Questions

1. Please describe the key successes and challenges of your project.
Unlimited characters, suggested minimum 2 paragraphs.

Our launch party was ultimately quite succesful in engaging students with sustainability. Many students stoped by to participate in the various sustainability-related activities and to listen to the student-led panel. We believe the launch party motivated attendees to complete the sustainability module and sparked a desire to learn more about sustainability, both on and off campus.

The weather the day of the event proved to be a challenge, as the snowstorm made it difficult for students to get to campus. Moreover, some attendees only stopped by the event to take food, and did not participate in the activities. However, this was a minority of the attendees and we still encouraged them to participate in the event and to complete the module.

SPF Key Success Indicators	Actual
# of people hired using SPF funding for the project	0
# of volunteers directly or indirectly engaged in the project	3
# of people (student, staff, or other) trained in the context of the project	0
\$ raised for project activities subsequent to SPF funding	0
# of tons of GHG emissions reduced by your project	0
# of partnerships or collaborations developed between the project team and other McGill administrative units, student groups, community groups, other universities, and/or other groups/organizations	3

Please list the groups that you counted in the last Key Success Indicator. You may elaborate on any other Key Success Indicators here.

Office of the Provost (Teaching and Academic Programs), Teaching and Learning Services, and the Office of Science Education

2. Will this project continue in the future? If so, how do you envision the future of the project / how will your purchased items be maintained?
Unlimited characters, suggested minimum 1 paragraph.

While the sustainability module will continue to be available for students throughout their time at McGill, there will not be another launch party in the future.

3. Please rate your project team’s overall satisfaction with the support provided by the **SPF Staff**.
- Very Dissatisfied
 Dissatisfied
 Neither Satisfied Nor Dissatisfied
 Satisfied
 Very Satisfied

Please provide any feedback or recommendations regarding your team’s experience with the SPF Staff.

Thanks for the flexibility as our timeline for the launch party got delayed from its anticipated date.

4. How likely are you to recommend the SPF Tiny Stream to others?.

- Not at all likely Not so likely Somewhat likely Very likely Extremely likely

Please provide any feedback or recommendations regarding your team's experience with the SPF.

This is a great resource for "tiny" sustainability initiatives, and I hope all McGillians leverage the SPF in their work.

5. Since starting your SPF project, has your team improved its **knowledge of sustainability**?

- Yes No Prefer Not to Share

If you would like to elaborate, please use the field below.

While the launch party itself did not necessarily improve our knowledge of sustainability, the creation of the module helped advance our knowledge on the subject.

6. If there is additional information you would like to share about your project, please use the field below.

Unlimited characters.

THANK YOU FOR COMPLETING YOUR FINAL REPORT!

Please e-mail your report to the [SPF Staff](#) attaching any additional information that you would like to share (e.g. other reports, research, documents, photos, etc.). Please note that this Final Report will be shared with the SPF Governance Council.
