MARS is McGill's Automated Registration System. Students register and make course changes by using a touch-tone telephone and calling (514) 398-MARS [398-6277]. Music practical lesson students are the only exception.

Registration: Registration is done using MARS during the published registration dates. Students will be charged a late registration fee during the late registration period. To avoid the late registration fee call MARS and press "1" to confirm your registration. Courses may be added until the end of the course change period without penalty.

Returning Students: Following the telephone call to MARS a returning student's record must be checked to verify that they have no outstanding debts with the University. Confirmation of verified registration happens nightly, except for calls to MARS on Friday, August 4, 11 or 18 or on a weekend, when confirmation for I.D. purposes will only be available the following Tuesday.

IDs: Students may only obtain their McGill ID card after they have confirmed their registration via MARS.

Fees: Once a student has confirmed his/her registration and/or added courses, fee statements will be mailed out beginning in August for the upcoming academic year. Fee payments are due by the date indicated on the statement.

Students may also obtain their latest fee information by accessing SATURN (<http://www.is.mcgill.ca/students>) or get their fee balance by calling MARS.
