## PROJECT OVERVIEW + PLAN

### 1. Please describe your initiative, including details on when and where it will take place.

The SDG Student Hub is now able to plan in person meetings and events after three years of online actions due to the pandemic. As such, to provide incentives to attend our events, we would like to provide free food to the people that attend them.

### 2. Please describe how your initiative is sustainability focused and how it will be managed sustainably.

*You may find it helpful to consult the [SPF Sustainability Brief](#), the [Climate & Sustainability Strategy 2020-2025](#), and the [Equity, Diversity & Inclusion Strategic Plan 2020-2025](#).*

The food that we are planning to serve will be a choice between vegetarian and vegan pizzas and vegetarian samosas

**3. Please describe how your initiative will involve and directly benefit the McGill community. List all stakeholders.**

It will benefit our members, they will have free food and good time; giving them even more incentives to engage in our hub that provides positive externalities to the McGill community at large by providing knowledge on SDGs and sustainable individual actions.

**4. How many participants or beneficiaries do you expect for your project? How will you share information about your project (e.g. flyers, newsletters, webpage, etc.)?**

We expect around 25 to 30 participants that will be members of the Hub. We would share the information of the event during our regular weekly meeting with all the members, but also on the official group chat of the Hub.

**5. Please describe why you need funding from the SPF. Explain what your anticipated project expenses are and how they will be used.**

We are needing the fund in order to provide a nice incentive for the members to join the event. We would use the resources to buy the pizzas, samosas and the required plates.

**6. If you are requesting SPF Tiny Stream funding for an event, are you planning to certify the event with the [McGill Sustainable Events](#) program?**

No
