Welcome to McGill!
For more than 185 years, McGill has distinguished itself as one of the world’s great public universities, renowned for outstanding students, professors and alumni, for achievement in teaching and research, and for its distinctive international character.

As one of the top 12 universities in the world, McGill’s defining strengths include its unwavering commitment to excellence, and a willingness to be judged by the highest standards. And by these standards, McGill has excelled far beyond any reasonable expectations. We have produced a disproportionate number of Nobel laureates and Rhodes scholars. Olympians, award-winning authors and musicians, astronauts, medical pioneers and world-famous leaders in all walks of life are counted among our alumni — remarkable individuals who have shaped our society and the course of history itself in profound ways.

As students you are at the core of all that we do. Your time at McGill offers more than an excellent education. It is a critical period of personal and intellectual discovery and growth, and one that will help shape your understanding of the world.

By choosing McGill, you are following in the footsteps of almost 200,000 living McGill alumni across the globe and making a commitment to excellence, as they did. And, while a lot is expected of you, McGill gives you the means to succeed. All of McGill’s 21 faculties and professional schools strive to offer the best education possible. By joining the McGill community of scholars, you will experience the University’s vibrant learning environment and active and diverse campus life, which support both academic progress and personal development. You will form lasting friendships with people from around the world.

Today’s social, technological and medical challenges continue to inspire innovative approaches to research, teaching and learning. New cutting-edge facilities provide you with many state-of-the-art classrooms and laboratories. Likewise, McGill’s professors thrive in this environment as they enjoy some of the highest research successes per fulltime professor in Canada, while dedicating themselves as well, to enrich your education with research. Our dedicated administrative and support staff’s primary focus is to ensure that you have the necessary resources to respond effectively to academic challenges and to develop lifelong skills.

McGill University has been synonymous with first-class education and research since it was founded in 1821. We remain committed to your success.

1 Introduction

1.1 Entrance Awards

Entrance Scholarships

Entrance Scholarships are awarded to students entering McGill University for the first time to undertake their first full-time undergraduate degree program. Transfer, Mature, Diploma, Exchange, Special, Part-time and Visiting students are not eligible for consideration.

Awards range in value from $3,000 to $10,000. There are two types of entrance scholarships: the one-year Basic, whereby eligibility is based solely on academic achievement, and the renewable Major, based on outstanding academic achievement as well as leadership qualities in school and community activities. Simply by applying to McGill, all eligible candidates are automatically considered for the Basic scholarship. No separate application is required. Candidates will be able to apply for a Major scholarship on the Web after their application for admission has been submitted and they have received an e-mail acknowledgment of their admissions application. Financial need is not considered in the granting of scholarships; they are entirely merit-based. All renewable awards are tenable provided the criteria for renewal are met. Because renewal criteria vary across faculties, recipients should consult their respective Faculty's admissions office regarding available funds.

Entrance Bursaries

Entrance Bursaries are offered to students entering university for the first time to undertake a full-time undergraduate degree program. Transfer, Mature, Diploma, Exchange, Special and Visiting students are not eligible for consideration.

Awards range in value up to $10,000 and are based on academic standing and demonstrated financial need. Some of these bursaries are renewable and are tenable until completion of an undergraduate degree, up to a maximum of four years, provided the criteria for renewal (financial need and academic standing) are met. There are no separate applications for individual bursaries.

Students wishing to be considered for need-based awards may apply for Entrance Financial Aid via the Financial Aid Menu on Minerva once they have been accepted to the University.

Athletic Awards for Entering Students

There are a limited number of awards for students who are admitted to McGill and are possible candidates for intercollegiate teams. There are no applications for these awards. They are granted by the McGill Athletics Board Awards Committee on the recommendation of the team coaches. See "Open to Entering Students", section 5.1 for more information.

1.2 In-Course Awards

In-Course Scholarships and Awards

These awards are for students already at McGill who are in full-time undergraduate degree programs and will be continuing in full-time undergraduate degree programs.

Most scholarships and awards are granted on the basis of the combined GPA for the Fall and Winter terms and applications are not required unless specifically indicated in the terms of an award. To be considered for in-course awards and/or the renewal of entrance scholarships, students must complete at least 27 graded credits in the regular academic year exclusive of courses completed under the Satisfactory/Unsatisfactory option. Summer courses are not considered except for certain Co-op programs.

Courses taken at other Quebec universities through the Inter-University Transfer Agreement, to a maximum of six credits, may be counted towards the requirements for scholarship renewal or for consideration for other academic awards. Eligibility will be based on all courses taken during the regular academic year and on both the McGill GPA as well as the global GPA which will include the IUT credits.

A maximum of the top 10% of the students in each faculty, based on the combined GPA for the Fall and Winter terms, are named to the Dean's Honour List. This designation, while carrying no monetary reward, is an official University recognition of the student's achievements and is recorded on the transcript.

Outstanding students, who rank in a maximum of the top 5% of their faculties, may also be considered for the J.W. McConnell and James McGill Awards. These awards are made by the University Committee on Scholarships and Student Aid to top students as ranked and recommended by each faculty. In making such recommendations, faculties may consider program content, number of credits, etc. in addition to GPA.

General information and regulations are available in "Awards to McGill Students In-Course", section 3 and at www.mcgill.ca/studentaid/scholarships/in-course.

In-Course Financial Aid

In-course financial aid (bursaries and loans) is available to students already at McGill who are registered in full-time undergraduate degree programs. In all cases, the primary criteria for need-based assistance is demonstrated financial need. Students experiencing financial difficulties may apply for aid via the Financial Aid Menu on Minerva commencing August 1st of the upcoming academic year. Financial assistance is awarded on a rolling basis throughout the academic year; the values of awards vary depending on the degree of need of the student and/or family. The Scholarships and Student Aid Office also offers a Work Study program that provides on-campus job opportunities to students in need.

All in-course financial aid applicants must apply for the government assistance program for which they may be eligible. Information on financial assistance is available at www.mcgill.ca/studentaid.

Athletic Awards for In-Course Students

There are a few awards for students who are members of intercollegiate teams. Applications are required and are usually available in September. See "Open to In-Course Students", section 6.2, for more information.

Activity Awards for In-Course Students

There are some awards which are based on more than just academic standing and require submissions from students. A list of such awards is in "Activity Awards", section 5.

1.3 Graduating Awards

These awards are for students who will be graduating with an undergraduate degree. All awards to graduating students are granted by individual faculties and schools and are included in the In-Course Awards sections in this calendar.

A maximum of the top 10% of the graduating students in each faculty are named to the Dean's Honour List. This honorary designation is based upon the cumulative academic record and the minimum required CGPA is determined annually by each individual faculty.

Other designations awarded on graduation, like First Class Honours, Distinction, etc. are based on the cumulative academic record and the CGPA required varies from faculty to faculty; students should consult their own faculty.

2008-2009 Undergraduate Scholarships and Awards, McGill University
Graduating students who wish to find out about funding to pursue graduate studies should consult the Postgraduate Fellowships and Awards calendar or visit the website at: www.mcgill.ca/gps/fellowships.

1.4 External Awards

These are awards which are administered by associations or organizations outside of McGill. Information about external awards is located in a variety of places at McGill such as individual academic departments and the Office of the Dean of Students. Interested students should consult www.mcgill.ca/studentaid/externalawards. The Career and Placement Service (CAPS) maintains a large listing of external awards and has numerous directories which students can consult. Information is available at www.caps.mcgill.ca/tools/externalscholarships.php.

2 Entrance Scholarships and Awards

2.1 General Information

McGill University has an extensive program of entrance awards to recognize and honour scholarship. These are entirely merit-based and financial need is not considered. Only students entering the university for the first time to undertake a full-time undergraduate degree program are eligible.

The McGill Website (www.mcgill.ca/applying) and the online admissions application provide detailed information on entrance awards including minimum academic requirements. Students wishing to be considered for awards must submit all supporting scholarship documents with the admission application by the appropriate admission application deadline. There are no separate applications for basic scholarships, only for major scholarships, and students do not apply for individual scholarships.

All renewable awards are tenable provided the criteria for renewal are met. Students holding renewable scholarships granted by the University Committee on Scholarships and Student Aid must complete at least 27 credits (not including courses taken under the satisfactory/unsatisfactory option) in an undergraduate degree program at McGill during the regular academic year to be eligible for renewal. Summer courses are not considered. Students who are registered for only one term must complete 14 graded credits. The academic standing required for renewal is based on the combined GPA for all courses taken during the Fall and Winter terms and varies across faculties.

For example, scholarships awarded to CEGEP students entering the five-year medical program are renewable provided the recipient achieves Dean’s Honour List standing (top 10%) at the end of the Med-P year in Science and at the end of each promotion period in Medicine. Scholarships awarded to CEGEP students entering the B.C.L./LL.B. program in the Faculty of Law are renewable provided the recipient's combined GPA places them in the top 10% of their cohort at the end of every academic year.

Students who have relinquished their awards may, upon their return to McGill, request reinstatement. Students making such a request should ensure that the Scholarships and Student Aid Office receives a copy of the letter of reinvitation.

Inquiries concerning undergraduate entrance scholarships should be referred to the Scholarships and Student Aid Office in the Brown Student Services Building.

Detailed information and regulations for entrance scholarship recipients are available on www.mcgill.ca/studentaid/scholarships/recipients.

3 Awards to McGill Students In-Course

3.1 General Information

Faculty in-course scholarships and awards are made by the individual Faculty Scholarships Committees, and students should consult the appropriate section of this Calendar for regulations and information concerning these awards.

Most undergraduate scholarships and awards are granted on the basis of the combined GPA for the Fall and Winter terms and applications are not required unless specifically indicated in the terms of an award.

To be considered for in-course awards and/or the renewal of entrance scholarships, students must complete at least 27 graded credits in the regular academic year exclusive of courses completed under the Satisfactory/Unsatisfactory option. Summer courses are not considered. Courses taken at other Quebec universities through the Inter-University Transfer Agreement, to a maximum of six credits, may be counted towards the requirements for scholarship renewal or for consideration for other academic awards. Eligibility will be based on all courses taken during the regular academic year and on both the McGill GPA as well as the global GPA which will include the IUT credits.

To receive full payment of an award, students must be registered as full-time (i.e., at least 12 credits per term) in a McGill undergraduate degree program for the entire academic year; otherwise, the award, or part of it, may be cancelled. For instance, a student who is registered full-time for only one-half of the academic year will receive only one-half of the value of the award.

A maximum of the top 10% of the students in each faculty based on the combined GPA for the Fall and Winter terms are ranked to the Dean’s Honour List. This designation, which carries no monetary reward, is an official University recognition of the student’s achievements and is recorded on the transcript. Individual faculties should be consulted regarding any additional criteria which may be used.

Outstanding students, who rank in a maximum of the top 5% of their faculties, may also be considered for the J.W. McConnell and James McGill Awards. These awards are made by the University Committee on Scholarships and Student Aid to top students as ranked and recommended by each faculty. In making such recommendations, faculties may consider program content, number of credits, etc. in addition to GPA.

All awards, with the exception of prizes, are credited to the tuition fee accounts of students for the following academic year. For information concerning payment and all regulations regarding in-course awards for undergraduates, students must consult www.mcgill.ca/studentaid/scholarships/in-course/regulations.

For students who choose to study at McGill from a German university, further preference will be given to students applying from Technische Universität Berlin. Students in Chemical Engineering or Civil Engineering are not eligible. Estimated Value: up to $7,500 for one semester; renewable once for a second semester.

LOUIS ROBERTSON PRIZE  
Established by Kerr Addison Mines Ltd. in memory of William S. Row, a graduate in Mining Engineering (1927). Mr. Row spent most of his working life with Kerr Addison, one of Canada’s major gold producers. Awarded on the recommendation of the Department of Mining and Materials Engineering to a student in the Mining Engineering program. Preference will be given to a student of above average academic ability and of a practical bent who intends making a career in mining production.
Value: $2,000.

WILLIAM STEWART RUGH SCHOLARSHIPS  
A research and teaching postgraduate award of $6,000 or three undergraduate awards of $3,000 each in the Department of Mining and Materials Engineering. Endowed by the late Helen Stewart Rugh in memory of her father. Awarded by the appropriate scholarships committee on recommendation of the Chair of the Department of Mining and Materials Engineering.
Value: $3,000 or $6,000 each.
SAVARD AND LEE SCHOLARSHIP
Awarded on the basis of high academic standing to a First Year student in the Materials Engineering program. Established by Air Liquide Canada Ltée in honour of Guy Savard and Robert Lee (B.Eng. 1947) to recognize their achievement in the invention of the submerged oxygen injection system which makes possible the OBM/Q-BOP type of steelmaking processes. Awarded on the recommendation of the Department of Mining and Materials Engineering.
Value: $3,000.

DAVID E. AND RONNIE SCHOUELA PRIZE
Value: $750.

DAVID E. AND RONNIE SCHOUELA MEMORIAL SCHOLARSHIP
Value: $1,000.

PETER SEBESTYEN AWARD
Awarded to an Engineering student in good academic standing who makes a contribution to the educational process beyond the classroom.
Value: $900.

SEPARATOR ENGINEERING LIMITED BURSARY
Open to undergraduate students enrolled in Chemical, Mechanical or Materials Engineering. Awarded on the basis of financial need and academic standing.
Value: $1,100.

WILFRED TRUMAN SHAVER SCHOLARSHIPS
Established by a bequest of the late Mrs. Elizabeth Henley Shaver in memory of her husband, to enable architecture students to study in Canada or in other countries. ### 4 Financial Assistance

#### 4.1 General Information

Applications for McGill bursaries and loans may be accessed through the Financial Aid menu on Minerva. Applicants must arrange for an interview with a Student Aid Counsellor.

Bursaries and loans are granted on the basis of financial need to full-time students in a program of study leading to an undergraduate degree. Financial aid will be granted only if an adequate academic standing is attained.

All applicants for McGill aid must apply for maximum government grants/loans or other assistance for which they are eligible. Canadian and American students can consult a directory of government Websites at www.mcgill.ca/studentaid/government/directory.

Unless otherwise stated, all funds listed in this section are administered by the SCHOLARSHIPS AND STUDENT AID OFFICE and inquiries should be made directly to that office.
4.2 Federal and Provincial Loans and Bursaries

A basic qualification is that the applicant must be a Canadian citizen. Certain categories of Permanent Residents may also be eligible. All government loan programs operate exclusively on the basis of financial need. Students apply directly to their province or territory of residence. Application forms are available from the governmental authorities as well as the Scholarships and Student Aid Office. Information on governmental student aid and links to sites can be found at www.mcgill.ca/studentaid.

6.2 Open to In-Course Students
The following awards are for students who are members of intercollegiate teams. Applications are required and are usually available in September at the Scholarships and Student Aid Office in the Brown Student Services Building. Students do not apply for individual awards. They submit one application and are considered for all awards for which they might be eligible.

1938 CHAMPIONS AWARDS
Established with generous contributions from the surviving members of the 1938 McGill Intercollegiate Champions in football and hockey in memory of their team-mates, Massey Beveridge, Perry Foster, Jimmy Hall, Joey Jacobson, Russell McConnell, Ben Stevenson and Fred Wigle, who lost their lives in the service of their country during World War II. Awarded by the University Committee on Scholarships and Student Aid on the basis of academic performance and qualities of leadership demonstrated during the academic year. Full-time students in any year of a degree program are eligible to apply provided they are returning to McGill as full-time degree students. Successful candidates must have demonstrated leadership in student or community affairs or athletics. Awards will be granted to those who best reflect the characteristics of unselfishness, service, dedication and teamwork exhibited by the members of the championship teams and preference will be given to members of intercollegiate teams. Value: $2,000 each.

7 External Awards

External awards are awards which are administered by associations or organizations outside of McGill. Information about external awards is located in a variety of places at McGill such as individual academic departments and the Office of the Dean of Students. The Career and Placement Service (CAPS) maintains binders listing a large number of external awards and has numerous directories which students can consult. Information is available at the office located at 3600 McTavish Street or at www.caps.mcgill.ca/tools/externalscholarships.php.
