Welcome to McGill University, Canada’s leading teaching and research-intensive university with a strong “student-centred” mission. Ranked among the top 25 universities in the world, McGill has the highest average entering grades in Canada and its students hail from 140 countries. Our commitment to fostering the best has propelled our students to win more Rhodes scholarships, more national and international awards on average than their peers at any other Canadian university.

You are following in the footsteps of more than 174,000 McGill alumni who continue to help shape the world as Supreme Court justices, award-winning authors and musicians, astronauts, Olympians, and Nobel Prize winners. As such, a lot is expected of you but McGill provides you with the means to succeed and to have a varied experience of academics, athletics and community activities to suit your interests.

All of McGill’s 21 faculties and professional schools strive to offer their students the best education possible. The University’s vibrant learning environment and active campus life support its students’ academic progress and personal development.

Today’s social, technological and medical challenges continue to fuel innovative approaches to research, teaching and learning. At McGill, we welcome these challenges as we undergo an unprecedented period of growth and renewal. New cutting-edge facilities benefit students with state-of-the-art classrooms and laboratories. Likewise, McGill’s professors thrive in this environment as they enjoy some of the highest research successes per full-time professor in Canada. Our dedicated administrative and support staff’s primary focus is to ensure that all students have the necessary resources to effectively respond to academic challenges and develop lifelong skills.

McGill University has been synonymous with first-class education since it was founded in 1821. We remain committed to the ideals that have guided us for the last 185 years and to the quest for the success of our institution, faculty, and students, which still guides us today.

Professor Heather Munroe-Blum
Principal and Vice-Chancellor
The Schulich School of Music’s $70-million New Music Building was inaugurated in September 2005. The building houses the 200-seat Tanna Schulich Recital Hall, the Marvin Duchow Music Library, and the Centre for Interdisciplinary Research in Music, Media and Technology.

Note: Not all courses are offered every year, and changes can be made after this calendar is printed. Always check the Class Schedule link at www.mcgill.ca/courses for the most up-to-date information on whether a course is offered.

Important Information, Regulations and Policies
It is the responsibility of all graduate students to be aware of rules and regulations contained in this Calendar. In particular, attention is drawn to:

Deadlines, as indicated in the Calendar of Dates 2007-2008, page 5.
Reinstatement and Admission of Former Students, page 18.
Time Limitation, page 21.
Dean’s Welcome

To Graduate Students and Postdoctoral Fellows:

I am extremely pleased to welcome you to McGill University. With over 250 Doctoral and Master’s degree programs, McGill is committed to providing excellence in graduate education and postdoctoral training in a full range of academic disciplines and professions. The Graduate and Postdoctoral Studies Office (GPSO) works in collaboration with the Faculties and other administrative and academic units to ensure that the very highest intellectual, teaching, and research standards are maintained across the university. The GPSO oversees the admission and registration of graduate students, graduate fellowships, postdoctoral affairs, the graduation process, including the examination of theses and, along with other units, conducts regular program reviews in all disciplines.

As a student-centered research institution, McGill places singular importance upon graduate education and postdoctoral training. This abiding commitment to the university’s most advanced educational and research initiatives has resulted in the creation of a new position, Associate Provost (Graduate Education), designed to offer leadership, administration, and coordination of graduate and postdoctoral activities across the university. I am delighted to undertake this unique responsibility and strive to work closely with the central administration, Faculties, graduate students, professors, researchers, postdoctoral fellows, and staff to enhance the graduate and postdoctoral experience and provide a supportive, stimulating, and enriching academic environment.

McGill again has been named as Canada’s most intensive research university and among the world’s top 25. We recognize that these successes come not only from our outstanding faculty members, but also from the quality of our graduate students and postdoctoral fellows - a community into which we are very happy to welcome you.

I invite you to join us in advancing this heritage of excellence at McGill.

Martin Kreiswirth, Ph.D.
Associate Provost (Graduate Education)
Dean, Graduate and Postdoctoral Studies

1.3 General Statement Concerning Higher Degrees

The Graduate and Postdoctoral Studies Office (GPSO) administers all programs leading to graduate diplomas, certificates and higher degrees. It is responsible for the admission of candidates, the supervision of their work and for recommending to Senate those who may receive the degrees, diplomas and certificates.

2 Calendar of Dates 2007-2008

Given in this section are the Graduate and Postdoctoral Studies Office key dates. The complete Calendar of Dates is available on the Web at www.mcgill.ca/student-records. The excerpt published herein was accurate as of February 2007. The information is subject to change and users are advised to verify important dates by checking the Web.

<td>LEC</td>
<td>Lectures begin. The normal Tuesday schedule of course activities is cancelled for October 9. In its place, all lectures, labs, conferences and other course-related activities that were cancelled on Monday, October 8 because of Thanksgiving Day will be held on Tuesday, October 9.</td>
</tr>
</tbody>
</table>

NOTE: Students should not expect to graduate in Fall 2007, but must graduate by Fall 2008 (at the latest), otherwise, they must be reinstated and will be charged retroactive registration fees for all unregistered sessions up to and including the term in which they graduate.

---

**Additional Note:**

For more details, visit the websites provided in the schedule. The Orientation Centre and First-Year Resource Room are open daily. Students can also find more information on the McGill University Graduate and Postdoctoral Studies Office website.

3 Programs Offered

3.1 Graduate Diplomas and Certificates

Graduate diplomas and graduate certificates are programs of study under the academic supervision of the Graduate and Postdoctoral Studies Office. They have as a prerequisite an undergraduate degree in the same discipline.

McGill University offers other diploma and certificate programs under the supervision of the relevant faculties and their Calendars should be consulted for further details.

Graduate Diplomas are offered in:
- Clinical Research (Experimental Medicine)
- Epidemiology and Biostatistics
- Housing
- Islamic Studies
- Library and Information Studies
- Mining Engineering
- Nursing
- Public Accountancy (C.A.)
- Registered Dietician Credentialing (R.D.)
- School and Applied Child Psychology (post-Ph.D.)
- Surgical Health Care Research

These programs consist of at least two terms of full-time study or the equivalent.

Graduate Certificates are offered in:
- Assessing Driving Capabilities
- Air and Space Law
- Bioresource Engineering (IWRM)
- Biotechnology
- Comparative Law
- Educational Leadership 1
- Educational Leadership 2
- Library and Information Studies
- Post-M.B.A.
- Teaching English as a Second Language
- Surgical Health Care Research

These programs consist of at least two terms of full-time study or the equivalent.

Graduate Certificates are offered in:
- Assessing Driving Capabilities
- Air and Space Law
- Bioresource Engineering (IWRM)
- Biotechnology
- Comparative Law
- Educational Leadership 1
- Educational Leadership 2
- Library and Information Studies
- Post-M.B.A.
- Teaching English as a Second Language

All graduate regulations apply to graduate diploma and certificate candidates.

3.2 Degrees

Two categories of programs lead to higher degrees at McGill University, Master's programs and Doctoral programs.

The following degrees are offered:
- Master of Architecture (M.Arch.)
- Master of Arts (M.A.)
- Master of Business Administration (M.B.A.)
- Master of Business Administration/Bachelor of Civil Law (M.B.A./B.C.L.)
- Master of Business Administration/Bachelor of Laws (M.B.A./LL.B.)
- Master of Business Administration/Doctor of Medicine/Master of Surgery (M.B.A./M.D.)
- Master of Civil Law (M.C.L.)
- Master of Education (M.Ed.)
Master of Engineering (M.Eng.)
Master of Laws (LL.M.)
Master of Library and Information Studies (M.L.I.S.)
Master of Management (M.M.)
Master of Music (M.Mus.)
Master of Sacred Theology (S.T.M.)
Master of Science (M.Sc.)
Master of Science, Applied (M.Sc.A.)
Master of Social Work (M.S.W.)
Master of Social Work/Bachelor of Civil Law (M.S.W./B.C.L.)
Master of Social Work/Bachelor of Laws (M.S.W./LL.B)
Master of Urban Planning (M.U.P.)
Doctor of Civil Law (D.C.L.)
Doctor of Music (D.Mus.)
Doctor of Philosophy (Ph.D.)

3.3 Master's Degrees Offered

Master of Architecture Degree
M.Arch. programs offered:
M.Arch. (professional degree) (Non-Thesis)
M.Arch. (post-professional degree) (Non-Thesis)
Instruction for the M.Arch. (post-professional degree) is given in the following fields of specialization:
- Architectural History and Theory
- Housing (which includes Affordable Homes, Domestic Environments, Minimum Cost Housing and Urban Design).
Prerequisites:
- M.Arch. (professional degree) – McGill B.Sc.(Arch.) degree, or equivalent;
- M.Arch. (post-professional degree) – an M.Arch. (professional degree) or equivalent professional degree.
See Architecture.

Master of Arts Degree
Programs leading to the degree of Master of Arts are offered in the following areas:
- Anthropology (Thesis and Non-Thesis)
- Development Studies
- Environment
- Medical Anthropology (Thesis and Non-Thesis)
- Art History (Thesis and Non-Thesis)
- Classics (Thesis and Non-Thesis)
- Communication Studies (Thesis and Non-Thesis)
- Economics (Thesis and Non-Thesis)
- Development Studies (Non-Thesis)
- Social Statistics (Non-Thesis)
- Education (Thesis and Non-Thesis)
- English (Thesis and Non-Thesis)
- French (Thesis and Non-Thesis)
- Geography
- Development Studies
- Environment
- Neotropical Environment
- Social Statistics (Non-Thesis)
- German (Thesis and Non-Thesis)
- Hispanic Studies (Thesis and Non-Thesis)
- History (Thesis and Non-Thesis)
- Development Studies (Thesis and Non-Thesis)
- History of Medicine (Non-Thesis)
- Islamic Studies
- Italian (Thesis and Non-Thesis)
- Jewish Studies (Thesis and Non-Thesis)
- Kinesiology and Physical Education (Thesis and Non-Thesis)
- Linguistics (Non-Thesis)
- Mathematics and Statistics (Thesis and Non-Thesis)
- Music (Thesis and Non-Thesis)
- Philosophy
- Bioethics
- Political Science (Thesis and Non-Thesis)
- Development Studies (Thesis and Non-Thesis)
- Neotropical Environment (Thesis and Non-Thesis)
- Social Statistics (Non-Thesis)
- Psychology
- Religious Studies (Thesis and Non-Thesis)
- Bioethics
- Russian
- Sociology (Thesis and Non-Thesis)
- Development Studies (Thesis and Non-Thesis)
- Environment
- Medical Sociology (Thesis and Non-Thesis)
- Social Statistics (Non-Thesis)
- Neotropical Environment
Prerequisites:
- Bachelor of Arts in the subject selected for graduate work. See appropriate unit.

Master of Business Administration Degree
A program leading to the degree of Master of Business Administration (M.B.A.) is offered in the following concentrations:
- Accounting
- Entrepreneurial Studies
- Finance
- Information Systems
- International Business
- Management for Development
- Marketing
- Operations Management
- Strategic Management
An EMBA is also offered (joint with HEC).
Prerequisites:
- An undergraduate degree from an approved university. See Management.
Special programs:
- Joint M.B.A./M.D., Joint M.B.A./Law, Master of Manufacturing Management (see Management and Mechanical Engineering).

Master's Degrees in Education
Three types of Master's degrees are offered:
The M.A. may be taken in the following areas:
- Counselling Psychology (Thesis and Non-Thesis)
- Culture and Values in Education (Thesis, Non-Thesis and Non-Thesis Coursework)
- Educational Psychology (Thesis and Non-Thesis)
- Kinesiology and Physical Education (Thesis and Non-Thesis)
- Second Language Education (Thesis and Non-Thesis)
The M.Ed. may be taken in the following area:
- Educational Psychology
The M.Sc. may be taken in the following area:
- Kinesiology and Physical Education (Thesis and Non-Thesis)
Prerequisites:
- A Bachelor's degree with specialization related to the subject chosen for graduate work, plus a Permanent Quebec Teaching Diploma or its equivalent for some of the above degrees. See appropriate department.

Master's Degree in Engineering
Programs leading to the degree of Master of Engineering are offered in the following areas:
- Aerospace Engineering (Project)
- Biomedical Engineering
- Bioinformatics
- Chemical Engineering (Thesis and Project)
- Environmental Engineering (Project)
- Civil Engineering and Applied Mechanics (Thesis and Project)
- Rehabilitation of Urban Infrastructure (Project)
- Environmental Engineering (Project)
Electrical Engineering (Thesis and Project)  
Computational Science and Engineering  
Mechanical Engineering (Thesis and Project)  
Computational Science and Engineering  
Mining and Materials Engineering (Thesis and Non-Thesis)  
Environmental Engineering (Non-Thesis)  
Mining (Non-Thesis)  
Metals and Materials (Non-Thesis)  

Other degrees:  
Master of Management (M.M.) is offered in Manufacturing Management (see Department of Mechanical Engineering and Faculty of Management).  
Master of Science (M.Sc.) is offered in Chemical Engineering, Civil Engineering, Mechanical Engineering, and Mining and Materials.  

Prerequisites:  
Bachelor of Engineering or equivalent, with specialization appropriate for the subject selected for graduate study. See appropriate department.  

Master's Degrees in Law  
The degree of Master of Laws is offered in:  
Law (Thesis and Non-Thesis)  
Bioethics  
Comparative Law (Thesis and Non-Thesis)  
Environment (Thesis and Non-Thesis)  
Air and Space Law  

Prerequisites:  
An acceptable degree in Law or equivalent qualifications. See Law.  

Master of Library and Information Studies Degree  
The Graduate School of Library and Information Studies offers a postgraduate professional program in librarianship. Two years of full-time study or the equivalent are required.  

Prerequisites:  
At least a Bachelor's degree from a recognized university. See Library and Information Studies.  

Master's Degrees in Music  
Programs leading to the degrees of Master of Arts and Master of Music are offered in the Faculty of Music.  
The M.A. may be taken in:  
Music Technology  
Musicology (Thesis and Non-Thesis)  
Music Education (Thesis and Non-Thesis)  
Theory (Thesis and Non-Thesis)  
The M.Mus. may be taken in:  
Composition  
Performance (various options) (Non-Thesis)  
Sound Recording (Non-Thesis)  

Applicants to the Performance program are required to pass auditions in their specialty.  

Prerequisites:  
Bachelor of Music or Bachelor of Arts with concentration in the area selected for graduate study. See Music.  

Master's Degrees in Nursing  
Two types of Master's degrees are offered: Master of Science (Applied) and Master of Science (with thesis). These two-year programs are designed to prepare clinicians and researchers for the expanding function of nursing within the health care delivery system.  

Prerequisites:  
Preparation in nursing comparable to the Bachelor's degree offered at McGill and accomplishment and development as a nurse. A current nursing registration is required. Non-nurses holding a bachelor's degree comparable to a B.Sc. or B.A. program offered at McGill may be admitted to a Qualifying Program. See Nursing.  

Master's Degrees in Religious Studies  
A program leading to the degree of Sanctae Theologiae Magister (S.T.M.) is given in the Faculty of Religious Studies. This degree is primarily for those who intend to enter the ministry of the Christian Church or another religious institution, or to proceed to teaching in schools. A Master of Arts program (thesis and non-thesis) is also available.  

Prerequisites:  
B.A. with specialization in religious studies or theology. See Religious Studies.  

Master of Science Degree  
Programs leading to the degree of Master of Science are provided in the following areas:  
Agricultural Economics  
Anatomy and Cell Biology  
Animal Science  
Atmospheric and Oceanic Sciences  
Computational Science and Engineering  

Biochemistry  
Bioinformatics  
Chemical Biology  
Chemistry  
Bioinformatics  
Environment  
Neotropical Environment  
Bioresource Engineering  

Environment  
Integrated Water Resource Management (Non-Thesis)  
Neotropical Environment  
Chemical Engineering  

Chemistry  

Chemical Biology  
Civil Engineering and Applied Mechanics  
Communication Sciences and Disorders  
Computer Science (Thesis and Non-Thesis)

Otolaryngology
Parasitology  
Bioinformatics  
Environment  
Pathology  
Pharmacology and Therapeutics  
Chemical Biology  
Physics  
Physiology  
Bioinformatics  
Plant Science  
Bioinformatics  
Environment  
Neotropical Environment  
Psychiatry  
Psychology  
Rehabilitation Science (Thesis and Non-Thesis)  
Renewable Resources  
Environment  
Environmental Assessment (Non-Thesis)  
Neotropical Environment  
Surgery, Experimental  

Prerequisites:  
Bachelor of Science in the subject selected for graduate work. See appropriate unit.  

**Master of Science, Applied, Degree**  
This degree was designed to provide postgraduate training of a professional and vocational character, with less emphasis on theoretical knowledge and research than in Master of Science programs, but with no lower standards either for admission or completion of requirements. Two years of full-time study or equivalent are normally required with an emphasis on course work. 

Programs are available in:  
Animal Science  
Bioresource Engineering  
Environment  
Environmental Engineering  
Neotropical Environment  
Biotechnology  
Chemistry  
Communication Sciences and Disorders  
Human Nutrition  
Microbiology and Immunology  
Nursing  
Occupational Therapy  
Occupational Health  
Pharmacology and Therapeutics  
Plant Science  
Physical Therapy  

Prerequisites:  
A Bachelor’s degree in the subject selected for graduate work. See appropriate unit.  

**Master of Social Work Degree**  
The M.S.W. degree (thesis and non-thesis options) represents a second level of professional study in which students build competence in a chosen field of practice. 

Prerequisites:  
Bachelor’s degree in Social Work including courses in statistics and social science research methods. See Social Work.  

Special program:  
Joint M.S.W./Law.  

**Master of Urban Planning Degree**  
The program requires a minimum of two years residence and a three-month internship with a member of a recognized planning association.  
An option in Urban Design is also offered.  

Prerequisites:  
Bachelor’s degree in any one of the following: Anthropology, Architecture, Economics, Civil Engineering, Geography, Law, Management, Political Science, Social Work, Sociology or Urban Planning, with adequate knowledge of quantitative techniques. See Urban Planning.  

### 3.4 Doctoral Degrees Offered  

**Doctor of Civil Law Degree**  
Doctoral programs are offered in Air and Space Law and Law (Comparative Law). Both are predominantly research degrees awarded on the basis of a thesis that represents an original contribution to the development of legal science.  

Prerequisites:  
B.C.L. or LL.B. and usually LL.M. See Law.  

**Doctor of Music Degree**  
The Doctor of Music degree is offered in Composition. The Doctoral thesis consists of a musical composition of major dimensions together with a written analysis of the work. The composition is presented by the candidate in concert. The regulations set forth for the Ph.D. generally apply also to the D.Mus.  

Prerequisite:  
M.A. in composition. See Music.  

The Doctor of Music degree is also offered in Performance. It is offered to professional musicians who wish to teach at the university level and to develop a specialization in a particular repertoire, approach, or discipline (musicology, music theory, music education and pedagogy, or music technology).  

Prerequisites:  
Master’s degree in Performance, and professional and teaching experience. See Music.  

**Doctor of Philosophy Degree**  
Programs leading to the degree of Doctor of Philosophy are offered in the following areas:  
Anatomy and Cell Biology  
Animal Science  
Bioinformatics  
Anthropology  
Architecture  
Art History  
Atmospheric and Oceanic Sciences  
Biochemistry  
Bioinformatics  
Chemical Biology  
Biology  
Bioinformatics  
Environment  
Neotropical Environment  
Biomedical Engineering  
Bioinformatics  
Bioresource Engineering  
Environment  
Neotropical Environment  
Chemical Engineering  
Chemistry  
Chemical Biology  
Civil Engineering and Applied Mechanics  
Classics  
Communications  
Communication Sciences and Disorders  
Language Acquisition  
Computer Science  
Bioinformatics  
Counselling Psychology  
Earth and Planetary Sciences  
Economics  
Educational Psychology  
Educational Studies  
Electrical Engineering  
English  
Entomology  
Environment  
Neotropical Environment
3.5 Postdoctoral Research

See section 9 “Postdoctoral Research” for information about postdoctoral research at McGill University.

4 Program Requirements

4.1 Master's Degrees

4.1.1 Residence Requirements – Master's Degrees

Refers to the number of terms (or years) students must be registered on a full-time basis to complete their program. Students are NOT permitted to graduate until they have fulfilled the residence requirement (or paid the corresponding fees) in their program.

a) The following Master's programs have a minimum residence requirement of three full-time terms: M.Arch, M.A., M.C.L., M.Eng., LL.M., M.Mus. (except M.Mus. in Sound Recording), M.S., M.S.W., M.Sc.A. (except M.Sc.A. in Communication Sciences and Disorders).

b) The following Master's programs have a minimum residence requirement of four full-time terms: M.L.I.S., M.Mus. in Sound Recording, M.U.P., M.A. (60 credits - Counselling Psychology – thesis; 78 credits - Educational Psychology), M.Sc.A. in Communication Sciences and Disorders, S.T.M., Religious Studies.

c) The residence requirement for the Master's program in Education (M.Ed.), Library and Information Studies (M.L.I.S.), Religious Studies (S.T.M.), M.A. Counselling Psychology – Non-thesis; M.Sc.A. Nursing, M.Sc.A. Occupational Therapy; M.Sc.A. Physical Therapy and students in part-time programs is determined on a per course basis. Residence requirements are fulfilled when students complete all course requirements in their respective programs.

d) For Master's programs structured as Course, Project or Non-thesis options where the program is pursued on a part-time basis, residence requirements are normally fulfilled when students complete all course requirements in their respective programs (min. 45 credits or a minimum of 3 full-time terms) and pay the fees accordingly.

These designated periods of residence represent minimum time requirements. There is no guarantee that the work for the degree can be completed in this time. Students must register for such additional terms as are needed to complete the program.

4.1.2 Course Work – Master's Degrees

Program requirements are outlined in the relevant departmental sections of the Calendar.

The department concerned will examine the student's previous training and then decide which of the available courses in the area of specialization or related fields are required to bring the candidate to the proper level for the Master's degree. Due account will be taken of relevant courses passed at any recognized university.

As a rule, no more than one-third of the McGill program formal course work (not thesis, project or stage) can be credited with courses from another university.

Non-thesis degrees normally specify the course program which the candidate must follow.

The candidate is required to pass, with a mark of B- or better, all those courses which have been designated by the department as forming a part of the program, including additional requirements.

Students taking courses at another university must obtain a minimum grade of B- (65%) if the course is to be credited towards their McGill degree. In the cases where only a letter grade is used, a B- is the minimum passing grade and no equivalent percentage will be considered. In the cases where only a percentage grade is used, 65% is the minimum passing grade.
If courses were not used for a degree, they could be credited towards a McGill degree keeping in mind that a maximum of one-third of the course work (not thesis, project or stage) can be credited. If an exemption is granted, it must be replaced by another graduate course at McGill towards the degree. No double counting is ever allowed.

In rare cases a student may wish to audit a course. Permission must be obtained from the student's department and from the instructor. No notation of audited courses will appear on the transcript and the student will not receive credit for them.

4.1.3 Research and Thesis – Master's Degrees

All candidates for a research degree must present a thesis based on their own research. The total number of credits allotted to the thesis in any Master's program must not be less than 24. The title of the thesis and names of examiners must be forwarded on a Nomination of Examiners form, in accordance with the Calendar of Dates, through the Chair of the department concerned at the same time as the thesis is submitted to the Graduate and Postdoctoral Studies Office. A thesis for the Master's degree, while not necessarily requiring an exhaustive review of work in the particular field of study, or a great deal of original scholarship, must show familiarity with previous work in the field and must demonstrate the ability to carry out research and to organize results, all of which must be presented in good literate style. The thesis will not normally exceed 100 pages; in some disciplines, shorter texts are preferred. Guidelines and deadlines are available at www.mcgill.ca/gps.

4.1.4 Language Requirements – Master's Degrees

Most Master's degree programs do not include language requirements but candidates who intend to proceed to a doctoral degree should take note of any language requirements and are strongly advised to take the examinations in at least one language while working for the Master's degree.

4.2 Doctoral Degrees

4.2.1 Residence Requirements – Doctoral

Refers to the numbers of terms (or years) students must be registered on a full-time basis to complete their program. Students are not permitted to graduate until they have fulfilled the residence requirement (or paid the corresponding fees) in their program.

Candidates entering Ph.D.1 must follow a program of at least three years residency at the University; this is a minimum requirement and there is no guarantee that the work of the degree can be completed in this time, but students are expected to complete within the maximum specified period. Only exceptional candidates holding a bachelor’s degree will be considered for direct admission to Ph.D.1 level.

It is required that candidates spend the greater part of each summer working on their theses, and those who do not do so are unlikely to complete a satisfactory thesis in the prescribed minimum time (see section 10.3 “Vacation Policy for Graduate Students and Postdocs”).

A student who has obtained a Master's degree at McGill University or at an approved institution, in a relevant subject and is proceeding to a Ph.D. degree will, on the recommendation of the department, be admitted to Ph.D.2; in this case, the residency requirement for the program is two years.

In the doctoral program, students must be registered on a full-time basis for one more year after completion of the residency (i.e., Ph.D. 4 year) before continuing as additional session students until completion of the program.

Note: The Master’s degree must have been awarded before initial registration in the doctoral program, otherwise the admission level will be at Ph.D.1 and residency will be extended to three years. Once the level of admission is approved by the Graduate and Postdoctoral Studies Office, it will not be changed after obtaining the Master’s degree if the date falls after registration in the program. If a previous awarded degree is a condition of admission, it must be fulfilled before registration in another program.

As a rule, no more than one-third of the McGill program formal coursework can be credited with courses from another university.

4.2.2 Comprehensive Examinations – Doctoral

A comprehensive examination or its equivalent is usually held near the end of Ph.D.2. The results of this examination determine whether or not students will be permitted to continue in their programs. The methods adopted for examination and evaluation and the areas to be examined are specified by departmental regulations approved by the Dean of Graduate and Postdoctoral Studies. It is the responsibility of students to inform themselves of these details at the commencement of their programs. For more information, see section 10.4 "Ph.D. Comprehensives Policy".

4.2.3 Language Requirements – Doctoral

Most graduate departments in the Faculties of Agricultural and Environmental Sciences, Education, Engineering, Management, Medicine, and Science do not require a language examination. Students should inquire in their departments if there are any such requirements or whether any other requirements have been substituted for those relating to languages.

Graduate departments in the Faculties of Arts, Music and Religious Studies usually require proficiency in one or two languages other than English. In all cases students should consult departmental regulations concerning language requirements.

Language requirements for the Ph.D. degree are met through demonstrated reading knowledge. The usual languages are French, German, or Russian, but in particular instances another language may be necessary.

All language requirements must be fulfilled and the marks reported to the Graduate and Postdoctoral Studies Office before submission of the thesis to the GPSO (Thesis Office).

Students must contact their departments to make arrangements to take the Language Reading Proficiency Examinations. Students may, however, demonstrate competence by a pass standing in two undergraduate language courses taken at McGill (see departmental regulations).

Candidates are advised to discharge their language requirements as early in their program as possible.

Students expecting to enrol in Professional Corporations in the province of Quebec are advised to become fluent in both spoken and written French.

Courses in French language are available at the English and French Language Centre. The teaching is intensive and class sizes are kept small. While undergraduate students are given preference, graduate students who are certain they can devote sufficient time to the work may enrol.

4.2.4 Thesis – Doctoral

The thesis for the Ph.D. degree must display original scholarship expressed in good literate style and must be a distinct contribution to knowledge. Formal notice of a thesis title and names of examiners must be submitted to the Thesis Office (GPSO) on the Nomination of Examiners form in accordance with the Calendar of Dates at the same time as the thesis is submitted. The list of examiners must be approved by the Department Chair, the supervisor and the student. The Thesis Office should be notified of any subsequent change of title as early as possible. The appointment of the examiners and communication with them is the duty and privilege of the Graduate and Postdoctoral Studies Office. Under no circumstances should any student or department contact the external examiners. Guidelines and deadlines are available at www.mcgill.ca/gps.

Seven copies of the thesis must be provided by the candidate. Of these, two copies will be retained by the University and five copies returned to the candidate. Some departments may require one or more additional copies.

Special regulations for the Ph.D. degree in particular departments are stated in the entries of those departments.
4.2.5 Thesis Oral Examination – Doctoral

After the thesis has been received and approved, a final oral examination is held on the subject of the thesis and subjects intimately related to it. This is conducted in the presence of a Committee of at least five members presided over by a Pro-Dean nominated by the Graduate and Postdoctoral Studies Office. The Chair of the candidate’s department and the Thesis Supervisor are regularly invited to be members of the Committee; at least one member of the Committee is appointed from outside the candidate’s department. Guidelines are available at www.mcgill.ca/gps.

4.3 Ad Hoc Programs (Thesis Option only)

In exceptional cases, an applicant who wishes to pursue a Master’s (Thesis option only) or Ph.D. program in an academic department which is not currently authorized to offer graduate programs, may be admitted to an Ad Hoc program. The application, including a research proposal, is examined by an Admissions Committee in the department which has familiarity with the proposed research area and experience in directing graduate studies.

Once the Admissions Committee makes a favourable recommendation, the Graduate and Postdoctoral Studies Office confirms an Advisory Committee (recommended by the academic unit) to be responsible for program planning and monitoring of research progress. The regulations are fully described in the document “Procedures for Admission in Ad Hoc Master’s and Doctoral Programs”, available from the GPSO.

4.4 Ad Personam Programs (Thesis Option only)

In very rare circumstances, an applicant who wishes to engage in Master’s (Thesis Option only) or Ph.D. studies of an interdisciplinary nature involving joint supervision by two departments, each of which is authorized to offer its own graduate programs, may be admitted to an Ad Personam program. The regulations are fully described in a document available from the GPSO.

4.5 Course Work for Graduate Programs, Diplomas and Certificates

Upper level undergraduate courses (excluding 500 level) may not be considered for degrees, diplomas and certificates unless they are already listed as required courses in the approved program description. If an upper-level undergraduate course (excluding 500 level) is taken by a graduate student, it must come as a recommendation from the Graduate Program Director in the department. The recommendation must state if the undergraduate course is an additional requirement for the program (must obtain B- or better) or if the course is extra to the program (will be flagged as such on the record).

English and French language courses offered by the English and French Language Centre or the Centre for Continuing Education may not be taken for coursework credits toward a graduate program.

All substitutions for course work in graduate programs, diplomas and certificates must be approved by the GPSO.

Courses taken at other institutions to be part of the requirements of a program of studies must be approved by GPSO before registration.

5 Admission

Website: www.mcgill.ca/applying/graduate

E-mail: graduate.admissions@mcgill.ca

Deadline: Admission to graduate studies operates on a rolling admission basis, and complete applications and their supporting documentation must reach departmental offices on or before the specified departmental deadline. To be considered for entrance fellowships, where available, applicants must verify the deadlines with individual departments. Meeting minimum admission standards does not guarantee admission.

5.1 Application for Admission

Two procedures are available to apply for graduate admission: online and paper-based forms. Application information and the online application form are available at www.mcgill.ca/applying/graduate. Paper application packages should be obtained from individual departments.

Using either procedure, applicants (with some exceptions) are required to ask two instructors familiar with their work to send letters of recommendation. All applicants must themselves send, or ask the appropriate university authorities to send, two official or certified copies of their complete academic record from each university-level institution attended to date. For McGill graduates the appropriate authority is the Registrar. Letters of recommendation and official transcripts must be sent directly to the department concerned. Please note that all documents submitted to McGill University in support of an application to be admitted, including, but not limited to transcripts, diplomas, letters of reference and test scores, become the property of McGill University and will not be returned to the applicant or issuing institution under any circumstance.

A non-refundable fee of $80 ($100 for some Management programs) in Canadian funds must accompany each application, otherwise it cannot be considered. This sum must be paid by credit card if the online application is used. For paper applications, the fee must be paid in negotiable form, such as a bank draft, money order or certified cheque (but not in cash), at the current rate of exchange, or by credit card. Candidates for Special and Visiting Student, and Qualifying status must apply and pay the application fee every year.

It is recommended that applicants submit a list of the titles of courses taken in the major subject, since transcripts often give course code numbers only. Transcripts written in a language other than English or French must be accompanied by a certified translation. An explanation of the grading system used by the applicant’s university is essential. The applicant should also indicate the major subject area in which further study is desired.

Completed applications, with supporting documents, must reach departmental offices according to individual department deadlines. Applicants should contact the department concerned, International students are advised to apply well in advance of the deadlines as immigration procedures may be lengthy. Applications received after the prescribed dates will not be considered. Candidates will be notified of acceptance or refusal as quickly as possible. In cases of refusal, an official written appeal may be considered by the Associate Dean (Graduate and Postdoctoral Studies). The appeal fee is $40.

5.2 Graduate Record Examination and Other Admission Tests

The Graduate Record Examination (GRE) (Educational Testing Service, Princeton, N.J. 08540) consists of a relatively advanced test in the candidates’ specialty, and a general test of their attainments in the several basic fields of knowledge, for which no special preparation is required or recommended. It is offered at many centres, including Montreal, several times a year; the entire examination takes about eight hours, and there is a registration fee. Only some departments require applicants to write the GRE examination, but all applicants who have written either the general aptitude or the advanced test are advised to submit the scores along with their other admission material.

This credential is of special importance in the case of applicants whose education has been interrupted, or has not led directly towards graduate study in the subject selected. In such cases the department has the right to insist on a report from the Graduate Record Examination or some similar test. High standing in this examination will not by itself guarantee admission. The Miller
5.3 Competency in English

Applicants to graduate studies whose mother tongue is not English and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), must submit documented proof of competency in oral and written English. Before acceptance, appropriate exam results must be submitted directly from the TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing Systems) Office. An institutional version of the TOEFL is not acceptable. Minimum acceptable exam results are: TOEFL with a minimum overall score of 86 on the iBT, and a score of at least 20 for each of its four components (or a minimum score of 213 on the computer-based test, or 550 on the paper-based test; or IELTS with a minimum overall band of 6.5). Applications will not be considered if a TOEFL or IELTS test result is not available. Higher scores may be set by individual departments.

Revised - CGPS - September 11, 2006

5.4 Admission Requirements

Applicants should be graduates of a university of recognized reputation and hold a Bachelor's degree equivalent to a McGill degree in a subject closely related to the one selected for graduate work. This implies that about one-third of all undergraduate courses should have been devoted to the subject itself and another third to cognate subjects.

The applicant must present evidence of academic achievement: a minimum standing equivalent to a Cumulative Grade Point Average (CGPA) of 3.0 out of a possible 4.0 or a CGPA of 3.2/4.0 for the last two full-time academic years. High grades are expected in courses considered by the department to be preparatory to the graduate program.

Some departments impose additional requirements and even though the applicant may appear to satisfy the general admission requirements, acceptance into a graduate degree program is not guaranteed by the department or the Graduate and Postdoctoral Studies Office. The final admission decision rests with the Graduate and Postdoctoral Studies Office.

5.5 Parallel Admission

This program is designed to assist academically qualified applicants, lacking the minimum English language requirement for graduate studies at McGill, to adjust to the learning, research and teaching environment of a major, research-based, North American university where the usual language of operation is English. The program will ensure that otherwise suitably qualified applicants for admission into graduate studies programs will develop the appropriate level of English-language competency and adjust to the learning and living environment to be encountered in graduate studies at McGill within one calendar year of their admission to the program. Those students who fail to meet with these requirements will be asked to withdraw.

Students admissible to the program will have been screened by the staff of the graduate program into which they wish to be admitted, and recommended to the Graduate and Postdoctoral Studies Office. If the applicant is deemed by the GPSO to be admissible on purely academic grounds but has a TOEFL score below the entrance requirement of the graduate program, by no more than 27 points (paper-based scale) or 20 points (computer-based scale) or 10 points (Internet-based scale (overall)), he/she will be admitted to the Parallel Admission Program for a period not to exceed twelve (12) calendar months. In order to start his/her studies in the graduate program into which he/she had been admitted he/she would have to obtain the McGill Certificate of Proficiency in English according to the rules and regulations in force in the Department of Languages and Translation within the twelve-month period, or pass the TOEFL with a score meeting the admission requirement of the graduate program for which the student has applied.

Any student who fails to meet the English-language requirement within one calendar year of admission to the Parallel Admission Program will be asked to withdraw.

5.6 Admission to a Qualifying Program

Some applicants whose academic degrees and standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the subject selected may be admitted to a Qualifying Program. The undergraduate-level courses to be taken in a Qualifying Program will be prescribed by the department concerned.

Qualifying students are registered in graduate studies, but not as candidates for a degree. Only one qualifying year (i.e., two full-time terms) is permitted.

In all cases, after the completion of a qualifying year or term, an applicant interested in commencing a degree program must apply for admission by the stated deadlines. In cases where a department recommends a change of registration from Qualifying Program (Fall) to Master's Degree First Year (Winter), students must apply to the degree program by November 1 at the latest.

Successful completion of the work of the Qualifying Program does not automatically entitle the student to proceed towards a degree. Qualifying-year students must re-apply for admission to the program for which they seek qualification. A Qualifying-Year applicant admitted to a Winter term as a first term of studies must apply for admission for a Fall term as his/her second term of studies.

Students who are ineligible for a Qualifying Program may apply to the appropriate undergraduate faculty for admission as regular or special students, and seek admission to graduate studies at a later date. The normal admission requirements must be met and the usual procedures followed.

5.7 Admission to a Second Degree Program

A candidate with a given higher degree may apply for admission to a second degree program at the same level but in a different subject. The normal admission requirements must be met and all the usual procedures followed.

5.8 Admission to Two Degree Programs

Students may, with special permission granted by the Graduate and Postdoctoral Studies Office, be admitted to two degree programs or to two departments or faculties. Students are never permitted to pursue two full-time degree programs concurrently.

5.9 Admission to an Ad Personam Joint Program

Ad Personam joint graduate programs are restricted to Master's Thesis Option and Ph.D. programs. Students shall be admitted and registered by one department, to be known as the "first department". Approval for the joint program must be obtained from the Graduate and Postdoctoral Studies Office. The request shall be signed by the Chairs of both departments involved and shall explicitly list the conditions imposed by the second department. The student shall undertake research under the joint supervision of both departments.

Students shall fulfill the degree requirements of the first department and shall complete all the requirements specified by the second department in the request for admission. This program is described in more detail in a document available from the GPSO.
5.10 Admission to an Ad Hoc Program (Thesis)

In exceptional cases, admission to an Ad Hoc program (thesis) may be considered. Before the Graduate and Postdoctoral Studies Office will authorize the admission of a student into an Ad Hoc program, it must receive a favourable report from a departmental committee constituted to examine the program in question.

Candidates, through the supervisor designated by the academic department most closely related to their research field, must submit a research proposal, an outline of the course work needed (including a Comprehensive Examination for Doctoral programs) in the relevant field, and the list of four supervisory committee members.

Once the request has been approved, the candidate may register following all the regular procedures. Full description of the admission procedure is available from the GPSO.

5.11 Reinstatement and Admission of Former Students

Students who have not been registered for a period of up to two years, but who have not officially withdrawn from the University by submitting a signed Withdrawal Form to the Graduate and Postdoctoral Studies Office, are eligible to be considered for reinstatement into their programs. The student's department must recommend, in writing, that the student be reinstated, stipulating any conditions for reinstatement that it deems appropriate. The final decision rests with the GPSO. Normally, the GPSO will approve the departmental recommendation. If the student's department chooses not to recommend reinstatement, the student may appeal to the Associate Dean (Graduate and Postdoctoral Studies). The Associate Dean's decision can be appealed to the Graduate Committee on Student Standing.

Reinstatement fees will be charged in addition to the fees due for the academic session into which the student has been reinstated. The amount of the reinstatement fees is the tuition portion of fees owed for all unregistered terms, up to a maximum of two years just prior to the term of reinstatement.

If an individual has not registered for a period of more than two years, their student file will be closed. These individuals and those years just prior to the term of reinstatement.

6.1 Categories of Students
6.1.1 Full-time Students

Full-time students are students with a registration status of full-time and paying full-time fees. Full-time Master's, Diploma and Certificate candidates must show a minimum of 12 credits per term on their record.

6.1.2 Half-time Students (Thesis programs)

In some departments, students are permitted to proceed towards a degree on a half-time basis, i.e., students are permitted to register half-time instead of full-time during sessions of residence.

It is expected that half-time students will spend 50% of their time in the department participating in course work, seminars, discussions, etc., with the staff and the full-time students.

Half-time students are reminded that they must complete the degree within the time limitation imposed by the Graduate and Postdoctoral Studies Office, and that if they choose to be half-time they must: a) be so for an even number of half-time terms (i.e., two half-time terms equal one full-time term) and b) fulfil the minimum residence requirement in their program.

6.1.3 Part-time Students

Certain degree programs can be followed on part-time basis (e.g., M.Ed., M.Eng. non-thesis option, M.B.A., M.S.W. non-thesis option, and S.T.M.). Students in non-thesis programs (including the C.A. program) as well as Special, Visiting and Qualifying, Certificate and Diploma students, not taking at least 12 credits per term, are considered to be part-time. Students may, in some departments, proceed towards the degree on a part-time basis.

Part-time students are reminded that they must complete the degree within the time limitation imposed by the Graduate and Postdoctoral Studies Office.

Part-time students who do not take any courses or drop all courses, during any semester, automatically become non-resident students and are charged fees accordingly.

In cases of part-time and transfer students, all coursework might not be completed during the residency. It must therefore be completed during one or more additional terms (non-thesis extensions).

6.1.4 Additional Session (Thesis Programs) and Non-Thesis Extension (Non-Thesis Programs) Students

Students in additional session or non-thesis extension are students with a registration status of additional session (thesis programs) or non-thesis extension (non-thesis programs) and paying fees accordingly. The following are such students:

1. Graduate students who have completed the residency requirements in a Master’s program.
2. Graduate students who have completed 8 full-time semesters in a doctoral program (when admitted to Ph.D. 1).
3. Graduate students who have completed 6 full-time semesters in a doctoral program (when admitted to Ph.D. 2).

In the doctoral program, students must be registered on a full-time basis for one more year after completion of the residency (i.e., Ph.D. 4 year) before continuing as additional session students until completion of the program. It is expected that, at this stage, all the course work and Comprehensive Examinations will have been completed and the student will be engaged in thesis preparation.

Graduate students in non-thesis programs, graduate diplomas and certificates who have registered for all required courses but have not completed the work and/or have completed the residency requirements must register as non-thesis extension students and pay fees accordingly. Students in a non-thesis extension session who are not registered for at least 12 credits per term, are not considered engaged in full-time studies.

6.1.5 Qualifying Students

Students admitted to a Qualifying Program are known as Qualifying Students. They must meet the minimum entrance requirements of the Graduate and Postdoctoral Studies Office. The courses taken during a qualifying year will not be credited towards a degree program. Students are registered in graduate studies but have not yet been admitted to a degree program. These students take a full load (12 credits minimum) per semester of...
undergraduate courses as specified by the department. Only one qualifying year is permitted.

6.1.6 Special Students
Students who meet the minimum entrance requirements of the Graduate and Postdoctoral Studies Office and wish to take one, or at most two, graduate-level courses per term (6 credits) without intention of proceeding to a degree or diploma are termed Special Students. After completion of a maximum of 12 credits, an applicant may not continue as a Special Student.

If graduate Special Students subsequently become candidates for higher degrees, they may receive academic credit for relevant graduate courses taken as Special Students. They must apply every year.

Students who wish to take undergraduate courses only must apply as Special Students in the undergraduate faculty concerned, even if they already hold degrees.

6.1.7 Visiting Students
Visiting Students are those students who are registered in a degree program at another university and who have obtained written permission from both universities to take a course(s) for credit towards that degree program. Students studying in the province of Quebec who are in this category are eligible for a transfer of credit if the required permission is obtained on Quebec Inter-University Transfer forms. These forms are available on-line at www.mcgill.ca/student-records/register/iut. McGill students registering for courses required for their degree program at other Quebec universities are required to pay for the course(s) at the home university. McGill University and Université de Montréal participate in an exchange (graduate) with the University of British Columbia and the University of Toronto.

As a rule, graduate students should not register for courses through Inter-university Transfers (IUT) during the last semester before graduation. There are considerable delays in receiving official transcripts which delay the degree audit process and graduation. If special departmental permission is given for such a course to be taken in the last semester, there will be no extension given for the grade submission deadline.

6.1.8 Visiting Research Students
Graduate students registered in a degree program at another university who wish to come to McGill to do research only may do so after acceptance by the GPSO. The department recommending admission must specify “Visiting Research” on the Decision Form. Visiting Research students are charged additional session fee rates and they may not register for courses. They must apply for admission every year.

6.1.9 Non-Resident Status
(may be granted to students in residence terms only)

1. Departments, with the approval of the Graduate and Postdoctoral Studies Office, may permit or require candidates to spend one session at another institution; it is understood that this session must be one of full-time work, and that the institution selected must be able to provide expert supervision and facilities for research appropriate to the candidate, in the field selected.

Permission to spend a required year of residence at another university must be obtained before the beginning of the session in which the student will be absent. A program of the work projected and particulars of the institution selected must be sent, accompanied by a letter from the Chair of the department, to the Director of the GPSO for approval. Permission is only granted to students who have already completed one full session at McGill.

The student will be required to register and pay the normal full-time McGill tuition fee less any tuition fee payable to the host institution. Other student-related fees are not levied and the ID card is not validated.

Students participating in a formal exchange program must register and pay full-time tuition including other student-related fees. The ID card is not validated.

2. Students who wish to take a leave (such as for work purposes) from the University for a maximum period of one year before returning to complete their residence requirements must first obtain permission to do so both from their department and the GPSO. The student must register as a Non-Resident student, and pay the non-resident fee. Student services fees are not levied and the ID card is not validated. Students can only be non-resident for a maximum of one year. The non-resident fee is $100 per term.

6.1.10 Leave of Absence Status
A leave of absence may be granted by the Graduate and Postdoctoral Studies Office for maternity or parenting reasons or for health reasons (see section 10.6 “Health and Parental/Familial Leave of Absence Policy”). Such a leave must be requested on a term by term basis and may be granted for a period of up to 52 weeks. Students and Postdocs must make a request for such a leave in writing to their department and submit a medical certificate justifying the leave. The department shall forward the request to the GPSO.

Students and Postdocs who have been granted such a leave will have to register for the term(s) in question and their registration will show as “leave of absence” on their record. No tuition fees will be charged for the duration of the authorized leave. Research supervisors are not obligated to remunerate students on leave. A student on leave of absence during the Fall term must register for an active term of study in the Winter term (at least) in order to apply for graduation. A student on leave of absence during the Winter and/or Summer terms must register for an active term of study in the Fall term (at least) in order to apply for graduation.

The GPSO has prepared a summary table of various leave policies (paid or unpaid) for students and postdocs paid from the Federal and Quebec Councils through fellowships or research grants. The document is available at www.mcgill.ca/gps/documents/funding under “Information on the Funding Council Leave Policies for Graduate Students and Postdocs”.

6.1.11 Medical Residents
Residents and fellows on staff of teaching hospitals associated with the University are included in the Graduate and Postdoctoral Studies Office statistics. They must apply for admission to be Special Students or for admission to a degree program, a graduate diploma or certificate.

6.1.12 McGill Staff as Graduate Students
Members of the teaching staff of the University up to and including the rank of lecturer may enrol as candidates for a degree, diploma or certificate. If their teaching duties are designated as full-time, they may only enrol as half-time students.

Professorial members of the academic staff may not enrol in graduate degree and diploma programs. This rule shall apply also to any persons who have been on the professorial staff within the previous 12 months, unless they resign completely from their positions at McGill.

Should persons registered in graduate studies be promoted to professorial rank, they may no longer remain graduate students, unless they resign or are granted a leave of absence from their professorial appointments.

In certain exceptional cases, professorial members of the academic staff may apply to the Graduate and Postdoctoral Studies Council to enter graduate programs in academic units other than their own. The Council may grant permission if it is satisfied that the applicant’s teaching unit and proposed unit for graduate study are sufficiently remote that conflict of interest situations will not arise. Permission must be granted before any courses are taken towards the proposed degree.
6.1.13 Quebec Inter-University Transfer Agreement (IUT)
The IUT Agreement permits concurrent registration at McGill and another Quebec institution.

6.1.13.1 McGill Students
Regular undergraduate and graduate degree, diploma or certificate candidates registered at McGill may, with the written permission of the Dean of their faculty or delegate, register at any university in the province of Quebec for three (3), or exceptionally six (6), credits per term in addition to their registration at McGill. These courses, subject to GPSO regulations, will be recognized by McGill for the purpose of the degree for which the student is registered up to the limit imposed by the residency requirements of the program. This privilege will be granted if there are valid academic reasons.

Students wishing to take advantage of this agreement should consult the GPSO for details, and are informed that this agreement is subject to the following conditions:

• The other universities concerned may, at their discretion, refuse the registration of a student for any of their courses.
• The obligation of the student to complete their faculty and program requirement.
• The student is responsible for ensuring that the McGill Class Schedule permits these courses to be taken without conflict.
• The universities concerned are not responsible for special arrangements in cases of examination or class schedule conflicts.
• Marks earned at the host university will not appear on McGill transcripts or be included in McGill grade point averages.
• Students who are attending McGill as exchange students from outside Quebec are not eligible to take courses at another Quebec institution through the IUT agreement.
• Be aware that late results received from host universities may delay your graduation.

Scholarship holders should consult with GPSO and the Scholarships Coordinator concerning eligibility for continuation or renewal of their awards.

6.1.13.2 On-line IUT Application — McGill and Visiting IUT Students
Students must initiate an on-line Inter-University Transfer (IUT) application to request the required authorizations. McGill students are advised to access the IUT application via the Web at www.mcgill.ca/student-records/register/iut. Students may also find additional information posted at the GPSO Website.

Note: Once the IUT application is approved by both the home and host universities, the student remains responsible for registering in the same course for which they have obtained electronic approval. The method of registration of the host university will vary (e.g., Web, in-person, phone, etc.). The student is advised to initiate the electronic application allowing enough time to meet the host university’s registration deadlines. Furthermore, the student is responsible for adhering to all registration deadlines of the host institution.

6.2 Registration

6.2.1 Registration for Fall and Winter Terms (Including Additional Session and Non-Thesis Extension Students)
All returning and new graduate students must register on-line at www.mcgill.ca/minerva, after completing a Minerva Course Selection Form and obtaining departmental approval.

Courses may be added until the end of the course change period without penalty.

Returning Students:
Returning students register via Minerva between Thursday, March 22 and Tuesday, July 31.

Students will be charged a late registration fee during the late registration period. To avoid the late registration fee students must access www.mcgill.ca/minerva and register for REGN RCGR (the Registration Confirmation course) in both the Fall (CRN 2502) and Winter (CRN 2423) terms.

Successful completion of registration is contingent upon acceptable academic standing in the previous session and payment of any previous outstanding fees and fines.

Newly-Admitted Students:
New students entering in September 2007 register on Minerva between Friday, August 3 and Tuesday, September 4.

Students will be charged a late registration fee during the late registration period. To avoid the late registration fee students must access www.mcgill.ca/minerva and register for REGN RCGR (the Registration Confirmation course) in both the Fall (CRN 2502) and Winter (CRN 2423) terms.

New students entering in January 2008 register on Minerva between Tuesday, December 4 and Thursday, January 3. GPSO will be charged a late registration fee during the late registration period. To avoid the late registration fee students must access www.mcgill.ca/minerva and register for REGN RCGR (the Registration Confirmation course) in the Winter (CRN 2423) term.

Students must register (and pay fees) annually up to and including the term of graduation. Outstanding tuition fees must be paid before graduation. A graduate student registered in the Winter term who graduates in February will have their Winter registration and fees cancelled at the end of February.

Exception: A registered student in 2006-07 (not on a leave of absence), who has completed the residency in a thesis program, and who meets the August 31 thesis submission deadline to the GPSO (Thesis Office), does not need to register for the 2007-08 academic year. The student should not expect to graduate in Fall 2007, but must graduate by Fall 2008 graduation at the latest. Otherwise the student must be reinstated and will be charged retroactive registration fees for all unregistered sessions/terms up to and including the term in which they graduate. Students who have already registered for the year must ask the Graduate and Postdoctoral Studies Office, IN WRITING, to delete their registration at the time of their theses submission.

If the thesis is submitted after August 31, and the student graduates in February of the next year, he/she must register for the Fall term and pay fees. The last term of registration will show the graduation narrative, i.e., Fall for February graduation, Winter for May/June graduation and Summer for October Graduation. If the thesis is submitted after August 31, and the student graduates in May/June of the next year, he/she must register for Fall and Winter terms and pay fees.

6.2.2 Fee Policies Related to Registration
Refer to section 8 “Fees and Expenses”; particular attention should be paid to section 8.8 “Fees and Withdrawal from the University” and section 8.9 “Other Policies Related to Fees”.

6.2.3 Summer Registration
Detailed Summer registration information will be available in the middle of March in individual departments and on the Web at www.mcgill.ca/gps/records/registration.

Course Registration
Students taking summer courses register within Graduate and Postdoctoral Studies Office deadlines on Minerva at www.mcgill.ca/minerva after completing a Minerva Course Selection Form and obtaining departmental approval.

Summer Term of Residence
Students in thesis programs who wish to register for a Summer term to count as part of their residence requirements must advise their department in March and complete the appropriate Summer Registration Form in April. Newly admitted students beginning their graduate thesis program in a Summer Term of Residence can get 100% refund (less $100.00 minimum or registration deposit if applicable) up to and including the May 15th withdrawal date. Students in thesis programs, who at the end of the Winter term are...
continuing in their programs are expected to devote the summer to research and are considered “continuing students”.

6.2.4 Courses taken in the Centre for Continuing Education

In the Fall and Winter terms, students may add credit courses (500 level or higher) offered through the Centre for Continuing Education (CCE) directly on Minerva. Fall term courses can be added on Minerva starting August 15. Winter term courses can be added on Minerva starting December 15.

Non-credit general interest or languages courses cannot be added directly by the student. Students may register for these courses in person at the CCE, where the course(s) will be added to their record as “Extra” to their program and course fees will be charged.

Summer courses offered through the CCE cannot be added directly by the student. To add these courses, students must bring a copy of their approved Minerva Course Selection Form to the Graduate and Postdoctoral Studies Office where, subject to space availability and program controls, the course(s) will be added to their record.

To register for courses offered through the CCE, students must be registered in their graduate studies program. All courses taken at CCE must be completed unless the course has been dropped on Minerva according to CCE course drop/withdrawal deadlines.

The GPSO reserves the right to place limitations on the number of Continuing Education courses taken for any one program. Approval from GPSO must be obtained prior to registration.

6.2.5 Courses Which Cannot Be Taken for Credit in a Graduate Program Unless They Have Formally Been Approved for a Specific Program

Two courses are offered through English and French Language Centre for graduate students whose first language is not English. These courses cannot be counted toward the requirements of a graduate program. The courses are:

ESLN 590 WRITING FOR GRADUATE STUDENTS (3) (3 hours) (Prerequisite placement test) (Restriction: Open only to graduate students for whom English is a second language.) Audience, purpose, organization and style of graduate-level academic writing. Mechanics, Editing, Textual analysis. Critical thinking.

Genres: problem-solution, general-specific, process description, data commentary, article summary/critique. Student work-in-progress, ESL diagnosis-correction. Multiple drafts. Extensive feedback including audio-tapes commentary and individual conferences.

ESLN 650 PRONUNCIATION AND COMMUNICATION (3) (3 hours) Restrictions: Open only to graduate students for whom English is a second language.) (This course cannot be counted towards course requirements of any graduate program.) Focus on developing pronunciation and communication skills, including aspects of pronunciation that most affect intelligibility, and with verbal and non-verbal techniques for effective presentations.

Note: The following writing course is available for senior graduate students but cannot be counted toward the requirements of a graduate program:

EDEC 645 SCIENCE WRITING AND PUBLISHING. (3) (Restriction: Limited to senior graduate students - Ph.D.2 and above.) Techniques for writing reader-sensitive scientific articles and grant applications, including how to express abstract ideas.

REDM 610 WRITING SCIENCE ARTICLES 1(3) (Prerequisite: Permission of instructor.) Principles and techniques for clear scientific writing with an emphasis on how to transform complex ideas into direct and precise ones by explaining research to peers and writing for interdisciplinary audiences.

REDM 710 WRITING SCIENCE ARTICLES 2(3) (Prerequisite: Permission of instructor.) Skills for writing and publishing scientific articles, including peer-reviewed manuscripts and short, critical reviews of published articles. Topics include techniques for developing logical arguments and writing publishable manuscripts.

6.2.6 Registration for Two Degree Programs Concurrently

No student may register in two degree programs or in two departments or faculties or two institutions concurrently without special permission granted by the Graduate and Postdoctoral Studies Office. Students are advised that permission is never granted to attempt two full-time programs concurrently. Letters of recommendation, including details of the proportions of time that the student intends to allot to each program, must be received from the Chair of each department concerned. Each year, a progress report must be submitted from the two departments concerned to the GPSO before a student in this category will be permitted to register.

6.2.7 Time Limitation

Candidates for Master’s degrees must complete the degree within three years of initial registration. If the degree is pursued strictly on a less than full-time basis, it must be completed within five years of initial registration.

In exceptional cases, a student who wishes to submit a thesis, or to complete outstanding degree requirements, after withdrawal may do so only on the recommendation of the department concerned. A graduate application must be submitted by stated deadlines and re-admission fees will apply. The final decision rests with GPSO.

By annual registration, all doctoral candidates may maintain their connection with the University for four years after completing their residence requirements.

The object of these regulations is to encourage candidates to complete their theses and qualify for their degree without undue delay.

Council of the FGSR - February 2, 1996

6.2.8 Withdrawal from a Degree Program

Departments have the right to ask students to withdraw from the program if progress is not satisfactory, or if they have failed two courses required for their program, or for lack of performance in research. Please see section 6.10 “Failure Policy”.

Any student who withdraws from the University must complete a Withdrawal Form available from the Graduate and Postdoctoral Studies Office. Fees will then be refunded according to the conditions outlined in section 6.5 “Course Change Period” and in section 6.7 “Regulations Concerning Withdrawal”.

6.2.9 Late Registration

Students who fail to register during the normal registration period may do so within the period designated by the University for late registration. They will be assessed a late registration fee as listed below:

Returning Students: May register late from Wednesday, August 1 until and including Tuesday, September 4 with the payment of a late registration fee of $50 ($20 for Special Students and part-time students).

New and Returning Students (Fall): Students may register late via Minerva from Wednesday, September 5 until Tuesday, September 18 with the payment of a late registration fee of $100 ($40 for Special Students and part-time students).

New and Readmitted Students (Winter): May register late via Minerva from Friday, January 4 until Tuesday, January 15 with the payment of a late registration fee of $100 ($40 for Special Students and part-time students).

6.3 Course Information

6.3.1 Course Numbering

Each McGill course is assigned a unique seven-character course "number".
The first four characters (Subject Code) refer to the unit offering the course. These codes were implemented in September 2002, replacing the three-number Teaching Unit Codes previously used. A complete list of Teaching Unit Codes and their Subject Code equivalents can be found on the Web at www.mcgill.ca/student-records/transcripts.

The three numbers following the Subject Code refer to the course itself, with the first of these indicating the level of the course.

- Courses numbered at the 100, 200, 300, and 400 levels are intended for undergraduate students. In most programs courses at the 300 level and 400 level are normally taken in the student’s last two years.
- Courses at the 500-level are upper-level undergraduate courses that are intended for qualified senior undergraduate students and open to graduate students.
- Courses at the 600 and 700 level are intended for graduate students only.

Two additional characters (D1, D2, N1, N2, J1, J2, J3) at the end of the seven-character course number identifies multi-term courses.

6.3.2 Multi-term Courses
Most courses at McGill are single term (Fall or Winter or Summer) courses with final grades issued and any credits earned recorded at the end of that term. Single term courses are identified by a seven-character course number.

A unit may, however, decide that the material to be presented cannot be divided into single term courses or it is preferable that the work to be done is carried out over two, or three, terms. Under such circumstances, courses are identified by a two-character extension of the course number.

In some cases, the same course may be offered in various ways: as a single term and/or in one or more multi-term versions. The course content and credit weight is equivalent in all modes, the only difference being the scheduling, and students cannot obtain credit for more than one version.

Courses with numbers ending in D1 and D2 are taught in two consecutive terms (most commonly Fall and Winter). Students must register for the same section of both the D1 and D2 components. When registering for a Fall term D1 course on Minerva, the student will automatically be registered for the Winter term D2 portion. No credit will be given unless both components (D1 and D2) are successfully completed in consecutive terms, e.g., Fall 2007 and Winter 2008.

Courses with numbers ending in N1 and N2 are taught in two non-consecutive terms (Winter and Fall). Students must register for the same section of both the N1 and N2 components. No credit will be given unless both components (N1 and N2) are successfully completed within a twelve (12) month period.

Courses with numbers ending in J1, J2 and J3 are taught over three consecutive terms. Students must register for the same section of all three components (J1, J2, J3). No credit will be given unless all three components are successfully completed.

IMPORTANT CONDITIONS FOR MULTI-TERM COURSES
1. Students must be registered for each component of the multi-term course. Students must ensure that they are registered in the same section in each term of the multi-term course.
2. Students must successfully complete each component in sequence as set out in the multi-term course. Credit is granted only at the end of the multi-term course; no credit is given for partial completion.

6.3.3 Course Terminology
Prerequisite: Course A is prerequisite to course B if a satisfactory pass in course A is required for admission to course B.

Corequisite: Course A is corequisite to course B if course A must be taken concurrently with (or may have been taken prior to) course B.

Credits: The credit weight of each course is indicated in parentheses beside the course title. For D1 and D2 courses the credit weight is indicated after the course number.

COURSE NOMENCLATURE IN PROGRAM DESCRIPTIONS:
Required Course: Courses absolutely required in a program. All students in that program must take this (these) course(s) unless they are granted exemption(s).

Cours obligatoire: Cours forciobligatoire dans un programme. Tous les étudiants inscrits à ce programme doivent suivre ce (ou ces) cours, à moins de bénéficier d'exemptions.

Complementary Course: Courses selected from a restricted list, a particular subject area, or a discipline. In some programs, students must include a number of these in order to meet program requirements.

Cours complémentaire: Cours sélectionnés à partir d’une liste limitée, ou de la liste des cours offerts dans une matière particulière ou dans une discipline. Dans certains programmes, les étudiants doivent inclure un certain nombre de ces cours afin de satisfaire aux exigences du programme.

Note: Complementary courses are not electives. The difference between Complementary courses and Required courses is that Complementary courses offer an element of choice, however small that choice may be. Students may choose from the two (or more) courses specified within Complementary Course segment(s) of a program description, but ONLY from those.

Elective course: courses chosen freely (with advice and approval of the Graduate Program Director and GPSO).

6.3.4 Class Schedule and Course Catalog
Students should consult Class Schedule when preparing to register (www.mcgill.ca/courses). Here they will find up to date information including days and times when courses are offered, class locations, names of instructors, and course pre-requisites. Class Schedule only displays courses that are being offered in the term selected.

For a complete listing of all McGill courses, even if they are not offered in a given year or term, students may consult the Course Catalog at www.mcgill.ca/courses. Searches are conducted by term and provide information such as full course descriptions, course pre-requisites and registration requirements.

6.4 Summer Studies
Registration regulations may change for Summer 2008. Detailed information about summer registration will also be available in March 2008 on the web at www.mcgill.ca/gps/records/registration.

Graduate courses are available in some subject areas during the summer and the Summer Studies Calendar should be consulted for a complete listing of undergraduate and graduate level courses.

Students doing graduate work in Education are strongly advised to enrol in summer studies and many programs can only be completed by participation in summer studies.

Registration for courses for graduate students takes place via Minerva for the Summer session. It is the responsibility of the student to register for courses within the deadlines, after completing a Minerva Course Selection Form and obtaining departmental approval.

Students in thesis programs, who pay fees on a per term basis and who have already paid full-time tuition fees during the preceding year are not required to pay for required courses taken in the summer. Students in non-thesis programs will be charged fees for courses taken in the summer. Registration for “summer studies” should not be confused with registration for a Summer term which has been discussed previously in section 6.2.3 “Summer Registration”.

Many summer courses have limited enrolment and students are advised to register for such courses as early as possible. Graduate
students intending to register for restricted undergraduate courses MUST COME IN PERSON to the Graduate and Postdoctoral Studies Office with an approved Minerva Course Selection form, where the course will be added if there is space available in the course.

Please consult the Summer Studies Calendar for specific information on course dates and times. Information is also available on the Summer Studies Web site at www.mcgill.ca/summer.

6.5 Course Change Period

During the initial Registration Periods, see section 6.2 “Registrations”, students may make changes to their course registrations (add or drop courses), subject to the requirements and restrictions of their program and of individual courses.

The Course Change deadline coincides with the deadline for late registration. Please refer to the Calendar of Dates.

Students who are registered in the Fall term may continue to add and drop courses that will begin in the Winter term throughout the Fall term until the deadline for course change/late registration in the Winter term.

After the Course Change deadline, courses may be added only with written permission of the instructor and your department, and the approval of the GPSO. A fee will be charged for each course added.

6.6 Auditing of Courses

No auditing of courses is permitted at McGill.

6.7 Regulations Concerning Withdrawal

6.7.1 Regulations Concerning Course Withdrawal

Following the Course Change deadline there is a period of a few days during which students may withdraw, with a grade of W and full refund of course fees, from courses that start in that term.

After the Withdrawal (without refund) deadline, there is a period during which withdrawal from a course will also result in a grade of W but no course fees will be refunded.

Courses that begin in the Fall Term

Deadline for withdrawal (grade of 'W') with refund: Sunday, September 23, 2007

Deadlines for withdrawal (grade of 'W') without refund:
- Single-term courses: Sunday, October 21, 2007
- Multi-term courses: Tuesday, January 15, 2008

Courses that begin in the Winter Term

Deadline for withdrawal (grade of 'W') with refund: Sunday, January 20, 2008

Deadline for withdrawal (grade of 'W') without refund:
- Multi-term courses: Thursday, May 15, 2008*

*Please note that students in multi-term courses with course numbers ending in N1 and N2 (begin in the winter, skip the summer, are completed in the subsequent Fall term) may withdraw after May 15 and until the end of the Fall term course change period by contacting their Graduate Program Director.

After the withdrawal (without refund) deadline, but before the end of term, the student may, under exceptional circumstances, be granted permission to withdraw from a course. (Permission will not be granted merely because a student is doing unsatisfactory work.) A grade of W will appear on the transcript but will not be calculated in the GPA. For further information students should consult their Graduate Program Director.

Note:
1. Students who wish to withdraw from required or complementary courses must also secure permission from their Graduate Program Director. A course withdrawal form is available from their departments. (Additional restrictions for Music courses are indicated in the Schulich School of Music section.)

2. The responsibility for initiating withdrawal rests solely with the student. Neither notification of the course instructor nor discontinuation of class attendance will suffice. The date on which a student's withdrawal is entered on Minerva is the official date of withdrawal, even if the student stopped attending lectures earlier.

3. Fee refunds, if any, will be in accordance with section 8.8 "Fees and Withdrawal from the University".

6.7.2 Regulations Concerning University Withdrawal

Students considering University withdrawal are strongly urged to consult with their adviser and Student Affairs Office before making a final decision.

Student's responsibility

The responsibility for initiating University withdrawal rests solely with the student. Neither notification of the course instructor nor discontinuation of class attendance will suffice. The date the request for withdrawal is submitted to the GPSO is the official date of withdrawal, even if the student stopped attending lectures earlier.

6.7.3 Deadlines for University Withdrawal

All students who have accessed Minerva to register must officially withdraw within deadlines if they decide not to attend the term(s) for which they have registered. See Withdrawal (W) deadline dates in the Calendar of Dates.

Students who wish to withdraw from the University by the deadlines indicated below must drop or withdraw from all courses on Minerva and submit a withdrawal form to GPSO.

Fall Term:
Deadline for University withdrawal with refund (minus deposit or $100):
Sunday, September 23, 2007

Winter Term:
Deadline for University withdrawal with refund (minus deposit or $100):
Sunday, January 20, 2008

Students who are blocked from dropping or withdrawing from their last course on Minerva are required to contact their Student Affairs Office.

6.7.4 Consequences of University Withdrawal

Fee refunds, if any, for the term in which the student withdraws will be in accordance with section 8.8 "Fees and Withdrawal from the University".

Upon withdrawal, students are required to return their ID card to the University as stated in section 6.18 "Identification (ID) Cards".

6.8 Grading and Grade Point Averages (GPA)

Classification of Marks:

Courses can be graded either by letter grades or in percentages, but the official grade in each course is the letter grade. Beginning in the Fall term of 2002 all verification forms, transcripts and other documents show only letter grades for all subsequent terms.

Grades A through B- are termed satisfactory passes, and F a failure. Certain courses have been approved for Pass/Fail (P/F) grading. Students must obtain grades of B- or better in courses used to fulfill program requirements.

<table>
<thead>
<tr>
<th>Grades</th>
<th>Grade Points</th>
<th>Numerical Scale of Marks</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
<td>85 - 100%</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>
<td>80 - 84%</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>
<td>75 - 79%</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
<td>70 - 74%</td>
</tr>
<tr>
<td>B-</td>
<td>2.7</td>
<td>65 - 69%</td>
</tr>
<tr>
<td>F (Fail)</td>
<td>0</td>
<td>0 - 64%</td>
</tr>
</tbody>
</table>

Letter grades are assigned grade points according to the table shown above. A student's academic standing will be determined
based on the basis of a grade point average (GPA), which is calculated by dividing the sum of the credit times the grade points by the total courses GPA credits. GPA credits are the credits of courses with grades that are assigned grade points.

\[ \text{GPA} = \frac{\sum \text{course credit x grade points}}{\sum \text{GPA course credits}} \]

The term grade point average (TGPA) will be the GPA for a given term calculated using all the applicable courses at the same level in that term. The cumulative grade point average (CGPA) will be the GPA calculated using the student's entire record of applicable courses at McGill at the same level effective the Fall 2002 term. If the level is changed (e.g. from Master's to Doctoral), the CGPA will start again. For students with academic information prior to Fall 2002, who are continuing in the same program or are registered in a different program or level post-Fall 2002, the transcript displays a special message regarding the CGPA being calculated effective Fall 2002 onwards. If courses are repeated, all results are included in the GPA calculation. Therefore, grades of F or J continue to be used in the CGPA calculation (and remain on the record) even after the course is repeated or if a supplemental examination is taken.

Other Grades:

- **IP** – In Progress. (Master's Thesis Courses Only)
- **P** – Pass. Pass/Fail grading is restricted to certain seminars, examinations and projects only. In such cases all grades in these courses are recorded as either Pass or Fail. Not included in GPA calculations.
- **HH** – To be continued. The use of this grade is reserved for major research projects, monographs and comprehensive examinations as designated for graduate studies.
- **J** – Absent: to be recorded for the student who did not write the final examination and had not been granted deferred status, or who did not complete an essential part of the course requirements without a valid reason. This is a failure and is calculated in the TGPA and CGPA as a failure. (Students may appeal the assignment of the grade of J, but circumstances such as appearing at the incorrect time for an examination would not be sufficient reason for this grade to be replaced by a deferral. Students who have earned sufficient marks to pass the course even though the final examination is not written, may opt to have their grade based on the record to date.)
- **K** – Incomplete: deadline extended for submission of work in a course or for the completion of a program requirement such as a Ph.D. language examination (maximum four months). (Need a K contract signed.)
- **KF** – Incomplete/failed: failed to meet the extended deadline for submission of work in a course or for the completion of a program requirement. This is a failure and is calculated in the TGPA and CGPA as a failure.
- **KK** – Completion requirement waived. This is used in exceptional cases only, with the approval of the Director of the Graduate and Postdoctoral Studies Office. Not calculated in TGPA or CGPA.
- **KE or K** – Further extension granted with the approval of the Director of the Graduate and Postdoctoral Studies Office (maximum two years). (Need a K contract signed.)
- **L** – Deferred: for students whose final examinations or papers have been deferred, for reasons such as illness, at the time of the examination. The "L" grade must be cleared as soon as possible (maximum four months).

A dated medical certificate or appropriate document recommending a deferral must be submitted to the Graduate and Postdoctoral Studies Office with a departmental recommendation for a deferral before or immediately after the examination. In particular, such recommendations will not be considered if medical reasons are brought forth after a grade is assigned.

By commencing to write any examination, the student waives the right to plead medical causes for deferral or permission to write a supplemental examination, unless the medical problem occurs in the course of the examination and is documented by examination authorities.

- **LE or L** – Further deferral: permitted to defer examination for more than the normal period.
- **NA or & &** – Grade not yet available.
- **NR** – No grade reported by the instructor (recorded by the Registrar).
- **Q** – Course continued in next term.
- **Satisfactory/Unsatisfactory** – Not used for graduate students.
- **W** – Withdraw with approval. A course dropped, with permission, after the change of course period. Not included in GPA calculations.
- **WF** – Withdrawn failing: a course dropped, with special permission in exceptional case, after faculty deadline for withdrawal from course, the student's performance in the course at that stage being on the level of an F; not calculated in TGPA or CGPA. (Not used in Music and Graduate Students.)
- **WL** – Withdraw from a deferred examination (approved by GPSO): not calculated in TGPA or CGPA.
- **W-- or --** – No grade. Student withdrew from the University; not calculated in TGPA or CGPA.

### 6.9 Verification of Student Record

#### 6.9.1 Unofficial Transcripts

Students are responsible for verifying their academic record on Minerva using the unofficial transcript to ensure that they are registered in the proper courses, and that the correct program information and expected term of graduation is appearing on their record.

Graduating students must make sure to verify their record on Minerva prior to the second term in which they are graduating to ensure that the correct expected term of graduation is indicated on their unofficial transcript; if not, the student may be overlooked for graduation. Any questions or problems with their record should be directed to the Graduate Program Director.

### 6.10 Failure Policy

Students who have failed one course required by their department while registered as a graduate student may automatically write one supplemental examination, if the departmental policy permits, or retake that course or substitute an equivalent course. For the purposes of this policy, "required course" includes either a course required by the student's program of study, or a course that has been designated by the department for an individual student's program of study. Students with any further failures in that course, including the supplemental, or a failure in any other course, will be required to withdraw from their program of study. When a student retakes a course, he/she is required to pay the fee charged for the course in question. Ph.D. students and Master's students in thesis programs can also be required to withdraw from their program of study for documented lack of performance in research.

The failure policy does not pertain to the failure of comprehensive examinations, doctoral oral defenses, or thesis failures. In the case of a failed thesis or defense, the Thesis Failure Policy, detailed in the Thesis Guidelines, applies. In the case of a failed comprehensive examination, the Ph.D. Comprehensive Policy applies.

(Revised, GPS Council, February 10, 2003)

#### Procedure to follow in cases of failure:

The procedure in cases of initial failure is as follows: the failing grade is to be recorded and a letter sent to the Graduate and Postdoctoral Studies Office indicating that a supplemental examination is to be given under the Failure Policy. If the supplemental is passed, the second grade should be submitted. The same procedure applies for a recommendation of a retake or a substitution.
In the event of a failure of a supplemental exam, the department should request, in writing, that the student withdraw (with a copy of said letter forwarded to the GPSO). Similarly, in the event of a failure in a second course, a written request for withdrawal (copied to the GPSO) should be sent to the student.

Note: A student in a graduate program who has failed one course while being a Special Student in a graduate studies will have this failure count as the first failure in a related graduate program. Any further failure will require withdrawal from the program of study.

6.11 Language Policy

The main language of instruction at McGill is English. Every student has a right to write essays, examinations, and theses in English or in French except in courses where knowledge of a language is one of the objectives of the course.

6.12 Regulations Concerning Theses

The thesis submission guidelines contain important information regarding procedures and deadlines. Students who are in the process of writing a thesis must consult these thesis submission guidelines in order to adhere to University regulations concerning the submission of a thesis. Thesis submission guidelines and all forms required for thesis submission are posted on the Web at www.mcgill.ca/gps.

Forms and guidelines are updated as procedures change. Students should keep informed of these changes by referring to the Website.

Dates of submission of theses, convocations, etc. are listed in section 2 “Calendar of Dates 2007-2008” and are available on the Web at www.mcgill.ca/students-information/dates.

6.13 Graduation

In order to graduate, a student must complete program requirements. It is the student's responsibility to ensure that all requirements are met before graduation. All students should contact their Graduate Program Director early in the graduating year with any questions as to whether they will meet the necessary program requirements by graduation time.

6.13.1 Apply to Graduate

Students in non-thesis programs (master’s, certificates, diplomas) must use Minerva to apply to graduate. It is your responsibility to inform us of your intention to graduate.

Deadlines:

- Students who intend to graduate at the end of the fall term (courses completed December for June convocation) must apply on Minerva by the end of November.
- Students who intend to graduate at the end of the winter term (courses completed April for June convocation) must apply on Minerva by February.
- Students who intend to graduate at the end of the summer term (courses completed by August for October convocation) must apply on Minerva by March.

Students who have missed these deadlines must follow the procedures on the web at www.mcgill.ca/gps/program/nonthesis.

The Application for Graduation is available on Minerva for students in non-thesis programs who have registered for their final year. For more information on how to apply on Minerva, go to www.mcgill.ca/minerva-students/records/graduation.

Graduation Fee

All students are charged a compulsory transcript and diploma charge in each term of registration. This will entitle students to order transcripts free of charge as well as cover the costs of graduation.

6.13.2 Graduation Approval Query

Graduating students may view the status of their graduation record on Minerva as part of the review and approval process. The menu option called “Student Graduation Query” is accessed via the Student Records menu option on Minerva, and becomes available to graduating students approximately 3-4 weeks before the “degree granted” notation is updated on their records.

If all requirements for graduation are met, the student's record on Minerva will be updated with the “degree granted” notation at the appropriate time:
- late February, if term of graduation is Fall (Convocation in Spring)
- late May, if term of graduation is Winter (Convocation in Spring)
- late October, if term of graduation is Summer (Convocation in Fall)

Note: Information regarding the Convocation ceremonies can be obtained on the McGill Website at www.mcgill.ca/convocations.

6.13.3 Replacement Diploma

There are several instances when students might request a replacement diploma: if your diploma was lost, damaged, or if the name on the diploma should be changed. Students must make a request in writing and should also include a certified cheque or money order for the amount of CDN $60 made payable to McGill University. Students should refer to the sections below to determine which situation applies to them. All requests should be sent to:

Admissions, Recruitment and Registrar's Office Service Centre
Duplicate Diploma Request
McGill University
James Administration Building, Room 205
Montreal QC H3A 2T5
E-mail: registration.arr@mcgill.ca

Please note that requests made on behalf of a student must be accompanied by a signed letter of authorization from the student.

To replace a lost diploma: Students must provide a sworn affidavit from a notary, a lawyer or a commissioner of oaths certifying that the diploma is lost. The affidavit should include: full name; student number; address; phone number; date of birth; degree granted/year granted; reason for a replacement diploma.

To replace a damaged diploma or change the name on the diploma: Students must send or deliver the original diploma. Include clear and complete photocopies of legal documents supporting the name change. Please refer to section 6.19, “Legal Name” for the list of acceptable documents. Please note that the name change must be processed in the system before a duplicate diploma can be issued. Students must enclose a letter containing the following important information: full name; student number; address; phone number; date of birth; reason for a replacement diploma; new spelling/grammar changes.

6.14 Policy Concerning Access to Records

Statements of account and all other correspondence are sent directly to students who retain full control as to who has access to their records or accounts. (Officers and members of the University staff may also have access to relevant parts of such records for recognized and legitimate use.) No progress report or any other information is sent to parents and/or sponsors unless specifically requested by the student in writing.

In accordance with the Act Respecting Access to Documents held by Public Bodies and the Protection of Personal Information...
6.15 Transcript of Academic Record

6.15.1 Unofficial Transcripts

Students who require a copy of their student record can view and print their own unofficial transcript by accessing Minerva. This applies to records from 1976 to present. For pre-1976 records, an official transcript must be ordered.

6.15.2 Official Transcripts

Official transcripts can be ordered on-line via Minerva by going to Student Menu->Student Records Menu->Request Printed/Official Transcript. Students who cannot access Minerva should fill out the "Request for Release of Official Document" form available on-line at www.mcgill.ca/student-records/transcripts or in person at the Admissions, Recruitment and Registrar's Office at the address below. Transcript requests may be submitted by mail, by fax, or in person but must be signed by the student. To protect privacy, we do not accept telephone or e-mail requests.

Admissions, Recruitment and Registrar's Office
James Administration Building
845 Sherbrooke Street West, Room 205
Montreal, Quebec H3A 2T5
Fax: (514) 398-8939

6.15.3 General Information

Transcripts are free of charge. If you have any doubt as to what might be considered plagiarism or cheating, consult the Academic Integrity Website at www.mcgill.ca/integrity. Strategies to prevent cheating are also provided on the Integrity Website. The possession or use of unauthorized materials in any test or examination constitutes cheating. Responses on multiple-choice examinations are normally checked by the exam security computer monitoring program. The program detects pairs of students with unusually similar answer patterns on multiple-choice exams. Data generated by the exam security computer monitoring program can be used as admissible evidence either to initiate or corroborate an investigation or a charge of cheating under Section 16 of the Code of Student Conduct and Disciplinary Procedures. The Code of Student Conduct and Disciplinary Procedures includes sections on plagiarism and cheating. The Code is included in the Handbook of Student Rights and Responsibilities, which is available through the academic integrity Website or at www.mcgill.ca/secretariat.

6.16 Academic Integrity

Communicating about academic integrity is an essential way to foster it. In submitting work in their courses, students must understand the meaning and consequences of plagiarism and cheating; these are considered to be extremely serious academic offences. Students who have any doubt as to what might be considered plagiarism in preparing an essay or term paper should consult the instructor of the course to obtain appropriate guidelines. There is a student guide to the meaning of plagiarism; students should consult the academic integrity Website at www.mcgill.ca/integrity. Strategies to prevent cheating are also provided on the Integrity Website. The possession or use of unauthorized materials in any test or examination constitutes cheating. Responses on multiple-choice examinations are normally checked by the exam security computer monitoring program. The program detects pairs of students with unusually similar answer patterns on multiple-choice exams. Data generated by the exam security computer monitoring program can be used as admissible evidence either to initiate or corroborate an investigation or a charge of cheating under Section 16 of the Code of Student Conduct and Disciplinary Procedures. The Code of Student Conduct and Disciplinary Procedures includes sections on plagiarism and cheating. The Code is included in the Handbook of Student Rights and Responsibilities, which is available through the academic integrity Website or at www.mcgill.ca/secretariat.

6.17 Legal Documents

6.17.1 Why Do We Collect Legal Documents from You?

Your tuition fees at McGill will vary according to whether you are a Quebec student, a Canadian out-of-province student, or an international student, as per section 6.17.2 “What Documents Do We Need from You?” Fee schedules are listed in section 8 “Fees and Expenses”.

Some of the documents we ask from you help us obtain your Permanent Code from the government of Quebec. This code is obligatory, and is needed to comply with government legislation. The consequences of a missing Permanent Code are severe for the university, as the government funding for that student will be withheld. Furthermore, the university is subject to an annual audit by the Ministry of Education (MELS) to ensure that our document collection and fee assessment processes are accurate.
If you have previously attended school in Quebec you already possess a Permanent Code - you can see it on your school report card or your CEGEP or university transcript. Students can also check if McGill has received their Permanent Code after they have accepted the University’s offer of admission on Minerva under the Personal menu.

Students can consult their citizenship and Quebec residency status on Minerva. Select Student Menu -> Student Accounts Menu -> View your Tuition and Legal Status.

6.17.2 What Documents Do We Need from You?

Follow instructions in the first row of this table that applies to you. Send clear, legible copies of documents (not originals).

### Quebec and Canadian-Out-Of-Provence Students

<table>
<thead>
<tr>
<th>You have applied to McGill from CEGEP or you already have a student record at McGill</th>
<th>• Usually no documents are required for your Canadian and/or Quebec status, as per our records or as ascertained from the Quebec Ministry of Education (MELS).</th>
</tr>
</thead>
<tbody>
<tr>
<td>You have applied to McGill from another Quebec University</td>
<td>• Canadian birth certificate or Canadian citizenship card (both sides) or Certificate of Indian status card or Record of Permanent Resident status (note 3) • For your Quebec residency status, usually no documents are required, unless we cannot ascertain this from the Quebec Ministry of Education (MELS)</td>
</tr>
<tr>
<td>You were born in Quebec</td>
<td>• Quebec birth certificate (note 1 &amp; 5) • Permanent Code Data Form (note 2 &amp; 6)</td>
</tr>
<tr>
<td>You were born (or became a Landed Immigrant) in a Canadian province other than Quebec</td>
<td>• Canadian birth certificate or Canadian citizenship card (both sides) or Certificate of Indian status card or Record of Permanent Resident status (note 3) • Permanent Code Data Form (note 2 &amp; 6)</td>
</tr>
<tr>
<td>You are a Quebec resident through one of the other situations outlined by the Ministry of Education</td>
<td>• Canadian birth certificate or Canadian citizenship card (both sides) or Certificate of Indian status card or Record of Permanent Resident status (note 3) • Attestation of Residency in Quebec Form (note 6) • Other supporting documents, depending on which situation you checked on the above Attestation of Residency form</td>
</tr>
</tbody>
</table>

### International Students

<table>
<thead>
<tr>
<th>You will be in Canada for less than 6 months (i.e. for only one academic semester)</th>
<th>• Visitors Permit issued by Citizenship and Immigration Canada at your port of entry into Canada • Photo page of your passport and the page stamped by Citizenship and Immigration Canada at your port of entry • Permanent Code Data Form (note 2 &amp; 6)</th>
</tr>
</thead>
<tbody>
<tr>
<td>You will be in Canada for more than 6 months (i.e. for two or more consecutive semesters)</td>
<td>• Certificate of Acceptance of Quebec (CAQ) • Permanent Code Data Form (note 2 &amp; 6) • Study Permit issued by Immigration Canada (note 4)</td>
</tr>
</tbody>
</table>

**Note 1:** You may alternatively supply your Quebec baptismal certificate if it was issued prior to January 1, 1994 and clearly shows where you were born and that your baptism occurred no more than 4 months after your birth.

**Note 2:** Permanent Code Data Form (signed) is usually required. If the names of your parents appear on your birth certificate, or if you have already provided us with your Permanent Code, you do not need to supply this form.

### Fee Exemptions

Exemptions from International Tuition Fees may be claimed by students in certain categories. As well, both international and non-Quebec Canadian students or permanent residents in certain language programs leading to a degree in French may be eligible for a fee exemption from international or the non-Quebec Canadian rate. Please note that the list of language programs is limited and subject to change by the Ministère de l’Éducation, du Loisir et du Sport. Students, if eligible for one of the exemption categories, are then assessed at the Quebec student rate. A list of categories and the required application forms are available at www.mcgill.ca/student-records/documents.

**Note 3:** Proof of Permanent Resident status can be proved by an IMM 5292 document together with the Permanent Resident card (copy of both sides required). Alternatively, you may provide the IMM 1000 document along with the PR card (copy of both sides required).

**Note 4:** If you are a refugee, you should instead provide your Convention Refugee status document.

**Note 5:** Usually we need your birth certificate to prove your place of birth in Quebec. If you already have a valid MELS Permanent Code, but we are still showing you as being charged Canadian fees, we will accept a Canadian passport that shows your birth place in Quebec as proof that you qualify for Quebec residency.

**Note 6:** The links to download and print the Permanent Code Data and Attestation of Quebec Residency forms can be found at www.mcgill.ca/student-records/documents.

### Quebec/Canadian/International Fees

It usually takes us about a week to receive and record your documents.

- Check your tuition status on Minerva student accounts menu: Student Menu->Student Accounts Menu->View your Tuition and Legal Status.
- Check the phrase: Fees currently calculated according to rules for... This will tell you if you are assessed as: International, student, Canadian student, or a Quebec student.
- The University has implemented e-billing as of the 2005-2006 academic year. A paper fee statement will no longer be mailed via Canada Post. For more information please refer to the following Website: www.mcgill.ca/student-accounts/e-bill.

If you do not agree with the assessment, notify us right away. We cannot accept changes or offer you a lower tuition rate after the last day of classes at the end of the term, as the government does not allow us to amend our files at that point.

### Permanent Code

It can take anywhere from one week to four weeks for the Ministry to verify or issue your Permanent Code.

Check your Permanent Code on Minerva: Personal Menu ->Name Change Form or alternatively on the student accounts menu: Student Menu->Student Accounts Menu->View your Tuition and Legal Status. If the Permanent Code number appears there, your documents are in order. If not, you have not yet provided us with your documents listed above or we have not yet received confirmation from the Ministry that your documents are sufficient for creation of a Permanent Code.
6.17.4 What Are the Consequences of Not Providing Your Documents?

All proofs of citizenship, requests for Quebec residency, international fee exemption, and immigration status changes must be received by the end of the last day of classes of a current term to take effect for that term. All documents received after that date will be updated and lower your fees for the following term only.

We cannot issue you an ID card without having received your documents. Your ID card is essential to use many services on campus, and to sit for your final exams.

If your Permanent Code has not been issued by October 15 (Fall term) or February 15 (Winter term) we will put a hold on your record, which will prevent you from registering or dropping any courses, and will prevent you from obtaining your official transcript, until our record has been put in order. For students in short programs, this action may be taken earlier in the term.

Should your tuition status be reduced as a result of the document review process, any late payment or interest charges accumulated on the difference will also be waived.

6.17.5 Where Do I Send my Documents?

Send in all your documents after you have been accepted to McGill and before you arrive on campus. Do not send us originals. Please fax or mail a clear and legible photocopy. Write your McGill ID on the documents so that we can match them to your record. The sooner you submit your documents, the sooner we can update your status and ensure that your record is in order.

By E-mail:
You may submit your legal documents electronically by following these steps:

1. **Save the attached file in an accepted format:**
   - Standard PDF (.pdf)
   - Tagged image format (.tiff, .tif; for scans)
   - Due to the possibility of malicious content, Microsoft Word Documents (.doc), Hypertext files (.htm, .html) or any other format will not be accepted. Do save in an accepted format and do not just rename the file extension.

2. **Ensure that the resolution used is no less than 300 dpi** for an electronic replica (scan) of documentation (e.g., scan of your birth certificate). Preferred file size is 100Kb per image.

3. **Address your email to legaldocumentation@mcgill.ca and attach your relevant scanned document(s).** Files should be sent as attachments to your E-mail and not as part of the E-mail body.

4. **Put your First Name, Last Name, and McGill ID number in the subject line of your E-mail.**

   **Note:** Individual E-mail size (including your attachments) should not exceed 5 MB (5120 KB).

6.18 Identification (ID) Cards

Students registered at McGill are required to present an ID card when writing examinations and when using libraries, Student Services, certain laboratories, and many residences.

An ID card cannot be issued until at least 3 hours after the student has registered. When requesting the card, new students must present Permanent Code information and proof of legal status in Canada (for a list of documents please see section 6.17 “Legal Documents”)

ID cards will not be issued if any of the legal documents are missing.

Registered students may obtain an ID card at these times and locations:

<table>
<thead>
<tr>
<th>Quebec CEGEP students:</th>
<th>Canadian and Quebec students:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuesday June 12 to Friday August 17, 2007, Open 9:00 a.m. to 5:00 p.m. (note that we are closed on: Monday June 25, Monday July 2, and weekends). You are encouraged to come during this period to avoid line-ups later in August. No international students can be carded before August 20.</td>
<td>Thursday, August 2 to Friday, August 17, 2007, Open 9:00 a.m. to 5:00 p.m. (except weekends). You are encouraged to come during this period to avoid line-ups later in August. No international students can be carded before August 20.</td>
</tr>
<tr>
<td></td>

</table>

On the Macdonald Campus, newly registered students entering from Quebec CEGEPs, may obtain an ID card from the Student Affairs Office, Room 106, Laird Hall. Office hours are from 9:00 a.m. to 4:00 p.m., Monday through Thursday and 9:00 a.m. to 3:00 p.m. on Friday throughout the Summer. (Please note that the Student Affairs Office will be closed for the statutory holidays of Monday, June 25th and Monday, July 2nd).

ID cards will be issued to new Canadian and Quebec students during the weeks of August 6 - 10, 13 - 17, 20 - 24, in the Student Affairs Office, Room 106, Laird Hall. Those students missing any of the dates noted will be able to obtain their ID cards during Orientation activities.

Please note that international students may obtain their ID cards as of August 20, 2007.

As of Tuesday, September 4th, 2007, ID cards may be obtained in the Student Affairs Office during normal office hours.

Other notes:

- students who do not register for consecutive terms should retain their ID card to avoid having to replace it when they re-register.
- if your card has expired there is no charge for a replacement as long as you hand in the ID card.
- if you change programs or faculties there is no charge as long as you hand in the ID card.
- if your card has been lost, stolen or damaged, there is a $20 replacement fee.
The Student Identification Card is the property of the University, is to be used by the cardholder only, and is not transferable. Students withdrawing from all of their courses must attach their ID card to the withdrawal form or return their ID card to the Admissions, Recruitment and Registrar's Office (or the Faculty of Agricultural and Environmental Sciences Student Affairs Office, Macdonald Campus).

Students who need security access to labs or other facilities should refer to www.mcgill.ca/security/services/access.

6.19 Legal Name

All students are registered under their legal name as shown in one of the following documents:
1. Canadian birth certificate.
2. Canadian Immigration Record of Landing (IMM1000 or IMM5292 and Permanent Residence card, both sides).
3. Canadian Immigration Study or Work Permit document.
5. International passport (for Canadians, a Canadian citizenship card is required. Note that a Canadian passport is not acceptable).
6. Letter from the International Students’ consulate or embassy in Canada.
7. Marriage certificate issued outside of Quebec* (translated into English or French by a sworn officer if in another language). In the case of a variation in the spelling of the name among these documents, the University will use the name on the document that appears first on the above list.

Note: This is the name that will appear on the student’s degree, diploma or certificate on graduation, and on the student’s transcript, and used by the Ministère de l’Éducation, du Loisir et du Sport (MELS) to create a Permanent Code.

* Quebec marriage certificates are only acceptable if issued prior to 1984.

6.20 Verification of Name

Students should verify the accuracy of their name on McGill’s student records via Minerva and make any necessary corrections to formatting, e.g., upper/lower case letters, accents and spacing, using the Minerva Name Change Form under the Personal Menu. Students cannot change the name on their record via Minerva. Requests for such changes must be made by presenting official documents (see section 6.19 ‘Legal Name”) in person at the Admissions, Recruitment and Registrar’s Office, James Administration Building, Room 205.

6.21 E-mail Communication

E-mail is an official means of communication between McGill University and its students. All students are assigned a McGill e-mail address. They should view and verify their McGill e-mail address on Minerva, under the Personal Menu. As with all official University communications, it is the student’s responsibility to ensure that time-critical e-mail is accessed, read, and acted upon in a timely fashion. If a student chooses to forward University e-mail to another e-mail mailbox, it is that student’s responsibility to ensure that the alternate account is viable.

It is a violation for any user of official McGill e-mail addresses to impersonate a University officer, a member of the faculty, staff or student body, in line with the McGill University "Code of Conduct for Users of McGill Computing Facilities” and relevant federal and provincial legislation.

More information about e-mail procedures is available at www.mcgill.ca/email-policy. E-mail support is provided by IST Customer Services (ICS), visit www.mcgill.ca/ics/tools/email for more information. Please see section 4.5 "Information Technology Resources”.

6.22 Updating Personal Information

It is important that all students keep their official records up to date, especially their mailing or student billing address as these are used by the University year round. If all addresses on file are invalid or incomplete, a student’s mail will be held. Once the addresses are updated, future mail will be sent. Students must update their addresses and/or telephone number and emergency contact information using Minerva -> Personal Menu.

Students who are away from campus and do not have access to the Internet may make the changes by writing to the Admissions, Recruitment and Registrar's Office. A written request must include the student’s signature.

Changes requiring verification of official documents, e.g., change of name or citizenship or correction of birth date, must be reported to the Admissions, Recruitment and Registrar’s Office as soon as possible. Such changes can only be made in person at the ARR Service Centre, James Administration Building, Room 205. Macdonald campus students can request changes in person at the Student Affairs Office, Laird Hall, Room 106.

6.23 Authorization, Acknowledgement and Consent

When applying for admission to the University, all students acknowledge that they are bound by and undertake to observe the statutes, rules, regulations, and policies in place from time to time at McGill University and the faculty or faculties in which they are registered, including those policies contained in the University Calendars and related fee documents. Their obligation as a student commences with their registration and terminates in accordance with the University’s statutes, regulations, and policies.

Students should verify any information or statement provided as part of their application, realizing that an admission granted based on information in their application or supporting documents that is incorrect or untrue may be revoked at the sole discretion of the University.

6.24 Student Rights and Responsibilities

The Handbook of Student Rights and Responsibilities is published jointly by the Office of the Dean of Students and the University Secretariat. A compendium of regulations and policies governing student rights and responsibilities at McGill, it is distributed to new students at the Dean of Students’ Orientation Sessions on both downtown and Macdonald campuses.

The Handbook is also available on the Web at www.mcgill.ca/deanofstudents/rights.

6.25 Proper Use of Computing Facilities

Students are required to comply with the Code of Conduct for Users of McGill Computing Facilities as approved by the University Senate. The Code is published in the Handbook of Student Rights and Responsibilities.

This policy (or code) is also posted on the DP-CIO Website at www.mcgill.ca/dp-cio/epolicies.

6.26 Non-Smoking Policy

Quebec law prohibits smoking in public buildings.

6.27 Health Professions- Immunization Requirement

A compulsory immunization program exists at McGill for students in the health professions, including Dietetics. New students in those programs must complete the immunization program well before classes begin. Further information is available from the Student Health Service, (514) 398-6017.
6.28 Health Insurance - International Students

By Senate regulation, all students (full-time, part-time, special, exchange and visiting) and their accompanying dependants who do not have Canadian citizenship or Permanent Resident status must participate in the University’s compulsory sickness and accident plan. For enrolment procedures and details on the health insurance plan, students should consult the International Student Services Website. For information concerning rates, see section 8.6 “Other Fees”.

All inquiries related to this University policy must be directed to International Student Services. Health Insurance Telephone: (514) 398-6012
E-mail: international.health@mcgill.ca
Website: www.mcgill.ca/internationalstudents/health

6.29 Health Insurance - Canadian Residents

Canadian students from outside the province of Quebec should check with their own provincial medicare office to ensure the validity of their health coverage while studying at McGill.

Canadian students who have been living abroad may not be eligible for provincial health insurance coverage. To ensure adequate health insurance coverage, you may enroll in the group plan offered through International Student Services.

Graduate students classed as Canadian full-time or additional session/non-thesis extension as well as all Postdoctoral candidates are automatically covered by their society’s Health and Dental Plan (PGSS). Students without valid Canadian Medicare, please see "International Students", section 7.3. In 2006-2007 this plan costs $419. Students not charged during the Fall term for insurance fees can choose to enrol directly at the PGSS office during the January adjustment period. For details on what is covered by this plan as well as opt-out procedures, please refer to the information contained at www.pgss.mcgill.ca.

6.30 Special Medical Needs

Students who have particular medical needs are requested to have their physician submit appropriate information on a confidential basis to the Student Health Service. They should contact the Office for Student Disabilities; see section 7 “Student Services and Information”.

6.31 Minerva

Minerva is McGill's Web-based information system serving students, staff and faculty. Students view class schedules, including course descriptions and spaces available in course sections, register and make course changes using Minerva at www.mcgill.ca/minerva. Some of the other options available to students on Minerva include viewing their unofficial transcript and degree evaluation reports; viewing their Permanent Code, citizenship and Quebec residency status and fee information; updating their personal information such as address, telephone number and emergency contacts; for some faculties, changing their major or minor; applying to graduate and viewing their graduation status; viewing their McGill log-in information to access the Internet and email; ordering official transcripts; retrieving tax receipts; submitting an on-line course evaluation; applying to McGill and viewing their application status.

6.32 myMcGill

Launched in April, 2006, myMcGill is McGill's own web portal, giving students a personalized and integrated interface to McGill's information systems. Currently, each McGill system (e.g. Minerva, WebCT, Library and Email) has its own login ID and password. Via a Single-Sign-On (SSO), myMcGill provides users with the advantage of accessing these systems without being prompted for additional or subsequent logins. It also provides direct (one click) access to functions within the back end systems without having to go to the front screen of these systems and navigate through multiple menus. Portlets include direct links to Minerva student information, personalized course list with links to webCT Vista, student society links, and athletics. To log into myMcGill go to: http://my.mcgill.ca or from the McGill homepage (www.mcgill.ca), click on the myMcGill tab at the top right hand corner of the page.

7 Student Services and Information

7.1 Fellowships, Awards and Assistantships

Graduate and Postdoctoral Studies Office
Fellowships and Awards Section
James Administration Building, Room 400
845 Sherbrooke Street West
Montreal, Quebec H3A 2T5
Telephone: (514) 398-3990
Fax: (514) 398-2626
E-mail: graduate.fellowships@mcgill.ca
Website: www.mcgill.ca/gps (under Funding: Fellowships and Awards)

The Fellowships and Awards Section of the Graduate and Postdoctoral Studies Office provides information on many sources of support for Canadian and non-Canadian students, both new to McGill and continuing. Further information on these and other sources of funding can be found various publications on the Fellowships and Awards Web pages. The Graduate Fellowships and Awards Calendar lists all internal awards as well as numerous external awards. “Making Ends Meet” is a guide to successful strategies for funding graduate studies. McGill University also offers a small number of prestigious recruitment fellowships, including the Tomlinson Fellowships and the Werner Graupe Fellowships for which application information is posted on the fellowships Website in the Fall prior to the year in which you intend to start your studies. The Tomlinson Fellowships are awarded to the most outstanding applicants at the following levels: Master's programs in disciplines housed in the Faculty of Science, doctoral programs in any discipline, and postdoctoral research in any discipline.

Applications for Tomlinson Postdoctoral Fellowships must reach the proposed academic department by the first Monday in November – please consult the Website for application guidelines and forms.

Tomlinson Master’s and Doctoral Fellowships, as well as other entrance fellowships are awarded on the basis of the application for admission, upon nomination by academic departments – please contact the proposed academic department directly for further information. To be considered for a Tomlinson Master’s or Doctoral Fellowship, the application for admission must reach the proposed academic department by the first Monday in January (some departments impose an earlier deadline).

As of September 2007, we will offer the McGill International Doctoral Awards (MIDAs). All international Doctoral students registered full-time at McGill (Ph.D./D.Mus/DCL in years 1 to 4) will pay the same tuition as Quebec doctoral students. International students whose international tuition supplement is paid by an external source (e.g. fellowships that include direct payment of tuition and third party billing contracts) will not be eligible for these awards.

The GPSO also administers Major Fellowships for students who are currently enrolled in a McGill graduate program for subsequent years of studies. Competition deadlines are in the early fall prior to the funding period (e.g., Fall 2007 for funding in 2008-09) – please consult the Website for application guidelines and forms. A certain number of citizens from countries whose governments have entered into agreements on tuition fees with Quebec may be exempted from the supplemental tuition fees normally required of international students. All French citizens and a limited number of citizens of a country in the list which can be found at www.mels.gouv.qc.ca/ens-sup/ens-univ/droits_scolarite-A_pays-organisations.pdf are eligible for such exemptions. For more
Students must normalize their status with Quebec and Canada Immigration prior to attending any classes at McGill.
For further information, or if there is an emergency, contact the International Student Services Office by telephone during regular office hours, 09:00 to 17:00, or by e-mail.
International Student Services:
Telephone: (514) 398-4349
E-mail: international.students@mcgill.ca

Compulsory Health Insurance – By Senate regulation, all students who do not have Canadian citizenship or Permanent Resident status, as well as their accompanying dependents, must participate in a compulsory health insurance plan administered by the University.
When registering by Minerva, students will be directed to the International Student Services Web page for enrolment procedures and schedule.
For information concerning rates, see www.mcgill.ca/internationalstudents/health. All inquiries related to this University policy must be directed to the International Student Services Office.
Health Insurance:
Telephone: (514) 398-6012
E-mail: international.health@mcgill.ca
International Student Services, William and Mary Brown Student Services Building, 3600 McTavish Street, Suite 3215, Montreal, Quebec H3A 1Y2.
Website: www.mcgill.ca/internationalstudents

7.4 Student Rights and Responsibilities
The Handbook on Student Rights and Responsibilities (green book) is available on the McGill Website, www.mcgill.ca/student-services or from the Office of the Dean of Students.

7.5 Office of the Dean of Students
William and Mary Brown Student Services Building
3600 McTavish Street, Suite 4100
Montreal, QC H3A 1Y2
Telephone:
General Information: (514) 398-3825
Dean/Associate Dean: (514) 398-4990
Email: deanofstudents@mcgill.ca
Website: www.mcgill.ca/deanofstudents

The Dean and the Associate Dean of Students coordinate all student services at McGill to promote student success. They are available to provide assistance and/or information on almost all aspects of non-academic student life. Concerns of an academic nature will be directed to the proper individual, office or department.

7.6 Student Services – Downtown Campus
Unless otherwise indicated, on the Downtown Campus all Student Services offered by the Office of the Dean of Students are located in the William and Mary Brown Student Services Building, 3600 McTavish Street, Montreal, Quebec H3A 1Y2.
A list of services available is given below. For further information refer to the Student Services Website: www.mcgill.ca/student-services or the address indicated above.
Student Services
General Information: (514) 398-8238
Website: www.mcgill.ca/student-services

Career and Placement Service (CAPS): provides a range of services to McGill students, and recent graduates, in the field of student and graduate employment.
7.7 Student Services – Macdonald Campus

While students who study on the Macdonald Campus may make full use of all Student Services available at McGill, the Office of the Dean of Students offers students direct access to the services listed below.

Unless otherwise indicated, Macdonald Campus services are available for graduate students.

Career and Placement Service (CAPS): provides a range of services to McGill students, and recent graduates, in the field of student and graduate employment.

Telephone: (514) 398-7582

Counselling Services: A professional counsellor is available twice a week offering counselling for personal, social and emotional concerns as well as for academic and vocational concerns. Appointments are required.

Telephone: (514) 398-7992

Health Service: A referral service is available Monday through Friday. A nurse/health educator is on campus Mondays, Tuesdays and Wednesdays and a physician may be seen by appointment on specified dates.

Telephone: (514) 398-7565

Off-Campus Housing: maintains computerized lists of available off-campus student housing.

Telephone: (514) 398-7992

Student (Financial) Aid Office: Information about government aid, McGill loans and bursaries, and the Work Study Program can be obtained at the Centennial Centre. During the academic year (September to April) an Administrator visits the campus every Wednesday to help students with financial problems.

Telephone: (514) 398-7992

7.8 Student Accommodation

Downtown Montreal

The majority of residence accommodation on the downtown campus is available to undergraduate students only. A small amount of housing in the form of apartments and shared-facilities houses is available for graduate students.

Application forms and detailed information on graduate housing is available on Student Housing Website or can be obtained from the Student Housing Office, 3641 University Street, Montreal, QC, H3A 2B3.

Telephone: (514) 398-6050
Fax: (514) 398-2305
E-mail: housing.residences@mcgill.ca
Website: www.mcgill.ca/residences

Macdonald Campus

Information on the EcoResidence and Laird Hall can be obtained from:

Campus Housing Office, P.O. Box 192,
Macdonald Campus of McGill University
Sainte-Anne-de-Bellevue, QC H9X 3V9.
Telephone: (514) 398-7716
Fax: (514) 398-7953
E-mail: residences@macdonald.mcgill.ca
Website: www.mcgill.ca/macdonald/campus/services/residences
Off-Campus Housing
The McGill Off-Campus Housing service publishes on-line lists of apartments for rent, apartments to share and rooms for rent in private homes throughout Montreal. The lists are updated daily and are available to all students with a valid McGill ID number. The Website also contains information on renting in Montreal and on Quebec lease laws, as well as links to other useful sites.
Phones and computers are available at the Off-Campus Housing Office to assist students in their housing search. The office is located in the Student Housing Office, 3641 University Street, Montreal, QC H3A 2B3.
Telephone: (514) 398-6010
Fax: (514) 398-2305
E-mail: offcampus.housing@mcgill.ca
Website: www.mcgill.ca/offcampus
The Off-Campus Housing Service is available on Macdonald Campus from June 1 to August 31. That office is located in Centennial Centre, Room CCI-124.
Telephone: (514) 398-7992
Fax: (514) 398-7610

7.9 Extra-Curricular Activities
There are over 250 activities and clubs which students may join. These include international clubs; religious groups; political clubs; fraternities; communications groups such as Radio McGill, the McGill Tribune, and the McGill Daily; and some 50 miscellaneous groups (e.g., science clubs; literary, theatrical and musical societies; a chess club; and the McGill Outing Club).
The University Centre, 3480 McTavish Street, provides club rooms for these activities in a four-storey building with cafeterias, a ballroom, lounges and an experimental theatre. Activities for graduate students are centred in David Thompson House at 3650 McTavish Street. On the Macdonald Campus facilities are located in the Centennial Centre (refer to FAES section).

7.10 Ombudsperson for Students
The position of Ombudsperson for Students is filled on a half-time basis by an academic staff member. The Ombudsperson receives complaints from students and assists in the resolution of those complaints through informal means including information, advice, intervention, and referrals with a view to avoiding the more formal grievance procedures that already exist in the University.
The Office of the Ombudsperson is a confidential, independent, and neutral dispute resolution service for all members of the student community. Please call (514) 398-7059 for an appointment.
Office of the Ombudsperson, Brown Building, Room 5202
Website: www.mcgill.ca/ombudsperson

7.11 Bookstore
The McGill University Bookstore stocks new and used textbooks, a full range of books for the academic and professional community, stationery supplies, and McGill insignia clothing and gift items.
3420 McTavish Street
Telephone: (514) 398-7444
Website: www.mcgill.ca/bookstore
Macdonald Bookstore
Centennial Centre
Telephone: (514) 398-8300

7.12 Computer Store
The McGill Computer Store, located on the second floor of the University Bookstore, sells a full range of PC, Macintosh and Unix hardware, computer software and consumer electronics at educational prices.
3420 McTavish Street
Telephone: (514) 398-5025
Website: www.mcs.mcgill.ca
sales.mcs@mcgill.ca

7.13 Day Care
The McGill Childcare Centre is an independently run centre which can accommodate approximately 100 children, ranging in age from 4 months to 5 years. As placements are limited, especially for certain age groups, early application is suggested.
The Centre is located at:
3491 Peel Street, Montreal, QC H3A 1W7
Telephone: (514) 398-6943
A Campus Day Care Centre, located adjacent to the Macdonald Campus, is an independently run centre which can accommodate approximately 60 children, ranging in age from 4 months to 5 years. In addition, 50 children can be accommodated in Home Day Care within the neighbourhood. Preference is given to the Campus community. Early application is recommended. The Centre is located at:
1 Maple Avenue, Ste. Anne de Bellevue H9X 2E3
Telephone: (514) 398-7951
For Home Day Care information:
Telephone: (514) 457-7953

7.14 Athletics
Downtown Campus
Athletics: offers programs in recreational, intercollegiate, intramural and sports clubs.
Athletics Complex, 475 Pine Avenue West
Telephone: (514) 398-7000
E-mail: athletics@mcgill.ca
Website: www.atletics.mcgill.ca

Macdonald Campus
Athletics: Athletics offices are located in the Stewart Athletic Complex, just west of the Centennial Centre. Available at no charge to Macdonald students is a wide selection of activities, as well as the use of an excellent array of equipment. Facilities include a gymnasium, pool, weight room (with monitors on hand four evenings per week), arena, tennis courts, playing fields and large expanses of green space.
In addition to providing many open times for your enjoyment, there are also instructional, recreational, intramural and intercollegiate activities. There are nominal fees for instructional courses.
Stewart Athletic Complex
Telephone: (514) 398-7789
Website: www.agrenv.mcgill.ca/society/athletic

8 Fees and Expenses
The University reserves the right to make changes without notice in the published scale of fees. (Note: The information in this section was prepared in early March 2007. Fees for the 2007-08 year will be finalized in the late spring.) Further information regarding fees can be found on the Student Accounts Website www.mcgill.ca/student-accounts.

8.1 Fee Information Booklet
The Fee Information booklet, published in June of each year by the Student Accounts Office, contains additional information as well as any fee adjustments which may have been made after the publication of this Calendar. Students are bound by the policies and procedures contained therein. In the event of any discrepancy, the Fee Information booklet supersedes the Calendar.
A copy of the booklet will be sent to all new students. The contents are also available on the Student Accounts Website at www.mcgill.ca/student-accounts.
8.2 Access to Fee Information

Students can view their Account Summary by Term on Minerva. The Fall 2007 session fees become accessible as of August 1st.

8.3 Tuition Fees (2006-2007 rates)

Tuition fees vary according to the residence and citizenship status of the student. The rates described below only refer to credit activities.

Quebec Students

Tuition fees for Quebec students who are Canadian citizens or Permanent Residents are $55.61 per credit or $1,668.30 for 30 credits.

In accordance with provincial government requirements, students must provide proof that they qualify for assessment of fees at the Quebec rate; see section 6.17 "Legal Documents" for details.

Note: Students who do not submit appropriate documentation by the stipulated deadline are billed at the non-Quebec Canadian or the international rate, depending on the documentation submitted.

If proof of status is submitted after a student has been billed, but before the document submission deadline, the tuition supplement will be waived. Should your tuition status be reduced during the evaluation period, any late payment and/or interest charges accumulated on the difference will also be waived.

Non-Quebec Students (Canadian or Permanent Resident)

Tuition fees at the Master’s level for non-Quebec students who are Canadian citizens or Permanent Residents are $163.79 per credit ($55.61 Quebec rate plus $108.16 Out of Province supplement) or $4,913.70 for 30 credits. At the Ph.D. level, tuition fees are the same as for Quebec students.

Based on last year’s fee increases, the out of province supplement typically increases by 8% per annum.

In accordance with provincial government requirements, students must provide proof that they qualify for assessment of fees at the non-Quebec Canadian rate; section 6.17 "Legal Documents" for details.

Note: Students who do not submit appropriate documentation by the stipulated deadline will be billed at the international rate.

If proof of status is submitted after a student has been billed, but before the document submission deadline, the tuition supplement will be waived. Should your tuition status be reduced during the evaluation period, any late payment and/or interest charges accumulated on the difference will also be waived.

International Students

Tuition fees at the Master’s level for international students are $347.61 per credit ($55.61 Quebec rate plus $292 International supplement) or $10,428.30 for 30 credits; at the Ph.D. level tuition fees are $9,378.30 per year ($1,668.30 Quebec rate plus $7,710 International supplement). Certain graduate programs charge fees at a different rate.

The international fees which are listed in section 8.11 "Yearly Fees and Charges (2006-2007 rates)" are representative of fees that students could expect to be charged. It is expected that tuition fees for international students will increase by 3-4% in 2007/08.

Fee increases will be announced as soon as they are known in the Spring.

Exemption from International Tuition Fees may be claimed by students in certain categories. Such students, if eligible, are then assessed at the Quebec student rate.

A list of these categories and the required application forms can be obtained from the Admissions, Recruitment and Registrar’s Office. Information is also available on the Web at www.mcgill.ca/students.

8.4 Documentation

For more information on documentation, see section 6.17 "Legal Documents".

8.5 Compulsory Fees (2006-2007 rates)

Student Services Fees

Student Services fees are governed by the Senate Committee on the Coordination of Student Services, a parly committee composed equally of students and University staff.

The fee, supplemented by revenue from the Quebec government, the University, and the generosity of donors, supports Student Health (including Dental), Mental Health, Counselling and Tutorial, Chaplaincy, Career and Placement, Student Aid and International Student Services, the Office for Students with Disabilities, First-Year Office (including the Francophone Assistant), Off-Campus Housing, and the First Peoples' House. The Office of the Dean of Students also administers the academic integrity process as described in the Handbook of Student Rights and Responsibilities.

Athletics Fee

The Athletics fee covers athletics facilities, campus recreation (intramurals, fitness & recreation courses, drop-in recreation, etc.), and intercollegiate sports at both the Downtown and Macdonald campuses.

Student Society Fees

Student Society fees are compulsory fees collected on behalf of student organizations. Fees must be approved by the student body through fee referenda according to the constitutional rules of the association or society.

Changes to Student Society fees are voted upon by the students during the Spring referendum period.

Note: For International students, the student society fee includes the PGSS Dental Insurance plan of $201. International students will also be obliged to participate in the University’s compulsory International Health Insurance Plan, which at the 2006-07 rate, costs $711 for single coverage. For more information, please contact International Student Services, (514) 398-6012.

Registration Charge

The University charges a per credit registration charge to all students in courses and programs. This is assessed as follows:

Graduate students whose fees are charged on a per credit basis:

$6.78 per credit to a maximum of $101.70 per term

Graduate students whose fees are charged on a flat rate basis per term:

Full-time / additional session / non-thesis extension $101.70
Half-time $50.85

Post-Graduate Medical Education: 40-52 weeks pay $101.70; 1-39 weeks pay $50.85

Transcript Charge

The University charges a per credit transcript charge to all students. This entitles students to order transcripts free of charge and is assessed as follows:

Graduate students whose fees are charged on a per credit basis:

$1.20 per credit to a maximum of $18.00 per term

Graduate students whose fees are charged on a flat rate basis per term:

Full-time / additional session / non-thesis extension $18.00
Half-time $9.00

Post-Graduate Medical Education: 40-52 weeks pay $18.00; 1-39 weeks pay $9.00

Information Technology Charge

The purpose of the information technology charge is to enhance certain technology services provided to students as well as to provide training and support to students in the use of new technology. The fee is assessed as follows:

Graduate students whose fees are charged on a per credit basis:

$6.62 per credit to a maximum of $99.30 per term
FEES AND EXPENSES

Graduate students whose fees are charged on a flat rate basis (per term):
  Full-time / additional session / non-thesis extension $99.30
  Half-time $49.65
Post-Graduate Medical Education:
  40-52 weeks pay $99.30; 1-39 weeks pay $49.65

Copyright Fee
All Quebec universities pay a per credit fee to Copibec (a consortium that protects the interests of authors and editors) for the right to photocopy material protected by copyright.
Graduate students whose fees are charged on a per credit basis: $6.7 per credit to a maximum of $10.05 per term
Graduate students whose fees are charged on a flat rate basis (per term):
  Full-time / additional session / non-thesis extension $10.05
  Half-time $5.03

8.6 Other Fees
International Student Health and Accident Plan (compulsory) (based on 2006-07 rates)
  Single $711
  Dependant (one student with one dependant) $1,959
  Family (one student with two or more dependants) $3,720
Application for Admission*
  • All graduate programs except Management programs $80
  • Management programs $100
Reconsideration of Application to Associate Dean (Graduate and Postdoctoral Studies) $40
Admission appeals charge (to the University Admission Appeals Committee) $100

Late Registration
After regular registration deadline:
  • All eligible returning students, except Special students and graduate part-time students $50
  • Special students and graduate part-time students As of the second day of classes:
    • All students except Special students and graduate part-time students $100
    • Special students and graduate part-time students $40
Late Course Charge Fee (each change after deadline for course change) $25
Minimum Charge upon withdrawal (or, for newly admitted students, the deposit, whichever is higher) $100
Re-reading Examination Paper (refundable in some faculties) $35
Supplemental Examination $35
Thesis Examination Charge (and resubmission fee, if applicable)
  - Master’s thesis $75
  - Ph.D. thesis $100
Duplicate Student ID Card $20
Late Payment -- charged on balances >$100 as of the end of October (end of February for the Winter term) $25
Interest on outstanding balances (interest rate revised on June 1):
  1.24% per month or 14.9% annually
Returned cheque $20
Faculty of Music Fees:
  - Audition Fee $60
  - Supplemental Practical Examination in Music. $150
* All students making application to the Graduate and Postdoctoral Studies Office are required to pay this fee, including those already registered at McGill.

If a department or an applicant defers an admission within the following year, the application fee need not be paid again.

8.7 Billings and Due Dates

Confirmation of Acceptance Deposit
In certain graduate departments, new students are required to make a deposit on tuition shortly after receiving notice of their acceptance to the University. Students will be required to confirm their acceptance of the offer of admission on www.mcgill.ca/minerva/applicants and pay the required deposit by credit card (Visa or Mastercard) at that time.

Invoicing of Fees
Fees are assessed on a term by term basis.
Electronic billing is the official means of delivering fee statements to all McGill University students. All charges to the student’s account, including tuition, fees, health insurance and other miscellaneous charges are on your e-bill. E-bills are generally produced in the first few days of the month and an e-mail notification that the e-bill is ready to be viewed on Minerva is sent to the student's official McGill e-mail address. Charges or payments that occur after the statement date will appear on the next month’s statement, but may be immediately viewed on the Account Summary by Term on Minerva (this is the on-line dynamic account balance view).
Interest will not be cancelled due to non-receipt of fee invoices. Students should access the Student Accounts Website at www.mcgill.ca/student-accounts for information on payment due dates.

</tr>
</tbody>
</table>

Late Payment Fees: Students who still have an outstanding balance greater than $100 on their account as of October 31st (February 28th for the Winter term) will be charged a late payment fee of $25 over and above interest.

8.7.1 Guest Access on Minerva
Students may choose to give access privileges to a guest within Minerva. These privileges include viewing e-Bills/Account Summaries, Tax Receipts and e-payment.
A new web page at www.mcgill.ca/student-accounts/guest describes how students can set up this access. Students are asked to provide certain information about the individual for whom they wish to provide access to their fee-related information. The guest will be contacted by e-mail and provided with a link which they must use within a designated time period.
Students may revoke these access privileges at any time. At the same time, note that Student Accounts staff may respond to questions from your authorized guests regarding the information to which you have given them access.
If students do not wish to give a guest access privileges to Minerva, they may still enter alternative student billing e-mail addresses to which Student Accounts will send carbon copies of the monthly e-bill notification. However if someone has been granted access as a guest and their guest email is the same as a carbon copy student billing email address, the University will de-activate the student billing email address in order to only notify your guest about the billings once.

Students are cautioned NOT to share their own PINS with anyone, and guest access allows information to be passed to a guest without giving away their PIN.
8.8 Fees and Withdrawal from the University

All students who have accessed Minerva to register must officially withdraw in accordance with section 6.5 “Course Change Period” and section 6.7 “Regulations Concerning Withdrawal” if they decide not to attend the term(s) for which they have registered. Otherwise they will be liable for all applicable tuition and other fees.

Students who have accessed Minerva and who drop their last course from September 1st through to the withdrawal period with full refund, must submit a signed withdrawal form to be withdrawn from the University. They will be automatically charged a minimum charge of $100 (or their deposit fee if newly admitted, whichever is higher) to cover administrative costs of registration.

Students who discontinue their classes without taking steps to drop their courses and submit a withdrawal form will be liable for all applicable tuition and other fees.

8.8.1 Fee Refund Deadlines

The deadline dates for course refunds are independent of the deadline dates given for withdrawal from courses. See section 6.2.3 “Summer Registration” for information about fee refund after withdrawal from a Summer Term of Residence for newly admitted graduate students only.

Fall Term – up to and including September 23:
Returning students – 100%* refund (Less minimum charge of $100 in the case of complete withdrawal.)
New students – 100%* refund (Less registration deposit or $100, whichever is higher)

Fall Term – after September 23: No refund.

Winter Term – up to and including January 20
Returning students – 100%* refund (Less minimum charge of $100 in the case of complete withdrawal.)
New students – 100%* refund (Less registration deposit or $100, whichever is higher)

Winter Term – after January 20: No refund.
* Including tuition fees, society and other fees, student services, registration and transcripts and diploma charges, and information technology charge.

8.9 Other Policies Related to Fees

8.9.1 Overdue Accounts

All tuition and fees assessed by the University must be paid in full or arrangements must be made to settle the debt.

Students’ accounts are considered delinquent if they are not paid in full within 60 days after the bill is issued. A financial hold will be placed on such accounts, preventing students from obtaining official academic transcripts and from accessing Minerva for any registration functions.

Interest: Interest is charged on overdue balances at the monthly rate of 1.24%* multiplied by the balance outstanding at the end of the month (14.9% annually). The rate is evaluated each Spring, at which time it is set for the following academic year.

Students are advised to regularly verify their account balance via Minerva. The University has no obligation to issue any transcript of record, award any diploma, or re-register a student in the case of non-payment of tuition fees, library fees, residence fees or loans on their due date.

Information for Registered Students
Students who have registered in a given term and who have amounts owing from previous terms must either pay their accounts or make payment arrangements with the Student Accounts Office before the end of the course add/drop period. Students in financial difficulty should first consult the Student Aid Office (Brown Student Services Building, Room 3200; (514) 398-6013) to discuss the possibility of obtaining financial aid.

Failure to pay the previous term’s fees or to make arrangements to settle the debt prior to the add/drop deadline will lead to cancellation of registration in the current and subsequent terms.

Information for Students who are no Longer Registered

The delinquent accounts of students who fail to settle their debt or reach a suitable arrangement and of students who fail to provide the Student Accounts Office with up-to-date contact information, will be referred to a collection agency. Where neither the University nor the collection agency is able to collect on the account, the University reserves the right to have the student reported to a credit bureau. Students should be aware that the University is entitled to use all legal means to obtain payment and that students will be responsible for all costs associated with such actions.

8.9.2 Canceling Registration for Non-Payment

In accordance with the fee policy as stated in section 8.9.1 "Overdue Accounts": The Student Accounts Office will make all reasonable efforts to notify students with a delinquent student account, and who have more than $100 outstanding from the previous term, that their registration will be cancelled for non-payment. The cancellation will be made effective the last day of the drop/add period unless the account has been settled or payment arrangements have been made with the University by then. After the add/drop deadline, students who fail to make payment arrangements with the Student Accounts Office and who want to withdraw, must apply for permission at the Student Accounts Office, which will forward it to the Registrar’s Office for approval and processing.

8.9.3 Acceptance of Fees vs. Academic Standing

Acceptance of fees by the University in no way guarantees that students will receive academic permission to pursue their studies. If it is subsequently determined that the academic standing does not permit the student to continue, all fees paid in advance will be refunded on application to the Student Accounts Office.

8.9.4 Fees for Students in Two Programs

Students in two programs normally are billed additional fees for their second program. Depending on the level of the two programs, e.g., one program at the undergraduate vs. one program at the graduate level, students may incur both society and faculty fees and/or additional tuition fees. Consult the student accounts Website for further details.

Students in two programs may consult the Admissions, Recruitment and Registrar’s Office for information on tuition fees. Adjustments to bills will be made throughout the term when fees cannot be automatically calculated.

8.9.5 Senior Citizens

Senior citizens aged 65 and over, registered in credit courses, will be credited an amount equal to 50% of the Quebec tuition fee rate for the 2007-08 academic year. This fee waiver will not be continued in 2008-09, but those who require financial aid should be aware that such aid will be available for students enrolled full-time in degree programs. Students in need may contact the Scholarship and Student Aid Office for more information at (514) 398-6013.

8.9.6 Québec Exchange (Inter-University Agreements)

Students taking courses as part of the Inter-University Agreement are required to pay the fees at their home university. The Agreement, therefore, relates solely to the transfer of academic credits. Students taking courses as part of the Inter-University Agreement are required to pay additional course charges that are compulsory upon registration in a particular course. Such additional course charges may represent special activity charges or course
materials. The University reserves the right to refuse course registrations in non-government-funded activities.

8.10 Deferred Fee Payment

8.10.1 Students with Sponsors

Students whose fees will be paid by an outside agency such as the Department of Veterans Affairs, CIDA, a foreign government, or their University department (i.e., teaching assistants or demonstrators), must have written evidence to that effect. Sponsors and students alike must inform the University that a sponsorship is taking place so that the contract may be initiated and the student's fee account affected. Notification to the University should occur at least one month prior to the beginning of the term in which the contract is to take effect. Full documentation on the procedure as well as the forms required to be completed are found at www.mcgill.ca/student-accounts/third.

     When a third party has agreed to pay fees on behalf of a student, payment will be recorded on the fee account, thereby reducing the balance the student must pay. The University reserves the right to insist upon payment. If the third party does not pay the promised fees within 90 days of invoicing, the student will be responsible for paying the fees plus the late payment fee and accrued interest.

8.10.2 Students Receiving McGill Scholarships/Awards

Fall Term: McGill scholarships or awards normally are credited to the recipient's fee account by mid-August. These awards have the effect of reducing the student's outstanding balance.

Winter Term: Students can view upcoming Winter term scholarships or awards on Minerva once processed by the Student Aid Office. These awards are future-dated and will be released to the student's fee account by January 2.

8.10.3 Students Receiving Government Aid

Students are encouraged to pay their tuition promptly upon receipt of their government assistance. Interest on outstanding tuition is charged monthly beginning in August for returning students and in September for new students. Students who have applied for government assistance for full-time studies by June 30 (June 1st for US students) will be entitled to an exemption of interest and late payment charges effective upon receipt of their aid at either the Student Aid Office or the Macdonald Campus Student Services.

Students are reminded that tuition and student housing fees have first call upon financial aid received from any source.

8.10.4 Graduate Awards/Teaching Assistantships

Graduate students who are recipients of awards where funds are paid directly to them (e.g. CIMR, NSERC, etc.) are normally required to pay their fees by the payment due dates. Students who are dependent on the income received from either Teaching Assistantships, stipends and/or fellowships in order to pay their tuition should consult with the office responsible for their pay (either with their graduate department or on the GPSO web site) to see if they qualify for a deferral of their fees. Arrangements can then be made with the department to request a deferral through the Student Accounts Office and the department will normally recommend that the student arrange for regular deductions at source to pay tuition. To initiate these deductions, fill out the form “Student Fee Payroll Deduction Authorization” found at www.mcgill.ca/student-accounts/forms.

As of September 2007, all international Doctoral students registered full-time (Ph.D./D.Mus/DCL, years 1 to 4) at McGill will pay the same tuition fees as the Quebec Doctoral students. For more information, please refer to the MIDAs awards in the Graduate Fellowships and Awards section of the graduate calendar.

8.11 Yearly Fees and Charges (2006-2007 rates)

In thesis programs, students are charged a flat rate based on 15 credits per term.

In non-thesis programs, students are charged a flat rate (based on 15 credits per term) if they are registered full-time, or a per credit rate if they are registered for less than 12 credits.

Part-time, Qualifying, Special, Diploma and Certificate students will be charged tuition fees at the per credit rate and will be subject to student society fees, student services fees, registration, transcripts and diploma charges, and information technology charges.

Note: Any changes to fees subsequent to the publication date will be updated as they are confirmed via the Student Accounts Website: www.mcgill.ca/student-accounts.
### CERTAIN SPECIAL PROGRAMS CHARGE DIFFERENT FEES

*Note that students registered non-resident pay fees of $200 per year.

Macdonald Campus students’ Student Society fees vary from the above as follows at both the doctoral and Master’s level:

- Quebec/Canadian – Full-time: $595.76; Half-time: $176.76; Additional session/non-thesis extension: $540.20.

The following programs/departments have additional annual Student Society fees: Urban Planning – $180 (Computer Fee - Engineering), Physics $30; M.B.A. programs – $140 (designated for Computer Room improvement, Student Council, and Career Development); Law programs – $102 (designated for computer facilities and Career and Placement Office); Music: $72.00; Electrical Engineering: $10.00; Chemical Engineering: $15.00; Mechanical Engineering: $10.00; Education: $20.00.

1) Additional session and Continuing (thesis program): no tuition charged for the summer term
2) Non-Thesis extension: students in non-thesis programs are charged per credit during the summer terms. Non-Thesis extension is not available as a status in the summer.

3) As of September 2007, all international Doctoral students registered full-time (Ph.D./D.Mus/DCL years 1 to 4) at McGill pay the same tuition fees as Quebec Doctoral Students. For more information, please refer to the MIDAs awards in the Graduate Fellowships and Awards section of the graduate calendar.

### As of March 2007
9 Postdoctoral Research

9.1 Postdocs

Postdocs are recent graduates with a Ph.D. or equivalent (i.e. Medical Specialist Diploma) engaged by a member of the University's academic staff, including Adjunct Professors, to assist him/her in research.

Postdocs must be appointed by their department and registered with the Graduate and Postdoctoral Studies Office in order to have access to University facilities including libraries, computer facilities, etc.

9.2 Guidelines and Policy for Academic Units on Postdoctoral Education

The general guidelines listed below are meant to encourage units to examine their policies, procedures, and privileges for postdoctoral education. Every unit receiving Postdocs should have explicitly stated policies and procedures for the provision of postdoctoral education as well as established means for informing Postdocs of policies, procedures, and privileges (e.g., orientation sessions, handbooks, etc.), as well as mechanisms for addressing complaints. Academic units should ensure that their policies, procedures and privileges are consistent with these guidelines and the Charter of Students' Rights. For their part, Postdocs are responsible for informing themselves of policies, procedures and privileges.

1. Definition and Status
   i. Postdoctoral status will be recognized by the University in accordance with Quebec provincial regulations. Persons may only be registered with postdoctoral status for a period of up to five years from the date they were awarded a Ph.D. or equivalent degree. Time allocated to familial or health leave (as defined in the GPSO Calendar, General Information, section 10.6 “Health and Parental/Familial Leave of Absence Policy”) is added to this period of time. Leaves for other reasons, including vacation leave, do not extend the term. Postdocs must do research under the supervision of one or more McGill professors, including Adjunct Professors. They are expected to be engaged primarily in research with minimal teaching or other responsibilities.

2. Registration
   i. Postdocs must be registered annually with the University through the Graduate and Postdoctoral Studies Office. Initial registration will require an original or notarized copy of the Ph.D. diploma. Registration will be limited to persons who fulfill the definition above and for whom there is an assurance of appropriate funding and where the unit can provide assurance of the necessary resources to permit postdoctoral education.
   ii. Upon registration, the Postdoc will be issued a University identity card by the Registrar’s Office.

3. Appointment, Pay, Agreement of Conditions
   i. Upon registration, all Postdocs must be appointed regardless of whether their funding comes from a McGill account. Their appointments may not exceed their registration status.
   ii. In order to be registered as a Postdoc, an individual must be assured of financial support, other than from personal means, during his/her stay in the University equivalent, at the time of appointment, to the minimal stipend requirement as set by the University in accordance with guidelines set by federal and provincial research granting agencies. There are no provisions for paid family leave unless this is stipulated in the regulations of a funding agency outside the University.
   iii. At the outset of a postdoctoral appointment, a written Letter of Agreement for Postdoctoral Education should be drawn up and signed by the Postdoc, the supervisor, and the department head or delegate (see template Letter of Agreement on the Web at www.mcgill.ca/gps/postdoc). This should stipulate, for example, the purpose of the postdoctoral appointment (research and the advancement of knowledge), the duration of the fellowship/stipend, the modality of pay, the work space, travel funds, and expectations and compensation for teaching and student research supervision. Leaves from postdoctoral education must comply with the Graduate and Postdoctoral Studies Policies for Vacation, Parental/Familial, and Health Leave (Graduate and Postdoctoral Studies General Information section 10.3 "Vacation Policy for Graduate Students and Postdocs"). Any breach of these conditions may result in grievance procedures or the termination of the postdoctoral appointment.
   iv. Postdocs with full responsibility for teaching a course should be compensated over and above their fellowship at the standard rate paid to lecturers by their department.
   v. The amount of research, teaching, or other tasks that Postdocs engage in over and above postdoctoral activities should conform to the regulations for Postdocs specified by the Canadian research council of their discipline. This applies to all Postdocs, including those whose funding does not come from the Canadian research councils.

4. Privileges
   i. Postdocs have the same pertinent rights as the ones granted to McGill students in the Handbook of Student Rights and Responsibilities (green book), available on the Web at www.mcgill.ca/secretariat/documents.
   ii. Postdocs have full graduate student borrowing privileges in McGill libraries through their identify card.
   iii. As a rule, Postdocs who are Canadian citizens or who have Permanent Resident status may take courses for credit. Admission to such courses should be sought by submitting application documents directly to the appropriate program by the Postdoc. They must be admitted by their department offering the courses as Special Students. These Postdocs may also be enrolled as part-time students in non-degree granting programs (i.e., graduate diplomas and graduate certificates). They will be charged a fee for these courses.
   iv. Postdocs may be listed in the McGill directory. The Computing Centre will grant Postdocs e-mail privileges on the same basis as graduate students upon presentation of an identity card.
   v. The Department of Athletics will grant Postdocs access to sports facilities upon presentation of their identity card. A fee will be charged on an annual or term basis.
   vi. Postdocs are members of the Post-Graduate Students’ Society and an annual association fee is automatically charged. Postdocs are permitted membership in the Faculty Club; an annual fee will be charged for this membership.
   vii. Postdocs are encouraged to participate in the Centre for University Teaching and Learning staff development seminars. They will be accommodated free of charge for courses which are open to faculty members.
   viii. Postdocs have access to the services provided by the Ombudsperson.
   ix. Canadian citizens, Permanent Residents, and International Postdocs may enroll in the second language written and spoken English courses provided by Continuing Education, the English and French Language Centre, or the Centre for the Study and Teaching of Writing. They must be admitted by their department as part-time Students. They will be charged a fee for these courses. If the period of studies is longer than six months, International Postdocs must have a CAQ and a Study Permit.
   x. Postdocs have access to the Student Services. Fees are applicable. Information is available at www.mcgill.ca/studentservices.

5. Responsibilities
   i. Postdocs are subject to the responsibilities outlined in the Handbook of Student Rights and Responsibilities (green book), available on the Web at www.mcgill.ca/secretariat/handbooks/students.
ii. Each academic unit receiving Postdocs should clearly identify Postdocs’ needs and the means by which they will be met by the unit.

iii. Each academic unit should consider the availability of research supervision facilities, office space, and research funding before determining the Postdocs that they will accept.

iv. Some examples of responsibilities of the department are:
   – to verify the Postdoc’s eligibility period for registration;
   – to provide Postdocs with departmental policy and procedures that pertain to them;
   – to oversee registration and appointment of Postdocs;
   – to assign departmental personnel (e.g., graduate program director) the responsibility for Postdocs;
   – to oversee and sign off on the Letter of Agreement for Postdoctoral Education;
   – to assure that each Postdoc has a supervisor, lab and/or office space, access to research operating costs and necessary equipment;
   – to include Postdocs in departmental career and placement opportunities;
   – to refer Postdocs to the appropriate University policies and personnel for the resolution of conflict that may arise between a Postdoc and a supervisor.

v. Some examples of responsibilities of the supervisor are:
   – to uphold and transmit to his/her Postdocs the highest professional standards of research and/or scholarship;
   – to provide research guidance;
   – to meet regularly with his/her Postdocs;
   – to provide feedback on research submitted by the Postdocs;
   – to clarify expectations regarding intellectual property rights in accordance with the University’s policy;
   – to provide mentorship for career development;
   – to prepare, sign, and adhere to a Letter of Agreement for Postdoctoral Education.

vi. Some examples of responsibilities of Postdocs are:
   – to inform themselves of and adhere to the University’s policies and/or regulations for Postdocs for leaves, for research, and for student conduct as outlined in the Handbook of Student Rights and Responsibilities and the General Information, Regulations and Research Guidelines booklet of the Graduate and Postdoctoral Studies Office;
   – to present themselves for registration to the Graduate & Postdoctoral Studies Office with a complete submission;
   – to sign and adhere to their Letter of Agreement for Postdoctoral Education;
   – to communicate regularly with their supervisor;
   – to inform their supervisor of their absences.

vii. Some examples of the responsibilities of the University are:
   – to register Postdocs;
   – to provide an appeal mechanism in cases of conflict;
   – to help eligible Postdocs who have non-resident status in virtue of the Quebec Taxation Act to obtain a Certificate of Eligibility to the Quebec Tax Exemption for Postdoctoral Researchers (depending on acceptable fields of research by the Ministry);
   – to provide documented policies and procedures to Postdocs;
   – to provide Postdocs with the necessary contacts for language courses, housing, immigration, daycare, schooling, and health care information.

Approved by Senate April 2000.
financial support, and to advise them how to resolve problems which may arise during their program.

ii. As soon as possible, students should have a supervisor who has competence in the student's proposed area of research, and a program or thesis committee. Although procedures and timetables for choosing supervisors and committees may vary across programs, they should be consistent within a particular program and should be made clear to incoming students. Thesis supervisors must be chosen from academic staff in tenure-track positions. Faculty Lecturers and Research Assistants may not act as supervisors but in exceptional cases, may be co-supervisors. Emeritus Professors and Adjunct Professors may co-supervise. Professors (Special Category) may supervise or co-supervise students. In the case of supervision, the academic unit in question must ensure continuity of appropriate supervision of their graduate students.

2. Program

i. Early in their program, students should be informed of the phases through which they must pass towards the achievement of the graduate degree, the approximate amount of time each phase should take, the criteria for its successful completion, and any deadlines relating to these phases.

ii. It is important that students are made aware of whatever courses are required to complete their programs, that these courses are available, and that they relate to students' proposed areas of research or to the development of related areas of scholarship.

iii. Where relevant, students should also be informed early in their program of language requirements or comprehensive examinations. The guidelines, criteria and procedures for comprehensive examinations must be explicit and consistently applied in each program. Academic units should consider the rationale for language and comprehensive examinations and how they relate to the objectives of the graduate program.

iv. Every effort should be taken to ensure that students choose, as soon as possible, realistic and appropriate areas of research commensurate with degree requirements.

v. There must be clear procedures established in every unit by which students receive guidance and constructive criticism on their progress on a regular basis through the program (e.g., regular meetings and/or E-mail communication with supervisors and committees, attendance at research seminars, semester or annual reviews of student progress). In addition to regular meetings between the student and supervisor or advisory/thesis committee, each unit must establish a procedure to provide feedback to thesis students regarding their research progress. At least annually, there must be a meeting between the student, supervisor and advisory/thesis committee, each unit must establish a procedure to provide feedback to thesis students regarding their research progress. At least annually, there must be a meeting between the student, supervisor and advisory/thesis committee, each unit must establish a procedure to provide feedback to thesis students regarding their research progress. At least annually, there must be a meeting between the student, supervisor and advisory/thesis committee, each unit must establish a procedure to provide feedback to thesis students regarding their research progress.

vi. The Chair of the unit should ensure that procedures are in place to address serious disagreements that may arise, for example, between a student and a supervisor or between a supervisor and committee; and to submit progress reports to the supervisor and committee.

vii. Students should be made aware of the cost living in Montreal and of sources of financial support (e.g., teaching or research assistantships, fellowships) and of the facilities available to them (e.g., study space, computers).

viii. Students should receive guidance and encouragement in areas relating to their growth in scholarship, professional development and career planning. Examples may include, where appropriate, reporting research, writing abstracts, preparing papers for conference presentation or for publication, writing grant and fellowship applications, conducting a job search, and preparing for job interviews.

ix. Units should be sensitive to special academic needs and concerns that may arise in the case of certain students, such as international students or students who undertake graduate studies after a long absence from university.

3. Responsibilities

Each unit should clearly identify the student's supervisory needs at each phase and the means by which these needs will be met. Some functions will be fulfilled by the Chair, some by the graduate program director, some by the supervisor and some by the committee. Each unit should clearly identify the specific responsibilities of each of these, as well as the responsibilities of students themselves.

i. Each unit should consider the availability of student support, research facilities, space and availability of potential supervisors in determining the number of students admitted into the program.

ii. Some examples of the responsibilities of the graduate program director are to be knowledgeable about program requirements, the composition of committees, the procedures for comprehensive and oral defense examinations, and other policies relating to graduate studies; to maintain a dossier on each student's progress; and to be sensitive to graduation deadlines and students' career plans.

iii. Some examples of the responsibilities of a supervisor are to uphold and to transmit to students the highest professional standards of research and/or scholarship; to provide guidance to all phases of the student's research; to meet with their students regularly; to provide prompt feedback when work is submitted, including drafts of the thesis; and to clarify expectations regarding collaborative work, authorship, publication and conference presentations.

iv. Some examples of the responsibilities of the students are to inform themselves of program requirements and deadlines; to work within these deadlines; to communicate regularly with the supervisor and committee; and to submit progress reports to the supervisor and committee.

v. The Chair of the unit should ensure that procedures are in place to address serious disagreements that may arise, for example, between a student and a supervisor or between a supervisor and committee members. Such procedures should involve a neutral mediator who will ensure that all sides of a dispute are heard before any decision is made.

4. Quality of Supervision and Teaching

i. Academic units and the Graduate and Postdoctoral Studies Office should consider ways to assess and improve the quality of supervision and to help new supervisors, e.g., through workshops or mentoring models. Procedures for monitoring the quality of graduate student supervision and for providing constructive feedback for supervisors should be developed.

ii. Graduate supervision should be recognized as an integral part of the academic responsibility of an academic unit and should be considered in the allocation of workload, as should the teaching of graduate courses.
iii. Academic units should establish criteria of excellence in supervision and graduate teaching appropriate to their disciplines and should suitably reward those who meet these criteria, e.g., in decisions concerning tenure and promotion, or merit pay awards.

iv. The maximum number of students under the direction of a single supervisor should be consistent with the ability of the supervisor to provide quality supervision, taking into account the workload of the supervisor and norms of the discipline.

v. Procedures should be established for ensuring continuity in supervision when a student is separated from a supervisor — for example, when the supervisor takes a sabbatical leave, retires from McGill or changes universities or when the student leaves to complete field work or takes a job before submitting a thesis.

Revised by Council of FGSR, April 23, 1999 and October 6, 2003.

10.2 Policy on Graduate Student Research Progress Tracking

This is a new mandatory policy and procedure to track the research progress of graduate students. The policy is referred to in the amended Guidelines and Regulations for Academic Units on Graduate Student Advising and Supervision in section 2.v. in bold print. Documents to record progress can be found on the GPS Website: www.mcgill.ca/gps/policies/revisions.

The following is a summary of the main elements of the new mandatory policy. The following steps must be followed for each graduate student in a thesis program:

1. Annually, the student must meet with, at minimum, their supervisor(s) and a departmental representative. This meeting can occur in the context of an annual thesis or advisory committee in those departments that have thesis committees.

2. At the first such meeting (to be held shortly after thesis students begin their programs), written objectives/expectations for the year must be recorded on the first of the three forms, Form #1 (Graduate Student Research Objectives Report Form). All three people at the meeting must sign this form. A student who does not agree to sign the form must write a statement detailing his/her objections to the expectations recorded on the form.

3. Approximately one year later, and every year thereafter, the student, supervisor(s) and the departmental representative should meet again to review the progress that has been achieved toward the recorded objectives. Prior to the meeting, the student should record his/her accomplishments and progress for the year by completing Form #2 (Graduate Student Research Progress Record). This completed form is then evaluated by the supervisor and the departmental representative on Form #3 (Graduate Student Research Progress Report Form). All parties sign Form #3. A student who does not agree to sign the form must write a statement detailing his/her objections. At this same meeting, objectives for the following year must be recorded on Form #1, as per the procedure described in point 2, above.

4. In the event that recorded research progress is unsatisfactory, a new set of objectives should be developed for the student at the meeting, and recorded on Form #1. These new, or interim, objectives apply only to the next semester. Evaluation of progress should take place after that semester has concluded, following the steps described in point 3, above.

5. In the event that a student has any two unsatisfactory evaluations they may be required to withdraw from their program of study. These two unsatisfactory evaluations need not be successive.

6. All forms are to be kept in departmental files.

7. Departments that already have progress tracking forms may continue to utilize them, but these must conform to the fundamental principles underlying this new policy. Specifically, any departmental procedure or forms to record graduate research progress must:

   • be used annually;
   • be used in a meeting with the supervisor and one other departmental representative, and signed by all parties;
   • include a written statement of expectations approximately one year before any evaluation. (Note: This can be one semester in the case of expectations following an unsatisfactory evaluation);
   • permit the student to submit a minority report and not sign;
   • state clearly that any two unsatisfactory evaluations may be grounds for requiring a student to withdraw.

Please note this new University policy is MANDATORY. Students may grieve against a department that fails to adhere to the policy and procedures outlined above.

Senate, September 2003.

10.3 Vacation Policy for Graduate Students and Postdocs

Graduate students and Postdocs should normally be entitled to vacation leave equivalent to university holidays and an additional total of fifteen (15) working days in the year. Funded students and Postdocs with fellowships and research grant stipends taking additional vacation leave may have their funding reduced accordingly.

10.4 Ph.D. Comprehensives Policy

Preamble

The majority of doctoral programs at McGill require candidates to pass a comprehensive examination or set of examinations or equivalent, such as qualifying examinations, preliminary examinations, candidacy paper, comprehensive evaluation, thesis proposal, etc. The Calendar of the Graduate and Postdoctoral Studies Office (GPSO) includes the following statement:

A comprehensive examination or its equivalent is usually held near the end of Ph.D. 2. The results of this examination determine whether or not students will be permitted to continue in their programs. The methods adopted for examination and evaluation and the areas to be examined are specified by departmental regulations and approved by the Dean of Graduate and Postdoctoral Studies. It is the responsibility of students to inform themselves of these details at the commencement of their programs.

It is recognized that expectations for the Ph.D. comprehensive will vary according to the needs of the discipline. It is important to make it clear to doctoral candidates what the expectations and procedures are for their Ph.D. comprehensive, and to maintain consistency within a given program.

General Policy

1. At the beginning of the relevant academic year, units must provide doctoral students with a written description of the Ph.D. comprehensive, covering the following issues: objectives and content, format, timing, assessment, grading and reporting, failures. (See below for details.)

2. All units that have a Ph.D. comprehensive must adopt an administrative course number for it, usually XXXX 701. One of the following forms of grading must be adopted and used consistently within the program: Pass/Fail or letter grades. ("Mixed" modes of grading are not permitted, i.e., some students within a program reported on a Pass/Fail basis and others by means of letter grades.)

Specific Issues

Objectives and Content

Units must specify the objectives of the Ph.D. comprehensive. Objectives may include assessing any of the following (or a combination), with a view to determining whether the student demonstrates
the necessary research skills and academic achievements to be permitted to continue in the Ph.D. program. (This list is not intended to be exhaustive.)

- knowledge of the discipline (from the point of view of breadth)
- understanding of the proposed field of research
- ability to conduct independent and original research
- a thesis proposal
- professional skills
- ability to present and defend material orally

The content of the comprehensive must be consistent with the objectives and should be appropriately circumscribed. Students must be given an indication of the range of material that may be covered in the examination and suggestions as to how to cover this material (e.g., via reading lists, courses, etc.).

**Format**
The format of the comprehensive must be clearly stated and must be consistent across students within a particular program. The following list gives some of the more common formats, which are often combined. (This list is not intended to be exhaustive.)

- written examination of a specific duration
- take-home examination
- extended research paper(s)
- written research proposal
- oral exam (which may include or consist of a defense of a research paper or research proposal)

If the comprehensive consists of several parts, the relationship (if any) between them must be made clear.

**Timing**
Timing of the comprehensive must be specified, including the earliest and latest dates by which the comprehensive is to be completed. Students must be informed of the specific dates of the exam in sufficient time for them to prepare for it.

Given the importance of the Ph.D. comprehensive and the consequences of failure, the exam should be held reasonably early in the program, so that students do not spend several years preparing for it.

Prerequisites must be specified. For example, clarify whether all course work must have been completed prior to the comprehensive and whether the comprehensive is the final step before thesis research and writing.

**Assessment, Grading and Reporting**
Evaluation parameters must be made clear, including information about who sets the exam questions and who evaluates the student. If performance is assessed by a committee, clarify how the committee is appointed and who sits on it. In the case of written examinations, clarify whether the grading is done by one or more people.

Where there is more than one component to the examination (e.g., an oral exam plus a written exam), it must be made clear how these components are factored into the final grade. For example, make it clear whether each component counts equally, whether the assessment is global, and whether failure on one part of the comprehensive examination (or on one question) results in an overall failure.

**Feedback**
The assessment and reasons for the decision must be documented and provided to the student in sufficient detail to allow the student to understand the decision, including identifying strengths and weaknesses. (A number of units have developed short forms specifically for this purpose.) In the case of oral examinations, the student should also be given feedback on presentation, logical exposition, ability to answer questions, etc.

In the case of oral exams, units may wish to consider the following: ensure that there is a reasonably detailed written assessment of the student's performance; tape the oral examination; allow the student to select a faculty member to act as a neutral observer; have one faculty member serve as a neutral chair (equivalent to a Pro-Dean); have an “outside” committee member; have the oral examination open to other students and faculty members.

---

**Plagiarism**
McGill University values academic integrity, which is fundamental to achieving our mission of the advancement of learning. Therefore, all students must understand the issues associated with academic integrity (see www.mcgill.ca/integrity for more information).

Plagiarism in a Ph.D. comprehensive Examination contravenes McGill University's academic goals and standards. Consequently, any student found guilty of plagiarism under the Code of Student Conduct and Disciplinary Procedures (see the Handbook on Students Rights and Responsibilities available at www.mcgill.ca/secretariat/documents) in a Ph.D. Comprehensive Examination may face very serious penalties, even expulsion from the University without the degree.

**Failures**

**i. Repeats**
In the event of a failure, units must allow, without prejudice, one repeat of the comprehensive (in whole or in part). The first time a student fails, the student must be informed in writing by the department that he/she has failed the comprehensive and must be informed of conditions relating to a repeat of the examination. In such circumstances, the grade of HH (continuing) will be used. In the event of a second failure, a grade of F will be reported to the Graduate and Postdoctoral Studies Office and the student will be asked to withdraw from the Ph.D. program.

Conditions for retaking the examination must be clearly stated, including the time frame, potential dates, nature of the re-examination, committee membership, etc.

Units have the right to specify further requirements in the event of failure (e.g., requiring students to take an additional course or courses in areas where they have shown weakness on the comprehensive).

**ii. Plagiarism**
If plagiarism is suspected, the case will be referred directly to the committee on Student Discipline in accordance with the code of Student Conduct, Part III (article 15) and Part V (A). If plagiarism is established by due University process, the student is considered to have failed the examination, with no possibility of repeat.

**iii. Review and Reassessment**
Rereads. In the case of written comprehensives, the Graduate Studies Reread Policy applies.

A student who fails an oral examination may request a review. In such cases, the Graduate and Postdoctoral Studies Office will conduct a review of the examination process and procedures.

**Other Relevant Policies/Offices**
Charter of Student Rights
Graduate Studies Reread Policy
Office for Students with Disabilities
Approved by Executive of Faculty of Graduate Studies and Research (FGSR) February 17, 1997 and Council of FGSR March 7, 1997.

---

### 10.5 Graduate Studies Reread Policy

This policy applies only in the case of marks given for written work in 600- and 700-level courses. For 500-level courses and below, the reread policy of the appropriate undergraduate faculty applies.

**Consultation**
In accordance with the Charter of Student Rights, and subject to the conditions stated therein, graduate students have the right, subject to reasonable administrative arrangements, “to consult any written submission for which they have received a mark and to discuss this submission with the examiner”. Upon request by the student, the instructor of the course is obliged to conduct this consultation with the student. (Note: Where materials have been graded by a TA and the student wants a reconsideration of the grade, the faculty member responsible for the course is expected to review the materials and...
the appropriateness of the grade. This is so even if the materials in question have already been discussed by the TA with the student.)

Verification
In a case where a student feels that totalling errors have been made in arriving at the final grade, the student can request the instructor to carry out a detailed check that all questions have been marked and that the final grade has correctly been computed on the basis of the term work, final examination, etc.

Rereads
According to the Charter, students have the right, subject to reasonable administrative arrangements, “to an impartial and competent review of any mark” (hereafter “reread”).

At the time the request for a reread is made, the student should have already met with the faculty member responsible for the course to review the mark, or made a reasonable attempt to do so.

Rereads can only be requested if a change upwards in the letter grade for the course is possible as a result of the reread. Assignments can only be reread if, together, they account for more than 20% of the course grade.

The reread by a second reader is a review of the mark, not the work assigned. It is the second reader's task to determine whether the original mark is fair and reasonable, not to give the work a totally new assessment.

1. The time limit for requesting a reread is within 30 days after posting of the final marks for the course. However, in the case of work which has been graded during the course and returned to the student, students must indicate in writing to the Graduate and Postdoctoral Studies Office within 5 working days of receiving the graded work their intention to request a reread. This intention must be confirmed within 30 days of the posting of the final marks for the course.

(Note: Material that is returned to a student cannot be reread unless arrangements have been made to ensure that the material has not been changed subsequent to the original grading; for example, the student can make a copy for the professor to retain either before handing the material in or immediately upon receiving it back from the instructor or at the point where the professor and student review the work together.

Instructors are strongly advised to write their corrections in red pen and to write comments which help the student to understand the mark assigned.)

2. The request for a formal reread must be made by the student in writing to the Graduate and Postdoctoral Studies Office and should specify the reasons for the request. It should include a statement indicating that the student has already met with the faculty member responsible for the course to review the mark or indicating why this has not been possible. The reread fee ($35 for an exam, $35 for a paper, $35 for one or more assignments, to a maximum of $105 per course) will be charged directly to the student's fee account after the result of the reread is received. No fee will be charged if there is a change upwards in the letter grade for the course.

3. Administration of the reread is handled by the Graduate and Postdoctoral Studies Office, not by the department. The Office will contact the department to obtain the work to be reread, a list of potential readers, and details of the marking. All communication with the second reader is conducted by the GPSO.

The second reader is given the original assignment, with marginalia, corrections, summary comments and mark intact, as well as any notes from the instructor pertinent to the general nature of the course, course assignment and grading schemes, etc.

4. The student's and the instructor's names are blanked out to reduce the possibility of prejudice and to help meet the requirement of the Charter of Students' Rights that the review be impartial. The rereader's name will not be made known to the student or instructor at any time; the student's name will not be made known to the rereader at any time.

5. The second reader should support his or her assessment with a brief memorandum to the Graduate and Postdoctoral Studies Office. As a result of the reread process, the grade may become higher or lower or remain unchanged. The grade submitted by the second reader shall replace the original grade. The reread grade cannot be challenged.

In the case of requests for rereads of group work, all members of the group must sign the request, indicating that they agree to the reread. In the event that members of the group are not in agreement, the written request should indicate which students are requesting the reread and which students do not wish for a reread. In such cases, the outcome of the reread (whether positive or negative) will affect only the students in favour of the reread. Neither the reread grade nor the decision to opt in or out of the reread can be challenged.

6. The new grade resulting from the review will be communicated to the student in a letter from the Graduate and Postdoctoral Studies Office, with a copy to the academic unit.

Prepared by the Committee on Graduate Programs, Supervision and Teaching
Approved by Council of the Faculty of Graduate Studies and Research, May 12th 1995

10.6 Health and Parental/Familial Leave of Absence Policy

A leave of absence may be granted by the Graduate and Postdoctoral Studies Office for maternity or parenting (interpreted according to McGill's "Parental Leave Policy" for non-academic staff) reasons or for health reasons.

Such a leave must be requested on a term by term basis and may be granted for a period of up to 52 weeks. Students must make a request for such a leave in writing to their department and submit a medical certificate. The department shall forward the request to the GPSO.

During a leave of absence for parental or familial reasons, a student will not be eligible to take courses but he/she may request and expect guidance on thesis and research work and will have free access to the University's academic facilities. Library services will continue to be available by registering at the Circulation Desk of the Humanities and Social Sciences Library (McLennan-Redpath). In special circumstances, familial leave may be considered by the GPSO for a student when a close family member is ill.

During a leave of absence for health reasons, a student will not be eligible for request guidance on thesis and research work or to take courses. He/she will not have access to the University's academic facilities but Library services will normally continue to be available by registering at the Circulation Desk of the Humanities and Social Sciences Library (McLennan-Redpath).

A medical certificate must accompany such leave requests.

(Council of FGSR - March 1999)

Please refer to section 6.1.10 “Leave of Absence Status” for information regarding registration of graduate students and Postdocs on such leaves.

10.7 Failure Policy

Please refer to section 6.10 "Failure Policy", for information regarding the policy and procedures to follow in cases of failure.

11 Resources for Study and Research

11.1 Libraries

The Library consists of 13 branch libraries, focusing primarily on specific disciplines. There are, in addition, several affiliated collections within the downtown Montreal campus and at the Macdonald campus on the shores of Lac St. Louis. The Library
RESOURCES FOR STUDY AND RESEARCH

11.3 Museums

11.3.1 Redpath Museum

The Redpath Museum exists to foster the study of the history and diversity of the natural world. Its mandate includes geological, biological and cultural diversity. Its collections have been growing for over a century, and provide resources for research and for graduate and undergraduate education in biology, geology, anthropology and other fields. Among the largest collections are fossils from the ancient sea floor of eastern Quebec, the oldest land plants, a vast range of minerals, molluscs from around the world, Egyptian and classical antiquities, and artifacts from Central Africa. The Museum also houses research laboratories and classrooms.

The Museum welcomes McGill students and staff to visit its new permanent exhibit, which presents the history of life through the ages illustrated by material from Quebec and neighbouring regions, besides displays that feature the mineral and mollusc collections. A new ethnology gallery devoted to cultures throughout the world, including ancient Egypt, classical Greece and Rome, Asia, and Africa, has recently been installed.

859 Sherbrooke Street West
Telephone: (514) 398-4086
E-mail: redpath.museum@mcgill.ca
Website: www.mcgill.ca/redpath

11.3.2 McCord Museum of Canadian History

The McCord Museum is home to one of the finest historical collections in North America. It possesses some of Canada’s most significant cultural treasures, including the most comprehensive collection of clothing - comprised of over 16,000 garments or accessories - made or worn in Canada; an extensive collection of First Nations artifacts - the most important of its kind in Quebec; a corpus of over 13,000 objects from across Canada; and the renowned Notman Photographic Archives, which contain over 1,000,000 historical photographs and offer a unique pictorial record of Canada from pre-Confederation to the present. The McCord also houses paintings by renowned artists such as Théophile Hamel, Cornelius Krieghoff, James Pattison Cockburn and George Heriot. The Museum’s Textual Archives include some 185 linear metres of documents relating to Canadian history. Finally, the McCord's Website (www.mccord-museum.qc.ca) features award-winning virtual exhibitions, innovative learning resources and a vast, searchable database of information on the Museum’s collections.

Exhibitions at the McCord provide inspirational and innovative interpretations of the social and cultural history of Montréal, Quebec and Canada. In addition to guided tours, school programs, cultural activities and lectures, the McCord offers a range of services including the Museum Café and the boutique.

Researchers welcome by appointment.
690 Sherbrooke Street West
Telephone: (514) 398-7100
Email: info@mccord.mcgill.ca
Website: www.mccord-museum.qc.ca

11.3.3 Lyman Entomological Museum and Research Laboratory

Located on the Macdonald Campus, this institution has the largest insect collection of any Canadian university, and is second in both numbers of species and specimens only to the Canadian National Collection of Insects, Ottawa. As its main function is research and teaching, and not exhibition, it is not generally open to the public, but tours are available, by appointment, to interested parties.

Telephone: (514) 398-7914.

11.3.4 Other Historical Collections

In addition to the above, there are other collections and exhibits of a specialized nature, ordinarily open only to students but to which access may be gained by application to the department concerned. These include the Anatomical and Pathological Museums.

11.2 University Archives

The McGill University Archives (MUA) acquires, preserves and makes available to researchers (including students) of all disciplines more than 5,000 metres of records dating from 1797 to the present. These records document the history of McGill University faculty research, alumni and student organizations, and select Montreal-based organizations, all in a variety of media (including textual records, photographs, slides, audio-tapes, film, video, University publications, and artifactual). The MUA acquires provers in a secure e-zone environment, can be used for accessing online courses, reading library materials, e-mail, word-processing, preparing assignments and internet searching. Facilities for plugging in laptops are available in a wireless network.

There are individual study carrels and group study rooms which can be booked for use. Printing and copying facilities, operated by a card system, are conveniently located in all libraries. Special facilities are available for the visually and hearing impaired.

The Collection contains over 6 million items, with over 1 million e-books. There are 9,000 print journals and almost 38,000 e-journals. Thousands of databases on topics from art history to zoology guide users to relevant journal articles and research materials.

Thousands of videos and sound recordings add visual and auditory enrichment to the collections. All items are listed in the Library’s online catalogue. Materials are arranged on the shelves according to the Library of Congress Classification system. Electronic data resources support empirical and statistical research and a digitization program makes available unique scholarly materials on topics like Napoleon and Canadian military history. Copies of textbooks and some items on reading lists are held in Course Reserve collections for short term use. Links are made from the university’s online learning management system, WebCT to library resources. Past examination papers, McGill theses and newspapers from all over the world are also available online.

11.1 Records Management Program

The Records Management Program (Records, Administration and Departmental Services) is concerned with the management of records from their creation to their destruction. These include the Anatomical and Pathological Museums.
The Physics Department has two specialized collections which may be viewed by appointment. The Rutherford Museum contains original apparatus and other items used by Professor Ernest Rutherford in his Nobel Prize-winning research on radioactivity at McGill University, 1898-1907. The McPherson Collection comprises a wide range of historical apparatus and instruments used for measurements and investigations, with special emphasis on 19th-century physics.

12 Information Technology Resources

12.1 IST Customer Services (ICS)

McGill ICS is your first point of contact for problem resolution and help with IT services such as: E-mail, WebCT Vista, Virtual Private Network (VPN), Wireless Network, Dialup Access Service (DAS), and REZ Voice and Data Service (post-installation).

To get solutions to your IT issues and view the latest IT announcements, visit www.mcgill.ca/it.

12.2 Network and Communications Services (NCS)

McGill NCS provides data services including access to Local Area Networks (LANs), the Internet, e-mail, McGill central systems, and the McGill University Website — all from virtually anywhere on campus (wired or wireless) and remotely. They also provide voice service (with long distance and voice mail) to students in McGill Residences. The Website at www.mcgill.ca/ncs lists products and services offered by McGill NCS.

12.3 Computer Labs

The computer labs are provided by many faculties and departments for students in their programs. A list of these labs can be found at www.mcgill.ca/index/computer. Check the unit listings or contact the unit directly for information concerning facilities and accessibility.

12.4 Instructional Multimedia Services (IMS)

Instructional Multimedia Services (IMS) provides services related to the use of technology in teaching. It is McGill’s central facility for the loan of audiovisual equipment and support for video production.

The IMS Audiovisual Arrangements Section located in the lobby of the Redpath Library and the IMS office at the Macdonald Campus house a full range of audio, video, computer, and projection equipment available for loan to McGill students. Equipment is provided free of charge for credit course activities. Training in equipment use is available and advance reservations are highly recommended. Further details are available on the IMS Website, www.mcgill.ca/ims/aa/el.

IMS also maintains two video editing suites available for staff and students who wish to produce their own programs. These suites are self-instructional, and sessions should be reserved in advance. For more information or to reserve a session, please contact the IMS Main Office, 688 Sherbrooke St. W., Suite 1600, (514) 398-7200.

13 Research Policy, Patents, Postdocs, Associates, Trainees

13.1 Policy on Research Ethics

(Prepared by the Research Policy Committee of the Faculty of Graduate Studies and Research.)

1. Preamble

This Policy should be interpreted in a manner that is consistent with the vision of the University as a research community committed to the principles of honesty, trust, and collegiality and to the ideals that fair play must prevail at all times.

It is important for the University community to have an explicitly stated ethical framework within which all research should be conducted. This need has been recognized by all the major funding agencies — the Canadian Institute of Health Research (CIHR), the Natural Sciences and Engineering Research Council (NSERC), the Social Sciences and Humanities Research Council (SSHRC), Le Fonds Québécois de la Recherche sur la Nature et les Technologies (FFQNT) formerly FCAR, and the Fond de la Recherche en Santé du Québec (FRQ-S).

2. Introduction

This Policy on Research Ethics applies to all individuals who conduct research at McGill University or at one of its affiliated institutions. The term “research” includes all forms of funded and unfunded scholarly and creative work by McGill staff and students and by people who use McGill facilities for the creation, dissemination, and publication of scholarly work.

Some of the provisions of this Policy deal with matters that are also treated in other University guidelines and regulatory documents. In appropriate cases, reference to these guidelines and documents should also be made.

This Policy does not attempt to address all matters relating to the ethical conduct of research activities. Consequently, it is recognized that many academic units will require more specific provisions than those guidelines supplied in this Policy. Academic units are encouraged to develop and/or subscribe to more specific provisions.

3. The Responsibility of the University

The University requires honesty and integrity in research and scholarship. The University, through the appropriate administrative offices and in accordance with the provisions of this Policy and other applicable regulatory procedures, will (a) help facilitate the resolution of disputes concerning matters dealt with in this Policy (see article 9), and (b) investigate allegations of misconduct under this Policy and take action, as appropriate.

4. The Selection and Conduct of Research

Research projects should be managed, funded should be used and research should be conducted with due consideration for all University policies on research ethics. In addition to this Policy, there may exist policies set out in existing university regulations or guidelines, such as the Regulations on Research Policy, Policy on Intellectual Property, Regulations Governing Conflicts of Interest in Proprietary Research, the Policy on Ethical Conduct of Research involving Human Subjects, and the Guidelines for Research with Animal Subjects.

The primary responsibility for the selection and conduct of research rests with the individuals performing the research. In the case of collaborative or team research, the research director or principal investigator is obliged to ensure that the members of the research team or group are aware of the contents of this Policy and of other applicable ethical norms governing the conduct of the research. In such cases, the research director or principal investigator should take all reasonable measures to ensure that the provisions of this Policy are complied with by the members of the research team. In the case of research conducted by students for academic credit, the instructor, supervisor or research director, as the case may be, in addition to informing the student of his or her obligations in respect of the ethical conduct of research, shall take further reasonable measures to ensure that the student’s research is conducted in accordance with the provisions of this Policy and with other applicable ethical norms.

5. The Duty of Honesty and Integrity

Researchers are expected to maintain the highest standards of honesty and integrity. Any form of academic dishonesty, including but not limited to the following, is a serious offence:
(a) Falsification of Data
The gathering of data and research materials must be undertaken with honesty and integrity. Researchers should never publish data they know to be false or the result of deliberate acts of falsification.

(b) Plagiarism
Researchers should not knowingly represent the published or unpublished work of another person as their own or assist anyone else in doing so. The use by a researcher of work done by other people must be appropriately and adequately acknowledged. Plagiarism is an act of academic dishonesty.

Upon the demonstration that a researcher has represented another person’s work as their own, it shall be presumed that the researcher did so knowingly; the researcher shall bear the burden of rebutting the presumption by evidence satisfying the person or body hearing the case that no such knowledge existed.

(c) Conflict of Interest
A conflict of interest arises where the researcher has a material interest of any nature – personal, financial, career or otherwise – that may conflict with the researcher’s duty of honesty and integrity. Where a conflict of interest arises, a researcher must immediately disclose it in writing to his/her superior and to all other persons to whom it should be disclosed, in accordance with the context and with the highest standards of honesty and integrity.

Where a granting agency provides guidelines on the use of research funds, researchers and directors of research projects must follow those guidelines scrupulously. Researchers and directors of research must also follow all university guidelines on the management and disbursement of funds. Regardless of the source of research funding, it is not permitted to divert any of the research resources for personal or any other use, except in cases where the grant or contract specifically provides otherwise.

Nothing in the provisions of this policy is intended to impugn the actions of a person who has made an honest error, or who exercises judgement or interprets data or designs experiments in a way which may reasonably be the subject of honest differences of opinion.

6. Duties Where Research with Human and Animal Subjects is Concerned
(a) Human Subjects
All research involving human subjects must be conducted in a manner consistent with the highest scholarly and ethical standards, in accordance with the regulations and guidelines prescribed by Law, the Tri-Council Policy Statement: Ethical Conduct for Research Involving Humans and the University.

(b) Animal Research
All animal research must be conducted in compliance with the guidelines of the Canadian Council on Animal Care (CCAC) and of the University.

7. Collaborative Research
(a) Attribution of Authorship and Copyright Ownership
Research collaborators should establish as early as possible, how the attribution of authorship and how the allocation of copyright are to be divided between them.

(i) Attribution of Authorship:
In the absence of an agreement between the researchers, the following rules governing the attribution of authorship apply:
– the author who submits a manuscript for publication accepts the responsibility of having included as co-authors all persons who are entitled to co-authorship, and none who are inappropriate;
– the submitting author should send each co-author a draft copy of the manuscript and should make a reasonable attempt to obtain consent to co-authorship, including the order of names; and
– other contributions should be indicated in a footnote or an "Acknowledgements" section, in accordance with the standards of the discipline and the publisher.

(ii) Duties of the Principal Author:
In the absence of an agreement between the researchers, where there are co-authors, the following further rules apply:
– the author who submits a manuscript for publication accepts the responsibility of having included as co-authors all persons who are entitled to co-authorship, and none who are inappropriate;
– the submitting author should send each co-author a draft copy of the manuscript and should make a reasonable attempt to obtain consent to co-authorship, including the order of names; and

(iii) Ownership of copyright:
In the absence of an agreement between the researchers, the allocation of copyright is governed by university policy and the law.

(b) Student-Professor Collaborations
The rules in (a) apply to the case where the collaborators are professor and student. Further to those rules, a student should be granted due prominence on a list of co-authors of any multiple-authored article that is based primarily on the student’s own dissertation/thesis, according to the practice in the discipline.

(c) University-Private Sector Research

(d) The Duty to Acknowledge Sources of Funding
All public and private funding sources (grants, contracts and gifts including endowed income that funds named chairs) used in the conduct of research should be acknowledged in resulting publications.

8. Data
(a) Definition of Data
“Data” in this article includes the methodology used to obtain results, the actual research results, and the analysis and interpretations by the researchers.

(b) Authorship and Copyright Data
The rules set out in article 7 of the Policy govern questions concerning the attribution of authorship of and the ownership of the copyright in Data.

(c) Gathering of Data
Data must be organized in a manner that allows ready verification. Data must be gathered in accordance with principles governing the use of human and animal subjects.

(d) Availability of Data
Subject to exceptions based on a duty of confidentiality and the laws respecting intellectual property and access to information, after data are published, they must be made available to any party presenting a reasonable request to examine them. In cases where there is a disagreement between the researcher and the person requesting the data, the matter shall be referred to the Office of the Vice-Principal (Research and International Relations) for resolution.

(e) Maintenance of Data
All original data must be retained for a reasonable length of time. A period of at least five years from the date of publication is recommended.

9. Disputes Between Co-Researchers
The provisions in this article govern disputes between co-researchers. They do not govern allegations of misconduct under this Policy. Allegations of misconduct are dealt with in article 10 of this Policy.

(a) The Duty on the Parties to Resolve Disputes
Where disputes between co-researchers arise, they should be resolved amicably and in a respectful and collegial fashion. Where a dispute cannot be resolved by the parties themselves, the parties
should seek the advice of the appropriate authorities in their unit, who may help the parties resolve the dispute in any way to which the parties may agree, including conciliation, mediation, and binding and non-binding arbitration. To this end, the parties may agree that other persons become involved in the dispute in order to help facilitate its resolution. The parties may stipulate that their own involvement in any dispute resolution process is without prejudice to their rights in any subsequent process.

(b) The Duty of the University to Investigate Disputes and to Help Facilitate the Resolution of the Disputes

The University has a duty to investigate disputes and to help facilitate their resolution, in accordance with the following provisions. However, the University has no obligation to ensure that disputes are resolved, since the resolution of disputes is ultimately subject to the will of the parties to the dispute.

If the dispute is between individuals working under a principal investigator(s), the principal investigator shall investigate and attempt to resolve the matter. If the principal investigator is involved in the dispute, the Head(s) (i.e., Chair(s), Director(s), etc.) of the Department(s) or academic unit(s) concerned shall investigate and attempt to resolve the matter. If any party involved in the dispute should object to the investigation of a Head, or if a Head is directly involved in the dispute or allegation of misconduct, the Dean of the appropriate Faculty, School or academic unit and/or the Vice-Principal (Research and International Relations) shall be informed and shall either investigate the dispute and attempt to resolve it or nominate a senior academic staff member, acceptable to the parties, to act as investigator, who shall attempt to resolve the matter.

10. Disciplinary Action and Grievance

Any allegation of misconduct under this Policy made against a non-student member of the University, shall be dealt with in accordance with the disciplinary procedures generally applicable to any other person, to act as investigator, who shall attempt to resolve the matter.

10.Disciplinary Action and Grievance

Any allegation of misconduct under this Policy made against a non-student member of the University, shall be dealt with in accordance with the disciplinary procedures generally applicable to any other person, to act as investigator, who shall attempt to resolve the matter.

If the dispute is between individuals working under a principal investigator(s), the principal investigator shall investigate and attempt to resolve the matter. If the principal investigator is involved in the dispute, the Head(s) (i.e., Chair(s), Director(s), etc.) of the Department(s) or academic unit(s) concerned shall investigate and attempt to resolve the matter. If any party involved in the dispute should object to the investigation of a Head, or if a Head is directly involved in the dispute or allegation of misconduct, the Dean of the appropriate Faculty, School or academic unit and/or the Vice-Principal (Research and International Relations) shall be informed and shall either investigate the dispute and attempt to resolve it or nominate a senior academic staff member, acceptable to the parties, to act as investigator, who shall attempt to resolve the matter.

10.Disciplinary Action and Grievance

Any allegation of misconduct under this Policy made against a non-student member of the University, shall be dealt with in accordance with the disciplinary procedures generally applicable to any other person, to act as investigator, who shall attempt to resolve the matter.
under his or her jurisdiction, without prior written approval of the Vice-Principal (Research and International Relations) and the relevant dean.

10. Applicants for contracts or grants whose source is a government military agency shall indicate on the Graduate Studies and Research check list/approval form whether this research has direct harmful consequences. Where the University so requires, the applicants shall furnish a written statement setting out the possibilities of direct harmful application and potential benefits of their research.

11. The primary responsibility for undertaking research conforming to these Regulations rests upon the researcher. The Vice-Principal (Research and International Relations) shall supervise the procedures to be followed by researchers in fulfilling their responsibilities under paragraph 10 respecting research contracts sponsored by government military agencies. The Vice-Principal (Research and International Relations) shall advise the Board of Governors on whether the proposed contract conforms to McGill's guidelines on research. The Board of Governors has final authority to approve these contracts.

12. The Vice-Principal (Research and International Relations) shall report to Senate, two years from their date of implementation, with respect to the general workings of the procedures and provide a summary of the decisions made.

**Received by Senate, February 26, 1986, Minute 59**

*Approved by the Board of Governors, March 17, 1986, Minute 6053*

**Amendments Approved:**

**Board of Governors, September 15, 1986, Minute 6108 (Art. 8)**

**Board of Governors, October 20, 1986, Minute 6128 (Art. 9)**

**Amendments received by Senate, February 10, 1988, Minute 84 (Art. 10, 11 & 12)**

**Amendments approved:**

**Board of Governors, February 15, 1988, Minute 6323 (Art. 10, 11, & 12)**

### 13.3 Policy on Student Involvement in Research

The following policy relates specifically to undergraduate and graduate students who are engaged in research as part of their university programs. Some sections also apply to those cases where an investigator enlists the services of an inexperienced person as assistant, technician, trainee, etc. in connection with a research project.

**Health and Safety**

1. It is the responsibility of the investigator to implement all possible measures that will ensure the health and safety of his/her research colleagues. Such measures include:

   a) Strict adherence to the safety procedures set forth in the regulations of the building in which the research is being carried out.

   b) Careful training of all new personnel in the correct usage of equipment and materials.

   c) Provision of adequate protective clothing, first aid kits, etc. and their regular inspection.

   d) Clear precautionary labelling of containers of hazardous materials.

2. Students, especially undergraduates, tend to have only temporary involvement with a research project and may be absent during routine safety drills. Particularly attention should be given to the instruction of each beginning student. Solitary work in a laboratory containing potential hazards should be strongly discouraged. Research projects shall avoid a requirement for solitary after-hours work.

3. Where research projects involve the use of specially hazardous materials (e.g., radioactive, carcinogenic or poisonous chemicals) departments shall ensure that students have signed a statement that they have received and read appropriate health and safety information and shall forward such statements to the Building Director. [Refer to McGill University Manual of Radiation Safety, June 1984.]

4. In cases of emergency, both staff and students are required to follow instructions issued by the Building Director or delegate.

**Academic Considerations**

1. When a student assists in a research project, a clear distinction should be made between work for which the student is paid, and research training which contributes to the student's academic program.

2. As a general rule, paid work should not be considered eligible for credit towards an undergraduate course. In some departments, different arrangements have traditionally been held; in such departments open discussion should ensure that one policy is applied uniformly throughout the department and disseminated to students.

3. When a graduate student is assigned a salary or partial support by the investigator (e.g., from an operating grant or similar fund controlled by the investigator) a clear agreement should be made as to the duties expected of the student in conjunction with the investigator's own research project vis-à-vis the work contributing to the student's thesis.

**Secrecy**

1. When a student begins working with an investigator who may be funded in whole or in part by contracts, consulting agreements or grants from outside agencies, a clear agreement should be made at the outset as to the accessibility of research findings for publication.

McGill's Research Policy prohibits staff researchers from engaging in research which may not subsequently be communicated to the scientific community through the normal channels of meetings and publications. Although exceptions to this rule are occasionally permitted by the Vice-Principal (Research and International Relations), research projects assigned to students should be unrestricted and subject to the usual processes of thesis production and examination.

2. If at any time, during the program, the student's own research discoveries or those of other group members lead to a need for limitation on free communication, there should be full discussion by the whole group in concert with the administrative supervisor of the department, institute or faculty, of the reasons for such a proposal. In the event that a consensus is not reached, the matter shall be referred to the Vice-Principal (Research and International Relations) for resolution.

3. When a thesis has been completed and satisfactorily examined, the student may wish to delay its publication or deposition in the McGill and National Libraries for a short period. Such requests may be made, in writing, to the Graduate and Postdoctoral Studies Office. Delays of one, or in exceptional cases, two years may be approved.

**Proprietary Research**

*Section 8, 9 & 10 of the Regulations Governing Conflict of Interest in Proprietary Research, November 1985.*

1. The enterprise in which a member has an economic interest may not employ University students. However, such an enterprise may enter into contractual agreements to this effect with the University or be a partner with the University within a program of one of the granting agencies. Where such enterprise has made a grant, gift or donation to the University, no payment out of such grant, gift or donation shall be made to the interested member without prior approval of the Vice-Principal.

2. Members intending to acquire an economic interest in an enterprise shall inform all students who may be affected by their discoveries or those of other group members lead to a need for limitation on free communication, there should be full discussion by the whole group in concert with the administrative supervisor of the department, institute or faculty, of the reasons for such a proposal. In the event that a consensus is not reached, the matter shall be referred to the Vice-Principal (Research and International Relations) for resolution.

3. When a thesis has been completed and satisfactorily examined, the student may wish to delay its publication or deposition in the McGill and National Libraries for a short period. Such requests may be made, in writing, to the Graduate and Postdoctoral Studies Office. Delays of one, or in exceptional cases, two years may be approved.

**Proprietary Research**

*Section 8, 9 & 10 of the Regulations Governing Conflict of Interest in Proprietary Research, November 1985.*

1. The enterprise in which a member has an economic interest may not employ University students. However, such an enterprise may enter into contractual agreements to this effect with the University or be a partner with the University within a program of one of the granting agencies.

Where such enterprise has made a grant, gift or donation to the University, no payment out of such grant, gift or donation shall be made to the interested member without prior approval of the Vice-Principal.

2. Members intending to acquire an economic interest in an enterprise shall inform all students who may be affected by their actions at the earliest possible date. Students shall immediately be free to seek the advice of the departmental Chair, the Dean of the Faculty, or the Dean of Graduate and Postdoctoral Studies.

3. Where students are employed by such enterprise, the member having an interest therein shall ensure that students who have
already done substantial work under their academic supervisor shall be able to continue in their chosen area of research. Where it is possible to differentiate between the project of the thesis student and that of the enterprise in such a way that the student may continue the thesis project unhampered, the Dean of Graduate and Postdoctoral Studies shall arrange for the appointment of a co-supervisor unconnected with the enterprise.

Responsibilities of the Student
Academic freedom brings responsibilities to students and staff alike. Students should realise that the good name and research reputation of the University and its professors rests in large measure upon the quality of research done by its students. Students, as members of the University, have the responsibility to follow the principles set out in the University Research Policy and in the regulations of the Graduate and Postdoctoral Studies Office.

Responsibilities of the University
1) The University shall inform students of all appropriate regulations and policies concerning research.
2) The University shall provide a safe research environment for student researchers.

13.4 Guidelines for Research Involving Human Subjects
All research involving human subjects conducted at or under the auspices of McGill University require ethics review and approval by a McGill Research Ethics Board (REB) or an REB of a McGill affiliated hospital or an REB recognized by a formal agreement with a McGill Research Ethics Board (REB) or an REB of a McGill affiliated hospital or an REB of a McGill auspices of McGill University require ethics review and approval

The requirement for ethics review and approval by a McGill approved REB applies to:
all research conducted by or under the supervision of any member of McGill University, whether the research is funded or non-funded, or conducted on University premises or elsewhere. For the purpose of this document, a member of the University is defined as including academic and non-academic staff, sessional instructors, students, visiting or adjunct scholars, postdoctoral fellows, paid and unpaid research associates and assistants, and any person in a like position, when acting in connection with their institutional role. This applies to new faculty even though their current research may have received ethics approval at a previous institution.
all student research projects conducted as part of thesis or course requirements.
pilot studies and feasibility studies.
all research or subject recruitment conducted by organizations or individuals who are not members of McGill University while on University premises or using University facilities, equipment, or resources (including human resources).
research that involves the use of the University's non-public information to identify or contact human research subjects.

Researchers must be familiar with the McGill Policy on the Ethical Conduct of Research Involving Human Subjects which describes the administrative structures, procedures and requirements for the conduct of human subject research by McGill members. Researchers must refer to their designated REB for specific guidelines, submission deadlines, application forms, etc. All documents, including the Student Guide to Ethics Review for Human Subject Research, and information on each of the McGill REBs, can be found at www.mcgill.ca/research/compliance/human. Ethics approvals are only valid for a one-year period. Continuing review and approval is required annually for ongoing projects. If a project has been terminated, and ethics approval is no longer required, a termination form must be submitted to the REB. For further information the Research Ethics Officer can be reached at (514)398-6831.

13.5 Guidelines for Research with Animal Subjects
Policies
The Tri-council (CIHR, NSERC and SSHRC) has established policies requiring that all funded research involving animals complies with CCAC guidelines and policies, as well as applicable provincial laws. The Canadian Council on Animal Care (CCAC) requires that institutions conducting animal-based research, teaching or testing establish a functionally active Institutional Animal Care Committee governed by formal Terms of Reference that are defined in the CCAC Guidelines for the Care and Use of Experimental Animals.

The McGill University Animal Care Committee
The McGill University Animal Care Committee (UACC) is the University body responsible for ensuring the humane care and use of animals in research, teaching or testing. The Committee is responsible for ensuring University-wide understanding of, and compliance with, the applicable requirements concerning the procurement, care and use of animals at McGill University and its affiliated institutions. The University Animal Care Committee reports to the Vice-Principal (Research and International Relations). Its jurisdiction includes a) the teaching and research activities carried out on the premises or off-site of all persons in their capacity as faculty, staff or students of the University and its affiliated institutions b) all activities involving animals carried out on University/affiliated institutions premises, using the facilities, equipment or resources, by individuals or organizations who are not formally affiliated.

Facility Animal Care Committees (FACCs) are established for each affiliated teaching hospital and their associated Research Institutes and each major University constituency using animals in research, teaching or testing. Each FAAC ensures that all animals used in research, teaching or testing within its jurisdiction, are used and cared for in accordance with all applicable requirements.

The Office of Animal Research Ethics
The Office of Animal Research Ethics is responsible for the regulatory oversight of the Animal Care and Use Program at McGill University and its affiliated institutions. Their professional and clerical staffs provide information and services on all regulatory affairs, training and health and safety programs for technicians, students and academic staff.

The Animal Resources Centre
The Animal Resources Centre serves as the major centre of expertise in laboratory animal science and medicine for the animal-based research and teaching activities at McGill University and its affiliated hospitals. The Centre is responsible for advising on the care and use of experimental animals throughout the University and affiliated hospitals. Their professional, technical and clerical staffs offer a comprehensive range of services to all teaching and research programs using experimental animals. The Centre also provides training and consultation in methods of animal experimentation and in laboratory science for technicians, students and academic staff through workshops, and through individual instructions.

Procedures for Obtaining Approval of Research Projects
All animal-based research must be peer-reviewed and approved by the appropriate FACC prior to the acquisition of animals and the commencement of the research, testing or teaching program. To
permit review and approval by the FACC, a completed “Animal Use Protocol” form must be submitted at least two (2) months prior to starting a new project or to the expiration of an approved protocol. Animal Use Protocols are approved for a period of three (3) years and renewed annually. Any change in animal use procedures, research personnel, funding source or title, must be justified in an “Amendment Form” and approved by the appropriate FACC. All teaching projects, and those characterized as “Pain and Discomfort” level D will be referred to the UACC Animal Ethics Subcommittee for further review and approval.

Research funds may be withheld by the University administration for programs that are in non-compliance with both University or CCAC guidelines and policies.

Forms can be obtained at www.mcgill.ca/research/compliance/animal/forms.

Health and Safety Program for Animal Related Activities

Activities involving the care and use of animals in research and teaching pose particular health risks not normally encountered in other activities. The magnitude of risk is dependent on the species involved and the nature of contact (direct or indirect) with animals, their tissues, excreta, body fluids, hair, animal cages and dander. In recognition of its responsibility to provide a safe working environment, McGill University has adopted a policy for protection of faculty, staff, and students from health risks which may result from working with animals or working in animal care activities. The program is optional but strongly suggested for all faculty, staff, and students working with lower species (rodents, fish, frogs, etc…). It is mandatory for all faculty, staff, and students working with non-human primates and sheep.

For further information, consult the following Website: www.mcgill.ca/research/compliance/animals/occupational.

Training of Animal Users

The CCAC has made training mandatory for faculty, staff, and students involved in animal-research, testing and teaching. Everyone listed in an animal use protocol must successfully pass the on-line McGill University course at www.animalcare.mcgill.ca. Additionally, all personnel who will be handling live rodents and rabbits need to take a hands-on workshop given at the animal Resources Centre or a UACC approved equivalent. For species other than laboratory rodents and rabbits, the person will need to have received training from an experienced person (who must meet approval by the Animal Care Committee). For farm animals, fish and wild animals, practical training is obtained through courses available at Macdonald Campus. Details can be obtained at www.animalcare.mcgill.ca/mactrain.htm. The approval of new Animal Use Protocols as well as renewals is conditional on personnel having the necessary training. Everyone listed in the personnel section needs to have passed the theory course and, if handling live animals, have passed the practical course specific to the species involved in the project.

For any further information, consult the UACC Website (www.mcgill.ca/research/compliance/animal) or contact the Office of Animal Research Ethics at (514)398-2387.

13.6 Policy on Intellectual Property

1. Principles and Objectives

This policy sets forth the rules applying to ownership, distribution, and commercial rights to intellectual property developed by McGill University academic staff, administrative and support staff and students, as well as procedures that govern the use and distribution of intellectual property.

The primary functions of the University are education, research, and dissemination and creation of knowledge. The University’s mission statement calls for “providing service to society in those ways for which we are well suited by virtue of our academic strengths”. The University affirms the principles of wide freedom of research and of free publication of the information generated. To carry on research solely or even primarily in anticipation of profits would be incompatible with the University’s objectives and primary functions. However, it must be recognized that Software or Inventions resulting from research often serve the public interest best when they reach the private sector under appropriate agreements and are protected by patents, if applicable. Even though some Inventions and Software may not be proper matter for intellectual property protection and are better disseminated through publication in learned journals, the University and the Inventor, in some cases, wish to promote their commercial development. The University and the Inventor should be allowed to benefit financially from transactions resulting from commercial development. The Intellectual Property Policy is therefore providing for the obligation for researchers to divulge inventions or softwares when commercial developments are anticipated as well as for a sharing mechanism for the benefits generated between McGill University and its researchers. As the University proceeds with helping researchers to commercialize their inventions, an assignment of rights will be required.

Intellectual property is the product of a cooperative relationship among academic staff, administrative and support staff, students, and the University and derives from the creative energies of the individual fostered by the academic community and the environment including infrastructure provided by the University. The Inventor and the University (and affiliated institutions) have a shared interest in the intellectual property. As hospitals and research centres affiliated with the University may have contributed to the resources and the environment that led to Inventions or Software, agreements between the University and its affiliated institutions will provide for proper recognition of the financial and other interests of all parties.

Since the University draws its operating and research funds in large measure from the governments of Quebec and of Canada, the commercial development of its Intellectual Property must, to the extent possible, result in benefits to Quebec and Canada. The University further recognizes that the presence of a vibrant, local, knowledge-based economy is beneficial to its members and wishes to contribute to its development.

The objectives of this policy are:

To serve the public interest by contributing to the development of useful and morally acceptable products, services, and processes;

To contribute, to the extent possible, to the socio-economic well-being of Quebec and Canada;

To ensure equitable returns to the University in support of its academic mission, to affiliated institutions, and to the Inventors;

To meet government and the public expectations with respect to putting to use University discoveries.

2. Definitions

For the purpose of this policy, the following definitions apply:

“Author” means an employee of the University, whether academic or administrative and support staff, or another physical person associated with the University, who has written or created a Work.

“Contract of Employment” means a contract by which a person undertakes to do work for remuneration, according to the instructions and under the direction or control of the University.

“Days” means calendar days, unless used in conjunction with a qualifying word indicating a different meaning.

“Electronic Research Material” or “ERM” means the electronic representation, in whole or in part, of an Invention or Software, and includes but is not limited to, digitized blue prints, programming source codes and executable programs.

“Field of Academic Research” means the particular areas of research in relation to which an Inventor has published Works, or has received funding, or has made Inventions or has developed Software, in the course of his or her academic duties at any time during the six years preceding the date of disclosure of an Invention or Software.

“Field of Academic Research and Teaching” means the fields in relation to which an Inventor has been teaching, and the particular areas of research in relation to which he or she has published Works, or has received funding or has made Inventions, or has McGil University, Graduate and Postdoctoral Studies 2007-2008 51
developed Software or Learnware, in the course of his or her academic duties at any time during the six years preceding the date of creation of Learnware.

“Founder” means an Inventor who accepts a significant role in the initial development phase of a spin-off company based wholly or in part on his or her Invention or Software.

“Incidental Use” means a use that plays a minor role in, and is not essential to, the development of an Invention or Software.

“Invention” means any new and useful process, formula, machine, manufacture or composition of matter, within the purview of the Patent Act.

“Inventor” means any employee of the University, whether academic or administrative and support staff, who is defined as such under patent legislation. In this policy, the term “Inventor” shall also be used in reference to development of Software. The word “Inventor” shall also mean a physical person, such as a visiting professor, an adjunct professor or a post-doc, temporarily working or doing research at the University.

“Know-How” means a skill or ingenuity that is available or known only to a limited number of persons, that is related to a licensed Invention or Software, and that is made known or available under license to the licensee of that Invention or Software.

“Lead Inventor” means that member of a group of co-Inventors designated by the group to act as its contact person with the University.

“Learnware” means Software designed for teaching purposes that provides for interaction with the user, or makes use of a Multimedia Product, or both. It includes technology-enabled learning products in electronic format.

“Moral Rights” means non-commercial rights related to the right of an Inventor to claim authorship and to protect the integrity of his or her work.

“Multimedia Product” means a product where software allows for interaction between the user and various media technologies such as the reproduction of sound and image.

“Net Income” means all consideration, including, without limiting the generality of the foregoing, royalties, cash, equity, and options, but excluding any and all consideration granted to a Founder in accordance with section 9.4, received by the Inventor(s) and the University from the sale, licensing, or other disposition of an Invention or Software, less the costs specifically related to the protection, licensing, distribution, or commercial development of the Invention or Software. Considerations include equity and options taken in lieu of royalties.

“Net Total Income” means the sum of Net Income and of any and all consideration granted to Founder in accordance with section 9.4.

“Net Royalties” means all royalties, including, without limiting the generality of the foregoing, any one time payment, milestone payment or pass-through royalty, received by the Inventor(s) and the University from the sale, licensing, or other disposition of an Invention or Software, less the costs specifically related to the protection, licensing, distribution, or commercial development of the Invention or Software.

“OTT” means the Office of Technology Transfer of McGill University.

“Software” means any set of instructions that is expressed, fixed, embodied or stored in any manner and that can be used directly or indirectly in a computer in order to bring about a specific result.

“Tangible Research Material” or “TRM” means the tangible embodiment of an Invention or Software, and includes but is not limited to biological materials, or physical devices.

“Work(s)” means literary, scientific, technical, dramatic, musical, artistic, architectural work material and any original production within the purview of the Copyright Act, with the exception of Software.

3. Application of the Policy
This Policy does not apply to students of the University except where: (a) they have contributed to a Work with one or more Authors affiliated to McGill University; (b) they have contributed to an Invention with one or more Inventors affiliated to McGill University or they have created an Invention that they wish to develop with the help of the University. Students who qualify under the above exceptions shall be treated as Inventors.

4. Policy on Copyright
4.1 Copyright:
In relation to any Work, the Author owns defacto copyright. The Author is entitled both to determine how the Work is to be disseminated and to keep any income derived from the Work.

4.2 Exceptions:
Notwithstanding section 4.1, Copyright in a Work might not belong to the Author if:

a) the Work was created as a result of research sponsored by a third party pursuant to a written agreement with the University, wherein copyright is determined by specific terms of the agreement. Unless the terms of the agreement give ownership of copyright to the third party, copyright is owned by the University until all rights, such as a license or an option, granted to the third party under the agreement have been exercised or have become extinguished, at which point, the Authors becomes the sole owner of copyright;

b) the Work was created pursuant to a formal agreement with the University, wherein copyright is determined by specific terms of the agreement;

c) the Work contains Software as the primary constituent.

4.3 License to University:
The University is automatically granted a non-exclusive, royalty-free, irrevocable, indivisible and non-transferable license to use, for its own academic purposes, all Works created by an Author: (a) with University assistance; or (b) with the use of University equipment, facilities, or resources; or (c) in the course of academic duties or work in the course of study, research or teaching. This license shall neither confer to the University commercial rights, nor the right to reproduce published Works. The University shall not disseminate Works in a way that would allow persons who are not members of the University community to have electronic access to them. For the purpose of this section, the University’s “own academic purposes” refers to research carried on at the University, by professors, students and staff of the University, and teaching by professors of the University to students registered at the University.

5. Policy on Software and Inventions
5.1 Ownership of Rights to Inventions:
Subject to sections 5.3 and 5.4, the Inventor and the University jointly own the rights to Inventions created by an Inventor: (a) with University assistance; or (b) with the use of University equipment, facilities, or resources; or (c) in the course of academic duties or work in the course of study, research, or teaching.

5.2 Ownership of Rights to Software:
Subject to sections 5.3 and 5.5, the Inventor and the University jointly own the rights to Software created by an Inventor: (a) with University assistance; or (b) with the use of University equipment, facilities, or resources; or (c) in the course of academic duties or work in the course of study, research, or teaching; and in the case of Learnware, in the fields in which the Inventor has been teaching and doing research at any time during the six years preceding the date of creation of such Learnware.

5.3 Exception to Joint Ownership – Administrative and Support Staff:
Notwithstanding sections 5.1 and 5.2, where the Invention or Software was created by an Inventor who is a member of the administrative and support staff of the University, as a result of activities covered by his or her Contract of Employment, the rights to such Invention or Software are owned by the University.

5.4 Specific Exceptions Applicable to Inventions:
Notwithstanding section 5.1 and subject to section 5.3, the following categories of Inventions are not jointly owned by the University and the Inventor, and may be owned by the Inventor, the University, a third party, or jointly by two or more parties, as the case may be:
a) where developed in the course of research sponsored by a third party pursuant to a written agreement with the University, wherein ownership rights are determined by specific terms of the agreement. Unless the terms of the agreement give ownership of the Invention to the third party, such Invention is owned by the University until all rights, such as a license or an option, granted to the third party under the agreement have been exercised or have become extinguished, at which point the Invention becomes jointly owned by the University and the Inventor;

b) where developed in the course of a consulting agreement between the Inventor and a third party;

c) where made by an Inventor in a domain outside his or her Field of Academic Research, and where only Incidental Use has been made of University facilities and resources. The rights are then owned by the Inventor;

d) where made by an Inventor who is a member of administrative and support staff of the University, as a result of activities not covered by his or her Contract of Employment, and where only Incidental Use has been made of University facilities and resources. The rights are then owned by the Inventor;

e) where the University assigned its rights to the Inventor in accordance with section 8.4 of this policy. The rights are then owned by the Inventor;

f) where the Inventor assigned his or her rights to the University in accordance with section 7 of this policy. The rights are then owned by the University.

5.5 Specific Exceptions Applicable to Software:

Notwithstanding section 5.2 and subject to section 5.3, the following categories of Software are not jointly owned by the University and the Inventor, and may be owned by the Inventor, the University, a third party, or jointly by two or more parties, as the case may be:

a) where developed in the course of research sponsored by a third party pursuant to a written agreement with the University, wherein ownership rights are determined by specific terms of the agreement. Unless the terms of the agreement give ownership of the Software to the third party, such Software is owned by the University until all rights, such as a license or an option, granted to the third party under the agreement have been exercised or have become extinguished, at which point the Software becomes jointly owned by the University and the Inventor;

b) where developed in the course of a consulting agreement between the Inventor and a third party;

c) where limited to the electronic form of a Work, or where it is ancillary to a Work. The rights are then owned by the Inventor;

d) works of art, including works of art expressed in multimedia format. The rights are then owned by the Inventor;

e) in the case of Software which does not constitute Learnware, where developed by an Inventor in a domain outside his or her Field of Academic Research, and where only Incidental Use has been made of University facilities and resources. The rights are then owned by the Inventor;

f) where constituting Learnware developed by an Inventor in a domain outside his or her Field of Academic Research and Teaching, where only Incidental Use has been made of University facilities and resources. The rights are then owned by the Inventor;

g) where developed by an Inventor who is a member of administrative and support staff of the University, as a result of activities not covered by his or her Contract of Employment, and where only Incidental Use has been made of University facilities and resources. The rights are then owned by the Inventor;

h) where the University has assigned its rights to the Inventor in accordance with section 8.4 of this policy. The rights are then owned by the Inventor;

i) where the Inventor assigned his or her rights to the University in accordance with section 7 of this policy. The rights are then owned by the University;

j) where constituting Learnware developed as part of a Web based course specifically funded by the University, the rights are then owned or apportioned in accordance with a written agreement between the University and the Inventor.

5.6 Disclosure:

Inventors are required to disclose to OTT those Inventions and Software described in sections 5.1, 5.2, 5.3, 5.4(a) and 5.5(a) that they wish to develop for commercial purposes before they are publicly disclosed. This disclosure is to be made to OTT, acting as the delegate of the Vice Principal (Research and International Relations), through a "Report of Invention" ("ROI").

5.7 Moral Rights:

Inventors of Software may wish to defend their moral rights to their work. The University shall then provide appropriate advice and guidance to these Inventors.

6. Commercialization

6.1 Use of the word Inventor:

For the purpose of this section, except where otherwise specified in the text, the word Inventor shall, in cases where there are more than one Inventor, mean the Lead Inventor, or the Founder.

6.2 Decision of Inventors:

Inventors are not obliged to seek commercial development of their work, and the University will respect the decision of the Inventor not to commercialize his or her Invention or Software. Unless the Software is owned by a third party pursuant to section 5.5(a) or (b), or by the University pursuant to section 5.5(j), Inventors of Software are free to license or distribute it without profit, or to put it in the public domain so that it is easily accessible, as long as their plan to disseminate such Software is in accordance with guidelines developed, and from time to time updated by the Senate Committee on Technology Transfer for that purpose.

6.3 Preliminary Review:

OTT shall acknowledge receipt of the ROI. Within 30 days of receipt of the ROI, OTT shall meet with the Inventor to discuss the various options open to him or her regarding commercialization of the Invention or Software, and sources of information about those options. At the Inventor's request, meetings with experienced University Inventors may also be arranged.

6.4 Cooperation between the Inventor and OTT:

Participation of both the Inventor and OTT in the decisions regarding the commercialization of an Invention or Software is essential to the development and implementation of a successful commercialization plan. The Inventor and OTT shall cooperate in the development of a commercialization plan which will serve the interests of both the University and the Inventor. Inventors shall not protect or commercialize Invention or Software independently of the University.

6.5 Commercialization Plan:

Within 90 days of receipt of the ROI, or a longer delay if accepted by all parties, OTT and the Inventor will prepare a mutually acceptable commercialization plan outlining the options to be considered for the development of the Invention or the Software. The plan will be prepared in the spirit of this policy and will address matters such as the need for further evaluation, additional research, intellectual property protection, seed funding, potential sources of financing, as well as delays. The plan shall outline the responsibilities of OTT and the Inventor in the commercialization process. The commercialization plan may result in the assignment to the Inventor of the rights of the University in the Invention or Software, under section 8.4. Should OTT and the Inventor fail to agree on a mutually acceptable commercialization plan, the matter shall, at the Inventor's choice be resolved through the dispute resolution and appeals processes, pursuant to sections 10 and 11, or be resolved through the assignment of the Invention or Software to the Inventor pursuant to section 8.4(e).

6.6 Use of Invention or Software:

In cases where the University and the Inventor have divergent ethical concerns in relation to the use of the Invention or Software by third parties, the matter will be resolved in accordance with the
mechanisms and procedures outlined in sections 10 and 11 of this policy.

6.7 Negotiation of Transaction:
Except for cases where the rights have been assigned to the Inventor(s) under section 8 of this Policy, and except in respect of a Founder, OTT shall be responsible for the implementation of the commercialization plan, including, without limiting the generality of the foregoing, the negotiation of any and all agreements with third parties.

6.8 Documentation:
The Inventor shall execute any document reasonably required for the purpose of protecting the Invention or Software and furthering its commercial development.

6.9 Protection of Intellectual Property:
The University may seek patent protection or copyright registration of the intellectual property underlying the Invention or Software as appropriate. It does not seek protection for Inventions or Software that, in its judgment, do not have significant commercial potential. The University ceases to pursue protection of intellectual property where successful commercial development seems unlikely. Except as otherwise provided in this Policy, the cost incurred in the protection of intellectual property is borne by the University.

6.10 Alternate Arrangements:
Whenever appropriate, and provided they do not represent undue risk or generate unreasonable expenses for the University, OTT will consider proposals from the Inventor(s) aimed at lawfully minimizing the impact of income tax legislation for the Inventor(s).

6.11 Expenses:
In circumstances where the rights to the Invention or Software are assigned to an Inventor under section 8.4(c) or 8.4(e), all costs incurred by OTT in the protection of the intellectual property shall be borne by such Inventor, and reimbursed to OTT within a reasonable period of time.

6.12 Learnware:
OTT shall consult the Vice-Principal (Information Systems and Technology) in cases involving Learnware.

6.13 Tangible Research Material:
Tangible Research Material ("TRM"), may be distributed for academic purposes under agreements forbidding transfer to third parties. Where TRM is distributed for academic purposes, OTT charges recipients only costs related to reproduction, shipping, and handling. Where commercial development is envisaged, or where TRM is received from, or transferred to, a commercial entity, contracts concerning distribution or receipt of TRM are made through OTT.

6.14 Electronic Research Material:
Electronic Research Material ("ERM") may be distributed for academic purposes under agreements forbidding transfer to third parties. Where ERM is distributed for academic purposes, OTT charges recipients only costs related to the reproduction, shipping, and handling. Where commercial development is envisaged, or where ERM is received from, or transferred to, a commercial entity, contracts concerning distribution or receipt of ERM, including but not limited to, physical transfer on a storage medium, and electronic transfer via fax, telephone or Internet, is made through OTT.

7. Assignment of Rights

7.1 Assignment:
Except in cases where the rights of the University are assigned to the Inventor(s) under section 8.4, all rights to Inventions or Software that an Inventor wishes to develop for commercial purposes shall be assigned by the Inventor(s) to the University within 30 days of completion of the commercialization plan, at the latest. Except for moral rights where they exist, which shall remain with the Inventor, the University shall then become the sole owner of all rights to the Invention or Software.

8. Decision not to Commercialize and Transfer of Rights to Inventor

8.1 Decision not to Initiate Commercial Development:
After an Invention or Software is disclosed to the University, OTT shall decide whether it will pursue commercialization of such and shall inform the Inventor of its decision within 90 days of receipt of the Report of Invention. Should the Inventor disagree with that decision, or he or she may, in writing, refer the matter to the Vice-Principal (Research and International Relations), who will accept or reject the OTT recommendation and promptly communicate his or her decision to the Inventor(s).

8.2 Decision to Stop Commercial Development:
Once commercial development of an Invention or Software has been initiated, OTT may at some point in time decide to cease efforts toward commercial development. Should the Inventor disagree with that decision, he or she may, in writing, refer the matter to the Vice-Principal (Research and International Relations), who will accept or reject the OTT recommendation and promptly communicate his or her decision to the Inventor(s).

8.3 No Appeal:
Notwithstanding section 6.5, a decision made by the Vice-Principal (Research and International Relations) not to initiate commercial development under section 8.1, or to stop on-going commercial development under section 8.2, shall be final and shall not be subject to Appeal under section 10 of this policy.

8.4 Transfer of Rights:
The University shall assign its share of the rights to Inventions or Software to the Inventor(s) in the following cases. In such cases the Inventor(s) shall then become the sole owner of the rights to the Invention or the Software:

a) The University declines to pursue commercialization, or decides to cease its efforts to commercialize the Invention or Software, under sections 8.1 or 8.2 of this policy;
b) The University has been unsuccessful in commercializing the Invention or Software within a reasonable period of time;
c) The University and the Inventor(s) agree that the Inventor(s) can successfully commercialize the Invention or Software independently of the University. In such a case, the Inventor(s) shall use best efforts to ensure benefits to Quebec and to Canada. Written approval of the Vice-Principal (Research and International Relations) shall be obtained by the Inventor(s) before he or she enters into any commercialization agreement, including, without being limited to, a license agreement, a shareholders agreement and an option agreement, that place the Inventor(s) in a situation of potential conflict of interest, in particular in the case of an agreement with an enterprise in which the Inventor has a substantial interest;
d) The Inventor(s) wish to develop Software for the purpose of licensing or distributing it without profit, or for the purpose of putting it in the public domain so that it is easily accessible, and his or her plan to develop such Software is in accordance with guidelines developed and from time to time updated by the Senate Committee on Technology Transfer for that purpose;
e) OTT and the Inventor(s) have failed to agree on a mutually acceptable commercialization plan, and the Inventor(s) has chosen not to take advantage of the dispute resolution mechanisms contained at sections 10 and 11. In such a case, the Inventor shall use best efforts to ensure benefits to Quebec and to Canada. Written approval of the Vice-Principal (Research and International Relations) shall be obtained by the Inventor(s) before he or she enters into any commercialization agreement, including, without being limited to, a license agreement, a shareholder agreement and an option agreement, that places him or her in a situation of potential conflict of interest, in particular in the case of an agreement with an enterprise in which the Inventor has a substantial interest.

8.5 Documentation:
Whenever rights are assigned to the Inventor under section 8.4, the University shall execute any document reasonably required for
the purpose of protecting the Invention or Software and furthering its commercial development.

8.6 Inventor with a Private-Sector Affiliation:
Where an Invention or Software is developed by an Inventor who is receiving a salary from a private-sector enterprise for the purpose of working at the University, the University will consider licensing the private-sector enterprise to use such Invention or Software on terms that will take into account the University’s relative contribution.

9. Revenues

9.1 Sharing of Income:
Net Income derived from the commercialization of Inventions or Software shall be shared between the Inventor(s) and the University on the following basis:

9.1.1 Commercialization by the University:
In the case where the University is responsible for the commercial development of the Invention or Software, the first $10,000 of Net Royalties shall accrue to the Inventor. Of the balance of Net Income, 60% shall go to the Inventor(s) and 40% shall go to the University.

9.1.2 Commercialization by the Inventor(s):
In the case where the University assigns the rights to the Inventor(s) under section 8.4, and the Inventor(s) is responsible for the commercial development of the Invention or Software, Net Total Income shall be apportioned as described below:

a) Royalties: Of the first $100,000 of Net Royalties, 80% shall go to the Inventor(s) and 20% shall go to the University. Of any Net Royalties above $100,000, 70% shall go to the Inventor(s) and 30% shall go to the University.

b) Equity, Options and Other Consideration: Of the balance of Net Total Income, 70% shall go to the Inventor(s) and 30% shall go to the University.

9.1.3 Alternative Arrangements:
In cases covered by section 9.1.2, and where it is required by the conditions of the market specific to the transaction being contemplated, the University will consider reasonable proposals aimed at agreeing on an equitable sharing of Net Total Income different from that provided in said section.

9.2 Allocation of University’s Share of Income:
In respect of royalties, the University’s share of income shall be apportioned as follows: 25% to central administration, 25% to the faculties of the Inventors, 25% to OTT, and 25% to graduate fellowships. In respect of equity in the share capital of a company, the University’s share of income shall be divided among central administration, the faculty(ies) of the Inventor(s), OTT, and research and fellowships on the basis of the following formula. In respect of equity, the share of central administration shall be earmarked for special projects that are not covered by the general budget of the University.

</tbody>
</table>

9.3 Multiple Inventors:
In cases where there is more than one Inventor, the Lead Inventor shall provide OTT with an agreement, signed by all Inventors, covering the distribution of each Inventor’s share of the Net Income. The Lead Inventor is responsible for the identification of all Inventors, including students.

9.4 Founders:
A Founder of a spin-off company may receive equity (shares or options) over and above his or her share of Net Revenues as an Inventor under this policy.

9.5 Sharing with Other Academic Institutions:
Where an Invention or Software is developed wholly or in part by an Inventor during a temporary stay at another academic institution, or by an individual from another academic institution on a temporary stay at the University, or jointly by an Inventor working at the University and a member of another academic institution working at the other institution, rights to such Invention or Software and Net Income shall be shared between the University and the other academic institution, taking into account the policies of both institutions. The sharing of Net Income will normally take into account the relative contributions of the individuals and their institutions. If the other academic institution is a research institute affiliated with a McGill teaching hospital, the sharing of ownership and Net Income shall be governed by agreements in place between the University and its teaching hospitals.

9.6 Exception:
Inventions or Software resulting from activities carried out by an Inventor who is a member of administrative and support staff under a Contract of Employment are excluded from this section, unless there is a written agreement to the contrary between such Inventor and the University.

10. Dispute Resolution
Any dispute with respect to the application of this policy shall be referred to the Vice-Principal (Research and International Relations) under this section. All material relevant to the dispute shall be provided to the Vice-Principal by all parties to the dispute, within 10 working days of the day on which the matter is referred to him or her. The Vice-Principal shall invite comments by interested parties and shall be free to consult with experts, if required. All information provided to experts by the Vice-Principal shall be treated as confidential by such experts. The Vice-Principal shall share the opinion of the expert with all interested parties and shall invite them to comment within a fixed delay. The Vice-Principal shall promptly advise the parties in writing of his or her decision in the matter.

11. Appeals
11.1 Intellectual Property Appeals Committee:
There shall be an Intellectual Property Appeals Committee that shall hear appeals from decisions of the Vice-Principal (Research and International Relations) or his delegate. The Intellectual Property Appeals Committee shall consist of 6 members appointed for three-year terms commencing September 1st, staggered, and 1 student member, appointed for a term of one year.

11.2 Appointment of Committee:
11.2.1 Prior to the 1st day of April each year, the President of the McGill Association of University Teachers or the President’s designate and the Principal or the Principal’s designate shall submit to the Senate Nominating Committee a jointly approved slate of names of academics and members of administrative and support staff of the University and/or Board members. This slate shall include at least one and a half times as many names as there are vacancies on the Intellectual Property Appeals Committee to be filled that year.

11.2.2 Prior to the 1st day of April of each year, the Executive Chairperson of the Post-Graduate Students’ Society of McGill University, and the Principal or the Principal’s designate, shall submit to the Senate Nominating Committee a jointly approved list of two names of graduate students, and the name of one undergraduate student.

11.2.3 From the slate proposed under section 11.2.1, and except in respect of the vacancy created by the end of the term of the student member, the Senate Nominating Committee shall strike a panel of nominees equal to the number of vacancies to be filled and shall also designate the chair and vice-chair of the Intellectual Property Appeals Committee. The Intellectual Property Appeals Committee shall include academics involved in teaching or research in a suitably broad range of those disciplines generally generating commercialization projects. The Senate Nominating Committee shall also recommend the appointment of one student member from the slate proposed under section 11.2.2.

11.2.4 The chair and vice-chair shall be persons qualified by education and experience to make decisions on matters that may be submitted to the Intellectual Property Appeals Committee.
11.2.5 The panel thus struck shall be submitted to Senate and to the Board of Governors for approval.

11.2.6 In the event of rejection of the panel in whole or in part by Senate or the Board of Governors, the procedure set out in sections 11.2.1 and 11.2.2 shall recommence.

11.3 Hearing Subcommittee

11.3.1 The Hearing Subcommittee shall be composed entirely of members of the Intellectual Property Appeals Committee and shall include: i) the chair or vice-chair; ii) one member selected by the Vice-Principal (Research and International Relations); and iii) one member selected by the party who has brought an appeal before the Intellectual Property Appeals Committee.

11.3.2 If the Vice-Principal (Research and International Relations) and the party who brought the appeal submit the same name, the chair shall choose that person and one other member of the Intellectual Property Appeals Committee to form the Hearing Subcommittee.

11.3.3 In the event that a vacancy occurs in the Hearing Subcommittee, the party who nominated the member in respect of whom such vacancy occurred shall forthwith nominate a replacement. In the event that the vacancy occurs in respect of the chair or vice-chair, the one shall replace the other, if available; if not available, the replacement shall be chosen by lot from the remaining members of the Intellectual Property Appeals Committee.

11.3.4 The members of the Hearing Subcommittee shall not be informed of the identity of the party who nominated them.

11.4 Conflict of Interest:

No member of the subcommittee shall sit in a particular instance if that person: a) is a member of the same department (or, in a faculty without departments, of the same faculty) as the party who is bringing an appeal; or b) is in a position of conflict of interest.

11.5 Notice of Appeal:

Subject to section 8.3, a party to a dispute may appeal the decision of the Vice-Principal (Research and International Relations) or his or her delegate within 5 working days of receipt of such a decision, by filing a written notice of appeal with the Office of the Secretary-General. Within 10 working days of filing of the notice to appeal, the appellant shall file all relevant documentation and representations with the Office of the Secretary-General. The appellant shall notify the Vice-Principal (Research and International Relations) and all other parties having an interest in the outcome of the dispute of his request to appoint a Hearing Subcommittee, and shall promptly provide them with a copy of the notice to appeal and all documentation and representations filed with the Office of the Secretary-General.

11.6 Dispute on Commercialization Plan:

Where the dispute submitted to the Hearing Subcommittee concerns the commercialization plan, the parties shall file with the Hearing Subcommittee the plans they are proposing. The Hearing Subcommittee shall have jurisdiction to decide which of the commercialization plans should be implemented. The Hearing Subcommittee shall also have the power to propose an alternative commercialization plan, in which case it shall indicate which of the parties shall be responsible for its implementation.

11.7 Secretary:

The Office of the Secretary-General shall provide a secretary for the Intellectual Property Appeals Committee.

11.8 Hearing and Decision:

The Hearing Subcommittee shall conduct the appeal in a manner consistent with principles of natural justice and shall ensure that all parties having an interest in the outcome of the decision have an opportunity to make representations and shall render a decision within 15 working days of its constitution, unless the parties consent in writing to a longer delay.

11.9 Advisors:

A party to the appeal has the right to be assisted by a member of the University community who has agreed to act in an advisory capacity to that party. The advisor shall receive no remuneration for acting as an advisor.

11.10 No Further Appeal:

The decision of the Subcommittee shall be final and binding upon all parties.

11.11 Reports:

The Intellectual Property Appeals Committee shall report annually to Senate on the administration of the procedures described here.

12. Enforcement

Acceptance of this policy is a condition of employment by the University, or engagement as a visitor in any University program. Students registered at McGill are also bound by this policy. This policy also applies to academic staff or administrative and support staff on sabbatical leave or leave of absence unless the host institution or company has rules which preclude the application of this policy and the University agrees in writing to other arrangements.

The University, Inventors and Authors shall execute all documents, forms, and agreements reasonably required to give full effect to this policy.

The policy shall apply to any and all Work, Invention, and Software disclosed after the date fixed for implementation of this policy.

13. Review

Every year, OTT shall report to the Senate Committee on Technology Transfer on the application of this policy. The Senate Committee on Technology Transfer shall review the report presented by OTT and make any recommendation it deems appropriate to Senate or possible forwarding to the Board of Governors.

The Senate Committee on Technology Transfer shall also review this policy at intervals of no more than two years commencing from the date of its implementation and report to Senate on the results of its review.

Approved by the Board of Governors - May 30, 2001

Date of Implementation - May 31, 2001

13.7 Regulations Governing Conflicts of Interest in Proprietary Research

The present regulations shall apply to all members of the University including academic, administrative and support staff and, where appropriate, students (hereinafter collectively referred to as "members"), and shall constitute part of the formal relationship between the member and the University.

A member shall fully disclose his/her interest, the extent of his/her time commitment, and the nature and scope of his/her activity in relation to any direct or indirect economic interest the member or his/her family may have or acquire in any enterprise to develop the research findings. Disclosure shall include but not be limited to any beneficial interest in the enterprise, be it a sole proprietorship, joint venture, partnership or corporation or being where the member acts as officer or director of a corporation, consultant, or member of a scientific advisory board. Such disclosure shall be made in writing to the member's Department Chair or Director of School, Institute or Research Centre (who shall make it available to interested departmental colleagues); to the Dean of his/her Faculty; and to the Vice-Principals (Academic) and (Research and International Relations) prior to the commencement of the activity and annually thereafter.

If the member has any interest which could lead to a conflict of interest and if the member is a University administrator having control over positions and funds, the member shall resign the administrative post unless written permission to continue is obtained from the Vice-Principals (Academic) and (Research and International Relations). No member may alone approve payment from University or University administered research funds for any services or materials directly related to the proprietary research or enterprise in which he/she has a direct or indirect economic interest.

For the purposes of the present paragraph, a University administrator is defined as a Departmental Chair; a Director of a School, Institute or Centre or other academic unit; a Dean; a Vice-Principal; or the Principal.
If the commitment and activity to be given in relation to the enterprise are likely to interfere with academic duties, the member shall consult the relevant department Chair and Dean regarding the advisability of taking a leave of absence or converting to a part-time appointment at the University. Discussions to this end may be initiated by any of the interested parties.

When a member wishes to develop an invention or discovery or to become involved directly in the commercial application of research findings, he/she shall follow the University Inventions and Patents Policy and thereafter will maintain a clear distinction between University activities and participation in the promotion and commercial development of that invention or patent.

If the University intends to lease space within a Department, School, Institute, Centre or other academic unit to an enterprise (including one in which a member has an economic interest), the conditions of such lease arrangements shall be made known by the Chair, Director or Dean to the Faculty members in the Department, School, Institute, Centre or other academic unit before the lease is signed. Such leases shall be concluded in accordance with existing University by-laws on property leases. Lease arrangements shall be made in the best interests of teaching and research as determined by the Chair or Director and the Dean.

When a member uses his/her research for a commercial enterprise on or off-campus, University administrators, academic staff and support staff may not be employed in the service of such enterprise during University working hours as established by the relevant faculty or department nor allow interference with their University duties.

Use of University equipment by the staff of the commercial enterprise shall be limited to such use as is justified by the specialized nature of the equipment and shall be clearly defined in an agreement with the University, approved by the Chair of the relevant department, the Dean, and the appropriate officer in the Vice-Principal (Research and International Relations) office. The use of equipment originally purchased from grants of external funding shall be regulated both by the policies of such agencies and appropriate University regulations.

The enterprise in which a member has an economic interest may not employ University students. However, such an enterprise may enter into contractual agreements to this effect with the University or be a partner with the University within a program of one of the granting agencies.

Where such enterprise has made a grant, gift or donation to the University, no payment out of such grant, gift or donation shall be made to the interested member without prior approval of the Principal.

Members intending to acquire an economic interest in an enterprise shall inform all students who may be affected by their actions at the earliest possible date. Students shall immediately be free to terminate their work and shall be able to continue in their chosen area of research. Where it is possible to differentiate between the project of the thesis student and that of the enterprise in such a way that the student may continue the thesis project unhampered, the Dean of Graduate and Postdoctoral Studies shall arrange for the appointment of a co-supervisor unconnected with the enterprise.

Where members acquire an interest in enterprises set up by their colleagues, they do so as private individuals, and may not permit their official University positions to be used for publicity, endorsement or advertising purposes except where required by law.

Approved by Senate, April 3, 1985, Minute 75
Approved by Board of Governors, November 18, 1985, Minute 5922

13.8 Safety in Field Work

This policy has been established in light of the fact that research and teaching activities performed outside of the University’s geographical boundaries may involve particular risks to the participants. It must be recognized that the risks associated with the work performed, the availability of University support services, the level of supervision, accessibility to emergency services, and local government legal requirements may differ significantly from activities carried out on University premises. Reasonable efforts must be made to ensure that all policies pertaining to the safety of University staff and students be used as minimum standards for field work.

The responsibility for ensuring these standards are considered rests on all persons who participate in the teaching and research activities in the field. The University expects those persons who directly supervise and carry out teaching and research in the field to inform the participants of these standards.

The following factors must be considered before undertaking field work:

i) the state of health and immunization of all participants;
ii) the risks associated with the work performed and the potential for contact with chemical, physical and biological agents;
iii) the procedures for responding to accidents involving injuries, damage to property and equipment, and spills or leaks of hazardous materials;
iv) the availability of first aid care and supplies, and access to emergency medical treatment;
v) the environmental impact of the work performed;
vii) the local government legal requirements related to safety;
vii) the provision of training for all participants in field work regarding the risks associated with such work and the applicable safety measures.

Insurance Considerations for Field Work

Introduction

The following is a brief outline of the types of insurance which should be considered when undertaking field activities. Included is a description of the various policies which the University maintains, as well as additional coverages which are available through separate placement as necessary. For practical reasons, these descriptions are necessarily general, and any specific questions should be directed to the Risk Management and Insurance Department (398-6251).

Property Insurance

Direct physical loss or damage to University-owned equipment and materials are insured under a master policy which covers most situations of fortuitous property loss while located on University property. Coverage for the equipment when removed from University premises is available by contacting the Insurance Office. This coverage can extend to non-owned equipment as well.

Personal property of staff or students is not insured by the University. If desired, individuals should make separate arrangements in order to cover against loss.

Liability Insurance

The purpose of liability insurance is to protect against lawsuits arising from accidental or unintended occurrences to someone else’s person or property. The University’s Comprehensive General Liability Policy covers all faculty, staff and students while they are performing any activity pertaining to their academic and/or employment duties, including field activities. This policy will defend and indemnify against losses which arise by reason of liability imposed by law.

This policy applied on a worldwide basis and insures specifically against bodily injury, personal injury, death or damage to the property of others. It includes the personal liability of an individual insofar as the conduct which caused the loss was part of the individual’s employment or academic duties.
Automobile Insurance
When using automobiles or similar vehicles for field work purposes, special care must be taken to comply with local laws and regulations. The University is unable to provide insurance for vehicles outside Canada and the United States, even though rented or purchased in the University’s name. As a result, insurance coverage must be arranged locally to comply with jurisdictional requirements.

When renting vehicles or a short-term worldwide basis, it is recommended that the Collision Damage Waiver (CDW) be declined in all cases where the corporate American Express card is used as payment. However, third party liability insurance is not considered optional coverage and should form part of the general rental costs. It would be prudent to confirm this fact.

Accident Insurance for Visitors and Students
The University can provide limited Accidental Death and Dismemberment Insurance, including emergency medical coverage, not only for visitors to Canada, but also for students travelling outside Canada. Specific arrangements should be made by contacting the Risk Management and Insurance Department.

Miscellaneous
Certain research situations require special insurance arrangements. The following is a listing of some of the special cases:
1. Use of aircraft: When leasing or chartering aircraft, special liability policies need to be arranged (this does not apply to passage on commercial aircraft).
2. War zones: Insurance policies generally have exclusions in some form regarding war risks, political insurrection, terrorism, etc., which require special policy placements.
3. Marine research: Trips involving ocean-going activities also necessitate special handling.
4. Cash: Whenever possible, it is recommended that credit cards or traveller cheques be used as opposed to carrying significant amounts of cash.

Operational By-laws on International Research and Cooperation Contracts
The Board of Governors has approved operational by-laws on International Research and Cooperation Contracts. The Risk Management and Insurance Department should be contacted during the development stage of the project, and prior to the signature of the contract for the following reasons:
1. To ensure that the scope of liability contractually acquired does not supersede the limits of existing insurance programs.
2. To review and establish what forms of local (foreign) insurance are necessary where representatives of the University are established on a long-term or permanent basis in a host country.

In closing, although it is important to include insurance protection for all field situations, common sense and practical considerations for eliminating or reducing risks should always take precedence. While this document provides some general guidelines, please be aware that there are restrictions and exclusions in all insurance policies which may affect coverage. It is strongly recommended that all research supervisors refer specifically to the Risk Management and Insurance Department for clarification of University insurance coverage, and any assistance in arranging whatever special additional coverage may be required.

13.9 Procedure to Obtain Research Support
When a member of the University staff wishes to undertake research involving the use of the University’s facilities, or when the funds are to be used to support activities in which students or Post-docs are to be engaged as part of their educational experience, the University considers the activity to be part of its pattern of research. They should refer to guidelines on “Procedures Concerning Research Support - Part II” of the Guide to Sponsored Research at McGill University available on the Web at www.mcgill.ca/research-policies sponsored or contact the Office of the Vice-Principal (Research and International Relations) at (514) 398-3991.

13.10 Research Grants Office (RGO)
The Research Grants Office is a centralized office that acts as liaison between McGill researchers and external granting agencies/sponsors. RGO is responsible for providing information on sources of funding to the research community at large; assisting principal investigators in identifying research funding opportunities; maintaining and expanding the GENIUS database of research expertise at McGill and its affiliated hospitals; assisting faculty in the preparation and submission of applications; assuring compliance by the University with sponsors’ policies and requirements; interpreting for faculty the regulations of the granting agencies; clarifying University policies and procedures for faculty and sponsors; and negotiating the terms and conditions of awards, whenever required.

The Research Grants Office authorizes the Research and Restricted Funds Office to open, renew and revise all internal and external research grant funds, after verification that all required information is on file and complies with the University and Agency policies, regulations and procedures. RGO is also responsible for preparing the annual SIRU report on research funding on campus and at the affiliated hospitals for reimbursement of indirect costs from the Quebec Government. The Office is also responsible for producing annual research statistics for the University, granting agencies, government officials, etc.

It also administers all Internal Research Grants Programs of the Office of the Vice-Principal (Research and International Relations).

13.11 Office of Technology Transfer (OTT)
The Office of Technology Transfer provides liaison and administrative services to researchers at McGill University and its affiliated hospitals, OTT is charged with the administration and management of research contracts and Intellectual Property, including its early-stage protection and commercialization. OTT actively promotes and supports mutually advantageous commercial and research relations between McGill researchers and industry, government, and other organizations, both nationally and internationally. The Technology Transfer Officers at OTT are highly-educated professionals who are ready to assist McGill researchers with all aspects of technology transfer. Many are Ph.D.’s with extensive backgrounds in both research and the world of business. OTT’s services are focused in three major areas.

1. Research Contracts
OTT assists in negotiation and monitoring of contractual arrangements with government, private industry, and non-profit organizations. It assures that existing guidelines, principles, and policies (established by contracting agencies, and the McGill Senate and Board of Governors) are followed. Researchers should contact OTT while drafting their research proposals to ensure that budgetary requests include all legitimate cost items and are consistent with existing overhead rates. Consult the OTT Website, particularly “FAQS”, “Services”, and “University policies”.

2. Protection of Intellectual Property
According to McGill’s policy, researchers should promptly disclose any invention where commercial potential is contemplated. When a Report of Invention is disclosed to OTT, it conducts an assessment of the invention’s commercial value. In consultation with the researcher, OTT decides whether protection through patent or copyright is warranted. OTT develops a commercialization plan in collaboration with the researcher, indicating all steps involved in the protection process.

3. Commercialization of Intellectual Property
OTT promotes technology transfer and the commercialization of innovations and inventions that have promising potential. It also assists entrepreneurial researchers through licensing and contract
arrangements with industry. In carrying out its mandate, OTT follows the procedures outlined in the McGill Intellectual Property Policy.

OTT services are available to researchers (academic, non-academic, and students) in all areas of the University and its affiliated hospitals. The main office is located at 3550 University Street. In addition, field offices are located in the affiliated hospitals and on both campuses.

### 13.12 Office of International Research (OIR)

The Office of International Research (OIR) plays a strategic role within McGill University in assisting and enhancing international collaborations and outreach. International research and development projects fall under the responsibility of the Vice-Principal (Research and International Relations), who mandates OIR to act as the authorized representative of the university and to assure that existing guidelines, principles and policies are followed.

OIR provides assistance from project inception to completion by supporting faculty members across McGill's two campuses in all their international activities ranging from fundamental and applied research collaborations, capacity building projects and faculty travel grants to the delivery of teaching programs abroad.

OIR has four main areas of responsibility:

1. Liaison with funding agencies and promotion of the university's international activities and profile to domestic and foreign partners;
2. Coordination and guidance during the preparation of proposals in highly competitive calls;
3. Leadership in negotiating contractual terms and conditions with project partners and sponsors; and
4. Financial and financial oversight of McGill's international projects. This monitoring and advisory function ensures efficient management and allows project teams to dedicate themselves to the academic aspects of their international project.

The Office identifies new and non-traditional sources of funding and has been very successful in diversifying the pool of donors supporting international activities at McGill. It is also responsible for reviewing and establishing general memoranda of understanding.

Office of International Research, 1555 Peel Street, 11th floor,
**Telephone:** (514) 398-4197  **Fax:** (514) 398-6678

### 13.13 Postdocs

See section 9.1 “Postdocs” for information on Postdoctoral Research.

### 13.14 Research Associates

A Research Associate is a senior career researcher who usually works independently, in most cases has a Ph.D. or equivalent, and is often supported directly by outside granting agencies.

### 13.15 Academic Trainees

Academic Trainees are persons working, for or without remuneration, to perfect their skills.

Academic Trainees are invited by the University to conduct their activities on campus under academic supervision, and are typically from industry or on an exchange.

“Academic Trainee” is not a work or employee classification; rather it is closer to “stagiaire” in French, a person who is carrying out a “practicum”. Academic Trainees are not registered as students, postdocs or graduate students at McGill or elsewhere, but are pursuing further training in their field of expertise. They may not be given other duties/positions at McGill during this period. Academic Trainees must normally provide proof of an existing affiliation and written confirmation that a further training period is required. The nature and duration of the training period must also be specified. The training period is of short duration.

The following are excluded from this classification:

− Research Employees: those employed on grants are classified as research assistants, research associates or academic students.
− Graduate Students: any person registered at another institution in a graduate degree program (whether or not he/she is carrying out research at McGill as part of that graduate program) must register as a Visiting Research Student.
− Postdocs: anyone eligible or no longer eligible to be a postdoc at McGill as defined by the Ministry of Education regulations.
