

OCHET:

29 student dwellings had visits from the team

20 windows or doors weather-stripped

40 windows or doors with plastic sheets put on them for the winter to improve insulation

13 incandescent lights changed to compact fluorescent

7 pieces of furniture moved that was obstructing air circulation to heaters

6 Students on the team gaining valuable hard and soft skills

10 people interested in keeping the project growing and potentially expanding to other parts of off-campus student life
