" restoration.

**GEOG 602 URBAN GEOGRAPHY: SELECTED TOPICS.** (3) Social
and historical aspects of the urban environment.

**GEOG 608 CULTURAL GEOGRAPHY PART 1.** (3) Cultural ecology
with particular reference to changing peasant/plantation relations;
space needs of native peoples in relation to land claims.

**GEOG 609 HUMAN GEOGRAPHY - SOC.BEHAVIOURAL PROBS.** (3)
Analysis of social and theoretical problems in human geography.

**GEOG 610 SOCIAL GEOGRAPHY: SELECTED TOPICS.** (3)
Approaches to the study of human-constructed landscapes, including
issues of ethnicity, social networks and social metaphors/ 
tropes.

**GEOG 613 ADVANCED BIogeography.** (3)

**GEOG 625 SPECIAL TOPICS IN HUMAN GEOGRAPHY.** (3) An exami-
nation of recent advances in human geography.

**GEOG 626 SPECIAL TOPICS IN PHYSICAL GEOGRAPHY.** (3) An exami-
nation of recent advances in physical geography.

**GEOG 631 METHODS OF GEOGRAPHICAL RESEARCH.** (6) General
research seminar in human and physical geography.

**GEOG 631D1 (3), GEOG 631D2 (3) METHODS OF GEOGRAPHICAL
Research.** (Students must register for both GEOG 631D1 and
and GEOG 631D2) (No credit will be given for this course unless both
GEOG 631D1 and GEOG 631D2 are successfully completed in
consecutive terms) General research seminar in human and phys-
ical geography.

**GEOG 631N1 METHODS OF GEOGRAPHICAL RESEARCH.** (3) (Stu-
dents must also register for GEOG 631N2) (No credit will be given for
this course unless both GEOG 631N1 and GEOG 631N2 are
successfully completed in a twelve month period) (GEOG 631N1 and
GEOG 631N2 together are equivalent to GEOG 631) General
research seminar in human and physical geography.

**GEOG 631N2 METHODS OF GEOGRAPHICAL RESEARCH.** (3) (Pre-
requisite: GEOG 631N1) (No credit will be given for this course
unless both GEOG 631N1 and GEOG 631N2 are successfully
completed in a twelve month period) (GEOG 631N1 and GEOG
631N2 together are equivalent to GEOG 631) See GEOG 631N1 for
course description.

**GEOG 697 THESIS RESEARCH (ENVIRONMENT OPTION).** (18) Inde-
pendent research under the supervision of a research director.

**GEOG 698 THESIS PROPOSAL.** (6) Preparation and evaluation of
thesis proposal.

**GEOG 698D1 (3), GEOG 698D2 (3) THESIS PROPOSAL.** (Students
must register for both GEOG 698D1 and GEOG 698D2) (No credit
will be given for this course unless both GEOG 698D1 and
GEOG 698D2 are successfully completed in consecutive terms)
(GEOG 698D1 and GEOG 698D2 together are equivalent to GEOG
698) Preparation and evaluation of thesis proposal.

**GEOG 698N1 THESIS PROPOSAL.** (3) (Prerequisite: GEOG
698N1) (No credit will be given for this course unless both GEOG
698N1 and GEOG 698N2 are successfully completed in a twelve
month period) (GEOG 698N1 and GEOG 698N2 together are equivalent to GEOG 698) See GEOG 698N1 for course descrip-
tion.

**GEOG 699 THESIS RESEARCH.** (24) Independent research under
the supervision of a research director.

**GEOG 699D1 (12), GEOG 699D2 (12) THESIS RESEARCH.** (Students
must register for both GEOG 699D1 and GEOG 699D2) (No credit
will be given for this course unless both GEOG 699D1 and
GEOG 699D2 are successfully completed in consecutive terms)
(GEOG 699D1 and GEOG 699D2 together are equivalent to GEOG 699) Independent research under the supervision of a
research director.

**GEOG 699N1 THESIS RESEARCH.** (12) (Prerequisite: GEOG
699N1) (No credit will be given for this course unless both GEOG
699N1 and GEOG 699N2 are successfully completed in a twelve
month period) (GEOG 699N1 and GEOG 699N2 together are equivalent to GEOG 699) See GEOG 699N1 for course descrip-
tion.

**GEOG 700 COMPREHENSIVE EXAMINATION 1.** (0)

**GEOG 700D1 (0), GEOG 700D2 (0) COMPREHENSIVE EXAMINA-
tion 1.** (Students must register for both GEOG 700D1 and GEOG
700D2) (No credit will be given for this course unless both GEOG
700D1 and GEOG 700D2 are successfully completed in consecu-
tive terms) (GEOG 700D1 and GEOG 700D2 together are equiva-
 lent to GEOG 700)

**GEOG 701 COMPREHENSIVE EXAMINATION 2.** (0)

**GEOG 701D1 (0), GEOG 701D2 (0) COMPREHENSIVE EXAMINA-
tion 2.** (Students must register for both GEOG 701D1 and GEOG
701D2) (No credit will be given for this course unless both GEOG
701D1 and GEOG 701D2 are successfully completed in consecu-
tive terms) (GEOG 701D1 and GEOG 701D2 together are equiva-
 lent to GEOG 701)

**GEOG 702 COMPREHENSIVE EXAMINATION 3.** (0)

**GEOG 702D1 (0), GEOG 702D2 (0) COMPREHENSIVE EXAMINA-
tion 3.** (Students must register for both GEOG 702D1 and GEOG
702D2) (No credit will be given for this course unless both GEOG
702D1 and GEOG 702D2 are successfully completed in consecu-
tive terms) (GEOG 702D1 and GEOG 702D2 together are equiva-
 lent to GEOG 702)

**ENVR 540 ECOLOGY OF SPECIES INVASIONS.** (3) (Winter) (3 hours
lecture) (Prerequisite: BIOL 306 or permission of instructor.)
(Restrictions: Not open to U1 or U2 students. Not open to students
who are taking or have taken BIOL 540.) Causes and conse-
quences of biological invasion, as well as risk assessment meth-
ods and management strategies for dealing with invasive species.
ENVR 580 Topics in Environment 3. (3) (Prerequisite: Permission of instructor) Advanced-level seminars and discussion of interdisciplinary aspects of current problems in environment led by staff and/or special guests. This course is offered on an irregular basis.

ENVR 585 Readings in Environment 2. (3) (Prerequisites: ENVR 400 and ENVR 401, or permission of instructor) Interdisciplinary literature project/essays related to environment, enabling advanced-level study under guidance of qualified MSE staff in areas outside the scope of individual departments. Proposed topic and method of evaluation must be approved by the Associate Director one month before the beginning of term. Contact the Program Coordinator for information.

ENVR 610 Foundations of Environmental Policy. (3) (Restriction: Enrolment in the Graduate Environment Option or enrolment in the Neotropical Environment Option (NEO) or permission of the instructor.) Analysis of current environmental policies to reveal implicit and explicit assumptions regarding scientific methods, hypothesis testing, subject/object, causality, certainty, deities, health, development, North-South concerns for resources, commons, national sovereignty, equity. Discussion of implications of such assumptions for building future environmental policies.

ENVR 612 Tropical Environmental Issues. (3) (Course will only be offered if enrolment is five students or more. Enrolment in the Neotropical Environment Option (NEO) or permission of the instructor) Interdisciplinary seminar presenting and comparing a variety of perspectives on environmental issues in Latin America. The course focuses on how different disciplines work collaboratively toward the resolution of environmental problems. Some issues include watershed management, bioprospecting and drug discovery, indigenous knowledge and the role of Institutions in protecting biodiversity.

ENVR 680 Topics in Environment 4. (3) (Restriction: students taking the Neotropical Environment Option.) (Prerequisite: Permission of Instructor) Seminars and discussion of advanced, interdisciplinary aspects of current of current problems in environment led by staff and/or special guests.

E-mail: german.studies@mcgill.ca
Website: www.mcgill.ca/german

Chair — K. Bauer
Director of Graduate Studies — A. Piper

34.1 Staff

Emeritus Professor

P.M. Daly; B.A.(Brist.), Ph.D.(Zür.)

Professors

A. Hsia; Ph.D.(F.U.Berlin)
J. Schmidt; Ph.D.(Zür.)

Associate Professors

K. Bauer; M.A., Ph.D.(Wash.)
P. Peters; Ph.D.(F.U.Berlin)

Assistant Professors

M. Cowan; B.A.(Calif., Berk.) Ph.D.(Calif., Berk.)
A. Piper; B.A.(Princ.); Ph.D.(Col.)

34.2 Programs Offered

M.A. (thesis or non-thesis) and Ph.D. degrees in German.

Ph.D. Language Tests

Ph.D. candidates in other disciplines who are required to pass a reading test in German may prepare themselves by taking GERM 200, GERM 202 or GERM 203D1/D2.

34.3 Admission Requirements

Master’s

In order to be admitted to the M.A. program in German Studies, candidates must have at least a B.A. degree in German from McGill University or an equivalent degree from another college or university of recognized standing.

Applicants with joint degrees or Majors degrees may be admitted on individual merit but they may be required to take additional courses. They may also be able to enter the program as qualifying students for the purpose of completing these preliminary studies.

In order to pursue graduate studies in German, all candidates must have considerable fluency in German, as all courses are given in German.

Graduate students holding a Language Instructorship or who are otherwise employed will normally be not allowed to take more than four courses a year. Students may be required to attend an approved course in English if their knowledge of that language is judged inadequate. All graduate students are expected to attend the staff-student colloquium.

Ph.D.

M.A. or equivalent.

34.4 Application Procedures

1. Application form;
2. Two certified copies of all university transcripts; (all transcripts not in English or French must be accompanied by a certified English or French translation);
3. Two letters of recommendation (in English or French);
4. $80 application fee;
5. Test results (GRE recommended. TOEFL required of all applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone). Minimum score of 86, with each component score not less than 20, required on the internet-based TOEFL examination. Proof of TOEFL must be presented at time of application or shortly thereafter);
6. Writing sample;
7. Statement of academic intent.

All information is to be submitted directly to the Graduate Coordinator in the Department of German Studies.

Deadline: February 1st.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

34.5 Program Requirements

M.A. in German (Thesis) (48 credits)

Complementary Courses (18 credits)

Six 3-credit courses chosen from any graduate seminar listed as offered in the Department of German Studies. With the approval of the Graduate Studies Committee, students are normally permitted to take a maximum of 3 credits in another department.
**Thesis Component – Required (30 credits)**

- GERM 690 (9) Thesis Research 1
- GERM 691 (9) Thesis Research 2
- GERM 692 (12) Thesis Research 3

**Originality of research is not required for the thesis, but the student must show a critical understanding of the subject as demonstrated by the logical development of an argument which is supported by adequate documentation. Students are expected to complete degree requirements in two years. They are expected to begin work on their thesis before the end of the first session. The thesis should demonstrate ability to organize the material under discussion, and should be succinct and relevant.**

**M.A. in German (Non-Thesis) (45 credits)**

**Required Courses (18 credits)**

- GERM 680 (6) Research Paper 1
- GERM 681 (6) Research Paper 2
- GERM 682 (6) Research Paper 3

**Complementary Courses (27 credits)**

Nine 3-credit courses chosen from any graduate seminar listed as offered in the Department of German Studies. With the approval of the Graduate Studies Committee, students are permitted to take a maximum of 3 credits in another department.

**Ph.D.**

**Requirements:**

Coursework – 8 three-credit courses (24 credits); with the approval of the Graduate Studies Committee, students are permitted to take a maximum of 6 credits in another department. Comprehensive examinations (oral and written) (GERM 701). French Language examination or Latin (if specializing in German Literature before 1600). Thesis. Thesis Defence.

- Original research leading to new insights is a prerequisite for the acceptance of a Ph.D. thesis.

- As a rule, it will take a candidate at least three years after the M.A. degree to complete the requirements for the Ph.D. degree. Students who have not spent an appreciable length of time in a German-speaking country are advised to spend one year at a university in such a country, for which credit may be given in the above program.

**34.6 Courses**

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

**GERM 511 Middle High German Literature. (3) (Fall) (Given in German) (Prerequisite: GERM 325 or equivalent) This seminar course will acquaint students with the German courtly literature of the 12th and 13th century, its concepts, concerns and its sociology. The knightly romances of Hartmann von Aue (Erec), Wolfram von Eschenbach (Parzival), Gottfried von Straßburg (Tristan), and the heroic epic (Nibelungenlied) will be read and discussed in class. Hartmann’s Erec in the original MHG language as well as in translation, to give students a basic acquaintance with the Middle High German literary language. Writers studied will include: Hartmann von Aue, Gottfried von Straßburg, Wolfram von Eschenbach.**

**GERM 630 German Classicism 1. (3) Hölderlin**

**GERM 646 German Literature - 20th Century 2. (3) Zwischen Protest und Post-Modernen Impuls: Zur Frage des Engagements**

**Chair — J. Pérez-Magallón**

**Chair of Graduate Program — K.M. Sibbald**

**35.1 Staff**

**Professors**

J. Pérez-Magallón; Lic.Fil.(Barcelona), Ph.D.(Penn.)

K. Sibbald; M.A.(Can.), M.A.(Liv.), Ph.D.(McG.)

**Associate Professor**

D.A. Boruchoff; A.B., A.M., Ph.D.(Harv.)

A. Holmes; B.A.(McG.), M.A., Ph.D.(Oregon)

**Assistant Professors**

J.R. Jouvé-Martín; Lic.Fil.(Madrid), Ph.D.(G’town)

F. Macchi; Lic.Lit.(Buenos Aires), M.A.(Ore.), Ph.D.(Yale)

**35.2 Programs Offered**

M.A. and Ph.D. in Hispanic Studies.

- The Department of Hispanic Studies is committed to the disciplined study of all aspects of the literature, intellectual history and culture of Spain and Latin America, as well as the Spanish and Portuguese languages.

- Research interests focus on both the cluster of Golden Age, Viceregal America and Enlightenment studies, as well as specializations in contemporary Spain and Hispanic America.

- A limited number of language instructorships are available each year and those interested should apply c/o the Graduate Coordinator.

**35.3 Admission Requirements**

**M.A. Degree (thesis or non-thesis)**

In order to be admitted to graduate work in Hispanic Studies, candidates must fulfill the following prerequisites:

- a) Candidates must possess a B.A. degree with Honours or, in certain cases, Joint Honours in Hispanic Studies from McGill University, or an equivalent degree from another college or university of recognized standing.

- b) Candidates who do not possess the above prerequisites may, with special permission, enter the Department as Qualifying students for the purpose of completing these preliminary studies. They may have to take, among other courses, HISP 550, Comprehensive Examination.
Students may be required to attend an approved course in English or French if their knowledge of either language is deemed inadequate. Prospective candidates may certainly express their preference but should note that the Graduate Committee of the Department of Hispanic Studies reserves the right to determine which of the two options (thesis/non-thesis) students admitted to the M.A. program will be permitted to pursue and/or continue to completion.

Ph.D. Degree
Applicants must normally possess an M.A. in Hispanic Studies, or in a related discipline, from a university of recognized standing. These applicants will be admitted to Ph.D.2 and follow the program requirements listed below. Exceptionally qualified candidates may apply to enter into Ph.D.1 directly from the B.A. Honours, and will be required to complete an additional 6 three-credit courses above those listed below.

Applicants must demonstrate proficiency in Spanish, and when appropriate in Portuguese, plus a working knowledge of either French or English.

Applicants should submit samples of research papers that they have completed during the course of their previous studies. Submission of the results of the Graduate Record Examination is also encouraged.

35.4 Application Procedures
Applications will be considered upon receipt of:
1. duly completed application form;
2. two certified copies of all university transcripts (all transcripts not in English or French must be accompanied by a certified English or French translation);
3. two letters of recommendation (in English or French);
4. $80 application fee;
5. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit TOEFL scores. Minimum score of 86, with each component score not less than 20, required on the internet-based TOEFL examination. Proof of TOEFL must be presented at time of application or shortly thereafter;
6. a sample of recent written work;
7. statement of academic intent.

All information should be submitted directly to the Graduate Coordinator.

Deadlines
For admission in the Fall Term: February 1.
For admission in the Winter Term: October 1 (Canadian/Permanent Residents); September 1 (International).

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

35.5 Program Requirements

Master’s Programs
The Graduate Committee of the Department of Hispanic Studies reserves the right to determine which of the two options (thesis and non-thesis) students admitted to the M.A. will be permitted to pursue and/or continue to completion.

All general regulations of the Graduate and Postdoctoral Studies Office shall apply regarding the M.A. degree.

M.A. in Hispanic Studies (Thesis) (48 credits)

Students pursuing the M.A. with thesis are expected to complete their degree requirements within 18 months. Ideally, students admitted to this option will pursue their studies on a full-time basis. The combination of three courses and one Thesis Preparation course will permit these students the 12 credits per term average that is required for most fellowships.

Complementary Courses (18 credits)
six 3-credit graduate-level HISP courses, with a maximum of 6 credits from Special Topics courses: HISP 690 to 694.

Thesis Component – Required (30 credits)
HISP 695 (3) Thesis Preparation 1
HISP 696 (3) Thesis Preparation 2
HISP 697 (24) M.A. Thesis

M.A. in Hispanic Studies (Non-Thesis) (48 credits)

All candidates pursuing the M.A. without thesis, both full- and part-time, are expected to complete their degree requirements within 18 months, and must successfully complete at least one of their Guided Research projects during the first 12 months.

All candidates pursuing the M.A. without thesis must complete HISP 615. Candidates choosing to focus their research on the literature of Spain will take HISP 616. Those wishing to specialize in the literature of Spanish America will take HISP 617.

At the conclusion of each Research Project, students will be required to produce an extended essay, or series of essays, during a 48-hour period with full access to critical material. Each of these essays will focus upon themes and issues central to the particular field of research and will be examined by at least two faculty members. Normally, the examinations for each of these projects will be offered only once during the academic year and always in the same rotation: HISP 615 in December, and both HISP 616 and HISP 617 in April.

In accordance with the regulations established by the Graduate and Postdoctoral Studies Office, students in non-thesis programs who do not take at least 12 credits per term for the duration of the program are considered to proceed toward their degree on a part-time basis.

Required Courses (6 credits)
HISP 603 (3) Hispanic Bibliography 1
HISP 604 (3) Hispanic Bibliography 2

Complementary Courses (24 credits)
Eight 3-credit graduate-level HISP courses.

Project (18 credits)
HISP 615 (9) Medieval and Golden Age Literature: Grp
HISP 616 (9) Modern and Contemporary Spanish Literature: Grp
or HISP 617 (9) Modern and Contemporary Spanish-American Literature: Grp

Ph.D. Degree Requirements

1. Six 3-credit courses.
2. Proficiency in Spanish, and when appropriate in Portuguese, as well as a functional ability in French and English. A reading knowledge of a fourth language will be determined according to the needs of the candidate’s research program.
3. HISP 701 Comprehensive Examinations, Oral and Written.
4. HISP 713 Research Seminar in Hispanic Studies.
5. Doctoral dissertation on an appropriate area of original research.

All courses, comprehensive examinations and language requirements will normally be completed before the dissertation topic is formally approved. A dissertation proposal should be submitted to the Graduate Committee of the Department of Hispanic Studies for approval no later than the end of the second year of full-time doctoral studies.

All general regulations of the Graduate and Postdoctoral Studies Office regarding the Ph.D. degree shall apply.

Required Academic Activities: All candidates preparing their dissertation are required to give an annual formal presentation of their research to the Department, normally beginning in their third year of full-time doctoral studies.
35.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Note: All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

HISP 505 Seminar in Hispanic Studies. (3) (Winter) A team-taught seminar examining major issues in Hispanic letters that transcend national literatures and historical periods. Although the specific topics will vary, each will address broad questions of a diachronic nature, thereby permitting an understanding of literary schools and movements, genres or ideologies present throughout the Hispanic world.

HISP 603 Hispanic Bibliography 1. (3)
HISP 604 Hispanic Bibliography 2. (3)

HISP 615 Medieval and Golden Age Literature: GRP. (9) An investigation of the principal themes and critical issues in medieval and Golden-Age Spanish literature. Attention will also focus on a comparison with similar problems in colonial Spanish-American literature. Project.

HISP 625 Spanish Theatre: Golden Age. (3) Calderon y las pluralidades barrocas Investigation of principal themes and critical issues in the Spanish theatre of the Golden Age.

HISP 666 Spanish-American Literature: Colonial Period 2. (3) Native and Mestizo Historians of Colonial Mexico

HISP 677 Spanish American Creative Genre. (3) Gender and Genre in the 19th Century Spanish Novel [Mujer, historia y literatura] Investigation of topics in creative genres in Spanish American literature.

HISP 680 Spanish-American Prose. (3) Colonial Texts Through the Post-Colonial Eye Investigation of topics in Spanish American prose.

HISP 690 Special Topics 1. (3)
HISP 691 Special Topics 2. (3)
HISP 692 Special Topics 3. (3) Literatura, medios y mercados
HISP 693 Special Topics 4. (3) From Slaves to Scribes: Literacy, Subalternity and the Emergence of Afro-Spanish American Literature

HISP 695 Thesis Preparation 1. (3)
HISP 696 Thesis Preparation 2. (3)
HISP 697 M.A. Thesis. (24)

HISP 698 Reading Course. (3)

HISP 701 Comprehensive Examinations. (0) (Restriction: Ph.D. students in the Department of Hispanic Studies only) Ph.D. Comprehensive examinations, both oral and written.

HISP 713 Research Seminar. (3) Doctoral-level research seminar exploring a variety of research topics.

HISP 790 Ph.D. Language Requirement. (0) (Restriction: For students in other departments).

Chair of Graduate Programs — TBA
36.2 Programs Offered

Refer to the Department of History Website for detailed information (www.arts.mcgill.ca/programs/history).

M.A. Degree in History – Non-Thesis.
M.A. Degree in History of Medicine – Non-Thesis (in cooperation with the Department of Social Studies of Medicine; application is made directly to the History Department.)
Ph.D. Degree in History.

36.3 Admission Requirements

General: CGPA minimum: 3.3 on 4.0; TOEFL minimum: 550 on the paper-based test (213 on the computer-based test, or 86 on the Internet-based test, with each component score no less than 20).

Master in History

Normally, candidates are required to possess a B.A. (Honours) in History consisting of 60 credits in history. Students with other undergraduate history degrees (normally including serious research components) may be considered eligible. Applicants not satisfying these conditions, but otherwise judged worthy of serious consideration, will be asked to register in a Qualifying Program in which they undertake advanced undergraduate work.

Master in History – Development Studies Option

Students have the same admission requirements as above.

Master in the History of Medicine

Candidates must have a background in either History – B.A. (Honours) or equivalent – or a degree in one of the health professions with some background in history or a willingness to do preparatory work in history are also encouraged to apply.

Ph.D. in History

Normally, M.A. in History. (Students choosing the field of History of Medicine normally enter with an M.A. in History of Medicine.)

36.4 Application Procedures

Completed applications and supporting material must be submitted directly to the Graduate Coordinator by the deadline dates mentioned below. Refer to the Department of History Website for detailed information (www.mcgill.ca/history).

Deadline for admission in September:
Ph.D. applications – January 6
M.A. applications – February 1
Note: There are no January admissions.
McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

36.5 Program Requirements

M.A. Degree in History (45 credits)
The Department offers two options towards the M.A. degree, one with a thesis and the other without a thesis. Both options consist of 45 credits. The thesis option, composed of graduate seminars, plus a thesis, is normally completed within 2 years. The non-thesis option, composed of required courses, graduate seminars, plus a major research paper, is normally completed in three terms, or one calendar year (Fall, Winter and Summer).

M.A. in History (Thesis) (45 credits)
Complementary Courses (12 credits)
12 credits at the 500-level or higher.
No more than 6 credits may be taken outside the department.
Candidates for the MA degree follow an individual program approved by the Department.

Thesis Component – Required (33 credits)
HIST 696 (9) Thesis Research 1
HIST 697 (12) Thesis Research 2
HIST 698 (12) Thesis Research 3

M.A. in History (Non-Thesis) (45 credits)
Required Courses (12 credits)
HIST 684 (3) Research Proposal
HIST 685 (3) Directed Research
HIST 686 (6) Bibliography Tutorial

Complementary Courses (18 credits)
18 credits at the 500-level or higher.
No more than 6 credits may be taken outside the department.
Candidates for the MA degree follow an individual program approved by the Department.

Research Paper – Required (15 credits)
HIST 687 (9) MA Paper 1
HIST 688 (6) MA Paper 2

M.A. Degree in History of Medicine
(45 credits normally completed in one year)
The program requires the completion of 45 credits, composed of required courses, graduate seminars, plus a major research paper. The program is normally completed in three terms, or one calendar year (Fall, Winter and Summer).

M.A. in History of Medicine (Non-Thesis) (45 credits)
Required Courses (27 credits)
HIST 684 (3) Research Proposal
HIST 685 (3) Directed Research
HIST 686 (6) Bibliography Tutorial
HIST 687 (9) MA Paper 1
HIST 688 (6) MA Paper 2

Complementary Courses (18 credits)
18 credits at the 500-level or higher comprised of the following:
6 - 12 credits in History of Medicine courses below:
HIST 619 (3) Ancient Medicine Seminar 1
HIST 620 (3) Ancient Medicine Seminar 2
HIST 636 (3) Medieval Medicine Seminar 1
HIST 637 (3) Medieval Medicine Seminar 2
HIST 640 (3) Modern Medicine Seminar 1
HIST 641 (3) Modern Medicine Seminar 2
HSSM 604 (3) History of Medicine
6 - 12 credits in History (non-Medicine) courses
0 - 6 credits may be taken outside the department
Candidates for the MA degree follow an individual program approved by the Department.
Master in History – Development Studies

The Development Studies Option is a cross-disciplinary M.A. program offered as an option within existing M.A. programs in the departments of Anthropology, Economics, Geography, History, Political Science, and Sociology. The Department of History offers the option as either a Thesis or a Non-Thesis program. Both programs are open to M.A. students specializing in development studies. Students will take an interdisciplinary seminar and a variety of graduate level courses on international development issues. For both the M.A. Thesis and the Non-Thesis programs, the M.A. thesis or research essay must be on a topic relating to development studies, approved by the DSO coordinating committee.

M.A. in History (Thesis) – Development Studies Option (45 credits)

**Required Course** (3 credits)
INTD 657 (3) Development Studies Seminar

**Complementary Courses** (9 credits)
9 credits at the 500-level or higher selected as follows:
6 credits relating to development studies
3 credits relating to the student’s program of study.

No more than 3 credits may be taken outside the department.

Candidates for the MA degree follow an individual program approved by the Department.

**Thesis Component – Required** (33 credits)
HIST 696 (9) Thesis Research 1
HIST 697 (12) Thesis Research 2
HIST 698 (12) Thesis Research 3

M.A. in History (Non-Thesis) – Development Studies Option (45 credits)

**Required Courses** (15 credits)
HIST 684 (3) Research Proposal
HIST 685 (3) Directed Research
HIST 686 (6) Bibliography Tutorial
INTD 657 (3) Development Studies Seminar

**Complementary Courses** (15 credits)
15 credits at the 500-level or higher selected as follows:
6 credits relating to development studies
9 credits relating to the student’s program of study.

No more than 3 credits may be taken outside the department.

Candidates for the MA degree follow an individual program approved by the Department.

**Research Paper – Required** (15 credits)
HIST 687 (9) MA Paper 1
HIST 688 (6) MA Paper 2

Ph.D. Degree in History

**Examination Requirements:** Candidates are required to sit an oral comprehensive examination by May at the end of the 2nd term of the Ph.D. 2 year. The examination consists of:
- HIST 702 Comprehensive Examination in Major Field.
- HIST 703 Comprehensive Examination in First Minor Field.
- HIST 704 Comprehensive Examination in Second Minor Field.

Candidates must consult with their Director of Studies at the beginning of their Ph.D. work in order to determine their fields.

**Thesis:** With the completion of the oral comprehensive examination, candidates may proceed with their doctoral dissertation. Each Ph.D. candidate will be expected to establish an advisory committee to assist in supervising the dissertation.

**Language Requirements:** Ph.D. Candidates must offer one foreign language for examination purposes. The Department expects that candidates will have successfully demonstrated competence in the one required language by the end of their Ph.D. 3 year.

It is understood that candidates may need a reading knowledge of such other languages as are required for research purposes in their major field.

**Candidates in the field of Medical History** will prepare the major field for the Comprehensive Examination with a member of the Department of Social Studies of Medicine and the two minor fields with members of the Department of History. The thesis will normally be directed by the director of the major field. In all other respects, the same rules will apply to candidates in this area as apply to other Ph.D. students in History.

36.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

**Courses with numbers ending D1 and D2** are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

**Note:** All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

**HIST 525 WOMEN, WORK AND FAMILY IN GLOBAL HISTORY.** (3) (Prerequisite: A 300 or 400-level course in womenís history or labour history or permission of instructor.) (Restriction: Restricted to students in History and Womenís Studies.) The shifting historical context of female labour and family in selected western and non-western countries; the interaction between labour and gender relations with special focus on womenís experiences on the shop floor and in the family.

**HIST 530 U.S. FOREIGN RELATIONS.** (3) (Prerequisite: one course in U.S. history or permission of instructor.) (Restriction: Enrollment limit 25.) The history and historiography, approaches and interpretations, of American foreign relations from the pre-Revolutionary era to the present.

**HIST 550 ANCIENT HISTORY: SEMINAR.** (3) (Fall) (Prerequisite: Undergraduate; 6 credits at the 300 or 400-level in Ancient history or permission of instructor.) (Restriction: Restricted to students in History and Womenís Studies.) The shifting historical context of female labour and family in selected western and non-western countries; the interaction between labour and gender relations with special focus on womenís experiences on the shop floor and in the family.

**HIST 551 INTERNATIONAL RELATIONS: RESEARCH.** (3) (Winter) (Prerequisite: HIST 550) (Restriction: Honours students or advanced undergraduates who have permission of the instructor.) Topic 2007-08: Aristocratic Power & Authority in the Ancient Med. Topic 2007-08: Aristocratic Power & Authority in the Ancient Med. Topics in ancient Mediterranean History, focusing on Greek and/or Roman society.

**HIST 552 INTERDEPENDENCE: SEMINAR.** (3) (Spring) (Prerequisite: Undergraduate; 6 credits at the 300 or 400-level in Ancient history or permission of instructor.) (Restriction: Restricted to students in History and Womenís Studies.) The shifting historical context of female labour and family in selected western and non-western countries; the interaction between labour and gender relations with special focus on womenís experiences on the shop floor and in the family.

**HIST 553 INTERNATIONAL RELATIONS: RESEARCH.** (3) (Prerequisite: HIST 552) (Restrictions: Open only to students who have taken HIST 552 in the previous semester.) Topic 2007-08: Cold War. Topic 2007-08: Cold War. Readings on and discussion of a theme in the history of international relations.
HIST 556 COLONIAL AMERICA: SEMINAR 1. (3) (Prerequisite: Permission of instructor.) (Restrictions: Restricted to Honours students or advanced undergraduates who have permission of the instructor. Not open to students who have taken HIST 481D1/D2.) Readings in and discussion of a theme in the history of Colonial America. Topics will change from year to year.

HIST 557 COLONIAL AMERICA: SEMINAR 2. (3) (Prerequisite: HIST 556) (Restrictions: Open only to students who have taken HIST 556 in the previous semester. Not open to students who have taken HIST 481D1/D2.) Supervised design, research and writing of a substantial research paper on a theme in the history of Colonial America.

HIST 560 WORLD HISTORY: SEMINAR. (3) (Prerequisite: Permission of instructor.) (Restrictions: Restricted to Graduate students and Honours students or advanced students who have permission of the instructor.) Topic: World Pandemic of Cholera since 1817. Exception in 2007-08: Not offered as a full-year seminar Readings on and discussion of a theme in world history.

HIST 561 WORLD HISTORY: RESEARCH. (3) (Prerequisite: HIST 560) (Restrictions: Open only to students who have taken HIST 560 in the previous semester.) Supervised design of, research for and writing of a substantial paper on a theme in world history.

HIST 565 MODERN BRITAIN: SEMINAR 1. (3) (Prerequisite: Permission of the instructor.) (Restrictions: Honours students or advanced undergraduates. Not open to students who have taken HIST 484D1/D2 and/or HIST 634D1/D2.) Topic 2007-08: Imagining a new world: Protestant Reform Movements in Britain, 1780s - 1960s. Topic 2007-08: Imagining a new world: Protestant Reform Movements in Britain, 1780s - 1960s. Supervised design, research and writing of a substantial research paper on a theme in modern British history.

HIST 566 MODERN BRITAIN: SEMINAR 2. (3) (Prerequisite: HIST 565) (Restrictions: Not open to students who have taken HIST 484D1/D2 and/or HIST 634D1/D2.) Topic 2007-08: Imagining a new world: Protestant Reform Movements in Britain, 1780s - 1960s. Topic 2007-08: Imagining a new world: Protestant Reform Movements in Britain, 1780s-1960s. Supervised design, research and writing of a substantial research paper on a theme in modern British history.

HIST 579 THE ARTS OF HEALING IN CHINA. (3) (Prerequisite (Undergraduate): At least two courses at the 300-level or above in East Asian history or permission of instructor) An historical perspective on the diverse arts of healing in China focusing on Key formations such as popular traditions, the emergence of classical medicine, the creation of Traditional Chinese medicine in modern China. Emphasis on healing as part of social, historical, intellectual, and cultural processes.

HIST 580D1 (3), HIST 580D2 (3) EUROPEAN AND NATIVE-AMERICAN ENCOUNTERS. (Prerequisite: Undergraduate.) Permission of instructor. Priority is given to Graduate students) (Students must register for both HIST 580D1 and HIST 580D2.) (No credit will be given for this course unless both HIST 580D1 and HIST 580D2 are successfully completed in consecutive terms) This seminar will examine European and Native encounters throughout the Americas, from the late 15th century to the mid-nineteenth century. The aim is to introduce students to key primary sources related to contact, and to the methods used to interpret them.

HIST 581 THE ART OF WAR IN CHINA. (3) (Prerequisite (Undergraduate): at least two 300-level or above courses in East Asian history, or permission of instructor) A study of the historical development of military theory and practice from earliest times to 1911 from a variety of perspectives, technological, scientific, social, and cultural.

HIST 582 EUROPEAN INTELLECTUAL HISTORY. (3) (Prerequisite (Undergraduate): a previous course in European History or permission of instructor) A study of selected topics in 20th century French and European intellectual and cultural history and popular culture.

HIST 590 TOPICS: THE BRITISH EMPIRE. (3) (Prerequisite (Undergraduate): permission of instructor) Topics in the history of British formal and informal imperialism and the colonial encounter from the eighteenth to the twentieth centuries.

HIST 594D1 (3), HIST 594D2 (3) SEMINAR IN EARLY MODERN BRITAIN. (Prerequisite: any university course in British history or consent of instructor) (Note: Topics will vary from year to year.) (Restriction: Undergraduate Honours students or Masters students in history.) (Students must register for both HIST 594D1 and HIST 594D2.) (No credit will be given for this course unless both HIST 594D1 and HIST 594D2 are successfully completed in consecutive terms) Topics in early modern British history.

HIST 595D1 (3), HIST 595D2 (3) SEMINAR: EARLY MODERN WESTERN EUROPE. (Prerequisite (Undergraduate): permission of instructor) (Students must register for both HIST 595D1 and HIST 595D2.) (No credit will be given for this course unless both HIST 595D1 and HIST 595D2 are successfully completed in consecutive terms) This course is intended to offer advanced analytical and research training in a selected theme in western European history during the period from the Italian Renaissance to the French Revolution.

HIST 604D1 (3), HIST 604D2 (3) COLONIAL AMERICA. (Students must register for both HIST 604D1 and HIST 604D2) (No credit will be given for this course unless both HIST 604D1 and HIST 604D2 are successfully completed in consecutive terms) .

HIST 610D1 (3), HIST 610D2 (3) SEMINAR: TOPICS - MEDIEVAL HISTORY. (Students must register for both HIST 610D1 and HIST 610D2) (No credit will be given for this course unless both HIST 610D1 and HIST 610D2 are successfully completed in consecutive terms) Topic: TBA.

HIST 612D1 (3), HIST 612D2 (3) GERMAN NATIONAL SOCIALISM. (Students must register for both HIST 612D1 and HIST 612D2) (No credit will be given for this course unless both HIST 612D1 and HIST 612D2 are successfully completed in consecutive terms) Topic 2007-08: The Writing of Canadian History since 1867. A seminar covering topics in Canadian Social History which vary from year to year.

HIST 614D1 (3), HIST 614D2 (3) TOPICS: LATIN AMERICAN HISTORY. (Students must register for both HIST 614D1 and HIST 614D2) (No credit will be given for this course unless both HIST 614D1 and HIST 614D2 are successfully completed in consecutive terms) Topic 2007-08: The Writing of Canadian History since 1867. A seminar covering topics in Canadian Social History which vary from year to year.

HIST 615D1 (3), HIST 615D2 (3) TOPICS: CANADIAN SOCIAL HISTORY. (Students must register for both HIST 615D1 and HIST 615D2) (No credit will be given for this course unless both HIST 615D1 and HIST 615D2 are successfully completed in consecutive terms) Topic 2007-08: The Writing of Canadian History since 1867. A seminar covering topics in Canadian Social History which vary from year to year.

HIST 627D1 (3), HIST 627D2 (3) SEMINAR: EASTERN EUROPE. (Students must register for both HIST 627D1 and HIST 627D2) (No credit will be given for this course unless both HIST 627D1 and HIST 627D2 are successfully completed in consecutive terms) Topic 2007-08: Revolutions of 1989. A seminar on selected aspects of East European History.

HIST 628D1 (3), HIST 628D2 (3) TOPICS IN RUSSIAN HISTORY. (Students must register for both HIST 628D1 and HIST 628D2) (No credit will be given for this course unless both HIST 628D1 and HIST 628D2 are successfully completed in consecutive terms) Topic 2007-08: Milton in Myth and History. A seminar covering topics in Russian History which vary from year to year.

HIST 631D1 (3), HIST 631D2 (3) TOPICS: U.S. SOCIAL HISTORY. (Students must register for both HIST 631D1 and HIST 631D2) (No credit will be given for this course unless both HIST 631D1 and HIST 631D2 are successfully completed in consecutive terms)

HIST 637 MEDIEVAL MEDICINE SEMINAR 2. (3) (Prerequisite: HIST 638.) Research paper on a theme in the history of medicine 400 to 1500.
HIST 640 MODERN MEDICINE SEMINAR 1. (3) (Fall) Reading in and discussion of a theme in the history of Western European medicine since 1700.

HIST 641 MODERN MEDICINE SEMINAR 2. (3) (Winter) (Prerequisite: HIST 640) The History of the Body Research paper on a theme in the history of Western European medicine since 1700.

HIST 655 TUTORIAL. (6) If a seminar is not available in a field judged necessary to complete the program, candidates may (with the consent of their Director of Studies and that of the Chair of the Graduate Committee) do tutorial work to replace a seminar.

HIST 655D1 (3), HIST 655D2 (3) TUTORIAL. (Students must register for both HIST 655D1 and HIST 655D2) (No credit will be given for this course unless both HIST 655D1 and HIST 655D2 are successfully completed in consecutive terms) (HIST 655D1 and HIST 655D2 together are equivalent to HIST 655) Consumption and Conservation 1760-1920 Graduate-level section for Topics: Canadian Conservatism If a seminar is not available in a field judged necessary to complete the program, candidates may (with the consent of their Director of Studies and that of the Chair of the Graduate Committee) do tutorial work to replace a seminar.

HIST 656D1 (3), HIST 656D2 (3) TUTORIAL. (Students must register for both HIST 656D1 and HIST 656D2) (No credit will be given for this course unless both HIST 656D1 and HIST 656D2 are successfully completed in consecutive terms) To be announced Graduate level section for Topics: Historical Interpretation

HIST 658D1 (3), HIST 658D2 (3) SEMINAR IN CHINESE HISTORY. (Students must register for both HIST 658D1 and HIST 658D2) (No credit will be given for this course unless both HIST 658D1 and HIST 658D2 are successfully completed in consecutive terms) Cultural Revolution & Beyond: China 1960-1990

HIST 659 INTERDISCIPLINARY SEMINAR IN EUROPEAN STUDIES. (3) (Restriction: Only open to students in European Studies Option.) Interdisciplinary seminar on a theme relevant to the study of Europe.

HIST 668D1 (3), HIST 668D2 (3) JAPANESE INTELLECTUAL HISTORY. (Students must register for both HIST 668D1 and HIST 668D2) (No credit will be given for this course unless both HIST 668D1 and HIST 668D2 are successfully completed in consecutive terms)

HIST 673D1 (3), HIST 673D2 (3) PROBLEMS IN U.S. HISTORY. (Students must register for both HIST 673D1 and HIST 673D2) (No credit will be given for this course unless both HIST 673D1 and HIST 673D2 are successfully completed in consecutive terms)

HIST 677D1 (3), HIST 677D2 (3) SEMINAR: EUROPEAN JEWISH HISTORY. (Students must register for both HIST 677D1 and HIST 677D2) (No credit will be given for this course unless both HIST 677D1 and HIST 677D2 are successfully completed in consecutive terms).

HIST 678 HISTORIOGRAPHY. (3) This seminar examines the fundamentals of historical theory: developing a clear understanding of exactly why history has a “theory.” The philosophic language and modes of reasoning necessary to understand historical theory are introduced.

HIST 679 HISTORICAL METHODS. (3) An examination of the major approaches to historical interpretation through the reading of important works of historical scholarship.

HIST 680 GRADUATE COLLOQUIUM 1. (3) Collecting the World: Museum Manias and Crises of Public Knowledge Selected topics in history and practical issues of professional development.

HIST 681 GRADUATE COLLOQUIUM 2. (3) (Prerequisite: HIST 680.) Selected topics in history and practical issues of professional development.

HIST 683D1 (3), HIST 683D2 (3) HISTORY OF MONTREAL. (Students must register for both HIST 683D1 and HIST 683D2) (No credit will be given for this course unless both HIST 683D1 and HIST 683D2 are successfully completed in consecutive terms)

HIST 684 RESEARCH PROPOSAL. (3) The development of research-related skills and the production of a research proposal under the supervision of a faculty member.

HIST 685 DIRECTED RESEARCH. (3) (Corequisite: HIST 684.) Investigation of a specialized topic under the supervision of a faculty member.

HIST 686 BIBLIOGRAPHY TUTORIAL. (6) (Prerequisite: HIST 684.) The development of research-related skills and the production of a research bibliography under the supervision of a faculty member.

HIST 687 MA PAPER 1. (9) (Corequisite: HIST 688.) Start of the production of a research paper under the supervision of a faculty member.

HIST 688 MA PAPER 2. (6) (Corequisite: HIST 687.) Completion of the production of a research paper under the supervision of a faculty member.

HIST 691 M.A. RESEARCH PAPER 1. (6)

HIST 692 M.A. RESEARCH PAPER 2. (6)

HIST 693 M.A. RESEARCH PAPER 3. (9)

HIST 694 M.A. RESEARCH PAPER 4. (9)

HIST 696 THESIS RESEARCH 1. (9)

HIST 696D1 (4.5), HIST 696D2 (4.5) THESIS RESEARCH 1. (Students must register for both HIST 696D1 and HIST 696D2) (No credit will be given for this course unless both HIST 696D1 and HIST 696D2 are successfully completed in consecutive terms) (HIST 696D1 and HIST 696D2 together are equivalent to HIST 696)

HIST 697 THESIS RESEARCH 2. (12)

HIST 698 THESIS RESEARCH 3. (12)

HIST 699 TUTORIAL. (3)

HIST 699D1 (1.5), HIST 699D2 (1.5) TUTORIAL. (Students must register for both HIST 699D1 and HIST 699D2) (No credit will be given for this course unless both HIST 699D1 and HIST 699D2 are successfully completed in consecutive terms) (HIST 699D1 and HIST 699D2 together are equivalent to HIST 699)

HIST 702D1 (0), HIST 702D2 (0) COMPREHENSIVE EXAMINATION - MAJOR FIELD. (Students must register for both HIST 702D1 and HIST 702D2) (No credit will be given for this course unless both HIST 702D1 and HIST 702D2 are successfully completed in consecutive terms) (HIST 702D1 and HIST 702D2 together are equivalent to HIST 702)

HIST 703D1 (0), HIST 703D2 (0) COMPREHENSIVE EXAMINATION - FIRST MINOR FIELD. (Students must register for both HIST 703D1 and HIST 703D2) (No credit will be given for this course unless both HIST 703D1 and HIST 703D2 are successfully completed in consecutive terms) (HIST 703D1 and HIST 703D2 together are equivalent to HIST 703)

HIST 704D1 (0), HIST 704D2 (0) COMPREHENSIVE EXAMINATION - SECOND MINOR FIELD. (Students must register for both HIST 704D1 and HIST 704D2) (No credit will be given for this course unless both HIST 704D1 and HIST 704D2 are successfully completed in consecutive terms) (HIST 704D1 and HIST 704D2 together are equivalent to HIST 704)
**Program Directors:**

- M.Sc. in Genetic Counselling — J. Fitzpatrick
- M.Sc. and Ph.D. in Human Genetics — E. Shoubridge

**Graduate Program Coordinator** — K. Springer

### 37.1 Staff

**Professors**

- E. Andermann; M.Sc., Ph.D., M.D., C.M. (McG.) (Neurology and Neurosurgery)
- V. Der Kaloustian; B.A.(Acad.), M.Sc., Ph.D., M.D., C.M. (McG.), D.Sc.(Acad.), F.R.S.C., F.R.C.P.S.(C) (Pediatrics)
- A. Duncan; B.Sc.(Qu.), Ph.D.(Edin.) (Pathology and Pediatrics)
- K. Glass; M.A.(Barat), B.C.L., D.C.L.(McG.) (Pediatrics)
- F. Glorieux; M.D.(Louvain), Ph.D.(McG.) (Surgery)
- T. Hudson; M.D.(Montr.)(William Dawson Scholar) (Medicine)
- F. Kaplan; B.A.(Col.), Ph.D.(McG.) (Pediatrics)
- K. Morgan; B.S., M.S., Ph.D (Mich.) (Medicine)
- R. Palfour, B.A.(Texas W.), Ph.D.(Texas) (Psychiatry and Biology)
- D. Radzioch; M.Sc., Ph.D.(Jagiellonian, Krakow) (Medicine)
- D.S. Rosenblatt; M.D., C.M., M.C.(McG.) (Medicine, Pediatrics and Biology)
- R. Rozen; B.Sc., Ph.D.(McG.) (Pediatrics and Biology)
- R. St-Arnaud; B.Sc.(Montr.), Ph.D.(Laval) (Surgery)
- A. Lippman; Epidemiology: A. Lippman; Endocrinology: A. Lippman
- E. Shoubridge; B.Sc., M.Sc.(McG.), Ph.D.(Br. Col.) (Pathology and Pediatrics)
- R. Nadon; B.A., M.A., Ph.D.(C'dia) (Medicine)
- L. Russell; B.A., M.D.(Indi.) (Pediatrics)
- T. Hudson; M.D.(Montr.)(William Dawson Scholar) (Medicine)
- J. Trasler; M.D., C.M., Ph.D,(McG) (William Dawson Scholar) (Pathology and Pediatrics)

**Associate Professors**

- W. Foulkes; B.Sc., MB,BS., Ph.D.(Lond.) (Medicine)
- R. Koennekoop; B.Sc., M.Sc.(Utrecht), Ph.D.(Clark, Worcester), M.D., C.M.(McG.) (Ophthalmology)
- R. Schurr; B.A., M.D., C.M.(McG.) (Paediatrics and Biomedical Sciences)
- L. Cartier (Medicine)
- T. Hudson; M.D.(Montr.)(William Dawson Scholar) (Medicine)
- V. P. Foulkes; B.Sc., MB,BS., Ph.D.(Lond.) (Medicine)
- R. Rozen; B.Sc., Ph.D.(McG.) (Pediatrics)
- R. St-Arnaud; B.Sc.(Montr.), Ph.D.(Laval) (Surgery)
- J. Fitzpatrick (Pediatrics)
- S. Vidal; Ph.D.(Genève) (Medicine)

**Assistant Professors**

- K. Dewar; B.Sc.(Tor.), Ph.D.(Laval)
- M. Majewski; B.Sc., M.Sc.(Stanford), Ph.D.(Wesleyan)
- R. Slim; M.Sc.(Lebanon), M.Sc., Ph.D.(Paris VII)
- B. St-Jacques; Ph.D.(Camb.)

**Lecturers**

- N. Bolduc (Pediatrics)
- L. Cartier (Pediatrics)
- S.M. Chiu (Pediatrics)
- S. Drury (Pediatrics)
- J. Fitzpatrick (Pediatrics, Medicine)
- S. Fox (Medicine)
- K. Kasprzak (Medicine)
- M. Lalous (Medicine)
- L. Palma (Medicine)
- A. Secord (Pediatrics)
- N. Wong (Medicine)
- S. Zaor (Medicine)

**Associate Members**

- Cardiology: J. Genest; Epidemiology: A. Lippman; Endocrinology: A. Lippman; Genetics: A. Lippman

### 37.2 Programs Offered

**M.Sc. Degree (Genetic Counselling)**

The M.Sc. in Genetic Counselling Program provides the academic foundation and clinical training required for the contemporary practice of genetic counselling. Genetic counsellors are health professionals who provide information and support to families who have members with birth defects or genetic disorders and to families who may be at risk for a variety of inherited conditions. Genetic counsellors investigate the problem present in the family, analyze inheritance patterns and risks of recurrence and review available options with the family. Some counsellors also work in administrative and academic capacities, and many engage in research activities. The curriculum includes a variety of required courses in Human Genetics and other departments and 40 weeks of supervised clinical training spread over 4 semesters. Graduates will be eligible to sit for both the Canadian Association of Genetic Counsellors and the American Board of Genetic Counselling certification examinations.

Enrollment will be limited to 6 students.

**M.Sc. and Ph.D. Degrees in Human Genetics**

The Department of Human Genetics offers research training at both the M.Sc. and Ph.D. levels. Both degrees require the completion of a thesis which is the major focus of the student's effort. A minimal amount of course work is required but specific course choices are flexible and vary according to the student's previous training and current research interest. The Department also offers a Bioinformatics option.

Most of the faculty of the Human Genetics Department are located in McGill teaching hospitals, reflecting the medically learned knowledge at the core of human genetic studies.

Faculty have a wide variety of research interests which embrace; cancer genetics, cytogenetics, reproductive biology, neurogenetics, genomic and genetic basis of human diseases. Detailed information regarding faculty research interest can be found on the Department Web page at [www.mcgill.ca/humangenetics](http://www.mcgill.ca/humangenetics).

Students accepted into the Human Genetics graduate program will be paid a minimum of $13,000, plus tuition fees. Students who are thinking of applying for admission should realize that their chances of acceptance improve if they come with a studentship award. Deadlines for scholarship applications may be anywhere from October to February.

### 37.3 Admission Requirements

**M.Sc. in Genetic Counselling**

**Prerequisites:** Bachelor's degree - 3.0/4.0 or 3.2/4.0 for the last two full-time academic years. Recent (5 years or less) university-level courses in the Basic Sciences (basic biology, cell and molecular, biochemistry, principles of human genetics or basic genetics with a significant "human" component); and a minimum of two Social Sciences (social psychology, abnormal psychology).

**Prerequisites or corequisites:** Recent (5 years or less) university-level course in statistics.

Applicants must have obtained some experience (either paid or volunteer) working in a counselling or advisory capacity, ideally in a health care setting.

Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit a TOEFL score of 600 on the TOEFL paper-based test (250 on the computer-based test or 100 on the Internet-based test) with each component score no less than 20 is the minimum standard for admission.

**M.Sc. and Ph.D. in Human Genetics**

**Prerequisites:** B.Sc. — minimum CGPA 3.0/4.0 or 3.2/4.0 for the last two full-time academic years. Applicants must have a minimum of 6 credits in cellular and molecular biology or biochemistry, 3 credits in mathematics or statistics and 3 credits in genetics. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit a TOEFL score of 600 on the TOEFL paper-based test (250 on the computer-based test or 100 on the Internet-based test) with each component score no less than 20, or 7 on the IELTS, is the minimum standard for admission.
Admission is based on an evaluation by the Graduate Training Committee and on acceptance by a research director who has agreed to provide adequate funding for personal and research expenses. Prospective graduate students are encouraged to contact staff members with whom they wish to study before applying for admission.

37.4 Application Procedures

M.Sc. in Genetic Counselling
Applications will be considered upon receipt of:
1. on-line application form, plus fee of $80.00
2. two original transcripts,
3. two original letters of reference,
4. statement of purpose,
5. test results for international students: TOEFL or IELTS,

Documentation must be received by February 1st, and the online application by April 1st. Interviews will be arranged during the weeks of April 15 – May 1 for the top 18 candidates. Admission to the program will be based on academic record, reference letters, statement of purpose and interview.

Application materials should be sent to Fran Langton at the Departmental address above.

M.Sc. and Ph.D. in Human Genetics
Applications will be considered upon receipt of:
1. on-line application form, plus fee of $80.00
2. two original transcripts,
3. two original letters of reference,
4. test results for international students: TOEFL or IELTS,

Deadlines for documents are March 1 for September admission and October 1 for January admission (international applications for January admission due August 1). The deadline for on-line applications is June 1 for September admission and October 31 for January admission for Canadian students, March 1 for September admission and July 1 for January admission for International students.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/online.

Application materials should be sent to Kandace Springer at the Departmental address above.

37.5 Program Requirements

M.Sc. in Genetic Counselling (Non-Thesis)
Students must complete 48 credits for the M.Sc. in Genetic Counselling.

Required Courses – Phase I (year 1) (24 credits)
HGEN 600D1 (3) Genetic Counselling Practicum
HGEN 600D2 (3) Genetic Counselling Practicum
HGEN 601 (3) Genetic Counselling Principles
HGEN 620D1 (4.5) Introductory Field Work Rotations
HGEN 620D2 (4.5) Introductory Field Work Rotations
HGEN 660 (3) Genetics and Bioethics
PATH 653 (3) Reading and Conference

Required Courses – Phase II (year 2) (24 credits)
HGEN 610 (3) Genetic Counselling: Independent Studies 1
HGEN 611 (3) Genetic Counselling: Independent Studies 2
HGEN 630D1 (6) Advanced Field Work Rotations
HGEN 630D2 (6) Advanced Field Work Rotations
HGEN 640 (3) Clinical Genetics 1
HGEN 641 (3) Clinical Genetics 2

M.Sc. and Ph.D. in Human Genetics
The graduate program of each student is established and regularly evaluated by a two-member supervisory committee appointed by the Graduate Training Committee and chaired by the student's thesis supervisor.

All graduate students are required to participate regularly in the various seminar series and journal clubs offered by the Department.

M.Sc. in Human Genetics (Thesis) (45 credits)
Length of Program – Three full-time terms of resident study at McGill University is the minimum time requirement to complete the Master's degree. The normal and expected duration is 2 1/2 years.

Thesis – In Human Genetics, the M.Sc. degree is considered to be a research degree and the candidate must present a thesis which should contain original contributions to knowledge.

Transfer from M.Sc. to Ph.D. Program – The student's Supervisory Committee may recommend to the Graduate Training Committee that the student be permitted to transfer to the Ph.D. program. This is normally done at the end of the first year of the Master's program. Students who wish to transfer are required to take their Ph.D. Comprehensive Examination (HGEN 701) before doing so and must have completed HGEN 692 Human Genetics.

Required Courses (6 credits)
HGEN 662 (3) Laboratory Research Techniques
HGEN 692 (3) Human Genetics

Complementary Courses (6 credits)
6 credits chosen from the departmental offerings below or from 500-, 600- or 700-level courses offered in the Faculties of Medicine or Science:

HGEN 660 (3) Genetics and Bioethics
HGEN 661 (3) Population Genetics
HGEN 670 (3) Advances in Human Genetics 1
HGEN 671 (3) Advances in Human Genetics 2
HGEN 672 (3) Advances in Human Genetics 3
HGEN 690 (3) Inherited Cancer Syndromes
HGEN 691 (3) Host Responses to Pathogens
HGEN 693 (3) Using Bioinformation Resources
HGEN 694 (3) Microarray Statistical Analysis
HGEN 695 (3) Psychiatric Genetics

Note: The Graduate Advisory Committee may stipulate additional course work at the 500, 600, or 700 level depending on the background of the candidate.

Thesis Component – Required (33 credits)
HGEN 680 (9) M.Sc. Thesis Research 1
HGEN 681 (12) M.Sc. Thesis Research 2
HGEN 682 (12) M.Sc. Thesis Research 3

M.Sc. in Human Genetics – Bioinformatics (Thesis) Option/Concentration (45 credits)
Required Courses (6 credits)
COMP 616D1/D2 (3) Bioinformatics Seminar
HGEN 692 (3) Human Genetics

Complementary Courses (6 credits)
6 credits from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics
PHGY 603 (3) Systems Biology and Biophysics

Note: The Graduate Advisory Committee may stipulate additional course work at the 500, 600, or 700 level depending on the background of the candidate.

Thesis Component – Required (33 credits)
HGEN 680 (9) M.Sc. Thesis Research 1
HGEN 681 (12) M.Sc. Thesis Research 2
HGEN 682 (12) M.Sc. Thesis Research 3

Ph.D. Requirements
Length of Program – Candidates entering Ph.D.1 must complete at least three years of full-time resident study (6 terms). The normal and expected duration of the Ph.D. program is 4-5 years. A student who has obtained a Master's degree at McGill in a related
Ph.D. Comprehensive Examination – The comprehensive exam is a format of evaluation of the student's ability to proceed to the attainment of the Ph.D. Students must pass the Ph.D. Comprehensive Examination (HGEN 701) no later than 15 months from the date of registration in the program. Students who transfer from the Master’s program must take the exam before doing so. Students who enter the Ph.D. program after completing an M.Sc. in Human Genetics at McGill must take the exam after 12 months.

Ph.D. Program
Requirements - In addition to thesis work, students are required to successfully complete HGEN 692. This 3-credit course may count towards the minimum requirements of 18 credits (6 semester courses) or 9 credits (entering Ph.D. after completing a Master's degree in a related field, 3 semester courses) for the Ph.D. program at the 500-level or higher with a passing grade of B- and an overall average of B. The course HGEN 692 must be successfully completed before the completion of the Ph.D. comprehensive examination, HGEN 701. A graduate pass (B- or better) is mandatory for all courses required for the Ph.D. program. Ph.D. students are also required to present a formal Ph.D. seminar before submitting their thesis.

Ph.D. in Human Genetics
Required Courses (3 credits)
HGEN 692 (3) Human Genetics
HGEN 701 (0) Ph.D. Comprehensive Examination

Complementary Courses (15 credits or 6 credits depending on admission status as described above)
Course are to be chosen from the list below and/or from among 500-, 600- or 700-level courses offered in the Faculty of Medicine and Science.
HGEN 660 (3) Genetics and Bioethics
HGEN 661 (3) Population Genetics
HGEN 680 (3) Inherited Cancer Syndromes
HGEN 691 (3) Host Responses to Pathogens
HGEN 693 (3) Using Bioinformation Resources
HGEN 694 (3) Microarray Statistical Analysis
HGEN 695 (3) Psychiatric Genetics

Students are restricted to taking any two of the following:
HGEN 670 (3) Advances in Human Genetics 1
HGEN 671 (3) Advances in Human Genetics 2
HGEN 672 (3) Advances in Human Genetics 3

Note: The Graduate Advisory Committee may stipulate additional course work depending on the background of the candidate.

Thesis

Ph.D. in Human Genetics – Bioinformatics
Option/Concentration

Required Courses (6 credits)
COMP 616D1/D2 (3) Bioinformatics Seminar
HGEN 692 (3) Human Genetics
HGEN 701 (0) Ph.D. Comprehensive Examination

Complementary Courses (6 credits*)
6 credits from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics
PHYG 603 (3) Systems Biology and Biophysics

*Note: Students who enter in Ph.D. 1 will need to take an additional 6 credits of complementary courses chosen from the departmental offerings listed for the Ph.D. in Human Genetics and/or from among 500-, 600-, or 700-level courses in the Faculty of Medicine and Science.

Thesis

37.6 Courses

Students preparing to register should consult the Web at [www.mcgill.ca/minerva](http://www.mcgill.ca/minerva) (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

The course credit weight is given in parentheses after the title.

HGEN 600 GENETIC COUNSELLING PRACTICUM. (6) Designed for students enrolled in the M.Sc. in Genetic Counselling. Students will be taught how to take family histories, read pedigrees and the basic skills required for interviewing patients. Discussions with example cases. Attendance at Genetics Rounds is compulsory.

HGEN 600D1 (3), HGEN 600D2 (3) GENETIC COUNSELLING PRACTICUM. (Students must register for both HGEN 600D1 and HGEN 600D2) (No credit will be given for this course unless both HGEN 600D1 and HGEN 600D2 are successfully completed in consecutive terms) (HGEN 600D1 and HGEN 600D2 together are equivalent to HGEN 600) Designed for students enrolled in the M.Sc. in Genetic Counselling. Students will be taught how to take family histories, read pedigrees and the basic skills required for interviewing patients. Discussions with example cases. Attendance at Genetics Rounds is compulsory.

HGEN 601 GENETIC COUNSELLING PRINCIPLES. (3) (Restriction: Restricted to students in the M.Sc. in Genetic Counselling Program.) Theoretical foundations for the contemporary practice of genetic counselling and the role of the genetic counsellor in the health care delivery system. Topics include counselling theory and psychosocial counselling techniques, the clinical genetics evaluation and case management, and professional ethics, conduct and development.

HGEN 610 GENETIC COUNSELLING: INDEPENDENT STUDIES 1. (3) Students enrolled in the M.Sc. in Genetic Counselling will become involved in an Independent Studies Project with a staff member. Students will also be responsible for specific assigned readings.

HGEN 610D1 (1.5), HGEN 610D2 (1.5) GENETIC COUNSELLING: INDEPENDENT STUDIES 1. (Students must register for both HGEN 610D1 and HGEN 610D2) (No credit will be given for this course unless both HGEN 610D1 and HGEN 610D2 are successfully completed in consecutive terms) (HGEN 610D1 and HGEN 610D2 together are equivalent to HGEN 610) Students enrolled in the M.Sc. in Genetic Counselling will become involved in an Independent Studies Project with a staff member. Students will also be responsible for specific assigned readings.

HGEN 611 GENETIC COUNSELLING: INDEPENDENT STUDIES 2. (3) Students enrolled in the two-year M.Sc. in Genetic Counselling program will complete an independent studies project with a staff member. Students will also be responsible for specific assigned readings.

HGEN 620 INTRODUCTORY FIELD WORK ROTATIONS. (9) Students are required to spend a minimum of 600 hours in field work. They will rotate through the various laboratories (cytogenetics, biochemical/molecular genetics) and clinical settings (prenatal diagnosis, screening, medical genetics) at the Montreal Children’s Hospital.

HGEN 620D1 (4.5), HGEN 620D2 (4.5) INTRODUCTORY FIELD WORK ROTATIONS. (Students must register for both HGEN 620D1 and HGEN 620D2) (No credit will be given for this course unless both HGEN 620D1 and HGEN 620D2 are successfully completed in consecutive terms) (HGEN 620D1 and HGEN 620D2 together are equivalent to HGEN 620) Students are required to spend a minimum of 600 hours in field work. They will rotate through the various laboratories (cytogenetics, biochemical/molecular...
In human/medical genetics (cytogenetics, biochemical genetics, molecular genetics, population genetics, etc.) related to clinical cases.

HGEN 640D1 (1.5), HGEN 640D2 (1.5) CLINICAL GENETICS 1. (Students must register for both HGEN 640D1 and HGEN 640D2) (No credit will be given for this course unless both HGEN 640D1 and HGEN 640D2 are successfully completed in consecutive terms) Students are required to spend a minimum of 600 hours in advanced clinical work. Students will rotate through the Division of Medical Genetics at the Montreal Children’s Hospital, in some of its disease-oriented clinics and screening programs; at the Neu-rogenetics Unit of the Montreal Neurological Hospital; and the Medical Genetics Divisions at the adult hospitals (Montreal General Hospital, Royal Victoria Hospital and the Sir Mortimer B. Davis-Jewish General Hospital).

HGEN 650 GENETIC COUNSELLING: READING PROJECT. (3) This course is designed for students in the M.Sc. in Genetic Counselling program. The lectures will cover current topics in human/medical genetics (cytogenetics, biochemical genetics, molecular genetics, population genetics, etc.) related to clinical cases.

HGEN 660 GENETICS AND BIOETHICS. (3) This course will deal with ethical issues in the gathering, dissemination, and use of genetic information for decisions concerning reproduction, health care, and research.

HGEN 661 POPULATION GENETICS. (3) This course will deal with the quantitative analysis of factors that affect the distribution of genetic variation in defined populations. Lectures and presentations.

HGEN 662 LABORATORY RESEARCH TECHNIQUES. (3) Directed training in selected methods. Form and content are flexible to allow the department to meet specific student demands and needs.

HGEN 670 ADVANCES IN HUMAN GENETICS 1. (3) This course will deal with recent progress in human genetics, and its applications to health care, by identifying different fields including different disciplines (e.g. cancer genetics, neurogenetics), different conceptual approaches, or different methodologic approaches.

HGEN 671 ADVANCES IN HUMAN GENETICS 2. (3) This course will deal with recent progress in human genetics, and its applications to health care, by identifying different fields including different disciplines (e.g. cancer genetics, neurogenetics), different conceptual approaches, or different methodologic approaches.

HGEN 672 ADVANCES IN HUMAN GENETICS 3. (3) This course will deal with recent progress in human genetics, and its applications to health care, by identifying different fields including different disciplines (e.g. cancer genetics, neurogenetics), different conceptual approaches, or different methodologic approaches.

HGEN 680 M.Sc. THESIS RESEARCH 1. (9) Independent research work under the direction of the Thesis Supervisor and the Supervisory Committee.

HGEN 681 M.Sc. THESIS RESEARCH 2. (12) Independent research work under the direction of the Thesis Supervisor and the Supervisory Committee.

HGEN 682 M.Sc. THESIS RESEARCH 3. (12) Independent research work under the direction of the Thesis Supervisor and the Supervisory Committee.

HGEN 690 INHERITED CANCER SYNDROMES. (3) The principles and practice associated with inherited predisposition to cancer (breast and colon cancers, example) such as the methods of gene discovery, clinical characteristics of inherited predisposition, methods of mutation analysis, genetic counselling, and ethical issues of genetic testing.

HGEN 691 HOST RESPONSES TO PATHOGENS. (3) Introduction to advanced concepts of host resistance to infectious diseases as they apply to both animal models and human populations.

HGEN 692 HUMAN GENETICS. (3) (Restriction: For Department of Human Genetics graduate students.) This course will emphasize the principles and practice of human genetics, including an overview of the fundamental aspects of human genetics pertaining to chromosomes and mutations, population, cancer and development genetics, the inheritance of complex traits.

HGEN 693 USING BIOINFORMATION RESOURCES. (3) (Restriction: As the emphasis of the course instruction will be on the human genome, a preference will be given to graduate students in the Dept. of Human Genetics. Graduate students with basic knowledge of human genome from the Faculty of Medicine can apply with permission of the course coordinator.) Study of internet resources relevant to biomedical research.

HGEN 694 MICROARRAY STATISTICAL ANALYSIS. (3) (Restriction: For Department of Human Genetics and Department of Medicine graduate students.) This introductory course presents the conceptual underpinnings of statistical analysis for microarray gene expression data. Applied aspects of analysis will be emphasized, although students will be expected to become familiar with rudimentary equations.

HGEN 695 PSYCHIATRIC GENETICS. (3) (Prerequisites: BIOL 370 or HGEN 692 or an equivalent basic course in human genetics or permission of the instructor.) (Note: This course is aimed at students enrolled in the Department of Human Genetics graduate program. This course is also open to students from the Department of Psychiatry with permission. Permission is required from other disciplines as there is an expectation that graduate students have a basic knowledge of human heredity and genetic principles of human heredity (see course prerequisites). A seminar on current knowledge in the field of complex trait genetics as it applies to psychiatric disease.)

HGEN 701 PH.D. COMPREHENSIVE EXAMINATION. (0)
38.1 Staff

Emeritus Professors

Patrick X. Dias; B.A., M.A.(Karachi), B.Ed., Ph.D.(Montr.)
Margaret Gillett; B.A., Dip.Ed.(Syd.), M.A.(Russel Sage),
Ed.D.(Col.) (William C. Macdonald Emeritus Professor of Education)

Wayne C. Hall; B.A., M.A.(Bishop's) (William C. Macdonald Emeritus Professor of Education)

Norman Henchey; B.A., B.ped., Lic.Ped.(Montr.), Ph.D.(McG.)
I.E.P., Dr. 3rd Cy.(Strasbourg)

David C. Smith; B.Ed.(McG.) Ph.D.(Lond.), F.C.C.T., F.R.S.A.

Professors

David Dillon; B.A.(St. Columban's), M.S.(S.W. Texas St.),
Ph.D.(Texas at Austin)
Anthony Paré; B.Ed., M.Ed., Ph.D.(McG.)

Ratna Ghosh; C.M., B.A.(Calc.), M.A., Ph.D.(Calg.) F.R.S.C.,
(William C. Macdonald Professor of Education) (James McGill Professor)

Joe L. Kincheloe; B.A.(Emory and Henry), M.A.,
Ph.D.(Tenn.)

Barry Levy; B.A., M.A., B.R.E(Yeshiva), Ph.D.(NYU)
Reading(McG.) Ph.D.(Ariz.)

Denise Lussier; B.A.(Col. Jesus Marie de Sillery), M.A.(Boston),
M.Ed., Ph.D.(Laval)

Claudia A. Mitchell; B.A.(Bran.), M.A.(Mt. St. Vin.), Ph.D.(Alta.)
(James McGill Professor)

Bernard Shapira; B.A.(McG.), M.A.T., Ed.D.(Harv.)

Roger Slee; B.A.(Queensland, Australia),
Grad.Dip.Ed.(State College of Victoria, Rusden),
M.Ed., Ph.D.(La Trobe, Australia)

Associate Professors

Helen Amoriggi; B.Sc., M.A.(Rhode Isl.), Ed.D.(Boston)
Eric Caplan; B.A.(Tor.), M.A.(Hebrew University), Ph.D.(McG.)

Ann J. Beer; B.A.(Oxf.), M.A.(Tor.), D.Phil.(Oxf.)

Jon G. Bradley; B.A., M.A.(Sir G.Wms.)

Lynn Butler-Kisber; B.Ed., M.Ed.(McG.), Ed.D.(Harv.)

Janet Donin; B.A.(Tor.), M.A.(III.), Ph.D.(Cal.) (joint app't with
Educational and Counselling Psychology)

Steven Jordan; B.A.(Kent), M.Sc.(Lond.), Ph.D.(McG.)

Yaremna G. Kelebay; B.A., B.Ed.(Montr.), M.A.(Sir G.Wms.),
Ph.D.(C'dia)

Cathrine Le Maistre; B.Sc., Dip.Ed.(Exeter), M.Ed., Ph.D.(McG.)

Charles S. Lusthaus; B.S., M.S.(Canisius), Ph.D.(S.U.N.Y.)

Ph.D.(Tor.)

Kevin McDonough; B.A., B.Ed., M.Ed.(Alta.), Ph.D.(III.)

Christopher S. Milligan; B.A.(Sir G.Wms.), M.Ed.(McG.),
Ed.D.(Tor.)

Ronald Morris; B.Ed., M.A., Ph.D.(McG.)

Anthony Paré; B.Ed., M.Ed., Ph.D.(McG.)

Joan Russell; B.Mus., L.Mus., M.Ed., Ph.D.(McG.)

Gale A. Seiler; B.Sc. (Fairleigh Dickinson), M.S. (Montana), Ph.D.
(Penn.)

Howard N. Riggs; B.Ed.(Alta.), M.A., Ph.D.(Minn.)

Shirley R. Steinberg; B.Ed., M.Ed.(Leth.), Ph.D.(Penn. St.)

Carolyn E. Turner; B.A.(Ariz.), M.Ed., Ph.D.(McG.)

Boyd White; B.A.(Sir G.Wms.), B.F.A.(C'dia), M.F.A.(Inst. Allende,
Guanajuato), Ph.D.(C'dia)

Lise Winer; B.A.(Pitts.), M.A.(Minn.), Cert. Ped.(C'dia), Ph.D.(WI)

Ph.D.(McG.)

Assistant Professors

Spencer Boudreau; B.A.(Don Bosco), B.A., M.A.(Sherb.),
Ph.D.(C'dia)

Michael Doxtater; B.A.(McM.), M.Sc.Ed., Ph.D.(Cornell)

Michael Hoechsmann; B.A., M.A.(S.Fraser), Ph.D.(Tor.)

Bronwen Low; B.A.(Qu.), M.A.(Br. Col.), Ph.D. (York)

Mela Sarkar; B.A., Dip.Ed.(McG.), M.A., Ph.D.(C'dia)

Marc Schwartz; B.Sc., M.Ed.(N.H.), Ed.D.(Harv.)

Shaheen Shariff; B.G.S., M.A.Educ., Ph.D.(S.Fraser)

Sylvia Sklar; Dip.Ed.(McG.), B.A.(C'dia), M.Ed.(McG.)

Doreen Starke-Meyerring; B.Ed.(Potsdam), M.A.(N.Dakota),
Ph.D.(Minn.)

Teresa Strong-Wilson; B.A.(Calg.), B.A.(McG.), M.A., Ph.D.(Vis.,
BC)

Associate Members

Brian Alters, Richard Harris, Lynn McAlpine

Faculty Lecturers

Carolyn Pittenger

Caroline Riches

Adjunct Professors

Abigail Anderson, Noel C. Burke, Gretta Chambers, Thomas
Cobb, Scott Conrod, Walter Duszara, Elaine Friedman, Charley
Levy, Daniel Michael Mason, Jim McKinnon, Marianna McVey,
Kenneth Robertson, Howard Simpkin, Vikki Zack

38.2 Programs Offered

The Department offers the following programs:

Three Graduate Certificates (15 credits)

• Graduate Certificate in Educational Leadership
• Graduate Certificate in Educational Leadership
• Graduate Certificate in Teaching English as a Second Language

Four M.A. Thesis and Non-Thesis degree programs (45 credits) in
the following areas:

• Culture and Values in Education
• Curriculum Studies
• Educational Leadership
• Second Language Education

The Department also offers a Ph.D. in Educational Studies. The
four research areas currently available are:

• Studies in Second Language Education
• Studies in Educational Leadership
• Studies in Educational Leadership
• Studies in Second Language Education

Applicants should take note that, unlike the Department’s Bachelor
of Education programs, these graduate programs do not lead
to teacher certification.

38.3 Admission Requirements

Graduate Certificates, M.A. and Ph.D. Programs

1. Applicants to the Certificate and M.A. programs must hold a
Bachelor's degree from a recognized university. A minimum
standing equivalent to a CGPA of 3.0/ 4.0, or 3.2 /4.0 for the
last two full-time academic years, is required. A concentration
of courses related to the area chosen for graduate work is usu-
ally required. (See #5, below.)

Applicants to the Ph.D. program must hold an M.A. in Educa-
tion or a recognized equivalent degree from a recognized uni-
versity. The applicant's record should indicate high academic
standing (a minimum CGPA of 3.0/4.0) and evidence of
research competence in the proposed area of doctoral research.
2. Applicants to the Certificate and M.A. programs must submit:
   • A letter of intent specifying academic and professional experience and interests (specifically, research interests for the thesis option; project interests for the non-thesis project option).

   Applicants to the Ph.D. in Educational Studies program must submit:
   • A letter of application identifying the applicant’s proposal research topic, potential supervisor and expected professional direction. Please note that it is the Ph.D. applicant’s responsibility to secure a supervisor as part of the admission process.
   • A 4-5 page summary of the proposed research topic identifying the applicant’s main research questions, the research trends that have led to the isolation of the questions, ways in which the research could be conducted, and relevant references.

3. Two letters of recommendation, at least one of which must be from a university-level instructor; the other may be from an administrator in an educationally relevant context.

4. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must meet one of the following English proficiency criteria:
   - TOEFL: a score of 580 on the paper-based test, or 237 on the computer-based test, or 92 on the Internet-based test with a minimum of 22 in each of the Listening and Speaking sections.
   - IELTS: a minimum overall band of 7.0

   The Department reserves the right to evaluate the applicant’s language proficiency before initial registration.

5. Further requirements applicable to specific options:
   **Graduate Certificates in Educational Leadership 1 and 2.** Normally, at least two years of relevant educational experience (teaching or related professional experience).

   **Graduate Certificate in Teaching English as a Second Language.** Applicants are required to pass a written and oral English language proficiency test set by the Department.

   **Master of Arts in Second Language Education.** Normally, a minimum of 36 credits including a combination of relevant courses in education and language studies. Normally, at least two years of relevant professional experience in education.

   **Master of Arts in Curriculum Studies and Master of Arts in Educational Leadership.** Normally, at least two years of relevant educational experience (teaching or related professional experience).

38.4 Application Procedures

McGill’s online application form is available to all graduate program candidates at www.mcgill.ca/applying.

Applicants must submit, before the application deadline, the following:
1. Completed Web application form
2. $80 application fee
3. Letter of intent (1 to 2 pages) for Certificate and M.A. programs. Letter of application and a summary of proposed research topic (4-5 pages) for Ph.D. program
4. Curriculum vitae
5. TOEFL score IELTS result (if applicable). Results must be submitted directly from the TOEFL or IELTS Office.

Applicants must arrange to have the following documents sent directly to the Department from the institutions involved:
6. Two sets of official transcripts of all previous undergraduate and graduate studies.
7. Two letters of recommendation. (At least one of the letters must be from a university-level instructor; the other may be from an administrator qualified to assess the applicant’s professional qualities. Both letters must be on institutional letterhead paper with original signatures; no standard evaluation form is available for this purpose.)

The deadlines for submitting applications are:
**Fall admission:**
- February 1st – Graduate Certificates, M.A. and Ph.D. programs

**Winter admission:**
- October 1st – Graduate Certificate in Educational Leadership 1 and Graduate Certificate in Educational Leadership 2

All documentation is to be submitted directly to the Graduate Program Coordinator in the Department of Integrated Studies in Education.

Dina Bakopanos
Graduate Certificate in Teaching English as a Second Language; M.A. in Culture and Values in Education, M.A. in Second Language Education and Ph.D. in Educational Studies
Education Building, Room 244
3700 McTavish Street
Montreal, QC H3A 1Y2

Catherine Hughes
Graduate Certificates in Educational Leadership 1 and 2; M.A. in Educational Leadership and M.A in Curriculum Studies
Department of Integrated Studies in Education
Education Building, Room 244
3700 McTavish Street
Montreal, QC H3A 1Y2

38.5 Program Requirements

38.5.1 Graduate Certificate in Educational Leadership 1

This 15-credit program explores deeper leadership theory and aspiring school leaders who are taking increased responsibility for the students and communities they serve. The management of schools is increasingly seen as making a major contribution to the learning and personal development of students. The professional development of school leaders, educational reform and school partnership form the basis for the program.

**Required Courses** (9 credits)
- EDEM 610 (3) Leadership in Action
- EDEM 628 (3) Education Resource Management
- EDEM 646 (3) Planning and Evaluation

**Complementary Courses** (6 credits)
Two courses chosen from the following:
- EDEC 635 (3) Advanced Written Communication
- EDEM 635 (3) Fiscal Accountability in Education
- EDEM 637 (3) Managing Educational Change
- EDEM 644 (3) Curriculum Development and Implementation
- EDEM 660 (3) Community Relations in Education
- EDEM 664 (3) Education and the Law
- EDEM 671 (3) The Principalship
- EDEM 675 (3) Special Topics 1
- EDEM 693 (3) School Improvement Approaches
- EDEM 695 (3) Policy Studies in Education

38.5.2 Graduate Certificate in Educational Leadership 2

This 15-credit program explores deeper leadership theory and educational issues and applications in a practicum. Candidates for the Graduate Certificate in Educational Leadership 2 should normally have completed the first certificate. In combination, the two certificates allow school administrators to acquire the 30 graduate credits in the field of educational leadership required by the Quebec Ministry of Education.
Required Courses (9 credits)
- EDEM 609 (3) Issues in Educational Studies
- EDEM 673 (3) Leadership Theory in Education
- EDEM 681 (3) Practicum-Administrative Studies

Complementary Courses (6 credits)
- Two courses chosen from the following:
  - EDEC 635 (3) Advanced Written Communication
  - EDEM 635 (3) Fiscal Accountability in Education
  - EDEM 637 (3) Managing Educational Change
  - EDEM 644 (3) Curriculum Development and Implementation
  - EDEM 660 (3) Community Relations in Education
  - EDEM 664 (3) Education and the Law
  - EDEM 671 (3) The Principalship
  - EDEM 675 (3) Special Topics
  - EDEM 692 (3) School Improvement Approaches
  - EDEM 695 (3) Policy Studies in Education

Other courses may be taken with permission from the Director of Graduate Certificate Programs in consultation with the Graduate Program Director.

38.5.3 Graduate Certificate in Teaching English as a Second Language (15 credits)

This 15-credit certificate is designed as professional development for in-service teachers and candidates with a background in education, language studies, linguistics or a related field, or as preparation for application to our M.A. in Second Language Education. The 5 courses which comprise the certificate provide a solid background and offer in-depth study in the field of second language education from a range of perspectives and with a focus on research and applications to teaching. Please note that this certificate does not lead to teacher certification.

The Graduate Certificate in TESL is designed to be available to students worldwide. Courses are offered in a combination of online and face-to-face formats, and sequenced in such a way that students can complete the certificate in one year. The maximum time for completion is five years. The first 3 courses are offered online, and can be undertaken anywhere an Internet connection is available. The final two courses are offered face-to-face either on-site at McGill or at off-site locations with collaborative partners, if numbers warrant.

Required Courses (15 credits)

- Online courses:
  - EDSL 500 (3) Foundations and Issues in Second Language Education
  - EDSL 505 (3) Second Language Acquisition Applied to Classroom Contexts
  - EDSL 512 (3) Grammar in Teaching English as a Second Language
  - EDSL 601 (3) Methods and Curriculum in Teaching ESL
  - EDSL 602 (3) Second Language Reading and Writing Development

- On-site at McGill in Intensive (1 month) Institution:
  - EDSL 602 (3) Second Language Reading and Writing Development

* off-site delivery can be considered for a specified minimum number of students. Certain limitations and additional costs would apply.

38.5.4 M.A. in Culture and Values in Education

This program is designed to support inquiries into the meaning and purpose of education, to help candidates gain facility in appropriate research skills, and to develop innovative approaches to educational thought and practice. The program encourages research into educational issues that have a culture and/or values orientation as a key investigative focus on more specific topics - such as philosophy of education, international and comparative education, intercultural education, values/moral education, gender education, religious/spirituality education, peace education, or art and aesthetics education.

- Required Courses (6 credits)
  - EDEM 609 (3) Issues in Educational Studies
  - EDER 615 (3) Culture, Values and Education
  - EDER 626 (3) Topics: Value in Education
  - EDER 634 (6) Project

- Complementary Courses (24 credits)
  - 21 credits to be selected from the following courses:
    - EDEC 620 (3) Meanings of Literary
    - EDER 600 (3) Globalization, Education & Change
    - EDER 606 (3) Philosophy of Moral Education
    - EDER 607 (3) Values Education: Contemporary Approaches
    - EDER 608 (3) Educational Implications of Social Theory
    - EDER 614 (3) Sociology of Education
    - EDER 617 (3) Aesthetics and Education
    - EDER 625 (3) Topics: Culture in Education
    - EDER 626 (3) Topics: Value in Education
    - EDER 649 (3) Education: Multicultural Societies

  - 3 credits to be selected from the following courses:
    - EDEM 690 (3) Research Methods
    - EDEM 692 (3) Qualitative Research Methods
    - EDSL 630 (3) Qualitative/Ethnographic Methods

- Elective Course (3 credits)
  - 3 credits at the 500, 600, or 700 level chosen in consultation with the Graduate Program Director.

MASTER OF ARTS IN CULTURE AND VALUES IN EDUCATION (Non-Thesis Option – Coursework) (45 credits)

- Required Courses (6 credits)
  - EDEM 609 (3) Issues in Educational Studies
  - EDER 615 (3) Culture, Values and Education

- Complementary Courses (24 credits)
  - 21 credits to be selected from the following courses:
    - EDEC 620 (3) Meanings of Literary
    - EDER 600 (3) Globalization, Education & Change
    - EDER 606 (3) Philosophy of Moral Education
    - EDER 607 (3) Values Education: Contemporary Approaches
    - EDER 608 (3) Educational Implications of Social Theory
    - EDER 614 (3) Sociology of Education
    - EDER 617 (3) Aesthetics and Education
    - EDER 625 (3) Topics: Culture in Education
    - EDER 626 (3) Topics: Value in Education
    - EDER 649 (3) Education: Multicultural Societies

  - 3 credits to be selected from the following courses:
    - EDEM 690 (3) Research Methods
    - EDEM 692 (3) Qualitative Research Methods
    - EDSL 630 (3) Qualitative/Ethnographic Methods

- Elective Courses (15 credits)
  - 15 additional credits at the 500, 600, or 700 level chosen in consultation with the Graduate Program Director.
Required Courses
- EDER 608 (3) Educational Implications of Social Theory
- EDER 614 (3) Sociology of Education
- EDER 617 (3) Aesthetics and Education
- EDER 625 (3) Topics: Culture in Education
- EDER 626 (3) Topics: Value in Education
- EDER 649 (3) Education: Multicultural Societies

3 credits to be selected from the following courses:
- EDEM 690 (3) Research Methods
- EDEM 692 (3) Qualitative Research Methods
- EDSL 630 (3) Qualitative/Ethnographic Methods

Elective Courses (15 credits)
15 additional credits at the 500, 600, or 700 level chosen in consultation with the Graduate Program Director.

MASTER OF ARTS IN CULTURE AND VALUES IN EDUCATION (Non-Thesis Option – Jewish Education)
(45 credits)
This program is designed to offer a graduate-level point of entry into the teaching profession for students who typically will have completed a B.A. with minor or major in Jewish studies. The M.A. will not provide Quebec Government teacher certification (in Quebec certification is at the B.Ed. level) but Jewish schools presently have the right to hire non-certified teachers of Jewish studies.

Students interested in doing a research-focused M.A. in the area of Jewish education should follow one of the other graduate degree offerings within the area of Culture and Values in Education.

Required Courses (21 credits)
- EDEM 690 (3) Research Methods
- EDER 520 (3) Issues in Jewish Education
- EDER 529 (0) Hebrew Language Requirement
- EDER 610D1 (7.5) Internship
- EDER 610D2 (7.5) Internship

Elective Courses (24 credits)
24 credits at the 500 level or above, selected in consultation with the program advisor. Students will normally follow this profile:
- 9 credits from the course offerings of the Department of Jewish Studies, Faculty of Arts.
- 9 credits from among the following:
  - EDER 521 (3) Teaching Judaism: Yiddish
  - EDER 522 (3) Teaching Judaism: Hebrew
  - EDER 523 (3) Teaching Judaism: Bible
  - EDER 524 (3) Teaching Judaism: History
  - EDER 525 (3) Teaching Judaism: Holidays
  - EDER 526 (3) Teaching Judaism: Liturgy
  - EDER 527 (3) Teaching Judaism: Special Topics
  - EDER 528 (3) Teaching Judaism: The Holocaust
- 6 credits from among the following:
  - EDPI 526 (3) Talented and Gifted Studies
  - EDPI 642 (3) Education of Learners/Special Needs 1
  - EDPI 654 (3) Instruction/Curriculum Adaptation
  - EDPI 666 (3) Methods: Learning Disabilities
  - EDPE 510 (3) Learning and Technology
  - EDPE 535 (3) Instructional Design
  - EDPE 616 (3) Cognitive Development

38.5 M.A. in Curriculum Studies
This program introduces students to the broad field of curriculum studies in education. Students explore past and present theoretical perspectives on the curriculum, as well as issues concerned with curriculum design, implementation, planning and development. A central theme of the program is how curriculum unites theory and practice in education. The program draws upon a wide range of expertise from within the Department, including: sociology of education, multicultural and intercultural education, science and technology education, policy studies, gender, critical pedagogy, media and cultural studies.

MASTER OF ARTS CURRICULUM STUDIES (Thesis Option)
(45 credits)
Required Courses (33 credits)
- EDEC 602 (3) Foundations of Curriculum
- EDEC 606 (3) Seminar in Curriculum Inquiry
- EDEM 609 (3) Issues in Educational Studies
- EDEM 621 (6) Thesis 1
- EDEM 623 (6) Thesis 2
- EDEM 699 (12) Thesis 3

Complementary Courses (6 credits)
Six credits from the following:
- EDEM 690 (3) Research Methods
- EDEM 692 (3) Qualitative Research Methods, or equivalent
- EDSL 630 (3) Qualitative/Ethnographic Methods

Elective Courses (6 credits)
6 credits at the 500, 600, or 700 level chosen in consultation with the Graduate Program Director.

MASTER OF ARTS CURRICULUM STUDIES (Non-Thesis Option – Coursework)
(45 credits)
Required Courses (12 credits)
- EDEC 602 (3) Foundations of Curriculum
- EDEC 606 (3) Seminar in Curriculum Inquiry
- EDEM 609 (3) Issues in Educational Studies
- EDEM 690 (3) Research Methods

Complementary Courses (27 credits)
24 credits from the following:
- EDEC 500 (3) Tutoring Writing
- EDEC 604 (3) Literacy and Learning Across Curriculum
- EDEC 610 (3) Literature: Children/Young Adults
- EDEC 612 (3) Media Literacy
- EDEC 616 (3) Reading Course
- EDEC 620 (3) Meanings of Literacy
- EDEC 627 (3) Responding to Texts
- EDEC 635 (3) Advanced Written Communication
- EDEC 644 (3) Curriculum Development and Implementation
- 3 credits from the following:
  - EDEM 610 (3) Leadership in Action
  - EDEM 646 (3) Planning and Evaluation
  - EDEM 664 (3) Education and the Law
  - EDEM 673 (3) Leadership Theory in Education
  - EDEM 675 (3) Organizational Theory and Education

Elective Courses (6 credits)
6 credits at the 500, 600, or 700 level chosen in consultation with the Graduate Program Director.

MASTER OF ARTS CURRICULUM STUDIES (Non-Thesis Option – Project)
(45 credits)
Required Courses (24 credits)
- EDEC 602 (3) Foundations of Curriculum
- EDEC 606 (3) Seminar in Curriculum Inquiry
- EDEM 609 (3) Issues in Educational Studies
- EDEM 690 (3) Research Methods
- EDEM 625 (6) Project 1
- EDEM 627 (6) Project 2

Complementary Courses (15 credits)
12 credits from the following:
- EDEC 500 (3) Tutoring Writing
- EDEC 612 (3) Media Literacy
- EDEC 620 (3) Meanings of Literacy
- EDEC 627 (3) Responding to Texts
- EDEC 635 (3) Advanced Written Communication
- EDEC 644 (3) Curriculum Development and Implementation
- 3 credits from the following:
  - EDEM 610 (3) Leadership in Action
MASTER OF ARTS EDUCATIONAL LEADERSHIP (Thesis Option) (45 credits)

Required Courses (33 credits)

EDEM 609 (3) Issues in Educational Studies
EDEM 610 (3) Leadership in Action
EDEM 673 (3) Leadership Theory in Education
EDEM 621 (6) Thesis 1
EDEM 623 (6) Thesis 2
EDEM 699 (12) Thesis 3

Complementary Courses (6 credits)

6 credits from following:
EDEM 690 (3) Research Methods
EDEM 692 (3) Qualitative Research Methods, or equivalent
EDSL 630 (3) Qualitative/Ethnographic Methods

Elective Courses (6 credits)

6 credits at the 500, 600, or 700 level chosen in consultation with the Graduate Program Director.

MASTER OF ARTS EDUCATIONAL LEADERSHIP (Non-Thesis Option – Coursework) (45 credits)

Required Courses (12 credits)

EDEM 609 (3) Issues in Educational Studies
EDEM 610 (3) Leadership in Action
EDEM 673 (3) Leadership Theory in Education
EDEM 690 (3) Research Methods

Complementary Courses (27 credits)

24 credits from the following:
EDEM 628 (3) Education Resource Management
EDEM 630 (3) Policy Issues: Workplace Learning
EDEM 637 (3) Managing Educational Change
EDEM 644 (3) Curriculum Development and Implementation
EDEM 646 (3) Planning and Evaluation
EDEM 674 (3) Organizational Theory and Education
EDEM 675 (3) Special Topics 1
EDEM 677 (3) Special Topics 2
EDEM 693 (3) School Improvement Approaches

3 credits from the following:
EDEC 602 (3) Foundations of Curriculum
EDEC 606 (3) Seminar in Curriculum Inquiry
EDEC 612 (3) Media Literacy
EDEC 620 (3) Meanings of Literacy
EDEC 635 (3) Advanced Written Communication

Elective Courses (6 credits)

6 credits at the 500, 600, or 700 level chosen in consultation with the Graduate Program Director.

MASTER OF ARTS SECOND LANGUAGE EDUCATION (Thesis Option) (45 credits)

Required Courses (36 credits)

EDEM 609 (3) Issues in Educational Studies
EDPE 575 (3) Educational Measurement
EDSL 623 (3) Second Language Learning
EDSL 664 (3) Second Language Research Methods
EDSL 666 (6) Thesis Research 1
EDSL 667 (6) Thesis Research 2
EDSL 668 (6) Thesis Research 3
EDSL 669 (6) Thesis Research 4

Complementary Courses (9 credits)

9 credits chosen from the following:
EDSL 617 (3) Special Topic in Second Language Education
EDSL 620 (3) Critical Issues in Second Language Education
EDSL 624 (3) Educational Sociolinguistics
EDSL 627 (3) Classroom-Centred Second Language Research
EDSL 629 (3) Second Language Assessment
EDSL 630 (3) Qualitative/Ethnographic Methods
EDSL 631 (3) Second Language Curriculum
EDSL 632 (3) Second Language Literacy Development
EDSL 651 (3) Immersion Education
MASTER OF ARTS IN SECOND LANGUAGE EDUCATION (Non-Thesis) (45 credits)

Required Courses (12 credits)
- EDEM 609 (3) Issues in Educational Studies
- EDPE 575 (3) Educational Measurement
- EDSL 623 (3) Second Language Learning
- EDSL 664 (3) Second Language Research Methods

Complementary Courses (15 credits)
- 15 credits chosen from the following:
  - EDSL 617 (3) Special Topic in Second Language Education
  - EDSL 620 (3) Critical Issues in Second Language Education
  - EDSL 624 (3) Educational Sociolinguistics
  - EDSL 627 (3) Classroom-Centred Second Language Research
  - EDSL 629 (3) Second Language Assessment
  - EDSL 630 (3) Qualitative/Ethnographic Methods
  - EDSL 631 (3) Second Language Curriculum
  - EDSL 632 (3) Second Language Literacy Development
  - EDSL 651 (3) Immersion Education

Elective Courses (18 credits)
Elective courses, at the 500- or 600-level, are selected in consultation with the Graduate Program Director and may include complementary courses listed above. Up to 6 of the elective credits may include the following:
- EDEC 635 (3) Advanced Written Communication (for students whose primary language is English)
- ESLN 590 (3) Writing for Graduate Students (for students whose primary language is not English)

An undergraduate language course (e.g., Spanish, Italian, Japanese).

38.5.8 Ph.D. in Educational Studies
The Ph.D. in Educational Studies provides an integrative perspective on education by drawing on a range of related disciplines and research orientations. Students develop scholarly and innovative expertise in at least one of three contexts of inquiry and awareness of the inter-relatedness of all three: (a) the broad context of culture and society; (b) the international, national, and local contexts of educational leadership and policy studies; and (c) the more specific contexts of schools and other sites of teaching and learning. Students begin with a set of common core courses and proceed to specialization through advanced course work and dissertation topics focused on areas of expertise that are supported by the research interests of current faculty members.

Required Courses (8 credits)
- EDEC 700 (2) Proseminar in Education 1
- EDEC 701 (0) PhD Comprehensive Examination Normally taken in the second year
- EDEC 702 (2) Proseminar in Education 2
- EDEC 703 (2) Ph.D. Colloquium 1
- EDEC 704 (2) Ph.D. Colloquium 2

Complementary Courses (3-15 credits)
One of:
- EDEC 705 (3) Advanced Research Designs
- EDEC 706 (3) Textual Approaches to Research
- EDEC 707 (3) Interpretive Inquiry

12 credits maximum of graduate courses selected in consultation with the Doctoral Advisory Committee depending on the student's background and research interests.

Dissertation

Additional Requirements
Additional courses required in the student's Ph.D. plan of study will be determined by the Doctoral Advisory Committee in consultation with the student at the time of admission.

38.6 Courses
Students preparing to register should consult the Web at www.mcgill.ca/minerva-students (click on Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Single term and Multi-term Courses (D1/D2, N1/N2, J1/J2/J3)
The same course may be available as a single term offering and also as a multi-term offering. The course content and credit weight is equivalent in all modes; the only difference being the scheduling.

Courses with numbers ending in D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for the same section of both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms, e.g., Fall 2007 and Winter 2008.

Courses with numbers ending in N1 and N2 are taught in two non-consecutive terms (Winter and Fall). Students must register for the same section of both the N1 and N2 components. No credit will be given unless both components (N1 and N2) are successfully completed within a twelve (12) month period.

Courses with numbers ending in J1, J2 and J3 are taught over three consecutive terms. Students must register for the same section of all three components (J1, J2, J3). No credit will be given unless all three components are successfully completed.

For more information on Multi-term Courses, Course Terminology, Class Schedule and Course Catalog, see the General Information, Regulations and Research Guidelines, Graduate and Postdoctoral Studies Calendar for 2007-08.

Denotes limited enrolment

38.6.1 EDEA – Arts Education
Courses currently scheduled for 2007-08:
- EDEA 612 ART EDUCATION TUTORIAL. (3) (Restriction: Not open to those who have taken EDEA 612 6 credits - prior to 1993.) Tutorial based on candidate’s research question, oriented toward development of a literature review and preparation for the research activity.
- EDEA 652 APPROACHES TO MUSIC CURRICULUM. (3) An examination and critical assessment of music curriculum at the elementary or secondary level. Specific content of the course will vary from year to year.
38.6.2 EDEC – Curriculum and Instruction
Courses currently scheduled for 2007-08:

EDEC 500 Tutoring Writing. (3) Theory and practice of teaching writing through one-on-one conferencing. Focus on composition theory and research, rules of English usage, and tutorial teaching strategies. Practical experience offered through work in Writing Tutorial Service. Relevant for anyone who teaches or will teach in English at any level in any subject.

EDEC 602 Foundations of Curriculum. (3) The processes of development, implementation and evaluation will be studied from the perspective of the teacher. The focus will be on the role of the teacher as a curriculum professional at the preschool, elementary and secondary school levels.

EDEC 603 Individual Reading Course. (6) Individualized guided study of a topic in the teaching of the candidates’ specialties selected according to their interest and teaching experience.

EDEC 604 Literacy and Learning Across Curriculum. (3) Examination of the central role of language in learning across the curriculum: the processes by which pupils acquire information and understanding and the ways in which teaching must take account of these processes: learning through talk, learning by writing, learning from text.

EDEC 606 Seminar in Curriculum Inquiry. (3) Students will be introduced to debates that are current in curriculum studies which centre on the appropriate emphasis to be accorded to traditions of schooling. To join the debate, students will need to explore the nature of a variety of traditions and the concomitant curricular manifestations and approaches to pedagogy.

EDEC 608 Selected Readings in Literacy. (6) This course serves as a tutorial course that would normally involve the monograph supervisor. Students would concentrate their reading in an area pertinent to the monograph.

EDEC 610 Literature: Children/Young Adults. (3) An examination of the growth of children’s literature from the Middle Ages to modern times, with special emphasis on its reflection of social, cultural, psychological and historical events, issues and norms of the times. Particular emphasis is given to its implications for school programs.

EDEC 612 Media Literacy. (3) The course examines the nature and possibilities of media literacy education in schooling, including both the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic media in society as well as the development of students’ ability to critically analyze the mass, visual, electronic medi

EDEC 613 Selected Readings in Curriculum. (6) This course serves as a tutorial course that would normally involve the monograph supervisor. Students would concentrate their reading in an area pertinent to the monograph.

EDEC 616 Reading Course. (3) Individualized guided study of a topic in the teaching of the candidates’ specialties selected according to their interest and teaching experience.

EDEC 617 Special Topics - Literacy Studies. (3)

EDEC 620 Meanings of Literacy. (3) (Restriction: Not open to students who have taken EDEM 620.) Investigation of basic issues related to definitions of literacy. Issues include new directions in literacy and education, the need for non-print literacies in contemporary life, and the challenges these changes present for educators.

EDEC 627 Responding to Texts. (3) An examination of current theory and research on response to texts and implications for classroom practice at the elementary, secondary, and post-secondary levels. A special emphasis on the processes involved in reading texts, theories of audiences, and researching and assessing response to texts.

EDEC 629 Writing: Theory, Research, and Practice. (3) A review of theories and research on the writing process and the development of writing abilities. Implications for classroom practice at the elementary, secondary, and post-secondary levels.

Special attention to the design of writing assignments and to developing criteria for assessment and evaluation.

EDEC 635 Advanced Written Communication. (3) Rhetorical practices and principles that remain constant across disciplines: generating and organizing ideas; setting goals; planning; considering readers; editing and revising. Students will analyze and produce texts that use the formats, rhetorical strategies, styles, genres, and other conventions of their disciplines.

EDEC 645 Science Writing and Publishing. (3) (Restriction: Limited to senior graduate students - Ph.D.2 and above.) Techniques for writing reader-sensitive scientific articles and grant applications, including how to express abstract ideas.

EDEC 690 Monograph Preparation and Presentation. (12) The preparation and submission of a study project dealing with some aspect of the teaching of the candidate’s specialization and supported by a comprehensive review of the relevant literature. The monograph is to be presented to the candidate’s program director after the satisfactory completion of the required coursework.

EDEC 700 Proseminar in Education 1. (2) (Restriction: Limited to Doctoral students.) Students will be exposed to a wide range of educational theory and research as faculty members present the theoretical underpinnings, methodologies, and applications of their various programs of research.

EDEC 701 PhD Comprehensive Examination. (0) Comprehensive examination.

EDEC 702 Proseminar in Education 2. (2) (Restriction: Limited to Doctoral students) First-year doctoral students will be exposed to more advanced level of educational theory and research to experience the multidisciplinary nature of educational inquiry.

EDEC 703 Ph.D. Colloquium 1. (2) (Restriction: Limited to Doctoral students) Second-year doctoral students will have opportunities to present their work for critical discussion and dialogue. This course will provide students with an introduction to fundamental issues and questions in the field of education.

EDEC 704 Ph.D. Colloquium 2. (2) (Restriction: Limited to Doctoral students) Second-year doctoral students will have opportunities to present their work for critical discussion and dialogue. This course will provide students with a more advanced exposure to issues and questions in the field of education.

EDEC 705 Advanced Research Designs. (3) (Restriction: Limited to Doctoral students) Examination of research methods that are supported by multiple research perspectives.

EDEC 706 Textual Approaches to Research. (3) (Restriction: Limited to Doctoral students) Survey a range of research strategies including philosophical, theoretical, historical, narrative, and autobiographical methods of textual analysis.

EDEC 707 Interpretive Inquiry. (3) (Restriction: Not open to students who have taken EDEM 679.) Focus on issues of voice, reflectivity, and representation when using interpretive frameworks in qualitative research.

38.6.3 EDEE – Elementary Education
Courses currently scheduled for 2007-08:

EDEE 655 Special Topics - Curriculum Studies. (3) A detailed examination of a selected topic. The content will vary from year to year and will be announced prior to registration.

EDEM 603 Individual Reading Course. (6) Independent study of an approved topic with the guidance of a faculty advisor.

EDEM 606 Educational Leadership Issues. (3) Critical analysis and appraisal of leadership issues across geographic, linguistic, racial, gender and cultural contexts from a comparative perspective. Students will analyze their own experience.
EDEM 609 Issues in Educational Studies. (3) The purpose is to explore critically the contemporary trends, issues, historical contexts and implications in curriculum and leadership through processes that engage students with each other and various members of the Department.

EDEM 610 Leadership in Action. (3) Teaching of the use of reflective practice as a means of developing individual theories of action in educational settings. It provides students with the knowledge, skills and attitudes necessary to engage in processes that can improve individual and organizational performance. Special emphasis will be given to communication, problem solving and decision-making.

EDEM 612 Foundations of Administration & Policy Studies Education 1. (3)

EDEM 613 Foundations of Administration & Policy Studies Education 2. (3)

EDEM 615 Selected Issues: Contemporary Education. (6)

EDEM 616 Individual Reading Course. (3) Independent study of an approved topic with the guidance of a faculty advisor.

EDEM 621 Thesis 1. (6) Departmental seminar to guide students through the process of developing a thesis proposal, identifying a supervisor, research sites and participants, and considering ethical issues.

EDEM 623 Thesis 2. (6) Continuation of EDEM 621.

EDEM 625 Project 1. (6) Theoretical or practical project under the supervision of a departmental faculty member to explore and analyze an area of interest relevant to the concentration in leadership or curriculum.

EDEM 627 Project 2. (6) Extension of Project 1 or new project.

EDEM 628 Education Resource Management. (3) An exploration of the concepts and skills necessary to manage the human and financial resources of small organizations (schools, NGOs, departments). Among the areas to be explored are labour contracts, supervision, grantsmanship, use of volunteers, managing site-based budgets.

EDEM 630 Policy Issues: Workplace Learning. (3) This course explores the complex policy climate in workplace learning in Canada and examines the pressures and choices facing program planners and instructors.

EDEM 635 Fiscal Accountability in Education. (3) Accountability in schools and education systems, public responsibility, budgeting, and measures of educational performance.

EDEM 637 Managing Educational Change. (3) Conceptual approaches to managing school improvement and reform with applications such as conflict management, action planning, coaching, shared vision-building and problem solving.

EDEM 644 Curriculum Development and Implementation. (3) Processes of planning, developing, implementing and adapting curricula in various learning systems.

EDEM 646 Planning and Evaluation. (3) Knowledge and skills development in educational planning and monitoring at the service delivery unit (school, non-governmental organization, adult education centre). Areas of study include strategic management, results-based management, log frame analysis, systems assessment, stakeholders analysis, and fourth generation evaluation.

EDEM 659 Program Evaluation. (3) Models and procedures for assessing the relevance, coherence, quality and feasibility of curriculum policies and learning projects.

EDEM 660 Community Relations in Education. (3) School-community relations and methods of encouraging public involvement in education.

EDEM 664 Education and the Law. (3) The legal and institutional framework of Canadian education systems; legal terminology and the tools and methods of legal research; selected public and private law issues in Canadian education.

EDEM 671 The Principalship. (3) Roles, expectations and skills related to the task of the school principal and the implications for school climate and effectiveness.

EDEM 673 Leadership Theory in Education. (3) Concepts of leadership and the role of leadership in educational settings.

EDEM 674 Organizational Theory and Education. (3) Contemporary organization theories and their implications for education and the management of learning environments.

EDEM 675 Special Topics 1. (3) Important current issues in the field of Educational Studies. (Content varies from year to year.)

EDEM 677 Special Topics 2. (3) Important current issues in the field of Educational Studies. (Content varies from year to year.)

EDEM 681 Practicum - Administrative Studies. (3) Field studies and applied research, including the preparation of a research report.

EDEM 683 Advanced Practicum. (6) (Prerequisite: Completion of required courses.) A field experience in which the intern performs a relevant professional role under supervision.

EDEM 690 Research Methods. (3) Students will develop a critical understanding of quantitative and qualitative research in the field of Educational Studies. Students will learn about the purposes and types of research, the research process and how to evaluate and use research information.

EDEM 692 Qualitative Research Methods. (3) Theoretical and practical exploration of the foundations of qualitative methods, with emphasis on underlying principles.

EDEM 693 School Improvement Approaches. (3) Analysis of action research approaches used to improve school performance.

EDEM 695 Policy Studies in Education. (3) Issues in the field of policy studies with specific reference to the formulation, analysis, and assessment of educational policies.

EDEM 699 Thesis 3. (12) Final synthesis of the research project.

EDEM 699N1 Thesis 3. (6) (Students must also register for EDEM 699N2) (No credit will be given for this course unless both EDEM 699N1 and EDEM 699N2 are successfully completed in a twelve month period) Final synthesis of the research project.

EDEM 699N2 Thesis 3. (6) (Prerequisite: EDEM 699N1) (No credit will be given for this course unless both EDEM 699N1 and EDEM 699N2 are successfully completed in a twelve month period)

38.6.5 EDER – Religious Studies

Courses currently scheduled for 2007-08:

EDER 505 Education and Social Issues. (3) A study of the philosophical aspects of major social issues to education, and of selected approaches to fostering critical thinking concerning such issues.

EDER 520 Issues in Jewish Education. (3) (Restriction: Not open to students who have taken 422-320 / EDER 320) An exploration of dissenting and complementary perspectives on the purpose of Jewish education. Challenges facing the field of Jewish education are examined. Developments in general education of relevance to Jewish education are considered.

EDER 523 Teaching Judaism: Bible. (3) (Restriction: Not open to students who have taken 422-401 / EDER 401) (Prerequisite: Knowledge of Hebrew, with permission of instructor) A study of selected narrative, poetic and legal portions of the Pentateuch with a view to teaching this material in Jewish schools. An examination of some of the techniques presently used in the teaching of Bible.

EDER 525 Teaching Judaism: Holidays. (3) (Restriction: Not open to students who have taken 422-250 / EDER 252) An exploration of the rituals, customs, values and historical development of Jewish holidays. Methods of applying this material to the Jewish studies classroom are examined.

EDER 526 Teaching Judaism: Liturgy. (3) (Restriction: Not open to students who have taken 422-400 / EDER 407) (Prerequisite: Knowledge of Hebrew, with permission of instructor.) An exploration of curriculum developed for teaching prayer and
fostering spirituality within Jewish educational frameworks. Selected portions of the High Holy Day liturgy are examined with a view to teaching this material in Jewish settings.

**EDER 527 Teaching Judaism: Special Topics.** (3) In-depth examination of topics in Jewish education. Content will vary from year to year.

**EDER 528 Teaching Judaism: The Holocaust.** (3) Restriction: Not open to students who have taken 422-421 / EDER 421) An exploration of approaches and techniques for the teaching of the Holocaust. Strategies for using Holocaust education as a basis for discussing prejudice and moral responsibility are examined.

**EDER 600 Globalization, Education & Change.** (3) The impact of globalization on educational institutions, processes and practices. Topics may include the politics of change, teachers’ work, educational reform, technology, environment, educational management and leadership.

**EDER 603 Individual Reading Course.** (6)

**EDER 604 Selected Educational Theories.** (3) A study of major theories of educational thought with implications for current praxis.

**EDER 606 Philosophy of Moral Education.** (3) A study of principles underlying contemporary moral education such as what constitutes moral values and judgments, normative basis for morality, and differing foundations employed in determining moral norms.

**EDER 607 Values Education: Contemporary Approaches.** (3) A study of the objectives, content and approaches to the teaching of human and moral values. A critical examination of selected programs dealing with human and moral values.

**EDER 608 Educational Implications of Social Theory.** (3) An analysis of some of the educational implications of various social and political theories: liberalism, Marxism and others.

**EDER 609 Education and Philosophical Thought.** (3) An analysis of the educational implications of various philosophical positions concerning the nature of reality and the nature of knowledge.

**EDER 610D1 (7.5), EDER 610D2 (7.5) Internship.** (Restriction: Only open to students in M.A. Culture and Values Non-Thesis (Jewish Education Option)) (Students must register for both EDER 610D1 and EDER 610D2) (No credit will be given for this course unless both EDER 610D1 and EDER 610D2 are successfully completed in consecutive terms) Supervised fieldwork in a Jewish school or educational institution.

**EDER 614 Sociology of Education.** (3) Social context of schooling, including education and social stratification and socialization processes within and outside schools.

**EDER 615 Culture, Values and Education.** (3) In-depth examination of culture and values in education.

**EDER 616 Individual Reading Course.** (3)

**EDER 617 Aesthetics and Education.** (3) An examination and critical analysis of selected readings on the topic of aesthetics, with specific reference to their application to educational practice.

**EDER 622 Studies in Comparative Education.** (3) Comparative study of the economic, political and social aspects of education systems.

**EDER 625 Topics: Culture in Education.** (3) In-depth examination of topics in culture in education. Content will vary from year to year and will be announced prior to registration. (Examples: Postmodernism and Education; Antiracist Education; Cultural Relativism and Critical Thinking; Popular Culture and Education.)

**EDER 626 Topics: Value in Education.** (3) In-depth examination of topics in values in education. Content will vary from year to year and will be announced prior to registration. (Examples: Spirituality and Education; Patterns of Moral/Spiritual Development; Ethics and Education.)

**EDER 633 Project 1.** (6) (Prerequisite: Completion of program course requirements.) (Restriction: Not open to students who have taken EDER 633 prior to 200609. For non-thesis students only.) Theoretical or practical project to explore and analyze an area of interest relevant to the concentration in culture and values in education.

**EDER 634 Project 2.** (6) (Prerequisite: EDER 633 and completion of program course requirements.) (Restriction: Not open to students who have taken EDER 633 prior to 200609. For non-thesis students only.) Theoretical or practical project to explore and analyze an area of interest relevant to the concentration in culture and values in education.

**EDER 639 Education and Development.** (3) Theories of development and the contribution of education to political, economic and social change.

**EDER 643 Women, Education and Development.** (3) This course will trace the major theoretical developments in women and development and relate them to educational issues in the formal, non-formal and informal settings. There will be an emphasis on the significance and policy implications of women’s education for sustainable developments in the countries of the South.

**EDER 649 Education: Multicultural Societies.** (3) Majority-minority relations and their implications for educational policy and practice.

**EDER 672 Policy on Gender Issues.** (3) An examination and analysis of recent research and policy positions on the influence of gender on hiring, performance, promotion and attrition in educational institutions at all levels.

**EDER 690 Thesis Preparation 1.** (6) A supervised comprehensive study and written review of the literature in the area of the student’s thesis topic.

**EDER 691 Thesis Preparation 2.** (6) Supervised independent work leading to an elaborated written proposal of the student’s thesis project, to be presented and defended at a colloquium convened by the Department.

**EDER 692 Thesis Preparation 3.** (12) Supervised on-going research and writing pertaining to the student’s thesis. Submission of the completed thesis for examination and evaluation.

**38.6.6 EDES – Secondary Education**

Courses currently scheduled for 2007-08:

**EDES 602 Selected Topics 1.** (3) Examination of recent developments in specific topics of post-elementary education. The content of the seminar will vary from year to year and will be announced prior to registration.

**EDES 671 Issues in Science Curriculum.** (3) Exploration of current research in science curricula, teaching methods, and conceptual change, and investigation of the relevant historical changes in science and science education. Students will probe these issues in relation to their interface with society, technology, work views, philosophy of science and philosophy of education.

**EDES 604 Advanced Studies in Subject Area 2.** (3) Examination of recent developments in specific topics of post-elementary education. The content of the seminar will vary from year to year and will be announced prior to registration.

**38.6.7 EDSL – Education in Second Language Education**

Courses currently scheduled for 2007-08:

**EDSL 500 Foundations and Issues in Second Language Education.** (3) (Restriction: Restricted to students in the Graduate Certificate in TESL.) Introduction of second language (L2) education: an overview of contributing disciplines (e.g., linguistics, psychology, sociology and education). A history of theory and various methodological approaches to L2 teaching and learning is used to promote an understanding of current theory and practice.

**EDSL 505 Second Language Acquisition Applied to Classroom Contexts.** (3) (Prerequisite: EDSL 500.) (Restriction: Restricted to students in the Graduate Certificate in TESL.)
An overview of theory and research in second language acquisition, including developmental patterns, factors affecting how second languages are learned, and relevance for teachers in terms of applications to the classroom context.

EDSL 512 Grammar in Teaching English as a Second Language. (3) (Prerequisite: EDSL 505.) (Restriction: Restricted to students in the Graduate Certificate in TESL.) Analysis of English grammar at phonological, morphological, syntactic, semantic, and discourse levels. Applications are made to second language teaching and learning, focusing on integrating grammar into communicative language approaches.

EDSL 601 Methods and Curriculum in Teaching ESL. (3) (Prerequisite: EDSL 512.) (Restriction: Restricted to students in the Graduate Certificate in TESL or with permission of the Graduate Program Director.) Adapting and elaborating strategies in language and content lessons for second language learners, including materials selection and development, activities and assessment in a variety of programs.

EDSL 602 Second Language Reading and Writing Development. (3) (Prerequisite: EDSL 512.) (Restriction: Restricted to students in the Graduate Certificate in TESL or with permission of the Graduate Program Director.) Current theories and models of second language literacy development and their implications for teaching, including the use of literature as a tool for language learning. Key issues include the nature of literacy development, reading and writing processes, and appropriate pedagogical approaches and techniques.

EDSL 603 Individual Reading Course 1. (6) Independent study of an approved topic with the guidance of individual instructor and permission of Graduate Program Director.

EDSL 616 Individual Reading Course 2. (3) Independent study of an approved topic with the guidance of individual instructor and permission of Graduate Program Director.

EDSL 617 Special Topic in Second Language Education. (3) In-depth study of a current topic in Second Language Education. in conjunction with EDSL 630.

EDSL 620 Critical Issues in Second Language Education. (3) An examination of social identity, first language maintenance, and power relations, and their impact on the nature of second language teaching, from the perspective of critical applied linguistics. Topics range from the micro level of the individual to the macro level of language planning and policy-making.

EDSL 623 Second Language Learning. (3) Seminar in second language acquisition theory and research and their relevance to teaching a second language.

EDSL 624 Educational Sociolinguistics. (3) Seminar in the social, cultural and political dimensions of English second language learning and teaching.

EDSL 627 Classroom-Centred Second Language Research. (3) Seminar in second language classroom-centered research focusing on instructional procedures and practices in relationship to learning outcomes.

EDSL 629 Second Language Assessment. (3) Research, theory, issues and practices in second language assessment in relation to learners, teachers, and programs.

EDSL 630 Qualitative/Ethnographic Methods. (3) An examination of theoretical and applied issues in qualitative and ethnographic studies in second language education.

EDSL 631 Second Language Curriculum. (3) Research, theory and practice in curriculum development and teaching in second language education within contemporary frameworks.

EDSL 632 Second Language Literacy Development. (3) Theory and research related to the teaching and learning of second language literacy. The orientation is on reading and writing as a socio-cognitive activity.

EDSL 651 Immersion Education. (3) Theoretical research underpinnings of learning a second language through content-based approaches as well as the rationale for implementing immersion education in a growing number of international contexts.

EDSL 664 Second Language Research Methods. (3) An examination of general research procedures and specific research methods and designs employed in second language research.

EDSL 711 Language Acquisition Issues 3. (2)

Director — Robert Wisnovsky

39.1 Staff

Emeritus Professor
Donald P. Little; B.A.(Vanderbilt), M.A.(Stan.), Ph.D.(Calif.)

Professors
Sajida S. Alvi; B.A., M.A., Ph.D.(Punj.)
Issa J. Boullata; Ph.D.(Lond.) (post-retirement)
Wael B. Hallaq; B.A.(Haifa), Ph.D.(Wash.)

Associate Professors
A. Üner Turgay; B.A.(Robert Coll., Istanbul), M.A., Ph.D.(Madison-Wisc.)
Robert Wisnovsky; B.A.(Yale), M.A., Ph.D.(Princ.)

Assistant Professors
Malek H. Abisaab; B.A.(Lebanese U.), M.A.(CUNY), Ph.D.(Binghamton)
Rula J. Abisaab; B.A.(Amer.U.Beirut), M.A.(Calif.St.), M.Phil., Ph.D.(Yale)
Michelle L. Hartman; B.A.(Col.), D.Phil(Oxf.)
Setrag Manoukian; B.A.(Venezia), M.A.,Ph.D.(Michigan-Ann Arbor)
Khalid M. Medani; B.A.(Brown); M.A.(G’town), M.A., Ph.D.(Calif., Berk.)
Laila Parsons; B.A. (Exe.), D.Phil. (Oxf.)

Faculty Lecturers
Shoukry Gohar, Pouneh Shabani-Jadidi

39.2 Programs Offered

Courses of study and research are offered leading to the degrees of M.A. and Ph.D. in Islamic Studies, and a Graduate Diploma in Islamic Studies.

In its academic programs, the Institute of Islamic Studies focuses on several aspects of medieval, early modern and modern Islamic societies. Courses and research are offered in the fields of law, philosophy, history, politics, science, literature and languages.

The Islamic Studies Library is especially strong in its reference materials and periodical holdings for the Islamic regions. The collection, one of the largest in North America, contains over
100,000 volumes in the principal European languages as well as in Arabic, Persian, Turkish, Urdu and other Islamic languages.

39.3 Admission Requirements

Applicants must have a degree (B.A. or M.A.) from a recognized university, with a minimum Cumulative Grade Point Average (CGPA) of 3.0 out of 4 (or equivalent), OR a Grade Point Average (GPA) of 3.2 out of 4 in the last two years of full-time studies, according to Canadian standards. The degree should be in the Humanities or Social Sciences, preferably in Islamic or Middle Eastern Studies.

Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit acceptable evidence of competence in English before their application for admission can be considered. The Test of English as a Foreign Language (TOEFL) OR an IELTS test is required at McGill University. Only TOEFL or IELTS scores will be accepted. No other test scores will be considered. GRE scores are not required. Please see GPSO Website for minimum test scores, www.mcgill.ca/gps/staff/gpso.

39.4 Application Procedures

Applications will be considered upon receipt of:
1. McGill University application form.
2. Two originalts of all official university transcripts (BA and/or MA if applicable).
3. Two letters of recommendation for M.A. applications OR three letters of recommendation for Ph.D. applications.
4. Application fee of $80.00 (money order or certified cheque in Canadian funds; for the online application, payable by credit card.)
5. TOEFL or IELTS test results.
6. Proof of Citizenship (certified photocopy of passport, birth certificate or equivalent).
7. Institute of Islamic Studies Academic Backround form.

All application documents must be submitted directly to the Chair, Admissions Committee, Institute of Islamic Studies before January 6. McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

39.5 Program Requirements

M.A. in Islamic Studies (Thesis) (51 - 54 credits)

Students registered in the M.A. program must fulfill the residence requirement (see Guidelines of Graduate and Postdoctoral Studies Office) and a language requirement of Arabic at second year level, ISLA 522 or equivalent.

Required Course (3 credits)*
ISLA 603 (3) Introductory: Research Materials - Islamic Studies

* Unless exempt.

Complementary Courses (27 credits)

27 credits, nine 3-credit (or equivalent) graduate-level ISLA courses, including at least one 700-level seminar course. (Note: ISLA 522 can be counted but ISLA 521 cannot.)

With permission of the Institute, up to 6 credits from other departments at McGill, other universities, or other Islamic institutions can be used.

Thesis Component - Required (24 credits)

ISLA 697 (6) Thesis Research
ISLA 698 (6) Thesis Research
ISLA 699 (12) Thesis Research

Ph.D. Degree

The Ph.D. program requirements are:

a) Higher Intermediate Arabic (ISLA 523D1/D2), or equivalent (6 credits);
b) four 6-credit courses (or equivalent) for a total of 24 credits beyond the M.A. level, including two 700-level seminars offered by the Institute;
c) knowledge of an Islamic language, other than Arabic, at the second year level;
d) knowledge of a European language at the second year level (i.e., French, German, Russian, Spanish, Dutch, Italian);
e) comprehensive examinations in three specified fields: (ISLA 701);
f) a dissertation judged to contain original research. Upon approval of the dissertation, a “pass” must be received at the final oral examination.

Graduate Diploma in Islamic Studies (30 credits)

With a B.A. in Islamic Studies (or its equivalent), applicants may be admitted to this non-degree program which requires the completion of 30 credits of course work in one academic year. Students must fulfill a language requirement of Arabic at second year level, ISLA 522 or equivalent.

If awarded this Diploma with high standing, they may be allowed to proceed to a higher degree in Islamic Studies.

Complementary Courses (30 credits)

at least 18 credits, six 3-credit (or equivalent) graduate-level ISLA courses.
at most 12 credits, four 3-credit (or equivalent) courses, normally at the graduate-level, from related fields.

39.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

Note: All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

ISLA 501 The Qur’an: Text and History. (3) A study of the Qur’an’s teachings, structures, style, and history in the light of classical and modern scholarship.

★ ISLA 510D1 (3), ISLA 510D2 (3) History: Islamic Civilization - Classical. (Fall and Winter) (3 hours) (Students must register for both ISLA 510D1 and ISLA 510D2.) (No credit will be given for this course unless both ISLA 510D1 and ISLA 510D2 are successfully completed in consecutive terms) The origins of the early Islamic state in Arabia and the Umawiy Caliphate. The growth of an Islamic civilization, and the “Abbasii Empire” until the Seljuq period. The rise of the Fatimis. The Caliphate of Cordoba.

ISLA 511D1 (3), ISLA 511D2 (3) History: Islamic Civilization - Mediaeval Era. (Fall and Winter) (3 hours) (Students must register for both ISLA 511D1 and ISLA 511D2.) (No credit will be given for this course unless both ISLA 511D1 and ISLA 511D2 are successfully completed in consecutive terms) The Seljuks, and the medieval synthesis. The Moors in Spain and North Africa. The Crusades. The Mongols and the destruction of the Baghdad Caliphate. The Mamluk, Persian, Turkish and Indian Empires until 1700.
ISLA 521D1 (4.5), ISLA 521D2 (4.5) INTRODUCTORY ARABIC. (Fall and Winter) (6 lecture hours and laboratory) (Students must register for both ISLA 521D1 and ISLA 521D2.) (No credit will be given for this course unless both ISLA 521D1 and ISLA 521D2 are successfully completed in consecutive terms) Modern Standard Literary Arabic (non-spoken).

ISLA 522 LOWER INTERMEDIATE ARABIC. (6) (3 hours and laboratory) (Prerequisite: ISLA 521 or equivalent)

ISLA 522D1 (3), ISLA 522D2 (3) LOWER INTERMEDIATE ARABIC. (Fall) (3 hours and laboratory) (Prerequisite: ISLA 521 or equivalent) (Students must register for both ISLA 522D1 and ISLA 522D2.) (No credit will be given for this course unless both ISLA 522D1 and ISLA 522D2 are successfully completed in consecutive terms) (ISLA 522D1 and ISLA 522D2 together are equivalent to ISLA 522)

ISLA 523D1 (3), ISLA 523D2 (3) HIGHER INTERMEDIATE ARABIC. (Fall and Winter) (3 hours) (Prerequisite: ISLA 522 or equivalent) (Formerly 397-623) (Students must register for both ISLA 523D1 and ISLA 523D2.) (No credit will be given for this course unless both ISLA 523D1 and ISLA 523D2 are successfully completed in consecutive terms)

ISLA 532D1 (3), ISLA 532D2 (3) INTRODUCTORY TURKISH. (Fall and Winter) (3 lecture hours plus conference and laboratory) (Students must register for both ISLA 532D1 and ISLA 532D2.) (No credit will be given for this course unless both ISLA 532D1 and ISLA 532D2 are successfully completed in consecutive terms)

ISLA 533D1 (3), ISLA 533D2 (3) LOWER INTERMEDIATE TURKISH. (Fall and Winter) (3 lecture hours plus conference and laboratory) (Prerequisite: ISLA 532 or equivalent) (Students must register for both ISLA 533D1 and ISLA 533D2.) (No credit will be given for this course unless both ISLA 533D1 and ISLA 533D2 are successfully completed in consecutive terms)

ISLA 541D1 (3), ISLA 541D2 (3) INTRODUCTORY PERSIAN. (Fall and Winter) (3 hours) (Students must register for both ISLA 541D1 and ISLA 541D2.) (No credit will be given for this course unless both ISLA 541D1 and ISLA 541D2 are successfully completed in consecutive terms)

ISLA 542D1 (3), ISLA 542D2 (3) LOWER INTERMEDIATE PERSIAN. (Fall and Winter) (3 hours) (Prerequisite: ISLA 541 or equivalent) (Students must register for both ISLA 542D1 and ISLA 542D2.) (No credit will be given for this course unless both ISLA 542D1 and ISLA 542D2 are successfully completed in consecutive terms)

ISLA 551D1 (3), ISLA 551D2 (3) INTRODUCTORY URDU. (Fall and Winter) (3 hours) (Students must register for both ISLA 551D1 and ISLA 551D2.) (No credit will be given for this course unless both ISLA 551D1 and ISLA 551D2 are successfully completed in consecutive terms) (Introduction to the basic grammatical structures and vocabulary of the Urdu language, including drills in pronunciation and sentence structures.)

ISLA 552D1 (3), ISLA 552D2 (3) INTERMEDIATE URDU. (Fall and Winter) (3 hours) (Prerequisite: ISLA 551 or equivalent) (Students must register for both ISLA 552D1 and ISLA 552D2.) (No credit will be given for this course unless both ISLA 552D1 and ISLA 552D2 are successfully completed in consecutive terms) (Assuming a knowledge of basic grammar and vocabulary, this course continues with the study of more complex grammatical structures. Reading and composition exercises in Urdu script are designed to give intermediate competency in the language.)

ISLA 553 ADVANCED URDU 1. (3)

ISLA 581 SPECIAL TOPICS 1. (3) (Note: Subject matter will vary year to year, according to the instructor. Topic will be announced at the beginning of the term.) Selected topics in Islamic studies.

ISLA 585 ARAB WOMEN'S LITERATURE. (3) (Prerequisite: ISLA 392 or permission of instructor.) (Note: Readings in English translation.) Explorations of writings by Arab women. Issues include: translation/reception, gender and genre, categories of knowledge about Arab women, feminist and post-colonial theories/methodologies.

ISLA 601 ANTHROPOLOGY AND IRANIAN STUDIES. (3) Advanced examination of research issues in the field of modern history and anthropology of Iran. Topics will include the social construction of knowledge, politics and society, cultural history and technology.

ISLA 602 ISLAMIC PHILOSOPHY & THEOLOGY. (3) Advanced examination of research issues in the field of Islamic philosophy and theology. Topics will include dialectic, metaphysics, the commentary traditions and 19th century Kalâm.

ISLA 603 INTRODUCTORY: RESEARCH MATERIALS - ISLAMIC STUDIES. (3) (Non-credit) (2 hours) (Compulsory for M.A. students; recommended for Ph.D. students) Some discussion of research methods, the preparation of reports and essays, documentation; transliteration; WWW/Gophers/Databases and on-line catalogue searching; resources for research and teaching. Particular attention given to special reference books and serials used in the field.

ISLA 604 ARABIC MANUSCRIPT TRADITION. (3) This course will examine the way manuscript books were bound, transcribed, decorated, collated, corrected and glossed. It will deal with various scribal practices employed in the critical apparatus, including abbreviations, and will provide practical assistance on how to locate and choose a manuscript for text editing.

ISLA 605 MUSLIM INDIA & PAKISTAN. (3) Historiographical and research issues in the field of Indo-Islamic history; "people of the pen" and "people of the sword" and ruling institutions in Muslim India; madrasah and khanqah and the process of conversion; the British Raj and the challenges of modernity; Pakistan: nation state versus Islamic state - issues and debates.

ISLA 607 ISLAM AND POLITICS: PAKISTAN. (3) Religious and institutional developments from later Mughal and British periods (1707-1947) to present; questions of Muslim identity and separation: creation of Pakistan - an ideological or a modern state?; evolution of Islamic thought; the traditionalists and modernists; interplay of religion and politics; the experiment of Islamization and its aftermath.

ISLA 608 ISLAM AND POLITICS: IRAN. (3) Religious and institutional developments from pre-modern Safavid Iran (1501-1795) to present; evolution of Shi‘i theory of government; ‘ulama’ and politics; challenges of modernity; impact of 1979 Islamic Revolution on Iranian society; ideological conflict between traditionalists and reformists; intellectual cross-currents; and women’s issues in post-Revolution Iran.

ISLA 610 PERSIAN LITERATURE. (3) Advanced examination of research issues in the field of Persian literature. Topics will include modern and medieval Persian poetry and prose; women in early Qajar Iran, c. 1795-1850.

ISLA 611 PRE-MODERN ISLAMIC HISTORY. (3) Advanced examination of research issues in the field of pre-modern Islamic history. Topics will include Shi‘ite doctrine and law (fiqh), the Safavid Empire, and Shi‘ites in Iran, Iraq and Lebanon.

ISLA 613 WOMEN IN CONTEMPORARY MIDDLE EAST. (3) Advanced examination of research issues related to the experiences of women in the contemporary Middle East. Topics will include patriarchy, women and Islam, women and the state, nationalism and anti-colonialism struggles; labour, public space and theoretical issues.

ISLA 616 MODERN ARABIC LITERATURE. (3) Advanced examination of research issues in the field of Arabic literature. Topics will include women’s literature, gender and nationalism in literature, language use in literature and the diasporic literatures of the Middle East.

ISLA 624 ADVANCED ARABIC 1. (3) (Prerequisite: ISLA 523D1/2 or permission of instructor.) (Restriction: Not open to students who have taken ISLA 624D1/2.) (Note: Language of instruction is Arabic.) Advanced level of the Arabic language study.

ISLA 625 ADVANCED ARABIC 2. (3) (Prerequisite: ISLA 624 or permission of instructor.) (Restriction: Not open to students who have taken ISLA 624D1/2.) (Note: Language of instruction is Arabic.) Advanced level of the Arabic language study.
ISLA 633D1 (3), ISLA 633D2 (3) HIGHER INTERMEDIATE TURKISH. (Prerequisite: ISLA 532 or equivalent) (Students must register for both ISLA 633D1 and ISLA 633D2) (No credit will be given for this course unless both ISLA 633D1 and ISLA 633D2 are successfully completed in consecutive terms)

ISLA 642 UPPER INTERMEDIATE PERSIAN 1. (3) (Prerequisite: ISLA 542 or permission of instructor.) (Restriction: Not open to students who have taken ISLA 643D1/2.) (Note: Language of instruction is Persian.) Upper intermediate level of Persian language study.

ISLA 643 UPPER INTERMEDIATE PERSIAN 2. (3) (Prerequisite: ISLA 642 or permission of instructor.) (Restriction: Not open to students who have taken ISLA 643D1/2.) (Note: Language of instruction is Persian.) Continuation of upper intermediate level of Persian language study.

ISLA 644 ADVANCED PERSIAN 1. (3) (Prerequisite: ISLA 643 or permission of instructor.) (Restriction: Not open to students who have taken ISLA 644D1/2.) (Note: Language of instruction is Persian.) Advanced level of Persian language study.

ISLA 645 ADVANCED PERSIAN 2. (3) (Prerequisite: ISLA 644 or permission of instructor.) (Restriction: Not open to students who have taken ISLA 644D1/2.) (Note: Language of instruction is Persian.) Advanced level of Persian language study.

ISLA 670 ISLAMIC LAW. (3) Advanced examination of research issues in the field of Islamic law. Topics will include modernity, gender, family law, and property.

ISLA 680 PRO-SEMINAR: OTTOMAN INSTITUTIONS. (3)

ISLA 681 SPECIAL TOPICS 2. (3) (Note: Subject matter will vary year to year, according to the instructor. Topic will be announced at the beginning of the term.) Selected topics in Islamic studies.

ISLA 682 ISLAMIC POLITICS IN AFRICA. (3) Advanced examination of research issues in the field of Islamic politics in Africa. Topics will include: Political Islam; social movement perspectives; Islam, state-building and civil conflict; the political economy of Islamist extremism, and globalization; informal markets and the rise of the politics of identity.

ISLA 683 HISTORY OF SCIENCE IN ISLAM. (3) Advanced examination of research issues in the historiography of Islamic science. These include: the appropriate and naturalization of ancient Greek science by Islamic scientists; the Arabic-Latin translation movement and the influence of Islamic science on medieval and Renaissance Europe; and the question of the post-medieval decline of Islamic science.

ISLA 697 THESIS RESEARCH. (6) Six credits for accepted thesis proposal.

ISLA 697D1 (3), ISLA 697D2 (3) THESIS RESEARCH. (Students must register for both ISLA 697D1 and ISLA 697D2) (No credit will be given for this course unless both ISLA 697D1 and ISLA 697D2 are successfully completed in consecutive terms) (ISLA 697D1 and ISLA 697D2 together are equivalent to ISLA 697) Six credits for accepted thesis proposal.

ISLA 698 THESIS RESEARCH. (6) Six credits on submission of completed thesis.

ISLA 698D1 (3), ISLA 698D2 (3) THESIS RESEARCH. (Students must register for both ISLA 698D1 and ISLA 698D2) (No credit will be given for this course unless both ISLA 698D1 and ISLA 698D2 are successfully completed in consecutive terms) (ISLA 698D1 and ISLA 698D2 together are equivalent to ISLA 698) Six credits on submission of completed thesis.

ISLA 699 THESIS RESEARCH. (12) Twelve credits for thesis passed by Internal and External examiners.

ISLA 701 COMPREHENSIVE EXAMINATION. (0) ISLA 701D1 (0), ISLA 701D2 (0) COMPREHENSIVE EXAMINATION. (Students must register for both ISLA 701D1 and ISLA 701D2) (No credit will be given for this course unless both ISLA 701D1 and ISLA 701D2 are successfully completed in consecutive terms) (ISLA 701D1 and ISLA 701D2 together are equivalent to ISLA 701)

★ ISLA 705D1 (3), ★ ISLA 705D2 (3) STATE AND GOVERNMENT IN ISLAM. (Students must register for both ISLA 705D1 and ISLA 705D2) (No credit will be given for this course unless both ISLA 705D1 and ISLA 705D2 are successfully completed in consecutive terms) Survey of the evolution of the various patterns and concrete manifestations of Muslim political theory through the classical and medieval periods of Islamic history. The rise of modern states and relations between religion and politics in various Muslim countries.

ISLA 706D1 (3), ISLA 706D2 (3) ISLAMIC LAW. (Students must register for both ISLA 706D1 and ISLA 706D2) (No credit will be given for this course unless both ISLA 706D1 and ISLA 706D2 are successfully completed in consecutive terms) The nature of the law, its origins and historical development, the medieval schools of law, modern evolution of the law, and its roles in Islamic religious and political thought.

ISLA 707 QUR’AN EXEGESIS (CLASSICAL). (3) (Seminar 2 hours) (Prerequisite: Reading knowledge of Arabic) A study of two or three suras of the Qur’an as interpreted by classical exegetes. The suras considered will vary from year to year.

ISLA 709 PROBLEMS IN SHI’AH THOUGHT. (3)

ISLA 711 ISLAMIC JURISPRUDENCE. (3) (Seminar 2 hours) (Prerequisite: Reading knowledge of Arabic) Contents of this course change from year to year.

ISLA 715 ADVANCED STUDIES IN ISLAMIC LAW. (3) (Seminar, 2 hours) (Prerequisite: Reading knowledge of Arabic and ISLA 711 or consent of the instructor) An intensive investigation of the theory of law and methodology of juristic construction as expounded in the classical Arabic texts of Islamic jurisprudence.

ISLA 716 ISLAMIC LEGAL DISCOURSE. (3) A study of the modes in which medieval Muslim jurists gave expression to their individual theories of law.

★ ISLA 723D1 (3), ISLA 723D2 (3) ISLAMIC DEVELOPMENTS - MODERN INDIA AND PAKISTAN. (Students must register for both ISLA 723D1 and ISLA 723D2) (No credit will be given for this course unless both ISLA 723D1 and ISLA 723D2 are successfully completed in consecutive terms) Significant movements in Islamic thought and political action, since the Mughal downfall. The influence of Sirhindi; Waliyullah and his school; the Mujahidin; 1857, De'oband; Aligarh; Azad and Muslim participation in Indian nationalism; Iqbal; Pakistan. Pakistan constitutional and ideological issues; birth of Bangladesh and subsequent developments; Muslims in India since partition.

★ ISLA 732D1 (3), ★ ISLA 732D2 (3) RISE AND EVOLUTION - NATIONALISM AMONG MUSLIMS. (Students must register for both ISLA 732D1 and ISLA 732D2) (No credit will be given for this course unless both ISLA 732D1 and ISLA 732D2 are successfully completed in consecutive terms) A comparative approach to the motivation and ideology in nationalist movements among Muslim peoples. Analysis of general trends and distinctive characteristics in various nationalist movements and their orientations, and the doctrinal disputes among Muslim intellectuals who attempted to explore the nature of the nation and its making in relation to universalist ideas of Islam.

ISLA 735 SPECIAL SEMINAR. (3)

ISLA 736 SPECIAL TOPICS 3. (3)

ISLA 739 SPECIAL SEMINAR. (3)

ISLA 740D1 (3), ISLA 740D2 (3) MYSTICAL TRADITION OF ISLAM. (Seminar 2 hours) (Students must register for both ISLA 740D1 and ISLA 740D2) (No credit will be given for this course unless both ISLA 740D1 and ISLA 740D2 are successfully completed in consecutive terms) The varieties of mystical thought in Islam,
primarily as seen in Sufism, its historical development and its place in Islamic culture. Analytical study of major authors, their writings and their central problems. Reading of primary sources in Arabic and Persian.

ISLA 745 SPECIAL SEMINAR (3) This year's topic: Islamic Law: colonialism and the State. The topic this term is Contours of Ottoman History.

ISLA 749D1 (3), ISLA 749D2 (3) SPECIAL TOPICS 4. (Students must register for both ISLA 749D1 and ISLA 749D2) (No credit will be given for this course unless both ISLA 749D1 and ISLA 749D2 are successfully completed in consecutive terms)

★ ISLA 752D1 (3), ★ ISLA 752D2 (3) SOCIAL/ECONOMIC DEVELOPMENTS / MUSLIM COUNTRIES. (Seminar, 2 hours) (Students must register for both ISLA 752D1 and ISLA 752D2) (No credit will be given for this course unless both ISLA 752D1 and ISLA 752D2 are successfully completed in consecutive terms) A study of development problems in the light of a historical survey of various reform policies in different countries; contemporary ideas of, and policy towards, development as shown in economic, technical, political and educational measures; with emphasis on the relevance of Islamic values to development problems.

★ ISLA 764D1 (3), ★ ISLA 764D2 (3) OTTOMAN HISTORY. (Seminar 2 hours) (Students must register for both ISLA 764D1 and ISLA 764D2) (No credit will be given for this course unless both ISLA 764D1 and ISLA 764D2 are successfully completed in consecutive terms) A critical examination of significant developments in political, social and economic spheres.

ISLA 770 ISLAMIC LOGIC. (3)

ISLA 777 ISLAMIC PHILOSOPHY. (3) (Seminar 2 hours) Consideration of the development of philosophic thought among the Muslims. Classical Arabic or Persian writings will be used.

ISLA 785 MODERN ARABIC LITERATURE 1. (3)

ISLA 788 SPECIAL TOPICS IN ISLAMIC THOUGHT. (3)

ISLA 789 SPECIAL TOPICS 5. (6)

40 Italian Studies

Department of Italian Studies
688 Sherbrooke Street West, Room 425
Montreal, QC H3A 3R1
Canada

Telephone: (514) 398-3953
Fax: (514) 398-1748
E-mail: italian.studies@mcgill.ca
Website: www.mcgill.ca/italian
Chair — Lucienne Kroha
Graduate Director — Lucienne Kroha

40.1 Staff

Emeritus Professor
Pamela D. Stewart; B.A., M.A., Ph.D.

Associate Professor
Lucienne Kroha; B.A., M.A., Ph.D.

Assistant Professor
Eugenio Bolongaro; B.A., L.L.B., M.A., Ph.D.

40.2 Programs Offered

40.3 Admission Requirements

The B.A. degree with Honours or Joint Honours in Italian or its equivalent and a CGPA of 3.20 constitute the minimum requirement. Applicants who do not have these prerequisites may be admitted to a Qualifying Year, or, in some cases, to a Qualifying Term.

40.4 Application Procedures

Applications will be considered upon receipt of:

1. application form;
2. two certified copies of all university transcripts (all transcripts not in English or French must be accompanied by a certified English or French translation);
3. two letters of recommendation (in English or French);
4. a sample critical essay, written in Italian;
5. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit a TOEFL. Minimum score of 86, with each component score not less than 20, required on the internet-based TOEFL examination. Proof of TOEFL must be presented at time of application or shortly thereafter;
6. application fee of $80;
7. statement of academic intent.

Deadline: February 1.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

40.5 Program Requirements

Master’s Programs

The course work and the thesis and/or research papers must demonstrate that the student possesses a sound knowledge of the language, is familiar with all periods of Italian literature and has developed the background and skills necessary to carry out scholarly research.

The regulations concerning the M.A. degree, as stated in the General Information section of the Graduate and Postdoctoral Studies Calendar, apply.

M.A. in Italian (Thesis) (45 credits)

Required Courses (12 credits)

ITAL 602 (3) The Literary Tradition
ITAL 610 (3) Bibliography of Italian Literature
ITAL 619 (3) Topics in Literary Theory, or a similar approved course in another department
ITAL 680 (3) Research Seminar

Complementary Courses (9 credits)

9 additional course-credits, chosen in consultation with an advisor from among the graduate courses offered by the Department. The three courses should cover three distinct chronological periods in Italian literature.

Thesis Component – Required (24 credits)

ITAL 698 (6) Thesis Proposal
ITAL 699 (18) Thesis

A maximum of 6 credits of graduate courses may be taken outside the Italian Studies Department, upon the advice of the Supervisor and with the permission of the Graduate Studies Director.

In exceptional cases, when program requirements cannot be fulfilled otherwise, students may take ITAL 606 Individual Reading Course 1 and ITAL 607 Individual Reading Course 2 offered as tutorials.

Typically, the first year program will consist of: Literary Theory course, ITAL 610, the three Complementary courses, and ITAL 698. The second year will include ITAL 602, ITAL 680 and the Thesis.

M.A. in Italian (Non-Thesis) (45 credits)

Required Courses (12 credits)

ITAL 602 (3) The Literary Tradition
ITAL 610 (3) Bibliography of Italian Literature
ITAL 619 (3) Topics in Literary Theory, or a similar approved course in another department
ITAL 680 (3) Research Seminar

Complementary Courses (15 credits)
15 additional course-credits, chosen in consultation with an advisor from among the graduate courses offered by the Department. The courses should cover at least three distinct chronological periods in Italian literature.

Research Paper - Required (18 credits)
ITAL 690 (9) Research Paper 1
ITAL 691 (9) Research Paper 2

A maximum of 6 credits of graduate courses may be taken outside the Italian Studies Department, upon the advice of the Supervisor and with the permission of the Graduate Studies Director.

In exceptional cases, when program requirements cannot be fulfilled otherwise, students may take ITAL 606 Individual Reading Course 1 and ITAL 607 Individual Reading Course 2 offered as tutorials.

Typically, the first year program will consist of: Literary Theory course, ITAL 610, three Complementary courses, and ITAL 690. The second year will include ITAL 602, ITAL 680, two Complementary courses and ITAL 691.

40.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Note: All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

ITAL 551 BOCCACCIO AND THE ITALIAN NOVELLA. (3) (Winter) (Prerequisites for Undergraduate students: ITAL 215D1/ITAL 215D2, ITAL 216, or equivalent.) A study of Boccaccio’s “Decameron” and of Italian narrative prose up to the 16th century.

ITAL 560 TOPICS IN 18TH & 20TH CENTURY LITERATURE. (3) (Fall) (Prerequisite for Undergraduate students: permission of the Department.) Exploration of individual authors, genres, and literary or cultural movements that have marked Italian culture in the 19th and 20th century.

ITAL 602 THE LITERARY TRADITION. (3) The course highlights the importance of tradition in literature and focuses on different aspects of Italian literary history.

ITAL 606 INDIVIDUAL READING COURSE 1. (3)
ITAL 607 INDIVIDUAL READING COURSE 2. (3)

ITAL 619 TOPICS IN LITERARY THEORY. (3) An introduction to some of the main subjects and authors of modern literary theory. Topics may include reception theory, deconstruction, postmodernism, cultural studies, formalism and structuralism, semiotics, gender studies, psychoanalysis, Marxism, translation and subjectivity.

ITAL 680 RESEARCH SEMINAR. (3) Presentation and discussion of research work.

ITAL 690 RESEARCH PAPER 1. (9) For students in non-thesis option only.
ITAL 691 RESEARCH PAPER 2. (9) For students in non-thesis option only.

ITAL 698 THESIS PROPOSAL. (6) A written presentation which will include: (a) a review of the literature pertinent to the thesis, (b) the definition of the thesis research project within the parameters of the critical literature, and (c) an indication of how the research project will be carried out.

ITAL 699 THESIS. (18) Completion of the thesis.
ITAL 701 COMPREHENSIVE EXAMINATION. (0)
ITAL 780 STUDENT STAFF SEMINAR. (3)

Chair — Eugene Orenstein

41.1 Staff

Professors
David Aberbach; B.A.(U.C.,Lon.) M.Litt. Ph.D.(Oxf.)
Gershon Hundert; B.A., M.A.(Ohio St.), Ph.D.(Col.) (Leonor Segal Professor of Jewish Studies) (joint appt. with History)
B. Barry Levy; B.A., M.A., B.R.E.(Yeshiva), Ph.D.(NYU)

Associate Professors
Eric Caplan; B.A.(McG.), M.A.(Tor.), Ph.D.(McG.) (joint appt. with Integrated Studies in Education)
Carlos Fraenkel; B.A., M.A., Ph.D.(F.U. Berlin) (joint appoint. with dept. of Philosophy)
Lawrence Kaplan; B.A.(Yeshiva), M.A., Ph.D.(Harv.)
Eugene Orenstein; B.A.(C.C.N.Y.), M.A., Ph.D.(Col.)

Assistant Professors
Yael Halevi-Wise; B.A.(Hebrew), M.A.(G’town), Ph.D.(Princ.) (joint appt. with English)

Adjunct Professors
Magdelena Opalski; M.A.(Warsaw), Ph.D.(Ott.)
Ruth Wisse; M.A.(Col.), Ph.D.(McG.)

41.2 Programs Offered

M.A. in Jewish Studies. (An Ad Hoc Ph.D. in Jewish Studies may be offered. Please contact the Department.)

The Department of Jewish Studies offers both thesis and non-thesis M.A. Programs:

The subject areas of the thesis option are under discussion. Prospective students should consult an adviser.

The non-thesis program permits students to acquire a generalist degree in Jewish Studies with advanced work in the areas of Jewish History, Thought and Literature.

41.3 Admission Requirements

All applicants to the graduate program must hold an Honours B.A. in Jewish Studies or the equivalent. Students whose backgrounds are, in the opinion of the staff, inadequate in one or more areas will be required to pursue qualifying program in consultation with an adviser to ensure that they are eligible to apply to the M.A. program. Fluency in Jewish language is an asset. A personal interview is strongly recommended but not required. Students seeking admission to the History of Jewish Interpretation of the Bible or to the non-thesis option must demonstrate fluency in either Hebrew or Yiddish. Students pursuing a program in Literature must have familiarity with literary analysis. Admission to the program requires that the applicants submit samples of their academic work in Jewish Studies, or writing samples in areas of their specialty.

All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

ITAL 699 THESIS. (18) Completion of the thesis.
ITAL 701 COMPREHENSIVE EXAMINATION. (0)
ITAL 780 STUDENT STAFF SEMINAR. (3)
specialization, appropriate references, transcripts and examination scores.

### 41.4 Application Procedures

Applications will be considered upon receipt of:

1. application form
2. official transcripts
3. Research Proposal/Study Plan
4. Curriculum Vita
5. letters of reference
6. $80 application fee
7. GRE and TOEFL scores (if applicable)
8. samples of applicant's academic work

Deadline for admission in September:

- Ph.D. applications – January 6
- M.A. applications – February 1

Note: there are no January admissions.

Application inquiries should be addressed to the Graduate Coordinator, (514) 398-6543. E-mail: graduate.jewishst@mcgill.ca. McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

### 41.5 Program Requirements

**M.A. (Thesis) Degree (45 credits)**

(This program is under revision, please contact the department.)

Thesis option students must specialize in one of the following two areas:

- **Area I:** The History of Jewish Interpretation of the Bible
  - (includes additional language requirement, as noted below);
- **Area II:** East European Jewish Studies.

**M.A., with thesis**

**Area I – The History of Jewish Interpretation of the Bible**

**Required Courses (9 credits)**

- JWST 510 (3) Jewish Bible Interpretation 1
- JWST 511 (3) Jewish Bible Interpretation 2
- JWST 699 (3) Research in Jewish Studies

**Complementary Courses (12 credits)**

An additional 12 credits of courses, seminars, or tutorials.

**Thesis Component – Required (24 credits)**

- JWST 690 (3) M.A. Thesis 1
- JWST 691 (6) M.A. Thesis 2
- JWST 692 (12) M.A. Thesis 3
- JWST 694 (3) M.A. Thesis 4: Area I

Students must also master an additional language (not Hebrew) in which primary documents of Jewish Bible Interpretation have been written; in most cases, this will be Aramaic, but classical Arabic and Greek are accepted. Mastery is normally determined by an examination administered by the Department.

**M.A., with thesis**

**Area II – East European Jewish Studies**

**Required Course (3 credits)**

- JWST 699 (3) Research in Jewish Studies

**Complementary Courses (18 credits)**

- 6 credits to be taken from:
  - JWST 602 (3) East European Jewish History 1
  - JWST 603 (3) East European Jewish History 2
  - (other appropriate tutorial, seminar or topics course)

An additional 12 credits of courses, seminars, or tutorials.

**Thesis Component – Required (24 credits)**

- JWST 695 (3) M.A. Thesis 1: Area II
- JWST 696 (6) M.A. Thesis 2: Area II
- JWST 697 (12) M.A. Thesis 3: Area II
- JWST 601 (3) M.A. Thesis 4: Area II

### 41.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.
Note: All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment.

The course credit weight is given in parentheses after the title.

JWST 511 JEWISH BIBLE INTERPRETATION 2. (3) (Restriction: Not open to students who have taken JWST 512) The issues, problems, approaches, and texts of Jewish Bible interpretation in medieval, renaissance, early modern, and modern times. Interpretation in the Geonic, Ashkenazi, Sephardic, North African, Italian, European, Yemenite, North American and Israeli centres of Jewish Learning.

JWST 523 ANCIENT BIBLE INTERPRETATION. (3) Advanced level work in one aspect of Jewish Bible interpretation in ancient times.

JWST 530 TOPICS IN YIDDISH LITERATURE. (3) Supervised research in Yiddish literature. Work will focus on one genre, literary school or author.

JWST 531 TOPICS IN YIDDISH LITERATURE. (3) Supervised research in Yiddish literature. Work will focus on one genre, literary school or author.

JWST 539 BIBLICAL INTERPRETATION 1. (3) Close readings in one or more texts of early rabbinic Bible interpretation: Mishnah, Tosefta, Halakhic and Aggadic Midrashim, Talmud.

JWST 548 MEDIEVAL PARSHANUT. (3) Advanced level work in one aspect of Jewish Bible interpretation in medieval times.

JWST 551 20TH CENTURY PARSHANUT. (3)

JWST 552 JUDAISM AND POVERTY. (3) (Prerequisite: One course in Jewish Studies, Sociology or Social Work.) An introduction to the subject of poverty in Jewish literature and its influence on religions such as Christianity and Islam, and on modern, secular ideologies, especially socialism, and creative literature.

JWST 562 MEDIEVAL ISLAMIC AND JEWISH PHILOSOPHY. (3) (Prerequisite: one course in Greek, Islamic or Jewish Philosophy, or permission of instructor.) Deals with the manifold points of contact between medieval Muslim and Jewish intellectual history. Muslim and Jewish philosophers, theologians and mystics belonged to the same currents of thought, used the same language and studied the same sources in translation, proposing similar answers to questions that arose in the context of their respective religious traditions.

JWST 575 TOPICS IN PARSHANUT. (3) Advanced level work in one aspect of Jewish Bible Interpretation that cuts across all periods of Jewish Bible interpretation.

JWST 581ARAMAI LANGUAGE. (3) (Requires Departmental approval) (Restriction: Not open to students who have taken JWST 506)

JWST 585 TUTORIAL: EASTERN EUROPEAN STUDIES 1. (3)

JWST 586 TUTORIAL: EASTERN EUROPEAN STUDIES 2. (3)

JWST 587 TUTORIAL IN YIDDISH LITERATURE. (3)

JWST 588 TUTORIAL IN YIDDISH LITERATURE. (3)

JWST 589 TUTORIAL IN JEWISH LITERATURE. (3) Supervised research in Modern Jewish history.

JWST 590 TUTORIAL IN JEWISH LITERATURE. (3) Supervised research in Modern Jewish history.

JWST 601 M.A. THESIS 4: AREA II. (3) Preparation and submission of an acceptable thesis.

JWST 601D1 (1.5) JWST 601D2 (1.5) M.A. THESIS 4: AREA II. (Students must register for both JWST 601D1 and JWST 601D2) (No credit will be given for this course unless both JWST 601D1 and JWST 601D2 are successfully completed in consecutive terms) (JWST 601D1 and JWST 601D2 together are equivalent to JWST 601) Preparation and submission of an acceptable thesis.

JWST 602 EAST EUROPEAN JEWISH HISTORY 1. (3) (1500 - 1800) Studies on specific issues and problems related to the social and cultural history of the Jews in Eastern Europe.

JWST 603 EAST EUROPEAN JEWISH HISTORY 2. (3) (1500 - 1800) Studies on specific issues and problems related to the social and cultural history of the Jews in Eastern Europe.

JWST 690 M.A. THESIS 1. (3) Normally done during the first semester of residence, this project entails original bibliographic research related to the history of Jewish Bible interpretation, usually the preparation of an extensive bibliography of one writer, text or theme. The choice may relate to the thesis topic.

JWST 690D1 (1.5) JWST 690D2 (1.5) M.A. THESIS 1. (Students must register for both JWST 690D1 and JWST 690D2) (No credit will be given for this course unless both JWST 690D1 and JWST 690D2 are successfully completed in consecutive terms) (JWST 690D1 and JWST 690D2 together are equivalent to JWST 690) Normally done during the first semester of residence, this project entails original bibliographic research related to the history of Jewish Bible interpretation, usually the preparation of an extensive bibliography of one writer, text or theme. The choice may relate to the thesis topic.

JWST 690N1 M.A. THESIS 1. (1.5) (Students must also register for JWST 690N2) (No credit will be given for this course unless both JWST 690N1 and JWST 690N2 are successfully completed in a twelve month period) (JWST 690N1 and JWST 690N2 together are equivalent to JWST 690) Normally done during the first semester of residence, this project entails original bibliographic research related to the history of Jewish Bible interpretation, usually the preparation of an extensive bibliography of one writer, text or theme. The choice may relate to the thesis topic.

JWST 690N2 M.A. THESIS 1. (1.5) (Prerequisite: JWST 690N1) (No credit will be given for this course unless both JWST 690N1 and JWST 690N2 are successfully completed in a twelve month period) (JWST 690N1 and JWST 690N2 together are equivalent to JWST 690) See JWST 690N1 for course description.

JWST 691 M.A. THESIS 2. (6) A study of the history of Jewish interpretation of one verse, based on 100 primary sources of a topical analysis of a major issue in the history of Jewish Bible interpretation.

JWST 692D1 (6), JWST 692D2 (6) M.A. THESIS 3. (Students must register for both JWST 692D1 and JWST 692D2) (No credit will be given for this course unless both JWST 692D1 and JWST 692D2 are successfully completed in consecutive terms) (JWST 692D1 and JWST 692D2 together are equivalent to JWST 692) Preparation of the thesis.

JWST 692N1 M.A. THESIS 3. (6) (Students must also register for JWST 692N2) (No credit will be given for this course unless both JWST 692N1 and JWST 692N2 are successfully completed in a twelve month period) (JWST 692N1 and JWST 692N2 together are equivalent to JWST 692) See JWST 692N1 for course description.

JWST 694 M.A. THESIS 4: AREA I. (3) A directed reading project devoted to the modern critical scholarship on one Biblical work.

JWST 695 M.A. THESIS 1: AREA II. (3) Bibliographical introduction to the field and preparation of a research proposal in East European Jewish Studies.

JWST 696 M.A. THESIS 2: AREA II. (6) Preparation of a research report and presentation of a research seminar in East European Jewish Studies.

JWST 699 RESEARCH IN JEWISH STUDIES. (3) Practical problems and resources related to research and key theoretical debates in the field will be discussed.

Adjunct Professors
Robert Boushel, Bernard Aguianiu

42.2 Programs Offered

The Department of Kinesiology and Physical Education Department offers thesis and non-thesis options leading to an M.A. or an M.Sc. in Kinesiology and Physical Education. Graduate program of studies in the areas of Adapted Physical Activity, Psychology of Sport and Motor Behaviour or Pedagogy lead to an M.A. while graduate program of studies in the areas of Exercise Physiology and Biomechanics lead to an M.Sc.

The M.A. or M.Sc. with thesis route provides the opportunity to acquire critical skills and knowledge related to systematic research in an area of specialization.

The M.A. or M.Sc. non-thesis route provides the opportunity for those interested in professional practice to acquire advanced knowledge in an area of specialization as well as some breadth.

Prospective applicants to the Ph.D. (Ad Hoc) program should contact the Department at (514) 398-4184.

Research conducted in the Department of Kinesiology and Physical Education focuses in the areas of adapted physical activity, biomechanics, exercise physiology, motor control, psychology of physical activity and sport psychology. Research laboratories are located in the department's Seagram Sport Science Centre as well as in the satellite facilities located at the Occupational Biomechanics and Posture-Movement Control Lab of the Jewish Rehabilitation Hospital, and the Research Clinical Exercise Physiology Lab of the McGill University Health Centre (MUHC). Other affiliated research centres include Summit School and the Mackay Centre.

42.3 Admission Requirements

1. An undergraduate degree with a Major in Kinesiology or in a related biological science or behavioural science or in Physical Education or equivalent from a recognized university is required.
2. A minimum academic standing equivalent to a CGPA of 3.0 out of 4.0.

42.4 Application Procedure

McGill’s online application form is available to all graduate program candidates at www.mcgill.ca/applying/graduate.

Applications will be considered upon receipt of:

1. application form,
2. official transcripts from previous undergraduate/graduate programs of study,
3. two letters of reference,
4. $80 application fee,
5. TOEFL score (where applicable).

The deadlines for Canadians to submit applications are:

Fall session – March 1
Winter session – October 15

For International students, applications must be submitted at least six months prior to the official deadline indicated above.

All documentation is to be submitted directly to the Graduate Program Director in the Department of Kinesiology and Physical Education.

42.5 Program Requirements

M.A. Kinesiology and Physical Education (Thesis Option)

(45 credits)
Areas: Adapted Physical Activity, Psychology of Sport and Motor Behavior or Pedagogy

Required Courses (6 credits)
EDPE 676 (3) Intermediate Statistics 2 or equivalent

Complementary Courses (15 credits)
Students must take a minimum of 9 credits of coursework in a classroom setting in the area of concentration selected in consultation with the graduate student advisor.

Students may also take courses from the Faculty of Education or the Faculty of Arts in consultation with an advisor (500-level or higher).

EDKP 604 (3) Health and Lifestyle Education
EDKP 605 (3) Sport in Society
EDKP 650 (3) Analyzing Instructional Behaviours
EDKP 653 (6) Individual Reading Course 1
EDKP 607 (3) Curriculum Innovation and Change
EDKP 616 (3) Individual Reading Course 2
EDKP 648 (3) Physical Activity Psychology
EDKP 650 (3) Research in Physical Education Pedagogy
EDKP 654 (3) Sport Psychology
EDKP 655 (3) Inclusive Physical Activity
EDKP 664 (3) Motor Learning
EDKP 665 (3) Motor Behaviour and Disability
EDKP 671 (3) Experimental Problems
EDKP 672 (6) Experimental Problems
EDKP 695 (3) Thesis Research 5 or complementary course
EDKP 696 (3) Thesis Research 6 or complementary course

Students may also take courses from the Faculty of Education or the Faculty of Arts in consultation with an advisor (500-level or higher).
**Thesis Component – Required** (24 credits)
EDKP 691 (6) Thesis Research 1
EDKP 692 (6) Thesis Research 2
EDKP 693 (6) Thesis Research 3
EDKP 694 (6) Thesis Research 4

*Students may also take courses from the Faculty of Science chosen in consultation with the advisor (500-level or higher).*

**Thesis Component – Required** (24 credits)
EDKP 691 (6) Thesis Research 1
EDKP 692 (6) Thesis Research 2
EDKP 693 (6) Thesis Research 3
EDKP 694 (6) Thesis Research 4

**M.A. Kinesiology and Physical Education (Non-Thesis)**
(45 credits)
Areas: Adapted Physical Activity, Psychology of Sport and Motor Behavior or Pedagogy.

**Complementary Courses** (18 credits)
6 credits, two courses from the following list:
EDPE 575 (3) Educational Measurement
EDKP 605 (3) Research Methods 1
EDSL 630 (3) Qualitative/Ethnographic Methods
or EDEM 692 (3) Qualitative Research Methods

12 credits selected from the following list:
EDKP 504 (3) Health and Lifestyle Education
EDKP 505 (3) Sport in Society
EDKP 550 (3) Analyzing Instructional Behaviours
EDKP 603 (3) Individual Reading Course 1
EDKP 568 (3) Biomechanics Instrumentation
EDKP 607 (3) Curriculum Innovation and Change
EDKP 616 (3) Individual Reading Course 2
EDKP 648 (3) Physical Activity Psychology
EDKP 650 (3) Research in Physical Education Pedagogy
EDKP 654 (3) Sport Psychology
EDKP 655 (3) Inclusive Physical Activity
EDKP 664 (3) Motor Learning
EDKP 665 (3) Motor Behaviour and Disability
EDKP 671 (3) Experimental Problems
EDKP 672 (3) Experimental Problems

Students may also take courses from the Faculty of Education or the Faculty of Arts in consultation with an advisor (500-level or higher).

**Elective Courses** (12 credits)
12 credits (normally four courses) chosen in consultation with an advisor (should be 500-level or higher).

**Project Component – Required** (15 credits)
EDKP 608 (15) Special Project

**M.Sc. Kinesiology and Physical Education (Thesis Option)**
(45 credits)
Areas: Exercise Physiology and Biomechanics.

**Required Courses** (6 credits)
EDKP 605 (3) Research Methods 1
EDPE 676 (3) Intermediate Statistics 2 or equivalent

**Complementary Courses** (15 credits)
Students must take a minimum of 9 credits of coursework in a classroom setting in the area of concentration selected in consultation with the graduate student advisor.
EDKP 542 (3) Environmental Exercise Physiology
EDKP 553 (3) Physical Activity Assessments
EDKP 568 (3) Muscle Mechanics
EDKP 568 (3) Biomechanics Instrumentation
EDKP 603 (6) Individual Reading Course 1
EDKP 616 (3) Individual Reading Course 2
EDKP 630 (3) Human Walking Mechanics
EDKP 635 (3) Modeling Human Movement
EDKP 640 (3) Advanced Ergonomics
EDKP 652 (3) Cardio - Respiratory Exercise Physiology
EDKP 662 (3) Nerve/Muscle Exercise Response
EDKP 663 (3) Applied Exercise Physiology
EDKP 667 (3) Sport Science – Seminar
EDKP 671 (3) Experimental Problems
EDKP 672 (6) Experimental Problems
EDKP 695 (3) Thesis Research 5
EDKP 696 (3) Thesis Research 6

Students may also take courses from the Faculty of Science chosen in consultation with the advisor (500-level or higher).

**Elective Courses** (12 credits)
12 credits (normally four courses) chosen in consultation with an advisor (should be 500-level or higher).

**Project Component – Required** (15 credits)
EDKP 608 (15) Special Project

### 42.6 Courses (EDKP)

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click on Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

**Single term and Multi-term Courses (D1/D2, N1/N2, J1/J2/J3)**
The same course may be available as a single term offering and also as a multi-term offering. The course content and credit weight is equivalent in all modes; the only difference being the scheduling.

**Courses with numbers ending in D1 and D2** are taught in two consecutive terms (most commonly Fall and Winter). Students must register for the same section of both the D1 and D2 components. When registering for a fall term D1 course the student will automatically be registered for the winter term D2 portion. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms, e.g., Fall 2007 and Winter 2008.

**Courses with numbers ending in N1 and N2** are taught in two non-consecutive terms (Winter and Fall). Students must register for the same section of both the N1 and N2 components. No credit will be given unless both components (N1 and N2) are successfully completed within a twelve (12) month period.

The course credit weight is given in parentheses after the title.
Descriptions of courses not scheduled in 2007-08 can usually be found in the preceding Calendar.

For more information on Multi-term Courses, Course Terminology, Class Schedule and Course Catalog, see the General Information, Regulations and Research Guidelines, Graduate and Postdoctoral Studies Calendar for 2007-08.

EDKP 504 HEALTH & LIFESTYLE EDUCATION. (3) This course will focus on content development and implementation of Health and Lifestyle concepts within the elementary and secondary physical education curriculum. Emphasis through lectures and labs will allow students' participation and experimentation of activities that could be taught in classroom and/or physical education settings.

EDKP 505 SPORT IN SOCIETY. (3) (Prerequisites: EDKP 261, EDKP 393.) (Corequisite: EDKP 498.) An examination of the cultural, social, political and economic factors that influence sport in society. Special attention to the effects of gender, financial constraints and political policies on involvement in physical activity and sports programs.

EDKP 542 ENVIRONMENTAL EXERCISE PHYSIOLOGY. (3) (Prerequisite: EDKP 395.) Environmental Exercise Physiology will examine human physiological responses to acute and chronic exercise in the following environments: thermal stress (hot and cold), hypobaric (medium and high altitude), hyperbaric (diving and chambers), and microgravity.

EDKP 550 ANALYZING INSTRUCTIONAL BEHAVIOURS. (3) Students will investigate generic and specialized data collection instruments used in the supervision of and research into teaching and coaching. Practical experience will include the selection and use of appropriate tools, establishment of observer reliability, critical analysis of observational systems, and application of systematic observation to pertinent research questions.

EDKP 553 PHYSICAL ACTIVITY ASSESSMENTS. (3) (Prerequisite: EDKP 396.) Measurement techniques used to assess physical activity and health and physical fitness in sedentary and active persons, including heart rate monitors, accelerometry based activity monitors, pedometers, direct observation, self-report instruments, doubly labeled water, and indirect calorimetry.

EDKP 566 MUSCLE MECHANICS. (3) (Prerequisite: EDKP 206.) Theoretical basis of muscle activity measurement in the context of biomechanical studies, including muscle-related topics such as fatigue, injury and control.

EDKP 568 BIOMECHANICS INSTRUMENTATION. (3) (Restriction: Not open to students who have taken EDKP 668.) Instrumentation and technical knowledge to assist in the acquisition and processing of data used in biomechanics.

EDKP 603 INDIVIDUAL READING COURSE 1. (6). This course may be taken for credit (3) or for no credit (3) and used to satisfy the BScPE requirement. Students must register for both EDKP 603D1 and EDKP 603D2. No credit will be given for this course unless both EDKP 603D1 and EDKP 603D2 are successfully completed in consecutive terms.

EDKP 605 RESEARCH METHODS 1. (3) The course will examine the nomenclature, structure, methods and areas of quantitative and qualitative research in Physical Education. Students will be required to evaluate research concepts and examine their relationship to statistical design. Activities will focus on data retrieval, research problems, proposals, data collection and report of findings.

EDKP 607 CURRICULUM INNOVATION AND CHANGE. (3) This course examines recent Physical Education curriculum innovations at elementary, secondary and collegiate levels of physical education and how they have been implemented in various settings. It involves study of philosophical, societal and institutional changes on program emphasis and gives particular attention to how teachers may implement curriculum changes.

EDKP 608 SPECIAL PROJECT. (15) The development of a substantive written document which depicts an investigation or application of a physical education problem, issue or innovative practice. The monograph is to be presented to the candidate's advisor after satisfactory completion of the required course work.

EDKP 616 INDIVIDUAL READING COURSE 2. (3) Reading Course.

EDKP 630 HUMAN WALKING MECHANICS. (3) (Prerequisite: EDKP 206 or permission of instructor.) Kinematics, kinetics, and neural control of walking and running under normal and perturbed conditions. Comparison of locomotion strategies for different populations (e.g. adolescents, elderly, amputees, etc.) will be emphasized. Various measurement techniques, data processing, and evaluations of total body and limb coordination will be addressed.

EDKP 635 MODELING HUMAN MOVEMENT. (3) (Prerequisite: EDKP 206 or permission of instructor.) Computational techniques and methodologies necessary for theoretical calculation of modeling the physical dynamic behaviour of the human body and tissues.

EDKP 640 ADVANCED ERGONOMICS. (3) Biomechanical aspects of some common motion disorders associated with the workplace. Recent knowledge in this area will be used to gain a better understanding of and development of ergonomic principles related to issues such as risk factors, activity status, injury mechanisms, movement compensation, and work adaptation strategies.

EDKP 648 PHYSICAL ACTIVITY PSYCHOLOGY. (3) An examination of the psychological and social psychological factors influencing physical activity behaviours. Emphasis is placed on understanding the theoretical constructs and research underlying involvement in physical activity including the introduction of salient measurement issues.

EDKP 650 RESEARCH IN PHYSICAL EDUCATION PEDAGOGY. (3) Theoretical foundation on research in physical education teaching, teacher preparation, and curriculum, including current literature to assess the scope of research designs used in the field and practical applications of the research.

EDKP 652 CARDIO-RESPIRATORY EXERCISE PHYSIOLOGY. (3) A comprehensive review of the basic physiological responses of the circulatory and respiratory systems to acute and chronic exercise and a brief discussion of regulatory mechanisms.

EDKP 654 SPORT PSYCHOLOGY. (3) The psychological factors and personality characteristics that influence diverse aspects of sport and physical activity. Seminars focus on discussions/presentations of theory, psychometrics and application of psychological principles to behavior in sport.

EDKP 655 INCLUSIVE PHYSICAL ACTIVITY. (3) Physical activity program development for individuals with a disability, primarily from an inclusive self-determined perspective, including contemporary assessment, instructional methods, best educational practices, and existing curricular models for selected developmental disabilities.

EDKP 662 NERVE/MUSCLE EXERCISE RESPONSE. (3) Acute and chronic adaptations of the neuromuscular system to exercise, current concepts and understanding of neuromuscular morphology, motor unit recruitment, the etiology of neuromuscular fatigue, and mechanisms of neuromuscular adaptation.

EDKP 663 APPLIED EXERCISE PHYSIOLOGY. (3) Neuromuscular, cardio-respiratory and metabolic effects of acute and chronic exposure to various forms of exercise, focusing on exercise performance and physical activity settings.

EDKP 664 MOTOR LEARNING. (3) The analysis of conditions and factors related to human learning and performance or behavioural potential using the information processing model of behaviour. Seminar format is used to discuss experimentation and theory that examine motor skill acquisition.

EDKP 665 MOTOR BEHAVIOUR AND DISABILITY. (3) Factors that influence the motor behaviour of individuals with a disability, including anthropometric characteristics, information processing, knowledge and self-regulation, motivation, and the social-cultural context. Cognitive and dynamic systems perspectives will be emphasized as well as developmental disabilities such as autism.
intellectual disability, developmental coordination disorder, and ADHD.

EDKP 667 SPORT SCIENCE - SEMINAR. (3) Students will review selected research papers regarding the physiological and biomechanical factors affecting exercise and sport. Students will be required to prepare literature precis, critiques and lead in some group discussions.

EDKP 671 EXPERIMENTAL PROBLEMS. (3) Study in one area of: ergo-physiology or biomechanics or psychology of motor performance or motor performance for exceptional children. To provide an opportunity to conduct a research project and develop an awareness of the problems involved in the area of concentration under departmental supervision.

EDKP 672 EXPERIMENTAL PROBLEMS. (6) See EDKP 671. This course, however, is more intensive and comprehensive in nature.

EDKP 672D1 (3), EDKP 672D2 (3) EXPERIMENTAL PROBLEMS. (Students must register for both EDKP 672D1 and EDKP 672D2) (No credit will be given for this course unless both EDKP 672D1 and EDKP 672D2 are successfully completed in consecutive terms) (EDKP 672D1 and EDKP 672D2 together are equivalent to EDKP 672) See EDKP 671. This course, however, is more intensive and comprehensive in nature.

EDKP 691 THESIS RESEARCH 1. (6) A comprehensive literature review in the general area of the thesis topic. Independent work under the supervision of the thesis advisor(s).

EDKP 691D1 (3), EDKP 691D2 (3) THESIS RESEARCH 1. (Students must register for both EDKP 691D1 and EDKP 691D2) (No credit will be given for this course unless both EDKP 691D1 and EDKP 691D2 are successfully completed in consecutive terms) (EDKP 691D1 and EDKP 691D2 together are equivalent to EDKP 691) A comprehensive literature review in the general area of the thesis topic. Independent work under the supervision of the thesis advisor(s).

EDKP 692 THESIS RESEARCH 2. (6) Independent work under the supervision of the thesis advisor(s) culminating with a written proposal and oral seminar explaining the direction of the thesis research.

EDKP 692D1 (3), EDKP 692D2 (3) THESIS RESEARCH 2. (Students must register for both EDKP 692D1 and EDKP 692D2) (No credit will be given for this course unless both EDKP 692D1 and EDKP 692D2 are successfully completed in consecutive terms) (EDKP 692D1 and EDKP 692D2 together are equivalent to EDKP 692) Independent work under the supervision of the thesis advisor(s) culminating with a written proposal and oral seminar explaining the direction of the thesis research.

EDKP 693 THESIS RESEARCH 3. (6) Ongoing research pertaining to the thesis under the direction of the thesis advisor(s).

EDKP 693D1 (3), EDKP 693D2 (3) THESIS RESEARCH 3. (Students must register for both EDKP 693D1 and EDKP 693D2) (No credit will be given for this course unless both EDKP 693D1 and EDKP 693D2 are successfully completed in consecutive terms) (EDKP 693D1 and EDKP 693D2 together are equivalent to EDKP 693) Ongoing research pertaining to the thesis under the direction of the thesis advisor(s).

EDKP 694 THESIS RESEARCH 4. (6) Independent work under the supervision of the thesis advisor(s). Final submission and approval of the thesis.

EDKP 694D1 (3), EDKP 694D2 (3) THESIS RESEARCH 4. (Students must register for both EDKP 694D1 and EDKP 694D2) (No credit will be given for this course unless both EDKP 694D1 and EDKP 694D2 are successfully completed in consecutive terms) (EDKP 694D1 and EDKP 694D2 together are equivalent to EDKP 694) Independent work under the supervision of the thesis advisor(s). Final submission and approval of the thesis.

EDKP 695 THESIS RESEARCH 5. (3) Independent work under the supervision of the thesis advisor(s) leading to the finalization of procedures for data collection.

EDKP 696 THESIS RESEARCH 6. (3) Independent work under the supervision of the thesis advisor(s) leading to the finalization of procedures for data collection.

Dean, Faculty of Law — Nicholas Kasirer
Associate Dean Research and Director, Institute of Comparative Law — Fabien Gélinas
Director, Institute of Air and Space Law — Paul Dempsey
Associate Dean (Graduate Studies) — Shauna Van Praagh
Frédéric Bachand; LL.B. (Montr.), LL.M. (Cantab.), LL.D. (Montr.),
Doctor en droit (Paris II)
G. Blaine Baker; B.A. (Huron College), LL.B. (W. Ont.), LL.M. (Col.)
Jean-Guy Belley; LL.L., LL.M. (Laval), Doctar en sociologie juridique (Paris II) (Sir William Macdonald Professor of Law)
Adelle Blackett; B.A. (Qu.), LL.B., B.C.L. (McG.), LL.M., J.S.D. (Col.) (William Dawson Scholar)
Kimberly Brooks; B.A. (Tor.), LL.B. (UBC), LL.M. (York)
Angela Campbell; B.A., B.C.L., LL.M. (McG.), LL.M. (Harv.)
Irwin Cotler; O.C., B.A., B.C.L. (McG.), LL.M. (Yale), Ph.D. (Hebrew University), LL.D. Hon. Causa (Bar-Ilan, York, Simon Fraser, Haifa) (on leave)
Paul-André Crapeau; C.C., O.Q., Q.C., B.A., L.Ph. (Ott.),
LL.L. (Montr.), B.C.L. (Oxon), Docteur de l'Université de Paris (Droit), LL.D. Hon. Causa (Ott., York, Dalhousie, Strasbourg, Montréal, Paris II (Panthéon-Assas),(Laval), F.R.S.C. (Wainwright Emeritus Professor of Civil Law)
Armand de Mestral; A.B. (Harv.), B.C.L. (McG.), LL.M. (Harv.), Doctorat Hon. Causa (Université Lyon III, Krwansei Gakuin University)
Helge Dedek; LL.M. (Harv.), Dr. Iuris (Bonn)
Paul S. Dempsey; A.B.J., J.D. (Georgia), LL.M. (GWU), D.C.L. (McG.), Tomlinson Professor of Global Governance
Jaye Ellis; B.A. (Calg.), LL.B., B.C.L. (McG.), LL.M. (UBC), D.C.L. (McG.)
Yaël Emeric; B.C.L. (Paris), Docteur en droit (Montr.), Docteur en droit (Jean Moulin Lyon III)
William F. Foster; LL.B. (Hons.) (Auck.), LL.M. (Br.Col.), (Sir William C. Macdonald Professor of Law) (on leave)
Evans Fox-Decent; B.A., M.A. (Manit.), J.D., Ph.D. (Tor.)
Fabien Gélinas; LL.B., LL.M. (Montr.), D.Phil. (Oxon.)
H. Patrick Glenn; B.A. (Col.), LL.B. (Qu.), LL.M. (Harv.), D.E.S., Docteur en droit (Strasbourg), LL.D. Hon. Causa (Fribourg) F.R.S.C. (Peter M. Langin Professor of Law)
Jane Matthews Glenn; B.A. (Hons.), LL.B. (Qu.), Docteur de l'Université de Strasbourg (Droit)
Richard Gold; B.Sc. (McG.), LL.B. (Hons.) (Tor.), LL.M., S.J.D. (Mich.)
Patrick Healy; B.A. (Vic.), B.C.L. (McG.), LL.M. (Tor.) (on leave Jan-June '08)
Ram Jakhu; B.A., LL.B., LL.M. (Panjab), LL.M., D.C.L. (Mcg.)
Richard A. Janda; B.A. (Tor.), LL.B., B.C.L. (Mcg.), LL.M. (Col.)
Pierre-Gabriel Jobin; B.A., B. Phil., LL.L. (Laval), D.E.S. en droit privé, Doctorat de l'Université de Montréal (Montpellier)
Rosalie Jukier; B.C.L., LL.B. (Mcg.), B.C.L. (Oxon.)
Daniel Jutras; LL.B. (Montr.), LL.M. (Harv.)
Nicholas Kasilor; B.A. (Tor.), B.C.L., LL.B. (Mcg.), D.E.A. (Paris), (James McGill Professor)
Lara Khoury; LL.B. (Sher.), B.C.L., D.Phil. (Oxon.)
Dennis R. Klinck; B.A., M.A. (Alta.), Ph.D. (Lon.), LL.B (Sask.)
David Lametti; B.A. (Tor.), LL.B., B.C.L. (Mcg.), LL.M. (Yale), D.Phil. (Oxon.)
Robert Leckey; B.A. (Qu.), C.B.L. LL.B. (Mcg.), S.J.D. (Tor.)
Roderick A. Macdonald; B.A., LL.B. (York), LL.L. (Ott.), LL.M. (Tor.) (F.R. Scott Professor of Public and Constitutional Law), F.R.S.C. (on leave)
Desmond Manderson; B.A. (Hons.), LL.B. (Hons.), A.N.U.,
D.C.L. (Mcg.) (Cananda Research Chair in Law and Discourse) (on leave)
Frédéric Megret; LL.B. (King's College), D.E.A. (Paris), Ph. D. (Geneva/Paris) (Canadian Research Chair on the Law of Human Rights and Legal Pluralism)
Pierre-Emmanuel Moyse; LL.B., LL.M., LL.D. (Montr.)
Victor Muñiz-Fraticelli; B.A. (Cornell), J.D. (Puerto Rico), M.A. (Chic.) (joint appt. with Political Science)
Tina Piper; B.A.Sc. (Tor.), LL.B. (Dal.), B.C.L., M.Phil. (Oxon.)
René Provost; LL.B. (Montr.), LL.M. (Berkeley), D.Phil. (Oxon.)
Geneviève Saumier; B.Com., B.C.L., LL.B. (Mcg.), Ph.D. (Cantab.)
Stephen A. Scott; B.A., B.C.L. (Mcg.), D.Phil. (Oxon.), Emeritus Professor
Colleen Sheppard; B.A., LL.B. (Tor.), LL.M. (Harv.)
Ronald B. Sklar; B.S. (NYU), LL.B. (Brooklyn), LL.M. (N-western), LL.M. (Yale)
Lionel Smith; B.Sc. (Tor.), LL.B. (W.Ont.), LL.M. (Cantab.), D.Phil. (Oxon.), LL.B. (Montr.), James McGill Professor
Stephen A. Smith; B.A. (Qu.), LL.B. (Tor.) D.Phil. (Oxon.) (William Dawson Scholar)
Margaret A. Somervile; A.M., F.R.C.S., A. u. A. (Pharm.) (Adelaide), LL.B. (Sydney), D.C.L. (Mcg.), LL.D. Hon. Causa (Windsor, Macquarie, St. F.X.) D. Sc. Honor's Causa (Ryerson) (Samuel Gale Professor of Law)
William Tetley; C.M., Q.C., B.A. (Mcg.), LL.B. (Laval)
Shauna Van Praagh; B.Sc., LL.B. (Tor.), LL.M., J.S.D. (Col.)
Ivan A. Vlasic; B.C.L. (Zag.), LL.M. (Mcg.), LL.M., J.S.D. (Yale), Emeritus Professor
Catherine Walsh; B.A. (Dal.), LL.B. (New Br.), B.C.L. (Oxon.)

Adjunct Professors
Kenneth Atlas; B.C.L., LL.B. (Mcg.)
Donald Bunker; B.A. (S.G.W.), B.C.L., LL.M., D.C.L. (Mcg.)
Pierre Deschamps; L.Sc.R., B.C.L. (Mcg.)
Robert Godin; B.C.L. (Mcg.), B.A. (Sir G.Wms.) (Wainwright Fellow)
Sunny Handa; B.Com. (Mcg.), LL.B. (Tor.), LL.M., D.C.L. (Mcg.)
Rod Margo; LL.M. (Mcg.), Ph.D. (Lond.)
Peter Ngesos; D.C.L. (Mcg.)
John Saba; B.A., M.A., LL.B., LL.M., D.C.L. (Mcg.)
Francis P. Schubert; B.C.L., D.E.S. Rel. intern., Ph.D. Law(U. Geneva)
Peter Van Fenema; LL.M. (Mcg.)
Ludwig Weber; Lic iur, Dr. Jur(Heidelberg), LL.M. (Mcg.)
James Woods; B.A., B.C.L., LL.B. (Mcg.)

43.1.4 Law Library Staff
John Hobbins; B.A., M.L.S. (Mcg.)
Louise Robertson; B.A., M.L.S (Mcg.)
Daniel Boyer; B.A. (Mcg.), LL.B. (UQAM), M.L.S. (Mcg.)

Wainwright Civil Law Librarian

Liaison Librarian
TBD

43.2 Programs Offered
The Faculty of Law offers a range of programs at the graduate level. These include the degrees of Master of Laws (LL.M.) with thesis and non-thesis options, and Doctor of Civil law (D.C.L.), as well as Graduate Certificates.

Students may choose to pursue either the LL.M. or the D.C.L. in the Faculty of Law. The Institute of Air and Space Law (IASL), or the Institute of Comparative Law (ICL). Graduate Certificates may only be completed within either the IASL or the ICL.

The Faculty of Law
The Faculty promotes study and research in private, commercial, international, and public law, as well as legal theory, from the perspectives of diverse legal traditions. In collaboration with the McGill School of Environment, the Faculty offers an LL.M. thesis or non-thesis option in Environment. The Faculty also offers two other options within the LL.M degree, a new cross-disciplinary European Studies Option (ESO) in collaboration with the Faculty of Arts, and a specialization in Bioethics. The Faculty also offers two other options within the L.L.M degree, a new cross-disciplinary European Studies Option (ESO) in collaboration with the Faculty of Arts, and a specialization in Bioethics. The D.C.L. degree always involves a substantial thesis.

The Institute of Air and Space Law
The Institute of Air and Space Law operates within the Faculty of Law. The Institute offers a curriculum exploring legal issues that arise from international civil aviation and new technologies in space. It provides students with a comprehensive understanding of the legal processes regulating worldwide aerospace activities. The Institute offers a Graduate Certificate in Air and Space Law and the degrees of Master of Laws (LL.M.) with thesis and Doctor of Civil Law (D.C.L.). The Graduate Certificate in Air and Space Law is a course work program with a limited research and writing requirement. It is
particularly appropriate for students with a strong professional orientation who do not wish to write a thesis. The Institute of Comparative Law operates within the Faculty of Law as a centre of comparative legal studies. It accommodates national, international and transnational studies and encourages openness to diverse legal cultures in teaching and research. The Institute offers a Graduate Certificate in Comparative Law and the degrees of Master of Laws (LL.M.) and of Doctor of Civil Law (D.C.L.).

The Graduate Certificate in Comparative Law provides advanced training in subjects within the scope of the ICL to candidates who do not wish to undertake the Master's degree. The Graduate Certificate is particularly appropriate for judges, law professors, and legal practitioners from countries undergoing substantial legal reform (such as post-Communist or developing countries) who wish to pursue advanced studies in areas such as civil, commercial, or human rights law.

### 43.3 Admission Requirements

#### General

The Faculty of Law Graduate Admissions Committee reviews applications and makes recommendations regarding admission to the Graduate and Postdoctoral Studies Office (GPSON). Final admissions decisions are taken by the Graduate and Postdoctoral Studies Office.

For information and application forms please consult the Faculty Website or write to the Coordinator, Graduate Programs in Law, McGill University at the above address in section 43 “Law”.

#### Language Requirement

The language of instruction at McGill is predominantly English; therefore, all graduate students must have a very good knowledge of English. All compulsory graduate courses at the Faculty of Law are taught in English. Some 500 level courses may have compulsory readings in French.

Students have the choice of writing essays, examinations or research papers in either English or French irrespective of the language of instruction except in courses where knowledge of a language is one of the objectives of the course. Graduate students are encouraged to write their thesis in the language of their choice (English and French). Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English. Before acceptance, appropriate exam results must be submitted directly from the TOEFL or IELTS Office. An institutional version of the TOEFL is not acceptable.

Generally, applicants must achieve a minimum TOEFL score of 600 (250 on the computer-based test or 100 on the Internet-based test with each component score not less than 20) or 7.5 in the IELTS. There are, however, some exceptions:- in the IASL: applicants must achieve a minimum TOEFL score of 575 (233 on the computer-based test or 90 on the Internet-based test with each component score not less than 20) or 7.0 overall band in the IELTS.

In all programs, non-Canadian applicants whose mother tongue is French must achieve a minimum TOEFL score of 550 (213 computer-based or 86 on the Internet-based test, with each component score not less than 20) or an IELTS score of 6.5 overall band. This is because at McGill, candidates can write essays, examinations and theses in French, even where the course is taught in English. All students should be aware that the majority of courses in Graduate Programs in Law are taught in English.

For information about the TOEFL, and to register to take the test, see www.toefl.org. For information about the IELTS, see www.ielts.org. There may be a lengthy delay for registration, and the communication of results takes approximately 40 days. For both tests, the official results should be sent directly from the testing institution to Graduate Programs in Law. For the TOEFL, McGill’s institutional code is 6935 and Law’s departmental code is 03. These codes must be provided to TOEFL when requesting a test report form. For the IELTS, applicants must ask for an official report to be sent to Graduate Programs in Law at the above address. For either test, the test must be taken sufficiently early for results to reach McGill no later than March 1 of the year of admission. Application files not completed by that date will not be considered.

French: The ability to speak or read French is an asset but not a necessity. In areas such as the study of private law in the civil-law tradition or comparative private law, a reading knowledge of French is essential. Applicants should indicate their knowledge of French on the admissions questionnaire; they will be notified if French is essential to the area of study.

#### Graduate Certificate Programs

The requirements for admission to the Graduate Certificate programs are essentially the same as for the Master’s programs, except that greater weight may be placed on professional experience.

Candidates desiring a Graduate Certificate in Air and Space Law who do not hold a law degree may be admitted if they have earned an undergraduate university degree in another discipline and possess sufficient professional experience to compensate for the lack of a law degree (as determined by the Graduate Admissions Committee).

#### Master’s Degrees

Candidates for admission to the LL.M. program must hold a Bachelor of Laws (LL.B.) degree, or its equivalent, with at least Upper Second Class honours or the equivalent of 3.0/4.0 cumulative grade point average. This standing does not guarantee admission, however, the Graduate Admissions Committee weighs the entire file, including the applicant's references and the quality of the research proposal.

Furthermore, in the case of thesis programs, the Committee must consider the availability of a supervisor. If a supervisor is not available in the applicant's preferred field of study, the applicant may be refused admission or else offered admission pending a change of field of study.

**LL.M. Option in Environment:** Students who have been admitted to the LL.M. thesis or non-thesis program may apply for admission to this option.

**LL.M. Specialization in Bioethics:** Requirements for admission to the Master’s program in Bioethics from the base discipline Law, are the same as for admission to the LL.M.

For further information see the bioethics section of the calendar or contact the Chair, Master’s Specialization in Bioethics, Biomedical Ethics Unit, 3647 Peel Street, Montreal, QC, H3A 1W9. Telephone: (514) 398-6980; Fax: (514) 398-8349; E-mail: kathleen.glass@mcgill.ca.

**D.C.L. Degree**

Applicants demonstrating outstanding academic ability will be considered for admission to the doctoral program.

Admission to the DCL program occurs only when:

a) the candidate has completed a graduate law degree with the thesis at McGill or at another university, and

b) the Graduate Admissions Committee is satisfied that the quality of his or her previous research is sufficient to justify admission to a doctoral program.

The latter usually requires review of the completed Master's thesis. Exceptionally, a candidate with a non-thesis master's degree with an outstanding file may be admitted to the doctoral program.

### 43.4 Application Procedures

An application will be considered upon receipt of:

1. application form with $80 application fee payable by credit card and non-refundable;
2. statement of academic program;
3. official transcripts and proof of degree;
4. certified translations of transcripts and proof of degree (if not written in French or English);
5. official university grading system;
6. letters of reference on forms provided for that purpose and/or official letterhead (sent directly by the referee to Graduate Programs in Law);
7. official TOEFL or IELTS score report (sent directly by the testing organization);
8. a curriculum vitae;
9. two recent passport photographs

McGill's online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate. Documents corresponding to numbers 2-5 and 8-9 should be sent to the Coordinator, Graduate Programs in Law, at the above address in section 43 "Law".

Deadline: February 1 in the year prior to the start of the academic year for which the candidate is applying.

**43.5 Program Requirements**

**Graduate Certificate in Comparative Law**

The Graduate Certificate is awarded after at least one term of residence in the Faculty and upon completion of a minimum of 15 course credits. In every case, the program is structured to meet individual needs and must be approved by the Associate Dean (Graduate Studies).

**Note:** International students must register for at least 12 credits per term in order to satisfy Visa requirements.

**Graduate Certificate in Air and Space Law**

The Graduate Certificate in Air and Space Law is a course work program with a limited research and writing requirement. It is particularly appropriate for students with a strong professional orientation who do not wish to write a thesis.

The Graduate Certificate is awarded after at least one term of residence in the Faculty and upon completion of a minimum of 15 academic credits of law courses. Those credits must include the three Air and Space Law courses obligatory for Master's students (ASPL 633, ASPL 636, and ASPL 637).

The required courses are offered in the Fall, hence Graduate Certificate students must be in residence during at least one Fall term. The balance of required graduate credits can be obtained either through other IASL courses, Independent Study courses, or any other graduate-level course from the Faculty of Law or in the University or other universities related to the area of concentration, subject to approval by the Associate Dean (Graduate Studies). Students may take courses beyond the minimum of 15 credits, and these additional courses may be non-law courses.

**Note:** International students must register for at least 12 credits per term in order to satisfy Visa requirements.

**MASTER’S DEGREES**

There are two LL.M. options in the Faculty of Law or the Institute of Comparative Law: thesis and non-thesis. In each case, the student must complete 45 credits. It is normally possible to take extra credits. Students pursuing the LL.M. (thesis and non-thesis) in the Faculty must take the following courses: Legal Research Methodology (4 credits) and Theoretical Approaches to Law (4 credits). Students in the Institute of Comparative Law must also take Legal Traditions (4 credits). Other courses are selected from those offered by the Faculty and its Institutes, subject to the approval of the Associate Dean (Graduate Studies) of the Faculty of Law.

Students must register and pay fees for three terms of full-time study. Usually courses are taken during the first two terms only. The third term, devoted to research, may be taken during the Summer session of the first year, if the Thesis or Project supervisor approves. This means that it may be possible to complete the three terms within one calendar year.

**Thesis Option**

The thesis option is suited to students who wish to work on a project of original scholarly research, and are less concerned to take a larger number of taught courses. The thesis topic is normally determined in consultation with the supervisor and must be approved by the Associate Dean (Graduate Studies). The completed thesis is evaluated by the candidate's supervisor and by an external examiner chosen by the Graduate and Postdoctoral Studies Office. The thesis must show familiarity with work in the field and demonstrate the student's ability for organizing results and solid, independent analysis.

In the LL.M. (thesis), the work on the thesis is recognized through "thesis courses" of different credit weights, ranging from 30 to 33 credits. The student must therefore take 12 to 15 credits of other courses in order to complete the requirement of 45 credits.

The Master's Thesis programs consist of a course work component and a thesis of approximately 100 pages. Candidates must remain in residence for three terms. The third term, usually devoted to thesis research, may be taken the Summer of the first year, making it possible to complete residence requirements within one calendar year. If the thesis is not completed in this time, students must register for additional sessions as needed. All degree requirements must be completed within a maximum of three years of the date of first registration.

As part of the course Master’s Thesis 1, a thesis candidate must provide a protocol to his or her supervisor setting out details as to the thesis topic, the deadlines for the completion of the various thesis courses and the schedule of meetings with the thesis supervisor. Modifications to the protocol must be made in writing and submitted to the Associate Dean (Graduate Studies).

**Non-Thesis Option**

The non-thesis option is suited to students who wish to have a wide exposure to a range of taught courses, and are less concerned to have the chance to do a piece of original scholarly research. The non-thesis option does require a substantial Supervised Research Project during the third term of registration. The LL.M. (non-thesis) includes a Supervised Research Project which counts for 18 credits, although it can be reduced to 15, 16 or 17 if a student wishes to take more taught course credits. The student must therefore take 27 to 30 credits of other courses to meet the requirement of 45 credits.

**Institute of Air and Space Law**

**Master of Laws (LL.M.)**

The student must take at least 18 credits of courses. Normally the student will take the following courses:

- ASPL 636 (3) Private International Air Law
- ASPL 633 (3) Public International Air Law
- ASPL 637 (3) Space Law: General Principles
- ASPL 632* (3) Comparative Air Law
- ASPL 613* (3) Government Regulation of Air Transport
- ASPL 638* (3) Law of Space Applications
- ASPL 639* (3) Government Regulation of Space Activities

* On occasion, students will be permitted to substitute for any of the asterisked courses, other 500 or 600 level courses selected from a list of Faculty or Institute of Comparative Law courses or courses offered by another department of the University.

Each student's final choice of curriculum is subject to the approval of the Associate Dean (Graduate Studies).

**Thesis Component – Required (27 credits)**

- ASPL 690 (3) Master’s Thesis 1
- ASPL 691 (3) Master’s Thesis 2
- ASPL 692 (6) Master’s Thesis 3
- ASPL 693 (12) Master’s Thesis 4
- ASPL 694 (3) Master’s Thesis 5
The LL.M. student must present an acceptable thesis on a subject approved by the Associate Dean (Graduate Studies). Work on the Master’s thesis is divided into five courses, and is conducted under the close supervision of a member of Faculty. To be allowed to submit a thesis, a student must have obtained at least B- (65%) in each of the courses taken.

Candidates for the Master's degree must spend three terms of full-time study and research in residence at the Institute.

The Master of Laws (LL.M.); Law – Thesis is a 45-credit program that requires some foundational course work, but its core is a substantial thesis (up to 100 pages) to be credited at 30 credits (or more in exceptional cases). Required courses are:

- CMPL 610 (4) Legal Research Methodology
- CMPL 641 (4) Theoretical Approaches to Law
- CMPL 612 (3) Master's Thesis 1
- CMPL 613 (3) Master's Thesis 2
- CMPL 614 (3) Master's Thesis 3
- CMPL 615 (6) Master's Thesis 4
- CMPL 616 (12) Master's Thesis 5
- CMPL 617 (3) Master's Thesis 6

If approved by the Associate Dean (Graduate Studies), students may reduce their elective course work by up to 3 credits by completing one or both of:

- CMPL 618 (2) Master's Thesis 7
- CMPL 619 (1) Master's Thesis 8

The remaining 3 credits (or fewer if more credits are earned for the Master's Thesis) are elective, with courses to be chosen from among Faculty offerings at the 500 and 600 level.

The Master of Laws (LL.M.); Law - Non-Thesis is a 45-credit program that combines a significant body of course work with a substantial supervised research project.

- CMPL 610 (4) Legal Research Methodology
- CMPL 641 (4) Theoretical Approaches to Law
- CMPL 655 (15) Research Project 1

If approved by the Associate Dean (Graduate Studies), students may reduce their elective course work by up to 3 credits by completing one or both of:

- CMPL 656 (2) Research Project 2
- CMPL 657 (1) Research Project 3

The remaining 18 credits (or fewer if more credits are earned for the research project) are elective, with courses to be chosen from among Faculty offerings at the 500 and 600 level.

**COURSE SELECTION**

It should be noted that not all courses are offered in each year. Students wishing to pursue research topics outside of these particular fields are welcome to do so, subject to the availability of appropriate thesis supervisors.

The graduate-level Law courses are grouped into four inter-related concentrations.

**Legal Traditions and Legal Theory**

This concentration combines two areas of strength: the coexistence of diverse legal traditions, particularly (but not exclusively) the civil and common law, and the awareness of the importance of theoretical approaches to law as a means of understanding both the internal dynamic of legal phenomena and their relationship to other social phenomena.

Courses offered within this concentration may include:

- Aboriginal Peoples and the Law
- Advanced Criminal Law
- Advanced Jurisprudence
- Canadian Legal History
- Canon Law
- Civil Law Perspectives
- Common Law Perspectives
- Comparative Modern Legal History
- Feminist Legal Theory
- Human Rights and Cultural Diversity
- Interdisciplinary Seminar in European Studies
- Islamic Law
- Jurisprudence
- Legal Education Seminar
- Legal Theory
- Legal Traditions
- Linguistic and Literary Approaches to the Law
- Research Seminars
- Restitution
- Roman Law
- Sentencing in Canadian Law
- Social and Ethical Issues in Jewish Law
- Social Diversity and the Law
- Talmudic Law
- Theoretical Approaches to the Law

**International Business Law**

The ICL pioneered the first graduate concentration in international business law in Canada. This field has practical significance in international business relations and also provides opportunities to apply experience derived from multiple legal systems to the development of multi-jurisdictional, “international” commercial rules.
Courses offered within this concentration may include:
Airline Business & Law
Comparative Air Law
Comparative Legal Institutions
Copyright and Trademark Theory
Corporate Finance
European Community Law 1
European Community Law 2
Government Control of Business
Government Regulation of Space Activities
Intellectual and Industrial Property
International Business Law
International Carriage of Goods by Sea
International Development Law
International Environmental Law
International and Domestic Documentary Sales
International Maritime Conventions
International Securities Markets
International Taxation
Law and Practice of International Trade
Law of Space Applications
Patent Theory and Policy
Private International Air Law
Public International Air Law
Research Seminars
Resolution of International Disputes
Securities Regulation

Human Rights and Cultural Diversity
Building on the Faculty's strength in public law, this concentration promotes the comparative study of human rights law. It provides students with opportunities to reflect critically on the emergence and institutionalization of human rights norms in both domestic and international settings and to explore complexities arising from cultural diversity.

Courses offered within this concentration may include:
Aboriginal Peoples and the Law
Advanced Criminal Law
Children and the Law
Comparative Constitutional Protection of Human Rights
Current Problems of the International Legal Order
Discrimination and the Law
Human Rights & Cultural Diversity
International Criminal Law
International Humanitarian Law
International Law of Human Rights
Law & Psychiatry
Research Seminars
Social Diversity and Law

Regulation, Technology and Society
This concentration focuses on the comparative and inter-disciplinary study of legal regulation in areas of rapid technological change. It encourages critical reflection on notions of the public interest and its protection in areas as diverse as the bio-medical sciences, the environment, the growth of computer networks, and the commercial exploitation of space.

Courses offered within this concentration may include:
Communications Law
Comparative Medical Law
Computers and the Law
Environment and the Law
Government Control of Business
Intellectual and Industrial Property
International Environmental Law
Land Use Planning
Law & Healthcare
Law & Psychiatry
Medical Liability
Policies, Politics and the Legislative Process
Regulation, Technology & Society
Research Seminars
Trade Regulation

Environment Option
The Faculty of Law is collaborating with the School of Environment and other units at McGill to offer a new multi-disciplinary environment option.

The Master of Laws (LL.M.) (Thesis) – Environment Option/Concentration (45 credits)

Required Courses (10 credits)
CMPL 610 (4) Legal Research Methodology
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3

Complementary Courses (6 credits)
3 - 6 credits chosen from:
CMPL 546 (3) International Environmental Law
CMPL 580 (3) Environment and the Law

0 - 3 credits chosen from:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4
or another course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee

Thesis Component – Required (29 credits)
CMPL 612 (3) Master's Thesis 1
CMPL 613 (3) Master's Thesis 2
CMPL 614 (3) Master's Thesis 3
CMPL 615 (6) Master's Thesis 4
CMPL 616 (12) Master's Thesis 5
CMPL 618 (2) Master's Thesis 7

The Master of Laws (LL.M.) (Non-Thesis) – Environment Option/Concentration (45 credits)

Required Courses (10 credits)
CMPL 610 (4) Legal Research Methodology
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3

Complementary Courses (18 credits)
15 credits chosen from:
CMPL 500 (3) Aboriginal Peoples and the Law
CMPL 546 (3) International Environmental Law
CMPL 580 (3) Environment and the Law
and/or other Faculty of Law offerings.

3 credits chosen from:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4
or another course at the 500-level or higher recommended by the advisory committee and approved by the Environment Option Committee.

Research Project – Required (17 credits)
CMPL 655 (15) Research Project 1
CMPL 656 (2) Research Project 2
LL.M. in Law - Bioethics option: The curriculum is composed of required courses (6 credits) offered in the Biomedical Ethics Unit, bioethics courses (3 credit minimum) offered by the base faculty or department (for Faculty of Law: CMPL 642), and any graduate courses required or accepted by a base faculty for the granting of a Master's degree for a total of 18 to 21 credits (for Faculty of Law: CMPL 641, with remaining credits chosen from Faculty of Law and Bioethics offerings at the 500 or 600 level). A minimum of 45 credits is required including the thesis. For further information regarding this program, please refer to the Bioethics section.

DOCTOR OF CIVIL LAW (D.C.L.) DEGREE
The Doctor of Civil Law (D.C.L.) in Air and Space Law is the doctoral program in the Institute of Air and Space Law of the Faculty of Law. The core of the program is a substantial thesis that makes an original contribution to legal scholarship. Students must pass a Comprehensive Exam - Air/Space Law (ASPL 701).

The Doctor of Civil Law (D.C.L.); Law is the doctoral program in the Faculty of Law. The core of the program is a substantial thesis that makes an original contribution to legal scholarship. Students must pass a Comprehensive Exam - Law (LAW 701). Students are also required to take CMPL 641 Theoretical Approaches to Law.

The Doctor of Civil Law (D.C.L.); Comparative Law is the doctoral program in the Institute of Comparative Law of the Faculty of Law. The core of the program is a substantial thesis that makes an original contribution to legal scholarship. Students must pass a Comprehensive Exam (CMPL 701). Students are also required to take CMPL 641 Theoretical Approaches to Law.

The Doctor of Civil Law is a research degree offered by the Faculty of Law. Candidates who do not hold a McGill law degree may be required to take two or three courses designed to introduce them to the McGill professors and resources available in their field.

The degree will be awarded, at the earliest, after the completion of three years of residence in the Faculty. In the case of a candidate holding an LL.M. from McGill or an equivalent degree from another university, the residency requirement may be reduced to two years of study beyond the Master's degree, with the approval of the Graduate and Postdoctoral Studies Office, upon recommendation of the Graduate Studies Committee of the Faculty of Law.

All candidates must pass the Comprehensive Examination, normally after one year in residence.

The principal basis for evaluation is a doctoral thesis of up to 400 pages. It must constitute a significant contribution to legal knowledge, evidencing in concept and execution the original work of the candidate. Its form must be suitable for publication. The thesis must be submitted within four years of completion of the residency requirement.

43.6 Courses
Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Further information can be found on the Faculty of Law's Website: www.mcgill.ca/law-studies.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

The course credit weight is given in parentheses after the title.

INSTITUTE OF AIR AND SPACE LAW COURSES
ASPL 613 Government Regulation of Air Transport. (3) Economic regulation of air transport and navigation, deregulation, liberalization, open skies, Economic and regulatory theories, competition, anti-trust regulation. Status, negotiation, and implementation of international agreements on air services.

ASPL 614 Airline Business and Law. (3) Interdisciplinary analysis of the legal issues confronting airlines in such areas as economics, finance, securities, bankruptcy, pricing, marketing, distribution, alliances, joint-ventures and competition.

ASPL 632 Comparative Air Law. (3) Comparative approaches to air law. Selected problems of private law not codified by international conventions including product liability; government liability for certification and inspection of aircraft; ATC liability; aviation insurance; fleet financing; leasing.

ASPL 633 Public International Air Law. (3) Sources of public international law relating to the air space and its aeronautical uses. International aviation organizations and their law-making functions. Legal responsibilities to aviation terrorism.

ASPL 637 Space Law: General Principles. (3) Examination of the role of international law in the regulation of outer space activities.

ASPL 638 Law of Space Applications. (3) The legal implications of various space applications, such as telecommunications and the role therein of various international organizations; remote sensing by satellites; space stations; commercial and military uses of outer space.

ASPL 639 Government Regulation of Space Activities. (3) (Restriction: Open to undergraduate students with the permission of the Associate Dean.) National public and private law and regulatory regimes governing space activities, particularly those that are carried out by private entities for commercial purposes.

ASPL 691 Master's Thesis 2. (3) Preparation of literature review.

ASPL 694 Master's Thesis 5. (3) Thesis research report.

ASPL 701 Comprehensive - Air/Space Law. (0) (Restriction: DCL graduate students in Air and Space Law.) An examination that must be passed by all doctoral candidates in order to continue in the doctoral program.

FACULTY OF LAW 500-700 LEVEL COURSES
BUS2 500 Copyright and Trademark Theory. (3) (Prerequisite: BUS2 463) Various topics in copyright and/or trademark. Copyright: idea-expression dichotomy and the tension between public and private domain. Trademark: embodiment of goodwill; uniqueness versus genericity; the nature of use; the scope of statutory versus common law protection. Regarding both: impact of international norms; impact of technology.

BUS2 501 Patent Theory and Policy. (3) (Prerequisite: BUS2 463) Examination and critical assessment of the justifications of patent law; the tension between the public domain and private monopoly control; examination of international patent protection; international conventions touching on patent law, international trade instruments; examination of patents in relation to new technology: biotechnology, the Internet and business methods.

BUS2 502 Intellectual & Industrial Property. (3) (Not open to students who have taken BUS2 463.) An examination of private relationships involving inventive and creative activity through an analysis of various conceptions of intellectual property regimes, in the context of public governance of public space, as well as the interrelationship between international and national law.
BUS2 503 BUSINESS ORGANIZATIONS. (3) (Restriction: Not open to students who have taken BUS2 367.) A treatment of specialized topics in the law of business organizations.

BUS2 504 SECURITIES REGULATION. (3) (Restriction: Not open to students who have taken BUS2 372.) An introduction to the structure of Canada’s capital markets and a review of major features of securities regulation using the Quebec or Ontario scheme as background. An examination of the general regulatory framework for licensing of securities professionals, disclosure to investors and enforcement powers of regulators.

BUS2 505 CORPORATE FINANCE. (3) (Restriction: Not open to students who have taken BUS2 464.) Advanced issues in business and corporate law. Principles underlying decisions about a corporation’s capital structure. Distinctive aspects and rights of corporate securities, including common shares, preferred shares.

CMPL 500 ABORIGINAL PEOPLES AND THE LAW. (3) Current legal topics relating to native peoples, including the concept of aboriginal title, and constitutional aspects of contemporary land claims. Aspects of Canadian law relating to native peoples, their constitutional status, and hunting and fishing rights.

CMPL 501 JURISPRUDENCE. (3) The main schools of jurisprudence and the most significant writings, particularly contemporary writings, in legal philosophy.

CMPL 502 CANON LAW. (3) History, sources and methods of interpretation of canon law, its influence on secular legal traditions, its codification, and its contemporary relevance.

CMPL 504 FEMINIST LEGAL THEORY. (3) Feminist theory and its relevance and application to law, including feminist methodologies in law, the public versus private dichotomy, and changing conceptions of equality.

CMPL 505 ADVANCED JURISPRUDENCE. (2) An advanced course on selected topics in legal theory.

CMPL 506 LEGAL THEORY. (3) The philosophical basis of private law, from a comparative and historical perspective.

CMPL 507 LINGUISTIC AND LITERARY APPROACHES TO LAW. (2) The techniques of linguistic and literary analysis and their contribution to the interpretation and evaluation of legal texts.

CMPL 508 RESEARCH SEMINAR 1. (2) Research seminar to be offered by members of the Faculty or visiting professors, to permit research in legal traditions and legal theory in areas not covered by other courses in the program.

CMPL 509 RESEARCH SEMINAR 2. (2) Research seminar to be offered by members of the Faculty or visiting professors, to permit research in legal traditions and legal theory in areas not covered by other courses in the program.

CMPL 510 ROMAN LAW. (3) An examination of the contemporary relevance of principles of Roman law, in both civil and common law jurisdictions.

CMPL 511 SOCIAL DIVERSITY AND LAW. (3) The interaction of law and cultural diversity. Through the use of a number of case studies, we will examine: 1. The empirical effect of cultural diversity on legal systems. 2. Institutional structures to accommodate diversity. 3. Theoretical perspectives.

CMPL 512 THEORIES OF JUSTICE. (3) The concept of political justice and its relationship to particular legal and economic institutions, including the moral foundations of theories of justice, the nature of legitimate political authority, and the nature of distributive justice.

CMPL 513 TALMUDIC LAW. (3) Historical sources of Talmudic law, methods of interpretation, selected topics, and relation to various secular legal traditions.

CMPL 515 INTERNATIONAL CARRIAGE OF GOODS BY SEA. (3) A comparative study of private international maritime law.

CMPL 516 INTERNATIONAL DEVELOPMENT LAW. (3) The law and economics of development, including the role of agencies of the United Nations in development, the role of UNCTAD in formulating uniform rules of international trade, and the World Bank and the International Monetary Fund and their role in financing development.

CMPL 517 COMPARATIVE LEGAL INSTITUTIONS. (3) The changing legal institutions in selected civil and common law jurisdictions of Europe and North America, with attention paid to the adequacy of institutional response to the growing role of law in western societies.

CMPL 518 POLICIES, POLITICS AND LEGISLATIVE PROCESS. (3) The administrative and political structures which generate legislation in the province of Quebec.

CMPL 519 COMPARATIVE MODERN LEGAL HISTORY. (3) Advanced seminar in contemporary methods of legal history, comparative theories of history, representative North Atlantic historiographical traditions, and especially select issues in modern legal history. Issues include professionalization, institutionalizing customary norms state formation, application of state law, and official normativity in popular culture.

CMPL 521 TRADE REGULATION. (3) (Prerequisite: CMPL 543 (Recommended) Historical contextualization of underlying trade principles; assessment of the interface between multilateral trade dispute resolution and domestic regulatory action in distinct public policy domains; consideration of internationalization claims, harmonization claims and the implications of trade regulation for democratic theory; particular attention to the WTO, selected regional agreements and the UN.

CMPL 522 MEDICAL LIABILITY. (3) Trans-systemic and critical examination of medical liability issues, including doctor-hospitalpatient relationship; medical duty of care; medical fault and causation; wrongful life, birth and conception; informed consent and refusal; lack of resources; defective products; nosocomial infections; contaminated blood transfusions; interaction between law and science; future of medical liability.

CMPL 524 ENTERTAINMENT LAW. (3) This course is designed to introduce students to the rules governing the Canadian entertainment industry in an international context with particular emphasis on the television, film production and distribution industries. There will also be limited coverage of the law relating to the music industry. The course will consider inter alia the contractual, tax, financial and insurance aspects of the law applicable to the entertainment industry.

CMPL 533 RESOLUTION OF INTERNATIONAL DISPUTES. (3) Conflict of jurisdictions and recognition of foreign judgments, as well as arbitration between parties to international contracts, with particular reference to international conventions.

CMPL 534 COMPARATIVE PRIVATE INTERNATIONAL LAW. (2) Comparative study of contemporary problems in the field of private international law.

CMPL 536 EUROPEAN COMMUNITY LAW. (1) The Treaty of Rome establishing the European Community and current efforts to create a homogeneous structure for commerce and competition in Europe.

CMPL 537 EUROPEAN COMMUNITY LAW. (2) The provisions of the Treaty of Rome dealing with the regulation of domestic and international commerce by the Community authorities, with particular emphasis on articles 85 and 86.

CMPL 539 INTERNATIONAL TAXATION. (3) Canadian tax treatment of subjects, including the export of goods and services, carrying on business in other countries, international employee transfers, international re-organizations, and international joint ventures and partnerships.

CMPL 541 INTERNATIONAL BUSINESS ENTERPRISES. (3) The legal and economic issues relating to the business operations of transnational enterprises.

CMPL 543 LAW AND PRACTICE OF INTERNATIONAL TRADE. (3) The fundamental aspects of international law governing international trade, and governmental regulation of international trade in Canada and Canada’s major trading partners.
CMPL 544 INTERNATIONAL AND DOMESTIC DOCUMENTARY SALES. (3) The private law aspects of the seller-buyer relationship, and of the relationship between each party and a financing bank, examined comparatively and in an international setting.

CMPL 546 INTERNATIONAL ENVIRONMENTAL LAW. (3) Introduction to this continuously expanding and evolving branch of international law. It will focus on the particularities of the international legal system and their implications for environmental protection; economic and ethical dimensions of international environmental policy; selected environmental problems; and, discussion of new approaches to solving existing problems. PL 547 Canadian Legal History.

CMPL 547 CANADIAN LEGAL HISTORY. (3) The history of Canadian law with emphasis on social history of law and legal history of Canadian society.

CMPL 550 COMPARATIVE CIVIL LIABILITY. (2) A comparative law seminar on selected areas of civil liability such as products liability, medical liability, and environmental liability.

CMPL 551 COMPARATIVE MEDICAL LAW. (2) A comparative study of selected medical problems, including civil and criminal liability of doctors and hospitals, consent; emergency services, organ transplants, and euthanasia.

CMPL 553 INTERNATIONAL MARITIME CONVENTIONS. (3) International maritime conventions in respect of collisions, jurisdiction, limitation of liability, and their domestic interpretation, maritime liens and mortgages, marine insurance, and salvage.

CMPL 557 CONTEMPORARY PRIVATE LAW PROBLEMS 1. (2) Contemporary problems in the field of private law.

CMPL 558 INTERNATIONAL HUMANITARIAN LAW. (3) (Prerequisite: PUB2 105) Rules governing international and internal armed conflicts; historical and philosophical foundations; constraints on means to wage war; treatment of protected individuals, including prisoners of war, civilians and peacekeepers; enforcement, including belligerent reprisals and criminal prosecution; links with norms protecting human rights, the environment and cultural property; impact of cultural diversity.

CMPL 559 EXTRAJUDICIAL DISPUTE RESOLUTION. (3) An examination of the non-adjudicative means of dispute resolution, including mediation and consensual arbitration.

CMPL 570 PROTECTION OF MINORITIES’ RIGHTS. (2) An international and comparative law approach to the study of the protection of racial, religious, and linguistic minorities.

CMPL 571 INTERNATIONAL LAW OF HUMAN RIGHTS. (3) International protection of human rights, particularly by the United Nations, its specialized agencies, and the Council of Europe.

CMPL 572 CIVIL LIBERTIES. (2) The protection of civil liberties in Canada with particular reference to public and private law remedies and emphasis on discrimination, race relations, language rights outside the Charter, and police powers.

CMPL 574 GOVERNMENT CONTROL OF BUSINESS. (3) Selected topics in government control and regulation of business with emphasis on competition law and policy.

CMPL 576 SCIENCE TECHNOLOGY AND LAW. (3) Introduction to the philosophy of science and the history of technology, reciprocal influences of science and law and their parallel development, concepts common to law and science, and legal and ethical problems common to technological change.

CMPL 577 COMMUNICATIONS LAW. (3) Regulation of common communication carriers and mass media in Canada, including legal developments initiated by foreign market competition, and the regulatory authority of the C.R.T.C.

CMPL 578 COMPUTERS AND THE LAW. (3) Analysis of the legal issues raised by computer technology, including computer crime, protection of information, copyright, and patent and trade secret law.

CMPL 580 ENVIRONMENT AND THE LAW. (3) Environmental law, with emphasis on ecological, economic, political, and international dimensions.

LAWG 500 COMPLEX LEGAL TRANSACTIONS 1. (3) In-depth case studies of complex legal transactions, to allow students to learn how areas of law interact in a sophisticated, practical environment, and to permit them to develop their analytical and research skills. Transactions may include land development schemes, national and international issues of securities and complex non-commercial transactions.

LAWG 501 COMPLEX LEGAL TRANSACTIONS 2. (3) In-depth case studies of complex legal transactions, to allow students to learn how areas of law interact in a sophisticated, practical environment, and to permit them to develop their analytical and research skills. Transactions may include land development schemes, national and international issues of securities and complex non-commercial transactions.

LAWG 502 SUSTAINABLE DEVELOPMENT. (3) (Restricted to Law students) (Note: Non-Law students require permission from instructor & SAO) Foundations of sustainable development as a justice claim instantiated in law and policy. Topics of investigation include: theoretical (in)coherence; institutional architecture, principles of international and domestic law; the integration of social, economic and environmental goods, inter-generational justice, precaution and uncertainty, adoption in soft law.

LAWG 511 SPECIALIZED TOPICS IN LAW 1. (1) An intensive study of a particular topic in public or private law.

LAWG 512 SPECIALIZED TOPICS IN LAW 2. (1) An intensive study of a particular topic in public or private law.

LAWG 513 SPECIALIZED TOPICS IN LAW 3. (1) An intensive study of a particular topic in public or private law.

LAWG 514 SPECIALIZED TOPICS IN LAW 4. (1) An intensive study of a particular topic in public or private law.

LAWG 515 SPECIALIZED TOPICS IN LAW 5. (2) An intensive study of a particular topic in public or private law.

LAWG 516 SPECIALIZED TOPICS IN LAW 6. (2) An intensive study of a particular topic in public or private law.

LAWG 517 SPECIALIZED TOPICS IN LAW 7. (3) An intensive study of a particular topic in public or private law.

LAWG 518 SPECIALIZED TOPICS IN LAW 8. (3) An intensive study of a particular topic in public or private law.

LAWG 521 STUDENT-INITIATED SEMINAR 1. (3) Supervised student-initiated seminar.

LAWG 522 STUDENT-INITIATED SEMINAR 2. (3) Supervised student-initiated seminar.

LAWG 525 LEGAL EDUCATION SEMINAR. (Note: Open to undergraduate students who have completed four terms in the faculty and to graduate students.) A review of the aims, objectives, methods and techniques of legal education, including design and execution of the curriculum; an inquiry into law’s ontology and legal epistemology; an examination of practical issues (attending graduate school, selecting a supervisor, types of legal research and employment as a law teacher).

PUB2 500 LAW AND PSYCHIATRY. (3) (Not open to students who have taken PUB2 419.) The roles of lawyers and psychiatrists in the handling of the mentally ill within the legal process. Consideration of the civil commitment and criminal commitment processes, insanity and “automatism” defences, the psychiatrist as expert witness, mental illness as a problem in relation to legal capacity. Some sessions will be conducted jointly with members of the psychiatric profession.

PUB2 501 ADVANCED CRIMINAL LAW. (3) (Restriction: Not open to students who have taken PUB2 421.) Specific crimes and defenses, and problems in procedure, as a continuation of
Criminal Law and Criminal Procedure. Selected topics will be announced in advance.

**PUB2 502 INTERNATIONAL CRIMINAL LAW.** (3) (Restriction: Not open to students who have taken PUB2 425.) Crimes against the law of nations, war crimes (the Nuremberg trials, the Eichmann case), genocide and the way in which states co-operate to fight organized crime, terrorism, hijacking, etc. Topics include: jurisdiction (crimes committed in foreign countries, at sea, in aircraft, extradition, international judicial assistance) and the recognition and enforcement of foreign criminal sentences.

**PUB2 503 COMPARATIVE FEDERALISM.** (3) (Restriction: Not open to students who have taken PUB2 450.) Institutional design of federal states, or of supra-national arrangements, in comparative perspective. Rationales for federal constitutions; confederal vs. federal organization; symmetric vs. asymmetric federations; allocation of powers; the subsidiarity principle; accession to and secession from the federation; the place of popular sovereignty; federalism within central legislative or executive institutions.

**PUB2 504 SENTENCING IN CANADIAN LAW.** (3) (Not open to students who have taken PUB2 424.) Survey of principles of sentencing and correctional law in Canada. This course reviews general principles such as aims of punishment, matters of procedures and evidence, and review of sentences by appellate courts. A detailed examination of selected topics include participation of victims in sentencing, dangerous offenders, native offenders, homicide cases.

**PUB2 505 STATUTORY INTERPRETATION.** (3) (Not open to students who have taken PUB2 402.) Legislation as a legal instrument, its various classifications, purposes and forms, styles of legislative drafting, codification, the process of interpretation, the interpretation of statutes and codes and rules of construction.

**COURSES OPEN ONLY TO GRADUATE STUDENTS**

**CMPL 600 LEGAL TRADITIONS.** (4) Examination of the concept of a legal tradition, including elements of particular legal traditions, their philosophical foundations, their implementation through institutions, and their influence on one another.

**CMPL 601 CIVIL LAW PERSPECTIVES.** (4) (Restriction: Open only to students who do not have a first degree in the civil law.) Provides students from the common law tradition with a graduate-level perspective on the civil law tradition.

**CMPL 602 COMMON LAW PERSPECTIVES.** (4) (Restriction: Open only to students who do not have a first degree in the common law.) Provides students from the civil law tradition with a graduate-level perspective on the common law tradition.

**CMPL 603 HUMAN RIGHTS & CULTURAL DIVERSITY.** (4) Current topics in human rights and cultural diversity.

**CMPL 604 INTERNATIONAL BUSINESS LAW.** (4) Current topics in international business law.

**CMPL 605 REGULATION TECHNOLOGY/SOCIETY.** (4) Current topics in regulation, technology, and society.

**CMPL 610 LEGAL RESEARCH METHODOLOGY.** (4) A programme of instruction in legal research methodology, including electronic legal research and the formulation of research plans.

**CMPL 612 MASTER’S THESIS 1.** (3) Preparation of thesis proposal.

**CMPL 613 MASTER’S THESIS 2.** (3) Preparation of literature review.

**CMPL 614 MASTER’S THESIS 3.** (3) Thesis Seminar. A seminar bearing on thesis research in progress.

**CMPL 615 MASTER’S THESIS 4.** (6) Thesis research report.

**CMPL 616 MASTER’S THESIS 5.** (12) Completion of thesis.

**CMPL 617 MASTER’S THESIS 6.** (3) Thesis research report.

**CMPL 618 MASTER’S THESIS 7.** (2) Thesis research project.

**CMPL 619 MASTER’S THESIS 8.** (1) Thesis research project.

**CMPL 635 INDEPENDENT STUDY 1.** (3)

**CMPL 636 INDEPENDENT STUDY 2.** (4)

**CMPL 637 INDEPENDENT STUDY 3.** (3)

**CMPL 641 THEORETICAL APPROACHES TO LAW.** (4) Introduction to a variety of theoretical approaches to legal scholarship.

**CMPL 642 LAW AND HEALTH CARE.** (3) The study of legal and ethical issues raised in medicine and healthcare with a particular focus upon the relationship between patient and healthcare professionals.

**CMPL 655 RESEARCH PROJECT 1.** (15) (Restriction: This course is open only to students registered in a non-thesis Master’s program in the Faculty of Law.) A major research paper on a current topic.

**CMPL 656 RESEARCH PROJECT 2.** (2) (Prerequisite: CMPL 655.) (Restriction: This course is open only to students registered in a non-thesis Master’s program in the Faculty of Law.) Continuation of a major research paper on a current topic.

**CMPL 657 RESEARCH PROJECT 3.** (1) (Prerequisite: CMPL 655 and/or CMPL 656.) (Restriction: This course is open only to students registered in a non-thesis Master’s program in the Faculty of Law.) Continuation of a major research paper on a current topic.

**CMPL 701 COMPREHENSIVE EXAMINATION-COMPARATIVE LAW.** (0) (Restriction: DCL graduate students in Comparative Law.) An examination that must be passed by all doctoral candidates in order to continue in the doctoral program.

**LAWG 659 INTERDISCIPLINARY SEMINAR IN EUROPEAN STUDIES.** (3) (Restriction: Only open to students in European Studies Option) Interdisciplinary seminar on a theme relevant to the study of Europe.

**LAWG 701 COMPREHENSIVE EXAM - LAW.** (0) (Restriction: DCL graduate students in Law.) An examination that must be passed by all doctoral candidates in order to continue in the doctoral program.

Director — France Bouthillier

44.1 Academic Staff

Emeritus Professor
Effie C. Astbury; B.A., B.L.S.(McG.), M.L.S.(Tor.).

Professors
J. Andrew Large; B.Sc.(Lond.), Ph.D.(Glas.), Dip.Lib.(Lond.)
(CN-Pratt-Grinstead Professor of Information Studies)
Peter F. McNally; B.A.(W.Ont.), B.L.S., M.S., M.A.(McG.)

Associate Professors
Jamil F. Beheshti; B.A.(S.Fraser), M.L.S., Ph.D.(W.Ont.)
France Bouthillier; B.Ed.(Que.), M.B.I.(Montr.), Ph.D.(Tor.)
John E. Leide; B.S.(MIT), M.S.(Wis.), Ph.D.(Rutg.)
Diane Mittermeyer; B.A., B.L.S.(Montr.), M.L.S., Ph.D.(Tor.)

Professional Associates
Joan Bartlett; B.Sc., M.L.S., Ph.D.(Tor.)
Kimiz Dalkir; B.Sc., M.B.A.(McG.), Ph.D.(C’dia)
Eun Park; B.A.(Pusan), M.L.I.S.(Ill.), M.B.A.(Pitts.), Ph.D.(UCLA)
Catherine Guastavino; B.Sc.(McG.), M.Sc.(Aix-Marseille), Ph.D.(Paris)

Research Associate
Charles Cole; B.A.(McG), M.L.I.S.(McG), Ph.D.(Sheffield)
44.3 Admission Requirements

44.3.1 Master of Library and Information Studies (M.L.I.S.)

1. Applicants must have a bachelor’s degree from a recognized university. Academic standing of at least B, or second class, upper division, or a CGPA of 3.0 out of 4.0 is required.

The School will take into account the character of the applicants’ undergraduate studies and their suitability for a career in library and information services.

Courses in library and/or information studies taken before or as part of a B.A., or such courses taken in a school with a program not accredited by the American Library Association, cannot be accepted as credit toward the McGill M.L.I.S.

2. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English prior to admission. Such proof normally comprises the Test of English as a Foreign Language (TOEFL) with a minimum score of 600 (paper-based test), 250 (computer-based test) with a written score of at least 5.0 for either test, 100 (IBT Internet based TOEFL) with a written score of at least 25 and a reading, speaking and listening score not less than 20, or the International English Language Testing System (IELTS) with a minimum overall band score of 7.5. Applicants whose mother tongue is not English may be asked to demonstrate an English-language competency beyond the submission of the TOEFL or IELTS scores.

3. Competency in the use of computers is expected. Applicants should have a thorough knowledge of the Windows operating system, particularly file management and word processing, and presentation software such as PowerPoint.

4. Previous library experience, while not essential, will be given consideration in assessing an application, but this experience cannot replace academic criteria.

44.3.2 Graduate Certificate in Library and Information Studies

1. Applicants should have a Master’s degree in Library and Information Studies from a program accredited by the American Library Association (or equivalent). Candidates will normally have at least three years’ professional experience following completion of the M.L.I.S.

2. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English prior to admission. Such proof normally comprises the Test of English as a Foreign Language (TOEFL) with a minimum score of 600 (paper-based test), 250 (computer-based test) with a written score of at least 5.0 for either test, 100 (IBT Internet based TOEFL) with a written score of at least 25 and a reading, speaking and listening score not less than 20, or the International English Language Testing System (IELTS) with a minimum overall band score of 7.5. Applicants whose mother tongue is not English may be asked to demonstrate an English-language competency beyond the submission of the TOEFL or IELTS scores.

44.3.3 Graduate Diploma in Library and Information Studies

1. Applicants should have a Master’s degree in Library and Information Studies from a program accredited by the American Library Association (or equivalent). Admission of students with overseas degrees will be guided by the M.L.I.S. equivalency standards of A.L.A. Applicants will normally have at least three
years' professional experience following completion of the M.L.I.S.

2. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English prior to admission. Such proof normally comprises the Test of English as a Foreign Language (TOEFL) with a minimum score of 600 (paper-based test), 250 (computer-based test) with a written score of at least 5.0 for either test, 100 (IBT Internet based TOEFL) with a written score of at least 25 and a reading, speaking and listening score not less than 20, or the International English Language Testing System (IELTS) with a minimum overall band score of 7.5. Applicants whose mother tongue is not English may be asked to demonstrate an English-language competency beyond the submission of the TOEFL or IELTS scores.

44.3.4 Ph.D. (Ad Hoc)

1. Applicants should normally have a Master's degree in Library and Information Studies (or equivalent). Master's degrees in other fields will be considered in relation to the proposed research.
   An applicant with a Master's degree in Library and Information Studies (or equivalent) will normally be admitted into Ph.D.2.
   An applicant with a Master's degree in another field may be considered for admission as a Ph.D. 2 but will need to register for courses to upgrade background knowledge in library and information studies.

2. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English prior to admission. Such proof normally comprises the Test of English as a Foreign Language (TOEFL) with a minimum score of 600 (paper-based test), 250 (computer-based test) with a written score of at least 5.0 for either test, 100 (IBT Internet based TOEFL) with a written score of at least 25 and a reading, speaking and listening score not less than 20, or the International English Language Testing System (IELTS) with a minimum overall band score of 7.5. Applicants whose mother tongue is not English may be asked to demonstrate an English-language competency beyond the submission of the TOEFL or IELTS scores.

44.4 Application Procedures

Applicants to all programs must submit, or arrange for the submission of, the following documents, directly to the School. Additional requirements for each program are listed below.

1. A completed application form, available on the Web at www.mcgill.ca/applying/graduate. If Internet access is not possible, the application form may be obtained from the School by mail or E-mail.

2. Official transcripts of the applicant's university record showing degree(s) awarded.

3. A non-refundable application fee of $80 in Canadian funds, payable by credit card when applying online. Payment for a paper application may be made by credit card, bank draft, money order or certified cheque (payable to McGill University).

4. A non-refundable deposit of $200 is required for the M.L.I.S. program. Applicants must access Minerva within 30 days of the specified deadline to confirm acceptance and pay the deposit. Payment is to be made by credit card, or in certain circumstances, by other means by special arrangement with the office of the School of Information Studies. This amount will be credited towards the tuition fee. If payment is not received within the specified deadline, the acceptance will be rescinded. The deposit will be forfeited if the student does not start the M.L.I.S. program.

5. A curriculum vitae.

6. Two academic letters of recommendation, on letterhead, or if degree was awarded more than five years ago, two employer letters of recommendation.

7. A covering letter outlining the reasons for wishing to undertake the program of study.

44.4.1 Master of Library and Information Studies (M.L.I.S.)

Deadline for receipt of application forms for entrance into the first year of the M.L.I.S. program is April 1 (March 1 for international students), but as enrolment is limited, early application is strongly recommended. Students expecting to be considered for fellowships or scholarships are encouraged to apply before February 1. Applicants may be interviewed by a member of the Admissions Committee or a delegate.

The Admissions Committee will begin reviewing complete applications on November 1, and offers will be made on a rolling basis from that date.

44.4.2 Graduate Certificate in Library and Information Studies

Applicants must also provide a statement of areas of professional interest.

Applications will be accepted for the Fall, Winter and Summer sessions. The application deadline is four months prior to commencement of the session but earlier applications are encouraged.

44.4.3 Graduate Diploma in Library and Information Studies

Applicants must also provide a statement of areas of academic/research interest.

Applications will be accepted for the Fall, Winter and Summer sessions. The application deadline is four months prior to commencement but earlier applications are encouraged.

44.4.4 Ph.D. (Ad Hoc)

Applicants must also provide a brief outline (2-3 pages) of the proposed research.

The applicant's file will be considered by the Advanced Studies Committee within the School. If approved, the applicant will normally enroll as a Ph.D.2 student.

A person interested in pursuing a program of study leading to the Ph.D. degree should contact the Chairperson of the Advanced Studies Committee in the School of Information Studies.

44.5 Master of Library and Information Studies (M.L.I.S.)

The M.L.I.S. degree is awarded after successful completion of the equivalent of two academic years of graduate study (48 credits). Twelve credits in each of the fall and winter terms constitute a full load. Although the program is normally taken full-time, it may be pursued part-time but must be completed within five years of initial registration.

44.5.1 Goals of the M.L.I.S. Program

1. To provide the intellectual foundation for careers in archival studies, knowledge management and librarianship.

2. To foster competencies in managing information and knowledge resources.

3. To advocate the ideal of equal access to information.

4. To promote the appropriate use of technology in meeting information needs.

5. To promote research in the field of library and information studies.
6. To foster commitment to professional service for individuals, organizations and society.

44.5.2 Objectives of the M.L.I.S. Program

Upon completion of the M.L.I.S. degree, graduates will be able to integrate their knowledge and skills to:

1. Understand the historical and theoretical foundations of archival studies, knowledge management and librarianship.
2. Articulate the issues concerning access to information, privacy, censorship, and intellectual freedom.
3. Understand research principles and techniques that are applied in the field.
4. Select, acquire, organize, store, retrieve and disseminate information and knowledge resources.
5. Design, manage and evaluate information systems and services.
6. Apply management theories, principles and techniques in libraries and other knowledge-based organizations.
7. Assume the role of information professionals as mediators between users and information resources.
8. Understand the nature of professional ethics and the role of professional associations.

44.5.3 Objectives of the Archival Studies Stream

M.L.I.S. graduates in the archival studies stream will have:

1. expertise in archives, records management, and electronic records management to support authenticity, access, and long-term preservation of records.
2. knowledge of theories and techniques in acquisitions, appraisal, arrangement, description, preservation, and access to records.
3. skills to practice in settings such as archives, libraries, museums, government agencies, academic institutions, and corporate and non-profit organizations.

Graduates with this stream are prepared for professional careers as archivists, records managers, information managers, records specialists, preservation librarians, and curators.

44.5.4 Objectives of Knowledge Management Stream

M.L.I.S. graduates in the knowledge management stream will have:

1. critical knowledge of the creation, capture, organization, sharing, dissemination and evaluation of knowledge assets for individuals, groups, and organizations.
2. solid grounding in organizational memory, communities of practice, and taxonomies of organizational knowledge.
3. skills to facilitate user-centred consensus-based approaches.

Graduates with this stream are prepared for professional careers as knowledge managers, online/virtual librarians, knowledge base developers and corporate taxonomists.

44.5.5 Objectives of the Librarianship Stream

M.L.I.S. graduates in the librarianship stream will have:

1. knowledge to provide library and information services in varied settings to meet the information needs of various clientele.
2. ability to develop information systems and resources.
3. skills to practice in libraries and information centres in various settings (including public, academic, school, corporate, and special libraries, as well as government agencies, museums, and health organizations).

Graduates with this stream are prepared for professional careers as reference librarians, cataloguers, instructional technology librarians, information specialists, online information providers, and library and information centre managers.

44.5.6 Categories of Students

Full-time M.L.I.S. students:

Those students who are proceeding to the M.L.I.S. degree and who are registered in at least 12 credits per term.

Part-time M.L.I.S. students:

Those students who are proceeding to the M.L.I.S. degree and who are registered in fewer than 12 credits per term.

Graduate Students in other McGill programs:

Students enrolled in graduate programs at McGill other than the M.L.I.S. may register for M.L.I.S. courses with the approval of the course instructor.

Special students:

Individuals who already hold a graduate degree in library and information studies from an accredited program and who are not proceeding to a degree may register for up to 6 credits per term to a total maximum of 12 credits, for which they fulfill the necessary prerequisites. At the discretion of the Director, work experience may be substituted for such prerequisites. Enrolment is subject to the condition that regular students have priority in cases of class size restrictions.

44.5.7 Registration – M.L.I.S.

All returning and new graduate students must register online at www.mcgill.ca/minerva, after completing a Minerva Course Selection Form and obtaining departmental approval.

Information concerning registration for incoming M.L.I.S. students will be sent to them prior to July of each year.

A deposit of $200 is required when confirming an offer of acceptance. Failure to pay the deposit by the specified deadline will result in the acceptance being rescinded.

44.5.8 Introductory Program – M.L.I.S.

All incoming M.L.I.S. students are required to participate in an introductory program designed to acquaint them with the many-faceted world of information and the forward-looking leadership of the library and information professions.

The program begins in the week prior to classes with follow-up activities throughout the year. It introduces students to the profession, to information technology and to the historical, social and cultural issues associated with library and information studies.

The introductory program consists of panel discussions, lectures, and tours. The information technology session includes hands-on activities in the School's Information Technology Laboratory. Students have an opportunity to meet with their faculty advisors and with second-year students. A further series of seminars held throughout the year supplements the initial program.

International students should plan to arrive well before the beginning of the fall term.

44.5.9 M.L.I.S. Program Requirements

Master of Library and Information Studies (M.L.I.S.)

The M.L.I.S. offers three streams of study: Archival Studies, Knowledge Management, and Librarianship.

In consultation with the Coordinator of each stream and the Student Affairs Coordinator, before registering for courses students will select a stream based on their interests.

During their first two terms, students should take the 24 credits (four required courses and four complementary courses) needed for their selected stream. During the last two terms, students, in consultation with their advisor, should choose 12 more credits from the remaining courses of their chosen stream, courses from the other streams, or courses outside the School.

Required Courses (12 credits)

GLIS 601 (3) Information and Society
GLIS 611 (3) Research Principles and Analysis
GLIS 617 (3) Information System Design
GLIS 620 (3) Information Agency Management

Complementary Courses (24-36 credits)

24-36 credits from one of the following streams: Archival Studies, Knowledge Management, or Librarianship.

Archival Studies Stream

12 credits, the following four required courses:
GLIS 641 (3) Archival Arrangement & Description
Elective Courses (0-12 credits)

0 - 12 elective credits, approved by the student's advisor, selected from the complementary courses of Streams not chosen as the student’s primary focus or from other 500- or 600-level courses; up to 6 credits may be from other Quebec Universities.

44.5.10 Courses outside the School

Courses in other McGill Departments

McGill University offers a large number and variety of graduate-level courses. Students interested in taking a course outside the School must complete the following steps:

a) contact the relevant instructional unit to establish any prerequisites and to ascertain how the unit handles outside registrants;

b) obtain a current course outline;

c) demonstrate in writing the value of the selected course within the context of an integrated program of study leading to the M.L.I.S. degree;

d) gain the approval of their faculty advisor and the School's Director.

Courses in other Quebec Universities

Students may not count credits for courses taken toward another degree as credits towards the M.L.I.S. degree. In special cases credits for appropriate courses previously taken outside the School from an ALA-accredited program may be transferred to the M.L.I.S. program, but only with the approval of the Director, and only if negotiated at the time of admission to the program. As a rule, no more than one-third of the McGill program course work (normally not thesis or project) can be credited with courses from another university.

Transfer credits must be approved by the Director of the School and the Director of the Graduate and Postdoctoral Studies Office. Requests for transfer credits will only be considered at the time of admission to the M.L.I.S. program.

In special cases, students may be excused from taking a required course if they have already completed an equivalent course. In such cases, however, they must obtain the permission of the instructor and the Director and will be required to substitute an additional complementary course bringing the total of their earned credits in the M.L.I.S. program to the normal 48.

44.5.11 Transfer Credits – Advanced Standing

Students may take up to six credits at any other Quebec university provided the courses are not available at McGill University. Steps a) to d) outlined above should be followed by any student wishing to pursue this option. For more information, see section 6.1.13 "Quebec Inter-University Transfer Agreement (IUT)".

44.5.12 Research Colloquia

Research Colloquia presented by guest speakers from Canada and, on occasion, other countries are open to students, as well as university staff and the Montreal information community, at various intervals throughout the year. Although not a formal part of the M.L.I.S. program, the Colloquia offer an opportunity for students to learn of current research preoccupations and developments in the field of library and information studies.

44.6 Graduate Certificate in Library and Information Studies

The program may be completed full-time in one academic term, or part-time within a maximum of five years.

Each Certificate student will be assigned a faculty advisor in conjunction with whom an individualized program of study will be designed.

Graduate Certificate in Library and Information Studies

(15 credits)

Complementary Courses (15 credits)

9 - 15 credits, 3 to 5 GLIS courses (GLIS 646, GLIS 647, GLIS 689, GLIS 695, GLIS 696, GLIS 697 excepted) chosen in consultation with the student’s advisor.

NB: Students who wish to register for GLIS 694 Certificate Project must first have their research proposal approved by the Committee on Student Standing and Academic Affairs.

0 - 6 credits of non-GLIS courses, with a maximum of 3 credits from outside McGill. All such courses must be at a graduate level and receive the prior approval of the student’s advisor(s) and the School’s Director.
44.7 Graduate Diploma in Library and Information Studies

The program may be completed in one calendar year. The program may also be completed on a part-time basis to a maximum of five years.

Each Diploma student will be assigned a faculty advisor in conjunction with whom an individualized program of study will be designed.

Graduate Diploma in Library and Information Studies (30 credits)

Complementary Courses (9 - 24 credits)
9 - 24 credits. 3 to 8 GLIS courses (GLIS 646, GLIS 647, GLIS 689, GLIS 694 excepted) chosen in consultation with the student’s advisor.

0 - 15 credits of non-GLIS courses, a maximum of one-third of which may be from outside McGill. All such courses must be at a graduate level and receive the prior approval of the student’s advisor(s) and the School’s Director.

Research Paper Component - Required (6 - 18 credits)
6 - 18 credits, at least one of the following:
GLIS 695 (6) Research Paper 1
GLIS 696 (12) Research Paper 2

44.8 Ph.D. (Ad Hoc)

The Ph.D. program provides an opportunity to study interdisciplinary research topics within the field of library and information studies at the doctoral level. The candidate is attached to the School of Information Studies and develops the usual working relationships with research supervisors. In addition to a supervisor from the School, three faculty must sit on the Advisory Committee, one of whom must be external to the School.

The designation of ad hoc in the Ph.D. program indicates that there are no required courses common to all doctoral candidates in the School of Information Studies. Instead, requirements for each student are determined by the School according to the area of research and the background of the applicant.

Admission, program planning and research progress in the Ph.D. (Ad Hoc) program is the responsibility of the Graduate and Postdoctoral Studies Office.

The residency requirement is 3 years (6 terms) if admission is at the Ph.D. 1 level or 2 years (4 terms) if admission is at the Ph.D. 2 level.

Admission to the Ph.D. (Ad Hoc) program involves a number of steps.

1. The applicant normally is admitted as a Ph.D. 2 student.
2. The applicant must provide a brief outline of the proposed research (2-3 pages) specifying as clearly as possible the research area to be investigated.
3. The Director of the Graduate and Postdoctoral Studies Office is notified that an application to enter the Ph.D. (Ad Hoc) program has been completed.
4. The submission includes an application form, updated curriculum vitae, the research proposal and the report of the School’s Admissions Committee. The form “Requirements for Graduation of Ad Hoc Ph.D. Candidates” will be completed providing information on the candidate, required courses, required examinations (comprehensive, language, etc.) and the signatures of the Admissions Committee members.
5. The Graduate and Postdoctoral Studies Office endorses or rejects the recommendation of the Admissions Committee. If the applicant is accepted for admission, an Advisory Committee will be appointed which may include members of the Admissions Committee or new members as deemed necessary.

44.9 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click on Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Not all courses can be offered in any academic year. In addition, courses which have a registration of fewer than five will not normally be taught. Some courses have a maximum enrollment.

The course credit weight is given in parentheses after the title. For more information on Multi-term Courses, Course Terminology, Class Schedule and Course Catalog, see the General Information, Regulations and Research Guidelines, Graduate and Postdoctoral Studies Calendar for 2007-08.

GLIS 601 INFORMATION AND SOCIETY. (3) Introduction to our world of information, documents and information agencies with historical and social approach. A look at how information is generated and at the role played by libraries and of all kinds and other relevant agencies. This course should provide a broad framework within which other required or elective courses could be understood.

GLIS 607 ORGANIZATION OF INFORMATION. (3) Theory and techniques of bibliographic control for information. Basic cataloguing and indexing principles and practices incorporating the concepts of main entry, subject analysis, and classification according to standard codes. Introduction to ISBD and MARC formats for description and automated support applications. Practical assignments in the organization of materials laboratory.

GLIS 608 CLASSIFICATION AND CATALOGUING. (3) (Prerequisite: GLIS 607) Cataloguing in depth with a view to such specialties as original cataloguing, catalogue maintenance, and administration of the cataloguing department. Investigation of alternative methods of library documentation. The study of developments in international cataloguing standards, codes, and formats. Includes laboratory sessions.

GLIS 609 METADATA & ACCESS. (3) Archival descriptive tools in metadata-based access systems. Metadata schemas (MARC, Dublin Core and EAD), markup languages (SGML, HTML, and XML), DTD, vocabulary control, and metadata management issues.

GLIS 611 RESEARCH PRINCIPLES AND ANALYSIS. (3) Fundamental aspects of reflective thinking and the methods and techniques of research appropriate to the investigation of library/information problems. Criteria helpful in evaluating published research in library/information studies by analyzing the various steps of the research process, thereby providing guidelines for planning, conducting, and reporting research.

GLIS 612 HISTORY OF BOOKS AND PRINTING. (3) (Prerequisite: GLIS 615 or consent of instructor.) Surveyed are the development of writing, alphabets, and books from their inception, and of printing from its invention in the fifteenth century. Historical bibliography covering the various physical elements in book production, including design.

GLIS 613 HISTORY OF LIBRARIES. (3) (Prerequisite: GLIS 601 or consent of instructor) Covered is the history of libraries and librarianship from the ancient world to the present with particular emphasis upon Quebec and Canada. This historical evolution will be discussed in terms of: forms of knowledge transfer, information technology, print culture, and comparative librarianship.

GLIS 614 PUBLIC LIBRARIES. (3) A review of the Public Library Movement in English and French Canada. The development of public libraries in North America over the last twenty years with an emphasis on the library’s role and responsibilities for the future. The impact of information technologies on the definition and delivery of services.

GLIS 615 BIBLIOGRAPHIC AND FACTUAL SOURCES. (3) Introduces students to the theory, principles, and practice of bibliographical control as a foundation for reference service and information.
retrieval. Paper-based, microform, and electronic bibliographies are introduced. The creation and use of bibliographies, within various contexts, are discussed.

GLIS 616 INFORMATION RETRIEVAL. (3) (Prerequisite: GLIS 617.) Theoretical and applied explanation of information retrieval in a variety of digital environments and in relation to both textual and multimedia data. Information retrieval capabilities, information-seeking models, interface design issues, information visualization and information system evaluation criteria.

GLIS 617 INFORMATION SYSTEM DESIGN. (3) Fundamental concepts of information storage and retrieval. Includes user requirement analysis, information structure analysis, database organizations and characteristics, bibliographic database construction, search techniques and strategies, OPACs, and hardware and software choices.

GLIS 618 COLLECTION DEVELOPMENT. (3) Theoretical and practical introduction to the principles of library and information centre collection building, management, fund accounting, and assessment, with examination of the role of both traditional and newer media in collections.

GLIS 619 INFORMATION SERVICES & USERS. (3) Information users and use; information needs and use environments. Principles and practices of information transfer; development of information services and collections to meet needs. Evaluation of information services.

GLIS 620 INFORMATION AGENCY MANAGEMENT. (3) Introduction to management theory and decision making in the context of information agencies and services. Emphasis is placed on strategic planning, organizing, quality management, organizational behaviour, human resource management, leadership and communication, management of change, legal issues in information agencies, and information use in decision making.

GLIS 622 INFORMATION SERVICE PERSONNEL. (3) (Corequisite: GLIS 620) An examination of key issues in human resource management for service provision in libraries and information centres. Topics include reengineering for service quality, human resource planning, hiring policies and human rights, staff training and development, performance appraisal supervision, staff motivation, occupational health and safety, negotiation and conflict management.

GLIS 623 FINANCIAL MANAGEMENT. (3) (Corequisite: GLIS 620) Principles and practices of financial management for library and information services. Emphasis is placed on the communication of financial information and use of spreadsheets. Topic include: financial planning; budgeting; cost management; cost-benefit; cost-effectiveness and break-even analysis; accounting basics; strategies for financing services; and the value of information.

GLIS 624 MARKETING INFORMATION SERVICES. (3) The role and use of marketing for information brokers and library or information centres are discussed. Various aspects of the marketing process as applied to information services are analyzed. Students prepare a preliminary marketing plan for an information service of their choice and share similarities and differences in these specific applications.

GLIS 631 SYSTEMS THINKING. (3) (Prerequisite: Consent of the instructor) Introduction to general systems thinking and the use of the systems approach as an aid to problem solving and decision making. Subjective and objective factors in modelling for the definition, analysis, design, implementation and evaluation of alternative solutions.

GLIS 632 LIBRARY SYSTEMS. (3) (Prerequisite: GLIS 617) Focuses on applied systems analysis and project management techniques in an operational environment. Includes an in-depth examination of hardware and software installations, LANs, RFPs, automation, system selection, Internet and Intranet applications, and standards for exchanging digital information.

GLIS 633 MULTIMEDIA SYSTEMS. (3) (Prerequisites: GLIS 617 and consent of instructor) Theoretical and applied principles of multimedia systems design. Includes knowledge representation; interfaces; storage and retrieval of text, sound, still images, animation and video sequences; authoring software, hardware options; CD-ROM/DVD and Web based systems; virtual reality; testing and evaluation. Students design and develop a small-scale system.

GLIS 634 WEB SYSTEM DESIGN AND MANAGEMENT. (3) (Prerequisite: Permission of instructor.) Principles and practices of designing websites in the context of libraries and information centres. The course focuses on a conceptual approach to organizing information for the World Wide Web including design, implementation and management issues. Topics include Web development tools, markup languages, Internet security and Web server administration.

GLIS 636 GOVERNMENT INFORMATION. (3) (Prerequisites: GLIS 615 or GLIS 618, GLIS 617.) An introduction to the structure of governments, and the nature and variety of government information. Emphasis is placed on the governments of Canada, the provinces, the United States and selected international governmental organizations. Topics include the acquisition, organization, bibliographic control and use of government information.

GLIS 637 SCIENTIFIC & TECHNICAL INFORMATION. (3) (Prerequisites: GLIS 615 or GLIS 619, GLIS 617.) Examination of the process of communication and information requirements (offin) the scientific community; study of primary, secondary, and tertiary sources of information in the physical, biological, and applied sciences. Study and application of new information technologies, and in particular the World Wide Web, as used in scientific and technical communication.

GLIS 638 BUSINESS INFORMATION. (3) (Corequisite: GLIS 617.) A survey of the literature used in business including bibliographic and non-bibliographic data bases. Various aspects of business set the scene for a study of the literature. Students examine key publications, and learn to select a basic business bibliography and to do reference work in the field.

GLIS 641 ARCHIVAL ARRANGEMENT & DESCRIPTION. (3) (Prerequisite: GLIS 645.) Theory and practice of archival description and descriptive tools, including selection and application of appropriate descriptive standards to archival materials and the creation and dissemination of finding aids.

GLIS 642 PRESERVATION MANAGEMENT. (3) (Prerequisite: GLIS 645.) Principles, strategies, and current technologies for intellectual and physical preservation of resources in a variety of formats. Assuring their continued accessibility and extending their life.

GLIS 643 ELECTRONIC RECORDS SYSTEMS. (3) (Prerequisite: GLIS 645.) Implementation and management of electronic recordkeeping systems in different types of organizations. Assessment and evaluation procedures for the system design and analysis, functional analysis, metadata, usability, and content management of electronic recordkeeping systems.

GLIS 644 DESCRIPTIVE BIBLIOGRAPHY. (3) (Prerequisite: GLIS 615) A practical course on the history, description and care of rare books and antiquarian material. The principles of descriptive bibliography will be presented in the context of book culture. The place of rare book collections in research libraries and the practical administration of a rare book department will be examined.

GLIS 645 ARCHIVAL PRINCIPLES & PRACTICE. (3) Fundamental principles and practices of archival studies, including acquisition, appraisal, arrangement, description, preservation, public services, societal organizational structures and records keeping systems, and the history of archival institutions and profession.

GLIS 646 RESEARCH PROJECT. (12) (Prerequisites: GLIS 611 and permission of Director.) A two-term in-depth research study leading to the preparation of a research paper with potential for publication. The subject of the study will vary according to the student’s interests and pre-supposes some detailed background knowledge in the area to be researched. Working with a faculty supervisor, the student will plan, conduct and document a piece of research.

GLIS 646D1 (6), GLIS 646D2 (6) RESEARCH PROJECT. (Prerequisites: GLIS 611 and permission of Director.) Students must register for both GLIS 646D1 and GLIS 646D2 (No credit will be given
for this course unless both GLIS 646D1 and GLIS 646D2 are successfully completed in consecutive terms. (GLIS 646D1 and GLIS 646D2 together are equivalent to GLIS 646.) A two-term in-depth research study leading to the preparation of a research paper with potential for publication. The subject of the study will vary according to the student's interests and presupposes some detailed background knowledge in the area to be researched. Working with a faculty supervisor, the student will plan, conduct and document a piece of research.

**GLIS 647 INDEPENDENT STUDY.** (6) (Prerequisites: GLIS 611 and permission of Director.) An in-depth exploration of a topic in library and information studies which is not emphasized or elaborated in any other part of the curriculum. The subject will vary according to the student's interests. It may be a work of synthesis, a research paper of limited scope, a state-of-the-art paper or a project which is an outgrowth of course work or in an area not covered in the curriculum. The student will work with a faculty supervisor to plan and pursue an individualised program of study.

**GLIS 647D1** (3), **GLIS 647D2** (3) **INDEPENDENT STUDY.** (Prerequisites: GLIS 611 and permission of Director.) (Students must register for both GLIS 647D1 and GLIS 647D2) (No credit will be given for this course unless both GLIS 647D1 and GLIS 647D2 are successfully completed in consecutive terms) (GLIS 647D1 and GLIS 647D2 together are equivalent to GLIS 647.) An in-depth exploration of a topic in library and information studies which is not emphasized or elaborated in any other part of the curriculum. The subject will vary according to the student's interests. It may be a work of synthesis, a research paper of limited scope, a state-of-the-art paper or a project which is an outgrowth of course work or in an area not covered in the curriculum. The student will work with a faculty supervisor to plan and pursue an individualised program of study.

**GLIS 651 HUMANITIES AND SOCIAL SCIENCE INFORMATION.** (3) (Prerequisites: GLIS 615 or GLIS 619, GLIS 617.) This course investigates the structure of knowledge in the humanities and social sciences and their constituent disciplines in order to understand how information and knowledge in these fields is created, organized, communicated and retrieved.

**GLIS 655 LANGUAGE AND INFORMATION.** (3) (Prerequisite: GLIS 617.) An explanation of the relationship between language and information science through consideration of: document representations for information retrieval; bilingual/multilingual systems; natural language processing; language barriers to information transfer.

**GLIS 656 ABSTRACTING AND INDEXING.** (3) (Prerequisite: GLIS 607.) Principles and practical methods of abstracting and indexing. Topics include pre- and post-coordinate indexing, concept analysis, vocabulary control, construction and evaluation of thesauri and of indexes for books, periodicals, and series; emphasis on the role of the computer in indexing.

**GLIS 657 DATABASE DESIGN & DEVELOPMENT.** (3) (Prerequisite: GLIS 617 or permission of the instructor.) Theoretical and applied principles of relational database design. Includes relational theory, conceptual design, database normalization, relational database management systems, SQL queries and database management.

**GLIS 660 RECORDS MANAGEMENT.** (3) Management of records created by, or maintained by recordkeeping systems. Long-term preservation of records in all formats as part of organizational, research or personal activities.

**GLIS 661 KNOWLEDGE MANAGEMENT.** (3) (Corequisite: GLIS 601.) An introduction to knowledge management and its links to information systems and information professionals. A broad overview of the creation, capture, codification, sharing and application of knowledge in both tacit and explicit forms. Emphasis is placed on the tools and techniques as well as the role of organizational culture.

**GLIS 662 INTELLECTUAL CAPITAL.** (3) (Prerequisite: GLIS 661.) Understanding the strategic role of intellectual assets: how individuals, communities and organizations can identify and leverage their knowledge, experience, expertise and innovations more systematically to create value for the organization. Emphasis is placed on understanding the links between individuals and the organization in the sharing of intellectual assets.

**GLIS 663 KNOWLEDGE TAXONOMIES.** (3) (Prerequisite: GLIS 661.) Basic classification and categorization methods, major taxonomy tools and technologies and practice in knowledge mapping and modeling. Theory and techniques of organization of both tacit and explicit knowledge at three levels: individual, community and the organization. Emphasis will be placed on the social nature of knowledge codification.

**GLIS 664 COMMUNITIES OF PRACTICE.** (3) (Corequisite: GLIS 661.) Stages in the development of informal knowledge sharing groups and the roles and responsibilities of information professionals are examined. Focus is on the analysis of knowledge flow, knowledge creation and dissemination within and between different networks of knowledge.

**GLIS 665 COMPETITIVE INTELLIGENCE.** (3) Competitive intelligence process in for-profit and not-for-profit organizations. Principles and tools for identifying competitive intelligence needs; acquiring, organizing and storing information; creating intelligence through analytical techniques; and developing and distributing intelligence products. Legal and ethical aspects, information audits, and cooperative intelligence.

**GLIS 671 HEALTH SCIENCES INFORMATION.** (3) (Prerequisites: GLIS 615 or GLIS 619, GLIS 617.) A survey of information services and sources (both electronic and print) for health care professionals and the general public. An exploration of the information needs of health professionals and scientists; the role of health libraries and librarians; principles of health and biomedical library practice, functions, and management.

**GLIS 672 LAW INFORMATION.** (3) (Prerequisites: GLIS 615 or GLIS 619, GLIS 617.) The nature and scope of law librarianship and legal information sources; examination of the organization of legal knowledge, the legal research process, law information sources both print and electronic.

**GLIS 673 BIOINFORMATICS IN LIBRARY & INFORMATION STUDIES.** (3) (Prerequisites: GLIS 615 or GLIS 619.) Bioinformatics from a library and information science perspective: biological foundation for bioinformatics; bioinformatics information needs and behaviour; information retrieval using key bioinformatics resources; the role of biology, computer science and library and information science; ethics.

**GLIS 679 INFORMATION LITERACY.** (3) (Prerequisite: GLIS 619.) Definitions of human literacy; information literacy standards; theories and models of information behaviour; design and delivery of information literacy programs; library programs and services; and information literacy research.

**GLIS 689 SELECTED TOPICS.** (3) (Prerequisite: Permission of Director.) (Corequisite: GLIS 601.) To explore a topic in library and information studies which elaborates or augments the curriculum; to pursue an individualized program of directed study which will vary according to the student's interests.

**GLIS 690 INFORMATION POLICY.** (3) (Prerequisite: GLIS 601) Information societies are examined from a global perspective, emphasizing political, economic, social cultural and ethical issues including the roles of government and the private sector in providing information systems and services, transborder data flow, information access at personal, institutional and national level, censorship, copyright and data security.

**GLIS 691 SPECIAL TOPICS 1.** (3) Seminar to explore topics of particular interest to library and information studies. Topics vary from year to year.

**GLIS 692 SPECIAL TOPICS 2.** (3) Seminar to explore topics of particular interest to library and information studies. Topics vary from year to year.

**GLIS 693 SPECIAL TOPICS 3.** (3) Seminar to explore topics of particular interest to library and information studies. Topics vary from year to year.
GLIS 694 CERTIFICATE PROJECT. (3) This course permits a Graduate Certificate student to pursue an individualized program of directed study, in library and information studies, which will vary with personal interest but will elaborate or augment the curriculum.

GLIS 695 RESEARCH PAPER 1. (6) Explores a minor topic relevant to the Graduate Diploma student’s program of study and results in a scholarly paper with potential for publication.

GLIS 696D1 (6), GLIS 696D2 (6) RESEARCH PAPER 2. (Students must register for both GLIS 696D1 and GLIS 696D2) (No credit will be given for this course unless both GLIS 696D1 and GLIS 696D2 are successfully completed in consecutive terms) Explores a minor topic relevant to the Graduate Diploma student’s program of study and results in a scholarly paper with potential for publication.

GLIS 699 PRACTICUM. (3) (Prerequisites: Successful completion of 36 credits of course work, including all required courses, and permission of Practicum coordinator.) Allows students to apply their theoretical knowledge base in an information environment and to learn basic professional skills. Each practicum is planned to ensure that the student has an overview of information processes. The precise nature of each practicum will vary to the type of site and student’s interests.

GLIS 701 COMPREHENSIVE EXAMINATION. (0) Defence of a comprehensive research proposal.

45 Linguistics

Department of Linguistics
1085 avenue Dr. Penfield
Montreal, QC H3A 1A7
Canada

Telephone: (514) 398-4222
Fax: (514) 398-7088
E-mail: gradprogram.linguistics@mcgill.ca
Website: www.arts.mcgill.ca/linguistics

Chair — Glyne L. Piggott

45.1 Staff

Emeritus Professors
C. D. Ellis; B.A. (Cant. & McGill), M.A.(Tor. & Yale), Ph.D.(McG.)
M. Gopnik; M.A., Ph.D.(Penn.)
M. Paradis; B.A.(Montr.), M.A., Ph.D.(McG.), Ph.D.(Montr.)

Professors
Y. Grodzinsky; B.Sc.(Hebrew), Ph.D.(Brandeis) (Canada Research Chair)
G.L. Piggott; B.A.(W.I.), M.A., Ph.D.(Tor.)
L. White; M.A.(Cant.), Ph.D.(McG.) (James McGill Professor)

Associate Professors
C. Boberg; B.A.(Alta.), Ph.D.(Penn.)
H.M. Goad; B.A.(Br. Col.), M.A., Ph.D.(S. Calif.)
B. Schwarz; M.A(Tubingen), Ph.D.(UMass-Amherst)
L. de M. Travis; B.A.(Yale), Ph.D.(MIT)

Assistant Professors
J. Shimoyama; B.A., M.A.(Ochanomizu Univesity), Ph.D.(UMass-Amherst)
J. Nissenbaum; B.A.(Oberlin), Ph.D.(MIT)

45.2 Programs Offered

M.A. (non-thesis) and Ph.D.

Ph.D. Option in Language Acquisition (LAP)
Information about this option is available from the Department and on the following Website: www.ego.psych.mcgill.ca/lap.html.

45.3 Admission Requirements

Applicants to the M.A. or Ph.D. should have completed a B.A. with a specialization in linguistics. Applications are also invited from students with a background in other disciplines. Strong candidates who do not satisfy all requirements may be required to take additional undergraduate courses or may be admitted to a Qualifying Program which permits them to make up the gaps in their background.

45.4 Application Procedures

Applications will be considered upon receipt of:
1. application form;
2. transcripts;
3. letters of reference;
4. statement of purpose;
5. test results for international students: TOEFL;
6. application fee of $80.00 (money order or certified cheque in Canadian funds).

Applications should be submitted to the Department of Linguistics not later than January 15th.
McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

45.5 Program Requirements

M.A. in Linguistics (Non-Thesis) (45 credits)

Required Courses (6 credits)
LING 560 (3) Formal Methods in Linguistics
LING 600 (3) M.A. Research Seminar 1

Complementary Courses (24 credits)
3 credits, one of:
LING 531 (3) Phonology 2
LING 631 (3) Phonology 3

3 credits, one of:
LING 571 (3) Syntax 2
LING 671 (3) Syntax 3

15 - 18 credits in linguistics, at the 500, 600 or 700 level 0 - 3 credits in a related field, at the 500, 600 or 700 level

Research Paper - Required (15 credits)
LING 607 (15) M.A. Research Paper

Ph.D. Programs

Ph.D. in Linguistics

Required Courses (21 credits)
LING 560 (3) Formal Methods in Linguistics
LING 631 (3) Phonology 3
LING 635 (3) Phonology 4
LING 671 (3) Syntax 3
LING 675 (3) Syntax 4
LING 700 (3) Ph.D. Research Seminar 1
LING 702 (3) Ph.D. Research Seminar 2

Comprehensive - Required
LING 706 (0) Ph.D. Evaluation 1
LING 707 (0) Ph.D. Evaluation 2

Complementary Courses (9 - 21 credits)
9 credits in linguistics at the 500, 600 or 700 level (all students). Courses must include at least one graduate level course in the student’s intended research area and one course chosen from the following list. (For students who intend to conduct their thesis research in one of the areas listed below, these courses fulfill both requirements.)
LING 520 (3) Sociolinguistics 2
LING 521 (3) Dialectology
LING 555 (3) Language Acquisition 2
LING 590 (3) Language Acquisition & Breakdown
LING 651 (3) Topics in Acquisition of Phonology
LING 655 (3) Theory of L2 Acquisition
LING 690 (3) Seminar in Neurolinguistics
LING 720 (3) Advanced Seminar in Sociolinguistics
LING 755 (3) Advanced Seminar: Language Acquisition
LING 790 (3) Advanced Seminar in Neurolinguistics
Students who enter as Ph.D.1 must complete up to 12 additional credits as recommended by the Graduate Program Director.

Ph.D. in Linguistics – Language Acquisition Option/Concentration
Students must satisfy all program requirements for the Ph.D. in Linguistics. The Ph.D. thesis must be on a topic relating to language acquisition, approved by the LAP committee.

Required Courses for the Language Acquisition Option (8 credits)
EDSL 711 (2) Language Acquisition Issues 3
LING 710 (2) Language Acquisition Issues 2
PSYC 709 (2) Language Acquisition Issues 1
SCSD 712 (2) Language Acquisition Issues 4

Complementary Courses (9 credits)
3 credits of graduate-level statistics from courses such as: EDPE 676, EDPE 682, PSYC 650, PSYC 651; students who have taken an equivalent course in statistics, or are currently taking an equivalent course as part of their Ph.D. program requirements, will be deemed to have satisfied this requirement for the Language Acquisition Option.

At least 6 credits, two courses, selected from the following list, at least one course must be outside the Department of Linguistics:
EDSL 620 (3) Critical Issues in Second Language Education
EDSL 623 (3) Second Language Learning
EDSL 624 (3) Educational Sociolinguistics
EDSL 627 (3) Classroom-Centred Second Language Research
EDSL 629 (3) Second Language Assessment
EDSL 632 (3) Second Language Literacy Development
EDSL 664 (3) Second Language Research Methods
LING 555 (3) Language Acquisition 2
LING 590 (3) Language Acquisition and Breakdown
LING 651 (3) Topics in Acquisition of Phonology
LING 655 (3) Theory of L2 Acquisition
LING 755 (3) Advanced Seminar: Language Acquisition
PSYC 561 (3) Methods: Developmental Psycholinguistics
PSYC 734 (3) Developmental Psychology and Language
PSYC 735 (3) Developmental Psychology and Language
PSYC 736 (3) Developmental Psychology and Language
PSYC 737 (3) Developmental Psychology and Language
SCSD 619 (3) Phonological Development
SCSD 632 (3) Phonological Disorders: Children
SCSD 633 (3) Language Development
SCSD 637 (3) Developmental Language Disorders 1
SCSD 643 (3) Developmental Language Disorders 2
SCSD 652 (3) Advanced Research Seminar 1
SCSD 653 (3) Advanced Research Seminar 2

45.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Term(s) offered (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

Note: All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment.

The course credit weight is given in parentheses after the title.

★ Denotes courses taught only in alternate years.

Undergraduate courses

Students deficient in certain areas may be required to take some of the following undergraduate courses in addition to graduate courses.
LING 230 Phonetics
LING 331 Phonology 1
LING 370 Introduction to Semantics
LING 371 Syntax 1
LING 440 Morphology

Graduate courses currently scheduled for 2007-08:

★ LING 520 SOCIOLINGUISTICS 2. (3) (Fall) (Prerequisite: LING 320 or permission of instructor.) A seminar on variationist "microsociolinguistics", including a survey of the most important primary literature on sociolinguistic variation and introduction to sociolinguistic fieldwork.

★ LING 521 DIALECTOLOGY. (3) (Fall) (Prerequisite: LING 230 and LING 320) An introduction to the theory and methods of dialectology (the study of regional variation in language) with an emphasis on connections with linguistic theory. Students will also acquire a practical knowledge of major differences among dialects of English, and will gain hands-on experience in the planning, implementation and analysis of a dialect survey.

★ LING 531 PHONOLOGY 2. (3) (Winter) (Restriction: Not open to students who have taken LING 530.) (Prerequisites: LING 331 and permission of instructor.) Exploration of current issues in phonology.

LING 555 LANGUAGE ACQUISITION 2. (3) (Winter) (Prerequisites: LING 355 and LING 371 and permission of instructor) A detailed overview of recent experimental work on first language acquisition of syntax within the principles and parameters framework, concentrating on both theoretical and methodological issues.

LING 560 FORMAL METHODS IN LINGUISTICS. (3) (Fall) (Prerequisite: LING 370 and permission of instructor) A study of the relationship between language and its contexts of use. Topics to be examined include deixis, presupposition and implicature.

LING 571 SYNTAX 2. (3) (Fall) (Prerequisite: LING 371) This course extends and refines the theory of grammar developed in LING 371, while introducing some primary literature and developments (in certain modules of the grammar such as phrase structure, wh-movement, and binding).

LING 590 LANGUAGE ACQUISITION AND BREAKDOWN. (3) (Prerequisites: LING 371 and either LING 355 or LING 390.) Theoretical and experimental perspectives on an imperfect language faculty, in the context of current linguistic theory and state-of-the-art experimental methods and techniques. Comparison of linguistic abilities of normally developing children, children with language disorders (e.g., SLI), and adults with disrupted linguistic abilities (e.g., aphasic patients).

LING 600 M.A. RESEARCH SEMINAR 1. (3)
LING 601 M.A. RESEARCH SEMINAR 2. (3)
LING 607 M.A. RESEARCH PAPER. (15)
LING 607D1 (7.5), LING 607D2 (7.5) M.A. RESEARCH PAPER. (Restriction: Not open to students who have taken LING 697.) (Students must register for both LING 607D1 and LING 607D2) (No credit will be given for this course unless both LING 607D1...
and LING 607D2 are successfully completed in consecutive terms).

LING 631 PHONOLOGY 3. (3) (Fall) (Prerequisite: LING 531 or permission of instructor.) Foundations of phonological theory, focusing on issues in segmental and prosodic structure.

LING 635 PHONOLOGY 4. (3) (Winter) (Prerequisite: LING 631) Exploration of current topics in phonological theory.

LING 640 FUNDAMENTALS OF MORPHOLOGY. (3) (Fall) (Restriction: Not open to students who have taken LING 440) Introduction to current theoretical notions that seek to define a well-formed word structure, including headedness, morphological subcategorization, feature percolation and cyclicity.

LING 645 MORPHOLOGY: THEORY AND ANALYSIS. (3) (Prerequisite: LING 571 or equivalents) (Corequisite: LING 530 or equivalent) In-depth investigation of current issues in theoretical morphology.

★ LING 651 TOPICS IN ACQUISITION OF PHONOLOGY. (3) (Prerequisite: LING 331 or LING 631 or permission of instructor. A course in language acquisition is highly recommended.) An examination of theoretically informed work on the first language acquisition of phonology.

★ LING 655 THEORY OF L2 ACQUISITION. (3) (Prerequisite: LING 571 or permission of instructor.) This course looks at the availability of principles and parameters of Universal Grammar in second language acquisition.

★ LING 660 FORMAL SEMANTICS. (3) (Winter) (Prerequisite: LING 370 and LING 560 or permission of instructor. At least one course in logic strongly recommended.) This course presents the tools of formal semantics, and instruction in Montague Semantics, discourse representation theory, or linguistic theories with comparable semantic capabilities, such as Head-driven Phrase Structure Grammar.

LING 671 SYNTAX 3. (3) (Fall) (Prerequisite: LING 371) In-depth overview of current issues in theoretical syntax. Emphasis will be placed on the logic and development of argumentation in syntactic theory.

LING 675 SYNTAX 4. (3) (Winter) (Prerequisite: LING 671) Continuation of LING 671.

LING 682 SELECTED TOPICS 1. (3)

LING 683 SELECTED TOPICS 2. (3)

LING 688 TUTORIAL 1. (3) (Restriction: Permission of instructor.) Independent study of a selected field or topic.

★ LING 690 SEMINAR IN NEUROLINGUISTICS. (3) (Winter) (Prerequisite: LING 671 or permission of instructor.) Survey of methods and results relevant to cerebral representation of grammatical systems.

LING 700 PH.D RESEARCH SEMINAR 1. (3) (Fall) (Restriction: Not open to students who have taken 104-700D.)

LING 702 PH.D RESEARCH SEMINAR 2. (3) (Winter) (Restriction: Not open to students who have taken 104-700D.)

LING 706 PH.D. EVALUATION 1. (0) (Restriction: Not open to students who have taken LING 701.)

LING 707 PH.D. EVALUATION 2. (0) (Restriction: Not open to students who have taken LING 701.)

LING 710 LANGUAGE ACQUISITION ISSUES 2. (2)

LING 731 ADVANCED SEMINAR IN PHONOLOGY. (3) (Prerequisite: LING 631)

LING 755 ADVANCED SEMINAR: LANGUAGE ACQUISITION. (3) (Prerequisites: LING 571 and LING 555 or LING 655, or permission of instructor)

LING 760 ADVANCED SEMINAR IN SEMANTICS. (3) (Prerequisite: LING 660)

LING 771 ADVANCED SEMINAR IN SYNTAX. (3) (Restriction: Not open to students who have taken LING 775.) (Prerequisite(s): LING 671 or LING 675.) Exploration and in-depth discussion of a current topic in syntactic theory through reading and discussion of primary literature. Topics vary from year to year.

LING 782 SELECTED TOPICS 3. (3)

LING 783 SELECTED TOPICS 4. (3)

LING 788 TUTORIAL 2. (3) (Restriction: Permission of instructor.) Independent study of a selected field or topic.

LING 790 ADVANCED SEMINAR IN NEUROLINGUISTICS. (3) (Prerequisite: LING 671 or permission of instructor.)

Emeritus Professors
D. Armstrong; B.A., B.Com.(Alta.), Ph.D.(McG.) Economics
J-L. Goffin, Eng., M.S.(Brussels), M.Sc., Ph.D.(Calif.), Management Science
R.N. Kanungo; B.A., M.A.(Patna), Ph.D.(McG.) Organizational Behaviour
R.J. Loutou; M.Sc., Ph.D.(Calif.), Management Science
G.A. Whitmore; B.Sc.(Man.), M.Sc., Ph.D.(Minn.), Management Science

Professors
N.J. Adler; B.A., M.B.A., Ph.D.(Calif.-L.A.), Organizational Behaviour
U. Bockenholt; Diploma(Oldenburg, Germany), Ph.D.(Chic.), Ph.D.(Oldenburg, Germany), Marketing(Bell Professor in EMarketing)
R. Brenner; B.Sc., M.A., Ph.D.(Hebrew) (Reap Professor of Economics)
D.H. Drury; B.Com., M.B.A.(McM.), Ph.D.(N'western), R.I.A.(S.I.A.), Accounting
L. Dubé; B.Sc.(Laval), M.B.A.(HEC), M.P.S., Ph.D.(C'nell), Marketing (James McGill Professor)
V.R. Errunza; B.Sc.(Tech.)(Bombay), M.Sc., Ph.D.(Calif.), Finance
M.D. Lee; B.A.(Eckerd), M.Ed.(Temple), M.A.(S.Florida), Ph.D.(Yale), Organizational Behaviour
H. Mintzberg; B.Eng.(McG.), B.A.(Sir G.Wms.), S.M., Ph.D. (MIT), Strategy and Organization (John Cleghorn Professor of Management Studies)
A. Pinsonneault; B.C.(C'dia); M.Sc.(H.E.C.); Ph.D.(Calif.), Information Systems (James McGill Professor)
304 2007-2008 Graduate and Postdoctoral Studies, McGill University
46.3 Admission Requirements
46.3.1 M.B.A. Program – Admission Requirements
Applicants with strong indications of managerial potential are desired. Given below are the minimum entrance criteria. Owing to the large number of applicants to the McGill M.B.A., merely meeting the minimum requirements will not guarantee acceptance.

a) An undergraduate degree, from an approved college or university, with a Grade Point Average of at least 3.0 out of a possible 4.0, or a B average.
b) A Graduate Management Admission Test (GMAT) is required, written within the past five years.
c) Applicants who earned a Bachelor degree outside Canada, the United States, Australia, New Zealand or the United Kingdom, are required to take the Test of English as a Foreign Language. The TOEFL is not waived for graduates of four-year university programs whose language of instruction is English if the university is located in a non-English speaking country. Applicants who are not Canadian citizens and whose mother tongue is not English may be asked to demonstrate an English language competency beyond the submission of the TOEFL score. A minimum score of 600 for paper-based test, 250 for computer-based test, or 100 for the Internet-based test with each component score not less than 20, is required.

Applicants may write the IELTS (International English Language Testing Systems) instead. A minimum overall band of 7.0 is required.
d) A minimum of two years of full-time work experience, following completion of an undergraduate degree.
e) Two letters of reference.

46.3.2 M.B.A. Part-time Studies – Admission
The McGill M.B.A. Program may also be completed on a part-time basis. This is meant to accommodate persons with full-time employment. Admission as an M.B.A. part-time student may be made twice a year, in September and in January. Admission requirements are the same as in section 46.3.1 “M.B.A. Program – Admission Requirements”.

Note: Students studying on a part-time basis may transfer to full-time at various stages during their studies. Students wishing to do this must meet with the Director to review their schedule; see section 46.8.1 “Combined Full-time and Part-time Studies”.

46.3.3 M.B.A. Admission – Transfer of Credits

OPTION 1
Candidates who have completed some portion of the first year of an M.B.A. program at another recognized institution may be granted CREDIT for equivalent courses up to a maximum of 15 credits. In most cases candidates would be admitted to the first year of the program and will complete the remaining first year courses on a part-time basis.

OPTION 2
Candidates who have completed the entire first year of an M.B.A. program at another recognized institution may be exempt from the entire first year and required to take 15 second-year courses.

Note: In both options, candidates must submit a completed application and meet the competitive entrance requirements of the M.B.A. program.

In order to be awarded an M.B.A. from McGill, a minimum of 45 credits must be completed at McGill.

46.3.4 M.B.A. Admission – Advanced Standing

OPTION 1
Candidates who hold a Bachelor of Commerce degree from a recognized North American institution with a minimum cumulative grade point average of 3.2 on a four (4) point scale and possess three or more consecutive years of full-time work experience, following completion of their undergraduate degree, in a position that has allowed for interaction across a number of areas in the enterprise may be considered for advanced standing. Candidates will be required to take 15 second-year M.B.A. courses (45 credits). Applicants applying for advanced standing must complete and return the advanced standing application, accompanied by a document detailing management responsibilities and the M.B.A. application form.

OPTION 2
Students who have a B.Com. and subsequently complete the requirements for the McGill Graduate Diploma in Public Accountancy may choose not to receive the Diploma but instead to use those 30 credits towards the M.B.A. (with an option in Accounting). They would enter the second year of the program and complete 30 credits of M.B.A. II courses. To be accepted into the M.B.A. program such students must meet the advanced standing admission requirements as outlined above.

Note: Students accepted with Advanced Standing may apply for the International Exchange Program. However, the term of study spent abroad will be IN ADDITION to the 45 credits required for their M.B.A.

46.3.5 Visiting Student Admission
Visiting students are graduate students registered at another university taking a course in the Desautels Faculty of Management for credit at their home university. Visiting students may apply online by going to www.crepuq.qc.ca. Visiting students from outside the province of Quebec must forward an application form and $100 fee, as well as a letter of permission from their school indicating the course(s) they are permitted to follow and an official transcript. The letter must also confirm that they are in good standing at their home university.

The deadlines for submission of applications are the same as admission deadlines.

46.4 Application Procedures
46.4.1 M.B.A. Application Procedure
The McGill M.B.A. full-time program begins in September of each year.

Application deadlines for Canadian/Permanent Resident Students
June 1 (March 15 recommended)

Application deadlines for International Students
March 15

The deadline for receipt of application, $100 fee and all supporting documents is February 15.

Applications are reviewed on a rolling basis so that the earlier a file is complete, the sooner the applicant may expect to receive an answer. The undergraduate record, GMAT and TOEFL scores (where applicable), work experience, essay, letters of reference and interviews are the criteria used in making admission decisions. Interviews are scheduled by invitation.
An online application form is available at www.mcgill.ca/applying/graduate for use by those who wish to apply for entry to graduate studies at McGill.

All other documents are to be submitted directly to:

Admissions Office
McGill M.B.A. Program
Desautels Faculty of Management
McGill University
1001 Sherbrooke Street West
Montreal, Quebec H3A 1G5
E-mail: mba.mgmt@mcgill.ca
Website: www.mcgill.ca/mba

Applicants must submit the online application and arrange for the submission of:

1) a completed Personal Background Sheet;
2) duplicate official transcripts of undergraduate marks (and graduate, if any) FORWARDED DIRECTLY BY THE APPLICANT’S UNIVERSITY. For international applicants, the academic records must include: transcripts in the original language with official translations (into English), listing courses and grades for each year of study, verifying conferral of degree. These documents must bear the actual signature of the registrar and the official seal or stamp of the institution.
3) the $100 application fee (see section 46.4.3 “Application Fee Information”);
4) two letters of reference forwarded directly from individuals who have been responsible for evaluating the applicant’s managerial performance and potential.
5) the GMAT score (written within the past five years) and the TOEFL score (where applicable) forwarded directly from Pearson Vue for GMAT and the Educational Testing Service (see section 46.4.4 “GMAT and TOEFL Information”).

Please note that entrance to the McGill M.B.A. is highly competitive. It is in the applicant’s interest to apply as early as possible. Applicants can view their application status via Minerva by visiting www.mcgill.ca/minerva-students.

Note: Students who are not admitted to the program may request a Reconsideration of Application for a fee of $40. If the decision following the Reconsideration is not favourable, the student may then request an Admissions Appeal for a fee of $100. The $100 fee will be credited to the student fee account if the initial admission decision is overturned. Payment must be made as per section 46.4.3 “Application Fee Information”.

4.4.2 M.B.A. Part-time Application Procedures

Admission as an M.B.A. part-time student may be made twice a year. Deadlines for receipt of application, $100 fee and all supporting documents are:

- June 1 (March 15 recommended) for September (Fall term)
- October 1 for January (Winter Term)

The application procedure is the same as that for full-time studies; see section 46.4.1 “M.B.A. Application Procedure”.

4.4.3 Application Fee Information

The $100 application fee must be paid by credit card at the time of application (on-line).

- Credit card (online applications must be paid for by credit card).
- Certified Personal cheque in Canadian dollars drawn on a Canadian Bank.
- Certified Personal cheque in U.S. dollars drawn on a U.S. Bank.
- Canadian Money Order in Canadian dollars.
- Money Order in U.S. dollars.
- Bank draft in Canadian dollars drawn on a Canadian Bank.
- Bank draft in U.S. dollars drawn on a U.S. Bank.

In all cases the cheque/money order should be made payable to McGill University.

Please note that a file will not be opened until an official application with the $100 fee is received.

4.4.4 GMAT and TOEFL Information

Graduate Management Admission Test (GMAT)
The GMAT is administered by Pearson Vue. It is required of all M.B.A. applicants. GMAT Program code for the McGill MBA Program is 58 H-MN-22. Only a GMAT written within the last five years will be considered valid. GMAT test results must be sent to McGill directly from Pearson Vue; photocopies will not be accepted.

All inquiries concerning testing arrangements should be addressed to: Graduate Management Admission Council, www.mba.com.

Test of English as a Foreign Language (TOEFL)
The purpose of this test is to determine the English proficiency of non-Canadian individuals whose native language is not English.

For a copy of the Bulletin of Information, write directly to the Educational Testing Service, Box 6152, Princeton, New Jersey, USA 08541-6151 or visit their Website at www.toefl.org.

4.4.5 Application Procedures for other Programs

Application procedures can be found in each program’s section, as follows:

Master of Management Programs (M.M.), see section 46.13.1.

Joint program: M.B.A. with Law, see section 46.9.5.

M.D./M.B.A. Program, see section 46.9.3.

Master in Manufacturing Management, see section 46.13.1 “Master of Management Programs (M.M.)”.

Post-M.B.A. Certificate, see section 46.12.

Joint Ph.D. in Management, see section 46.14.

International Master’s Programs in Practicing Management (IMPM), see section 46.13.1 “Master of Management Programs (M.M.)”.

Diploma in Public Accountancy (Chartered Accountancy), see section 46.13.2.

4.5 Procedure for accepting an Offer of Admission to the M.B.A. Program

Those students admitted to the first year of the M.B.A. Program should confirm their acceptance via Minerva or forward a registration deposit fee of $500 (Canadian or U.S. funds; certified cheque or money order) payable to McGill University. Two passport size photographs must also be supplied along with the confirmation form.

a) This fee is payable by a specified date stated in the letter of acceptance and a place is reserved.

b) If this fee is not paid by the date specified in the letter of acceptance, no reservation will be made.

c) The fee is applied against tuition fees provided that the candidate informs the Desautels Faculty of Management by the specified date that he/she will be joining the program and if he/she registers by the given date of registration.

d) The $500 fee is refundable provided the candidate informs the Faculty by the specified date that he/she does not intend to join the program for the coming academic year.

e) The $500 fee is forfeited if the candidate fails to inform the Faculty by the specified date that he/she will not be attending the program.

f) Students who are unable to begin attending classes in the first week of the first trimester will be required to defer their admission until the next admission period.

Note: International Students should carefully follow all instructions sent to them re applying for their Certificate of Acceptance which is required of all students who wish to study in the Province.
46.1 Registration
All accepted candidates will receive a package outlining registration procedures as well as deadline dates for fee payment.
Candidates who fail to register during the specified registration period may do so later but will be charged a late registration fee by the University.
For more information on registration, please refer to the General Information section of the Graduate and Postdoctoral Studies Calendar for more information.

46.2 Orientation
Orientation for all new M.B.A. I students is held during the week before classes begin. This activity is a mandatory part of M.B.A. I. During this orientation, students get acquainted with other students and may form initial study groups. There is also an opportunity to meet with professors and to have various facets of the program outlined and clarified. An orientation fee of approximately $80 is assessed to each student.

46.3 International Applicants
The University is unable to waive or defer the application fee for international students. Applications received without the application fee will not be processed.
There is no financial aid to bring international students to study in Canada. If an international applicant has been selected to receive an entrance award, it will be credited to the student fee account after registration in September. International applicants must therefore, rely on their own financial resources to enter Canada.
The regulations governing international students working in Canada should be checked with the nearest Canadian Embassy or Consulate. Visas must also be checked.

46.4 Certificate d’acceptation (C.A.Q.)/ Certificate of Acceptance
International Students should carefully follow all instructions sent to them when applying for their Certificate of Acceptance (CAQ) which is required of all students who wish to study in the Province of Quebec. The M.B.A. Office is unable to help students obtain this document.
All students who are not citizens or Permanent Residents of Canada are required to obtain the necessary Visa and/or Student Authorization documents prior to entering the country. Do not leave home without proper documentation. You cannot change your status from Visitor to Student in Canada.
Certificate of Acceptance from Quebec (CAQ) – The process to come to Canada begins with an application for a Certificate of Acceptance from Quebec (CAQ). There is a $100 processing fee for this document. Details on how and where to apply for the CAQ are provided with the McGill Admissions package.
Student Authorization – Issued by Canada Immigration through a Canadian Embassy or Consulate. (There is a processing fee of $125 on all applications for Student Authorizations.)
A citizen of the United States, Greenland and/or St.Pierre-Miquelon is permitted to obtain the Student Authorization at a Port of Entry, if in possession of the CAQ.
Applying to McGill from within Canada (outside Quebec) – Students transferring from another Canadian institution outside Quebec to McGill should send their documents and CAQ application to the Montreal address of Immigration Quebec.
Students must normalize their status with Quebec and Canada Immigration prior to attending any classes at McGill.
For further information, or if there is an emergency, contact International Student Services by telephone at (514) 398-4349 during regular office hours, 09:00 to 17:00, or by e-mail at international.students@mcgill.ca.

46.7 M.B.A. Program Requirements
Students studying on a full-time basis must complete this 60-credit program in three years; part-time students have a five-year time limit.
The first year of the program is designed to provide students with the basic managerial techniques and skills. The second year allows the student to concentrate in a particular field. Students will take both day and evening classes from September to April for two years.

46.7.1 First Year (M.B.A. I)
Students must have a thorough understanding of Word, Excel and basic management statistics prior to entry.
Three highly integrative 9-Week Modules have been developed to provide the skills essential to the entire organization. Emphasis is on team work and team building. MGCR 628 is a year-long project course which integrates material across the three modules.
The first year will run on a Trimester basis.
First Trimester Module 1 September to November
Second Trimester Module 2 November to February
Third Trimester Module 3 February to April

The Integrative Course, MGCR 628, runs from September to April. Students completing the M.B.A. part-time will register for the Integrative Course while in the process of completing the last M.B.A. I courses. Courses with a credit weight of 2 run for 9 weeks with 1 week for exams. Courses with a credit weight of 1 have 13.5 class hours.

46.7.2 Second Year (M.B.A. II)
The second year of the M.B.A. allows students to focus on a particular area of interest and to develop some specialization, or to create their own general management curriculum. Courses are offered both during the day and the evening. Students choose one of the following options to earn the 30 credits:

1) Five courses (15 credits) from the concentration in which the student wishes to specialize, and five elective courses (15 credits). It is not necessary to select the area of concentration until completion of the first year.
A Research Paper is an optional part of the M.B.A. which may be included as part of a concentration or replace free electives. The research paper is worth 6 credits. The Research Paper is designed to familiarize students with the process and the problems of independent research. The student is given considerable freedom in choosing research topics. Students
have the opportunity to work on a one-to-one basis with a faculty member.

or

2) Ten courses (30 credits) selected as part of a General Management program.

46.7.3 M.B.A. II Year Concentrations

The M.B.A. II Concentrations are geared to the needs and demands of the employment market. They have been designed with considerable thought and attention to provide meaningful and useful packages of courses which will be an advantage upon graduation.

Concentrations include:

Entrepreneurial Studies  
Finance  
Information Systems  
International Business  
Management for Development  
Marketing  
Operations Management  
Strategic Management

M.B.A. students may select a concentration or create their own General Management Curriculum.

A Concentration consists of five courses within an area. Support courses from accounting, human resource management, management science, and managerial economics are also offered to supplement the five courses within each concentration.

Double Concentrations

Students wishing to do a Double Concentration must take five courses in each area.

46.8 M.B.A. Part-time Studies

The course requirements for students completing their degree on a part-time basis are identical to those studying full-time; see section 46.7.1 “First Year (M.B.A. I)” and section 46.7.2 “Second Year (M.B.A. II)”.

The usual course load for a student studying part-time is two courses per Trimester. This would permit students to complete the first year course requirements in 2½ to 3 years. However, this is simply a guide and students may elect to take the number of courses which best suits their schedule. In the second year (M.B.A. II) courses are given in the more traditional semester (term) schedule, i.e., September to December and January to April. Students may also take second-year courses in the summer terms provided they have the necessary prerequisites.

A limit of 5 years is permitted to complete the degree requirements.

46.8.1 Combined Full-time and Part-time Studies

There are two options by which students may combine full-time and part-time studies.

Option 1

Upon completion of the entire first year (M.B.A. I) on a part-time basis, students may request a status change to full-time to complete the second year (M.B.A. II) as full-time students.

Option 2

Upon completion of some portion of the first year (M.B.A. I) on a part-time basis, students may request a status change to full-time to complete the degree requirements. This may require some complex scheduling of courses and may require a meeting with the Director to make the necessary program arrangements.

Students wishing to change their status to full-time must make a written request at least 6 weeks prior to the beginning of the relevant term. These requests should be sent to the Student Adviser.

46.9 Additional M.B.A. Programs

The following special programs are also available:

46.9.1 M.B.A. International Exchange Program

Through the McGill M.B.A. Exchange Program there are exciting opportunities to study abroad.

Participation in the program gives McGill students the opportunity to spend part of the second year of the M.B.A. studying at a business school abroad. Students successfully completing the program’s requirements receive both the Master’s Degree from their home university and an International Management Certificate from the foreign institution which they attended. McGill is part of the Program in International Management (PIM), a consortium of the leading business schools in North America, South America, Europe, and Asia. There are exchanges with both PIM and non-PIM schools.

The following schools may exchange students with McGill in 2007-2008:

PIM members:

– Asian Institute of Management, Manila, Philippines  
– CE IBS (China Europe International Business School)  
– Copenhagen Business School, Denmark  
– Erasmus University, Rotterdam, The Netherlands  
– ESADE (Escuela Superior de Administracion y Direcion de Empresas), Barcelona, Spain  
– Fundacao Getulio Vargas, Sao Paulo, Brazil  
– HEC (Hautes Etudes Commerciales), Jouy-en-Josas, France  
– Institut Superieur des Affaires (I.S.A.), France  
– ITAM, Mexico  
– ITESM, Mexico  
– Luigi Bocconi, Milan, Italy  
– Manchester Business School, England  
– Norwegian School of Economics, Norway  
– Stockholm School of Economics, Sweden  
– Thammasat University, Bangkok, Thailand  
– University of Cologne, Germany  
– University of Louvain, Louvain-La-Neuve, Belgium  
– University of Melbourne, Australia  
– University of St. Gallen, Switzerland  
– University of Texas at Austin, U.S.A.  
– University of Witwatersrand, South Africa  

Non-PIM members:

– Bilkent University, Turkey  
– Solvay Business School, Brussels, Belgium

46.9.2 M.B.A. Stage Program

The M.B.A. Stage program has been designed to provide international students the opportunity to integrate their studies in a practical work situation. This program will be most appealing for students with little work experience in their field of specialization. The work experience is an essential part of the Stage program and students who opt for this will be required to:

1. Secure an offer from a prospective employer – the offer must be made in writing and should include the job/Stage description, duration and remuneration.
2. Obtain approval for this Stage by the Director, Master’s Programs.
3. Upon completion of the Stage and in order to obtain credit, submit a paper on the integration of the applied and academic aspects of the first year courses and the Stage experience

Note: International students will also require a work-authorization for employment from Citizenship and Immigration Canada.

46.9.3 M.D./M.B.A. Program

The M.D./M.B.A. program recognizes that physicians will be increasingly involved in the growing partnership between business and health/sickness care. The program will graduate a group of doctors with skills uniquely directed towards
management in the health care sector. This will provide opportunity to compete for positions in a growing niche of physician-managers who will be found in all facilities from the smallest clinic to the largest tertiary health care facility, from research laboratory to university or hospital medical departments.

This is a five-year program in which the first year from September to the following July is spent in the Desautels Faculty of Management. In August the students will begin their medical studies with the first year class and elements of health management and practicums will be integrated into the elective opportunities in the regular four-year medical curriculum. At graduation, graduates will receive an M.B.A. from the Desautels Faculty of Management and an M.D., C.M. from the Faculty of Medicine.

Applicants to this program must apply separately to each program and meet the admission requirements of both the Faculty of Medicine and the Desautels Faculty of Management. Applications and all supporting documents for both M.B.A. and Medicine must be received by the respective Admissions Offices by November 15. Further information and application forms for the Faculty of Medicine can be obtained from:

Program Administrator M.D./M.B.A. Program, McIntyre Medical Sciences Building, 3655 Promenade Sir William Osler, Montreal, QC H3G 1Y6
Telephone: (514) 398-3521 Fax: (514) 398-3595

46.9.4 M.B.A./Japan

This two-year M.B.A. program – delivered by McGill faculty at the campus of the prestigious Sophia University in downtown Tokyo, Japan – provides local students with a world-class North American style graduate business education in International Business, General Management or Finance while maintaining full-time employment. For more information visit our Website at www.mcgillmbajapan.com.

46.9.5 Joint program: M.B.A. with Law

The Desautels Faculty of Management, in cooperation with the Faculty of Law, offers a joint program: Master of Business Administration (M.B.A.) with integrated Bachelor of Civil Law (B.C.L.) / Bachelor of Laws (L.L.B.). This program prepares students for admission to the Quebec legal profession as well as for admission to the Bars of the Common Law Provinces.

The combined degree program has been designed for those students who are interested in both the legal and administrative aspects of business and will help prepare them for careers in private and public enterprises as well as government service. The joint program may be completed in 4½ years.

Students who are interested in applying for the joint program must apply to both the Faculty of Law and the Desautels Faculty of Management. They must meet the admission requirements for both Faculties. A minimum of one year of full-time work experience is required for admission to the M.B.A. For Law, students must demonstrate a substantial fluency in both the French and English languages.

If accepted, students will begin their first year in the M.B.A. program with a guarantee of admission to Law the following year, providing they successfully complete the first year M.B.A. program requirements. Alternatively, students already enrolled in Law may apply to the program during their 2nd year of Law studies.

The application deadline for Law is January 15th. Students wishing information on the Law program should contact:

Faculty of Law, Admissions Office, 3544 Peel Street, Montreal, Quebec H3A 1W9
Telephone: (514) 398-6666
E-mail: undergradadmissions.law@mcgill.ca

46.10 Policies and Regulations of the M.B.A. (Full-time)

The following is a brief overview of the rules and regulations of the M.B.A. program. All attending students will be given a copy of the “Official Rules and Regulations” from the M.B.A. office. Students are responsible for reading and abiding by these rules and regulations.

The McGill M.B.A. (full-time) is designed as a two-year program. The academic year begins in September and ends in May. Students admitted with advanced standing may complete the program in 15 months.

46.10.1 Withdrawal from the M.B.A. Program

Students wishing to withdraw from the McGill M.B.A. program must complete a “Withdrawal Form” available from the M.B.A. office. Students will not be considered as officially withdrawn until this form is completed. Students who drop out of the program but do not complete this form will be billed for the full tuition. Refer to the General Information section of the Graduate and Postdoctoral Studies Calendar for further information.

46.10.2 Exemptions

M.B.A. I students may be exempted up to a maximum of 15 credits excluding the Integrative Course, based on academic proof and contingent on professors’ and M.B.A. Program approval. Each credit must be replaced by a second-year credit.

46.10.3 Grading and Promotion Standards

The pass mark for each course is B- (65%).

Failures

Students are permitted one failure in the M.B.A. Program. Any subsequent failure, including an unsuccessful supplemental examination, will result in the student being asked to withdraw from the M.B.A. Program.

Promotion into M.B.A. II

Students must have obtained an overall average of at least B (70%) to be permitted to continue into second year and in order to graduate.

46.10.4 Outside Elective Courses

An outside elective is any course which is not part of the M.B.A. program. This includes courses in other faculties within McGill University or outside McGill University.

Students wishing to take an elective offered in another department at McGill must first obtain approval from the Director. Once approval is obtained, students must obtain permission from the department offering the course before registering for the elective with their Faculty.

All Quebec Universities have agreed to permit transfer of academic credit and fees among themselves up to a maximum of two courses (6 credits) in any one year. However, this agreement (for Canadians and Permanent Residents) includes only those courses not offered at the home university and which fit into the student’s program. Authorization for an M.B.A. student to transfer courses must be obtained from the Director.

There are, however, limitations to the number of courses an M.B.A. student can take outside the Desautels Faculty of Management during the M.B.A. Program:

a) Students completing a 60-credit program may take 15 credits maximum outside the Desautels Faculty of Management. This does not include courses offered by other faculties at McGill.

b) Students may not take courses outside the Faculty if they are offered within the Faculty unless there are exceptional circumstances.

c) Students may not take language courses as credit toward the M.B.A.

46.11 M.B.A. Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click on Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to
press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

**Single term and Multi-term Courses (D1/D2, N1/N2, J1/J2/J3)**
The same course may be available as a single term offering and also as a multi-term offering. The course content and credit weight is equivalent in all modes; the only difference being the scheduling.

**46.11.1 M.B.A. I Year: Course Descriptions**

MGCR 610 RESEARCH PAPER. (6) The process and problems of independent research. Choice of topic may be a normative or descriptive study based on primary or secondary data. Opportunity to work on a one-to-one basis with a faculty member. Members of the Montreal business community may act as resource consultants.

MGCR 610D1 (3), MGCR 610D2 (3) RESEARCH PAPER. (Students must register for both MGCR 610D1 and MGCR 610D2) (No credit will be given for this course unless both MGCR 610D1 and MGCR 610D2 are successfully completed in consecutive terms) (MGCR 610D1 and MGCR 610D2 together are equivalent to MGCR 610) The process and problems of independent research. Choice of topic may be a normative or descriptive study based on primary or secondary data. Opportunity to work on a one-to-one basis with a faculty member. Members of the Montreal business community may act as resource consultants.

MGCR 610J1 RESEARCH PAPER. (2) (Prerequisite: MGCR 610J1) (Students must also register for MGCR 610J3) (No credit will be given for this course unless MGCR 610J1, MGCR 610J2 and MGCR 610J3 are all successfully completed in consecutive terms) (MGCR 610J1, MGCR 610J2 and MGCR 610J3 together are equivalent to MGCR 610) See MGCR 610J1 for course description.

MGCR 610J2 RESEARCH PAPER. (2) (Prerequisite: MGCR 610J2) (No credit will be given for this course unless MGCR 610J1, MGCR 610J2 and MGCR 610J3 are all successfully completed in consecutive terms) (MGCR 610J1, MGCR 610J2 and MGCR 610J3 together are equivalent to MGCR 610) See MGCR 610J1 for course description.

MGCR 611 FINANCIAL ACCOUNTING. (2) The understanding and use of published financial statements as a primary source of accounting information. The concepts, conventions and techniques involved in the preparation of financial statements leading to the analysis and interpretation of this information.

MGCR 612 ORGANIZATIONAL BEHAVIOUR. (2) Overview of the many issues that influence the management of complex organizations. Understanding of individual and group attitudes, cognitions, and behaviors, providing the essential core knowledge for day-to-day managerial activity.

MGCR 613 MANAGERIAL ECONOMICS. (2) The course provides an understanding of how economic systems and markets work, a command of how concepts and models developed by economists can be used in managerial decisions, a familiarity with the more practical aspects of competitive behaviour and the structure of competition, and a good appreciation of issues arising in the development of corporate goals and strategies. The emphasis of the course is on the use of economic analysis in strategy formulation.

MGCR 614 MANAGEMENT STATISTICS. (2) The course aims to provide students with the appropriate skills that will allow them to use up-to-date statistical analysis to extract information from a set of data. The emphasis will be placed on the application and interpretation of results rather than on formal statistical theory; the challenge will be in the selection of the appropriate statistical methodology to address the problem and an understanding of the limitations of this answer. The course will fully integrate the use of statistical software with statistical analysis.

MGCR 616 MARKETING. (2) The course concentrates on what may be the most scarce resource for most corporations today - the customer. The course examines how organizations research what the customer wants and needs. The course also looks at the social and psychological backgrounds of consumer choice and looks at the methods for grouping consumers into segments according to their congruency of their desires. The firm's response to consumers is then considered. First, the need satisfying item is considered - the product. Following this, the elements of the marketing mix, distribution, pricing and promotion, are considered.

MGCR 617 OPERATIONS MANAGEMENT. (2) (Change in description awaiting University approval.) A comprehensive introduction to the fundamental decisions and tradeoffs associated with the management of a firm's production and service activities will be examined. It is a study of how production and service systems can be effectively designed, utilized and managed in order for them to compete successfully on the basis of different parameters.

MGCR 618 MANAGING PEOPLE THROUGH TEAMWORK. (1) Developing competencies critical to working in teams, whether in the role of team leader or team member.

MGCR 619 RESEARCH, DEVELOPMENT AND ENGINEERING. (1) While technology per se exists in many domains of the firm, this course focuses on the research and development domain of the firm. This is an essential function - even in low-tech industries, well managed RD&E is essential because this is what provides the attributes and performance capabilities that customers desire in the products and services sold by the firm. Thus, every manager must understand how RD&E applies knowledge to achieve new performance capabilities, producing new products or services or enhancing existing ones. In addition, managers must be aware of the special and challenging issues faced by managers of this domain. Finally, managers must be aware of how they can provide a more effective link with the RD&E function.

MGCR 620 INFORMATION SYSTEMS. (2) Overview of the information systems issues that influence the management of organizations. Understanding (as opposed to computation) of the impact of information technology on firm operations and benefits and limitations of information technology, as it relates to the essential core knowledge needed for day-to-day managerial activity.

MGCR 621 INTERNATIONAL ENVIRONMENT. (2) Overview of the international issues that influence the management of organizations. Understanding of the international environment as it relates to the essential core knowledge needed for day-to-day managerial activity.

MGCR 622 ORGANIZATIONAL STRATEGY. (2) Organizational strategy concerns the process through which managers position their business or unit favorably against competitors, with customers, and in accordance with societal needs. This course emphasizes the skills that managers need to assess strategic threats and opportunities, match them with internal competencies to develop a strategy, devise action plans to realize the strategy, and continually develop capabilities to keep the organization viable.

MGCR 628 INTEGRATIVE COURSE. (6) This course provides an integrative perspective to the topics in the first year core, building on progressive stages of integrative understanding from basic management skills looking inward to basic and specialized management skills looking both inward and outward. The emphasis is on pedagogic tools which focus on a holistic view of the organization, forcing an understanding of the management of the enterprise from multiple perspectives and the resolution of conflicting viewpoints.

MGCR 628D1 (3), MGCR 628D2 (3) INTEGRATIVE COURSE. (Students must register for both MGCR 628D1 and MGCR 628D2) (No credit will be given for this course unless both MGCR 628D1 and
MGCR 628D2 are successfully completed in consecutive terms) (MGCR 628D1 and MGCR 628D2 together are equivalent to MGCR 628) This course provides an integrative perspective to the topics in the first year core, building on progressive stages of integrative understanding from basic management skills looking inward to basic and specialized management skills looking both inward and outward. The emphasis is on pedagogic tools which focus on a holistic view of the organization, forcing an understanding of the management of the enterprise from multiple perspectives and the resolution of conflicting viewpoints.

MGCR 628J1 INTEGRATIVE COURSE. (2) (Students must also register for MGCR 628J2 and MGCR 628J3) (No credit will be given for this course unless MGCR 628J1, MGCR 628J2 and MGCR 628J3 are all successfully completed in consecutive terms) (MGCR 628J1, MGCR 628J2 and MGCR 628J3 together are equivalent to MGCR 628) This course provides an integrative perspective to the topics in the first year core, building on progressive stages of integrative understanding from basic management skills looking inward to basic and specialized management skills looking both inward and outward. The emphasis is on pedagogic tools which focus on a holistic view of the organization, forcing an understanding of the management of the enterprise from multiple perspectives and the resolution of conflicting viewpoints.

MGCR 628J2 INTEGRATIVE COURSE. (2) (Prerequisite: MGCR 628J1) (Students must also register for MGCR 628J3) (No credit will be given for this course unless MGCR 628J1, MGCR 628J2 and MGCR 628J3 are all successfully completed in consecutive terms) (MGCR 628J1, MGCR 628J2 and MGCR 628J3 together are equivalent to MGCR 628) This course provides an integrative perspective to the topics in the first year core, building on progressive stages of integrative understanding from basic management skills looking inward to basic and specialized management skills looking both inward and outward. The emphasis is on pedagogic tools which focus on a holistic view of the organization, forcing an understanding of the management of the enterprise from multiple perspectives and the resolution of conflicting viewpoints.

MGCR 628J3 INTEGRATIVE COURSE. (2) (Prerequisite: MGCR 628J2) (No credit will be given for this course unless MGCR 628J1, MGCR 628J2 and MGCR 628J3 are all successfully completed in consecutive terms) (MGCR 628J1, MGCR 628J2 and MGCR 628J3 together are equivalent to MGCR 628) This course provides an integrative perspective to the topics in the first year core, building on progressive stages of integrative understanding from basic management skills looking inward to basic and specialized management skills looking both inward and outward. The emphasis is on pedagogic tools which focus on a holistic view of the organization, forcing an understanding of the management of the enterprise from multiple perspectives and the resolution of conflicting viewpoints.

MGCR 629 GLOBAL LEADERSHIP: REDEFINING SUCCESS. (1) An introduction to the leadership challenges of the 21st century in a rapidly changing global environment at the intersection of business and society.

MGCR 640 MANAGEMENT ACCOUNTING. (2) The use of internally generated accounting information for decision making, planning and control purposes. The concepts and techniques involved in developing and interpreting accounting information that is relevant and useful for managers.

MGCR 641 ELEMENTS OF MODERN FINANCE 1. (2) Topics: appropriate evaluation criteria for projects, risk and return; how to construct efficient portfolios; rigorous techniques for valuing financial assets. Corporate financing strategies, efficient market theories and investment banking, principles of debt financing and Modigliani-Miller propositions.

MGCR 642 ELEMENTS OF MODERN FINANCE 2. (2) Topics: asset pricing theories; organization and structure of bond markets; yield curves, term structure of interest rates; boot-strapping techniques, bond pricing; concepts of duration; corporate debt market; structure and covenant features; tax effects; innovations and project finance; derivative markets; futures and forward pricing; options trading strategies.

46.11.2 M.B.A. II Course Descriptions

ACCT 618 FINANCIAL REPORTING: STRUCTURE & ANALYSIS. (3) An in-depth analysis of corporate financial reporting principles and practices, with emphasis on developing the abilities of the student to discriminate between the form and substance of corporate financial reports. Analysis of all components of the financial statements with the effect of reference to alternative practices on financial reports.

ACCT 619 FINANCIAL REPORTING: VALUATION. (3) Analysis of financial statements and their uses. A financial statement analysis framework will be developed and applied to: (1) development of business and securities valuation, (2) the prediction of bankruptcy, (3) the strategic planning process, (4) the interpretation of consolidated financial statements.

ACCT 622 INTERMEDIATE FINANCIAL REPORTING 1. (3) (Prerequisite: MGCR 611.) Theoretical foundation for financial reporting concepts such as asset measurement, revenue recognition and disclosure of financial information.

ACCT 623 INTERMEDIATE FINANCIAL REPORTING 2. (CourseBody) (3) (Prerequisite: ACCT 622.) Theoretical foundation for financial reporting concepts such as liability and equity measurement, intercorporate investments.

ACCT 624 MANAGEMENT ACCOUNTING: PLANNING & CONTROL. (3) (Prerequisite: MGCR 611.) Preparation and analysis of management accounting information, effective design and implementation of management accounting systems.

ACCT 625 CANADIAN TAXATION. (CourseBody) (3) (Prerequisite: MGCR 611.) An overview of the income tax system; emphasis on its impact on selected business decisions. Topics include: individual and corporate taxation, tax shelters, tax planning and international operations.

BUSA 615 GLOBAL COMPETITIVENESS. (3) Review of theories and practical case applications on the dynamics of global competitiveness; study of how countries develop and sustain competitive advantage in the rapidly expanding global economy; in-depth analysis by groups of the evolution and status of world competitiveness in selected countries.

BUSA 625 ASIA/PACIFIC MANAGEMENT. (3) An in-depth study of business relationships and management practices in the world’s most dynamic region. Principal focus is on the dominant Asian economy, Japan, with discussion also of China, Korea and ASEAN countries. Emphasis is placed throughout on underlying cultural differences and how they influence the ways in which organizations are managed. The course is built on a variety of readings, case studies, reports and films in a seminar format emphasizing interaction between students, professor, and invited guest speakers.

BUSA 626 INTERNATIONAL BUSINESS LAW. (3) Introduction to the law regulating international business. The world’s three main legal systems and procedure of civil trials before their courts. The main business organizations used in world trade. Forms and documentation of various types of foreign trade contracts. Conflict avoidance, arbitration and international transaction litigation. Specific analysis of trade terms, international commercial transactions (export sales, marketing through distributors, licensing) and international conventions (tax treaties, industrial and intellectual property, GATT, etc.).

BUSA 627 NORTH AMERICA: GLOBAL MARKETS. (3) As trade barriers diminish and worldwide communications expand, North America can no longer consider itself an isolated haven of prosperity. But it is still one of the current “triad” of economic powers, centered on the dominating strength of the United States. This course focuses on how the other two North American nations, Canada and Mexico, are adjusting to the realities of global competitiveness and to the often overwhelming regional role of the United States. The evolution of NAFTA and the possible next steps in trade, accords are examined, as are continuing efforts to preserve elements of meaningful national autonomy in a rapidly changing global marketplace.

BUSA 630 STAGE PAPER. (1) After completing their stage, minimum 80 hours in an organization) students in the M.B.A program must submit a paper which integrates the applied and academic aspects of the first year courses and stage. This paper involves the equivalent of 15 academic hours.

BUSA 640 LAUNCHING NEW VENTURES. (3) Application of the knowledge acquired in graduate business education to the launching of a new product or service through venture capital funding.

BUSA 664 CREATING THE SMALL BUSINESS. (3) Focusing on the strategies and operating policies of small business enterprises, the course is designed for individuals who are considering
entrepreneurial careers either as owners or managers. Provides a practical approach to the many problems likely to be encountered in the evolving life cycle of the small business.

BUS 665 MANAGING THE SMALL ENTERPRISE. (3) The course is designed to teach students the concepts of entrepreneurship and the fundamentals of managing small businesses. It will explore, within the context of small entrepreneurial companies, the various interactions between financing, accounting, marketing, strategic planning, operations and human resources.

BUS 690 TOPICS IN MANAGEMENT 1. (3) Topic: Pharmaceutical Entrepreneurship; Joint w/BCom program.

BUS 691 TOPICS IN MANAGEMENT 2. (3) Techniques in Leadership. Current topics in management.

BUS 692 TOPICS IN MANAGEMENT 3. (3) The Treble Cliff .... Permission of Instructor Required. Current topics in management.

BUS 697 EUROPEAN ECONOMY AND MANAGEMENT. (3) Overview of current social, economic and business developments in Europe; examination of cultures, practices and institutional arrangements underpinning business in both the EU and Eastern Europe; opportunities and challenges in conducting business in Europe.

BUS 698 HEALTH CARE SYSTEMS. (3) Overview and study of the Quebec, Canadian and international health care systems within the Canadian context. Brief historical overview and analysis of its major elements: Quebec Ministry of Social Affairs, Regional Health Councils, Social Service Centres, hospitals, etc. Critical issues examined: planning health care needs and resources; financing health care, labour relations, patterns of power and assessing quality of care.

BUS 699 HEALTH CARE MANAGEMENT. (3) Course is divided into hospital goals and priorities; the basic elements and functioning of administrative and medical organization structure; the complexity of hospital management; assessment of overall as well as departmental performance. Course material, approach and assignments are strongly practice-oriented.

FINE 541 APPLIED INVESTMENTS. (3) (Prerequisite (Undergraduate): FINE 441. U3 students only) (Prerequisite (Graduate): Permission of the instructor.) Students are exposed to practical aspects of managing investment portfolios. A principal activity of students is participation in the management of a substantial investment fund.

FINE 541D1 (1.5), FINE 541D2 (1.5) APPLIED INVESTMENTS. (Prerequisite (Undergraduate): FINE 441: U3 students only) (Prerequisite (Graduate): Permission of the instructor.) Students must register for both FINE 541D1 and FINE 541D2. (No credit will be given for this course unless both FINE 541D1 and FINE 541D2 are successfully completed in consecutive terms) (FINE 541D1 and FINE 541D2 together are equivalent to FINE 541) Students are exposed to practical aspects of managing investment portfolios. A principal activity of students is participation in the management of a substantial investment fund.

FINE 547 ADVANCED FINANCE SEMINAR. (3) (Prerequisite (Undergraduate): FINE 441 and FINE 443, or FINE 646.) (Prerequisite (Graduate): must have completed at least 4 finance courses and/or be taking last courses in concentration concurrently.) (Restriction: Not open to students who have taken FINE 647.) (Note: Lectures for this course span both the fall and winter semesters.) Selected topics will be discussed by Faculty members, invited guest speakers, and the students. Each student is required to select a topic for study and prepare a written report for presentation.

FINE 620 CORPORATE Mergers. (3) (Restriction: MBA students only.) (Note: This course requires advance preparation based on each new case study presented each week.) This course deals with the rationale, structuring, shareholder value creation, financial implications and management of corporate joint ventures, alliances, mergers and acquisitions, including discussion of the external and internal reasons for these alliances and combinations and the steps taken to create structure and value and then to manage their implementation.

FINE 621 RESTRUCTURING TO CREATE SHAREHOLDER VALUE. (3) (Prerequisite: FINE 639.) (Restriction: MBA students only.) (Note: Students require a good grounding in the use of financial information, ratios and finance concepts such as the cost of capital and discounted cash flow.) Methods of creating and measuring value for the shareholders of a business, emphasizing the practical use of valuation in the context of making business decisions.

FINE 630 FIXED INCOME MARKETS. (3) (Prerequisite: FINE 639.) Fixed income securities and their uses for financial engineering as well as risk management at both the trading desk and the aggregate firm level. This will involve a treatment of basic fixed income mathematics, risk management concepts, term structure modeling, derivatives valuation theory and credit risk analysis.

FINE 635 FINANCIAL RISK MANAGEMENT. (3) (Prerequisite: FINE 639) Latest techniques of market risk management including volatility and correlation modeling, extreme value theory, Monte Carlo simulation, historical simulation and filtered historical simulation. Option pricing with time varying volatility and option risk management. Backtesting and Stress testing.

FINE 639 DERIVATIVES AND RISK MANAGEMENT. (3) (Prerequisite: FINE 646) This course studies the field of investments related to options and futures. The course will concentrate on trading strategies and analytical models for valuing options and futures contracts.

FINE 645 MONEY AND CAPITAL MARKETS. (3) (Prerequisite (Undergraduate): MGCR 341) Demand for and supply of money and other financial instruments by and to banks and near banks. Simple analytical models integrating the Canadian Institutional aspects. The role of the banking sector in the money creation process. International aspects of monetary policy.

FINE 646 INVESTMENTS AND PORTFOLIO MANAGEMENT. (3) The prime objective is to provide the student with a rational framework for investment. The portfolio and capital market theory of FINE 650 is extended and the empirical evidence supporting these and competing hypotheses is investigated for both individual securities and portfolios.

FINE 648 APPLIED CORPORATE FINANCE. (3) Concepts and techniques developed in earlier courses are extended and/or applied to problems faced by managers in Corporate Finance. Such problems include: working capital management, capital budgeting, capital structure, dividend policy, cost of capital and mergers and acquisitions. Stresses the application of theory and techniques and extensive use is made of case studies.

FINE 652 MANAGEMENT FINANCE. (3) (Restriction: for non-Finance Concentration) Designed as a second course in Finance for students not specializing in Finance. Topics include: short and long term asset and liability management, risk and diversification, and the nature of capital markets. The course format will be a mixture of cases, lectures, projects and discussions.

FINE 660 GLOBAL INVESTMENT MANAGEMENT. (3) Primary focus will be on global investments. The course will deal with the theoretical foundations of modern international portfolio theory and empirical evidence in a real world setting. It will span the developed markets of Europe and Japan, NICS of the Pacific rim and emerging markets. The primary objective is to prepare a new generation of managers who can operate effectively in the new global investment environment.

FINE 665 INVESTMENT STRATEGIES AND BEHAVIOURAL FINANCE. (3) (Prerequisite: MGCR 642.) (Restriction: MBA students only.) (Note: This course requires usage of various financial databases.) To gain understanding of the interaction between fundamental and behavioural approaches in exploring financial market dynamics, investment strategies and performance.

FINE 690 TOPICS IN FINANCE 1. (3) Independent Project - no classes.

FINE 691 TOPICS IN FINANCE 2. (3) Topics: Finance w/finance practitioners. Current topics in finance.

FINE 692 TOPICS IN FINANCE 3. (3) Topics in Finance.
FINE 693 INTERNATIONAL FINANCE 1. (3) The international financial environment as it affects the multinational manager. In-depth study of the various balance of payments concepts, adjustment of the external balance, and the international monetary system will be followed by a review of theory and institutional aspects of the foreign exchange and the international (Eurodollar) markets.

FINE 694 INTERNATIONAL FINANCE 2. (3) (Prerequisite: MGMT 693) Focus on the operational problems of financial management in the multinational enterprise: financing of international trade, determining the firm’s exposure to foreign exchange rate changes, protection against exchange losses, international capital budgeting, multinational cost of capital, working capital management and international portfolio diversification.

INDR 603 INDUSTRIAL RELATIONS. (3) The goal of this course is to develop student’s understanding of law, institutions, current practices, and power relations affecting the workplace. Topics include: regulation of employment, relationships in the unionized and non-unionized sectors, managerial approaches to labour relations, collective bargaining, union organizing, negotiation of collective agreements, dispute resolution and grievance procedures.

INDR 604 COLLECTIVE BARGAINING IN THEORY AND PRACTICE. (3) Theory, structure and activity of collective bargaining and arbitration as practiced in Canada and the Western industrial societies in general: how collective bargaining works; why it does or sometimes doesn’t work. Emphasis on the realities of actual practice. Contract structure, grievance and arbitration procedures and bargaining practices including costing of contracts.

INDR 605 ROLE OF GOVERNMENT: LABOUR RELATIONS. (3) Role of government, both as legislator and as employer. Development of public policy toward industrial relations and collective bargaining in the private and public sectors as well as other government policies that affect employment and industrial relations. The private sector model of collective bargaining and the peculiarities of public employment.

INDR 633 CREATING WEALTH AND PROSPERITY. (3) The objective of the course is to show the similarities and differences between the ways governments can create prosperity, and the ways companies can create wealth. The first part of the course covers topics in economic policy (what makes some countries, regions prosper and others fall behind), the second part covers financial, managerial and strategic topics companies face (what makes their market value increase and what makes this value diminish).

INDR 690 TOPICS IN INDUSTRIAL RELATIONS. (3) Current topics in Industrial Relations.

INSY 605 SYSTEMS ANALYSIS AND MODELING. (3) Techniques for conducting systems requirements analysis and project management using structured analysis for specifying both manual and automated systems. Focuses on the role of the analyst in investigating the current organizational environment, defining information system requirements, working with technical and non-technical staff, and making recommendations for system improvement. Analysis project.

INSY 633 IT KNOWLEDGE MANAGEMENT. (3) Types of organizational knowledge and their value for organizations, analysing knowledge processes, and assessing tools and technologies for managing knowledge.

INSY 636 INFORMATION SYSTEMS ADMINISTRATION. (3) This course covers the issues relating to managing information systems resources. A combination of lecture and class discussions covers topics such as the role of the Information Systems department within the corporation, staff organization and leadership, strategic systems, planning, end user computing, and other areas of importance to information systems managers.

INSY 638 DATA & DATABASE MANAGEMENT. (3) Focus on the management of organizational data and database management systems. Practice in database design. Examination of different models of representing data with emphasis on the relational model.

INSY 645 MANAGING ELECTRONIC COMMERCE. (3) This course will provide students with an understanding of e-commerce. The most important concepts, models, tools and applications related to e-commerce will be studied. The primary objective of the course is to explore the knowledge and the skills that an IS professional should develop to face this new reality in business organizations.

INSY 691 TOPICS IN MANAGEMENT INFORMATION SYSTEMS 2. (3) Topics: IT Consulting. Current topics in management information systems.

INSY 692 TOPICS IN MANAGEMENT INFORMATION SYSTEMS 3. (3) Current topics in Management Information Systems.

MGPO 615 CONSULTING FOR CHANGE. (3) (Prerequisite: MBA One.) Consultation in the area of assisting firms to introduce strategic change including approaches that are used to assess, understand and advise firms whose status quo is no longer considered satisfactory.

MGPO 630 MANAGING STRATEGY. (3) This course examines the organizational issues associated with strategic change. It focuses on how managers can orchestrate organizational changes in order to realize strategic intentions and exploit environmental opportunities. Students examine how the strategic change in process works and how to tackle key strategic transitions faced by organizations.

MGPO 637 CASES IN COMPETITIVE STRATEGY. (3) The course applies the techniques for analyzing industries to a number of industries (electronics, photocopy, bicycles, chain saws, securities, fibre optics) through the use of specific company cases. The objective is to develop skills and techniques in a competitive environment and define competitive strategies through practical application.

MGPO 638 MANAGING ORGANIZATIONAL POLITICS. (3) The course examines how organization politics impacts on the individual and how the individual can impact on the political system. We draw on some of the classic works on power, politics, decision making, and bureaucracy. We then apply the concepts derived from the theory to explicit organizational situations, to develop practical frameworks that will help and benefit the student.

MGPO 640 STRATEGIES FOR SUSTAINABLE DEVELOPMENT. (3) This course aims to produce new knowledge about the multidimensional nature of sustainable development; develop skills required to formulate and implement policies that integrate economic progress with quality of life and the preservation of the biosphere.

MGPO 650 MANAGING INNOVATION. (3) To survive competitively, many organizations need to develop new products successfully and consistently, yet established firms often face difficulties responding to new opportunities. This course examines the strategic, organizational, and interdepartmental aspects of the new product development process to understand why problems occur and what managers can do about them. Topic areas include (1) the creative synthesis of market possibilities with technological potential; (2) the collaborative coordination of diverse functions in
the firm; and (3) the strategic connection between the project and the firm’s strategy and structure.

MGPO 651 STRATEGIC MANAGEMENT: DEVELOPING COUNTRIES. (3) The course examines strategic management challenges in developing countries using lectures and discussion of readings and cases. Topics include economic policy management (national development strategies, structural adjustment, privatization), economic cost/benefit analysis, technology choice and transfer, negotiations between multinational firms and host governments, and strategic management for public enterprise, family-owned firms, economic groups, and developmental organizations.

MGPO 669 MANAGING GLOBALIZATION. (3) MBAs need to understand international competitive issues, such as: forces for industry globalization, a firm’s international expansion process, and international competitive strategies. Many types of firms will be analyzed, from small U.S. and Canadian firms beginning to explore internationally to large multinationals that are managing investments around the world.

MGPO 683 INTERNATIONAL BUSINESS POLICY. (3) Development and application of conceptual approaches to general management policy and strategy formulation in multinational enterprises. Alternative forms of international business involvement (licenses, contractual arrangements, turnkey projects, joint ventures, full direct investment); formulation and implementation of international, multinational and transnational competitive strategies; technology transfer; ownership strategy; international collaborative arrangements. A combination of conceptual readings and applied case analyses.

MGPO 690 TOPICS: STRATEGIC MANAGEMENT 1. (3) Independent Project - no classes.

MGPO 691 TOPICS: STRATEGIC MANAGEMENT 2. (3)

MGPO 692 TOPICS: STRATEGIC MANAGEMENT 3. (3) Current topics in strategic management.

MGSC 601 MANAGEMENT OF TECHNOLOGY IN MANUFACTURING. (3) This course discusses the latest developments in manufacturing technology and manufacturing planning, and examines issues in manufacturing management. Lectures and cases emphasize both the understanding of technology as well as operational and planning issues in effective utilization of technology. With this as a framework the course deals with appropriate technology (conventional and automated) and its evaluation, development and implementation process, manufacturing planning and design, design for manufacturability and the engineering/manufacturing interface. The course will present in detail operational issues related to management (design and control) of automated systems.

MGSC 602 MANUFACTURING STRATEGY. (3) A review of the basic framework of competitive strategies, and the role of manufacturing in the elaboration of the firm’s overall strategy. Specific manufacturing determinants of competitiveness include: technology, processes, integration, manufacturing-marketing-design interface, location, product mix, cost, quality and timeliness.

MGSC 603 LOGISTICS MANAGEMENT. (3) (Prerequisite: Undergraduate): MGCR 472) The management of the logistics functions in a manufacturing firm. Internal logistics includes the design and operation of a production-distribution system, with emphasis on the management of supply chains in global manufacturing companies. External logistics includes an analysis of the prevailing sourcing strategies and alternative means of customer satisfaction. Important tools such as forecasting techniques and information technology are also covered.

MGSC 605 TOTAL QUALITY MANAGEMENT. (3) (Prerequisite: Undergraduate): MGCR 272 or MGCR 274) The topics include: Top Management Commitment, Leadership Style, Bench Marking, Employee involvement, Human Resource Utilization, Employee Motivation, Quality Function Deployment, Statistical Techniques for Quality Improvement including the seven tools of quality and statistical process control. New topics of ISO9000. “Kaizen” and Return-of-Quality are also discussed. Students are encouraged to do industry projects on TQM.

MGSC 608 DATA DECISIONS AND MODELS. (3) The goal is to evaluate quantitative information and to make sound decisions in complex situations. The course provides a foundation for various models of uncertainty, techniques for interpreting data and many decision making approaches in both deterministic and stochastic environments.

MGSC 615 THE INTERNET AND MANUFACTURING. (3) Emergent concepts in the field of electronic commerce.

MGSC 631 ANALYSIS: PRODUCTION OPERATIONS. (3) (Prerequisite (Undergraduate): MGCR 472) This course presents a framework for design and control of modern production and inventory systems, and bridges the gap between theory and practice of production and inventory management. The course develops analytical concepts in the area and highlights their applications in manufacturing industry. The course is divided into three segments. The first segment looks at the production planning process and discusses in detail the resource allocation issues. The second segment deals with analysis and operation of inventory systems. The third segment integrates production planning and inventory control and looks at various integrated models for determining replenishment quantities and production lots.

MGSC 678 SIMULATION OF MANAGEMENT SYSTEMS. (3) (Prerequisite: Undergraduate): MGCR 272, MGCR 373) Building simulation models of management systems. Design of simulation experiments and the analysis and implementation of results. Students are expected to design a complete simulation of a real problem using a standard simulation language.

MGSC 679 APPLIED DETERMINISTIC OPTIMIZATION. (3) (Prerequisite: Undergraduate): MGCR 373) Methodological topics include linear, nonlinear and integer programming. Emphasis on modeling discrete or continuous decision problems that arise in business or industry, using the modern software tools of algebraic modelling (GAMS) that let the user concentrate on the model and on its implementation rather than on solution techniques. Management cases involving energy systems, production and inventory scheduling, logistics and portfolio selection, will be used extensively.

MGSC 690 TOPICS IN MANAGEMENT SCIENCE. (3)

MRKT 652 MARKETING MANAGEMENT 2. (3) Its orientation is one of decision making and problem solving. Focuses on the decision areas of marketing management. Emphasizes the application of marketing theory, concepts and methods to the solution of real life marketing problems.

MRKT 654 MARKETING COMMUNICATIONS. (3) The design and implementation of advertising and promotions. Draws on theories of persuasion to develop a managerially oriented decision making framework. Links the framework to decisions pertaining to creative strategy, media planning, consumer promotions and trade promotions.

MRKT 655 MARKETING PLANNING. (3) The design and implementation of marketing plans. Emphasis on management decision-making; approaches and techniques for formulating marketing objectives; identifying alternate strategies; preparing the marketing plan; implementing and controlling the plan.

MRKT 657 BUYER BEHAVIOUR. (3) Research approaches focusing on the behaviour of the consumer in the market place. Intended to sensitize the students to human behaviour in general so they may carry their understanding of basic processes over to the more specific area of the consumer.

MRKT 658 MARKETING RESEARCH. (3) The basic problems of searching for additional information for better marketing decisions. Designed from the marketing manager’s point of view. Placed in a cost-benefit perspective. All steps of the research process (problem definition, data collection methods, sample design, etc.) are covered.

MRKT 659 ADVANCED BUSINESS MARKETING. (3) Advanced decision-making and management of the marketing effort in a business to business (b-to-b) context, including the b-to-b marketing system; segmentation; customer relationship management;
products, services, price, distribution, selling and advertising decisions; strategies for business markets and both electronic and traditional approaches to each.

**MRKT 690 TOPICS IN MARKETING 2**  (3)
Independent Project - No classes. Current topics in marketing.

**MRKT 691 TOPICS IN MARKETING 3**  (3)
Topic: Marketing in Asia Pacific. Current topics in marketing.

**MRKT 692 TOPICS IN MARKETING 4**  (3)
Current topics in marketing.

**MRKT 698 INTERNATIONAL MARKETING MANAGEMENT.**  (3)
Marketing management considerations of a company seeking to extend beyond the confines of its domestic market. A review of product, pricing, channels of distribution and communications policies to develop an optimum strategy (between adapting completely to each local environment and standardizing across them) for arriving at an integrated and profitable operation. Particular attention to international marketing and exporting in the Canadian context.

**ORGB 525 COMPENSATION MANAGEMENT.**  (3) (Prerequisite Undergraduate): MGCR 320) (Prerequisite Continuing Education): MGCR 222) Compensation policies and practices, consistent with motivational theories, are examined. Topics include: design and evaluation of job evaluation systems, salary structures, and performance-based pay; compensation of special employee groups; and current pay equity laws. Projects and simulations provide “hands-on” experience in the use of compensation techniques.

**ORGB 625 MANAGING ORGANIZATIONAL CHANGE.**  (3) Examine strategies of organizational development (OD) that enhance the organization’s capacity to respond to change, maximize productivity and allow employees to experience dignity and meaning in their work. Explores the strategic, technostructural, human process, and human resource management types of OD interventions. In addition, the course will provide opportunities for the practice of a variety of OD skills (process consultation, feedback, observation) which enable managers to identify dysfunctional policies or behaviors. The fundamental theoretical framework of the course will draw upon developments in the behavioural and socio-technical systems approaches to organizational change.

**ORGB 632 MANAGING TEAMS IN ORGANIZATIONS.**  (3) The dynamics of group and interpersonal behaviour. As well as learning conceptual frameworks, participants will examine their own interpersonal style and behaviour in group processes.

**ORGB 633 MANAGERIAL NEGOTIATIONS.**  (3) Oct. 15, 21, 22, 28 & Nov. 5, 2007. Negotiating is a critical managerial skill. The purpose of this course is to allow students to learn to be more effective negotiators. The class environment used to accomplish this goal includes many exercises, personality inventories, and cases. The focus of the course will be on the processes of bargaining and the emphasis is "hands on" learning, although theories of negotiation and research examining negotiation will also be covered. Each student will have a great deal of control over how much he or she will develop into a better negotiator as a result of participating in this course.

**ORGB 634 CAREER DEVELOPMENT.**  (3) The broad objective of this course is to increase students’ understanding of the phenomenon of careers, in the business world as well as other spheres. Students will be exposed to “state of the art” theory and research on careers, and will then be expected to examine the usefulness and relevance of current theory by analyzing the careers of "real life" individuals, from novels, films, biographies, and case histories.

The focus will be on the evolution of careers over time, and will consider in-depth the many factors which influence (and are influenced by) career development, including such things as individual characteristics and background: age and family, status; occupational, job, and organizational characteristics etc. Career development will be considered both from the perspective of the individual and the organization.

**ORGB 635 ADVANCED MANAGERIAL NEGOTIATIONS.**  (3) This course explores in greater depth the negotiation concepts developed in ORGB 633. It also looks at other aspects and topics that impact negotiation, such as communication, culture and cognitive processes. Participants will explore the challenges they face to effectively incorporate these skills into their personal and professional lives.

**ORGB 640 THE ART OF LEADERSHIP.**  (3) Influence of personality, situational and cultural factors on strategic decision making. The role of power and political behaviour in organizational life. Topics include: managerial style, superior-subordinate relationships, organizational stress, entrepreneurial behaviour patterns, power and politics in decision making.

**ORGB 685 CROSS CULTURAL MANAGEMENT.**  (3) Cross-cultural awareness and communication skills necessary to manage in multicultural organizations. The focus of the course is on the relationship between cultural values and communication styles as they affect inter-and-intra cultural communication of managers, personnel and clients of multinational and multicultural corporations and organizations.

### 46.12 Post-M.B.A. Certificate

The Post-M.B.A. Certificate will be awarded after the equivalent of one term of residence and the successful completion of 15 credits of M.B.A. courses.

The certificate meets the needs of two groups of professional managers: (1) managers who graduated from an M.B.A. program several years ago and would like to take a series of courses to update their skills; and, (2) managers who graduated from an M.B.A. program recently and who would like to broaden the base of their education with a selection of courses that complement their major field of studies. The certificate may be taken on a full-time or part-time basis.

The entrance requirement is an M.B.A. degree from a recognized university with a CGPA that meets the minimum requirements of the Graduate and Postdoctoral Studies Office (a TOEFL to determine the English proficiency applicants whose mother tongue is not English may be required) as well as two years of full-time work experience.

For more information visit our Web site at www.mcgill.ca/postmba or call the Master Programs Office at (514) 398-4648.

### 46.13 Other Master and Graduate Diploma Programs

### 46.13.1 Master of Management Programs (M.M.)

**MASTER IN MANUFACTURING MANAGEMENT**

The Master in Manufacturing Management program (MMM) is offered to students who wish to have a career as manufacturing managers. The curriculum is a balance between manufacturing and management subjects and provides exposure to industry through case studies, seminars, tours and a paid industry internship. The MMM program is a 12-month academic program starting in September followed by a 4-month industrial internship. The program is a collaboration between the Faculty of Engineering and Management, which jointly grant the Master of Management degree.

Students should hold an undergraduate degree in engineering or science. Two or more years of industrial experience is preferred, but not mandatory. Students with other academic backgrounds and appropriate industrial experience will be considered, but may have to take one or two qualifying courses. The program is intended for full-time as well as part-time students. Enrolment is limited.

The MMM program is a self-funded program. Tuition is $25,000.

**General Business and Management – Required Courses**

(11 credits)

- **MGCR 611**  (2) Financial Accounting
- **MGCR 612**  (2) Organizational Behaviour
- **MGCR 616**  (2) Marketing
- **MGCR 641**  (2) Elements of Modern Finance 1
- **MGSC 608**  (3) Data Decisions and Models
General Business and Management – Complementary Courses (6 credits)
Two of the following courses:
- INDR 603 (3) Industrial Relations
- ORGB 625 (3) Managing Organizational Change
- ORGB 632 (3) Managing Teams in Organizations
- ORGB 633 (3) Managerial Negotiations
- ORGB 640 (3) The Art of Leadership
- ORGB 685 (3) Cross Cultural Management

Manufacturing and Supply Chain – Required Courses (15 credits)
- MECH 524 (3) Computer Integrated Manufacturing
- MGSC 602 (3) Strategic Management of Operations
- MGSC 603 (3) Logistics Management
- MGSC 605 (3) Total Quality Management
- MGSC 631 (3) Analysis of Manufacturing Systems

Manufacturing and Supply Chain – Complementary Courses (12 credits)
Two of the following four courses (6 credits):
- MECH 526 (3) Manufacturing and the Environment
- MGSC 601 (3) Management of Technology in Manufacturing
- MGSC 615 (3) Procurement and Distribution
- MGSC 575 (3) Applied Time Series Analysis Managerial Forecasting

and one of the following two options (6 credits):
**Discrete Manufacturing Option**
- MECH 528 (3) Product Design
- MECH 529 (3) Discrete Manufacturing Systems

**Process Manufacturing Option**
- CHEE 571 (4) Chemical Reaction Engineering
- CHEE 641 (3) Small Computer Applications: Chemical Engineering

Industry – Required Courses (12 credits)
- MECH 627 (9) Manufacturing Industrial Stage
- MECH 628 (2) Manufacturing Case Studies
- MECH 629 (1) Manufacturing Industrial Seminar

For more information, contact:
Program Coordinator, Mechanical Engineering
Telephone: (514) 398-7201
E-mail: mmm.mecheng@mcgill.ca
Website: www.mcgill.ca/mmm

or the Masters Programs Office, Desautels Faculty of Management.
Telephone: (514) 398-4648

**INTERNATIONAL MASTERS PROGRAMS IN PRACTISING MANAGEMENT (IMPM)**
Functioning within an authentically international context, this cooperative venture of business schools located in five different countries allows mid-career executives to study topical international business problems on site at universities in France, England, India, Japan and Canada.

For more information visit our Website at www.impm.org.

**Health**
Applying an experience based approach to leadership development, the program will recruit practising managers and professionals throughout the health field, and from all parts of the world to learn from each other and gain a better understanding of their own leadership styles, the systems they work in, their organizational contexts, and the work relationships they must build in order to achieve change. For more information visit our Web site at www.imhl.ca.

**International Masters Programs in Practising Management Courses**
**BUSA 668 THE PRACTICE OF MANAGEMENT.** (5)
Examination of the philosophy, the history, and the practice of management, with introduction to personal competences necessary to carry out the complex role of general manager effectively.

Latest developments in management theory and practice will be examined, in the context of the history, role of managers, and personal competence.

**BUSA 668 THE VENTURE.** (5)
An introduction to the tools of the analytic disciplines such as managerial economics, accounting, statistics and finance. Students will apply tools to specific problems or activities within their organization, and complete an analysis that integrates these concepts and competences with a work situation.

**BUSA 670 MANAGING ORGANIZATIONS.** (5)
Provides a basic understanding of the key processes and configurations of organizing, alternate systems and structures. Examines practical and theoretical aspects of measurement, data classification, reporting, practical analysis, cost accounting, performance measurement and forecasting.

**BUSA 672 MANAGERIAL EXCHANGE.** (3)
A field experience that exposes the student to critical managerial challenges faced by an organization other than his/her own. Requires application of concepts, and competences.

**BUSA 675 MANAGING CONTEXT.** (5)
Examination of the role of "outsiders," and review of the competences needed by general managers to effectively manage contextual relationships such as with government bodies, capital markets, customers and suppliers. Also, examination of cultures, emerging issues in global management, and perspectives on ethics and human rights.

**BUSA 680 MANAGING PEOPLE.** (5)
Examination of different models of individual behaviour and of similarities and differences among them. Review of interpersonal competences, including ability to communicate, lead individuals and groups, create commitment, develop trust for strategic alliances, and coaching employees rather than directing them.

**BUSA 685 MANAGING CHANGE.** (5)
Examination of major kinds of organizational transformations that managers must deal with including starting a new business, turning around a moribund company, restructuring, downsizing, and regrouping businesses around the world. Review of new product/service development, and development of competences that help create flexible organizations.

**BUSA 689 INTEGRATIVE PROJECT.** (12)
An examination of a major managerial issue facing their organization. Working with supervisors in weekly exchange, they will prepare a report that integrates the relevant concepts from the program to explain and/or evaluate the issue and recommend a course of action.

**46.13.2 Diploma in Public Accountancy (Chartered Accountancy)**
The Diploma in Public Accountancy Program is under the academic supervision of the Graduate and Postdoctoral Studies Office, and is offered by the Desautels Faculty of Management.

The faculty is made up of professionally active C.A.s with specific areas of expertise. Students benefit from a program of academic counselling, tutoring and monitoring as they progress through a program in which they are exposed to the latest concepts and practice-related issues.

Chartered Accountants play leadership roles in public practice, business, industry, government and education.

**ADMISSION REQUIREMENTS**
Option 1:
Students completing a Bachelor’s degree from a recognized institution are required to obtain a minimum CGPA of 3.0 out of 4.0; and successfully complete the nine qualifying courses listed below, or their equivalent:
- ACCT 351 Intermediate Financial Accounting 1
- ACCT 352 Intermediate Financial Accounting 2
- ACCT 361 Intermediate Management Accounting 1
- ACCT 362 Intermediate Management Accounting 2
- ACCT 385 Principles of Taxation
ACCT 453  Advanced Financial Accounting
ACCT 455  Development of Accounting Thought
ACCT 475  Principles of Auditing
ACCT 486  Business Taxation 2

* Admission to the program is very competitive and meeting the minimum requirement does not secure admission.

Option 2:
Graduates of programs other than Bachelor of Commerce or graduates with foreign degrees must complete the following courses through the Centre for Continuing Education’s Diploma in Accounting prior to admission to the Graduate Diploma program. Please note that obtaining the minimum requirements does not secure admission to program.

CCTA 511  Auditing 1
CCTA 521  Financial Accounting 1
CCTA 522  Financial Accounting 2
CCTA 523  Financial Accounting 3
CCTA 531  Taxation 1
CCTA 532  Taxation 2
CCTA 533  Management Accounting 1
CCTA 534  Management Accounting 2

For more information, the Centre for Continuing Education can be contacted by telephone at (514) 398-6161, or by e-mail at info.conted@mcgill.ca.

ADMISSION PROCEDURES
Application forms are available online from our Web site.

Application deadlines for Canadian Students:
• March 1 for May (Summer term)
• June 1 (March 1 recommended) for September (Fall term)
• October 1 for January (Winter term)

Application deadlines for International Students:
• December 15 for May (Summer term)
• March 1 for September (Fall term)
• September 1 for January (Winter term)

1) Applicants must have an undergraduate university degree from a recognized institution.

2) All students wishing to take courses in the Diploma in Public Accountancy must complete the Application for Admission form available on the Web at www.mcgill.ca/applying/graduate.

3) All students must make arrangements to have two official transcripts confirming the awarding of a degree sent to the Department before their application can be considered.

4) An evaluation will be made granting credits in the program for equivalent courses completed (B- required) within the last five years. Academic advising is available to assist the student.

5) Applicants who have been accepted to the program are required to make a $250 (certified cheque or money order) deposit. This fee is non-refundable and will be applied to the student's fee account.

A deferral of admission may be considered in exceptional cases upon evidence of extenuating circumstances for one year only. A written request should be submitted to the Director of the CA Program. If approved, students wishing to defer their admission will be required to submit a confirmation deposit of $500 Canadian to secure a place for the following year/term. This fee is non-refundable.

TIME LIMITS
The program must be completed within three years of admission. Time limits will be adjusted accordingly for those students who are granted advanced standing or who transfer from one program to another. Students exceeding the time limits may request an extension, in writing, which may be granted under special circumstances with the approval of the Department. Where appropriate a revised program of study may be recommended.

PROFESSIONAL REQUIREMENTS FOR ADMISSION TO L’ORDRE DES COMPTABLES AGRÉÉS DU QUÉBEC (C.A.)
Membership in the Ordre des comptables agréés du Québec and the Canadian Institute of Chartered Accountants entitles Chartered Accountants to practice the profession of Chartered Accountancy.

Admission is based upon meeting the following requirements as indicated in the Chartered Accountants Act (Bill 264).

1) possession of a university degree from a recognized institution;
2) possession of the Graduate Diploma in Public Accountancy;
3) passing of the national Uniform Final Examination given by the Ordre and the CICA;
4) completion of an articling period with a firm of Chartered Accountants which is registered with the Order (minimum of two years), this can be done while registered in the CA Program;
5) a working knowledge of French;
6) Canadian citizenship or Permanent Resident status.

Further information can be obtained from: Ordre des comptables agréés du Québec, 680 Sherbrooke West, 18th floor, Montreal, Quebec, H3A 2S3. Tel: (514) 288-3256. E-mail: info@ccaq.qc.ca.

ADVANCED STANDING
Credit / Exemptions
An official course outline of the courses taken elsewhere, and the marks obtained, must be submitted. Students who have been granted credits and/or exemptions are not permitted to register for the courses for which they have been granted credits and/or exemptions. Credits or exemptions will NOT be granted for courses taken more than five years before the date of application.

PROGRAM REQUIREMENTS
The program requires completion of 9 courses (six 3-credit courses, and three 4-credit courses). It is composed of the following courses:

Level I
ACCT 651  (3)  Financial Accounting 4
ACCT 655  (3)  Auditing 2
ACCT 657  (3)  Systems Audit
ACCT 659  (3)  Business Communications

Level II
ACCT 679  (3)  Business Advisory Services - Core
ACCT 681  (4)  Financial Accounting 5
ACCT 683  (3)  Tax Planning and Decision Making
ACCT 685  (4)  Auditing 3
ACCT 689  (4)  Business Advisory Services - Cases

Complementary Course (0 credits)
ACCT 699  (0)  Uniform Final Exam Prep Seminar

Level I must be completed prior to Level II. Flexibility exists where minimal course work is required in a prior level. Students must complete Level II courses in the 12 months prior to the Uniform Final Examination.

Students are reminded that the courses in the Diploma in Accounting are prerequisites to the Diploma Program in Public Accountancy courses, and knowledge of prerequisite course content is presumed.

COURSES
Students preparing to register should consult the Web at www.mcgill.ca/minerva (click on Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and cancelled or changed processes of instructors.
The course credit weight is given in parentheses after the title.

**ACCT 651 Financial Accounting 4.** (3) (Restriction: Entry to Program. Open only to students enrolled in the Graduate Diploma in Public Accountancy.) Advanced topics in financial and reporting, including the relevant CICA Handbook pronouncements, exposure drafts, accounting guidelines and research studies. International pronouncements are discussed where no Canadian recommendation exist. The use of professional judgement in the application of accounting recommendations will be discussed.

**ACCT 655 Auditing 2.** (3) (Restriction: Entry to Program. Open only to students enrolled in the Graduate Diploma in Public Accountancy.) The role of the attest auditor. The topics covered include professional practice environment, engagement management, internal control, audit evidence, testing, reporting and general coverage of the professional services. Detailed study of the CICA Auditing recommendations, exposure drafts and guidelines. Research studies and current literature will be reviewed.

**ACCT 657 Systems Audit.** (3) (Restriction: Entry to Program. Open only to students enrolled in the Graduate Diploma in Public Accountancy.) Examining the control over computerized accounting systems and the implementation of management control systems, the student is expected to develop the ability to perform the attest audit in a computerized environment and to assist clients in business decisions. Theory and practice aspects of Comprehensive Audit will be analyzed.

**ACCT 659 Business Communications.** (3) (Prerequisite: ACCT 651 or ACCT 655) Professionals use written and oral communication to inform and persuade other people. This course prepares students to deal with a broad range of practical situations in which communication plays a crucial role. Effective business communication skills are taught through lectures, discussions and presentations which emphasize and enhance writing and speaking skills. Students prepare written and oral presentations which are subsequently evaluated for structure, organization and presentation.

**ACCT 679 Business Advisory Services - Core.** (3) (Prerequisites: ACCT 651, ACCT 655, ACCT 657, ACCT 659.) The objective of this course is to explore topics in management accounting, finance and litigation support in the context of business advisory services provided by a Chartered Accountant. A multi-discipline approach integrating other accounting related areas; financial accounting, auditing and litigation. The course will examine the role of the Chartered Accountant and skills required to support management decision making from both a financial and operational perspective.

**ACCT 681 Financial Accounting 5.** (4) (Prerequisites: ACCT 651 and ACCT 659) (To be taken in last year of program.) (Restriction: Not open to students who have taken ACCT 671 and ACCT 681 prior to 200509.) (Theoretical basis of exposure drafts; research studies; principles and conventions; emerging issues, professional conduct, liability and litigation, and business decisions, including current issues in accounting practice.

**ACCT 683 Tax Planning & Decision Making.** (3) (Prerequisites: ACCT 385 and ACCT 462.) (Note: Has to be taken in last year of the program.) The theory, techniques and considerations in taxation will be analyzed in a situational context. Tax planning is addressed integrating personal and corporate taxation issues. Topics such as sale of a business, rollovers and personal tax planning will be addressed.

**ACCT 685 Auditing 3.** (4) (Prerequisites: ACCT 655, ACCT 681 and ACCT 659) The theoretical basis of current Canadian auditing practice. Current Canadian and International recommendations, exposure drafts, guidelines, research studies, principles and conventions, and current literature will be used to develop an understanding of the theory and to develop the ability to apply this theory in practical situations. Current issues in auditing practice will be discussed.

**ACCT 689 Business Advisory Services - Cases.** (4) (Prerequisite: completion of the other eight program courses.) Through the use of the case method, this course examines the processes and considerations used in the business advisory services area of professional practice. Complex scenarios integrate topics in financial accounting, auditing, managerial accounting, taxation and finance. Central themes such as mergers and acquisitions, litigation support, financing are addressed.

**ACCT 690 Topics in Accounting.** (3) A learning cell in which one or more students work with a faculty member.

**ACCT 699 Uniform Final Exam Prep Seminar.** (0) (Prerequisites: ACCT 651, ACCT 655, ACCT 657, ACCT 659, ACCT 679, ACCT 681, ACCT 683, ACCT 685.) (Corequisite: ACCT 689.) This course consists of lectures and case writing relating to performance management, assurance, organizational effectiveness, information technology and finance. The cases emphasize the application of theory to practical situations.

**46.14 Joint Ph.D. in Management**

The Ph.D. Program in Management is offered jointly by the four Montreal universities: Concordia University, École des Hautes Études Commerciales (affiliated with the Université de Montréal), McGill University, and Université du Québec à Montréal. The program is intended to educate competent researchers and to stimulate research on management problems.

The program represents a number of innovations in doctoral work in the field of administration. First, by cooperating, the four universities are able to make available to the students a diverse pool of approximately 250 professors qualified to direct doctoral level study and research. Second, the program has been carefully developed to encourage independent, creative work on the part of its students, with close, personal contact with the professors. This program will appeal especially to the mature, experienced candidate with relatively well-defined interests. Across the four member universities, some courses are offered in English and some in French. (All papers may, however, be written in English or French.) This is viewed as a definite advantage of the program for those students who expect to work in Canada or francophone countries after graduation.

The program places considerable emphasis on the theoretical foundations of administration and its underlying disciplines. Graduates of the program are expected to have: (1) some knowledge of all the main areas of administration, (2) a thorough knowledge of one applied area of administration, and one support discipline, (3) a complete command of the research methodologies used in administration, and (4) some familiarity with modern theories and methods of the pedagogy of administration.

The program consists of three phases: preparation, specialization and dissertation.

**Phase I – Preparation**

The preparation phase is intended to give each student some understanding of the range of subject matter that makes up contemporary administrative theory. On entering the program, the background of each student will be assessed. Deficiencies, if any, are to be made up by graduate-level courses, papers, or assigned readings in:

- Behavioural Science
- Economics
- Management Science
- Marketing
- Finance
- Strategy and Organization
- Accounting

Some students – notably those with strong Master's degrees in administration or related disciplines – have a minimum of work in Phase I; others require up to one academic year of work.

**Phase II – Specialization**

In Phase II, students probe deeply into their chosen area of specialization. With their advisory committee, students work out an individual program of study which takes about 18 months. The phase focuses on a specialization area and a support field. The specialization area could be one of the basic ones listed in
Phase I (for example, marketing or management science), a sub-
area within one of these (such as organizational development
within organizational behaviour), or an interdisciplinary area that
combines two or more of these (such as behaviour aspects of
accounting or international marketing).

The support field is selected to help the student develop a
foundation of knowledge in a fundamental discipline that under-
lies the theory in administration. For example, a student in mar-
keting might select psychology, sociology, or statistics. One in
management policy might select political science or general
systems theory or perhaps even philosophy. Many other choices
are possible.

Students officially enter Phase II of the program when their
advisory committee has been established and, together with the
student, formally agrees on a proposal for the work to be done in
Phase II. Phase II must be approved by the McGill and the Joint
Doctoral Committees. This includes the following:

- Doctoral seminars in the specialization area; minimum four
courses.
- Any other existing graduate level courses in the specialization
area and support field deemed appropriate by the advisory
committee; minimum two courses in support field.
- Seminar on Research Methodology (MGMT 707, 3 credits) or
equivalent course as defined by Program Committee.
- Seminar in Pedagogy (MGMT 706, 3 credits), or Teaching and
Learning in Higher Education (EDPH 689, 3 credits).
- Comprehensive Examination (MGMT 701, 0 credits).
- A publishable research paper (MGMT 720, 3 credits)*, equiva-
 lent to about 3 months of full-time work.
* Subject to approval.

The advisory committee will normally consist of at least three or
four persons; a chair and others decided upon jointly by the chair
and the student. One of these members will typically come from
the support field. Every student's advisory committee must have
representation from at least two universities in the joint program.

**Phase III – Dissertation**

The third phase of the program consists of the dissertation in the
course of which the student probes deeply into a well-defined
research topic. The topic is developed with the thesis committee
and the student. One of these members will typically come from
the support field. Every student's advisory committee must have
representation from at least two universities in the joint program.

**46.14.1 Admission – Joint Ph.D.**

Candidates normally hold a Master's level degree, with a strong
academic record from a recognized university. In rare cases, North
American candidates without a related Master's degree but with
exceptional backgrounds may be considered for the program.

GMAT (or GRE-General Test) results are required for applica-
tions to the Doctoral Program; this includes McGill Master's stu-
dents applying to the Ph.D. The minimum score required is 600.
Tests must have been written within the past five years.

Non-Canadian applicants whose mother tongue is not English
and who have not completed an undergraduate degree at a
recognized institution where English was the language of instruc-
tion, must submit TOEFL scores. A minimum score of 250 on
the computer-based test, or 100 for the Internet-based test with each
component score not less than 20, is required for admission. Tests
must have been written within the past two years.

- Files will not be considered unless GMAT (or GRE-General
  Test) and TOEFL scores are received by the application deadline.

Students may apply for admission to one or more of the partici-
pating universities. These applications will be processed by the
individual university where applicant has applied to and the joint
committee of the four schools. Students’ preferences will prevail
when more than one participating university is prepared to accept
them. The Ph.D. degree will be granted by the university that
admits the student. The program requires a minimum full-time res-
idency of six terms.

Applications will be considered upon the receipt of:
1. Online application form;
2. Two copies of official transcripts of all undergraduate and
graduate degrees forwarded directly by originating universi-
ties;
3. At least two letters of reference from individuals who can
  assess research potential (free format and submitted on origi-
nal letterhead);
4. Test results: TOEFL (where applicable) written within the last
two years, and, GMAT (or GRE-General Test) written within
the last five years - Test scores must be forwarded directly
from the Educational Testing Service;
5. Personal background form (specific questions pertaining to
  our program); and
6. C.V.

No documents submitted as part of the application package will be
returned to the applicant.

Applications and all supporting documents must be submitted by
February 1st for September admission. January admissions are
rarely allowed.

All documents are to be submitted directly to:
Ph.D. Program Office
Desautels Faculty of Management
McGill University
1001 Sherbrooke Street West
Montreal, QC H3A 1G5
Telephone: (514) 398-4074
Fax: (514) 398-3876
E-mail: phd.mgmt@mcgill.ca
Web site: www.mcgill.ca/management-phd

The addresses of the three other institutions are:

Concordia University,
John Molson School of Business,
1455 de Maisonneuve Blvd West, Montreal, QC H3G 1M8

École des Hautes Études Commerciales,
3000 Chemin de la Cote Ste-Catherine,
Montréal, QC H3T 2A7

Université du Québec à Montréal,
Département des Sciences Administratives,
315 Ste-Catherine Est, Montréal, QC H3C 4R2

**46.14.2 Doctoral Courses**

Students preparing to register should consult the Web at
www.mcgill.ca/minerva (click on Class Schedule) for the most
up-to-date list of courses available; courses may have been
added, rescheduled or cancelled after this Calendar went to
press. Class Schedule lists courses by term and includes
days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

**BEHAVIOURAL SCIENCE SPECIALIZATION**

**ORGB 705 SEMINAR IN BEHAVIOURAL SCIENCE.** (3)

**ORGB 706 GROUP BEHAVIOUR AND PROCESSES.** (3) Introductory
into behavioural science that studies groups, including organiza-
tional teams (work teams operating in organizations) and small
group phenomena.

**FINANCE SPECIALIZATION**

**FINE 702 CONTINUOUS-TIME FINANCE.** (3).

**FINE 703 EMPIRICAL RESEARCH IN FINANCE.** (3)

**FINE 704 OPTIONS AND RISK MANAGEMENT.** (3) The course cov-
ers topics in derivative pricing and financial risk management.
Examples include volatility and correlation models, extreme value
distributions, Monte Carlo simulation, option pricing under GARCH and stochastic volatility, option risk management using delta, gamma and full valuation, and risk model backtesting.

FINE 705 SEMINAR IN FINANCE. (3) FINE 706 INTRODUCTORY FINANCIAL ECONOMICS. (3) FINE 707 CORPORATE FINANCE. (3) Course will review mainly theoretical foundations, in addition to some empirical contributions to corporate finance and financial intermediation.

FINE 708 MACRO INTERNATIONAL FINANCE. (3) FINE 709 INTERNATIONAL FINANCE SEMINAR. (3) Recent advances in international finance.

FINE 710 FIXED INCOME SECURITIES THEORY. (3) Theoretical framework to deal with the analysis of fixed income securities and derivatives.

INFORMATION SYSTEMS SPECIALIZATION INSY 704 ORGANIZATIONAL IMPACTS OF INFORMATION TECHNOLOGY. (3)

INSY 706 INFORMATION TECHNOLOGY ACCEPTANCE AND USAGE. (3) Individual and organizational acceptance of information technologies (IT), including how users react to the implementation of new IT.

MARKETING SPECIALIZATION MRKT 701 MODELS IN CONSUMER RESEARCH. (3)

MRKT 702 ADVANCES IN CONSUMER BEHAVIOUR. (3) MRKT 703 ADVANCES IN SERVICES MARKETING. (3)

MRKT 705 SEMINAR IN MARKETING. (3)

MRKT 706 AUTOMATICITY IN CONSUMER BEHAVIOUR. (3) Automatic psychological processes underlying consumer judgements and decisions.

MRKT 707 MULTILEVEL MODELLING. (3) Basic conception ideas of hierarchical linear and nonlinear models, including various extensions of hierarchical models that are useful in applied work.

MANAGEMENT SCIENCE SPECIALIZATION MGSC 701 DECOMP.-LRG SCALE OPTIMIZATION. (3)

MGSC 702 OPERATIONS MANAGEMENT SEMINAR. (3) Advanced research training in operations management.

MGSC 703 STOCHASTIC PROCESSES AND APPLICATIONS. (3) MGSC 706 MANAGEMENT RESEARCH STATISTICS. (3) (Prerequisite: Permission of instructor.) Fundamental concepts, theory and methods of statistics essential to undertaking and evaluating research in the field of management.

MGSC 707 ADVANCED RESEARCH STATISTICS. (3) (Prerequisite: MGSC 706 or permission of the instructor.) Theory and methods of linear statistical models, emphasizing statistical understanding and application in management research. Topics covered include regression, analysis of variance and experimental design.

MGSC 708 MANUFACTURING SYSTEMS. (3) Manufacturing and attributes operations and the models used to design, evaluate and optimize these operations.

MGSC 710 APPLIED OPTIMIZATION. (3) Algorithmic developments in optimization and advanced software applications for modeling.

STRATEGY / POLICY SPECIALIZATION MGPO 701 SEMINAR IN QUALITATIVE METHODS. (3) MGPO 702 NEW PARADIGMS: STRATEGIC MANAGEMENT. (3) MGPO 704 ORGANIZATIONAL THEORY SEMINAR. (3) MGPO 705 SEMINAR IN POLICY. (3) MGPO 706 PERSPECTIVES ON INNOVATION. (3)

Chair — David Wolfson
Graduate Program Director — Georg Schmidt

47.1 Staff

Emeritus Professors
Michael Barr; A.B., Ph.D.(Penn.) (Peter Redpath Emeritus Professor of Pure Mathematics)
Marta Bunge; M.A., Ph.D.(Penn.)
Jal R. Choksi; B.A.(Can.), Ph.D.(Man.)
Joachim Lambek; M.Sc., Ph.D.(McG.), F.R.S.C. (Peter Redpath Emeritus Professor of Pure Mathematics)
Sherwin Maslowe; B.Sc.(Wayne St.), M.Sc., Ph.D.(Calif.)
Arak M. Mathai; M.Sc.(Kerala), M.A., Ph.D.(Tor.)
William O.J. Moser; B.Sc.(Man.), M.A.(Minn.), Ph.D.(Tor.)
Vanamalai Seshadri; B.Sc., M.Sc.(Madr.), Ph.D.(Okl.)
George P.H. Styan; M.A., Ph.D.(Col.)
John C. Taylor; B.Sc.(Acad.), M.A.(Qu.), Ph.D.(McM.)

Professors
William J. Anderson; B.Eng., Ph.D.(McG)
William G.Brown; B.A.(Tor.), M.A.(Col.), Ph.D.(Tor.)
Henri Darmon; B.Sc.(McG.), Ph.D.(Harv.), F.R.S.C.(James McGill Professor)
Stephen W. Drury; M.A., Ph.D.(Can.)
Kohur N. GowriSankaran; B.A., M.A.(Madr.), Ph.D.(Bomb.)
Pengfei Guan; B.Sc.(Zhejiang), M.Sc., Ph.D.(Princ.) (Canada Research Chair)
Jacques C. Hurtubise; B.Sc.(Montr.), D.Phil.(Oxf.) F.R.S.C.
Vojkan Jaksic; B.S.(Belgrade), Ph.D.(Caltech)
Niky Kamran; B.Sc., M.Sc.(Bruxelles), Ph.D.(Wat.), F.R.S.C. (James McGill Professor)
Olga Kharlampovich; A.Ural St.), Ph.D.(Lenin.), Dr. of Sc., (Steklov Inst.)
Michael Makkai; M.A., Ph.D.(Bud.) (Peter Redpath Professor of Pure Mathematics)
Alexei Miasnikov; M.Sc.(Novosibirsk), Ph.D., Dr. of Sc.(Lenin.) (Canada Research Chair)
Charles Roth; M.Sc.(McG), Ph.D.(Hebrew)
Karl Peter Russell; Vor. Dip.(Hamburg), Ph.D.(Calif.)
Georg Schmidt; B.Sc.(Natal), M.Sc.(S.A.), Ph.D.(Stan.)
F. Bruce Shepherd; B.Sc.(Vic., Tor.), M.Sc.(Wat.), Ph.D.(Wat.) (James McGill Professor)
David A. Stephens; B.Sc., Ph.D. (Nott.)
David Wolfson; B.Sc., M.Sc.(Natal), Ph.D.(Purd.)
Keith J. Worsley; B.Sc., M.Sc., Ph.D.(Auck.), F.R.S.C., (James McGill Professor)
Jian-Ju Xu; B.Sc., M.Sc.(Beijing), M.Sc., Ph.D.(Renss.)

Associate Professors
Masoud Asgharian; B.Sc.(Shahid Beheshti), M.Sc., Ph.D.(McG)
Peter Bartello; B.Sc.(Tor.), M.Sc., Ph.D.(McG) (joint appt. with Atmospheric and Oceanic Sciences)
Eyal Z. Goren; B.A., M.S., Ph.D.(Hebrew)
Antony R. Humphries; B.A., M.A.(Can.), Ph.D.(Bath)
Dmitry Jakobson; B.Sc.(MIT), Ph.D.(Princ.) (William Dawson Scholar)
Wilbur Jonsson; M.Sc.(Man.), Dr.Res.Nat.(Tübingen)
Ivo Klemes; B.Sc.(Tor.), Ph.D.(Calif.Tech.)
John P. Labute; B.Sc.(Windsor), M.A., Ph.D.(Harv.)

320 2007-2008 Graduate and Postdoctoral Studies, McGill University
James G. Loveys; B.A.(St. Mary's), M.Sc., Ph.D.(S. Fraser)
Neville G.F. Sancho; B.Sc., Ph.D.(Belf.)
John A. Toth; B.Sc., M.Sc.(McM), Ph.D.(MIT) (William Dawson Scholar)
Alain Vandal; B.Sc., M.Sc.(McG.), Ph.D.(Auck.)
Daniel T. Wise; B.A.(Yeshiva), Ph.D.(Princ.)

Assistant Professors
Nilima Nigam; B.Sc.(Indian IT , Bombay), M.Sc., Ph.D.(Delaware)
Russell Steele; B.S., M.S.(Carnegie Mellon), Ph.D.(Wash.)
Paul Tupper; B.Sc.(S. Fraser), Ph.D.(Stan.)
Jacques Vestræte; B.Sc., M.Sc.(Natal), Ph.D.(Camb.)
A. Vetta; B.Sc., M.Sc.(London School of Economics), Ph.D.(MIT) (joint appointment with SOCS)
Thomas P. Withe; M.S., Ph.D.(ETH)

Associate Members
Xiao-Wen Chang (Computer Science), Luc P. Devroye (Computer Science), Pierre R.L. Dutilleul (Plant Science), Leon Glass (Physiology), Jean-Louis Goffin (Management), James A. Hanley (Epidemiology & Biostatistics), Lawrence Joseph (Epidemiology & Biostatistics), Michael Mackey (Physiology), Lawrence A. Mysak (AOS), Christopher Paige (Computer Science), Prakash Panangaden (Computer Science), Robert Platt (Epidemiology & Biostatistics), James O. Ramsay (Psychology), Peter Swain (Physiology), George Alexander Whitmore (Management),
Christina Wolfson (Epidemiology & Biostatistics)

Adjunct Professors
Donald A. Dawson; Martin Gander; Andrew Granville; Ming Mei; Ram Murty; Vladimir Remeslennikov; Robert A. Seely

Faculty Lecturers
José Correa; Axel Hundemer

47.2 Programs Offered

The Department of Mathematics and Statistics offers programs which can be focused on applied mathematics, pure mathematics and statistics leading to Masters degrees (M.A. or M.Sc.), as well as M.Sc. program options in Bioinformatics and in CSE (Computational Science and Engineering). In the basic Masters programs students must choose between the thesis option and the non-thesis option, which requires a project. The Bioinformatics and CSE Options require a thesis. In addition to the Ph.D. Program in Mathematics and Statistics there is a Ph.D. option in Bioinformatics.

The department Website (www.math.mcgill.ca) provides extensive information on the department and its faculties, including the research activities and the research interests of individual faculty members. It also provides detailed information, supplementary to the calendar, concerning our programs, admissions, funding of graduate students, thesis requirements, advice concerning the choice of courses, etc.

Students are urged to consult the Website (www.math.mcgill.ca/ISM) of the Institut des Sciences Mathématiques (ISM), which coordinates intermediate and advanced level graduate courses among Montreal and Quebec universities. A list of courses available under the ISM auspices can be obtained from the ISM Website. The ISM also offers fellowships and promotes a variety of joint academic activities greatly enhancing the mathematical environment in Montreal and in the province of Quebec.

47.3 Admission Requirements

In addition to the general Graduate and Postdoctoral Studies Office requirements, the Department requirements are as follows:

Master's Degree

The normal entrance requirement for the Master's programs is a Canadian Honours degree or its equivalent, with high standing, in mathematics, or a closely related discipline in the case of applicants intending to concentrate in statistics or applied mathematics.

 Applicants wishing to concentrate in pure mathematics should have a strong background in linear algebra, abstract algebra, and real and complex analysis.

 Applicants wishing to concentrate in statistics should have a strong background in linear algebra and basic real analysis. A calculus based course in probability and one in statistics are required, as well as some knowledge of computer programming. Some knowledge of numerical analysis and optimization is desirable.

 Applicants wishing to concentrate in applied mathematics should have a strong background in most of the areas of linear algebra, analysis, differential equations, discrete mathematics and numerical analysis. Some knowledge of computer programming is also desirable.

 Students whose preparation is insufficient for the program they wish to enter may, exceptionally, be admitted to a Qualifying Year.

Ph.D. Degree

A Master's degree with high standing is required, in addition to the requirements listed above for the masters program. Students may transfer directly from the Masters program to the PhD program under certain conditions.

47.4 Application Procedures

Online application is preferred and is available at www.mcgill.ca/applying/online. Applicants unable to apply online can request a paper or PDF form from the department. Applications will be considered upon receipt of:

1. application form;
2. $80 application fee;
3. two official or certified copies of transcripts;
4. two letters of reference on letterhead with original signatures;
5. one page statement outlining research interests and identifying possible supervisor;
6. TOEFL/IELTS test results (if applicable);
7. applicants in pure and applied mathematics should provide a GRE score report, if available.

For more details, especially concerning items 6 and 7, please consult the Website at www.math.mcgill.ca/students/grad_app.php#necessarybackground.

All information is to be submitted directly to the Graduate Program Secretary in the Department of Mathematics and Statistics.

Deadline: Applicants are urged to submit complete applications by March 1 for September admission, or by July 1 for January admission.

McGill's online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

47.5 Program Requirements

M.A. in Mathematics and Statistics (Non-Thesis) (45 credits)

or

M.Sc. in Mathematics and Statistics (Non-Thesis) (45 credits)

Complementary Courses (minimum 29 credits)

At least 8 approved graduate courses, at the 500 level or above, of 3 or more credits each.

Project Component - Required (16 credits)

MATH 640 (8) Project 1
MATH 641 (8) Project 2
### ACADEMIC UNITS

**M.A. in Mathematics and Statistics (Thesis) (45 credits)**

or

**M.Sc. in Mathematics and Statistics (Thesis) (45 credits)**

**Complementary Courses** (minimum 21 credits)

At least 6 approved graduate courses, at the 500 level or above, of 3 or more credits each.

**Thesis Component - Required** (24 credits)

- MATH 600 (6) Master's Thesis Research 1
- MATH 601 (6) Master's Thesis Research 2
- MATH 604 (6) Master's Thesis Research 3
- MATH 605 (6) Master's Thesis Research 4

**M.Sc. in Mathematics and Statistics (Thesis) – Bioinformatics (48 credits)**

**Required Course** (3 credits)

- COMP 616 (3) Bioinformatics Seminar

**Complementary Courses** (21 credits)

- 6 credits from the following:
  - BINF 621 (3) Bioinformatics: Molecular Biology
  - BMDE 652 (3) Bioinformatics: Proteomics
  - BTEC 555 (3) Structural Bioinformatics
  - COMP 618 (3) Bioinformatics: Functional Genomics
  - PHGY 603 (3) Systems Biology and Biophysics

15 credits of approved courses at the 500 or 600 level. Additional courses may be required at the discretion of the candidate’s supervisory committee.

**Thesis Component - Required** (24 credits)

- MATH 600 (6) Master's Thesis Research 1
- MATH 601 (6) Master's Thesis Research 2
- MATH 604 (6) Master's Thesis Research 3
- MATH 605 (6) Master's Thesis Research 4

**M.Sc. in Mathematics and Statistics (Thesis) – Computational Science and Engineering (CSE) (47 credits)**

**Required Course** (1 credit)

- MATH 669D1/D2 (1) CSE Seminar

**Complementary Courses** (minimum 22 credits)

- Two courses from List A, two courses from List B, and the remaining credits to be chosen from graduate (500 or 600 level) courses in the Department of Mathematics and Statistics. Two complementary courses must be taken outside the Department of Mathematics and Statistics.

**List A - Scientific Computing Courses:**

- CIVE 602 (4) Finite Element Analysis
- COMP 522 (4) Modelling and Simulation
- COMP 540 (3) Matrix Computations
- COMP 566 (3) Discrete Optimization 1
- MATH 578 (4) Numerical Analysis 1
- MATH 579 (4) Numerical Differential Equations

**List B - Applications and Specialized Methods Courses:**

- ATOC 512 (3) Atmospheric and Oceanic Dynamics
- ATOC 513 (3) Waves and Stability
- ATOC 515 (3) Turbulence in Atmosphere and Oceans
- CIVE 514 (3) Structural Mechanics
- CIVE 572 (3) Computational Hydraulics
- CIVE 603 (4) Structural Dynamics
- CIVE 613 (4) Numerical Methods: Structural Engineering
- COMP 505 (3) Advanced Computer Architecture
- COMP 557 (3) Fundamentals of Computer Graphics
- COMP 558 (3) Fundamentals of Computer Vision
- COMP 567 (3) Discrete Optimization 2
- COMP 621 (4) Optimizing Compilers
- COMP 642 (4) Numerical Estimation
- COMP 767 (4) Advanced Topics: Applications 2
- ECSE 507 (3) Optimization and Optimal Control
- ECSE 532 (3) Computer Graphics
- ECSE 547 (3) Finite Elements in Electrical Engineering
- ECSE 549 (3) Expert Systems in Electrical Design
- MATH 555 (4) Fluid Dynamics
- MATH 560 (4) Optimization
- MATH 651 (4) Asymptotic Expansion and Perturbation Methods
- MATH 761 (4) Topics in Applied Mathematics 1
- MECH 533 (3) Subsonic Aerodynamics
- MECH 537 (3) High-Speed Aerodynamics
- MECH 538 (3) Unsteady Aerodynamics
- MECH 539 (3) Computational Aerodynamics
- MECH 541 (3) Kinematic Synthesis
- MECH 545 (3) Advanced Stress Analysis
- MECH 572 (3) Introduction to Robotics
- MECH 573 (3) Mechanics of Robotic Systems
- MECH 576 (3) Computer Graphics and Geometrical Modelling
- MECH 577 (3) Optimum Design
- MECH 610 (4) Fundamentals of Fluid Dynamics
- MECH 620 (4) Advanced Computational Aerodynamics
- MECH 632 (4) Theory of Elasticity
- MECH 642 (4) Advanced Dynamics
- MECH 650 (4) Heat Transfer
- MECH 654 (4) Compt. Fluid Flow and Heat Transfer

**Thesis Component - Required** (24 credits)

- MATH 600 (6) Master's Thesis Research 1
- MATH 601 (6) Master's Thesis Research 2
- MATH 604 (6) Master's Thesis Research 3
- MATH 605 (6) Master's Thesis Research 4

**Ph.D. Degree in Mathematics and Statistics**

**Complementary Courses**

- 12 approved courses beyond the Bachelor's level

**Comprehensives - Required**

- MATH 700 (0) Ph.D. Preliminary Examination Part A
- MATH 701 (0) Ph.D. Preliminary Examination Part B

**Thesis - Required**

- The student must submit a thesis judged to be an original contribution to knowledge.

**Ph.D. in Mathematics and Statistics – Bioinformatics**

- Students will meet the Ph.D. degree requirements of the Department of Mathematics and Statistics and the following requirements for the option.

**Required Course** (3 credits)

- COMP 616 (3) Bioinformatics Seminar

**Complementary Courses**

- The twelve one-semester complementary courses for the Ph.D. degree must include at least two from the list below, unless a student has completed the M.Sc. level option in Bioinformatics, in which case only one course from the list below must be chosen:
  - BINF 621 (3) Bioinformatics: Molecular Biology
  - BMDE 652 (3) Bioinformatics: Proteomics
  - BTEC 555 (3) Structural Bioinformatics
  - COMP 618 (3) Bioinformatics: Functional Genomics
  - PHGY 603 (3) Systems Biology and Biophysics

**Comprehensives - Required**

- MATH 700 (0) Ph.D. Preliminary Examination Part A
- MATH 701 (0) Ph.D. Preliminary Examination Part B

**Thesis - Required**

- The student must submit a thesis judged to be an original contribution to knowledge.

---

**47.6 Courses**

Students preparing to register should consult the Web at [www.mcgill.ca/minerva](http://www.mcgill.ca/minerva) (click Class Schedule) for the most up-to-date list of courses available; courses may have been...

MATH 524 NONPARAMETRIC STATISTICS. (4) (Fall) (Prerequisite: MATH 324 or equivalent) (Restriction: Not open to students who have taken MATH 424) Distribution free procedures for 2-sample problem: Wilcoxon rank sum, Siegel-Tukey, Smirnov tests. Shift model: power and estimation. Simple sample procedures: Sign, Wilcoxon signed rank tests. Nonparametric ANOVA: Kruskal-Wallis, Friedman tests. Association: Spearman’s rank correlation, Kendall’s tau. Goodness of fit: Pearson’s chi-square, likelihood ratio, Kolmogorov-Smirnov tests. Statistical software packages used.

MATH 525 SAMPLING THEORY AND APPLICATIONS. (4) (Winter) (Prerequisite: MATH 324 or equivalent) (Restriction: Not open to students who have taken MATH 425) Simple random sampling, domains, ratio and regression estimators, superpopulation models, stratified sampling, optimal stratification, cluster sampling, sampling with unequal probabilities, multistage sampling, complex surveys, nonresponse.

MATH 533 HONOURS REGRESSION AND ANALYSIS OF VARIANCE. (4) (Prerequisites: MATH 357, MATH 247 or MATH 251.) (Restriction: Not open to students who have taken or are taking MATH 423.) This course consists of the lectures of MATH 423 but will be assessed at the 500 level.

★ MATH 550 COMBINATORICS. (4) (Intended primarily for honours and graduate students in mathematics.) (Restriction: Permission of instructor.) Enumerative combinatorics: inclusion-exclusion, generating functions, partitions, lattices and Moebius inversion. Extremal combinatorics: Ramsey theory, Turan’s theorem, Dilworth’s theorem and extremal set theory. Graph theory: planarity and colouring. Applications of combinatorics.

MATH 552 COMBINATORIAL OPTIMIZATION. (4) (Prerequisite: MATH 350 or COMP 362 (or equivalent).) (Restriction: Not open to students who have taken or are taking COMP 552.) Algorithmic and structural approaches in combinatorial optimization with a focus upon theory and applications. Topics include: polyhedral methods, network optimization, the ellipsoid method, graph algorithms, matroid theory and submodular functions.

★ MATH 555 FLUID DYNAMICS. (4) (Fall) (Prerequisite: Undergraduate): MATH 315 and MATH 319 or equivalent) Kinematics. Dynamics of general fluids. Inviscid fluids. Navier-Stokes equations. Exact solutions of Navier-Stokes equations. Low and high Reynolds number flow.

MATH 556 MATHEMATICAL STATISTICS 1. (4) (Fall) (Prerequisite: MATH 357 or equivalent) Probability and distribution theory (univariate and multivariate). Exponential families. Laws of large numbers and central limit theorem.

MATH 557 MATHEMATICAL STATISTICS 2. (4) (Winter) (Prerequisite: MATH 556) Sampling theory (including large-sample theory). Likelihood functions and information matrices. Hypothesis testing, estimation theory. Regression and correlation theory.

MATH 564 ADVANCED REAL ANALYSIS 1. (4) (Fall) (Prerequisites: MATH 354, MATH 355 or equivalents) Review of theory of measure and integration; product measures, Fubini’s theorem; Lp spaces; basic principles of Banach spaces; Riesz representation theorem for C(X); Hilbert spaces; part of the material of MATH 565 may be covered as well.

MATH 565 ADVANCED REAL ANALYSIS 2. (4) (Winter) (Prerequisite: MATH 564) Continuation of topics from MATH 564. Signed measures, Hahn and Jordan decompositions. Radon-Nikodym theorems, complex measures, differentiation in Rn, Fourier series and integrals, additional topics.

MATH 566 ADVANCED COMPLEX ANALYSIS. (4) (Winter) (Prerequisites: MATH 366 (formerly MATH 466), MATH 564.) Simple connectivity, use of logarithms; argument, conservation of domain and maximum principles; analytic continuation, monodromy theorem; conformal mapping; normal families; Riemann mapping theorem; harmonic functions, Dirichlet problem; introduction to functions of several complex variables.

MATH 570 HIGHER ALGEBRA 1. (4) (Fall) (Prerequisite: MATH 371 or equivalent) Review of group theory; free groups and free products of groups. Sylow theorems. The category of R-modules; chain conditions, tensor products, flat, projective and injective modules. Basic commutative algebra; prime ideals and localization, Hilbert Nullstellensatz, integral extensions. Dedekind domains. Part of the material of MATH 571 may be covered as well.

MATH 571 HIGHER ALGEBRA 2. (4) (Winter) (Prerequisites: MATH 570 or consent of instructor) Completion of the topics of MATH 570. Rudiments of algebraic number theory. A deeper study of field extensions; Galois theory, separable and regular extensions. Simple algebraic rings and modules. Representations of finite groups.

MATH 575 PARTIAL DIFFERENTIAL EQUATIONS. (4) (Prerequisite: MATH 375) A continuation of topics introduced in MATH 375.

MATH 576 GEOMETRY AND TOPOLOGY 1. (4) (Fall) (Prerequisite: MATH 354) Basic point-set topology, including connectedness, compactness, product spaces, separation axioms, metric spaces. The fundamental group and covering spaces. Simplicial complexes. Singular and simplicial homology. Part of the material of MATH 577 may be covered as well.

MATH 578 NUMERICAL ANALYSIS 1. (4) (Fall) (Prerequisites: MATH 247 or MATH 251; and MATH 367; or permission of the instructor.) Development, analysis and effective use of numerical
methods to solve problems arising in applications. Topics include direct and iterative methods for the solution of linear equations (including preconditioning), eigenvalue problems, interpolation, approximation, quadrature, solution of nonlinear systems.

MATH 579 NUMERICAL DIFFERENTIAL EQUATIONS. (4) (Winter) (Prerequisites: MATH 375 and MATH 387 or permission of the instructor.) Numerical solution of initial and boundary value problems in science and engineering: ordinary differential equations; partial differential equations of elliptic, parabolic and hyperbolic type. Topics include Runge Kutta and linear multistep methods, adaptivity, finite elements, finite differences, finite volumes, spectral methods.

MATH 580 APPLIED PARTIAL DIFFERENTIAL EQUATIONS 1. (4) (Fall) (Prerequisites: MATH 316, MATH 375 or equivalent.) (Restrictions: Not open to students who have taken MATH 586.) Linear and nonlinear partial differential equations of applied mathematics. Uniqueness, regularity, well posedness and classification for elliptic, parabolic and hyperbolic equations. Method of characteristics, conservation laws, shocks. Fundamental solutions, weak and strong maximum principles, representation formulas, Green's functions.

MATH 581 APPLIED PARTIAL DIFFERENTIAL EQUATIONS 2. (4) (Winter) (Prerequisite: MATH 580.) Continuation of topics from MATH 580. Transform methods. Weak solutions. Advanced topics in partial differential equations.

MATH 587 ADVANCED PROBABILITY THEORY 1. (4) (Fall) (Prerequisite: MATH 356 or equivalent and approval of instructor) Probability spaces. Random variables and their expectations. Convergence of random variables in $L_p$. Independence and conditional expectation. Introduction to Martingales. Limit theorems including Kolmogorov's Strong Law of Large Numbers.

MATH 589 ADVANCED PROBABILITY THEORY 2. (4) (Winter) (Prerequisites: MATH 587 or equivalent) Characteristic functions: elementary properties, inversion formula, uniqueness, convolution and continuity theorems. Weak convergence. Central limit theorem. Additional topics chosen (at discretion of instructor) from: Martingale Theory; Brownian motion, stochastic calculus.

★ MATH 590 ADVANCED SET THEORY. (4) (Prerequisites: MATH 318, either MATH 355 or MATH 371, or permission of the instructor.) (Restriction: Not open to students who have taken or are taking MATH 488.) Students will attend the lectures and fulfill all the requirements of MATH 488. In addition, they will study an advanced topic agreed on with the instructor. Topics may be chosen from combinatorial set theory, Goedel's constructible sets, forcing, large cardinals.

★ MATH 591 MATHEMATICAL LOGIC 1. (4) (Winter) (Prerequisites: MATH 488 or equivalent or consent of instructor) Propositional logic and first order logic, completeness, compactness and L"wenheim-Skolem theorems. Introduction to axiomatic set theory. Some of the following topics: introduction to model theory, Herbrand's and Gentzen's theories, Lindstr"om's characterization of first order logic.

★ MATH 592 MATHEMATICAL LOGIC 2. (4) (Winter) (Prerequisites: MATH 488 or equivalent or consent of instructor) Introduction to recursion theory; recursively enumerable sets, relative recursiveness. Incompleteness, undecidability and undefinability theorems of G"odel, Church, Rosser and Tarski. Some of the following topics: Turing degrees, Friedberg-Muchnik theorem, decidable and undecidable theories.

MATH 600 MASTER'S THESIS RESEARCH 1. (6) (Restriction: Not open to students who have taken or are taking MATH 640) Thesis research under supervision.

MATH 601 MASTER'S THESIS RESEARCH 2. (6) Thesis research under supervision.

MATH 604 MASTER'S THESIS RESEARCH 3. (6) Thesis research under supervision.

MATH 605 MASTER'S THESIS RESEARCH 4. (6) Thesis research under supervision.

MATH 606 ALGEBRAIC TOPOLOGY. (4) (Prerequisite: MATH 577) Homology and Cohomology theories. Duality theorems. Higher homotopy groups.

MATH 626 ADVANCED GROUP THEORY 1. (4) (The structure of groups. Special classes of groups. Representation theory. Additional topics to suit the class.)

MATH 627 ADVANCED GROUP THEORY 2. (4) A continuation of the topics listed in the description of MATH 626.

MATH 635 FUNCTIONAL ANALYSIS 1. (4) (Prerequisites: MATH 564, MATH 565, and MATH 566) Banach spaces. Hilbert spaces and linear operators on these. Spectral theory. Banach algebras. A brief introduction to locally convex spaces.

MATH 640 PROJECT 1. (6) (Restriction: Not open to students who have taken or are taking MATH 600) Project research under supervision.

MATH 641 PROJECT 2. (8) Project research under supervision.

MATH 666 SEMINAR MATHEMATICS AND STATISTICS 1. (2) (Restriction: Departmental approval required.) Study on an advanced topic in mathematics or statistics.

MATH 667 SEMINAR MATHEMATICS AND STATISTICS 2. (2) (Restriction: Departmental approval required.) Study on an advanced topic in mathematics or statistics.

MATH 669D1 (0.5), MATH 669D2 (0.5) CSE SEMINAR. (Restriction: This seminar course is open only to students who were admitted to the CSE Program Option.) (No credit will be given for this course unless both MATH 669D1 and MATH 669D2 are successfully completed in consecutive terms) (Students must register for both MATH 669D1 and MATH 669D2) Techniques and applications in computational science and engineering.

MATH 669N1 CSE SEMINAR. (0.5) (Restriction: This seminar course is open only to students who were admitted to the CSE Program Option.) (No credit will be given for this course unless both MATH 669N1 and MATH 669N2 are successfully completed in a twelve month period) Techniques and applications in computational science and engineering.

MATH 669N2 CSE SEMINAR. (0.5) (Prerequisite: MATH 669N1) (No credit will be given for this course unless both MATH 669N1 and MATH 669N2 are successfully completed in a twelve month period) See MATH 669N1 for course description.

MATH 671 APPLIED STOCHASTIC PROCESSES. (4) Discrete parameter Markov chains, including branching processes and random walks. Limit theorems and ergodic properties of Markov chains. Continuous parameter Markov chains, including birth and death process. Topics selected from the following areas: renewal processes, Brownian motion, statistical inference for stochastic processes.

MATH 674 EXPERIMENTAL DESIGN. (4) Review of one-way and two-way analyses of variance; randomized block, Latin square and incomplete block designs; factorial designs, confounding, fractional replications; random and mixed models; split-plot designs; nested and hierarchical designs; response surface analysis. Weighted least squares. Analysis of variance with equal and unequal numbers in cells. Latin squares, complete factorial designs. Prediction and confidence bands, multiple comparisons. Random effects models.

MATH 678 APPLIED STATISTICAL METHODS 1. (4) Statistical data analysis, with special reference to applications of the main statistical methods to problems in medicine, biology, chemistry, etc. Extensive use of computer methods, especially subroutine packages for statistical data description, display and analysis.

MATH 680 COMPUTATION INTENSIVE STATISTICS. (4) (Prerequisites: MATH 556, MATH 557 or permission of instructor) (Restriction: Not open to students who have taken or are taking EPIC 680)
Introduction to a statistical computing language, such as S-PLUS; random number generation and simulations; EM algorithm; bootstrap, cross-validation and other resampling schemes; Gibbs sampler. Other topics: numerical methods; importance sampling; permutation tests.

**MATH 685D1 (2), MATH 685D2 (2) STATISTICAL CONSULTING.** (Prerequisites: MATH 423, MATH 523, MATH 556, MATH 557. Equivalents may be substituted at instructor’s discretion) (Permission required) (Students must register for both MATH 685D1 and MATH 685D2) (No credit will be given for this course unless both MATH 685D1 and MATH 685D2 are successfully completed in consecutive terms) Statistical consultation skills; overview of widely used statistical techniques; understanding the client’s problem; suggesting designs and statistical analyses; performing statistical analyses; communicating with clients orally and in writing. Format: Simulated and real consultations with clients.

**MATH 686 SURVIVAL ANALYSIS.** (4) (Prerequisites: MATH 556, MATH 557 or permission of instructor) (Restriction: Not open to students who have taken or are taking EPIB 686) Parametric survival models. Nonparametric analysis: Kaplan-Meier estimator and its properties. Covariates with emphasis on Cox’s proportional hazards model. Marginal and partial likelihood. Logrank tests. Residual analysis. Homework assignments a mixture of theory and applications. In-class discussion of data tests.

**MATH 687 READING COURSE MATHEMATICAL LOGIC 1.** (4) A highly specialized study.

**MATH 689 READING COURSE ALGEBRA 1.** (4) A highly specialized study.

**MATH 691 READING COURSE GEOMETRY AND TOPOLOGY 1.** (4) A highly specialized study.

**MATH 693 READING COURSE IN ANALYSIS 1.** (4) A highly specialized study.

**MATH 695 READING COURSE APPLIED MATHEMATICS 1.** (4) A highly specialized study.

**MATH 697 READING COURSE APPLIED MATHEMATICS 2.** (4) A highly specialized study.

**MATH 699 READING COURSE GEOMETRY AND TOPOLOGY 2.** (4) A highly specialized study.

**MATH 700 PH.D. PRELIMINARY EXAMINATION PART A.** (0)

**MATH 701 PH.D. PRELIMINARY EXAMINATION PART B.** (0)

**MATH 706 TOPICS IN GEOMETRY AND TOPOLOGY 1.** (4)

**MATH 707 TOPICS IN GEOMETRY AND TOPOLOGY 2.** (4)

**MATH 720 TOPICS IN ALGEBRA 1.** (4) This course covers an advanced topic in some branch of algebra.

**MATH 723 TOPICS IN ALGEBRA 4.** (4) This course covers an advanced topic in some branch of algebra.

**MATH 726 TOPICS IN NUMBER THEORY 1.** (4) This course covers an advanced topic in number theory.

**MATH 727 TOPICS IN NUMBER THEORY 2.** (4) This course covers an advanced topic in number theory.

**MATH 740 TOPICS IN ANALYSIS 1.** (4) This course covers an advanced topic in some branch of analysis.

**MATH 741 TOPICS IN ANALYSIS 2.** (4) This course covers an advanced topic in some branch of analysis.

**MATH 742 TOPICS IN ANALYSIS 3.** (4) This course covers an advanced topic in some branch of analysis.

**MATH 743 TOPICS IN ANALYSIS 4.** (4) This course covers an advanced topic in some branch of analysis.

**MATH 744 TOPICS IN ANALYSIS 5.** (4) This course covers an advanced topic in some branch of analysis.

**MATH 761 TOPICS IN APPLIED MATHEMATICS 1.** (4) This course covers an advanced topic in applied mathematics.

**MATH 762 TOPICS IN APPLIED MATHEMATICS 2.** (4) This course covers an advanced topic in applied mathematics.

**MATH 763 TOPICS IN APPLIED MATHEMATICS 3.** (4) This course covers an advanced topic in applied mathematics.

**MATH 764 TOPICS IN APPLIED MATHEMATICS 4.** (4) This course covers an advanced topic in applied mathematics.

**MATH 781 TOPICS IN APPLIED MATHEMATICS 5.** (4) This course covers an advanced topic in applied mathematics.

**MATH 782 TOPICS IN STATISTICS AND PROBABILITY 1.** (4) This course covers an advanced topic.

**MATH 783 TOPICS IN STATISTICS AND PROBABILITY 2.** (4) This course covers an advanced topic.

**MATH 784 TOPICS IN STATISTICS AND PROBABILITY 3.** (4) This course covers an advanced topic.

R.E. Kearney (Biomedical Engineering), B.H.K. Lee

Adjunct Professors

48.2 Programs Offered
M.Eng., M.Sc. and Ph.D. degrees in Mechanical Engineering.
Advanced courses and laboratory facilities are available for graduate study leading to the M.Eng. and Ph.D. degrees in Mechanical Engineering. Some of the specific areas of research are as follows:

Aerodynamics; fluids and thermal engineering: Heat transfer; computational fluid dynamics, computer flow visualization; high performance computing, multidisciplinary optimization; theoretical fluid mechanics; experimental fluid mechanics and aerodynamics, aeroelasticity, fluid-structure interactions; combustion, detonation, shock wave physics, gasdynamics, hypersonic propulsion, unsteady wave phenomena; turbulence, mixing in turbulent flows; fluid flow control.

Mechanics of materials and structures: Composite materials: structural design, analysis, manufacturing and processing; micro/nano mechanics; MEMS/NEMS; adaptive structures; mechanics of random and multiscale media, stochastic mechanics, thermomechanics, wave propagation, computational mechanics; metal forming; wear of comminution processes.

Dynamics and control: Multibody systems, space robotics, legged and wheeled vehicles, tethered systems, lighter-than-air craft, underwater vehicles; compliant mechanisms; kinematic geometry, automated inspection; spacecraft dynamics; contact dynamics, modeling and simulation; fluid-structure interactions, nonlinear and chaotic dynamics.

Design and manufacturing: Design theory and methodology, design optimization, biomimetics; process management, manufacturing processes, machine tools and systems, real time control; multidisciplinary optimization; comminution; micro/nano machining.

Bioengineering: Blood flow modeling in circulatory pathologies; mechanical properties of vascular tissues; cardiovascular devices; image processing for medical diagnosis.

48.3 Admission Requirements
The general rules of the Graduate and Postdoctoral Studies Office apply. Candidates who come from other institutions are expected to have an academic background equivalent to the undergraduate curriculum in mechanical engineering at McGill or to make up any deficiencies in a qualifying year.

Applicants to the M.Eng. (Thesis) program, including the CSE Option, must hold an undergraduate engineering degree (or equivalent). Applicants who hold an undergraduate degree in a non-engineering discipline—typically the Physical Sciences—may apply for the M.Sc. (Thesis) program which is governed by the same regulations as the M.Eng. (Thesis) program.

Applicants to the M.Eng. (non-Thesis) program must hold an undergraduate degree in Mechanical Engineering (or equivalent). Applicants to the M.Eng. (Aerospace) program must be citizens or permanent residents of Canada and hold an undergraduate engineering degree (or equivalent). In addition, applicants should be fluent in French.

Applicants to the Ph.D. program must have successfully completed a Master's degree program (or equivalent) in Engineering or the Physical Sciences. Students are not admitted directly from an undergraduate program.

In the case of all programs, applicants must have successfully completed their prior degree(s) with a minimum CGPA equivalent to 3.3 on a scale of 4.0. Satisfaction of these minimum requirements does not guarantee admission. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction from or from a recognized Canadian institution (anglophone or francophone), must submit official results of either a TOEFL or the IELTS test. The minimum score required is 580 for the TOEFL test (or 237 on the computer-based test or 92 on the Internet-based test, with each component score not less than 20); or a minimum overall band of 7.0 on the IELTS test. In addition, applicants must obtain a minimum score of 4.0 on the ‘Test of Written English’.

48.4 Application Procedures
Applications will be considered upon receipt of:

1. application form
2. transcripts
3. letters of reference
4. $80 application fee
5. test results (TOEFL or IELTS)

The application form for graduate program candidates is available at www.mcgill.ca/applying/graduate/physical. All additional information is to be submitted directly to the Graduate Program Admissions Coordinator in the Mechanical Engineering Department.

Deadlines:
Fall Admission:
February 1 for International candidates;
May 1 for Canadian and Permanent Resident candidates.

Winter Admission:
June 1 for International candidates;
September 1 for Canadian and Permanent Resident candidates.

48.5 Program Requirements
M.ASC. PROGRAMS

The minimum residence requirement for the M.Eng. degree is three terms of full-time study, one of which may be a Summer term. In the case of the M.Eng. (non-Thesis) a part-time program is available.

Applicants who hold an undergraduate degree in a non-engineering discipline—typically the Physical Sciences—may apply for the M.Sc. (Thesis) program which is governed by the same regulations as the M.Eng. (Thesis) program.
M.Eng. in Mechanical Engineering (Thesis) (45 credits)

or

M.Sc. in Mechanical Engineering (45 credits)

A thesis describing the candidate's research is to be submitted in accordance with the regulations of the Graduate and Postdoctoral Studies Office and is the major requirement for the degree.

**Required Course** (1 credit)

MECH 609 (1) Seminar

**Complementary Courses** (minimum 16 credits)

A minimum of 16 credits (500 level or above), at least 8 of which must be from within the Faculty of Engineering, FACC courses will not count toward the complementary course credits.

**Thesis Component - Required** (28 credits)

MECH 691* (3) M.Eng. Thesis Literature Review
MECH 692 (4) M.Eng. Thesis Research Proposal
MECH 693 (3) M.Eng. Thesis Progress Report 1
MECH 694 (6) M.Eng. Thesis Progress Report 2
MECH 695 (12) M.Eng. Thesis

* To be completed in the first term of the student's program.

**M.Eng. (Thesis) Degree - Computational Science and Engineering (CSE) Option/Concentration** (46 credits)

**Required Courses** (2 credits)

MECH 609 (1) Seminar
MECH 669D1D2 (.5) CSE Seminar

**Complementary Courses** (16 credits)

A minimum of 16 credits (500 level or above), at least 8 of which must be from within the Faculty of Engineering. Two courses (minimum 6 credits) from List A, and two courses (minimum 6 credits) from List B. At least two of the courses taken from Lists A and B must be from outside the Department of Mechanical Engineering. FACC courses will not count toward the complementary course credits.

**List A - Scientific Computing Courses:**

CIVE 602 (4) Finite Element Analysis
COMP 522 (4) Modelling and Simulation
COMP 540 (3) Matrix Computations
COMP 566 (3) Discrete Optimization 1
MATH 578 (4) Numerical Analysis 1
MATH 579 (4) Numerical Differential Equations

**List B - Applications and Specialized Methods Courses:**

ATOC 512 (3) Atmospheric and Oceanic Dynamics
ATOC 513 (3) Waves and Stability
ATOC 515 (4) Turbulence in Atmosphere and Oceans
CIVE 514 (3) Structural Mechanics
CIVE 572 (3) Computational Hydraulics
CIVE 603 (4) Structural Dynamics
CIVE 613 (4) Numerical Methods: Structural Engineering
COMP 505 (3) Advanced Computer Architecture
COMP 557 (3) Fundamentals of Computer Graphics
COMP 558 (3) Fundamentals of Computer Vision
COMP 567 (3) Discrete Optimization 2
COMP 621 (4) Optimizing Compilers
COMP 642 (4) Numerical Estimation
COMP 767 (3) Advanced Topics: Applications 2
ECSE 507 (3) Optimization and Optimal Control
ECSE 532 (3) Computer Graphics
ECSE 547 (3) Finite Elements in Electrical Engineering
ECSE 549 (3) Expert Systems in Electrical Design
MATH 555 (4) Fluid Dynamics
MATH 560 (4) Optimization
MATH 651 (4) Asymptotic Expansion and Perturbation Methods
MATH 761 (4) Topics in Applied Mathematics 1
MECH 533 (3) Subsonic Aerodynamics
MECH 537 (3) High-Speed Aerodynamics
MECH 538 (3) Unsteady Aerodynamics
MECH 539 (3) Computational Aerodynamics
MECH 541 (3) Kinematic Synthesis
MECH 545 (3) Advanced Stress Analysis
MECH 572 (3) Introduction to Robotics
MECH 573 (3) Mechanics of Robotic Systems
MECH 576 (3) Computer Graphics and Geometrical Modelling
MECH 577 (3) Optimum Design
MECH 610 (4) Fundamentals of Fluid Dynamics
MECH 620 (4) Advanced Computational Aerodynamics
MECH 632 (4) Theory of Elasticity
MECH 642 (4) Advanced Dynamics
MECH 650 (4) Heat Transfer
MECH 654 (4) Compt. Fluid Flow and Heat Transfer

**Thesis Component - Required** (28 credits)

MECH 691* (3) M.Eng. Thesis Literature Review
MECH 692 (4) M.Eng. Thesis Research Proposal
MECH 693 (3) M.Eng. Thesis Progress Report 1
MECH 694 (6) M.Eng. Thesis Progress Report 2
MECH 695 (12) M.Eng. Thesis

* To be completed in the first term of the student's program.

**M.Eng. in Mechanical Engineering (Non-Thesis)** (45 credits)

This is a course-type Master's degree which requires 12 graduate courses for completion.

**Required Courses** (16 credits)

MECH 603 (9) M. Eng. Project 1
MECH 604 (3) M. Eng. Project 2
MECH 609 (1) Seminar

Industrial liaison is encouraged in these courses taken near the end of the program.

**M.Eng. in Aerospace Engineering (Non-Thesis)** (minimum 45 credits)

The M.Eng. Aerospace Degree is offered to the students who wish to specialize in the general area of aerospace engineering. This degree is given in conjunction with Concordia University, École Polytechnique, Université Laval, Université de Sherbrooke, and École de Technologie Supérieure. Students registered at McGill are required to take two courses from two other institutions.

Depending on their background, students would specialize in one of the three areas:

1. Aeronautics and Space Engineering;
2. Avionics and Control;
3. Aerospace Materials and Structures.

**Required Courses** (9 credits)

MECH 687 (3) Aerospace Case Studies (or equivalent at the graduate level)
MECH 688 (6) Industrial Stage

**Complementary Courses** (36 credits)

The other courses, depending on the area of concentration, will be chosen in consultation with an Aerospace Engineering Advisor. A maximum of 3 credits of FACC courses at the 500 level or higher may be credited toward the requirement.
Master in Management (Manufacturing) (56 credits)
The Master in Manufacturing Management program (MMM) is offered to students who wish to have a career as manufacturing managers. The curriculum is a balance between manufacturing and management subjects and provides exposure to industry through case studies, seminars, tours and a paid industry internship. The MMM program is a 12-month academic program starting in September followed by a 4-month industrial internship. The program is a collaboration between the Faculties of Engineering and Management, which jointly grant the Master of Management degree.

Students should hold an undergraduate degree in engineering or science. Two or more years of industrial experience is preferred, but not mandatory. Students with other academic backgrounds and appropriate industrial experience will be considered, but may have to take one or two qualifying courses. The program is intended for full-time as well as part-time students. Enrolment is limited.

The MMM program is a self-funded program. Tuition is $25,000.

General Business and Management – Required Courses (11 credits)
MGCR 611 (2) Financial Accounting
MGCR 612 (2) Organizational Behaviour
MGCR 616 (2) Marketing
MGCR 641 (2) Elements of Modern Finance 1
MGSC 608 (3) Data Decisions and Models

General Business and Management – Complementary Courses (6 credits)
Two of the following courses:
INDR 603 (3) Industrial Relations
ORGB 625 (3) Managing Organizational Change
ORGB 632 (3) Managing Teams in Organizations
ORGB 633 (3) Managerial Negotiations
ORGB 640 (3) The Art of Leadership
ORGB 685 (3) Cross Cultural Management

Manufacturing and Supply Chain – Required Courses (15 credits)
MECH 524 (3) Computer Integrated Manufacturing
MGSC 602 (3) Manufacturing Strategy
MGSC 603 (3) Logistics Management
MGSC 605 (3) Total Quality Management
MGSC 631 (3) Analysis of Manufacturing Systems

Manufacturing and Supply Chain – Complementary Courses (12 credits)
Two of the following four courses (6 credits):
MECH 526 (3) Manufacturing and the Environment
MGSC 601 (3) Management of Technology in Manufacturing
MGSC 615 (3) The Internet and Manufacturing
MGSC 575 (3) Applied Time Series Analysis Managerial Forecasting

and one of the following two options (6 credits):
Discrete Manufacturing Option
MECH 528 (3) Product Design
MECH 529 (3) Discrete Manufacturing Systems

Process Manufacturing Option
CHEE 571 (4) Chemical Reaction Engineering
CHEE 641 (3) Small Computer Applications: Chemical Engineering

Industry – Required Courses (12 credits)
MECH 627 (9) Manufacturing Industrial Stage
MECH 628 (2) Manufacturing Case Studies
MECH 629 (1) Manufacturing Industrial Seminar

Ph.D. Degree in Mechanical Engineering

Candidates normally register for the M.Eng. degree in the first instance. However, in exceptional cases where the research work is proceeding very satisfactorily, or where the equivalent of the M.Eng. degree has been completed at another university, candidates may be permitted to proceed directly to the Ph.D. degree without submitting a Master’s thesis as long as they have satisfied the course requirements for the M.Eng. degree.

Courses will be selected by a committee, which includes the supervisor, in consultation with the student. The course selection will depend on the existing academic qualifications of the student and those needed to conduct the proposed research.

Candidates are required to pass a preliminary oral examination (MECH 701 - Ph.D. Comprehensive Preliminary Oral Examination) within twelve months of their initial registration for the Ph.D. degree.

The residence requirement for Ph.D. candidates is outlined in the General Information section of the Graduate and Postdoctoral Studies Calendar.
MECH 524 COMPUTER INTEGRATED MANUFACTURING. (3) (3-0-6) (Prerequisite: Permission of the instructor) A study of the present impact of computers and automation on manufacturing. Computer-aided systems. Information modelling. Information system structures. Study of several types of production systems. Integration issues: inter-and intra-enterprise. Laboratory experience with manufacturing software systems.

MECH 526 MANUFACTURING AND THE ENVIRONMENT. (3) (3-0-6) (Prerequisite (Undergraduate): Permission of the instructor) Course topics include: clean manufacturing, product and process design for minimizing materials and energy use, the product life cycle, impact of technology on the environment, environmental impact assessment, regulatory process, and managing the "political" process.

MECH 529 DISCRETE MANUFACTURING SYSTEMS. (3) (3-0-6) (Prerequisite (Undergraduate): Permission of the instructor) An overview of present day production machines and systems with special emphasis on automation, computer control and integration techniques. Material handling, automatic inspection, process monitoring, maintenance. Socio-economic and environmental issues. Laboratory experience with factory simulation.

MECH 531 AEREOELASTICITY. (3) (3-1-5) (Prerequisite (Undergraduate): MECH 419 or MECH 315 and MECH 533) (Prerequisite (Graduate): MECH 533) Wing divergence using strip-theory aerodynamics. Effect of aircraft flexibility on the control and stability. Flutter calculations for two-dimensional wings with discussion of three-dimensional effects. Some examples of aeroelastic instability, and the relevant analysis of non-aeronautical problems.

MECH 532 AIRCRAFT PERFORMANCE, STABILITY AND CONTROL. (3) (3-1-5) (Prerequisite (Undergraduate): MECH 412 or MECH 419), MECH 533) (Prerequisite (Graduate): MECH 533) Aircraft performance criteria such as range, endurance, rate of climb, maximum ceiling for steady and accelerated flight. Landing and take-off distances. Static and dynamic stability in the longitudinal (stick-fixed and stick-free) and coupled lateral and directional modes. Control response for all three modes.

MECH 533 SUBSONIC AERODYNAMICS. (3) (3-1-5) (Prerequisite (Undergraduate): MECH 331) Kinematics; equations of motion; vorticity and circulation, conformal mapping and flow round simple bodies. Two-dimensional flow round aerfoils. Three-dimensional flows; high and low aspect-ratio wings; airscrews. Wind tunnel interference. Similarity rules for subsonic irrotational flows.

MECH 534 AIR POLLUTION ENGINEERING. (3) (3-0-6) (Prerequisite (Undergraduate): MECH 331, MECH 341.) Pollutants from power production and their effects on the environment. Mechanisms of pollutant formation in combustion. Photochemical pollutants and smog, atmospheric dispersion. Pollutant generation from internal combustion engines and stationary power plants. Methods of pollution control (exhaust gas treatment, absorption, filtration, scrubbers, etc.).

MECH 541 KINEMATIC SYNTHESIS. (3) (3-0-6) (Prerequisite: MECH 309 or MATH 317 or permission of the instructor.) The role of kinematic synthesis within the design process. Degree of freedom. Kinematic pairs and bonds. Groups and subgroups of displacements. Applications to the qualitative synthesis of parallel-kinematics machines with three and four degrees of freedom. Function, motion and path generation problems in planar, spherical and spatial four-bar linkages. Extensions to six-bar linkages. Cam mechanisms.

MECH 542 SPACECRAFT DYNAMICS. (3) (3-0-6) (Prerequisite (Undergraduate): MECH 220. Corequisite: MECH 412 or MECH 419) Review of central force motion; Hohmann and other coplanar transfers, rotation of the orbital plane, patched conic method. Orbital perturbations due to the earth's oblateness, solar-lunar attraction, solar radiation pressure and atmospheric drag. Attitude dynamics of a rigid spacecraft; attitude stabilization and control; attitude manoeuvres; large space structures.

MECH 544 PROCESSING OF COMPOSITE MATERIALS. (3) (3-0-6) (Prerequisite: MECH 530 or permission of instructor.) (Restriction: This course requires the use of a finite element software, so experience with finite elements is recommended.) Composite processing science basic principles. Reinforcement properties; permeability, compaction. Resin properties; curing, viscosity, shrinkage. Heat transfer and cure kinetics; cure cycle optimization. Resin flow; infusion, thickness variations, fiber volume fraction distribution. Residual stresses; tool-part interaction, warpage control, spring-back, tool design. Thermoplastic composites; crystallization control, melting and consolidation.

MECH 546 FINITE ELEMENT METHODS IN SOLID MECHANICS. (3) (3-0-6) (Prerequisites: MECH 315 or MECH 419, and MECH 321, or Instructor’s permission.) (Restriction: Not open to students who have taken MECH 645.) Discrete systems; variational formulation and approximation for continuous systems; direct and variational methods of element formulation in 1-2- and 3 dimensions; formulation of isoparametric finite elements; plate and shell elements;
finite element method for static analysis, vibration analysis and structural dynamics; introduction to nonlinear problems.

MECH 553 DESIGN AND MANUFACTURE OF MICRODEVICES. (3) (3-0-6) (Prerequisite: MECH 309 or MATH 317, and MECH 572 or permission of the instructor.) (Since the course is open to both undergraduate and graduate students, and B- is the minimum passing mark for graduate students, this minimum mark will be relaxed for undergraduates. The regulations applicable to undergraduates will apply accordingly.) Manipulator performance and design. Pick-and-place and continuous-path operations. Computation of rigid-body angular velocity and acceleration from point-data measurements. Inverse kinematics of serial manipulators with coupled architectures; kinetostatics of multifingered hands and walking machines. Kinematics and dynamics of parallel manipulators and wheeled mobile robots.

MECH 561 BIOMECHANICS OF MUSCULOSKELETAL SYSTEMS. (3) (3-0-6) (Prerequisite: MECH 240, MECH 309 or MATH 317, and MECH 572 or permission of the instructor.) Conservation laws control and the complex methods. Sensitivity of the design to manufacturing errors. Robustness of the design to manufacturing and operation errors.

MECH 563 BIOFLUIDS AND CARDIOVASCULAR MECHANICS. (3) (3-0-6) (Prerequisite: MECH 240, MECH 309 or MATH 317, and MECH 572 or permission of the instructor.) Conservation laws control and the complex methods. Sensitivity of the design to manufacturing errors. Robustness of the design to manufacturing and operation errors.

MECH 578 ADVANCED THERMODYNAMICS. (3) (3-0-6) Review of classical mechanics; Boltzmann statistics, thermodynamics of ideal gases; Fermi-Dirac and Bose-Einstein statistics, Gibbsian ensembles; elementary kinetic theory of transport processes, Boltzmann equation, Boltzmann H-theorem and entropy, KG approximation, discussion on the solution of Boltzmann equation; Maxwell transport equations, derivation of Navier Stokes equations.

MECH 593 DESIGN THEORY AND METHODOLOGY. (3) (3-0-6) (Prerequisite: MECH 309 or MATH 317 or permission of the instructor.) The role of optimization within the design process: Design methodology and philosophy. Constrained optimization: The Kuhn-Tucker conditions. Techniques of linear and non-linear programming. The simplex and the complex methods. Sensitivity of the design to manufacturing errors. Robustness of the design to manufacturing and operation errors.
MECH 616 VISCOUS FLOW AND BOUNDARY LAYER THEORY. (4) (3-0-9) (Prerequisite: MECH 610 or permission of instructor.) Navier-Stokes equations. Laminar boundary layer equations. Similarity, approximate and exact solutions, including wakes and jets. Boundary layer separation. Stability of laminar flow. Transition to turbulence. Lubrication theory. Low Reynolds numbers flows, Oseen approximation.

MECH 627 MANUFACTURING INDUSTRIAL STAGE. (9) (Restriction: students in the M.M.M. Program) An industrial work term is an integral component of the M.M.M. program which is to be completed under the supervision of an experienced engineer in the facilities of a sponsoring company.

MECH 628 MANUFACTURING CASE STUDIES. (2) (Restriction: students in the M.M.M. Program) Case studies on a variety of manufacturing topics are given by industry experts. To be attended by all students in the M.M.M. program.

MECH 628D1 (1), MECH 628D2 (1) MANUFACTURING CASE STUDIES. (Students must register for both MECH 628D1 and MECH 628D2) (No credit will be given for this course unless both MECH 628D1 and MECH 628D2 are successfully completed in consecutive terms) (MECH 628D1 and MECH 628D2 together are equivalent to MECH 628) Case studies on a variety of manufacturing topics are given by industry experts. To be attended by all students in the M.M.M. program.

MECH 629 MANUFACTURING INDUSTRIAL SEMINAR. (1) (Restriction: students in the M.M.M. Program) A series of presentations by industry experts and manufacturing managers. To be attended by all students in the M.M.M. program.

MECH 629D1 (0.5), MECH 629D2 (0.5) MANUFACTURING INDUSTRIAL SEMINAR. (Students must register for both MECH 629D1 and MECH 629D2) (No credit will be given for this course unless both MECH 629D1 and MECH 629D2 are successfully completed in consecutive terms) (MECH 629D1 and MECH 629D2 together are equivalent to MECH 629) A series of presentations by industry experts and manufacturing managers. To be attended by all students in the M.M.M. program.

MECH 633 ADVANCED SOLID MECHANICS 1. (4) (3-0-9) (Prerequisite: Instructor’s permission.) Basic mathematics of solid mechanics; stress; kinematics of deformation and motion; fundamental laws and equations; elastic materials; introduction to inelastic materials via thermodynamics with internal variables; thermoelasticity; plasticity; viscoelasticity; viscoplasticity; variational principles; and energy methods.

MECH 634 ADVANCED SOLID MECHANICS 2. (4) (3-0-9) (Prerequisite: MECH 633 or Instructor’s Permission.) Linear versus nonlinear elasticity models; crystal classes of anisotropy; governing equations in rectilinear and curvilinear coordinates; classical problems of elastostatics; plane elasticity; 3-D elasticity; elastodynamics; thermoelasticity; finite elasticity (incompressible versus compressible hyperelastic materials, strain-energy function, special analytical solutions, transversely isotropic materials, entropic elasticity for rubber, finite thermoelasticity and viscoelasticity).

MECH 635 FRACTURE AND FATIGUE. (4) (Evening course) (Prerequisite: MECH 632) An introduction to the design aspects of fracture and fatigue, standard specimen fatigue, stress concentrations, crack initiation, linear elastic fracture mechanics, developments in non-linear fracture mechanics and low-cycle fatigue. Where appropriate, fractographic and probabilistic aspects of fatigue failure are discussed.

MECH 636 MECHANICS OF RANDOM/MULTISCALE MATERIALS. (4) (3-0-9) (Prerequisite: MECH 632 or Instructors’ Permission.) Mechanics of composite materials with several length scales; theory of eigenstrains and Eshelby’s solution; structure-property relations, bounds, effective medium theories and scale effects in inelasticity, fracture, coupled field phenomena; introduction to: non-classical continua, homogenization theory, lattice models, random fields and media, stochastic finite elements, wave in random media.

MECH 650 HEAT TRANSFER. (4) (Evening course) Heat conduction: analytical solutions; integral solutions; solid-liquid phase-change. Forced and natural convection: nondimensionalization; boundary layer theory; design correlations for external and internal flows; basic ideas of turbulence modelling. Mixed convection. Boiling and condensation. Radiation heat transfer: basic concepts; black-body enclosure theory; gray-body enclosure theory; participating media.

MECH 656 FUNDAMENTALS OF TURBULENT FLOW. (4) (3-1-5) (Prerequisites: MECH 452 or MECH 605 or equivalent, and MECH 562 or MECH 610 or equivalent.) An introduction to turbulence and turbulent flows, including the turbulent transport of momentum and heat, the dynamics of turbulence, free shear flows, wall-bounded flows, the statistical description of turbulence, and an overview of the measurement, simulation and modelling of turbulence.

MECH 669 COMPUTATIONAL SCIENCE ENGINEERING SEMINAR. (1) (Restriction: This seminar course is open only to students who were admitted to the CSE Program Option.) Techniques and applications in computational science and engineering.

MECH 681 AERONAUTICS PROJECT 1. (3) (Restriction: Open to students in the Aeronautical Option only) A continuation of MECH 681.

MECH 682 AERONAUTICS PROJECT 2. (3) (Restriction: Open to students in the Aeronautical Option only) A continuation of MECH 681.

MECH 687 AEROSPACE CASE STUDIES. (3) (Restriction: students in the Aerospace Engineering Option/Programs at McGill.
Concordia, Ecole Polytechnique or Ecole de Technologie Superieure) This course covers topical case studies drawn from aerospace industrial experience. It is conducted in a modular form by experienced engineers from industry. It is given in collaboration with the other two institutions participating in this joint option/program, and may be conducted at any of the three locations in the language of convenience to the instructors.

MECH 688 Industrial Stage. (6) (Restriction: students in the Aerospace Engineering Option/Program) An integral component of the program that is to be completed under the supervision of an experienced engineer in the facilities of a participating company. The topic is to be decided by a mutual agreement between the candidate, the participating company and the Liaison Committee on Aerospace Engineering. An evaluation of the candidate’s performance during the work period becomes a part of the student’s record.

MECH 691 M.Eng. Thesis Literature Review. (3) A comprehensive literature review in the general area of the thesis topic, to be completed in the first semester.

MECH 701 Ph.D. Comprehensive Preliminary Oral Examination. (0) Presentation of the Ph.D. thesis proposal by the student and oral examination of the student’s background in related areas.

49.2 Programs Offered

The Medical Physics Unit offers an M.Sc. in Medical Radiation Physics. Facilities are available for students to undertake a Ph.D. in Medical Physics through the Department of Physics.

The Unit is a teaching and research unit concerned with the application of physics and related sciences in medicine, especially (but not exclusively) in radiation medicine, i.e., radiation oncology, medical imaging and nuclear medicine.

The research interests of members of the Unit include various aspects of medical imaging, including 3D imaging, the development of new imaging modalities and applications of imaging in radiation therapy; radiation dosimetry, especially solid state, electret and NMR systems; nuclear cardiology; and applications of radiation biology to therapy.

The M.Sc. and Ph.D. programs in Medical Physics are accredited by the Commission on Accreditation of Medical Physics Education Programs, Inc., sponsored by the American Association of Physicists in Medicine (AAPM), the American College of Medical Physics (ACMP), the American College of Radiology (ACR), and the Canadian College of Physicists in Medicine (CCPM).

49.3 Admission Requirements

Candidates applying to the M.Sc. program must normally hold a B.Sc. degree (Honours or Major) in Physics or Engineering, with a minimum overall GPA of 3.0/4.0 (minimum of 70%).

49.4 Application Procedures

Students are admitted to the M.Sc. program only at the start of the Fall term in September of a given academic year. Applications for consideration for the Fall term of 2008 must be submitted by March 1, 2008.

Applications being made to McGill University graduate programs for September 2008 should be made online via McGill’s Website. For information regarding the application procedure and to access the application form, please go to www.mcgill.ca/applying/graduate or go directly to the Medical Physics Unit admissions Website at www.medphys.mcgill.ca and click on Academic and then Admissions Information.

In exceptional circumstances, a paper application form may be requested from the Medical Physics Unit Graduate Office. Mailed applications for the M.Sc. program in medical physics (September 2008) will be accepted at the Medical Physics Unit Graduate Office from September 2007 until March 1, 2008.

Only complete applications will be considered. Interested candidates should (a) ask their university(ies) to send two originals of each transcript, and (b) request that original confidential letters of recommendation be sent by professors familiar with their work. Letters must be originals, must be dated within the last two years, and must be written on official university letterhead, otherwise they will not be accepted. The application fee of $80 may be remitted in either Canadian or US funds. If using the preferred online application form, the application fee is remitted via a valid credit card; if using a paper application, the fee must be remitted in negotiable form payable to McGill University, such as a bank draft or money order, etc. - personal cheques are not accepted.

Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglphone or francophone) must submit documented proof of competency in English by a TOEFL or IELTS or iBT. The original test report must be sent by the testing center, i.e., a photocopy sent by the applicant is not acceptable. The test must have been taken within the two years prior to date of application review, i.e. since May 2006.

All supporting application materials should be sent directly to the Administrative Coordinator, Medical Physics Unit, and should reach the department by March 1, 2008.
49.5 Program Requirements

M.Sc. in Medical Radiation Physics (Thesis) (60 credits)

This two-year program provides a comprehensive introduction to the academic, research and practical aspects of physics applied to radiation medicine. In addition to the thesis requirement (32 credits) there are 12 mandatory courses (28 credits). The practical and laboratory sections of the program are conducted in various McGill teaching hospitals.

The program comprises:

1. didactic courses in radiation physics, radiation dosimetry, the physics of nuclear medicine and diagnostic radiology, medical imaging, medical electronics and computing, radiation biology and radiation hazards and protection;
2. seminars in radiation oncology, diagnostic radiology and miscellaneous aspects of medical physics, e.g., lasers;
3. laboratory courses in radiation dosimetry and medical imaging;
4. an individual research thesis.

49.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

MDPH 601 RADIATION PHYSICS. (3) The production and properties of directly and indirectly ionizing radiations and their interactions with matter; basic theoretical and experimental aspects of radiation dosimetry.

MDPH 602 APPLIED DOSIMETRY. (3) (Prerequisite: MDPH 601) Theoretical and practical dosimetry of radiation sources, both external and internal with respect to the human body. Equipment used for external beam radiotherapy and brachytherapy.

MDPH 603 LABORATORY PRACTICUM 1. (2) (Prerequisite: MDPH 601) This laboratory course gives some experience in practical/clinical aspects as applied to radiation therapy and to the techniques for the measurement of different physical parameters which characterize radiation beams. The student is exposed to the operation of various therapy units, dose measuring devices, 3D treatment planning, virtual simulator units, brachytherapy, quality assurance, calibration and thermoluminescent dosimetry.

MDPH 607 INTRODUCTION TO MEDICAL IMAGING. (3) (Prerequisite: MDPH 615) A review of the principles of medical imaging as applied to conventional diagnostic radiography, digital subtraction radiography, computed tomography and magnetic resonance imaging. The course emphasizes a linear system approach to the formation, processing and display of medical images.

★ MDPH 608 LABORATORY - DIAGNOSTIC RADIOLOGY AND NUCLEAR MEDICINE. (2) (Prerequisites: MDPH 314, MDPH 615.) This laboratory course takes place in hospital departments of medical diagnostic imaging and is designed to give the student a working knowledge of the performance parameters of the diagnostic imaging equipment. Laboratory classes will offer the student the practical experience of image quality control, on selected imaging equipment currently used in diagnostic medicine together with practical applications of the concepts studied in MDPH 614 and MDPH 615.

MDPH 609 RADIATION BIOLOGY. (2) Deals with the effects and mode of action of ionizing radiation on biological material from molecular interactions, through sub-cellular and cellular levels of organization, to the response of tissues, organs and the whole body. Includes the application of radiation biology to oncology and the biological aspects of environmental radiation exposure.

MDPH 611 MEDICAL ELECTRONICS. (2) An introductory course on electronics, with emphasis on digital electronics, data acquisition and microprocessors applied to instrumentation. A basic knowledge of electronics is assumed, but the detailed course contents may vary from year to year, depending on the background of the students.

★ MDPH 612 COMPUTERS IN MEDICAL IMAGING. (2) (Prerequisites: MDPH 611 or equivalent, MDPH 614, MDPH 615.) (Corequisite: MDPH 607.) The role of computers in the acquisition and storage of data in medical imaging systems, with special reference to computed tomography, gamma cameras, positron emission tomography. Special attention is paid to the interfacing requirements of each device and to image display systems. Demonstrations of some of these systems are included.

★ MDPH 613 HEALTH PHYSICS. (2) (Corequisite: MDPH 601) The hazards of ionizing radiations and the safe handling of radiation sources. Topics covered include basic principles; safety codes, laws and regulations; organization of radiation safety; and practical safety measures and procedures.

MDPH 614 PHYSICS OF DIAGNOSTIC RADIOLOGY. (3) A rigorous treatment of the physical principles and the instrumentation of radiology, computed tomography and ultrasound medical imaging systems. Special attention is paid to the analysis of the relations between imaging system design, image quality, and safety. Measurement techniques for the evaluation of medical imaging systems are reviewed.

MDPH 615 PHYSICS OF NUCLEAR MEDICINE. (3) (Corequisite: MDPH 601) The physics of radioactivity and the applications of radioisotopes and radiopharmaceuticals in medical diagnosis. Topics covered include fundamental nuclear physics, radioactivity, radiation spectrometry, the scintillation camera, image analysis and data processing in nuclear medicine, single photon emission tomography, and positron emission tomography.

MDPH 616 SELECTED TOPICS IN MEDICAL PHYSICS. (1) This course deals with anatomy and physiology, etiology and treatment of cancer and introductory medical statistics, three topics not covered by other courses in the program. Also clinical aspects of radiation oncology physics.

MDPH 616D1 (0.5), MDPH 616D2 (0.5) SELECTED TOPICS IN MEDICAL PHYSICS. (Students must register for both MDPH 616D1 and MDPH 616D2) (No credit will be given for this course unless both MDPH 616D1 and MDPH 616D2 are successfully completed in consecutive terms) (MDPH 616D1 and MDPH 616D2 together are equivalent to MDPH 616) This course deals with anatomy and physiology, etiology and treatment of cancer and introductory medical statistics, three topics not covered by other courses in the program. Also clinical aspects of radiation oncology physics.

J. Vacher, A. Veillette
Associate Members, Institut Armand Frappier, Université du Québec
S. Lemieux, L. Zamir
Associate Members, Pharmaceutical Companies
A.-F. Aubry, B. Gibbs

50.2 Programs Offered
M.Sc. in Experimental Medicine
Ph.D. in Experimental Medicine
M.Sc. – Specialization in Bioethics
Graduate Diploma in Clinical Research

50.3 Admission Requirements
For all four programs, candidates educated outside of Canada and
the United States must submit GRE (General Examination)
scores.

M.Sc. or Ph.D. in Experimental Medicine
Admission to graduate studies and research in Experimental
Medicine is no longer solely restricted to students who wish to
register for the Ph.D. degree. Candidates who hold only a Major
or Honours B.Sc. degree, or an M.D. degree must necessarily
apply to the M.Sc. program, unless they have an undergraduate
CGPA of 3.4 or more out of a possible 4.0, in which case they
may apply for direct entry into the Ph.D. if they so desire. Candi-
dates who already hold an M.Sc. apply directly to the Ph.D. pro-
dogram.

Admission is based on an evaluation by the Admissions Com-
mmittee, which looks for evidence of high academic achievement,
and on acceptance by a research director. It is the policy of the
Division that all students must be financially supported either by
their supervisor or through studentships or fellowships.

In addition to the documentation currently required by the
Graduate and Postdoctoral Studies Office, a letter from the candi-
date’s research director outlining the M.Sc. or Ph.D. project
is necessary.

M.Sc. (Specialization in Bioethics)
Admission to the Master’s program in Bioethics, from the base
discipline Medicine, shall be limited to students having degrees in
Medicine, Nursing, Physical and Occupational Therapy, as well
as any other professional health training degree.

For further information regarding this program, please refer to
the Bioethics entry or visit their Website at www.mcgill.ca/
biomedicalethicsunit/masters.

Graduate Diploma in Clinical Research
The diploma program is open to health care and research profes-
sionals, medical residents, pharmacists, nurses, and those with
an undergraduate degree in the medical and allied sciences.

50.4 Application Procedures
Applications will be considered upon receipt of:
1. application form
2. letter of intent
3. curriculum vitae
4. transcripts
5. letters of reference (2)
6. $80 application fee
7. test results (TOEFL and GRE).

All information is to be submitted to the Departmental Office.
McGill’s online application form for graduate program candi-
dates is available at www.mcgill.ca/applying/graduate.

50.5 Program Requirements
MASTER’S
All students must have an annual Thesis Committee meeting by
the end of their second term of registration and every 12 months
subsequent to this.

M.Sc. in Experimental Medicine (Thesis) (45 credits)
Students have the option to fast-track to the Ph.D. after satisfac-
tory completion of 12-18 months of the M.Sc., and this under the
conditions set out by the Department. For further information, please contact the student affairs office.

**Complementary Courses (9 - 21 credits)**
9 to 21 credits of courses at the 500 level or higher chosen in consultation with supervisor (EXMD). A minimum of 9 course credits is required for students entering the program with a Bachelor's or M.D. degree.

**Thesis Component - Required (24 - 36 credits)**
EXMD 690 (3) Master's Thesis Research 1
EXMD 691 (6) Master's Thesis Research 2
EXMD 692 (9) Master's Thesis Research 3
EXMD 693 (12) Master's Thesis Research 4
EXMD 694 (12) Master's Thesis Research 5

**M.Sc. in Experimental Medicine (Thesis) – Bioethics Option/Concentration (45 credits)**

**Required Courses (6 credits)**
BIOE 680 (3) Bioethical Theory
BIOE 681 (3) Bioethics Practicum

**Complementary Courses (15 credits)**
3 credits, one of:
BIOE 682 (3) Medical Basis of Bioethics
CMPL 642 (3) Law and Health Care
PHIL 543 (3) Seminar: Medical Ethics
RELG 571 (3) Religion and Medicine
12 credits, four 3-credit BIOE or EXMD graduate courses (500 or 600 level) chosen in consultation with the supervisor.

**Thesis Component - Required (24 credits)**
EXMD 690 (3) M.Sc. Thesis Literature Survey
EXMD 691 (3) M.Sc. Thesis Research Proposal
EXMD 693 (12) M.Sc. Thesis

For further information please contact the Dr. Leigh Turner, Master's Specialization in Bioethics, Biomedical Ethics Unit, 3690 Peel Street, Montreal, QC, H3A 1W9. Telephone: (514) 398-4239. Fax: (514) 398-8349. E-mail: leigh.turner@mcgill.ca.

**Ph.D.**

**Comprehensive Examination:** All students registered as Ph.D. must take and pass the Comprehensive Oral Examination, listed as course EXMD 701 in the second year of their program (and this whether they first entered as either M.Sc. or Ph.D.), Students shall give a 30-minute presentation of their Ph.D. project and then answer questions from the Oral Committee. This examination will test: (i) If the student's work is progressing satisfactorily and is of sufficiently high calibre to warrant continuation in the program, and (ii) If the student has a broad knowledge, not only of his/her own field of research, but also of related areas in her/his discipline.

**Course Work:** A minimum of 12 course credits is required for students entering the program with a prior Master's degree. Students having only a B.Sc. or M.D. degree and who have been either admitted directly or fast-tracked to the Ph.D. must complete a total of 18 credits. The following courses are highly recommended: EXMD 604D1/D2 Recent Advances in Cellular and Molecular Biology; EXMD 610 Biochemical Methods in Medical Research.

After consultation with their research supervisor and the Director of the Division, students may choose their courses from those offered by Experimental Medicine, Physiology, Biochemistry as well as other graduate and advanced undergraduate courses in the medical and allied sciences. Where necessary, students may enrol for credit in courses offered in the physical and mathematical sciences.

**Graduate Diploma in Clinical Research (30 credits)**
The core element of the diploma is the Practicum in Clinical Research. It is a six-step program with active 'clerkship' or 'intern-resident-type' participation in each component that is essential to the successful development and evaluation of a clinical trial.

Six 1-credit workshops will be provided by experts in the academic, industrial and government sectors, and cover wide-ranging issues pertinent to the conduct of clinical research.

**Required Courses (6 credits)**
EXMD 617 (1) Workshop in Clinical Trials 1
EXMD 618 (1) Workshop in Clinical Trials 2
EXMD 619 (1) Workshop in Clinical Trials 3
EXMD 620 (1) Clinical Trials and Research 1
EXMD 625 (1) Clinical Trials and Research 2
EXMD 626 (1) Clinical Trials and Research 3

**Complementary Courses (6 credits)**
6 credits, 2 courses chosen from: Experimental Medicine (EXMD), Pharmacology and Therapeutics (PHAR), Epidemiology and Biostatistics (EPiB). With approval, courses from other Allied Health Sciences departments may be considered.

**Practicum – Required (18 credits)**
EXMD 627 (18) Practicum in Clinical Research

**50.6 Courses**

Students preparing to register should consult the Web at [www.mcgill.ca/minerva](http://www.mcgill.ca/minerva) (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Term(s) offered (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

**Courses with numbers ending D1 and D2** are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

**Note:** All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrolment.

The course credit weight is given in parentheses after the title.

★ Denotes courses taught only in alternate years.

**EXMD 502 ADVANCED ENDOCRINOLOGY.** (3) (Fall) (Prerequisite (Undergraduate): EXMD 301 or an equivalent course) This course is designed for U3 students who are in a major or honours program in anatomy, biology, biochemistry or physiology and for graduate students. A multidisciplinary approach will be used to teach biosynthesis and processing of hormones, their regulation, function and mechanism of action. The material will cover hypothalamic, pituitary, thyroid, atrial and adrenal hormones as well as prostaglandins and related substances.

**EXMD 503 ADVANCED ENDOCRINOLOGY.** (3) (Winter) Study of the parathyroids, gut and pancreatic hormones and growth factors. In addition, the role of hormones and growth factors in reproduction and fetal maturation will be discussed.

**EXMD 504 BIOLOGY OF CANCER.** (3) (Fall) (Prerequisite (Undergraduate): A good knowledge of biology at the cellular and molecular level. Open to U3 and graduate students only) An introduction to the biology of malignancy. A multidisciplinary approach dealing with the etiology of cancer, the biological properties of malignant cells, the host response to tumour cell growth and the principles of cancer therapy.

**EXMD 506 ADVANCED APPLIED CARDIOVASCULAR PHYSIOLOGY.** (3) (Fall) (Prerequisite (Undergraduate): PHGY 313 or by permission of instructors) Offered in conjunction with the Department of Physiology. Current topics, methods and techniques for studying the cardiovascular system. Basic and applied cardiac electrophysiology, mechanisms of pacemaker activity, arrhythmias, the effects of drugs on cardiac functions, fetal circulation, coronary circulation, mechanics of blood flow, cardiovascular diseases,
renal and neural control of the circulation, and cardiac assist devices.

**EXMD 507 Advanced Applied Respiratory Physiology.** (3) (Fall) (Prerequisite: PHGY 313) Offered in conjunction with the Department of Physiology. In depth coverage of respiratory physiology, including functional anatomy of the respiratory system, pulmonary statics and dynamics, chest wall and respiratory muscles, ventilation and perfusion, control of breathing, and defense mechanisms. This course is aimed at providing a solid grounding in pulmonary physiology and its research applications.

**EXMD 508 Advanced Topics in Respiration.** (3) (Winter) (Prerequisite: EXMD 507) Offered in conjunction with the Department of Physiology. In depth coverage of developmental physiology, pulmonary vascular physiology, biology of airway smooth muscle, respiratory epithelium and molecular biology of respiratory muscles. Dyspnea, mechanical ventilation and respiratory failure will also be covered. This course emphasizes application of respiratory biochemistry to basic and applied research and touches on pulmonary pathophysiology.

**EXMD 509 Gastrointestinal Physiology and Pathology.** (3) (Fall and Winter) (Prerequisite: Graduate students, U3 undergraduates) Course deals with various aspects of gastrointestinal and hepatic function in health and altered physiological states. The principal focus is on the recent literature pertaining to cell and molecular mechanisms underlying the motility secretory processes, absorption and secretion. The molecular biology of the hepatic vascular tree and various aspects of colonic neoplasia will also be considered.

**EXMD 510 Bioanalytical Separation Methods.** (3) (Fall) The student will be taught the capabilities and limitations of modern separation methods (gas and high-performance liquid chromatography, capillary electrophoresis, hyphenated techniques). Application of these techniques to solve analytical problems relevant to biomedical research will be emphasized, with special attention being paid to the processing of biological samples.

**EXMD 511 Joint Venturing with Industry.** (3) (Winter) (Offered in conjunction with the Centre for Continuing Education) Using problem-based learning, the course examines the various business interactions between researchers and their business partners in support and development of research into commercial endeavours using models such as venture capital, business partnerships, or grants-in-aid.

**EXMD 602 Techniques in Molecular Genetics.** (3) (Offered in conjunction with the Department of Experimental Medicine.) (Prerequisite: Graduate; Admission by permission of instructor.) Precise description of available methods in molecular genetics, and rationales for choosing particular techniques to answer questions posed in research proposals for targeting genes in the mammalian genome. Emphasis placed on analysis of regulation of gene expression, and mapping of genes by genetic techniques. Course divided between lectures and student seminars.

**EXMD 603 Seminars in Endocrinology.** (3) For graduate students to develop skills in critical reading of current literature, interpretation of research data, and seminar organization and presentation. Staff suggest topics. Each student presents two seminars on topics of their choice, supervised by professors responsible for those topics, and one mini-symposium style presentation on any topic.

**EXMD 604D1 (3), EXMD 604D2 (3) Recent Advances in Cellular and Molecular Biology.** (Students must register for both EXMD 604D1 and EXMD 604D2) (No credit will be given for this course unless both EXMD 604D1 and EXMD 604D2 are successfully completed in consecutive terms) Offered in conjunction with the Université de Montréal, 110 Pine West. The course is bilingual with abstracts in the other language supplied; more than half the lectures are in French. Aimed at bringing students up to date on recent advances of cell and molecular biology including cellular organelle structure and function, molecular genetics, signal transduction, cell growth and development, and immunology.

**EXMD 607 Molecular Control of Cell Growth.** (3) A course for graduate students in Experimental Medicine, Biology, Biochemistry, Microbiology and Physiology, dealing with molecular control in normal and malignant cell growth, including cell cycle and physiological controls (nutritional and hormonal), mammalian DNA replication, viral effects on host cell growth for DNA and RNA-tumor viruses and oncogenes, and tissue and organ growth-renewal mechanisms.

**EXMD 608 Molecular Embryology.** (3) (Prerequisite: Students must come with a solid background in molecular biology.) (Offered in conjunction with the Department of Oncology) Modern molecular approaches in animal embryogenesis, with emphasis on embryonic patterning, organogenesis, and cell-cell communication.

**EXMD 610 Biomedical Methods in Medical Research.** (3) A course intended to introduce students to a variety of basic techniques used in medical research. Lectures and demonstrations give students an appreciation of the purification of biologically active substances by chromatography, analysis of compounds by spectrophotometry and mass spectrometry, immunological techniques, centrifugation, cell culture, binding of hormones to receptors, molecular biology, tumor biology and electron microscopy.

**EXMD 611D1 (3), EXMD 611D2 (3) Seminars in Oncology.** (Students must register for both EXMD 611D1 and EXMD 611D2) (No credit will be given for this course unless both EXMD 611D1 and EXMD 611D2 are successfully completed in consecutive terms) A course in cancer and allied fields aimed at familiarizing students with the current literature relevant to the biology of cancer, developing their critical abilities and providing an opportunity for presenting seminars to their peers.

**EXMD 614 Environmental Carcinogenesis.** (3) Methods for identification of carcinogens, including epidemiological studies, animal modelling and molecular biomarkers, and characteristics of known environmental carcinogens (viruses, chemical and physical agents and diet). Environmental factors will be placed in the context of overall cancer risk, which involves interaction of genetics, host and environment.

**EXMD 615 Membrane Carbohydrates.** (3) (Winter) The structure, function and biosynthesis of glycoproteins, glycolipids and glycoaminoglycans, and the biological role of complex carbohydrates at the cell surface.

**EXMD 616 Molecular and Cell Biology Topics.** (3) Structured and instructor-directed student presentations and discussions of recent advances in molecular and cellular biology. The course will reinforce the students’ knowledge of currently major areas of investigation, with a focus on human disease and medical applications. Important recent publications will extend material from textbook and review articles.

**EXMD 617 Workshop in Clinical Trials 1.** (1) Intensive day-long workshop discussing Industrial/Academic/Governmental interactions in the design, testing and approval of drugs.

**EXMD 618 Workshop in Clinical Trials 2.** (1) Intensive day-long workshop discussing the role of the physician in drug testing.

**EXMD 619 Workshop: Clinical Trials 3.** (1) Intensive day-long workshop discussing the pharmacoeconomics of drug design and testing.

**EXMD 620 Clinical Trials and Research 1.** (1) Intensive day-long workshop discussing a topical subject or recent advance relevant to clinical research and the conduct of clinical trials.

**EXMD 621 Seminars in Biomedical Research 1.** (3) EXMD 622 Seminars in Biomedical Research 2. (3) EXMD 624 Seminars in Biomedical Research 4. (3) EXMD 625 Clinical Trials and Research 2. (1) Intensive day-long workshop discussing a topical subject or recent advance relevant to clinical research and the conduct of clinical trials.
EXMD 626 CLINICAL TRIALS AND RESEARCH 3. (1) Intensive day-long workshop discussing a topical subject or recent advance relevant to clinical research and the conduct of clinical trials.

EXMD 627 PRACTICUM IN CLINICAL RESEARCH. (18) Six-step program: 1. Identification of the problem; 2. Experimental design; 3. Protocol development; 4. Execution of the protocol; 5. Data analysis; 6. Generation of final report with active "clerkship" participation in each component with team leaders and experts designated for each stage.

EXMD 627D1 (9), EXMD 627D2 (9) PRACTICUM IN CLINICAL RESEARCH. (Students must register for both EXMD 627D1 and EXMD 627D2) (No credit will be given for this course unless both EXMD 627D1 and EXMD 627D2 are successfully completed in consecutive terms) (EXMD 627D1 and EXMD 627D2 together are equivalent to EXMD 627) Six-step program: 1. Identification of the problem; 2. Experimental design; 3. Protocol development; 4. Execution of the protocol; 5. Data analysis; 6. Generation of final report with active "clerkship" participation in each component with team leaders and experts designated for each stage.

EXMD 628 QUALITATIVE RESEARCH METHODOLOGY. (3) (Restriction: permission of instructor) This course explores both broad and specific theoretical and methodological issues in qualitative research inquiry. It will discuss both traditional and contemporary paradigmatic thought underlying the qualitative enterprise and it will introduce the student to some qualitative techniques and strategies for collecting, analyzing and reporting data.

EXMD 629 REPRODUCTIVE MEDICINE AND ASSISTED REPRODUCTIVE TECHNOLOGY. (3) (Prerequisite: Permission of instructor.) Recent advances in reproductive medicine and assisted reproductive technologies (ART).

EXMD 635D1 (3), EXMD 635D2 (3) EXPERIMENTAL/CLINICAL ONCOLOGY. (Students must register for both EXMD 635D1 and EXMD 635D2) (No credit will be given for this course unless both EXMD 635D1 and EXMD 635D2 are successfully completed in consecutive terms) The course will deal, on a site by site basis, with the incidence of cancer, present treatment, treatment outcome, underlying causes, current research and directions for development of new treatments. Chemotherapy, surgery, radiation therapy and nutrition as therapy and treatment of cancer will be included.

EXMD 690 MASTER'S THESIS RESEARCH 1. (3)

EXMD 691 MASTER'S THESIS RESEARCH 2. (6)

EXMD 692 MASTER'S THESIS RESEARCH 3. (9)

EXMD 693 MASTER'S THESIS RESEARCH 4. (12)

EXMD 694 MASTER'S THESIS RESEARCH 5. (12)

EXMD 701 COMPREHENSIVE ORAL EXAMINATION. (0)

EXMD 701D1 (0), EXMD 701D2 (0) COMPREHENSIVE ORAL EXAMINATION. (Students must register for both EXMD 701D1 and EXMD 701D2) (No credit will be given for this course unless both EXMD 701D1 and EXMD 701D2 are successfully completed in consecutive terms) (EXMD 701D1 and EXMD 701D2 together are equivalent to EXMD 701)

DEPARTMENT OF PHYSIOLOGY

PHGY 513 CELLULAR IMMUNOLOGY. (3) (Winter) (3 hours lectures plus term paper) (Prerequisite: MIMM 314, or permission of the instructor) This course deals with cellular interactions, regulation and effector mechanisms of the normal immune response in relation to diseases and pathogenic processes. It is taught at an advanced level.

PHGY 515 PHYSIOLOGY OF BLOOD 1. (3) (Fall) (2 hours lecture plus 1 hour seminar weekly) (Prerequisite: PHGY 313 or PHGY 312 or permission of the instructor) Study of the cell and molecular physiology of hemostasis and its pathophysiology (bleeding and thrombosis). Emphasizes on molecular mechanisms regulating clot formation, fibrinolysis, and cell adhesion/aggregation. Experimental approaches and specific clinical disorders will be analyzed. Weekly discussions, and a major term paper.

PHGY 516 PHYSIOLOGY OF BLOOD 2. (3) (Winter) (2 hours lecture plus 1 hour seminar weekly) Bone marrow hematopoiesis, with emphasis on regulation of stem cell proliferation and differentiation along hematopoietic pathways. Formation and differentiation of red and white blood cells and some of the diseases associated with hemotopoiesis will be covered. Emphasis will be given to the molecular mechanisms involved in the normal and pathological conditions.

PHGY 517 ARTIFICIAL INTERNAL ORGANS. (3) (Winter) (Prerequisite: Undergraduate): permission of instructors.) Physiological, bioengineering, chemical and clinical aspects of artificial organs including basic principles and physiopathology of organ failure. Examples: oxygenator, cardiac support, vascular substitutes, cardiac pacemaker, biomaterials and tissue engineering, biocompatibility.

PHGY 518 ARTIFICIAL CELLS. (3) (Fall) (Prerequisite: Undergraduate): permission of instructors.) Physiology, biotechnology, chemistry and biomedical application of artificial cells, blood substitutes, immobilized enzymes, microorganisms and cells, hemoperfusion, artificial kidneys, and drug delivery systems. PHGY 517 and PHGY 518 when taken together, will give a complete picture of this field. However, the student can select one of these.

DEPARTMENT OF MICROBIOLOGY AND IMMUNOLOGY

MIMM 509 INFLAMMATORY PROCESSES. (3) (Winter) (3 hours of seminar) (Prerequisite: MIMM 314, or permission of instructor.) This course will be given in conjunction with the Division of Experimental Medicine. This course concentrates on the non-specific aspects of the immune response, an area which is not adequately covered by the other immunology courses presented at the university. Interactions between guest researchers (from McGill and other universities) and students will be furthered.

SCHEDULED GRADUATE SEMINARS

51.2 Programs Offered

The Department offers graduate programs leading to the degrees of M.Sc., M.Sc. Applied and Ph.D. Each program is tailored to fit the needs and backgrounds of individual students.

The Department concentrates on four key areas of research: cellular and molecular immunology, microbial physiology and genetics, molecular biology of viruses, and medical microbiology.

51.3 Admission Requirements

Master's and Master's Applied
Candidates are required to hold a B.Sc. degree in microbiology and immunology, biology, biochemistry or another related discipline; those with the M.D., D.D.S. or D.V.M. degrees are also eligible to apply. The minimum grade point average for acceptance into the program is 3.2 (out of 4.0). Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit All international applicants whose language of instruction is not English must have a TOEFL score of 575 on the paper-based test (230 on the computer-based test or 88 on the Internet-based test with each component score not less than 20).

Ph.D.
Students who have satisfactorily completed a M.Sc. degree in microbiology and immunology, a biological science, or biochemistry, or highly qualified students enrolled in the departmental M.Sc. program, may be accepted into the Ph.D. program provided they meet its standards.

51.4 Application Procedures

Applications will be considered upon receipt of:
1. application form
2. two official transcripts
3. two letters of reference
4. $80 application fee
5. TOEFL test (GRE not required but recommended)

All information is to be submitted directly to the Student Affairs Officer in the Department of Microbiology and Immunology.

All applicants are encouraged to approach academic staff members during or before the application process since no applicants are accepted without a supervisor.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

Deadline(s)
All applications and documents must be submitted by the following dates:

Canadian Applicants
October 1 for the Winter term (January)
February 1 for the Fall term (September)
May 15 for the Summer term (May)

International Applicants
July 1 for the Winter Term (January)
November 1 for the Summer term (May)
February 15 for the Fall term (September)

Intra-departmental transfers
October 1 for the Winter Term (January)

51.5 Program Requirements

M.Sc. in Microbiology and Immunology (Thesis) (45 credits)

Required Courses (15 credits)
MIMM 611 (3) Graduate Seminars 1
MIMM 612 (3) Graduate Seminars 2
MIMM 613 (3) Current Topics 1
MIMM 614 (3) Current Topics 2
MIMM 615 (3) Current Topics 3

Complementary Courses (6 credits)
6 credits, two of the following courses:
MIMM 616 (3) Reading and Conference 1
MIMM 617 (3) Reading and Conference 2
MIMM 618 (3) Reading and Conference 3

MICROBIOLOGY AND IMMUNOLOGY
MIMM 619 (3) Reading and Conference 4
**Thesis Component - Required** (24 credits)
MIMM 697 (8) Master's Research 1
MIMM 698 (8) Master's Research 2
MIMM 699 (8) Master's Research 3

Other courses may be required to strengthen the student's background.

**Note:** The M.Sc.A. program below is presently under review by the department.

**M.Sc.A. in Microbiology and Immunology (Non-Thesis)** (45 credits)
The principal aim of the M.Sc. Applied is to provide specialized training in applied medical microbiology and immunology. Applied laboratory research projects must be pursued as a major part of the overall program. The results of each project form the basis of a formal report that is reviewed by the Department staff.

**Required Courses** (15 credits)
MIMM 611 (3) Graduate Seminars 1
MIMM 612 (3) Graduate Seminars 2
MIMM 613 (3) Current Topics 1
MIMM 614 (3) Current Topics 2
MIMM 615 (3) Current Topics 3

**Complementary Courses** (6 credits)
6 credits, two of the following courses:
MIMM 616 (3) Reading and Conference 1
MIMM 617 (3) Reading and Conference 2
MIMM 618 (3) Reading and Conference 3
MIMM 619 (3) Reading and Conference 4

**Project - Required** (18 credits)
MIMM 604 (6) Independent Research Project
MIMM 605 (12) Advanced Independent Research Project

**Ph.D.**
Each Ph.D. student has an advisory committee (three professors including research advisor) that meets yearly to consider the student's progress. Candidates will be judged principally on their research ability and on the presentation of a satisfactory thesis.

**Ph.D. in Microbiology and Immunology**

**Required Courses** (18 credits)
MIMM 711 (3) Graduate Seminars 3
MIMM 712 (3) Graduate Seminars 4
MIMM 713 (3) Graduate Seminars 5
MIMM 714 (3) Current Topics 4
MIMM 715 (3) Current Topics 5
MIMM 716 (3) Current Topics 6

**Complementary Courses** (9 credits)
9 credits, three of the following courses:
MIMM 704 (3) Reading and Conference
MIMM 705 (3) Reading and Conference
MIMM 706 (3) Reading and Conference
MIMM 707 (3) Reading and Conference

**Comprehensive**
MIMM 701 Comprehensive Examination-Ph.D. Candidate

Other courses may be required to strengthen the student's background.

**51.6 Courses**
Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

MIMM 502D1 (6), MIMM 502D2 (6) **Honours Research Project.**
(Fall) (More than 18 hours per week for an independent research project) (Restriction: U3 Honours students and Majors students are eligible. Required CGPA: 3.50 or higher) (Please see regulations concerning Project Courses) (Students must register for both MIMM 502D1 and MIMM 502D2.) (No credit will be given for this course unless both MIMM 502D1 and MIMM 502D2 are successfully completed in consecutive terms) An information meeting about the course is held annually in January for students who intend to apply for registration. Subject to the availability of space and resources, professors in the Department of Microbiology and Immunology provide research opportunities for registrants in this course. Students present their research findings in a seminar and a final written report is required. Because this is a 12 credit course, students are expected to devote at least 40% of their academic effort towards their research.

MIMM 509 **Inflammatory Processes.** (3) (Winter) (3 hours of seminar) (Prerequisite: MIMM 314.) (Corequisite: PHGY 513 or MIMM 414) (This course will be given in conjunction with the Division of Experimental Medicine) This course concentrates on the non-specific aspects of the immune response, an area which is not adequately covered by the other immunology courses presented at the university. Interactions between guest researchers (from McGill and other universities) and students will be furthered.

MIMM 611 **Graduate Seminars 1.** (3)

MIMM 612 **Graduate Seminars 2.** (3) (Restriction: M.Sc. students - presentation of two seminar topics throughout the course of their degree program)

MIMM 613 **Current Topics 1.** (3)

MIMM 614 **Current Topics 2.** (3)

MIMM 615 **Current Topics 3.** (3) M.Sc. Students (discussion groups with guest speakers).

MIMM 616 **Reading and Conference 1.** (3) (Restriction: M.Sc. students - two of these courses required throughout the course of their degree program) Student presentations, taken from current literature, are concerned with aspects of a central topic. Presentations are designed to be informal and to generate student discussions. Topic will change from term to term.

MIMM 617 **Reading and Conference 2.** (3) (Restriction: M.Sc. students - two of these courses required throughout the course of their degree program) Student presentations, taken from current literature, are concerned with aspects of a central topic. Presentations are designed to be informal and to generate student discussions. Topic will change from term to term.

MIMM 618 **Reading and Conference 3.** (3) (Restriction: M.Sc. students - two of these courses required throughout the course of their degree program) Student presentations, taken from current literature, are concerned with aspects of a central topic. Presentations are designed to be informal and to generate student discussions. Topic will change from term to term.

MIMM 619 **Reading and Conference 4.** (3) (Restriction: M.Sc. students - two of these courses required throughout the course of their degree program) Student presentations, taken from current literature, are concerned with aspects of a central topic. Presentations are designed to be informal and to generate student discussions. Topic will change from term to term.

MIMM 697 **Master’s Research 1.** (8) (Restriction: M.Sc. students) Independent work under the direction of a supervisor on a research problem in the student's designated area of research.

MIMM 698 **Master’s Research 2.** (8) (Restriction: M.Sc. students) Independent work under the direction of a supervisor on a research problem in the student's designated area of research.

MIMM 699 **Master’s Research 3.** (8) (Restriction: M.Sc. students) Independent work under the direction of a supervisor on a research problem in the student's designated area of research.

MIMM 701 **Comprehensive Examination-Ph.D. Candidate.** (0)
MIMM 701D1 (0), MIMM 701D2 (0) COMPREHENSIVE EXAMINATION - PH.D. CANDIDATE. (Students must also register for MIMM 701D2) (No credit will be given for this course unless both MIMM 701D1 and MIMM 701D2 are successfully completed in consecutive terms) (MIMM 701D1 and MIMM 701D2 together are equivalent to MIMM 701)

MIMM 704 READING AND CONFERENCE. (3) (Restriction: Ph.D. students - three of these courses required throughout the course of their degree program.) Description as for M.Sc. students.

MIMM 705 READING AND CONFERENCE. (3) (Restriction: Ph.D. students - three of these courses required throughout the course of their degree program.) Description as for M.Sc. students.

MIMM 706 READING AND CONFERENCE. (3) (Restriction: Ph.D. students - three of these courses required throughout the course of their degree program.) Description as for M.Sc. students.

MIMM 707 READING AND CONFERENCE. (3) (Restriction: Ph.D. students - three of these courses required throughout the course of their degree program.) Description as for M.Sc. students.

MIMM 711 GRADUATE SEMINARS 3. (3) (Restriction: Ph.D. students) Presentation of a maximum of three seminars topics throughout the course of their degree program.

MIMM 712 GRADUATE SEMINARS 4. (3) (Restriction: Ph.D. students) Presentation of a maximum of three seminars topics throughout the course of their degree program.

MIMM 713 GRADUATE SEMINARS 5. (3) (Restriction: Ph.D. students) Presentation of a maximum of three seminars topics throughout the course of their degree program.

MIMM 714 CURRENT TOPICS 4. (3) (Restriction: Ph.D. students) Discussion groups with guest speakers.

MIMM 715 CURRENT TOPICS 5. (3) (Restriction: Ph.D. students) Discussion groups with guest speakers.

MIMM 716 CURRENT TOPICS 6. (3) (Restriction: Ph.D. students) Discussion groups with guest speakers.

MIMM 721 PH.D. RESEARCH PROGRESS REPORT 1. (1) Each Ph.D. student has an advisory committee (3 professors including research advisor) that meets yearly to consider student's progress. Students submit a 6-page progress report to the committee and give a 20-minute oral presentation, discussing data obtained and future research plans. Committee gives advice on progress and fine-tuning the research project.

MIMM 721D1 (0.5), MIMM 721D2 (0.5) PH.D. RESEARCH PROGRESS REPORT 1. (Students must also register for MIMM 721D2) (No credit will be given for this course unless both MIMM 721D1 and MIMM 721D2 are successfully completed in consecutive terms) (MIMM 721D1 and MIMM 721D2 together are equivalent to MIMM 721) Each Ph.D. student has an advisory committee (3 professors including research advisor) that meets yearly to consider student's progress. Students submit a 6-page progress report to the committee and give a 20-minute oral presentation, discussing data obtained and future research plans. Committee gives advice on progress and fine-tuning the research project.

MIMM 722 PH.D. RESEARCH PROGRESS REPORT 2. (1) Each Ph.D. student has an advisory committee (3 professors including research advisor) that meets yearly to consider student's progress. Students submit a 6-page progress report to the committee and give a 20-minute oral presentation, discussing data obtained and future research plans. Committee gives advice on progress and fine-tuning the research project.

MIMM 722D1 (0.5), MIMM 722D2 (0.5) PH.D. RESEARCH PROGRESS REPORT 2. (Students must also register for MIMM 722D2) (No credit will be given for this course unless both MIMM 722D1 and MIMM 722D2 are successfully completed in consecutive terms) (MIMM 722D1 and MIMM 722D2 together are equivalent to MIMM 722) Each Ph.D. student has an advisory committee (3 professors including research advisor) that meets yearly to consider student's progress. Students submit a 6-page progress report to the committee and give a 20-minute oral presentation, discussing data obtained and future research plans. Committee gives advice on progress and fine-tuning the research project.

MIMM 723 PH.D. RESEARCH PROGRESS REPORT 3. (1) Each Ph.D. student has an advisory committee (3 professors including research advisor) that meets yearly to consider student's progress. Students submit a 6-page progress report to the committee and give a 20-minute oral presentation, discussing data obtained and future research plans. Committee gives advice on progress and fine-tuning the research project.

MIMM 723D1 (0.5), MIMM 723D2 (0.5) PH.D. RESEARCH PROGRESS REPORT 3. (Students must also register for MIMM 723D2) (No credit will be given for this course unless both MIMM 723D1 and MIMM 723D2 are successfully completed in consecutive terms) (MIMM 723D1 and MIMM 723D2 together are equivalent to MIMM 723) Each Ph.D. student has an advisory committee (3 professors including research advisor) that meets yearly to consider student's progress. Students submit a 6-page progress report to the committee and give a 20-minute oral presentation, discussing data obtained and future research plans. Committee gives advice on progress and fine-tuning the research project.

MIMM 724 PH.D. RESEARCH PROGRESS REPORT 4. (1) Each Ph.D. student has an advisory committee (3 professors including research advisor) that meets yearly to consider student’s progress. Students submit a 6-page progress report to the committee and give a 20-minute oral presentation, discussing data obtained and future research plans. Committee gives advice on progress and fine-tuning the research project.

MIMM 724D1 (0.5), MIMM 724D2 (0.5) PH.D. RESEARCH PROGRESS REPORT 4. (Students must also register for MIMM 724D2) (No credit will be given for this course unless both MIMM 724D1 and MIMM 724D2 are successfully completed in consecutive terms) (MIMM 724D1 and MIMM 724D2 together are equivalent to MIMM 724) Each Ph.D. student has an advisory committee (3 professors including research advisor) that meets yearly to consider student’s progress. Students submit a 6-page progress report to the committee and give a 20-minute oral presentation, discussing data obtained and future research plans. Committee gives advice on progress and fine-tuning the research project.

52 Mining, Metals and Materials Engineering

Department of Mining, Metals and Materials Engineering
M.H. Wong Building
3610 University Street
Montreal, QC H3A 2B2
Canada

Fax: (514) 398-7099

Metals and Materials Engineering –
Telephone: (514) 398-4383
Fax: (514) 398-4492

Department Chair — Robin A.L. Drew
Director, Graduate Program — Mihriban Pekguleryuz
Graduate Program Coordinator — Barbara Hanley

52.1 Staff

Emeritus Professors
John E. Gruzleski; B.Sc., M.Sc.(Qu.), Ph.D.(Tor.), Eng., F.C.I.M., F.R.S.C.(Henry Birks Emeritus Professor)
The Graduate Diploma in Mining Engineering is open to graduates holding the B.Sc., M.Eng., M.Sc., or Ph.D. degrees in the areas of Rock Mechanics, Mining Engineering or other related fields. It is designed to provide a sound technical mining education. High academic standing at the undergraduate level is required for admission to these programs.

The Master of Engineering (Project) program (Metals and Materials Option) is primarily designed to train people with appropriate engineering or scientific backgrounds to allow them to work effectively in the metals and materials industries. Industrial experience is favourably viewed for entrance into the program, but is not considered a necessity.

The Master of Engineering (Project) program (Mining Option) is primarily designed for graduates from mining engineering programs who have received adequate academic training in modern mining technology, mineral economics, computer programming and probabilities and statistics. Students without this academic training must follow a qualifying term of courses established by the Mining Program Director. Industrial experience is favourably viewed for entrance into the program, but is not considered a necessity.

The Master of Engineering (Project) program (Environmental Engineering Option) is also offered.

Ph.D. degree applicants may either be "directly transferred" from the M.Eng. or M.Sc. program (see below) or hold an acceptable Master's degree in Metals and Materials Engineering, Mining Engineering or other related fields. The Ph.D. degree is awarded in the appropriate field.

52.4 Application Procedures

Applications will be considered upon receipt of:
1. application form;
2. two official copies of transcripts;
3. letters of reference;
4. $80 CDN application fee;
5. TOEFL test results.

All information is to be submitted directly to the Graduate Secretary in the Department of Mining, Metals and Materials Engineering.

Deadlines:
March 1 – Fall admission
July 1 – Winter admission
November 1 – Summer admission

McGill's online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

52.5 Program Requirements

Graduate Diploma in Mining Engineering (30 credits)
This program normally requires one academic year of full-time study to complete. Candidates are required to take an integrated group of courses based on their academic background.

Required Course (6 credits)
MIME 673 (6) Mining Engineering Seminar

Complementary Courses (24 credits)
24 credits selected in consultation with the Program Advisor.

M.Eng. and M.Sc. (Thesis) Degrees in Mining and Materials Engineering
The programs consist of 45 credits of course work, seminars and research. The candidate must pass a minimum number of courses, normally equivalent to 12 credits, chosen in consultation with a supervisor and based on his/her academic background and research interests.

In addition, the candidate must participate in an appropriate Research Seminar course and submit an acceptable thesis based on a series of successfully completed research courses.

Direct Transfer from a Master's to a Ph.D. – Students enrolled in a Master's program (thesis) may transfer into the Ph.D. program without obtaining a Master's degree if they have satisfied the following:
1. they have a minimum CGPA of 3.3 at the undergraduate level;
2. they have been in the Master's program for less than 16 months;
3. they have passed with the minimum CGPA of 3.5 at least three of the required Master's courses, and given one seminar;
4. they have obtained a letter of recommendation from their supervisor;
5. they have passed a preliminary examination (as per the Ph.D. program).

M.Eng. (Project) Degrees

M.Eng. in Mining and Materials Engineering (Non-Thesis) (45 credits)

Students registered in this program specialize either in mining engineering or materials engineering. The program consists of a minimum 12 credits of Departmental graduate-level courses, 6-15 credits of project courses, a 6-credit seminar course and enough additional courses chosen from within or outside the Department to complete the 45 credit requirement. The external courses are subject to Departmental approval. The program is established in consultation with the Program Advisor.

Required Course (6 credits)
MIME 673 or (6) Mining Engineering Seminar
MIME 670 (6) Research Seminar

Complementary Courses (24 to 33 credits)
12 credits of graduate-level MIME courses
12 to 21 credits of graduate-level courses from within or, subject to Departmental approval, outside the Department.

Project (6 - 15 credits)
MIME 628 (6) Mineral Engineering Project 1
MIME 629 (6) Mineral Engineering Project 2
MIME 634 (3) Mineral Engineering Project 3
or
MIME 680 (6) Metallurgical/Materials Engineering Project 1
MIME 681 (6) Metallurgical/Materials Engineering Project 2
MIME 682 (3) Metallurgical/Materials Engineering Project 3

M.Eng. in Mining and Materials Engineering (Project) – Environmental Engineering Concentration (45 credits)

Students are strongly encouraged to consult with the Graduate Program Director prior to enrolling in the program. The program consists of a minimum of 45 credits, of which a minimum of 6 and a maximum of 12 credits is required for a research or design project related to the environment. The balance is earned by coursework.

Required Core Courses (6 credits)
CIVE 615 (3) Environmental Engineering Seminar
CHEE 591 (3) Environmental Bioremediation

Complementary Courses (minimum 22 credits)
Data analysis course:
AEMA 611 or (3) Environmental Design
CIVE 555 or (3) Environmental Data Analysis
PSYC 650 (3) Fundamentals of Statistics 1

Toxicology course:
OCCH 612 or (3) Principles of Toxicology
OCCH 616 (3) Occupational Hygiene

Water pollution engineering course:
CIVE 651 or (4) Fundamentals of Water and Wastewater Treatment
CIVE 652 or (4) Biological Treatment of Wastewaters
CIVE 660 (4) Chemical and Physical Treatment of Waters

Air pollution engineering course:
CHEE 592 or (3) Industrial Air Pollution Control
MECH 534 (3) Air Pollution Engineering

Soil and water quality management course:
BREE 533 (3) Water Quality Management
CIVE 686 (4) Site Remediation

Environmental impact course:
GEOG 501 or (3) Modelling Environmental Systems
GEOG 551 (3) Environmental Decisions
or approved graduate-level alternative
Environmental policy course:
URBP 506 (3) Environmental Policy and Planning
or approved graduate-level alternative

Elective courses (minimum 11 credits)
Another project course and/or engineering or non-engineering graduate courses subject to approval.

The relevant project course in Mining and Materials Engineering is one of the following:
MIME 629 or (6) Mineral Engineering Project 2
MIME 681 (6) Metallurgical/Materials Engineering Project 2

Required Project Course (6 credits)
one of the following:
MIME 628 (6) Mineral Engineering Project 1
MIME 680 (6) Metallurgical/Materials Engineering Project 1

Ph.D. in Mining and Materials Engineering

A candidate for this degree must pass courses assigned by the Department. These are selected on the basis of the student's previous academic training and research interests. The candidate is required to participate in an appropriate Research Seminar course and is expected to take a preliminary examination within the first year of his/her Ph.D. registration.

The candidate must submit an acceptable thesis based upon successfully completed research and must satisfy the examiners in an oral examination of the thesis and related topics.

52.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

Courses with numbers ending N1 and N2 are taught in two non-consecutive terms. Students must register for both the N1 and N2 components. No credit will be given unless both components (N1 and N2) are successfully completed in a twelve-month period.

The courses in this Department have been numbered to conform with the following classification system. The first digit represents the level of instruction. The last two digits are classified as follows: 01 to 19 technical courses
20 to 39 mining courses
40 to 49 mineral processing courses
50 to 59 extractive and process metallurgy courses
60 to 69 physical metallurgy and materials courses
70 to 79 seminars

The course credit weight is given in parentheses after the title.

MIME 512 CORROSION AND DEGRADATION OF MATERIALS. (3) (3-3) (Prerequisites: MIME 261 and MIME 352 or permission of instructor.) Restriction: Not open to students who have taken MIME 412.) Electrochemical theory of metal corrosion, Evans Diagrams, corrosion rate controlling mechanisms, mixed conductors, alloying effects, passivation. Discussion and analysis of the various forms of corrosion. Corrosion prevention methods. Oxidation of alloys-mechanisms and kinetics. Degradation of ceramics and polymers. Case studies.

MIME 513 MINE PLANNING UNDER UNCERTAINTY. (3) (3-3) (Prerequisite: Permission of instructor.) Strategic mine planning and optimization under uncertain demand and supply.
Modem optimization techniques in mine design and production scheduling. Metal supply and orebody modelling. Market forecast-
ing and planning with flexibility. Valuing information. Stochastic
mine optimization and applications in open pit and underground
metal mines.

MIME 520 STABILITY OF ROCK SLOPES. (3) (3-0-6) (Prerequisite: per-
mission of instructor.) The properties of rock masses and of
structural discontinuities. Influence of geological structure on sta-
ability. Linear, non-linear, and wedge failures. Site investigations.
Methods of slope stabilization.

MIME 521 STABILITY OF UNDERGROUND OPENINGS. (3) (3-3-3)
(Prerequisite: permission of instructor) The properties of rock
masses and stability classification systems. The influence and
properties of geological structural features. Stability related to the
design of underground openings and mining systems. Site investi-
gations. Methods of stabilization.

MIME 525 STOCHASTIC OREBODY MODELLING. (3) (3-3-3) (Prereq-
site: Permission of instructor.) Uncertainty in modelling orebodies.
Conventional modelling methods. Ore reserve estimation and risk.
Geostatistical basics. Sequential simulation methods. Fast and
efficient simulation of large orebodies. Simulation of multi-element
deposits. Simulation of geology. Geometallurgical modelling. Inte-
gration and effects on mine planning and financial evaluation. Drill-
ing optimization; reserve classification; grade control. Practical
applications.

MIME 526 MINERAL ECONOMICS. (3) (3-2-5) (Prerequisite: MIME
310 or equivalent) Mineral project evaluation techniques and appli-
cations. Topics covered include grade-tonnage relationships, cap-
ital and operating cost estimation techniques, assessment of
mineral market conditions, taxation, discounted cash flow analy-
sis, risk analysis, and optimization of project specifications with
respect to capacity and cutoff grade.

MIME 528 MINING AUTOMATION. (3) (3-3-3) (Prerequisite: MIME
426) System analysis and design in the frequency domain. Review
of optimization methods. Mining system modelling applied to rock
cutting, materials transport, and bunkerage, pitch, yaw and ro-
lling steering of mining machines. Control and robotics: digitization, dis-
crete systems, sensors, actuators and real time algorithms. Data
communication in mines. Simulation exercises.

MIME 544 ANALYSIS: MINERAL PROCESSING SYSTEMS 1. (3) (2-3-
4) (Prerequisite (Undergraduate): MIME 341) The course covers
three main topics: principles of separation, including decrepita-
tion, properties of recovery/yield plots, technical and economic
efficiency and identification of limits to separation; column flota-
tion, hydrodynamics of collection and froth zones, mixing, scale-up
and design, measurements and control; surface and electrochem-
istry, including absorption, surface charge, coagulation, electron
transfer reactions, electrochemistry in plant practice.

MIME 545 ANALYSIS: MINERAL PROCESSING SYSTEMS 2. (3) (4-2-
3) (Prerequisite (Undergraduate): MIME 341) Gold recovery (as a
Professional Development Seminar): methods of recovery (grav-
ity, flotation, cyanidation), refractory gold (roasting, pressure oxi-
dation, bacterial leaching), dissolved gold recovery (Merrill-Crowe)
and activated carbon methods. Sampling: definition of errors, sam-
ple extraction, size, and processing. Mass balancing: basic con-
siderations, definition of networks, software. Blending: auto-
correlation functions, transfer functions, blending systems. Effect
of feed variability.

MIME 551 ELECTROCHEMICAL PROCESSING. (3) (3-2-4) (Prerequi-
site: MIME 352) Characterization of aqueous, fused salt and solid
electrolytes; laws of electrolysis; ion transport mechanisms; inter-
facial phenomena (electrolyte-electrolyte, electrode-electrolyte);
reversible cells and electrocatalysts; electrokinetics, faradaic,
and potential-current laws; industrial applications; electrocatalytic
winning and refining, electroplating, surface cleaning and coating,
electrolysis and electrochemical sensors.

MIME 552 ENVIRONMENTAL CONTROLS IN METALLURGICAL PLANTS.
(3) (3-3-3) (Prerequisites: MIME 341, 350 and 352 or permission
of instructor.) Restriction: Not open to students who have taken
MIME 451.) Generation, characterization and abatement of
pollutants in the minerals and metals industries. Environmental
regulations. Control technologies for gaseous, aqueous and solid
waste streams. Heavy metal removal, arsenic control, cyanide
destruction, prediction of acidic drainage, greenhouse gas effects,
control of SO2 and NOx emissions, destruction of organic pollut-
ants.

MIME 553 IMPACT OF MATERIALS PRODUCTION. (3) (3-0-6) (Prereq-
nisite: Permission of instructor.) Impact on the environment of the
production of major materials. Pollution control practices,
emerging technologies, cost, resources and conservation. Review
of flowsheets for various production methods. Analysis of the use
of materials, prices, consumption, fabrication, and recycling of
waste materials.

MIME 556 SUSTAINABLE MATERIALS PROCESSING. (3) (3-1-5) (Prereq-
nisite: MIME 260 or MIME 361) Aspects of sustainable bulk-
nanostructured materials. Fabrication of nanosized and nanostruc-
tured precursors (metals, ceramics, intermetallics, CNT). Reactiv-
ity, handling and safety of nano-particles. Processes developed to
fabricate bulk nanostructured materials (pressing and sintering,
hot pressing and extrusion, ECAP, electrodeposition, spray form-
ing, shockwave compaction). Characterisation of nanostructures.
Physical and mechanical properties of nanomaterials.

MIME 557 ALUMINUM PHYSICAL METALLURGY. (3) (3-3-3) (Prereq-
site: MIME 360 and MIME 362, or permission of instructor.)
Crystal structure, deformation characteristics, strengthening and
softening mechanisms, hot and cold working. Microstructure prop-
etry relationships in aluminum alloys. Physical metallurgy of alu-
ninum casting alloys and their uses. Properties, and physical
metallurgy of aluminum wrought alloys and their industrial appli-
cations.

MIME 560 JOINING PROCESSES. (3) (3-3-3) (Prerequisite: MIME
200, MIME 360) Physics of joining; interfacial requirements;
energy sources, chemical, mechanical and electrical; homogene-
ous hot-joining, arc-, Mg-, Tg-, gas-, thermite- and Plasma-weld-
ing; Autogeneous hot-joining, forge-, pressure-, friction-, explo-
ssive-, electron beam- and laser-welding; Heterogeneous hot-
joining, brazing, soldering, diffusion bonding; Heterogeneous cold
joining, adhesives, mechanical fastening; Filler materials; Joint
metallurgy, Heat affected zone, non-metallic systems; joint design
and economics; defects and testing methods.

MIME 561 ADVANCED MATERIALS DESIGN. (3) (4-4-5) (Prerequi-
site: MIME 362 or equivalent) Advanced topics in materials design
problems. Discussion and laboratory work, supplemented by
detailed technical reports. Special attention is given to selection,
design and failure problems in various materials systems.

MIME 563 HOT DEFORMATION OF METALS. (3) (2-2-5) (Prerequi-
site (Undergraduate): MIME 360 and MIME 362) (Prerequisite
(Graduate): MIME 362 or equivalent.) High temperature deforma-
tion processing of metallic materials. Topics include static and
dynamic recrystallization, recovery, precipitation; effect of defor-
mation on phase transformations and microstructural evolution
during industrial processing. Mathematical modelling of micro-
structural evolution.

MIME 564 X-RAY DIFFRACTION ANALYSIS OF MATERIALS. (3) (2-3-
4) (Prerequisite: MIME 317 or equivalent) The techniques of X-ray
and neutron diffraction are discussed as applied to the minerals
and materials production industries. Special emphasis is placed
upon automated X-ray powder diffractometry as employed for
determining the structure and composition of materials. The appli-
cation of X-ray techniques to studies of crystal structure, crystal
orientation, residual stress, short-range order in liquid metals,

equivalent to MIME 634) Continuation of Mining Engineering Project 1.

MIME 634N1 MINERAL ENGINEERING PROJECT 3. (1.5) (Students must also register for MIME 634N2) (No credit will be given for this course unless both MIME 634N1 and MIME 634N2 are successfully completed in a twelve month period) (MIME 634N1 and MIME 634N2 together are equivalent to MIME 634) Continuation of Mining Engineering Project 1.

MIME 634N2 MINERAL ENGINEERING PROJECT 3. (1.5) (Prerequisite: MIME 634N1) (No credit will be given for this course unless both MIME 634N1 and MIME 634N2 are successfully completed in a twelve month period) (MIME 634N1 and MIME 634N2 together are equivalent to MIME 634) See MIME 634N1 for course description.

MIME 635 FINE ELEMENT METHOD - ROCK MECHANICS. (4) (Prerequisites: MIME 521 and/or permission of instructor) Equilibrium equation solvers; elasticity theory; finite element formulative procedures; convergence and accuracy; 2-D and 3-D isoparametric elements; rock failure criteria; applications to rock/mining engineering; computer programming using available software library (FELIBS) and packages.

MIME 636 BOUNDARY ELEMENTS: GEOMECHANICS. (4) (Prerequisite: COMP 208 or equivalent, and MIME 521 or permission of instructor) Applications of boundary element methods in geomechanics. Elasticity relations. Coordinate transformations. Kelvin's problem, constant tractions, fictitious stress method, symmetry conditions, Displacement discontinuity method. Yield and deformation joint models. Stress and displacement analysis of underground openings in faulted rock. Initial joint deformation technique. Introduction to nonlinear analysis.

MIME 640 ADVANCED MINERAL PROCESSING. (6) Modern advances in mineral processing techniques. The student will prepare a series of reports covering developments in mineral processing.

MIME 640D1 (3), MIME 640D2 (3) ADVANCED MINERAL PROCESSING. (Students must register for both MIME 640D1 and MIME 640D2) (No credit will be given for this course unless both MIME 640D1 and MIME 640D2 are successfully completed in consecutive terms) (MIME 640D1 and MIME 640D2 together are equivalent to MIME 640) Modern advances in mineral processing techniques. The student will prepare a series of reports covering developments in mineral processing.

MIME 650N1 ADVANCED EXTRACTIVE METALLURGY. (3) (Students must also register for MIME 650N2) (No credit will be given for this course unless both MIME 650N1 and MIME 650N2 are successfully completed in a twelve month period.) Metallurgical applications of heat, mass and momentum transfer theories. Particular emphasis is placed on the applications of computational fluid dynamics and development of appropriate software programs. These are based on the integral control volume, finite difference approach, employing body-fitted co-ordinate schemes to handle arbitrarily shaped flow domains. Turbulence models such as K-E and large eddy simulation are presented.

MIME 650N2 ADVANCED EXTRACTIVE METALLURGY. (3) (Prerequisite: MIME 650N1) (No credit will be given for this course unless both MIME 650N1 and MIME 650N2 are successfully completed in a twelve month period.) See MIME 650N1 for course description.

MIME 652 AQUEOUS PROCESSING. (3) Advanced treatment of the chemical and engineering principles governing aqueous dissolution, purification and deposition operations. Topics include: ionic activities of dilute and concentrated solutions; solution and solid-liquid equilibria; analysis of complexation and redox reactions; high temperature solution thermodynamic kinetics; solvent extraction, equilibria and mass transfer kinetics; nucleation, growth and agglomeration phenomena in aqueous precipitation systems.

MIME 653 TRANSPORT PHENOMENA - PROCESS METALLURGY. (3) Process metallurgical applications of heat, mass and momentum transport theories. Methods of numerical solution in the analysis of: continuous casting, ingot solidification, soaking pits, hot mill operations, alloy addition methods in steel-making, etc. Students are assigned individual computer projects and present a report plus a seminar on their findings.

MIME 657 ADVANCED EXTRACTIVE METALLURGY. (3) Field trips focusing on non-ferrous metallurgy: energy considerations and minor elements in production and refining of aluminum, copper, gold, titania slag, zinc and other metals. Advanced technology and process design. Visits will reflect instructor’s and students’ interests.

MIME 670 RESEARCH SEMINAR. (6) (Restriction: For students registered for a Master’s degree in Mining and or Materials Engineering.) (Students must also register for MIME 670N2) (No credit will be given for this course unless both MIME 670N1 and MIME 670N2 are successfully completed in a twelve month period) (MIME 670N1 and MIME 670N2 together are equivalent to MIME 670) See MIME 670N1 for course description.

MIME 670D1 (3), MIME 670D2 (3) RESEARCH SEMINAR. (Restriction: For students registered for a Master’s degree in Mining and or Materials Engineering.) Students must also register for MIME 670N2) (No credit will be given for this course unless both MIME 670N1 and MIME 670N2 are successfully completed in a twelve month period) (MIME 670N1 and MIME 670N2 together are equivalent to MIME 670)

MIME 670N1 RESEARCH SEMINAR. (3) (Restriction: For students registered for a Master’s degree in Mining and or Materials Engineering.) (Students must also register for MIME 670N2) (No credit will be given for this course unless both MIME 670N1 and MIME 670N2 are successfully completed in a twelve month period) (MIME 670N1 and MIME 670N2 together are equivalent to MIME 670)

MIME 670N2 RESEARCH SEMINAR. (3) (Prerequisite: MIME 670N1) (No credit will be given for this course unless both MIME 670N1 and MIME 670N2 are successfully completed in a twelve month period) (MIME 670N1 and MIME 670N2 together are equivalent to MIME 670) See MIME 670N1 for course description.

MIME 672D1 (3), MIME 672D2 (3) ROCK MECHANICS SEMINAR. (Students must register for both MIME 672D1 and MIME 672D2) (No credit will be given for this course unless both MIME 672D1 and MIME 672D2 are successfully completed in consecutive terms) Theoretical and practical aspects of ground control practice using the case study method.

MIME 673 MINING ENGINEERING SEMINAR. (6) For students registered in the Graduate Diploma or Master’s programs in Mining.

MIME 673D1 (3), MIME 673D2 (3) MINING ENGINEERING SEMINAR. (Students must register for both MIME 673D1 and MIME 673D2) (No credit will be given for this course unless both MIME 673D1 and MIME 673D2 are successfully completed in consecutive terms) (MIME 673D1 and MIME 673D2 together are equivalent to MIME 673) For students registered in the Graduate Diploma or Master’s programs in Mining.

MIME 673N1 MINING ENGINEERING SEMINAR. (3) (Students must also register for MIME 673N2) (No credit will be given for this course unless both MIME 673N1 and MIME 673N2 are successfully completed in a twelve month period) (MIME 673N1 and MIME 673N2 together are equivalent to MIME 673) For students registered in the Graduate Diploma or Master’s programs in Mining.

MIME 673N2 MINING ENGINEERING SEMINAR. (3) (Prerequisite: MIME 673N1) (No credit will be given for this course unless both MIME 673N1 and MIME 673N2 are successfully completed in a twelve month period) (MIME 673N1 and MIME 673N2 together are equivalent to MIME 673) See MIME 673N1 for course description.

MIME 675 APPLIED GEOPHYSICS SEMINAR. (6)
MIME 690D1 (3), MIME 690D2 (3) THESIS RESEARCH 1. (Restriction: For Master’s students only.) (Students must register for both MIME 690D1 and MIME 690D2) (No credit will be given for this course unless both MIME 690D1 and MIME 690D2 are successfully completed in consecutive terms) (MIME 690D1 and MIME 690D2 together are equivalent to MIME 690)

MIME 690N1 THESIS RESEARCH 1. (3) (Prerequisite: MIME 690N1) (No credit will be given for this course unless both MIME 690N1 and MIME 690N2 are successfully completed in a twelve month period) (MIME 690N1 and MIME 690N2 together are equivalent to MIME 690)

MIME 690N2 THESIS RESEARCH 1. (3) (Prerequisite: MIME 690N1) (No credit will be given for this course unless both MIME 690N1 and MIME 690N2 are successfully completed in a twelve month period) (MIME 690N1 and MIME 690N2 together are equivalent to MIME 690)

MIME 691 THESIS RESEARCH 2. (3) (Restriction: For Master’s students only.)

MIME 692 THESIS RESEARCH 3. (6) (Restriction: For Master’s students only.)

MIME 692D1 (3), MIME 692D2 (3) THESIS RESEARCH 3. (Restriction: For Master’s students only.) (Students must register for both MIME 692D1 and MIME 692D2) (No credit will be given for this course unless both MIME 692D1 and MIME 692D2 are successfully completed in consecutive terms) (MIME 692D1 and MIME 692D2 together are equivalent to MIME 692)

MIME 692N1 THESIS RESEARCH 3. (3) (Restriction: For Master’s students only.) (Students must also register for MIME 692N2) (No credit will be given for this course unless both MIME 692N1 and MIME 692N2 are successfully completed in a twelve month period) (MIME 692N1 and MIME 692N2 together are equivalent to MIME 692)

MIME 692N2 THESIS RESEARCH 3. (3) (Restriction: For Master’s students only.) (Prerequisite: MIME 692N1) (No credit will be given for this course unless both MIME 692N1 and MIME 692N2 are successfully completed in a twelve month period) (MIME 692N1 and MIME 692N2 together are equivalent to MIME 692)

MIME 693 THESIS RESEARCH 4. (3) (Restriction: For Master’s students only.)

MIME 693D1 (1.5), MIME 693D2 (1.5) THESIS RESEARCH 4. (Restriction: For Master’s students only.) (Students must register for both MIME 693D1 and MIME 693D2) (No credit will be given for this course unless both MIME 693D1 and MIME 693D2 are successfully completed in consecutive terms) (MIME 693D1 and MIME 693D2 together are equivalent to MIME 693)

MIME 694 THESIS RESEARCH 5. (6) (Restriction: For Master’s students only.)

MIME 694D1 (3), MIME 694D2 (3) THESIS RESEARCH 5. (Restriction: For Master’s students only.) (Students must register for both MIME 694D1 and MIME 694D2) (No credit will be given for this course unless both MIME 694D1 and MIME 694D2 are successfully completed in consecutive terms) (MIME 694D1 and MIME 694D2 together are equivalent to MIME 694)

MIME 694N1 THESIS RESEARCH 5. (3) (Restriction: For Master’s students only.) (Prerequisite: MIME 694N1) (No credit will be given for this course unless both MIME 694N1 and MIME 694N2 are successfully completed in a twelve month period) (MIME 694N1 and MIME 694N2 together are equivalent to MIME 694)

MIME 694N2 THESIS RESEARCH 5. (3) (Restriction: For Master’s students only.) (Prerequisite: MIME 694N1) (No credit will be given for this course unless both MIME 694N1 and MIME 694N2 are successfully completed in a twelve month period) (MIME 694N1 and MIME 694N2 together are equivalent to MIME 694) See MIME 694N1 for course description.

MIME 695 THESIS RESEARCH 6. (3) (Restriction: For Master’s students only.)

MIME 695D1 (1.5), MIME 695D2 (1.5) THESIS RESEARCH 6. (Restriction: For Master’s students only.) (Students must register for both MIME 695D1 and MIME 695D2) (No credit will be given for this course unless both MIME 695D1 and MIME 695D2 are successfully completed in consecutive terms) (MIME 695D1 and MIME 695D2 together are equivalent to MIME 695)

MIME 701 PH.D. THESIS RESEARCH PROPOSAL. (0) (Restriction: For students registered in a Ph.D. program in Mining or Materials Engineering. Student submits a document and takes an oral examination to demonstrate familiarity with relevant literature, define a methodology and describe a work plan.)

MIME 771 RESEARCH SEMINAR. (6) (Restriction: For students registered in a Ph.D. program in Materials Engineering.)

MIME 771D1 (3), MIME 771D2 (3) RESEARCH SEMINAR. (Restriction: For students registered in a Ph.D. program in Engineering.) (Students must register for both MIME 771D1 and MIME 771D2) (No credit will be given for this course unless both MIME 771D1 and MIME 771D2 are successfully completed in consecutive terms) (MIME 771D1 and MIME 771D2 together are equivalent to MIME 771)

MIME 771N1 RESEARCH SEMINAR. (3) (Restriction: For students registered in a Ph.D. program in Materials Engineering.) (Students must also register for MIME 771N2) (No credit will be given for this course unless both MIME 771N1 and MIME 771N2 are successfully completed in a twelve month period) (MIME 771N1 and MIME 771N2 together are equivalent to MIME 771)

MIME 771N2 RESEARCH SEMINAR. (3) (Prerequisite: MIME 771N1) (No credit will be given for this course unless both MIME 771N1 and MIME 771N2 are successfully completed in a twelve month period) (MIME 771N1 and MIME 771N2 together are equivalent to MIME 771) See MIME 771N1 for course description.

MIME 776 RESEARCH SEMINAR. (6) (Restriction: For students registered in a Ph.D. program in Mining.)

MIME 776D1 (3), MIME 776D2 (3) RESEARCH SEMINAR. (Students must register for both MIME 776D1 and MIME 776D2) (No credit will be given for this course unless both MIME 776D1 and MIME 776D2 are successfully completed in consecutive terms) (MIME 776D1 and MIME 776D2 together are equivalent to MIME 776)

MIME 776N1 RESEARCH SEMINAR. (3) (Students must also register for MIME 776N2) (No credit will be given for this course unless both MIME 776N1 and MIME 776N2 are successfully completed in a twelve month period) (MIME 776N1 and MIME 776N2 together are equivalent to MIME 776) See MIME 776N1 for course description.

MIME 776N2 RESEARCH SEMINAR. (3) (Prerequisite: MIME 776N1) (No credit will be given for this course unless both MIME 776N1 and MIME 776N2 are successfully completed in a twelve month period) (MIME 776N1 and MIME 776N2 together are equivalent to MIME 776) See MIME 776N1 for course description.

Assocate Dean (Academic and Student) — Gordon Foote

53.1 Staff

Emeritus Professors

Edith Della Pergola; Graduate, Royal Conservatory (Bucharest)
Dorothy Morton; Graduate, Conservatoire de Musique de Québec

Professors

William Caplin; B.M.(S.Calif.), M.A., Ph.D.(Chic.) (James McGill Professor)
Brian Cherney; Mus.Bac., Mus.M., Ph.D.(Tor.)
John Grow; L.T.C.L.(Lond.), B.Mus.(Mt. All.), M.Mus.(Mich.)
D.D.(U.T.C.); LL.D.(Mt. All.); University Organist
Steven Huebner; B.A., B.Mus., L.Mus.(McG.), M.F.A., Ph.D.(Princ.) (James McGill Professor)
Stephen McAdams; B.Sc. (McG.), Ph.D. (Stan.), D.Sc. (Paris)
John Rea; B.Mus.(Wayne St.), M.Mus.(Tor.), M.F.A., Ph.D.(Princ.)
Wieslaw Wozyczky; M.A., Ph.D.(F. Chopin Academy of Music, Warsaw) (James McGill Professor)

Associate Professors

Theodore Baekin; B.Mus.(Curts), M.Mus.(Auck.); Principal Oboe, Montreal Symphony
Tom Beghin; Diplôme Superieur (Louvain), M.A., D.M.A.(C'nell.)
Denys Bouliane; B.Mus., M.Mus.(Laval), Graduate, Hochschule für Musik (Hamburg)
David Brackett; B.A. (Calif.-Santa Cruz), M.M. (New England Conservatory), D.M.A.(C'nell.)
Julie Cumming; B.A.(Col.), M.A., Ph.D.(Berkeley)
Kevin Dean; B.M.E.(Iowa), M.Mus.(Miami)
Martha de Francisco; Dipлома(Музыкальные Высшие училища, Детмольд)
Philippe Depalle; B.Sc.(Paris XI and ENS Cachan), D.E.A.(Le Mans and ENS Cachan), Ph.D.(Le Mans & IRCAM)(William Dawson Scholar)
Lucie Evans; Dip.(Vincent d'Indy)
Gordon Foote; B.Sc., M.A.(Minn.)
Matt Haimovitz; B.A. (Harv.)
Kyoko Hashimoto; B.A.(Tokyo)
Alexis Hauser; Diplom (Konservatorium der Stadt, Wien)
Timothy Hutchins; Dip. L.G.S.M.(Guildhall), B.A.Hons.Mus.(Dal.), Principal Flute, Montreal Symphony
Jan Jarzyk; B.A., M.A.(Academy of Music, Cracow), Dip.(Berklee)
Abe Kestenberg
Hank Knox; B.Mus., M.Mus.(McG)(William Dawson Scholar)
Sara Laimon; B.Mus.(Br. Col.), M.Mus.(Yale), D.M.A.(SUNY, Stony Brook)
Richard Lawton; B.Mus.(McG.), M.Mus.(Ind.)
William Martens; B.A.(Miami), Ph.D.(W'western)
Don McLean; Mus.Bac., M.A., Ph.D.(Tor.)
Michael McMahon; B.Mus.(McC), Graduate, Hochschule für Musik(Vienna)
Douglas McNabney; B.Mus.(Tor.), M.M.(W. Ont.), D.Mus.(Montr.)
Marina Mdivani; Post-graduate Dip.(Moscow Cons.)
Bruce Minorgan; B.Mus.(Br. Col.), M.A.(Tor.)
Tom Plaunt; B.A.(Tor.), Graduate, Nordwestdeutsche Musikakademie (Detmold, Germany)
Richard Raymond; Premier Prix (Cons. de Montréal), M.Mus.(Montr.)
Dixie Ross-Neill; B.Mus.(N. Carolina), M.Mus.(Texas)
Marcel Saint-Cyr; B.A.(Laval), Premier Prix(Cons.de Mus. de Qué.),(Concert Dip.(Hochschule für Musik, Karlsruhe)
Peter Schubert; B.A., M.A., Ph.D.(Col.)
Thérèse Sevadjian; B.Mus., M.Mus.(Montr.)
Eleanor Stubley; B.Mus.(Tor.), M.Mus.(Bran.), Ph.D.(Ill.)
Julian Wachner; B.Mus., Mus.Doc.(Boston)
Thomas Williams; B.Mus.(Bran.)
John Zirbel; B.Mus.(Wis.), Principal Horn, Montreal Symphony
Luba Zuk; L.Mus.(McG.), Graduate, Con. de Mus. de Qué.

Assistant Professors

Stefano Algieri
Lisa Barg; B.A. (Antioch), M.A., Ph.D. (SUNY)
James Box; B.M.(Southern Methodist U.), M.M.(Cleveland Inst. Music), Principal Trombone, Montreal Symphony
Alain Cazes; Premier Prix (Cons. de Montréal)
Carolyn Christie; B.Mus.(McG.); Montreal Symphony
Isabelle Coissette; Premier Prix (Cons. de Qué), M.Mus. (McG.), D.Mus. (Montr.)
Jonathan Crow; B.Mus. (McG.)
Robert Crowley; B.M.(Eastman), M.M.(Cleveland); Principal Clarinet, Montreal Symphony
Russell Devuyst; B.Mus.Ed.(Boston Cons.), M.M.(New England Cons.); Associate Principal Trumpet, Montreal Symphony
Elisabeth Dolin; B.Mus. (Tor.), Artist Dip. (Ind.)
Sean Ferguson; B.Mus.(Alta.), M.Mus., D.Mus.(McG.)
Ichiro Fujinaga; B.Mus., B.Sc.(Alta.), M.A., Ph.D.(McG.)
Jean Gaudreau; L.L.(Montr.), Graduate, Conservatoire de Musique de Québec, Montreal Symphony
Aiyun Huang; B.A. (Tor.), D.M.A. (Calif. - San Diego)
Robert Ingari
Valerie Kinslow; B.A.(McG.)
Roe-Min Kok; B.Mus.(Texas), M.A.(Duke), Ph.D.(Harv.)
Joanne Kolomyjec; B.Mus.(Tor.)
Jean Lesage; Concours, Diplôme d'études supérieures(Cons. de Montréal)
Stéphane Lévesque; Premier Prix(Cons. de Montréal), M.Mus.(Yale), Principal Bassoon, Montreal Symphony
Denise Lupien; B.M., M.M.(Juilliard), Concertmaster, Orchestre Métropolitain
Fabrice Marandola; Premier Prix (Conservatoire de Paris), M.Mus., Ph.D.(Sorbonne)
Michael Meraw ; B.Mus., M.Mus.(McG.)
Dennis Miller; Principal Tuba, Montreal Symphony
Christian Neidhöfer; Graduate, Hochschule für Musik(Basel), Ph.D.(Harv.)
William Porter; B.Mus.(Oberlin), M.M., M.M.A.(Yale)
Winston Purdy; B.Mus.(McG.), M.M.(Eastman)
René Quesnel; B.Mus., M.Mus., Ph.D.(McG)
Richard Roberts; B.Mus.(Ind.); Concertmaster, Montreal Symphony
André Roy; B.Mus.(Curts)
Chariene Ryan; B.Mus.(M.U.N.), (W. Ont.), M.Mus.(Mich.), Ph.D.(McG.)
Gary Scavone; B.Sc., B.A. (Syr.); M.Sc., Ph.D.(Stan.)
Joe Sullivan; B.A.(Ott.), M.M.(New England Cons.)
Jennifer Swartz; Dip. (Curtis), Principal Harp, Montreal Symphony
Marcelo Wanderley; B.Eng.(UFPR), M.Eng.(UFSC), Ph.D.(Paris VI and IRCAM)
André White; B.A.(C'dia.), M.Mus.(McG.)
Lloyd Whitesell; B.A.(Minn.), Ph.D.(SUNY, Stony Brook)
Jonathan Wild; B.Mus., M.A.(McG)

Adjunct Professors

Soren Bech; M.Sc., Ph.D.(Tech. Univ. of Denmark)
Shaun de Waele; B.Mus., D.Sum.(Liège)
Andrée Dussault; B.Mus.(Montr.)
James Box; B.Mus.(Oberlin), M.Mus.(SUNY, Stony Brook)

53.2 Programs Offered

The Master of Arts degree (M.A.) is available as a thesis option in Music Education, Music Technology, Musicology, and Theory and as a non-thesis option in Music Education, Musicology, and Theory.

The Master of Music degree (M. Mus.) is available in Composition, Performance, and Sound Recording. Specializations offered within the Performance option are: piano, guitar, orchestral instruments, organ, conducting, chamber music, orchestral training, piano accompaniment, vocal, opera, opera coaching, vocal pedagogy, early music, church music - organ, and jazz.

The Doctor of Music degree (D.Mus.) is offered in Composition and Performance Studies while the Doctor of Philosophy degree
MUSIC

(Ph.D.) is available in Composition, Music Education, Musicology, Music Technology, Sound Recording and Theory. Interdisciplinary studies are encouraged.

There are opportunities for graduate students to obtain funding by being hired as assistants through the Schulich School of Music. Positions are available as: teaching assistants, apprentice writers for program notes, sound recording technicians, dubbing technicians, correctors, and invigilators. Inquiries should be directed to the Chair of the Department of Music Research or the Chair of the Department of Performance, as appropriate.

### 53.3 Admission Requirements

#### Masters’ Degrees

Applicants for the Master’s degree must hold a B.Mus. or a B.A. degree with a Major or Honours in Music including considerable work done in the area of specialization.

All applicants (except those for performance and sound recording) will be required to take placement examinations. Applicants found to be deficient in their background preparation may be required to take certain additional undergraduate courses.

Applicants to the Composition, Music Education, Music Technology, Musicology, Sound Recording, and Theory programs are requested to submit samples of work done in their special area.

Applicants to the Music Education program should normally have had two years of teaching experience.

All applicants to the Performance program will be required to pass an entrance audition. Only those applicants who clearly demonstrate the potential to become professional performers on their instruments will be admitted.

Applicants to the Vocal Pedagogy option should have a minimum of three to four years experience in studio teaching.

A reading knowledge of German is strongly recommended as a prerequisite for graduate work in Choral Conducting, Musicology, and Theory.

#### Prerequisite Undergraduate Courses for M.Mus. – Sound Recording

In order to be considered for admission to the Master of Music in Sound Recording, students must attain a minimum grade of B in all of the courses listed below and must have a B.Mus. degree.

**Schulich School of Music**

MUCO 261 Instruments of the Orchestra
MUMT 202 Fundamentals of New Media
MUMT 203 Introduction to Digital Audio
MUSR 232 Introduction to Electronics
MUSR 300D1/MUSR 300D2 Introduction to Music Recording
MUSR 339 Introduction to Electroacoustics

**One of (Complementary):**

MUMT 302 New Music Production 1
MUMT 306 Music and Audio Computing 1

**Faculty of Science**

PHYS 224 Physics and Psychophysics of Music
PHYS 225 Musical Acoustics

#### Prerequisite Undergraduate Courses for M.Mus. – Performance

Applicants to the performance program are expected to have a background in Music Theory equivalent to the B.Mus. in Performance. Applicants found to be deficient in their background preparation may be required to take certain additional music theory undergraduate courses.

**Piano Accompaniment**

An undergraduate major in Piano,

MUHL 570 Research Methods in Music

One of:

- MUHL 372 Solo Song outside Germany and Austria
- MUHL 390 The German Lied

Two of:

- MUPG 210 Italian Diction (or equivalent)
- MUPG 211 French Diction (or equivalent)

MUHL 570 Research Methods in Music

- MUPG 212 English Diction (or equivalent)
- MUPG 213 German Diction (or equivalent)

#### Orchestral Conducting

MUCO 260 Instruments of the Orchestra
MUCO 261 Elementary Orchestration
MUCO 460D1/MUCO 460D2 Advanced Orchestration
MUHL 389 Orchestral Literature
MUHL 570 Research Methods in Music
MUIT 201 String Techniques
MUIT 202 Woodwind Techniques
MUIT 203 Brass Techniques
MUIT 204 Percussion Techniques

- MUPG 315D1/MUPG 315D2 Introduction to Orchestral Conducting (or equivalent)

#### Choral Conducting

GERM 202 German Language, Beginners
MUCO 260 Instruments of the Orchestra
MUCO 261 Elementary Orchestration
MUCT 415 Choral Conducting 2 (or equivalent)
MUHL 397 Choral Literature after 1750
MUHL 570 Research Methods in Music
MUPG 315D1/MUPG 315D2 Introduction to Orchestral Conducting (or equivalent)

#### Wind Band Conducting

An undergraduate major in Wind or Percussion instruments.

MUCO 260 Instruments of the Orchestra
MUCO 261 Elementary Orchestration
MUHL 396 Wind Ensemble Literature after 1750
MUHL 570 Research Methods in Music
MUIT 202 Woodwind Techniques
MUIT 203 Brass Techniques
MUIT 204 Percussion Techniques
MUIT 415 Advanced Instrumental Conducting (or equivalent)

#### Jazz Performance

MUHL 393 History of Jazz
MUJZ 440D1/MUJZ 440D2 Advanced Jazz Composition
MUJZ 461D1/MUJZ 461D2 Advanced Jazz Arranging
MUJZ 493 Jazz Performance Practice

#### Early Music

MUHL 570 Research Methods in Music
MUPP 381 Topics: Performance Practice before 1800

Plus 6 credits from the following with a least one course from each group:

**Group 1:**

- MUHL 380 Medieval Music
- MUHL 381 Renaissance Music
- MUHL 382 Baroque Music
- MUHL 383 Classical Music

**Group 2:**

- MUHL 395 Keyboard Literature before 1750
- MUHL 591D1/MUHL 591D2 Paleography

**Organ/Harpischord:**

MUPG 272D1/MUPG 272D2 Continuo

**Voice**

Two of:

- MUPG 210 Italian Diction (or equivalent)
- MUPG 211 French Diction (or equivalent)
- MUPG 212 English Diction (or equivalent)
- MUPG 213 German Diction (or equivalent)

#### Orchestral Training

MUHL 389 Orchestral Literature
MUHL 570 Research Methods in Music

**Piano (Solo and Chamber Music)**

MUHL 570 Research Methods in Music

**One of:**

- MUHL 366 The Era of the Fortepiano
- MUHL 396 Era of the Modern Piano

#### Voice (Vocal Opera Coach, Opera Performance, Vocal Pedagogy and Vocal Performance)

MUHL 570 Research Methods in Music
MUPG 210 Italian Diction
All supporting documentation is to be submitted to Patrick O’Neill, Admissions Officer, Schulich School of Music. TOEFL test results, where applicable.

3. two signed original letters of reference, on official letterhead;

Applicants for the Ph.D. degree in Composition must hold an M.Mus. degree in Composition, or its equivalent, and must submit scores and/or tapes of their compositions at the time of application.

Applicants for the D.Mus. degree in Performance Studies must hold an M.Mus. degree in Performance, or its equivalent; are required to submit a screening tape, and submit samples of written work and a statement of research interests by the December 15th deadline. Only the most advanced applicants will be invited to pass an live entrance audition and interview.

Ph.D. Degree
Applicants for the Ph.D. degree in Composition must hold an M.Mus. in Composition or equivalent and must submit scores and/or tapes of their compositions at the time of application, and a written description (no more than two pages) of the research path(s) they wish to follow.

Applicants for the Ph.D. degree in Music Technology, Music Education, Musicology, or Theory must hold a Master’s or a Bachelor’s degree equivalent to a McGill Honours degree, in Music Technology, Music Education, Musicology, or Theory. Applicants with a Bachelor’s degree will normally be admitted to the M.A. program for the first year and may apply for admittance to the Ph.D. program after the completion of one full year of graduate course work. Qualified applicants who have already completed an appropriate Master’s degree will be admitted to the second year of the program.

53.4 Application Procedures
McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate. The Web application process will automatically charge a $60 application fee and, for Performance degrees, a $80 audition fee.

Deadline date for application and accompanying documentation is December 15.
Application will be considered upon receipt of:
1. online Web application;
2. two official copies of transcripts, sent directly by the registrars of universities attended (if documents are written in a language other than English or French, please submit an official certified translation in addition to the original documents);
3. two signed original letters of reference, on official letterhead;
4. submissions appropriate to area of specialization (www.mcgill.ca/music/prospective/graduate/procedures);
5. TOEFL test results, where applicable.
All supporting documentation is to be submitted to Patrick O’Neill, Admissions Officer, Schulich School of Music.

53.5 Program Requirements

MASTERS’ DEGREES
The minimum residence requirement for Masters’ programs is 3 full-time terms; for Sound Recording, 4 full-time terms. In all programs a minimum number of formal courses are prescribed. The student’s major work is expected to be thesis, research, composition or performance which will be done under the supervision of an adviser. This work, as well as any additional courses and/or individual study which the Department considers necessary, constitutes the central part of each program.

Applicants who hold the equivalent of a McGill B.Mus. with Honours in the area of specialization may be able to complete the Master’s degree in less than two years.

Master of Music – Composition (Thesis) (48 credits)

Required Courses (12 credits)
MUCO 631 (3) Seminar in Composition 1
MUCO 632 (3) Seminar in Composition 2
MUCO 633 (3) Seminar in Composition 3
MUCO 634 (3) Seminar in Composition 4
MUCO 635 (3) Seminar in Composition 5
MUCO 636 (3) Seminar in Composition 6

Language reading examination in one of: French, German, or Italian. Students whose mother tongue is French are exempt from the French Language Reading examination.

Electives Courses (6 credits)
Two approved 3-credit graduate electives or the equivalent.

Thesis (30 credits)
The thesis is a composition, accompanied by an analytical essay of approximately 20 to 30 pages.

M.A. in Music – Music Education (Thesis) (48 credits)

Required Courses (15 credits)

Five 3-credit graduate courses approved by the Department, normally three of these will be Seminars in Music Education from the list below:
MUGT 610 (3) Seminar - Music Education 1
MUGT 611 (3) Seminar - Music Education 2
MUGT 612 (3) Seminar - Music Education 3
MUGT 613 (3) Seminar - Music Education 4

Thesis (33 credits)

Thesis (33 credits). The candidate will undertake supervised research leading to a thesis which will be an in-depth investigation in some specialized field of music education.

M.A. in Music – Music Technology (Thesis) (48 credits)

Required Courses (9 credits)
MUMT 605 (3) Digital Sound Synthesis and Audio Process

Two of the following:
MUMT 610 (3) Computer Music Seminar 1
MUMT 611 (3) Computer Music Seminar 2
MUMT 612 (3) Computer Music Seminar 3
MUMT 613 (3) Computer Music Seminar 4
MUMT 614 (3) Computer Music Seminar 5
MUMT 615 (3) Computer Music Seminar 6

Elective Courses (6 credits)
Two 3-credit graduate electives, approved by the Department.

Thesis (33 credits)

Thesis (33 credits). The candidate will undertake supervised research leading to a thesis which will utilize or investigate computer applications in one of the following areas of music study and practice: performance, jazz, sound recording, theory, composition, music education, musicology.

M.A. in Music – Musicology (Thesis) (48 credits)

Required Courses (15 credits)
MUHL 529 (3) Proseminar in Musicology

Four 3-credit graduate courses approved by the Department, normally at least two of these will be Seminars in Musicology from the courses below:
MUHL 680 (3) Seminar in Musicology 1
MUHL 681 (3) Seminar in Musicology 2
MUHL 682 (3) Seminar in Musicology 3
 MUHL 683 (3) Seminar in Musicology 4
 MUHL 684 (3) Seminar in Musicology 5
 MUHL 685 (3) Seminar in Musicology 6
 MUHL 692 (3) Seminar in Music Literature 1
 MUHL 693 (3) Seminar in Music Literature 2
 MUHL 694 (3) Seminar in Music Literature 3
 MUHL 695 (3) Seminar in Music Literature 4
 MUHL 696 (3) Seminar in Music Literature 5
 MUHL 697 (3) Seminar in Music Literature 6

**Thesis** (33 credits)

Thesis (33 credits). The candidate will undertake supervised research leading to a thesis which will utilize or investigate computer applications in one of the following areas of music study and practice: performance, jazz, sound recording, theory, composition, music education, musicology.

**Master of Music – Sound Recording (Non-Thesis)** (60 credits)

**Required Courses** (51 credits)
- MUSR 629D1/D2 (4) Technical Ear Training
- MUSR 667 (3) Digital Studio Technology
- MUSR 668 (3) Digital/Analog Audio Editing
- MUSR 669D1/D2 (3) Topics: Classical Music Recording
- MUSR 670D1/D2 (10) Recording Theory and Practice 1
- MUSR 671D1/D2 (10) Recording Theory and Practice 2
- MUSR 672D1/D2 (6) Analysis of Recordings
- MUSR 674 (3) Electronic and Electroacoustic Measurement
- MUSR 677D1/D2 (6) Audio for Video Post-Production
- MUSR 678 (3) Advanced Digital Editing and Post-Production

**Elective Courses** (9 credits)

Three approved 3-credit graduate electives.

**M.A. in Music – Theory (Thesis)** (48 credits)

**Required Courses** (15 credits)

Five 3-credit graduate courses approved by the Department, normally three will be Seminars in Music Theory from the following:
- MUTH 652 (3) Seminar in Music Theory 1
- MUTH 653 (3) Seminar in Music Theory 2
- MUTH 654 (3) Seminar in Music Theory 3
- MUTH 655 (3) Seminar in Music Theory 4
- MUTH 656 (3) Seminar in Music Theory 5
- MUTH 657 (3) Seminar in Music Theory 6

And one of the following:
- MUTH 658 (3) History of Music Theory 1
- MUTH 659 (3) History of Music Theory 2

**Thesis** (33 credits)

Thesis (33 credits). The candidate will undertake supervised research leading to a thesis which will be an in-depth investigation in some specialized field of music theory.

**M.A. in Music (Non-Thesis) options in Music Education, Musicology, and Theory** (45 credits)

**Required Courses** (21 credits)

Seven 3-credit graduate courses approved by the appropriate Area, four of which must be in the Area itself.

For students in the Musicology Area, one of the courses must be:
- MUHL 529 (3) Proseminar in Musicology

For students in the Theory Area, one of the courses must be:
- MUTH 658 (3) History of Music Theory 1
- or MUTH 659 (3) History of Music Theory 2

For students in Music Education, and with the approval of the Music Education Area, two of the seven 3-credit courses may be taken in the Faculty of Education.

**Reading and Research Courses** (24 credits)

Three approved 3-credit graduate electives.
- MUGS 614 (3) Reading Course 1
- MUGS 615 (3) Reading Course 2
- MUGS 635 (9) Research Paper 1
- MUGS 636 (9) Research Paper 2

**Master of Music – Performance: Solo – Guitar, Orchestral Instruments, Organ, Conducting** (45 credits)

**Required Courses** (15 credits)
- MUPG 620 (4) Performance Tutorial 1
- MUPG 621 (4) Performance Tutorial 2
- MUPG 622 (4) Performance Tutorial 3

One of the following:
- MUPP 690 (3) Performance Practice Seminar 1
- MUPP 691 (3) Performance Practice Seminar 2
- MUPP 692 (3) Performance Practice Seminar 3
- MUPP 693 (3) Performance Practice Seminar 4
- MUPP 694 (3) Performance Practice Seminar 5
- MUPP 695 (3) Performance Practice Seminar 6

**Complementary Courses** (6 credits)

One approved graduate 3-credit seminar with the prefix MUCO, MUGS, MUGT, MUHL, MUMT, MUPP, MUTH

One additional graduate 3-credit seminar approved by the Department

**Recitals** (24 credits)
- MUPG 660 (12) Solo Recital Project 1
- MUPG 667 (12) Solo Recital 2

Note: One of these could optionally include some chamber music.

**Master of Music – Performance: Chamber Music** (48 credits)

(All instruments except Piano, Guitar, Early Music Instruments, Organ, Harp and Double Bass.)

**Required Courses** (18 credits)
- MUPG 620 (4) Performance Tutorial 1
- MUPG 621 (4) Performance Tutorial 2
- MUPG 622 (4) Performance Tutorial 3

3 credits of:
- MUEN 560 (1) Chamber Music Ensemble

One of the following:
- MUPP 690 (3) Performance Practice Seminar 1
- MUPP 691 (3) Performance Practice Seminar 2
- MUPP 692 (3) Performance Practice Seminar 3
- MUPP 693 (3) Performance Practice Seminar 4
- MUPP 694 (3) Performance Practice Seminar 5
- MUPP 695 (3) Performance Practice Seminar 6

**Complementary Courses** (6 credits)

One approved graduate 3-credit seminar with the prefix MUCO, MUGS, MUGT, MUHL, MUMT, MUPP, MUTH

One additional graduate 3-credit seminar approved by the Department

**Recitals** (24 credits)
- MUPG 661 (12) Chamber Recital Project 1
- MUPG 668 (12) Chamber Music Recital 2

Note: One of these could optionally include some solo music.

**Master of Music – Performance: Solo Piano** (49 credits)

**Required Courses** (22 credits)
- MUPG 620 (4) Performance Tutorial 1
- MUPG 621 (4) Performance Tutorial 2
- MUPG 622 (4) Performance Tutorial 3
- MUPG 681 (2) Piano Seminar 1
- MUPG 682 (2) Piano Seminar 2

3 credits of the following:
- MUEN 560 (1) Chamber Music Ensemble
Master of Music – Performance: Chamber Music - Piano
(49 credits)

Required Courses (22 credits)
MUPG 620 (4) Performance Tutorial 1
MUPG 621 (4) Performance Tutorial 2
MUPG 622 (4) Performance Tutorial 3
MUPG 681 (2) Piano Seminar 1
MUPG 682 (2) Piano Seminar 2

3 credits from the following:
MUEN 560 (1) Chamber Music Ensemble
MUEN 578 (1) Song Interpretation 1
MUEN 579 (1) Song Interpretation 2
MUEN 584 (1) Studio Accompanying
MUEN 594 (2) Contemporary Music Ensemble
MUEN 597 (2) Orchestral Ensembles
MUEN 684 (2) Studio Accompanying

One of the following:
MUPP 690 (3) Performance Practice Seminar 1
MUPP 691 (3) Performance Practice Seminar 2
MUPP 692 (3) Performance Practice Seminar 3
MUPP 693 (3) Performance Practice Seminar 4
MUPP 694 (3) Performance Practice Seminar 5
MUPP 695 (3) Performance Practice Seminar 6

Complementary Courses (3 credits)
One approved graduate 3-credit seminar with the prefix MUCO, MUGS, MUGT, MUHL, MUMT, MUPP, MUTH

Recitals (24 credits)
MUPG 660 (12) Solo Recital Project 1
MUPG 667 (12) Solo Recital 2

Note: One of these could optionally include some chamber music.

Master of Music – Performance: Orchestral Training
(45 credits) (All orchestral instruments except Harp.)

Required Courses (21 credits)
MUPG 620 (4) Performance Tutorial 1
MUPG 621 (4) Performance Tutorial 2
MUPG 622 (4) Performance Tutorial 3
MUPG 681 (2) Piano Seminar 1
MUPG 682 (2) Piano Seminar 2

6 credits of:
MUEN 597 (2) Orchestral Ensembles

One of the following:
MUPP 690 (3) Performance Practice Seminar 1
MUPP 691 (3) Performance Practice Seminar 2
MUPP 692 (3) Performance Practice Seminar 3
MUPP 693 (3) Performance Practice Seminar 4
MUPP 694 (3) Performance Practice Seminar 5
MUPP 695 (3) Performance Practice Seminar 6

Complementary Courses (6 credits)
One approved graduate 3-credit seminar with the prefix MUCO, MUGS, MUGT, MUHL, MUMT, MUPP, MUTH

One additional graduate 3-credit seminar approved by the Department

Recitals (18 credits)
MUPG 663 (6) Quick Study Examination
MUPG 665 (6) Accompanying Recital Project

6 credits of:
MUEN 597 (2) Orchestral Ensembles

One of the following:
MUPP 690 (3) Performance Practice Seminar 1
MUPP 691 (3) Performance Practice Seminar 2
MUPP 692 (3) Performance Practice Seminar 3
MUPP 693 (3) Performance Practice Seminar 4
MUPP 694 (3) Performance Practice Seminar 5
MUPP 695 (3) Performance Practice Seminar 6

Complementary Courses (6 credits)
One approved graduate 3-credit seminar with the prefix MUCO, MUGS, MUGT, MUHL, MUMT, MUPP, MUTH

One additional graduate 3-credit seminar approved by the Department

Recitals (18 credits)
MUPG 660 (12) Solo Recital Project 1
MUPG 664 (6) Repertoire Examination

Master of Music – Performance: Opera Performance
(45 credits)

Required Courses (21 credits)
MUIN 600 (2) Vocal Repertoire Coaching 1
MUIN 601 (2) Vocal Repertoire Coaching 2
MUIN 602 (2) Vocal Repertoire Coaching 3
MUPG 620 (4) Performance Tutorial 1
MUPG 621 (4) Performance Tutorial 2
MUPG 622 (4) Performance Tutorial 3

One of the following:
MUPG 590 (3) Vocal Styles and Conventions
MUPP 690 (3) Performance Practice Seminar 1
MUPP 691 (3) Performance Practice Seminar 2
MUPP 692 (3) Performance Practice Seminar 3
MUPP 693 (3) Performance Practice Seminar 4
MUPP 694 (3) Performance Practice Seminar 5
MUPP 695 (3) Performance Practice Seminar 6
Complementary Courses (6 credits)
One approved graduate 3-credit seminar with the prefix MU CO,
MUGS, MUGT, MUHL, MUMT, MUPP, MUTH
One additional graduate 3-credit seminar from the following:
MUPG 590 (3) Vocal Styles and Conventions
(if not already taken as a required course)
MUPG 691 (3) Vocal Seminar 1
MUPG 692 (3) Vocal Seminar 2
MUPG 693 (3) Vocal Treatises and Methods
MUPG 694 (3) Vocal Physiology for Singers
Recitals (18 credits)
MUPG 656 (6) Vocal Quick Study
MUPG 657 (6) Opera Performance Project
MUPG 658 (6) Opera Performance

Master of Music – Performance: Vocal Opera Coach
(45 credits)
Required Courses (21 credits)
MUPG 620 (4) Performance Tutorial 1
MUPG 621 (4) Performance Tutorial 2
MUPG 622 (4) Performance Tutorial 3
MUPG 646 (1) Score- and Sight-Reading 1
MUPG 647 (1) Score- and Sight-Reading 2
MUPG 670 (2) Advanced Continuo 1
MUPG 671 (2) Advanced Continuo 2
One of the following:
MUPG 590 (3) Vocal Styles and Conventions
MUPP 690 (3) Performance Practice Seminar 1
MUPP 691 (3) Performance Practice Seminar 2
MUPP 692 (3) Performance Practice Seminar 3
MUPP 693 (3) Performance Practice Seminar 4
MUPP 694 (3) Performance Practice Seminar 5
MUPP 695 (3) Performance Practice Seminar 6
Complementary Courses (6 credits)
One approved graduate 3-credit seminar with the prefix MU CO,
MUGS, MUGT, MUHL, MUMT, MUPP, MUTH
One additional graduate 3-credit seminar from the following:
MUPG 590 (3) Vocal Styles and Conventions
(if not already taken as a required course)
MUPG 691 (3) Vocal Seminar 1
MUPG 692 (3) Vocal Seminar 2
MUPG 693 (3) Vocal Treatises and Methods
MUPG 694 (3) Vocal Physiology for Singers
Recitals (18 credits)
MUPG 653 (6) Opera Coach Project
MUPG 654 (6) Opera Coach Performance
MUPG 655 (6) Opera Coach Quick Study

Master of Music – Performance: Vocal Pedagogy
(47 credits)
Required Courses (27 credits)
MUPG 611 (3) Directed Voice Teaching 1
MUPG 612 (3) Directed Voice Teaching 2
MUPG 620 (4) Performance Tutorial 1
MUPG 621 (4) Performance Tutorial 2
MUPG 622 (4) Performance Tutorial 3
MUPG 650 (3) Voice Lecture - Demonstration
MUPG 653 (3) Vocal Treatises and Methods
MUPG 660 (6) Voice Lecture - Demonstration
MUPG 656 (6) Vocal Quick Study
MUPG 657 (6) Opera Performance Project
MUPG 658 (6) Opera Performance
One of the following:
MUPG 590 (3) Vocal Styles and Conventions
MUPP 690 (3) Performance Practice Seminar 1
MUPP 691 (3) Performance Practice Seminar 2
MUPP 692 (3) Performance Practice Seminar 3
MUPP 693 (3) Performance Practice Seminar 4
MUPP 694 (3) Performance Practice Seminar 5
MUPP 695 (3) Performance Practice Seminar 6

Complementary Courses (8 credits)
One approved graduate 3-credit seminar with the prefix MU CO,
MUGS, MUGT, MUHL, MUMT, MUPP, MUTH
One of the following:
MUPG 590 (3) Vocal Styles and Conventions
MUPP 690 (3) Performance Practice Seminar 1
MUPP 691 (3) Performance Practice Seminar 2
MUPP 692 (3) Performance Practice Seminar 3
MUPP 693 (3) Performance Practice Seminar 4
MUPP 694 (3) Performance Practice Seminar 5
MUPP 695 (3) Performance Practice Seminar 6

Recitals (12 credits)
MUPG 660 (12) Solo Recital 1
MUPG 661 (12) Solo Recital 2
MUPG 662 (12) Solo Recital 3
MUPG 663 (12) Solo Recital 4
MUPG 664 (12) Solo Recital 5
MUPG 665 (12) Solo Recital 6
MUPG 666 (12) Solo Recital 7
MUPG 667 (12) Solo Recital 8

Master of Music – Performance: Early Music
(48 credits)
Required Courses (15 credits)
MUPG 620 (4) Performance Tutorial 1
MUPG 621 (4) Performance Tutorial 2
MUPG 622 (4) Performance Tutorial 3
3 credits of:
MUEN 580 (1) Early Music Ensemble
Harpischord players must satisfy the corequisite of
MUPG 372 D1/D2 (2) Continuo
Complementary Courses (9 credits)
3 credits from the following:
MUPG 690 (3) Performance Practice Seminar 1
MUPG 691 (3) Performance Practice Seminar 2
MUPG 692 (3) Performance Practice Seminar 3
MUPG 693 (3) Performance Practice Seminar 4
MUPG 694 (3) Performance Practice Seminar 5
MUPG 695 (3) Performance Practice Seminar 6

McGill University, Graduate and Postdoctoral Studies 2007-2008 353
One approved graduate 3-credit seminar approved by the Department
Recitals (24 credits)
MUPG 660 (12) Solo Recital Project 1
MUPG 662 (12) Solo & Chamber Music Recital

Master of Music – Performance: Church Music - Organ
(45 credits)

Required Courses (18 credits)
MUPG 620 (4) Performance Tutorial 1
MUPG 621 (4) Performance Tutorial 2
MUPG 622 (4) Performance Tutorial 3
6 credits of:
MUCO 722D1/D2 (6) Doctoral Composition Tutorial
MUCO 721 (4) Doctoral Composition Tutorial 2
MUCO 720 (4) Doctoral Composition Tutorial 1

Complementary Courses (6 credits)
One approved graduate 3-credit seminar with the prefix MUCO, MUGS, MUGT, MUHL, MUMT, MUPP, MUTH
One additional graduate 3-credit seminar approved by the Department
Recitals (18 credits)
MUPG 660 (12) Solo Recital Project 1
MUPG 676D1/D2 (6) Special Project in Performance 2

Master of Music – Performance: Jazz Performance
(49 credits) (Saxophone, Trumpet, Trombone, Drums, Piano, Guitar, Bass, Voice)

Required Courses (19 credits)
MUPG 652 (4) Jazz Ensemble
MUCO 659 (2) Jazz Ensembles
MUCO 660 (3) Jazz Pedagogy
MUPG 626 (4) Jazz Performance/Composition Tutorial 1
MUPG 627 (4) Jazz Performance/Composition Tutorial 2
MUPG 628 (4) Jazz Performance/Composition Tutorial 3

Complementary Courses (22 - 25 credits)
22 - 25 credits from one of the following options, A, B, or C:

Option A (25 credits):
MUCO 640 (2) Jazz Composition & Arranging 1
MUCO 641 (2) Jazz Composition & Arranging 2
MUPG 659 (9) Performance in Recording Media
MUPG 660 (12) Solo Recital Project 1

Option B (22 credits):
MUCO 640 (2) Jazz Composition & Arranging 1
MUCO 641 (2) Jazz Composition & Arranging 2
MUPG 652 (9) Jazz Ensemble Recital Project
MUPG 659 (9) Performance in Recording Media

Option C (25 credits):
MUCO 644 (2) Jazz Repertoire Project 1
MUCO 645 (2) Jazz Repertoire Project 2
MUPG 652 (9) Jazz Ensemble Recital Project
MUPG 660 (12) Solo Recital Project 1

Elective Courses (5 - 8 credits)
One graduate 2-credit ensemble at the 500-level with the prefix MUCO.
3 - 6 credits from one of the following options, A, B, or C:

Option A (3 credits):
One 3-credit graduate seminar at the 600-level approved by the Department.

Option B (6 credits):
Two 3-credit graduate seminars at the 600-level approved by the Department.

Option C (3 credits):
One 3-credit graduate seminar at the 600-level approved by the Department.

Courses approved as electives for M.Mus. students in Performance:
All courses at the 600-level with the prefix MUCO, MUGS, MUGT, MUHL, MUMT, MUPP and MUTH and MUCO 591D1/D2 Paleography have been approved as electives for M.Mus. students in Performance.

Doctor of Music (D.Mus.) Degree Requirements - Composition
A minimum of two years' residence is required beyond the M.Mus. in Composition, or its equivalent.
Details concerning the comprehensive examinations, composition performance, thesis and academic regulations are available from the Student Affairs Coordinator, Schulich School of Music.

Required Courses (24 credits)

Comprehensive Examination:
MUCO 701 (0) Comprehensive Examination Part 1
MUCO 702 (0) Comprehensive Examination Part 2
12 credits (two years) of:
MUCO 722D1/D2 (6) Doctoral Composition Tutorial

Electives Courses (12 credits)
Four approved 3-credit graduate electives or the equivalent.

Composition Performance:
The candidate must present a concert of his/her compositions.
With the permission of the Composition Area Committee, the compositions may be presented as parts of two or three concerts, or as a list of national and international performances since the student began his/her residency.

Thesis:
The thesis is a musical composition of major dimensions together with a written analysis of the work. The thesis must be defended in an oral examination.

Doctor of Music (D.Mus.) Degree Requirements – Performance Studies
A minimum of two years' residence is required beyond the M.Mus. in Performance, or its equivalent.
Details concerning the comprehensive examinations, composition performance, thesis and academic regulations are available from the Student Affairs Coordinator, Schulich School of Music.

Required Courses (24-32 credits)

Comprehensive examination:
MUCO 701 (0) Comprehensive Examination Part 1
MUCO 702 (0) Comprehensive Examination Part 2
6 terms of 1 hour per week of Performance Tutorials:
MUPG 720 (4) D.Mus. Performance Tutorial 1
MUPG 721 (4) D.Mus. Performance Tutorial 2
MUPG 722 (4) D.Mus. Performance Tutorial 3
MUPG 723 (4) D.Mus. Performance Tutorial 4
MUPG 724 (4) D.Mus. Performance Tutorial 5
MUPG 725 (4) D.Mus. Performance Tutorial 6
OR 4 terms of 1.5 hours per week of:
MUPG 730 (6) D.Mus. Performance Tutorial 8
MUPG 731 (6) D.Mus. Performance Tutorial 9
MUPG 732 (6) D.Mus. Performance Tutorial 10
MUPG 733 (6) D.Mus. Performance Tutorial 11
Applicants who have completed an M.A. degree before entering

Complementary Courses (12 credits)
Four graduate level courses (3 credits each) to be chosen from among the Faculty's course offerings in consultation with the advisory committee. Three of the four courses should be in the Department of Music Research; one of the four may be replaced with a supervised special project approved by the advisory committee and the performance graduate sub-committee.

Recitals (36 credits)
MUPG 760  (12) Doctoral Recital 1
MUPG 767  (12) Doctoral Recital 2
MUPG 770  (12) Doctoral Lecture - Recital Project

PH.D. DEGREE REQUIREMENTS
The Ph.D. requires a minimum of three years of full-time resident study (6 full-time terms) beyond a Bachelor's degree. A candidate who holds a Master's degree in the area of specialization may, on the recommendation of the Department, be permitted to count the work done for the Master's degree as the first year of resident study.

Requirements
Language reading examinations:
In two foreign languages (one foreign language for students in composition, music education; none required for students in sound recording and music technology).

Normally, one of these will be German and the other related to the candidate's field of research.

A third language may be required if considered necessary for the candidate's research.

Students whose mother tongue is French are exempt from the French Language Reading examination

Note: The language reading examinations must be passed before a candidate will be permitted to sit the Comprehensive Examinations.

Comprehensive examination:
MUGS 701  (0) Comprehensive Examination Part 1
MUGS 702  (0) Comprehensive Examination Part 2

Complementary Courses (15-30 credits):
Ten 3-credit graduate courses approved by the Department (the Doctoral Tutorial will be considered a course for purposes of this requirement).

Applicants who have completed an M.A. degree before entering the Ph.D. program will be required to complete at least five approved 3-credit graduate courses beyond the M.A. requirements.

Applicants in composition will be required to complete at least four approved 3-credit graduate courses and two terms of MUIN 703 (2) Doctoral Repertoire Coaching 4

Doctoral Colloquium:
Required attendance for four terms of the Doctoral Colloquium.
MUGS 705  (0) Colloquium

Note: Regular attendance and at least one presentation on their thesis research in the Colloquium during the course of their doctoral studies is required.

Composition Performance:
Composition applicants only:
The candidate must present a concert of his/her compositions. With the permission of the Composition Area Committee, the compositions may be presented as parts of two or three concerts, or as a list of national and international performances since the student began his/her residency.

Doctoral Dissertation:
All courses and language requirements and the comprehensive examinations must be successfully completed before the dissertation is submitted.

53.6 Courses
Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

The course credit weight is given in parentheses after the title.

SEMINARS
Enrolment in seminars will normally be limited to 10. Each year a selection of the following courses are offered:
MUIN 631 Seminar in Composition 1. (3) (3 hours)
MUIN 632 Seminar in Composition 2. (3) (3 hours)
MUIN 633 Seminar in Composition 3. (3) (3 hours)
MUIN 634 Seminar in Composition 4. (3) (3 hours)
MUIN 635 Seminar in Composition 5. (3) (3 hours)
MUIN 636 Seminar in Composition 6. (3) (3 hours)
MUGT 610 Seminar - Music Education 1. (3) (3 hours)
MUGT 611 Seminar - Music Education 2. (3) (3 hours)
MUGT 612 Seminar - Music Education 3. (3) (3 hours)
MUGT 613 Seminar - Music Education 4. (3) (3 hours)
MUHL 680 Seminar in Musicology 1. (3) (3 hours)
MUHL 681 Seminar in Musicology 2. (3) (3 hours)
MUHL 682 Seminar in Musicology 3. (3) (3 hours)
MUHL 683 Seminar in Musicology 4. (3) (3 hours)
MUHL 684 Seminar in Musicology 5. (3) (3 hours)
MUHL 685 Seminar in Musicology 6. (3) (3 hours)
MUHL 692 Seminar in Music Literature 1. (3) (3 hours)
MUHL 693 Seminar in Music Literature 2. (3) (3 hours)
MUHL 694 Seminar in Music Literature 3. (3) (3 hours)
MUHL 695 Seminar in Music Literature 4. (3) (3 hours)
MUHL 696 Seminar in Music Literature 5. (3) (3 hours)
MUHL 697 Seminar in Music Literature 6. (3) (3 hours)
MUMT 610 Computer Music Seminar 1. (3) (3 hours)
MUMT 611 Computer Music Seminar 2. (3) (3 hours)
MUMT 612 Computer Music Seminar 3. (3) (3 hours)
MUMT 613 Computer Music Seminar 4. (3) (3 hours)
MUMT 614 Computer Music Seminar 5. (3) (3 hours)
MUMT 615 Computer Music Seminar 6. (3) (3 hours)
MUPP 690 Performance Practice Seminar 1. (3) (3 hours)
MUPP 691 Performance Practice Seminar 2. (3) (3 hours)
MUPP 692 Performance Practice Seminar 3. (3) (3 hours)
MUPP 693 Performance Practice Seminar 4. (3) (3 hours)
MUPP 694 Performance Practice Seminar 5. (3) (3 hours)
MUPP 695 Performance Practice Seminar 6. (3) (3 hours)
MUSR 690 Media Theory and Practice Seminar 1. (3) (3 hours)
MUSR 691 Media Theory and Practice Seminar 2. (3) (3 hours)
MUSR 692 Media Theory and Practice Seminar 3. (3) (3 hours)
MUSR 693 Media Theory and Practice Seminar 4. (3) (3 hours)
MUSR 694 Media Theory and Practice Seminar 5. (3) (3 hours)
MUSR 695 Media Theory and Practice Seminar 6. (3) (3 hours)
MU R COURSES

MUCO 631 Seminar in Music Theory 1. (3) (3 hours)
MUCO 632 Seminar in Music Theory 2. (3) (3 hours)
MUCO 633 Seminar in Music Theory 3. (3) (3 hours)
MUCO 634 Seminar in Music Theory 4. (3) (3 hours)
MUCO 635 Seminar in Music Theory 5. (3) (3 hours)
MUCO 636 Seminar in Music Theory 6. (3) (3 hours)

Topics for graduate seminars vary from year to year and are normally chosen according to the individual instructor's areas of research expertise. A list of detailed seminar descriptions can be found on the Schulich School of Music Website prior to Fall registration. The following indicates the scope of offerings with some sample topics. Note: Topics listed will not necessarily be offered in the upcoming year.

Composition Seminar: Music After 1945; The Symphony in the Twentieth Century; The Music of Olivier Messiaen.

Computer Music Seminar: Advanced topics in computer applications in music will be examined. Students will be expected to 1) present critical analyses of current research and 2) develop and implement software demonstrations.

Music Education Seminar: Music Criticism and Music Education; Musical Ability; Aesthetics, Music, and Music Education.

Music Literature Seminar: The Music of Bela Bartok; The Symphonies of Beethoven; The Nineteenth-century French Symphony; The Choral Music of Johannes Brahms; French opera from Carmen to Pelléas; The Music of Ockeghem and Busnoys.

Musicalogy Seminar: Beethoven Style Periods; The "Roman de Fauvel"; The German Lied; Problems in Verdi Studies; Studies in the Wagner Operas.

Music Theory Seminar: Theory and Analysis of Classical Form; Mathematical Set and Group Theory Models; Theories of Musical Rhythm and Meter; The Late Music of Igor Stravinsky.

Performance Practice Seminar: Performance Practice of the Beethoven Piano Sonatas; Performance Practice and the Standard Repertoire (18th and early 19th century); 20th-century Performance Practice.

COURSES

MUCO 541 ADVANCED DIGITAL STUDIO COMPOSITION 1. (3) (Pre-requisite: MUCO 342 or permission of the instructor.) Advanced topics in digital studio composition. Aesthetics and poetics of electroacoustic composition. Analytical approaches to this repertoire. Use of digital signal processing and synthesis techniques. Creation of complete pieces incorporating music technology which may include a live performance component.

MUCO 542 ADVANCED DIGITAL STUDIO COMPOSITION 2. (3) (Pre-requisite: MUCO 541.) Further advanced topics in digital studio composition culminating in a complete large-scale work incorporating music technology, including computer-assisted composition, analysis/resynthesis techniques, and new gestural controllers for live performance of digital musical instruments.

MUCO 622D1 (3), MUCO 622D2 (Pre-requisite for both MUCO 622D1 and MUCO 622D2) (No credit will be given for this course unless both MUCO 622D1 and MUCO 622D2 are successfully completed in consecutive terms)

MUCO 631 Seminar in Composition 1. (3) (3 hours)
MUCO 632 Seminar in Composition 2. (3) (3 hours)
MUCO 633 Seminar in Composition 3. (3) (3 hours)
MUCO 634 Seminar in Composition 4. (3) (3 hours)
MUCO 635 Seminar in Composition 5. (3) (3 hours)
MUCO 636 Seminar in Composition 6. (3) (3 hours)

MUCO 722D1 (3), MUCO 722D2 (3) DOCTORAL COMPOSITION TUTORIAL. (Students must register for both MUCO 722D1 and MUCO 722D2) (No credit will be given for this course unless both MUCO 722D1 and MUCO 722D2 are successfully completed in consecutive terms)

MUCT 602 SEMINAR IN CHORAL TECHNIQUES. (3) (3 hours)
MUCT 603 SEMINAR IN CHORAL TECHNIQUES. (3) (3 hours)
MUEN 560 CHAMBER MUSIC ENSEMBLE. (1).

MUEN 561 2ND CHAMBER MUSIC ENSEMBLE. (1) (1 hour) (Prerequisite: Audition.) (Restriction: Not open to students who have taken MUEN 661.) Chamber music of the Medieval, Renaissance and Baroque periods.

MUEN 567 BEETHOVEN ORCHESTRA. (1) (Prerequisite: Audition.) (Note: Open to all students registered at McGill.) A reading orchestra that also functions as a conductor's workshop orchestra. Repertoire includes the complete Beethoven Symphonies.

MUEN 568 MULTIPLE ENSEMBLE 1. (1) (Restriction: Not open to students who have taken MUEN 468.)

MUEN 570 JAZZ COMBO. (1) (1 hour) (Prerequisite: Audition.) (Restriction: Open only to Jazz Performance Majors. Not open to students who have taken MUEN 470.) A Jazz Improvisation Ensemble of approximately 4 to 9 players.

MUEN 571 CONTEMPORARY IMPROVISATION ENSEMBLE. (1) (Prerequisite: Audition.) (Restriction: Open to advanced performance majors.) Ensembles of 4-6 players will explore the creative performance practice of improvisatory contemporary music.

MUEN 572 CAPPELLA ANTICA. (2) (4 hours) (Prerequisite: Audition.) (Restriction: Not open to students who have taken MUEN 472.) An ensemble of 8 to 12 voices specializing in early music. N.B. This ensemble may substitute as a Basic Ensemble in programs that specify Choral Ensemble, with Departmental approval.

MUEN 573 BAROQUE ORCHESTRA. (2) (4 hours) (Prerequisites: Audition AND MUEN 480 AND a prerequisite or corequisite of MUPP 381. Additional prerequisite for keyboard players: MUPG 372 with a grade of A-.) (Restriction: Not open to students who have taken MUEN 473.) Open to singers and instrumentalists, this ensemble specializes in chamber music primarily of the Baroque era.

MUEN 578 SONG INTERPRETATION 1. (1) (2 hours) (Prerequisite: Audition.) (Restriction: Not open to students who have taken MUEN 479.) Normally open only to Voice and Piano Performance students. Study of the standard song repertoire with emphasis on the singer and pianist as partners. A public recital will be given at the end of each term.

MUEN 579 SONG INTERPRETATION 2. (1) .

MUEN 580 EARLY MUSIC ENSEMBLE. (1) (Prerequisite: Audition. Prerequisite or corequisite for keyboard players: MUPG 272.) (Restriction: Not open to students who have taken MUEN 480.) An ensemble of 4-6 vocalists and instrumentalists which performs music of the Medieval, Renaissance and Baroque periods.

MUEN 584 STUDIO ACCOMPANYING (1) (4 hours) (Prerequisite: MUEN 583 (formerly MUEN 483).) (Restriction: Not open to students who have taken MUEN 484.) Highly qualified accompanists will be assigned to work independently with studio teachers and their students.

MUEN 587 CAPPELLA MCGILL (2) (4 hours) (Prerequisite: Audition.) (Restriction: Not open to students who have taken MUEN 487.) (Note: May be taken instead of Choral Ensemble.) An ensemble of 16 voices performing challenging repertoire from the Renaissance to the present day. Since the expectation is a level of performance equivalent to a professional chamber ensemble, singers wishing to join this group should have had considerable ensemble experience, and advanced vocal and sight-reading skills.

MUEN 590 MCGILL WINDS. (2) (4-6 hours) (Prerequisite: Audition.) (Restriction: Not open to students who have taken MUEN 490.)
MUEN 592 CHAMBER JAZZ ENSEMBLE. (2) (Restriction: Open to Jazz Performance students only. Not open to students who have taken MUEN 492.) This ensemble will deal with the extensive repertoire of music which exists for small jazz orchestra (9-13 instruments).

MUEN 593 CHORAL ENSEMBLES. (2) (4 hours) (Prerequisite: Audition.) (Section 001 Chamber Singers: a group of approximately 24 mixed voices which explores the a capella repertoire of all periods as well as works with chamber accompaniment.) (Section 002 Concert Choir: an ensemble of approximately 60 voices (S.A.T.B.) which performs the repertoire from all periods appropriate to a group of this size.) (Section 003 University Chorus: a mixed chorus of approximately 100 which performs a variety of choral material including both traditional and popular selections.) (Section 004 Women's Chorale: an ensemble of approximately 40 women stressing the fundamentals of singing and ensemble participation.) (Restriction: Not open to students who have taken MUEN 493.) Students enrolling in Choral Ensembles will be assigned to one of the above groups.

MUEN 594 CONTEMPORARY MUSIC ENSEMBLE. (2) (4 hours) (Prerequisite: Audition.) (Restriction: Not open to students who have taken MUEN 494.)

MUEN 595 JAZZ ENSEMBLES. (2) (3-4 hours) (Prerequisite: Audition.) (Restriction: Not open to students who have taken MUEN 495.)

MUEN 596 OPERA REPETITORE. (2) (6 hours) (Restriction: Open by audition to advanced pianists, and to students in conducting, who are interested in training as operatic coaches. Students enrolled for piano instruction at McGill must also have their practical teacher's approval) Supervised coaching of singers, and playing of scenes and productions; rehearsal pianists and backstage conducting responsibilities.

MUEN 597 ORCHESTRAL ENSEMBLES. (2) (6-7 hours) (Prerequisite: Audition.) (Restriction: Not open to students who have taken MUEN 497.)

MUEN 684 STUDIO ACCOMPANYING. (2) (Prerequisite: Audition; 2 hours) Students will be assigned to work as accompanists with performance teachers and their students.

MUEN 688 MULTIPLE ENSEMBLES. (2) Student participation in more than one ensemble in different concert periods over the course of a term.

MUEN 696 OPERA THEATRE. (2) (3-6 hours) (Prerequisite: open to all Graduate Performance and Artist Diploma students who have completed MUEN 496 or its equivalent.) Individual coaching in acting, movement and role preparation; possibility for roles in Opera McGill productions (by audition).

MUG 614 READING COURSE 1. (3) Independent study of an approved topic or topics under the guidance of a supervisor. Topics will be chosen to suit individual needs and interests. The extent of reading, synthesis, and reporting will be agreed upon by the supervisor and the student at the beginning of the course.

MUGS 615 READING COURSE 2. (3) Independent study of an approved topic or topics under the guidance of a supervisor. Topics will be chosen to suit individual needs and interests. The extent of reading, synthesis, and reporting will be agreed upon by the supervisor and the student at the beginning of the course.

MUGS 635 RESEARCH PAPER 1. (9)
MUGS 635D1 (4.5), MUGS 635D2 (4.5) RESEARCH PAPER 1. (Students must register for both MUGS 635D1 and MUGS 635D2) (No credit will be given for this course unless both MUGS 635D1 and MUGS 635D2 are successfully completed in consecutive terms) (MUGS 635D1 and MUGS 635D2 together are equivalent to MUGS 635)

MUGS 636 RESEARCH PAPER 2. (9)
MUGS 636D1 (4.5), MUGS 636D2 (4.5) RESEARCH PAPER 2. (Students must register for both MUGS 636D1 and MUGS 636D2) (No credit will be given for this course unless both MUGS 636D1 and MUGS 636D2 are successfully completed in consecutive terms) (MUGS 636D1 and MUGS 636D2 together are equivalent to MUGS 636)

MUGS 675 SPECIAL PROJECT. (3) (Requires Departmental approval)

MUGS 675D1 (1.5), MUGS 675D2 (1.5) SPECIAL PROJECT. (Students must register for both MUGS 675D1 and MUGS 675D2) (No credit will be given for this course unless both MUGS 675D1 and MUGS 675D2 are successfully completed in consecutive terms) (MUGS 675D1 and MUGS 675D2 together are equivalent to MUGS 675)

MUGS 683 MASTER’S THESIS RESEARCH 1. (3)
MUGS 684 MASTER’S THESIS RESEARCH 2. (6)
MUGS 685 MASTER’S THESIS RESEARCH 3. (9)
MUGS 686 MASTER’S THESIS RESEARCH 4. (12)
MUGS 687 MASTER’S THESIS. (12)

MUGS 694 SPECIAL TOPIC SEMINAR. (3) (3 hours)
MUGS 695 SPECIAL TOPIC SEMINAR. (3) (3 hours)

MUGS 701 COMPREHENSIVE EXAMINATION PART 1. (0)
MUGS 701D1 (0), MUGS 701D2 (0) COMPREHENSIVE EXAMINATION PART 1. (Students must register for both MUGS 701D1 and MUGS 701D2) (No credit will be given for this course unless both MUGS 701D1 and MUGS 701D2 are successfully completed in consecutive terms) (MUGS 701D1 and MUGS 701D2 together are equivalent to MUGS 701)

MUGS 702 COMPREHENSIVE EXAMINATION PART 2. (0)
MUGS 702D1 (0), MUGS 702D2 (0) COMPREHENSIVE EXAMINATION PART 2. (Students must register for both MUGS 702D1 and MUGS 702D2) (No credit will be given for this course unless both MUGS 702D1 and MUGS 702D2 are successfully completed in consecutive terms) (MUGS 702D1 and MUGS 702D2 together are equivalent to MUGS 702)

MUGS 705 COLLOQUIUM. (0)
MUGS 705D1 (0), MUGS 705D2 (0) COLLOQUIUM. (Students must register for both MUGS 705D1 and MUGS 705D2) (No credit will be given for this course unless both MUGS 705D1 and MUGS 705D2 are successfully completed in consecutive terms) (MUGS 705D1 and MUGS 705D2 together are equivalent to MUGS 705)

MUGT 610 SEMINAR - MUSIC EDUCATION 1. (3) (3 hours)
MUGT 611 SEMINAR - MUSIC EDUCATION 2. (3) (3 hours)
MUGT 612 SEMINAR - MUSIC EDUCATION 3. (3) (3 hours)
MUGT 613 SEMINAR - MUSIC EDUCATION 4. (3) (3 hours)

MUHL 529 PROSEMINAR IN MUSICOLOGY. (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSB 231) (Prerequisite: open to all students in a Major or Honours program in Music History, and to students in other programs by permission of instructor) Normally alternates with MUHL 591 Study of selected methodologies in musicology through critical examination of significant texts. Topics may include approaches to historiography, biography, editing and source studies, as well as aesthetics, literary criticism, semiology, feminist musicology, and ideology critique. Works by Adler, Adorno, Dahlmann, Kerman, McClary, Meyer, Nattiez, and Subotnik, among others, will be addressed.

MUHL 570 RESEARCH METHODS IN MUSIC. (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSB 231) (Prerequisite: open to all students in a Major or Honours program in Music History, and to students in other programs by permission of instructor) Survey and critical evaluation of research- and performance-related tools: composers' collected editions, monuments of music, bibliographies of music and music literature, discographies, directories, and databases. Topics will include: developing bibliographies, structuring written arguments, assessing academic and popular writings about music, and understanding the task of the music editor.

MUHL 591D1 (1.5), MUHL 591D2 (1.5) PALEOGRAPHY. (1 hour) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR
MUIN 240 and MUPSP 231) (Restriction: U3 honours students in History) (Normally alternates with MUHL 529) (Students must register for both MUHL 591D1 and MUHL 591D2.) (No credit will be given for this course unless both MUHL 591D1 and MUHL 591D2 are successfully completed in consecutive terms) The theory and practice of musical transcription for the period 1100 to 1600. Black modal notation, Franconian notation, French and Italian Ars Nova notation, Mannerism, white mensural notation, proportions, and lute and keyboard tablatures will be studied.

MUHL 565 MUSIC AESTHETICS AND CRITICISM. (3) (3 hours)

MUHL 680 SEMINAR IN MUSICOLGY 1. (3) (3 hours)

MUHL 681 SEMINAR IN MUSICOLGY 2. (3) (3 hours)

MUHL 682 SEMINAR IN MUSICOLGY 3. (3) (3 hours)

MUHL 683 SEMINAR IN MUSICOLGY 4. (3) (3 hours)

MUHL 684 SEMINAR IN MUSICOLGY 5. (3) (3 hours)

MUHL 685 SEMINAR IN MUSICOLGY 6. (3) (3 hours)

MUHL 692 SEMINAR IN MUSIC LITERATURE 1. (3) (3 hours)

MUHL 693 SEMINAR IN MUSIC LITERATURE 2. (3) (3 hours)

MUHL 694 SEMINAR IN MUSIC LITERATURE 3. (3) (3 hours)

MUHL 695 SEMINAR IN MUSIC LITERATURE 4. (3) (3 hours)

MUHL 696 SEMINAR IN MUSIC LITERATURE 5. (3) (3 hours)

MUHL 697 SEMINAR IN MUSIC LITERATURE 6. (3) (3 hours)

MUIN 600 VOCAL REPertoire Coaching 1. (2) (1 hour) A course in which the performer will have individual coaching sessions on repertoire, with emphasis on musical and linguistic nuance.

MUIN 601 VOCAL REPertoire Coaching 2. (2) (1 hour)

MUIN 602 VOCAL REPertoire Coaching 3. (2) Individual coaching sessions on advanced vocal repertoire, with emphasis on musical and linguistic nuance.

MUIN 700 DOCTORAL REPertoire Coaching 1. (2) Individual tutorial coaching sessions in repertoire, with emphasis on musical and linguistic nuance.

MUIN 701 DOCTORAL REPertoire Coaching 2. (2) Individual tutorial coaching sessions in repertoire, with emphasis on musical and linguistic nuance.

MUIN 702 DOCTORAL REPertoire Coaching 3. (2) Individual tutorial coaching sessions in repertoire, with emphasis on musical and linguistic nuance.

MUIN 703 DOCTORAL REPertoire Coaching 4. (2) Individual tutorial coaching sessions in repertoire, with emphasis on musical and linguistic nuance.

MUJZ 601 JAZZ PEDAGOGY. (3) (3 hours) A course designed to prepare students to teach jazz-related subjects at the university and professional level, with emphasis on ensemble direction and the instruction of improvisation, as well as course and curriculum development. Various pedagogical methods, philosophies, rehearsal techniques, and materials will be investigated.

MUJZ 640 JAZZ COMPOSITION & ARRANGING 1. (2) (2 hours) Analysis and application of a variety of jazz and 20th Century compositional and arranging techniques, including writing for small and medium size jazz ensembles.

MUJZ 641 JAZZ COMPOSITION & ARRANGING 2. (2) Students compose and arrange for a variety of instrumental combinations including large jazz ensembles of ten or more instruments.

MUJZ 644 JAZZ REPertoire Project 1. (2) Students investigate an approved area of jazz orchestral repertoire, under the supervision of a full-time faculty member.

MUJZ 645 JAZZ REPertoire Project 2. (2) (Prerequisite: MUJZ 644) Jazz repertoire for any ensemble format may be explored.

MUMT 605 DIGITAL SOUND SYNTHESIS AND AUDIO PROCESS. (3) Basic principles of digital sound synthesis including techniques such as additive synthesis, frequency modulation, tuned resonators, waveshaping and digital audio processing techniques including simple delay systems, filters, reverberators, spatial controllers, etc. will be explored.

MUMT 609 MUSIC, MEDIA AND TECHNOLOGY Project. (3) (3 research/project hours) Independent music technology project. Students will prepare a statement of objectives, a comprehensive project design and a schedule of work, and will undertake the project on appropriate music technology platforms.

MUMT 610 COMPUTER MUSIC Seminar 1. (3) (3 hours) Advanced topics in computer applications in music will be examined. Students will be expected to 1) present critical analyses of current research and 2) develop and implement software demonstrations.

MUMT 611 COMPUTER MUSIC Seminar 2. (3) (3 hours) Advanced topics in computer applications in music will be examined. Students will be expected to 1) present critical analyses of current research and 2) develop and implement software demonstrations.

MUMT 612 COMPUTER MUSIC Seminar 3. (3) (3 hours) Advanced topics in computer applications in music will be examined. Students will be expected to 1) present critical analyses of current research and 2) develop and implement software demonstrations.

MUMT 613 COMPUTER MUSIC Seminar 4. (3) (3 hours) Advanced topics in computer applications in music will be examined. Students will be expected to 1) present critical analyses of current research and 2) develop and implement software demonstrations.

MUMT 614 COMPUTER MUSIC Seminar 5. (3) (3 hours) Advanced topics in computer applications in music will be examined. Students will be expected to 1) present critical analyses of current research and 2) develop and implement software demonstrations.

MUMT 615 COMPUTER MUSIC Seminar 6. (3) (3 hours) Advanced topics in computer applications in music will be examined. Students will be expected to 1) present critical analyses of current research and 2) develop and implement software demonstrations.

MUPG 590 VOCAL STYLES AND CONVENTIONS. (3) (3 hours) (Restriction: Not open to students who have taken MUPG 690.) Emphasis on vocal performance practices through practical application: text, language, inflection, pronunciation and interpretation considered with individuality of each student’s voice and technical development. After examining historical treatises, students will discuss and present musical selections utilizing modern performance standards yet remaining true to stylistic demands of each period.

MUPG 611 DIRECTED VOICE Teaching 1. (3) (1 hour) A practical approach to vocal pedagogy through supervised private teaching and the observation of experienced studio voice teachers. The candidate must compile a dossier documenting the progress of his or her own students and observations made during master classes and private lessons by voice faculty.

MUPG 612 DIRECTED VOICE Teaching 2. (3) (1 hour) A practical approach to advanced vocal pedagogy through supervised private teaching and the observation of experienced studio voice teachers. The candidate must compile a dossier documenting the progress of his or her own students and observations made during master classes and private lessons by voice faculty.

MUPG 620 PERFORMANCE Tutorial 1. (4)

MUPG 621 PERFORMANCE Tutorial 2. (4)

MUPG 622 PERFORMANCE Tutorial 3. (4)

MUPG 623 PERFORMANCE Tutorial 4. (4)

MUPG 624 PERFORMANCE Tutorial 5. (4)

MUPG 626 JAZZ PERFORMANCE/COMPOSITION Tutorial 1. (4) Individual instruction in instrumental performance, jazz composition and arranging and jazz improvisation according to performing specialization.

MUPG 627 JAZZ PERFORMANCE/COMPOSITION Tutorial 2. (4) Individual instruction in instrumental performance, jazz composition and arranging and jazz improvisation according to performing specialization.

MUPG 628 JAZZ PERFORMANCE/COMPOSITION Tutorial 3. (4) Individual instruction in instrumental performance, jazz composition and arranging and jazz improvisation according to performing specialization.
specialization, including work on various aspects of jazz artistry in preparation for recital requirements.

MUPG 646 Score- and Sight-Reading 1. (1) Playing operatic piano-vocal scores at sight. Realizing at the piano operatic orchestral scores with emphasis on repertoire from before 1800.

MUPG 647 Score- and Sight-Reading 2. (1) Playing operatic piano-vocal scores at sight. Realizing at the piano operatic orchestral scores with emphasis on repertoire from after 1800.

MUPG 650 Voice Lecture - Demonstration. (3) The candidate is required to present his or her two voice students in a public mini-recital, to discuss their progress and to trace the pedagogical focus and choices that have been made during their two semesters of study.

MUPG 652 Jazz Ensemble Recital Project. (9) (Restriction: Open to students in the b and c stream of the Jazz Performance option only.) A 60-75 minute recital presenting a repertoire of either original compositions and arrangements or previously composed jazz literature (depending upon stream), at least half of which must be for a large ensemble. Programme notes must be provided.

MUPG 653 Opera Coach Project. (6) Preparation and performance of standard operatic repertoire and programme notes.

MUPG 655 Opera Coach Quick Study. (6) With one month’s notice, the candidate must prepare an assigned operatic score, playing while singing all the parts. Historical research, stylistic performance, musical choices and linguistic command of the score are required.

MUPG 656 Vocal Quick Study. (6) With one month’s notice, the candidate must prepare an assigned group of songs, oratorios or operatic roles. Historical research, stylistic performance practices, musical and dramatic choices (where applicable) and vocal command of the material is required.

MUPG 656D1 (3), MUPG 656D2 (3) Vocal Quick Study. (Students must register for both MUPG 656D1 and MUPG 656D2) (No credit will be given for this course unless both MUPG 656D1 and MUPG 656D2 are successfully completed in consecutive terms) (MUPG 656D1 and MUPG 656D2 together are equivalent to MUPG 656) With one month’s notice, the candidate must prepare an assigned group of songs, oratorios or operatic roles. Historical research, stylistic performance practices, musical and dramatic choices (where applicable) and vocal command of the material is required.

MUPG 657 Opera Performance Project. (6) Performance of a complete operatic role from the standard repertoire and programme notes.

MUPG 657D1 (3), MUPG 657D2 (3) Opera Performance Project. (Students must register for both MUPG 657D1 and MUPG 657D2) (No credit will be given for this course unless both MUPG 657D1 and MUPG 657D2 are successfully completed in consecutive terms) (MUPG 657D1 and MUPG 657D2 together are equivalent to MUPG 657) Performance of a complete operatic role from the standard repertoire and programme notes.

MUPG 658 Opera Performance. (6) Performance of a complete operatic role from the specialized repertoire.

MUPG 658D1 (3), MUPG 658D2 (3) Opera Performance. (Students must register for both MUPG 658D1 and MUPG 658D2) (No credit will be given for this course unless both MUPG 658D1 and MUPG 658D2 are successfully completed in consecutive terms) (MUPG 658D1 and MUPG 658D2 together are equivalent to MUPG 658) Performance of a complete operatic role from the specialized repertoire.

MUPG 659 Performance in Recording Media. (9) The candidate must submit a 60-75 minute audio and/or video document of his or her performances, compiled from various media sources. This might include radio, television, and/or studio recordings. All of the music must be composed and arranged by the candidate.

MUPG 659D1 (6), MUPG 659D2 (6) Performance in Recording Media. (Students must register for both MUPG 659D1 and MUPG 659D2) (No credit will be given for this course unless both MUPG 659D1 and MUPG 659D2 are successfully completed in consecutive terms) (MUPG 659D1 and MUPG 659D2 together are equivalent to MUPG 659) The candidate must submit a 60-75 minute audio and/or video document of his or her performances, compiled from various media sources. This might include radio, television, and/or studio recordings. All of the music must be composed and arranged by the candidate.

MUPG 660 Solo Recital Project 1. (12) Thesis recital (solo repertoire) and programme notes.

MUPG 660D1 (6), MUPG 660D2 (6) Solo Recital Project 1. (Students must register for both MUPG 660D1 and MUPG 660D2) (No credit will be given for this course unless both MUPG 660D1 and MUPG 660D2 are successfully completed in consecutive terms) (MUPG 660D1 and MUPG 660D2 together are equivalent to MUPG 660) Thesis recital (solo repertoire) and programme notes.

MUPG 661 Chamber Recital Project 1. (12) Thesis recital (chamber music repertoire) and programme notes.

MUPG 661D1 (6), MUPG 661D2 (6) Chamber Recital Project 1. (Students must register for both MUPG 661D1 and MUPG 661D2) (No credit will be given for this course unless both MUPG 661D1 and MUPG 661D2 are successfully completed in consecutive terms) (MUPG 661D1 and MUPG 661D2 together are equivalent to MUPG 661) Thesis recital (chamber music repertoire) and programme notes.

MUPG 662 Solo and Chamber Music Recital. (12)

MUPG 662D1 (6), MUPG 662D2 (6) Solo and Chamber Music Recital. (Students must register for both MUPG 662D1 and MUPG 662D2) (No credit will be given for this course unless both MUPG 662D1 and MUPG 662D2 are successfully completed in consecutive terms) (MUPG 662D1 and MUPG 662D2 together are equivalent to MUPG 662) Thesis recital (solo repertoire) and programme notes.

MUPG 663 Quick Study Examination. (6) (To be successfully completed before the first recital is performed)

MUPG 663D1 (3), MUPG 663D2 (3) Quick Study Examination. (Students must register for both MUPG 663D1 and MUPG 663D2) (No credit will be given for this course unless both MUPG 663D1 and MUPG 663D2 are successfully completed in consecutive terms) (MUPG 663D1 and MUPG 663D2 together are equivalent to MUPG 663)

MUPG 664 Repertoire Examination. (6)

MUPG 664D1 (3), MUPG 664D2 (3) Repertoire Examination. (Students must register for both MUPG 664D1 and MUPG 664D2) (No credit will be given for this course unless both MUPG 664D1 and MUPG 664D2 are successfully completed in consecutive terms) (MUPG 664D1 and MUPG 664D2 together are equivalent to MUPG 664)

MUPG 665D1 (6), MUPG 665D2 (6) Accompanying Recital Project. (Students must register for both MUPG 665D1 and MUPG 665D2) (No credit will be given for this course unless both MUPG 665D1 and MUPG 665D2 are successfully completed in consecutive terms) Thesis recital (mixed repertoire) and programme notes.

MUPG 666 Solo Recital 2. (12)

MUPG 666D1 (6), MUPG 666D2 (6) Solo Recital 2. (Students must register for both MUPG 666D1 and MUPG 666D2) (No credit will be given for this course unless both MUPG 666D1 and MUPG 666D2 are successfully completed in consecutive terms) Thesis recital (mixed repertoire) and programme notes.

MUPG 667 Chamber Music Recital 2. (12)

MUPG 668D1 (6), MUPG 668D2 (6) Chamber Music Recital 2. (Students must register for both MUPG 668D1 and MUPG 668D2) (No credit will be given for this course unless both MUPG 668D1 and MUPG 668D2 are successfully completed in consecutive terms) Thesis recital (mixed repertoire) and programme notes.
MUPG 672 D.MUS. PERFORMANCE TUTORIAL 1. (4) Individual instrumental or vocal tutorial. Advanced technical and interpretive training as well as recital preparation.

MUPG 722 D.MUS. PERFORMANCE TUTORIAL 3. (4) Individual instrumental or vocal tutorial. Advanced technical and interpretive training as well as recital preparation.

MUPG 723 D.MUS. PERFORMANCE TUTORIAL 4. (4) Individual instrumental or vocal tutorial. Advanced technical and interpretive training as well as recital preparation.

MUPG 724 D.MUS. PERFORMANCE TUTORIAL 5. (4) Individual instrumental or vocal tutorial. Advanced technical and interpretive training as well as recital preparation.

MUPG 725 D.MUS. PERFORMANCE TUTORIAL 6. (4) Individual instrumental or vocal tutorial. Advanced technical and interpretive training as well as recital preparation.

MUPG 730 D.MUS. PERFORMANCE TUTORIAL 8. (6) Individual instrumental or vocal tutorial. Advanced technical and interpretive training as well as recital preparation.

MUPG 731 D.MUS. PERFORMANCE TUTORIAL 9. (6) Individual instrumental or vocal tutorial. Advanced technical or interpretive training as well as recital preparation.

MUPG 732 D.MUS. PERFORMANCE TUTORIAL 10. (6) Individual instrumental or vocal tutorial. Advanced technical and interpretive training as well as recital preparation.

MUPG 733 D.MUS. PERFORMANCE TUTORIAL 11. (6) Individual instrumental or vocal tutorial. Advanced technical and interpretive training as well as recital preparation.

MUPG 760 DOCTORAL RECITAL 1. (12) A full-length public recital which includes a minimum of 60 minutes of music.

MUPG 767 DOCTORAL RECITAL 2. (12) A full-length public recital which includes a minimum of 60 minutes of music.

MUPG 770 DOCTORAL LECTURE - RECITAL PROJECT. (12) The lecture-recital comprises a minimum of 35 minutes of music and 25 to 35 minutes of oral presentation. The examiners and audience may question the candidate following the lecture-recital. The subject and repertoire will also be treated in a project paper, submitted within two months of the lecture-recital.

MUPP 690 PERFORMANCE PRACTICE SEMINAR 1. (3) (3 hours)

MUPP 691 PERFORMANCE PRACTICE SEMINAR 2. (3) (3 hours)

MUPP 692 PERFORMANCE PRACTICE SEMINAR 3. (3) (3 hours)

MUPP 693 PERFORMANCE PRACTICE SEMINAR 4. (3) (3 hours)

MUPP 694 PERFORMANCE PRACTICE SEMINAR 5. (3) (3 hours)

MUPP 695 PERFORMANCE PRACTICE SEMINAR 6. (3) (3 hours)

MUSR 629D1 (2), MUSR 629D2 (2) TECHNICAL EAR TRAINING. (1 hour tutorial, 2 hours laboratory.) (Prerequisite: MUMT 629.) (Students must register for both MUSR 629D1 and MUSR 629D2.) (No credit will be given for this course unless both MUSR 629D1 and MUSR 629D2 are successfully completed in consecutive terms.) (Restriction: Not open to students who have taken MUMT 629D1/D2.) This course will, through a sequence of specific auditory exercises, develop and improve students' aural sensitivity to small changes in sound quality. Students train to identify spectral variables in sound, develop stable reference of sound quality and learn about spectral characteristics of musical instruments.

MUSR 631D1 (2), MUSR 631D2 (2) ADVANCED TECHNICAL EAR TRAINING. (1 hour tutorial, 2 hours laboratory) (Prerequisite: MUMT 629.) (Students must register for both MUSR 631D1 and MUSR 631D2.) (No credit will be given for this course unless both MUSR 631D1 and MUSR 631D2 are successfully completed in consecutive terms.) (Restriction: Not open to students who have taken MUMT 631D1/D2.) Included in this course are exercises for developing some of the following aural skills: identification and quantification of spatial parameters of sound image, nonlinear and transient distortion audibility, identification of coherent and incoherent noise, sound source identification in complex textures, sound enhancement and reconstruction.
MUSR 667 DIGITAL STUDIO TECHNOLOGY. (3) (3 hours lecture) (Restriction: Not open to students who have taken MUMT 667.) Technical and operational characteristics of different digital recording systems currently employed by the recording industry.

MUSR 668 DIGITAL/ANALOG AUDIO EDITING. (3) (1 hour tutorial, 3 hours studio time.) (Restriction: Not open to students who have taken MUMT 668.) Using analog and digital record/playback equipment, students learn, through practice, the art of replacing, patching, rebalancing, reconstructing, or generally speaking, improving recorded music through editing. Teaching will include cut and splice editing, disk-based editing, and editing by transfer and mixing.

MUSR 669 TOPICS: CLASSICAL MUSIC RECORDING. (3) (3 hours lecture) (Restriction: Not open to students who have taken MUMT 669 or MUMT 669D1/D2.) Issues involving classical music recording. Topics may include: analysis of performance styles, acoustics of concert halls, production of music videos, seminars with recording producers, tonmeisters, classical music in multimedia, and others.

MUSR 669D1 (1.5), MUSR 669D2 (1.5) TOPICS: CLASSICAL MUSIC RECORDING. (3 hours lecture) (Students must register for both MUSR 669D1 and MUSR 669D2.) (No credit will be given for this course unless both MUSR 669D1 and MUSR 669D2 are successfully completed in consecutive terms.) (Restriction: Not open to students who have taken MUMT 669 or MUMT 669D1/D2.) (MUSR 669D1 and MUSR 669D2 together are equivalent to MUSR 669.) (Restriction: Not open to students who have taken MUMT 669 or MUMT 669D1/D2.) (No credit will be given for this course unless both MUSR 669D1 and MUSR 669D2 are successfully completed in consecutive terms.) (Restriction: Not open to students who have taken MUMT 669 or MUMT 669D1/D2.) Issues involving classical music recording. Topics may include: analysis of performance styles, acoustics of concert halls, production of music videos, seminars with recording producers, tonmeisters, classical music in multimedia, and others.

MUSR 670D1 (5), MUSR 670D2 (5) RECORDING THEORY AND PRACTICE 1. (3 hours seminar, 6 hours studio time.) (Prerequisite: MUMT 300.) (Students must register for both MUSR 670D1 and MUSR 670D2.) (No credit will be given for this course unless both MUSR 670D1 and MUSR 670D2 are successfully completed in consecutive terms.) (Restriction: Not open to students who have taken MUMT 670D1 or MUMT 670D2.) Theoretical and practice study of recording equipment, procedures and techniques. Recording sessions and live stereo recording, using the recording studio, concert hall and portable equipment for on-location recording. Also included will be an introduction to the areas of radio drama, broadcast recording and radio commercials.

MUSR 671D1 (5), MUSR 671D2 (5) RECORDING THEORY AND PRACTICE 2. (3 hours seminar, 6 hours studio time.) (Prerequisite: MUSR 670D1/D2 (formerly MUMT 670D1/D2).) (Students must register for both MUSR 671D1 and MUSR 671D2.) (No credit will be given for this course unless both MUSR 671D1 and MUSR 671D2 are successfully completed in consecutive terms.) (Restriction: Not open to students who have taken MUMT 671D1/D2.) Emphasis on multi-track recording theory and practice. The course will also concentrate on expanded multi-track procedures: signal processing, overdubbing, mixing, editing, and producing.

MUSR 672D1 (3), MUSR 672D2 (3) ANALYSIS OF RECORDINGS. (3 hours.) (Students must register for both MUSR 672D1 and MUSR 672D2.) (No credit will be given for this course unless both MUSR 672D1 and MUSR 672D2 are successfully completed in consecutive terms.) (Restriction: Not open to students who have taken MUMT 672D1/D2.) The analysis of recording engineering, production, performance, aesthetics and technical quality of selected recordings.

MUSR 674 ELECTRONIC AND ELECTROACOUSTIC MEASUREMENT. (3) (1 1/2 hours lecture, 1 1/2 hours laboratory) This course demonstrates the instruments, measurement procedures, and techniques used in a recording studio to determine the acoustical properties of a room and the transfer functions of devices used in a studio. Theoretical lectures on electronic test instrumentation and measurement methods are combined with practical application.

MUSR 674D1 (1.5), MUSR 674D2 (1.5) ELECTRONIC AND ELECTROACOUSTIC MEASUREMENT. (1 1/2 hours lecture, 1 1/2 hours laboratory) (Students must register for both MUSR 674D1 and MUSR 674D2.) (No credit will be given for this course unless both MUSR 674D1 and MUSR 674D2 are successfully completed in consecutive terms.) (Restriction: Not open to students who have taken MUSR 674 or MUMT 674D1/D2.) This course demonstrates the instruments, measurement procedures, and techniques used in a recording studio to determine the acoustical properties of a room and the transfer functions of devices used in a studio. Theoretical lectures on electronic test instrumentation and measurement methods are combined with practical application.

MUSR 676 AUDIO INDUSTRY EXPERIENCE. (3) (Restriction: Not open to students who have taken MUMT 676 or MUMT 676D1/D2.)

MUSR 676D1 (1.5), MUSR 676D2 (1.5) (Students must register for both MUSR 676D1 and MUSR 676D2.) (No credit will be given for this course unless both MUSR 676D1 and MUSR 676D2 are successfully completed in consecutive terms.) (Restriction: Not open to students who have taken MUMT 676D1/D2.) Audio for Video Post-Production. (3 hours seminar, 4 hours studio time.) (Students must register for both MUSR 676D1 and MUSR 676D2.) (No credit will be given for this course unless both MUSR 676D1 and MUSR 676D2 are successfully completed in consecutive terms.) (Restriction: Not open to students who have taken MUMT 676 or MUMT 676D1/D2.) This course covers advanced concepts and techniques of audio post-production using digital workstations. Students practise the assembly of raw material into a complete final product through editing, signal processing, mixing, sound restoration and pre-mastering.

MUSR 678 ADVANCED DIGITAL EDITING AND POST-PRODUCTION. (3) (3 hours.) (Prerequisite: MUSR 668 (formerly MUMT 668).) (Restriction: Not open to students who have taken MUMT 678.) This course covers advanced concepts and techniques of audio post-production using digital workstations. Students practise the assembly of raw material into a complete final product through editing, signal processing, mixing, sound restoration and pre-mastering.

MUSR 690 MEDIA THEORY AND PRACTICE SEMINAR 1. (3) (3 hours) (Restriction: Not open to students who have taken MUMT 690.) Topics vary from year to year and are normally chosen according to the individual instructor’s area of expertise. Topics to be covered may include the following: Media Technology, Digital Restoration of Archival Recordings, Communications Systems and Standards, Audio Aesthetics of Video Musicals, Classical Music and the Television Medium, etc.

MUSR 691 MEDIA THEORY AND PRACTICE SEMINAR 2. (3) (3 hours.) (Restriction: Not open to students who have taken MUMT 691.) Topics vary from year to year and are normally chosen according to the individual instructor’s area of expertise. Topics to be covered may include the following: Media Technology, Digital Restoration of Archival Recordings, Communications Systems and Standards, Audio Aesthetics of Video Musicals, Classical Music and the Television Medium, etc.

MUSR 692 MEDIA THEORY AND PRACTICE SEMINAR 3. (3) (3 hours.) (Restriction: Not open to students who have taken MUMT 692.) Topics vary from year to year and are normally chosen according to the individual instructor’s area of expertise. Topics to be covered may include the following: Media Technology, Digital Restoration of Archival Recordings, Communications Systems and Standards, Audio Aesthetics of Video Musicals, Classical Music and the Television Medium, etc.

MUSR 693 MEDIA THEORY AND PRACTICE SEMINAR 4. (3) (3 hours.) (Restriction: Not open to students who have taken MUMT 693.) Topics vary from year to year and are normally chosen...
according to the individual instructor’s area of expertise. Topics to be covered may include the following: Media Technology, Digital Restoration of Archival Recordings, Communications Systems and Standards, Audio Aesthetics of Video Musicals, Classical Music and the Television Medium, etc.

**MUSR 694 MEDIA THEORY AND PRACTICE SEMINAR 5.** (3) (3 hours) (Restriction: Not open to students who have taken MUMT 694.) Topics vary from year to year and are normally chosen according to the individual instructor’s area of expertise. Topics to be covered may include the following: Media Technology, Digital Restoration of Archival Recordings, Communications Systems and Standards, Audio Aesthetics of Video Musicals, Classical Music and the Television Medium, etc.

**MUSR 695 MEDIA THEORY AND PRACTICE SEMINAR 6.** (3) (3 hours) (Restriction: Not open to students who have taken MUMT 695.) Topics vary from year to year and are normally chosen according to the individual instructor’s area of expertise. Topics to be covered may include the following: Media Technology, Digital Restoration of Archival Recordings, Communications Systems and Standards, Audio Aesthetics of Video Musicals, Classical Music and the Television Medium, etc.

**MUTH 528 SCHENKERIAN TECHNIQUES.** (3) (3 hours) (Prerequisite: MUTH 310 or MUCO 240 OR Corequisite: MUTH 327 OR permission of instructor.) (Restriction: Limited enrolment with preference given to students in Honours Theory) Introduction to the principles and techniques of Schenkerian analysis. Interpretation and construction of reducito graphs through the analysis of a diverse repertoire of tonal works. Comparison with traditional methods of harmonic analysis (Rameau, Riemann, etc.).

**MUTH 529 PROSEMINAR IN MUSIC THEORY 1.** (3) (3 hours) (Prerequisites: MUTH 211 or MUCO 240 and MUSP 231 and MUSP 171) (Corequisites: MUTH 327 and MUHL 570 OR permission of instructor. Preference given to students in Honours Theory) A survey of various topics in contemporary music theory, including experimental aesthetics, indeterminacy, information theory, linguistics, microtonality, music technology, psycho-acoustics, and rhythmic theory.

**MUTH 538 MATHEMATICAL MODELS/MUSICAL ANALYSIS.** (3) (3 hours) (Prerequisites: MUTH 310 or MUCO 240 OR Corequisite: MUTH 327 OR permission of instructor.) (Restriction: Limited enrolment with preference given to students in Honours Theory) A survey of the theoretical and analytical writings from 1955 to the present, with emphasis on the following topics: a) atonal music (the works of Forte, Lewin, Rahn, Clough, Benjamin); b) twelve-tone music (Babbitt, Lewin, Mead); c) contour theory (Friedmann, West Marvin, Morris); and d) mathematical groups and transformational models (Lewin, Morris, Starr).

**MUTH 652 SEMINAR IN MUSIC THEORY 1.** (3) (3 hours)
**MUTH 653 SEMINAR IN MUSIC THEORY 2.** (3) (3 hours)
**MUTH 654 SEMINAR IN MUSIC THEORY 3.** (3) (3 hours)
**MUTH 655 SEMINAR IN MUSIC THEORY 4.** (3) (3 hours)
**MUTH 656 SEMINAR IN MUSIC THEORY 5.** (3) (3 hours)
**MUTH 657 SEMINAR IN MUSIC THEORY 6.** (3) (3 hours)
**MUTH 658 HISTORY OF MUSIC THEORY 1.** (3) (3 hours) Selected topics in the history of music theory from Greek antiquity to 1700 through readings of primary and secondary literature.
**MUTH 659 HISTORY OF MUSIC THEORY 2.** (3) (3 hours) Selected topics in the history of music theory from 1700 to the present through readings of primary and secondary literature.

**ADVANCED UNDERGRADUATE COURSES**

Students deficient in their background preparation may be required to take some of the following undergraduate courses in addition to their required graduate courses.

With the exception of MUHL 570 and and with departmental approval, all 500-level courses are available as elective courses to graduate students.

**MUCT 415 CHORAL CONDUCTING 2.** (3) (3 hours and 2 hours lab) (Prerequisite: MUCT 315.) Advanced techniques of choral conducting with emphasis on expressive gestures and phrasing conducting, interpretation and chronology of chant, recitative conducting, repertoire selection, score preparation and conducting of choral-instrumental works.

**MUGT 402D1 (3), MUGT 402D2 (3) PRINCIPLES AND PROCESSES OF MUSIC EDUCATION.** (3 hours and Teaching Lab) (Prerequisites or corequisites: one of MUCT 315, MUGT 356, MUIT 315) (Students must register for both MUGT 402D1 and MUGT 402D2.) (No credit will be given for this course unless both MUGT 402D1 and MUGT 402D2 are successfully completed in consecutive terms) Contemporary musical, social, educational, and psychological foundations of music education as a means of articulating the why, what and how of music education. Descriptive, historical, philosophical and experimental research methodologies will be examined as they relate to music learning and teaching. Participation in field rehearsal lab.

**MUHL 372 SOLO SONG OUTSIDE GERMANY AND AUSTRIA.** (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSP 231) Topics in American and European non-German song repertoire from the eighteenth century to the present. Issues discussed may include the role of song in national music culture, art song and folk song, national styles and poetic traditions, text-music relationships, and performance practice.

**MUHL 377 BAROQUE OPERA.** (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSP 231) History of opera from its origins in the musical, literary, and philosophical models available to the Florentine Camerata to the end of the baroque. The development of opera will be studied from the perspective of artistic style and in the light of historical, political, social, and economic conditions.

**MUHL 380 MEDIEVAL MUSIC.** (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSP 231) (Corequisites: MUTH 210 and MUSP 229) (Normally alternates with MUHL 381) The medieval style - an intensive study of one or more selected topics from the repertoire. Possible subjects include liturgical chant, Notre Dame, the medieval motet, secular developments, and instrumental literature.

**MUHL 381 RENAISSANCE MUSIC.** (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSP 231) (Corequisites: MUTH 210 and MUSP 229) (Normally alternates with MUHL 380) Sacred and secular musical genres of the 15th and 16th Centuries. Various phases of imitative practice, cantus firmus and parody techniques. The emergence of homophonic textures in peripheral areas of the repertoire. Selected problems in the fields of theory, bibliography and aesthetics.

**MUHL 382 BAROQUE MUSIC.** (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSP 231) (Normally offered in alternate years) A detailed examination of several selected areas of Baroque music. Topics will be drawn from different geographical regions (e.g., Italy, France, Germany, etc.) and encompass church, chamber and theatre music, as well as performance practice. Each topic will be related to general musical developments of the period.

**MUHL 383 CLASSICAL MUSIC.** (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSP 231) (Normally offered in alternate years) The period covered will be from approximately 1740-1828, from the schools of the Italian keyboard composers, opera buffa and seria, and composers centered at Mannheim, Paris, London, Berlin and Vienna, through the Viennese Classic period of Haydn, Mozart and Beethoven, to the death of Schubert.

**MUHL 384 ROMANTIC MUSIC.** (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSP
involve the development of various musical and audio software applications (Prerequisites: MUMT 202 and MUMT 203. Pre-/Co-requisite: COMP 251) Concepts, algorithms, data structures, and programming techniques for the development of music and audio software, ranging from musical instrument design to interactive music performance systems. Student projects will involve the development of various music and audio software applications.

MUHL 307 MUSIC AND AUDIO COMPUTING 2. (3) (3 hours) (Prerequisite: MUMT 306) Advanced programming techniques for the development of music and audio software, and system components (plugins). Development of audio and control systems. Advanced data structures, object-oriented programming, optimization of source code for DSP, debugging techniques. Projects will involve the development of various musical and audio software applications and plugins.

MUHL 396 ERA OF THE MODERN PIANO. (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSP 231) Survey of keyboard repertoire from 1850 to the present: instruments, the crisis at mid-century, character pieces, Brahms, late Liszt, national schools, commercialization - the concert hall, music for the bourgeois - salon music, Scriabin, the Second Viennese School, Impressionism, Neo-Classicism, Neo-Romanticism, serialism, the sonata in the 20th-century, Non-American composers.

MUHL 507 RESEARCH METHODS IN MUSIC. (3) (3 hours) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSP 231). Additional prerequisite: one MUHL or MUPP course at the 300 level or higher, or permission of instructor.) Survey and critical evaluation of research- and performance-related tools: composers' collected editions, monuments of music, bibliographies of music and music literature, discographies, directories, and databases. Topics will include: developing bibliographies, structuring written arguments, assessing academic and popular writings about music, and understanding the task of the music editor.

MUHL 591D1 (1.5), MUHL 591D2 (1.5) PALEOGRAPHY. (1 hour) (Prerequisites: MUHL 184 and MUHL 185 and MUTH 211 OR MUCO 240 and MUSP 231) (Restriction: U3 honours students in History) (Normally alternates with MUHL 529) (Students must register for both MUHL 591D1 and MUHL 591D2.) (No credit will be given for this course unless both MUHL 591D1 and MUHL 591D2 are successfully completed in consecutive terms) The theory and practice of musical transcription for the period 1100 to 1600. Black modal notation, Franconian notation, French and Italian Ars Nova notation, Mannerism, white mensural notation, proportions, and lute and keyboard tablatures will be studied.

MUSIC 306 MUSIC AND AUDIO COMPUTING 1. (3) (3 hours) (Prerequisites: MUMT 202 and MUMT 203. Pre-/Co-requisite: COMP 251) Concepts, algorithms, data structures, and programming techniques for the development of music and audio software, ranging from musical instrument design to interactive music performance systems. Student projects will involve the development of various music and audio software applications.

MUSIC 307 MUSIC AND AUDIO COMPUTING 2. (3) (3 hours) (Prerequisite: MUMT 306) Advanced programming techniques for the development of music and audio software, and system components (plugins). Development of audio and control systems. Advanced data structures, object-oriented programming, optimization of source code for DSP, debugging techniques. Projects will involve the development of various musical and audio software applications and plugins.

MUHL 372D2 (1), MUPG 372D2 (1) CONTINUO. (1 hour) (Prerequisites: MUPG 272 AND permission of instructor. Enrolment limited to 4) (Students must register for both MUPG 372D1 and MUPG 372D2.) (No credit will be given for this course unless both MUPG 372D1 and MUPG 372D2 are successfully completed in consecutive terms) A study of 17th and 18th Century styles of figured-bass accompaniment as revealed in contemporary sources. The emphasis will be on the realization at the keyboard of representative works using original sources.

MUPG 381 TOPICS: PERFORMANCE PRACTICE BEFORE 1800. (3) (3 hours) (Restriction: Enrolment limited to 20. May not be taken by students who have had MUPG 381, MUPP 382, or MUPP 384, except by permission of instructor) Issues in performance practice of pre-Nineteenth-century music. Topics may include rhythm interpretation, voices and instruments in Medieval and Renaissance polyphony, ornamentation, improvisation, performance venues and context. Sources include original notation and modern editions, treatises, iconography, organology, analysis, criticism, and recordings.

MUPG 385 TOPICS: PERFORMANCE PRACTICE AFTER 1800. (3) (3 hours) (Enrolment limited to 20) Nineteenth- and twentieth-century performance traditions, as found in a variety of sources (documents, editions, and recordings.) Special attention is given to how traditions change, and how this is reflected in repertoires and among composers in different generations.

MUTH 301 MODAL COUNTERPOINT 1. (3) (3 hours) (Prerequisites: MUTH 211 or MUCO 240 and MUSP 231 and MUSP 171) Polyphonic techniques of the Renaissance period studied through analysis of works by Palestina and others and through written exercises in two to three voices.

MUTH 302 MODAL COUNTERPOINT 2. (3) (3 hours) (Prerequisite: MUTH 301) Continuation of Modal Counterpoint 1. Study of more advanced techniques through further analysis and written exercises in three or more voices.

MUTH 303 TONAL COUNTERPOINT 1. (3) (3 hours) (Prerequisites: MUTH 211 or MUCO 240 and MUSP 231 and MUSP 171) The contrapuntal techniques of J.S. Bach studied through detailed technical analysis of his work and through written exercises in two to three parts.

MUTH 304 TONAL COUNTERPOINT 2. (3) (3 hours) (Prerequisite: MUTH 303) Continuation of Tonal Counterpoint 1. Further analysis and written exercises in three to four parts with special emphasis on fugal techniques.

MUTH 310 MID AND LATE 19TH-CENTURY THEORY AND ANALYSIS. (3) (3 hours) (Prerequisites: MUTH 211 or MUCO 240 and MUSP 231 and MUSP 171) Expanded harmonic resources of the late 19th Century (e.g., foreign modulation, chromatic harmony). Analysis of characteristic small and large forms. Development of writing and analytical skills with a goal toward perceiving how levels of musical structure interact.

MUTH 311 20TH-CENTURY THEORY AND ANALYSIS. (3) (3 hours) (Prerequisite: MUTH 310) Exploration of 20th-Century systems of pitch organization and attitudes toward counterpoint (e.g., polytonality, modal systems, neo-classical tonality, serialism, linear counterpoint, etc.). Examination of the relationship of these systems to earlier practices. Development of written and analytical skills for the purpose of gaining insight into 20th-Century principles and techniques.

MUTH 327D1 (2), MUTH 327D2 (2) 19TH-CENTURY ANALYSIS. (Students must register for both MUTH 327D1 and MUTH 327D2.) (No credit will be given for this course unless both MUTH 327D1 and MUTH 327D2 are successfully completed in consecutive terms) (Prerequisites: MUTH 211 or MUCO 240 and MUSP 231 and MUSP 171) The analysis of representative works of the 19th Century, selected from various genres of the period encompassed by late Beethoven, Schubert, and Berlioz to Mahler and Wolf. Some preliminary work in Schenkerian analysis will be undertaken.

MUTH 427D1 (2), MUTH 427D2 (2) 20TH-CENTURY ANALYSIS. (2 hours) (Students must register for both MUTH 427D1 and MUTH 427D2.) (No credit will be given for this course unless both MUTH 427D1 and MUTH 427D2 are successfully completed in consecutive terms) (Prerequisites: MUTH 211 or MUCO 240 and MUSP 231 and MUSP 171) Analysis of a cross-section of 20th Century...
music from Debussy and Mahler to the present to: 1) provide analytical tools necessary for the understanding of pitch organization, form, rhythm, timbre, etc., in individual works; 2) introduce salient theoretical approaches pertaining to 20th Century music.

**MUTH 528 SCHENKERIAN TECHNIQUES.** (3) (3 hours) (Prerequisite: MUTH 310 or MUCO 240 OR Corequisite: MUTH 327 OR permission of instructor.) (Restriction: Limited enrolment with preference given to students in Honours Theory) Introduction to the principles and techniques of Schenkerian analysis. Interpretation and construction of reductive graphs through the analysis of a diversified repertoire of tonal works. Comparison with traditional methods of harmonic analysis (Rameau, Riemann, etc.).

**MUTH 529 PROSEMINAR IN MUSIC THEORY 1.** (3) (3 hours) (Prerequisites: MUTH 211 or MUCC 240 and MUSP 231 and MUSP 171) (Corequisites: MUTH 327 and MUHL 570 OR permission of instructor) Preference given to students in Honours Theory A survey of various topics in contemporary music theory, including experimental aesthetics, indeterminacy, information theory, linguistics, microtonality, music technology, psycho-acoustics, and rhythm theory.

**MUTH 538 MATHEMATICAL MODELS/MUSICAL ANALYSIS.** (3) (3 hours) (Prerequisites: MUTH 211 or MUCC 240 and MUSP 231 and MUSP 171) A survey of the theoretical and analytical writings from 1955 to the present, with emphasis on the following topics: a) atonal music (the works of Forte, Lewin, Rahn, Clough, Benjamin); b) twelve-tone music (Babbitt, Lewin, Mead); c) contour theory (Friedmann, West Marvin, Morris); and d) mathematical groups and transformational models (Lewin, Morris, Starr).

### 54 Natural Resource Sciences

Department of Natural Resource Sciences
McGill University, Macdonald Campus
21,111 Lakeshore Road
Sainte-Anne-de-Bellevue, QC H9X 3V9
Canada

**Chair** — B. Côté

**Program Director- Agricultural Economics** — J. C. Henning

**Graduate Program Director** — R.D. Titman

#### 54.1 Staff

**Emeritus Professors**
A.C. Blackwood; B.Sc., M.Sc.(Alta.), Ph.D.(Wisc.), F.R.S.C.; Microbiology
R. Knowles; B.Sc.(Birm.), Ph.D., D.Sc.(Lond.); F.R.S.C.; Microbiology
A.F. MacKenzie; B.S.A., M.Sc.(Sask.), Ph.D.(C'nova); Soil Science
R.A. MacLeod; B.A., M.A.(Br. Col.), Ph.D.(Wisc.), F.R.S.C.; Microbiology
P.H. Schuepp; Dipl.Sc.Nat.(Zür.), Ph.D.(Tor.); Agricultural Physics
R.K. Stewart; B.Sc.(Agr.), Ph.D.(Glas.); Entomology

**Professors**
D.M. Bird; B.Sc.(Guelph), M.Sc., Ph.D.(McG.); Wildlife Biology
P. Brown; B.A.(Haverford), M.A., Ph.D.(Columbia) (joint app't. with Geography and McGill School of Environment)
J.W. Fyles; B.Sc., M.Sc.(Vic., BC), Ph.D.(Alta.); Forest Resources (Tomlinson-Fowler Chair in Forestry)
W.H. Hendershot; B.Sc.(Tor.), M.Sc.(McG.), Ph.D.(Br. Col.); Soil Science

**Associate Professors**
B. Côté; B.Sc., Ph.D.(Laval); Forest Resources
M.A. Curtis; B.Sc., M.Sc., Ph.D.(McG.); Biological Oceanography
B.T. Driscoll; B.Sc., Ph.D.(McM.); Microbiology
G.B. Dunphy; B.Sc.(New Br.), M.Sc., Ph.D.(Nfld.); Entomology
J.C. Henning; B.Sc., Ph.D.(Guelph); Agricultural Economics
D.J. Lewis; B.Sc., M.Sc., Ph.D.(Nfld.); Entomology
G.R. Mehuys; B.Sc., Ing.Agron.(Gemblox), Ph.D.(Calif.); Soil Science
D.F. Niven; B.Sc., Ph.D.(Aber.); Microbiology
M.E. Rau; B.Sc., Ph.D.(W.Ont); Parasitology
I. Strachan; B.Sc.(Tor.), M.Sc., Ph.D.(Qu.); Micrometeorology
P.J. Thomassin; B.Sc.(Mo.G.), M.S., Ph.D.(Hawaii Pac.); Agricultural and Environmental Economics
R.D. Titman; B.Sc.(McG.), M.Sc.(Bishop's), Ph.D.(New Br.); Wildlife Biology
J. Whalen; B.Sc.(Agr.) (Dal.), M.Sc.(McG.), Ph.D.(Ohio St.); Soil Science
T.A. Wheeler; B.Sc.(Nfld.); M.Sc., Ph.D.(Guelph); Entomology
L.G. Whyte; B.Sc.(Regina), Ph.D.(Wat.); Microbiology

**Assistant Professors**
E. Bennett; B.A.(Oberline Coll.), M.S., Ph.D.(Wis.) (joint app't. with McGill School of Environment)
C. Budde; B.Sc.(Guelph), Ph.D.(Alta.); Forest Insect Ecology
M. Humphries; B.Sc.(Manit.), M.Sc.(Alta.), Ph.D.(McG); Wildlife Biology
A. Naseem; B.Sc.(McG.), M.Sc., Ph.D.(Mich.); Agricultural Economics
C.A. Chapman (Anthropology), L.J. Chapman (Biology), D. Green (Redpath Museum), W.D. Marshall (Food Science and Agricultural Chemistry), M. Scott (Institute of Parasitology), D. Smith (Plant Science)

**Adjunct Professors**

### 54.2 Programs Offered

The Department of Natural Resource Sciences offers programs leading to M.Sc. and Ph.D. degrees in Entomology (includes Environment and Neotropical Environment), Microbiology (includes Bioinformatics and Environment), Renewable Resources (includes Agrometeorology, Environment, Forest Science, Neotropical Environment, Soil Science and Wildlife Biology) and a M.Sc. degree in Agricultural Economics. It is also possible for students to pursue doctoral studies through the Department of Economics with Agricultural Economics as a field of specialization. A new non-thesis option in Environmental Assessment (M.Sc. Ren. Res) and an inter-disciplinary option in Bioinformatics for doctoral students are available.

The Department possesses, or has access to, excellent facilities for laboratory research and research in the field. Affiliated with the Department are the Lyman Entomological Museum and Research Laboratory, the Molson Nature Reserve, the Morgan Arboretum, the Avian Science and Conservation Centre, and the Ecosystem of the St. Lawrence Valley Natural History Society.

### 54.3 Admission Requirements

**M.Sc. Thesis (Agricultural Economics)**

Direct admission to the M.Sc. requires the completion of a B.Sc. in Agricultural Economics or a closely related area, with the equivalent cumulative grade point average of 3.0/4.0 (second class-upper division) or 3.2/4.0 during the last two years of full-time university study. High grades are expected in courses considered by the academic unit to be preparatory to the graduate program. The ideal preparation includes courses in agricultural economics, economic theory (intermediate micro and macro), calculus, linear algebra, and statistics. Students with deficiencies in these areas will be required to take additional courses as part of their degree program.
M.Sc. Thesis (Entomology, Microbiology, Renewable Resources)
Candidates are required to have a Bachelor's degree with an equivalent cumulative grade point average of 3.0/4.0 (second class-upper division) or 3.2/4.0 during the last two years of full-time university study. High grades are expected in courses considered by the academic unit to be preparatory to the graduate program.

M.Sc. Non-Thesis Option in Environmental Assessment (Renewable Resources)
Candidates are required to have a Bachelor's degree in a relevant subject, with an equivalent cumulative grade point average of 3.0/4.0 (second class-upper division) or 3.2/4.0 during the last two years of full-time university study. High grades are expected in courses considered by the academic unit to be preparatory to the graduate program. Applicants should also have at least one year of professional experience in environmental assessment or a similar field.

Ph.D. Thesis (Entomology, Microbiology, Renewable Resources)
Candidates, normally, are required to hold a M.Sc. degree and will be judged primarily on their ability to conduct an original and independent research study.

54.4 Application Procedures
(For all programs excluding the Environmental Assessment Option.)
Applicants for graduate studies must forward supporting documents to:
Department of Natural Resource Sciences
Graduate Student Office
McGill University, Macdonald Campus
21,111 Lakeshore Road
Sainte-Anne-de-Bellevue, QC H9X 3V9
Canada
Telephone: (514) 398-7941
Fax: (514) 398-7990
E-mail: marie.kubecki@mcgill.ca

Applications will be considered upon receipt of a signed and completed application form, $80 application fee, and the following supporting documents.

Transcripts - Two official copies of all university level transcripts with proof of degree(s) granted are required for admission. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant's university is essential. It is the applicant's responsibility to arrange for transcripts to be sent.

Letters of Recommendation - Two letters of recommendation on letterhead (official paper) of originating institution or bearing the university seal and with original signatures from two instructors familiar with the applicant's work, preferably in the applicant's area of specialization. It is the applicant's responsibility to arrange for these letters to be sent.

Competency in English - Non-Canadian applicants whose mother tongue is not English, who did not graduate from a Canadian institution (anglophone or francophone) and who have not completed an undergraduate degree using the English language are required to submit documented proof of competency in oral and written English, by appropriate exams, e.g., TOEFL (minimum score 550 on the paper-based test, 213 on the computer-based test or 86 on the Internet-based test with each component score not less than 20) or IELTS (minimum overall band 6.5). The MCHE is not considered equivalent. Results must be submitted as part of the application. The University code is 0935 (McGill University, Montreal); please use Department code 31 (Graduate Schools), Biological Sciences- Agriculture, to ensure that your TOEFL reaches this office without delay.

For entrance into the Masters program in Agricultural Economics the following test scores are required: (minimum score 570 on the paper-based test, 230 on the computer-based test or 88 on the Internet-based test with each component score not less than 20) or IELTS (minimum 7 overall band).

Graduate Record Exam (GRE) - The GRE is not required, but it is highly recommended.

DOCUMENTS SUBMITTED WILL NOT BE RETURNED.

Application Fee (non-refundable) - A fee of $80 Canadian must accompany each application (including McGill students), otherwise it cannot be considered. This sum must be remitted using one of the following methods:
1. Credit card (by completing the appropriate section of the application form). NB: online applications must be paid for by credit card.
2. Certified cheque in Cdn.$ drawn on a Canadian bank.
5. U.S. Money Order in U.S.$.
6. An international draft in Canadian funds drawn on a Canadian bank requested from the applicant's bank in his/her own country.

Deadlines – Applications, including all supporting documents must reach the Department of Natural Resource Sciences (Graduate Student Office) no later than May 15 (March 1 for International) for the Fall Term (September); October 15 (July 1 for International) for the Winter Term (January); February 15 (November 1 for International) for the Summer Term (May). It may be necessary to delay review of the applicant's file until the following admittance period if application materials including supporting documents are received after these dates. International applicants are advised to apply well in advance of the deadline because immigration procedures may be lengthy. Applicants are encouraged to make use of the online application form available on the Web at www.mcgill.ca/applying/graduate.

Financial aid is very limited and highly competitive. It is suggested that students give serious consideration to their financial planning before submitting an application. Acceptance to all programs depends on a staff member agreeing to serve as the student's supervisor and the student obtaining financial support. Normally, a student will not be accepted unless adequate financial support can be provided by the student and/or the student's supervisor. Academic units cannot guarantee financial support via teaching assistantships or other funds.

Qualifying Students – Some applicants whose academic degrees and standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the subject selected may be admitted to a Qualifying Program if they have met the Graduate and Postdoctoral Studies Office minimum CGPA of 3.0/4.0. The course(s) to be taken in a Qualifying Program will be prescribed by the academic unit concerned. Qualifying students are registered in graduate studies, but not as candidates for a degree. Only one qualifying year is permitted. Successful completion of a qualifying program does not guarantee admission to a degree program.

Application Procedures for Environmental Assessment Option (Non-Thesis) – Applicants for graduate studies in the Non-thesis Environmental Assessment option must forward supporting documents to:
Applications will be considered upon receipt of:

1. A signed and completed application form and $80 application fee.
2. Two official copies of all university level transcripts with proof of degree(s) granted. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant's university is essential. If transcripts contain course numbers only, please submit a list of the titles of courses taken in the major subject.
3. Two letters of recommendation on letterhead (official paper) of originating institution or bearing the university seal and with original signatures from two instructors familiar with the applicant's work, preferably in the applicant's area of specialization. If the degree was awarded more than five years ago, letters of recommendation can be written by employers rather than professors.
4. A curriculum vitae.
5. Letter of intent outlining the applicant's reasons for wishing to pursue the program of study.

It is the applicant's responsibility to arrange for the following documents to be sent. DOCUMENTS SUBMITTED WILL NOT BE RETURNED.

**Competency in English** - Non-Canadian applicants whose mother tongue is not English, who did not graduate from a Canadian institution (Anglophone or Francophone) and who have not completed an undergraduate degree using the English language are required to submit documented proof of competency in oral and written English, by appropriate exams, e.g., TOEFL (minimum score 570 on the paper-based test, 230 on the computer-based test or 88 on the Internet-based test with each component score not less than 20) or IELTS (minimum 7 overall band). The MCHE is not considered equivalent. Results must be submitted accompanying each application (including McGill students), otherwise it cannot be considered. This sum must be remitted using one of the following methods:

1. Credit card (by completing the appropriate section of the application form). NB: online applications must be paid for by credit card.
2. Certified cheque in Cdn.$ drawn on a Canadian bank.
5. U.S. Money Order in U.S.$.
6. An international draft in Canadian funds drawn on a Canadian bank requested from the applicant's bank in his/her own country.

**Deadlines** - There is only one start date per year for this program, and applications will be taken for the winter term ONLY. Applications, including all supporting documents must reach the Department of Natural Resource Sciences (Environmental Assessment Office) no later than August 15 for both International and Canadian students. It may be necessary to delay review of the applicant's file until the following admittance period if application materials including supporting documents are received after these dates. Applicants are encouraged to make use of the online application form available on the Web at www.mcgill.ca/applying/graduate.

Financial aid is very limited and highly competitive. It is suggested that students give serious consideration to their financial planning before submitting an application.

### 54.5 Program Requirements

#### M.Sc. in Agricultural Economics (Thesis) (46 credits)

Students may specialize, by way of their research program, in agriculture, development, finance, marketing and trade, policy, and resource and ecological economics.

**Required Course** (1 credit)
AGEC 690 (1) Seminar

**Complementary Courses** (18 credits)
6 credits, two theory courses chosen from:
AGEC 611 (3) Price Analysis
AGEC 633 (3) Environmental and Natural Resource Economics
ECON 610 (3) Microeconomic Theory 1
ECON 611 (3) Microeconomic Theory 2
ECON 620 (3) Macroeconomic Theory 1
ECON 621 (3) Macroeconomic Theory 2

3 credits, one quantitative methods course chosen from:
AEMA 610 (3) Statistical Methods 2
ECON 525 (3) Project Analysis
ECON 662 (6) Econometrics
ECON 665 (3) Quantitative Methods
MGSC 634 (3) Econometric Methods in Management
MGSC 679 (3) Applied Deterministic Optimization

9 credits, three 3-credit graduate-level courses - at least one of which must be in Agricultural Economics, chosen in consultation with the Agricultural Economics Advisor.

**Thesis Component - Required** (27 credits)
AGEC 691 (6) M.Sc. Thesis 1
AGEC 692 (3) M.Sc. Thesis 2
AGEC 693 (6) M.Sc. Thesis 3
AGEC 694 (6) M.Sc. Thesis 4
AGEC 695 (6) M.Sc. Thesis 5

#### M.Sc. in Entomology (Thesis) (45 credits)

**Required Courses** (3 credits)
NRSC 643 (1) Graduate Seminar 1
NRSC 644 (1) Graduate Seminar 2
NRSC 651 (1) Graduate Seminar 3

**Complementary Courses** (6 credits)
Two 3-credit courses at the 500-level or higher; normally one of these will be a course in statistics.

**Thesis** (36 credits)
NRSC 691 (12) M.Sc. Thesis Research 1
NRSC 692 (12) M.Sc. Thesis Research 2
NRSC 693 (12) M.Sc. Thesis Research 3

#### M.Sc. in Entomology (Thesis) – Environment Option/Concentration (46 credits)

**Required Courses** (7 credits)
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3
NRSC 651 (1) Graduate Seminar 3

**Complementary Courses** (3 credits)
3 credits, one of the following courses:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
M.Sc. in Microbiology (Thesis) – Environment

Complementary Courses
- NRSC 643 (1) Graduate Seminar 1
- NRSC 644 (1) Graduate Seminar 2
- NRSC 651 (1) Graduate Seminar 3

Complementary Course (3 credits)
3 credits, one of the following courses:
- AGRI 550 (3) Sustained Tropical Agriculture
- BIOL 553 (3) Neotropical Environments
- BIOL 641 (3) Issues in Tropical Biology
- ENV 611 (3) The Economy of Nature
- ENV 612 (3) Tropical Environmental Issues
- ENV 620 (3) Environment and Health of Species
- ENV 621 (3) Environment and Health of Species
- ENV 622 (3) Sustainable Landscapes
- ENV 630 (3) Civilization and Environment 1

Thesis Component – Required

NRSC 691 (12) M.Sc. Thesis Research 1
NRSC 692 (12) M.Sc. Thesis Research 2
NRSC 693 (12) M.Sc. Thesis Research 3

M.Sc. in Renewable Resources (Thesis) – Environment

Complementary Courses
- NRSC 643 (1) Graduate Seminar 1
- NRSC 644 (1) Graduate Seminar 2
- NRSC 651 (1) Graduate Seminar 3

Complementary Course (6 credits)
One 3-credit graduate level statistics course.

Thesis (36 credits)
- NRSC 691 (12) M.Sc. Thesis Research 1
- NRSC 692 (12) M.Sc. Thesis Research 2
- NRSC 693 (12) M.Sc. Thesis Research 3

M.Sc. in Renewable Resources (Thesis) – Neotropical Environment Option/Concentration (46 credits)

Required Courses (9 credits)
- BIOL 640 (3) Tropical Biology and Conservation
- ENV 610 (3) Foundations of Environmental Policy
- ENV 630 (3) Civilization and Environment 1
- ENV 641 (3) Issues in Tropical Biology
- SOCI 565 (3) Social Change in Panama

Complementary Courses (6 credits)
Two 3-credit courses at the 500-level or higher; normally one of these will be a course in statistics.

Thesis (36 credits)
- NRSC 691 (12) M.Sc. Thesis Research 1
- NRSC 692 (12) M.Sc. Thesis Research 2
- NRSC 693 (12) M.Sc. Thesis Research 3

M.Sc. in Renewable Resources (Thesis) – Environment

Complementary Courses (6 credits)
3 credits, one of the following courses:
- ENVR 519 (3) Global Environmental Politics
- ENVR 544 (3) Environmental Measurement and Modelling
- ENVR 580 (3) Topics in Environment 3
- ENVR 611 (3) The Economy of Nature
- ENVR 620 (3) Environment and Health of Species

M.Sc. in Renewable Resources (Thesis) – Neotropical Environment Option/Concentration (48 credits)

Required Courses (9 credits)
- BIOL 640 (3) Tropical Biology and Conservation
- ENV 610 (3) Foundations of Environmental Policy
- ENV 630 (3) Civilization and Environment 1

Complementary Course (3 credits)
3 credits, one of the following courses:
- AGRI 550 (3) Sustained Tropical Agriculture
- BIOL 553 (3) Neotropical Environments
- BIOL 641 (3) Issues in Tropical Biology
- ENVR 611 (3) The Economy of Nature
- ENVR 620 (3) Environment and Health of Species
ENVR 680 (3) Topics in Environment 4
POLI 644 (3) Tropical Environmental Politics
SOCI 565 (3) Social Change in Panama

**Thesis** (36 credits)
NRSC 691 (12) M.Sc. Thesis Research 1
NRSC 692 (12) M.Sc. Thesis Research 2
NRSC 693 (12) M.Sc. Thesis Research 3

Participation in the MSE-Panama Symposium presentation in Montreal is also required.

**M.Sc. in Renewable Resources (Non-Thesis) – Environmental Assessment Option/Concentration (45 credits)**

**Required Courses** (21 credits)
NRSC 610 (3) Advanced Environmental Assessment
NRSC 611 (3) Environmental Assessment Knowledge Base
NRSC 612 (3) Environmental Assessment and Sustainable Development
NRSC 613 (3) Strategic and Sectoral Environmental Assessment
NRSC 614 (3) Meeting Environmental Assessment Regulations
NRSC 617 (6) Environmental Assessment: Institutional Approaches

**Required Internship** (15 credits)
NRSC 615 (15) Environmental Assessment Internship

**Required Project** (9 credits)
NRSC 616 (9) Environmental Assessment Project Paper

**Ph.D. in Entomology, Microbiology, or Renewable Resources**
**(which includes Agrometeorology, Forest Science, Soil Science and Wildlife Biology)**

**Required Courses**
NRSC 751 (0) Graduate Seminar 4
NRSC 752 (0) Graduate Seminar 5
NRSC 753 (0) Graduate Seminar 6
NRSC 754 (0) Graduate Seminar 7

**Coursework**
Course requirements are specified by the staff in the discipline but are flexible and depend largely on the student’s background, immediate interests, and ultimate objectives.

**Ph.D. Comprehensive - Required** (0 credits)
NRSC 701 (0) Ph.D. Comprehensive Examination

**Thesis**
Presentation and subsequent defence of a satisfactory thesis based on the student’s research.

**Ph.D. in Microbiology – Bioinformatics Option/Concentration**

**Required Courses** (3 credits)
COMP 616 (3) Bioinformatics Seminar
NRSC 751 (0) Graduate Seminar 4
NRSC 752 (0) Graduate Seminar 5
NRSC 753 (0) Graduate Seminar 6
NRSC 754 (0) Graduate Seminar 7

**Complementary Courses** (6 credits)
6 credits from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics
PHGY 603 (3) Systems Biology and Biophysics

Additional courses at the 500, 600, or 700 level may be required at the discretion of the candidate’s supervisory committee.

**Ph.D. Comprehensive - Required** (0 credits)
NRSC 701 (0) Ph.D. Comprehensive Examination

**Thesis – Required**
Students will meet the degree requirements of the department in which they are registered (including requirements for course, Ph.D. comprehensives, thesis proposal and thesis).

**Ph.D. in Microbiology – Environment Option/Concentration**

**Required Courses** (6 credits)
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
**Ph.D. in Renewable Resources – Environment Option/Concentration**

Coursework
Course requirements are specified by the staff in the discipline but are flexible and depend largely on the student's background, immediate interests, and ultimate objectives.

**Complementary Courses (3 credits)**

One course chosen from:

- ENVR 652 (1) Environmental Seminar 3
- NRSC 754 (0) Graduate Seminar 7

**Coursework**

Course requirements are specified by the staff in the discipline but are flexible and depend largely on the student's background, immediate interests, and ultimate objectives.

**Complementary Courses (3 credits)**

One course chosen from:

- ENVR 519 (3) Global Environmental Politics
- ENVR 544 (3) Environmental Measurement and Modelling
- ENVR 580 (3) Topics in Environment 3
- ENVR 611 (3) The Economy of Nature
- ENVR 620 (3) Environment and Health of Species
- ENVR 622 (3) Sustainable Landscapes
- ENVR 630 (3) Civilization and Environment 1
- ENVR 680 (3) Topics in Environment 4

or other graduate course recommended by the advisory committee and approved by the Environment Option Committee.

**Ph.D. Comprehensive - Required**

NRSC 701 (0) Ph.D. Comprehensive Examination

**Thesis**

Presentation and subsequent defence of a satisfactory thesis based on the student's research.

---

**Ph.D. in Renewable Resources – Neotropical Environment Option/Concentration**

**Required Courses (6 credits)**

- ENVR 610 (3) Foundations of Environmental Policy
- ENVR 650 (1) Environmental Seminar 1
- ENVR 651 (1) Environmental Seminar 2
- ENVR 652 (1) Environmental Seminar 3
- NRSC 754 (0) Graduate Seminar 7

**Coursework**

Course requirements are specified by the staff in the discipline but are flexible and depend largely on the student's background, immediate interests, and ultimate objectives.

**Complementary Courses (3 credits)**

One course chosen from:

- AGRI 550 (3) Sustained Tropical Agriculture
- BIOL 553 (3) Neotropical Environments
- BIOL 641 (3) Issues in Tropical Biology
- ENVR 611 (3) The Economy of Nature
- ENVR 612 (3) Tropical Environmental Issues
- ENVR 680 (3) Topics in Environment 4
- POLI 644 (3) Tropical Environmental Politics
- SOCI 565 (3) Social Change in Panama

---

**Ph.D. Comprehensive - Required (0 credits)**

NRSC 701 (0) Ph.D. Comprehensive Examination

Participation in the MSE-Panama Symposium presentation in Montreal is also required.

**Thesis**

Presentation and subsequent defence of a satisfactory thesis based on the student's research.

---

**54.6 Courses**

Students preparing to register should consult the Web at [www.mcgill.ca/minerva](http://www.mcgill.ca/minerva) (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

★ Denotes courses taught only in alternate years.

**AGEC 503 LOCATION & SPATIAL DEVELOPMENT.** (3) (Winter) (Pre-requisite: GEOG 216 and GEO 202, or one course in each of microeconomics and macroeconomics, or permission of instructor.) (Not open to students who have taken GEOG 503) Patterns of regional economic growth or decline explained in terms of the competitive behaviour of profit-maximizing firms and utility-maximizing households. Ideas, models and evidence developed in competitive location theory.

**AGEC 611 PRICE ANALYSIS.** (3) Topics in advanced microeconomic theory with applications in agricultural economics.

**AGEC 630 FOOD AND AGRICULTURAL POLICY.** (3) This course examines the role of government in the agriculture and food industry through the nature and causes of the problems addressed, the instruments and institutions by which policy is implemented and the effects of different policies. Emphasis is placed on the application of economic models to analyze policy problems.

★ **AGEC 633 ENVIRONMENTAL AND NATURAL RESOURCE ECONOMICS.** (3) An advanced course in the theory and problems of environmental and resource economics and in the analytical techniques used to assess environmental and resource use issues.

**AGEC 642 ECONOMICS OF AGRICULTURAL DEVELOPMENT.** (3) This course focuses on the role of agriculture in economic development. Topics covered will be - development theories, economic efficiency, employment, technology adoption and structural change in developing countries. Also, agriculture, food and development policies and implications for long term planning will be discussed.

★ **AGEC 679 FINANCING: ALTERNATIVE STRATEGIES.** (3) An in-depth study of the relationship between financing, asset acquisition, tenure, and property rights and obligations for farm businesses. Emphasis will be placed on the potential for the use of non-debt financial instruments such as Community Based Land Trusts (CBLT) and Community Supported Agriculture (CSA).

**AGEC 685 SELECTED TOPICS IN AGRICULTURAL ECONOMICS.** (3) This course is designed to permit students to explore agricultural economics topics that are not covered in other courses. Students may be asked to prepare a presentation or lead discussion on the selected topic for the benefit of other students and staff. (Pass/Fail grading.)
AGEC 690 SEMINAR. (1) This course will focus on current research on economic problems of agriculture through presentations by staff, students and special guests. All graduate students are required to register for this course, and make at least one major presentation.

AGEC 691 M.S.C. THESIS 1. (6)
AGEC 692 M.S.C. THESIS 2. (3)
AGEC 693 M.S.C. THESIS 3. (6)
AGEC 694 M.S.C. THESIS 4. (6)
AGEC 695 M.S.C. THESIS 5. (6)

★ ENTO 515 PARASITOID BEHAVIOURAL ECOLOGY. (3) (Winter) (Prerequisite: ENTO 330 (formerly NRSC 330) or equivalent) (Restriction: Not open to students who have taken NRSC 515) The origin and diversity of parasitoid species will be presented. Aspects of behavioural ecology that pertain to host selection, optimal allocation of progeny and sex and host-parasitoid interactions are examined. The importance of these processes is discussed in a biological control perspective.

ENTO 520 INSECT PHYSIOLOGY. (3) (Winter) (Prerequisite: Permission of instructor) (Restriction: Not open to students who have taken NRSC 520) Organismal approach to insects, emphasizing the physiology and development, and the physiological relations of insects to their environment.

★ ENTO 535 AQUATIC ENTOMOLOGY. (3) (Winter) Diversify, biology, ecology and recognition of the main groups of aquatic insects.

ENTO 550 VETERINARY AND MEDICAL ENTOMOLOGY. (3) (Winter) (Prerequisite: Permission of instructor) (Restriction: Not open to students who have taken NRSC 550) Environmental aspects of veterinary and medical entomology. An advanced course dealing with the biology and ecology of insects and aracnides as aetiologic agents and vectors of disease, and their control. Integrated approaches to problem solving.

ENTO 600 INSECT PATHOLOGY. (3) (Winter) A detailed study of the interaction between insects and their pathogens (viruses, bacteria, fungi and nematodes). Emphasis is divided equally between the identification and reactions of anti-pathogen systems in insects and the microbiology (particularly virulence mechanisms) of the pathogens. Students must have a general microbiology course and courses in biochemistry and insect physiology.

ENTO 610 INSECT PHYLOGENY AND DIVERSITY. (3) (Winter) Discussion of current topics in phylogenetic systematics, evolution, and biodiversity, with special reference to insects and related arthropods.

★ ENTO 615 FOREST ENTOMOLOGY. (3) (Winter) (Prerequisite: Permission of the instructor.) Current topics in forest entomology.

MICR 772 ADVANCED MICROBIAL GENETICS. (3) (Restriction: Not open to students who have successfully completed NRSC 772) Topics in bacterial archaeal, eucaryal, and bacteriophage genetics.

MICR 773 ADVANCED MICROBIAL PHYSIOLOGY. (3) (Restriction: Not open to students who have successfully completed NRSC 773) Topics in microbial physiology and metabolism, ranging from current to classic, from biochemical to genetic aspects.

★ NRSC 510 AGRICULTURAL MICROMETEOROLOGY. (3) (Fall) (3 lectures) (Restriction: Not open to students who have taken AEPH 510) Interaction between plant communities and the atmosphere. The physical processes governing the transfer of heat, mass and momentum as they relate to research and production in agricultural and environmental systems. Experimental techniques for measuring fluxes of heat, water-vapour, CO2 and natural and man-made pollutants.

NRSC 512 WATER: ETHICS, LAW AND POLICY. (3) (Fall) The various legal expressions of the relationship between humanity and water such as those grounded in markets, basic rights, First Nations traditions, utilitarianism and cost/benefit analysis. Public, private and international law, and intergovernmental institutions relevant to the protection and management of water resources.

NRSC 514 FRESHWATER ECOSYSTEMS. (3) (Fall) Origin, diversity, structure, function and evolution of freshwater ecosystems; fauna, flora and biotic communities of freshwater habitats; indicator organisms; biotic indices; human impact on freshwater ecosystems.

★ NRSC 540 SOCIO-CULTURAL ISSUES IN WATER. (3) (Winter) (Prerequisite: A 300- or 400-level course in water or permission of instructor.) (3-hour seminar) Discussion of current debates and problems related to water, especially in developing countries. Topics include: gender relations and health in the context of cultural and economic systems, and the impacts of new technologies, market structures and population growth.

NRSC 610 ADVANCED ENVIRONMENTAL ASSESSMENT. (3) (Restriction: Limited to students enrolled in the Non-Thesis Masters in Environmental Assessment Program, or by permission of program coordinator.) A detailed account of the evolution of environmental assessment related concepts, processes, procedures and best practices in Canada and internationally.

NRSC 611 ENVIRONMENTAL ASSESSMENT KNOWLEDGE BASE. (3) (Restriction: Limited to students enrolled in the Non-Thesis Masters in Environmental Assessment Program, or by permission of program coordinator.) A thorough explanation of the fundamental knowledge bases for accountability and best practice in environmental and integrated assessment.

NRSC 612 ENVIRONMENTAL ASSESSMENT AND SUSTAINABLE DEVELOPMENT. (3) (Restriction: Limited to students enrolled in the Non-Thesis Masters in Environmental Assessment Program, or by permission of program coordinator.) A detailed consideration of environmental assessment as a tool for sustainable development.

NRSC 613 STRATEGIC AND SECTORAL ENVIRONMENTAL ASSESSMENT. (3) (Restriction: Limited to students enrolled in the Non-Thesis Masters in Environmental Assessment Program, or by permission of program coordinator.) A detailed account of strategic environmental assessment and sector-specific environmental assessment with special focus on key economic sectors.

NRSC 614 MEETING ENVIRONMENTAL ASSESSMENT REGULATIONS. (3) (Restriction: Limited to students enrolled in the Non-Thesis Masters in Environmental Assessment Program, or by permission of program coordinator.) Meeting environmental assessment regulatory requirements through advanced planning and efficient management of the assessment and follow-up phases of the EA process.

NRSC 615 ENVIRONMENTAL ASSESSMENT INTERNSHIP. (15) (Restriction: Limited to students enrolled in the Non-Thesis Masters in Environmental Assessment Program) Placement in a government, academic or private sector agency for 15 weeks of full time work on an EA project (35 hours per week).

NRSC 616 ENVIRONMENTAL ASSESSMENT PROJECT PAPER. (9) (Restriction: Limited to students enrolled in the Non-Thesis Masters in Environmental Assessment Program.) Written report describing the approach to and resolution of the environmental assessment issue addressed during the internship in Environmental Assessment.

NRSC 617 ENVIRONMENTAL ASSESSMENT: INSTITUTIONAL APPROACHES. (6) (Restriction: Limited to students enrolled in the Non-Thesis Masters in Environmental Assessment Program.) Weekly one-day visits and on-site colloquia throughout the term at environmental assessment agencies and organizations in the Montreal and Ottawa region with expertise in environmental assessment.

NRSC 643 GRADUATE SEMINAR 1. (1) (Section 001 Agrometeorology, Forest Science and Soil Science students) (Section 002 Entomology and Wildlife Biology students) (Section 003 Microbiology students) Open to students in the M.Sc. Program. Presentation on a selected topic, research proposal, or research results based on progress towards the M.Sc. degree.

NRSC 644 GRADUATE SEMINAR 2. (1) (Section 001 Agrometeorology, Forest Science and Soil Science students) (Section 002 Entomology and Wildlife Biology students) (Section 003 Microbiology students)
NRSC 651 GRADUATE SEMINAR 3. (1) (Section 001 Agrometeorology, Forest Science and Soil Science students) (Section 002 Entomology and Wildlife Biology students) (Section 003 Microbiology students) Open to students in the M.Sc. Program. Presentation of an M.Sc. student’s final thesis results.

NRSC 680 SPECIAL TOPICS 1. (1) Students pursue topics not otherwise available in formal courses, under staff supervision.

NRSC 682 SPECIAL TOPICS 3. (2) Students pursue topics not otherwise available in formal courses, under staff supervision.

NRSC 684 SPECIAL TOPICS 5. (3) Students pursue topics not otherwise available in formal courses, under staff supervision.

NRSC 685 SPECIAL TOPICS 6. (3) Students pursue topics not otherwise available in formal courses, under staff supervision.

NRSC 691 M.SC. THESIS RESEARCH 1. (12) Independent research under the direction of a supervisor towards the completion of the M.Sc. degree.

NRSC 692 M.SC. THESIS RESEARCH 2. (12) Independent research under the direction of a supervisor towards the completion of the M.Sc. degree.

NRSC 693 M.SC. THESIS RESEARCH 3. (12) Completion of the M.Sc. thesis, its approval by reviewers and acceptance by the Graduate and Postdoctoral Studies Office all required for a pass to be granted.

NRSC 694 M.SC. THESIS RESEARCH 4. (9) Independent research under the direction of a supervisor towards the completion of the M.Sc. degree.

NRSC 701 PH.D. COMPREHENSIVE EXAMINATION. (0)

NRSC 751 GRADUATE SEMINAR 4. (0) (Restriction: Open to students in the Ph.D. Program) (Section 001 Agrometeorology, Forest Science and Soil Science students) (Section 002 Entomology and Wildlife Biology students) (Section 003 Microbiology students) Presentation on a selected topic, research proposal or research results based on progress in the Ph.D. degree.

NRSC 752 GRADUATE SEMINAR 5. (0) (Restriction: Open to students in the Ph.D. Program) (Section 001 Agrometeorology, Forest Science and Soil Science students) (Section 002 Entomology and Wildlife Biology students) (Section 003 Microbiology students) Presentation on a selected topic, research proposal or research results based on progress in the Ph.D. degree.

NRSC 753 GRADUATE SEMINAR 6. (0) (Restriction: Open to students in the Ph.D. Program) (Section 001 Agrometeorology, Forest Science and Soil Science students) (Section 002 Entomology and Wildlife Biology students) (Section 003 Microbiology students) Presentation on a selected topic, research proposal or research results based on progress in the Ph.D. degree.

NRSC 754 GRADUATE SEMINAR 7. (0) (Restriction: Open to students in the Ph.D. Program) (Section 001 Agrometeorology, Forest Science and Soil Science students) (Section 002 Entomology and Wildlife Biology students) (Section 003 Microbiology students) Presentation on a selected topic, research proposal or research results based on progress in the Ph.D. degree.

SOIL 521 SOIL MICROBIOLOGY AND BIOCHEMISTRY. (3) (Winter) (Restriction: Not open to students who have taken NRSC 521) Soil environments, soil microorganisms and their function in the biogeochemical cycles of C, N, P and S. Basics of soil bioremediation.

SOIL 602 ADVANCED SOIL ECology 1. (3) Discussion of significant research in soil ecology including the occurrence and activity of soil organisms, methods of monitoring and manipulating soil biota for soil fertility management, and human impacts on soil biota at different scales in the environment.

★★ SOIL 610 PEDOLOGY. (3) Processes of profile development, principles of classification, comparative taxonomy, U.S. and Canadian systems.

★★ SOIL 630 SOIL MINERALOLOGY. (3) (2 lectures per week, one term) Structure and identification of minerals, weathering, properties of clay surfaces, adsorption on clays, ion exchange.

SOIL 631 ADVANCED SOIL PHYSICS. (3) (2 lectures per week, one term) State and fluxes of matter and energy in the soil. Applications to movement of water, salts, nutrients; diffusion of gases; heat transfer. Discussion of significant research in soil physics.

WILD 605 WILDLIFE ECOLOGY. (3) (2 class hours per week) Discussion of current topics in wildlife ecology with special reference to the research interests of staff and students involved.

WILD 610 FISH ECOLOGY. (3) (3 class hours per week) A critical examination of current topics in fish ecology; discussion of migration, reproductive strategies, sex determination mechanisms, competition, communication and predator-prey relationships.

WOOD 640 RECENT ADVANCES: TREE ECOPHYSIOLOGY. (3) (3 lectures per week) Discussion of the effects of environmental factors on the physiology of trees. Both anthropogenic and natural factors will be discussed.

WOOD 660 RECENT ADVANCES: FOREST ECOLOGY. (3) (2 hours per week) Review and discussion of current literature in forest ecology. Topics covered will depend on the research interests of students and may include population biology of forest plants, forest succession, forest nutrition and nutrient cycling, computer modelling of forest systems.
55.2 Programs Offered
M.Sc. and Ph.D. in Neurological Sciences.

55.3 Admission Requirements

General
The applicant must be a university graduate and hold a Bachelor's degree in a field related to the subject selected for graduate work.

The applicant must present evidence of high academic achievement. A standing equivalent to a cumulative grade point average of 3.0 out of a possible 4.0 is required by the Graduate and Postdoctoral Studies Office; however, the GPNS program prefers applicants to show a higher academic standing, and requires a minimum GPA of 3.3.

Applicants with degrees from a non-Canadian university may submit results of the TOEFL exam with their application and have a minimum score of 600 on the paper-based test (250 on the computer-based test, or 96 on the Internet-based test with each component score not less than 20).

M.Sc. Degree
Bachelor's degree with adequate background in basic sciences, or an M.D.

Ph.D. Degree
M.Sc. in a related field, or an M.D. with post-graduate training or enrolled in M.D.-Ph.D. program

55.4 Application Procedures

Applications will be considered upon receipt of:
1. application form,
2. transcripts,
3. letters of reference,
4. $80 application fee,
5. TOEFL test results.

All information is to be submitted to above address.

Deadlines:
September entrance –
• paper and online applications (www.mcgill.ca/applying/graduate) available.
  • online application deadline: May 1 (February 1 for International candidates)
  • paper application deadline: May 1 (February 1 for International candidates)

To meet the diversity of individual interests and backgrounds, the graduate program for each student is designed at the time of entry. As part of the admission process each applicant will identify, with the participation of the prospective thesis supervisor and the Graduate Studies Committee, a research thesis topic and the course work necessary to complete the training deemed necessary for the degree sought. These decisions become an integral part of the graduation requirements for the student.

55.5 Program Requirements

GENERAL
1. Students must select an Advisory Committee, in conjunction with their thesis supervisor. This committee will consist of the thesis supervisor and two other individuals who will participate in discussions with students about their research program.

2. Students are required to submit a written thesis proposal to the Graduate Studies Committee (at the end of their first year for M.Sc. students, and at least one month prior to the Candidacy Examination for Ph.D. students). This document must state the hypothesis being tested, the relevant literature, and a summary of the methods that will be used to address the research question. This proposal will then be orally presented to the student's Advisory Committee which will also review the written proposal and communicate its recommendations to the student and the Graduate Studies Committee.

3. Students will present a formal seminar on their research work prior to writing their thesis. This presentation will be attended by the student's Advisory Committee and members of the Graduate Studies Committee who will report their impressions and recommendations to the student.

4. An annual oral informal presentation of research work accomplished will be presented to the student's Advisory Committee which in turn presents its report to the Graduate Studies Committee.

M.Sc. DEGREE

M.Sc. in Neurological Sciences (Thesis) (45 credits)
Students with a B.Sc., B.A. or M.D. degree: A minimum of 45 credits distributed as follows:*

Required Courses (33 credits)
NEUR 697 (9) Master's Project Proposal
  first term of studies
NEUR 698 (9) Master's Seminar Presentation
  second term of students
NEUR 699 (12) Master's Thesis Submission
  third term of studies
NEUR 630 (3) Principles of Neuroscience 1

Complementary Courses (12 credits)
one of:
NEUR 631 (3) Principles of Neuroscience 2
  or NEUR 610 (5) Central Nervous System

6 credits in other graduate level specialty courses relevant to program

Upon recommendation, depending upon their particular background and needs, students may be requested to take additional selected courses.

Remaining Credits
Any remaining credits needed to complete the minimum of 45 may be chosen from:
NEUR 695 (3) Master's Thesis Research 1
NEUR 696 (6) Master's Thesis Research 2

* Please note that all M.Sc. level students must register for a minimum of 12 credits a term during the first three terms of their Master's program.

Research requirements:
Presentation of a thesis in a subfield of neuroscience. The thesis must be based upon the research of the student. While not necessarily requiring an exhaustive review of work in a particular field, or a great deal of original scholarship, the thesis must show familiarity with previous work in the field and must demonstrate the ability of the candidate to carry out research and to organize results, all of which must be presented in good literary style. The Graduate Studies Committee expects the student's research should be of sufficient quality for publication in a peer-reviewed journal. A seminar on the thesis topic is given prior to writing the
thesis, and each year, a report from the student's Advisory Committee is required by the graduate Studies Committee.

**Residence requirements:**
Three terms of full-time study.

**PH.D. DEGREE**

**Course requirements:**

Students with an M.Sc. degree continuing in this Department have no required courses if they have taken the minimum four required graduate courses at the Master's level (including NEUR 630, and either NEUR 631 or NEUR 610). It may be recommended that they take specialty courses related to their field of study in neuroscience. Students with an M.Sc. degree from another program will be required to take NEUR 630 and NEUR 631 and/or other courses listed under the M.Sc. degree depending upon their background and field of study.

Students with an M.D. degree proceeding directly into a Ph.D. program will be required to take NEUR 630 and NEUR 631. Recently graduated M.D.s should have the equivalent of NEUR 610, and may be granted equivalences. They will also be required to take 6 credits of graduate level courses.

**Doctoral Candidacy Examination (NEUR 700)**

All students registering directly into the Ph.D. program, regardless of prior degrees from McGill or any other academic institutions, must complete the Doctoral Candidacy Examination within 18 months of initial registration in the Program. This is a qualifying examination consisting of a formal presentation and oral examination of the thesis proposal. The questioning will pertain to the student's knowledge and understanding of his/her field of specialization in neuroscience as well as the research proposal. Its primary purpose is to evaluate the student's ability to carry out original scholarship.

The Candidacy Examination will be conducted in conjunction with the Transfer seminar for all students currently registered in the M.Sc. program who apply for transfer to the Ph.D.

**Research requirements:**

Presentation of a thesis in a subfield of neuroscience. The thesis must display original scholarship expressed in satisfactory literary and professional format. The topic should be suited to the field of the student and subjects immediately related to it. Postdoctoral Studies Office, a final oral exam will be held on the subject of the thesis and subjects immediately related to it.

**Residence requirements:**
Three years of resident study of which one year may be completed in the Master's program.

### 55.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available. Courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

- **NEUR 550 FREE RADICAL BIOMEDICINE.** (3) (Prerequisite: BIOL 200, BIOL 201, BIOC 311, BIOC 312, PHGY 209, PHGY 210 or Permission of Instructor.) An interdisciplinary course on the biochemistry and cellular/molecular biology of free radicals, transition metals, oxidative stress and antioxidants and their roles in health and disease.

- **NEUR 602 NEUROSCIENCE SEMINAR 1.** (3) (Prerequisite: Permission of Unit Instructor) This course consists of several units, running concurrently, in which small groups of students (up to 8) will participate in discussions of present and past literature that has contributed to the present "state of the art" knowledge on various fields of neuroscience. Each unit will be led by a faculty member with expertise in the chosen area. A list of the literature to be covered will be distributed in the first lecture and updated as new articles appear on the topic. The supervising faculty will introduce the topic. The remainder of the course (12-14 weeks) will be devoted to didactic discussion of the literature and/or students presentations in a journal-club format.

- **NEUR 603 NEUROSCIENCE SEMINAR 2.** (3) (Offered alternate years - even numbered years) This course will focus on the neuronal excitability and synaptic communication in the central nervous system. Discussion of the molecular properties of the voltage- and ligand-gated ion channels that are the building blocks of neuronal excitability. Examination of synaptic transmission and the mechanisms that underlie the changes in synaptic strength that are responsible for memory and learning. Discussion of the properties of neuronal networks that contribute to higher brain functions and pathological conditions like epilepsy. Each week, the class will meet for two 90 minute long sessions dedicated to a particular topic. The first session will be a general presentation by the instructor and the second session will be a student presentation on a specific paper or set of papers.

- **NEUR 604 NEUROSCIENCE SEMINAR 3.** (3) (Offered alternate years - odd numbered years) This course will focus on the molecular mechanisms of development, explore their particular advantages and explore the cellular and molecular events that contribute to the development of the nervous system.

- **NEUR 605 NEUROSCIENCE SEMINAR 4.** (3) (Offered alternate years - odd numbered years) This course focuses on neuronal development and maturation from a molecular aspect. We introduce various model organisms and systems that are used to study molecular aspects of development, explore their particular advantages and explore the cellular and molecular events that contribute to the development of the nervous system.

- **NEUR 606 METHODS IN NEUROMAGING.** (3) (Prerequisite: Permission of Instructor.) An introduction to the design and analysis of neuroimaging experiments in humans.

- **NEUR 610 CENTRAL NERVOUS SYSTEM.** (5) An interdisciplinary course including lectures in neuroanatomy and neurophysiology; laboratories in neuroanatomy, and clinical problems and demonstrations in neurology.

- **NEUR 630 PRINCIPLES OF NEUROSCIENCE 1.** (3) (Prerequisites: BIOL 200 and BIOL 201 or equivalent; permission of instructor) An overview of cellular and molecular neuroscience at the graduate level. Topics include: synthesis, processing and intracellular transport of macromolecules; development of the nervous system including neurogenesis, axonal pathfinding, synaptogenesis and myelination; neuronal survival and response to injury; generation and propagation of action potentials; neurotransmitters and synapses.

- **NEUR 631 PRINCIPLES OF NEUROSCIENCE 2.** (3) (Prerequisite: A knowledge of basic mechanisms of biology, physiology, and anatomy as covered by respective undergraduate classes is expected and necessary to succeed in this course.) (Restriction: Students must be enrolled in a graduate program at McGill University. Students from other universities, as well as undergraduate students from McGill require special permission from the Instructor.) An overview of the structure, function and interaction of neuronal systems of vertebrates. Topics include basic neuroanatomy, coding and processing of sensory information (somatic sensory, visual and auditory systems), control of posture and voluntary movement, learning and memory, processing of language and speech, cerebral blood flow, the neuroendocrine system and neuroimmunology.

- **NEUR 695 MASTER'S THESIS RESEARCH 1.** (3) Independent work under the direction of the student's supervisor.

- **NEUR 696 MASTER'S THESIS RESEARCH 2.** (6) Independent work under the direction of the student's supervisor.

- **NEUR 697 MASTER'S PROJECT PROPOSAL.** (9) (Restriction: M.Sc. students only) Presentation of a written thesis proposal by the end
of the first year in the program. This document stating the hypothesis being tested, relevant literature and methodology will be orally presented to the student’s Advisory Committee which will also review the written proposal and communicate its recommendations to the student and the Graduate Studies Committee.

NEUR 698 Master’s Seminar Presentation. (9) Student’s presentation of a thesis research seminar. In this seminar, the student shall explain the direction of his/her research and present his/her findings to date. The presentation shall take approximately 30 to 45 minutes and shall be followed by a question period. This seminar will be attended by the Graduate Studies Committee, the student’s Advisory Committee, and interested observers.

NEUR 700 Doctoral Candidacy Examination. (0) A qualifying examination consisting of a formal presentation and oral examination of the thesis proposal. The questioning will pertain to the student’s knowledge and understanding of his/her field of specialization in neuroscience as well as the research proposal. Its primary purpose is to evaluate the student’s ability to carry out original scholarship. (The Candidacy Examination course is also conducted as part of the Transfer seminar for all students currently registered in the M.Sc. program who apply for transfer to the Ph.D.)

COURSES IN OTHER DEPARTMENTS

Note: All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrolment.

Biological Sciences

BIOL 531 Neurobiology Learning Memory. (3) (Fall) (3 hours lecture and discussion) (Prerequisite: BIOL 306 or PHGY 311 or PSYC 308 or NEUR 310 or permission of instructor.) Properties of nerve cells that are responsible for learning and memory. Recent advances in the understanding of neurophysiological, biochemical and structural processes relevant to neural plasticity. Emphasis on a few selected model systems involving both vertebrate and invertebrate animals.

★ BIOL 588 Molecular/Cellular Neurobiology. (3) (Fall) (1 1/2 hours lecture, 1 1/2 hours seminar) (Prerequisite: BIOL 300 and BIOL 306 or permission) Discussion of fundamental molecular mechanisms underlying the general features of cellular neurobiology. An advanced course based on lectures and on a critical review of primary research papers.

Dentistry

DENT 654 Mechanisms and Management of Pain. (3) (Restriction: Open to all health professionals) Presentation of the neurobiology of pain and analgesia, clinical pain conditions, basic and applied research methods in the study of pain, and the theory and practice of pain management. The course is designed for graduate students interested in pain mechanisms and clinical residents interested in pain management.

Psychology

PSYT 500 Advances: Neurobiology of Mental Disorders. (3) (Winter) (3 hours) (Prerequisite: Undergraduate): BIO 212 and BIO 311, or BIO 312, or BIOL 200 and BIOL 201, or PHGY 311, or PSYC 308 and an upper-level biological science course with permission of the instructors, or equivalent. Basic knowledge of cellular and molecular biology is required.) (Restriction: Open to U3 and graduate students only.) (Restriction: Graduate Studies: strongly recommended for M.Sc. students in Psychiatry.) Current theories on the neurobiological basis of most well known mental disorders (e.g. schizophrenia, depression, anxiety, dementia). Methods and strategies in research on genetic, physiological and biochemical factors in mental illness will be discussed. Discussion will also focus on the rationale for present treatment approaches and on promising new approaches.

PSYT 630 Statistics for Neurosciences. (3) Statistics needed for analysing the types of data generated in a laboratory setting, with emphasis on the neurosciences, will be covered. Hypothesis testing, parametric and non-parametric statistics will be studied with a practical approach, using data generated by the students. Computer analysis will be introduced.

Associate Dean, Faculty of Medicine

Director, School of Nursing — Hélène Ezer

Assistant Director and Academic Advisor, B.N. Program — Marcia Beaulieu

Assistant Director and Academic Advisor, B.Sc.(N.) Program — Madeleine Buck

Assistant Director and Academic Advisor, Graduate Programs — Franco Carnevale

Associate Director, Research — C. Céleste Johnston

Academic Coordinator and Academic Advisor, Ph.D. Program — Margaret Purden

56.1 Staff

Emeritus Professor

Elizabeth C. Logan; N., B.Sc.(Acad.), M.Sc.(Yale)

Professors

Nancy Frasure-Smith; B.A., Ph.D.(Johns H.) (part-time)

Laurie N. Gottlieb; N., B.N., M.Sc.(A.), Ph.D.(McG.) (Shaw Professor of Nursing)

C. Céleste Johnston; N., M.S.(Boston), B.N., D.Ed.(McG.) (James McGill Professor)
**Associate Professors**
Hélène Ezer; N., B.Sc. (N.), M.Sc. (McG.), Ph.D. (Montr.)
Franco Carnevale; N., B.Sc. (N.), M.Sc. (A.), M.Ed., Ph.D. (McG.)
Anita J. Gagnon; N., B.Sc. N., M.P.H., Ph.D. (McG.)
Omaima Mansi; N., B.Sc. N. (Alexandria), M.Sc. (A.) (McG.), Ph.D. (Montr.)

**Assistant Professors**
Marcia Beaulieu; N., B.Sc., M.Sc. (A.), Ph.D. (McG.)
Nancy Feeley; N., B.Sc. (N.), M.Sc. (A.), Ph.D. (McG.) (part-time)
Céline Gélinas; N., B.Sc. (N.), M.Sc. (N.), Ph.D. (Laval), Post Doc (McG.)
Mélanie Lavoie-Tremblay, N., B.Sc. (N.) (Laval), M.Sc. (N.) (Laval), Ph.D. (Laval), Post Doc (Tor.)
Carmen G. Loisel; N., B.Sc. (N.) (Montr.), M.S., Ph.D. (Wis.-Madison)
Margaret Purden; N., B.Sc. (N.), Ph.D. (McG.)
Sonia Semenic; N., B.A., M.Sc. (A.), Ph.D. (McG.)

**Faculty Lecturers**
Cheryl Armistead; N., B.Sc. (N.), M.Sc. (N.), Ph.D. (Ott.)
Madeleine M. Buck; N., B.Sc., M.Sc. (A.) (McG.)
Catherine P. Gros; N., B.Sc. (Mass.), M.Sc. (A.) (McG.)
Sandie Larouche; N., B.Sc. (N.), M.Sc. (A.) (McG.)

**Contracted Faculty [part-time]**
Deborah Abner; N., B.Sc. (N.), M.Sc. (A.) (McG.)
Linda Boisvert; N., B.Sc. (N.), M.Sc. (N.), Ph.D. (Montr.)
Jane Chambers-Evans; N., B.Sc. (N.), M.Sc. (A.) (McG.)
Luisa Cifani; N., B.Sc. (N.), M.Sc. (A.) (McG.)
Chantal Cloutier; N., B.A. (Montr.)
Robin Cohen; B.Sc., M.Sc., Ph.D. (McG.)
Hermes Cornejo; N., B.Sc. (N.) (Chile), M.Sc. (N.) (Montr.)
Ayan Daei; N., B.Sc. (N.), M.N. (Tor.)
Suzanne Dhaini; N., B.Sc. (N.) (Amer.), M.A. (Ed.) (C'dia)
Elaine Doucette; N., B.Sc. (C'dia), B.Sc. (N.), M.Sc. (N.), Ph.D. (Ott.)
Vicki Doucette; N., B.Sc. (N.) (Br. Coll.)
Susan Drouin; N., B.N. (UNB), M.Sc. (A.) (McG.)
Moiira Edwards; N., B.A. (C'dia), M.Ed. (McG.)
Jessica Emde; N., B.A., B.Sc., M.Sc. (A.) (McG.)
Lucia Fabijan; N., B.Sc. (N.) (Calg.), M.Sc. (A.) (McG.)
Nancy Fazzari; N. (Dawson College)
Andrea Fleischer; N., B.Sc. (McG.), B.N. (Calg.)
Louise Fullerton; N., B.N. (Dal.), M.Sc. (A.) (McG.)
Shari Patricia Gagné; N., B.Sc. (N.), M.Sc. (A.) (McG.)
Elizabeth Garfunkel-Katz; N., B.Sc. (N.) (McG.)
Richard Gosselin; M.D. (Laval)
Wendy Higden; N., B.Sc. (N.) (McG.)
Andrea Laizner; N., B.Sc. (N.), M.Sc. (A.) (McG.), Ph.D. (Penn.), Post Doc (Montr.)
Anne Marie Lanctôt; N., B.A., M.Sc. (A.) (McG.)
Linda Lee; N., B.Sc. (N.) (McG.)
Josée Lizotte; N., B.Sc. (N.) (Montr.)
Sharon Naraine; N., B.Sc. (N.) (Ott.)
Frederick Peter Nestel; B.Sc. (McG.), M.Sc. (Qu.), Ph.D. (McG.)
Maggie Newing; N., M.Sc. (A.) (McG.)
Georgia Papadopoulou; B.Sc. (N.) (Ott.)
Silvia Pistagnesi; N., B.Sc. (N.) (McG.)
Beverly Rowat; N., B.Sc. (N.), M.Sc. (McG.)
Emmanuelle Rolland; L.L.B. (Montr.)
Christina Rosmus; N., B.Sc. (Bishop’s), B.Sc. (N.), Ph.D. (Montr.), M.Sc. (A.) (McG.)
Lia Sanzono; N., B.Sc. (N.), M.Sc. (A.) (McG.)
Rosalia Sourial; N., B.Sc. (N.), M.Sc. (A.) (McG.)
Janice Stephenson; N., B.Sc. (N.), M.Sc. (A.) (McG.)
Martha Stewart; N., B.Sc. (N.), M.Sc. (A.) (McG.)
Diana Taddeo; N., B.Sc. (Qu.), M.Sc. (A.) (McG.)
Mary Thompson; N., B.Sc. (N.), M.Sc. (McM.), M.A. (Calg.)
Patrick Vaillant; N., B.Sc. (N.) (Ott.)
Antonietta Vitale; N., B.Sc. (N.), M.Sc. (A.) (McG.)
Rosanna Zappavigna; N., B.Sc. (N.), M.Ed. (McG.)

376 2007-2008 Graduate and Postdoctoral Studies, McGill University
Assistant Professors

Faculty Lecturers

Adjunct Professor
Bruce Gottlieb

Associate Members

Clinical Instructors
A list of nursing holding a McGill instructor appointment is available at the School of Nursing.

56.1.1 History
The McGill School of Nursing, a professional School within the Faculty of Medicine, has been educating nurses since 1920. The School is internationally recognized for its distinctive vision, leadership in nursing and the quality of its programs. McGill nursing graduates have earned a reputation as outstanding clinicians, educators, researchers, and leaders in the discipline.

Over the years the faculty of the School at McGill has worked to formulate a philosophy about the responsibilities and practice of nursing. This philosophy, known as the McGill Model of Nursing, directs the curriculum of the programs at the School and emphasizes health, the family, learning and development, collaboration with clients and working with the resources of individuals, families and communities. Its intent is to actively promote health and well-being in people of all ages and across all situations. The McGill Model is also central to the Department of Nursing of the McGill University Health Centre.

The first programs offered at the McGill School of Nursing in the 1920s were intended to develop knowledge and skill for nurses working in the field of community health. In those early years, education programs offered at McGill were directed at nurses holding diplomas from hospital schools. Since 1957 the School has offered a first level undergraduate degree in nursing to university students interested in health care. The increasing complexity of nursing practice, coupled with the rapid growth of knowledge about human behaviour during health and illness led to the development of the Master's program in nursing in 1961 and the joint Doctoral program in collaboration with the University of Montreal in 1994.

The first doctoral degree in nursing in Canada was awarded at McGill in 1990. In addition the McGill School continues to publish the Canadian Journal of Nursing Research, Canada's first refereed journal of research and scholarly papers in nursing.

The School is located in Wilson Hall, which houses classrooms, learning labs, computer facilities, faculty offices, and lounges. Students registered in the School also take courses in other faculties within the University. Selected experience in nursing is provided in the McGill University Health Centre, other McGill affiliated hospitals, and in a wide variety of health agencies in Montreal.

56.2 Programs Offered
For information on undergraduate Nursing programs, please consult the Health Sciences Calendar.

Graduate Diploma in Nursing
The graduate diploma in nursing prepares students with completed graduate studies in the discipline and experience in a specialty area to assume new roles as nurse practitioners. The program of study focuses on the acquisition of advanced level knowledge from the biomedical sciences and application of knowledge in the context of the nurse practitioner role. Graduate diplomas are offered in selected specialty areas only.

Master's Program: Master of Science (Applied)

The objective of this program is to prepare specialists in nursing able to participate in the development, implementation and management of services in all domains of health care. Opportunity is provided for the advanced clinical study of nursing, and for incorporating research and evaluation methods in the investigation of nursing problems.

Students entering the Master's program may select between two areas of study. The clinical stream is intended to prepare students for clinical nurse specialist or nurse practitioner roles in selected areas. The research area is available for students wishing to plan an individual program of study in such areas as nursing administration or international health.

Doctoral Studies: Ph.D. in Nursing
The School of Nursing of McGill University and the Faculté des Sciences Infirmières of the Université de Montréal offer a joint doctoral program leading to a Ph.D. in Nursing. This program is offered in English at McGill. A cross-disciplinary option in psychosocial oncology is offered in collaboration with the Department of Psychology at McGill.

The program is designed to train nurse scientists who will make a contribution to the advancement of knowledge in the discipline of nursing and assume a leadership role both in the profession and in the health care system.

56.3 Admission Requirements

PROFICIENCY IN ENGLISH

The language of instruction at McGill University is English. Students must write term papers, examinations and theses in English or in French. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone) must submit documented proof of competency in oral and written English. Before acceptance, appropriate exam results must be submitted directly from the TOEFL (Test of English as a Foreign Language: www.toefl.org) or IELTS (International English Language Testing Systems - www.ielts.org). An institutional version of the TOEFL is not acceptable. Applications will not be considered if a TOEFL or IELTS test result is not available. TOEFL exam requirements: a minimum score of 600 (paper-based) or 250 (computer-based) or 100 with each component score no less than 20 (internet based). IELTS exam requirements: a minimum overall score of 7.5 is required.

Students who have not completed their studies in North America will be asked to arrange for an interview as part of the application process.

GRE (Graduate Record Examination) general test results may be required in individual circumstances.
GRADUATE DIPLOMA IN NURSING
Applicants must hold a Master’s degree in Nursing comparable to McGill with a minimum CGPA of 3.2 on a 4.0 scale required. Prior to entry, applicants should have a minimum of 2 years of experience in the United States and in Canada, in the specialty area over the previous 5 years.

MASTER’S PROGRAMS
Our graduate programs offer applicants the possibility of developing a program of study that fits with their career plans. The programs are intended to enable students to assume roles as clinical nurse specialists in a variety of different areas, as neonatal nurse practitioners, or to tailor their program towards a career in administration or in global health studies.

Nurse applicants to the Master’s program must complete their studies on a part-time basis, i.e., minimum of 6 credits per term to a maximum of four years.

All nurse applicants are expected to hold current registration in the province or country from which they come. Nurses who are not licensed in Quebec be registered with the Ordre des infirmières et infirmiers du Québec.

International nurse applicants are required to have had experience as nurses in their country of origin and in North America (recommended).

B.A./B.Sc. APPLICANTS
Applicants holding a general B.Sc. or B.A., including a number of prerequisite courses, may be admitted to a Qualifying Year. A minimum cumulative CGPA (Grade Point Average) of 3.0 on a scale of 4.0 is required for entry. Upon successful completion of the Qualifying Year, candidates apply to the Master’s program.

Persons prepared in another professional discipline or in nursing are not eligible for this program.

Direct-Entry applicants must complete their Qualifying Year and the Master’s program of study on a full-time basis, i.e., total of three years.

Applicants should make arrangements to obtain C.P.R. (Cardio-Pulmonary Resuscitation) certification prior to entry into the Qualifying year. Applicants will be asked to provide proof of certification once registered in the program.

NURSE APPLICANTS (NURSING BACHELOR’S ENTRY - NBE)
Applicants for the Master’s degree must have completed a bachelor’s degree in nursing with a minimum CGPA of 3.0 on a scale of 4.0. This preparation must be comparable to that offered in the bachelor's program at McGill. An introductory statistics course (3 credits) is required. Experience in Nursing is recommended.

(Nurse applicants may already have CPR certification; if not they must obtain one prior to entry as well.)

PH.D. PROGRAM
Applicants admitted to the Doctoral program through McGill University must have completed Master’s level studies with either their undergraduate or graduate degree in nursing. Applicants must have a GPA of 3.3 on a scale of 4.0 or a high B standing.

Ph.D. Program
Before submitting an application on Minerva, applicants must have been in contact with a faculty member who could serve as a potential supervisor. The faculty member, after reviewing the completed application indicates in writing agreement to supervise. If applicable, applicants must also submit their TOEFL or IELTS score as early as possible in the application process.

Applicants must provide the following information:
1. An up-to-date C.V.
2. Two official copies of academic transcripts (undergraduate and graduate).
3. A sample of written scholarly work, preferably in which the applicant is the sole or primary author (25 pages or less). Examples are: A published or unpublished manuscript illustrative of concept analysis, an in-depth literature review in a focused area or a research report (international students whose original scholarly writing is not in English or French should submit a copy of the writing translated into English or French).
4. A statement letter (3-4 pages):
a. Why are you pursuing doctoral study in nursing science?
b. Why did you specifically select a Ph.D. in nursing science at McGill?
c. Please comment on your qualifications and readiness for doctoral study.
d. What are your long-term career goals, and how do you see the program contributing to meeting them?
e. Briefly describe a problem area in nursing science on which you think you would like to focus.
f. List potential thesis supervisor(s) with whom you have had contact
5. Letters of reference from two professors who are familiar with the candidate's academic work and who can comment on his/her research aptitudes.

O.I.I.Q. (Ordre des infirmières et infirmiers du Québec) registration required only if candidate is planning to practice as a nurse in Québec.

• International deadline: February 1, 2008
• Canadian deadline: March 1, 2008

Applications for Winter (January 2008): Online applications open as of March 15, 2008 for Ph.D Program ONLY:

• International deadline: June 1, 2008
• Canadian deadline: September 15, 2008

56.5 Registration and Regulations
Official registration through Minerva must be completed by the Orientation Session in August. Students registering late for reasons unrelated to the admission procedure are subject to the late payment fee.

New students will be informed by the School of Nursing regarding the Advising/Orientation session held around the end of August. Information related to the selection of the elective courses will be included in the registration package sent by the School of Nursing directly to the applicant.

Returning students are responsible for ensuring that registration is complete as per university timetables.

Course Requirements
Students are provided with the course objectives, requirements and methods of the mean of evaluation at the beginning of each course. Students will not be permitted to write an examination in any course unless they have fulfilled the requirements, including attendance.

Vaccination/Immunization Requirements
New students in the School of Nursing must refer to the Vaccination Requirements outlined in the General Information, Regulations and Research Guidelines in the Health Sciences Calendar. A copy of the immunization form outlining requirements can be found at www.mcgill.ca/studenthealth/immunization. Annual flu

378 2007-2008 Graduate and Postdoctoral Studies, McGill University

McGill’s online application for graduate program candidates is available at www.mcgill.ca/applying/graduate.

Graduate Diploma in Nursing

M.Sc.(A)Program
(Nurse Bachelor entry candidates) (Direct-entry applicants apply to the M.Sc.(A) program online and if admitted these candidates will be entering the Qualifying Year):
• International deadline: March 1, 2008
• Canadian deadline: March 1, 2008

See Nursing Web at www.nursing.mcgill.ca for more information on the Application Process as well as the supporting documents required in addition to the Minerva on-line application.
vaccination is strongly recommended. Entry into the McGill University Teaching Hospital Network is dependent on having met the immunization requirements. All students must have immunizations complete (or in process for hepatitis B) by the start of clinical rotations in September.

CPR and First Aid Requirements
Valid First Aid and CPR Certification (level C) is required no later than September 15th of the Qualifying year of the Master’s program. This Certification must be maintained throughout the program of study.

Achievement Builders - Student Services
Any student who is experiencing difficulty in meeting course requirements must take advantage of the Achievement Builders Program offered through Student Services. Information is available at: www.mcgill.ca/firstyear/achievementbuilders.

Regulations Concerning Clinical Placements Courses
- Students must be registered with the O.I.I.Q. before they can have access to clinical placements. Students who have not completed the registration procedure cannot commence clinical studies.
- Students must have met the vaccination/immunization requirements prior to commencing clinical studies in September.
- Students are required to purchase equipment such as a stethoscope and physical-assessment equipment. Information is provided at registration or within specific courses.
- Students are expected to demonstrate professional behaviour at all times. The Code of Ethics for Nurses and the McGill University Code of Student Conduct (as outlined in the Handbook Student rights and Responsibilities) provide guidelines. Professional behaviour is expected in relation to classmates, teachers, patients, and the institutions within which studies take place.
- In any formal documentation, students must identify themselves as a McGill Nursing Student with the respective year of study noted. Name badges must be worn at all times in clinical studies (these are ordered in the fall semester of the first year of studies) and students must comply with the uniform policy during clinical placements.
- Attendance in clinical courses is mandatory and absences must be discussed with the instructor. Students with repeat absences may be asked to defer clinical studies if progress in the clinical course is compromised.
- Students whose performance in clinical studies does not meet the course objectives will be informed in writing and a learning plan will be developed. Students whose performance is below expectations or who are unsafe in clinical studies may be required to withdraw from the course at any time.
- Students who are identified as below expectations or considered to be incompetent or unsafe in clinical studies can be required to withdraw from the course at any time - in this case the student will receive a grade of WF or F.
- While an effort is made to place students within reasonable travelling distance for clinical studies, each student must budget a sum of money to travel to and from a patient home and clinical institutions.
- Clinical courses that are offered during the summer session may require that students study during the day time, evening and weekends.
- Clinical agencies may require students entering their facility to undergo a Criminal Reference Check prior to being granted permission to enter their facility.

Requirements for Licensure
Following completion of a 1st level program in nursing, graduates must obtain licensure from the professional organization in the province or state in which they complete their studies. In Quebec, the O.I.I.Q. (Ordre des infirmières et infirmiers du Québec) administers the professional examination for graduates of all nursing programs in Quebec. The examination can be written in English.

Students intending to practice in Quebec, but who do not meet the language eligibility requirements, must also complete a French language proficiency exam with l’Office de la langue Française within 2 years after graduation.

While reciprocal agreements concerning licensure exist between most provinces and states, practices may vary. Graduates may have to write more than one licensure examination. Therefore, it is recommended that students who do not plan to practice nursing in Quebec should contact their province or state of origin to obtain the current information regarding licensure requirements.

56.6 Program Requirements

Graduate Diploma in Nursing (30 credits)

Required Courses (27 credits)
NUR2 616 (4) Advanced Clinical Skills
NUR2 628 (4) Advanced Assessment
NUR2 630 (3) Clinical Project 1
NUR2 640 (4) Clinical Reasoning 1
NUR2 641 (4) Clinical Reasoning 2
NUR2 650 (8) Practitioner Internship

Complementary Course (3 credits)
3 credits, one of the following courses:
NUR2 644 (3) Special Topics 1
NUR2 645 (3) Special Topics 2

M.ASc. A. Program (48 to 60 credits)
48 credits - Nurse Bachelor Entry (Adjunct)
49 credits - Nurse Bachelor Entry (Clinical)
53 credits - Direct-entry - (Clinical)
60 credits - Nurse Bachelor Entry (Nurse Practitioner)

Required Courses (All Streams) (30 credits)
NUR2 611D1/D2 (6) Seminar in Nursing
NUR2 612 (3) Research Methods in Nursing 1
NUR2 614D1/D2 (6) Clinical Laboratory - Nursing 1
NUR2 626 (3) Professional Issues in Nursing
NUR2 630 (3) Clinical Project 1
NUR2 631 (3) Clinical Project 2
NUR2 642 (3) Ethics in Advanced Practice

Complementary Courses (18 to 30 credits)
23 credits - Direct Entry students (clinical)
19 credits - Nursing Bachelors Entry students (clinical)
30 credits - Nursing Bachelors Entry students (Nurse Practitioner)
18 credits - Nursing Bachelors Entry students (adjunct)

Students should consult with the program advisor regarding the recommended courses for each stream of study. Students take the appropriate number of credits from the following list of courses:
NUR2 615 (3) Health Care Evaluation
NUR2 616 (4) Advanced Clinical Skills
NUR2 623 (3) Clinical Assessment and Therapeutics
NUR2 624 (4) Clinical Laboratory in Nursing 2
NUR2 627 (3) Nursing Practicum
NUR2 628 (4) Advanced Assessment

McGill University, Graduate and Postdoctoral Studies 2007-2008 379
A minimum of 18 credits beyond the Master's level. Courses

**NUR2 512** (8) Practice and Theory in Nursing

Summer Term

2 complementary courses*

**NUR2 514D2** (5) Clinical Laboratory in Nursing

**NUR2 511D2** (3) Practice of Nursing Part 1

**NUR1 235** (4) Health and Physical Assessment

Winter Term

2 complementary courses*

**NUR1 235** (4) Health and Physical Assessment

**NUR2 511D2** (3) Practice of Nursing Part 1

**NUR2 514D2** (5) Clinical Laboratory in Nursing

**NUR2 650** (8) Practitioner Internship

or other graduate level courses in consultation with faculty advisor.

**QUALIFYING YEAR (41 credits)**

*(non-nurse applicants entering with B.A. or B.Sc.)*

**Fall Term**

**NUR1 222** (1) McGill Model of Nursing

**NUR2 511D1** (3) Practice of Nursing Part 1

2 complementary courses*

**Winter Term**

**NUR2 514D1** (5) Clinical Laboratory in Nursing

**NUR1 223** (4) Health and Physical Assessment

**NUR2 511D2** (3) Practice of Nursing Part 1

2 complementary courses*

**Summer Term**

**NUR2 512** (8) Practice and Theory in Nursing

*Complementary Courses: A total of 12 credits from the physical sciences, social sciences and nursing, are chosen in consultation with faculty to complement the student’s previous academic background.

Students must successfully complete the Qualifying Year with a minimum of 18 credits beyond the Master’s level. Courses and seminars in research design, issues of measurement, advanced statistics and complementary course(s) in the student’s major field of study are compulsory. The student’s program is decided in consultation with the thesis supervisor. The following table outlines the suggested sequence of courses for the program:

**Ph.D. Year 2:**

NUR2 702 (3) Quantitative Research

NUR2 703 (3) Issues of Measurement

NUR2 730 (3) Theory Development in Nursing

Selected courses (Statistics, complementary or substantive courses)*

**Ph.D. Year 3:**

NUR2 780 (3) Advanced Nursing

Selected courses (Statistics, complementary or substantive courses)*

NUR2 701 (1) Comprehensive Examination

* A minimum of 3 credits in advanced statistics and substantive courses is planned with the thesis supervisor.

3. Successful defence of the thesis proposal (Comprehensive Examination)

**Ph.D. in Nursing - Psychosocial Oncology**

**Option/Concentration (PSO)**

All doctoral Nursing students registered in the Psychosocial Oncology Option complete the courses listed below. The Ph.D. thesis topic must be germane to psychosocial oncology and approved by the P.S.O. coordinating committee.

**Required Courses**

NUR2 702 (3) Quantitative Research

NUR2 703 (3) Issues of Measurement

NUR2 730 (3) Theory Development in Nursing

Selected course(s) (Statistics)*

NUR2 780 (3) Advanced Nursing

NUR2 783 (3) Psychosocial Oncology Research

NUR2 705 (3) Palliative Care in Cancer

NUR2 701 (1) Comprehensive Examination

* A minimum of 3 credits in advanced statistics

**Complementary Course (3 credits)**

One of the following courses:

PSYC 505 (3) The Psychology of Pain

PSYC 507 (3) Emotions, Stress, and Illness

PSYC 754 (3) Health Psychology Seminar 2

SWRK 609 (3) Health and Social Work

SWRK 668 (3) Life-Threatening Illness and Bereavement

**56.7 Courses**

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Details of the courses to be offered in the current year are also available from the School.

**Courses with numbers ending D1 and D2** are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

The course credit weight is given in parentheses after the title.

**QUALIFYING PROGRAM**

**NUR1 222 McGill Model of Nursing.** (1) This introductory course provides an overview of the history and the philosophical and theoretical tenets underlying the core concepts of the Model. Students are introduced to McGill’s perspective on health, family, learning, and collaborative nursing through a study of selected theoretical and research papers.

**NUR1 235 Health and Physical Assessment.** (4) This course will develop basic knowledge and skills required to do a health history and to carry out basic physical assessment in infants, children, and adults.

**NUR2 511D1 (3), NUR2 511D2 (3) Practice of Nursing Part 1.** (Students must register for both NUR2 511D1 and NUR2 511D2.) (No credit will be given for this course unless both NUR2 511D1 and NUR2 511D2 are successfully completed in consecutive terms) A study of selected concepts related to the practice of nursing including health, family, normative life transitions and interpersonal interaction. The major focus is on developing an understanding of human behaviour using the process of scientific inquiry. Special emphasis is placed on the observation of people in their physical and social environments and on the analysis of clinical data as the basis for the development of innovative nursing approaches.
NUR2 512 PRACTICE AND THEORY IN NURSING. (8) Learning to nurse patients in acute care settings, who are experiencing a variety of common illness-related problems.

NUR2 514D1 (5), NUR2 514D2 (5) CLINICAL LABORATORY IN NURSING. (Students must register for both NUR2 514D1 and NUR2 514D2.) (No credit will be given for this course unless both NUR2 514D1 and NUR2 514D2 are successfully completed in consecutive terms) Learning to nurse through field experiences with individuals and families in the community and in acute care settings. The focus is on the application of knowledge and theory in practice and includes the testing and analysis of nursing approaches. Students work with clients and families experiencing a variety of life events including aging, birth and parenting as well as acute illness and hospitalization.

GRADUATE PROGRAM

NUR2 611D1 (3), NUR2 611D2 (3) SEMINAR IN NURSING. (Students must register for both NUR2 611D1 and NUR2 611D2) (No credit will be given for this course unless both NUR2 611D1 and NUR2 611D2 are successfully completed in consecutive terms) A critical study of selected concepts in nursing and health related to individuals and families. An introduction to the study of concepts and theories relevant to nursing.

NUR2 612 RESEARCH METHODS IN NURSING 1. (3) Basic knowledge and skills needed to conduct research. The philosophy and principles of scientific inquiry, research design, sampling, techniques of data collection, ethics, and incorporating research into practice are discussed with emphasis for nursing.

NUR2 614D1 (3), NUR2 614D2 (3) CLINICAL LABORATORY - NURSING 1. (Students must register for both NUR2 614D1 and NUR2 614D2) (No credit will be given for this course unless both NUR2 614D1 and NUR2 614D2 are successfully completed in consecutive terms) Field experience in nursing to test and develop concepts critical to the health of individuals and families. The examination of theories relevant to nursing practice in the clinical field.

NUR2 615 HEALTH CARE EVALUATION. (3) An evaluation of educational and health care systems with particular reference to the nursing input in problems of health, health care and health care delivery. Evaluative research includes qualitative and quantitative approaches to assessing health status and quality of care.

NUR2 616 ADVANCED CLINICAL SKILLS. (4) Supervised clinical experiences in health care agencies are aimed at developing competence in technical and family nursing skills at an advanced level. Experience is determined on an individual basis according to learning needs and the student’s area of interest.

NUR2 620 CURRENT THEORIES OF NURSING. (2) (Prerequisites: NUR2 611, NUR2 614 or equivalent) Current theories of nursing, e.g. Orem, Roy, King, Rogers are examined along with their implications for practice, curriculum, administration, and research. The internal and external adequacy of these theories will be evaluated using selected schema. Critical analysis of issues and problems of theories in a practice discipline will be undertaken.

NUR2 621D1 (3), NUR2 621D2 (3) SEMINAR IN NURSING 2. (Students must register for both NUR2 621D1 and NUR2 621D2) (No credit will be given for this course unless both NUR2 621D1 and NUR2 621D2 are successfully completed in consecutive terms) An opportunity for investigation of some of the critical problems in nursing as related to the student’s area of inquiry. Particular emphasis is placed on theory development in nursing.

NUR2 623 CLINICAL ASSESSMENT AND THERAPEUTICS. (3) (Prerequisites: PATH 300; PHGY 201, PHGY 202 or equivalent.) Development of skills in the medical-nursing assessment and management of patients and families dealing with chronic and life-threatening illnesses. Includes instruction in history-taking and physical assessment.

NUR2 624 CLINICAL LABORATORY IN NURSING 2. (4) Field experience in nursing, incorporating extensive assessment, experimentation and evaluation of differing nursing approaches.

NUR2 625 CLINICAL LABORATORY IN NURSING 3. (6) Field experience in nursing, incorporating extensive assessment, experimentation and evaluation of differing nursing approaches.

NUR2 626 PROFESSIONAL ISSUES IN NURSING. (3) An examination of theories of learning and organizational behaviour as related to the preparation of nurses for the delivery of health care services. Implications of these theories for the assessment, development, and evaluation of nursing programs will be investigated.

NUR2 627 NURSING PRACTICUM. (3) Research, administrative or teaching projects in nursing are defined by interested faculty and developed with students. The goal is to promote and enhance scholarly activity and productivity. At completion, there should be some final product such as a manuscript, a data collection system set-up, or the synthesis of pilot data.

NUR2 628 ADVANCED ASSESSMENT. (4) (Prerequisite: NUR1 235 or permission of instructor.) Development of advanced skills in health assessment and physical examination of clients across the life span, including diagnostic tests and interventions, documentation and follow-up.

NUR2 630 CLINICAL PROJECT 1. (3) Identification of a clinical problem and development of a project to test or implement best-practice approaches.

NUR2 631 CLINICAL PROJECT 2. (3) (Prerequisite: NUR2 630) Implementation of a project plan related to best practice approaches in health care delivery.

NUR2 635 PAIN MEASUREMENT IN CHILDREN. (3) (Prerequisites: Graduate-level course in inferential statistics and graduate or undergraduate course in child development, or permission of the instructor.) (Restriction: Health Sciences or Psychology graduate students or permission of the instructor.) Research issues surrounding the measurement of pain throughout childhood. Topics include measurement theory, theoretical and conceptual definitions of pain in children, scale construction, format and scaling issues, reliability, validity, clinical unity, developmental considerations, self-report formats, observational formats, physiological indicators of pain.

NUR2 640 CLINICAL REASONING 1. (4) (Prerequisites: PHGY 201, PHGY 202 or PHGY 209, PHGY 210; PATH 300; PHAR 300; or permission of instructor.) Advanced patho-physiology of diseases across the lifespan, decision-making, and interventions for advanced practice related to illness management.

NUR2 641 CLINICAL REASONING 2. (4) (Prerequisite: NUR2 640) Advanced pathophysiology and advanced practice interventions in selected illness situations and in a multiple-problem context, including independent clinical reasoning in the management of health and illness concerns.

NUR2 642 ETHICS IN ADVANCED PRACTICE. (3) Analysis of common as well as complex ethical issues in advanced nursing practice. General ethical standards for professional practice are reviewed as well as selected controversies.

NUR2 643 ROLE DEVELOPMENT. (3) Development of advanced practice roles, including professional and legal accountability, interdisciplinary practice, planning change, conflict resolution, referral, and consultation.

NUR2 644 SPECIAL TOPICS 1. (3) Health and illness management issues for nurse practitioners in neonatology.

NUR2 645 SPECIAL TOPICS 2. (3) Health and illness management issues for nurse practitioners in oncology.

NUR2 646 SPECIAL TOPICS 3. (3) Health and illness management issues for nurse practitioners in cardiology and critical care.

NUR2 647 SPECIAL TOPICS 4. (3) Health and illness management issues for nurse practitioners in nephrology.

NUR2 650 PRACTITIONER INTERNSHIP. (8) Supervision of clinical practice for nurse practitioner roles.

NUR2 650D1 (4), NUR2 650D2 (4) PRACTITIONER INTERNSHIP. (Students must register for both NUR2 650D1 and NUR2 650D2.) (No credit will be given for this course unless both NUR2 650D1
NUR2 701 COMPREHENSIVE EXAMINATION. (1)

NUR2 702 QUANTITATIVE RESEARCH. (3) Examination of various experimental, quasi-experimental, correlational, and survey designs with particular focus on the use of these designs in nursing research.

NUR2 705 PALLIATIVE CARE IN CANCER. (3) (Note: Required for the Psychosocial Oncology Option for PhD students in the School of Nursing and Dept. of Psychology. Other PhD students are welcome to join.) Psychosocial aspects of care as an integral part of whole person care for people living with a life-threatening illness.

NUR2 706 QUALITATIVE NURSING RESEARCH. (3) (Corequisite: NUR2 702) (Restriction: Enrolled in Ph.D. in Nursing or permission of instructor) Advanced examination of the utilization of qualitative research in nursing.

NUR2 720 NURSING WORKFORCE DETERMINANTS. (3) Factors affecting the planning and management of the nursing workforce in the context of forecasting models, demographic changes, public organizational response, models of organizational behavior and determinants of nursing sensitive outcomes, and productivity.

NUR2 730 THEORY DEVELOPMENT IN NURSING. (3) (Prerequisite: NUR2 620 or equivalent) This course surveys the history of nursing theory development with special emphasis placed on the approaches theory development and the factors affecting these approaches. Issues such as the level of theory, where theory derives are examined in light of the needs of a practice discipline. Future directions for theory development in nursing are explored.

NUR2 780 ADVANCED NURSING. (3) (3 hours seminar weekly) (Prerequisite: NUR2 621, NUR2 624, NUR2 625 or equivalent and permission of instructor) An in-depth analysis of selected issues and developments within nursing and health care. Included will be topics relevant to the areas of research and clinical expertise of the student and faculty.

NUR2 783 PSYCHOSOCIAL ONCOLOGY RESEARCH. (3) (Restriction: Open to doctoral students and postdoctoral fellows in health sciences, social work, psychology, management and by permission of the instructor.) This seminar focuses on evidence-based research developments in psychosocial oncology. Students will explore state-of-the-art theory, research methods, findings, and intervention programs from a variety of disciplines including nursing, psychology, medicine, health services management and social work that have contributed to the emergent field of psychosocial oncology.

57.2 Programs Offered

The Department of Occupational Health offers two graduate degree programs: a doctorate (Ph.D.) and Master (M.Sc.A) in occupational health sciences. The Master's program is available on campus or in distance education format. Special student status may be granted to students who wish to take only specific courses from our M.Sc. program. There is a maximum of 12 credits overall, with a maximum of 6 credits per semester.

M.Sc. Applied Program (Resident) (on campus)
A one year program in health and hygiene appropriate for physicians, nurses, graduates from engineering and basic sciences. Occupational health training allows candidates to evaluate work environments and attenuate work hazards using prevention and control.

M.Sc. Applied Program (Distance Education)
A three and one-half year program completed mostly over the Internet.

Ph.D. Program
The objective of this program is to train independent researchers in the field of work environment and health.

57.3 Admission Requirements

Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English, by appropriate exams e.g., TOEFL (Test of English as a Foreign Language) with a minimum score of 550, or 213 on the computer-based test, or 86 on the Internet-based test with each component score not less than 20.

M.Sc. Applied Program (Resident) (on campus)
Candidates should have completed, with a standing equivalent to a minimum Cumulative Grade Point Average (CGPA) of 3.0 out of 4, one of the requisites below:
- a bachelor of science degree or its equivalent, in a discipline relevant to occupational health or hygiene such as: chemistry, engineering, environmental sciences, physics;
- an M.D. (medicine);
- a B.Sc. in health sciences or nursing

Candidates should have completed, with a standing equivalent to a minimum Cumulative Grade Point Average (CGPA) of 3.0 out of 4, one of the requisites below:
- an M.D. (medicine);
- a B.Sc. in health sciences or nursing

Candidates must also submit with their application an outline of their scientific interests, indicating the field and the topic of their proposed research. Each student will be assigned to one academic staff member of the Department, who will act as his/her supervisor, who will guide him/her in the preparation of a definite research protocol.

57.5 Program Requirements

Students are required to have access to a computer and the Internet as some of the course material is most readily available by accessing the Web.
- Computer skills (word processing, worksheets and graphing) are required for all programs.
- Students must obtain at least B (65%) in each course in the program.
- Students who fail one course may be granted an exam re-write, but students with two failures will be invited to withdraw from the program.

M.Sc. Applied Program (Resident) (on campus)
A total of 45 credits is required to complete the M.Sc. program.

Teaching is organized in eight 3-credit courses and one 6-credit course totalling 30 credits. Promotion to the following term is dependent upon passing grade.
After successfully completing the course requirements and passing the comprehensive examination, students must carry out an extended project (15 credits). The projects can be surveys, laboratory work, bibliographic studies or research protocol development. The project requires students to identify an issue in their chosen area, to review the present state of knowledge relevant to that issue, and to carry out their particular project plan, which must be approved by faculty.

Normally, students extend the duration of their project into the Fall term by registering for an additional session.

**Required Courses (30 credits)**

- **OCCH 602** (3) Occupational Health Practice
- **OCCH 603** (3) Work and Environment Epidemiology 1
- **OCCH 604** (3) Monitoring Occupational Environment
- **OCCH 605** (6) Physical Health Hazards
- **OCCH 608** (3) Biological and Chemical Hazards
- **OCCH 612** (3) Principles of Toxicology
- **OCCH 614** (3) Topics in Occupational Health
- **OCCH 615** (3) Occupational Safety Practice
- **OCCH 616** (3) Occupational Hygiene
- **OCCH 600** (0) Comprehensive Examination*

*Note: students must pass the Integrative Comprehensive Examination before writing their Project.

**Project Component – Required (15 credits)**

- **OCCH 699** (15) Project Occupational Health and Safety

The second part consists of writing an extended project report (15 credits). The project report is carried out under the supervision of a member of the teaching staff.

**PH.D. PROGRAM**

Three years of resident study are required for this program.

Students are required to take course OCCH 706 Ph.D Seminar on Occupational Health and Hygiene (2 credits) and are encouraged to take up to 12 credits in areas pertinent to their specialty or in areas necessary to complete their knowledge of occupational health.

All Ph.D. students must take a comprehensive examination (OCCH 700) within 18 months of registration.

A thesis committee will be established to ensure proper supervision and coverage of the different fields of expertise as required.

**57.6 Courses**

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

- Denotes limited enrolment

**OCCH 550 ENABLING HUMAN OCCUPATION.** (3) (4 hrs/week) (4 hrs/week) U3 and M1 OT students only Occupational performance (productivity, self-care, leisure) is examined through the Canadian Occupational Performance Model and the Model of Human Occupation, both of which focus on the interaction of the individual with the environment. Human performance is analyzed focusing on prevention of disability and/or restoration of function.

**OCCH 551 PSYCHOSOCIAL PRACTICE IN OT.** (3) (Prerequisite: ANAT 321) Principles of basic psychosocial assessments and treatment approaches for psychiatric conditions.

**OCCH 600 COMPREHENSIVE EXAMINATION.** (0)

**OCCH 602 OCCUPATIONAL HEALTH PRACTICE.** (3) This course analyzes the functions, structure and organization of occupational health programs and services.

**OCCH 603 WORK AND ENVIRONMENT EPIDEMIOLOGY 1.** (3) This course provides students with basic knowledge of epidemiologic and statistical principles as applied to occupational health.

**OCCH 604 MONITORING OCCUPATIONAL ENVIRONMENT.** (3) Principles and practices of environmental and biological monitoring of workplace hazards are addressed. Familiarization with instrumentation and calibration procedures is undertaken. Students learn to identify workplace health hazards, develop effective sampling strategies, use industrial hygiene equipment and interpret results of exposure measurements.

**OCCH 605 PHYSICAL HEALTH HAZARDS.** (6) Properties, mechanisms of action and health effects of physical agents in the workplace and in the general environment: electromagnetic risks, noise and vibration, ionizing radiation, ventilation and thermal environment. Administrative, engineering and medical control methods, exposure standards and safety measures for these agents.

**OCCH 605D1, 605D2** (3) **PHYSICAL HEALTH HAZARDS.** (Students must register for both OCCH 605D1 and OCCH 605D2) (No credit will be given for this course unless both OCCH 605D1 and OCCH 605D2 are successfully completed in consecutive terms) Course covers hearing conservation, health effects of electromagnetism, ionizing radiation safety and ventilation controls. For each of these agents, properties, mechanisms of actions, health effects, engineering control methods, exposure standards
and safety measures are studied. Ventilation strategies for industry are also covered.

- **OCCH 608 Biological Hazards.** (3) Biological hazards and infectious diseases susceptible of being acquired at work and the several preventive and protective measures to be put in place, including airbone, foodborne, vectorborne infectious diseases, bioterrorism, and mold.

- **OCCH 612 Principles of Toxicology.** (3) General principles of toxicology, routes of toxicant entry, human organs as targets of toxic action, adverse effects, time-course of reactions to toxicants. Risk assessment techniques, in vivo-in vitro toxicity models, links between human population observations and animal, cellular and biochemical models.

- **OCCH 614 Topics in Occupational Health.** (3) Using a problem oriented approach, this course aims at integrating all notions seen previously in the program. Advanced learning, lectures, readings, student presentations, written assignments.

- **OCCH 615 Occupational Safety Practice.** (3) Principles of safety and loss prevention; incident investigations and analyses, occupational safety management tools; loss recognition; safety standards, guidelines and legislation. Selected topics include: fire prevention; workshop, tool and machine safety; fall protection; laboratory safety; confined space entry; safe work permit systems; and materials handling.

- **OCCH 616 Occupational Hygiene.** (3) An introduction to the principles and practices of industrial hygiene designed to provide the students with the knowledge required to identify health and safety hazards in the workplace.

- **OCCH 617 Occupational Diseases.** (3) Review of occupational health problems structured around target organs: respiratory, musculo-skeletal, skin, cardiovascular, mental disorders and aggressive agents; trauma, physical agents, solvents and metals and infectious agents. Also covered are occupational cancer, conditions associated with hypo- and hyperbaric environments, mutagenicity, teratogenicity and reproduction disorders, pre-employment, period examination and medical activities in the workplace.

- **OCCH 624 Social and Behavioural Aspects - Occupational Health.** (3) This course explores the social science of occupational health practice, and describes influences on that practice of recent political, social and economic changes in the workforce and at the workplace; the theory of health promotion; management skills; and evaluation methods.

- **OCCH 625 Work and Environment Epidemiology 2.** (3) Combined with OCCH 608 to prepare students to evaluate the relations between exposure to workplace contaminants and health. The course involves the multidisciplinary analysis of four problems: Work-related cancer; Musculo-skeletal problems; Biological hazards; Chemical intoxication.

- **OCCH 626 Basics: Physical Health Hazards.** (3) Basics of hearing conservation, health effects of electromagnetism, ionizing radiation safety and ventilation controls. For each of these agents, basic properties, mechanisms of action, health effects, engineering control methods, exposure standards and safety measures are studied. Basic ventilation strategies for industry are also covered.

- **OCCH 627 Work Physiology and Ergonomics.** (3) Provide students with basic knowledge of physiological and psychological work requirements, ergonomic approach to work-related health problems and application of this type of approach to preventive and corrective measures.

- **OCCH 630 Occupational Diseases for OHNS.** (3) Designed to meet independent and specific needs of occupational health nurses, it examines potential pathologies in the workplace, and subsequent disease outcomes. Focus is on an evidence-based approach to assessment, nursing diagnosis, appropriate interventions in the identification, management of occupational diseases. Worker screening strategies and disease prevention activities are introduced.

**OCCH 635 Environmental Risks to Health.** (3) Focuses on pathways of exposure from industry to non working populations, on measurement of exposure and observation of effects, modeling and prediction of effects. Identifying, assessing and adapting existing data to predict effects given new exposures is a major theme. Spatial analysis, risk communication and disaster response are covered, too.

**OCCH 699 Project Occupational Health and Safety.** (15) Under supervision, the student will identify an issue relevant to occupational health and report on work accomplished (i) to review the present state of knowledge and (ii) to conduct a survey and make recommendations or to devise a study proposal and to carry out a preliminary feasibility study.

**OCCH 699D1 (7.5), OCCH 699D2 (7.5) Project Occupational Health and Safety.** (Students must register for both OCCH 699D1 and OCCH 699D2) (No credit will be given for this course unless both OCCH 699D1 and OCCH 699D2 are successfully completed in consecutive terms) (OCCH 699D1 and OCCH 699D2 together are equivalent to OCCH 699) Under supervision, the student will identify an issue relevant to occupational health and report on work accomplished (i) to review the present state of knowledge and (ii) to conduct a survey and make recommendations or to devise a study proposal and to carry out a preliminary feasibility study.

**OCCH 708 Comprehensive Examination.** (0)

**OCCH 706 Ph.D. Seminar on Occupational Health and Hygiene.** (2) A critical appraisal of the occupational health sciences literature which addresses issues in hygiene, safety, epidemiology and toxicology. Students will develop a critical sense of the literature and increase their understanding of different research paradigms.

**OCCH 706D1 (1), OCCH 706D2 (1) Ph.D. Seminar on Occupational Health and Hygiene.** (Students must register for both OCCH 706D1 and OCCH 706D2) (No credit will be given for this course unless both OCCH 706D1 and OCCH 706D2 are successfully completed in consecutive terms) (OCCH 706D1 and OCCH 706D2 together are equivalent to OCCH 706) A critical appraisal of the occupational health sciences literature which addresses issues in hygiene, safety, epidemiology and toxicology. Students will develop a critical sense of the literature and increase their understanding of different research paradigms.

58.2 Program Offered

The Master of Science degree in Otolaryngology trains otolaryngologists for clinical or basic-science research in Otolaryngology.

58.3 Admission Requirements

Admission to the M.Sc. program requires acceptance by a research supervisor, and the proposed program must be approved by the Departmental Research Committee.

All applicants must be otolaryngologists or they should be currently enrolled in a residency program leading to certification in Otolaryngology.

58.4 Application Procedures

Applications require the following documentation:
1. completed application form and personal statement form;
2. letters of reference from two professors;
3. two official copies of academic transcripts;
4. application fee: $80;
5. results of Test of English as a Foreign Language (TOEFL) (minimum of 550 on the paper-based test, 213 on the computer-based test or 86 on the Internet-based test with each component score not less than 20) for applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone).

Prospective students should contact research supervisors individually. McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

58.5 Program Requirements

M.Sc. in Otolaryngology (45 credits)
The M.Sc. program comprises a minimum of 45 credits as follows:

Required Courses (12 credits)
OTOL 602 (3) Physiology, Histopathology and Clinical Otolaryngology 1
OTOL 612 (3) Physiology, Histopathology and Clinical Otolaryngology 2
OTOL 603 (3) Advanced Scientific Principles of Otolaryngology 1
OTOL 613 (3) Advanced Scientific Principles of Otolaryngology 2

When appropriate, courses OTOL 602, OTOL 612, OTOL 603 or OTOL 613 may be replaced by other basic-science or clinical (500-level or higher) courses of relevance to Otolaryngology, as recommended or approved by the Department.

Complementary Course (3 credits)
EPIB 607 (3) Principles of Inferential Statistics in Medicine or equivalent

Thesis Component – Required (30 credits)
OTOL 690 (3) Thesis 1
OTOL 691 (3) Thesis 2
OTOL 692 (6) Thesis 3
OTOL 693 (6) Thesis 4
OTOL 694 (12) Thesis 5

Students aiming to acquire an interdisciplinary background will be expected to take additional elective courses, at the undergraduate level if necessary.

58.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

OTOL 602 PHYSIOLOGY, HISTOPATHOLOGY AND CLINICAL OTOLARYNGOLOGY 1. (3) (6 hours/week) University and hospital rounds and seminars presenting various topics in Clinical Otolaryngology.

OTOL 603 ADVANCED SCIENTIFIC PRINCIPLES - OTOLARYNGOLOGY 1. (3) (1.5 hours/week) Lectures in advanced basic-science topics of relevance to the otolaryngologist.

OTOL 612 PHYSIOLOGY, HISTOPATHOLOGY AND CLINICAL OTOLARYNGOLOGY 2. (3) (6 hours/week) University and hospital rounds and seminars presenting various additional topics in Clinical Otolaryngology.

OTOL 613 ADVANCED SCIENTIFIC PRINCIPLES - OTOLARYNGOLOGY 2. (3) (1.5 hours/week) Lectures in additional basic-science topics of relevance to the otolaryngologist.

OTOL 690 M.Sc. THESIS 1. (3) A literature search and research proposal under supervision of the research supervisor that leads to a written proposal.

OTOL 691 M.Sc. THESIS 2. (3) Supervised training and research in connection with the Master’s thesis.

OTOL 693 M.Sc. THESIS 4. (6) A seminar and written report to be presented to an ad hoc committee describing appropriate progress at the end of the first year of training.

OTOL 694 M.Sc. THESIS 5. (12) Independent study in connection with the Master’s thesis. Presentation of results at a departmental seminar, or at a scientific meeting. Completion and final acceptance of the M.Sc. Thesis by the Department and the Graduate and Postdoctoral Studies Office.

Director — Timothy G. Geary

59.1 Staff

Professors
Gaëtan M. Faubert; B.Sc.(Sher.), M.Sc.(Montr.), Ph.D.(McG.)
Timothy Q. Geary; B.Sc.(Notre Dame), Ph.D.(Mich.) (Canada Research Chair in Parasite Biotechnology)
Roger Prichard; B.Sc., Ph.D.(NSW) (James McGill Professor)

Associate Professors
Robin N. Beech; B.Sc.(Nott.), Ph.D.(Edin.)
Elias Georges; B.Sc., Ph.D.(McG.)
Armando Jardim; B.Sc., Ph.D.(Vic., BC)
Paula Ribeiro; B.Sc., Ph.D.(York)
Marilyn E. Scott; B.Sc.(New Br.), Ph.D.(McG.)

Assistant Professors
Florence Dzierszinski; B.Sc., M.Sc., Ph.D. (Lille, France)
Reza Salavati; B.A.(Calif.St.), M.A.(Calif.St.), Ph.D.(Wesl.)

Lecturer
James M. Smith; B.Sc.(N.E. London Polytechnic), Ph.D.(McG.)

Associate Members
Gregory J. Matlashewski (Medicine, Microbiology and Immunology); Manfred E. Rau (Natural Resource Sciences, Entomology); Mary Stevenson (Medicine, Experimental Medicine); Brian Ward (Medicine, Experimental Medicine)

59.2 Programs Offered

M.Sc. and Ph.D. thesis research degrees in Parasitology, with Bioinformatics and Environment options; and non-thesis Graduate Certificate and M.Sc.(Applied) degree in Biotechnology.

The Institute of Parasitology teaches and researches the phenomenon of parasitism of man and livestock. Current research involvement includes the biology, biochemistry, bioinformatics, pharmacology, control, ecology, epidemiology, immunology, molecular biology, neurobiology, and population and molecular genetics of parasitic organisms, viruses and cancer cells.

The Institute is housed in its own building adjacent to the Macdonald Campus Library, and has well equipped laboratories. The Institute has small and large animal facilities on campus. The Institute is affiliated to the McGill Centre for Tropical Diseases at the Montreal General Hospital.

59.3 Admission Requirements

Candidates for either the M.Sc. or the Ph.D. thesis research degree should possess a Bachelor's degree in the biological or medical sciences with a minimum cumulative grade point average of 3.2/4.0 (second class-upper division). High grades are expected in courses considered by the academic unit to be preparatory to the graduate program. Previous experience in parasitology is not essential.

Candidates for the Graduate Certificate and the M.Sc.(Applied) in Biotechnology must possess a Bachelor's degree in Biological Sciences or equivalent with a minimum cumulative grade point average of 3.0/4.0 or 3.2/4.0 GPA in the last two full-time years of university study for the Graduate Certificate, and a minimum of 3.2/4.0 CGPA for the M.Sc.(A), as well as prerequisites or equivalents. Prerequisites or equivalents: Students are required to have sufficient background in Biochemistry, Cellular Biology and Molecular Biology, equivalent to at least a 200-level course (300-level course for Molecular Biology) at McGill University.

59.4 Application Procedures

Applicants for the thesis research degrees (M.Sc. and Ph.D.) must forward supporting documents to:

Thesis Research Graduate Programs
Institute of Parasitology
McGill University, Macdonald Campus
21,111 Lakeshore Road
Sainte Anne-de-Bellevue, QC H9X 3V9
Canada
Telephone: (514) 398-7722
Fax: (514) 398-7857
E-mail: graduate.parasitology@mcgill.ca
Website: www.mcgill.ca/parasitology

Applicants for the Biotechnology Programs must forward supporting documents to:

Biotechnology Graduate Programs
Institute of Parasitology
McGill University, Macdonald Campus
21,111 Lakeshore Road
Sainte Anne-de-Bellevue, QC H9X 3V9
Canada
Telephone: (514) 398-7725
Fax: (514) 398-7857
E-mail: program.biotech@mcgill.ca
Website: www.mcgill.ca/biotechgradprog

Applications will be considered upon receipt of a completed application form, $80 application fee, and the following supporting documents:

DOCUMENTS SUBMITTED WILL NOT BE RETURNED.

Transcripts - Two official copies of all university level transcripts with proof of degree(s) granted. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant's university is essential. It is the applicant's responsibility to arrange for transcripts to be sent.

It is desirable to submit a list of the titles of courses taken in the major subject, since transcripts often give code numbers only. Applicants must be graduates of a university of recognized reputation and hold a Bachelor's degree equivalent to a McGill Honours degree in a subject closely related to the one selected for graduate work. This implies that about one-third of all undergraduate courses should have been devoted to the subject itself and another third to cognate subjects.

Letters of Recommendation - Two letters of recommendation on letterhead (official paper) of originating institution or bearing the university seal and with original signatures from two instructors familiar with the applicant's work, preferably in the applicant's area of specialization. It is the applicant's responsibility to arrange for these letters to be sent.

Competency in English - Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English, by appropriate exams, e.g., TOEFL (minimum score 577 on the paper-based test, 233 on the computer-based test or 90 on the Internet-based test with each component not less than 20). The MCHE is not considered equivalent. Results must be submitted as part of the application. The University code is 0935 (McGill University, Montreal); please use Department code 31 (Graduate
Schools), Biological Sciences - Agriculture, to ensure that your TOEFL reaches this office without delay.

Graduate Record Exam (GRE) - The GRE is not required, but it is highly recommended.

Application Fee (non-refundable)
- A fee of $80 Canadian must accompany each application (including McGill students), otherwise it cannot be considered. This sum must be remitted using one of the following methods:
  1. Credit card (by completing the appropriate section of the application form). NB: online applications must be paid for by credit card.
  2. Certified cheque in Cdn.$ drawn on a Canadian bank.
  5. U.S. Money Order in U.S. $.
  6. An international draft in Canadian funds drawn on a Canadian bank requested from the applicant's bank in his/her own country.

Deadlines
- Applications for the M.Sc. and Ph.D. thesis research degrees in Parasitology, including all supporting documents, must reach the Institute no later than May 15 (March 1 for International) for the Fall Term (September); October 15 (July 1 for International) for the Winter Term (January); February 15 (November 1 for International) for the Summer Term (May).
- Applications for the Biotechnology Programs must reach the Institute no later than April 1 (February 15 for International) for the Fall Term (September); October 15 (no International admissions) for the Winter Term (January). Note that there is no admittance in the Winter Term for International and for the M.Sc.(Applied) degree.
- It may be necessary to delay review of the applicant’s file until the following admittance period if application materials including supporting documents are received after these dates. International applicants are advised to apply well in advance of the deadline because immigration procedures may be lengthy.
  - Applicants are encouraged to make use of the online application form available on the Web at www.mcgill.ca/applying/graduate.

Financial aid is very limited and highly competitive. It is suggested that students give serious consideration to their financial planning before submitting an application.

Acceptance to all thesis research programs depends on a staff member agreeing to serve as the student’s supervisor and the student obtaining financial support. Normally, a student will not be accepted unless adequate financial support can be provided by the student and/or the student’s supervisor. Academic units cannot guarantee financial support via teaching assistantships or other funds.

Qualifying Students – Some applicants whose academic degrees and standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the subject selected may be admitted to a Qualifying Program if they have met the Graduate and Postdoctoral Studies Office minimum CGPA of 3.0/4.0. The course(s) to be taken in a Qualifying Program will be prescribed by the academic unit concerned. Qualifying students are registered in graduate studies, but not as candidates for a degree. Only one qualifying year is permitted. Successful completion of a qualifying program does not guarantee admission to a degree program.

59.5 Program Requirements

PARASITOLOGY PROGRAMS

M.Sc. in Parasitology (Thesis) (46 credits)
Although emphasis in the graduate program is on research, satisfactory completion of PARA 635 and PARA 655 is required in the first year of study. Other course work in related subjects may be required, depending upon the candidates' background and research orientation. The minimum requirement of the M.Sc. degree is 46 credits.

Candidates are required to write a research proposal in the second term of their registration to fulfill the requirements of PARA 600. While in the Institute, all students are required to register and participate in the seminar courses PARA 606 and PARA 607. Seminar speakers include students, professors and invited guests.

Required Courses (14 credits)
- PARA 600 (4) Thesis Proposal for M.Sc
- PARA 606 (2) Parasitology Seminar
- PARA 607 (2) Parasitology Research Seminar
- PARA 635 (3) Cell Biology and Infection
- PARA 655 (3) Host-Parasite Interactions

Thesis Component – Required (32 credits)
- PARA 687 (10) Thesis Research 1
- PARA 688 (10) Thesis Research 2
- PARA 689 (12) Thesis Research 3

M.Sc. in Parasitology (Thesis) – Bioinformatics Option/Concentration (47 credits)

Required Courses (17 credits)
- COMP 616 (3) Bioinformatics Seminar
- PARA 600 (4) Thesis Proposal for M.Sc
- PARA 606 (2) Parasitology Seminar
- PARA 607 (2) Parasitology Research Seminar
- PARA 635 (3) Cell Biology and Infection
- PARA 655 (3) Host-Parasite Interactions

Complementary Courses (6 credits)
- 6 credits from the following list:
  - BINF 621 (3) Bioinformatics: Molecular Biology
  - BMDE 652 (3) Bioinformatics: Proteomics
  - BTEC 555 (3) Structural Bioinformatics
  - COMP 618 (3) Bioinformatics: Functional Genomics
  - PHGY 603 (3) Systems Biology and Biophysics

Additional courses at the 500- or 600-level may be required at the discretion of the candidate's supervisory committee.

Thesis Component – Required (24 credits)
- PARA 688 (10) Thesis Research 2
- PARA 689 (12) Thesis Research 3
- PARA 690 (2) Thesis Research 4

M.Sc. in Parasitology (Thesis) – Environment Option/Concentration (46 credits)

Required Courses (14 credits)
- ENVR 610 (3) Foundations of Environmental Policy
- ENVR 650 (1) Environmental Seminar 1
- ENVR 651 (1) Environmental Seminar 2
- ENVR 652 (1) Environmental Seminar 3
- PARA 600 (4) Thesis Proposal for M.Sc
- PARA 606 (2) Parasitology Seminar
- PARA 607 (2) Parasitology Research Seminar

Complementary Courses (6 credits)
- 3 credits, one of the following courses:
  - PARA 635 (3) Cell Biology and Infection
  - PARA 655 (3) Host-Parasite Interactions
3 credits, one of the following courses:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4

or other graduate course recommended by the advisory committee and approved by the Environment Option Committee

Note: Other course work in related subjects may be required, depending upon the candidate's background and research orientation.

**Thesis Component – Required (26 credits)**
PARA 687 (10) Thesis Research 1
PARA 688 (10) Thesis Research 2
PARA 691 (6) Thesis Research 5

**Ph.D. in Parasitology**

In the first year of the doctoral program, the candidates must successfully complete a written thesis proposal and make an oral presentation on their proposed research to fulfill PARA 700. Satisfactory completion of graduate courses PARA 635 and PARA 655 is required. While in the Institute, all students are required to participate in the seminar courses (PARA 710 and PARA 711). Also required is the presentation, and subsequent defence, of a satisfactory thesis based on the student’s research. Depending upon the candidate’s background, other course work may be required.

**Required Courses (10 credits)**
PARA 635 (3) Cell Biology and Infection
PARA 655 (3) Host-Parasite Interactions
PARA 710 (2) Parasitology Ph.D. Seminar 1
PARA 711 (2) Parasitology Ph.D. Seminar 2

**Course Work**

Depending upon the candidate's background, other course work may be required.

**Ph.D. Comprehensive - Required (0 credits)**
PARA 700 (0) Thesis Proposal for Ph.D

**Thesis - Required**

Also required is the presentation, and subsequent defence, of a satisfactory thesis based on the student’s research.

**Ph.D. in Parasitology – Bioinformatics Option/Concentration**

**Required Courses (13 credits)**
COMP 616 (3) Bioinformatics Seminar
PARA 635 (3) Cell Biology and Infection
PARA 655 (3) Host-Parasite Interactions
PARA 710 (2) Parasitology Ph.D. Seminar 1
PARA 711 (2) Parasitology Ph.D. Seminar 2

**Complementary Courses (6 credits)**

6 credits from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics
PHGY 603 (3) Systems Biology and Biophysics

Additional courses at the 500-, 600-, or 700-level may be required at the discretion of the candidate’s supervisory committee.

**Ph.D. Comprehensive - Required (0 credits)**
PARA 700 (0) Thesis Proposal for Ph.D

**Thesis - Required**

9 credits, three courses at the 500 level or higher are to be selected within the Faculties of Agricultural and Environmental Sciences, Medicine, Science or Management in consultation with the academic advisor of the program in line with the interests of the student.

**Graduate Certificate in Biotechnology**

For the Graduate Certificate in Biotechnology, students are required to complete 16 credits of courses offered within the Faculties of Agricultural and Environmental Sciences, Medicine, and Science.

**Required Courses (10 credits)**
BIOT 505 (3) Selected Topics in Biotechnology
BTEC 501 (3) Bioinformatics
BTEC 502 (3) Biotechnology Ethics & Society
BTEC 619 (4) Biotechnology Laboratory 2
BTEC 620 (4) Biotechnology Laboratory 1
BTEC 621 (3) Biotechnology Management
BTEC 622 (2) Biotechnology Research Project 1
BTEC 623 (6) Biotechnology Research Project 2
BTEC 624 (6) Biotechnology Research Project 3
BTEC 625 (2) Biotechnology Research Project 4

**Complementary Courses (9 credits)**

9 credits, three courses at the 500 level or higher are to be selected within the Faculties of Agricultural and Environmental Sciences, Medicine, Science or Management in consultation with the academic advisor of the program in line with the interests of the student.

**Graduate Certificate in Biotechnology**

For the Graduate Certificate in Biotechnology, students are required to complete 16 credits of courses offered within the Faculties of Agricultural and Environmental Sciences, Medicine, and Science.

**Required Courses (10 credits)**
BIOT 505 (3) Selected Topics in Biotechnology
BTEC 620 (4) Biotechnology Laboratory 1
BTEC 621 (3) Biotechnology Management

**Complementary Courses (6 credits)**

Two courses chosen from the following:

**General Topics**
ANSC 622 (3) Selected Topics in Molecular Biology
BINF 511 (3) Bioinformatics for Genomics
Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. The Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

AEMA 306 MATHEMATICAL METHODS IN ECOLOGY. (3) (3 hours of lectures per week) (Prerequisite: AEBI 205 or permission.) (Corequisite: AEMA 310 or permission.) An introduction to mathematical and graphical tools for use in ecology. Representation and interpretation of data and associated statistics in graphs and tables; theoretical modelling in plant and animal ecology, including difference and differential equation models. Introduction to stability analysis and probability theory. Emphasis is placed on graphical techniques.

FDSC 211 BIOCHEMISTRY 1. (3) (3 lectures) (Corequisite: FDSC 230) Biochemistry of carbohydrates, lipids, proteins, nucleic acids; enzymes and coenzymes. Introduction to intermediary metabolism.

FDA 410 ENVIRONMENT AND INFECTION. (3) (2 lectures per week) (Prerequisite: BIOL 111 or AEBI 120 or equivalent) Infectious pathogens of humans and animals and their impact on the global environment are considered. The central tenet is that infectious pathogens are environmental risk factors. The course considers their impact on the human condition and juxtaposes the impact of control and treatment measures and environmental change.

PARA 438 IMMUNOLOGY. (3) (2 lectures per week) (Prerequisite: AEBI 202 or permission of instructor) An in-depth analysis of the principles of cellular and molecular immunology. The emphasis of the course is on host defense against infection and on diseases caused by abnormal immune responses.

COURSES FOR HIGHER DEGREES

BIOT 505 SELECTED TOPICS IN BIOTECHNOLOGY. (3) (Fall) (Restriction: U3 students) Current methods and recent advances in biological, medical, agricultural and engineering aspects of biotechnology will be described and discussed. An extensive reading list will complement the lecture material.

BTEC 501 BIOINFORMATICS. (3) (2 lectures and 1 tutorial per week) This course introduces the application of computer software for analysis of biological sequence information. An emphasis is placed on the biological theory behind analytical techniques, the algorithms used and methods of developing a statistical framework for various types of analysis.

BTEC 502 BIOTECHNOLOGY ETHICS AND SOCIETY. (3) (Restriction: U3 and over.) Examination of particular social and ethical challenges posed by modern biotechnology such as benefit sharing, informed consent in the research setting, access to medical care worldwide, environmental safety and biodiversity and the ethical challenges posed by patenting life.

BTEC 535 FUNCTIONAL GENOMICS IN MODEL ORGANISMS. (3) (Prerequisite: 300-level course in genetics, molecular biology, biochemistry or permission of instructor.) An overview of state-of-the-art methods used to understand the functions of genes, especially those identified through genome sequencing and bioinformatics. Use of model organisms that have proved particularly valuable for this purpose.

BTEC 555 STRUCTURAL BIOINFORMATICS. (3) (Prerequisite: 300-level undergraduate course in molecular biology, biochemistry or permission of instructor.) Fundamentals of protein structure and the application of tools for structure determination, how protein structure allows us to understand the complex biological functions, and how knowledge of protein structure can contribute to drug discovery.

BTEC 619 BIOTECHNOLOGY LABORATORY 2. (4) (Prerequisite: BTEC 620 or permission of the instructor.) A laboratory-based course in a variety of topics including: proteomics, protein expression and purification, conventional and HPLC chromatography, protein-protein interactions, ELISA, and Western blot analysis and hybridisation techniques.

BTEC 620 BIOTECHNOLOGY LABORATORY 1. (4) (one 8-hour lab per week) Practical training in contemporary methods of molecular and cellular biology. Intended for students with a background in molecular biology, biochemistry, or a related area, who are already familiar with theoretical principles of recombinant DNA technologies. Topics include: polymerase chain reaction (PCR), methods for gene cloning and mutagenesis, eukaryotic and prokaryotic gene expression systems, protein purification and methods of eukaryotic cell culture.

BTEC 621 BIOTECHNOLOGY MANAGEMENT. (3) (one 3-hour lecture per week) Topics relevant to the management of research in industry are presented by experts working in industry. This course highlights the differences existing between research done in an academic environment and research done within industry.

BTEC 622 BIOTECHNOLOGY RESEARCH PROJECT 1. (2) (Prerequisite: BTEC 620.) (Restriction: M.Sc.(Applied) in Biotechnology students.) Intensive research project, lasting a minimum of 16 weeks in conjunction with course Biotechnology Research Project 2, conducted in a university hospital or industry laboratory involved in biotechnology research or development.

BTEC 624 BIOTECHNOLOGY RESEARCH PROJECT 3. (6) (Corequisite: BTEC 622.) (Restriction: M.Sc.(Applied) Biotechnology students.) Intensive research project, lasting a minimum of 16 weeks in conjunction with course Biotechnology Research Project 3, conducted in a university hospital or industry laboratory involved in biotechnology research or development.

BTEC 625 BIOTECHNOLOGY RESEARCH PROJECT 4. (2) (Prerequisite: BTEC 622.) (Corequisites: BTEC 623, BTEC 624.) (Restriction: M.Sc.(Applied) Biotechnology students.) Student will prepare a report on the research experience and give a presentation.

BTEC 691 BIOTECHNOLOGY PRACTICUM. (3) (Prerequisite: BTEC 620) The cooperating employer and the instructor (or designated) will develop an individualized practicum experience program of at least 12 weeks duration for each student.
PARA 515 Water, Health and Sanitation. (3) The origin and types of water contaminants including live organisms, infectious agents and chemicals of agricultural and industrial origins. Conventional and new technological developments to eliminate water pollutants. Comparisons of water, health and sanitation between industrialized and developing countries.

PARA 600 Thesis Proposal for M.Sc. (4) Comprises a written document outlining the proposed research objectives.

PARA 606 Parasitology Seminar. (2) A seminar series in which students present seminars covering topics in parasitology, in areas relevant to their research interests. Students register for the course in their second term of residency. Attendance and participation are compulsory for M.Sc. students.

PARA 607 Parasitology Research Seminar. (2) This is a required course for M.Sc. students. A seminar course in which students registered at the Institute of Parasitology present seminars on the results of their thesis research. Students register for the course in the final term prior to thesis submission.

PARA 635 Cell Biology and Infection. (3) Prerequisite: students with some background in molecular biology) Research articles will be the primary source of information. This course will cover new principles in cell biology. In particular, the mechanisms by which gene expression is regulated through signal transduction pathways initiated at the cell surface will be presented.

PARA 655 Host-Parasite Interactions. (3) Lectures, tutorials and laboratory demonstrations of the principal factors which affect levels of parasite infection and treatment of infections in humans and animals. The integration and management of the host-parasite relationship in terms of transmission, population dynamics, environmental management, behaviour, immune responses, pathology, and pharmacology to decrease parasitic disease.

PARA 665 Special Topics in Parasitology. (3) This course designation will be used for special courses that staff, or visiting professors, may wish to provide when student interest warrants. Examples might include a laboratory techniques course, a mathematical modelling course or a special pharmacology seminar series.

PARA 687 Thesis Research 1. (10)

PARA 688 Thesis Research 2. (10)

PARA 689 Thesis Research 3. (12)

PARA 690 Thesis Research 4. (2) Thesis research.

PARA 691 Thesis Research 5. (6) (Restriction: Restricted to students registered in the M.Sc. in Parasitology, Environment option.) Thesis research.

PARA 700 Thesis Proposal for Ph.D. (0) Comprises a written document outlining the proposed research objectives.

PARA 710 Parasitology Ph.D. Seminar 1. (2) This first seminar is a review of the scientific literature in the topic area of the thesis research.

PARA 711 Parasitology Ph.D. Seminar 2. (2) A seminar series in which students present seminars covering topics in parasitology in areas relevant to their research interests. Attendance and participation are compulsory.

H. Srolovitz; B.Sc.(Pitt.), M.D.(Basle)
J. St. Cyr; M.D., C.M.(McG.), F.R.C.P.(C)

60.2 Programs Offered

M.Sc. and Ph.D. degrees in Pathology.

The Pathology Department offers research training in a wide variety of areas such as atherosclerosis, immunology and transplantation, neoplasia, cell biology, pulmonary vascular and airways disease, pulmonary edema, neurodegenerative disorders, and smooth muscle pathophysiology.

Modern techniques and equipment include light, fluorescence and electron microscopy (both transmission and scanning), cell culture, advanced immunological, pharmacological, biochemical and physiological techniques, as well as morphometry and computers.
60.3 Admission Requirements

Applicants must have a B.Sc. or the equivalent degree with an extensive background in the physical and biological sciences. An academic record equivalent to or better than a CGPA of 3.2 out of 4 at McGill is required for at least the two final full-time years of undergraduate training with a minimum CGPA of 3.0 overall.

Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit the GRE and TOEFL examinations in order to properly evaluate their suitability. Students are normally accepted into the M.Sc. program, and those candidates showing exceptional ability may be permitted to transfer into the Ph.D. program after one year of training.

Applicants who already possess an additional degree (M.Sc., M.D.) and have some research experience may be allowed to register in the Ph.D. program directly.

Prospective students are encouraged to apply online at www.mcgill.ca/applying/graduate. For further information, applicants may contact the Teaching Office, Department of Pathology.

60.4 Application Procedures

Applications will be considered upon receipt of:
1. application;
2. transcripts;
3. letters of reference;
4. $80 application fee;
5. test results (GRE, TOEFL).

All information is to be submitted directly to the Pathology Teaching Office.

All applications will be evaluated by the Graduate Students Committee. Candidates found suitable must then be accepted by a research director, and adequate funding must be obtained for both personal support and research expenses.

60.5 Program Requirements

All students must take PATH 300 plus a course in statistics if they have not completed these requirements before admission.

Candidates with insufficient background in one of the biomedical sciences will be required to take specific courses to remedy the deficiency. These and additional courses which are relevant to the student’s area of research will be chosen in consultation with the research director and Graduate Students Committee.

M.Sc. in Pathology (Thesis) (45 credits)
Candidates must complete the courses listed below and any additional courses considered necessary by the research director or the Graduate Students Committee.

**Required Courses** (6 credits)
- PATH 620 (3) Research Seminar 1
- PATH 622 (3) Research Seminar 2

**Complementary Courses** (9 credits)
3 credits, one of the following courses:
- PATH 613 (3) Research Topics in Pathology
- PATH 614 (3) Research Topics in Pathology
6 credits, two graduate-level courses offered by the Department; subject to approval of the research director and Graduate Students Committee, up to 3 graduate-level credits may be taken in another department.

**Thesis Component – Required** (30 credits)
- PATH 690 (9) M.Sc. Thesis Research Project 1
- PATH 691 (9) M.Sc. Thesis Research Project 2

**Ph.D. in Pathology**

Candidates will be evaluated primarily on their ability to conduct independent research and submit a thesis, which must be defended orally. They must also complete the courses listed below and any additional courses considered necessary by the research director or the Graduate Students Committee.

**Required Courses** (12 credits)
- PATH 613 (3) Research Topics in Pathology
- PATH 614 (3) Research Topics in Pathology
- PATH 620 (3) Research Seminar 1
- PATH 622 (3) Research Seminar 2
- PATH 701 (0) Comprehensive Examination - Ph.D. Candidates

**Complementary Courses** (9 credits)
9 credits, three graduate-level courses offered by the Department; subject to approval of the research director and Graduate Students Committee, up to 3 graduate-level credits may be taken in another department.

60.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

**Note:** All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

**PATH 607 Biochemical Pathology.** (3) Lectures and seminars covering a range of topics in the field of cytokine biology, the role of cytokines in disease pathogenesis and advanced molecular techniques in the expression and regulation of cytokines.

**PATH 613 Research Topics in Pathology.** (3)
**PATH 614 Research Topics in Pathology.** (3)
**PATH 620 Research Seminar 1.** (3)
**PATH 622 Research Seminar 2.** (3)
**PATH 653 Reading and Conference.** (3) (Offered in conjunction with the Department of Human Genetics.) Cytogenetics is the science and art of making and analyzing chromosome preparations. This course focuses on human chromosomes, although methodologies and principles apply broadly to other species as well. Basic facts and mysteries about chromosomes will be explained and discussed in the light of clinical examples.

**PATH 690 M.Sc. Thesis Research Project 1.** (9)
**PATH 691 M.Sc. Thesis Research Project 2.** (9)
**PATH 692 M.Sc. Thesis Research Project 3.** (12)
**PATH 701 Comprehensive Examination - Ph.D. Candidates.** (0)

Emeritus Professors
B. Collier; Ph.D. (Leeds)
T. Sourkes; Ph.D. (C'nell.)

Professors
G. Almazan; Ph.D. (McG.)
P. Capek; M.D., Ph.D. (Prague)
P.B.S. Clarke; M.A. (Camb.), Ph.D. (Lond.)
A.C. Cuello; M.D. (Buenos Aires), M.A., D.Sc. (Oxf.), F.R.S.C.
B.F. Hales; Ph.D. (McG.)
P.J. McLeod; M.D. (Man.), F.R.C.P.C (C)
A. Ribeiro-da-Silva; M.D., Ph.D. (Oporto)

Adjunct Professors
R. Quirion; Ph.D. (Sher.)
V. Pappadopoulis; Ph.D. (Univ. Pierre & Marie Curie)
S. Kimmins; Ph.D. (Dal.)
P. Fiset; M.D. (Laval), F.R.C.P.S. (C)
L. Fellows; M.D. (McG.)
G. Di Battista; B.Sc., Ph.D. (Montr.)
G. Batist; M.D., C.M. (McG.)
M. Alaoui-Jamali; Ph.D. (Sorbonne)

Associate Members
G. Miller Ph.D. (W. Ont.)

Assistant Professors
E. Zorychta; Ph.D. (McG.)
B.I. Sasyniuk; Ph.D. (Man.)
H. Saragovi; Ph.D. (Miami)
B.I. Sasyuk; Ph.D. (Man.)
E. Zorychta; Ph.D. (McG.)

61.2 Programs Offered

The Department of Pharmacology and Therapeutics offers training leading to M.Sc. (Thesis) and Ph.D. degrees.

The Department also offers the Chemical Biology Interdisciplinary Graduate Option, together with the Departments of Biochemistry and Chemistry. Students interested in training in this option must first be accepted for graduate studies by one of the participating departments. Information on this option can be found at the following Web address: www.mcgill.ca/biochemistry/chemicalbiology.

Pharmacology is a multi-disciplinary science which deals with all aspects of drugs and their interactions with living organisms. Thus, pharmacologists study the physical and chemical properties of drugs, their biochemical and physiological effects, mechanisms of action, pharmacokinetics and therapeutic and other uses. The Department offers broad exposure and training in both basic and clinical research in areas of specialty ranging from neuropharmacology, reproductive, endocrine, receptor, cardiovascular, cancer, developmental, autonomic, clinical and biochemical pharmacology, molecular biology, to toxicology.

The present 37 full and affiliate members of the Department have research laboratories located in the McIntyre Medical Sciences Building and in a variety of hospitals, institutes and industry including the Douglas Hospital Research Center, Allan Memorial Institute, Montreal Children's Hospital, Montreal General Hospital, Royal Victoria Hospital, Montreal Heart Institute, Lady Davis Research Institute, Pfizer Canada and Merck Frosst Canada Inc. The participation of researchers from both industry and government ensures the relevance of the Department's applications oriented training programs.

61.3 Admission Requirements

Candidates are required to hold a B.Sc. degree in a discipline relevant to the proposed field of study; those with the M.D., D.D.S. or D.V.M. degrees are also eligible to apply. A background in the health sciences is recommended, but programs in biology, chemistry, mathematics, and physical sciences may be acceptable.

Admission is based on a student's academic record, letters of assessment, and, whenever possible, interviews with staff members. Students are required to take the Graduate Record Examination Aptitude Test (GRE) and the Test of English as a Foreign Language (TOEFL) or the equivalent, except as follows, in accordance with McGill policy, only those whose mother tongue is English, who graduated from a recognized Canadian institution (anglophone or francophone), or who completed an undergraduate or graduate degree at a recognized foreign institution where English is the language of instruction are exempt from providing proof of competency in English.

Inquiries relating to all aspects of graduate study should be directed to the Graduate Coordinator, Department of Pharmacology and Therapeutics as early as possible in each academic year.

Admissions Requirements - Chemical Biology Option

As for the regular graduate programs of the participating departments, acceptance into the Chemical Biology Option consists of two steps:

1. Preliminary approval by the Department's Graduate Committee based on the student's transcript, references and other documents submitted with the application. The criteria for assessment at this level are the same as for the regular graduate programs of the participating departments.

2. Acceptance by an individual research director. For students wishing to participate in the Chemical Biology Option, the director must propose a research project for the student that provides training in the methods and philosophy of chemical biology. Project proposals are assessed by the Chemical Biology Program Committee.

61.4 Application Procedures

Applications will be considered upon receipt of:

1. Completed official McGill University application form; available via Internet at www.mcgill.ca/applying/graduate.

2. Curriculum vitae including a statement of research interests.

3. Two copies of official transcripts sent directly from all universities attended.

4. Two confidential letters of recommendation from professors or research-related employers (at least one should be from an academic known to the international scientific community). There is no “Standard Form”. The letter must be printed on letterhead.

5. Application fee ($80 Canadian or U.S. Funds) payable by credit card for online applications; by money order, certified personal cheque, or bank draft enclosed with the official paper application form.
6. Official GRE [www.gre.org](http://www.gre.org) and TOEFL [www.toefl.org](http://www.toefl.org) scores
(not required of applicants from Canada).

Applications and all documents should be submitted directly to the Graduate Co-ordinator, Mrs. Pam Moore, in the Department of Pharmacology.

**Deadlines**

- **September Admission:**
  - Canadian/Permanent Resident applicants – October 15
  - International applicants – March 1st.

- **January Admission:**
  - Canadian/Permanent Resident applicants – June 1
  - International applicants – March 1st.

**61.5 Program Requirements**

The objective of the M.Sc. (Thesis) and Ph.D. degree training programs is to provide in-depth independent research experience in a specific area of pharmacology.

**M.Sc. in Pharmacology (Thesis) (45 credits)**

- **Required Courses** (9 credits)
  - PHAR 601 (6) Comprehensive Examination
  - PHAR 712 (3) Statistics for Pharmacologists

- **Complementary Courses** (12 credits)

6 credits, either the following two courses:
- PHAR 562 (3) General Pharmacology 1
- PHAR 563 (3) General Pharmacology 2

or, for students who have taken PHAR 562 and PHAR 563 as part of their undergraduate degree:
- PHAR 697 (6) Thesis Preparation 1

6 credits, two 700-level PHAR courses.

**Thesis Component – Required** (24 credits)

- PHAR 696 (3) Thesis Preparation
- PHAR 698 (9) Thesis Preparation 2
- PHAR 699 (12) Thesis Preparation 3

**M.Sc. in Pharmacology (Thesis) – Chemical Biology Option/Concentration (47 credits)**

- **Required Course** (9 credits)
  - PHAR 601 (6) Comprehensive Examination
  - PHAR 712 (3) Statistics for Pharmacologists

- **Complementary Courses** (14 credits)

2 credits, two of the following courses:
- BIOC 610 (1) Seminars in Chemical Biology 1
- BIOC 611 (1) Seminars in Chemical Biology 2
- CHEM 689 (1) Seminars in Chemical Biology 3
- CHEM 690 (1) Seminars in Chemical Biology 4

6 credits, either the following two courses:
- PHAR 562 (3) General Pharmacology 1
- PHAR 563 (3) General Pharmacology 2

or, students who have taken PHAR 562 and PHAR 563 as part of their undergraduate degree replace them with two courses from:
- BIOC 603 (3) Genomics and Gene Expression
- BIOC 604 (3) Macromolecular Structure
- CHEM 504 (3) Drug Design and Development 2
- CHEM 591 (3) Bioinorganic Chemistry
- CHEM 621 (5) Recent Advances in Organic Chemistry
- CHEM 623 (5) Stereochemistry
- CHEM 629 (5) Organic Synthesis
- CHEM 655 (4) Advanced NMR Spectroscopy
- PHAR 504 (3) Drug Design and Development 2
- PHAR 707 (3) Topics in Pharmacology 6

3 credits, one of the following courses:
- PHAR 702 (3) Topics in Pharmacology 1
- PHAR 703 (3) Topics in Pharmacology 2
- PHAR 704 (3) Topics in Pharmacology 3
- PHAR 705 (3) Topics in Pharmacology 4
- PHAR 706 (3) Topics in Pharmacology 5
- PHAR 707 (3) Topics in Pharmacology 6

3 credits, one of the following courses:
- CHEM 502 (3) Advanced Bio-Organic Chemistry
- PHAR 503 (3) Drug Design and Development 1

**Ph.D. in Pharmacology**

Students must successfully complete, or be exempted from, the same courses as for the equivalent M.Sc. in Pharmacology, plus one additional 700-level graduate course (for total of three), in addition to a Ph.D. thesis.

**Ph.D. in Pharmacology – Chemical Biology Option/Concentration**

- **Required Courses** (7 credits)
  - BIOC 610 (1) Seminars in Chemical Biology 1
  - BIOC 611 (1) Seminars in Chemical Biology 2
  - CHEM 689 (1) Seminars in Chemical Biology 3
  - CHEM 690 (1) Seminars in Chemical Biology 4
  - PHAR 712 (3) Statistics for Pharmacologists

- **Complementary Courses** (14 credits)

6 credits, either the following two courses:
- PHAR 562 (3) General Pharmacology 1
- PHAR 563 (3) General Pharmacology 2

or, students who have taken PHAR 562 and PHAR 563 as part of their undergraduate degree replace them with two courses from:
- BIOC 603 (3) Genomics and Gene Expression
- BIOC 604 (3) Macromolecular Structure
- CHEM 504 (3) Drug Design and Development 2
- CHEM 591 (3) Bioinorganic Chemistry
- CHEM 621 (5) Recent Advances in Organic Chemistry
- CHEM 623 (5) Stereochemistry
- CHEM 629 (5) Organic Synthesis
- CHEM 655 (4) Advanced NMR Spectroscopy
- PHAR 504 (3) Drug Design and Development 2
- PHAR 707 (3) Topics in Pharmacology 6

3 credits, one of the following courses:
- CHEM 502 (3) Advanced Bio-Organic Chemistry
- PHAR 503 (3) Drug Design and Development 1

**394 2007-2008 Graduate and Postdoctoral Studies, McGill University**
The course credit weight is given in parentheses after the title.

**PHAR 503 DRUG DESIGN AND DEVELOPMENT 1. (3) (Fall) (Prerequisites: CHEM 302, B.IOL 200, B.IOL 201, BIOC 212, PHAR 300, PHAR 301, PHAR 303 or permission of coordinator) (Restriction: Not open to students who are taking or have taken CHEM 503) Interdisciplinary course in drug design and development covering chemistry, mechanisms of drug action and steps in drug development, principles and problems in drug design.**

**PHAR 504 DRUG DESIGN AND DEVELOPMENT 2. (3) (Winter) (Prerequisite: PHAR 503/CHEM 503 or permission of the instructor.) (Restriction: U3 and graduate students. Students can register only with permission of coordinators) (Restriction: Not open to students who are taking or have taken CHEM 504) Interdisciplinary course in drug design and development in which teams of 2-4 students select a lead chemical compound, design the analogues, propose the preclinical and clinical studies, present possible untoward effects, and reasons for drug (dis)approval.**

**PHAR 558 PHARMACOLOGY RESEARCH TOPICS. (3) Selected drug targets in their native cellular milieu, in the context of intact tissues, organs and whole animals, highlighting conceptual advances in pharmacological theory.**

**PHAR 562 GENERAL PHARMACOLOGY 1. (3) (Fall) (Prerequisite: PHAR 301.) (Restrictions: Open to U3 students with permission of instructors, and students registered in the Minor Pharmacology Program) Principles of pharmacology as illustrated by current issues with an emphasis on the nervous system will be discussed. Drugs classified by their molecular target of action, their mechanisms of action, and possibly a rationale for therapeutic use will be presented. Students will be required to examine and interpret scientific data, to write a paper and/or participate in small group discussions.**

**PHAR 563 GENERAL PHARMACOLOGY 2. (3) (Winter) (Prerequisite: PHAR 301.) (Restrictions: Open to U3 students with permission of instructors, and students registered in the Minor in Pharmacology Program) Selected topics of basic interactions between chemicals and biological systems. Actions of drugs at the molecular and cellular levels. Principles of drug development. Chemotherapy of infections and of cancer. Toxicology and pharmacokinetics/dynamics. Drug metabolism.**

**PHAR 599 RESEARCH PROJECTS IN PHARMACOLOGY. (6) (Minimum of 12 hours per week to be spent in the lab and/or library.) (Pre-/co-requisite PHAR 552 and PHAR 563 or PHAR 300 and PHAR 301) (Restrictions: Open to U3 students with permission of instructors, and students registered in the Minor in Pharmacology Program) Students should consult instructors 3 - 4 weeks before registration. Students may not register without prior approval of the course co-ordinator(s) (Please see regulations concerning Project Courses) This course involves individual research work. Students select a project under the supervision of a staff member. Areas of interest include toxicology, endocrine, developmental, cardiovascular, reproductive and neuropharmacology. This course requires a minimum of 6 hours per week for the full year course (PHAR 599D1/PHAR 599D2), and a minimum of 12 hours per week for the half year (PHAR 599) course to be spent in the laboratory and/or library.**

**PHAR 601 COMPREHENSIVE. (6) PHAR 601D1 (3), PHAR 601D2 (3) COMPREHENSIVE. (Students must register for both PHAR 601D1 and PHAR 601D2) (No credit will be given for this course unless both PHAR 601D1 and PHAR 601D2 are successfully completed in consecutive terms) PHAR 601N1 COMPREHENSIVE. (3) (Students must also register for PHAR 601N2) (No credit will be given for this course unless both PHAR 601N1 and PHAR 601N2 are successfully completed in a twelve moth period) See PHAR 601D1 for course description. PHAR 601N2 COMPREHENSIVE. (3) (Prerequisite: PHAR 601N1) (No credit will be given for this course unless both PHAR 601N1 and PHAR 601N2 are successfully completed in a twelve month period) See PHAR 601D1 for course description.**

**PHAR 696 THESIS PREPARATION. (3) PHAR 697 THESIS PREPARATION 1. (6) PHAR 698 THESIS PREPARATION 2. (9) PHAR 699 THESIS PREPARATION 3. (12)**

**PHAR 702 TOPICS IN PHARMACOLOGY 1. (3) (Prerequisite: Permission of the Instructor.) Topics in pharmacology.**

**PHAR 703 TOPICS IN PHARMACOLOGY 2. (3) (Prerequisite: Permission of the Instructor.) Topics in pharmacology.**

**PHAR 704 TOPICS IN PHARMACOLOGY 3. (3) (Prerequisite: Permission of the Instructor.) Topics in pharmacology.**

**PHAR 705 TOPICS IN PHARMACOLOGY 4. (3) (Prerequisite: Permission of the Instructor.) Topics in pharmacology.**

**PHAR 706 TOPICS IN PHARMACOLOGY 5. (3) (Prerequisite: Permission of the Instructor.) Topics in pharmacology.**

**PHAR 707 TOPICS IN PHARMACOLOGY 6. (3) (Prerequisite: Permission of the Instructor.) Topics in pharmacology.**

**PHAR 712 STATISTICS FOR PHARMACOLOGISTS. (3)**

K. Arvanitakis

Associate Member
L. Kaplan (Jewish Studies)

Adjunct Professor
S. Davis (Car.)

62.2 Programs Offered

The Department offers courses of study leading to the Ph.D. in Philosophy. It also offers, in conjunction with the Biomedical Ethics Unit, a course of study leading to the M.A. degree in Bioethics.

62.3 Admission Requirements

Ph.D. Students with an Honours B.A. degree in philosophy, or the equivalent, are normally admitted to the Ph.D. program directly at the Ph.D. I level. The Department considers an Honours B.A. degree to include:
1) A general knowledge of the history of Western philosophy: Greek, Medieval, Modern.
2) A systematic knowledge of the main philosophical disciplines in their contemporary as well as historical contexts: logic, ethics, epistemology, and metaphysics.
3) An ability to present, in written form, clear and substantial reconstructions and analyses of the materials normally studied in the areas mentioned in (1) and (2).

To demonstrate their competence in these areas applicants must submit transcripts of academic work, three letters of recommendation from persons with whom they have studied, and at least one substantial example (approximately 15-20 typewritten pages) of their written philosophical work.

In addition, applicants from North America whose first language is English are strongly encouraged to submit scores of the Graduate Record Examination. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English (TOEFL score).

Students who hold an M.A. degree from another institution should apply for admission at the Ph.D. II level.

M.A. (Bioethics) Students applying to the Bioethics Specialty program must write an M.A. thesis proposal. All applications to this program must also receive the approval of the Director of the Specialty program. Students who apply for this program should note that they must participate in a practicum which continues beyond the end of their second term of classes.

62.4 Application Procedures

Ph.D.
The Department conducts its admission process once a year. Applications are accepted between October 15 and January 15 for September admission. The application deadline is January 15. Supporting documents must be postmarked no later than January 15.
The online application form is available at [www.mcgill.ca/applying/graduate].

Applications will be considered complete upon receipt of:
1. application form;
2. $80 fee;
3. two (2) official transcripts of all post-secondary studies;
4. three (3) original letters of reference;
5. test results (GRE, TOEFL);
6. writing sample;
7. statement of intent.

All supporting documents are to be submitted to the Department of Philosophy.

M.A. specialization in Bioethics

Applications are made initially through the Biomedical Ethics Unit in the Faculty of Medicine, which administers the program and teaches the core courses.

Applicants must be accepted first by the Department of Philosophy and then by the Bioethics Graduate Studies Advisory Committee.

For information, please contact the Chair, Master's Specialization in Bioethics, Biomedical Ethics Unit, 3690 Peel Street, Montreal, QC, H3A 1W9. Telephone: (514) 398-6980. Fax: (514) 398-8349. E-mail: leigh.turner@mcgill.ca.

62.5 Program Requirements

Ph.D.

Students admitted at Ph.D. I will be required to take and complete 12 courses prior to consideration for advancement to candidacy. Students admitted at Ph.D. II will normally be required to complete 9 courses, and in addition, if necessary, to satisfy the logic requirement prior to consideration for advancement to candidacy.

The course work for the first four terms of the Ph.D. program will include two pro-seminars in two of the following three areas: Value theory; Metaphysics and Epistemology; History of Philosophy. Each seminar will be led by two members of staff, and the grade for the seminar will be determined jointly by them. Each academic year, the Chair will invite joint proposals from staff for topics for the following year’s pro-seminar and will, if necessary, choose among proposals, ensuring that the topics offered in successive years do not fall within the same area as defined above. The Chair will also consult with graduate students in Ph.D. I concerning the topic of the pro-seminar for the following year. The pro-seminar will normally be offered in the Fall term.

The course work taken towards completion of the requirements for the Ph.D. program must satisfy certain distribution requirements. Students must take at least two graduate courses in each of the following three areas: Value Theory; Metaphysics and Epistemology; History of Philosophy. Pro-seminars (6 credits each) may be counted in partial satisfaction of these requirements. The Graduate Director, in consultation with the student's advisory committee, will determine for which area(s) a given course may be counted.

Students are entitled to appeal such decisions to the Department as a whole. No student may count a given course towards the satisfaction of the distribution requirements for more than one area.

By 15th December of their third year in the program (Ph.D. III) for students admitted at Ph.D. I and 15th August in their second year for students admitted at Ph.D. II, students must submit a research paper (the “candidacy paper” [3 credits]), which may be worked up from a paper written to fulfill the requirements of a graduate course, to a Thesis Advancement Committee consisting of at least two members of the staff of the Department. The membership of this committee will be determined by the Graduate Director in consultation with the student; it is anticipated that members of this committee would, in principle, direct the student's thesis. This committee assigns a grade to the student's paper and reviews her or his graduate performance; on the basis of its
assessment and review, it recommends to the Department as a whole either to permit the student to continue with the Ph.D. program and undertake a thesis or to decline to permit the student to continue. Two necessary conditions for a positive recommendation are that the student (a) receive a grade of at least B+ on the candidacy paper, and (b) have at least a 3.5 GPA (on the undergraduate Grade Point scale) in the course work required for the program. The Department as a whole, taking into account the Thesis Advancement Committee’s recommendation and the student’s overall academic record in the program, decides whether to permit the student to continue.

Students must satisfy departmental language requirements by demonstrating competence at the advanced level in a research language, or at the intermediate level in two research languages. Language exams are administered and graded by the Department. It is strongly advised that a student satisfy the language requirements as early as possible in the program, so that she or he can benefit as much as possible from the relevant linguistic competencies in his or her thesis research.

Students who do not receive a positive recommendation but who satisfy Graduate and Postdoctoral Studies Office requirements (no courses below a B-minus and completion of 45 credits) will be recommended to the Graduate and Postdoctoral Studies Office by the Department to transfer from the Ph.D. program to the M.A. program.

Graduate students are expected to continue to contribute to the intellectual life of the Department after being promoted to candidacy. They can do so by participating in reading and discussion groups and, most of all, by auditing seminars both within and without their areas of specialty.

M.A. in Philosophy (Thesis) – Bioethics Option/Concentration (45 credits)

The curriculum is composed of required courses (for 6 credits) offered in the Biomedical Ethics Unit, bioethics courses (3 credit minimum) offered by Philosophy and any graduate courses required or accepted by Philosophy for the granting of a Master’s degree, for a total of 18 to 21 credits. A minimum of 45 credits is required including the thesis. For further information refer to the Bioethics entry.

62.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Note: All undergraduate courses administered by the Faculty of Arts (courses at the 100- to 500-level) have limited enrolment.

Note: 500-level seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department.

The course credit weight is given in parentheses after the title.

PHIL 506 SEMINAR: PHILOSOPHY OF MIND. (3) (Prerequisite: PHIL 306.) (Restriction: Open only to students as indicated above and to Cognitive Science Minors) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department.) An advanced course devoted to specific topics in the philosophy of mind.

PHIL 507 SEMINAR: COGNITIVE SCIENCE. (3) (Prerequisites: PHIL 306, PHIL 415 or written permission of the instructor) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department) An advanced course devoted to a topic in the philosophy of cognitive science.

PHIL 511 SEMINAR: PHILOSOPHY OF LOGIC AND MATHEMATICS. (3) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department)

PHIL 515 SEMINAR: PHILOSOPHY OF LANGUAGE. (3) (Prerequisite: PHIL 415 or written permission of the instructor) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department) An advanced course devoted to a topic in the philosophy of language.

PHIL 519 SEMINAR: EPISTEMOLOGY. (3) (Prerequisite: PHIL 420 or written permission of the instructor) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department) An advanced course devoted to a topic in the theory of knowledge. Subject varies from year to year.

PHIL 521 SEMINAR: METAPHYSICS. (3) (Prerequisite: PHIL 421 or written permission of the instructor) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department) An advanced course devoted to a topic in metaphysics.

PHIL 534 SEMINAR: ETHICS. (3) (Prerequisite: PHIL 334 or written permission of the instructor) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department)

PHIL 536 SEMINAR: AESTHETICS. (3) (Prerequisite: PHIL 336 or PHIL 436 or permission of the instructor.) (Restriction: Open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department.) An advanced course devoted to a specific topic in the area of aesthetics and/or the philosophy of art.

PHIL 540 SEM: PHILOSOPHY AND SOCIAL SCIENCES. (3)

PHIL 541 SEMINAR: PHILOSOPHY OF SCIENCE. (3) (Prerequisite: PHIL 441 or other requirements specified by the instructor) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department) An advanced course devoted to a particular philosophical problem as it arises in the context of medical practice or the application of medical technology.

PHIL 544 POLITICAL THEORY. (3) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department)

PHIL 548 SEMINAR: PHILOSOPHY OF LAW. (3) (Prerequisite: PHIL 348 or written permission of the instructor) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department) An advanced course devoted to a particular topic in the philosophy of law. Subject varies from year to year.

PHIL 551 SEMINAR: ANCIENT PHILOSOPHY 2. (3) (Prerequisite: at least one course in ancient philosophy and the specific requirements of individual instructors) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department) An advanced course on a philosopher or philosophical issue articulated in antiquity.

PHIL 556 SEMINAR: MEDIEVAL PHILOSOPHY. (3) (Prerequisite: PHIL 345 or PHIL 357 or written permission of the instructor) (Restriction: Seminars are open only to graduate students and final year Philosophy Majors, Honours and Joint Honours students, except by written permission of the Department) An advanced course devoted to a specific topic in the philosophy of the Middle Ages.
students, except by written permission of the Department) An
advanced course devoted to a particular topic in medieval philos-
ophy. Subject varies from year to year.

PHIL 561 SEMINAR: 18TH CENTURY PHILOSOPHY. (3) (Prerequi-
site: PHIL 361 or written permission of the instructor) (Restriction:
Seminars are open only to graduate students and final year Philos-
ophy Majors, Honours and Joint Honours students, except by writ-
ten permission of the Department) An advanced course on an
eighteenth-century philosopher or philosophical issue.

PHIL 567 SEMINAR: 19TH CENTURY PHILOSOPHY. (3) (Prerequi-
site: PHIL 366 or PHIL 367 or written permission of the instructor)
(Restriction: Seminars are open only to graduate students and
final year Philosophy Majors, Honours and Joint Honours stu-
dents, except by written permission of the Department) An
advanced course on 19th-century philosophy or philosophical issue.

PHIL 570 SEMINAR: CONTEMPORARY ANALYTIC PHILOSOPHY. (3)
(Prerequisite: PHIL 370 or PHIL 415 or written permission of the
instructor) (Restriction: Seminars are open only to graduate stu-
dents and final year Philosophy Majors, Honours and Joint Honours
students, except by written permission of the Department) An
advanced course on some major analytic philosopher, or some
issue of central importance in the analytic tradition. Subject varies
from year to year.

PHIL 575 SEMINAR: CONTEMPORARY EUROPEAN PHILOSOPHY. (3)
(Prerequisite: PHIL 475 or written permission of the instructor)
(Restriction: Seminars are open only to graduate students and
final year Philosophy Majors, Honours and Joint Honours stu-
dents, except by written permission of the Department) An
advanced course on contemporary European philosophy or some
important issue in the Continental tradition.

PHIL 580 SEMINAR: PROBLEMS OF PHILOSOPHY 1. (3) (Restriction:
Seminars are open only to graduate students and final year Philos-
ophy Majors, Honours and Joint Honours students, except by writ-
ten permission of the Department)

PHIL 581 SEMINAR: PROBLEMS OF PHILOSOPHY. (3) (Restriction:
Seminars are open only to graduate students and final year Philos-
ophy Majors, Honours and Joint Honours students, except by writ-
ten permission of the Department)

PHIL 590 SEMINAR: SPECIAL TOPICS IN PHILOSOPHY. (3) (Prerequi-
sites: one course in philosophy) (Restriction: Seminars are open
only to graduate students and final year Philosophy Majors, Hon-
ours and Joint Honours students, except by written permission of
the Department) Psychoanalysis: a critical examination. Depend-
ing on the interests of the class, areas covered would include:
psychoanalytic epistemology, psychoanalysis and the pre-socratics,
psychoanalysis and tragedy, reasons versus causes in psychoan-
alysis, hermeneutics, psychoanalytic truth, self-deception, irra-
tionality, paradox, creativity, internal object world and its relation
to external objects.

PHIL 607 PRO-SEMINAR 1. (6) A series of seminars on selected
topics designed for professional training to graduate students.
Topics will be selected from the general area of Value Theory.

PHIL 682 PRO-SEMINAR 3. (6) A series of seminars on selected
topics designed to provide professional training to graduate stu-
dents. Topics will be selected from the general area of Metaphys-
ics/Epistemology.

PHIL 685 FUNDAMENTALS OF LOGIC. (3) A course in intermediate
logic for graduate students in Philosophy, covering such topics as
axiomatic systems, formal semantics, consistency, completeness,
the limitative results, intuitionistic logic, formal theories of truth,
aspects of the development of logic.

PHIL 690 CANDIDACY PAPER. (3)

PHIL 705 GUIDED RESEARCH IN ETHICS. (3)

PHIL 706 GUIDED RESEARCH IN ETHICS. (3)

PHIL 710 GUIDED RESEARCH IN LOGIC. (3)

PHIL 711 GUIDED RESEARCH IN LOGIC. (3)

PHIL 720 GUIDED RESEARCH: PHILOSOPHY OF SCIENCE. (3)

PHIL 721 GUIDED RESEARCH: PHILOSOPHY OF SCIENCE. (3)

PHIL 730 GUIDED RESEARCH: PHILOSOPHY OF RELIGION. (3)

PHIL 731 GUIDED RESEARCH: PHILOSOPHY OF RELIGION. (3)

PHIL 740 GUIDED RESEARCH: ANCIENT PHILOSOPHY. (3)

PHIL 741 GUIDED RESEARCH: ANCIENT PHILOSOPHY. (3)

PHIL 750 GUIDED RESEARCH: MEDIEVAL PHILOSOPHY. (3)

PHIL 751 GUIDED RESEARCH: MEDIEVAL PHILOSOPHY. (3)

PHIL 760 GUIDED RESEARCH: HISTORY OF PHILOSOPHY. (3)

PHIL 761 GUIDED RESEARCH: HISTORY OF PHILOSOPHY. (3)

PHIL 770 GUIDED RESEARCH: PHILOSOPHY OF POLITICS. (3)

PHIL 771 GUIDED RESEARCH: PHILOSOPHY OF POLITICS. (3)

PHIL 780 GUIDED RESEARCH: EPISTEMOLOGY/METAPHYSICS. (3)

PHIL 781 GUIDED RESEARCH: EPISTEMOLOGY/METAPHYSICS. (3)

Academic Director, Graduate Program — Susan J. Bartlett

63.1 Staff

Professors
Hugues Barbeau; B.Sc.(P.T.), M.Sc., Ph.D.(Laval)
Robert Dykes; B.A.(Calif.-LA), Ph.D.(Johns H.)
Erika Gisel; B.A.(Zur.), B.S.O.T., M.S., Ph.D.(Temple)
Annette Majnemer; B.Sc.(O.T.), M.Sc., Ph.D.(McG.)
Maureen J. Simmonds; Dip. P.T.(Wolverhampton), B.Sc.(P.T.), M.Sc.(P.T.), Ph.D.(Alta.)

Associate Professors
Joyce Fung; B.Sc.(P.T.)(Hong Kong Polytech. U), Ph.D.(McG.)
Isabelle Gélinas; B.Sc.(O.T.)(Montr.), M.Sc.(Virginia), Ph.D.(Rehab.Sc.)(McG.)
Eva Kehayia; B.A., M.A., Ph.D.(Mcg.)
Nicol Korner-Bitseny; B.Sc.(O.T.), M.Sc., Ph.D.(McG.)
Mindie Levin; B.Sc.(P.T.), M.Sc., Ph.D. (McG.)
Nancy Mayo; B.Sc.(P.T.) (Qu.), M.Sc., Ph.D.(McG.)
Barbara Mazer; B.Sc.(O.T.) (Qu.), M.Sc., Ph.D.(McG.)
Patricia McKinley; B.A., M.A., Ph.D.(Calif.-LA)
Diane St. Pierre; B.Sc.(P.T.)(McG.), M.Sc., Ph.D.(Montr.)

Assistant Professors
Sara Ahmed; B.Sc.(P.T.), M.Sc., Ph.D.(McG.)
Philippe Archambault; B.Sc.(O.T.)(McG.), M.Sc.A., Ph.D.(Montr.)
Sophie De Serres; B.Eng., M.Eng.(Ecole Polytech.), Ph.D.(Alta.)
Sandra Everitt; B.Sc.(O.T.), M.A.(McG.)
Anouk Lamontagne; B.Sc., M.Sc., Ph.D.(Laval)
Catherine Limperopoulos; B.Sc.(O.T.), M.Sc., Ph.D.(McG.)
Bernadette Nedelec; B.Sc.(O.T.), Ph.D.(Alta.)
Laurie Snider; B.Sc.(O.T.)(McG.), M.A.(Br.Col.), Ph.D.(Tor.)
Jadranka Spahiija; B.Sc. P.T., Ph.D.(McG.)
Faculty Lecturers
Liliane Asseraf-Pasin; B.Sc.(P.T.) (McG.)
Mary-Ann Dalzell; B.Sc.(P.T.), M.Sc.A.(McG.)
Julie Fattal; B.Sc.(O.T.) (McG.)
Amelia Gaglietta; B.Sc.(P.T.) (McG.)
Heather Lambert; B.Sc.(OT)(McG.), M.Sc.(McG.), PhD(McG.)
Nadine Larivière B.Sc.(O.T.), M.Sc.(McG.)
Susanne Mak; B.Sc. (O.T.)(McG.)
Cynthia Perlman; B.Sc.(O.T.), M.Sc.(McG.)
Francine Pilon; B.Sc.(P.T)(Montr.), M.Sc.(O.T.) (Montr.)
Suzanne Rouleau; B.Sc.(OT)(Laval), M.Sc.(Montr.)
Caroline Storr; B.Sc.(O.T.), M.B.A.(C’dia)
Beverlea Tallant; Dip. P.&O.T.(Tor.), B.Sc.(O.T.)(McG.), M.A., Ph.D.(C’dia)
Aliki Thomas; B.Sc.(O.T.), M.Ed.(McG.)
Adriana Venturini; B.Sc.(P.T.), M.Sc.(McG.)

Professional Associates
Samuel Benamron; B.Sc.(OT)(McG.)
Claude Bougie; B.Sc.(O.T)(Montr.)
Mireille Boullos; B.Sc.(OT)(McG.)
Claire I. Carpintero; B.A.(OT)(Bogota), B.Sc.(OT)(Bogota), M.Ed.(McG.)
Geneviève Côté-Leblanc; B.Sc.(O.T.)(McG.), M.Sc. (Rehab.Sc.) (McG.)
Lynne F. Dawson; B.Sc.(PT)(McG.)
Caroline Lacroix; B.Sc.(OT)(McG.)
Jessica K. Lam; B.Sc.(OT)(McG.)
Masoud Mehrzad; B.Sc.(OT)(Tehran)
Rochelle W. Rein; B.Sc.(PT)(McG.)
Carole St. Pierre; B.Sc.(OT)(McG.)
Henry H. Tsang; B.Sc.(PT)(McG.), M.Sc.(McG.)

Associate Members
D. Da Costa; B.A., M.A., Ph.D.(Concordia)
S.G. Gauthier; B.A., M.D.(Montr.), F.R.C.P.(C), Director, Centre for Studies in Aging, Dept. of Neurology and Neurosurgery, Dept. of Psychiatry, Dept. of Medicine
J.A. Hanley; B.Sc., M.Sc.(NUI), Ph.D.(Wat.)
D. Pearsall; B.A., B.PHE., M.S., Ph.D.(Qu.)
H. Perrault; B.Sc.(C’dia), M.Sc.,Ph.D.(Montr.)
D. Watt; B.Sc., M.Sc., M.D., C.M.(McG.)

Members
André Ibhgy; B.Arch.(Br. Col.), B.A.(McG.)
Ghislaine Prata; B.Sc.(OT), M.Sc. (Montr.)

Adjunct Professors
M. Bélanger; B.Sc., M.Sc.(Wat.), Ph.D.(Montr.)
C. Lau; B.A.(Calif., Berk.), Ph.D.(Ill.- Medical Center)
A. Leroux; B.Sc., M.Sc.(UQM), Ph.D.(McG.)
P. Weiss; B.Sc.(O.T.)(W. Ont.), M.Sc.(Wat.), Ph.D.(McG.)

63.2 Programs Offered

Graduate Certificate in Assessing Driving Capabilities
The 15-credit post-graduate certificate program aims to train occupational therapists to assess the driving abilities and performance of at-risk populations, re-train drivers, recommend adaptive vehicles and adapt technical aids that will allow physically disabled individuals to return to driving and preserve their independence and quality of life. The program comprises five courses, the first two of which are offered online; the other three are a combination of online and intensive workshops.

Master of Science, Applied (Physical Therapy)

The professional Master of Science in Physical Therapy is a 58-credit degree program including one thousand hours of fieldwork education over 5 semesters. The educational approach is consistent with adult learning and reflective clinical practice. The curriculum uses a case-based, problem-solving, self-directed approach across the lifespan. Strong links between academic and clinical fieldwork education are emphasized throughout the educational process. Course work will focus on client-centered and evidence-based practice, clinical reasoning, ethics and professionalism as essential components for the development of a humanistic, ethical, knowledgeable, competent, critical thinking and problem-solving Occupational Therapist. The master’s project is designed to develop research and scholarly skills.

Master of Science in Rehabilitation Science (Thesis)
The full curriculum consists of approximately two years of study for graduates who hold a B.Sc. degree in one of the medical rehabilitation disciplines or a related field. The program consists of required and elective course work, a research proposal and a research thesis.

Master of Science in Rehabilitation Science (Non-Thesis)
The program requires three terms of full-time residence study and can usually be completed within three to four terms. It is designed for graduates who hold a B.Sc. (or equivalent) in Physical or Occupational Therapy or related health professions. Two years of clinical experience is recommended. The program trains health professionals to become consumers of research in order to promote evidence-based practice in rehabilitation science. The curriculum is made up of both required and elective courses and may also include a research project.

Doctorate in Rehabilitation Science
This program consists of three to four years of study, on average, for graduates with Master's level training in one of the medical rehabilitation disciplines or a related field. The program consists of required and elective course work, a comprehensive written examination, a research proposal and a doctoral thesis.

63.3 Admission Requirements

Graduate Certificate in Assessing Driving Capabilities
1) A B.Sc. degree or equivalent in occupational therapy or related fields from a university of recognized reputation.
2) Evidence of high academic achievement equivalent to a B standing or a McGill CGPA of 3.0 (70-74%)
3) See points 3, 4 and 5 below for more information on prerequisites, TOEFL and GRE

Master of Science, Applied (Physical Therapy)
1. An undergraduate degree or equivalent from a university of recognized reputation.
2. Evidence of a high academic achievement equivalent to a B standing or a McGill CGPA of 3.0 (70-74%)
3. Same as Master of Science in Rehabilitation Science (Thesis)

Master of Science, Applied in Occupational Therapy
1. to 5 as above.

Master of Science in Rehabilitation Science (Thesis)
1. A B.Sc. degree or equivalent in physical or occupational therapy or related fields from a university of recognized reputation.
2. Evidence of a high academic achievement equivalent to a B standing, or a McGill CGPA of 3.0 (70-74%).
3. Prerequisite courses may be required in statistics, anatomy, physiology, psychology, sociology, neuropsychology or other areas, depending on the student’s anticipated specialization.
4. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or
graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English, by appropriate exams, e.g., TOEFL. (Test of English as a Foreign Language) with a minimum score of 250 on the computer-based test or 100 on the Internet-based test with each component score not less than 20. (School requirement), or the International English Language Testing System (IELTS) with a minimum overall band score of 7.0.

5. The GRE Test is recommended for the following applicants: those who do not have a B.Sc. or equivalent from a Canadian university; those who have been out of university for 5 years or more. Only the General Test is mandatory. For consideration, students must obtain a minimum score of 550 in verbal and quantitative categories and a score of 3.5 to 4 in analytical writing.

Applications are received for ensuring that their scores are sent to the School of Physical and Occupational Therapy, at the following address: 3654 Promenade Sir-William-Osler, Montreal, QC H3G 1Y5

Master of Science in Rehabilitation Science (Non-Thesis)
1. to 5. as above, plus
6. Two years of clinical experience is recommended.

Doctorate in Rehabilitation Science
1. A M.Sc. degree in a rehabilitation-related discipline from a university of recognized reputation.
2. Evidence of a high academic achievement equivalent to a B+ standing, or a McGill CGPA of 3.3 (75-79%) is required.
3. Proof of proficiency in English. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (Anglophone or francophone), must submit documented proof of competency in oral and written English, by appropriate exams, e.g., TOEFL. (Test of English as a Foreign Language) with a minimum score of 250 on the computer-based test or 100 on the Internet-based test with each component score not less than 20.

4. GRE Test with a minimum score of 600 in verbal and quantitative categories and a score of 4.5 to 5 in analytical writing. The test is recommended for the following applicants: those who do not have a B.Sc., M.Sc. or equivalent from a Canadian university; those who have been out of university for 5 years or more.

If a graduate student accepted into the M.Sc. program demonstrates superior performance in the first year, the Graduate Committee, in consultation with the thesis supervisor, may recommend waiving the M.Sc. thesis requirement, and allow the student to proceed directly to the Ph.D. program.

63.4 Application Procedures

It is recommended to apply for admission online at the following address: www.mcgill.ca/applying/graduate. For those applicants unable to apply online, an application form may be requested directly from the School.

Applications will be considered upon receipt of:
1. the completed application form (online or paper),
2. $80 application fee,
3. a complete curriculum vitae,
4. a statement of purpose (for paper application only),
5. two copies of official transcripts,
6. two letters of reference,
7. test results (GRE, TOEFL), if required.

M.Sc.A. Physical Therapy/Occupational Therapy
September admission deadlines (no Winter admissions):
- Canadian/permanent resident applicants - April 1
- International applicants - January 15

M.Sc. (T & NT) and PhD in Rehabilitation Science
September admission deadlines:
- Canadian/permanent resident applicants – April 1
- International applicants – January 15

January admission deadlines:
- Canadian/permanent resident applicants – August 1
- International applicants – June 1

Graduate Certificate in Assessing Driving Capabilities
For Fall admission: May 31
For Winter admission: October 1
Documents are to be mailed directly.

63.5 Program Requirements

Graduate Certificate in Assessing Driving Capabilities
(15 credits)
This post-graduate certificate program for occupational therapists is comprised of the following five courses.

Required Courses (15 credits)
POTH 673 (3) Screening for at Risk Drivers
POTH 674 (3) Assessing Driving Ability 1
POTH 675 (3) Driving Assessment Practicum
POTH 676 (3) Adaptive Equipment and Driving
POTH 677 (3) Retraining Driving Skills
POTH 673 and 674 are offered on-line, whereas POTH 675, POTH 676 and POTH 677 have both on-line components and intensive workshops.

Master of Science, Applied (Physical Therapy) (58 credits)
The professional Master of Science, Applied (Physical Therapy) is a 58 credit degree program which includes 1000 hours of fieldwork education over 5 terms.

Students admitted to the M.Sc.A. who have undergraduate degrees other than the B.Sc.(Phys.Ther.) (non-practicing) from McGill University will be required to complete a preparatory year of study, prior to beginning the Master's Program. For further information about the required courses in the preparatory year, please see (appropriate section of the Undergraduate Programs Calendar).
Required Courses (40 credits)
- PHTH 571 (7) PT Clinical Practicum 1
- PHTH 572 (7) PT Clinical Practicum 2
- PHTH 573 (6) PT Clinical Practicum 3
- PHTH 620 (8) PT Clinical Practicum 4
- PHTH 622 (3) Integrated Pain Management
- PHTH 623 (3) Differential Dx and Management
- POTH 602 (3) Educational Methodology
- POTH 610 (3) Research Methodology

Complementary Courses (12 credits)
9 credits chosen from the following courses offered by the School.

With permission from the Academic Director, students may take courses offered at the 500 or 600 levels by other departments at McGill.

PHTH 661 (3) Sport Physiotherapy
PHTH 662 (3) Advanced Manual Therapy
POTH 508 (3) Plasticity in Rehabilitation
POTH 604 (3) Current Topics in Pediatrics
POTH 614 (3) Selected Topics in Rehabilitation Science
POTH 618 (3) Topics in Rehabilitation
POTH 620 (3) Measurement: Rehabilitation 1
POTH 622 (3) Pathokinesiology
POTH 630 (3) Measurement: Rehabilitation 2
POTH 637 (3) Cancer Rehabilitation

3 credits from the Desautels Faculty of Management MBA/MD program

Project – Required (6 credits)
POTH 624 (6) Master's Project

Master of Science in Rehabilitation Science (Thesis) (45 credits)
The program requires a minimum of three terms of full-time residence study. It is not uncommon for a student to take two or more years to complete the degree.

Required Courses (10 credits)
- POTH 610 (3) Research Methodology
- POTH 614 (3) Selected Topics in Rehabilitation Science
- POTH 616 (1) Seminars in Rehabilitation Science
- POTH 617 (0) Rehabilitation Seminars 1
- POTH 631 (3) Research Proposal

A research proposal is to be submitted in written form and defended in front of a supervisory committee. Research proposals should be completed by the beginning of the second full-time year.

Complementary Course (3 credits)
One 3-credit graduate level course in statistics may be required if not already completed in a prior degree.

Elective Courses (3 - 6 credits)
Courses at the 500 or 600 level which pertain to the student's area of specialization.

Thesis Component – Required (29 credits)
POTH 696 (2) Thesis Research
POTH 697 (6) Thesis Research 1
POTH 698 (9) Thesis Research 2
POTH 699 (12) Thesis Research 3

All four of these courses must be registered for within the first three terms of full-time study. The course POTH 699 is carried as IP “in progress” until completion of thesis.

The student carries out a research study in an approved subject area under the guidance of an internal supervisor (from within the School) or an external supervisor (from outside the School). In the case of an external supervisor, an internal co-supervisor must be appointed.

Master of Science in Rehabilitation Science (Non-Thesis) (45 credits)
This program has two options. In the first option, students complete 45 credits of required and complementary course work. In the second option, students complete 30 credits of required and complementary courses plus a 15-credit research project in their area of interest. The program normally takes 3 to 4 terms when done on a full-time basis.

Required Courses (9 credits)
POTH 602 (3) Educational Methodology
POTH 610 (3) Research Methodology
POTH 617 (0) Rehabilitation Seminars 1
POTH 619 (0) Rehabilitation Seminars 2

(3) Statistics at the 500 level or higher

Complementary Courses (36 credits)

Group A, 21 credits:
chosen from the following courses offered by the School or other campus courses at the 500 and 600 levels with permission of the Director

- POTH 508 (3) Plasticity in Rehabilitation
- POTH 603 (3) Directed Practicum
- POTH 604 (3) Current Topics in Pediatrics
- POTH 614 (3) Selected Topics in Rehabilitation Science
- POTH 618 (3) Topics in Rehabilitation
- POTH 620 (3) Measurement: Rehabilitation 1
- POTH 622 (3) Pathokinesiology
- POTH 630 (3) Measurement: Rehabilitation 2
- POTH 631 (3) Research Proposal
- POTH 673 (3) Screening for at Risk Drivers
- POTH 674 (3) Assessing Driving Ability 1
- POTH 675 (3) Driving Assessment Practicum
- POTH 676 (3) Adaptive Equipment and Driving
- POTH 677 (3) Retraining Driving Skills

McGill University, Graduate and Postdoctoral Studies 2007-2008
Doctoral in Rehabilitation Science

Doctoral students are required to pursue at least three years of full-time residence study.

The curriculum is divided as follows:

**Required Courses (12 credits)**

- POTH 610* (3) Research Methodology
- POTH 614* (3) Selected Topics in Rehabilitation Science
- POTH 620 (3) Measurement in Rehabilitation 1
- POTH 630 (3) Measurement in Rehabilitation 2
- POTH 701 (0) Ph.D. Comprehensive

Of the four required courses, at least two* will already have been completed by students with a M.Sc. in Rehabilitation Science from McGill.

The student must successfully pass a written comprehensive examination (POTH 701) by the end of the first academic year. The format is three questions to be answered in essay style over a five-day period. An additional requirement may include an oral component.

**Complementary Course (6 credits)**

one of:

- POTH 602 (3) Educational Methodology
- DPH 689 (3) Teaching & Learning in Higher Education

One 3-credit graduate-level course in statistics may be required if not already completed in a prior degree.

**Elective Courses (3-6 credits)**

Courses which pertain to the student’s area of specialization; chosen by the student in consultation with his/her supervisor and upon approval of the Director of the Graduate Program.

**Research Proposal**

A research proposal is to be submitted in written form and defended in front of a supervisory committee. Research proposals should be completed during the second full-time year, following the comprehensive examination.

**Thesis Component - Required**

The student carries out a research study in an approved subject area under the guidance of an internal supervisor (from within the School) or an external supervisor (from outside the School). In the case of an external supervisor, an internal co-supervisor must be appointed.

### 63.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

* Please note that courses are subject to change without prior notice.

**POTH 508 Plasticity in Rehabilitation.** (3) (Prerequisite: POTH 455 or equivalent.) A seminar course designed to provide students with a review of recent research on plasticity in the central and peripheral nervous systems. Particular emphasis is placed on the mechanisms involved in the recovery of function after injury.

**POTH 603 Directed Practicum.** (3) (Restriction: on-campus students only.) A tutorial with directed practical experience in a clinical setting related to the student’s clinical specialization, including curriculum development, and emphasizing current thought in rehabilitation.

**POTH 604 Current Topics in Pediatrics.** (3) (Prerequisite: POTH 260, or permission of instructors.) This course will provide an overview of current research in pediatrics.

**POTH 610 Research Methodology.** (3) (Corequisite: PSYC 305 or EPIB 607, or EDPE 675 and EDPE 676) An advanced lecture and seminar course. The philosophy of scientific inquiry, principles of research design, and application of statistical techniques are discussed with special consideration given to research studies in health care and rehabilitation.

**POTH 614 Selected Topics in Rehabilitation Science.** (3) (Restriction: on-campus students only.) A weekly lecture and seminar course taught by staff, designed to provide an overview of current research issues in rehabilitation.

**POTH 616 Seminars in Rehabilitation Science.** (1) A weekly seminar course given by staff invited speakers in different areas of research related to rehabilitation science. Students are expected to participate by reading pertinent literature prior to seminars and asking questions at each seminar. Attendance is compulsory, and the course is graded pass/fail based on participation.

**POTH 617 Rehabilitation Seminars 1.** (0) A weekly seminar course given by staff invited speakers in different areas of research related to rehabilitation science. Students are expected to participate by reading pertinent literature prior to seminars and asking questions at each seminar. Attendance is compulsory, and the course is graded pass/fail based on participation.

**POTH 618 Topics in Rehabilitation.** (3) This is a directed reading course on a topic in rehabilitation science. The student will acquire extensive knowledge in the topic of interest and understand the strengths and limitations of the current body of work in the area.

**POTH 619 Rehabilitation Seminars 2.** (0) (Restriction: During one academic year, students may not register for POTH 619 in the same term as POTH 616 or POTH 617.) Seminar course given by staff invited speakers covering different areas of research related to rehabilitation science.

**POTH 620 Measurement: Rehabilitation 1.** (3) (Prerequisite: POTH 222 and permission of instructor.) Theoretical and practical basis for utilization of electronic equipment for quantitative measurement in rehabilitation research. Ambulatory assistive devices, electronic plates and instrumentation to assess normal and pathological human movement will be used to demonstrate the application of theory and techniques for quantitative analysis of human performance. Recording, reduction and analysis of electromyographic, kinetic and kinematic data included.

**POTH 624 Master’s Project.** (6) (Restriction: OT and PT students only.) Project is related to rehabilitation.

**POTH 630 Measurement: Rehabilitation 2.** (3) (Prerequisite: EPIB 607 or PSYC 305 or equivalent.) Theoretical and practical basis for measurement in rehabilitation research. Introduction to measurement theory, scale development and related statistics, approaches and instruments used to assess outcomes in patients with musculoskeletal, neurological, cardiovascular, respiratory, psychiatric or psychologic conditions.

**POTH 631 Research Proposal.** (3) The course covers issues involved in the development of a research protocol. The presentation of a written thesis proposal is required by the end of the course. This document will serve as the basis for an oral presentation to the student’s Supervisory Committee which will also review the written proposal.

**POTH 632 Research Elective.** (3) (Prerequisites: M1 OT or PT courses.) (Restriction: M2 OT & PT students only.) Practical research experience.

**POTH 633 Function/Activity in Arthritis.** (3) (Prerequisites: OCC1 545, OCC1 549, OCC1 548.) (Restrictions: OT & PT students only.) Multidisciplinary approach to the assessment and treatment of clients with complex rheumatic diseases.
POTH 634 CHILDHOOD PERFORMANCE ISSUES. (3) (Prerequisites: M1 and Fall M2 courses.) (Restrictions: M2 OT students only. Not open to students who have taken POTH 403.) Specialized interventions of the occupational therapist in developmental paediatrics.

POTH 637 CANCER REHABILITATION. (3) (Prerequisites: PTH 550, PTH 551, PTH 552, PTH 561, PTH 520, PTH 623.) Cancer pathology, risk stratification, the treatment process and rehabilitation needs throughout the disease trajectory.

POTH 638 PROMOTING WELLNESS OF SENIORS. (3) (Prerequisites: M1 and M2 Fall OT and PT courses.) (Restrictions: OT and PT students only.) The complexity of rehabilitation interviews with the geriatric client, the various causes of occupational performance dysfunction, and the structure and organization of geriatric health care delivery are addressed.

POTH 640 ROLE-EMERGING MANAGEMENT. (3) (Restriction: OT students only.) Career opportunities in private practice and/or new domains for occupational therapists, including small business management, legal and liability considerations, managing organizational growth and service marketing.

POTH 661 RESEARCH PROJECT 1. (7) (Restriction: Campus students only.)

POTH 662 RESEARCH PROJECT 2. (8)

POTH 673 SCREENING FOR AT RISK DRIVERS. (3) (Prerequisite: Undergraduate or graduate degree in a health-related field.) Principles for screening at-risk disabled drivers.

POTH 674 ASSESSING DRIVING ABILITY 1. (3) (Prerequisite: POTH 673.) (Restrictions: Primarily designed for Occupational Therapists. Individuals from other disciplines may be considered on a case by case basis.) Principles of assessment of driving performance in several at-risk populations.

POTH 675 DRIVING ASSESSMENT PRACTICUM. (3) (Prerequisite: POTH 674.) (Restriction: This course is restricted to occupational therapists who have successfully completed POTH 674. It is available in both French and English and includes a 5-day intensive workshop.) Directed practical experience in a clinical setting that focuses on driving evaluations.

POTH 676 ADAPTIVE EQUIPMENT AND DRIVING. (3) (Prerequisite: POTH 675 or permission of instructor.) (Restriction: The course is restricted to occupational therapists who have successfully completed POTH 675, or permission of instructor. It is available in both French and English and includes a 4-day intensive workshop.) Prescription of complex adaptive equipment for driving and the procedures of full van modifications. Safety considerations, vehicle choice and the importance of driver retraining (specifically with adaptive equipment) are addressed.

POTH 677 RETRAINING DRIVING SKILLS. (3) (Prerequisite: POTH 675 or permission of instructor.) (Restriction: This course is restricted to occupational therapists who have successfully completed POTH 675 Driving Assessment Practicum, or permission of instructor. It is available in both French and English and includes a 2-day intensive workshop.) Principles of retraining driving skills in various clientele through the use of different modalities. Several retraining methods will be analyzed, including driving simulators, visual training, on-road training, and compensatory techniques.

POTH 682 PROMOTING HEALTHY ACTIVITY. (3) Individual and situational determinants of health behaviours will be examined across the lifespan and in clinical populations. Application of behaviour change theories for the design, implementation and evaluation of health behaviour interventions will be discussed. Strategies to facilitate behaviour change and adherence across the lifespan will be emphasized.

POTH 696 THESIS RESEARCH. (2)

POTH 697 THESIS RESEARCH 1. (6)

POTH 697D1 (3), POTH 697D2 (3) THESIS RESEARCH 1. (Students must register for both POTH 697D1 and POTH 697D2) (No credit will be given for this course unless both POTH 697D1 and POTH 697D2 are successfully completed in consecutive terms) (POTH 697D1 and POTH 697D2 together are equivalent to POTH 697)

POTH 698 THESIS RESEARCH 2. (9)

POTH 698D1 (4.5), POTH 698D2 (4.5) THESIS RESEARCH 2. (Students must register for both POTH 698D1 and POTH 698D2) (No credit will be given for this course unless both POTH 698D1 and POTH 698D2 are successfully completed in consecutive terms) (POTH 698D1 and POTH 698D2 together are equivalent to POTH 698)

POTH 699 THESIS RESEARCH 3. (12)

POTH 699D1 (6), POTH 699D2 (6) THESIS RESEARCH 3. (Students must register for both POTH 699D1 and POTH 699D2) (No credit will be given for this course unless both POTH 699D1 and POTH 699D2 are successfully completed in consecutive terms) (POTH 699D1 and POTH 699D2 together are equivalent to POTH 699)

POTH 701 PH.D. COMPREHENSIVE. (0)
The McGill high energy theorists have interests in a wide range of problems pertaining to all fundamental interactions: strong, electromagnetic, weak and gravitational. The research program extends from studies closely connected with experimental data to purely theoretical questions. Ongoing projects involve: particle phenomenology, quantum chromodynamics, electroweak baryogenesis, group theory, astroparticle physics, quantum gravity, grand unification and string theory.

Experimental High Energy Physics The experimental high energy physics group is engaged in a number of experiments at the research frontiers of the field, both in subatomic physics and in high energy physics. These include:

- BaBar: The group played a major role in constructing installation and commissioning of the drift chamber. The full detector has been operational and taking data since Summer 1999. The physics interests of the group center on CP violation in B-meson decays to CP eigenstates and in the determination of CKM matrix elements $V_{cb}$ and $V_{ub}$.

- STACEE: Members of the group are currently constructing and installing a major air Cherenkov detector for the study of high energy gamma rays emitted by astrophysical objects such as supernova remnants and active galactic nuclei. The detector (located at Sandia National Labs in Albuquerque, New Mexico) operated and successfully observed the Crab Nebula, providing a proof-of-principle of this novel technique.

- ZEUS: A group working at the world’s first electron-proton collider (HERA, at DESY, Hamburg) studies lepton-quark interactions at high energy. The physics topics of interest to the group include deep inelastic scattering (proton structure, forward jet production and low-x physics) and flavour (strange, charm) production.

Thus, graduate students at the M.Sc. and Ph.D. levels are offered a strong program of research in a challenging and rapidly advancing field. Short term Master's projects are based mainly on instrumentation or data analysis conducted on Campus, while Ph.D. research may involve an extended stay at one of the world’s major research laboratories.

Nuclear Physics

Theoretical: Transport equations for heavy ion collisions at intermediate energy; nuclear equation of state from heavy ion collisions; fragmentation at intermediate energy; electromagnetic probes in relativistic heavy ion collisions; effective lagrangians for hadronic systems at finite temperature; Quark-Gluon Plasma, QCD.

Experimental: Current research programs in experimental nuclear physics at McGill are focussed on two main axes:

- The study of heavy-ion reactions at relativistic energies to determine the properties of nuclear matter at high density. This program is being performed at the Brookhaven National Laboratory. McGill physicists are part of a major experiment at the heavy-ion collider RHIC at BNL.
- The study of ground state properties of unstable nuclei using laser spectroscopy techniques and ion traps. This work is being carried out using the Canadian Penning trap facility at the Argonne National Laboratory and at the accelerator ISOLDE (CERN), and the ISAC facility at TRIUMF.

Furthermore, the Nuclear Physics Group has an active in-house research program that applies the ion trap and laser techniques to the detection of trace quantities of material and contaminants, and to ion spectroscopy.

Condensed-Matter Physics

Theoretical: Programs of research are in progress on the properties of dilute alloys and amorphous metals, including magnetic systems and “spin-glasses”; on nonequilibrium characteristics of quantum devices; on kinetics of pattern formation during first order phase transitions, on structured fluids and polymers, on the statistical mechanics of biological membranes and growth problems; and on interface instabilities in dendritic crystal growth. Research is being done by nonlinear analysis and large-scale computational modelling.

Experimental: Lines of research include structural, transport, Mössbauer and other magnetic properties of metallic glasses and rapidly quenched metals, and certain crystalline metal alloys. Also included are major areas of activity in high resolution X-ray diffraction using synchrotrons to study the time evolution of non-equilibrium structures and to study thin films and buried interfaces, scanning tunnelling and atomic force microscopy, and the rapidly expanding area of nanoscience.

Astrophysics

This group does research in radio and X-ray observation of neutron stars and ground-based gamma-ray astronomy. The research program in X-ray astrophysics uses various X-Ray observatories including the RXTE, Chandra and the XMM satellites. Among the scientific issues addressed in this program are the properties of young neutron stars, both pulsars and “magnetars”, pulsar wind nebulae, and supernova remnants.

Nonlinear Variability in Geophysics

This group studies nonlinear dynamical processes in the atmosphere and other geophysical systems, especially those associated with turbulent, chaotic and extremely variable behaviour. Emphasis is placed on multifractal analysis and modelling as well as the development of new theories and techniques covering wide ranges of scale in time and space. Data from a variety of in situ and remotely sensed sources are used. This includes satellite
data of the earth's atmosphere and surface as well as high quality precipitation data from the McGill Radar Weather Observatory.

64.3 Admission Requirements

**M.Sc.**
Normal requirement is a B.Sc. in Physics, or equivalent, with high standing.

**Ph.D.**
Normal requirement is a M.Sc. in Physics or equivalent. Candidates in good standing may have the option of transferring into this program from the M.Sc. program after one year.

64.4 Application Procedures

An application package is available upon request. It includes a brochure with a detailed description of the research activities in the Department. Inquiries should be addressed to the Graduate Coordinator. Please also check our Website www.physics.mcgill.ca for information about our graduate program and to apply online.

Applications will be considered upon receipt of:
1. application form
2. 2 official transcripts
3. 2 letters of reference written on letterhead paper from their institution
4. $80 application fee
5. test result (TOEFL), minimum score 550 on the paper-based test, 213 on the computer-based test or 86 on the Internet-based test with each component score not less than 20, or I.E.L.T.S. (minimum score 6.5)

All information is to be submitted to Paula Domingues, Department of Physics.

Applications and supporting documents should be submitted by:
- February 1st – international applicants,
- March 1st – Canadian applicants.

**Financial Assistance**

Financial assistance will be offered to students in the form of a bursary, teaching and research assistantships. For new students, financial support will be offered at the time of acceptance and arrival. Forms are given and filled out on registration day.

64.5 Program Requirements

**M.Sc. in Physics (Thesis) (48 credits)**

Complementary Courses (15 credits)
15 credits, five 3-credit graduate-level PHYS courses.

**Thesis Component – Required (33 credits)**

Candidates must also successfully complete all the other normal requirements of the Graduate and Postdoctoral Studies Office.

**Ph.D.**

Candidates must successfully complete two one-term courses and a Preliminary examination and submit a Ph.D. thesis, in addition to all the normal requirements of the Graduate and Postdoctoral Studies Office. (Courses taken as part of the M.Sc. program at McGill may be accepted as substitutes for the two required courses.) Normally one of the courses must be a 600 or 700-level course in the candidate's area of specialization.

64.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors. 

Term(s) offered (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

**Note:** All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrolment.

The course credit weight is given in parentheses after the title.

**PHYS 514 General Relativity.** (3) (Winter) (3 hours lectures) (Restriction: Honours students, or permission of the instructor) Transition from special to general relativity. Non-Euclidian geometry. The basic laws of Physics in co-variant form, Einstein's equations. Gravitational waves; neutron stars; black holes; cosmology.

**PHYS 521 Astrophysics.** (3) (Fall) (3 hours) A quantitative course in galactic and extragalactic astrophysics. Topics include observational techniques, stars and stellar evolution, compact objects, galaxy structure, kinematics, evolution and cosmology.

**PHYS 534 Nanoscience and Nanotechnology.** (3) (Fall) Topics include scanning probe microscopy, chemical selfassembly, computer modeling, and microfabrication/micromachining.

**PHYS 551 Quantum Theory.** (3) (Fall) (3 hours lectures) (Restriction: Honours students, or permission of the instructor) General formulation, scattering theory, WKBJ approximation, time-dependent perturbation, theory and applications, angular momentum, relativistic wave equations.

**PHYS 557 Nuclear Physics.** (3) (Fall) (3 hours lectures) (Restriction: Honours students, or permission of the instructor) General nuclear properties, nucleon-nucleon interaction and scattering theory, radioactivity, nuclear models, nuclear reactions.

**PHYS 558 Solid State Physics.** (3) (Fall) (3 hours lectures) (Restriction: Honours students, or permission of the instructor) Properties of crystals, lattice vibrations and thermal properties of insulators, free electron model and band structure, semi-conductors, metals, optical properties.

**PHYS 559 Advanced Statistical Mechanics.** (3) (Fall) (3 hours lectures) (Restriction: Honours students, or permission of the instructor) Self averaging and central-limit theorem; thermodynamic fluctuations; ensemble theory; surface roughening; broken symmetry and Goldstone’s theorem; phase transitions; mean-field, Landau and Ornstein-Zemicke theory; Monte Carlo method; molecular dynamics; scaling; renormalization group; epsilon expansion; non-equilibrium theory.

**PHYS 562 Electromagnetic Theory.** (3) (Winter) (3 hours lectures) (Restriction: Honours students, or permission of the instructor) Dipole moments, electromagnetic induction, wave propagation, electromagnetic waves, Maxwell's equations. Detectors and accelerators. Phenomenology of strong, electromagnetic and weak interactions.

**PHYS 580 Introduction to String Theory.** (3) (Prerequisite: Permission of instructor.) (Restriction: Honours students.) Introduction to bosonic string theory, with application to fundamental theories of particle physics. Gravity and electromagnetism in extra dimensions, dynamics of classical and quantum strings, world-sheet parametrization, conserved currents, light-cone gauge, string thermodynamics and black holes, D-branes.

**PHYS 606 Selected Topics: Cont. Physics 1.** (3)

**PHYS 607 Selected Topics: Cont. Physics 2.** (3)

**PHYS 610 Quantum Field Theory 1.** (3) (3 hours) Relativistic wave equations for spin-0, spin-1/2, and spin-1 particles. Review of Lagrangian and Hamiltonian formalisms for classical mechanics. Canonical, Feynman path-integral, and Schwinger external-
source quantization techniques. Relativistic quantum field theories for free spin-0, spin-1/2, and spin-1 particles. Interactions, perturbation theory, and Feynman diagrams.

PHYS 614 ADVANCED ASTROPHYSICS 1. (3) (Prerequisites: PHYS 521 or permission of instructor) Aspects of the interstellar medium, galactic dynamics, stellar populations, and basic extragalactic astrophysics.

PHYS 615 ADVANCED ASTROPHYSICS 2. (3) (Prerequisites: PHYS 521 or permission of instructor) Galaxy formation, cosmology, and the early universe.

PHYS 618 QUANTUM THEORY OF SOLIDS. (3) (3 hours) Includes some of the following topics; excitations in solids, phonons, the electron gas, superconductivity and phase transitions.

PHYS 620 EXPERIMENTAL METHODS OF SUBATOMIC PHYSICS. (3) (3 hours) Basic techniques of experimentation in nuclear and particle physics. Accelerators, beam optics, detection systems, major experiments, Monte-Carlo simulation, data acquisition and data analysis.

PHYS 621 HIGH ENERGY ASTROPHYSICS. (3) (Prerequisites: PHYS 567 or permission of instructor) Sources and detection of radiation and high energy particles (cosmic rays, neutrinos, and high energy gamma rays) in astrophysics.

PHYS 634 SEMINAR IN ADVANCED MATERIALS. (3) (3 hours) A series of research-level seminars about topics of current interest in advanced materials. Topics include molecular and nanoelectronics, computational approaches to materials design and property predictions, new techniques in molecular and atomic imaging, advances in materials preparation, quantum device and quantum computing.

PHYS 658 ADVANCED CONDENSED MATTER. (3) (3 hours) Superconductivity: phenomenology; electron-phonon interaction; BCS theory; gap structure; Ginzburg-Landau formulation; magnetic, transport and thermodynamic properties; vortices; superfluids; unconventional superconductors. Magnetism: local vs itinerant magnetism; magnetic ordering; spin fluctuations; neutron and magnetic X-ray scattering; magnetism at surfaces; frustration. Additional topic amongst: quantum Hall effect; localization; quasicrystals; glasses; etc.

PHYS 659 EXPERIMENTAL CONDENSED MATTER. (3) (3 hours) To obtain an active understanding of the principles, the possibilities and the limitations of various experimental techniques. Possible topics include vacuum and low-temperature techniques; transport, thermal, magnetization and de Haas van Alphen measurements; scattering techniques; Mossbauer spectroscopy, NMR, scanning probe microscopy, electron microscopy; surface science methods.

PHYS 673 QUANTUM FIELD THEORY 2. (3) (3 hours) (Prerequisite: PHYS 610 or permission of instructor) Loop diagrams, renormalization, Abelian and nonabelian gauge theory, QCD, introduction to the Standard Model.

PHYS 690 M.Sc. THESIS. (24)

PHYS 690D1 (12), PHYS 690D2 (12) M.Sc. THESIS. (Students must register for both PHYS 690D1 and PHYS 690D2) (No credit will be given for this course unless both PHYS 690D1 and PHYS 690D2 are successfully completed in consecutive terms) (PHYS 690D1 and PHYS 690D2 together are equivalent to PHYS 690)

PHYS 691 THESIS PREPARATION. (3) (3 hours) Directed study of research papers and experimental or theoretical techniques in the student’s designated area of research under the supervision of the graduate studies committee of the Department.

PHYS 692 THESIS PROJECT. (6) (3) Independent work under the direction of the student’s supervisor on a research problem in the student’s designated area of research leading to a project report or seminar.

PHYS 692D1 (3), PHYS 692D2 (3) THESIS PROJECT. (Students must register for both PHYS 692D1 and PHYS 692D2) (No credit will be given for this course unless both PHYS 692D1 and PHYS 692D2 are successfully completed in consecutive terms) (PHYS 692D1 and PHYS 692D2 together are equivalent to PHYS 692)
Ureula Stochaj; Ph.D.(Cologne)
Teresa Trippenbach; M.D., Ph.D.(Warsaw)
Ann Wechsler; B.A.(Tor.), M.Sc., Ph.D.(McG.)
John White; B.Sc., M.Sc.(Car.), Ph.D.(Harv.)

Associate Professor - Part Time
Nicole Bernard; B.Sc.(McG.), Ph.D.(Duke)

Assistant Professors
Erik Cook; Ph.D.(Baylor College, Tx)
Maurice Chacron; Ph.D.(Ott.)
Julie Desbarats; Ph.D.(McG.)
Pejmun Haghighi; Ph.D.(McG.)
Julios Martinez-Trujillo; Ph.D.(University Tübingen)
Peter Swain; Ph.D.(Lond.)

Associate Members
Anaesthesia: Steven Backman, Fernando Cervero
Biochemistry: Imed Gallouzi
Biomedical Engineering: Robert Kearney, Satya Prakash
Electrical and Computer Engineering: Sam Musallam
Medicine: Albert Aguauo, Volker Blank, Mark Blostein, Andrey Cybulsky, Abraham Fuks, Claude Gagnon, Raymond Gagnon,
Harry L. Goldsmith, Geoffrey Hendy, Louise Larose, Anne-Marie Lauzon, James Martin, Shree Mulay, Mariana Newkirk, Barry Posner, Shafaat Rabbani, Mary Stevenson, Simon Wing,
Hans Zingg
Nephrology: Steve Backman, Fernando Cervero, Serge Lemay,
Tomoko Takano
Neuroimmunology: Jack Antel
Neurology: David Ragsdale
Neurology and Neurosurgery: Massimo Avoli, Charles Bourque,
Sal Carbonetto, Daniel Guitton
Ophthalmology: Curtis Baker
Otolaryngology: Bernard Segal
Pediatrics: Charles Rohlicek
Pharmacology: Terence Hebert
Psychiatry: Nicolas Cermakian, Bernardo Dubrovy, Christina Gianoulakis

Adjunct Professors
Roy Caplan, Pierre Drapeau, John Milton, Serge Rossignol,
Malmur Sairam

65.2 Programs Offered

The Physiology Department offers training leading to M.Sc. and
Ph.D. degrees. The scope of the ongoing research, and close
connections with the McGill teaching hospitals, offer excellent
opportunities for collaborations with hospital based scientists.

All graduate students in Physiology receive financial support.
Any faculty member who agrees to supervise a student who does
not hold a fellowship, is obliged to provide financial support.

65.3 Admission Requirements

Admission to the Graduate Program is based on an evaluation by
the Graduate Student Admissions and Advisory Committee
(GSAAC), and on being accepted by a research supervisor. Final
acceptance is contingent upon approval of the recommendation
of the applicant by the Graduate and Postdoctoral Studies Office,
from whom official notification will be received.

Candidates for the M.Sc. degree must hold a B.Sc. degree or
its equivalent. Candidates who have completed an M.Sc. may be
admitted directly to the Ph.D program. M.Sc. students interested
in a Ph.D., may transfer to the Ph.D. program after 12-18 months,
if all of the transfer requirements have been fulfilled. The M.Sc.
thesis requirement is then waived. Candidates with exceptional
academic records may be considered to proceed directly to the
Ph.D. degree from the B.Sc. degree.

The GRE General Test is required for anyone who does not
have a degree from a North American University. TOEFL: only
those whose mother tongue is English, who graduated from a
Canadian institution (anglophone or francophone) or who com-
pleted an undergraduate or graduate degree at a foreign
institutions where English is the language of instruction are exempt
from providing proof of competency in English. A minimum
CGPA of 3.2 or a GPA of 3.4 in the last two years is required for an
application to be considered.

65.4 Application Procedures

The GSAAC will only consider applications upon receipt of all of
the following documentation:
1. application form;
2. personal statement;
3. CV;
4. two letters of reference, not more than six months old, from
two professors printed on official letterhead;
5. two official copies of all university transcripts;
6. $60 application fee;
7. results of the GRE (Graduate Record Exam) General Test, for
applicants whose undergraduate degree is not from a North
American university.
8. results of the Test of English as a Foreign Language (TOEFL),
minimum score of 600 on paper-based test (or 250 on compu-
ter-based test, or 100 on the Internet-based test with each
component score not less than 20), only those whose mother
tongue is English, who graduated from a Canadian institution
(Anglophone or francophone), or who completed an under-
graduate or graduate degree at a foreign institution where
English is the language of instruction will be exempt from pro-
viding proof of competency in English.

Applications should be submitted to the Graduate Student Affairs
Coordinator as early as possible in order to facilitate processing.
However, no applications will be considered after the following
deadlines:

September (Fall term):
March 1 (International students)
May 15 (Canadian and Permanent Residents)

January (Winter term):
July 1 (International students)
October 1 (Canadian and Permanent Residents)
July 1 (International students)
China: February 1

Interested candidates should refer to the Department’s Website.
McGill’s online application form for graduate program candi-
dates is available at www.mcgill.ca/applying/graduate.

65.5 Program Requirements

M.Sc. in Physiology (Thesis) (49 credits)
Each student will have a supervisory committee which will monitor
the progress of the studies.

In addition to those specified below, students may be
requested to fulfill other course requirements.
The required thesis is usually equivalent to one first author
paper.

Required Courses (13 credits)

PHGY 601 (1) M.Sc. Proposal Seminar
PHGY 602 (3) Literature Search and Research Proposal
PHGY 607 (3) Laboratory Research 1
PHGY 608 (3) Laboratory Research 2
PHGY 620 (3) Progress in Research

Thesis Component – Required (30 credits)

PHGY 621 (12) Thesis 1
PHGY 622 (15) Thesis 2
PHGY 623 (3) M.Sc. Seminar

Elective Courses (6 credits)

In addition to the above, students must select 6 approved credits
in Physiology or Science at the 500 level and higher.
Transfer to the Ph.D Program
Between 12 - 18 months students may transfer to the Ph.D. program if all of the transfer requirements have been fulfilled. This includes completion of the Ph.D. Preliminary Exam and the successful completion of a transfer seminar. The M.Sc. thesis requirement is then waived.

M.Sc. in Physiology – Bioinformatics Option/Concentration (49 credits)

Required Courses (16 credits)
COMP 616 (3) Bioinformatics Seminar
PHGY 601 (1) M.Sc. Proposal Seminar
PHGY 602 (3) Literature Search and Research Proposal
PHGY 603 (3) Systems Biology and Biophysics
PHGY 607 (3) Laboratory Research 1
PHGY 608 (3) Laboratory Research 2

Thesis Component - Required (30 credits)
PHGY 621 (12) Thesis 1
PHGY 622 (15) Thesis 2
PHGY 623 (3) M.Sc. Seminar

Complementary Courses (3 credits)
3 credits to be chosen from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics

Ph.D. in Physiology
Each student will have a supervisory committee which will monitor the progress of the studies.
All students must submit a Ph.D. thesis and defend it orally.

Required Courses (9 credits)
PHGY 702* (1) Ph.D. Proposal
PHGY 703 (1) Ph.D. Progress Seminar 1
PHGY 704 (1) Ph.D. Progress Seminar 2
PHGY 720 (1) Ph.D. Seminar Course 1
PHGY 721 (1) Ph.D. Seminar Course 2
PHGY 722 (1) Ph.D. Seminar Course 3
PHGY 723 (1) Ph.D. Seminar Course 4
PHGY 724 (1) Ph.D. Seminar Course 5
PHGY 725 (1) Ph.D. Seminar Course 6
* Students must present the Ph.D. Proposal Seminar three months after starting the program.

Comprehensive
PHGY 701 (0) Ph.D. Comprehensive Examination

Elective Courses (9 credits)
In addition to the above, students are required to take an additional 9 credits of Physiology or Science at the 500 level or above, in consultation with the GSAC and the candidate's supervisor.

Ph.D. in Physiology – Bioinformatics Option/Concentration

Required Courses (15 credits)
COMP 616 (3) Bioinformatics Seminar
PHGY 603 (3) Systems Biology and Biophysics
PHGY 702 (1) Ph.D. Proposal
PHGY 703 (1) Ph.D. Progress Seminar 1
PHGY 704 (1) Ph.D. Progress Seminar 2
PHGY 720 (1) Ph.D. Seminar Course 1
PHGY 721 (1) Ph.D. Seminar Course 2
PHGY 722 (1) Ph.D. Seminar Course 3
PHGY 723 (1) Ph.D. Seminar Course 4
PHGY 724 (1) Ph.D. Seminar Course 5
PHGY 725 (1) Ph.D. Seminar Course 6

Comprehensive
PHGY 701 (0) Ph.D. Comprehensive Examination

Thesis - Required

Complementary Courses (3 credits)
3 credits to be chosen from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics

65.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Term(s) offered (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

Note: All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

PHGY 502 EXERCISE PHYSIOLOGY. (3) (Winter) (Prerequisites: PHGY 311, PHGY 312, and PHGY 313) Behaviour of physiological processes in response to physical effort. In areas such as structural basis of muscle contraction, thermoregulation during exercise, mechanics and energetics of muscle contraction, fuel utilization, fatigue, physiological adjustments during exercise and influence of training.

PHGY 508 ADVANCED RENAL PHYSIOLOGY. (3) (Fall) (Prerequisite (Undergraduate): PHGY 312 or the equivalent) (Restriction: Open to advanced undergraduate and graduate students) Offered in conjunction with the Department of Medicine. Lectures and seminars will cover advanced concepts in selected areas of kidney physiology (glomerular and tubular function) as well as membrane and epithelial transport. Students will be expected to critically discuss selected experimental papers.

PHGY 513 CELLULAR IMMUNOLOGY. (3) (Winter) (3 hours lectures plus term paper) (Prerequisite: MIMM 314, or permission of the instructor) This course deals with cellular interactions, regulation and effector mechanisms of the normal immune response in relation to diseases and pathogenic processes. It is taught at an advanced level.

PHGY 515 PHYSIOLOGY OF BLOOD 1. (3) (Fall) (2 hours lecture plus 1 hour seminar weekly) (Prerequisite: PHGY 312 or permission of the instructor) Study of the cell and molecular physiology of hemostasis and its pathophysiology (bleeding and thrombosis). Emphasizes on molecular mechanisms regulating clot formation, fibrinolysis, and cell adhesion/aggregation. Experimental approaches and specific clinical disorders will be analyzed. Weekly discussions, and a major term paper.

PHGY 516 PHYSIOLOGY OF BLOOD 2. (3) (Winter) (2 hours lecture plus 1 hour seminar weekly) Bone marrow hematopoiesis, with emphasis on regulation of stem cell proliferation and differentiation along hematopoietic pathways. Formation and differentiation of red and white blood cells and some of the diseases associated with hematopoiesis will be covered. Emphasis will be given to the molecular mechanisms involved in the normal and pathological conditions.

PHGY 517 ARTIFICIAL INTERNAL ORGANS. (3) (Winter) (Prerequisite (Undergraduate): permission of instructors.) Physiological, bioengineering, chemical and clinical aspects of artificial organs including basic principles and physiopathology of organ failure. Examples: oxygenator, cardiac support, vascular substitutes, cardiac pacemaker, biomaterials and tissue engineering, biocompatibility.

PHGY 518 ARTIFICIAL CELLS. (3) (Fall) (Prerequisite (Undergraduate): permission of instructors.) Physiology, biotechnology,
PHGY 621 THESIS 1.

PHGY 620 PROGRESS IN RESEARCH.

PHGY 513 TOPICS IN APPLIED IMMUNOLOGY. (3) (Winter) (Restriction: Permission of the instructor. U3 InterDept. Honours Immunology students and graduate students with strong immunology background i.e. PHGY 513 and BIOC 503) Seminar format course in which experts in immunologic mechanisms of resistance against a variety of infectious diseases, including AIDS, malaria, and tuberculosis oversee student moderators in their presentation of recent scientific literature in the field.

PHGY 550 MOLECULAR PHYSIOLOGY OF BONE. (3) (Fall) (1 hour of lecture, 2 hours of seminar per week) (Prerequisites: PHGY 311, and BIOL 202 or equivalent) (Restriction: U3 Physiology students, and graduate students in biomedical departments; others by permission of the instructor) Students will develop a working knowledge of cartilage and bone. Discussion topics will include: molecular and cellular environment of bone; heritable and acquired skeletal defects; research models used to study metabolic bone disease.

PHGY 552 CELLULAR AND MOLECULAR PHYSIOLOGY. (3) (Winter) (1 hour lecture, 2 hours seminar weekly) (Prerequisite: PHGY 311) (Preference will be given to Physiology Honours and Graduate students) Discussions of recent significant advances in our understanding of the gene products involved in diverse cellular signaling pathways. Topics will include cell-surface hormone receptors, nuclear steroid hormone receptors, and ion channels and transporters. Students will present and critically evaluate experimental approaches, results and interpretations of selected research publications.

PHGY 556 TOPICS IN SYSTEMS NEUROSCIENCE. (3) (Winter) (Restriction: Permission of the instructor required.) (Restriction: Not open to students who have taken PHGY 456) Topics of current interest in systems neurophysiology and behavioural neuroscience including: the neural representation of sensory information and motor behaviours, models of sensory motor integration, and the computational analysis of problems in motor control and perception. Students will be expected to present and critically discuss journal articles in class.

PHGY 601 M. SC. PROPOSAL SEMINAR. (1)

PHGY 602 LITERATURE SEARCH AND RESEARCH PROPOSAL. (3)

PHGY 603 SYSTEMS BIOLOGY AND BIOPHYSICS. (3) (Prerequisite: Knowledge of differential equations at the MATH 315 level or equivalent.) (Notes: Enrolment is limited to 20 students per semester. The course is 1.5 hours of lecture and 1.5 hours of seminar per week. Readings will focus on classic and current journal articles.) Introduction to classical and current topics in biophysics and systems biology in order to model the control of gene expression and intracellular signal transduction, as well as gene spread in populations.

PHGY 607 LABORATORY RESEARCH 1. (3)

PHGY 608 LABORATORY RESEARCH 2. (3)

PHGY 610 BIOPHYSICS. (3) (Prerequisite: permission of the instructor.) A series of seminars in selected topics in theoretical biology and biomathematics.

PHGY 620 PROGRESS IN RESEARCH. (3)

PHGY 621 THESIS 1. (12)

PHGY 622 THESIS 2. (15)

PHGY 623 M. SC. SEMINAR. (3)

PHGY 701 PH. D. COMPREHENSIVE EXAMINATION. (0).

PHGY 702 PH. D. PROPOSAL. (1)

PHGY 703 PH. D. PROGRESS SEMINAR 1. (1)

PHGY 704 PH. D. PROGRESS SEMINAR 2. (1)

PHGY 720 PH. D. SEMINAR COURSE 1. (1) Required for Ph.D. students. Coordinated in conjunction with the weekly Departmental seminar series, students will meet for one hour before each seminar to critically discuss papers on the subject of the weekly seminar. Students will take turns introducing the papers and leading discussions on an overview of the research topic, some of the methodologies, results and conclusions.

PHGY 721 PH. D. SEMINAR COURSE 2. (1) Required for Ph.D. students. Coordinated in conjunction with the weekly Departmental seminar series, students will meet for one hour before each seminar to critically discuss papers on the subject of the weekly seminar. Students will take turns introducing the papers and leading discussions on an overview of the research topic, some of the methodologies, results and conclusions.

PHGY 722 PH. D. SEMINAR COURSE 3. (1) Required for Ph.D. students. Coordinated in conjunction with the weekly Departmental seminar series, students will meet for one hour before each seminar to critically discuss papers on the subject of the weekly seminar. Students will take turns introducing the papers and leading discussions on an overview of the research topic, some of the methodologies, results and conclusions.

PHGY 723 PH. D. SEMINAR COURSE 4. (1) Required for Ph.D. students. Coordinated in conjunction with the weekly Departmental seminar series, students will meet for one hour before each seminar to critically discuss papers on the subject of the weekly seminar. Students will take turns introducing the papers and leading discussions on an overview of the research topic, some of the methodologies, results and conclusions.

PHGY 724 PH. D. SEMINAR COURSE 5. (1) Required for Ph.D. students. Coordinated in conjunction with the weekly Departmental seminar series, students will meet for one hour before each seminar to critically discuss papers on the subject of the weekly seminar. Students will take turns introducing the papers and leading discussions on an overview of the research topic, some of the methodologies, results and conclusions.

PHGY 725 PH. D. SEMINAR COURSE 6. (1) Required for Ph.D. students. Coordinated in conjunction with the weekly Departmental seminar series, students will meet for one hour before each seminar to critically discuss papers on the subject of the weekly seminar. Students will take turns introducing the papers and leading discussions on an overview of the research topic, some of the methodologies, results and conclusions.

COURSES OFFERED BY OTHER UNITS

Department of Medicine, Division of Experimental Medicine:

EXMD 502 ADVANCED ENDOCRINOLOGY. (3) (Fall) (Prerequisite (Undergraduate): EXMD 301 or an equivalent course) This course is designed for U3 students who are in a major or honors program in anatomy, biochemistry and physiology and for graduate students. A multidisciplinary approach will be used to teach biosynthesis and processing of hormones, their regulation, function and mechanism of action. The material will cover hypothalamic, pituitary, thyroid, adrenal and gonadal hormones as well as prostaglandins and related substances.

EXMD 503 ADVANCED ENDOCRINOLOGY. (3) (Winter) Study of the parathyroids, gut and pancreatic hormones and growth factors. In addition, the role of hormones and growth factors in reproduction and fetal maturation will be discussed.

EXMD 504 BIOLOGY OF CANCER. (3) (Fall) (Prerequisite (Undergraduate): A good knowledge of biology at the cellular and molecular level. Open to U3 and graduate students only) An introduction to the biology of malignancy. A multidisciplinary approach dealing with the etiology of cancer, the biological properties of malignant cells, the host response to tumour cell growth and the principles of cancer therapy.

EXMD 506 ADVANCED APPLIED CARDIOVASCULAR PHYSIOLOGY. (3) (Winter) (Prerequisite (Undergraduate): PHGY 313 or by permission of Instructors) Offered in conjunction with the Department of Physiology. Current topics, methods and techniques for studying the cardiovascular system. Basic and applied cardiac electrophysiology, mechanisms of pacemaker activity, arrhythmias, the effects of drugs on cardiac functions, fetal circulation, coronary
circulation, mechanics of blood flow, cardiovascular diseases, renal and neural control of the circulation, and cardiac assist devices.

**EXMD 507 ADVANCED APPLIED RESPIRATORY PHYSIOLOGY. (3) (Fall) (Prerequisite: PHGY 313) Offered in conjunction with the Department of Physiology. In depth coverage of respiratory physiology including: functional anatomy of the respiratory system, pulmonary statics and dynamics, chest wall and respiratory muscles, ventilation and perfusion, control of breathing, and defense mechanisms. This course is aimed at providing a solid grounding in pulmonary biology and its research applications.**

**EXMD 508 ADVANCED TOPICS IN RESPIRATION. (3) (Winter) (Prerequisite: EXMD 507) Offered in conjunction with the Department of Physiology. In depth coverage of developmental physiology, pulmonary vascular physiology, biology of airway smooth muscle, respiratory epithelium and molecular biology of respiratory muscles. Dyspnea, mechanical ventilation and respiratory failure will also be covered. This course emphasizes application of respiratory biology to basic and applied research and touches on pulmonary pathophysiology.**

**EXMD 509 GASTROINTESTINAL PHYSIOLOGY AND PATHOLOGY. (3) (Fall and Winter) (Prerequisite: Graduate students, U3 undergraduates) Course deals with various aspects of gastrointestinal and hepatic function in health and altered physiological states. The principal focus is on the recent literature pertaining to cell and molecular mechanisms underlying the motility secretory process, absorption and secretion. The molecular biology of the hepatic viruses and various aspects of colonic neoplasia will also be considered.**

**EXMD 615 MEMBRANE CARBOHYDRATES. (3) (Winter) The structure, function and biosynthesis of glycoproteins, glycolipids and glycoaminoglycans, and the biological role of complex carbohydrates at the cell surface.**

**Biomedical Engineering**

**BMDE 519 BIOMEDICAL SIGNALS AND SYSTEMS. (3) (3-0-6) (Prerequisites: Satisfactory standing in U3 Honours Physiology; or U3 Major in Physics-Physiology; or U3 Major Physiology-Mathematics; or permission of instructor.) An introduction to the theoretical framework, experimental techniques and analysis procedures available for the quantitative analysis of physiological systems and signals. Lectures plus laboratory work using the Biomedical Engineering computer system. Topics include: amplitude and frequency structure of signals, filtering, sampling, correlation functions, time and frequency-domain descriptions of systems.**

### 66 Plant Science

**Department of Plant Science**

**Macdonald Campus**

21,111 Lakeshore Road

Sainte-Anne-de-Bellevue, QC H9X 3V9

Canada

**Telephone:** (514) 398-7851

**Fax:** (514) 398-7897

**E-mail:** plant.science@mcgill.ca

**Website:** [www.mcgill.ca/plant](http://www.mcgill.ca/plant)

**Chair — D.L. Smith**

#### 66.1 Staff

**Emeritus Professors**

W.F. Grant; B.A., M.A.(McM.), Ph.D.(Va), F.L.S.

**Professors**

P. Dutilleul; L.Sc., D.Sc.(Louvain)

D.L. Smith; B.Sc., M.Sc.(Acad.), Ph.D.(Guelph)

A.K. Watson; B.Sc.(Agr.), M.Sc.(Br. Col.), Ph.D.(Sask.)

**Associate Professors**

S. deBlois; B.Sc.(Agr.) (McG.), M.Sc., Ph.D.(Montr.)

D.J. Donnelly; B.Sc.(Agr.) (McG.), M.Sc.(U.B.C.), Ph.D.(S.Fraser)

M.G. Fortin; B.Sc.(Pl.Sc.), M.Sc.(Laval), Ph.D.(McG.) (William Dawson Scholar)

S. Jabaji; B.Sc.(Beirut), M.Sc.(Guelph), Ph.D.(Wat.)

A.C. Kushalappa; B.Sc., M.Sc.(B’lore), Ph.D.(Flor.)

P. Seguin; B.Sc.(Agr.), M.Sc.(McG), Ph.D.(Minn.)

K.A. Stewart; B.Sc.(Agr.) (Br. Col.), Ph.D.(R’dg)

M. Waterway; B.A.(Grand Rapids), M.S.(Wisc.), Ph.D.(C’hell)

**Assistant Professors**

J. Bede; B.Sc.(Calg.), M.Sc., Ph.D.(Tor.)

M. Stromvik; B.A., M.Sc.(Stockholm), Ph.D. (Ill.)

**Faculty Lecturers**

C. Begg; B.Sc.(Agr.) (McG), M.Sc.(Sask.), Ph.D.(McG.)

S. Lussier; B.Sc.(Agr.) (McG.)

K. McClintock; B.A.(Wellesley), B.Sc.(Agr.), M.Sc.(McG.)

D. Wees; B.Sc.(Agr.), M.Sc.(McG.)

**Associate Member**

G. Brown (Department of Biology)

T.A. Johns (Dietetics and Human Nutrition)

**Adjunct Professors**

T.L. Capson, S. Jenni, J.-F. Laliberté

---

### 66.2 Programs Offered

The Department offers a M.Sc. and Ph.D. in Plant Science with options in Bioinformatics, Environment or Neotropical Environment and provides for study in all fields of the plant sciences. Research facilities – both field and laboratory – are available for investigations in plant breeding, crop physiology, crop management, plant ecology, the epidemiology and biology of plant diseases, the physiology of diseased plants, cytogenetics, biosystematics, recombinant DNA technology, mycology, weed biology, tissue culture, plant biochemistry and bioinformatics.

An advisory committee is named for each student, having the responsibility for developing the program of study appropriate to the student's background and area of specialization.

### 66.3 Admission Requirements

**General**

The minimum cumulative grade point average (CGPA) is 3.0/4.0 (second-class upper division) or a GPA of 3.2/4.0 during the last two years of full-time university study. High grades are expected in courses considered by the academic unit to be preparatory to the graduate program.

**Ph.D.**

Ph.D. candidates are required to have a M.Sc. degree in an area related to the chosen field of specialization for the Ph.D. program. Outstanding M.Sc. students may be permitted to transfer to the second year of the Ph.D program following one year of study.

### 66.4 Application Procedures

Applicants for graduate studies must forward supporting documents to:

**Department of Plant Science**

Macdonald Campus of McGill University

21,111 Lakeshore

Sainte-Anne-de-Bellevue, QC H9X 3V9

Canada

**Telephone:** (514) 398-7851

**Fax:** (514) 398-7897

**E-mail:** carolyn.bowes@mcgill.ca
Applications will be considered upon receipt of a signed and completed application form, $80 application fee, and the following supporting documents:

DOCUMENTS SUBMITTED WILL NOT BE RETURNED.

Transcripts - Two official copies of all university level transcripts with proof of degree(s) granted. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant’s university is essential. It is the applicant’s responsibility to arrange for transcripts to be sent.

It is desirable to submit a list of the titles of courses taken in the major subject, since transcripts often give code numbers only. Applicants must be graduates of a university of recognized reputation and hold a Bachelor's degree equivalent to a McGill Honours degree in a subject closely related to the one selected for graduate work. This implies that about one-third of all undergraduate courses should have been devoted to the subject itself and another third to cognate subjects.

Letters of Recommendation - Two letters of recommendation on letterhead (official paper) of originating institution or bearing the university seal and with original signatures from two instructors familiar with the applicant's work, preferably in the applicant's area of specialization. It is the applicant’s responsibility to arrange for these letters to be sent.

Competency in English - Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English, by appropriate exams, e.g., TOEFL (minimum score 550 on the paper-based test, 213 on the computer-based test, 86 on the Internet-based test, with a minimum score of 20 on each, or IELTS (minimum overall band 6.5). The MCHE is not considered equivalent. Results must be submitted as part of the application. The University code is 0935 (McGill University, Montreal); please use Department code 31 (Graduate Schools), Biological Sciences - Agriculture, to ensure that your TOEFL reaches this office without delay.

Graduate Record Exam (GRE) - The GRE is not required, but it is highly recommended.

Application Fee (non-refundable) - A fee of $80 Canadian must accompany each application (including McGill students), otherwise it cannot be considered. This sum must be remitted using one of the following methods:
1. Credit card (by completing the appropriate section of the application form). NB: online applications must be paid for by credit card.
2. Certified cheque in Cdn.$ drawn on a Canadian bank.
5. U.S. Money Order in U.S.$.
6. An international draft in Canadian funds drawn on a Canadian bank requested from the applicant’s bank in his/her own country.

Deadlines - Applications, including all supporting documents must reach the Department no later than May 15 (March 1 for International) for the Fall Term (September); October 15 (July 1 for International) for the Winter Term (January); February 15 (November 1 for International) for the Summer Term (May). It may be necessary to delay review of the applicant's file until the following admittance period if application materials including supporting documents are received after these dates. International applicants are advised to apply well in advance of the deadline because immigration procedures may be lengthy. Applicants are encouraged to make use of the online application form available on the Web at www.mcgill.ca/applying/graduate.

Financial aid is very limited and highly competitive. It is suggested that students give serious consideration to their financial planning before submitting an application.

Acceptance to all programs depends on a staff member agreeing to serve as the student’s supervisor and the student obtaining financial support. Normally, a student will not be accepted unless adequate financial support can be provided by the student and/or the student’s supervisor. Academic units cannot guarantee financial support via teaching assistantships or other funds.

Qualifying Students - Some applicants whose academic degrees and standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the subject selected may be admitted to a Qualifying Program if they have met the Graduate and Postdoctoral Studies Office minimum CGPA of 3.0/4.0. The course(s) to be taken in a Qualifying Program will be prescribed by the academic unit concerned. Qualifying students are registered in graduate studies, but not as candidates for a degree. Only one qualifying year is permitted. Successful completion of a qualifying program does not guarantee admission to a degree program.

66.5 Program Requirements

M.Sc. in Plant Science (Thesis) (45 credits)
Plant Science M.Sc. research programs normally require two years for completion.

Candidates must complete a 45-credit course and research program established by their advisory committee. They must also attend all Thesis progress reports (PLNT 665, PLNT 666) and the invitational seminar (PLNT 690).

Additional courses may be required at the discretion of the candidate’s supervisory committee.

Required Invitational Seminar (0 credit)
PLNT 690 (0) Research Horizons in Plant Science

Complementary Courses (6 credits)
6 credits, two graduate-level courses.

Thesis Component – Required (39 credits)
PLNT 664 (12) M.Sc. Thesis 1
PLNT 665 (12) M.Sc. Thesis 2
PLNT 666 (15) M.Sc. Thesis 3

M.Sc. in Plant Science (Thesis) – Bioinformatics Option/Concentration (48 credits)
Plant Science M.Sc. research programs normally require two years for completion.

Attendance at Thesis progress reports (PLNT 665, PLNT 666) and the invitational seminar (PLNT 690) is required.

Additional courses may be required at the discretion of the candidate’s supervisory committee.

Required Courses (3 credits)
COMP 616 (3) Bioinformatics Seminar
PLNT 690 (0) Research Horizons in Plant Science
PLNT 691 (0) Research Horizons in Plant Science

Complementary Courses (6 credits)
6 credits to be chosen from the following courses:
BINF 621 (3) Bioinformatics: Molecular Biology
BMDE 652 (3) Bioinformatics: Proteomics
BTEC 555 (3) Structural Bioinformatics
COMP 618 (3) Bioinformatics: Functional Genomics
PHGY 603 (3) Systems Biology and Biophysics

Additional courses at the 500 or 600 level may be required at the discretion of the candidate’s advisory committee.

Thesis Component - Required (39 credits)
PLNT 664 (12) M.Sc. Thesis 1
PLNT 665 (12) M.Sc. Thesis 2
PLNT 666 (15) M.Sc. Thesis 3
M.Sc. in Plant Science (Thesis) – Environment Option/Concentration (48 credits)
Plant Science M.Sc. research programs normally require two years for completion.
Attendance at Thesis progress reports (PLNT 665, PLNT 666) and the invitational seminar (PLNT 690) is required.
Additional courses may be required at the discretion of the candidate's supervisory committee.

Required Courses (6 credits)
- ENVR 610 (3) Foundations of Environmental Policy
- ENVR 650 (1) Environmental Seminar 1
- ENVR 651 (1) Environmental Seminar 2
- ENVR 652 (1) Environmental Seminar 3
- PLNT 690 (0) Research Horizons in Plant Science

Complementary Courses (3 credits)
3 credits, one of the following courses:
- ENVR 519 (3) Global Environmental Politics
- ENVR 544 (3) Environmental Measurement and Modelling
- ENVR 580 (3) Topics in Environment 3
- ENVR 611 (3) The Economy of Nature
- ENVR 620 (3) Environment and Health of Species
- ENVR 622 (3) Sustainable Landscapes
- ENVR 630 (3) Civilization and Environment 1
- ENVR 680 (3) Topics in Environment 4

or other graduate course recommended by the advisory committee and approved by the Environment Option Committee.

Thesis Component – Required (39 credits)
- PLNT 664 (12) M.Sc. Thesis 1
- PLNT 665 (12) M.Sc. Thesis 2
- PLNT 666 (15) M.Sc. Thesis 3

M.Sc. in Plant Science (Thesis) – Neotropical Environment Option/Concentration (48 credits)
Plant Science M.Sc. research programs normally require two years for completion.
Candidates must complete a 48-credit course and research program established by their advisory committee. Additional courses may be required at the discretion of the candidate's supervisory committee.

When in residence in Montreal attendance at all Thesis progress reports (PLNT 665, PLNT 666) and the invitational seminar (PLNT 690) is required.
Candidates must also participate in the STRI seminar series when in residence in Panama, and in the MSE-Panama Symposium Presentation in Montreal.

Required Courses (6 credits)
- BIOL 640 (3) Tropical Biology and Conservation
- ENVR 610 (3) Foundations of Environmental Policy
- PLNT 690 (0) Research Horizons in Plant Science

Complementary Courses (3 credits)
3 credits, one of the following courses:
- AGRI 550 (3) Sustained Tropical Agriculture
- BIOL 553 (3) Neotropical Environments
- BIOL 641 (3) Issues in Tropical Biology
- ENVR 611 (3) The Economy of Nature
- ENVR 612 (3) Tropical Environmental Issues
- ENVR 680 (3) Topics in Environment 4
- POLI 644 (3) Tropical Environmental Politics
- SOCI 565 (3) Social Change in Panama

Thesis Component – Required (39 credits)
- PLNT 664 (12) M.Sc. Thesis 1
- PLNT 665 (12) M.Sc. Thesis 2
- PLNT 666 (15) M.Sc. Thesis 3

M.Sc.A. in Plant Science (Non-Thesis) (45 credits)
N.B. this program is under revision. Please contact Ms. Carolyn Bowes for information.

Ph.D. in Plant Science
Students who have taken their M.Sc. degree at McGill University will be required to spend one term in study at another research institution.
Candidates must complete the program of study established by their advisory committee and attend the invitational seminar (PLNT 690).

Required Courses (0 credits)
- PLNT 690 (0) Research Horizons in Plant Science

Complementary Courses
Any courses at the 500 or 600 level deemed necessary for the chosen area of specialization.

Comprehensive – Required
- PLNT 701* (0) Doctoral Comprehensive Exam
* Must be taken within one year of registering.

Thesis - Required

Ph.D. in Plant Science – Bioinformatics Option/Concentration
Students who have taken their M.Sc. degree at McGill University will be required to spend one term in study at another research institution.
Candidates must complete the program of study established by their advisory committee and attend the invitational seminar (PLNT 690).

Required Courses (3 credits)
- COMP 616 (3) Bioinformatics Seminar
- PLNT 690 (0) Research Horizons in Plant Science

Complementary Courses (6 credits)
Two courses to be chosen from the following:
- BINF 621 (3) Bioinformatics: Molecular Biology
- BMDE 652 (3) Bioinformatics: Proteomics
- BTEC 555 (3) Structural Bioinformatics
- COMP 618 (3) Bioinformatics: Functional Genomics
- PHGY 603 (3) Systems Biology and Biophysics

Additional courses at the 500 or 600 level may be required at the discretion of the candidate's advisory committee.

Comprehensive – Required
- PLNT 701* Doctoral Comprehensive Exam
* Must be taken within one year of registering.

Coursework
Course requirements are specified by the staff in the discipline but are flexible and depend largely on the student's background, immediate interests, and ultimate objectives.

Complementary Courses
One course chosen from:
- ENVR 519 (3) Global Environmental Politics
- ENVR 544 (3) Environmental Measurement and Modelling
- ENVR 580 (3) Topics in Environment 3
- ENVR 611 (3) The Economy of Nature
- ENVR 620 (3) Environment and Health of Species
- ENVR 622 (3) Sustainable Landscapes
Complementary Courses

PLNT 690 (0) Research Horizons in Plant Science
Thesis - Required

PLNT 701* (0) Doctoral Comprehensive Exam
* Must be taken within one year of registering.

Thesis - Required

Ph.D. in Plant Science – Neotropical Environment Option/Concentration

Students who have taken their M.Sc. degree at McGill University will be required to spend one term in study at another research institution.

Candidates must complete the program of study established by their advisory committee as outlined below. Additional courses may be required at the discretion of the candidate’s supervisory committee.

When in residence in Montreal attendance at the invitational seminar (PLNT 690) is required.

Candidates must also participate in the STRI seminar series when in residence in Panama, and in the MSE-Panama Symposium Presentation in Montreal.

Required Courses (6 credits)

BOLI 640 (3) Tropical Biology and Conservation
ENVR 610 (3) Foundations of Environmental Policy
PLNT 690 (0) Research Horizons in Plant Science

Complementary Courses (3 credits)

3 credits, one of the following courses:

AGRI 550 (3) Sustained Tropical Agriculture
BIOI 553 (3) Neotropical Environments
BIOI 641 (3) Issues in Tropical Biology
ENVR 611 (3) The Economy of Nature
ENVR 612 (3) Tropical Environmental Issues
ENVR 680 (3) Topics in Environment 4

Comprehensive – Required

PLNT 701* (0) Doctoral Comprehensive Exam
* Must be taken within one year of registering.

Thesis – Required

66.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

AEMA 610 STATISTICAL METHODS 2. (3) (3 lectures and one 2-hour lab) (Prerequisite: AEMA 310 or equivalent) Principles of linear models, multiple regression equations and classification models. Introduction to Analysis of Variance and common statistical designs used in agricultural and environmental sciences. Emphasis on balanced and unbalanced designs and data structures; their analysis and tests of statistical significance.

AGRI 510 PROFESSIONAL PRACTICE. (3) (Restriction: Course restricted to senior undergraduate and graduate students.) The ethical issues that face a professional in the workplace; professional ethics and deontology, professional responsibilities as related to the laws of labour, health, safety and risks to the environment, risk management and communication.

AEMA 611 EXPERIMENTAL DESIGNS. (3) (3 lectures and 1 conference) (Prerequisite: AEMA 310 or equivalent) (Given in alternate years) General principles of experimental design, split-plot designs, spatial heterogeneity and experimental design, incomplete block designs and unbalanced designs, analysis of repeated measures, multivariate and modified univariate analyses of variance, central composite designs.

AEMA 614 TEMPORAL AND SPATIAL STATISTICS. (3) (3 hours lectures) (Prerequisite: AEMA 310 or equivalent) (Given in alternate years) Temporal statistics: analysis in the time domain, Box-Jenkins forecasting methodology, analysis in the frequency domain, periodogram analysis. Spatial statistics: mapping, autocorrelation analysis, geostatistics. Statistical inference with autocorrelated sample data.

BINF 511 BIOINFORMATICS FOR GENOMICS. (3) (Prerequisite: Understanding of cell and molecular biology (equivalent to a cell or molecular biology course) or permission from instructor.) Bioinformatics methods and reasoning in relation to genomics, proteomics and metabolomics strategies with an emphasis on functional genomics data. The course will cover introduction to UNIX, Perl programming, data processing and integration, file parsing, relational database design and implementation, angled towards solutions relevant for genomics.

BINF 621 BIOINFORMATICS: MOLECULAR BIOLOGY. (3) (Restriction: Enrollment by students in the Bioinformatics option or by permission from the course coordinators only. Limited to 30 students.) The main problems related to the analysis of biological sequences (sequence comparison, homology, gene annotation, phylogenetic inference, comparative genomics) and the computational approaches (dynamic programming algorithms, Blast heuristics, hidden Markov models, Bayesian statistics).

★ CELL 500 TECHNIQUES PLANT MOLECULAR GENETICS. (3) Plant biotechnology, recombinant DNA techniques, transgenic plant generation (genetically modified plants) as well as gene and gene product analysis.

★ CELL 501 PLANT MOLECULAR BIOLOGY AND GENETICS. (3) Photosynthesis, plant development, plant genome mutagenesis and analysis, and plant stress are discussed. Journal articles and reviews on all aspects of plant molecular biology and genetics.

PLNT 525 ADVANCED MICROPROPAGATION. (3) (One 3-hour lecture) A detailed study of the principles and techniques of plant micro propagation. Includes lectures, laboratories, discussion sessions and visits to local laboratories. Evaluation is based on contribution to discussions, laboratory reports and an individualized project.

★ PLNT 535 PLANT BREEDING. (3) (Prerequisite (Undergraduate): CELL 204, PLNT 201 or PLNT 211) (Given in alternate years) Principles and practices of plant breeding, including reproduction of crop plants; plant hybridization; sources of genetic variation; selection methods used for self- and cross-pollinated crops and forclonally reproduced crops; breeding for diseases and pest resistance; applications of biotechnology in plant breeding.

PLNT 602 FORAGE CROP EXPERIMENTATION. (3) PLNT 604 VEGETABLE CROPS. (3) Discussion and reading assignments on the application of plant physiology and other sciences to the production of vegetable crops.

PLNT 619 CROP PHYSIOLOGY. (3) (3 hours conference) Growth and development of crops, with emphasis on canopy structure and arrangement, light interception, temperature, water and salt stress.

PLNT 622 BIOLOGICAL CONTROL OF WEEDS. (3) Directed reading and discussion on the use of plant-feeding organisms and disease to reduce the density of undesirable vegetation in favour of more useful plant species.

PLNT 624 ADVANCED CELLULAR REGULATION. (3) (Restrictions: Not open to students who have taken PLNT 424.) An in depth overview of prokaryotic and eukaryotic cellular regulatory mechanisms, focusing on the regulation of gene expression, enzyme activity and signal transduction. Emphasis will be placed on concepts and problems in signal transduction and metabolic engineering.
PLNT 628 PLANT NITROGEN FIXATION AND MYCORRHIZAE. (3) A detailed examination of the chemistry, biochemistry, anatomy, physiology, ecology and agricultural application of biological nitrogen fixation and mycorrhizal associations in higher plants.

PLNT 650 ADVANCED SYSTEMATIC BOTANY. (3) This course deals with the literature and philosophy of plant classification, processes of speciation in higher plants, sources and interpretation of data, biosystematic methods and plant nomenclature.

PLNT 665 M.Sc. Thesis 2. (12) Oral presentation of a proposal to the department and progress report on the thesis research project to the supervisory committee.

PLNT 670 SPECIAL TOPICS. (3) (2 hours seminar) This course is designed to develop seminar presentation skills in graduate students. The course consists of instruction on audio-visual preparation, speaking style, and organization of content, plus practice presentations by students.

PLNT 690 RESEARCH HORIZONS IN PLANT SCIENCE. (0) A series of seminars presented by invited speakers, staff and senior graduate students. The topics are selected to integrate the many fields of plant science.

PLNT 691 RESEARCH HORIZONS IN PLANT SCIENCE. (0) A series of seminars presented by invited speakers, staff and senior graduate students. The topics are selected to integrate the many fields of plant science.

PLNT 701 DOCTORAL COMPREHENSIVE EXAMINATION. (0)

67.1 Staff

Emeritus Professors
Baldev Raj Nayar; B.A., M.A.(Punj.), M.A., Ph.D.(Chic.)
Blema Steinberg; B.A.(McG.), M.A.(C'nell.), Ph.D.(McG.)

Professors
Mark R. Brecher; B.A., M.A., Ph.D.(Calif.-LA)
Michael Brecher; B.A.(McG.), M.A., Ph.D.(Yale), F.R.S.C. (R.B. Angus Professor of Economics and Political Science) (on leave Winter 2008)
Rex Brynen; B.A.(Vic., BC), M.A., Ph.D.(Calg.)
Elisabeth Gidengil; B.A.(Lond.), M.A.(N.Y.), Ph.D.(McG.) (on leave Winter 2008)

Jody S. Heymann; B.A.(Yale), M.D., Ph.D.(Harv.), (Canada Research Chair)
Christopher Manfredi; B.A., M.A.(Calg.), M.A., Ph.D.(Claremont)
T. V. Paul; B.A., M.A.(Keral), M.Phil.(J. Nehru U.), M.A., Ph.D.(Calif.-LA) (James McGill Professor)
Filippo Sabetti; B.A.(McM.), Ph.D.(Ind.)
Richard Schultz; B.A.(York), M.A.(Manc.), Ph.D.(York) (James McGill Professor)
Harold M. Waller; M.S(N'western), Ph.D.(G'town)

Associate Professors
Arash Abizadeh; B.A. (Winn.), M.Phil. (Oxf.), Ph.D. (Harv.) (on leave 2007-08)
Jerome H. Black; B.A.(Tor.), M.A(Kent & Roch.), Ph.D.(Roch.)
Juliet Johnson; A.B. (Stan.), M.A., Ph.D. (Princ.)
Arash Abizadeh; B.A. (Winn.), M.Phil. (Oxf.), Ph.D. (Harv.) (on leave 2007-08)
Catherine Lu; B.A., M.A. (Br. Col.), Ph.D.(Tor.) (on leave 2007-2008)

Hudson Meadowell; B.A.(Man.), M.A., Ph.D.(Duke)
Philip Oxhorn; B.A.(Redlands), M.A.(C'nt.), Ph.D.(Harv.)
Stephen Saideman; B.A.(Oberlin), M.A., Ph.D.(U.C., San Diego) (Canada Research Chair)
Stuart Sora; B.A.(Qu.), M.A.(Car.), Ph.D.(Br. Col.) (William Dawson Scholar)
Dietlind Stolle; M.A.(Claremont), Ph.D.(Princ.)
Narendra Subramanian; B.A.(Princ.), M.A., Ph.D.(MIT)

Assistant Professors
Eric Bélanger; B.A., M.A.(Laval), Ph.D.(Montr.)
Erik Kuhonta; B.A.(Penn.), M.A.(C'nell.), Ph.D.(Stan.)
Mark Manger; M.Sc.(Hamburg), Ph.D.(Br. Col.)
Khalid Medani; B.A.(Brown), M.A.(G'town), M.A., Ph.D.(Calif., Berk.)
Víctor Muniz-Fratacelli; M.A., Ph.D.(Chic.)
Maria Popova; B.A.(Dart.), Ph.D. (Harvard)
Vincent Pouliot; B.Sc.(Montr.), D.E.A.(Bordeaux), Ph.D.(Tor.)
Christa Schultz; B.A.(Alta.), M.A. (Ott.), Ph.D. (Princ.)
Christina Tarnopolsky; B.A.(Tor.), M.A., Ph.D.(Chic.)

67.2 Programs Offered

The Department offers programs leading to the M.A. (with or without thesis) and Ph.D. degrees. These programs combine depth of specialization in a particular field with breadth of knowledge in related fields. The staff offers courses and supervises research on most of the important areas of political science. Students may specialize in any of the following: Canadian Government and Politics; Comparative Politics, Political Theory and International Relations.

The Department awards a number of teaching assistantships each year and students who are admitted to the graduate program are automatically considered for such an award. The announcements listing the positions expected to be available will be posted by October 15 for Winter Term courses and March 15 for Fall and Full Year courses.

Because this Calendar is prepared early in the year, changes may take place after it has been printed. Students are advised to contact the Department Office for supplementary information which may be important to their choice of program.

67.3 Admission Requirements

All applicants, including those who have done their undergraduate work at McGill, must submit at least two letters of reference. Transcripts from all universities attended must be sent to the Department.

Master's

Students holding a B.A. degree may be eligible for admission to the M.A. program. Preparation equivalent to a McGill Honours Program in Political Science is desirable. Students who have
McGill University, Graduate and Postdoctoral Studies 2007-2008

67.3 Program Requirements

MASTER’S PROGRAMS

Students may select a program with the Thesis or the non-Thesis (Research Project) in completing M.A. degree requirements. They may switch from one option to the other while completing their coursework.

M.A. in Political Science (Thesis) (45 credits)

A thesis is required to demonstrate proficiency in research. It is normally about 100 pages long and is subject to evaluation by one examiner internal to the Department and one examiner external to the Department.

Required Course (6 credits)

POLI 691 (6) Bibliographic Methods 1

Complementary Courses (15 credits)

3-6 credits, either and, preferably, both of the following 3-credit options:

- POLI 612 (3) Empirical Methods
- or a suitable more advanced course

or, one of the following courses:

- POLI 561 (3) Seminar: Political Theory
- POLI 616 (3) Modern Political Analysis
- POLI 617 (3) Problems in Political Theory

9-12 credits of 500/600 level courses as determined by the student's area of study;

Of the 15 credits of complementary courses, up to 3 credits may be outside the department. Candidates for the M.A. degree follow an individual program approved by the Department.

Thesis Component – Required (24 credits)

- POLI 697 (12) M.A. Thesis Proposal
- POLI 698 (12) Master’s Thesis Submission

M.A. in Political Science (Thesis) – Neotropical Environment Option/Concentration (45 credits)

Required Course (9 credits)

- INTD 657 (3) Development Studies Seminar
- POLI 691 (6) Bibliographic Methods 1

Complementary Courses (12 credits)

3-6 credits, either and, preferably, both of the following 3-credit options:

- POLI 612 (3) Empirical Methods
- or a suitable more advanced course

or, one of the following courses:

- POLI 561 (3) Seminar: Political Theory
- POLI 616 (3) Modern Political Analysis
- POLI 617 (3) Problems in Political Theory

6-9 credits of 500/600 level courses. Course list available from Department.

Of the 12 credits of complementary courses, up to 3 credits may be taken outside the department.

Candidates for the MA degree follow an individual program approved by the Department.

Thesis Component – Required (24 credits)

- POLI 697 (12) M.A. Thesis Proposal
- POLI 698 (12) Master’s Thesis Submission

The M.A. thesis must be on a topic relating to development studies, approved by the Development Studies Option (DSO) coordinating committee.

M.A. in Political Science (Thesis) – Neotropical Environment Option/Concentration (45 credits)

A thesis is required to demonstrate proficiency in research. It is normally about 100 pages long and is subject to evaluation by one examiner internal to the Department and one examiner external to the Department.

Required Courses (12 credits)

- BIOL 640 (3) Tropical Biology and Conservation
- ENVR 610 (3) Foundations of Environmental Policy
- POLI 691 (6) Bibliographic Methods 1

Complementary Courses (9 credits)

3-6 credits, either or, preferably, both of the following 3-credit options:

- POLI 612 (3) Empirical Methods
- or a suitable more advanced course

one of the following courses:

- POLI 561 (3) Seminar: Political Theory
- POLI 616 (3) Modern Political Analysis
- POLI 617 (3) Problems in Political Theory

3-6 additional credits of graduate-level (500/600) courses; which may include:

- POLI 644 (3) Tropical Environmental Politics
Note: Up to two 500/600 level complementary courses outside the department in related disciplines may be allowed if appropriate for the student’s program.

**Thesis Component – Required (24 credits)**
- POLI 697 (12) M.A. Thesis Proposal
- POLI 698 (12) Master's Thesis Submission

**M.A. in Political Science (Non-Thesis) (45 credits)**
A research paper is required to demonstrate proficiency in research. It is normally about 50 pages in length and involves revision of a paper written for one of the graduate courses completed in the program. The research paper is evaluated by two faculty members in the Department.

**Required Course** (6 credits)
- POLI 691 (6) Bibliographic Methods 1

**Complementary Courses** (21 credits)
- 3 - 6 credits, either or, preferably, both of the following 3-credit options:
  - POLI 612 (3) Empirical Methods
  - or a suitable more advanced course
- one of the following courses:
  - POLI 561 (3) Seminar: Political Theory
  - POLI 616 (3) Modern Political Analysis
  - POLI 617 (3) Problems in Political Theory
- 15 - 18 credits of 500/600 level courses; up to 6 credits may be outside the department.

**Research Paper Component – Required (18 credits)**
- POLI 693 (3) M.A. Research Proposal
- POLI 694 (3) Research Preparation 1
- POLI 695 (3) Research Preparation 2
- POLI 696 (3) Research Preparation 3
- POLI 699 (6) Master's Research Essay

**M.A. in Political Science (Non-Thesis) – Development Studies Option/Concentration (45 credits)**

**Required Courses** (9 credits)
- INTD 657 (3) Development Studies Seminar
- POLI 691 (6) Bibliographic Methods 1

**Complementary Courses** (18 credits)
- 3 - 6 credits, either or, preferably, both of the following 3-credit options:
  - POLI 612 (3) Empirical Methods
  - or a suitable more advanced course
- one of the following courses:
  - POLI 561 (3) Seminar: Political Theory
  - POLI 616 (3) Modern Political Analysis
  - POLI 617 (3) Problems in Political Theory
- 12 - 15 credits additional 500/600 level courses related to international development studies. Course list available from Department.

**Research Paper Component – Required** (18 credits)
- POLI 693 (3) M.A. Research Proposal
- POLI 694 (3) Research Preparation 1
- POLI 695 (3) Research Preparation 2
- POLI 696 (3) Research Preparation 3
- POLI 699 (6) Master's Research Essay

**M.A. in Political Science (Non-Thesis) – Neotropical Environment Option/Concentration (45 credits)**
A research paper is required to demonstrate proficiency in research. It is normally about 50 pages in length and involves revision of a paper written for one of the graduate courses completed in the program. The research paper is evaluated by two faculty members in the Department.

**Required Courses** (12 credits)
- POLI 691 (6) Bibliographic Methods 1
- BIOL 640 (3) Tropical Biology and Conservation
- ENVR 610 (3) Foundations of Environmental Policy

**Complementary Courses** (15 credits)
- 3 - 6 credits, either or, preferably, both of the following 3-credit options:
  - POLI 612 (3) Empirical Methods
  - or a suitable more advanced course
- one of the following courses:
  - POLI 561 (3) Seminar: Political Theory
  - POLI 616 (3) Modern Political Analysis
  - POLI 617 (3) Problems in Political Theory
- 9 - 12 credits of graduate-level (500/600) POLI courses; which may include:
  - POLI 644 (3) Tropical Environmental Politics

Note: Up to two 500/600 level complementary courses outside the department in related disciplines may be allowed if appropriate for the student’s program.

**Research Paper Component – Required** (18 credits)
- POLI 693 (3) M.A. Research Proposal
- POLI 694 (3) Research Preparation 1
- POLI 695 (3) Research Preparation 2
- POLI 696 (3) Research Preparation 3
- POLI 699 (6) Master's Research Essay

**M.A. in Political Science (Non-Thesis) – Social Statistics Option/Concentration (45 credits)**
This program complements disciplinary training with statistical research. Students will normally complete program course requirements, supplemented by further statistical courses, as advised by the Option advisor, and subject to approval by the Department.

A research paper is required to demonstrate proficiency in research. It is normally about 50 pages in length and involves revision of a paper written for one of the graduate courses completed in the program. The research paper is evaluated by two faculty members in the Department.

Entrance to this option is by application to the Social Statistics Option Committee subsequent to acceptance into the Department program.

**Required Course** (6 credits)
- POLI 691 (6) Bibliographic Methods 1

**Complementary Courses** (21 credits)
- 3 credits:
  - POLI 688 (3) Seminar on Social Statistics
  - or ECON 688
  - or GEOG 688
  - or SOCI 688
- 3 - 6 credits, either or, preferably, both of the following 3-credit options:
  - POLI 612 (3) Empirical Methods
  - or a suitable more advanced course
- one of the following courses:
  - POLI 561 (3) Seminar: Political Theory
  - POLI 616 (3) Modern Political Analysis
  - POLI 617 (3) Problems in Political Theory
- 12 - 15 credits of graduate-level (500/600) POLI courses; which may include:
  - POLI 644 (3) Tropical Environmental Politics

2007-2008 Graduate and Postdoctoral Studies, McGill University
Candidates for the M.A. degree follow a program approved on an individual basis by the Department. All students who wish to be considered for the Ph.D. program are evaluated on the basis of their M.A. programs. Only a small number of students are permitted to go on for their doctorate and students currently enrolled in the M.A. program must formally apply for admission into the Ph.D. program. A pass for the M.A. degree does not necessarily imply permission to proceed to the doctorate.

Ph.D. in Political Science
Superior applicants, normally understood as students who are at least in the top 10 percent of their graduating class or who have a CPGA of at least 3.5 or its equivalent, will be eligible for admission into the Ph.D. track and receive a Ph.D. degree after successfully completing the requirements of the Ph.D. track.

Required Courses (0 credits)
POLI 701 (0) Ph.D. General Written Examination First Field
POLI 702 (0) Ph.D. General Written Examination Second Field
POLI 799 (0) Ph.D. Oral Comprehensive Examination

Complementary Courses (13 courses)
13 (3-credit) courses at the 500 level or higher chosen as follows:
Major Fields: (Eight courses)
4 courses in first major field
4 courses in second major field
Note: one course out of the eight must be a 700-level research seminar in one of the major fields.

Political Theory: (1 course)
One course in political theory at the 500, 600, or 700 level

Methods: (1 course)
POLI 612 (3) Empirical Methods
or another suitable advanced methods course

Additional Courses: (3 courses)
Three additional courses of which at least one must be outside the student’s major fields.

Advanced Research Tools
Language Requirement: Students must pass an advanced-level translation test from a language other than English. If the student’s research will involve field work in a country where English is not widely spoken, the test will include an oral component. In selecting a language to fulfill this requirement, the student must demonstrate in writing how the chosen language is related to his or her research.

OR
Advanced Statistical Methods: To fulfill this requirement, students must complete a course (at the 500 level or higher) in advanced statistical methods.

• All students in the Ph.D. program are expected to take their written comprehensives and their oral comprehensive in the second term of their second year if admitted to the program at the Ph.D.2 level or their third year if admitted at the Ph.D.1 level to the program. Students are expected to have completed all of their required course work in their major and minor fields, as well as their methodology requirement (up to 39 credits - thirteen 3-credit courses), by no later than the end of the first term of their third year.

• Students are expected to submit dissertation proposals by the end of the second term of their third year.

• The student must write a doctoral dissertation which makes an original contribution to knowledge in the discipline.

Ph.D. in Political Science – Neotropical Environment Option/Concentration

Required Courses (9 credits)
BIOL 640 (3) Tropical Biology and Conservation
ENVR 610 (3) Foundations of Environmental Policy
POLI 612 (3) Empirical Methods
POLI 701 (0) Ph.D. General Written Examination First Field
POLI 702 (0) Ph.D. General Written Examination Second Field
POLI 799 (0) Ph.D. Oral Comprehensive Examination

Complementary Courses (30 credits)
3 credits of graduate level political theory
18 credits of departmental courses
6 credits of 700-level seminars in two fields
AND
3 credits (one course) from the following courses:
AGRI 550 (3) Sustained Tropical Agriculture
BIOL 553 (3) Neotropical Environments
BIOL 641 (3) Issues in Tropical Biology
ENVR 611 (3) The Economy of Nature
ENVR 612 (3) Tropical Environmental Issues
ENVR 680 (3) Topics in Environment
POLI 644 (3) Tropical Environmental Politics
SOCI 565 (3) Social Change in Panama

Advanced Research Tools
Language requirement OR advanced statistical methods

Ph.D. Thesis Proposal

Ph.D. Thesis

Transfer students and students with Master's degrees from other universities: Transfer students will be treated as M.A. students who change tracks. Previous course work at the graduate level can be applied towards the requirements of the program, provided the Admission Committee is confident that the quality of such work is on par with McGill standards. Students transferring into the M.A.-Ph.D. track must fulfill a minimum residency requirement of two years, including a minimum of 6 courses and at least one 700-level Ph.D. research paper. All students will be required to pass the comprehensive written and oral exams.

67.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

POLI 521 SEMINAR: CANADIAN POLITICS AND GOVERNMENT. (3) (Restriction: Open to graduate students, final year Honours students, and other advanced undergraduates with the permission of the instructor) (Prerequisite: At least one 300 or 400-level course in Canadian Politics) (Note: The field is Canadian Politics.) Topic for 2007-2008: Canadian Democracy in Crisis. Selected problems of Canadian socio-economic and political structures; political culture; constitutional development, and governmental structure.

POLI 522 SEMINAR: DEVELOPING AREAS. (3) (Prerequisite: At least one upper level course in the politics of developing areas) (Note: The area in the field of Comparative Politics is Developing Areas.) Topic for 2007-2008: Theories of the State. A research seminar dealing with experiences of various developing countries. Examines the intersections of visions of gender and community; the interactions between mobilization along gender and community lines; the gendered nature and cultural coding of various policy initiatives. Greater emphasis given to concerns and actions of
women, and to visions of community based on religion and race. Students are expected to undertake a research project.

POLI 524 SEMINAR: DEVELOPED AREAS. (3) (Prerequisite: At least one upper-level course in the politics of developed areas) (Restriction: Open to graduate students, final year Honours students, and other advanced undergraduates with the permission of the instructor) (Note: The area in the field of Comparative Politics is Developed Areas.) Topic for 2007-08: Faith, Reason & Democratic Transformations

POLI 561 SEMINAR: POLITICAL THEORY. (3) (Prerequisite: At least one upper level course in political philosophy) (Restriction: Open to graduate students, final year Honours students, and other advanced undergraduates with the permission of the instructor) (Note: The field is Political Theory.) A topic in political philosophy such as democracy, liberty, property or nationalism, or a political philosopher, is studied to enable students to research a topic in depth, to present their papers to the seminar, and to engage in and profit from discussion and debate.

POLI 575 SEMINAR: INTERNATIONAL POLITICS. (3) (Restriction: Open to graduate students and final year Honours students only) (Note: The field is International Politics.) A research seminar dealing with topics in the field of international politics.

POLI 599 INTERNSHIP: POLITICAL SCIENCE. (3) (Fall and Winter) (Restriction: Open, with permission, to final year Honours and Joint Honours students, and graduate students. This course does not count as a 500-level seminar under the Honours requirements) The internship shall consist of a minimum of 150 hours of work over a period of 12 weeks, plus a major research project based on the internship. The major project will ordinarily consist of a major research paper, plus a substantial written record of the work conducted during the internship.

POLI 603 HISTORY OF POLITICAL THOUGHT 1. (3) (There will be 2 lectures per week (taken with undergraduates enrolled in POLI 433) and one graduate-student-only tutorial per week.) (Note: The field is Political Theory.) A graduate level introduction to key early-modern and modern political theories.

POLI 604 HISTORY OF POLITICAL THOUGHT 2. (3) (Note: The field is Political Theory.) A graduate level introduction to key modern political theories. Among the theorists to be covered are: Hegel, Marx, Nietzsche, Mill, Tocqueville.

POLI 612 EMPIRICAL METHODS. (3) Fundamental principles of empirical research, in which the emphasis will be placed on acquainting the student with the techniques most commonly used by political scientists. The topics include the design of research projects, procedure in carrying out research, problems of measurement, survey research, scaling, data processing, and data analysis.

POLI 613 SELECTED THEMES: POLITICAL THEORY. (3) (Note: The field is Political Theory.) A seminar on a theme in contemporary political theory or in the history of political theory.

POLI 616 MODERN POLITICAL ANALYSIS. (3) (Note: The field is Political Theory.) An introduction to the concepts underlying modern approaches to the study of politics. The scope of the discipline will be delineated and the foundations of empirical research, including the philosophy and methodology of science especially as these apply to social science, will be considered. Various alternatives and critiques will be presented and evaluated.

POLI 617 PROBLEMS IN POLITICAL THEORY. (3) (Note: The field is Political Theory.) An introduction to central normative issues in the study of politics. The seminar consists of lectures, oral presentations, discussion and research papers.

POLI 618 ADVANCED EMPIRICAL METHODS. (3) (Prerequisite: POLI 612 or equivalent.) An introduction to regression techniques common in political science, including applied multiple regression techniques, beginning with basic linear models and ending with models for binary or ordinal dependent variables. Methodological issues are taught using substantive issues and debates in the discipline.

POLI 619 IMMIGRANTS/REFUGEES/MINORITIES. (3) (Note: The field is Comparative Politics in Developed Areas and Canadian Politics.) A consideration of the different dimensions of politics associated with immigration and ethno-racial diversity. The course will emphasize the Canadian case in comparative perspective.

POLI 621 INTERPRETING CANADIAN POLITICAL PROCESS. (3) (Note: The field is Canadian Politics.) Strategies for studying the Canadian political process. Pluralist, Marxian and state autonomist approaches for analysing the relative significance and inter-relationships of basic components of the Canadian political system. Although one purpose of the course is to survey the literature on individual topics, a broader purpose is to employ individual research strategies to develop conclusions about the nature, distribution, and exercise of power in Canada.

POLI 622 ADVANCED TOPICS CANADIAN POLITICS. (3) (Note: The field is Canadian Politics.) A specific problem area in Canadian Politics.

POLI 628 COMPARATIVE POLITICS. (3) (Note: The field is Comparative Politics in Developed Areas.) An introduction for graduate students to the sub-discipline of comparative politics. The logic of comparative analysis as well as a number of alternative paradigms for analyzing and comparing political systems and processes.

POLI 629 POST-COMMUNIST TRANSFORMATIONS. (3) (Note: The field is Comparative Politics in Developed Areas.) This course will incorporate discussions of concrete political processes and events, but will focus primarily on theories in comparative politics that might help us understand changes currently underway in the former Soviet Union. Students will continuously assess the value of these theories as methods of understanding change in the former Soviet Union.

POLI 630 TOPICS IN EUROPEAN POLITICS. (3) (Note: The field is Comparative Politics in Developed Areas.) Examination of recent trends and the current debates in the electoral politics, political economy and political sociology of Europe. The course will focus on developments at two levels: that of national political systems and that of the region as a whole, particularly as embodied in the European Union.

POLI 631 COMPARATIVE FEDERALISM. (3) Theoretical underpinnings and empirical challenges of federal states from a comparative perspective on industrializing countries, with Canadian federalism providing an important example. Issues include federalism and ethnic conflict, fiscal federalism, and federalism and markets.

POLI 632 VOTING BEHAVIOR/PUBLIC OPINION. (3) (Note: The field is Comparative Politics in Developed Areas and Canadian Politics.) A critical examination of major debates within the comparative literature on voting behavior and public opinion. The work discussed will draw primarily on research conducted in the United States, Canada and Western Europe.

POLI 633 SOUTHEAST ASIAN POLITICS. (3) An examination of the literature on Southeast Asian politics. Topics include: state structures, political regimes, political parties, political economy, nationalism, ethnicity, and religion. Emphasis on comparative analysis within the region and on the different analytical perspectives employed to study Southeast Asia.

POLI 635 THEORIES OF U.S. POLITICS. (3) (Note: The field is Comparative Politics in Developed Areas.) A critical examination of some of the major theoretical analyses of U.S. politics. The course will focus on several key issues in the study of American political life, including distribution of power, the policy process, state and society, and bargaining and coalition building.

POLI 636 APPROACHES THEOR/POLITIQUE QUE. (3) (This course will be conducted both in English and French; a reading knowledge and an ability to understand the two languages is recommended) (Note: The field is Canadian Politics.) Critical examination of some major approaches to the study of Quebec politics and society, with particular emphasis on issues of nationalism, social and political movements, ethnicity, language and class conflicts, federal-provincial relations, as well as an analysis of the role of intellectuals and party politics in the deliberation process.
POLI 638 Global Health & Social Policy. (3) (Restriction: Enrolment limit 25; not open to students who are taking or have taken EPIB 638.) Formal methods used in policy analysis, role of politics and conditions under which research on global health and social policy is used by decision makers.

POLI 639 Politics of Developed Areas. (3) (Note: The field is Comparative Politics in Developed Areas.) A specific problem area in the Comparative Politics of Developed Areas.

POLI 640 Middle East Politics. (3) (Note: The field is Comparative Politics in Developed Areas.) Examination of political and socio-economic development in the Middle East, with particular emphasis on the Arab world. Topics to be addressed include state formation and consolidation; Arab nationalism; civil society and state-society relations; the politics of Islam; petro-politics; the political economy of economic liberalization; and future patterns of political change.

POLI 641 Political Change in South Asia. (3) (Note: The field is Comparative Politics in Developed Areas.) This course examines major political and social changes in South Asia. Explores such topics as colonialism and nationalism; trends in mass mobilization and electoral politics; regime changes; economic policies and their impact; and conflicts over authority patterns, policy agendas, and national boundaries.

POLI 643 Politics of Identity. (3) (Note: The field is Comparative Politics in Developed Areas.) Theoretical approaches to the politics of identity with reference to experiences in different world regions. The politics of nationalism, ethnicity, religion, race, and gender, and the relationship of such forms of identity politics to democracy, tolerance, pluralism, violence, socio-economic change and equality.

POLI 646 Politics of Developing Areas. (3) (Note: The field is Comparative Politics in Developed Areas.) A specific problem area in the Comparative Politics of Developing Areas.

POLI 647 Development Political Economy. (3) (Note: The field is Comparative Politics in Developing Areas.) Incorporation of subordinate groups into national systems in the developing countries of Africa, Asia, and Latin America. Specific topics include state formation, the emergence of civil society, modernization and dependency theories, alternative development models, democracy, authoritarianism, sustainable development and gender.

POLI 648 Latin American Politics. (3) (Note: The field is Comparative Politics in Developing Areas.) This course explores changing patterns of social, economic and political relations in Latin America, especially with respect to the level of civil society. It examines such topics as state formation, institutional development, regime transformation and the insertion of Latin American countries in both the international capitalist economy and the inter-state system.

POLI 649 Mass Approach Political Development: China. (3) (Note: The field is Comparative Politics in Developing Areas.) The strategy of political and socio-economic development in contemporary China. Topics include: cultural and ideological foundations of socialization. The consequences of the disintegration of the USSR and the socialist countries of Europe, and the balance sheet of the post-1978 reform.

POLI 650 Seminar in Peacebuilding. (3) (Note: The field is Comparative Politics in Developing Areas and International Politics.) An examination of transitions from civil war to peace, and the role of external actors (international organizations, bilateral donors, non-governmental organizations) in support of such transitions. Topics will include the dilemmas of humanitarian relief, peacekeeping operations, refugees, the demobilization of ex-combatants, transitional elections, and the politics of socio-economic reconstruction.

POLI 651 The EU and Political Integration. (3) (Note: The field is Comparative Politics in Developed Areas and International Politics.) Theories from both comparative and international politics will be drawn upon to analyze the development, politics, institutions and policies of the EU. The internal political economy and external relations of the EU will be analyzed.

POLI 652 Ethnic Strife and World Politics. (3) (Note: The field is International Politics.) Interplay between ethnic conflicts within countries and international relations. This course will address among many topics, irredentism, the causes and consequences of intervention, spillover effects and contagion, and the impact of ethnic conflict on relations between states.

POLI 659 Interdisciplinary Seminar in European Studies. (3) (Restriction: Only open to students in European Studies Option.) Interdisciplinary seminar on a theme relevant to the study of Europe.

POLI 671 International Relations Theory. (3) (Note: The field is International Politics.) This course is designed to give students a thorough background in the basic theories and models used in International Relations. It emphasizes breadth, in order to ground students in the variety of approaches employed in the field of International politics.

POLI 672 International Political Economy. (3) (Note: The field is International Politics.) For students in international and comparative politics, a course in IPE in two senses: 1) the use of the economic model of purposive behaviour to examine international phenomena; 2) the politics of global economic issues such as production, trade, finance, debt, technology transfer, economic coordination. Connections between domestic political economies and the IPE, alternative strategies of state adjustment to a changing IPE.

POLI 677 International Crisis, Conflict, War. (3) (Note: The field is International Politics.) This seminar is designed to explore the literature on the concepts of international crisis, conflict and war. Discussions will focus on: research designs and methods; decision-making models; crisis/conflict management; bargaining in crisis; UN and superpower crisis intervention; deterrence and war prevention; theories of war, and polarity, war, crisis and stability.

POLI 678 State Behaviour. (3) (Note: The field is International Politics.) Theoretical and empirical studies of decision-making, the policy-making process, and foreign policy behaviour. The capacity of each approach to explain and evaluate choice and behaviour will be assessed.

POLI 679 International Security: Conflict and Co-operation. (3) (Note: The field is International Politics.) Covers theoretical and historical literature on international security, strategy, war, and cooperation. Includes systemic, societal and normative explanations of war, peace, security, and change.

POLI 680 Social Change/Advanced Industrialized Democacies. (3) Introduction to the theories, concepts and empirical work on advanced democracies with a focus on issues of social change. Theories of the welfare states, social capital, postmaterialism, political participation, social movements and issues of diversity are studied from a variety of methodological perspectives.

POLI 688 Seminar on Social Statistics. (3) Special topics on social statistics and presentations of ongoing research by students pursuing M.A. Option in Social Statistics in any of the participating disciplines.

POLI 690 Reading in Political Science. (3) A graduate student may take a one-term reading course per academic year in a particular field and under the supervision of a member of staff.

POLI 690D1 (1.5), POLI 690D2 (1.5) Reading in Political Science. (Students must register for both POLI 690D1 and POLI 690D2) (No credit will be given for this course unless both POLI 690D1 and POLI 690D2 are successfully completed in consecutive terms) (POLI 690D1 and POLI 690D2 together are equivalent to POLI 690) A graduate student may take a one-term reading course per academic year in a particular field and under the supervision of a member of staff.

POLI 691 Bibliographic Methods 1. (6) Research-related skills and the production of a research bibliography.

POLI 692 Bibliographic Methods 2. (6) Advanced research-related skills and the production of a research bibliography.

POLI 693 M.A. Research Proposal. (3)
POLI 701 PH.D. GENERAL WRITTEN EXAMINATION FIRST FIELD. (0).

POLI 702 PH.D. GENERAL WRITTEN EXAMINATION SECOND FIELD. (0).

POLI 728 RESEARCH SEMINAR IN COMPARATIVE POLITICS. (3) (Suggested prerequisites: POLI 612 and POLI 628) (Note: The field is Comparative Politics in Developed Areas.) A seminar focusing on the multiple security concerns of developing states including developmental (political, economic and traditional (military, power political) pressures; linkages between internal and external vulnerabilities; the changing security environment of the post Cold War era; alternative external/internal strategies. These issues will be examined critically.

POLI 771 INTERNATIONAL POLICY AND FOREIGN POLICY IN DEVELOPING WORLD. (3) (Prerequisites: A graduate-level course in international relations or comparative politics/developing areas) (Note: The field is Comparative Politics in Developing Areas and International Politics.) A seminar focusing on the multiple security concerns of developing states including developmental (political, economic and traditional (military, power political) pressures; linkages between internal and external vulnerabilities; the changing security environment of the post Cold War era; alternative external/internal strategies. These issues will be examined critically.

POLI 778 RESEARCH SEMINAR - INTERNATIONAL POLITICS. (3) (Note: The field is International Politics.) A workshop intended to help M.A. and Ph.D. students prepare their thesis proposals and chapters. Writing techniques and methodology will be covered. Students critique seminar presentations by leading scholars on their new works.

POLI 780 READING SEMINAR. (3) A research seminar on a topic that is not covered in the regular seminars, but which is of interest to a group of students and a faculty member. The exact topic for the research papers will be determined by mutual agreement among students and faculty members involved.

M. Perreault; Ph.D.(Montr.)
J. Rochford; M.A.(Qu.), Ph.D.(C'dia)
C. Rousseau; M.D.(Sher.), M.Sc.(McG.)
1. A completed application form;
2. Cdn $80.00 application fee;
3. Two official transcripts of all university studies;
4. A written Confirmation of Supervision form (see department Website) from the proposed research supervisor;
5. A written statement of purpose, describing the specific reasons for seeking a Master of Science degree in Psychiatry;
6. An outline of the proposed thesis research, to be written by the prospective student in collaboration with an appropriate research supervisor;
7. Two letters of reference with Applicant Evaluation checklist forms (see department Website);
8. TOEFL or IELTS certificate of proficiency in English for non-Canadian applicants whose mother tongue and language of education is not English, with a minimum score of 213 on the computerized TOEFL, 550 on the written TOEFL test, or 86 on the Internet-based test, with each component score not less than 20, or 6.5 on the IELTS test.

Deadlines:
January (Winter term): August 1
May (Summer term): December 15
September (Fall term): March 8

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

68.5 Program Requirements

M.Sc. in Psychiatry (Thesis) (45 credits)

Each student shall complete an original investigation of a scope appropriate to the presentation of a Master's Thesis. This thesis will be reviewed by the Supervisory Committee prior to its submission to the Graduate and Postdoctoral Studies Office, and shall then be reviewed by external referees according to the usual regulations of the Graduate and Postdoctoral Studies Office.

Complementary Courses (9 credits)

9 credits of graduate-level courses approved by the student's Supervisory Committee.

Courses are selected on the basis of the area of research interest and the background of the student, and must include a course in statistical analysis if not presented upon admission.

Thesis Component - Required (36 credits)

PSYT 691 (12) Thesis Research 1
PSYT 692 (12) Thesis Research 2
PSYT 693 (12) Thesis Research 3

Supervisory Committees

The M.Sc. in Psychiatry is administered by the Graduate Training Committee. Each student selects a Supervisory Committee composed of the research supervisor plus 2-4 other faculty who are knowledgeable about the student's research area and who can advise both on appropriate coursework and on the thesis research project. The student will meet with this Supervisory Committee at least once during each year of matriculation for the purpose of evaluating academic and research progress of the student. The Supervisory Committee will also act as a resource body for the student, both with respect to academic and administrative matters.

Residence

Three terms of full-time study. No part-time study allowed.

68.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.
Term(s) offered (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

**Note:** All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

**PSYT 500 ADVANCES: NEUROBIOLOGY OF MENTAL DISORDERS.** (3) (Winter) (3 hours) (Prerequisite (Undergraduate): BIOI 212 and BIOI 311, or BIOC 312, or BIOL 200 and BIOL 201, or PHGY 311, or PSYC 308 and an upper-level biological science course with permission of the instructors, or equivalent. Basic knowledge of cellular and molecular biology is required.) (Restriction: Open to U3 and graduate students only.) (Restriction: Graduate Studies: strongly recommended for M.Sc. students in Psychology.) Current theories on the neurobiological basis of most well known mental disorders (e.g. schizophrenia, depression, anxiety, dementia). Methods and strategies in research on genetic, physiological and biochemical factors in mental illness will be discussed. Discussion will also focus on the rationale for present treatment approaches and on promising new approaches.

**PSYT 503 MENTAL HEALTH SERVICES AND POLICY.** (3) (Note: Enrolment is limited to 40 students. The course is given in English, but papers can be handed in French.) Analysis of the mental health system and its best practices.

**PSYT 504 (3) ISSUE IN FORENSIC MENTAL HLTH**

**PSYT 611 DIPLOMA EVALUATION: ORAL.** (0)

**PSYT 615 ADVANCED STUDIES IN ADDICTION.** (3) (Prerequisite: PSYT 301 or permission from one of the instructors.) (Restriction: Registered in either a Psychiatry, Psychology, or Neuroscience graduate program.) Critical assessment of research tools, reported data, and theoretical perspectives on drug addiction, with an emphasis on multi-factorial and inter-disciplinary approaches.

**PSYT 620 TRENDS IN CLINICAL PSYCHIATRY (3) (Prerequisite: A course in research methods. Or special permission by the course instructor.) (Restriction: Not open to students who have taken PSYC 630 or equivalent.) A review of the major psychopathologies, the theories that underlie them and their treatment.

**PSYT 625 QUALITATIVE RESEARCH IN HEALTH CARE.** (3) (Restriction: Open to students with Bachelor's degrees in Health or Social Science.) (Note: Course will be given in English. Course work may be submitted in English or French.) Discussion and practice of qualitative methodology for conducting rigorous and reflective qualitative research projects in health care sector including ethnographic fieldwork and community interviews.

**PSYT 630 STATISTICS FOR NEUROSCIENCES.** (3) Statistics needed for analysing the types of data generated in a laboratory setting, with emphasis on neurosciences, will be covered. Hypothesis testing, parametric and non-parametric statistics will be studied with a practical approach, using data generated by the students. Computer analysis will be introduced.

**PSYT 691 THESIS RESEARCH 1.** (12)

**PSYT 692 THESIS RESEARCH 2.** (12)

**PSYT 693 THESIS RESEARCH 3.** (12)

**PSYT 696 SPECIAL TOPICS IN PSYCHIATRY.** (3) Supervised reading and discussion of selected issues and topics in contemporary psychiatry. Students will be responsible for assigned readings and for preparation of a graded paper.

**PSYT 711 CULTURAL PSYCHIATRY.** (3) (Prerequisites: Knowledge of psychiatry and anthropology. Topics covered: cross-national epidemiological and ethnographic research of major and minor psychiatric disorders; culture-bound syndromes and idioms of distress; culture, emotion and social interaction; psychological and symbolic healing; mental health of immigrants and refugees; psychiatric theory and practice as cultural constructions; methods of cross-cultural research.

**PSYT 713 PSYCHIATRIC EPIDEMIOLOGY.** (3) (Prerequisites: EPIB 606 or equivalent or permission of instructor.) An overview of the applications of epidemiology in psychiatry, including instruments and methods used in community studies; major current population surveys of psychiatric disorders; study of treatment-seeking, pathways to care and use of services; interaction between psychological distress and physical health; methods used in specific populations; evaluation of treatment.

Lecturers
N. Allard; R. Amsel

Associate Members
F. Abbott (School of Nursing, Psychiatry)
C. Baker, F. A. A. Kingdom, K. Mullen, R. Hess (McGill Vision Research Centre)
U. Bockenholt; Diplom (Oldenbury), Ph. D. (Chic.), Dr. Phil. (Oldenbury)
D. Codere, D. Gutton (Anesthesia)
M. Leyton (Psychiatry)
S. MacAdams (Music)
H. Steiger (Douglas Hospital Research Centre)

Adjunct Professors
M. Bruck, S. Bursein, P. Delisle, P. Gregoire, R. Ho, A. Routenberg, D. Sookman, M. Spevack, A. Surkis, P. Zelazo

Part-Time Appointments

69.2 Programs Offered

M. A. and M. Sc. degrees may be awarded in Experimental Psychology, but only as a stage in the Ph. D. in Experimental Psychology program.

Ph. D. in Clinical Psychology (there is no M. A. or M. Sc. program).

The aim of the Experimental program is to provide students with an environment in which they are free to develop skills and expertise that will serve during a professional career of teaching and research as a psychologist. Course work and other requirements are at a minimum. Success in the program depends on the student's ability to organize unscheduled time for self education. Continuous involvement in research planning and execution is considered a very important component of the student's activities. Students are normally expected to do both Master's and Doctoral study.

The clinical program adheres to the scientist practitioner model and as such is designed to train students for careers in university teaching or clinical research, and for service careers – working with children or adults in a hospital, clinical, or educational setting. Most of our clinical graduates combine service and research roles. While there are necessarily many more course requirements than in the experimental program, the emphasis is again on research training. There is no Master’s program in Clinical Psychology; students are expected to complete the full program leading to a doctoral degree.

Research interests of members of the Psychology Department include animal learning, behavioural neuroscience, clinical, child development, cognitive science, health psychology, psychology of language, perception, quantitative psychology, social psychology, and personality psychology.

A cross-disciplinary option in psychosocial oncology is offered within the existing Ph.D. program in Psychology.

Facilities for advanced research in a variety of fields are available within the Department itself. In addition, arrangements exist with the Departments of Psychology at the Montreal Neurological Institute, Allan Memorial Institute, Douglas Hospital, Jewish General Hospital, Montreal Children's Hospital and the Montreal General Hospital, to permit graduate students to undertake research in a hospital setting.

For full information about all programs and financial aid, and for application forms, contact the Graduate Program Co-ordinator, Department of Psychology.

Ph.D. Option in Language Acquisition (LAP)

Information about this option is available from the Department and on the Web at: www.psych.mcgill.ca/lap.html

Ph.D. Option in Psychosocial Oncology (PSO)

Information about this option is available from the Department and on the Web at: www.medicine.mcgill.ca/oncology/edu_graduate_psychosocial.htm.

69.3 Admission Requirements

Admission to the graduate program depends on an evaluation of students' research interests and their aptitude for original contributions to knowledge and, if applicable, for professional contributions in the applied field.

The usual requirement for admission is an Honours or Majors degree (B. A. or B. Sc.) in Psychology. This usually includes an introductory course plus twelve courses in psychology (each equivalent to three term hours). Courses in experimental psychology, the theoretical development of modern ideas in psychology, and statistical methods as applied to psychological problems (equivalent to an introductory course) are essential. Applicants' knowledge of relevant biological, physical, and social sciences is considered.

Applicants who hold a Bachelor's degree but who have not met these usual requirements should consult the Graduate Program Director to determine which (if any) courses must be completed before an application can be considered. Students with insufficient preparation for graduate work may register as special students in the Faculty of Arts or the Faculty of Science, and follow an appropriate course of study. Such registration requires the permission of the Department but carries no advantage with respect to a student's eventual admission to graduate studies.

69.4 Application Procedures

Please take note that we no longer distribute paper application forms. The following items must be submitted to apply to our program:

1. Web application (online).
2. Application fee of $80.00 CDN, by credit card only.
3. A completed application summary sheet.
4. Transcripts – Two official copies (sent directly from your university).
5. Letters of recommendation – Three letters of recommendation on institution letterhead with original signatures must be provided. There are no forms for these letters. Please remind your recommenders to include your FULL NAME on all letters.
6. GRE (Graduate Record Examination) – Official reports and a photocopy of scores on the General and Subject Graduate Record Examination (GRE). Applicants with little or no background in psychology are not required to submit scores on the subject component of the GRE. All applicants must take the GRE if they have studied in an English-speaking university. Canadians who have not studied in an English institution are not required to submit GRE. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution.
(anglophone or francophone) must submit a TOEFL score (www.ets.org/toefl).

7. A personal statement (sent separately or completed on the online application form, "applicant statement"). Describe in as much detail as possible your interests in psychology and your career goals. Also indicate the area of psychology that you want to study (e.g., developmental, social, etc.) and the name of one or more staff members with whom you would like to work.

The online application deadline is December 1. Supporting documents are submitted directly to the Department of Psychology.

Graduate Admissions
Department of Psychology
McGill University
1205 Dr. Penfield Avenue
Montreal, Quebec H3A 1B1

Applicants should note that the deadline for many scholarships and fellowships is about four months earlier than the application deadline and that applications for scholarships and fellowships should be submitted through their home university.

69.5 Program Requirements

Master’s (M.A. and M.Sc. Degrees – 45 credits each)

There is no M.A. or M.Sc. program in Clinical psychology. M.A. and M.Sc. degrees may be awarded in Experimental Psychology, but only as a stage in the Ph.D. program.

Candidates must demonstrate a sound knowledge of modern psychological theory, of its historical development, and of the logic of statistical methods as used in psychological research.

Candidates will be expected to have an understanding of the main lines of current work in areas other than their own field of specialization. The primary concern of the candidate is research. Final standing for the degree is based mainly on the student's research progress and on the results of course work and other required assignments. All first year students, Experimental and Clinical must submit a General Comprehensive paper on a topic related to their research interests.

Ph.D.

All candidates for the Ph.D. degree must demonstrate broad scholarship, mastery of current theoretical issues in psychology and their historical development, and a detailed knowledge of their special field. Great emphasis is placed on the development of research skills, and the dissertation forms the major part of the evaluation at the Ph.D. level.

All Ph.D. 2 and 3 students must register for at least one graduate seminar each term (see course numbers PSYC 710 to PSYC 758); the seminars are conducted by different staff members each year and their content changes accordingly.

A special (doctoral) comprehensive examination is written in one of the following areas of psychology: clinical, behavioural neuroscience, learning and motivation, personality and social psychology, development and language, perception and cognition, quantitative and individual differences, or any other appropriate area.

Ph.D. students in clinical psychology must fulfill similar requirements to Ph.D. students in the experimental program and must also take a variety of specialized courses which include practicum and internship experiences.

The Department of Psychology does not ordinarily require an examination in a foreign language. It should be noted, however, that all students planning to practice in clinical psychology in the province of Quebec will be examined on their proficiency in French before being admitted to the professional association.

Ph.D. in Psychology – Language Acquisition Option/Concentration

Students must satisfy all program requirements for the Ph.D. in Psychology. The Ph.D. thesis must be on a topic relating to language acquisition, approved by the LAP committee.

Required Courses for the Language Acquisition Option (8 credits)

EDSL 711 (2) Language Acquisition Issues 3
LING 710 (2) Language Acquisition Issues 2
PSYC 709 (2) Language Acquisition Issues 1
SCSD 712 (2) Language Acquisition Issues 4

Complementary Courses (9 credits)

3 credits of graduate-level statistics from courses such as: EDP 766, EDP 682, PSYC 650, PSYC 651; students who have taken an equivalent course in statistics, or are currently taking an equivalent course as part of their Ph.D. program requirements, will be deemed to have satisfied this requirement for the Language Acquisition Option.

At least 6 credits, two courses, selected from the following list, at least one course must be outside the Department of Psychology:

EDSL 620 (3) Critical Issues in Second Language Education
EDSL 623 (3) Second Language Learning
EDSL 624 (3) Educational Sociolinguistics
EDSL 627 (3) Classroom-Centred Second Language Research
EDSL 629 (3) Second Language Assessment
EDSL 632 (3) Second Language Literacy Development
EDSL 664 (3) Second Language Research Methods
LING 555 (3) Language Acquisition 2
LING 590 (3) Language Acquisition and Breakdown
LING 651 (3) Topics in Acquisition of Phonology
LING 655 (3) Theory of L2 Acquisition
LING 755 (3) Advanced Seminar: Language Acquisition
PSYC 561 (3) Methods: Developmental Psycholinguistics
PSYC 734 (3) Developmental Psychology and Language
PSYC 735 (3) Developmental Psychology and Language
PSYC 736 (3) Developmental Psychology and Language
PSYC 737 (3) Developmental Psychology and Language
SCSD 619 (3) Phonological Development
SCSD 632 (3) Phonological Disorders: Children
SCSD 633 (3) Language Development
SCSD 637 (3) Developmental Language Disorders 1
SCSD 643 (3) Developmental Language Disorders 2
SCSD 652 (3) Advanced Research Seminar 1
SCSD 653 (3) Advanced Research Seminar 2

Ph.D. in Psychology - Psychosocial Oncology Option/Concentration (PSO)

Ph.D. students registered in the Psychosocial Oncology Option complete the requirements for the Ph.D. in Psychology and the course work specific to this option provided in the table below. The Ph.D. thesis topic must be germane to psychosocial oncology and approved by the PSO coordinating committee.

Required Courses (6 credits)

NUR 783 (3) Psychosocial Oncology Research
NUR 705 (3) Palliative Care in Cancer

Complementary Course (3 credits)

One of the following courses:

PSYC 505 (3) The Psychology of Pain
PSYC 507 (3) Emotions, Stress, and Illness
PSYC 754 (3) Health Psychology Seminar 2
SWRK 609 (3) Health and Social Work
SWRK 668 (3) Life-Threatening Illness and Bereavement

69.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.
Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

Note: All undergraduate courses administered by the Faculty of Science (courses at the 100- to 500-level) have limited enrolment. The course credit weight is given in parentheses after the title.

PSYC 502 PSYCHONEUROENDOCRINOLOGY. (3) (Prerequisite: One of PSYC 308, PSYC 311, PSYC 318, PSYC 342, or permission of the instructor.) Neuroendocrinological mechanisms of action that underlie specific behaviors and their disorders. Hormones and cognitive functioning, sexual functioning, aggression, mood and stress in humans and will focus on methods of hypothesis-testing in these areas.

PSYC 505 THE PSYCHOLOGY OF PAIN. (3) (Fall) (2 lectures; 1 conference) (Prerequisites: any two of the following: PSYC 308, PSYC 311, PSYC 318, PSYC 522, ANAT 321, BIOL 306, PHGY 314 or permission of instructor.) An introduction to pain research and theory, with emphasis on the interactions of psychological, cultural and physiological factors in pain perception. The role of these factors in clinical pain and its management by pharmacological and non-pharmacological means will be discussed.

PSYC 507 EMOTIONS, STRESS, AND ILLNESS. (3) (Fall) (Prerequisites: PSYC 337, PSYC 429 and permission of the instructor.) Emotional effects on peripheral physiology and the development, course, and outcome of physical disorders such as high blood pressure, coronary artery disease, ulcers, asthma, and cancer.

PSYC 512 ADVANCED PERSONALITY SEMINAR. (3) (Prerequisite: PSYC 332 or permission of instructor.) (Restrictions: Open to psychology students. Enrollment limited. Students must be in U3 or above. Departmental permission required.) Advanced topics in personality. Focus on power, status, and dominance and how these are manifested in social behavior. Dominance in nonhuman species, biological substrates of dominance, relations of status and dominance to social cognition, affect, and health; gender, role and cultural influences on dominance.

PSYC 530 APPLIED TOPICS IN DEAFNESS. (3) (Fall) (Prerequisite: PSYC 340 or PSYC 316 or equivalent. Permission of instructor) Covers fundamental topics in deafness (sensory, perceptual, cognitive, social, linguistic, education and health issues) from an applied psychological perspective. Lectures and seminar presentations plus field work involving ASL/LSQ.

PSYC 531 STRUCTURAL EQUATION MODELS. (3) (Fall) (one 2-hour lecture plus one lab) (Prerequisite: PSYC 536, PSYC 651, or equivalent, or permission of instructor.) The course introduces basic concepts underlying structural equation models (SEM). SEM, which combine regression analysis and factor analysis, are quite useful and are currently very popular in analyzing data that arise in social, developmental and clinical psychology. The students are expected to get first-hand experiences in fitting SEM, and learn how to interpret and report the results from SEM.

PSYC 532 COGNITIVE SCIENCE. (3) (Fall) (Prerequisites: Admission to the Cognitive Science Minor or permission of instructor. Students should ideally have some cognitive science background in at least two disciplines) The multi-disciplinary study of intelligent systems. Problems in vision, memory, categorization, choice, problem solving, cognitive development, syntax, language acquisition, and rationality. Rule-based and connectionist approaches.

PSYC 533 INTERNATIONAL HEALTH PSYCHOLOGY. (3) (Fall) (Prerequisite: PSYC 305 and PSYC 215 or PSYC 429 or PSYC 304 or ANTH 227.) (Restriction: Departmental permission required.) The focus will be on health and illness in developing countries, in particular, on health problems (malnutrition, alcohol abuse, mental illness, family planning, and HIV) where psychosocial factors play a large role in the problem and the solution. Attempted solutions based on community participation, health education, non-governmental and international agencies will be discussed.

PSYC 535 ADVANCED TOPICS IN SOCIAL PSYCHOLOGY. (3) (Winter) (Prerequisites: PSYC 215, and PSYC 333 or PSYC 351 or PSYC 380.) (Restriction: Departmental permission required.) (Restriction: Graduate Students, enrolment limited) Classic and contemporary readings in a specific content area within social psychology will be assigned in order to examine the sub-area in depth. The focus will vary depending upon the specialty area of the instructor. These areas include interpersonal relationships, intergroup relations, the self, and social cognition.

PSYC 536 CORRELATIONAL TECHNIQUES. (3) (Winter) (Prerequisites: PSYC 204 and PSYC 305 or their equivalents, and MATH 133 or equivalent.) (Restriction: Requires departmental approval.) The statistical analysis of relations among a number of variables in situations common in psychology, ecology, and other fields. Methods include regression analysis, principal components analysis, and other techniques for modelling the structure of correlation matrices.

PSYC 561 METHODS: DEVELOPMENTAL PSYCHOLINGUISTICS. (3) (Winter) (3 hour lectures) (Prerequisites: PSYC 340 and LING 355 or equivalent or permission of instructor.) Approaches and methods used in investigations of the development of language and communication. A case study approach, observational-correlational approach versus experimental-manipulative approach, cross sectional design versus longitudinal design.

PSYC 601 MASTER’S COMPREHENSIVE. (6) Reference number for comprehensive examination written by all first-year graduate students.

PSYC 601D1 (3), PSYC 601D2 (3) MASTER’S COMPREHENSIVE. (Students must register for both PSYC 601D1 and PSYC 601D2) (No credit will be given for this course unless both PSYC 601D1 and PSYC 601D2 are successfully completed in consecutive terms) (PSYC 601D1 and PSYC 601D2 together are equivalent to PSYC 601) Reference number for comprehensive examination written by all first-year graduate students.

PSYC 615D1 (1.5), PSYC 615D2 (1.5) DIAGNOSTIC METHODS (CHILDREN). (Students must register for both PSYC 615D1 and PSYC 615D2) (No credit will be given for this course unless both PSYC 615D1 and PSYC 615D2 are successfully completed in consecutive terms)

PSYC 616D1 (1.5), PSYC 616D2 (1.5) DIAGNOSTIC METHODS (ADULTS). (Students must register for both PSYC 616D1 and PSYC 616D2) (No credit will be given for this course unless both PSYC 616D1 and PSYC 616D2 are successfully completed in consecutive terms)

PSYC 617D1 (1.5), PSYC 617D2 (1.5) DIAGNOSTIC METHODS (ADULTS). (Students must register for both PSYC 617D1 and PSYC 617D2) (No credit will be given for this course unless both PSYC 617D1 and PSYC 617D2 are successfully completed in consecutive terms) (PSYC 617D1 and PSYC 617D2 together are equivalent to PSYC 617)

PSYC 618D1 (1.5), PSYC 618D2 (1.5) DIAGNOSTIC METHODS (ADULTS). (Students must register for both PSYC 618D1 and PSYC 618D2) (No credit will be given for this course unless both PSYC 618D1 and PSYC 618D2 are successfully completed in consecutive terms)
consecutive terms) (PSYC 625D1 and PSYC 625D2 together are equivalent to PSYC 625)

PSYC 630 PSYCHOPATHOLOGY. (3) Review of major types of psychopathology with emphasis on research findings.

PSYC 641D1 (3), PSYC 641D2 (3) BEHAVIOR DEVIATIONS. (Students must register for both PSYC 641D1 and PSYC 641D2) (No credit will be given for this course unless both PSYC 641D1 and PSYC 641D2 are successfully completed in consecutive terms) Appraisal and Modification. Psychotherapy. Theory and Research: traditional treatment modalities, cognitive therapy, family therapy, behaviour therapy, group therapy, etc.

PSYC 650 ADVANCED STATISTICS 1. (3) A course in advanced statistics with specialization in experimental design.

PSYC 651 ADVANCED STATISTICS 2. (3) A course in advanced statistics with specialization in multivariate techniques.

PSYC 660D1 (3), PSYC 660D2 (3) PSYCHOLOGY THEORY. (Students must register for both PSYC 660D1 and PSYC 660D2) (No credit will be given for this course unless both PSYC 660D1 and PSYC 660D2 are successfully completed in consecutive terms) Professors representing the various research areas within the Department discuss critical issues and developments within their fields of expertise.

PSYC 690 MASTERS RESEARCH 1. (15) Development of research topic, study and review of previous literature, preliminary experimental and/or theoretical thesis research.

PSYC 690D1 (7.5), PSYC 690D2 (7.5) MASTERS RESEARCH 1. (Students must register for both PSYC 690D1 and PSYC 690D2) (No credit will be given for this course unless both PSYC 690D1 and PSYC 690D2 are successfully completed in consecutive terms) (PSYC 690D1 and PSYC 690D2 together are equivalent to PSYC 690) Development of research topic, study and review of previous literature, preliminary experimental and/or theoretical thesis research.

PSYC 690N1 MASTERS RESEARCH 1. (7.5) (Students must also register for PSYC 690N2) (No credit will be given for this course unless both PSYC 690N1 and PSYC 690N2 are successfully completed in a twelve month period) (PSYC 690N1 and PSYC 690N2 together are equivalent to PSYC 690) Continuation of PSYC 690. Further experimental and/or theoretical research.

PSYC 699 MASTERS RESEARCH 2. (12) Continuation of PSYC 690. Further experimental and/or theoretical research. Data analysis (as needed). Writing of thesis.

PSYC 699D1 (6), PSYC 699D2 (6) MASTERS RESEARCH 2. (Students must register for both PSYC 699D1 and PSYC 699D2) (No credit will be given for this course unless both PSYC 699D1 and PSYC 699D2 are successfully completed in consecutive terms) (PSYC 699D1 and PSYC 699D2 together are equivalent to PSYC 699) Continuation of PSYC 690. Further experimental and/or theoretical research. Data analysis (as needed). Writing of thesis.

PSYC 699N1 MASTERS RESEARCH 2. (6) (Students must also register for PSYC 699N2) (No credit will be given for this course unless both PSYC 699N1 and PSYC 699N2 are successfully completed in a twelve month period) (PSYC 699N1 and PSYC 699N2 together are equivalent to PSYC 699) Continuation of PSYC 690. Further experimental and/or theoretical research. Data analysis (as needed). Writing of thesis.

PSYC 699N2 MASTERS RESEARCH 2. (6) (Prerequisite: PSYC 699N1) (No credit will be given for this course unless both PSYC 699N1 and PSYC 699N2 are successfully completed in a twelve month period) (PSYC 699N1 and PSYC 699N2 together are equivalent to PSYC 699) See PSYC 699N1 for course description.

PSYC 701 DOCTORAL COMPREHENSIVE EXAMINATION. (6)

PSYC 701D1 (3), PSYC 701D2 (3) DOCTORAL COMPREHENSIVE EXAMINATION. (Students must register for both PSYC 701D1 and PSYC 701D2) (No credit will be given for this course unless both PSYC 701D1 and PSYC 701D2 are successfully completed in consecutive terms) (PSYC 701D1 and PSYC 701D2 together are equivalent to PSYC 701)

PSYC 705 RESEARCH PROJECT FOR M.SC. APPLIED. (9)

PSYC 706 CLINICAL PRACTICUM. (15)

PSYC 706D1 (7.5), PSYC 706D2 (7.5) CLINICAL PRACTICUM. (Students must register for both PSYC 706D1 and PSYC 706D2) (No credit will be given for this course unless both PSYC 706D1 and PSYC 706D2 are successfully completed in consecutive terms) (PSYC 706D1 and PSYC 706D2 together are equivalent to PSYC 706)

PSYC 706J1 CLINICAL PRACTICUM. (5) (Students must also register for PSYC 706J2 and PSYC 706J3) (No credit will be given for this course unless PSYC 706J1, PSYC 706J2 and PSYC 706J3 are all successfully completed in consecutive terms) (PSYC 706J1, PSYC 706J2 and PSYC 706J3 together are equivalent to PSYC 706) See PSYC 706J1 for course description.

PSYC 706J2 CLINICAL PRACTICUM. (5) (Prerequisite: PSYC 706J1) (Students must also register for PSYC 706J3) (No credit will be given for this course unless PSYC 706J1, PSYC 706J2 and PSYC 706J3 are all successfully completed in consecutive terms) (PSYC 706J1, PSYC 706J2 and PSYC 706J3 together are equivalent to PSYC 706) See PSYC 706J1 for course description.

PSYC 706J3 CLINICAL PRACTICUM. (5) (Prerequisite: PSYC 706J2) (No credit will be given for this course unless PSYC 706J1, PSYC 706J2 and PSYC 706J3 are all successfully completed in consecutive terms) (PSYC 706J1, PSYC 706J2 and PSYC 706J3 together are equivalent to PSYC 706) See PSYC 706J1 for course description.

PSYC 707 CLINICAL INTERNSHIP 1. (15)

PSYC 707D1 (7.5), PSYC 707D2 (7.5) CLINICAL INTERNSHIP 1. (Students must register for both PSYC 707D1 and PSYC 707D2) (No credit will be given for this course unless both PSYC 707D1 and PSYC 707D2 are successfully completed in consecutive terms) (PSYC 707D1 and PSYC 707D2 together are equivalent to PSYC 707)

PSYC 707J1 CLINICAL INTERNSHIP 1. (5) (Students must also register for PSYC 707J2 and PSYC 707J3) (No credit will be given for this course unless PSYC 707J1, PSYC 707J2 and PSYC 707J3 are all successfully completed in consecutive terms) (PSYC 707J1, PSYC 707J2 and PSYC 707J3 together are equivalent to PSYC 707) See PSYC 707J1 for course description.

PSYC 707J2 CLINICAL INTERNSHIP 1. (5) (Prerequisite: PSYC 707J1) (Students must also register for PSYC 707J3) (No credit will be given for this course unless PSYC 707J1, PSYC 707J2 and PSYC 707J3 are all successfully completed in consecutive terms) (PSYC 707J1, PSYC 707J2 and PSYC 707J3 together are equivalent to PSYC 707) See PSYC 707J1 for course description.

PSYC 707J3 CLINICAL INTERNSHIP 1. (5) (Prerequisite: PSYC 707J2) (No credit will be given for this course unless PSYC 707J1, PSYC 707J2 and PSYC 707J3 are all successfully completed in consecutive terms) (PSYC 707J1, PSYC 707J2 and PSYC 707J3 together are equivalent to PSYC 707) See PSYC 707J1 for course description.

PSYC 708 CLINICAL INTERNSHIP 2. (15)

PSYC 708D1 (7.5), PSYC 708D2 (7.5) CLINICAL INTERNSHIP 2. (Students must register for both PSYC 708D1 and PSYC 708D2) (No credit will be given for this course unless both PSYC 708D1 and PSYC 708D2 are successfully completed in consecutive terms) (PSYC 708D1 and PSYC 708D2 together are equivalent to PSYC 708)

PSYC 708J1 CLINICAL INTERNSHIP 2. (5) (Students must also register for PSYC 708J2 and PSYC 708J3) (No credit will be given for this course unless PSYC 708J1, PSYC 708J2 and PSYC 708J3 are all successfully completed in consecutive terms) (PSYC 708J1, PSYC 708J2 and PSYC 708J3 together are equivalent to PSYC 708)

PSYC 708J2 CLINICAL INTERNSHIP 2. (5) (Prerequisite: PSYC 708J1) (Students must also register for PSYC 708J3) (No credit
will be given for this course unless PSYC 708J1, PSYC 708J2 and PSYC 708J3 are all successfully completed in consecutive terms) (PSYC 708J1, PSYC 708J2 and PSYC 708J3 together are equivalent to PSYC 708) See PSYC 708J1 for course description.

PSYC 708J3 CLINICAL INTERNSHIP 2. (5) (Prerequisite: PSYC 708J2) No credit will be given for this course unless PSYC 708J1, PSYC 708J2 and PSYC 708J3 are all successfully completed in consecutive terms) (PSYC 708J1, PSYC 708J2 and PSYC 708J3 together are equivalent to PSYC 708) See PSYC 708J1 for course description.

PSYC 709 LANGUAGE ACQUISITION ISSUES 1. (2)
PSYC 710 COMPAR&PHYSIOLOGICAL PSYCH. (3)
PSYC 711 COMPAR&PHYSIOLOGICAL PSYCH. (3)
PSYC 712 COMPAR&PHYSIOLOGICAL PSYCH. (3)
PSYC 713 COMPAR&PHYSIOLOGICAL PSYCH. (3)
PSYC 714 COMPAR&PHYSIOLOGICAL PSYCH. (3)
PSYC 715 COMPAR&PHYSIOLOGICAL PSYCH. (3)
PSYC 722 PERSONALITY AND SOCIAL PSYCHOLOGY. (3)
PSYC 723 PERSONALITY AND SOCIAL PSYCHOLOGY. (3)
PSYC 724 PERSONALITY AND SOCIAL PSYCHOLOGY. (3)
PSYC 725 PERSONALITY AND SOCIAL PSYCHOLOGY. (3)
PSYC 726 PERSONALITY AND SOCIAL PSYCHOLOGY. (3)
PSYC 727 PERSONALITY AND SOCIAL PSYCHOLOGY. (3)
PSYC 728 ETHICS AND PROFESSIONAL ISSUES. (3) (Restriction: Permission of instructor.) Clinical psychology as a profession, with particular emphasis on ethical issues.
PSYC 729 THEORY OF ASSESSMENT. (3) (Restriction: Permission of instructor.) Issues related to psychological measurement and assessment.

PSYC 730 CLINICAL NEUROSCIENCE METHODS. (3) (Restriction: Permission of instructor.) Techniques used in the study of biological aspects of clinical disorders, including methods in epidemiology, course and outcome, behavioural and molecular genetics, neuroimaging, psychophysiology and psychopharmacology.
PSYC 732 CLINICAL PSYCHOLOGY. (3)
PSYC 733 CLINICAL PSYCHOLOGY. (3)
PSYC 734 DEVELOPMENTAL PSYCHOLOGY AND LANGUAGE. (3)
PSYC 736 DEVELOPMENTAL PSYCHOLOGY AND LANGUAGE. (3)
PSYC 740 PERCEPTION AND COGNITION. (3)
PSYC 741 PERCEPTION AND COGNITION. (3)
PSYC 742 PERCEPTION AND COGNITION. (3)
PSYC 743 PERCEPTION AND COGNITION. (3)
PSYC 744 PERCEPTION AND COGNITION. (3)
PSYC 745 PERCEPTION AND COGNITION. (3)
PSYC 746 QUANTITATIVE AND INDIVIDUAL DIFFERENCES. (3)
PSYC 747 QUANTITATIVE AND INDIVIDUAL DIFFERENCES. (3)
PSYC 748 QUANTITATIVE AND INDIVIDUAL DIFFERENCES. (3)
PSYC 749 QUANTITATIVE AND INDIVIDUAL DIFFERENCES. (3)
PSYC 750 QUANTITATIVE AND INDIVIDUAL DIFFERENCES. (3)
PSYC 751 QUANTITATIVE AND INDIVIDUAL DIFFERENCES. (3)
PSYC 752D1 (3), PSYC 752D2 (3) PSYCHOTHERAPY AND BEHAVIOUR CHANGE. (Students must register for both PSYC 752D1 and PSYC 752D2) No credit will be given for this course unless both PSYC 752D1 and PSYC 752D2 are successfully completed in consecutive terms) A practice-oriented course. Staff and students discuss current cases being treated with a variety of psychotherapeutic and behavioural change techniques.
PSYC 753 HEALTH PSYCHOLOGY SEMINAR 1. (3)
PSYC 757 TEACHING METHODS: PSYCHOLOGY 1. (3) Development of teaching skills for graduate students in psychology under the supervision of academic staff. Relevant skills: stating objectives and sequencing content; preparation and delivery of lectures; running discussion and laboratory sessions; techniques for preparing, marking and assessing evaluation instruments; obtaining feedback on teaching skills.
PSYC 798 TEACHING METHODS: PSYCHOLOGY 2. (3) Continuation of PSYC 797.

70 Quebec Studies/Études sur le Québec

Quebec Studies Program / Programme d'études sur le Québec

Ferrier Building
840 Dr. Penfield Avenue, Room 332
Montreal, QC H3A 1A4
Canada

Telephone: (514) 398-3960
Fax: (514) 398-3959
Website: www.mcgill.ca/qcst

Director — Jarrett Rudy; B.A., M.A.(Ott.), Ph.D.(McG.)

Québec Studies Coordinator and Assistant to the Director — Stéphan Gervais

In 1963, McGill University established a French Canada Studies Program. Some of the energies and resources of the Program are devoted to research on Quebec and French Canada. In 1992, the name of the program was changed to Quebec Studies to reflect its central focus.

The program is offered at the undergraduate level. Should their main field of study be Quebec, graduate students must apply to the relevant departments.

Graduate students taking courses dealing in whole or in part with Quebec, or who are studying Quebec as their special field of study, are welcome to make use of the facilities of the Quebec Studies Program.

En 1963, le Programme d'études canadiennes-françaises fut créé à l'Université McGill. En collaboration avec les autres départements de l'Université, le programme a notamment pour but de développer la recherche sur divers aspects du Québec et du Canada français. Depuis 1992, l'appellation du programme a été modifiée pour celle de programme d'études sur le Québec afin de refléter clairement les objectifs poursuivis.

Les activités du programme se concentrent au premier cycle. Les étudiants qui désirent poursuivre des études en vue de l'obtention d'une maîtrise ou d'un doctorat portant sur le Québec doivent s'adresser aux départements concernés.

Les étudiants dont les cours portent, en tout ou en partie, sur le Québec ou qui se spécialisent dans ce domaine, sont toutefois invités à se prévaloir des services du Programme d'études sur le Québec.

Graduate Admissions Chair — Patricia G. Kirkpatrick

### 72.1 Staff

**Emeritus Professors**  
G.B. Baum; B.A.(McM.), M.A.(Ohio), D.Th.(Fribourg)  

**Post-Retirement**  
R.C. Culley; B.A.(Tor.), B.D.(Knox, Tor.), M.A., Ph.D.(Tor.), D.D.(Mtl. Dio.Coll.)  
Frederik Wisse; Ing.(Utrecht), B.A., B.D.(Calvin, Mich.), Ph.D.(Claremont)

**Professors**  
M. Boutin; B.A., B.A., B.A.(Montr.), D.Th.(Munich)  
T. Kirby; B.A.(King's, Halifax); M.A.(Dal.); D.Phil.(Oxon.)  
G.S. Oegema; B.A., Th.D(Vrije Universiteit, Amsterdam); M.A., Ph.D.(Freie Berlin), Dr. Theol. Habil(Tübingen)  
A. Sharma; B.A.(Alld.), M.A.(Syr.), M.T.S., Ph.D.(Harv.) (Henry Birks Professor of Comparative Religion)  
K.K. Young; B.A.(Vt.), M.A.(Chic.), Ph.D.(McG.) (James McGill Professor)

**Associate Professors**  
E.B. Aitken; A.B.(Harv.), M.Div.(Univ. of the South), Th.D.(Harv.)  
B.B. Farrow; B.E.(Providence), M.Div.(Grace), M.Th.(Regent), Ph.D.(Lon.)  
I.H. Henderson; B.A.(Man.), B.D.(St. Andrews), M.A.(McM.), D.Phil.(Oxon.)  
P.G. Kirkpatrick; B.A.(McG.), M.Th.(Lon.), D.Phil.(Oxon.)

**Assistant Professors**  
L. Brautstein; B.A., M.A., Ph.D.(McG.)  
Daniel Cere; B.A., M.A.(McG.), Ph.D.(C'dia)  
G. Fiasse; B.A., M.A., Ph.D. (Louvain) (joint appt. with Department of Philosophy)  
D. Soneji; B.A.(Man.), Ph.D.(McG.)

**Visiting Numata Professor**  
Joel Tatelman; B.A. (Manit.), M.A.(Tor., Mcm.), Ph.D.(McM.), D.Phil.(Oxon.)

**Adjunct Professor**  
Paul Jennings; Elizabeth R. Jones; Philip Joudrey; T. Jinpa Langri; Vanessa Sasson; John M. Simons; John Vissers

**Associate Member**  
L. Turner; B.A.(Winn.), M.A.(Manit.), M.A., Ph.D.(USC)

**Faculty Lecturer**  
J. Kanaris

---

**71.2 Programs Offered**

The Redpath Museum is a unique interdisciplinary unit within the Faculty of Science and the centre for teaching and research on the history and diversity of life. It houses and displays large collections of ancient and modern organisms, minerals, and ethnological artifacts. Its mandate includes geological, biological, cultural diversity, and science education.

The Museum has an active graduate training program devoted to research in biosystematics, conservation biology and evolutionary biology leading to MSc and PhD degrees. Students are primarily enrolled in McGill's Department of Biology but the Museum also supports the research of graduate students enrolled in other departments, including the Department of Earth and Planetary Sciences and the Department of Anthropology; and the Faculty of Education. Anyone interested should contact the department concerned.

---

**71.3 Courses Offered**

The Redpath Museum offers courses in science writing to graduate students.

**REDM 610 WRITING SCIENCE ARTICLES 1.** (3) (Prerequisite: Permission of instructor.) (Restrictions: Restricted to graduate students in the Faculty of Science: graduate students from other faculties considered, space permitting. Enrolment is limited to 12 students. The language of instruction is English and it is not intended as an ESL course. Course is graded pass/fail.) Principles and techniques for clear scientific writing with an emphasis on how to transform complex ideas into direct and precise ones by explaining research to peers and writing for interdisciplinary audiences.

**REDM 710 WRITING SCIENCE ARTICLES 2.** (Prerequisite: Permission of instructor.) (Restrictions: Restricted to Ph.D. students in the Faculty of Science: M.Sc. students from the Faculty of Science and Ph.D. students from other faculties considered, space permitting. Enrolment is limited to 12 students. The language of instruction is English and it is not intended as an ESL course. Course is graded pass/fail.) Skills for writing and publishing scientific articles, including peer-reviewed manuscripts and short, critical reviews of published articles. Topics include techniques for developing logical arguments and writing publishable manuscripts.
72.2 Programs Offered

The Faculty of Religious Studies offers programs leading to the degrees of Master of Sacred Theology (S.T.M.), Master of Arts (M.A.) (Thesis) and (Non-Thesis), M.A. (with Specialization in Bioethics) and Doctor of Philosophy (Ph.D.).

The purpose of the M.A. (thesis) degree is to encourage advanced study and research in one of the disciplines of religious studies (see below) for those who wish to become scholars or teachers, or will be engaged in some field of religious or public service. An option in the M.A. (thesis) program is the M.A. in Religious Studies with specialization in Bioethics offered in collaboration with the Bioethics Unit, see section 9 "Bioethics".

The M.A. without thesis is intended to ensure a student’s well-rounded exposure to several religions and to several of the disciplinary approaches currently used in their academic study.

The S.T.M. is meant for those who intend to enter the ministry of the Christian Church or another religious institution, or proceed to a teaching career or to some form of social work. The S.T.M. program is fully accredited by the Association of Theological Schools in the U.S. and Canada.

The purpose of the Ph.D. program is to engage students in advanced academic studies normally in preparation for an academic career.

Adequate library facilities are available in the William and Henry Birks Building and elsewhere in the University for the courses listed, and for research.

The following areas of research are offered:

Biblical Studies Area:
  - Hebrew Bible and Old Testament Studies;
  - Greco-Roman Judaism;
  - New Testament Studies;
History and Theology Area:
  - Church History;
  - Christian Theology;
Religion and Culture Area:
  - Philosophy of Religion;
  - Religious Ethics;
  - Biomedical Ethics;
Asian Religions Area:
  - Hinduism;
  - Buddhism.

The M.A. (Thesis) with specialization in Bioethics is offered in conjunction with the Bioethics Unit.

72.3 Admission Requirements

Master of Arts (M.A.) (Thesis)

Applicants must possess a B.A. with a Major or Honours in Religious Studies or a Bachelor of Theology (B.Th.), or a Master of Divinity (M.Div.) degree, normally with a minimum CGPA of 3.3/4.0 (B+) from an accredited university or college. Applicants with fewer than 30 appropriate credits in Religious Studies or Theology are normally required to take a Qualifying Program before entering the M.A.

Master of Arts (M.A.) (Thesis) in Religious Studies with specialization in Bioethics – for information contact the Chair, Master's Specialization in Bioethics, Biomedical Ethics Unit, 3690 Peel Street, Montreal, QC, H3A 1W9. Telephone: (514) 398-6980. Fax: (514) 398-8349. E-mail: leigh.turner@mcgill.ca.

Master of Arts (M.A.) (Non-Thesis)

Applicants must possess a B.A. with a Major or Honours in Religious Studies or a Bachelor of Theology (B.Th.), or a Master of Divinity (M.Div.) degree, normally with a minimum CGPA of 3.3/4.0 (B+) from an accredited university or college. Applicants with fewer than 30 appropriate credits in Religious Studies or Theology are normally required to take a Qualifying Program before entering the M.A.

Master of Sacred Theology (S.T.M.)

Applicants must possess a B.A., normally with at least a good second class standing (B+ or CGPA 3.3/4.0), in a major or honors program in religious studies or theology from an accredited university or college. Those who have a McGill B.Th. or an equivalent degree in addition to a B.A. degree with a second class standing may be admitted to the second year of the S.T.M. program.

Doctor of Philosophy (Ph.D.)

Entry into the doctoral program is limited to applicants who have earned an academic Master's degree in Religious Studies or Theology in a recognized graduate program, or those who have finished the course requirements of such a program with a minimum CGPA of 3.5/4.0.

Advanced standing (Ph.D. 2) may be granted if the completed Master's level work including a thesis is in the same area as that of the intended doctoral specialization and involved not less than six (6) courses (18 credits).

It is recommended that a foreign language related to the area of study be included in the bachelor's or master's work preceding doctoral study.

Applicants for doctoral programs are requested to submit a substantial sample of their scholarly writing (15-20 pages) with their application. The application should specify one of the specializations listed in section 72.2.

72.4 Application Procedures

Application forms for admission are available at www.mcgill.ca/applying/graduate. Applications are completed online and submitted electronically. All supporting documents must be submitted to the Graduate Admissions Office of the Faculty of Religious Studies.

The following items must be submitted before the application can be considered by the Faculty's Graduate Admissions Committee:

1. application form;
2. non-refundable $80 Application fee (credit card, Canadian certified cheque or money order);
3. two copies of the official transcripts of all post-secondary courses taken and degrees completed;
4. two academic letters of recommendation addressed to the Chair of the Graduate Admissions committee;
5. a statement of intent of approximately 500 words;
6. a sample of recent academic writing;
7. non-Canadian applicants whose mother tongue is not English and who have not completed an undergraduate degree from a recognized institution where English is the language of instruction may have to be sought outside the

72.5 Program Requirements

Language Requirements

The Faculty of Religious Studies offers courses in primary text source languages, such as Biblical Hebrew, Aramaic, Biblical Greek, Sanskrit, Pali, Tamil and classical literary Tibetan. The Faculty does not guarantee instruction in any languages other than those mentioned above. Therefore, if a student wishes to have a language such as French, German or Japanese counted as a second language, instruction may have to be sought outside the
Faculty. The successful completion of at least twelve credits at the post-secondary level in a language course, or successful completion of a language examination administered by the appropriate member of the Faculty, will constitute evidence of the student's having the required reading knowledge of the language in question.

M.A.
Students are required to give their area committee evidence of reading knowledge of a scholarly language other than English. This language may be either a modern language in which there is a significant amount of scholarship relevant to the student's area of research, or a classical language relevant to the student's area of research. If a classical language is chosen, it must be in addition to any prerequisite language for the area in question.

Note: The M.A. with specialization in Bioethics has no language requirement.

Ph.D.
Students are required to give their area committee evidence of reading knowledge of two languages other than English. These languages must be chosen from modern languages in which there is a significant amount of scholarship relevant to the student's area of research or classical languages relevant to the student's area of research.

Research in some disciplines, or on certain thesis topics, may require proficiency in more than two languages besides English. In that case, additional language requirements may be stipulated by the supervisor.

S.T.M.
The S.T.M. program has no language requirement.

MASTER OF ARTS (M.A.) (Thesis) (48 credits)
The normal residence requirement is three terms of full-time residence. Students may apply to do the third term during the Summer of their first year. Students may also register on a part-time basis.

Candidates are required to complete satisfactorily a minimum of six, one-term courses (18 credits) and write a thesis (30 credits) embodying the results of their research. The minimum pass mark in courses is B- for M.A. students.

Research may be undertaken in the areas of specialization listed in section 72.2. All students must consult with an adviser in the chosen area of study for selection of courses before registration.

Candidates who have studied only one major religious tradition before entering the M.A. program are recommended to do some course work in another major religious tradition. It may prove appropriate for a student to take one or more graduate seminars in other McGill Departments, e.g., in Jewish Studies, Classics, Philosophy, East Asian Studies. Access is also possible to courses in the other universities in Montreal with the approval of the Graduate Committee and the GPSO.

For language requirements, see above.

A thesis proposal (approved by the supervisor) must be submitted to the Graduate Committee for approval.

The dissertation may be submitted at the end of the third term provided all course work and language requirements have been successfully completed. Candidates must complete the degree within three years of initial full-time registration. A maximum one year extension may be granted.

Required Courses (33 credits)
- RELG 602 (3) Theory in Religious Ethics
- RELG 688 (3) Thesis Research 1
- RELG 689 (3) Thesis Research 2
- RELG 698 (12) Thesis Research 3
- RELG 699 (12) Thesis Research 4

Complementary Courses (15 credits)
15 credits selected from the 500- or 600-level courses accepted by the Faculty of Religious Studies for the granting of a Master's degree.

MASTER OF ARTS (M.A.) (Thesis) in Religious Studies with specialization in Bioethics
The curriculum is composed of required courses (6 credits) offered in the Bioethics Unit, bioethics courses (6 credit minimum) offered by the base faculty or department and any graduate courses required or accepted by a base faculty for the granting of a Master's degree, for a total of 21 credits. A minimum of 45 credits is required including the thesis.

Registration requirements: Depending upon the requirements of the base discipline, a minimum of three terms is required for completion of the program, including course work and thesis.

All students must consult with an adviser in the chosen area of study for selection of courses before registration.

Thesis supervision: Thesis supervision for students in the specialization is provided by a participating faculty member in the program. Those students whose supervisors are not appointed to a student's base discipline will have a co-supervisor appointed from the base discipline. Thesis examination will be conducted according to the base discipline norms.

Required Courses – Biomedical Ethics Unit (6 credits)
- BIOE 690 (3) Bioethical Theory
- BIOE 691 (3) Bioethics Practicum

Required Courses – Faculty of Religious Studies (6 credits)
- RELG 571 (3) Religion and Medicine
- RELG 602 (3) Theory in Religious Ethics

Complementary Courses (9 credits)
The remaining credits are to be taken in any graduate courses (500 or 600 level) required or accepted by the base faculty for the granting of a Master's degree, in consultation with the supervisor.

Thesis Component – Required (24 credits)
- BIOE 690 (3) M.Sc. Thesis Literature Survey
- BIOE 691 (3) M.Sc. Thesis Research Proposal
- BIOE 693 (12) M.Sc. Thesis

MASTER OF ARTS (M.A.) (Non-Thesis) (45 credits)
The normal residence requirement is three terms of full-time residence. Students may apply to do the third term during the Summer of their first year. Students may also register on a part-time basis.

The program requires completing a total of 45 credits taken at the 500 and 600 level. The student is required to take 36 credits in course work, normally by taking four courses per term for three terms. The minimum pass mark in courses is B- for M.A. students. Candidates who have studied only one major religious tradition before entering the M.A. program are recommended to do some course work in another major religious tradition.

For language requirements, see above.

All students must consult with a faculty adviser for selection of courses before registration.

The remaining 9 credits are to be earned by writing three research papers, each based on a reading list. Of these papers, one is to be in one specific religious tradition, a second in another religious tradition different from the first, and the third in methods used in the comparative study of religions. Each of these papers is worth three credits and each is graded on a PASS/FAIL basis.

Required Courses (15 credits)
- RELG 555 (3) Honours Seminar
- RELG 602 (3) Theory in Religious Ethics
- RELG 660 (3) M.A. Research Paper 1
- RELG 661 (3) M.A. Research Paper 2
- RELG 662 (3) M.A. Research Paper 3

Complementary Courses (30 credits)
10 courses selected from the 500- or 600-level courses accepted by the Faculty of Religious Studies for the granting of a Master's degree.
MASTER OF SACRED THEOLOGY (S.T.M.) (48 credits)

ATS Accreditation: The S.T.M. program is fully accredited by the Association of Theological Schools in the U.S. and Canada.

The normal requirement is two years (of two terms each) of full-time study (or one year of full-time study for those admitted with advanced standing into S.T.M. 2), but the degree may, by permission, be taken on a part-time basis.

Note: Ordination requirements for S.T.M. graduates will normally involve a further year of professional pastoral studies (the In-Ministry Year) provided by the Montreal School of Theology affiliated with the Faculty of Religious Studies.

Candidates are required to complete satisfactorily twelve one-term courses (36 credits) and pass four Area Studies courses (12 credits) chosen from the following areas:

1) Biblical Theology (RELG 520)
2) Church History (RELG 530)
3) Christian Theology (RELG 531)
4) Philosophy of Religion (RELG 540)
5) Theological Ethics (RELG 541)
6) Comparative Religion (RELG 550)

Normally six 3-credit courses and two Area Studies courses shall be taken in each academic year. The pass mark in courses is B- for S.T.M. students. Normally graduate courses should be chosen from at least four different specialty areas in Religious Studies.

N.B. S.T.M. students are normally not permitted to take special studies courses.

Applicants who are admitted directly into S.T.M. 2 are required to complete six one-term courses (18 credits) and two Area Studies (6 credits).

Students who take the S.T.M. as part of their ordination requirements are to choose their courses in consultation with the Principal of the Theological College with which they are associated. Course selection for all S.T.M. students needs the approval of the Chair of the Religious Studies Graduate Committee.

Courses are offered by the Department in the areas of specialization listed in section 72.2.

Related courses are also available in other departments. The S.T.M. has no language requirement.

DOCTOR OF PHILOSOPHY (PH.D.)

Candidates admitted to Ph.D. 1 must be registered on a full-time basis for 4 consecutive years (8 terms) and candidates admitted to Ph.D. 2 must be registered on a full-time basis for 3 consecutive years (6 terms), after which they will continue as additional session students until completion of the program. Half-time study may be permitted upon request. (Refer to the Graduate and Postdoctoral Studies Calendar section 4.2.1 Residence Requirements - Doctoral for the definition of the residency).

Candidates admitted to Ph.D. 1 take a minimum six graduate seminars during their first year and four seminars during their Ph.D. 2 year; those admitted to Ph.D. 2 must take a minimum of four graduate seminars. If possible, two seminars should be in their area of specialization, and at least one should be at the 700-level.

Supervision: One of the professors in the area of specialization aside from program adviser of each candidate in that area until a thesis supervisor is selected. Candidates must meet with their adviser or supervisor prior to registration to select their courses and to obtain advice concerning the requirements they are obliged to meet (e.g., courses, modern languages, ancient languages, and comprehensive examinations). A thesis proposal (approved by the supervisor) must be submitted to the Religious Studies Graduate Committee for approval by the time the course work is finished, or as soon as possible afterwards. The candidate is expected to be present for the discussions in the proposal. The thesis should be submitted by the end of the Ph.D. 6 year. Further registration will not be allowed after Ph.D. 7 without prior approval of the Faculty of Religious Studies and the Graduate and Postdoctoral Studies Office.

Comprehensive Examinations: These examinations are designed to ensure that candidates are adequately prepared to undertake the research required for a doctoral thesis and to teach university-level courses in their chosen field. They are meant to test students' competence in: 1) their chosen field, 2) one or two cognate areas. The latter are areas related to the chosen field and are to be determined by the supervisor in consultation with the candidate. Comprehensive examinations may take the form of a written examination, a major essay, a project, an oral examination, or a combination of these. For further details, refer to "Guidelines for Comprehensive Examinations" on the Website at www.mcgill.ca/religiousstudies/graduate/guidelines.

Doctoral Colloquium (Doktorklub) As one of their requirements all Ph.D. students in residence shall attend the monthly graduate colloquium, at which time a student's thesis project is formally presented and discussed.

72.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

Term(s) offered (Fall, Winter, Summer) may appear after the credit weight to indicate when a course would normally be taught. Please check Class Schedule to confirm this information.

Courses with numbers ending D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for both the D1 and D2 components. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms.

The course credit weight is given in parentheses after the title.

BIBLICAL AREA

RELG 501 HONOURS SEMINAR. (3) (Summer)

RELG 520 BIBLICAL THEOLOGY. (3) (Fall and Winter) (Restriction: Limited to S.T.M. students.) Tutorials and guided reading in the field of Biblical Theology.

RELG 601 ANCIENT JEWISH LITERATURE. (3) An examination of current theories of the origin and development of Greco-Roman Judaism with special attention to the treatment of non-canonical Jewish writings, e.g., the Pseudepigrapha and the Qumran Scrolls.

RELG 602 THEORY IN RELIGIOUS ETHICS. (3) Basic theories in philosophical and religious ethics.

RELG 603 PRIMARY TEXT: AKKADIAN. (3) (Prerequisite: Basic reading knowledge of Akkadian or permission of instructor.) Religious texts in Akkadian, with particular attention to the problems of translation and interpretation as they apply to the student's thesis research.

RELG 604 FORMATION: POST-EXILIC JUDAISM. (3) An examination of Exilic and post-Exilic biblical materials (in English) that throw light on the cultural milieu and the historical experience out of which rabbinic Judaism arose.

RELG 605 INTERPRETERS OF RELIGION AND FAITH OF ANCIENT ISRAEL. (3) A study of how the biblical tradition has been analyzed and evaluated by outstanding scholars.

RELG 606 STUDIES IN BIBLICAL POETRY. (3) Based on English translations.

RELG 607 STUDIES: BIBLICAL NARRATIVE TRADITIONS. (3.

RELG 611 PAULINE THEOLOGY. (3) A study of the nature, background, origins, development and expression of the theological ideas in the Pauline literature and the connection between these ideas and other early Christian thought.
RELG 613 THE MINISTRY OF JESUS. (3) A study of the Synoptic Presentation of the Aims, Teaching and Achievement of Jesus of Nazareth.

RELG 640 PRIMARY TEXT: BIBLICAL HEBREW. (3) (Prerequisite: Basic reading knowledge of Biblical Hebrew or permission of instructor.) Religious texts in Biblical Hebrew, with particular attention to the problems of translation and interpretation as they relate to the student's thesis research.

RELG 649 PRIMARY TEXT: COPTIC. (3) (Prerequisite: RELG 280 or equivalent; Basic reading knowledge of Coptic or permission of instructor) Religious texts in Coptic, with particular attention to the problems of translation and interpretation as they apply to the student's thesis research.

JWST 510 JEWISH BIBLE INTERPRETATION 1. (3) (Restriction: Not open to students who have taken JWST 512) The issues, approaches, and texts of Jewish Bible interpretation between the Biblical and talmudic eras: Bible interpretation in the Bible; in Greco-Roman Jewish literature; in the Mishnah, Tosefta, Targumim, and Talmudim; early Samaritan interpretation, Bible interpretation in ancient synagogue age, and in the massoretic literature.

JWST 511 JEWISH BIBLE INTERPRETATION 2. (3) (Restriction: Not open to students who have taken JWST 512) The issues, problems, approaches, and texts of Jewish Bible interpretation in medieval, renaissance, early modern, and modern times. Interpretation in the Geonic, Ashkenazi, Sephardic, North African, Italian, European, Yemenite, North American and Israeli centres of Jewish Learning.

HISTORICAL AND THEOLOGY AREA

RELG 530 CHURCH HISTORY. (3) (Fall and Winter) Limited to S.T.M. students. Tutorials and guided reading in the field of church history.

RELG 531 CHRISTIAN THEOLOGY. (3) (Fall and Winter) Limited to S.T.M. studies. Tutorials and guided reading in the field of Christian Theology.

RELG 532 HISTORY OF CHRISTIAN THOUGHT 1. (3) (Prerequisite: At least six (6) credits at the 300-level in Christianity or the Christian Bible.) (Restriction: Not open to students who have taken RELG 320) The development of Christian theology in the Patristic and Medieval periods. Focus on the controversial development of Christian doctrines and disciplines through intensive exposure to primary texts.

RELG 533 HISTORY OF CHRISTIAN THOUGHT 2. (3) (Prerequisite: At least six (6) credits at the 300-level in Christianity or the Christian Bible.) (Restriction: Not open to students who have taken RELG 327) The development of Christian theology in the Reformation, Post Reformation and Modern periods through intensive exposure to primary texts.

RELG 621 PATRISTIC STUDIES. (3) (Restrictions: M.A., STM, or Ph.D. students only.) Selected texts of patristic theology and history of the early Christian Church from Irenaeus to Boethius.

RELG 622 MEDIEVAL STUDIES. (3) (Restrictions: M.A., STM, Ph.D. students only. Not open to students who have taken RELG 731.) Selected religious and theological texts from Boethius to Nicholas of Cusa.

RELG 624 REFORMATION STUDIES. (3) (Restrictions: M.A., STM, Ph.D. students only. Not open to students who have taken RELG 732) Selected texts of Reformation and Counter-Reformation theology and history.

RELG 629 PRIMARY TEXT: ARAMAIC. (3) (Prerequisite: Basic reading knowledge of Aramaic or permission of instructor) Religious texts in Aramaic, with particular attention to the problems of translation and interpretation as they apply to the student's thesis research.

RELG 630 THEOLOGICAL FOUNDATIONS. (3) Readings and discussions of theologians from the formative periods of Christian thought, with attention to the history of philosophy, ethics and dogma.

RELG 631 THEOLOGY OF THE CROSS. (3) The tradition Luther called Theologia Crucis as an appropriate theological response to the experience of the dominant culture of this continent.

RELG 633 THE THEOLOGY OF KARL BARTH. (3) Extensive reading and discussion of Part IV of the Church Dogmatics with special reference to Barth's Christology, doctrine of sin, ecclesiology, eschatology and doctrine of Christian life.

RELG 634 MOVEMENTS IN CONTEMPORARY THEOLOGY. (3) Readings and discussion of theologians of the first half of the twentieth century, especially the Niebuhrs, Barth, Brunner, Tillich, Bonhoeffer and other representatives of "Neo-Orthodoxy".

RELG 635 CHRISTOLOGY AND ECCLESIOLOGY. (3) Studies in the relation between two central theological loci, with special attention to their trinitarian, sacramental and eschatological frame of reference.

RELG 683 RESEARCH IN CHRISTIAN THEOLOGY. (3) Theologies of Religious Pluralism.

RELIGION AND CULTURE AREA

RELG 571 RELIGION AND MEDICINE. (3) (Fall) A study of the resources of major world religions (Judaism, Christianity, Islam, Hinduism, Buddhism, Taoism and Shinto) for thinking about ethical issues related to modern medicine, e.g., health, illness, suffering; new reproductive technologies; genetic engineering; euthanasia; palliative care; animal research; transplants.

RELG 641 MODERN PHILOSOPHY OF RELIGION. (3)

RELG 642 PHILOSOPHY OF RELIGION IN TWENTIETH CENTURY. (3) Intuition, Concept, Experience.

RELG 643 PROBLEMS: PHILOSOPHY OF RELIGION. (3) Faith and skepticism.

RELG 672 VALUE SYSTEMS - CHRISTIAN PERSPECTIVE. (3) A study of the dialogue between Christian theology and the sociology of religion.

RELG 684 RESEARCH IN PHILOSOPHY OF RELIGION 1. (3)

RELG 745 MEANING AND INTERPRETATION. (3) (Restriction: This course is available only to students in Ph.D. 2 or higher) An interdisciplinary seminar on hermeneutical problems.

ASIAN RELIGIONS AREA

ISLA 531D1 (3), ISLA 531D2 (3) SURVEY DEVELOPMENT OF ISLAMIC THOUGHT. (Fall) (3 hours) (Students must register for both ISLA 531D1 and ISLA 531D2.) (No credit will be given for this course unless both ISLA 531D1 and ISLA 531D2 are successfully completed in consecutive terms) A survey of the development of the major intellectual traditions of Islamic civilization in medieval and modern times.

RELG 546 INDIAN PHILOSOPHY. (3) (Fall) (Prerequisites: 6 credits in Indian religions, philosophy of religion, philosophy, or permission of the instructor) Introduction to the orthodox systems of Hindu Philosophy leading up to Vedanta i.e. Nyaya, Vaisesika, Saunkhya, Yoga and Mimamsa, which will include discussion of such topics as: grounds for belief and disbelief in God, the nature of revelation, means of knowledge, etc.

RELG 547 HINDU PHILOSOPHY 2. (3) (Prerequisites: 6 credits in Indian religions, philosophy of religion, philosophy, or permission of the instructor) Introduction to Vedanta, especially Advaita, with focus on it as a living tradition and as constituting an Indian philosophy of religion.

RELG 548 INDIAN BUDDHIST PHILOSOPHY. (3) (Prerequisites: RELG 252 or RELG 342 or permission of instructor) The rise of Buddhist schools of philosophy, especially the Theravada and Saunantarika, as an attempt to systematize the canonical teachings and defend Buddhism against its critics.
★ RELG 549 JAPANESE BUDDHIST PHILOSOPHY. (3) (Prerequisites: RELG 344, or RELG 451, or permission of the instructor.) (Note: Taught in alternate years.) Major figures of the Kyoto School of Buddhist philosophy (Nishida, Tanabe, Nishitani) emphasizing their intellectual debts to both modern European philosophy (Hegel, Neitzsche, Heidegger) and Mahayana Buddhism (Zen and Pure Land Buddhism).

RELG 550 COMPARATIVE RELIGION. (3) (Fall, Winter and Summer) Tutorials and guided reading in the field of Comparative Religion.

RELG 552 ADVAITA VEDANTA. (3) (Fall) (Prerequisites: 6 credits in Indian religions) The relation of Nyaya-Vaisesika and Mimamsa to Kevaladvaita with concentration on Sankara’s Brahmasutrabhasya, Pada 1 and 2.

RELG 553 RELIGIONS OF SOUTH INDIA 1. (3) (Winter) (Prerequisite: 6 credits in Indian religions) Topics include: definitions of Tamil identity, the relation of akam to bhakti poetry, the theology of the Alvars and Nayanmars, inter-religious and sectarian competition, the motif of pilgrimage, questions of caste and women.

★ RELG 554 RELIGIONS OF SOUTH INDIA 2. (3) (Winter) (Prerequisite: RELG 553) (Course will be held in India. Please contact Prof. Soneji, davesh.soneji@mcgill.ca, for more information.) Analysis of the following: sampradaya; ubhayavedanta; comparison of the Tamil contribution; the relation of Akam to bhakti poetry; the theology of the Alvars and Nayanmars, inter-religious and sectarian competition, the motif of pilgrimage, questions of caste and women.

RELG 555 HINDUISM AND BUDDHISM. (3) (Fall and Winter) (Prerequisite: permission of instructor) An examination of the ethical ideals that have evolved in Hinduism, Buddhism, Confucianism, and Taoism. Issues to be explored include competing views of the individual’s duties to social and political institutions, the individual’s right to non-conformity, the relationship between morality and metaphysics, and a comparison of moral principles in theistic and atheistic contexts.

RELG 556 INDIAN TANTRIC TRADITIONS. (3) (Winter) (Prerequisites: RELG 252, RELG 253, or permission of instructor) An examination of the ethical ideals that have evolved in Asia with reference to Hinduism, Buddhism, Confucianism, and Taoism. Issues to be explored include competing views of the individual’s duties to social and political institutions, the individual’s right to non-conformity, the relationship between morality and metaphysics, and a comparison of moral principles in theistic and atheistic contexts.

RELG 557 ASIAN ETHICAL SYSTEMS. (3) (Fall) (Prerequisites: RELG 252, RELG 253, or permission of instructor) A graduate seminar taught by the Numata Visiting Professor on critical issues in contemporary Buddhist Studies. Emphasis will be placed on the intensive application of different methods - philological, philosophical or social scientific - to some area of modern Buddhist research.

RELG 558 INDIAN TANTRIC TRADITIONS. (3) (Winter) (Prerequisites: Any two 300-level courses in Hinduism or Buddhism.) Study of esoteric Tantric culture (philosophy, ritual, pilgrimage, art, and iconography) with focus on either Hindi or Buddhist Tantric traditions.

RELG 559 JAPANESE BUDDHIST PHILOSOPHY. (3) (Prerequisite: RELG 558 or permission of instructor) An introduction to the recent scholarship on the Japanese Zen monk Dogen focusing on both his philosophical writings and his attempt to create a life of monastic practice.

RELG 560 PRIMARY TEXT: SANSKRIT 1. (3) (Prerequisite: RELG 457D1/D2 or equivalent or permission of instructor) An introduction to the grammar of the Tamil language and to the vocabulary found in the Tamil canon and its commentaries.

RELG 561 INDIAN BUDDHIST EPISTEMOLOGY. (3) (Prerequisite: RELG 457D1/D2 or equivalent or permission of instructor) Advanced course in critical reading of Sanskrit and/or other Indian texts.

RELG 562 M.A. RESEARCH PAPER 1. (3)

RELG 563 M.A. RESEARCH PAPER 2. (3)

RELG 564 PRIMARY TEXT: JAPANESE. (3) (Prerequisite: Basic reading knowledge of Japanese or permission of instructor) Religious texts in Japanese, with particular attention to the problems of translation and interpretation as they apply to the student’s thesis research.

RELG 657D1 (3), RELG 657D2 (3) INTRODUCTORY SANSKRIT. (Students must register for both RELG 657D1 and RELG 657D2) (No credit will be given for this course unless both RELG 657D1 and RELG 657D2 are successfully completed in consecutive terms).

RELG 658 DOGEN: PHILOSOPHY AND PRACTICE. (3) (Prerequisite: RELG 451 or permission of the instructor.) An introduction to the recent scholarship on the Japanese Zen monk Dogen focusing on both his philosophical writings and his attempt to create a life of monastic practice.

RELG 665 PRIMARY TEXT: SANSKRIT 1. (3) (Prerequisite: Basic reading knowledge of Sanskrit or permission of instructor) The Sanskrit alphabet, basic morphology and syntax of the classical language. Reading and analysis of passages from the Hindu epics and fable literature.

RELG 666 PRIMARY TEXT: SANSKRIT 2. (3) (Prerequisite: Basic reading knowledge of Sanskrit or RELG 665 or permission of instructor) Focus on development of greater speed and accuracy in reading poetry, mythology and philosophical texts, basic grammar, an introduction to the Sanskrit grammarians, analysis of word formation and compound formation, and to the conventions of commentators.

RELG 667 READINGS IN INDIC TEXTS 1. (3) (Prerequisite: RELG 457D1/D2 or equivalent or permission of instructor.) Advanced course in critical reading of Sanskrit and/or other Indian texts.

RELG 668 READINGS IN INDIC TEXTS 2. (3) (Prerequisite: RELG 457D1/D2 or equivalent or permission of instructor.) Continued critical reading of Sanskrit and/or other Indian texts.

RELG 688 RESEARCH IN COMPARATIVE RELIGION 1. (3)

RELIGIOUS STUDIES
RELG 698 THESIS RESEARCH 3. (12)
RELG 699N1 THESIS RESEARCH 3. (6) (Prerequisite: RELG 698N1) (No credit will be given for this course unless both RELG 699N1 and RELG 699N2 are successfully completed in a twelve month period) (RELG 699N1 and RELG 699N2 together are equivalent to RELG 699)
RELG 699N2 THESIS RESEARCH 3. (6) (Prerequisite: RELG 698N1) (No credit will be given for this course unless both RELG 699N1 and RELG 699N2 are successfully completed in a twelve month period) (RELG 699N1 and RELG 699N2 together are equivalent to RELG 699) See RELG 699N1 for course description.
RELG 699 THESIS RESEARCH 4. (12)
RELG 699D1 (6), RELG 699D2 (6) THESIS RESEARCH 4. (Students must also register for both RELG 699D1 and RELG 699D2) (No credit will be given for this course unless both RELG 699D1 and RELG 699D2 are successfully completed in consecutive terms) (RELG 699D1 and RELG 699D2 together are equivalent to RELG 699)
RELG 702 COMPREHENSIVE EXAMINATION. (0)
RELG 703D1 (0), RELG 703D2 (0) COMPREHENSIVE EXAMINATION. (Students must register for both RELG 703D1 and RELG 703D2) (No credit will be given for this course unless both RELG 703D1 and RELG 703D2 are successfully completed in consecutive terms) (RELG 703D1 and RELG 703D2 together are equivalent to RELG 703).

73 Russian and Slavic Studies

Department of Russian and Slavic Studies
688 Sherbrooke Street West, Suite 425
Montreal, QC H3A 3R1
Canada
Telephone: (514) 398-3639
Fax: (514) 398-1748
E-mail: russian.slavicstudies@mcgill.ca
Website: www.mcgill.ca/russian

Chair — L. Beraha
Graduate Director — L. Parts

73.1 Staff
Associate Professors
P.M. Austin; M.A.(C'nell), B.A., Ph.D.(Tor.)
L. Beraha; B.A., M.A., Ph.D.(McG.)
Assistant Professor
L. Parts; M.A., Ph.D.(Col.)

73.2 Programs Offered
Master's and Ph.D. in Russian
The Department offers graduate instruction (seminar and guided independent reading courses) as well as research and thesis supervision in the fields of Russian culture and literature. Current faculty specialize in 19th and 20th century literature. Particular emphasis is placed on working with the original language; credits may be allotted, at the discretion of the Department, to course work leading to advanced proficiency in this area.

Ph.D. Language Tests
Ph.D. candidates in other departments who require Russian for research and in satisfaction of the language requirement should contact the Department for recommended courses.

73.3 Admission Requirements
The general rules of the Graduate and Postdoctoral Studies Office apply and are outlined in the General Information and Regulations section of the Calendar.

The minimum academic requirement is normally a high standing in an undergraduate degree with Honours Russian (or an equivalent specialization). Further, the Department must be convinced that the candidate for admission has an aptitude for research work and will be able to make an original contribution to knowledge.

A working knowledge of French is recommended for the Ph.D. program.

Any necessary preparation to fulfill these requirements will be offered within the Department or elsewhere at McGill. Certain graduate courses may be taken by arrangement at approved universities.
73.4 Application Procedures

Applications will be considered upon receipt of:
1. application form;
2. two certified copies of all university transcripts; (all transcripts not in English or French must be accompanied by a certified English or French translation);
3. two letters of recommendation (in English or French);
4. $80 application fee;
5. test results - GRE (recommended); TOEFL (required of all applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone). Minimum score of 86, with each component score not less than 20, required on the internet-based TOEFL examination. Proof of TOEFL must be presented at time of application or shortly thereafter);
6. a sample of written work;
7. statement of academic intent.
8. interview, where appropriate, if necessary by telephone, with members of the Department Graduate Committee.

All information must be submitted to the Graduate Coordinator, Department of Russian and Slavic Studies.

Deadline: January 5.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

73.5 Program Requirements

Original research work and the scholarly qualities of the thesis are the principal criteria for conferring a graduate degree in Russian.

M.A. in Russian (Thesis) (48 credits)

The Thesis Proposal is normally submitted for review by the Department Graduate Committee at the end of the second term of residency. Candidates should consult the Department Thesis Proposal Guidelines.

Complementary Courses (18 credits)
12 - 18 credits of graduate coursework in the Department 0 - 6 credits of graduate coursework outside the Department, subject to approval by the Department Graduate Committee

RUSS 600* (0) (Prerequisite: Permission of the Department Graduate Committee.) (Restriction: Not open to students who have taken RUSS 660D1/D2.)
RUSS 601* (0) (Prerequisite: Permission of the Department Graduate Committee.) (Restriction: Not open to students who have taken RUSS 670D1/D2.)

* if deemed necessary by the Department.

Thesis Component - Required (30 credits)
RUSS 691 (6) M.A. Thesis Proposal
RUSS 692 (24) M.A. Thesis

Ph.D.
The Ph.D. requirements include:
RUSS 700, RUSS 701, and RUSS 702;
French Language Examination;

Depending on their individual background, students may be asked to take additional coursework as approved by the Department Graduate Committee. Students must complete two of the following guided research projects: RUSS 750, RUSS 760 or RUSS 770.

Ph.D. language requirements include proficiency in Russian, functional ability in English and in French, and proficiency in a second Slavic language, if relevant to the research topic and where deemed appropriate by the Department Graduate Committee.

73.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.
RUSS 500 SPECIAL TOPICS. (3) (Prerequisite: Permission of Department.) Focus on a critical theme, author or work, as determined by the current research interests of faculty and visiting faculty.

RUSS 510 HIGH STALINIST CULTURE. (3) (Winter) (Given in English) Novels, films, art, architecture, pageantry, rhetoric and routine of the Stalinist 1930s-40s, including socialist realism as an aesthetic doctrine, utopian blueprint, target of parody, amalgam of the submerged avantgarde and state-controlled pop culture, precursor of the postmodernist simulacrum, self-proclaimed international style and/or uniquely Russian 20th-century project.

RUSS 600 TUTORIAL IN RUSSIAN 1. (0) (Prerequisite: Permission of Department Graduate Committee.) Supervised independent study towards the achievement of professional competence in conducting research in Russian, including advanced language proficiency, bibliographic and electronic information retrieval.

RUSS 601 TUTORIAL IN RUSSIAN 2. (0) Continued independent study towards achieving professional competence in conducting research in Russian, including advanced language proficiency, bibliographic and electronic information retrieval.

RUSS 691 M.A. THESIS PROPOSAL. (6)

RUSS 692 M.A. THESIS. (24)

RUSS 700 PH.D. TUTORIAL. (0) (Prerequisite: Permission of the Department Graduate Committee.) Supervised preparation for the candidate’s two designated Major Fields in the PhD Comprehensive Examination.

RUSS 701 PH.D. COMPREHENSIVE EXAMINATION. (0) (Prerequisites: RUSS 700 and two of: RUSS 750, RUSS 760, RUSS 770.) Written and oral examination in two Major and two Minor fields of Russian literature and culture, as determined by the candidate and the Department’s Graduate Committee.

RUSS 702 PH.D. THESIS PROPOSAL. (0) (Prerequisite: Permission of the Department Graduate Committee.) PhD thesis proposal.

RUSS 750 HISTORY OF RUSSIAN LANGUAGE. (0) (Prerequisite: Permission of the Department Graduate Committee.) (Restriction: Not open to students who have taken RUSS 650D1/D2.) Exploration of the principal themes and critical issues in Russian historical grammar and the history of the Russian literary language from the 10th century to the present.

RUSS 760 PRE-PETRINE FOUNDATION. (0) (Prerequisite: Permission of the Department Graduate Committee.) (Restriction: Not open to students who have taken RUSS 660D1/D2.) Exploration of the principal themes and critical issues in Russian literature of the Pre-Petrine period. Comparison with similar problems in the candidate’s major fields for the comprehensive examination.

RUSS 770 18TH CENTURY FOUNDATION. (0) (Prerequisite: Permission of the Department Graduate Committee.) (Restriction: Not open to students who have taken RUSS 670D1/D2.) Exploration of the principal themes and critical issues in Russian literature of the 18th century. Comparison with similar problems in the candidate’s major fields for the comprehensive examination.

RUSS 790D1 (0), RUSS 790D2 (0) RUSSIAN LANGUAGE REQUIREMENT - PH.D. (Students must register for both RUSS 790D1 and RUSS 790D2) (No credit will be given for this course unless both RUSS 790D1 and RUSS 790D2 are successfully completed in consecutive terms)

Fax: (514) 398-1498
E-mail: ssom@mcgill.ca
Website: www.mcgill.ca/ssom
Chair — Alberto Cambrosio

74.1 Staff
Emeritus Professor
Margaret Lock; B.Sc.(Leeds), M.A., Ph.D.(Calif., Berk.) (Marjorie Bronfman Professor of Social Studies in Medicine)

Professors
Alberto Cambrosio; M.A.(Sher.), Ph.D.(Montr.)
Andrea Tone; M.A., Ph.D.(Emory) (Canada Research Chair in the Social History of Medicine)
George Weisz; M.A., Ph.D.(SUNY), Dr. 3rd Cycle(Paris) (Cotton-Hannah Professor of the History of Medicine)
Allan Young; M.A.(Wash.), B.A., Ph.D.(Penn.)

Associate Professors
Thomas Schilperoort, M.D.(Marburg), Ph.D.(Freiburg) (Canada Research Chair in History of Medicine)
Faith E. Wallis; M.A., M.L.S.(McG), Ph.D.(Tor.)

74.2 Programs Offered
The Department (SSOM) offers graduate studies in three programs:
• one in medical anthropology,
  given jointly with the Department of Anthropology;
• one in medical history,
  given jointly with the Department of History; and
• one in medical sociology,
  given jointly with the Department of Sociology.

In each program, the student may work towards the M.A. and Ph.D. degrees. All degrees are awarded by the relevant Faculty of Arts department. For further information regarding those departments, please consult the Anthropology, History, or Sociology sections.

The Department (SSOM) is interdisciplinary, having faculty in the fields of medical anthropology, medical history, and medical sociology. In its programs of graduate studies, it attempts to provide two things: a training that is solidly grounded in the discipline of the chosen program, i.e., in anthropology, history or sociology; and, through seminars and interaction with Department members and other graduate students, exposure to the other disciplines that are represented in the Department. The Department aims to instill in its graduates a combination of disciplinary competence and interdisciplinary perspective.

74.3 Admission Requirements
M.A. in Medical Anthropology
The program is open to students with backgrounds in the social sciences, the medical professions, or the medical sciences.

M.A. in the History of Medicine
Candidates must have a background in either history (Honours B.A. in History, or equivalent) or a degree in one of the health professions.

M.A. in Medical Sociology
The program is open to students with a background in social sciences, health professions or health sciences. It aims to prepare candidates for a career of teaching and research in medical sociology, and there is consequently a preference for applicants with the potential to proceed to the doctoral degree.

Ph.D. Programs
Candidates for a Ph.D. will normally have taken their M.A. in the same field. Please refer to the appropriate Department – Anthropology, History, or Sociology.

74.4 Application Procedures
McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

M.A. in Medical Anthropology
Admission is granted by a joint admissions committee made up of representatives from Anthropology and SSOM. For details concerning applications, teaching assistantships, fellowships, etc., see section 4 “Anthropology”.

M.A. in the History of Medicine
Application is made directly to the History Department. For details see Department of History.

M.A. in Medical Sociology
Admission is granted by a joint admissions committee made up of representatives from Sociology and SSOM. For details concerning applications, teaching assistantships, fellowships, etc., see Department of Sociology.

Ph.D. Programs
Please refer to the appropriate Department – Anthropology, History, or Sociology.

74.5 Program Requirements
M.A. IN MEDICAL ANTHROPOLOGY
With the medical anthropology program, candidates will apply for permission to take either of two courses of study, M.A. thesis or non-thesis.

For Anthropology courses, see Department of Anthropology. For SSOM seminars, see below.

M.A. in Medical Anthropology (Thesis) (48 credits)
Required Courses (42 credits)
HSSM 605 (3) Medical Anthropology
ANTH 615 (3) Seminar in Medical Anthropology
ANTH 694 (6) M.A. Thesis Tutorial 1
ANTH 695 (6) M.A. Thesis Tutorial 2
ANTH 699 (24) M.A. Thesis

Complementary Courses (6 credits)
Two Anthropology courses.

M.A. in Medical Anthropology, (Non-Thesis) (45 credits)
Required Courses (45 credits)
HSSM 605 (3) Medical Anthropology
ANTH 615 (3) Seminar in Medical Anthropology
ANTH 602 (3) Theory 1
ANTH 609 (6) Proseminar in Anthropology
ANTH 611 (3) Research Design
ANTH 660 (3) Research Methods
ANTH 665 (3) Quantitative Methods
ANTH 685 (3) Research Tutorial 1
ANTH 686 (3) Research Tutorial 2
ANTH 696 (15) M.A. Research Paper

M.A. IN THE HISTORY OF MEDICINE
The M.A. degree in Medical History does not have a thesis option. The program requires the completion of 45 credits, composed of required courses, graduate seminars, plus a major research paper. The program is normally completed in three terms, or one calendar year (Fall, Winter and Summer).
M.A. in History of Medicine (Non-Thesis) (45 credits)

**Required Courses** (27 credits)

- HIST 684* (3) Research Proposal
- HIST 685 (3) Directed Research
- HIST 686 (6) Bibliography Tutorial
- HIST 687 (9) MA Paper 1
- HIST 688 (6) MA Paper 2

**Complementary Courses** (18 credits)

- HIST 619 (3) Ancient Medicine Seminar 1
- HIST 620 (3) Ancient Medicine Seminar 2
- HIST 636 (3) Medieval Medicine Seminar 1
- HIST 637 (3) Medieval Medicine Seminar 2
- HIST 640 (3) Modern Medicine Seminar 1
- HIST 641 (3) Modern Medicine Seminar 2
- HSSM 604 (3) History of Medicine

- HIST 611 (3) Sociology of Biomedical Knowledge
- HSSM 610 (3) Sociology of Medicine

M.A. in Medical Sociology (48 credits)

- This includes 18 credits of course work and a research thesis that is based on original research (30 credits)

**Required Courses** (12 credits)

- SOCI 504 (3) Quantitative Methods 1
- SOCI 540 (3) Qualitative Research Methods
- SOCI 580 (3) Social Research Design and Practice
- SOCI 652 (3) Current Sociological Theory

**Complementary Courses** (6 credits)

- SOCI 515 (3) Medicine and Society
- SOCI 538 (3) Selected Topics in Sociology of Biomedical Knowledge

M.A. in Medical Sociology (Thesis) (48 credits)

- This includes 18 credits of course work and a research thesis that is based on original research (30 credits)

**Required Courses** (12 credits)

- SOCI 504 (3) Quantitative Methods 1
- SOCI 540 (3) Qualitative Research Methods
- SOCI 580 (3) Social Research Design and Practice
- SOCI 652 (3) Current Sociological Theory

**Complementary Courses** (6 credits)

- SOCI 515 (3) Medicine and Society
- SOCI 538 (3) Selected Topics in Sociology of Biomedical Knowledge

M.A. in Medical Sociology (Non-Thesis) (45 credits)

- This includes 27 credits of course work and a research paper based on original research (18 credits)

**Required Courses** (36 credits)

- SOCI 504* (3) Quantitative Methods 1
- SOCI 540* (3) Qualitative Research Methods
- SOCI 580* (3) Social Research Design and Practice
- SOCI 603 (3) Bibliographic Methods 1
- SOCI 604 (3) Bibliographic Methods 2
- SOCI 652* (3) Current Sociological Theory
- SOCI 696 (3) Research Paper 1
- SOCI 697 (3) Research Paper 2
- SOCI 699 (12) Research Paper 4

* All students must have taken these courses or take them during the first year of the program. Students granted an exemption from any one or more of these courses by the Graduate Studies Committee must substitute another substantive seminar in its place.

**Complementary Courses** (9 credits)

- 3 credits, one of the following courses:
  - SOCI 515 (3) Medicine and Society
  - SOCI 538 (3) Selected Topics in Sociology of Biomedical Knowledge

- 3 credits, one graduate-level course in History of Medicine.

- 3 credits, one graduate-level course in Social Studies of Medicine.

### PH.D. PROGRAMS
For information on the doctoral programs, please refer to the appropriate Department — Anthropology, History, or Sociology.

#### 74.6 SSOM Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

- **HSSM 604 HISTORY OF MEDICINE.** (3) Tutorial.
- **HSSM 605 MEDICAL ANTHROPOLOGY.** (3)
- **HSSM 606 MEDICAL ANTHROPOLOGY TUTORIAL.** (3)
- **HSSM 610 SOCIOLOGY OF MEDICINE.** (3)
- **HSSM 611 SOCIOLOGY OF BIOMEDICAL KNOWLEDGE.** (3)

Francine Granner; B.S.W., M.S.W.(McG.)

**Associate Coordinator of Field Education**
Karen Hetherington; B.A.(C'dia), M.A.(Montr.)

**75.2 Programs Offered**

Master of Social Work, a Joint M.S.W. and Law degree, and a Ph.D. program offered jointly with Université de Montréal.

The McGill School of Social Work is a member of the International Association of Schools of Social Work, the Canadian Association of Schools of Social Work, and of the Rassemblement des Unités de Formation Universitaire en Travail Social du Québec.

The School of Social Work is a professional school whose primary objective is to prepare students for careers and for leadership in the fields of social work and social welfare.

**M.S.W. Program**

The overarching objective of the Master's program is the provision of advanced professional training by means of integrated learning experiences. Specifically, the educational goals are to:

1. Develop a deepened and advanced competence in practice and research;
2. Embrace a capacity for critical understanding of social theories, social problems and emergent issues;
3. Understand population groups in need, institutional structures, and policy initiatives and processes.

**Ph.D. Program in Social Work**

The School of Social Work offers a PhD program in social work/social policy in order to respond to the pressing needs for professors, social policy analysts and researchers in Canada and Quebec. Courses are offered in English at McGill. A parallel stream is offered in French at Université de Montréal. Students have the option of taking courses at either university.

The program aims to:

1. Prepare graduates for careers in university teaching and research, policy development, evaluation of practice, intervention, consultation, as well as the management of human services;
2. Permit students to acquire the ability to apply scientific methods of research to the study of normative, analytical, and methodological questions;
3. Stimulate original research on pressing social concerns. Of particular value and importance is the opportunity for students to be exposed throughout their program to the multicultural and multiracial character of Montreal.

**75.3 Admission Requirements**

**M.S.W. Program**

Students who have successfully completed a B.S.W., with a minimum B average (GPA 3.0/4.0), and who have completed course work in statistics and in research methods at the undergraduate level are admissible to the Master of Social Work program. Normally, applicants will have professional experience in social service work, or related experience, subsequent to obtaining the B.S.W.

Students who have successfully completed all requirements in the first year of the 60 credit (two year) BSW program in the School of Social Work at McGill University are also eligible to apply to the M.S.W. program. These students must have an overall B average (GPA 3.0/4.0), professional or related experience in social service work prior to entering the 2 year B.S.W. program and have completed course work in statistics and in research methods at the undergraduate level.

**Joint M.S.W./Law Program**

Students must apply separately for admission to each Faculty. Students must meet or surpass the requirements for admission to both the M.S.W. program and to Law and must submit a brief statement explaining their interest in this joint program.

**Ph.D. Program**

Students apply directly to the School of Social Work. Applicants applying to the Ph.D. program must hold a Master's degree in social work or, exceptionally, a Bachelor's degree in social work with a Master's degree in a related subject from an accredited program. However, applicants who hold a master's degree in a related social science discipline with strong research interests in social work/social policy may also be considered.

Criteria considered in weighing applications include:

- Quality of the student's research project;
- Conviction/motivation demonstrated in the personal statement
- Fit between the proposed research project and faculty research interest.

A professor has to agree to act as thesis supervisor before the student is formally admitted to the program.

**75.4 Application Procedures**

Applications are available online by mid-September from the School of Social Work Website. The deadlines to apply are January 15 for the Ph.D. Program and February 1st for the M.S.W. and Joint M.S.W./Law Program. Applications will only be considered upon receipt of all required documents. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English. Before acceptance, appropriate exam results must be submitted directly from the TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing Systems) Office. An institutional version of the TOEFL is not acceptable. Applications will not be considered if a TOEFL or IELTS test result is not available.

- Test of English as a Foreign Language (TOEFL) International applicants must achieve a minimum score of 577 on the paper-based test, 233 on the computer-based test, or 90* on the internet based test
  
  * each individual components of reading, writing, listening, and speaking must have a minimum score of 21.

- the International English Language Testing System (IELTS) International applicants must achieve a minimum overall band score of 6.5.

All documents must be submitted to the School of Social Work, attention: Ms. Lillian Iannone, Student Affairs Coordinator.

McGill’s online application form for graduate program candidates is available at [www.mcgill.ca/applying/online](http://www.mcgill.ca/applying/online).

**75.5 Program Requirements**

**MASTER OF SOCIAL WORK**

The School of Social Work at McGill University prepares graduates for careers and leadership in the fields of social work and social welfare. In the MSW program, students develop an understanding of a broad range of theories which inform practice, policy and research. Envisioned as an opportunity to advance knowledge and skills, students are encouraged to immerse themselves in an area of scholarship and practice related to "Children and Families", "Health and Social Care", and "Community and International Development". In addition, students investigate a subject matter of their choice in one of these broad areas of study through an Independent Study Project or a master's Thesis. Through the
MSW program, students develop critical and innovative approaches to practice competence and to policy analysis such that they may contribute to both established social services and to new and less developed areas of service provision.

The MSW degree can be pursued via two options: thesis and non-thesis. Both options carry a weight of 45 credits, and, taken on a full-time basis, both options involve three terms of study. In both options, part-time study can be arranged (see section on Duration and Time Limitations below).

NOTE: While not a prerequisite for admission, possession of a working knowledge of the French language is important not only to candidates who intend to seek admission to the Quebec professional Ordre after graduation but also to those who wish to maximize their field placement opportunities during their program. In consultation with the Field Education Coordinator, students may have the option of completing their field requirements at an approved social service agency outside of Quebec.

M.S.W. (Thesis) (45 credits)
This option is designed for students who have strong research interests.

Required Courses (6 credits)
SWRK 612 (3) Knowledge, Values and Practice
SWRK 643 (3) Quantitative Research Methods

Complementary Courses (12 credits)
3 credits, one of the following research methods courses:
SWRK 633 (3) Program Evaluation
SWRK 653 (3) Qualitative Research Methods
9 credits of SWRK 500 or 600 level courses; up to 6 credits in total may be taken outside of the department.

Thesis Component – Required (27 credits)
SWRK 698 (12) Thesis Research 1
SWRK 699 (15) Thesis Research 2

M.S.W. (Non-Thesis) (45 credits)
This option is designed for students who are interested in advancing practice skills in a specialized area.

Required Courses (15 credits)
SWRK 612 (3) Knowledge, Values and Practice
SWRK 650 (3) Field Work Practicum 1
SWRK 651 (3) Field Work Practicum 2
SWRK 660 (6) Field Work Practicum 3

Complementary Courses (21 credits)
3 credits, one of the following research methods courses:
SWRK 633 (3) Program Evaluation
SWRK 643 (3) Quantitative Research Methods
SWRK 653 (3) Qualitative Research Methods
18 credits of SWRK 500 or 600 level courses; up to 6 credits in total may be taken outside of the department.

Project Component – Required (9 credits)
SWRK 690 (9) Independent Study Project

Courses Taken Outside of the Department
Students in both M.S.W. options are invited to take up to two courses in other departments of the University in areas of study not offered in the School of Social Work. Students also have the option of taking equivalent research methodology courses offered in other departments to fulfill the research requirement. All students must secure the approval of their advisor prior to registration for such courses.

Duration and Time Limitations
Taken on a full-time basis, both M.S.W. options involve three terms of study. The third term may optionally be taken in the Summer of the first or second year. Practicum: (12 credits) to be completed during the Summer of the first or second year.

Coursework: (102 credits)
Twenty-nine pure law courses (87 credits), five pure social work courses (15 credits), including course SWRK 612 (required) and at least one of the research methods courses (SWRK 633, 643, or 653).

Research: (12 credits)
A major social work/law research paper, jointly credited in both degree programs. This is a key component of this joint degree.

Two social work courses are also jointly credited in the Law program, to make up the required 105 Law credits, and two Law courses are also jointly credited in the Social Work program, to make up the required 45 Social Work credits.

JOINT Ph.D. PROGRAM IN SOCIAL WORK
Ph.D. in Social Work (offered jointly by McGill and Université de Montréal)

Required Courses (6 credits)
SWRK 720 (3) Thought and Theory Development in Social Work
SWRK 721 (3) Dissertation Seminar

Complementary Courses (9 credits)
3 credits, one of the following courses:
SWRK 722 (3) Advanced Seminar: Social Work Intervention
SWRK 723 (3) Advanced Seminar on Social Policy

3 credits, one of the following courses:
SWRK 724 (3) Advanced Research Methods and Analysis: Quantitative Data
SWRK 725 (3) Advanced Research Methods and Analysis: Data Analysis

3 credits, one 3-credit course in Social Work or a related discipline.

Comprehensive – Required
SWRK 791 (0) Comprehensive Examination

Thesis

Duration of Program
McGill Graduate and Postdoctoral Studies regulations prescribe a minimum of two years’ “residence” - that is, registration on a full-time basis for two years, or paying the corresponding fees - after the master’s degree for a doctoral degree. The deadline for submission of the dissertation is five years from the completion of residency requirements. Students entering McGill with a Masters’ degree, as will be the case with all students in this program, have the student status of Ph.D. 2 in their first year.
7.5.6 Courses

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

SWRK 531 SOCIAL PERSPECTIVES ON AGING 2. (3) (Summer) (Restriction: School of Social Work: Limited to U3 and M.S.W. students) Instructors and students from various disciplines will focus on certain aspects of aging related to issues of independence in later life. The provision of services and their impact on the recipients will be evaluated. Senior citizens will participate in the course as Senior Consultants.

SWRK 532 INTERNATIONAL SOCIAL WORK. (3) (Winter) (Restriction: Limited to B.S.W. U3, Special B.S.W. and M.S.W. students) Discussion based upon intensive study and reports on problems in selected countries. Emphasis on identifying major social problems, understanding the social forces bearing on those problems and considering appropriate professional approaches to aid in their solution.

SWRK 539 CHRONIC AND TERMINAL ILLNESS. (3) (Winter) (Restriction: Limited to B.S.W. U3, Special B.S.W. and M.S.W. students) A seminar to examine practice with persons living with chronic and terminal illnesses. Needs of families, caretakers, health care workers and the gay community are studied.

SWRK 600 PRACTICE WITH WOMEN AS MOTHERS. (3) This course will explore maternal subjectivity and its implications for clinical practice with mothers and families. We will examine how social work intervention has tended to reproduce traditional attitudes towards mothers and consider the development of alternative social relations in our practice with mothers.

SWRK 601 CONSTRUCTION OF SUBJECTIVITY. (3) This course will present a critical approach to understanding how personality is constructed within the major social relations of class, gender and race. Relevance to students’ research and practice interests will be explored.

SWRK 602 CHILDREN AND YOUTH AT RISK. (3) (Note: Open to all graduate-level students (including students outside of Social Work).) The provision of care, protection and treatment of the most vulnerable children and youth in our society. Prevention and intervention efforts within community-based organizations, schools, and clinical settings for children, youth and families.

SWRK 604 CRITICAL ISSUES: SOCIAL POLICY. (3) With the erosion of the contemporary welfare state, analysts have argued that state responsibility for social and economic well-being has been shifted to the private sphere, notably families. This course explores how social policies and practices contribute to this shift, and how gender, class and inequalities are thereby reinforced.

SWRK 606 PRACTICE IN CHILD WELFARE. (3) Reflection on current practices in child welfare. An overview of contemporary theoretical frameworks and students’ experiences in the field will form the basis of class discussion. Topics include: the construction of abuse and neglect; the risk ethos, families/mothers’ experiences of child welfare services; the reflective practitioner and resistance.

SWRK 609 HEALTH AND SOCIAL WORK. (3) (Restriction: Not open to students who have taken SWRK 354) An examination of major health policy and practice issues bearing on health, including: ethics, legal issues, medicalization, health as an industry, uses of epidemiology and health economics. Practice questions will include crisis intervention, multidisciplinary teamwork in hospital settings, and emerging issues for social workers in health.

SWRK 610 FAMILY TREATMENT. (3) (Prerequisite: SWRK 622) An advanced seminar on techniques and practice of current therapies.

SWRK 612 KNOWLEDGE, VALUES AND PRACTICE. (3) (Required course) Introduction of the current debate about the status of knowledge in the social sciences, especially issues of scientific objectivity, cultural differences and their implications for social work practice.

SWRK 622 FAMILY ASSESSMENT AND TREATMENT. (3) A seminar on current techniques of family diagnosis and therapy.

SWRK 623 COUPLE COUNSELLING. (3) Triadic perspective on couple counselling. Topics include: value issues; origins of intimate conflict; characteristics of troubled couples; presenting couple complaints; separation; treatment techniques: alliances, coalitions, hierarchies, third party positioning, neutrality, secrets, counsellor symmetry and power, resistance.

SWRK 624 COMMUNITY ORGANIZATION. (3) The aim of this course is to develop an understanding of the organizing process at the grass-roots level. Emphasis is placed upon community power and conflict, the development of organizing strategies and the application of such strategies in groups and movements dedicated to social change.

SWRK 625 PLANNING THEORY/SERVICE DELIVERY. (3) Planning theory and practice as they relate to community organizing and social service delivery. It focuses on 3 themes: 1) theories of planning and their applicability to social work practice, 2) the planning process (steps and process), 3) an examination of major planning issues in service delivery.

SWRK 627 SOCIAL WORK PRACTICE WITH GROUPS. (3) This seminar will explore topics related to social work practice with groups including concepts of race, culture, gender and sexual orientation; authority and empowerment, ethical issues in practice; work with hard to reach and involuntary populations; termination and evaluation. It will be concerned with both theoretical issues and intervention strategies.

SWRK 628 VIOLENCE AGAINST WOMEN. (3) Discussion of the psychological, social and political factors which create and maintain a society where male violence against the women they love occurs. A feminist theoretical perspective will be developed and analyzed. Treatment approaches will be considered focussing on intervention strategies to help both the battered and the batters.

SWRK 631 SUPERVISION/MANAGEMENT. (3) Every human service organization is characterized by the need to manage people, information and resources. This course will provide an overview of the nature and function of these fundamental supervision and management processes.

SWRK 633 PROGRAM EVALUATION. (3) The theoretical and practical problems involved in evaluating the impact of social work services and social welfare programs. Topics include goal definition, comparison of experimental and non-experimental designs, data sources, qualitative and quantitative approaches, and outcome measurement.

SWRK 635 ADVANCED CLINICAL PRACTICE. (3) Advanced clinical seminar to develop detailed, assessment theories, skills that apply to direct work - primarily with children and young adults. Critical examination of child meta-psychology, attachment and British object relations theories in light of research and current Canadian realities. Students expected to provide current practice examples for analysis and discussion.

SWRK 636 TUTORIAL IN SOCIAL WORK. (3) An individual or small group tutorial in which students will work independently in conjunction with the instructor. The student will undertake a major project related to the area of specialization.

SWRK 642 TUTORIAL SOCIAL WELFARE. (3) This tutorial permits students to pursue studies in special areas not covered in other courses offered, or to study in greater depth subjects covered in earlier work. Emphasis is on the content, operation and analysis of social welfare programs.

SWRK 643 QUANTITATIVE RESEARCH METHODS. (3) A comparative review of the research methods and data sources that are used in social work and social welfare, with consideration of the statistical methods and computer programs that are appropriate for each. Topics will include experimental and non-experimental
designs, questionnaire construction, data analysis and reporting research.

**SWRK 648 SPECIAL TOPICS IN SOCIAL WORK.** (3) This course will be offered from time to time to deal with topics of current interest in social work, that are not covered in other courses. Specific content will differ from year to year.

**SWRK 649 SPECIAL TOPICS IN SOCIAL WELFARE.** (3) This course will be offered from time to time to deal with topics of current interest in social welfare, that are not covered in other courses. Specific content will differ from year to year.

**SWRK 650 FIELD WORK PRACTICUM 1.** (3) Supervised educational experience in social work practice integrating practice with theoretical knowledge characteristic of the specialized field. Individual and group instruction. Involves approximately 115 hours of work in a field setting.

**SWRK 651 FIELD WORK PRACTICUM 2.** (3) Supervised educational experience in social work practice integrating practice with theoretical knowledge characteristic of the specialized field. Individual and group instruction. Involves approximately 115 hours of work in a field setting.

**SWRK 653 QUALITATIVE RESEARCH METHODS.** (3) Qualitative methodologies concerned with description and interpretation of empirical matter, using appropriate methodology. Nutritional and ideological shifts within society in general and social welfare in particular. Attention will also be given to the effect of

**SWRK 650 FIELD WORK PRACTICUM 1.** (3) Supervised educational experience in social work practice integrating practice with theoretical knowledge characteristic of the specialized field. Individual and group instruction. Involves approximately 115 hours of work in a field setting.

**SWRK 655 SEMINAR ON AGING.** (3) Advanced graduate seminar which focuses on a critical examination of historical and contemporary theories and practice models in gerontological social work. Specific content will vary from year to year to allow for in-depth explorations of current topics in aging such as women, ethno-racial communities and health and disability. Particular emphasis will be placed on issues of caregiving in each of these larger topic areas.

**SWRK 657 MENTAL HEALTH POLICY AND PRACTICE.** (3) The definition and management of madness during the last 200 years or so of Western societies. Focusses upon relevant dimensions of intellectual and social history, particularly the histories of what we now think of as mental health professions. Particular attention is paid to the history of current controversies about involuntary commitment, chemotherapy, and so forth.

**SWRK 660 FIELD WORK PRACTICUM 3.** (6) (Involves approximately 220 hours of work in a field setting) Supervised educational experience in social work practice integrating practice with theoretical knowledge characteristic of the specialized field. Individual and group instruction. Involves approximately 115 hours of work in a field setting.

**SWRK 663 SOCIAL WORK APPLIED TO ALCOHOLISM.** (3) This course provides information needed for social work treatment of alcoholism. It concentrates on the following issues: 1) the development and definition of alcoholism; 2) theories of alcoholism; 3) assessment of the alcoholic; and 4) intervention.

**SWRK 664 MULTICULTURAL CONTEXT PRACTICE.** (3) This course will examine current theory in "multicultural" social work and explore alternative models of practice based on anti-racist/anti-oppression principles. Of special interest in this course is the issues of access and equity in human services. Students are encouraged to develop critical analyses and to develop projects based on practice issues.

**SWRK 668 LIFE-THREATENING ILLNESS AND BEREAVEMENT.** (3) This seminar addresses the psycho-social concerns of patients and family members living with life threatening illness. An interdisciplinary theoretical perspective is combined with clinical practice interventions. Topics discussed include phases of the illness (diagnosis, chronic, terminal), bereavement, suicide, euthanasia, AIDS and cultural factors related to illness. Special attention will be given to the role of the social worker.

**SWRK 669 DISABILITY AND REHABILITATION.** (3) This seminar focusses on social work practice with individuals who experience various disabilities. It examines the societal reaction to disability and the history of these values and attitudes and provides an overview of historical and contemporary perspectives regarding intervention. As well, it critically reviews and analyzes recent legislation and advances in the integration of the disabled into the social contexts of the family, school, work force, community, and society at large.

**SWRK 690 INDEPENDENT STUDY PROJECT.** (9) An independent study project on a topic of interest in a comprehensive and creative fashion. The project is completed by the student following initial guidance from her/his advisor. It systematically examines a theoretical, substantive or empirical matter, using appropriate methodology.

**SWRK 690D1 (4.5), SWRK 690D2 (4.5) INDEPENDENT STUDY PROJECT.** (Students must register for both SWRK 690D1 and SWRK 690D2) (No credit will be given for this course unless both SWRK 690D1 and SWRK 690D2 are successfully completed in consecutive terms) (SWRK 690D1 and SWRK 690D2 together are equivalent to SWRK 690) An independent study project on a topic of interest in a comprehensive and creative fashion. The project is completed by the student following initial guidance from her/his advisor. It systematically examines a theoretical, substantive or empirical matter, using appropriate methodology.

**SWRK 691 SOCIAL WORK / LAW INDEPENDENT STUDY PROJECT.** (12) Students will produce an essay consisting of: 1) identifying a substantive area which integrates core legal and social work knowledge; 2) analyzing the legal and behavioural science information in each substantive area; 3) developing and applying relevant theoretical frameworks; 4) developing research questions to be examined by qualitative or quantitative methods; 5) integrating research findings.

**SWRK 691D1 (6), SWRK 691D2 (6) SOCIAL WORK / LAW INDEPENDENT STUDY PROJECT.** (Students must register for both SWRK 691D1 and SWRK 691D2) (No credit will be given for this course unless both SWRK 691D1 and SWRK 691D2 are successfully completed in consecutive terms) (SWRK 691D1 and SWRK 691D2 together are equivalent to SWRK 691) Students will produce an essay consisting of: 1) identifying a substantive area which integrates core legal and social work knowledge; 2) analyzing the legal and behavioural science information in each substantive area; 3) developing and applying relevant theoretical frameworks; 4) developing research questions to be examined by qualitative or quantitative methods; 5) integrating research findings.

**SWRK 698 THESIS RESEARCH 1.** (12) Independent research work under the direction of a supervisor.

**SWRK 698D1 (6), SWRK 698D2 (6) THESIS RESEARCH 1.** (Students must register for both SWRK 698D1 and SWRK 698D2) (No credit will be given for this course unless both SWRK 698D1 and SWRK 698D2 are successfully completed in consecutive terms) (SWRK 698D1 and SWRK 698D2 together are equivalent to SWRK 698) Independent research work under the direction of a supervisor.

**SWRK 699 THESIS RESEARCH 2.** (15) Independent research work under the direction of a supervisor.

**SWRK 699D1 (7.5), SWRK 699D2 (7.5) THESIS RESEARCH 2.** (Students must register for both SWRK 699D1 and SWRK 699D2) (No credit will be given for this course unless both SWRK 699D1 and SWRK 699D2 are successfully completed in consecutive terms) (SWRK 699D1 and SWRK 699D2 together are equivalent to SWRK 699) Independent research work under the direction of a supervisor.

**SWRK 701 COMPREHENSIVE EXAMINATION.** (0) (Restriction: Open only to students in the joint Social Work Ph.D. program)

**SWRK 720 THOUGHT AND THEORY DEVELOPMENT IN SOCIAL WORK.** (3) (Restriction: Open only to students in the joint Social Work Ph.D. program) The purpose of this seminar is to explore the origins and historical development of social work theory. Included in the analysis of this development will be the impact of material, cultural and ideological shifts within society in general and social welfare in particular. Attention will also be given to the effect of
changes within relevant social science disciplines on the process of social work theory development and its relation to intervention.

SWRK 721 DISSERTATION SEMINAR. (3) (Restriction: Open only to students in the joint Social Work Ph.D. program) The objective of this seminar is to provide an opportunity for doctoral students and faculty to explore a range of issues arising from students’ research projects. Particular attention will be given to the relationship between research objectives and research methodology, and to situating the project in its historical context. The implications for intervention of students’ research in terms of “Who benefits?” will also be an important focus of the seminar. It is to be given every other week throughout the two consecutive terms following completion of comprehensives.

SWRK 723 ADVANCED SEMINAR ON SOCIAL POLICY. (3) (Restriction: Open only to students in the joint Social Work Ph.D. program) Analysis of social policies and their impact on social work practice and on the clienteles that they affect. Study of the interaction between social policies and styles of management of social work organizations responsible for their application.

SWRK 724 ADVANCED RESEARCH METHODS AND ANALYSIS: QUANTITATIVE DATA. (3) (Restriction: Open only to students in the joint Social Work Ph.D. program) Problems encountered in the use of quantitative methods in social work research. Types of quantitative research useful in social welfare policy analysis and discussion of yield from alternative analytic methods.

SWRK 725 ADVANCED QUALITATIVE RESEARCH METHODS AND DATA ANALYSIS. (3) (Restriction: Open only to students in the joint Social Work Ph.D. program) Review of the principal methods comprised under the area of qualitative research and problems related to the utilization of those methods. Particular attention to analysis arising from these methods.

SWRK 726 INDEPENDENT STUDY. (3) (Restriction: Open only to students in the joint Social Work Ph.D. program)

Adjunct Professor
Catherine Montgomery

Associate Members
Gregory Baum (Religious Studies)

76.2 Programs Offered

The Department offers training leading to the degrees of Master of Arts in Sociology (thesis and non-thesis), Master of Arts in Sociology - Development Studies option (thesis and non-thesis), Master of Arts in Sociology - Environment option (thesis), Master of Arts in Sociology - Medical Sociology option (thesis and non-thesis options) with the Social Studies of Medicine Department, Master of Arts in Sociology - Neotropical Environment option (thesis), Master of Arts in Sociology - Social Statistics option (non-thesis); and the Doctor of Philosophy in Sociology.

Theses and dissertations are normally supervised in one of the following areas of Department research concentration: states and social movements; economy and society; social inequality (class, ethnicity and gender), deviance and social control and medical sociology.

Availability of Funding

Prospective students may apply for a variety of fellowships administered by the University, through research-granting agencies in Quebec, Canada, or in their home countries. Other sources of funding include private companies, agencies, foundations, other provincial and federal government agencies, as well as foreign governments and organizations. Detailed information on other funding sources is available on the McGill Website, www.mcgill.ca/gps/fellowships.

The Department offers a limited number of teaching assistantships of $4,003.20 per term. Teaching assistantships require 12 hours of work per week in the Fall and Winter terms. Students who wish to be considered for such assistantships should inform the Graduate Admissions Director, Leacock 713, in writing and preference will be given to those dossiers completed by January 15th.

76.3 Admission Requirements

Applicants must have a Bachelor's degree with a standing equivalent to a Cumulative Grade Point Average (CGPA) of 3.3 or better out of a possible 4.0. The degree may be either in Sociology – in which case it should be equivalent to the Honours B.A. degree at McGill – or it may be in another relevant social science. In the latter
case, applicants may be required to take some additional Sociology courses to fill gaps in their background.

The strength of an applicant's academic record is of primary importance in consideration of an applicant's dossier. For a detailed description of courses open to graduates and undergraduates, and of preparation required of McGill University honours students, candidates should consult the Undergraduate Programs Calendar via on the Web at www.mcgill.ca.

All applicants are asked to submit two letters of recommendation and two certified copies of their university-level grades along with an example of their written work. Applicants who have received a Master's degree at a university other than McGill should submit a copy of their thesis or evidence of equivalent research experience with their application for admission. The applicant's dossier must be completed by January 15th to be considered for the McGill Awards Competition and the internal Teaching Assistantship competition.

Applicants not registered at Canadian universities must submit with their applications the results of the Verbal and Quantitative aptitude tests of the Graduate Record Examination. Canadian students are also encouraged to submit the results of this test with their application. Arrangements to take the Graduate Record Examination should be made directly with the Educational Testing Service by visiting their Website at www.gre.org/ttindex.html. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone) must submit documented proof of competency in oral and written English. The minimum acceptable score for the TOEFL exam is 86 on the IBT, and a score of at least 20 for each of its four components or the minimum acceptable score for the TOEFL exam is 580 on the paper-based test, 237 on the computer-based test. International students can also contact International Student Services at 514-398-4349 for more information, or visit their Website https://home.mcgill.ca/internationalstudents.

Candidates who lack sufficient preparation in the social sciences, but whose academic record justifies consideration for eventual admission to the Master's graduate program, must register for a qualifying year during which they are required to take courses to broaden their knowledge of sociology. Candidates must achieve a final mark of at least a B in these courses and an average in all courses of at least B+; in general, they must, in the opinion of the Department, have achieved sufficient preparation in the subject matter of sociology before they will be allowed to proceed with graduate work. All candidates are expected to have taken courses in statistics, research methods and sociological theory at the undergraduate level.

Any prospective students are encouraged to contact faculty members that they may wish to work with to ascertain that they will be available and not on leave during the time at which they wish to study. If need be, they may feel free to contact the Chair of the Graduate Admissions Committee to guide them.

The program of study is designed to give students an advanced understanding of a major field in sociology, of current methods of sociological research, and of some principal theoretic issues in the discipline. Three terms of residence study is the minimum requirement for a Master's degree.

M.A. in Medical Sociology

The program is open to students with a social sciences, health professions or health sciences background. It is interdisciplinary in nature and includes required courses offered by both participating departments as well as a research thesis based on original research. For additional information concerning this program, please consult the Social Studies of Medicine section or the Website, www.mcgill.ca/ssom.

76.4 Application Procedures

Please note that the dossier must be complete with ALL of the following information before the applicant will be considered for entrance to the graduate program:

1. Application form
2. Statistics, Theory, Methods form
3. Two certified copies of undergraduate and graduate level transcripts. Please provide an official translation if the original is not in English or French.
4. Two letters of reference on the departmental forms enclosed with the graduate application package.
5. Test results (Graduate Record Examination (GRE) / Test of English as a Foreign Language (TOEFL) (if applicable) minimum score: 580 on the paper-based test, 237 on the computer-based test.
6. Statement of Academic Background - a brief statement of the applicant's interests and the areas of sociology he/she wishes to study at McGill.
7. One or two samples of written work. This can be in the form of a graded paper or a chapter from a thesis and must be at least 15 typewritten pages in length translated into English or French.
8. M.A. Option Form (for M.A. applicants only). Applicants must apply using online (Web) Application (www.mcgill.ca/applying/graduate/procedures):

M.A. in Medical Sociology

Admission is granted by a joint admissions committee made up of representatives from Sociology and Social Studies of Medicine.

76.5 Program Requirements

M.A. PROGRAM OPTIONS

The M.A. degree has nine options:

- non-thesis option consisting of seven required courses plus a research paper;
- non-thesis option in Development Studies which requires seven courses plus a research paper;
- non-thesis option in Medical Sociology which requires seven courses plus a research paper;
- non-thesis option in Social Statistics which requires seven courses (supplemented by further statistical courses) plus a statistics-based research paper;
- thesis option with five required courses and a thesis;
- thesis option in Development Studies with five required courses and a thesis;
- thesis option in Environment;
- thesis option in Medical Sociology, which requires six courses plus a thesis;

Although the non-thesis option requires more course work, students taking this option are likely to obtain the M.A. more rapidly than those in the thesis option because of the difficulty and length of time involved in completing an M.A. thesis. The expectation is that most students will choose the non-thesis Master's program so as to progress more quickly, especially those wishing to pursue a doctoral degree. The programs are described in more detail below.

M.A. in Sociology (Non-Thesis) (45 credits)

This program requires a research paper that will normally, but not necessarily, flow out of a paper written for one of the graduate seminars or an independent reading course. Comparable to an article in a professional journal, the paper ought to focus on a clearly defined research problem, demonstrating familiarity with the most important relevant scholarly work and the ability to carry out research and organize the results of the research. This paper is expected to be no more than 30 pages in length, exclusive of footnotes and bibliography.
Required Courses (36 credits)
SOCI 504 (3) Quantitative Methods 1
SOCI 540 (3) Qualitative Research Methods
SOCI 580 (3) Social Research Design and Practice
SOCI 603 (3) Bibliographic Methods 1
SOCI 604 (3) Bibliographic Methods 2
SOCI 652 (3) Current Sociological Theory
SOCI 696 (3) Research Paper 1
SOCI 697 (3) Research Paper 2
SOCI 699 (12) Research Paper 4
Complementary Courses (9 credits)
9 credits of complementary courses at the 500 level or higher

M.A. in Sociology (Non-Thesis) – Development Studies
Option/Concentration (45 credits)

Required Courses (39 credits)
INTD 657 (3) Development Studies Seminar
SOCI 504 (3) Quantitative Methods 1
SOCI 540 (3) Qualitative Research Methods
SOCI 580 (3) Social Research Design and Practice
SOCI 603 (3) Bibliographic Methods 1
SOCI 604 (3) Bibliographic Methods 2
SOCI 652 (3) Current Sociological Theory
SOCI 696 (3) Research Paper 1
SOCI 697 (3) Research Paper 2
SOCI 699 (12) Research Paper 4
Complementary Courses (6 credits)
6 credits of complementary courses at the 500 level or higher
related to international development studies from the list below:
SOCI 505 (3) Quantitative Methods 2
SOCI 510 (3) Seminar in Social Stratification
SOCI 511 (3) Movements/Collective Action
SOCI 512 (3) Ethnicity & Public Policy
SOCI 515 (3) Medicine and Society
SOCI 520 (3) Migration and Immigrant Groups
SOCI 530 (3) Sex and Gender
SOCI 535 (3) Sociology of the Family
SOCI 538 (3) Selected Topics in Sociology of Biomedical Knowledge
SOCI 545 (3) Sociology of Population
SOCI 550 (3) Developing Societies
SOCI 565 (3) Social Change in Panama
SOCI 571 (3) Deviance and Social Control
SOCI 588 (3) Sociology of Knowledge
SOCI 627 (3) Political Sociology
SOCI 628 (3) Seminar on Social Statistics
SOCI 720 (3) Reading in Social Theory
SOCI 730 (3) Reading and Research

M.A. in Sociology (Non-Thesis) – Medical Sociology (45 credits)
This program is given jointly by the Sociology Department and the
Department of Social Studies in Medicine.
Required Courses (36 credits)
SOCI 504* (3) Quantitative Methods 1
SOCI 540* (3) Qualitative Research Methods
SOCI 580* (3) Social Research Design and Practice
SOCI 603 (3) Bibliographic Methods 1
SOCI 604 (3) Bibliographic Methods 2
SOCI 652* (3) Current Sociological Theory
SOCI 696 (3) Research Paper 1
SOCI 697 (3) Research Paper 2
SOCI 699 (12) Research Paper 4
* All students must have taken these courses or take them during
the first year of the program. Students granted an exemption from
any one or more of these courses by the Graduate Studies
Committee must substitute another substantive seminar in its
place.
Complementary Courses (9 credits)
3 credits, one of the following courses:
SOCI 515 (3) Medicine and Society
SOCI 538 (3) Selected Topics in Sociology of Biomedical Knowledge
3 credits, one graduate-level course in History of Medicine.
3 credits, one graduate-level course in Social Studies of Medicine.

M.A. in Sociology (Non-Thesis) – Social Statistics
Option/Concentration (45 credits)
The program complements disciplinary training with research
experience applying statistical methods to Statistics Canada data
(or equivalent). It requires a statistics-based research paper that
will normally, but not necessarily, flow out of a paper written for one
of the graduate seminars. Comparable to an article in a profes-
sional journal, the paper ought to focus on a clearly defined
research problem, demonstrating familiarity with the most impor-
tant relevant scholarly work and the ability to carry out research
and organize the results of the research. This paper is expected to
be no more than 30 pages in length, exclusive of footnotes and
bibliography.
Acceptance into the program is by application to the Social
Statistics Option Committee and is contingent on acceptance into
the M.A. program in one of the participating departments
(Economics, Geography, Political Science, Sociology).
Required Courses (39 credits)
SOCI 504* (3) Quantitative Methods 1
SOCI 540* (3) Qualitative Research Methods
SOCI 580* (3) Social Research Design and Practice
SOCI 603 (3) Bibliographic Methods 1
SOCI 604 (3) Bibliographic Methods 2
SOCI 652* (3) Current Sociological Theory
SOCI 689 (1.5) Social Statistics 2
SOCI 696 (3) Research Paper 1
SOCI 697 (3) Research Paper 2
SOCI 699 (12) Research Paper 4
* All students must have taken these courses or take them during
the first year of the program. Students granted an exemption from
any one or more of these courses by the Graduate Studies
Committee must substitute another substantive seminar in its
place.
Complementary Courses (6 credits)
6 credits of complementary courses at the 500 level or higher

M.A. in Sociology (Thesis) (48 credits)
To provide students with some research experience, all candi-
dates in this program must present a thesis based on their own
research. While not necessarily requiring an exhaustive review of
work in the particular field of study, or a great deal of original schol-
arship, the thesis must show familiarity with previous work in the
field and must normally demonstrate the ability to carry out
research and to organize results, all of which must be presented in
good literary style. The thesis will consist of between 50–75 pages
of text, exclusive of footnotes and bibliography, which must be
completed no later than August 31st of the second year in the
program.
Required Courses (12 credits)
SOCI 504 (3) Quantitative Methods 1
SOCI 540 (3) Qualitative Research Methods
SOCI 580 (3) Social Research Design and Practice
SOCI 652 (3) Current Sociological Theory
All students must have taken these courses or take them during
the first year of the program. Students granted an exemption from
any one or more of these courses by the Graduate Studies
Committee must substitute another substantive seminar in its
place.
### Complementary Courses (3 credits)
One 3-credit graduate-level course, which may be in a cогnate field, subject to the approval of the Graduate Committee.

### Thesis Component - Required (33 credits)

### M.A. in Sociology (Thesis) – Neotropical Environment Option/Concentration (48 credits)
Not offered in 2007-08.

McGill University and the Smithsonian Tropical Research Institute (STRI) have joined forces to offer graduate studies in neotropical environment. These are offered as options within existing programs in Biology, Bioresource Engineering, Geography, Political Science, Plant Science, Renewable Resources, and Sociology. Students must meet the Graduate and Postdoctoral Studies Office admission requirements, enter through one of the participating departments and meet the requirements of that unit. Advisors will be McGill professors and STRI scientists. The degree is granted by McGill University.

To provide students with some research experience, all candidates in this program must present a thesis based on their own research with the thesis fieldwork conducted in Latin America on a topic approved by the Neotropical Environment Option coordinating committee.

While not necessarily requiring an exhaustive review of work in the particular field of study, or a great deal of original scholarship, the thesis must show familiarity with previous work in the field and must normally demonstrate the ability to carry out research and to organize results, all of which must be presented in good literary style. The thesis will consist of between 50-75 pages of text, exclusive of footnotes and bibliography, which must be completed no later than August 31st of the second year in the program.

REQUIREMENTS FOR THE PH.D. IN SOCIOLOGY

A minimum of three years of study is required.

Required Courses (3 credits)
SOCI 505 (3) Quantitative Methods 1
SOCI 540 (3) Qualitative Research Methods
SOCI 580 (3) Social Research Design and Practice
SOCI 652 (3) Current Sociological Theory

Complementary Courses (15 - 27 credits)

Five substantive courses at the 500 level or higher offered by the
Department subject to the approval of the Graduate Committee.

Students who have not taken the courses listed below must make
up the deficiencies in addition to the regular coursework:

(12 credits)
SOCI 504 (3) Quantitative Methods 1
SOCI 540 (3) Qualitative Research Methods
SOCI 580 (3) Social Research Design and Practice
SOCI 652 (3) Current Sociological Theory

If exemption is obtained for one or more seminars, another one
must then be substituted in its place.

Comprehensive
SOCI 700* (0) Ph.D. Area Examination 1
SOCI 701* (0) Ph.D. Area Examination 2
SOCI 702 (0) Ph.D. Proposal Approval

*Ph.D. Candidates must take examinations in two subfields of
sociology. These fields will be chosen from the Department's
areas of specialization.

Examinations must be completed and the student's candidacy for
the degree established no later than the end of the third year of
graduate study.

Language Requirement
Ph.D. Candidates must demonstrate ability to read French with
high proficiency or to read another language relevant to their
field of research. The language requirement should be met by
the end of the third year and may be satisfied by taking an
approved French language course at the English and French
Language Centre at McGill, or by a written examination in the
Department or by exemption.

Thesis
Ph.D. Candidates are required to submit a thesis on an approved
topic. The topic must be approved by a dissertation proposal
committee convened by the student's dissertation supervisor.
The thesis should be completed within five years after the initial
residency period of two years.

Further details on the requirements and regulations for the thesis
and the fields in which the Department is prepared to direct
research may be obtained from the Sociology Website at

Ph.D. in Sociology – Environment Option/Concentration

Required Courses (9 credits)
ENVR 610 (3) Foundations of Environmental Policy
ENVR 650 (1) Environmental Seminar 1
ENVR 651 (1) Environmental Seminar 2
ENVR 652 (1) Environmental Seminar 3
SOCI 505 (3) Quantitative Methods 2
SOCI 700* (0) Ph.D. Area Examination 1
SOCI 701* (0) Ph.D. Area Examination 2
SOCI 702 (0) Ph.D. Proposal Approval

*Ph.D. Candidates must take examinations in two subfields of
sociology. These fields will be chosen from the Department's
areas of specialization.

Examinations must be completed and the student's candidacy for
the degree established no later than the end of the third year of
graduate study.

Complementary Courses (9 credits)

3 credits, one of the following courses:
ENVR 519 (3) Global Environmental Politics
ENVR 544 (3) Environmental Measurement and Modelling
ENVR 580 (3) Topics in Environment 3
ENVR 611 (3) The Economy of Nature
ENVR 620 (3) Environment and Health of Species
ENVR 622 (3) Sustainable Landscapes
ENVR 630 (3) Civilization and Environment 1
ENVR 680 (3) Topics in Environment 4

or other course at the 500-level or higher recommended by the
advisory committee and approved by the Environment Option
Committee

6 credits at the 500-level or higher chosen from among the
elective courses listed in the Sociology Department course
offerings.

Students who have not taken the following courses must make up
the deficiencies in addition to the regular coursework:
SOCI 504 (3) Quantitative Methods 1
SOCI 540 (3) Qualitative Research Methods
SOCI 580 (3) Social Research Design and Practice
SOCI 652 (3) Current Sociological Theory

Language Requirement
Ph.D. Candidates must demonstrate ability to read French with
high proficiency or to read another language relevant to their
field of research. The language requirement should be met by
the end of the third year and may be satisfied by taking an
approved French language course at the English and French
Language Centre at McGill, or by a written examination in the
Department or by exemption.

Thesis – Required
An environmental component is required in the thesis.

76.6 Courses
Students preparing to register should consult the Web at
www.mcgill.ca/minerva (click Catalog and Schedule
Menu/Class Schedule) for the most up-to-date list of courses
available; courses may have been added, rescheduled or can-
celled after this Calendar went to press. Class Schedule lists
courses by term and includes days, times, locations, and
names of instructors.

Note: All undergraduate courses administered by the Faculty of
Arts (courses at the 100- to 500-level) have limited enrolment.

All 500-level Sociology courses listed in the Faculty of Arts Cal-
endar are open to graduate students and can be taken for gradu-
ate credit.

The course credit weight is given in parentheses after the title.

SOCI 504 QUANTITATIVE METHODS 1. (3) (Prerequisites: SOCI
350 and SOCI 461 or equivalents) Analysis of quantitative infor-
mation, especially in large, survey-type, data sets. Use of compu-
ter programs such as SPSS and SAS. Topics include: cross
 tabulations with an emphasis on multi-dimensional tables, multiple
correlation and regression, and, the relationship between individ-
ual and aggregate level statistical analyses. Special reference to
demographic techniques.
SOCI 505 QUANTITATIVE METHODS 2. (3) (Prerequisite: SOCI 504) Topics include: problems and solutions - in regression analysis, models for categorical dependent variables, including logit, log-linear, and linear probability models, measurement models, structural equation models with latent variables (LISREL), and time series and panel analysis.

SOCI 506 QUANTITATIVE METHODS 3. (3) (Prerequisite: SOCI 504 or equivalent or permission of instructor.) Advanced statistical analyses focusing on advanced methods such as event history analysis and analysis of contingency tables.

SOCI 507 SOCIAL CHANGE. (3) (Restrictions: Not open to students who have taken SOCI 672. Undergraduates by permission of instructor only.) An examination of the major sociological theories of long term macro social change. Topics include why industrialization began in Europe instead of Asia, the divergence among societies in systems of class, gender, ethnic and racial inequality, and whether industrial society has entered a new post-industrial or post-modern phase.

SOCI 508 MEDICAL SOCIOLOGY AND SOCIAL PSYCHIATRY. (3) (Prerequisite: SOCI 309 or SOCI 310 or Permission of the Instructor.) (Note: Open to Social Studies of Medicine students.) The social construction of mental illness and disease, the personal and professional definition and recognition of illness, the distribution and determinants of illness, disease, sickness in the population, and the politics of medical research.

SOCI 510 SEMINAR IN SOCIAL STRATIFICATION. (3) (Prerequisites: SOCI 333 and SOCI 350 or equivalents) Recent theoretical and empirical developments in social stratification and inequality. The study of social class, with attention to the anomalous findings on heterogeneity in labour markets and the labour process, status attainment processes, and the socio-political and industrial attitudes of the working class. Students will prepare quantitative analysis of Canadian survey material as well as critical qualitative reviews.

SOCI 511 MOVEMENTS/COLLECTIVE ACTION. (3) A critical examination of classical and more recent approaches to the study of social movements and collective action. Discussion of: the role of grievances and interests, incentives and beliefs, conditions of breakdown and solidarity, mobilization and social control, the dynamics of collective action.

SOCI 512 ETHNICITY & PUBLIC POLICY. (3) (Prerequisite: SOCI 230 or permission from the instructor.) (Restriction: Not open to students who have taken SOCI 629.) Major themes in the theoretical literature on ethnicity. Public policies with direct and indirect implications for inter-ethnic relations will be studied. Policies affecting areas such as language, education, immigration, employment and promotion, multiculturalism and welfare. Examples drawn from several multi-ethnic societies. Political, constitutional, and economic problems associated with these policy initiatives.

SOCI 513 SOCIAL ASPECTS HIV/AIDS IN AFRICA. (3) (Prerequisites: SOCI 225 or SOCI 309 or Permission of Instructor.) Examination of the social causes and consequences of HIV/AIDS in Africa. Gender inequity, sexual behaviors, marriage systems, migration, and poverty are shaping the pandemic as well as how the pandemic is altering social, demographic and economic conditions across Africa.

SOCI 514 CRIMINOLOGY. (3) (Prerequisite: Permission of Instructor.) (Note: Grad students and U3 students only.) A survey of the major schools of thought that have developed to explain criminal behavior from the emergence of modern criminology in the 18th and 19th centuries to current debates.

SOCI 515 MEDICINE AND SOCIETY. (3) (Prerequisite: Undergraduate students require permission of instructor) The sociology of health and illness. Reading in areas of interest, such as: the sociology of illness, health services occupations, organizational setting of health care, the politics of change in national health service systems, and contemporary ethical issues in medical care and research.

SOCI 516 SOCIOLOGICAL THEORY & RESEARCH. (3) (Prerequisites: SOCI 330 or Permission of Instructor) (Note: Topics will vary from year to year.) Selected topics of current faculty interest in sociological theory and research.

SOCI 519 GENDER AND GLOBALIZATION. (3) (Prerequisite: SOCI 270 or permission of instructor.) Focus on the diverse forces of globalization that impact the lives of men and women. Critical analysis of key theories and concepts implicated in the intersection of globalization processes with gender dynamics.

SOCI 520 MIGRATION AND IMMIGRANT GROUPS. (3) (Prerequisite: 15 credits in the Social Sciences) Review of the major demographic, economic and sociological theories of internal and international migration. The main emphasis will be on empirical research on migration and immigrant groups.

SOCI 525 HEALTH CARE SYSTEMS IN COMPARATIVE PERSPECTIVE. (3) (Prerequisite: Permission of Instructor.) (Restriction: Not open to students who are taking or have taken EPIB 525.) (Note: This course is cross-listed in Epidemiology, Biostatistics and Occupational Health and in Sociology.) Comparative perspective to illustrate processes involved in the development and evolution of health care systems around the world. Countries examined will represent different welfare state regimes, health care system typologies, levels of development and wealth.

SOCI 530 SEX AND GENDER. (3) (Restriction: Open to Honours Sociology students and to Sociology Majors with the permission of the instructor) This seminar critically reviews theoretical perspectives and research on sex and gender in various domains of social life. It gives special emphasis to work which considers the meaning of gender and how it differs across time and place.

SOCI 535 SOCIOLOGY OF THE FAMILY. (3) (Undergraduate students require permission of instructor) This seminar reviews literature on major research areas in family. The course examines families in the past, the study of family using a life course approach, and considers selective areas which may have had significant influences on contemporary family such as work and family, family violence, and cultural variation in families.

SOCI 538 SELECTED TOPICS IN SOCIOLOGY OF BIOMEDICAL KNOWLEDGE. (3) The seminar will examine recent work in the sociology of biomedical knowledge. It will focus on the technological shaping of biomedical knowledge, i.e., on the impact of new technologies and equipments on the development of biomedical knowledge.

SOCI 540 QUALITATIVE RESEARCH METHODS. (3) (Restrictions: open to Sociology Honours students, and Sociology Major Concentration students with the instructor’s permission) Qualitative methodology, mainly participant observation, structured and unstructured interviewing. Students begin a research project using these techniques and submit field notes once a week.

SOCI 545 SOCIOLOGY OF POPULATION. (3) (Prerequisites: SOCI 234 or equivalent.) The classic literature of sociology of population. Drawing reciprocal linkages between social and population processes: Historical, family and labour force demography, demographic and fertility transitions, mortality, ethnic and race relations, gender, macro-structural interaction theory, and the relation of population and the environment.

SOCI 546 DEVELOPING SOCIETIES. (3) Comparison of alternative explanations of underdevelopment: the impact of social stratification, relations of domination and subordination between countries, state interference with the market. Alternative strategies of change: revolution, structural adjustment, community development and cooperatives. Students will write and present a research paper, and participate extensively in class discussion.

SOCI 555 COMPARATIVE HISTORICAL SOCIOLOGY. (3) (Restriction: Undergraduate students require permission of instructor) The analysis of patterns of state and nation-building in historical and comparative perspectives with particular attention being given to methodology.

SOCI 556 SOCIAL CHANGE IN PANAMA. (3) (Prerequisites: SOCI 210 and SOCI 350 or equivalents.) (Restriction: Students must register for a full term in the Panama Field Studies Semester.) (Note: Four field trips.) Analysis of social change in Panama, particularly during the 20th century: demography, social and
economic structures, rural and urban activities and landscapes, indigenous peoples, the effects of the Canal and the Free Trade Zone. Focus throughout on the interaction of human society and the environment.

SOCI 571 DEVIANCE AND SOCIAL CONTROL. (3) This seminar focuses on how social groups enforce rules (and maintain social order) through coercion and socialization. It reviews current research and critiques key theoretical approaches to social control. Included are discussions of regulating institutions such as prisons and mental asylums, and the roles of gossip, manners and etiquettes.

SOCI 580 SOCIAL RESEARCH DESIGN AND PRACTICE. (3) (Restriction: Open to U3 and graduate students) Asking researchable sociological questions and evaluation of different research designs used to answer such questions. Development of cogent research proposals, including data collection procedures. Principles, dynamics, strengths and practical limitations of research designs. Examples from recent publications.

SOCI 588 SOCIOLOGY OF KNOWLEDGE. (3) (Restriction: Not open to students who have taken SOCI 661.) A review of the current research in the sociology of knowledge. The focus will be on sociological studies of the formation, circulation and reception of scientific and artistic ideas, beliefs and practices, and the configuration and social organization of the collectives involved in these processes.

SOCI 603 BIBLIOGRAPHIC METHODS 1. (3) (Corequisite: SOCI 604.) (Restriction: Restricted to Sociology M.A. students.) Research-related skills for the production of a research bibliography under the supervision of a faculty member.

SOCI 604 BIBLIOGRAPHIC METHODS 2. (3) (Corequisite: SOCI 603.) (Restriction: Restricted to Sociology M.A. students.) Advanced research-related skills for the production of a research bibliography under the supervision of a faculty member.

SOCI 627 POLITICAL SOCIOLOGY. (3) Key theories and empirical areas of political sociology. Major works relevant to each theme will be read and analyzed. Topics include: political socialization, the social psychology of political behaviour, class and politics, political organizations, elite studies. A research paper in one of the areas covered will be required.

SOCI 652 CURRENT SOCIOLOGICAL THEORY. (3) (Prerequisite: SOCI 330) Examination of works in some major areas of Sociology with a focus on: antecedent thought and research in the area; the internal structure and consistency of these works; the validity of the major claims made; and the implications for future theoretical development and research.

SOCI 688 SOCIAL STATISTICS 1. (1.5) (Prerequisite: SOCI 504 or permission of Social Statistics Program advisor.) (Note: Students in the Social Statistics Option must take both SOCI 688 (Social Statistics 1) and SOCI 689 (Social Statistics 2).) (Restriction: Not open to students who have taken SOCI 688 prior to Winter 2007.) Social statistics seminar.

SOCI 689 SOCIAL STATISTICS 2. (1.5) (Prerequisite: SOCI 688 or permission of Social Statistics Program advisor.) (Note: Students in the Social Statistics Option must take both SOCI 688 (Social Statistics 1) and SOCI 689 (Social Statistics 2).) (Restriction: Not open to students who have taken SOCI 688 prior to Winter 2007.) Social statistics seminar.

SOCI 690 M.A. THESIS 1. (3) (Restriction: Open only to graduate students registered in the M.A. thesis program of the Sociology Department.) Exploratory thesis research for the selection of a thesis topic.

SOCI 691 M.A. THESIS 2. (6) (Restriction: Open only to graduate students registered in the M.A. thesis program of the Sociology Department.) Preparation, submission and approval of the thesis proposal by the student to his/her committee.

SOCI 696 RESEARCH PAPER 1. (3) (Restriction: Open only to graduate students registered in the M.A. thesis program of the Sociology Department.) Exploratory research for the selection of a research topic.

SOCI 697 RESEARCH PAPER 2. (3) Preparation, submission and approval of the proposal by the student to his/her supervisor.

SOCI 698 RESEARCH PAPER 3. (6) (Restriction: Open only to graduate students registered in the M.A. thesis program of the Sociology Department.) Fieldwork and data analysis on the research.

SOCI 699 RESEARCH PAPER 4. (12) Completion, submission and approval of the research paper by the committee.

SOCI 700 PH.D. AREA EXAMINATION 1. (0) (Restriction: Only open to Ph.D. students in the Sociology Department) The examination assesses the student's breadth of knowledge in one substantive area. This is the first of two required comprehensive examinations for the Ph.D. Program.

SOCI 701 PH.D. AREA EXAMINATION 2. (0) (Restriction: Only open to Ph.D. students in the Sociology Department) The examination assesses the student's breadth of knowledge in one substantive area. This is the second of two required comprehensive examinations for the Ph.D. Program.

SOCI 702 PH.D. PROPOSAL APPROVAL. (0) (Restriction: Only open to Ph.D. students in the Sociology Department) Presentation and acceptance of the Ph.D. Proposal Defense by the student to the Department Proposal Committee.

SOCI 703 BIBLIOGRAPHIC METHODS 3. (0) (Restriction: Restricted to Sociology Ph.D. students.) Further development of research-related skills and the production of a research bibliography under the supervision of a faculty member.

SOCI 704 BIBLIOGRAPHIC METHODS 4. (0) (Restriction: Restricted to Sociology Ph.D. students.) Further development of research-related skills and the production of a research bibliography under the supervision of a faculty member.

SOCI 720 READING IN SOCIAL THEORY. (3)

SOCI 730 READING AND RESEARCH. (3)

The Department of Surgery offers graduate programs leading to M.Sc. and Ph.D. degrees, and a Graduate Diploma in Surgical Health Care Research.

The main research interests in the Department include projects on islet cell differentiation and islet transplantation, tissue engineering of cardiac muscle, immunopathogenesis of liver xenograft rejection; the biology of tissue repair and fibrosis; cartilage regeneration and osteoinduction and biomechanics; sepsis and multi-organ failure; biology of cancer; sexual dysfunction and prostate cancer; and surgical health outcomes.

A list of research directors and a description of their research topics, as well as application forms may be obtained from our Website.

### Admission Requirements

**Graduate Diploma in Surgical Health Care Research**

The program is open to all graduate students in the Division of Surgical Research, but is specifically designed for surgical residents who have allotted time during their residency training. To be accepted into the Graduate Diploma Program student must be accepted into the Division of Surgical Research; fulfill the minimum requirements for admission to the Graduate and Postdoctoral Studies Office; identify an acceptable and feasible research project; and identify an accredited faculty member willing to support the research and supervise the student. The program is under the direction of Professor John Sampalis.

**M.Sc. Program**

Usually a B.Sc., M.D. or D.V.M. degree, with a minimum CGPA of 3.2/4.0. Applications will be accepted from candidates sponsored by a research supervisor willing to provide laboratory space and direction for their research work.

**Ph.D. Program**

Admission is usually from the M.Sc. program either upon completion of the M.Sc. degree, or by transfer from the first year of M.Sc. to the second year of Ph.D. studies. Request for such transfer is to be made in writing by the thesis supervisor during the candidate's first year of M.Sc. studies, not later than March 30th for students enrolled in September, or October 15 for those registered in January. The student must then apply for admission to the Ph.D. program in order to effect the transfer. Transfer is granted on the basis of an examination administered by the student's Research Supervisory Committee. Exceptional students with a minimum 3.5/4.0 CGPA may apply directly to the Ph.D. program. Students must apply for admission to transfer to the Ph.D. by the deadline.

Students with an M.Sc. degree from other departments or from other recognized universities whose M.Sc. topic is closely related to the subject of their Ph.D. research may be admitted directly into the Ph.D. program, at the level of Ph.D. 2, at the discretion of the Department. Exceptional students with a Master's degree unrelated to their proposed research may be admitted to Ph.D.1.

### Application Procedures

Applicants must submit a completed application form including a brief curriculum vitae, a short description of the proposed thesis research (prepared by the student and/or the prospective research director), $80 (payable by credit card, certified cheque or money order to McGill University), as well as two copies of all academic transcripts and two letters of recommendation mailed directly to the Department. A letter of intent and a memorandum of agreement are also required from the prospective supervisor. TOEFL scores must be submitted when applicable.

Deadline for receipt of complete applications:
- Canadian applicants: May 1 for September (Fall term)
- September 1 for January (Winter term)
- International applicants: February 1 for September (Fall term)
- August 1 for January (Winter term)

McGill's online application form for graduate program candidates is available at [www.mcgill.ca/applying/graduate](http://www.mcgill.ca/applying/graduate).
Project - Required (9 credits)
EXSU 637 (9) Research Project

M.Sc. in Experimental Surgery (48 credits)

Students must complete the program during three terms; an additional term is assigned for the preparation of the thesis. Depending on their individual background, students may be asked by their Research Supervisory Committee to take additional courses.

Required Courses (12 credits)
EXSU 601 (6) Knowledge Management
EXSU 606 (3) Statistics for Surgical Research
EXSU 605 (3) Biomedical Research Innovation

Complementary Course (3 credits)
3 credits, one graduate-level course in the student's specialty, selected in consultation with the Research Supervisory Committee.

Thesis Component - Required (33 credits)
EXSU 690 (4) M.Sc. Research 1
EXSU 691 (4) M.Sc. Research 2
EXSU 692 (4) M.Sc. Research 3
EXSU 693 (21) M.Sc. Thesis

Ph.D. in Experimental Surgery

The minimum residence time in the program is three calendar years. In addition to those listed below, students are encouraged to select additional courses from allied disciplines relevant to their research topic. Depending on their individual background, students may be asked by their Research Supervisory Committee to take additional courses.

Required Courses (12 credits)
EXSU 601 (6) Knowledge Management
EXSU 606 (3) Statistics for Surgical Research
EXSU 605 (3) Biomedical Research Innovation

Complementary Course (3 credits)
3 credits, one graduate-level course in the student's specialty, selected in consultation with the Research Supervisory Committee.

Comprehensive – Required
EXSU 700 (0) Comprehensive Examination

All Ph.D. students (admitted directly into the Ph.D. program, or those allowed to transfer from M.Sc.1 to Ph.D. 2 without writing an M.Sc. thesis) must take the Comprehensive Examination. The examination is to take place after 12 months of residence in the Ph.D. program, and will be administered by an expanded Research Supervisory Committee under its Chair.

The examination will have two components: an oral presentation of the candidate's research project, as well as preparation of a report in writing on an assigned research publication, and its oral presentation. The candidate must receive a pass mark in both components to continue in the Ph.D. program.

EXSU 601 Knowledge Management, (6) (1 1/2 hours/week) (Compulsory for students in the Department of Surgery and available to others by permission of the coordinators) Critical elements required for the preparation of abstracts and full-length manuscripts, and the creation and delivery of digital slide presentations.

EXSU 601D1 (3), EXSU 601D2 (3) Knowledge Management. (Students must register for both EXSU 601D1 and EXSU 601D2) (No credit will be given for this course unless both EXSU 601D1 and EXSU 601D2 are successfully completed in consecutive terms) (EXSU 601D1 and EXSU 601D2 together are equivalent to EXSU 601) Critical elements required for the preparation of abstracts and full-length manuscripts, and the creation and delivery of digital slide presentations.

EXSU 601N1 Knowledge Management. (3) (Students must also register for EXSU 601N2) (No credit will be given for this course unless both EXSU 601N1 and EXSU 601N2 are successfully completed in a twelve month period) (EXSU 601N1 and EXSU 601N2 together are equivalent to EXSU 601) Critical elements required for the preparation of abstracts and full-length manuscripts, and the creation and delivery of digital slide presentations.

EXSU 601N2 Knowledge Management. (3) (Prerequisite: EXSU 601N1) (No credit will be given for this course unless both EXSU 601N1 and EXSU 601N2 are successfully completed in a twelve month period) (EXSU 601N1 and EXSU 601N2 together are equivalent to EXSU 601) See EXSU 601N1 for course description.

EXSU 605 Biomedical Research Innovation, (3) (2 hours/week) (Compulsory for students in the Department of Surgery and available to others by permission of the coordinators) Introduction to the novel and/or emerging technologies in the field of biomedical research.

EXSU 606 Statistics for Surgical Research, (3) (2 hours/week) (Compulsory for students in the Department of Surgery and available to others by permission of the coordinators)

EXSU 637 Research Project, (9)

EXSU 637D1 (4.5), EXSU 637D2 (4.5) Research Project. (Students must register for both EXSU 637D1 and EXSU 637D2) (No credit will be given for this course unless both EXSU 637D1 and EXSU 637D2 are successfully completed in consecutive terms)

EXSU 684 Signal Transduction, (3) (2 hours/week) (Restriction: Open to graduate students with prerequisites and U3 undergraduates with special permission)

EXSU 690 M.Sc. Research 1. (4)

EXSU 690D1 (2), EXSU 690D2 (2) M.Sc. Research 1. (Students must register for both EXSU 690D1 and EXSU 690D2) (No credit will be given for this course unless both EXSU 690D1 and EXSU 690D2 are successfully completed in consecutive terms) (EXSU 690D1 and EXSU 690D2 together are equivalent to EXSU 690)

EXSU 690N1 M.Sc. Research 1. (2) (Students must also register for EXSU 690N2) (No credit will be given for this course unless both EXSU 690N1 and EXSU 690N2 are successfully completed in a twelve month period) (EXSU 690N1 and EXSU 690N2 together are equivalent to EXSU 690)

EXSU 690N2 M.Sc. Research 1. (2) (Prerequisite: EXSU 690N1) (No credit will be given for this course unless both EXSU 690N1 and EXSU 690N2 are successfully completed in a twelve month period) (EXSU 690N1 and EXSU 690N2 together are equivalent to EXSU 690) See EXSU 690N1 for course description.

EXSU 691 M.Sc. Research 2. (4)

EXSU 691D1 (2), EXSU 691D2 (2) M.Sc. Research 2. (Students must register for both EXSU 691D1 and EXSU 691D2) (No credit will be given for this course unless both EXSU 691D1 and EXSU 691D2 are successfully completed in consecutive terms) (EXSU 691D1 and EXSU 691D2 together are equivalent to EXSU 691)

EXSU 691N1 M.Sc. Research 2. (2) (Students must also register for EXSU 691N2) (No credit will be given for this course unless
both EXSU 691N1 and EXSU 691N2 are successfully completed in a twelve month period) (EXSU 691N1 and EXSU 691N2 together are equivalent to EXSU 691)

EXSU 691N1 M.Sc. Research 2. (2) (Prerequisite: EXSU 691N1) (No credit will be given for this course unless both EXSU 691N1 and EXSU 691N2 are successfully completed in a twelve month period) (EXSU 691N1 and EXSU 691N2 together are equivalent to EXSU 691) See EXSU 691N1 for course description.

EXSU 692D1 M.Sc. Research 3. (4)
EXSU 692D1 (2), EXSU 692D2 (2) M.Sc. Research 3. (Students must register for both EXSU 692D1 and EXSU 692D2) (No credit will be given for this course unless both EXSU 692D1 and EXSU 692D2 are successfully completed in consecutive terms) (EXSU 692D1 and EXSU 692D2 together are equivalent to EXSU 692)

EXSU 692N1 M.Sc. Research 3. (2) (Students must also register for EXSU 692N2) (No credit will be given for this course unless both EXSU 692N1 and EXSU 692N2 are successfully completed in a twelve month period) (EXSU 692N1 and EXSU 692N2 together are equivalent to EXSU 692)

EXSU 692N2 M.Sc. Research 3. (2) (Prerequisite: EXSU 692N1) (No credit will be given for this course unless both EXSU 692N1 and EXSU 692N2 are successfully completed in a twelve month period) (EXSU 692N1 and EXSU 692N2 together are equivalent to EXSU 692) See EXSU 692N1 for course description.

EXSU 693 M.Sc. Thesis. (21)
EXSU 693D1 (10.5), EXSU 693D2 (10.5) M.Sc. Thesis. (Students must register for both EXSU 693D1 and EXSU 693D2) (No credit will be given for this course unless both EXSU 693D1 and EXSU 693D2 are successfully completed in consecutive terms) (EXSU 693D1 and EXSU 693D2 together are equivalent to EXSU 693)

EXSU 693N1 M.Sc. Thesis. (10.5) (Students must also register for EXSU 693N2) (No credit will be given for this course unless both EXSU 693N1 and EXSU 693N2 are successfully completed in a twelve month period) (EXSU 693N1 and EXSU 693N2 together are equivalent to EXSU 693)

EXSU 693N2 M.Sc. Thesis. (10.5) (Prerequisite: EXSU 693N1) (No credit will be given for this course unless both EXSU 693N1 and EXSU 693N2 are successfully completed in a twelve month period) (EXSU 693N1 and EXSU 693N2 together are equivalent to EXSU 693) See EXSU 693N1 for course description.

EXSU 700 COMPREHENSIVE EXAMINATION. (0)
EXSU 700D1 (0), EXSU 700D2 (0) COMPREHENSIVE EXAMINATION. (Students must register for both EXSU 700D1 and EXSU 700D2) (No credit will be given for this course unless both EXSU 700D1 and EXSU 700D2 are successfully completed in consecutive terms) (EXSU 700D1 and EXSU 700D2 together are equivalent to EXSU 700)

78.2 Programs Offered

The objective of the School is to produce qualified professional urban planners for the public and the private sectors. Training is provided at the post-graduate level; the degree offered is the Master of Urban Planning (M.U.P.). There is one formal specialization available as of September 2007: the M.U.P. with Urban Design option. This is a joint program with the School of Architecture involving shared studio and seminar courses. All M.U.P. students may also opt to spend a semester in Barbados as part of the Barbados Field Study Semester.

Upon completion of the two-year program of studies, graduates are expected to have acquired basic planning skills, a broad understanding of urban issues, and specialized knowledge in a field of their own choice.

The program of study offered by the School is fully recognized by the Ordre des Urbanistes du Québec (O.U.Q.) and the Canadian Institute of Planners (C.I.P.). Graduates can become full members of the O.U.Q. and other provincial planning associations by meeting their respective internship and examination requirements; this, in turn, will make them eligible for membership in the C.I.P., and for admission to the American Institute of Certified Planners (A.I.C.P.) and other such organizations.

Modern urban planning developed into a profession in the early decades of the twentieth century, largely as a response to the appalling sanitary, social and economic conditions of rapidly developing industrial cities. Initially, the disciplines of architecture, landscape architecture, civil engineering and public health provided the nucleus of concerned professionals; beautification schemes and infrastructure works marked the early stages of public intervention in the nineteenth century. Architects, engineers and public health specialists were joined by economists, sociologists, lawyers and geographers as the complexities of the city’s problems came to be more fully understood and public pressure mounted for their solution. Contemporary urban and regional planning techniques for survey, analysis, design and implementation developed from an interdisciplinary synthesis of these various fields, as did the practice of urban design.

Today, urban planning can be described as the collective management of urban development. It is concerned with the welfare of communities, control of the use of land, design of the built environment (including transportation and communication networks), and promotion and enhancement of the natural environment. It is at once a technical and a political process which brings together actors from the public, private and community spheres. Planners
participate in this process in a variety of ways, as designers, analysts, advocates and mediators, facilitating the search for equitable and efficient solutions to problems of urban growth and development.

McGill University was the first institution in Canada to offer a full-time planning program. An inter-disciplinary program was established in 1947, in which students combined a master's degree in Urban Planning with one in a related field. An autonomous program was established in 1972. It became the School of Urban Planning in 1978, a unit within the Faculty of Engineering. It has strong links with the School of Architecture, which is housed in the same building, notably in initiating a new set of joint options in Urban Design. The Urban Design option enables qualified students to specialize in this growing area of professional practice.

Urban design practitioners work in concert with developers, architects, builders, and other key stakeholders on strategic interventions or projects. They develop clear guidelines that are used to shape the built environment as well as articulating plans in four dimensions, including space and time. Details are outlined on the Urban Design option Website at www.mcgill.ca/urbanodesign.

Students come to the School from diverse backgrounds, the physical sciences, the traditional professions, such as architecture and engineering, and the social sciences. Alumni of the School work as planners and designers at various levels of government, in non-profit organizations and with private consulting firms. Their expertise ranges from historic preservation to traffic management, from housing development to computer imaging. They devote their efforts in increasing numbers to environmental planning and sustainable development.

The School is a partner in the Montreal Interuniversity Group on Urbanization and Development, a consortium recognized by CIDA as a Centre of Excellence, which is devoted to the study of urban problems and the formulation of policies in developing regions. Faculty and students collaborate actively with members of other McGill departments, notably Architecture, Geography, Civil Engineering and Law, and with colleagues at other institutions in Montréal, across Canada, and abroad.

78.3 Admission Requirements

The M.U.P. degree is open to students holding a bachelor's degree or equivalent in Anthropology, Architecture, Economics, Engineering, Environmental Studies, Geography, Law, Management, Political Science, Social Work, Sociology or Urban Studies. Students from other backgrounds are considered for admission on an individual basis.

In addition to the documents for admission required by the Graduate and Postdoctoral Studies Office, the following must be submitted:

1. Statement of specific interest in the area of Urban Planning.
2. For architects and applicants to the urban design specialization only, a portfolio containing at least five (5) examples of architectural work accomplished in school and in practice. (Portfolios are not to exceed 8 1/2" x 11" in size.)
3. Curriculum Vitae
4. Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English. By the admissions deadline, appropriate exam results must be submitted directly from the TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing Systems) Office. The minimum requirement for the TOEFL test is as follows: PBT - 600, CBT - 250, IBT - 100, with each component score not less than 23. The minimum score for the IELTS test is 7.0.

The deadline for submitting applications and supporting material is February 1.

McGill’s online application form for graduate program candidates is available at www.mcgill.ca/applying/graduate.

Awards and Financial Assistance

For information regarding awards and financial assistance, please refer to the Graduate and Postdoctoral Studies Office Graduate Fellowships and Awards Calendar.

78.4 Program Requirements

Master of Urban Planning (Non-Thesis) (66 credits)

The M.U.P. requires two years of study including a three-month internship with a member of a recognized planning association. Students are required to prepare a Supervised Research Project which may take the form of investigative research, an impact study, a development project, or a plan. It may be undertaken jointly with another student.

**Courses open only to students enrolled in the Barbados Field Study Semester. Students may elect to complete a Field Study Semester in Barbados during the fall term of their second year in the program. With this option, URBP 519 is substituted for URBP 624. Coursework must include URBP 507, URBP 520 and URBP 634. All other requirements for the MUP degree apply.

452 2007-2008 Graduate and Postdoctoral Studies, McGill University
The Urban Design option allows students to specialize in this field of practice of Urban Design. Studio courses, an internship and a final project will be required to complete the Urban Planning degree (M.U.P.).

In order to satisfy this requirement, students may take graduate courses in planning. These courses must be at the 500 or 600 levels. They may be taken in any academic unit at McGill or at another university subject to the approval of the School.

**Master of Urban Planning (Non-Thesis)—Urban Design**

**Option/Concentration (66 credits)**

The Urban Design option allows students to specialize in this field as part of their course of study for the Master of Urban Planning degree (M.U.P.). Studio courses, an internship and a final project involve real-life work that prepares students for the professional practice of Urban Design.

**Required Courses (33 credits)**

- PUB1 004* (3) Land Use Planning
- URBD 611 (6) Studio 1: Analysis and Concept
- URBD 612 (3) Seminar 1: Analysis and Concept
- URBD 613 (6) Studio 2: Project Development
- URBD 614 (3) Seminar 2: Project Development
- URBP 612 (3) History and Theory of Planning
- URBP 624 (6) Planning Projects 3
- URBP 633 (3) Planning Methods

* Students who have completed the material for a course marked with an asterisk may request permission from the instructor to substitute another course.

**Elective Courses (0 - 6 credits)**

Students may select additional courses that would be helpful in developing an in-depth knowledge of one or more subject areas in the field of planning. These courses must be at the 500 or 600 levels. They may be taken in any academic unit at McGill or at another university. Frequent choices are classes in real-estate analysis, urban geography, sociology, anthropology, law, politics, and environmental science. Students must confirm that the elective course(s) they select will be counted towards the MUP degree prior to registration.

**Internship - Required (6 credits)**

URBP 628 (6) Practical Experience

**Project Component - Required (15 credits)**

URBP 630 (3) Supervised Research Project 1
URBP 631 (6) Supervised Research Project 2
URBP 632 (6) Supervised Research Project 3

**Complementary Courses (12 credits)**

6 credits: a minimum of two courses, must be selected from the following:

- ARCH 520 (3) Montreal: Urban Morphology
- ARCH 521 (3) Structure of Cities
- ARCH 527 (3) Civic Design
- URBP 616 (3) Selected Topics 1
- URBP 621 (3) Theories of Urban Form

In order to satisfy this requirement, students may take graduate level courses that are equivalent at the Université de Montréal with approval of the School.

6 credits: a minimum of two courses must be selected from the following:

- ARCH 515 (3) Sustainable Design
- ARCH 528 (3) History of Housing
- ARCH 529 (3) Housing Theory
- ARCH 550 (4) Urban Planning and Development
- URBP 601 (2) Principles and Practice 1
- URBP 605 (3) Geographical Information Systems
- URBP 630 (6) Urban Environmental Planning
- URBP 605 (3) Graduate Seminar
- URBP 607 (3) Reading Course: Urban Planning
- URBP 617 (3) Selected Topics 2
- URBP 618 (3) Selected Topics 3
- URBP 619 (3) Transportation and Land Development
- URBP 625 (2) Principles and Practice 2
- URBP 626 (2) Principles and Practice 3
- URBP 627 (2) Principles & Practice: Design Competition
- URBP 629 (3) Cities in a Globalization World

Students may select classes from among additional courses at the 500 or 600 levels in any academic unit at McGill or at another university subject to the approval of the School.

**Internship - Required (6 credits)**

URBP 628 (6) Practical Experience

**Project Component - Required (15 credits)**

URBP 630 (3) Supervised Research Project 1
URBP 631 (6) Supervised Research Project 2
URBP 632 (6) Supervised Research Project 3

**78.5 Courses**

Students preparing to register should consult the Web at www.mcgill.ca/minerva (click Class Schedule) for the most up-to-date list of courses available; courses may have been added, rescheduled or cancelled after this Calendar went to press. Class Schedule lists courses by term and includes days, times, locations, and names of instructors.

The course credit weight is given in parentheses after the title.

**URBP 501 PRINCIPLES AND PRACTICE 1.** (2) (2-0-4) This six-week intensive course exposes students to issues and techniques that are applicable in diverse professional planning contexts. The subject matter, geographic area, scale of intervention and institutional location of planning varies from semester to semester. The course focuses on a specific case study and is taught by a visiting lecturer with professional experience in the selected subject matter.

**URBP 505 GEOGRAPHIC INFORMATION SYSTEMS.** (3) (0-2-7) An introduction to fundamental geographic information system (GIS) concepts and a range of GIS applications in urban and regional planning.

**URBP 506 ENVIRONMENTAL POLICY AND PLANNING.** (3) (3-0-6)

(Restriction: This course is open to students in U3 and above) Analytical and institutional approaches for understanding and addressing urban and other environmental problems at various scales; characteristics of environmental problems and implications; political-institutional context and policy instruments; risk perception and implications; cost-benefit analysis, risk assessment, multiple-objectives approaches, life-cycle analysis; policy implementation issues; case studies.

**URBP 507 PLANNING AND INFRASTRUCTURE.** (3) (8-5-5) (Restriction: Must be enrolled in the Barbados Field study Semester.) An exploration of the interrelationship between land-use planning and infrastructure provision, especially water and sewerage. An examination of their policy and regulatory frameworks and other methodology of plan making and evaluation.

**URBP 519 SUSTAINABLE DEVELOPMENT PLANS.** (6) (0-10-8)

(Restrictions: Must be enrolled in Barbados Field Study Semester. Not open to students who have taken or are taking AGRI 519 or CIVE 519.) Geared for solving real-world environmental problems related to water at the local, regional and international scale in Barbados. Projects to be designed by instructors in consultation with university, government and NGO partners and to be conducted by teams of 2 to 4 students in collaboration with them.

**URBP 520 GLOBALIZATION: PLANNING AND CHANGE.** (3) (3-3-3)

(Restriction: Must be enrolled in the Barbados Field study Semester.) Economic and social issues related to planning for sustainable development, with a focus on water. Political and environmental determinants of resource use. Impact of global, regional and local institutions, programs and plans in Barbados and in the field locale in general.

**URBP 530 URBAN ENVIRONMENTAL PLANNING.** (3) Urban environmental planning with a focus on sustainability and smart growth. Consideration is given to the tools, techniques and processes that planners use to promote sustainable urban development. Local applications and community initiatives are addressed.

**URBP 605 GRADUATE SEMINAR.** (3) This seminar is directed to the needs of individual students. It focuses on topics of special interest.
not included in the curriculum. It is given by members of staff as a tutorial.

**URBP 607 READING COURSE: URBAN PLANNING.** (3) The Reading Course offers an opportunity to explore, under the supervision of a staff member, subject areas relevant to urban planning.

**URBP 609 PLANNING GRAPHICS.** (3) Designed to familiarize the student with graphic techniques used in professional planning work, as well as to heighten environmental perception. Weekly lecture which reviews theory and practice followed by a weekly studio assignment involving the application of practical skills.

**URBP 612 HISTORY AND THEORY OF PLANNING.** (3) A review of planning history and theories of planning. These are examined under three categories: explanation of urban phenomena, substantive theory, and theories of process.

**URBP 616 SELECTED TOPICS 1.** (3) Special topics related to Urban Planning will be presented by staff and visiting lecturers.

**URBP 617 SELECTED TOPICS 2.** (3) Special topics related to Urban Planning will be presented by staff and visiting lecturers.

**URBP 618 SELECTED TOPICS 3.** (3) Special topics related to Urban Planning will be presented by staff and visiting lecturers.

**URBP 619 TRANSPORTATION AND LAND DEVELOPMENT.** (3) Urban land development projects: design procedures and standards for internal traffic distribution, auto, truck and pedestrian access, parking requirements, and the development of transportation-related land-use controls. Methods for assessing the impact of land development projects on external traffic. Transportation/land-use relationships at the broader regional scale, with a review of land-use forecasting and allocation models and procedures for the coordination of comprehensive transportation/land-use planning.

**URBP 622 PLANNING PROJECT 1.** (6) (studio) This studio introduces practical problems based on real world cases. Material covered includes: problem definition; data sources, collection and analysis; goal setting; the creative process; problem solving; and policy implications. Students work in interdisciplinary groups. Each studio terminates with an oral and graphic presentation of work to which expert critics are invited. Progress is evaluated according to performance in class, in the oral presentation, and on written reports.

**URBP 623 PLANNING PROJECTS 2.** (3) This studio introduces practical problems based on real world cases. Material covered includes: problem definition; data sources, collection and analysis; goal setting; the creative process; problem solving; and policy implications. Students work in interdisciplinary groups. Each studio terminates with an oral and graphic presentation of work to which expert critics are invited. Progress is evaluated according to performance in class, in the oral presentation, and on written reports.

**URBP 624 PLANNING PROJECTS 3.** (6) (Prerequisites: Planning Projects I and II.) (Restriction: Not open to students who have taken URBP 604.) The second-year studio is designed to permit the study of planning problems in depth. Problems are chosen depending on the experience and research interests of the participants, or for their topical nature.

**URBP 625 PRINCIPLES AND PRACTICE 2.** (2) This six-week intensive course exposes students to issues and techniques which are applicable in diverse professional planning contexts that vary in terms of their subject matter, location, scale and the role played by planners. The course focuses on a specific case study and is taught by a visiting lecturer with experience in the selected subject area. Course topics are systematically varied over a two-year cycle.

**URBP 626 PRINCIPLES AND PRACTICE 3.** (2)

**URBP 629 CITIES IN A GLOBALIZING WORLD.** (3) (3-0-6) (Prerequisite: URBP 622 or permission of instructor.) Cities and planning in comparative perspective; focus on the developing world. Topics covered include: global and local processes shaping cities worldwide, urban problems in developed and developing regions, and the impacts of planning and governance on urban form, economic growth, and equity.

**URBP 630 SUPERVISED RESEARCH PROJECT 1.** (3) The Supervised Research Project is intended to focus a student’s interests on a particular area of enquiry at the end of studies for a Master’s Degree in Planning. It should ideally provide the transition into practice or more advanced studies. Joint research projects are allowed.

**URBP 631 SUPERVISED RESEARCH PROJECT 2.** (6) Continuation of the requirements for the Supervised Research Project.

**URBP 632 SUPERVISED RESEARCH PROJECT 3.** (6) Continuation of the requirements for the Supervised Research Project.

**URBP 633 PLANNING METHODS.** (3) (Priority given to Urban Planning Students) An introduction to quantitative methods that are commonly used in urban research and planning practice. Topics include municipal information systems, fieldwork techniques, survey design and analysis, analysis of spatial and temporal patterns, and the evaluation of policies and plans.

**URBP 634 PLANNING WATER RESOURCES IN BARBADOS.** (3) (Restrictions: Must be enrolled in Barbados Field Study Semester. Only open to graduate students in architecture and urban planning.) Physical environment challenges faced by an island nation, with a focus on water resources. Private, government and NGO institutional context for conservation strategies. Water quantity and quality analyses for water management and planning specific to Barbados.

Haris (George G.) Fellowship in Cancer Research ........... 79
Harrison (F.C.) Fellowships ........................................... 78
Hawkses (Arthur S.) Fellowship ...................................... 77
Hayes (Saul) Graduate Fellowship ................................ 74
Heartland/Halchemix (Ajinomoto) Scholarship .............. 82
Helm (Harold H.) Fellowship .......................................... 73
Henderson (Arthur and Helen) Scholarship .................... 99
Henry (Thomas Haliburton) Award .............................. 85
Hermant (Percy) Fellowships in Ophthalmology ............. 79
Herschorn (H.E.) Graduate Scholarship ......................... 98
Hitschfeld (Walter) Award ............................................. 74
Hong Kong Fellowship in Dentistry ............................... 80
Hopson (Eben) Bursary for Study at McGill .................... 103
Hopson (Eben) Fellowship for Study at McGill ............... 74
Houlding (Margaret) Memorial Prize .............................. 100
Houston Bursary ......................................................... 101
Howard (William Henry) Scholarships ......................... 86
Howard, Q.C. (T. Palmer) Award in Canadian History ....... 95
Humboldt Research Fellowship Program ........................ 106
Hunt (T. Sterry) Awards in Chemistry ............................ 86
I.M. Rabinowitch Fellowship ........................................... 78
Institut de Recherche en Santé et en Sécurité du Travail du Québec (IR SST) - Bourses de Recherche ............... 68
Institut de recherche en Santé et en Sécurité du Travail du Québec (IR SST) - bourses postdoctorales de recherche ............. 107
Institut de Recherche en Santé et en Sécurité du Travail du Québec (IR SST) - Bourses Thématiques (3e Cycle) en Ingénierie ............................................................... 68
Institut National de la Recherche Scientifique (INRS) Postdoctoral Fellowships ........................................ 107
Inter American Development Bank (IDB) Scholarships .... 112
International Development Research Centre (IDRC) Fellowships and Research Funding .............................. 68, 112
International Development Research Centre (IDRC) Postdoctoral Research Awards ........................................... 107
International Federation of University Women (IFUW) International Fellowships .................................................. 112
IODE War Memorial Scholarships for Doctoral Study in Canada or Other Commonwealth Countries .................. 68
Janet L. Morton Award ......................................................... 93
Japan Foundation - Japanese Study Fellowship Program .... 112
Japanese Government (Monbusho) Scholarships ............ 113
Jenckes (K.B.) Prize .......................................................... 76
Joan MacFarlane Bailin Research Award ......................... 102
John E.R. Bradley Prizes ................................................... 100
Joint Japan/World Bank Graduate Scholarships ................. 69
JSPS Postdoctoral Fellowships for Foreign Researchers .... 107
Judson (Dr. Arthur H.) Fellowships ................................ 79
Jüttling (Hans and Eugenia) Fellowship .......................... 93
Juvenile Diabetes Foundation Postdoctoral Fellowships in Diabetes Research .................................................... 107
Katz (Myer) Fellowship in Social Work .......................... 102
Keefer Fellowship ............................................................ 101
Keenan (Mary) Scholarship in English ............................ 93
Kellogg (W.K.) Foundation Loan Fund ......................... 81
Kent (Lionel Pelham) Scholarship .................................... 98
Kerry (Esther) Award ..................................................... 101
Kilam (Issak Walton) Scholarship/Timmins (Jeanne) Fellowships (Neurosciences) ............................................. 78
Kingston (Abner) Fellowships in Arts ............................... 91
Klibansky (Raymond) Prize In Philosophy ....................... 94
Klima (Slava) Prize for Excellence in English Literary Studies ................................................................. 95
Kolessa (Lubka) Piano Award ............................................ 90
Kornbluth-Gelfand (Judith) Graduate Fellowship .......... 82
Krebs Memorial Scholarship ........................................... 69
Kulkarni (Kavita) Memorial Prize in Rehabilitation Science .......................................................... 82
Lam (Dr. Yu-Ming) Fellowship .......................................... 80, 105
Lan (Dr. Soo Kim) Prize in Architecture ........................... 88
Lan (Dr. Soo Kim) Prize in Dentistry ............................... 80
Lang Etienne (Anne) Bourse de Recherche ....................... 81
Lapitsky (Samuel) Scholarship ......................................... 95
Lars and Alberta Firing Graduate Fellowships in Engineering ................................................................. 89
Latimer (Daisy A.) Memorial Prize in History ................... 91
Latin America Award ..................................................... 98
Lau (Ping Kwan) Prize in Architecture ............................. 90
Le Prix Bibliothèque Nationale Du Québec - Charles H. Gould ................................................................. 97
Lebensold (Fred) Memorial Fellowship in Architecture .... 88
Leckie (Nessa) Memorial Award ........................................ 81
Lee (Robert G.H.) Fellowship ............................................ 88, 105
Legeyt Fortescue (Charles) Fellowship in Electrical Engineering ................................................................. 87
Leong (Dr. and Mrs. Milton) Fellowships in Science ......... 83, 88
Leong (Dr. and Mrs. Milton) Graduate Student Awards .... 83, 88
Lerner (Samuel S.) Memorial Award ................................. 80
LeRoy Memorial Fellowships in Earth and Planetary Sciences ................................................................. 86
Leung (Dr. Wah) Fellowship ............................................. 80, 105
Liberatore (Gaetano and Esterina) Fellowship .................... 73
Lichtenstein (Clara) Memorial Fellowship ......................... 99
Lin (David T.W.) Fellowship ............................................. 104
Lin (Professor Paul T.K.) Fellowship ................................. 94
Lohead (Arthur and Jessie) Bursary Fund ......................... 101
Lock (Margaret) Prize in Social Studies of Medicine ........ 78
Loiselle (Roland) Prize in Plant Genetics ....................... 84
Lomer (Dr. G.R.) Fellowships ........................................... 97
Lorne Trottier Engineering Graduate Fellowships .......... 89
Lorne Trottier Science Accelerator Fellowships ................. 72
Lotte Marcus Sheldon Prize ............................................. 102
Louise Dechene Prize in Canadian History ...................... 93
Lundie (Dr. John A.) Research Fellowship ......................... 79
Lupovitch (Samuel) Memorial Scholarship ....................... 80
Lutter (Lewis) Bursary ..................................................... 100
Lyman (Gian) Memorial Scholarship ............................ 99
Lynch (J.B.) Fellowship in Earth and Planetary Sciences .... 86
Lyster (Lynden Laird) Memorial Fellowship ..................... 84
M.B.A. Entrance Award .................................................... 98
M.B.A. International Student Award ............................... 98
Macdonald Class of ‘44 Rowles Graduate Bursary ........... 84
Macdonald Travelling Scholarship .................................. 113
MacDonald Wells Van Dale (Patricia Ann) Memorial Award ................................................................. 82
Mackenzie (Alexander) Fellowship in Political Science .... 91
Mackenzie King Open Scholarship .................................. 69
Mackenzie King Travelling Scholarships ......................... 113
Maclachlan (Gordon A.) Prize ......................................... 76
MacLennan (Hugh) Fellowship for the Study of Canada .... 73
MacLennan (Hugh) Fellowship for the Study of English ........................................... 93
MacLennan (Hugh) Memorial Scholarship ............................................................... 88
MacSporran (Mayzie) Graduate Studentships ......................................................... 80
Magl (Louis B.) Scholarship in Affordable Homes .................................................. 89
Major Recruitment Fellowships .............................................................................. 71
Mallory (James R. and Frances K.) Graduate Award ................................................. 95
Mappin (Judith) Fellowship in Women's Health ......................................................... 78
Marisi (Daniel Q.) Award .......................................................................................... 92
Martin (The Right Honourable Paul) Scholarships to the University of Cambridge .......................................................... 114
Martin (Viv) Fellowship ............................................................................................ 97
Masson (Georges, Paul and Robert) Bursaries in Science ........................................... 103
MAUT Librarian's Section Award ............................................................................. 97
Max Bell Foundation Fellowships ............................................................................ 72
McCConnell (J.W.) Foundation Fellowships in Environment ..................................... 72
McC McConnell (J.W.) Memorial Fellowship ............................................................. 73
McCrae (John) Fellowship ........................................................................................ 80
McCullagh (Paul F.) Award ...................................................................................... 94
McFee (Alexander) Fellowship ................................................................................ 77
McFee (Alexander) Fellowship (Physical Sciences and Engineering) ...................... 87
McFee (Coll) Memorial Scholarship (Chemistry) ....................................................... 85
McGill Alumnae Society Fellowship ........................................................................ 74
McGill Alumni Association Graduate Award ............................................................ 76
McGill - Canadian Centre for Architecture Collection Research Grants Program .......... 94
McGill Institute for the Study of Canada Fellowships ............................................... 94
McGill Major Fellowships ....................................................................................... 72
McGill Student Aid .................................................................................................... 103
McGill University - Montreal Children’s Hospital Research Institute Studentships ........ 78
McGill University - Montreal Children’s Hospital Research Institute Fellowships ....... 78
McGregor (Alexander A.) Fellowship in Earth and Planetary Sciences ....................... 86
McLaughlin Fellowship ............................................................................................ 105
McNaughton Fellowships in Classics ........................................................................ 94
Meadows (James O. and Maria) Scholarship ............................................................. 80
Medicine (Faculty of) Internal Studentships .............................................................. 79
Mellor (C. Douglas) Prize ......................................................................................... 98
Meiville Prize in Pharmacology ................................................................................ 78
Meredith (Sir Vincent) Fellowship in Agricultural Economics ................................. 85
MGSF Fellowships .................................................................................................. 77
Miller (F.S.B.) Memorial Fund .................................................................................. 79
Ministère de l’Éducation, Summer Language Bursaries ............................................. 69
Ministère de l’Éducation, du Loisir et du Sport (MELS) - Programme de bourses des Gouvernements étrangères .......................................................... 113
Mohan (Richard T.) Scholarship ................................................................................ 86
Montgomery, David L. Memorial Award ................................................................... 92
Montreal Lakeshore University Women’s Club Scholarship ..................................... 69
Montreal League for the Hard of Hearing Award ...................................................... 78
Morrow (Robert E.), QC, Fellowships ...................................................................... 96
Morse (Herbert A.) Memorial Scholarship ............................................................... 100
Motorola Foundation Graduate Award in Electrical and Computer Engineering .......... 89
Moyse Travelling Scholarships ................................................................................ 113
Munroe (Donald MacKenzie) Fellowship ................................................................. 83
Murphy (Sean) Award .............................................................................................. 79
Murray (Virginia) Prize for Cataloguing ................................................................... 97
National Research Council (NRC) Research Associateships .................................... 107
Natural Sciences and Engineering Research Council (NSERC) Visiting Fellowships in Canadian Government Laboratories .................................................. 108
Natural Sciences and Engineering Research Council (NSERC) Industrial Research Postdoctoral Fellowships .......................................................... 107
Natural Sciences and Engineering Research Council (NSERC) Postdoctoral Fellowships .......................................................... 108
Natural Sciences and Engineering Research Council (NSERC) Postgraduate Scholarships and Canada Graduate Scholarships .............................................. 70
Nemmiger (Emil) Memorial Fellowship ................................................................... 88
Ng Wai Yee (Mr. and Mrs. Johnson) Fellowship ...................................................... 94
Nead (Anne Dudley) Award ...................................................................................... 91
Northern Scientific Training Program ...................................................................... 77
Norton (David Fate and Mary J.) Fellowship in Philosophy ...................................... 92
NSERC/MITACS Industrial Postgraduate Scholarships ............................................. 69
O’Brien Fellowship for Human Rights and Legal Pluralism ...................................... 96
“Old Sun” Entrance Scholarship .............................................................................. 84
Oliver (Allen) Fellowships in Economics and Political Science .................................. 91
Onions (Wilfred) Memorial Prize .............................................................................. 90
Ontario Graduate Scholarship Program ..................................................................... 114
Ontario-Quebec Exchange Fellowships .................................................................... 113
Order of Nurses of Quebec Bursaries ....................................................................... 81
Organization of American States (Postdoctoral Fellowships) .................................... 108
Organization of American States Fellowships ......................................................... 114
Ortega (Alvaro) Award ............................................................................................. 87
Overseas Research Students (ORSAS) Awards ......................................................... 114
Owen (Casper W.) Fellowship .................................................................................. 83
Paidoussis (M. P.) Prize in Mechanical Engineering .................................................. 89
Pall Dissertation Award ............................................................................................. 86
Parr Gélinas (Verna-Marie and Paul-Marcel Gélinas Scholarships ............................... 101
Patrick (Wendy) Award ............................................................................................ 97
Patton (Charles James M.d., and Elizabeth Ross) Memorial Prize .............................. 79
Paul Hsiang Graduate Fellowship in Chinese Poetry and Literature .......................... 94
Peacock (John Williamson Frederick) Memorial Scholarship .................................... 75
Peinlar (Dr. Premysl) Academic Enrichment Award ................................................. 78
PEO International Peace Scholarships ..................................................................... 70
Pesner (Dr. and Mrs. I.N.) Memorial Prize ................................................................. 80
Peters (Eileen) Fellowship ......................................................................................... 73
Phillips (Gordon) Fund for Research in Cardiovascular Diseases ............................... 79
Pilarczyk Fellowship ................................................................................................. 99
